**Subject:** Treatment at Planning Board meeting

Dear Sherri

My name is James Vickrey and I am a native of Pensacola and I would like to tell thank you for your service to this wonderful city. I would also like to say that I do not live in your district but you brought up the way people were treated at the Planning Board meeting of September 18,2018 of which I attended. I know the members of that board are volunteers and I thank them for their service but that does not give them any right to treat people the way we were treated. I left that meeting angry at the City Council members because they appointed them to that board and I hope tonight at the City Council meeting that something is done to stop this from ever happening again. I will be sending Gerald Wingate a letter also. Thank you again for your service.

James Vickrey
