**SECTION 1.** Section 10-4-16 of the Code of the City of Pensacola, Florida, is hereby amended to read as follows:

Sec. 10-4-16. - Installation of services.

- (a) The city will install for any new customer of its gas service a service line measuring from the gas main to the proposed meter site. For such portion of any such service line, the customer shall pay an installation charge equal to the cost of such installation minus the estimated net first annual revenue to the city derived from the sale of gas at the service address, such estimate to be determined by a representative of Energy Services of Pensacola. There shall be no installation charge if the estimated net first annual revenue exceeds the cost of installation.
- (b) The city may perform work on its distribution system upon customer or contractor request. Where applicable, the customer or contractor will pay a charge to offset the labor and materials expense as determined by a representative of Energy Services of Pensacola.

Services include but are not limited to gas piping installation for cell towers, natural gas generators, water heater replacements, water heater conversions, miscellaneous house piping, and subcontracting services to builders in the new home construction market throughout the ESP franchise area. Pricing is based on standard vehicle costs, labor costs including overhead plus a moderate markup over cost that will not exceed twenty (20) percent. Any applicable rebates will be deducted from the installation charge. Work may be done by outside contractor or ESP staff.~~
