Dear Board Members,

My husband Jonathon and I bought our home on East Mallory Street in East Hill in 2002. Growing up in Pensacola, we have both always loved East Hill and the charm of the neighborhood. This was the first home we lived in as a couple. In a 1940's house, under the canopy of two enormous live oaks on this corner lot is where "we" started.

In the 16 years since we bought our home, we have moved all over the Southeast and our family has grown with the addition of two adorable, happy little boys. After years of renting out the house, we happily settled back into our home three years ago. While we are still completely in love with our home and our lot, there are now four of us living in a 1,500 square foot home and it is getting a little cramped. We are currently in the planning stages of a remodel and an addition to our home.

As I mentioned earlier, one of the features of our lot are two magnificent live oak trees in our front yard. We love these trees, but they mean that a large portion of our lot is not accessible for renovations. Because of these trees, our only option for any home expansion would have to either take place on the south portion of our lot (our backyard) or to the east (in the right of way). We plan on adding an addition to our home in the back and a swimming pool, but that would not leave us any room for the garage and small attached guest house we would like to also build so that out of town friends and family could come stay with us. We are applying for the right of way to be vacated for this purpose.

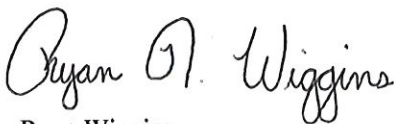

We have happily maintained the right of way for years. We have improved it by adding a neighborhood butterfly garden on that right of way that is recognized as a butterfly habitat and sanctuary by two national organizations. Neighbors are constantly stopping by to admire it. The right of way does contain a public sidewalk, but the sidewalk is not ADA compliant and does not connect to another sidewalk on the other side of the road. It doesn't lead anywhere. I have included pictures of the right of way in the appendices section of this application

We are applying for the vacation of the right of way with our backdoor neighbors, Michael Callaghan and Galen Nase, and have spoken to our other neighbors who are in full support. We have also spoken to Gulf Power, who also does not have any issue with us acquiring the right of way. I have included an email from Jim Jernigan with Gulf Power in the appendices section of our application.

We encourage any board members who wish to come by and see the property in question to stop by at any time. If I can answer any additional questions about this property ahead of the meeting, please contact me at ryan.n.wiggins@gmail.com or (850) 728-1521.

Thank you for your consideration of this matter.

With Warmest Regards,

Ryan Wiggins

Dear Board Members,

My partner Galen and I moved to Pensacola following our home in New Orleans being destroyed in Hurricane Katrina. Originally, it was our intention to rent in Pensacola until we could rebuild in New Orleans, but we absolutely fell in love with the area, especially East Hill, and decided to move here permanently.

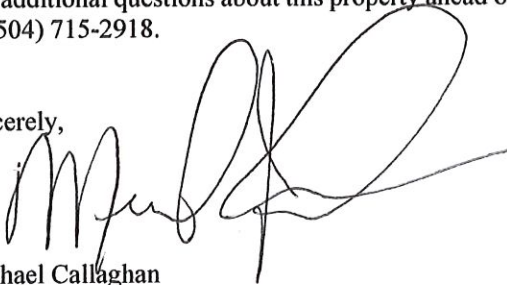

Soon after, my partner and I bought Rapunzel's Salon on 12th Avenue and also purchased our home on East Moreno Street. We love living and working in East Hill and have great neighbors. We wouldn't want to live anywhere else in Pensacola.

When we bought our house, there was a wonderful semi-circular driveway on the east side of our lot. We naturally assumed the driveway was part of the property we were purchasing. We have only recently discovered that it is not. Apparently, at some point a previous owner built the driveway without acquiring the land required to do so. We are applying for the vacation of the right of way so that we may own the driveway to our house.

We are applying for the vacation of the right of way with our backdoor neighbors, Jonathon and Ryan Wiggins, who have included photographs of our driveway and right of way to this application. There is a public sidewalk on the right of way, but as you will see from the photographs, it does not even extend all the way to the road, nor does it connect to a sidewalk on the opposite side of the street.

Any board members who wish to come by and see the property in question may stop by at any time. If I can answer any additional questions about this property ahead of the meeting, you may contact me at miccallaghan@hotmail.com or (504) 715-2918.

Sincerely,

We are requesting to have the right of way vacated so that we may own our driveway. Before we purchased our home, a previous owner built a semi-circular driveway on the right of way. We assumed when we purchased the home that the driveway was part of the property and have only recently discovered it is not. Mrs. Wiggins,

Mark Davidson forwarded me your street vacate request.

Gulf Power has existing electric distribution line facilities within the road right of way adjoining your property. Therefore, Gulf Power would need to reserve a utility easement.

Otherwise, Gulf Power has no objections or concerns. Please let me know if I may be of further assistance.
