- B. After Acceptance of the Premises. Failure by the Lessor to perform any service, to provide any item, or satisfy any requirement of this Lease, without excuse, shall constitute a default by the Lessor.   2. The Lessor fails to take such actions as are necessary to prevent the recurrence of default conditions.
- D. Excuse. Failure by the Lessor to timely deliver the Premises or perform any service, provide any item, or satisfy any requirement of this Lease shall not be excused if its failure in performance arises from:
1. Circumstances within the Lessor's control;
  2. Circumstances about which the Lessor had actual or constructive knowledge prior to the Lease Award Date that could reasonably be expected to affect the Lessor's capability to perform;
  3. The condition of the Property;
  4. The acts or omissions of the Lessor, its employees, agents or contractors; or
  5. The Lessor's inability to obtain sufficient financial resources to perform its obligations.

The rights and remedies specified in this clause are in addition to any and all remedies to which the Government may be entitled as a matter of law or under this Lease.

This Lease, upon execution, contains the entire agreement of the parties and supersedes any and all prior oral or written representations, understandings, or agreements among or between them. No prior written or oral agreement, express or implied, shall be construed or relied upon by either party to contradict the provisions of the Lease. Except as expressly attached to and made part of the Lease, communications by either party that occurred prior to Lease execution shall not be incorporated in the Lease.

The obligations and covenants of the Lessor, and the Government's obligation to perform such other obligations as may be specified herein, are interdependent.

## **2.15 COMPLIANCE WITH APPLICABLE LAW**

Lessor shall comply with all federal, state, and local laws applicable to its ownership and leasing of the Premises, including, without limitation, laws applicable to the construction, demolition, ownership or alteration and obtain all necessary permits, licenses and similar items at its own expense. ## **2.16 MAINTENANCE OF THE PROPERTY, RIGHT TO INSPECT**

The Lessor shall maintain the Premises, including the systems, equipment, fixtures, and appurtenances furnished by the Lessor under this Lease, in good repair and tenantable condition at the Lessor's sole expense. The Lessor shall maintain the Premises in a safe and healthful condition according to applicable standards governing indoor air quality, existence of mold and other biological hazards or hazardous materials, at the Lessor's sole expense. The Government shall have the right, at any time after the Lease is signed and during the term of the Lease, and any renewal periods, to inspect all areas of the Property to which access is necessary for the purpose of determining the Lessor's compliance with this clause. When accompanied by a Government escort, the Lessor shall have the right to enter any part of the Premises at reasonable or necessary times for the purposes of inspection, protection or exercising its right as owner and operator of the Airport and as Lessor.

## **2.17 DELIVERY AND CONDITION**

- A. Unless the Government elects to have the Premises occupied in increments, the Premises must be delivered ready for occupancy as a complete unit. The Government reserves the right to determine when the Premises are substantially complete, however both the Lessor and the Government agree that substantial completion shall occur no later than the date of the Government issued Acceptance of Space Letter
- B. If the Premises do not substantially comply with the provisions of this Lease, the Contracting Officer may terminate this Lease in accordance with Paragraph 1.04, Termination Rights, and/or Paragraph 2.12, Default by Lessor, of this Lease.

## 2.18 FAILURE IN PERFORMANCE

In the event of any failure by the Lessor to provide any standard service, utility, maintenance, repair or replacement required under this Lease, the Government may, by contract or otherwise, perform the requirement and seek reimbursement from the Lessor for the resulting costs to the Government, including all administrative costs; provided however, before undertaking to perform any obligation of Lessor, Government shall provide Lessor not less than thirty (30) days' prior written notice during which Lessor shall be permitted to cure any alleged default and further provided that such cure period shall be extended by an additional thirty (30) days if, at the expiration of the notice/cure period, the Lessor is diligently pursuing to cure or otherwise resolve such alleged default. If the Government elects to perform any such requirement, the Government and each of its contractors shall be entitled to access the Premises to perform any such requirement, and the Lessor shall afford and facilitate such access. Alternatively, the Government may terminate this Lease pursuant to Paragraph 1.04, Termination Rights, and/or Paragraph 2.12, Default by Lessor, of this Lease. The aforementioned remedies are not exclusive and are in addition to any other remedies which may be available under this Lease or at law. Pursuant to 19 C.F.R. § 24.3a, any amounts due CBP under the terms of this agreement not reimbursed within 30 days of billing will begin accruing interest charges based on current U.S. Treasury borrowing rates and may ultimately be referred for collection.

## 2.19 CHANGE OF OWNERSHIP

A. If during the term or any renewal periods of the Lease, title to the Property is transferred, the Lease is assigned, or the Lessor changes its legal name, the Lessor and its successor shall comply with the requirements of FAR Subpart 42.12. If title is transferred, the Lessor shall notify the Government within five days of the transfer of title.

B. The Government and the Lessor may execute a Change of Name Agreement if the Lessor is changing only its legal name, and the Government's and the Lessor's respective rights and obligations remain unaffected. A sample form is found at FAR 42.1205.

C. If title to the Property is transferred, or the Lease is assigned, the Government, the original Lessor (Transferor), and the new owner or assignee (Transferee) shall execute a Novation Agreement providing for the transfer of Transferor's rights and obligations under the Lease to the Transferee. When executed on behalf of the Government, a Novation Agreement will be made part of the Lease via Lease Amendment.

D. In addition to all documents required by FAR 42.1204, the LCO may request additional information (e.g., copy of the deed, bill of sale, certificate of merger, contract, court decree, articles of incorporation, operation agreement, partnership certificate of good standing, etc.) from the Transferor or Transferee to verify the parties' representations regarding the transfer, and to determine whether the transfer of the Lease is in the Government's interest.

E. If the LCO determines that recognizing the Transferee as the Lessor is not in the Government's interest, the Transferor shall remain fully liable to the Government for the Transferee's performance of obligations under the Lease, notwithstanding the transfer.

F. As a condition for being recognized as the Lessor, the Transferee must register in the System for Award Management (SAM) (See FAR 52.232-33), and complete and sign GSA Form 3518-SAM, Addendum to System for Award Management (SAM) Representations and Certifications (Acquisitions of Leasehold Interests in Real Property)(see Exhibit C).

A. MARKING SBU. Contractor-generated documents that contain Building information must be reviewed by CBP to identify any SBU content, before the original or any copies are disseminated to any other parties. If SBU content is identified, the LCO may direct the contractor, as specified elsewhere in this contract, to imprint or affix SBU document markings to the original documents and all copies, before any dissemination.

B. AUTHORIZED RECIPIENTS. Building information considered SBU must be protected with access strictly controlled and limited to those individuals having a need to know such information. Those with a need to know may include Federal, state, and local government entities, and nongovernment entities engaged in the conduct of business on behalf of or with CBP. Nongovernment entities may include architects, engineers,

consultants, contractors, subcontractors, suppliers, and others submitting an offer or bid to CBP or performing work under a CBP contract or subcontract. Contractors must provide SBU Building information when needed for the performance of official Federal, state, and local government functions, such as for code compliance reviews and for the issuance of Building permits. Public safety entities such as fire and utility departments may require access to SBU Building information on a need to know basis. This paragraph must not prevent or encumber the dissemination of SBU Building information to public safety entities.

**C. DISSEMINATION OF SBU BUILDING INFORMATION:**

1. **BY ELECTRONIC TRANSMISSION.** Electronic transmission of SBU information outside of the CBP firewall and network must use session (or, alternatively, file encryption). Sessions (or files) must be encrypted with an approved NIST algorithm, such as Advanced Encryption Standard (AES) or Triple Data Encryption Standard (3DES), in accordance with Federal Information Processing Standards Publication (FIPS PUB) 140-2, Security Requirements for Cryptographic Modules. Encryption tools that meet FIPS 140-2 are referenced on the NIST web page found at the following URL: <http://csrc.nist.gov/groups/STM/cmvp/documents/140-1/1401vend.htm>. All encryption products used to satisfy the FIPS 140-2 requirement should have a validation certificate that can be verified at <http://csrc.nist.gov/groups/STM/cmvp/validation.html#02>. (Not all vendors of security products that claim conformance with FIPS 140-2 have validation certificates.) Contractors must provide SBU Building information only to authorized representatives of state, Federal, and local government entities and firms currently registered as "active" in the SAM database at <https://www.acquisition.gov> that have a need to know such information. If a subcontractor is not registered in SAM and has a need to possess SBU Building information, the subcontractor shall provide to the contractor its DUNS number or its tax ID number and a copy of its business license.

2. **BY NON-ELECTRONIC FORM OR ON PORTABLE ELECTRONIC DATA STORAGE DEVICES.** Portable electronic data storage devices include but are not limited to CDs, DVDs, and USB drives. Non-electronic forms of SBU Building information include paper documents.

a. **By mail.** Utilize only methods of shipping that provide services for monitoring receipt such as track and confirm, proof of delivery, signature confirmation, or return receipt.

b. **In person.** Contractors must provide SBU Building information only to authorized representatives of state, Federal, and local government entities and firms currently registered as "active" in the SAM database that have a need to know such information.

3. **RECORD KEEPING.** Contractors must maintain a list of the state, Federal, and local government entities and the firms to which SBU is disseminated under sections C1 and C2 of this paragraph. This list must include at a minimum:

- a. The name of the state, Federal, or local government entity or firm to which SBU has been disseminated;
- b. The name of the individual at the entity or firm who is responsible for protecting the SBU Building information, with access strictly controlled and limited to those individuals having a need to know such information;
- c. Contact information for the named individual; and
- d. A description of the SBU Building information provided.

Once work is completed, or for leased Space with the submission of the as built drawings, the contractor must collect all lists maintained in accordance with this paragraph, including those maintained by any subcontractors and suppliers, and submit them to the LCO.

D. **RETAINING SBU DOCUMENTS.** SBU Building information (both electronic and paper formats) must be protected, with access strictly controlled and limited to those individuals having a need to know such information.

E. **DESTROYING SBU BUILDING INFORMATION.** SBU Building information must be destroyed such that the marked information is rendered unreadable and incapable of being restored, or returned to the LCO, when no longer needed, in accordance with guidelines provided for media sanitization available at <http://csrc.nist.gov/publications/PubsTC.html#Forensics>. At the Web site, locate SP 800-88, Guidelines for Media Sanitization, available at [HTTP://CSRC.NIST.GOV/PUBLICATIONS/NISTPUBS/800-88/NISTSP800-88\\_REV1.PDF](http://csrc.nist.gov/publications/NISTPUBS/800-88/NISTSP800-88_REV1.PDF) and click on the file name NISTSP800-88\_REV1.pdf. From there, you can choose to "Save" or "Download" the file. If SBU Building information is not returned to the LCO, examples of acceptable destruction methods for SBU Building information are burning or shredding hardcopy; physically destroying portable electronic storage devices such as CDs, DVDs, and USB drives; deleting and removing files from electronic recycling bins; and removing material from computer hard drives using a permanent-erase utility such as bit-wiping software or disk crushers.

F. **NOTICE OF DISPOSAL.** The contractor must notify the LCO that all SBU Building information has been destroyed, or returned to the LCO, by the contractor and its subcontractors or suppliers in accordance with section (e) of this paragraph, with the exception of the contractor's record copy. For Leases, this notice must be submitted to the LCO in writing at the completion of the Lease term.

G. **INCIDENTS.** All improper disclosures of SBU Building information must be reported immediately to the LCO. If the contract provides for progress payments, the LCO may withhold approval of progress payments until the contractor provides a corrective action plan explaining how the contractor will prevent future improper disclosures of SBU Building information.

H. **SUBCONTRACTS.** The Contractor must insert the substance of this paragraph in all subcontracts.
