Purpose of vacation of city right of way.

Anthony L. Terhaar Enterprises is requesting the approval of the vacation of a 10-foot portion of the 1000 Block of 11th Avenue between LaRua and Belmont Streets correctly zoned R-1AA. The request is to attain the highest and best use of the property and to preserve and increase the property values in this area of East Hill. If granted, the additional 10 feet would allow the applicant to construct 2 single family attached structures instead of 1 single family detached structure. Approval of this request would be consistent with the 10-foot vacation of 11th Avenue recently approved between Jackson and LaRua Streets making the easterly property lines consistent along 11th Avenue to its termination at Belmont Street. Approval would not affect traffic flow on 11th Avenue as it already terminates at Belmont Street and Belmont Street terminates at 12th Avenue resulting in virtually no thru traffic. Applicant could find no future plans to widen 11th Avenue or Belmont at this location. The right-of-way on this segment of 11th Avenue is 70' wide with the 24 foot road width centered in the right-of-way. Approval would provide space for 2 car on-site parking in the rear of each attached home. Homes would face Belmont Street with the prospect of a bay view over the Bergan Building due South of the property.
