SUBJECT: Modifications to Detached Vending & Transaction Machines
LDC Amendment – Sec. 12-2-31, Accessory Structures

Staff received a request for modifications to the exterior requirements of detached vending and transaction machines, specifically ice machines. The proposed changes would allow metal as an exterior finish, lattice as an acceptable screening for rooftop mechanical equipment, and advertising to be applied to the sides.

Attached you will find a modified version of Sec. 12-2-31 with the proposed changes.
