City of Pensacola

222 West Main Street
Pensacola, FL 32502

Memorandum

**File #:** 23-00566 City Council 8/17/2023

**LEGISLATIVE ACTION ITEM**

**SPONSOR:** D.C. Reeves, Mayor

**SUBJECT:**

MEMORANDUM OF AGREEMENT RELATED TO THE USE OF WAYSIDE PARK PARKING LOT AS A STAGING AND PARKING AREA BY SKANSKA FOR BRIDGE CONSTRUCTION

**RECOMMENDATION:**

That the City Council approve the memorandum of agreement between the City of Pensacola and SKANSKA USA Civil Southeast Inc. for completion of punch list items identified during the Owner's walkthrough after construction the 3 Mile Bridge Project. In lieu of completing the items identified, SKANSKA has agreed to pay the City $275,000.00 so the City can complete the work.

**HEARING REQUIRED:** No Hearing Required

**SUMMARY:**

Public Works staff have attended two field meeting with SKANSKA and FDOT representatives to review the area used by SKANSKA at Wayside Park for parking, access, and construction staging. During these visits staff noticed numerous items of damage to the park and parking lot that were directly related to SKANSKA's construction efforts. Due to other existing needs at Wayside Park, Staff negotiated this agreement to allow the City to have more time, and better control of the outcome of the repairs.

**PRIOR ACTION:**

None

**FUNDING:**

$275,000.00

**FINANCIAL IMPACT:**

Funds received will be placed in a general fund account designated for future use at Wayside Park.

**LEGAL REVIEW ONLY BY CITY ATTORNEY:** Yes

7/27/2023

**STAFF CONTACT:**

Kerrith Fiddler, City Administrator
David Forte, Deputy City Administrator
Amy Tootle, Public Works Director

**ATTACHMENTS:**

1) Memorandum of Agreement City of Pensacola 7-25-23

**PRESENTATION:** No

SKANSKA

**MEMORANDUM OF UNDERSTANDING**

For the consideration of $275,000.00 (Two Hundred Seventy-Five Thousand Dollars) payable by Skanska USA Civil Southeast Inc. ("DB CONTRACTOR") to the City of Pensacola ("OWNER"), the parties mutually agree that all obligations and conditions of the DB CONTRACTOR under the "Right of Entry Agreement" dated December 14, 2021, and in relation to the Pensacola Bay Bridge Project work are hereby satisfactorily achieved, completed, and closed.

These obligations and conditions include the following:

- Restoration of the Visitors Center Parking Lot including Asphalt, Concrete, Striping, and Parking Stops
- Sewer Force Main Repairs at Visitor's Center
- All Irrigation System Repairs
- All Electrical /Lighting Elements and Repairs
- All "punch list" items identified during OWNER's walkthrough (see attached)

By receipt of payment and execution of this Memorandum, the City of Pensacola accepts all of DB CONTRACTOR'S work for the items specified herein, and provides a waiver and release for any and all claims known or unknown against DB CONTRACTOR, its agents, officers, directors, employees, subcontractors, sureties, successors in interest or assigns as to any right to recovery for costs or damages caused by DB Contractor's acts or omissions as to work for the items specified herein; provided, however, that the parties expressly acknowledge that the City of Pensacola does not waive and release any claims known or unknown against DB CONTRACTOR in relation to preparation for and recovery from incidents in connection with the September 2020 storm, Hurricane Sally, regarding which there are pending, unresolved claims which are not released by this agreement.

# UNANIMOUS WRITTEN CONSENT
# OF THE BOARD OF DIRECTORS
# OF
# SKANSKA USA CIVIL SOUTHEAST, INC.

The undersigned, constituting all of the members of the Board of Directors (the "Board") of SKANSKA USA CIVIL SOUTHEAST INC., a Virginia corporation (the "Corporation"), acting pursuant to Section 13.1-685 of Chapter 9 of the Code of Virginia, hereby consent to and adopt the following Resolutions:

RESOLVED, that effective January 1, 2022, the following individuals shall serve as officers of the Corporation until resignation, removal or death:

| | |
|---|---|
| Don Fusco: | President |
| Michael Viggiano | Executive Vice President |
| J.K. Brookshire, III: | Vice President |
| T. J. Fulton: | Vice President |
| P.J. LeFave: | Vice President |
| P.J. McClemens: | Vice President & Assistant Secretary |
| Stephen Hughes: | CFO, Secretary & Treasurer |
| N.G. VanDyke: | Assistant Secretary |
| Jari Mantyla: | Assistant Secretary |
| Steven Lunsford: | Assistant Secretary |

RESOLVED, that acting pursuant to the corporate bylaws, the Board of Directors hereby approves, ratifies and affirms the acceptability of signatures on any corporate documents before or after the date of this Resolution by said officers, which are transmitted by either facsimile or by digital transfer and that such signatures when affixed to corporate documents shall be the same as if attached in original form.

RESOLVED, that the authority given in this resolution is retroactive and any and all acts authorized herein performed before the passage of this resolution is hereby ratified and affirmed.

IN WITNESS WHEREOF, the undersigned consent to the action described herein.

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to customer.service@skanska.com and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

**Required hardware and software**

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

**Acknowledging your access and consent to receive and sign documents electronically**

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify Skanska USA Inc. as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by Skanska USA Inc. during the course of your relationship with Skanska USA Inc..

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

**How to contact Skanska USA Inc.:**

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: customer.service@skanska.com

**To advise Skanska USA Inc. of your new email address**

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at customer.service@skanska.com and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

**To request paper copies from Skanska USA Inc.**

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to customer.service@skanska.com and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

**To withdraw your consent with Skanska USA Inc.**

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

## ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Skanska USA Inc. (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

### Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

### Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

### Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

### All notices and disclosures will be sent to you electronically

## ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Skanska USA Inc. (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

### Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Memorandum

**File #:** 2023-053 City Council 8/17/2023

**LEGISLATIVE ACTION ITEM**

**SPONSOR:** D.C. Reeves, Mayor

**SUBJECT:**

SUPPLEMENTAL BUDGET RESOLUTION NO. 2023-053 - MEMORANDUM OF AGREEMENT RELATED TO THE USE OF WAYSIDE PARK PARKING LOT AS A STAGING AND PARKING AREA BY SKANSKA FOR BRIDGE CONSTRUCTION

**RECOMMENDATION:**

That the City Council adopt Supplemental Budget Resolution No. 2023-053:

A RESOLUTION AUTHORIZING AND MAKING REVISIONS AND APPROPRIATIONS FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2023; PROVIDING FOR AN EFFECTIVE DATE.

**HEARING REQUIRED:** No Hearing Required

**SUMMARY:**

Public Works staff have attended two field meeting with SKANSKA and FDOT representatives to review the area used by SKANSKA at Wayside Park for parking, access, and construction staging. During these visits staff noticed numerous items of damage to the park and parking lot that were directly related to SKANSKA's construction efforts. Due to other existing needs at Wayside Park, Staff negotiated this agreement to allow the City to have more time, and better control of the outcome of the repairs

**PRIOR ACTION:**

None

**FUNDING:**

Budget: $ 275,000.00 (amount of agreement from SKANSKA to City)

Actual: $ 275,000.00

**FINANCIAL IMPACT:**

Funding will be provided by SKANSKA USA Civil Southeast Inc. who shall pay the City of Pensacola

an amount not to exceed $275,000.00 in lieu of performing post project repairs to Wayside Park as outlined in the agreement. The estimated cost of the identified repairs is $275,000.00.

**SUBJECT:**

AWARD OF CONTRACT TO REPLACE (2) TWO HVAC UNITS AT BLUE WAHOOS STADIUM

**RECOMMENDATION:**

That City Council award this contract to The Wright Company, the lowest and best responsible respondent, for a base bid of $130,850 plus 10% contingency in the amount of $13,085 for a total contract price of $143,935. Further, that City Council authorize the Mayor to take the actions necessary to execute and administer this contract and complete this work, consistent with the bid, contracting documents, and the Mayor's Executive Powers as granted in the City Charter

**HEARING REQUIRED:** No Hearing Required

**SUMMARY:**

Two HVAC units at Blue Wahoos Stadium that provide air conditioning to the visiting baseball team's clubhouse, are inoperable and can't be repaired. Temporary measures are in place to get through the rest of this baseball season, but long-term fixes must be made as part of Major League Baseball Franchise requirements. Public Works is asking for authorization to select the lowest responsible respondent, from the three quotes obtained by the Blue Wahoos' Facilities Department. The lead time for the two systems is 16 weeks, thus it is imperative to move forward to make the repairs before the 2024 baseball season.

**PRIOR ACTION:**

N/A

**FUNDING:**

Budget: $143,935 CMPA Renewal and Replacement Fund Balance

Actual: $130,850 Construction Cost
$ 13,085 Contingency
$143,935 Estimated Cost

**FINANCIAL IMPACT:**

Sufficient funding exists within the Community Maritime Park Management Service Fund to cover this contract.

## Services to be completed

**[HVAC] Location - Building**

Proposal to replace 2 Addison Outside Air Systems. We are pricing these systems separately and together (Both systems at the same time).
Scope of work:
*Disconnect and remove existing equipment.
*Flush and reuse existing copper line-set.
*Install new indoor section and tie into existing supply and return ductwork.
*Install new outdoor section and anchor unit to the roof.
*Crane will be used to remove and install outdoor sections of systems.
*Evacuate system to 500 microns to ensure no moisture and leaks.
*Start system and charge w/R410-A to proper level and check operation.
*Clean up work area.
***There is a 16 week lead time on this equipment.

| Parts, labor, and fees | Quantity | Unit Price |
|---|---|---|
| Addison Outside Air System #1<br>Mod# MCOA0048AA2B13AA4B0E10AA00000<br>Mod# MAOA0048AA3BAA210000AAAC40BA00AF1 | 1 | $70,625.00 |
| Addison Outside Air System #2<br>Mod# MCOA0072AA3B13AA4B0G10AA00000<br>Mod#MAOA0072AA3BAA210000AAAC40BA00AF1 | 1 | $71,065.00 |
| Price to replace both Addison Outside systems #1 & #2 at the same time | 1 | $130,850.00 |

### Terms and Conditions

Our proposal includes all labor, materials, equipment and expenses relative to the project, unless listed as excluded.

Any permits or rigging necessary to complete your job are included.

The Wright Company does not propose or perform any work associated with painting or patching, concrete or sidewalks, ceiling or roofing, structural or architectural, fire sprinkler work, or any work not implicitly stated in the scope of work.

Due to the fluctuation of material and equipment prices, our pricing is guaranteed for thirty (30) days. Acceptance of our proposal after thirty (30) days may be subject to a price increase to accommodate material or equipment price variations.

By my signature below, I authorize work to begin according to the terms and conditions of this agreement.

**RECOMMENDATION:**

That City Council accept the Active Transportation Plan.

**HEARING REQUIRED:** No Hearing Required

**SUMMARY:**

In 2021, the City Council approved funding for the creation of an Active Transportation Plan. The intent was to develop a high-level plan, with public input, to identify future roadway and trail improvements to make transportation easier and safer for people to walk and bike.

Kimley-Horn was selected as the consultant to develop the plan that identifies critical infrastructure investment that improve access, comfort, and safety for people walking, bicycling, and using other self-propelled modes of transportation.

Project values and expectations include:

- Build on the appropriate mapping and analysis collected as part of previous studies in tandem with public involvement to understand bicycle and pedestrian needs within the City;
- Document a baseline of existing challenges and barriers;
- Define guiding principles;
- Maximize the involvement of stakeholders and utilize a range of strategies to capture public input;
- Identify context classifications and street typologies with associated street design guidance, including a matrix of improvements/cross section elements by classification to inform design guidance for future development and street improvements;
- Develop recommendations for how the City of Pensacola can create a multimodal network of streets, including a project delivery framework that will include evaluation criteria; and
- Summarize an Action Plan for Implementation (Policy considerations, project prioritization and project delivery, design guidance, physical list of improvements

identified, funding options, and reasonably achievable objectives and next steps to prepare for the future).

Meaningful community engagement was captured by listening and learning about different community members' needs and desires through in-person and virtual meetings as well as online surveys.

A Steering Committee provided input through the planning process to develop the plan's vision and guiding principles and provide guidance on the network map, design guidance, and actions for implementation.

To ensure the ATP reflects what we heard, multiple events were hosted, and the draft plan was available for public comment online and comments are included in the report appendices.

The consultant-recommended actions for implementation are grouped into four main areas:

- Update policies and regulations especially in the Land Development Code
- Leverage Quick-Build and Tactical Projects
- Partner to implement and promote the active transportation network
- Seeking funding and grant opportunities

**PRIOR ACTION:**

September 9, 2021 - The City Council approved $166,000 for the creation of an Active Transportation Plan.

May 26, 2022 - The City Council approved award of contract to Kimley-Horn and Associates, Inc. for RFQ No. 22-009 Professional Consulting Services for the City of Pensacola Active Transportation Plan

August 18, 2022 - The City Council approved funding for Kimley Horn to complete additional tasks including development of a high injury crash network to align with federal funding eligibility for future projects.

**FUNDING:**

Budget: $174,802 - Professional Consultant Services

**FINANCIAL IMPACT:**

$174,802 was allocated for development of the plan and the City contracted with Kimley-Horn to develop the plan.

**LEGAL REVIEW ONLY BY CITY ATTORNEY:** Yes

8/1/2023

PENSACOLA
FLORIDA'S FIRST & FUTURE

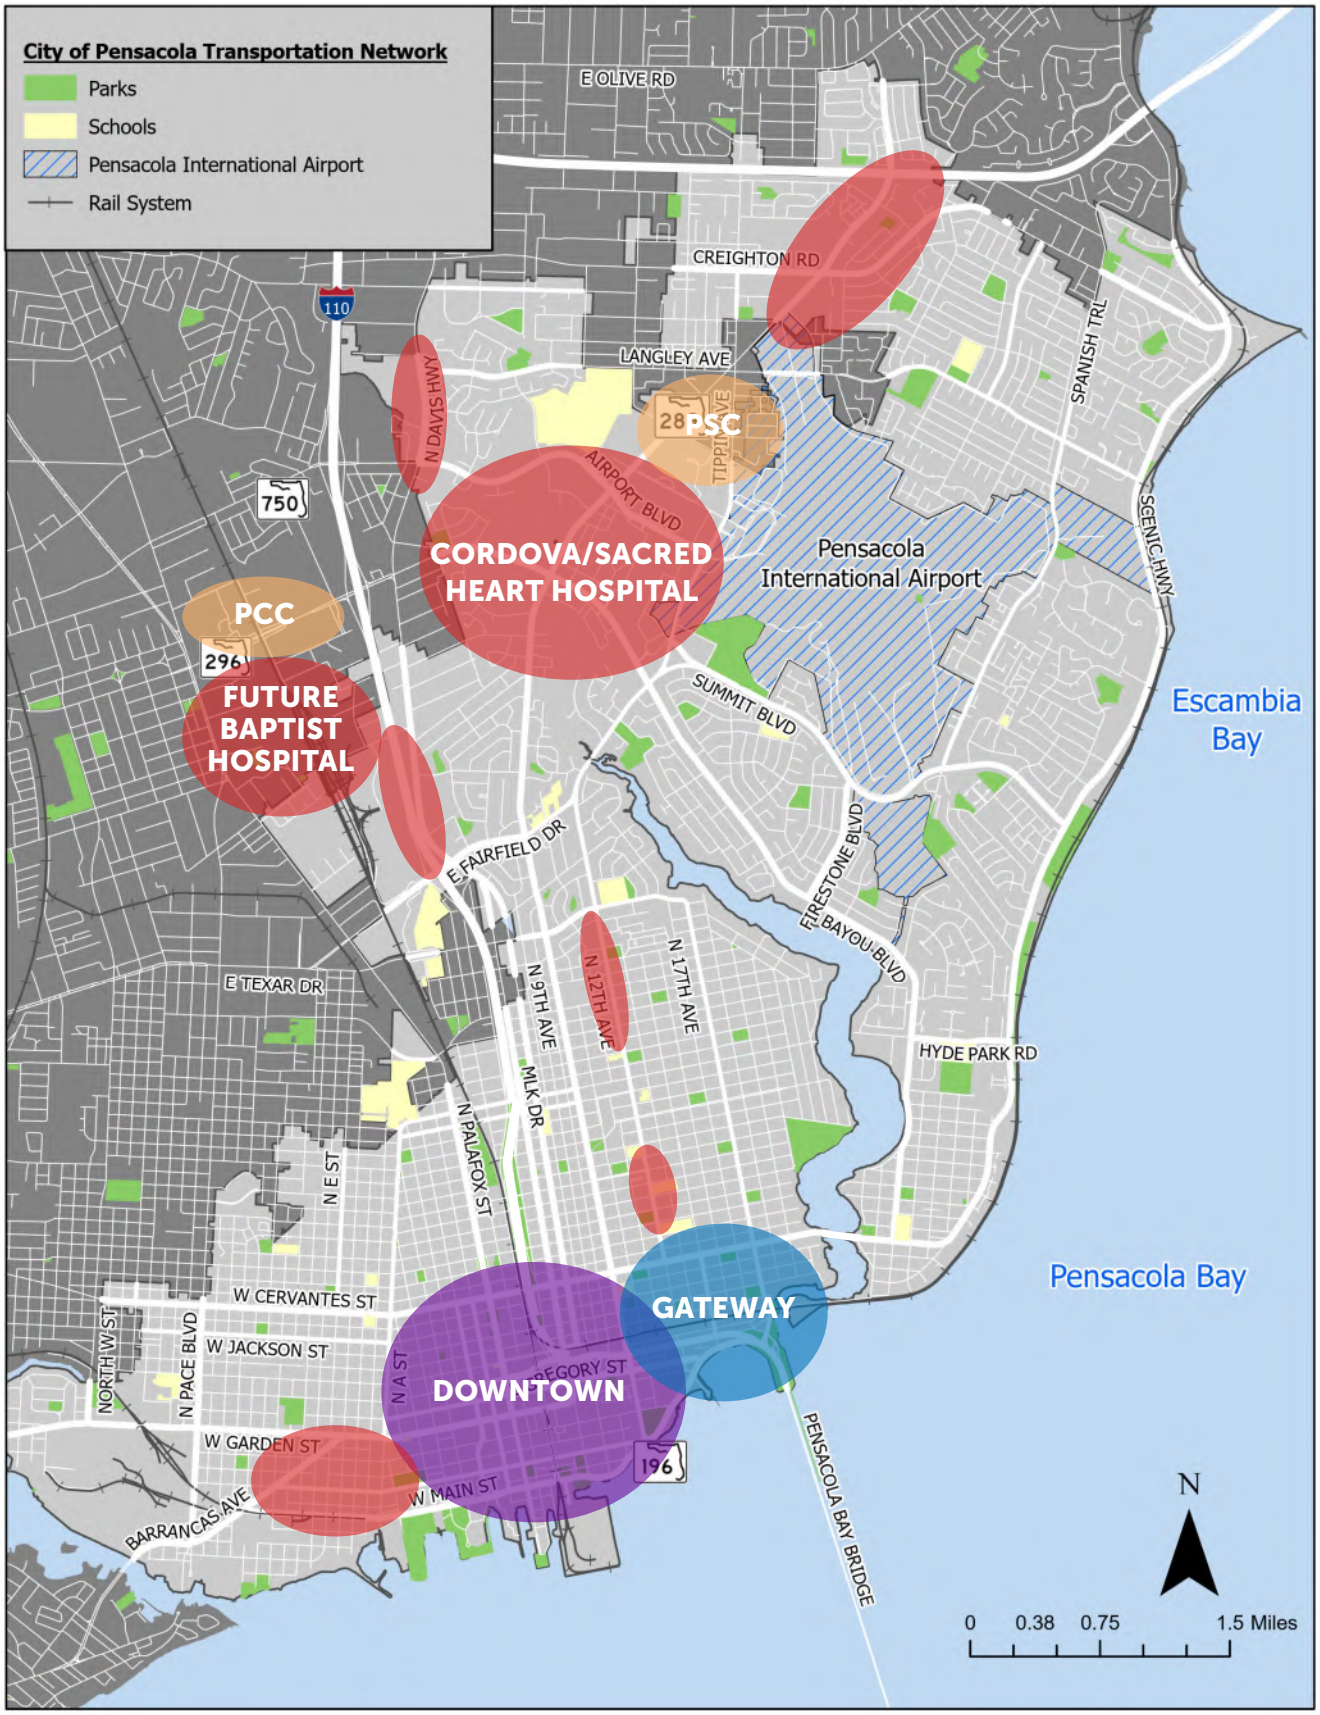
## Executive Summary

The Pensacola in Motion Active Transportation Plan (ATP) is an important next step in realizing the vision for future mobility in the City. The ATP mobility vision is ambitious - to offer everyone safe mobility choices and access to opportunities.

The guiding principles of the ATP that will guide future mobility work include:

**Put Safety First:** Identify solutions that make moving around safer and more comfortable and push for zero fatalities.

**Connect People and Places:** Improve access and promote placemaking through meaningful projects that fill gaps in the network.



**Access for All:** Consider everyone's needs when developing solutions.

**Add Mobility Options:** Focus on opportunities that are feasible, provide quality aesthetics, and build on past efforts.

These principles will shape the future of how people move in and around Pensacola. The guiding principles can only be achieved in complete partnership with all members of the community. Pensacola In Motion, is a blueprint to help provide choices for people moving around the City.

## Figure 1. Context Map

Main Commercial Destinations

"The freedom to make and remake our cities and ourselves is, I want to argue, one of the most precious yet most neglected of our human rights."

-David Harvey

# SECTION 1
## SETTING THE STAGE

# An Introduction to the Active Transportation Plan

## Purpose

Pensacola is a community in motion with amazing places and meaningful destinations that all citizens deserve access to. The Pensacola Active Transportation Plan (ATP), known as Pensacola In Motion, is a blueprint to help provide choices for people moving around the City. Pensacola has a rich and vibrant history. The City's history has included an evolving transportation network which includes the creation of a street grid, a deep water port, streetcar lines, passenger and freight rail, larger roads for moving automobiles quickly, and improved streets for walkability. The ATP is just one layer of creating a safer transportation system. As Pensacola continues to grow and the demand for choices increases, there is an opportunity to create a network of safe streets for people walking, bicycling, and using other self-propelled modes of transportation. Like a house with good bones, Pensacola's transportation network has a strong foundation that will continue to transform over time.

### What is the ATP?

The plan is an overarching framework that provides guidance on design, policies, and critical infrastructure investments. An emphasis is placed on connections within and to major destinations such as schools, parks, the waterfront, community facilities, commercial areas, and transit stops. The ATP provides policy and street design guidance for governmental agencies, consultants, private developers, and the community that impacts our streets. The ATP recognizes different parts of the City have unique needs and not all streets are the same. Following a context sensitive approach, it's important to put the right road in the right place, based on the expected user type.

## Momentum for a Connected Tomorrow

The City is passionate about creating safe, comfortable, and accessible options for moving around Pensacola. Community groups and organizations like Bike Pensacola, West Florida Wheelmen, the Bluffline Group, Center for Independent Living Disability Resource Center, Visit Pensacola, Ciclovia, and CivicCon champion this shared vision for the future. Now is the time to build on this momentum as well as past planning efforts to create a blueprint for making moving around Pensacola safer, more comfortable, and more accessible for those here today and for future generations.

We are at a moment when more federal funding is available to implement projects that reinvest in our communities, result in access for all, and improve our community's safety, livability, and resilience. By laying the groundwork now, Pensacola will be ready to take advantage of partnerships and funding opportunities that create meaningful change to the transportation network.

## The ATP is a Call to Action

Pensacola In Motion unifies and builds onto past plans. The ATP provides strategies and actions and is meant to be flexible and re-calibrated over time by the various city departments, agencies involved, and steering committee. The ATP provides specific strategies and recommendations for governmental agencies that own our streets (City departments, Escambia County, and the Florida Department of Transportation) including others that may impact changes to our streets such as developers, other agencies, or the community. The call is to create a connected network of safe streets for people of all ages and abilities. In addition, the desire is for a transportation system that connects transit and creates a network that strengthens local connections and links to regional transportation. Safety and achieving Vision Zero, the idea that even one fatality is too many, is a priority.

Community engagement is the foundation of this plan. The ATP included listening early and often to identify what was most important to the community so that the recommendations reflect the community's vision.

Pensacola has a history and a good groundwork of plans that highlight improved walkability, and quality of life. The ATP is a framework for future plans that builds upon past planning efforts with a focus on implementation and actions. The intent is that the ATP could be updated overtime with changing conditions. Some of these past planning efforts include:

- Baywalk Project
- Davis Highway and Dr. MLK Jr Drive/Alcaniz Street Two-Way Conversion Traffic Feasibility Study
- FL-AL TPO Pedestrian Bicycle Master Plan
- Hollice T Williams Framework Plan
- Main Street Corridor Management Plan
- Pensacola Historic District Master Plan
- Reimagine Jackson Street Transportation Master Plan
- SCAPE Waterfront Master Plan

## Why Now?

- Pensacola Continues to Change
  - » Pensacola's rich history, beautiful beaches, and strong economy helped it **make the top 100 list of America's Best Cities**. A unique economy and a growing population in downtown and other parts of the City creates increased demand on the transportation system from all travel modes.
- People Want Options
  - » Online survey results showed that while most people in the city travel with a car, many prefer more options to walk, bike, or take transit for certain trip purposes if a safe and convenient option is available.
- Reclaiming the Public Space
  - » Typically, **25-35% of the land in cities is dedicated to roads.** There is a huge opportunity to continue to celebrate Pensacola's original identity by reinventing the existing space downtown. There is also an opportunity to create trails and paths that connect different areas of the City so residents and visitors can safely and comfortably access and enjoy its natural beauty, history, and businesses.
- Accessibility for All is Important
  - » **10% percent of households in the City do not own a vehicle and 28% of individuals in the City have some sort of disability.** As the City implements improvements, it must remove barriers created by the past and encourage access to jobs, food, education, healthcare, and other resources for those who may rely on walking, biking, or public transit.

## What's in the ATP?

The plan is organized into four logical sections that the community can follow to drive implementation that connects back to the vision.

**Section 1 Setting the Stage:**
Conveys the community's vision and guiding principles that shape the strategies and actions for achieving a safer, more comfortable, and more accessible transportation network.

**Section 2 Where Are We Now?:**
Describes the current state of mobility in Pensacola. The community voices section summarizes the community experience today as it relates to transportation challenges and opportunities. Learning about what changes are needed is important to know where we are going. The section includes data on safety, demographics, and existing pedestrian, bicycle, and transit facilities and identifies three key themes: speeding, lack of connectivity, and intersections.

**Section 3 Where Are We Going?:**
Discusses strategies for improving the active transportation network through flexible design guidance when anyone desires to change a street. This includes a prioritized network of existing and future facilities and the tools for designing future improvements.

**Section 4 How Are We Getting There?:**
Describes actions for implementation. Actions include policy and program changes, details on how to deliver projects, identification of top-priority projects, funding recommendations, and methods for measuring success.

## Vision and Guiding Principles

The vision provides the ideal future of what the City wants to be. It provides support for the recommended strategies and toolkit that will help us realize the vision.

*The ATP will be a framework to help maintain the unique historic character of Pensacola while transforming the transportation network to be accessible, connected, comfortable, and safe for people walking, cycling, and using other self-propelled modes of transportation.*

### Guiding Principles

**Put Safety First:** Identify solutions that make moving around safer and more comfortable and push for zero fatalities.

**Connect People and Places:** Improve access and promote placemaking through meaningful projects that fill gaps in the network.

**Access for All:** Consider everyone's needs when developing solutions.

**Add Mobility Options:** Focus on opportunities that are feasible, provide quality aesthetics, and build on past efforts.

### Safety is Paramount

In the last five years, **28 people died (including 10 that were walking or bicycling)** and **115 were seriously injured (including 36 that were walking or bicycling)** on Pensacola streets. This equates to about **six** (**6) deaths and 23 serious injuries on our streets every year.** With more people using our streets to get to work or to the bus stop, to visit shops and restaurants, walk or bicycle to school, explore the City for recreation, and visit our parks, it is important these experiences are safe and comfortable for all. In addition to guidance that improves sidewalks, bicycle facilities, trails, and crossings, the ATP includes traffic calming measures that encourage slower vehicle travel speeds. Coordinated design elements combined with education efforts will help create safe places to bicycle and walk.

#### Vision Zero

The City endorses a safety vision to eliminate all transportation-related fatalities and serious injuries for all modes of travel. This vision has been endorsed by the US Department of Transportation and Florida Department of Transportation. The initiative to address this problem is known as the Safe Systems Approach. It is a systematic approach for identifying locations and behaviors related to fatal and serious injury crashes to implement multi-disciplinary countermeasures.

## Benefits of an Robust Transportation Network

In addition to physically improving the transportation network, providing options to move around the City on foot or by wheel offers many economic, social, and environmental benefits.

### Health

- Walkable and bikeable communities contribute positively to health and active living by allowing people to incorporate physical activity into their daily routines easily.
- Moderate daily exercise can improve overall health outcomes, reduce the risk of chronic health issues, and improve physical and mental health.

### Safety

- Designs that promote slower travel speeds and positively influence travel behavior create a safe environment for all users.
- Correctly implemented bicycle/pedestrian facilities and intersection crossings can help reduce the number and severity of crashes.
- Enhances safety for vulnerable populations that may rely more on walking, biking, and public transit.

### Access for All

- A more accessible network considers all users, regardless of age, ability, ethnicity, income, or choice of travel.
- Walking, biking, and transit are more affordable forms of transportation.

### Economy

- Connected communities stimulate economic growth by promoting business development and investments, attracting and retaining workers, and appealing to tourists and visitors.
- Commercial properties and retail establishments in pedestrian-friendly areas have proven more profitable.
- Walkable and bikeable neighborhoods have higher property values.

### Environment

- Replacing vehicle trips with opportunities for biking, walking, and rolling reduces pollution from greenhouse gas emissions and fossil fuel consumption, which can result in improved air quality.
- Allows for designs incorporating green infrastructure to improve the City's stormwater management and retention and reduce the urban heat island effect from excess pavement.

### Social

- Brings neighborhoods together.
- It allows for improved placemaking and enhances the look and feel of the community by incorporating public art, landscaping, furniture, and lighting.

“Streets are where life and history happen, and that places transportation at the cultural, social, and political center of cities.”
-Janette Sadik-Khan

# SECTION 2
## WHERE ARE WE NOW?

# Current Mobility in the City

It is beneficial to take a step back and understand the transportation history that shaped the development of Pensacola's built environment today. Existing conditions of the transportation network create a benchmark to develop the strategies advocated for by the community. Through comprehensive public engagement the community responded to the current state of mobility with several reoccurring themes rising to the top.

## A City That Continues to Evolve

### Beginnings (1500s to 1880s): A Street Network is formed

Pensacola has a rich history and is often referred to as "America's First Settlement." Pensacola was home to Native Americans for thousands of years before European explorers and colonists developed the grid network. Spanish, British, French, and American cultures have influenced the City dating back to the mid-16th century. Pensacola's streets were first developed in a grid pattern during the colonial age by the Spanish and British. This network begins in downtown and extends toward Bayou Texar and Bayou Chico. A grid network design allowed people to easily move around the City before cars became the primary form of transportation.

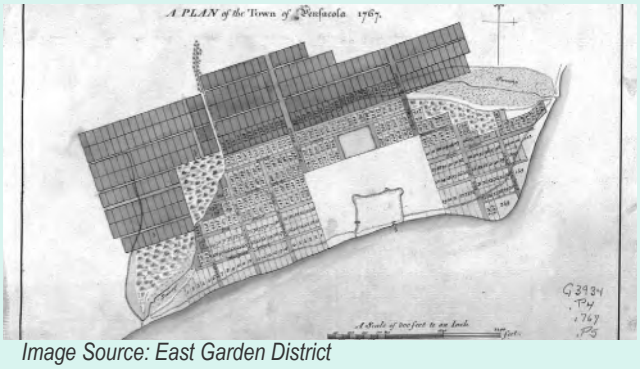


*Image Source: East Garden District*

The City has an extensive military heritage, and the Naval base is known as the "the Cradle of Naval Aviation." In the 19th century, the strategic deep water port and the introduction of rail-including freight and passengers-brought other opportunities. Throughout the City's history, the Port of Pensacola has been an important economic hub for shipping cargo, lumber, and bricks, as well as the military, with manufacturing having influenced the design of City streets.

### Pre-1930s

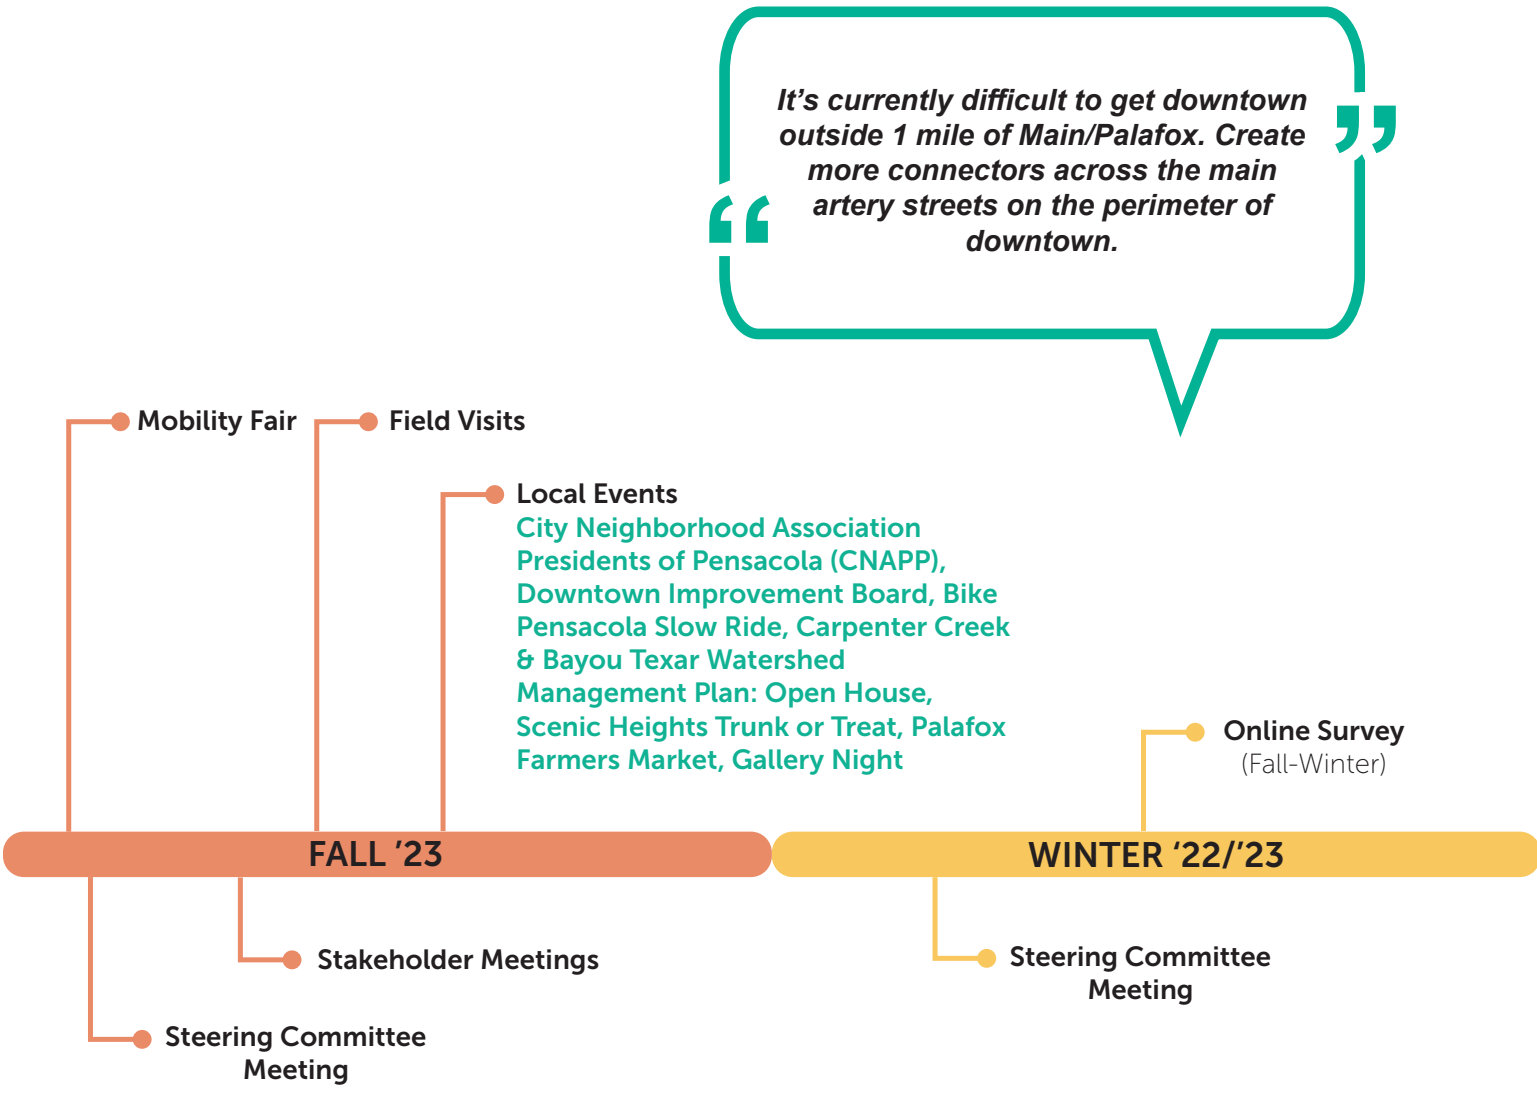
Walking and horse-powered travel were the early modes of transportation. Rail for passengers and freight was introduced in the 1800's and took off in the 1880's when the Pensacola and Atlantic Railroad (P&A) was absorbed into the Louisville and Nashville Railroad (L&N). From the late 1880s to the early 1900s, streetcars dominated the landscape, allowing development to expand outward. This enabled people to travel into and around the City's core as well as other destinations to which they might walk. At its peak in 1920, there were four million streetcar passengers a year. During this time, African Americans boycotted the network due to a proposed segregation ordinance. Besides downtown, Kupfrian Park was a popular weekend destination with a streetcar connection. Automobiles were introduced in the early 1900s and gained more use during the 1920s and 1930s.

## Post-1930s

With the Great Depression and the rise of America's car culture, streetcars were replaced with a greater prevalence of cars and buses. With the bridges being built to accommodate the beach travel patterns, recreation changed. Following World War II, rapid suburbanization in northeast Pensacola and beyond City limits resulted in a different street pattern, with wide, winding roads, fewer intersections and a hollowing of downtown. Street design focused on moving cars efficiently, while other modes became an afterthought. In addition, major roads built during this period like I-110 provided regional connections and moved cars quickly through Pensacola but did not consider the surrounding neighborhoods and people walking and biking, creating barriers to moving about the City. With the shift of people and business into the suburbs, older buildings were removed for surface parking to encourage people to come back downtown. After intermittent years of service in the 20th century, passenger rail service ends in 2005.

## Today

Today, there is a desire for transportation choices. Many are interested in walking or bicycling not only for health but for errands such as going to the grocery store or post office or getting to school safely. Downtown Pensacola has seen a significant revitalization along with City and business efforts. Development has occurred not only downtown, but in adjacent areas with new housing, which brings tax revenue but other challenges such as increased housing prices and potential displacement of current residents. The ATP is Pensacola's vision and foundation to honor the City's rich history, reimagine the transportation network, and reinvent roads that allow people to move around the City without a car.



738

## Voices of the Community: Current Experience and Vision

Meaningful community engagement was captured by listening and learning about different community members' needs and desires. Community members discussed how the transportation network could be improved and what was most important to them through in-person and virtual meetings as well as an online survey.

In the fall of 2022, community members were asked what transportation challenges, assets, and opportunities exist and where changes are needed. Touch points with the community included open house style mobility fairs, tabling at local events, and stakeholder interviews. In addition, everyone was invited via social media, email, and word of mouth to take an online survey.

The Steering Committee provided input through the planning process to develop the plan's vision and guiding principles and provide guidance on the network map, design guidance, and actions for implementation. To ensure the ATP reflects what we have heard, we hosted a second mobility fair to receive community input on the draft plan.

**ATP Steering Committee**

The Steering Committee represents a diverse group of community organizations and agencies that collaborated to help drive major components of the ATP. The members involved in the steering committee are:

- Bike Pensacola
- Council on Aging
- Ciclovia
- CIL of Northwest Florida
- City of Pensacola
- Escambia County
- Escambia County Public Schools
- Escambia County Area Transit (ECAT)
- Florida Department of Transportation (FDOT)
- Pensacola Chamber of Commerce
- Pensacola Police Department
- Visit Pensacola
- West Florida Wheelmen

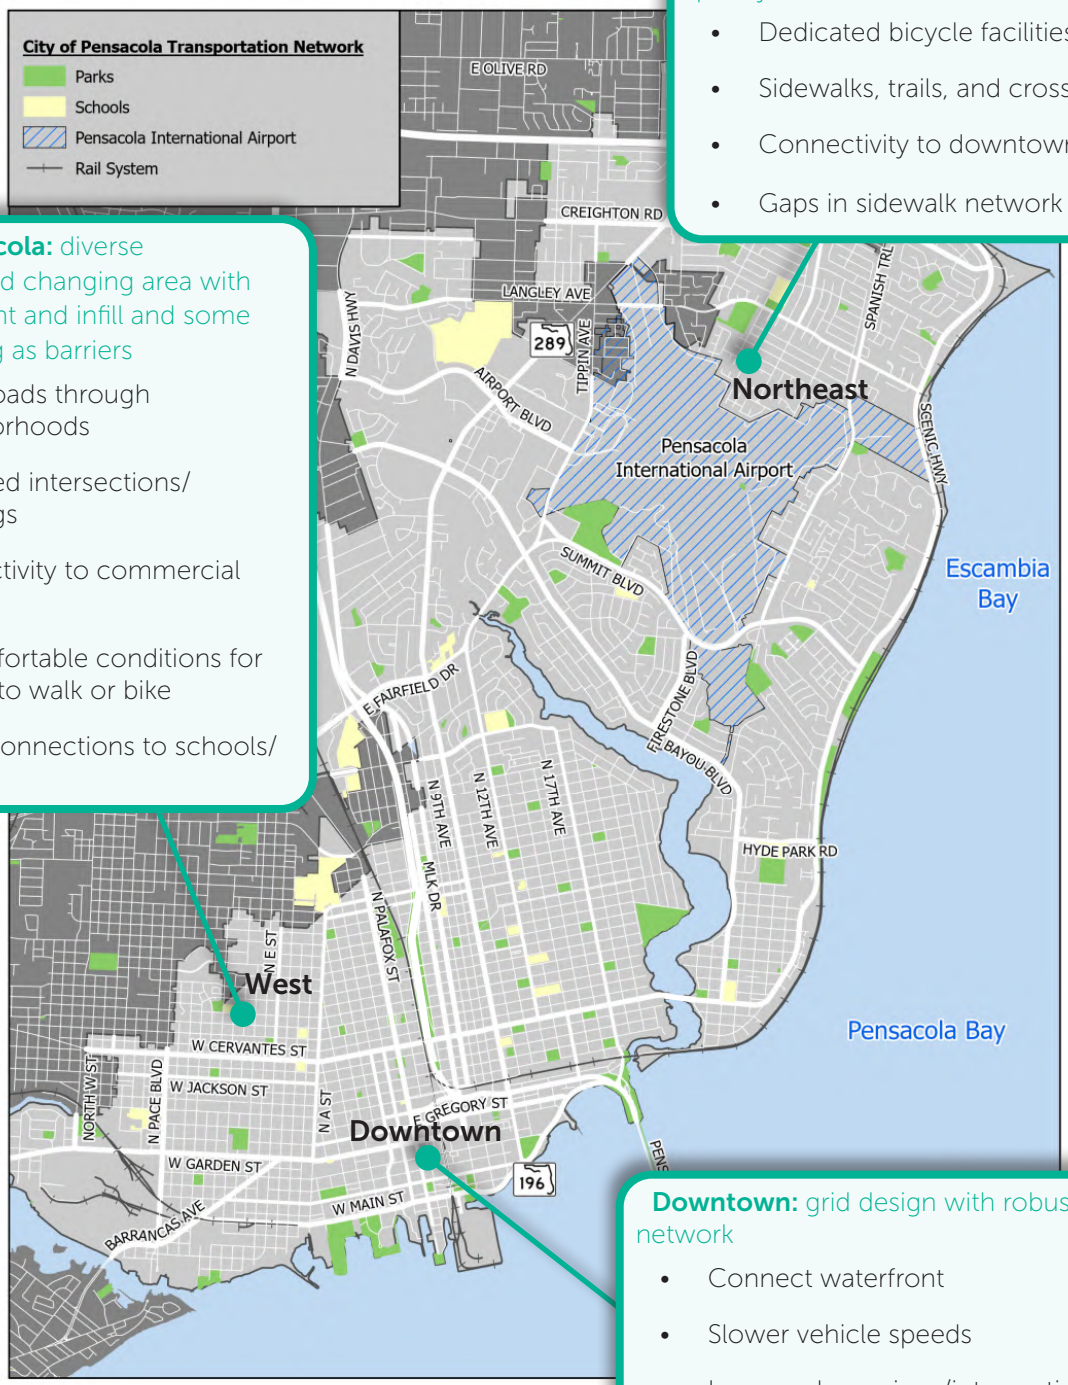
## Overall Key Themes

- Access to the waterfront
- Connect the City
- Create multi-use trails and bike infrastructure

## Other Top Priorities We Heard

- Improve bicycle facilities
- Need slower speeds on some streets
- Reduce lane widths
- Add more sidewalks
- Improve crossings/intersections
- Add more shade trees and lighting
- Better maintenance

> ***I would love to see a sidewalk going the entire length of Bayou Blvd. To access things in our neighborhood, you must walk on the road or in very uneven yards. This was a huge safety concern when my daughter had to catch a bus behind our house on Bayou.***



**SPRING '23**

- **Steering Committee Meeting**
- **Steering Committee Meeting**

**SUMMER '23**

- **Pop-Up in the Street**
- **Tabling Events at Tryon Branch Library, Westside Branch Library, and Pensacola Library**

## Figure 2. Community Discussions

**Northeast Pensacola:** winding, disconnected roads focused on moving cars quickly

- Dedicated bicycle facilities
- Sidewalks, trails, and crossings
- Connectivity to downtown
- Gaps in sidewalk network

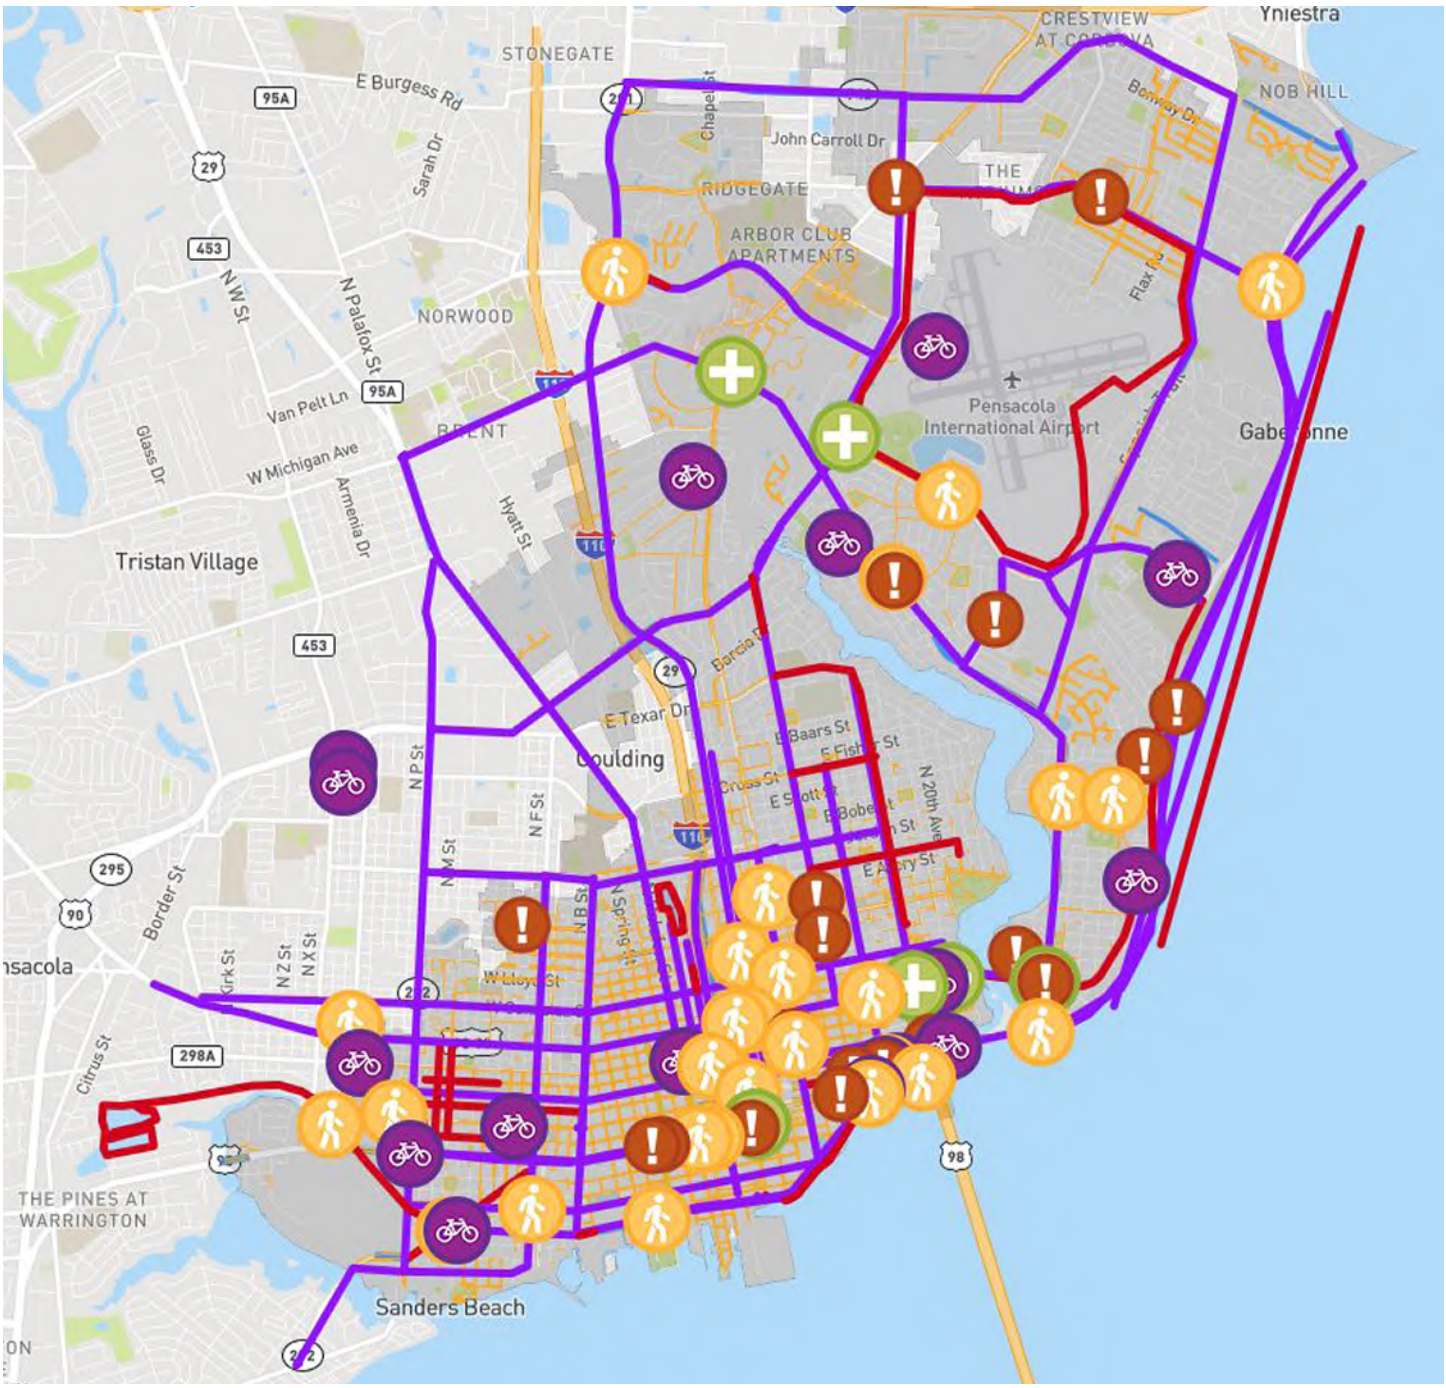
**West Pensacola:** diverse population and changing area with redevelopment and infill and some streets serving as barriers

- Major roads through neighborhoods
- Improved intersections/ crossings
- Connectivity to commercial centers
- Uncomfortable conditions for people to walk or bike
- Better connections to schools/ parks

**Downtown:** grid design with robust sidewalk network

- Connect waterfront
- Slower vehicle speeds
- Improved crossings/intersections
- Neighborhood greenways/shared streets
- Need to change driver behavior
- Better maintenance of existing facilities would benefit all users

> *Need bike lanes on the less busy street going from East Hill to downtown and to the new skate park - safe for kids.*



> *Many people need to get from the mall to the university area, and cycling is the fastest way during rush hour. The City could benefit greatly from extending the wide, safer bike lane from downtown to University on Davis and doing the same in the opposite direction. Improving Creighton would also make cycling safer and more efficient.*

## Figure 3. Online Community Map Survey

To capture community opinions and ideas, an online map survey, called PublicCoordinate, was utilized through the duration of the project. Community members were able to draw desired bike routes and sidewalk connections within the City. In addition, community members identified areas with safety concerns and locations for bicycle, pedestrian and intersection improvements.

**Legend**

Existing Facilities
- Bike Lane
- Sharrows
- Sidewalks

Community Line Comments
- Bike Route Improvements
- Pedestrian Route/Sidewalk Improvements

Community Point Comments
- Bicycle
- Intersection
- Pedestrian
- Safety

In the summer of 2023, the City conducted multiple events to present the draft ATP and recommendations to the community. This included tabling events at community libraries and a pop-up in the street event on East La Rua Street between North Tarragona Street and Hayne Street. The pop-up event including booths from local organizations, a demonstration of multimodal improvements, and opportunities to comment on the draft plan. These events kicked off the final stage of the community engagement for the ATP.

> ***I support more sidewalks, bike lanes, greenways, and neighborhood skate spots. I'd love to see the City more accessible to everyone.***

## Current Active Transportation Network

Pensacola has a generally well-connected sidewalk network in its downtown area but has a larger amount of sidewalk gaps in neighborhoods directly north and west of downtown Pensacola. Additionally, there is a much less robust sidewalk network to destinations in the eastern and northern portions of the City. The City has performed an ADA sidewalk compliance survey and is currently upgrading sidewalks and curb ramps to comply with ADA standards. Bicycle infrastructure is much less prevalent with few dedicated bike lanes throughout the City.

The City of Pensacola contains the following facilities (includes both sides of the street combined):

- Approximately 35 miles of on-street bike facilities
- Approximately 260 miles of sidewalks

Additionally, Escambia Area County Transit (ECAT) bus stops are located throughout the City, particularly in west Pensacola, downtown, and in the north along corridors such as North 9th Avenue, North 12th Avenue, Airport Boulevard, Langley Avenue, and Creighton Road. Interest has continued to bring back passenger rail to Pensacola which could bring back a connection from New Orleans to Jacksonville.

A regional perspective was considered to account for connections across Escambia County, and with neighboring Santa Rosa County. The Pensacola Bay Bridge provides a direct connection to Santa Rosa County. A direct bicycle trail along the bridge provides access between the two counties. Additionally, Scenic Highway-which runs along the City's eastern coast-connects Pensacola to Santa Rosa County via northeast connections. Future enhancements to the bicycle and pedestrian network along these roadways would enhance regional connectivity overall.

**Figure 4** shows a map of existing pedestrian and bicycle infrastructure in the City of Pensacola along with ECAT bus stops.

**ADA-Compliant Sidewalks**

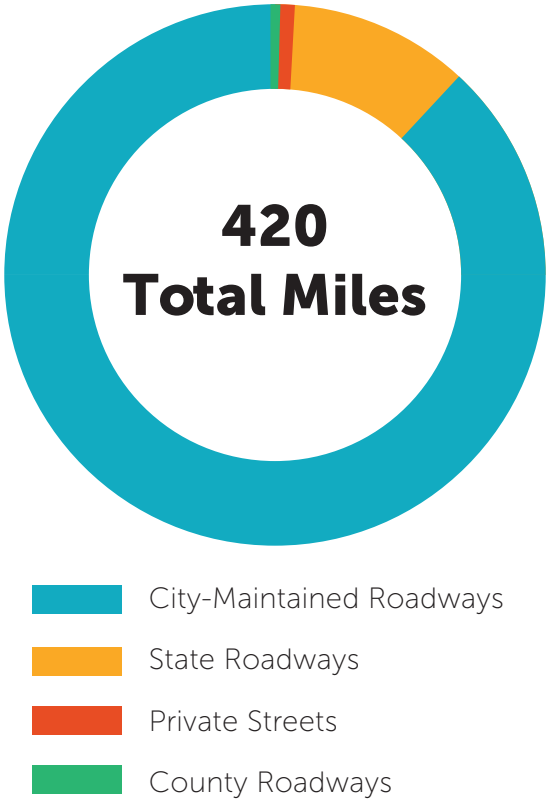
*Problem: Sidewalk with a greater slope of 2% requires people who use wheelchairs to use more energy.*

*Good Design: Sidewalk is wide and elevation is flat.*

## Figure 4. Existing Bicycle and Pedestrian Network Map

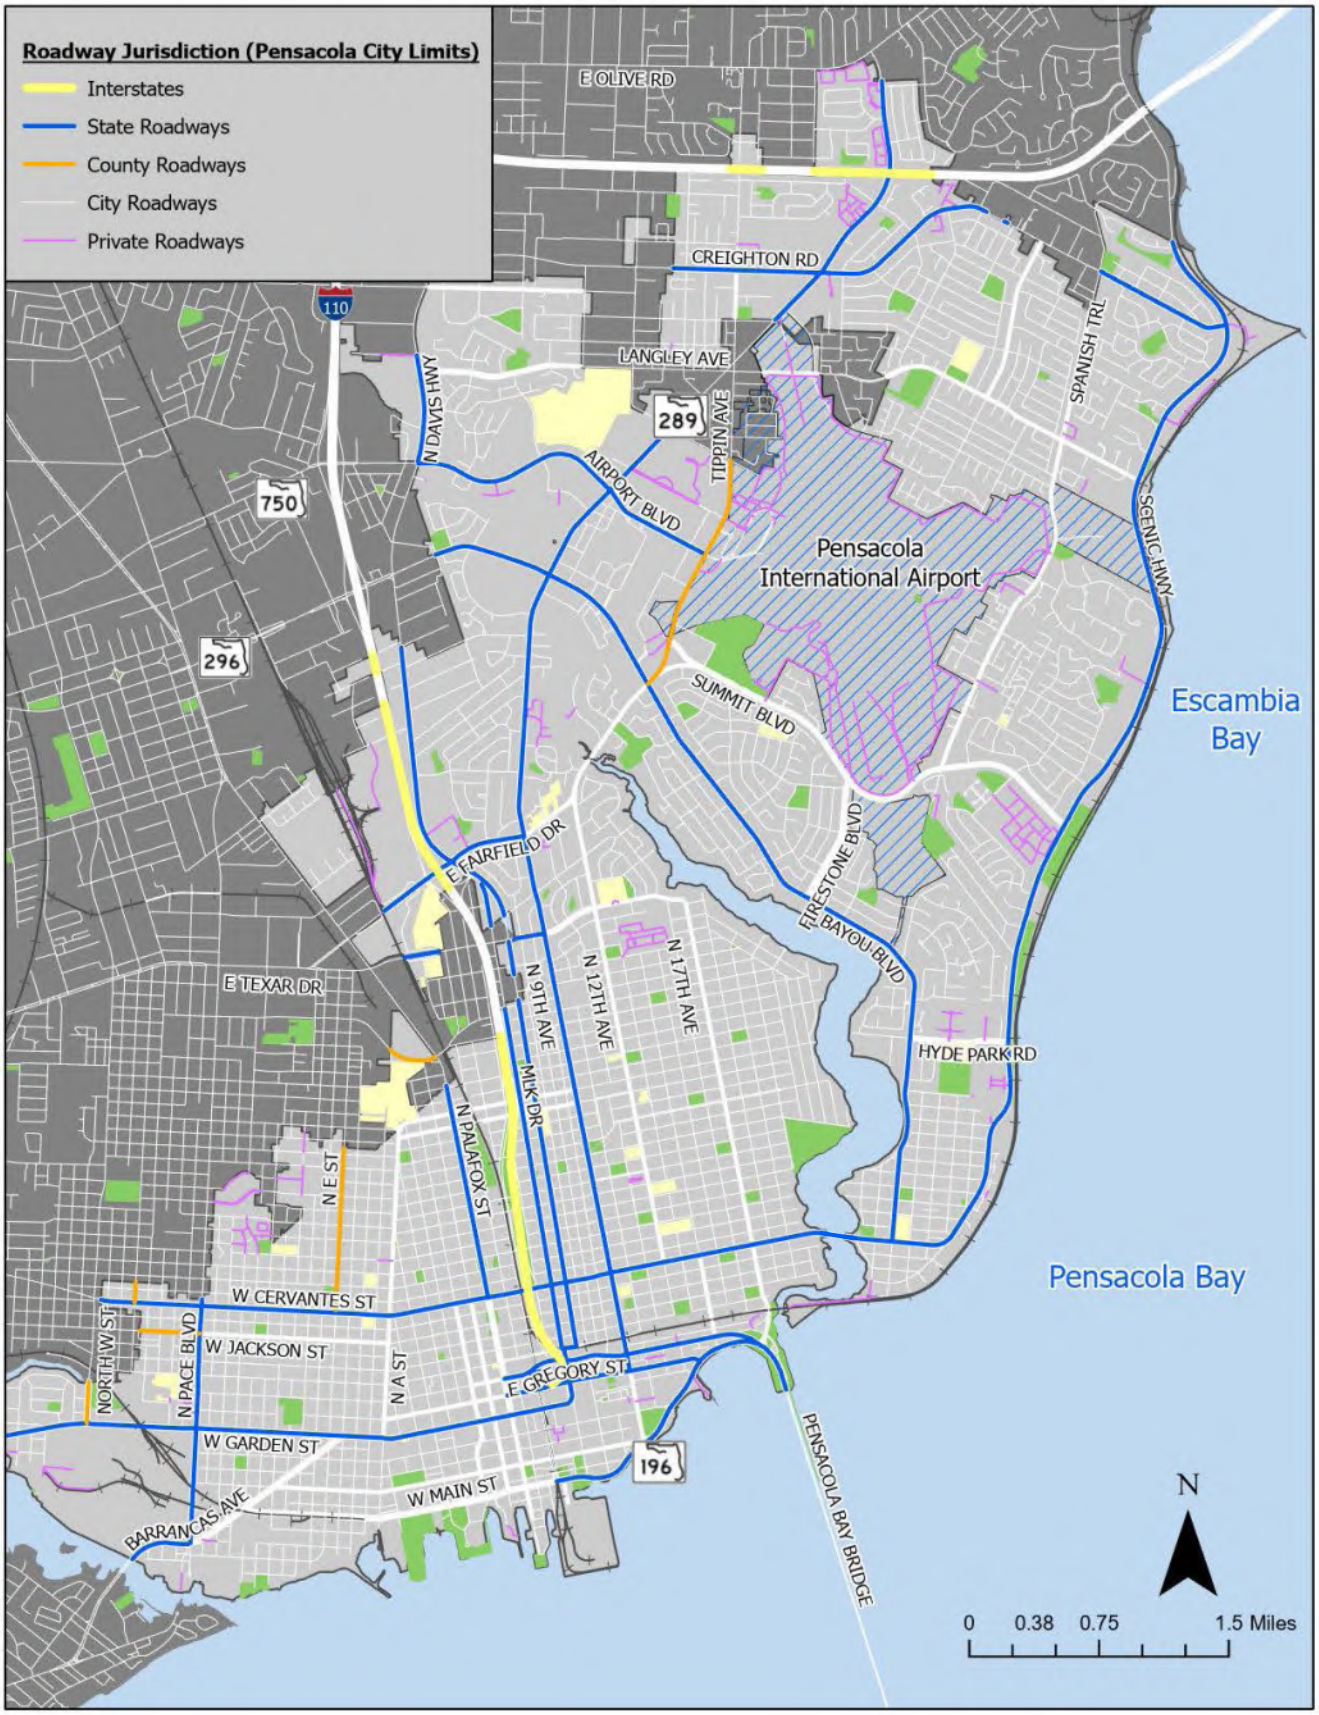
## Types of Streets in Our City

The City's street network provides numerous opportunities for bicycle, pedestrian, and safety improvements. Approximately 82% of miles of roadway within Pensacola are considered City-owned; however, many of the larger, more heavily traveled streets are maintained by the State (Florida Department of Transportation - FDOT) or Escambia County. A number of streets with safety concerns such Cervantes Street, Garden Street, Palafox Street, Scenic Highway, and 9th Avenue, are maintained by these entities. Improvements on State and County-maintained roadways in the City would require coordination with FDOT and Escambia County. A map showing roadway jurisdictions in the City is shown in **Figure 5**.



The City of Pensacola contains:

- **420 Total Miles** of Roadways
- 53 miles of State Roadways (13% State Roadways)
- 3 Miles of County Roadways (1% County Roadways)
- **330 Miles of City-Maintained Roadways (82% City Roadways)**
- 34 Miles of Private Streets (4% Privately Maintianed Roadways)



Arterials- "the arteries of the City"-were developed in the second half of the 20th century to move cars to and through the City quickly for more regional and intercity trips. Collectors were meant to "collect" traffic from neighborhoods, moving them along to arterials and included more local or shorter intercity trips. Local streets are neighborhood streets which include the start and end of trips.

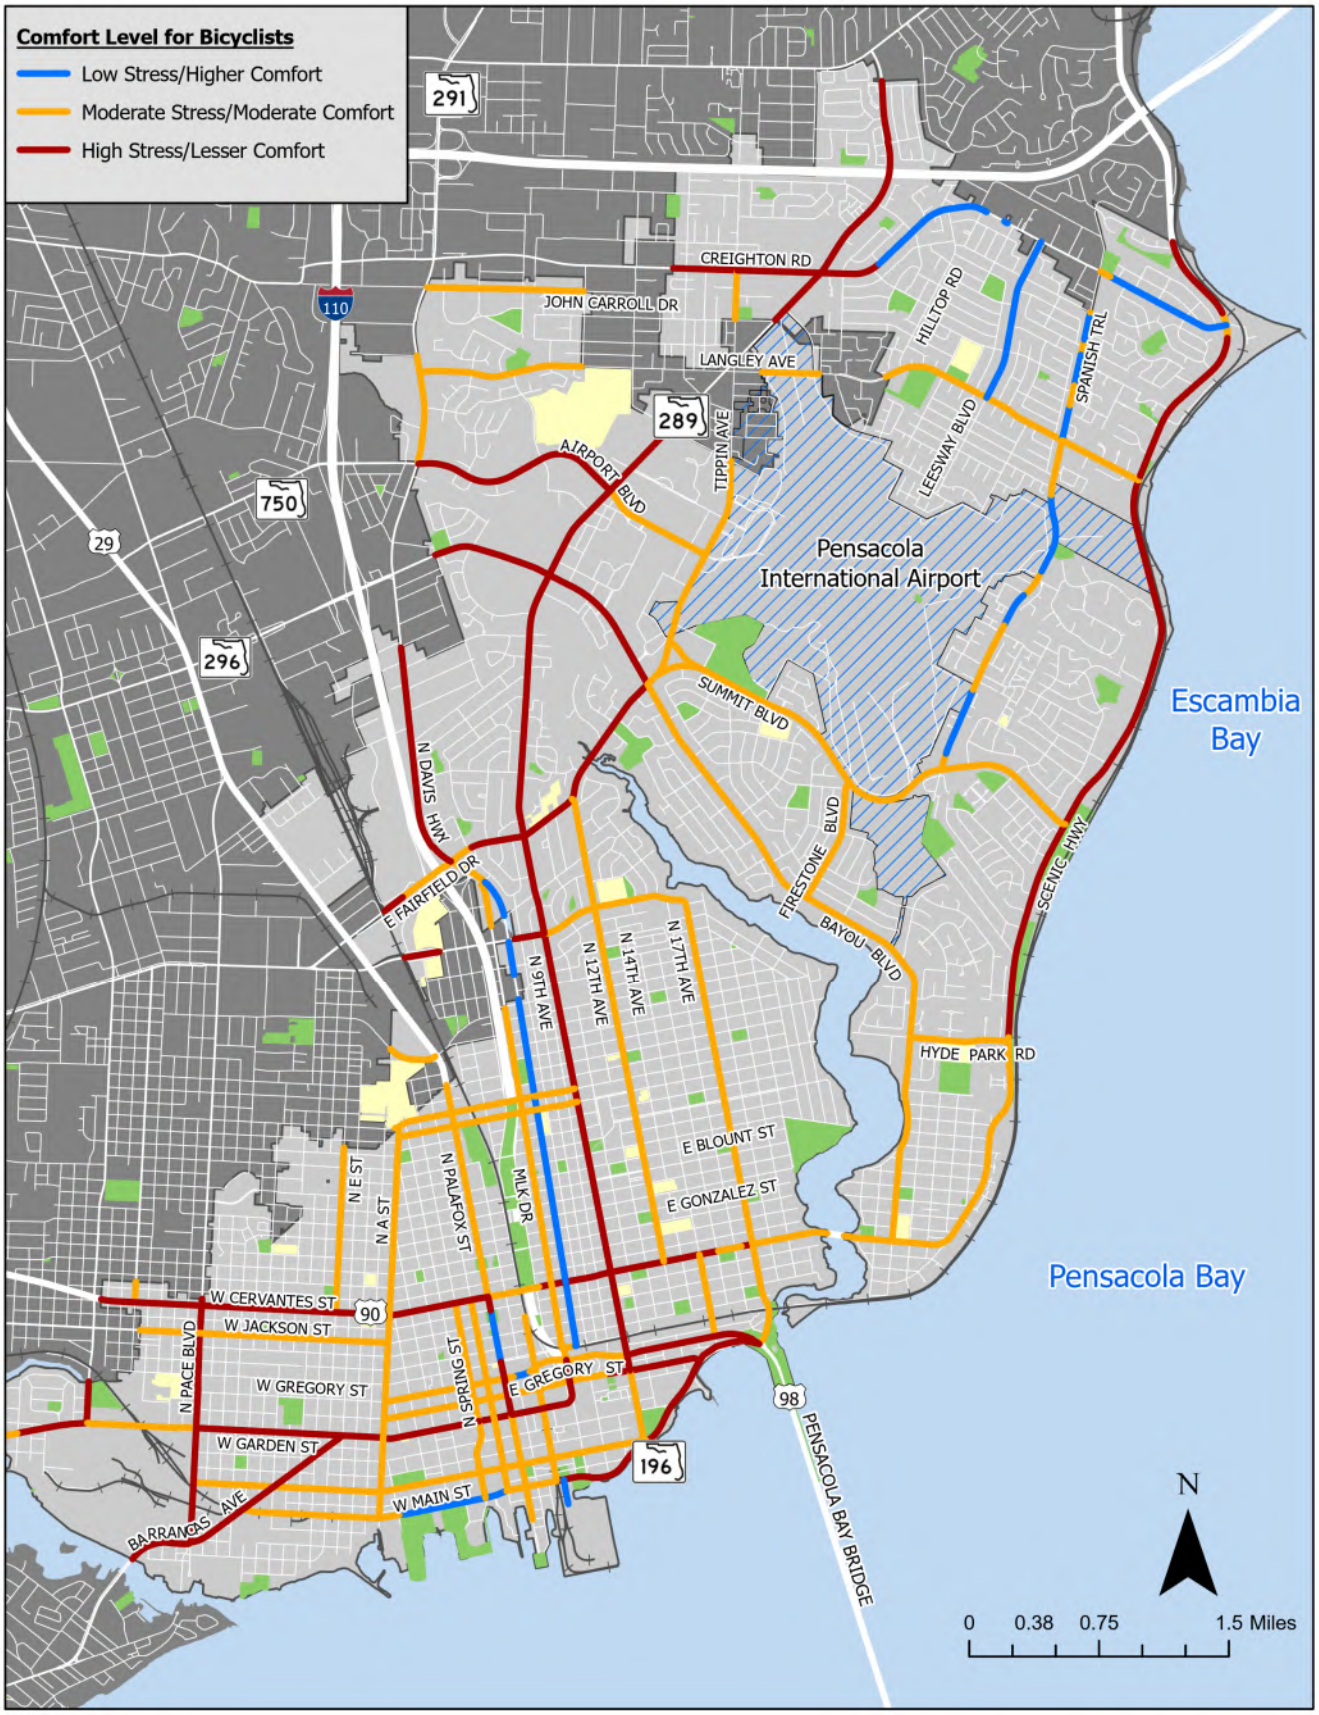
- Arterials and Interstates (55 Miles) – 13%
- Collectors (36 Miles) – 9%
- Local (329) – 78%

**Roadway Ownership**

## Figure 5. Roadway Jurisdiction Map

## Comfortable Streets

A level of traffic stress (LTS) analysis was conducted to assess the overall comfort level of roadways in the City. The analysis looked at the number of vehicles driving on a street per day, the posted speed, and whether or not bicycle infrastructure is available on only arterial and collector streets. The streets with higher volumes of vehicles and higher speeds are less safe and comfortable for bicyclists and pedestrians and have a higher "level of stress." In Pensacola, the majority of arterial roadways are high stress and a significant portion of collector street(s) are moderate stress:



- 80 miles of high stress streets with less comfort levels
- 340 miles of moderate/low stress roadways

Different people have different stress tolerances – some serious riders are comfortable riding on streets without bicycle lanes whereas the vast majority of the population will not be comfortable. The majority of riders will ride where there are protected bicycle facilities and/or off the street. If bicycle facilities are not present, the street must have a lower number of vehicles and slower speeds. The graphic below shows the different type of bicycle users and **Figure 6** shows the results of the analysis.

| Comfort Typology of Bicyclists | | | |
|---|---|---|---|
| **Design User Profile** | Interested but Concerned | Somewhat Confident | Highly Confident |
| **Bicycling Preferences** | Often not comfortable with bike lanes, may bike on sidewalks even if bike lanes are provided; prefer off-street or separated bicycle facilities or quiet or traffic-calmed residential roads. May not bike at all if bicycle facilities do not meet needs for perceived comfort. | Generally prefer more separated facilities, but are comfortable riding in bicycle lanes or on paved shoulders if need be. | Comfortable riding with traffic; will use roads without bike lanes. |
| **% of General Public** | **51-56%** | **5-9%** | **4-7%** |

## Figure 6. Comfort Level for Bicyclist Map

*Note: Streets not categorized on the map are local/neighborhood streets with low stress.*

## Safe Streets For All

Safety is a key consideration as unsafe bicycling and walking conditions create a significant barrier to encouraging non-motorized travel. By identifying high crash intersections and roadways where these conditions can be improved upon, the City can reduce existing rates of injuries and fatalities for all travelers while also encouraging more bike and pedestrian forms of travel. For this safety analysis, crash data was retrieved from FDOT's Signal 4 Analytics database for 2018 to 2022. The Crash Trends table below shows crash trends in the last five years. Crashes have been declining, demonstrating Vision Zero goals can be attainable. **Figure 7** shows a crash map for the city containing all crashes from 2018 to 2022, and **Figure 8** shows only bicycle and pedestrian crashes.

- Between 2018 and 2022 there were **12,141** total crashes. Of those crashes:
  - » **28** people died (35% were a pedestrian or a bicyclist)
  - » **115** people were severely injured (**31**% were a pedestrian or a bicyclist)
- Overall crashes have been decreasing.
- **41%** of fatal and severe injury crashes occurred in non-daylight conditions
- **20%** of fatal and severe injury crashes occurred under the influence of drugs or alcohol
- **100** crashes involved bicyclists and **171** involved pedestrians
  - » Ten (**10**) pedestrians died and **16** were seriously injured
  - » One (**1**) bicyclist died and **20** were seriously injured

**10.31 annual fatalities per 100,000 persons**

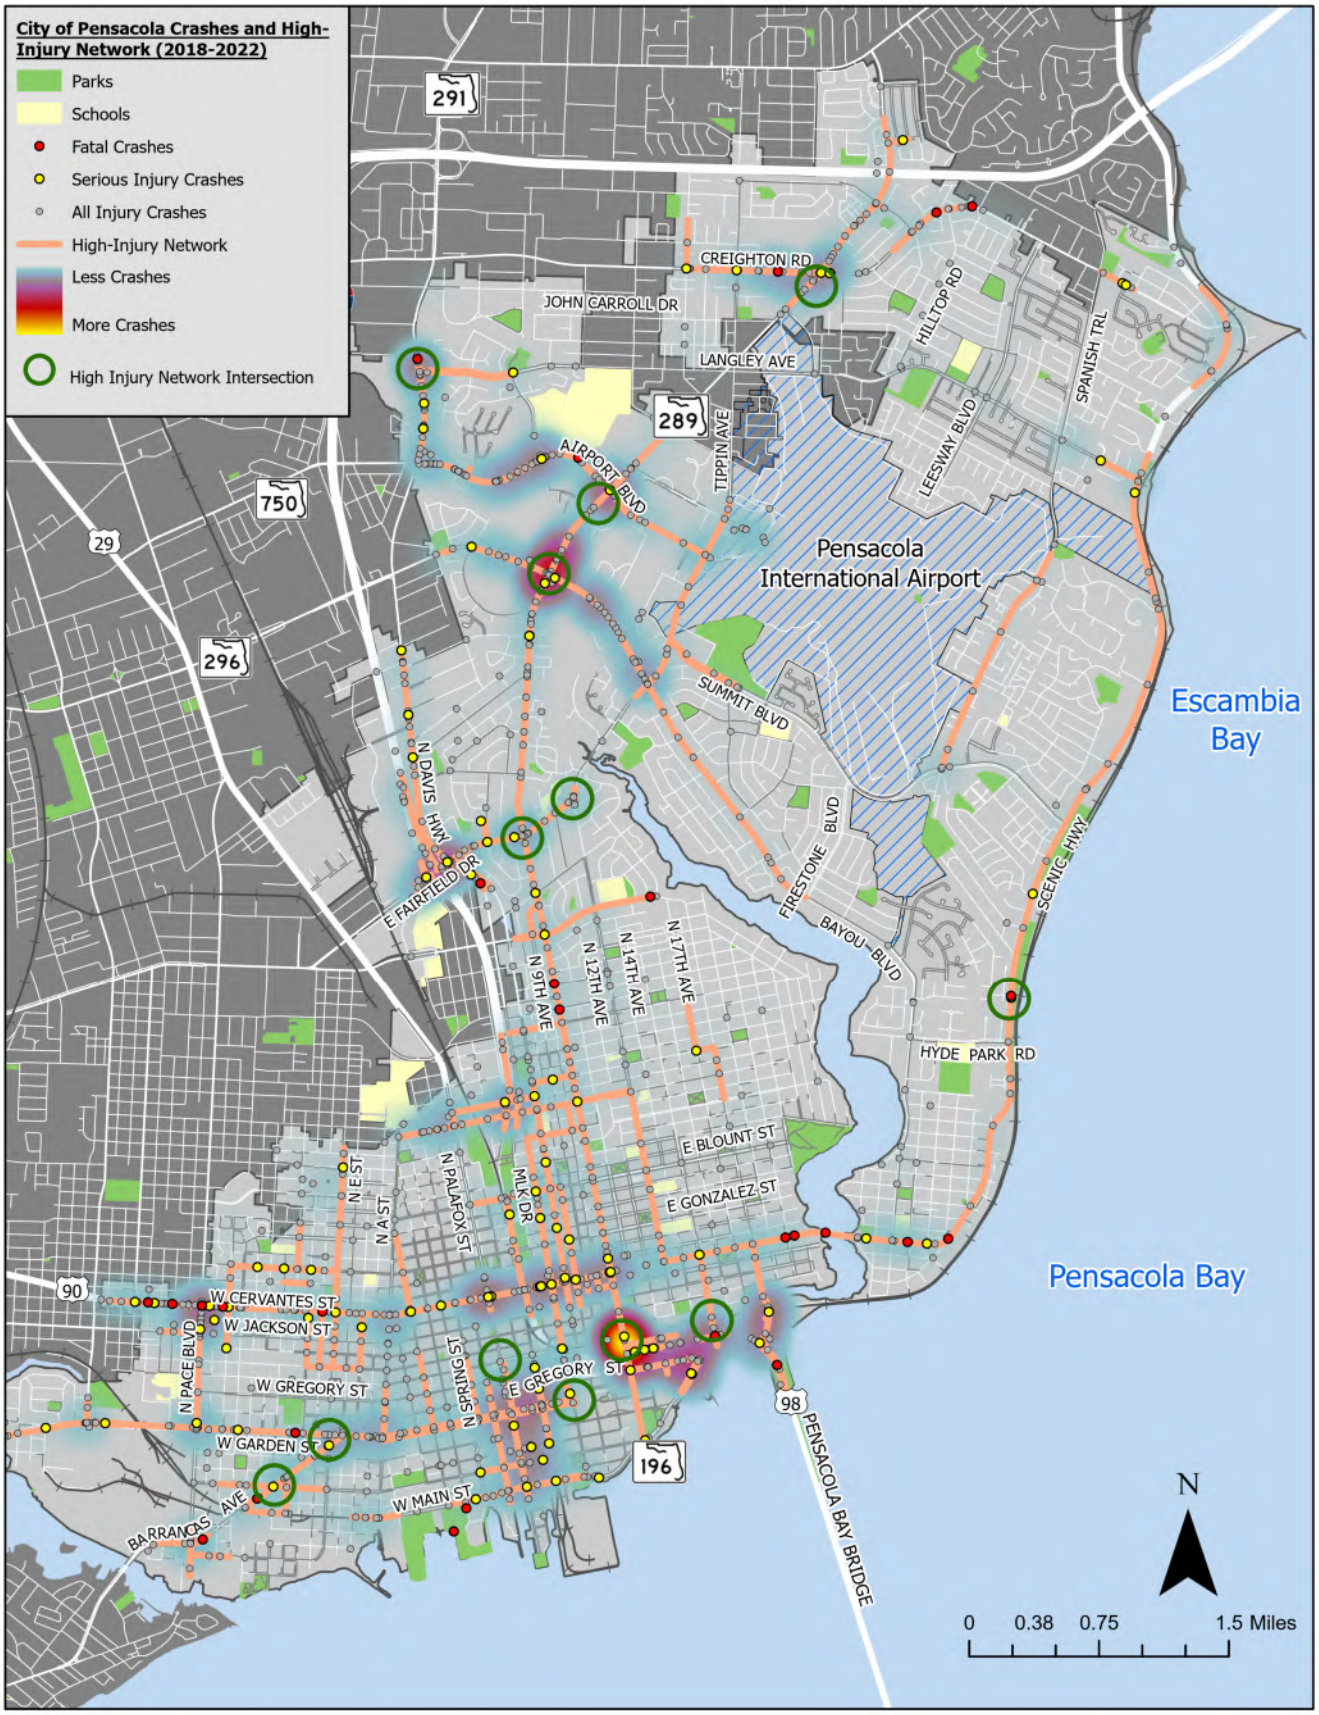
With this analysis, a high injury network (HIN) was developed to identify corridors and intersections where improvements can be focused in the future.

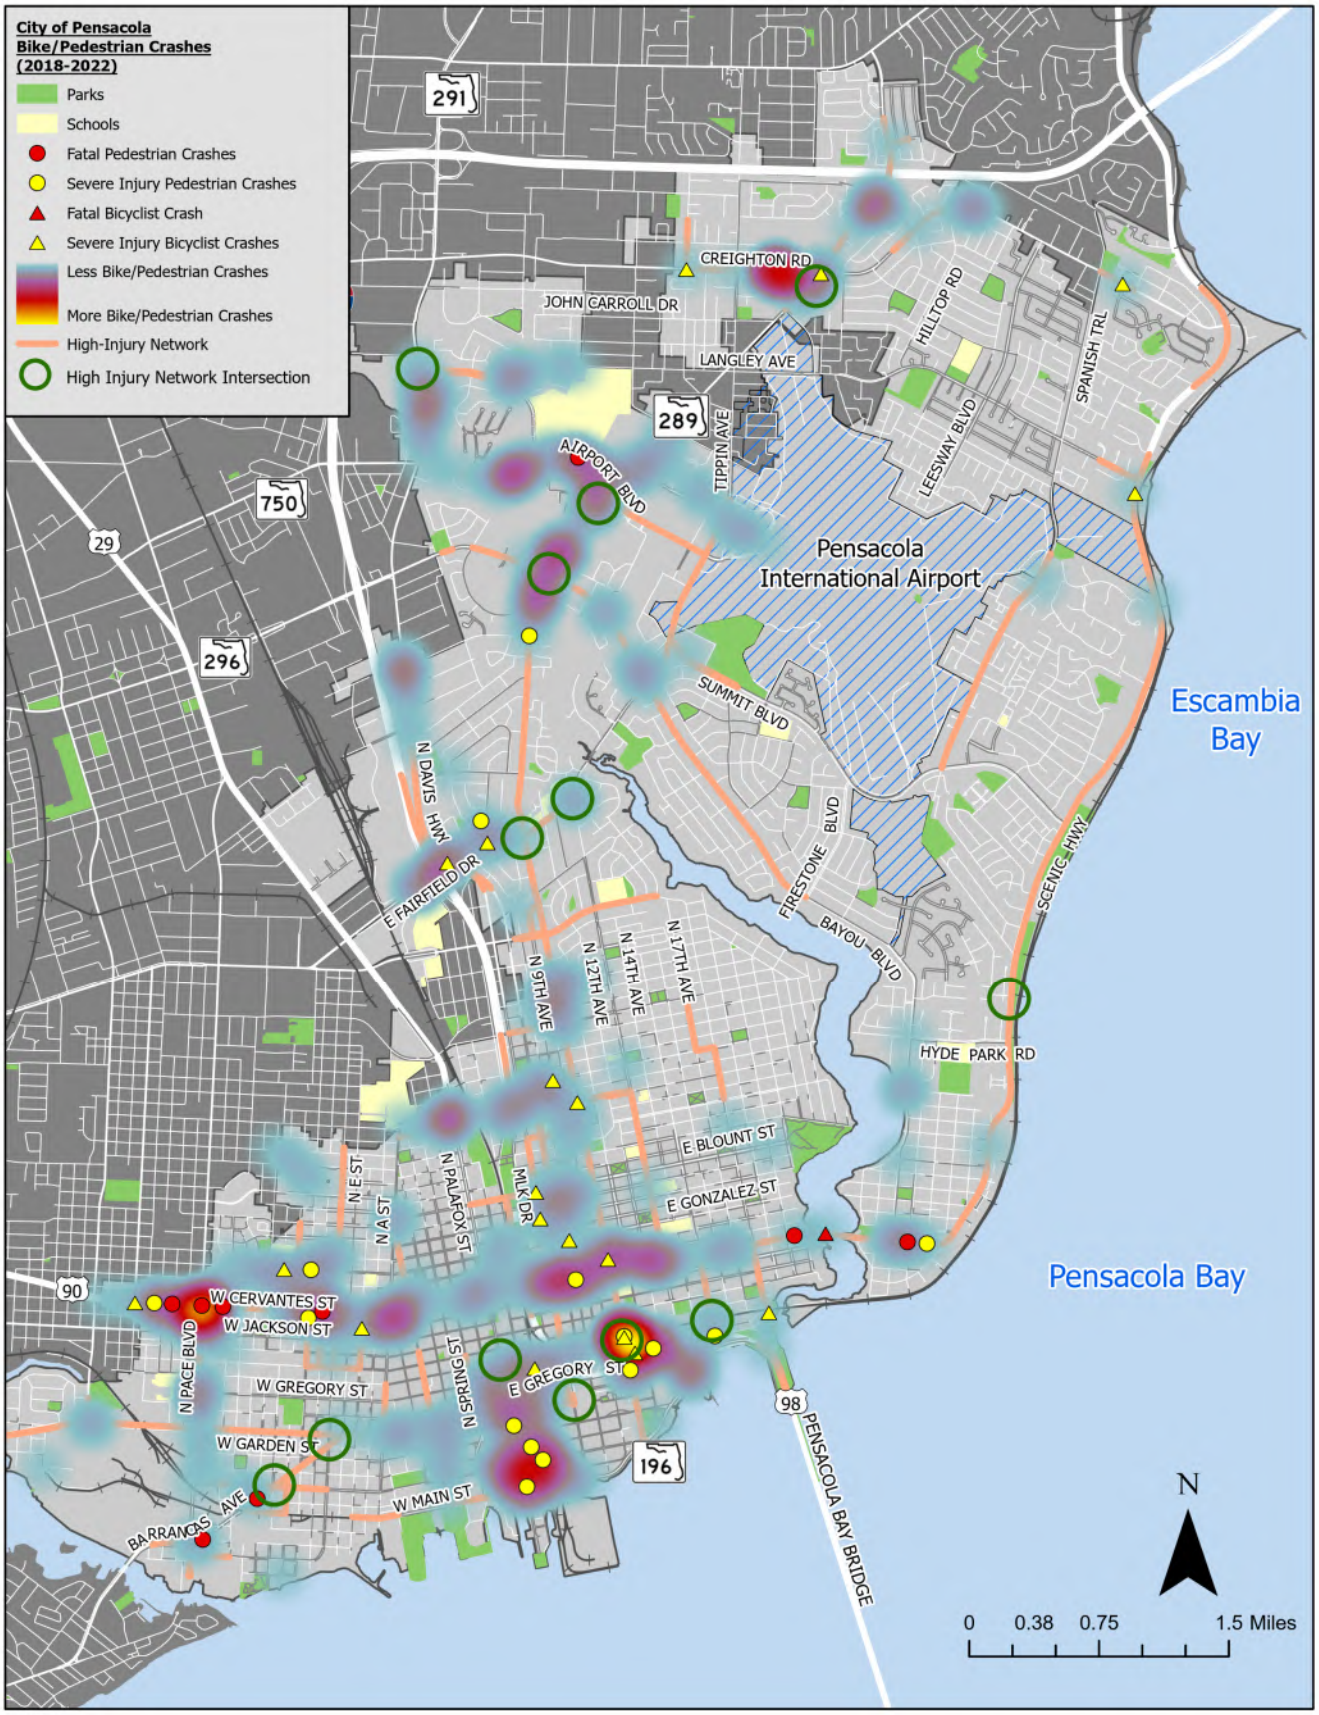
| Crashes Trends (2018-2022) | | | | | | | |
|---|---|---|---|---|---|---|---|
| Crash Type | Year | | | | | 5-Year Total | |
| | 2018 | 2019 | 2020 | 2021 | 2022 | Grand Total | % |
| Angle | 405 | 420 | 306 | 356 | 334 | 1,821 | 13.9% |
| Animal | 0 | 2 | 3 | 2 | 2 | 9 | <.1% |
| Bicycle | 22 | 22 | 17 | 24 | 15 | 100 | 0.8% |
| Head On | 17 | 26 | 14 | 16 | 15 | 88 | 0.6% |
| Left Turn | 319 | 331 | 232 | 264 | 223 | 1,369 | 11% |
| Off Road | 223 | 204 | 196 | 196 | 194 | 1,013 | 7.7% |
| Other | 799 | 778 | 439 | 478 | 390 | 2,884 | 27.5% |
| Pedestrian | 50 | 40 | 25 | 27 | 29 | 171 | 1.7% |
| Rear End | 723 | 778 | 439 | 478 | 390 | 2,988 | 24.9% |
| Right Turn | 57 | 51 | 39 | 52 | 44 | 243 | 2% |
| Rollover | 1 | 5 | 4 | 2 | 3 | 15 | <.1% |
| Sideswipe | 233 | 269 | 189 | 257 | 236 | 1,184 | 8% |
| Unknown | 60 | 74 | 39 | 44 | 39 | 256 | 2.1% |
| Total: | 2,909 | 2,950 | 2,006 | 2,287 | 1,989 | 12,141 | 100% |

## High Injury Network

**Figure 7** shows the High Injury Network (HIN) that identifies intersections and roadways where safety improvements can be prioritized on FDOT, County, and City streets. Crash data from FDOT's Signal 4 Analytics database from 2018 to 2022 was utilized to identify locations where frequent injury, severe injury, and fatal crashes occurred for all modes of transportation. The HIN was developed based on streets with high-crash frequency with injuries as where continuous connecting routes occur with instances of injury crashes. In addition the HIN was refined to include input from the steering committee and City staff where high levels of safety issues are reported specifically from the Police Department. Additionally, locations for intersection/crossing improvements with high crash densities were identified, along with others based on City and stakeholder recommendations.

HIN roadways and intersections that are within the disadvantaged community Census Tracts (**Figure 9**), should be given further consideration when prioritizing future roadway safety improvements. Please note, that the HIN should be revisited as conditions change to better act as a tool to prioritize future safety enhancements in the City's roadway network.



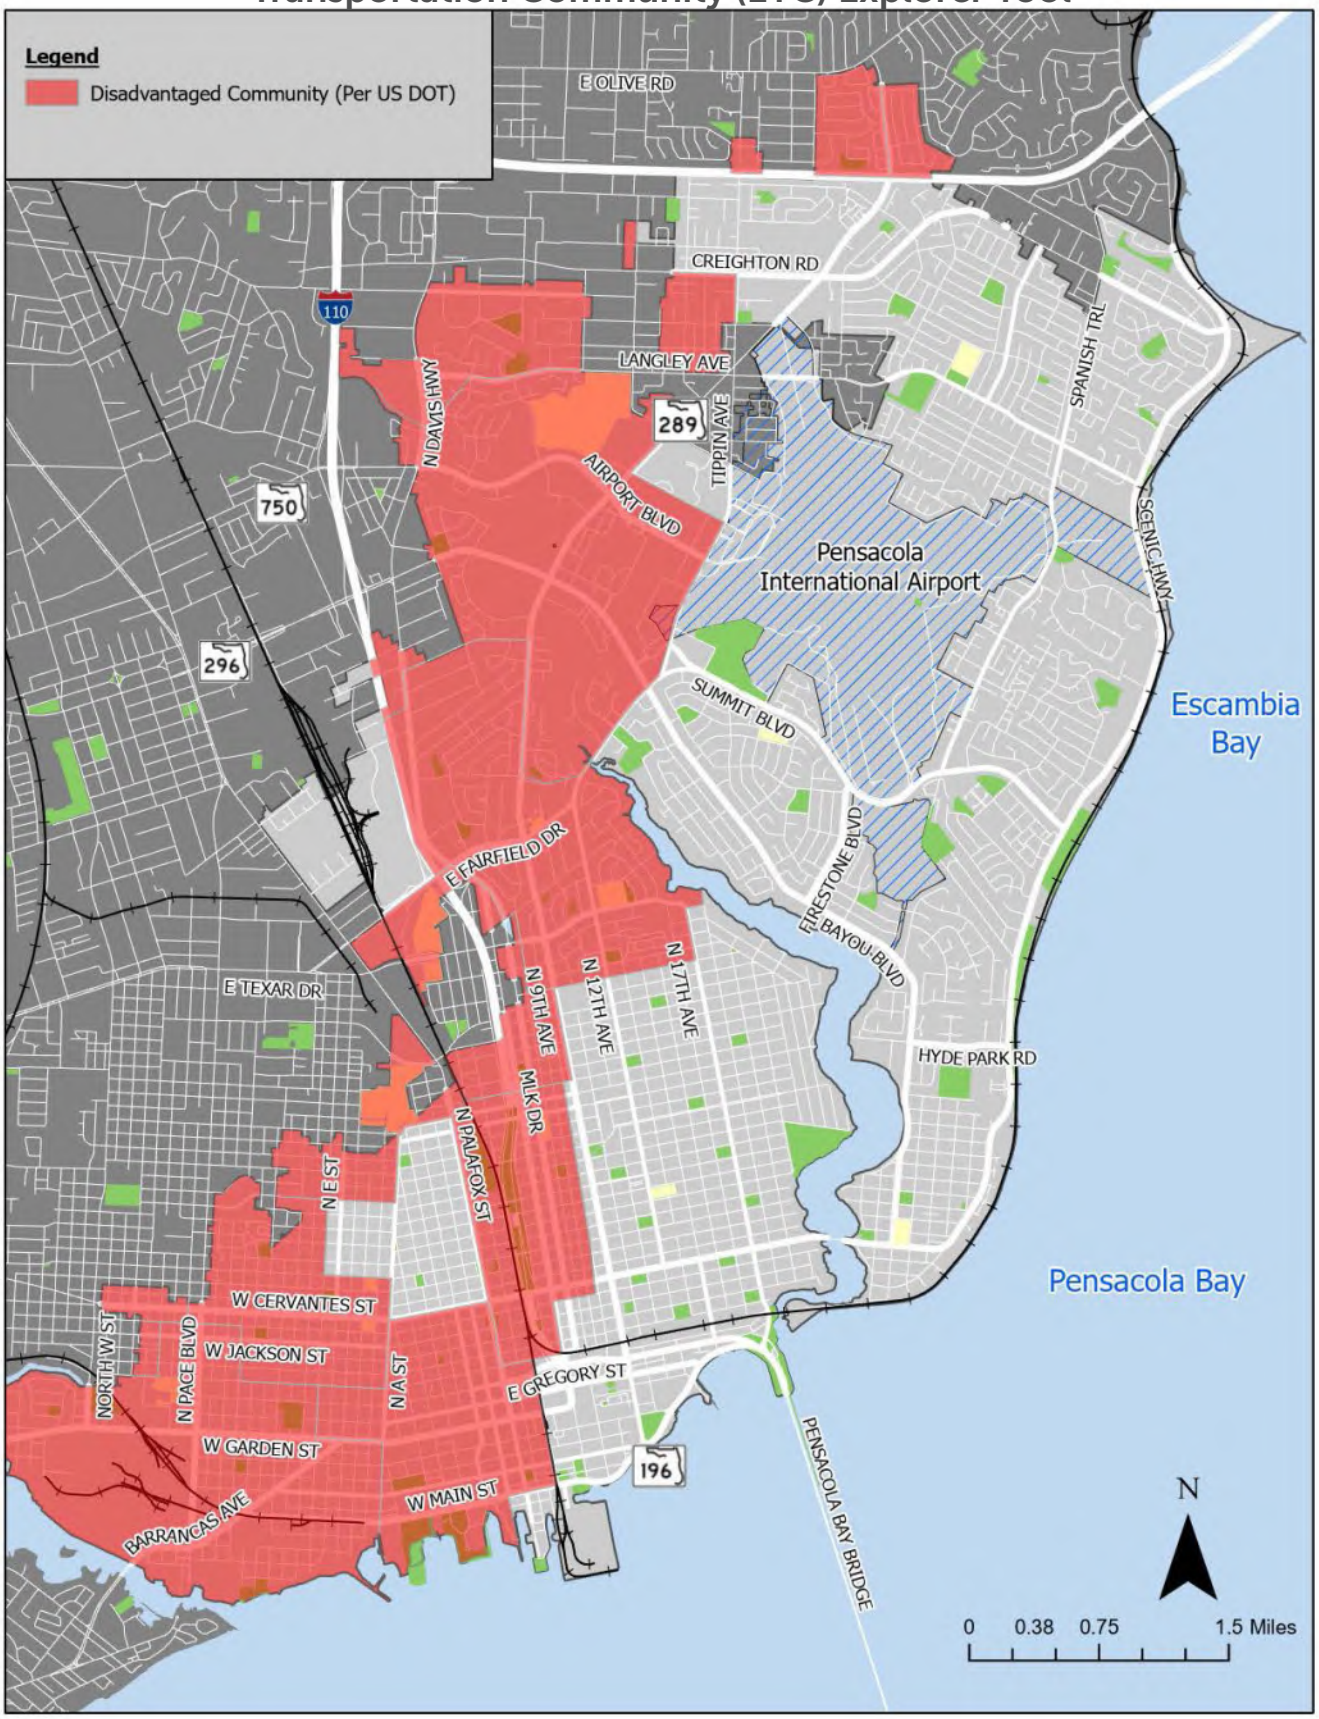


## Figure 7. 5-Year Crash Map (2018-2022)

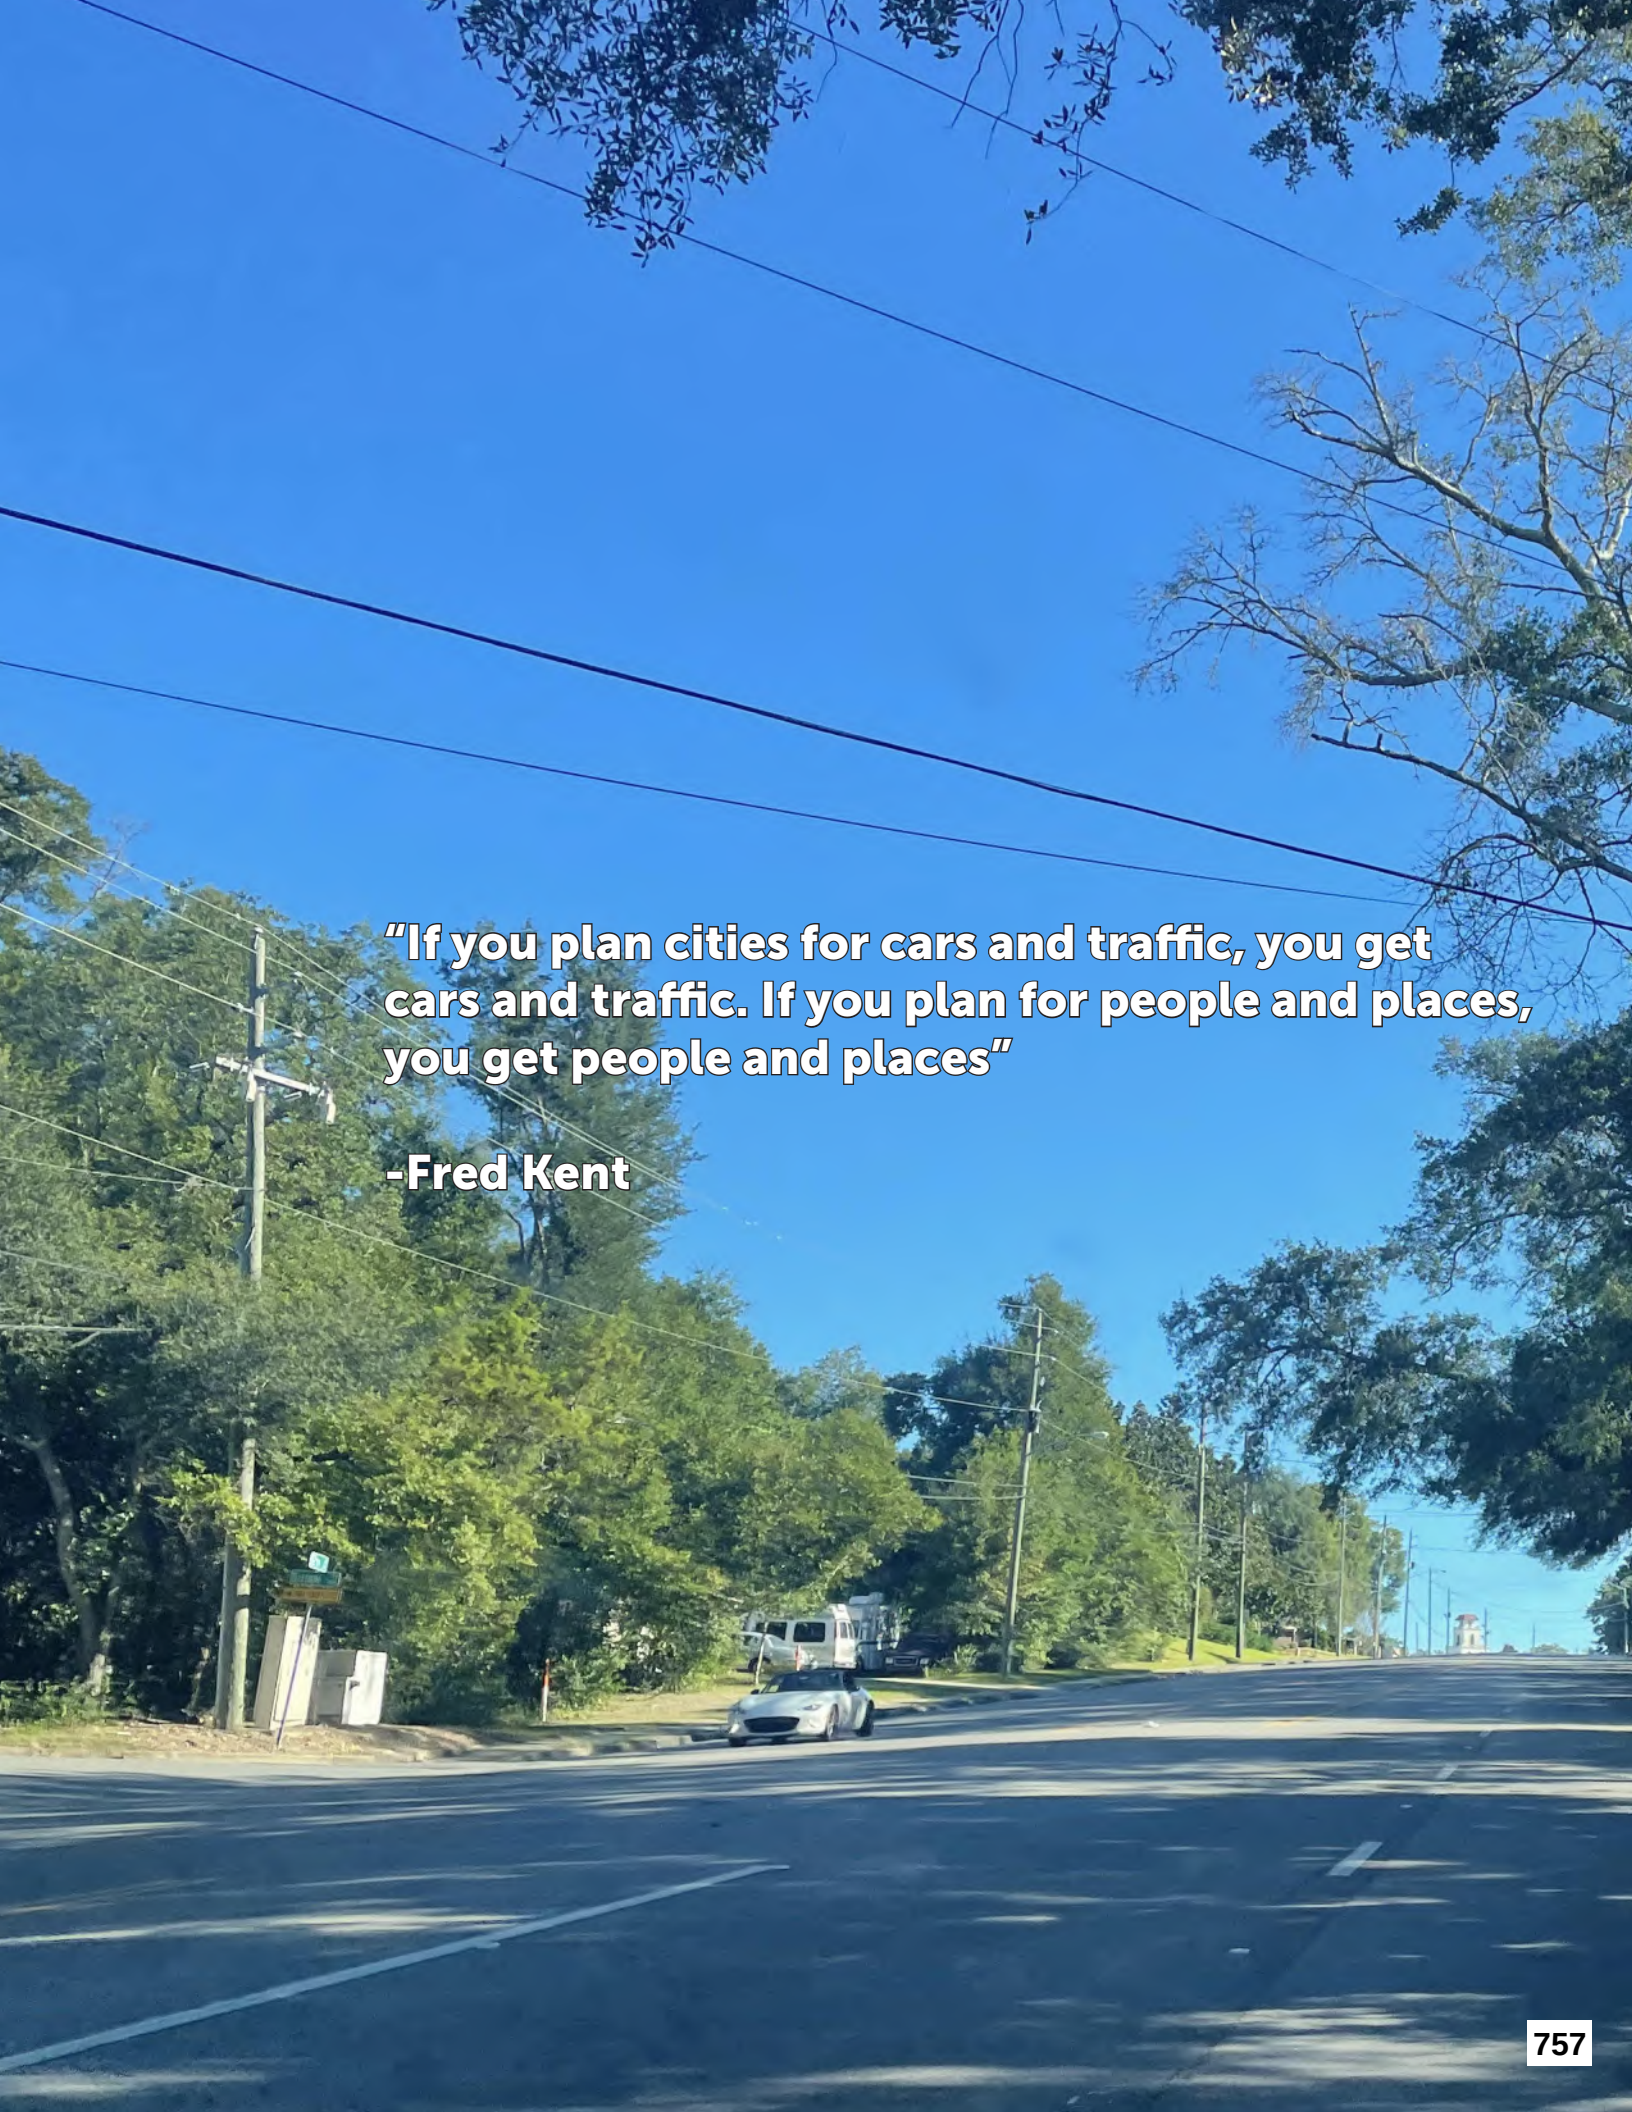
## Figure 8. 5-Year Bicycle and Pedestrian Crash Map (2018-2022)

## Disadvantaged Communities

When considering future improvements for the bicycle and pedestrian network in Pensacola, it is important to ensure enhancements are made for disadvantaged communities within the City. Pensacola's transportation network - which has prioritized automobile travel over the past decades - has created barriers for disadvantaged communities in the City to travel easily and safely. Providing equitable access to jobs, food, education, healthcare, and other community resources for all who live in Pensacola was a primary goal when developing this active transportation plan.



The U.S. Department of Transportation's (DOT) Equitable Transportation Community (ETC) Explorer Tool was utilized to better understand where disadvantaged households live throughout the City. **Figure 9** shows Census Tracts that were classified as transportation disadvantaged within the City using the ETC Explorer Tool. Tracts were considered disadvantaged depending on how they scored on various characteristics such as poverty status, vehicle access, environmental burdens, and transportation safety concerns. The Tracts considered disadvantaged in Pensacola are concentrated in the western portion of the City along with some tracts north of downtown.

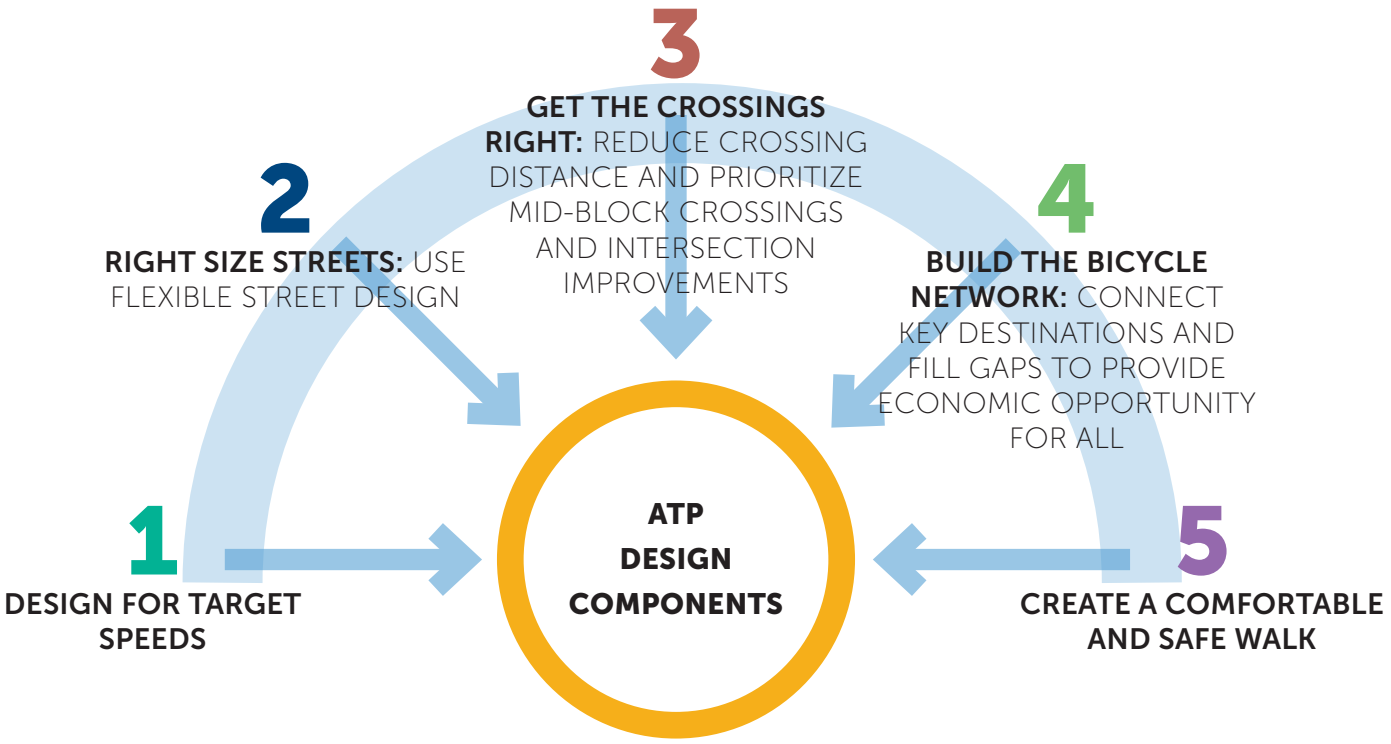


The City of Pensacola has...

- **8%** of households with zero-vehicles
- **40%** of households with one vehicle
- **15%** of households below the poverty line
- **28%** of households identifying as having a disability[1]

[1] Characterized as a difficulty with either hearing, vision, cognitive, ambulatory, selfcare, and/or independent living per U.S. Census Bureau

## Figure 9. Disadvantaged Community Census Tract per DOT Equitable Transportation Community (ETC) Explorer Tool



“If you plan cities for cars and traffic, you get cars and traffic. If you plan for people and places, you get people and places”
-Fred Kent

# SECTION 3
## WHERE ARE WE GOING?

# Strategic Recommendations to Create a Comfortable ATP Network

This section discusses strategies and priorities in creating and building an active transportation network over time. The purpose is to create comfortable streets for people walking, bicycling, or wheeling around the City. These strategies can also help with the comfort and safety of those using other types of micromobility such as e-bikes and scooters.

## Quick-Build Projects

The ATP includes a range of tools and strategies to create safer, well connected streets for bicyclists, pedestrians, and motorists. Some of these tools are quick-build projects which can be rapidly implemented and constructed. Quick-build projects can be pilot projects or interim build projects.

- Pilot projects tend to be based more on the concept of testing a solution during a cost-effective, quick-build implementation before deciding whether investment in a more permanent reconstruction is warranted.
- Interim-build projects are used to provide the public with the benefits of a project much earlier than otherwise would be available by waiting until the full reconstruction is funded, designed, and built.

*Source: City of Seattle*

# 1 Design for Target Speeds

Ideally, the desired operating speeds or target speed in which we would like drivers to be driving should be aligned with the posted speed and the design of the street. However, design speed and posted speed will often take time to change and may even need to be changed over the course of several projects. Target speed can be set immediately and serves as the "target" or "goal" for design speed and posted speed on a project.

### Other Guidance:

The table to the right is a design speed table that FDOT has identified for different areas within a city. The FDOT Design Manual has more information regarding speeds for each roadway context classification.

The National Association of City Transportation Official (NACTO) City Limits publication recommends starting by setting citywide default speeds. If feasible, set default speed limits by category of street (25 mph on arterials, 20 mph on non-arterials). NACTO discusses slow zones should be identified (schools, parks, other areas of high activity) and reviewed for reductions of posted speed beyond those mentioned.

[NACTO Website]

**FDOT Design Speeds and Context Classification**

| Arterials and Collectors | | |
|---|---|---|
| **Context Classification** | **Allowable Design Speed Range (mph)** | **SIS Minimum (mph)** |
| C1 Natural | 55-70 | 65 |
| C2 Rural | 55-70 | 65 |
| C2T Rural Town | 25-45 | 40 |
| C3 Suburban | 35-55 | 50 |
| C4 Urban General | 30-45 | 45 |
| C5 Urban Center | 25-35 | 35 |
| C6 Urban Core | 25-30 | 30 |

## Top Priorities

Use best practices to change policies to **set posted speed limits** at:

- Transition to 20-25 mph posted speeds in downtown depending on the street type, in neighborhoods and in other areas with destinations and points of activity
- Will need proper design (outlined in the flexible design guidance) and traffic calming tools in tandem with priority ATP network to achieve desired operating speeds

## Definitions

**Design Speed:** The speed on which the geometry or physical elements of the roadway is based.

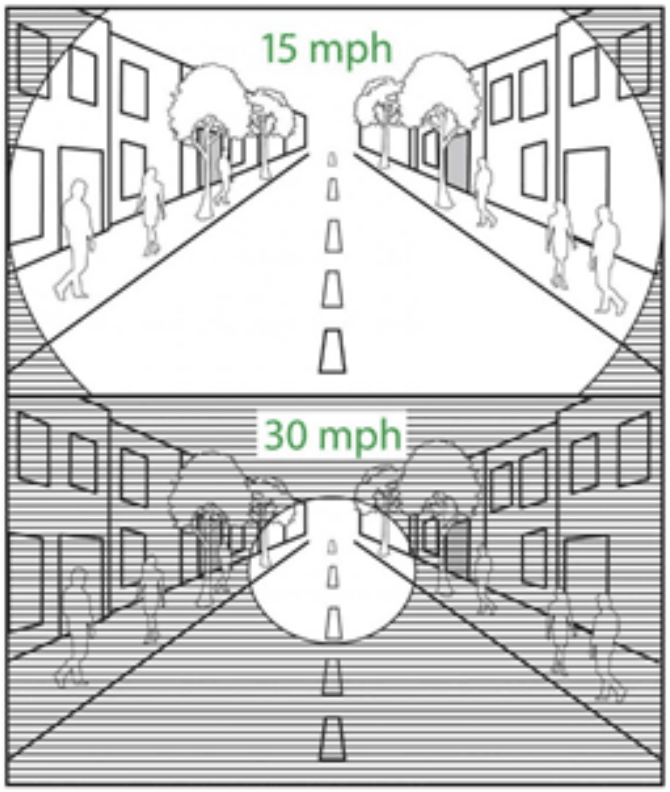
**Operating Speed:** The speed at which vehicles are traveling along a roadway.

**Posted Speed Limit:** The maximum lawful speed as displayed on a regulatory sign.

**Statutory Speed Limit:** The speed limit established under law, which applies in the absence of a posted speed limit.

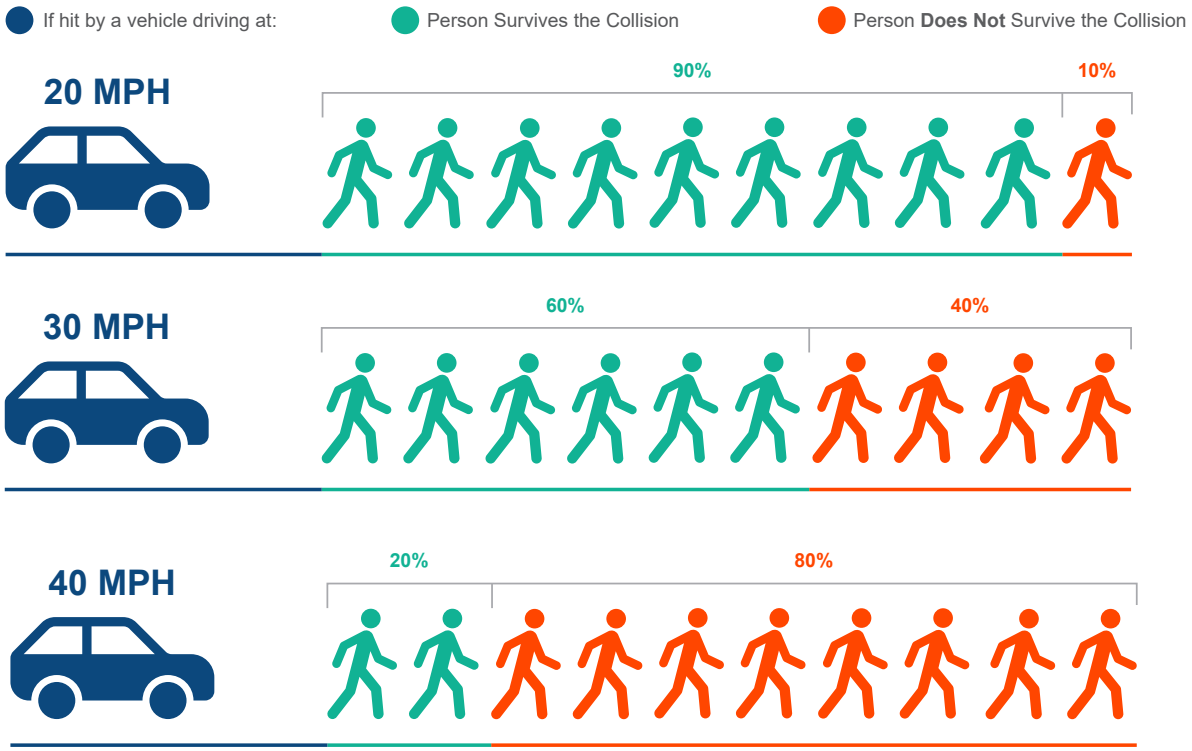
**Target Speed (also referring to as desired operating speed):** The highest speed that designers intend drivers to go on a specific street or road

## Posted Speed Above Desired Operating Speed



When vehicle speeds exceed design speeds, the roadway may pose significant safety issues.

## Speed Kills



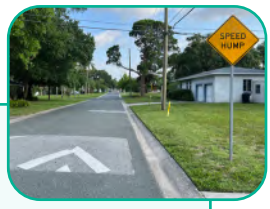
Speed plays a significant role in the severity of pedestrian and bicycle crashes. The graphic below depicts the likelihood a person survives a crash at various vehicle speeds, which significantly decreases as vehicles travel greater than 20 miles per hour.

How Speed Kills:

1. *Force:* Vehicles traveling at higher speeds have more force which increases the chances of death or serious injury over 30 miles per hour.
2. *Field of vision:* There is a narrower field of vision when driving fast - meaning you see less of your surroundings.
3. *Reaction time and braking:* When traveling at higher speeds you have less time to react and your braking distance is longer.

*A drivers visual field shrinks as speed increases.*
*Source: Streets.mn*

## Speed Management Tools



There are a number of tools to better align vehicles in which people are driving to desired operating or target speeds for safety purposes. Below is list of speed management tools, which generally have four main techniques, to design streets appropriately:

**Vertical Deflection:** Measures that use vertical obstacles that manage speeds

**Horizontal Deflection:** Measures which use curves to manage speeds or "straight shots"

**Street Width Reduction:** Roadway size changes that affect driver perceptions to manage speeds

**Other Speed Management Techniques:** Roadway changes related to traffic calming, like routing restrictions, that less directly manage speeds

### Speed Hump and Speed Table

Benefits:

- Speed humps reduces vehicle speeds to 15-20 mph
- Speed tables may be used on streets that range from 25-35 mph
- Best used on low-volume, low-speed streets

Typical Costs:

- Moderate

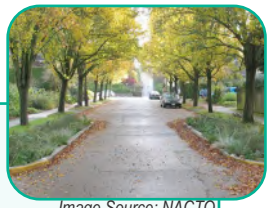


*Image Source: NACTO*

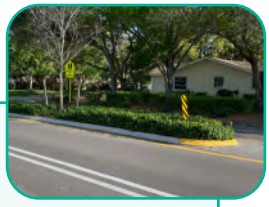

### Pinchpoints

Benefits:

- Slows vehicle speeds by reducing the roadway width
- Can be used in conjunction with mid-block crossings
- Best used on low-volume streets

Typical Costs:

- Low to Moderate

### Medians

Benefits:

- Separates and limits vehicle access
- Can be used in conjunction with pedestrian refuge islands
- Opportunity for landscaping/pervious surface

Typical Costs:

- Moderate

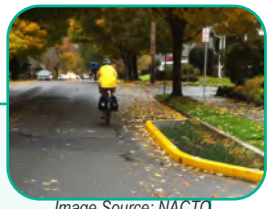

*Image Source: NACTO*

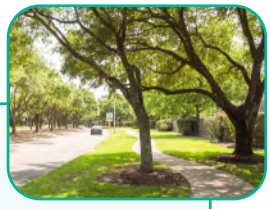


### Chicanes

Benefits:

- Provides friction
- Slows vehicles speeds by reducing the roadway width at specific points
- Space may be used for landscaping, bike racks, lighting, and other street furniture
- Best used on low-volume, downtown streets

Typical Costs:

- Low to Moderate

## Shade Trees and Landscaping

Benefits:

- Create comfort in inhospitable environments, especially for pedestrians and transit users
- Limits sight lines for motorists, naturally causing vehicles to slow down

Typical Costs:

- Moderate

## On-Street Parking

Benefits:

- Creates friction along the streets which results in slower vehicle speeds
- Provides a buffer between vehicle traffic, the sidewalk, and bike lane in some designs
- Best used in downtowns and slower speed residential streets

Typical Costs:

- Low to Moderate

## Speed Feedback Signs

Benefits:

- Provides drivers with feedback about their speed in relationship to the posted speed limit.

Typical Costs:

- Low

Image Source: NACTO

## Lane Width Reduction or Restriping

Benefits:

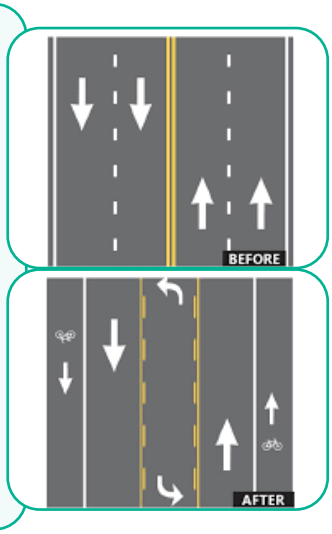
- Narrower travels lanes promote slower driving which reduces crash severity

Costs:

- Low

QUICK-BUILD PROJECT

## Lane Elimination



Benefits:

- Improves sight distances for left-turning vehicles
- May provide additional space for bike lanes, landscaping, on-street parking, traffic calming, or other street elements

Typical Costs:

- Low to Moderate

QUICK-BUILD PROJECT

# 2 Right Size Streets: Use Flexible Street Design

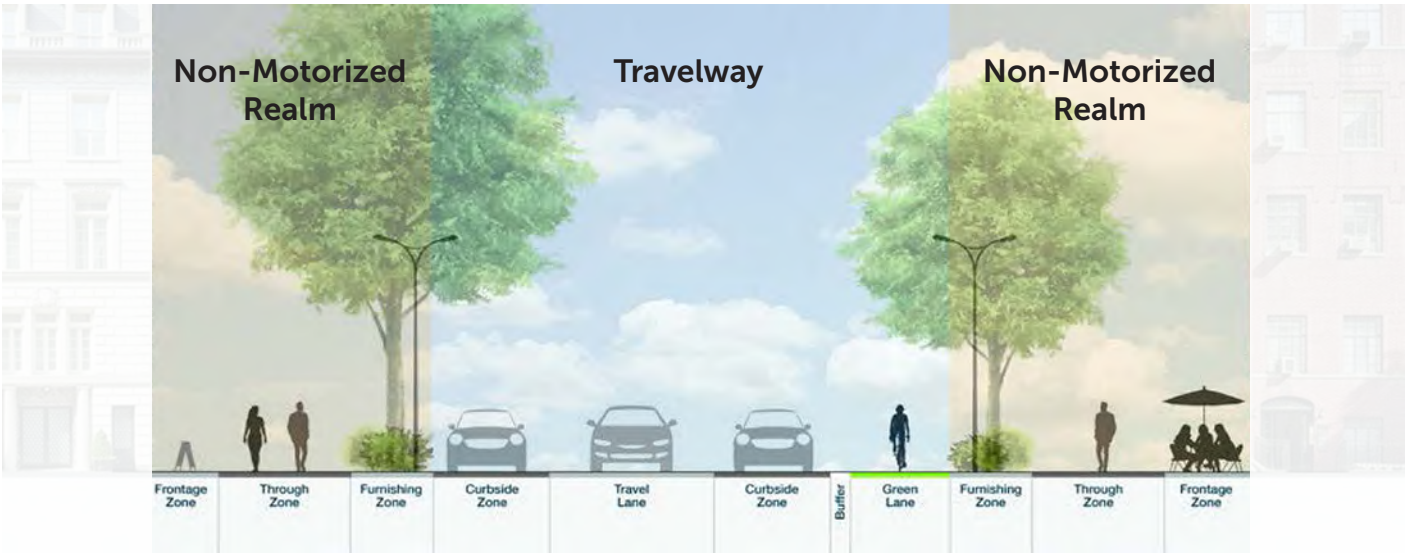
In order to achieve desired operating speeds, streets need to be designed appropriately. Not all streets should be designed the same, and they should take into account where they are in the City including the surrounding activities and propensity for regional versus local traffic, bicyclists, and pedestrians. Roadway design standards set the bases for speed limits, so the opportunity to reduce speeds through design, without significantly reducing travel time, is important. A goal is to not have a significant difference between target operating speeds, posted speed limits, and design speed.

Since the mid-20th century, the decision-making process for street improvements has been focused on moving a given amount of automobile traffic based on the street's functionality. Street design was one goal fits all, focused almost exclusively on automobiles regardless of the urban or suburban land use context. Sidewalks and bicycle facilities were added if sufficient right-of-way was available. The flexible design, context-sensitive approach flips that conventional decision-making process and considers context first. As depicted in the graphic on the following page, a flexible decision-making process considers how all people and modes use the transportation network. This section provides flexible street design guidance for City staff and private developers in planning a transportation network that is in tune with the varying land use contexts within the City. This guidance is for planning purposes and individual project design and construction will need to meet city engineering standards.

## Top Priorities

Use best practices to change policies to reallocate space in areas such as downtown or near commercial areas, parks, schools, and transit stops for economic opportunities:

- Those bicycling and walking **should be separated from vehicles** where speeds are over 25 mph
- Reallocate space for quick-builds based on analysis. Reduce turn lanes, reduce lane widths when possible, repurpose lanes on lower volume streets
- For downtown context, design the sidewalk for walking, dining, trees for shade, and for flex spaces (bike parking, scooters, e-bikes)



## Flexible Street Design Guidance Overview

Flexible street design guidance helps City staff and private developers in planning a transportation network that is in tune with the varying land use contexts within the City.

The guidance addresses street components within the public right-of-way for changes to streets in the future. This includes the travelway and the non-motorized realm. Generally, these areas include sidewalks, street trees, landscaping, parking, bike facilities, trails, and travel lanes. Each context zone and street type outlines specific guidance for each of the components within the travelway and pedestrian realm. Some items in the guidance includes quick-build projects for rapid implementation.

Street design will change in different parts of the City from downtown to the suburban areas. For example, suburban areas may not have as many furnishings; or the curbside zone will be different where there isn't as much on-street parking or deliveries adjacent to curb like in downtown.

**Design Guidance Street Realms**

## Non-Motorized Realm

The Non-Motorized Realm accommodates more than just pedestrian movement. The pedestrian-oriented setting of the Non-Motorized Realm is comprised of the sidewalk, street furnishings, landscaping, multimodal facilities, and frontages to the surrounding land uses. Accomodating multiple travel modes into a space separated from the roadway promotes a safer and more vibrant space for pedestrians. Shifting away from vehicle-focused trips to the Non-Motorized Realm begins with crafting attractive facilities that match their environments.

## Travelway

The Travelway is defined as the space between the curbs on a street. This space is generally allocated to the movement of people, either in vehicles, on bicycles, or riding transit. Freight movement is significant roadway function that must be considered in the overall mobility network. It is essential to consider the operations and activity of nearby land uses and the importance of freight when designing or redeveloping future streets. Well-planned lane allocation and configuration of other on-street elements such as bicycle lanes, on-street parking, and medians ensure that a roadway is being used to its maximum potential. Target speeds are achieved and multimodal infrastructure is successful when a street is designed as a product of its context, thus improving safety and travel for all street users.

*Example of Non-Motorized Realm*

*Example of Travelway*

*Example of Non-Motorized Realm*

*Example of Travelway*

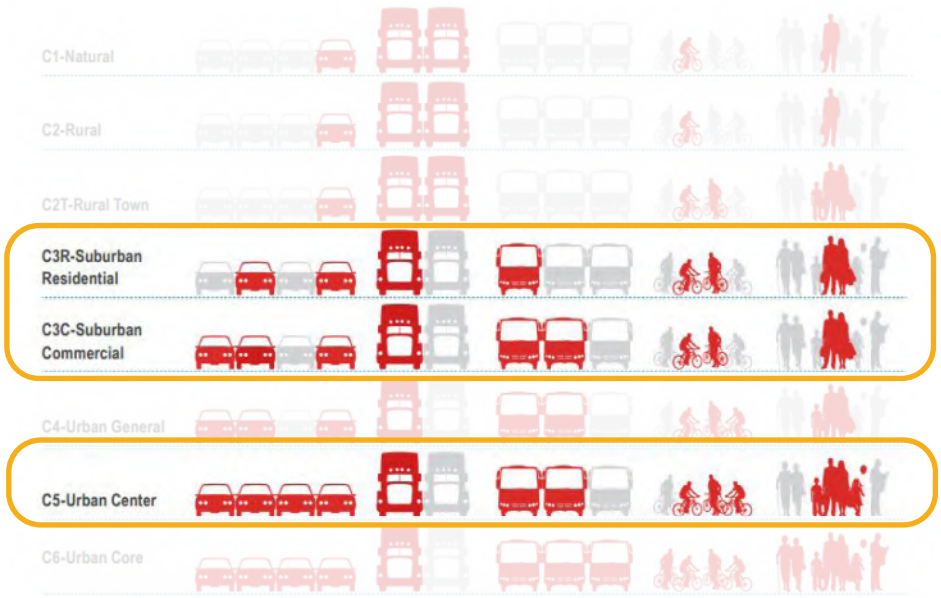
## Curbside Zone

The Curb Zone occupies the space between the edge of the Travelway and the Furnishing Zone and typically consists of the street curb, and in some cases it may consist of other items. An effectively designed Curb Zone increases the flexibility of the Travelway, making it a space capable of supporting a variety of activities for many users. Curb management should first consider the uses critical to the street context such as transit stops, transit lanes, and micro-mobility infrastructure. Next, transit and business supportive elements like bikeshare stations, loading zones, and rideshare loading are assigned. The remaining portion of the curb can be used for the extension of the Non-Motorized Realm, stormwater infrastructure, on-street parking, trash collection, or beautification installments.

The Curb Zone may also be expanded to include sidewalk-level separated bicycle lanes (raised bicycle lanes) capable of supporting different modes of micro-mobility or elements that expand the sidewalk into the Travel Way (e.g., parklets). In more suburban settings, the Curb Zone may also include swale areas for roadway drainage.

*Example of the Curbside Zone*

*Example of the Curbside Zone*



## Context Zones

The context zones reflect general characteristics of streets within Pensacola. The defining characteristics largely reflect the era in which the streets were originally constructed. The Urban Center "Downtown" context consists of a central core, small, walkable blocks, connected street network, and narrow streets. The Urban General "Pre-Mid 20th Century" context includes a larger area outside of downtown with small, walkable blocks, connected street network, and mostly narrow streets. The Suburban "Post-Mid 20th Century" context includes winding streets, cul-de-sacs, and wider streets with excess pavement. Understanding there are unique development patterns within the City, the Special Areas context include industrial areas and historic areas that may have unique streets and need special design considerations.

| | |
|---|---|
| **C5 - Urban Center "Downtown"** | Area with the highest density and an integrated mix of uses. Narrow streets with an interconnected street network with walkable block sizes and frequent crossings. |
| **C4 - Urban General "Pre-Mid 20th Century"** | Area with the moderate density and an integrated mix of uses. Narrow streets with an interconnected street network with walkable block sizes and frequent crossings. |
| **C3 - Suburban "Post-Mid 20th Century"** | Area with lower densities and separated uses. Wider streets with less connectivity and limited crossings. |
| **Special Areas:**<br>• **Industrial**<br>• **Historic** | Industrial areas with large parcels, brownfields, and warehouse uses.<br>Historic areas with historically narrow streets and compact developments. |

### Expected User Types in Different Context Classifications

*Source: FDOT*

## Street Types

A typology refers to a categorization of items that have similar characteristics. To apply consistent design elements across similar streets, the Flexible Street Design Guidance groups all Pensacola streets into select typologies based upon speed, use, and purpose within the overall transportation network. Since most of Pensacola's streets have reached their full width—except in places where redevelopment is planned to occur—an approach to classifying streets on the basis of physical characteristics and their purpose within the larger network was applied.

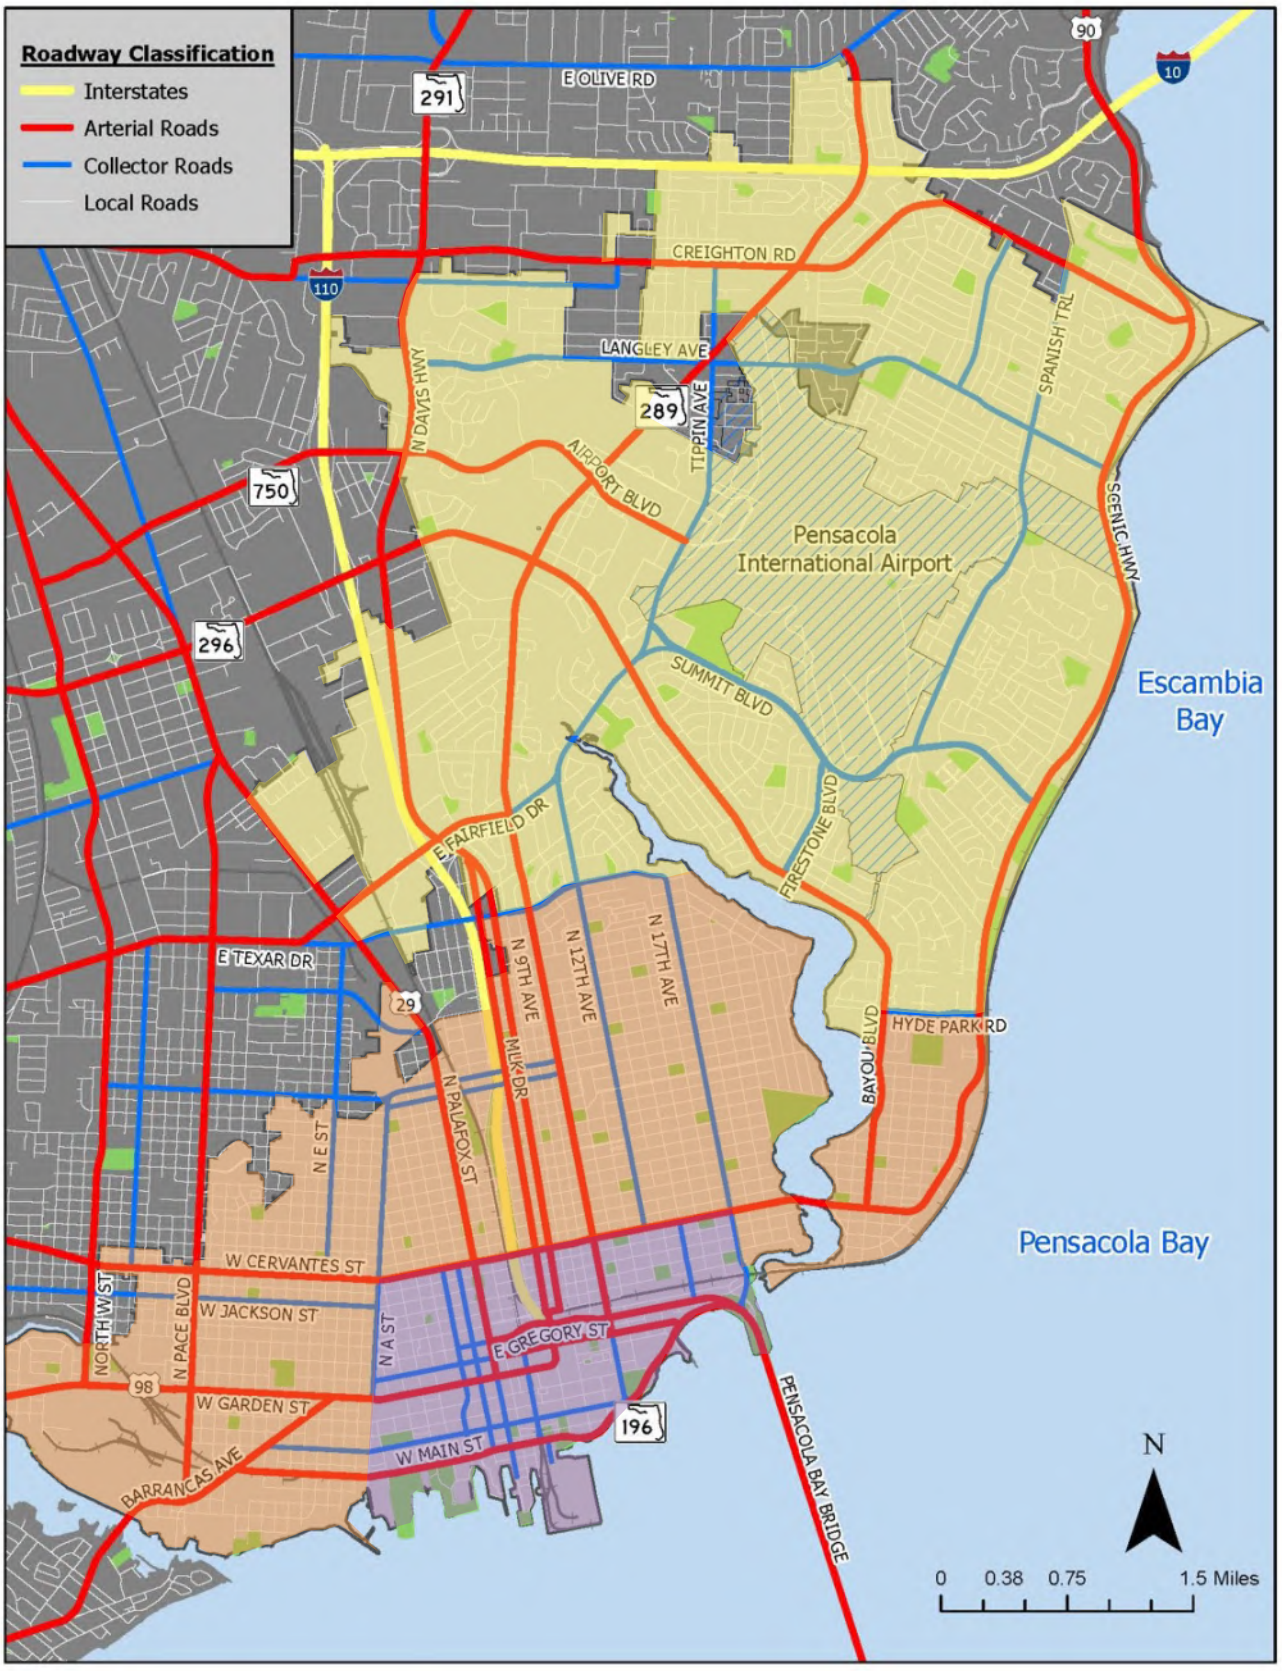
| | |
|---|---|
| **Arterials (A)**<br>**"Gateways"** | • Streets that carry the most capacity<br>• Typically four lanes or above at intersections, some two-lane streets<br>• Regional connections |
| **Collectors (C)**<br>**"Connectors"** | • Streets that carry moderate capacity<br>• May have two to four travel lanes<br>• Inter-city connections |
| **Local Streets (L)**<br>**"Neighborhood Community"** | • Streets that serve neighborhood and residential uses<br>• Neighborhood connections |

## How to Use the Flexible Street Design Guidance

### STEP 1: Find the Street Type

**Figure 10**, on the following page, contains all streets within the City and their assigned typologies based on their current and desired function within the transportation network. Before beginning any street improvement project or major development project along a street, the map should be referenced to determine the street type and context characteristics.

### STEP 2: Reference the Flexible Street Design Guidance Tables



The following pages provide specific guidance for the standard design of bicycle and multimodal, pedestrian, curbside, and vehicular travel facilities for each street type. These standards provide a starting point and decision-making guide for the majority of streets within the City.

### STEP 3: Finalize the Preferred Design

Each street within the City is likely to have special circumstances, which will require exceptions from the standards laid out in this guidance. Proximity to schools, high density of commercial activities, constrained right-of-way, or stormwater challenges all call for customized solutions that work within the ATP guiding principles to provide enhanced accessibility to travelers of all ages and abilities.

## Figure 10. Roadway Classification Map

The Flexible Street Design Guidance is intended to evolve based on the surrounding context. As the City changes and redevelops, some commercial areas may resemble an Urban Center (C5) context.

## Flexible Street Design Guidance Table

The table below lists the recommended dimensions and uses for each of the street design elements contained within this Design Guide. More information is provided throughout the document. Lower ranges include minimum desired. **In some constrained environments or where there are narrow streets - particularly in downtown - sidewalk and amenity/buffer widths may not be achievable and improvements should be coordinated with the City Engineer.**

| | | Context Classification | | |
|---|---|---|---|---|
| | **Flexible Street Design Guidance** | **Urban Center (C5)** | | |
| | | Arterial | Collector | Local Community |
| **Overall Top Priority Guidance** | **Target Speed (mph)** | 30-35 | 25-30 | 20-25 |
| | **Modal Priority** | Pedestrian, transit, vehicle | Pedestrian, bicycle, transit | Bicycle, pedestian |
| | **Preferred Bicycle Network** | Separated - trail/ shared use path, protected bicycle lane | Separated - trail/shared use path, protected bicycle lane (1) | Neighborhood greenway/ bicycle blvd |
| **Non-Motorized Realm** | **Pedestrian Through Zone Sidewalk Width (feet) - Minimum Desired** | 8'-12'+ | 6'-12'+ | 5'-10' |
| | **Amenity Zone - landscaping, furnishing, utilities (feet) Minimum - Desired** | 3'-6' | 3'-6' | 2'-5' |
| **Curbside Zone** | **Curb and Gutter (feet)** | 2' | 2' | 2' (2) |
| | **On-Street Parking** | Analysis needed | Encouraged | Encouraged |
| | **Flex Zone** (could include bike parking, bikeshare, micromobility) | Not recommended | For drop-off/ freight loading | For drop-off/ freight loading |
| **Traveled Way** | **Lane Widths (3)** | 11' | 10'-11' | 10'-11' |
| | **Medians/Two-Way Left Turns in feet** | 11'-12' | 11'-12' | - |
| | **Bicycle Facility** | 10'-12' shared use path[4] with separation if possible | 6' + 2' buffer | Neighborhood greenway/ bicycle blvd elements |
| | **Distance Between Crossings** | Every block | Every block | Every block |

(1) Low speeds(<30 mph)/low volumes (<1,500 AADT) - Neighborhood Greenway/Bicycle facilities may be acceptable. Buffered or Conventional Bike Lanes are acceptable with volumes (1,501 to 6,000 AADT) and speeds <25 mph (with a buffer preferred)
(2) Opportunities for curbless streets
(3) Will depend on emergency/solid waste/freight and FDOT SIS facilities
(4) Shared use path may also be used a pedestrian facility.

Note: The non-motorized realm can be combined to include varying widths of pedestrian through zone and amenity zone.

| | | Context Classification | | |
|---|---|---|---|---|
| | Flexible Street Design Guidance | Urban General (C4) | | |
| | | Arterial | Collector | Local Community |
| Overall Top Priority Guidance | Target Speed (mph) | 30-40 | 25-35 | 20-25 |

| Reduce Speed Limit | ✓ | ✓ | ✓ |
| Lane Width Reduction | ✓ | ✓ | ✗ |
| Speed Hump/Table | ✗ | ✗ | ✓ |
| Pinchpoints | ✗ | ✗ | ✓ |
| Chicanes | ✗ | ✓ | ✓ |
| Medians | ✓ | ✓ | ✗ |
| Enhanced Landscaping/Street Trees | ✓ | ✓ | ✓ |
| On-street Parking | ✗[1] | ✓ | ✓ |
| Lane Elimination | ✓ | ✓ | ✗ |
| Paint/Striping | ✓ | ✓ | ✓ |

✗* May be implemented if right-of-way is constrained.

[1] Allowed in urban downtown contexts

## Summary of Flexible Design Guidance and Other Resources

Engineers and planners follow established standards and guidelines to prepare designs for roadway projects. The following standards and guides, shown in the table below, currently form the basis of Complete Streets best practices and policy guidelines. Each of these resources provide guidance for a particular area of street design:

| Organization/Legislation | Guidance |
|---|---|
| National Association of City Transportation Officials (NACTO) Urban Bikeway Design Guide (2nd Edition) | Bicycle facilities and intersection design |
| NACTO Designing for All Ages & Abilities | Bicycle facilities guidance |
| NACTO Transit Street Design Guide | Transit facility design |
| NACTO Urban Street Stormwater Guide | Green infrastructure integration |
| A Policy on Geometric Design of Highways and Streets (American Association of State High and Transportation Officials [AASHTO] Green Book) | Roadway design, including multimodal facilities |
| Manual on Uniform Traffic Control Devices (MUTCD) | Street striping, markings, signage |
| USDOT Achieving Multimodal Networks: Applying Design Flexibility & Reducing Conflicts | Multimodal network design |
| Americans with Disabilities Act (ADA) Standards for Accessible Design | Accessible street design |
| Institute of Transportation Engineers (ITE) Designing Walkable Urban Thoroughfares: A Context Sensitive Approach | Walkable street design |
| FDOT Design Manual (2023) | Design criteria for state roadways |
| FDOT Complete Streets | Complete Streets approach in Florida |

# 3 Get The Crossings Right: Reduce Crossing Distances and Points of Conflict, and Prioritize Mid-block Crossings and Intersection Improvements

Intersections and crossings are places where vehicles and bicyclists and pedestrians intermingle. They are also where there are the most conflict points which can create safety concerns for those driving, walking, bicycling, or wheeling. These locations are also common places for pedestrian and bicycle crashes and, often times based on speed, can be fatal or cause injury. Some of these crashes include locations where there are currently no crossings but one may be needed. This principle aims to provide safer crossings and intersections by limiting the amount of time a pedestrian is in the roadway, forcing vehicles to drive slower, and adding more crossing opportunities.

## Top Priorities

Use best practices to change policies to provide:

- Focus at key locations **where ATP network improvements** are contemplated and at **High Injury network locations**
- Reduce pavement for large turns unless needed for trucks
- Mid-block crossings that are protected
- Lighting at intersections
- Keep signals simple and timed for maximum desired operating speeds and bicyclists.
- Replace signals when possible with all-way stops and analyze roundabouts or traffic circles
- Install pushbutton-integrated Accessible Pedestrian Signals

## FDOT Guidance

Below is guidance from FDOT related to crossing distances. When crossing location distances are lengthy, those walking naturally cross mid-block. Additionally, mid-block crossings should be taken into consideration at key locations.

### FDOT Crossing Distance Policy and Context Classification

| Context Classification | Target Maximum Spacing (feet) |
|---|---|
| C1 Natural and C2 Rural | As needed based on pedestrian generators |
| C3R - Suburban Residential | Within 300 feet of pedestrian generator or attractor; OR no more than 0.50 miles |
| C3C - Suburban Commercial | Within 300 feet of pedestrian generator or attractor; OR no more than 0.25 miles |
| C4 Urban General | 250 - 660 feet |
| C5 Urban Center and C6 Urban Core | 250 - 500 feet |

## Curb Radii Guidance

Below is guidance for reducing curb radii on various roadway types and context.

### Roadway Type and Curb Radii

| Roadway Type | Land Use Context | Actual Curb Radius | Effective Curb Radius |
|---|---|---|---|
| **Principal and Minor Arterials** | Urban Center/Core | 15’ | 20’ |
| | Suburban/Rural Town | 25’ | 30’ |
| | All intersection corners without vehicle turns | 5’ | - |
| **Major Collector** | Urban Center/Core | 15’ | 20’ |
| | Suburban/Rural Town | 25’ | 30’ |
| | Rural/Natural | 25’ | 40’ |
| | All intersection corners without vehicle turns | 5’ | - |
| **Minor Collector** | Urban Center/Core | 15’ | 25’ |
| | Suburban/Rural Town | 25’ | 30’ |
| | Rural/Natural | 25’ | 30’ |
| | All intersection corners without vehicle turns | 5’ | - |
| **Local Roads** | Urban Center/Core | 15’ | 20’ |
| | Suburban/Rural Town | 15’ | 20’ |
| | Rural/Natural | 15’ | 20’ |
| | All intersection corners without vehicle turns | 5’ | - |

## High Visibility Crosswalks

Benefits:

- Clear and noticeable to oncoming vehicles which creates a safer environment for pedestrians to cross

Costs:

- Low

QUICK-BUILD PROJECT

## Standard Crosswalk Signage

Benefits:

- Emphasizes and alerts drivers to the presence of a crosswalk
- Directs pedestrians to cross at appropriate and safe locations

Costs:

- Low

QUICK-BUILD PROJECT

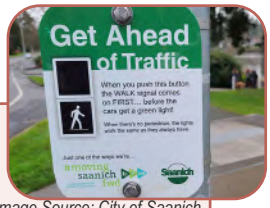

Image Source: City of Saanich

## Leading Pedestrian Intervals (LPIs)

Benefits:

- The pedestrians walk signal turns prior to the parallel street signal turning green
- Pedestrians are more visible in the crosswalks for turning vehicles
- Best used in high pedestrian and high vehicle traffic areas

Costs:

- Low

QUICK-BUILD PROJECT

Image Source: MnDOT

## Accessible Pedestrian Signals (APS)

Benefits:

- Devices affixed to pedestrian signal poles to assist pedestrians who are blind or low vision in crossing the street.
- APSs are wired to a pedestrian signal and send audible and vibrotactile indications when pedestrians push a button installed at the crosswalk.

Costs:

- Low

QUICK-BUILD PROJECT

## Curb Radii Reduction

Benefits:

- Minimizes the size of a corner radius and improves safety for pedestrians by slowing down the speed at which a vehicle can make a turn
- Reducing the crossing distance of the intersection
- Can be implemented with paint, delineators, or concrete

Costs:

- Low to Moderate *(drainage and full intersection improvements may affect costs)*

QUICK-BUILD PROJECT

## Raised Crosswalk

Benefits:

- Reinforce slow speeds and encourage motorists to yield to pedestrians
- Best suited for local streets with slower speeds and high pedestrian activity

Costs:

- Moderate

Image Source: FHWA

## Mid-Block Crossing

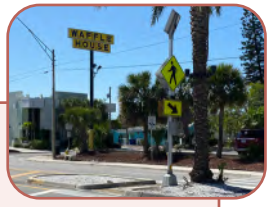
Benefits:

- Designated crossing areas that provide pedestrians a safe place to cross the street between intersections

Costs:

- Low to Moderate

Image Source: City of Cambridge



## Raised Intersections

Benefits:

- Reinforce slow speeds and encourage motorists to yield to pedestrians
- Best suited for minor intersections

Costs:

- Moderate

## Rectangular Rapid Flashing Beacons (RRFBs)

Benefits:

- Enhance safety by increasing motorist awareness
- Directs vehicles to stop for pedestrians crossing the street

Costs:

- Moderate

Image Source: FHWA

## Pedestrian Hybrid Beacons (PHBs)

Benefits:

- Enhance safety by increasing motorist awareness
- Directs vehicles to stop for pedestrians crossing the street

Costs:

- High

## Curb Extensions

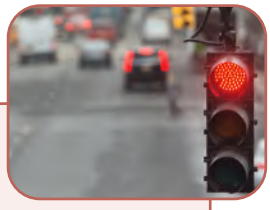
Benefits:

- Visually and physically narrow the roadway
- Creates safer and shorter crossing distances while increasing available space for pedestrians and street furniture
- Can be implemented with paint, delineators, or concrete

Costs:

- Low to Moderate

QUICK-BUILD PROJECT



## Neighborhood Traffic Circles

Benefits:

- Lowers speeds at minor intersection crossings
- Ideal for uncontrolled intersections
- May be designed with painted crossings markings or raised islands
- Best implemented in conjunction with landscaping to further calm traffic
- Best suited for low volume, residential streets

Costs:

- Low to moderate

## Signal Progression

Benefits:

- Decreased cut-through traffic
- Reduces traveler frustration
- Can be used to lower speeds also making it more efficient for bicyclists
- Improves transit performance

Costs:

- Low

QUICK-BUILD PROJECT

## Pedestrian Refuge Island

Benefits:

- Provide pedestrians with a safe place to stop halfway through an intersection or when crossing a busy street
- Particularly useful for elderly residents and people who are disabled who may require more time to cross large intersections

Costs:

- Moderate

## Roundabouts

Benefits:

- Significantly reduces the number of conflict points compared to traditional intersections
- Promotes lower speeds and traffic calming
- Improves operational performance
- Can be used in a wide range of contexts
- Sustainable alternative to signalized intersections because they function without electricity, reduce congestion and pollution from idling cars, and provide opportunities for Florida-friendly landscaping

Costs:

- Moderate to High

## Intersection Spotlight

Ten high-crash intersections within the City were examined to determine which tools for traffic calming and safety can be implemented. The ten intersection are depicted in **Figure 7**, on the following pages with potential improvement projects.

**Location:** Barrancas Avenue & W Main Street
**Jurisdiction:** City & City

*SE down Barrancas. Source: Google Maps*

**List of Improvements:**

A. Reduce travel area with gore striping and construct ADA compliant curb ramps
B. Add high-emphasis crosswalks
C. Fill sidewalk gap
D. Construct pedestrian refuge island
E. Add pedestrian arm oriented to the sidewalk
F. Conduct a study to examine closing S K Street to traffic between Zarragossa Street and Barrancas Avenue *(long-term)*
G. Add retroreflective backplates to all signal heads *(not shown)*
H. Re-time signal for pedestrian crossing *(not shown)*

**Future Bike Network**

Shared Street/Neighborhood Greenway
Trail/Protected Bicycle Lane
Potential Bicycle Facility to be Determined

**Location:** Barrancas Avenue & W Garden Street
**Jurisdiction:** City & State

*E down Garden. Source: Google Maps*

**List of Improvements:**

A. Construct ADA compliant curb ramps
B. Extend curb with gore striping
C. Eliminate unused driveway openings
D. Conduct a study to examine closing Barrancas Avenue to traffic from S E Street to S D Street *(long-term)*
E. Re-stripe all crosswalks with high-emphasis crosswalks *(not shown)*
F. Add retroreflective backplates to all signal heads *(not shown)*
G. Conduct an ICE study and consider a potential roundabout *(not shown, long-term)*

**Future Bike Network**

Shared Street/Neighborhood Greenway
Trail/Protected Bicycle Lane
Potential Bicycle Facility to be Determined

**Location:** MLK Drive & E Blount Street
**Jurisdiction:** State & City

*W down Blount. Source: Google Maps*

**List of Improvements:**

A. Extend curb at the intersection to create bulb-outs with ADA compliant curb ramps
B. Replace the painted median on the west side with a concrete median
C. Plant street trees
D. Add retroreflective backplates to all signal heads *(not shown)*
E. Re-stripe all crosswalks with high-emphasis crosswalks *(not shown)*

**Future Bike Network**

Shared Street/Neighborhood Greenway
Trail/Protected Bicycle Lane
Potential Bicycle Facility to be Determined

**Location:** N Palafox Street & W Wright Street
**Jurisdiction:** City & City
**List of Improvements:**

A. Straighten crosswalk
B. Construct median or pedestrian refuge island
C. Extend curb with paint, delineators, or concrete
D. Add high-emphasis crosswalks
E. Add green paint and/or flex posts to existing bike lane
F. Add a hardened centerline
G. Conduct a study for a mid-block crossing *(long-term)*
H. Reorient parking for curbside angled parking, two central travel lanes, and a protected bike lane *(long-term)*
I. Add retroreflective backplates to all signal heads *(not shown)*
J. Add detectable warnings to all curb ramps *(not shown)*
K. Conduct study for potential roundabout (*not shown)*

**Future Bike Network**

Shared Street/Neighborhood Greenway
Trail/Protected Bicycle Lane
Potential Bicycle Facility to be Determined

*E down E Wright. Source: Google Maps*

**Location:** N 9th Avenue & E Gregory Street
**Jurisdiction:** State & State

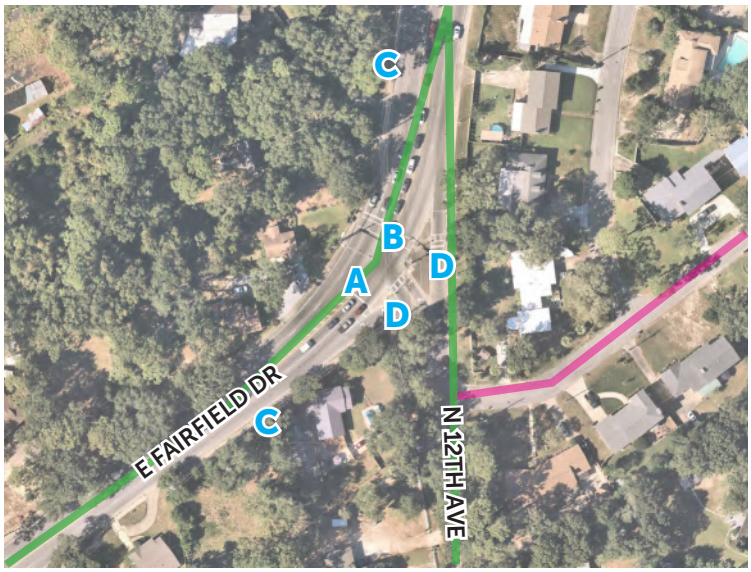
*E down Gregory. Source: Google Maps*

**List of Improvements:**

A. Examine access management at Shell (400 E Gregory Street) and Whataburger (417 E Gregory Street)
B. Add green paint and/or flex posts to existing bike lane
C. Add retroreflective backplates on all signal heads *(not shown)*
D. Re-stripe all crosswalks with high-emphasis crosswalks *(not shown)*
E. Re-stripe roadway and worn pavement markings *(not shown)*
F. Conduct a lane re-purposing study on E Gregory Street *(not shown, long-term)*

**Future Bike Network**

Shared Street/Neighborhood Greenway
Trail/Protected Bicycle Lane
Potential Bicycle Facility to be Determined



**Location:** N 12th Avenue & E Fairfield Drive
**Jurisdiction:** City & City

*S down Fairfield. Source: Google Maps*

**List of Improvements:**

A. Replace the painted median on the south side of the intersection with a concrete median
B. Re-stripe crosswalk with high-emphasis crosswalk
C. Install speed feedback and/or "Curve Ahead" signage (W1-2)
D. Conduct a lane re-purposing study to determine if either slip lane can be removed *(long-term)*
E. Add retroreflective backplates to all signal heads *(not shown)*
F. Improve lighting throughout the intersection *(not shown)*

**Future Bike Network**

Shared Street/Neighborhood Greenway
Trail/Protected Bicycle Lane
Potential Bicycle Facility to be Determined

**Location:** N 12th Avenue & E Hatton Street
**Jurisdiction:** City & City

*S down 12th. Source: Google Maps*

**List of Improvements:**

A. Construct ADA compliant curb ramps
B. Plant street trees
C. Add high-emphasis crosswalk striping *(not shown)*
D. Conduct a study for a four-way stop or mid-block crossing on N 12th Avenue *(not shown)*
E. Conduct a neighborhood traffic circle or mini-roundabout feasibility study *(long-term, not shown)*

**Future Bike Network**

Shared Street/Neighborhood Greenway
Trail/Protected Bicycle Lane
Potential Bicycle Facility to be Determined

**Location:** N 14th Avenue & E Gregory Street

*E down Gregory. Source: Google Maps*

**List of Improvements:**

A. Add high-emphasis crosswalk striping
B. Conduct a mid-block crossing study near Another Broken Egg Cafe (721 E Gregory Street) and construct Pedestrian Hybrid Beacons (PHBs)
C. Conduct signal warrant analysis
D. Add pedestrian-scale lighting throughout the intersection *(not shown)*
E. Conduct a lane re-purposing study on E Gregory Street *(long-term, not shown)*

**Future Bike Network**

Shared Street/Neighborhood Greenway
Trail/Protected Bicycle Lane
Potential Bicycle Facility to be Determined

**Location:** East of 2021 E Cervantes Street
**Jurisdiction:** State

*E down Cervantes. Source: Google Maps*

**List of Improvements:**

A. Add signage: "Share the Road With Bikes" (W16-1), "Bicycle Route" (M1-8), or "Bike Lane Ends" (R3-17bP)
B. Add green paint and/or flex posts to existing bike lane

**Future Bike Network**

Shared Street/Neighborhood Greenway
Trail/Protected Bicycle Lane
Potential Bicycle Facility to be Determined

**Location:** Creighton Road & Keating Road, Creighton Road & Hilltop Road
**Jurisdiction:** State & City (both)
**List of Improvements:**

A. Extend curbs at Keating Road with paint, delineators, or concrete
B. Fill sidewalk gap
C. Add high-emphasis crosswalk
D. Restripe all crosswalks at Keating Road with high-emphasis crosswalks
E. Extend bike lanes through both intersections with skip lane markings
F. Add "Intersection Warning" signage (W2-1)
G. Install speed feedback signs
H. Conduct a mid-block crossing study near Hilltop Road *(long-term)*
I. Conduct a neighborhood traffic circle or mini-roudabout feasibility study at Keating Road *(long-term)*
J. Add green paint and/or flex posts to existing bike lanes *(not shown)*
K. Conduct a lighting analysis of Creighton Road *(not shown)*

**Future Bike Network**

Shared Street/Neighborhood Greenway
Trail/Protected Bicycle Lane
Potential Bicycle Facility to be Determined

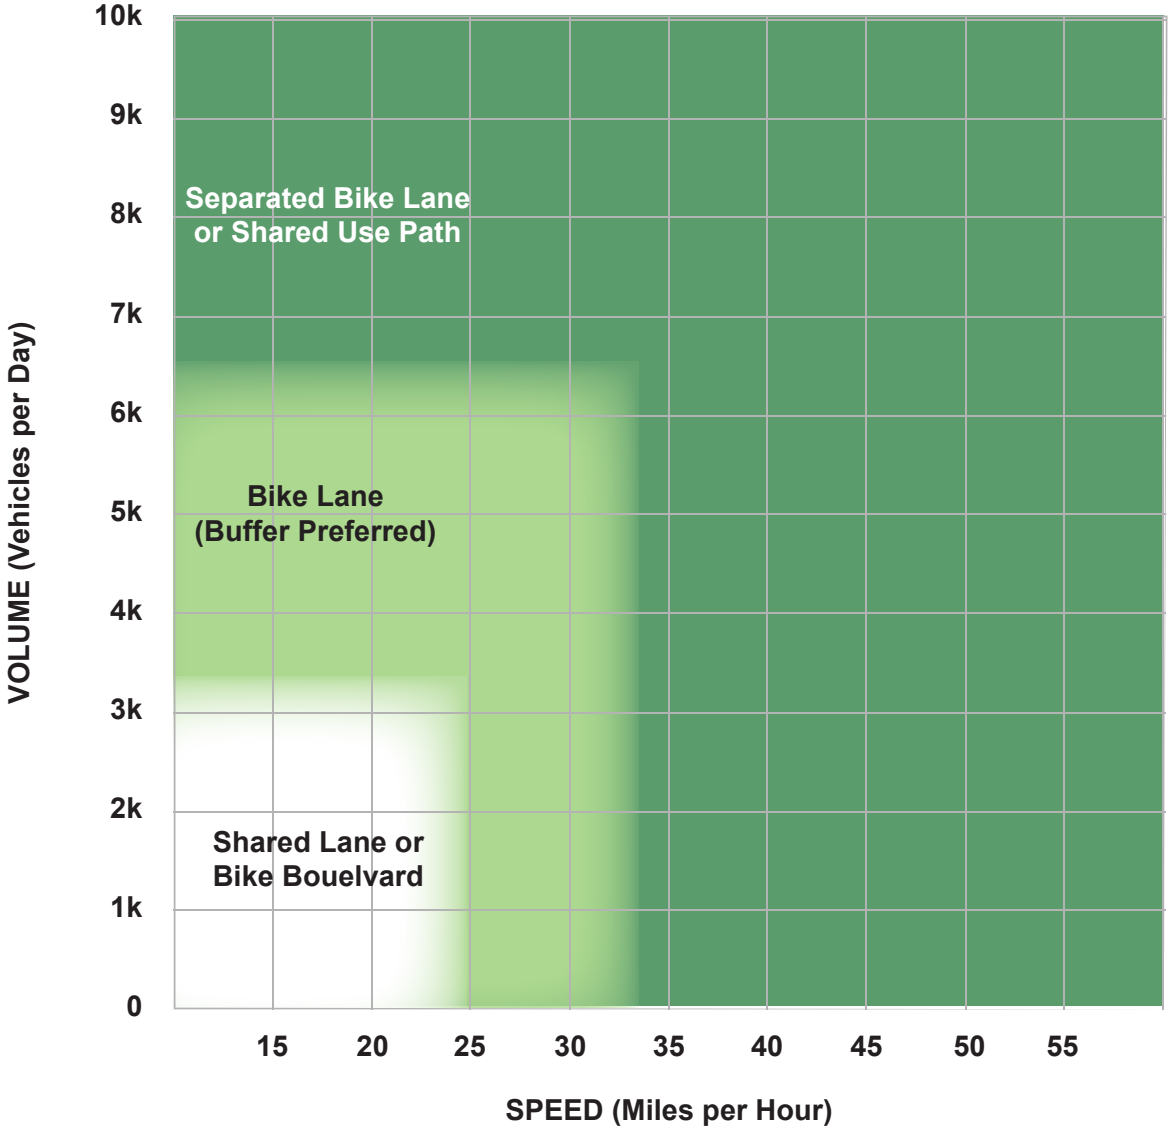
# 4 Build The Bicycle Network: Connect Key Destinations And Filling Gaps To Provide Economic Opportunity For All

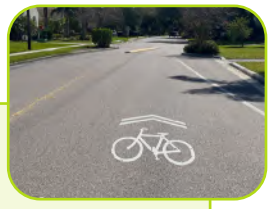
A key strategic recommendation for the future is to develop a connected bicycle network. The priority is to focus on connecting destinations and places of interest. The network should build onto the other recommendations in this section - safe streets and intersections. Where speeds are higher (greater than 25 miles per hour) or volumes are higher (greater than 3,000 to 5,000 vehicles per day generally) bike facilities should buffered and separated facilities. Ideally, bike facilities should be physically protected. For slower speed and low stress streets, neighborhood greenways/shared streets or bicycle boulevards can be applied. For streets higher than 25 miles per hour, bicycle facilities should be buffered and separated and protected whenever possible.

## Top Priorities

Use best practices to change policies to provide:



- **Overall Network development** – focus on direct access to destinations and points of interest, and a seamless connected network for all ages and abilities (including wayfinding and signage)
- **Separation is key** - Implement protected bike lanes with permanent separations such as barriers, curbs, planters, landscaping, or parked vehicles (where bike facilities are on higher-speed roadways) and continue to expand bicycle connections with neighborhood greenways on slower-speed streets.
- **Focus on pinch points/transitions** that cause safety concerns (e.g. Cervantes, Langley, etc.) where bicycle lanes abruptly stop or the streets gets narrower
- Improve **crossings at intersections** and **include lighting**



## Bicycle Facilities based on Traffic Volume and Speed

Different streets require different bicycle facilities. The greater the vehicles speeds and greater the vehicle volumes, the more important it is to provide dedicated, separated bicycle facilities.

**Figure 12. Bicycle Facility based on Traffic Volume and Speed**

*Source: FHWA*

## Shared Lane Markings

Benefits:

- Alerts drivers to the potential presence of bicyclists and indicate where bicyclists should position themselves
- Best used on low volume, traffic calmed streets

Costs:

- Low

QUICK-BUILD PROJECT

## Bicycle Lane

Benefits:

- Creates a dedicated space for bicyclists within the roadway
- Can be constructed with green paint to create further awareness

Costs:

- Low to Moderate

## Buffered Bicycle Lane

Benefits:

- Safer than typical painted bicycle lanes
- The use of additional paint creates a larger buffer between bicyclist and vehicle traffic

Costs:

- Low

*Image Source: NACTO*

## Neighborhood Greenways/Shared Streets

Description/Benefits:

- Streets with low vehicle volumes and speeds, designated and designed for bicycles
- Alerts drivers to the potential presence of bicyclists and indicate where bicyclists should position themselves
- Best used on low volume, traffic calmed streets

Costs:

- Low

## Separated Bicycle Lane

Benefits:

- Safer than typical painted bicycle lanes
- The use of landscaping, raised curbs, bollards, planters, and other methods create a protective barrier for bicyclists from vehicle traffic
- Protected bicycle lanes improve safety and encourage more people to bike to their destinations
- Other options for protected bicycle lanes include: Zicla Zipper, raised separated bicycle lanes, and two-way cycle tracks

Costs:

- Moderate to High

## Multi-Use Trail

Benefits:

- Separated facility designed to accommodate the movement of pedestrians and bicyclists while providing maximum comfort and safety
- Promotes recreational activities and could be a major scenic feature depending on the location and use of materials

Costs:

- Moderate to High

## Bicycle Street Furniture

Benefits:

- Encourage more people to bike to their destinations
- Increases convenience for bicyclists

Costs:

- Low

QUICK-BUILD PROJECT

## Intersection Bicycle Boxes

Benefits:

- Provide cyclists with safe and clear access to the intersection ahead

Costs:

- Low

QUICK-BUILD PROJECT

## Painted Bicycle Lanes

Benefits:

- Identifies a clear path and zone for bicycle lanes
- Alerts drivers to the presence of a bicycle facility
- Best used at intersections, intersection approaches, and large driveway openings

Costs:

- Low

QUICK-BUILD PROJECT

## On-street Parking Bicycle Buffer

Benefits:

- Provide a protected buffer between bicyclists and vehicle

Costs:

- Low

QUICK-BUILD PROJECT

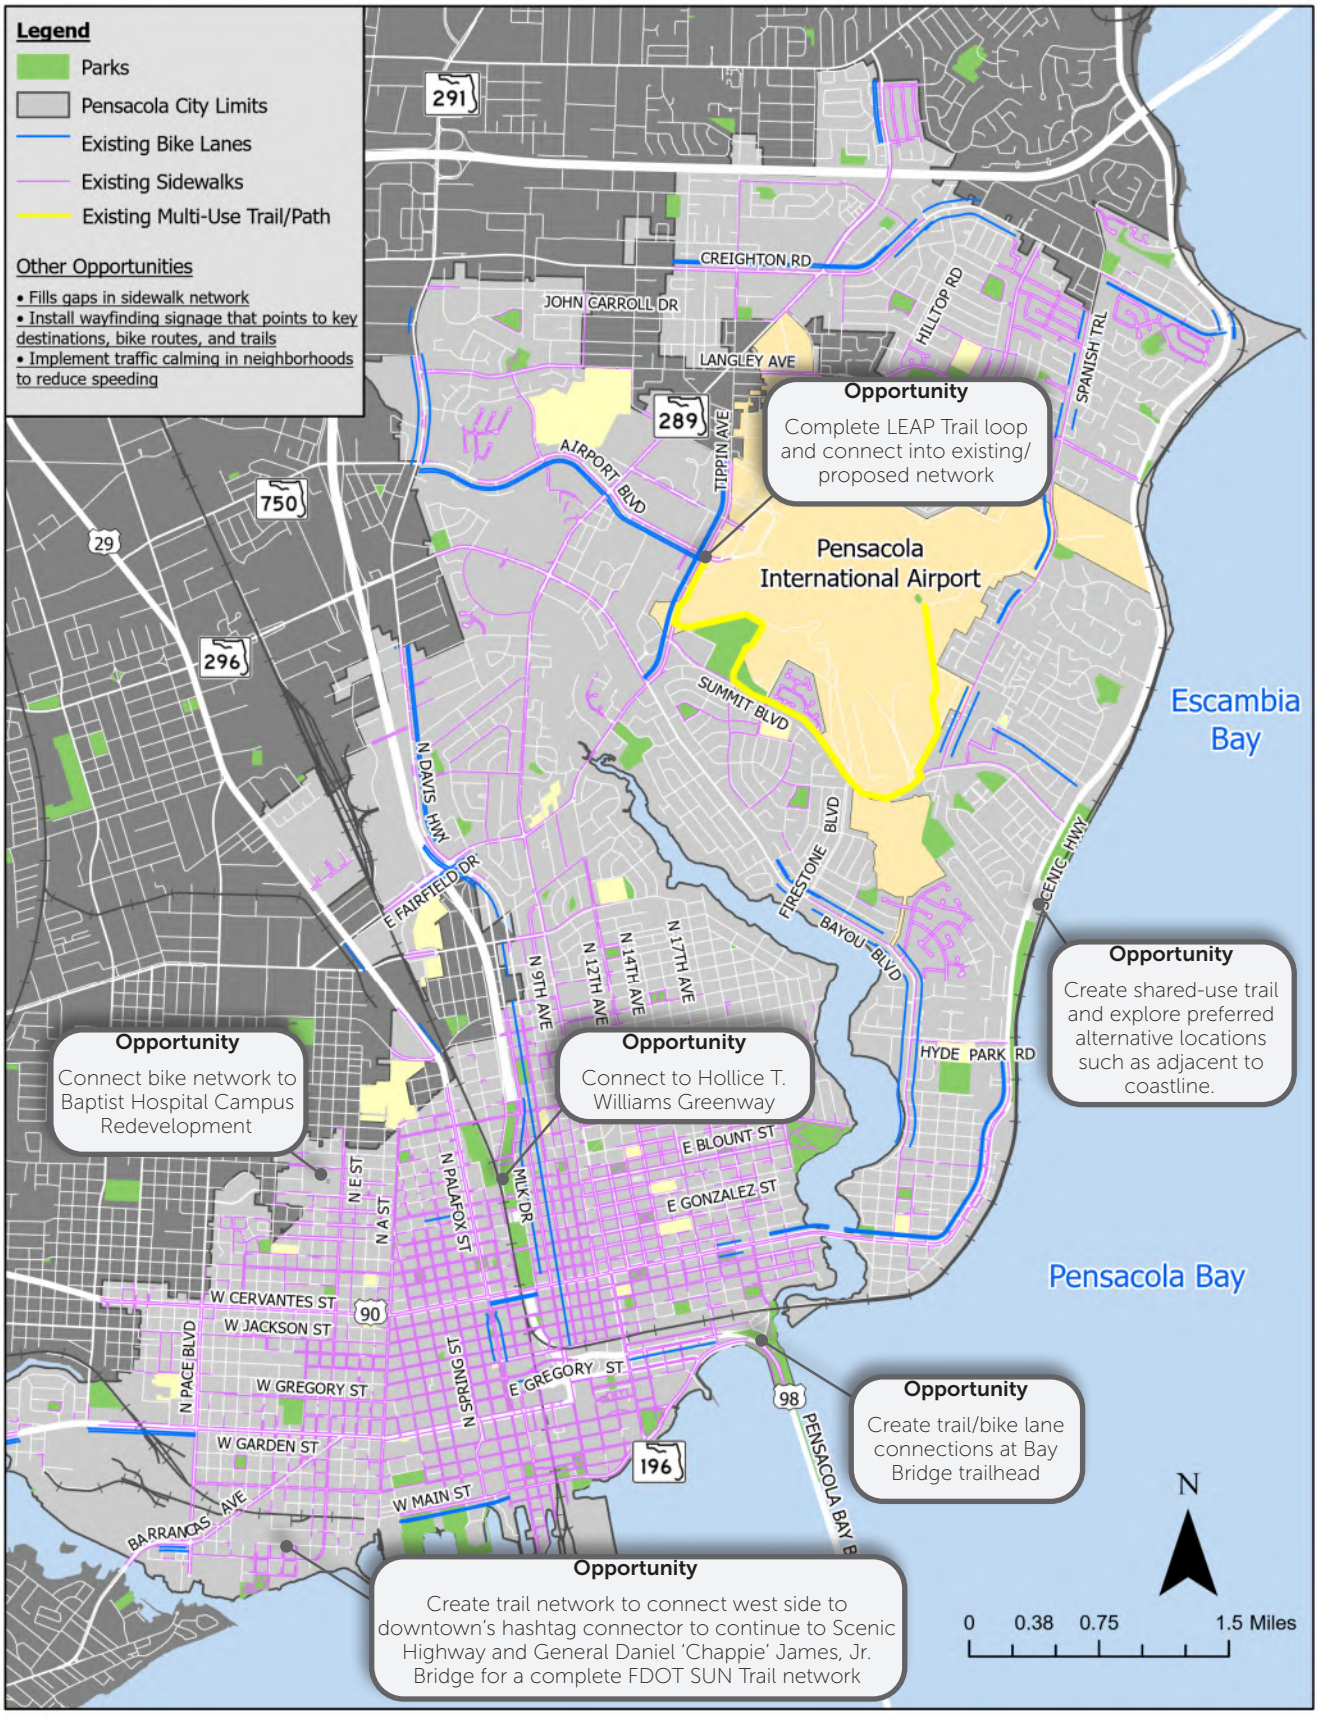
## Bicycle Facilities Target and Constrained Widths

The goal is to add or improve bicycle facilities within existing right-of-ways (ROW) and create a baseline standard of facility widths. The target widths are the dimensions that should be followed throughout the City with ROW permitting. Some streets and ROW may be more constrained than others which is why there is a separate column of bicycle facilities standard widths for these conditions.

### Bicycle Facility Target and Constrained Widths

| Element | Target | | Constrained | |
|---|---|---|---|---|
| | Lane | Buffer | Lane | Buffer |
| **Separated Bicycle Lane** | 6′ | 2′ | 5′ | 2′ |
| **Two-way Separated Bicycle Lanes** | 12′ | 3′ | 8′ | 3′ |
| **Raised Separated Bicycle Lane** | 6.5′ | 1′ for vertical element | 4′ | 1′ for vertical element<br>3′ (next to parked cars) |
| **Two-way Median Bicycle Lanes** | 12′ | 6′ (3′ for each side) | 8′ | 6 (3′ for each side) |
| **Buffered Bicycle Lane** | 5′ | 3′ | - | - |
| **Conventional Bicycle Lane** | 6′ | - | 4′ | - |
| **Contra-Flow Bicycle Lane** | 6′ | - | 4′ | - |

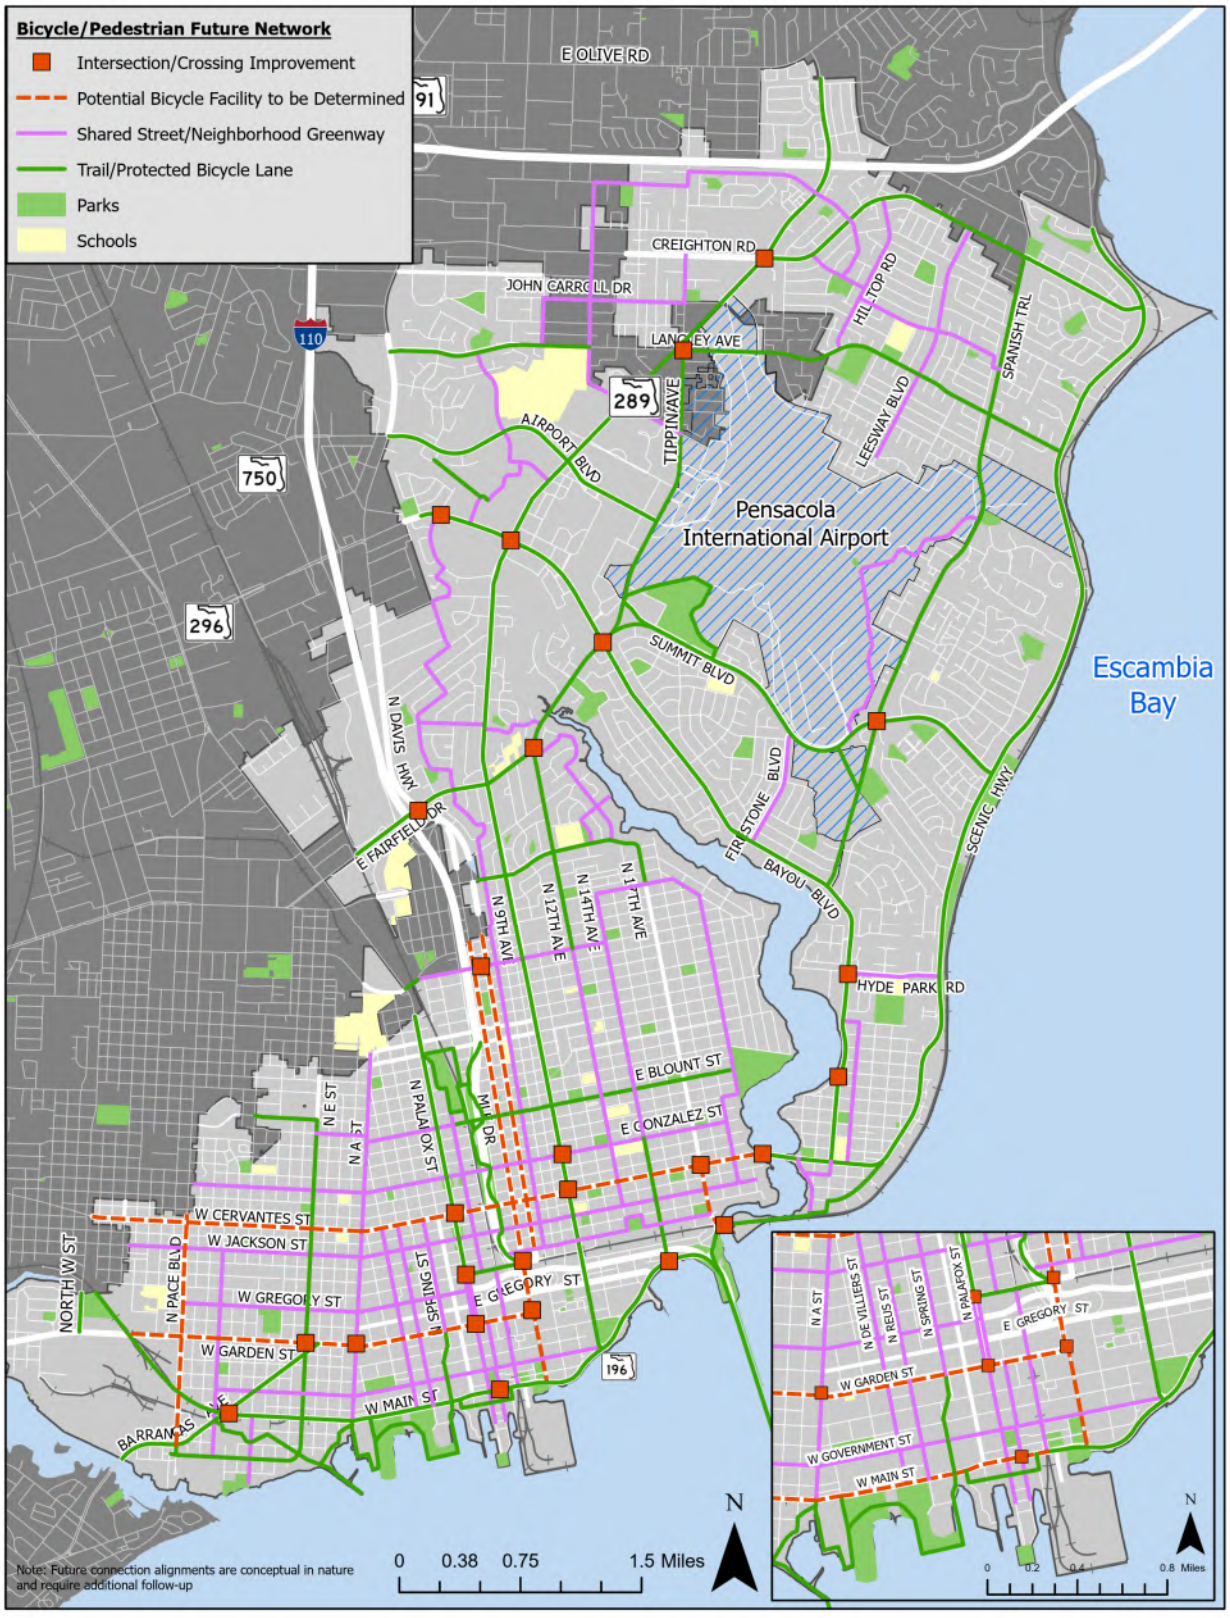
## Big Ideas



**Smaller Infrastructure Projects**

- Prioritize one east/west bicycle route north of Cervantes Street
  - Consider Gonzalez Street
- Prioritize one east/west bicycle route south of Cervantes Street
  - Jackson Street or La Rua Street or Belmont Street
- Make intersection and mid-block crossings improvements to set the foundation where on the High Injury Network or on streets on the ATP network recommendations

**Larger Infrastructure Projects**



- Build a full "spine" multi-use trail under I-110 that connects Hollice T Williams to the waterfront
- Implement past waterfront plans to create a downtown east/west multi-use trail - provide connections to the surrounding neighborhoods
- Advance other larger infrastructure trails into the Long Range Transportation Plan
  - Scenic Highway/Bluffline, Complete LEAP Trail
  - Multi-use trail along Spanish Trail
- Other Priorities: Coordinate regional connections, create wayfinding system (consider theming and digital attraction platform), expand bicycle racks, expand educational efforts

## Figure 13. Bicycle and Pedestrian Future Network Opportunities Map

## Figure 14. Bicycle and Pedestrian Future Network Map

A full future network map was developed based off of analysis and public engagement. The map groups trails and protected/separated facilities (could include a range of designs) and neighborhood greenways that are on-street facilities.

# 5 Create a Comfortable and Safe Walk

There is significant opportunity to improve the pedestrian network and provide connections from neighborhoods to community amenities. Almost all neighborhoods in the City are within a five-minute walk to a park or school. Proximity to these locations paired with a good sidewalk network encourages more walking and safer environments for people who walk. There are funding opportunities outlined in the next section. Strategies to consider are found on the next few pages.

## Top Priorities

Use best practices to change policies to provide:

- Separate sidewalks from the streets where posted speeds are greater than 25 mph
- Safe crossings (more on the following pages)
- Fill in sidewalk gaps near schools and parks

## Sidewalks

Benefits:

- Improve neighborhood connectivity
- Promote recreation and active transportation
- Improve safety for all roadway users

Typical Costs:

- Moderate to High

## Wayfinding

Benefits:

- Directs residents and visitors to districts and destinations while encouraging walking and bicycling

Typical Costs:

- Low to Moderate

QUICK-BUILD PROJECT

## Pedestrian Scale Lighting

Benefits:

- The quality, placement, and sufficiency of lighting help create safe environments for motorists and pedestrians

Typical Costs:

- Moderate

## ADA Compliant Curb Ramps

Benefits:

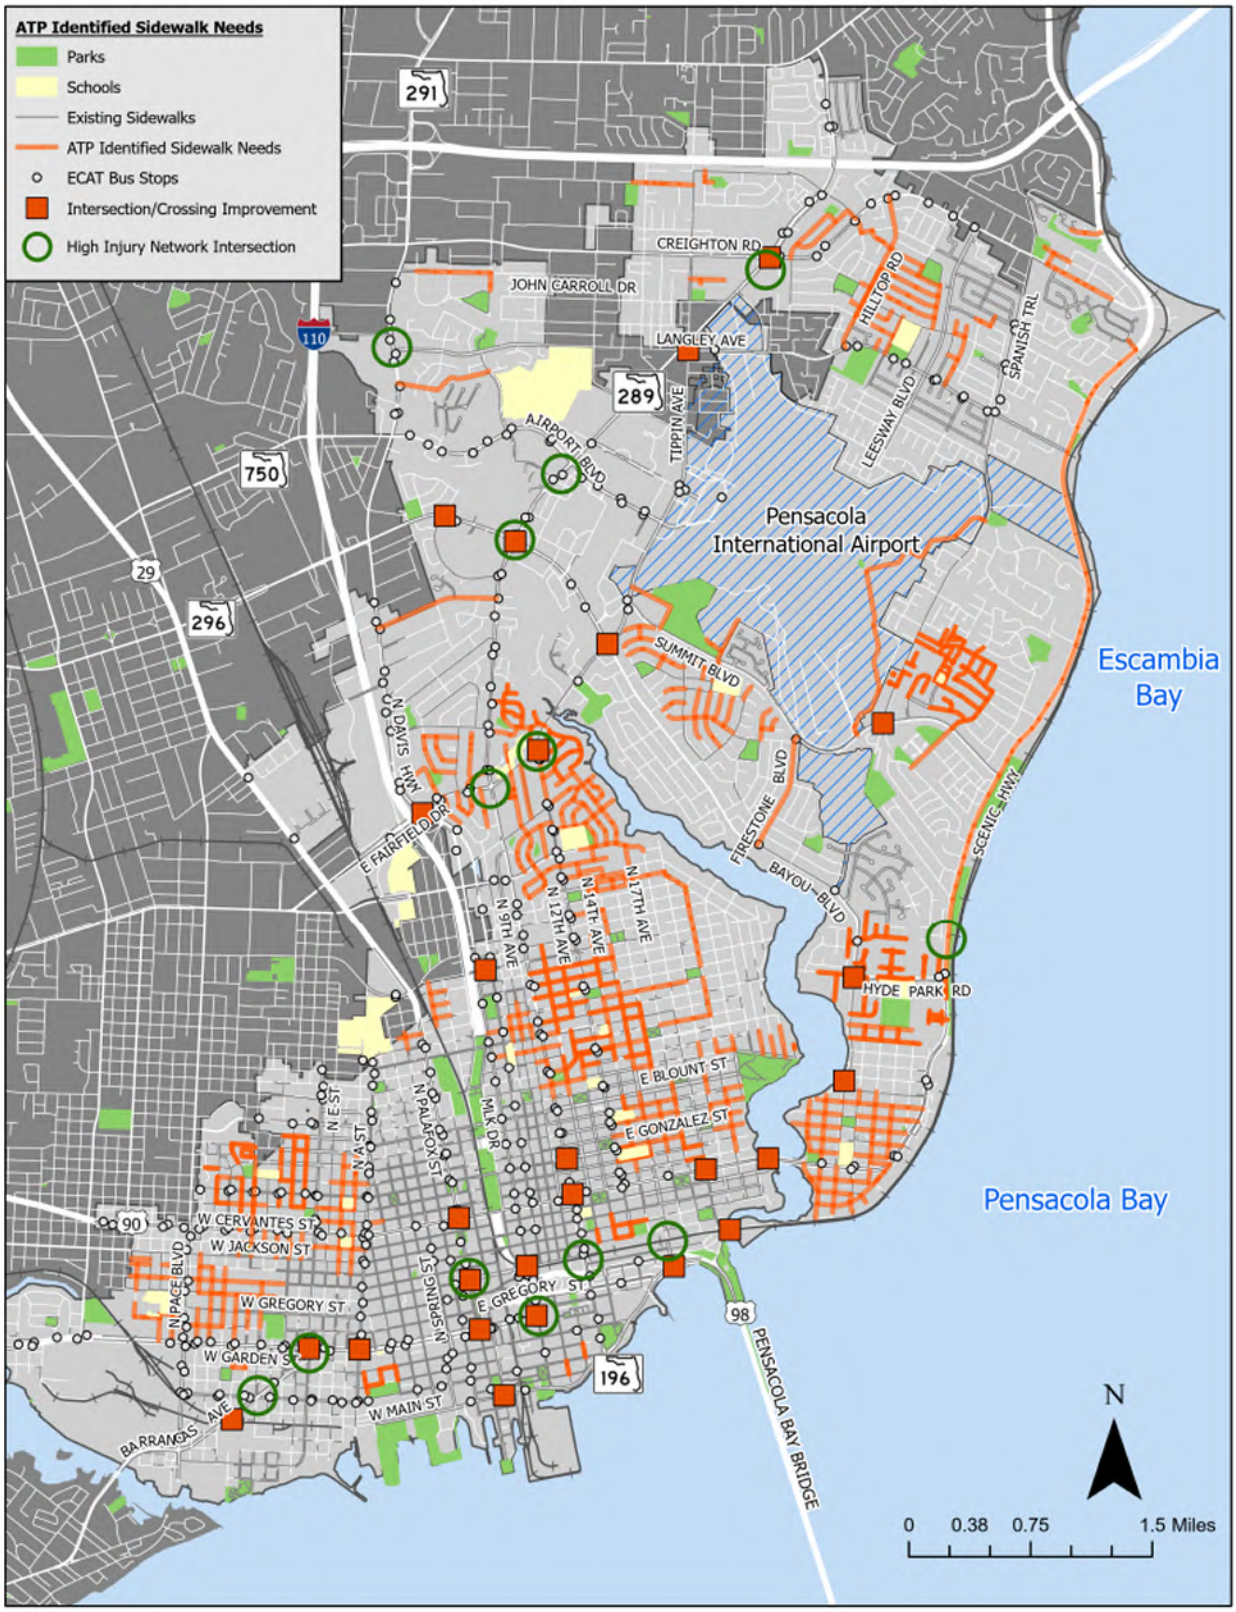
- ADA-compliant curb ramps slope gently into the roadway, making it possible for people using a wheelchair, scooter, walker, or other mobility devices to travel safely between the sidewalk and the roadway

Costs:

- Low to Moderate

*Image Source: NACTO*

## Woonerf



Benefits:

- Lower speed streets oriented for pedestrians and sometimes closed to vehicle traffic
- Opportunity for public space

Costs:

- Moderate to High

## Figure 15. Sidewalk Connections Map

## Prioritizing the ATP Network

A project priority methodology was developed to help provide guidance on priorities for developing a network as well as top priority potential projects. The criteria used to prioritize projects were based off of the steering committee meetings, stakeholders meetings, and community engagement activities. The criteria and top priorities projects for the ATP network should be monitored and reviewed over time for changing conditions. Additional review, feasibility, and engagement will need to be required when programming projects.

### Crossings and Intersections

Crossing and intersection improvements were identified from the safety analysis (including the High Injury Network), locations identified by the public (those that rose to the top with multiple mentions – there are additional intersections that could be identified in the future), as well as site visits.

### Bicycle Facilities

Bicycle facilities including multi-use trails/ separated and protected bicycle facilities as well as neighborhood greenways/bicycle boulevards were prioritized based on a number of criteria and related to the guiding principles shown in the table on the following page. The prioritized projects were grouped by tier as follows: Tier 1 (Initial Priorities), Tier 2 (Other Priorities that are typically more complex), and Tier 3 (Visionary that may be longer-term and will include coordination from other agencies). The recommended projects are planning-level recommendations and will need to be further developed through the design process. For example, a corridor with a sidewalk project may evolve to a trail over time as projects are implemented.

**Decision Process**

**1. Review**
The context and desired type of improvement (from design guidance/and feasibility in more detail)

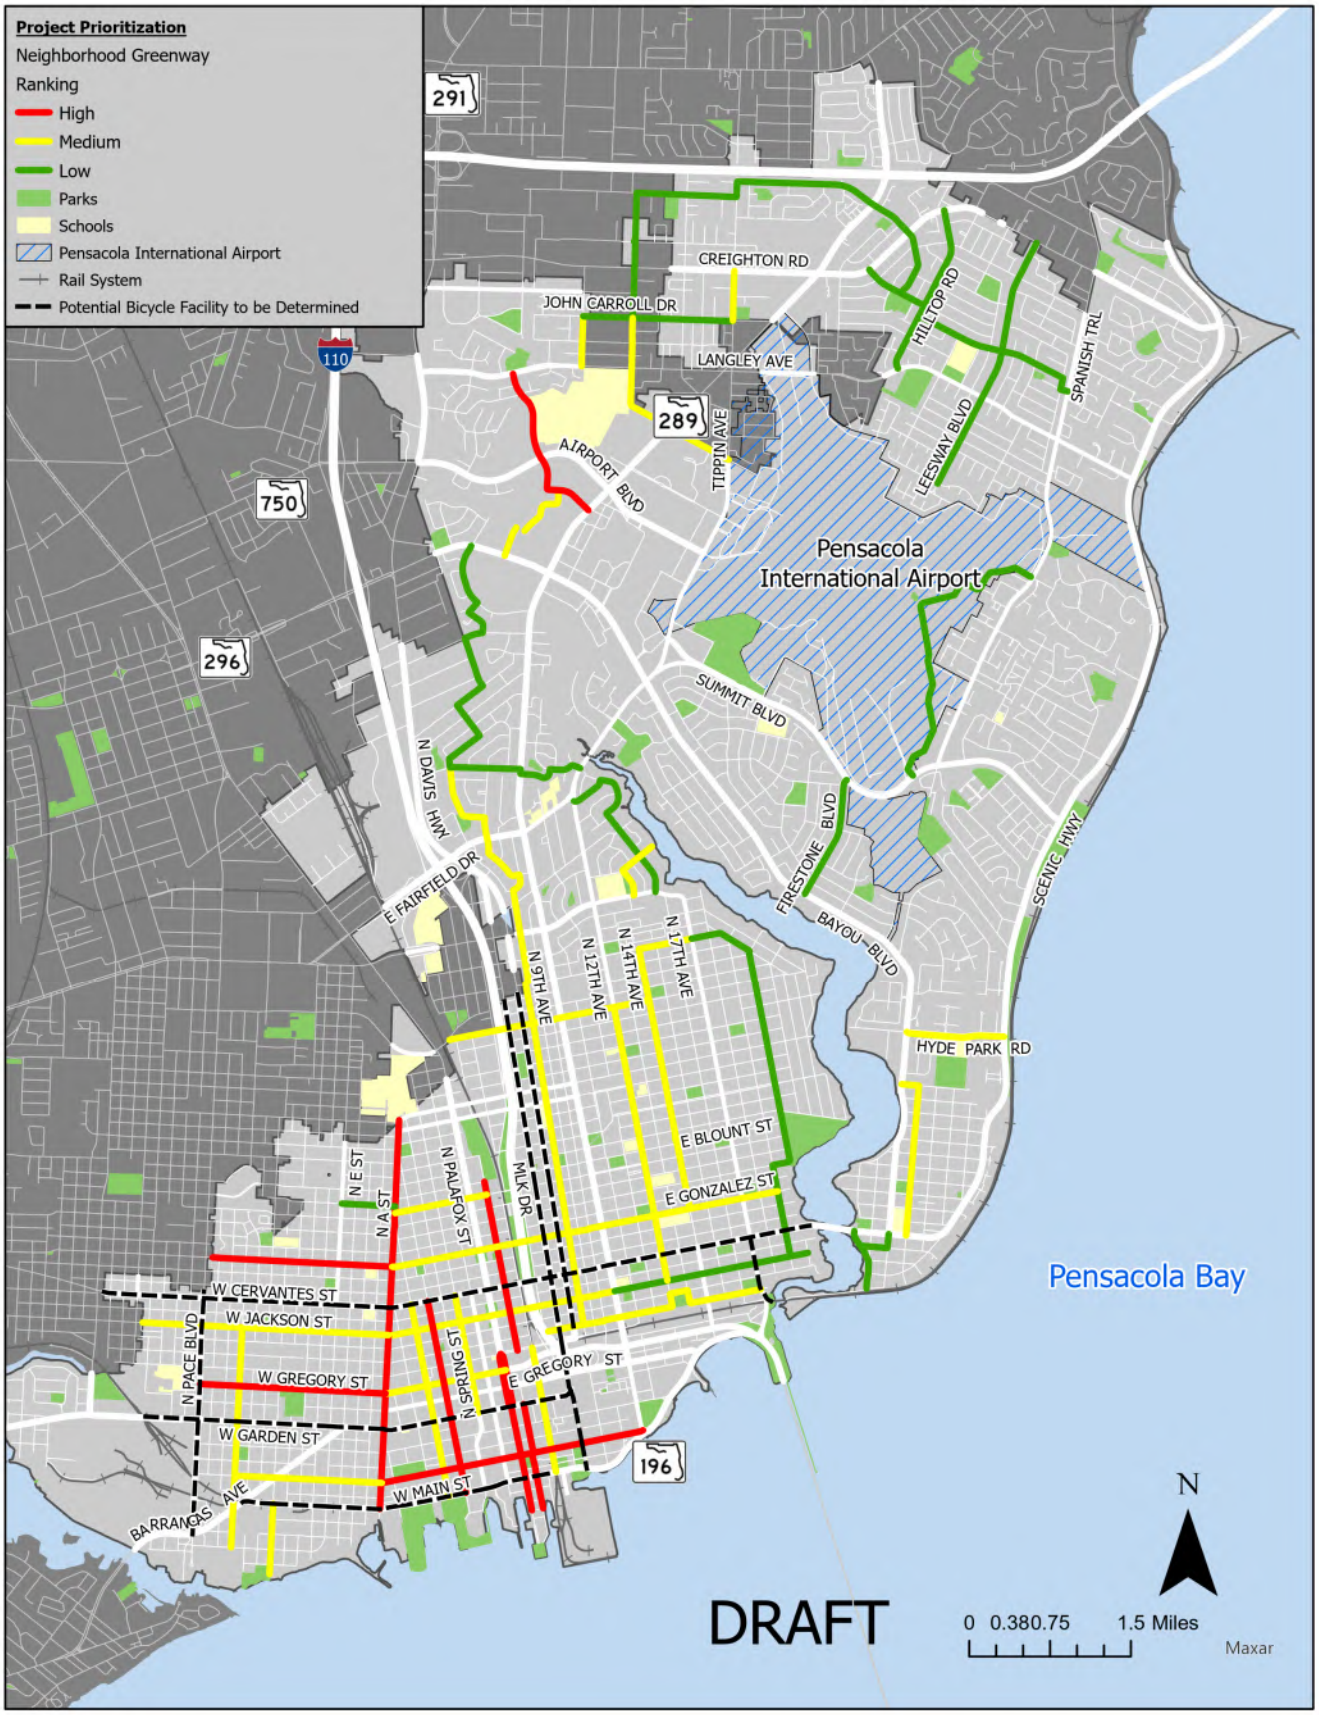
- Context Area
- Street Type
- Desired Facility
- Feasibility

**2. Engage**
Within the community and stakeholders

**3. Explore Possibilities**
If not possible (in short-term) or desired time frame, look at parallel route or add on-street facilities

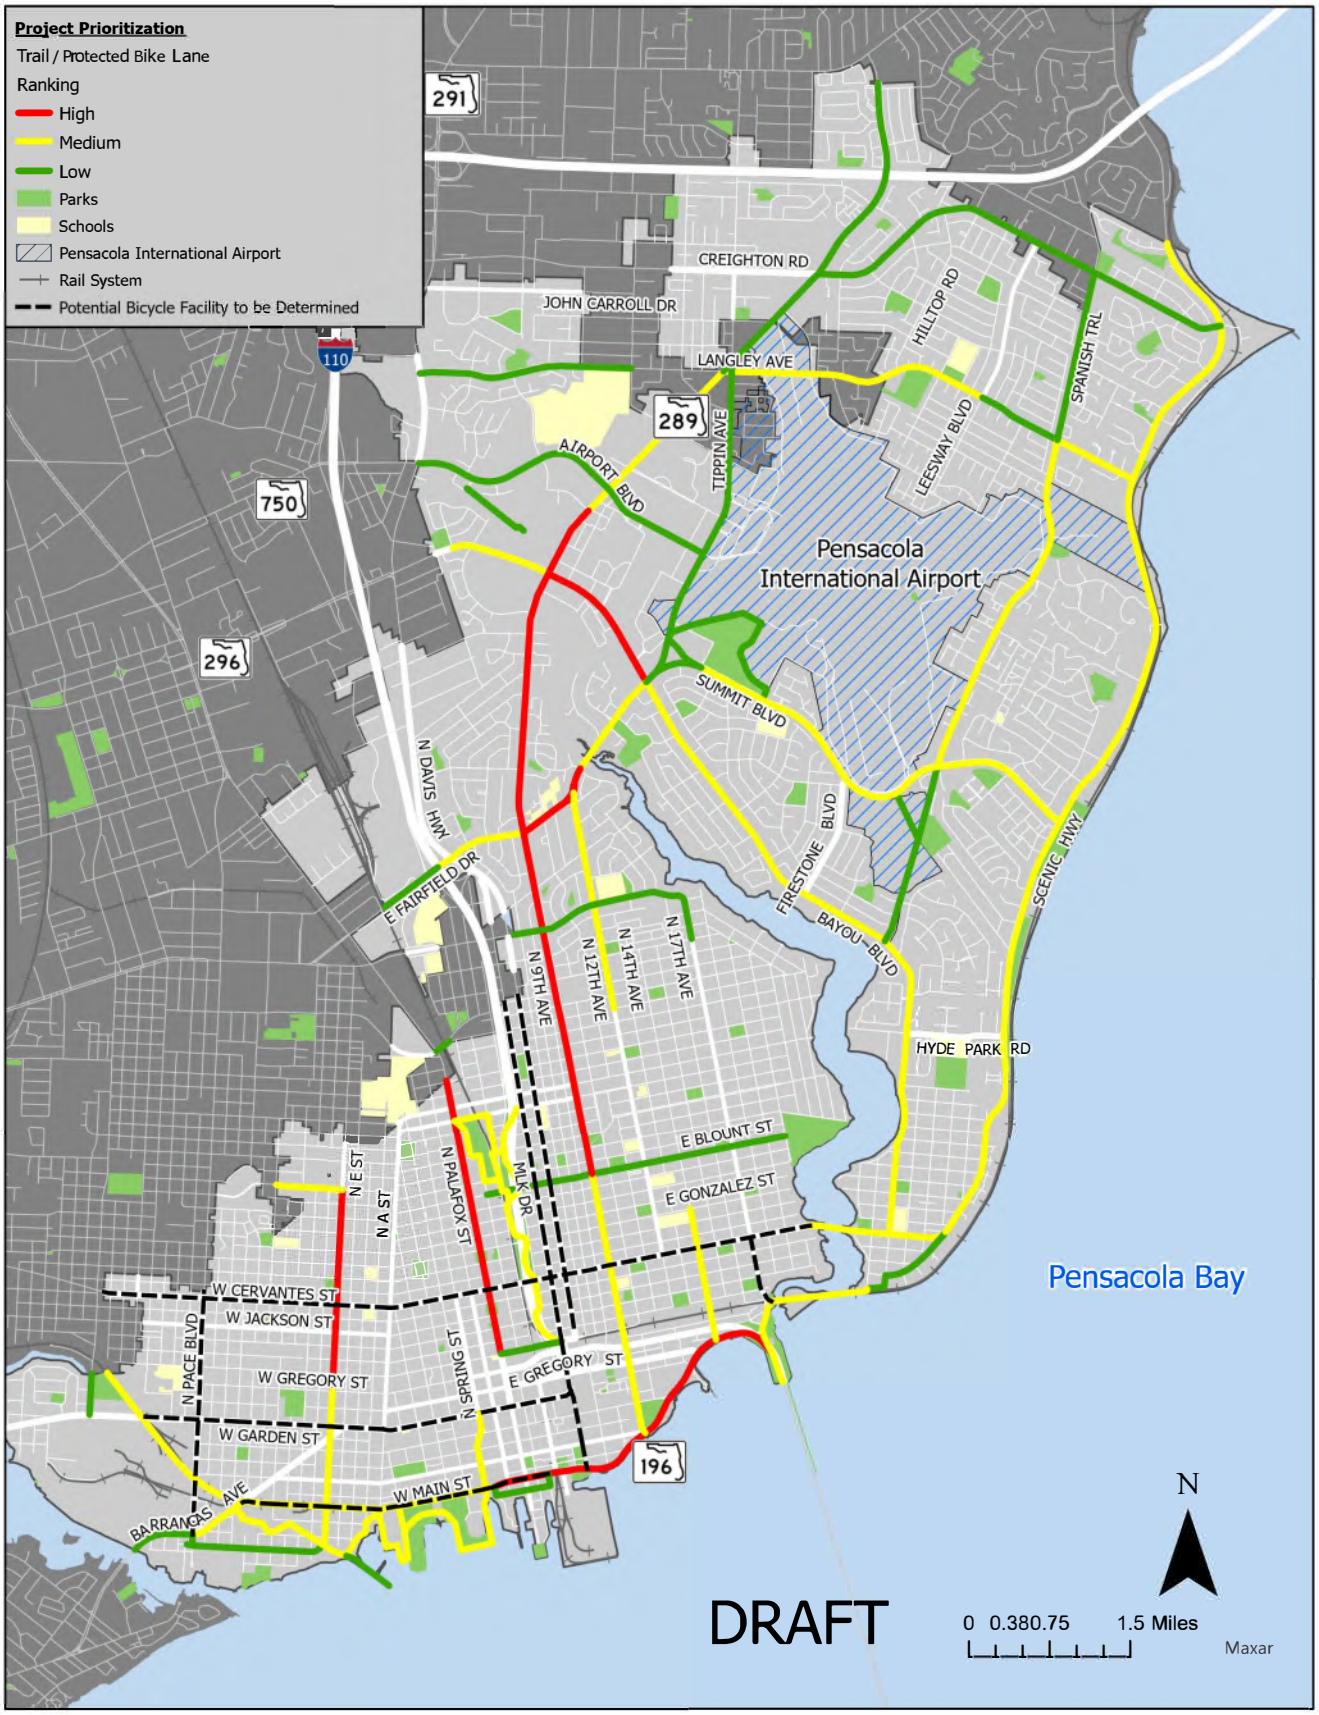
### Pedestrian Facilities

Pedestrian facilities - specifically sidewalks - were identified near major destinations and points of interest including schools, parks, and transit and in higher activity areas like Pensacola State College and downtown. The high and medium sidewalk priorities from the City of Pensacola's Sidewalk Priority Model were also overlaid on the map. In addition, sidewalk gaps near the High Injury Network intersections and from the community engagement were included as priorities. The City of Pensacola could continue to review these, along with citizen requests, with other projects and during budgeting.



## Prioritization Criteria

For the prioritization mapping of the future network projects, criteria was based around four guiding principles: Safety, Connectivity, Accessibility, and Community Support. The guiding principles were developed in cooperation with the steering committee and through public input. When evaluating safety, various types of crashes were accounted for that fell within a 100ft buffer along the proposed project location. Additional data was gathered to evaluate whether the proposed project will fill a gap in the pedestrian transportation network, connects pedestrians to major destinations, or whether the proposed project will have significant utility or right of way impacts. The Florida Department of Transportation's "Disadvantaged Community" boundary was utilized to further understand if a project would provide options and accessibility to an underserved area. Community input was gathered from several public meetings and web based form submittals to understand if a project aligns with public and stakeholder input. The prioritization was developed to help guide ranking of potential future projects. Additional considerations should be included over time based on changing conditions including a review of feasibility of projects, the continuation of projects, and where there are opportunities with resurfacing or other maintenance projects.



### Prioritization Criteria

| Guiding Principles | Prioritization Criteria |
|---|---|
| Put Safety First | **Safety:** High crash areas (pedestrian, bicyclists, vehicular), dark conditions, noted safety concern<br><br>**Traffic Calming/Speed Reduction:** Difference between posted and desired speeds |
| Connect People and Places | **Connectivity:** Fills a gap or barrier in the network, connects to destinations |
| Access for All | Project is identified in a disadvantaged area, provides options |
| Add Mobility Options | **Community Support:** Aligns with public and stakeholder feedback, included in other plans/ projects |

## Figure 16. Neighborhood Greenway Priority Map

## Figure 17. Trail/Protected Bike Lane Priority Map

"To make a good city, you need good streets"

-Victor Dover

# SECTION 4
## HOW ARE WE GOING TO GET THERE?

## Actions for Implementation

Implementing the approaches and recommendations from the previous sections are vital to continue the momentum of creating a connected and comfortable active transportation network. This section includes actions for governmental agencies that own our streets (City departments, Escambia County, ECAT, and the FDOT) including others that may impact changes to our streets such as developers, other agencies, or the community. The call is to create a connected network of safe streets for everyone of all ages and abilities.

*The action plan outlined in this section is a blueprint to ensure that the active transportation vision and guiding principles are fully implemented throughout the City and becomes a foundational part of all projects moving forward.*

**The actions for implementation are grouped into four main areas:**

**1**

**Update Policies and Regulations – especially the Land Development Code to implement recommendations**

**2**

**Leverage Quick-Build and Tactical Projects**

**3**

**Partner to implement and promote the active transportation network**

**4**

**Seek funding and grant opportunities**

**This section includes general timing for the actions including:**

- CONTINUOUS
- IMMEDIATE: 0-1 YEARS
- SHORT-TERM: 0-3 YEARS
- MID-TERM: 4-6 YEARS
- LONG-TERM: 6+ YEARS

## 1. Update Policies and the Regulations

A key step for implementation is for the City to continue to modernize and coordinate policies and regulations related to active transportation. Updating policies - and in particular the Land Development Code - are vital to make sure the recommendations can be implemented in conjunction with future changes to streets.

### Policies and Regulations Actions

| Action No. | Action | Description | Responsible Parties | Timing |
|---|---|---|---|---|
| **1.01** | Adopt a Vision Zero Policy | An adoption of an ordinance will make it clear that safety is paramount and not one death in our City is acceptable | City of Pensacola | **Immediate** |
| **1.02** | Update the Land Development Code and Standards to Add Authority to ATP | Create technical design standards/manual to include flexible design guidance and typical cross sections, bicycle facility, pedestrian, and intersection guidance<br><br>Apply Form-Based Code standards to include walkability, lighting, urban design standards (consider areas near the Civic Center and commercial areas in Northeast Pensacola and areas east of downtown first)<br><br>Update to include information from flexible design guidance and FDOT Design Manual on speed management, lane widths, bicycle facilities, sidewalks, landscaping (shade), lighting, and intersections<br><br>Update to include bicycle parking and storage requirements for new developments<br><br>Explore strategies and tools like Transportation Demand Management, Concurrency, Mobility Fees, etc. | City of Pensacola | **Short-term** |
| **1.03** | Develop an Active Transportation Plan Checklist and Procedures | Create a checklist to use during the project development phase and interdepartmental review process to ensure that all projects within the public right-of-way comply with the intent of the ATP<br><br>Utilize with roadway projects and for major site plans, and assign staff to utilize with roadways projects and site plan review for multimodal opportunities and compliance with the ATP | City of Pensacola | **Short-term** |
| **1.04** | Update the Comprehensive Plan | Update policies to incorporate ATP guiding principles including measures from the ATP beyond Auto Level of Services, context classification, and focus on safe speeds | City of Pensacola | **Short-term** |
| **1.05** | Monitor and Fine-tune | Review how policies, regulations, procedures are working and update as appropriate. Create a dashboard to monitor guiding principle measurables | City of Pensacola | **Short-term** to **Mid-term** |

## 2. Leverage Quick-Build and Tactical Projects

Implementing the ATP network may require re-allocating existing roadway space. The flexible design guidance displays modal priorities with the understanding that streets have different users. Some streets in the City have little auto traffic compared to what they were designed to carry. These streets present an opportunity to provide options and economic vitality. The Potential Lane Repurposing map, **Figure 12**, identifies roads within the City where some vehicle travel lanes could be removed or repurposed to build a connected network for other modes of travel or to meet other ATP goals such as speed reduction. Each project that may involve lane repurposing would need to include further study, targeted public involvement, and coordination with regional stakeholders such as Escambia County and the FDOT.

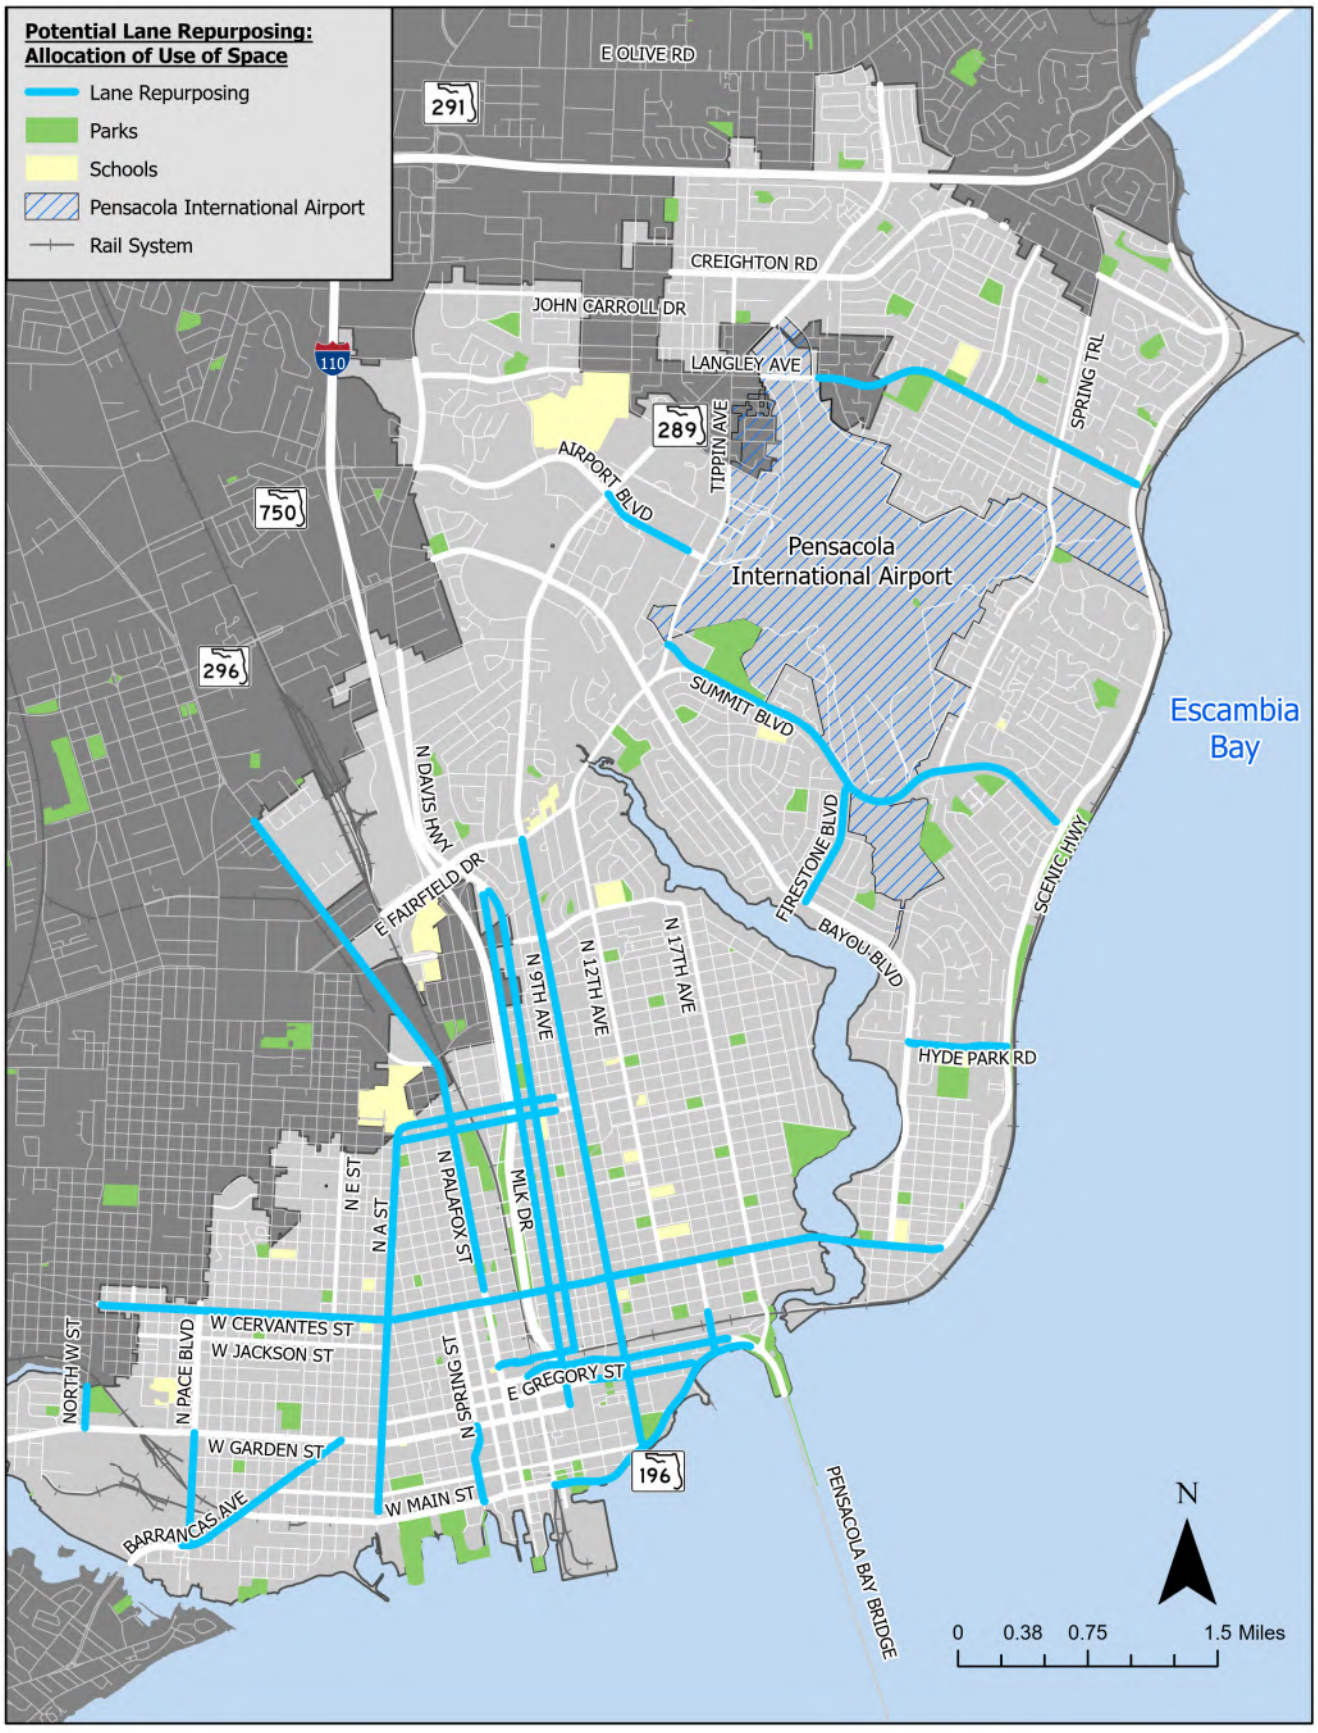
### Leverage Quick-Build and Tactical Projects Actions

| Actions No. | Action | Description | Responsible Parties | Timing |
|---|---|---|---|---|
| **2.01** | Enact temporary pop-up or demonstrations that assess/lead to quick-build projects | Quick build projects are planned with the expectation that the design may undergo changes in the future with minimal investment<br><br>Quick build projects fit between pop-up projects and capital projects. Pilot projects test solutions before a significant investment is required. Interim build projects provide the benefits much earlier than otherwise would be available | City of Pensacola | **Continuous** |
| **2.02** | Leverage opportunities for quick-builds | Examine the City's roadways to determine which lanes (**Figure 18**) may be repurposed to re-allocate space for other facilities and improvements (include additional studies and coordination as needed)<br><br>Tie in quick builds with 3R (resurfacing, restoration, and rehabilitation) or maintenance projects | City of Pensacola | **Continuous** |
| **2.03** | Form a quick-build team | With City staff, include the community on tactical projects such as crossing and intersection improvements | City of Pensacola | **Mid-term** |

### Quick-Build Projects

Quick-build projects can be pilot projects or interim build projects.

- Pilot projects tend to be based more on the concept of testing a solution during a cost-effective, quick-build implementation before deciding whether investment in a more permanent reconstruction is warranted.
- Interim-build projects are used to provide the public with the benefits of a project much earlier than otherwise would be available by waiting until the full reconstruction is funded, designed, and built.



*Source: Kimley-Horn*

*Source: City Of Honolulu*

## Figure 18. Potential Lane Repurposing Map

## 3. Partner to Implement and Promote the Active Transportation Network

Implementing ATP projects will require partnerships with agencies. Coordination and partnerships with local, regional, public, and private entities, particularly on funding, are key to implementing the ATP guiding principles.

### Partner to Implement and Promote the Active Transportation Network Actions

| Actions No. | Action/Partnership | Description | Responsible Parties | Timing |
|---|---|---|---|---|
| **3.01** | Develop Annual and 5-Year Project Priority Lists | Develop a master list and map of annual and 5-year projects from the departments to review opportunities to leverage funding and implement ATP projects. The possibility of developing an interactive or web map should be reviewed to further coordinate the process. The City should review and update the prioritization spreadsheet for Neighborhood Greenways and Trails/ Protected Bike Lanes for changing conditions overtime.<br><br>Focus on the following:<br>• Implement wayfinding/signage to promote the network<br>• Start with smaller infrastructure project – start with east/west neighborhood greenways<br>• Make intersection and mid-block crossings improvements to set the foundation where on the High Injury Network or on streets on the ATP network recommendations<br>• Build a full "spine" multi-use trail under I-110 that connects Hollice T Williams to the waterfront<br>• Implement past waterfront plans to create a downtown east/west multi-use trail - provide connections to the surrounding neighborhoods<br>• Advance other larger infrastructure trails into the Long Range Transportation Plan<br>• Fill sidewalk gaps near destinations<br>• Continued intersection and crossing improvements | City of Pensacola | **Immediate** |
| **3.02** | TIP and LRTP Integration | Coordinate and partner with the TPO, County, and FDOT to integrate ATP projects in the TIP and LRTP. | City of Pensacola<br>Florida-Alabama TPO | **Continuous** |
| **3.03** | Implement Projects with Future Development | Partner with the private sector and other agencies to implement ATP infrastructure such as pedestrian facilities and bicycle facilities (including parking) | City of Pensacola | **Continuous** |

## Partner to Implement and Promote the Active Transportation Network Actions (cont...)

| Actions No. | Action/Partnership | Description | Responsible Parties | Timing |
|---|---|---|---|---|
| **3.04** | Conduct Education and Initiatives for Safer Streets | Provide training and education to staff to learn best practices from FDOT, NACTO, Institute of Transportation Engineers, and Federal Highway Administration<br><br>Conduct educational campaigns through PSAs, collaboration with Pensacola Police Department, etc. to help people understand rules of the road and promote slower streets.<br><br>Promote ATP through slow rides, coffee chats, food truck ralleys, CivicCon, other events<br><br>Seek American League of Bicyclist Certification<br><br>Engagement with local schools and tourism board | City of Pensacola | **Continuous** |
| **3.05** | Form a Bicycle and Pedestrian Advisory Committee (BPAC) | Form an Advisory Committee to provide input to decision makers on bicycle and pedestrian projects, programs, and policies. | City of Pensacola | **Short-term** |
| **3.06** | Pursue Bikeshare | Partner with a private vendor to implement bikeshare within the City | City of Pensacola | **Short-term** |
| **3.07** | Implement Additional Bicycle Parking | Include additional bicycle parking (key employers, schools, parks, Pensacola Bay City Ferry to connect to beaches) | City of Pensacola | **Short-term** to **Mid-term** |
| **3.08** | Pursue a Curb Management Plan | Identify a plan to provide further clarity on curb zones - bike/micromobility parking (corrals), transit, outdoor dining, and on-street parking | City of Pensacola | **Short-term** |
| **3.09** | Change Roadway Ownership | Look for opportunities to take ownership and change roadway jurisdiction from State or County to City on select streets. Focus on streets on the lane repurposing/allocation map. | City of Pensacola, County, and FDOT | **Mid-term** to **Long-term** |
| **3.10** | Explore Micromobility and Microtransit Options | Explore additional micromobility options such as a looper, downtowner, etc. to further connect active transportation network<br><br>Explore microtransit for smaller circulator routes | City of Pensacola | **Mid-term** |
| **3.11** | Explore feasibility of mobility hubs | Mobility hubs are places in a community that bring together public transit, bike share, car share and other ways for people to get where they want to go without a private vehicle | City of Pensacola | **Mid-term** |

## Partner to Implement and Promote the Active Transportation Network Actions (cont...)

| Actions No. | Action/Partnership | Description | Responsible Parties | Timing |
|---|---|---|---|---|
| **3.12** | Conduct an Engineering Study | Conduct a further engineering study for regional trail system to explore alignment and overcoming barriers to connections for projects that help complete the SUN Trail system. | City of Pensacola | **Mid-term** |

## 4. Actively Seek Funding

There are various funding sources available to implement the projects within the ATP. Some of these sources are City funds, while others may come from the County, state, and federal level. There are also grant opportunities at the state and federal level that can be applied for to implement the ATP.

### Actively Seek Funding Actions

| Actions No. | Action/Partnership | Description | Responsible Parties | Timing |
|---|---|---|---|---|
| **4.01** | Pursue Dedicated and Additional Funding for the ATP | The City will seek diversified funding not only to mitigate larger infrastructure costs such as street re-designs, intersection projects, or even resurfacing, but also to focus on other less expensive interim projects, such as re-striping, signal timings, neighborhood greenways, and street trees. The City will also work with regional and local partners to fund ATP projects. | City of Pensacola | **Immediate** |
| **4.02** | Internal City Coordination | Combine ATP projects while reviewing pavement maintenance, 3R projects, or other CIP projects | City of Pensacola | **Immediate** |
| **4.03** | Partner with Escambia County | Coordinate with local partners to fund ATP projects that are adjacent to the City and leverage funding | Local City Partners | **Immediate** |
| **4.04** | Partner with FDOT | Work with FDOT on their Complete Streets efforts and fund projects within the City<br><br>Pursue Safe Routes to School funding and Surface Transportation Program (STP) dollars | City of Pensacola, FDOT | **Immediate** |
| **4.05** | Partner with Florida-Alabama TPO | Coordinate on transportation alternatives funding<br><br>Coordinate on recreational trails funding<br><br>Program projects into the TIP and LRTP including trail and bicycle improvements | City of Pensacola, TPO | **Immediate** |
| **4.06** | Escambia County Area Transit | Work with Escambia County Area Transit (ECAT) to prioritize funding for improvements such as stop improvements on streets with high performing transit routes<br><br>Prioritize funding for improvements that complete first and last mile connections to transit stops<br><br>Seek grants and funding for transportation disadvantaged areas that could include demand response service | City of Pensacola, ECAT | **Immediate** |

## Additional Funding Opportunities

| Opportunity | Description | Agency |
|---|---|---|
| State Infrastructure Bank Loans | Loan from the State of Florida for the development of Infrastructure Projects. | FDOT |
| Environmental Protection Agency (EPA) | Grant opportunities for green infrastructure and landscaping, healthy communities initiatives, and brownfields. | Environmental Protection Agency (EPA) |
| Community Development Block Grant Program (CDBG) | CDBG grants to benefit low to moderate income persons and communities, sustainable communities grants. | Housing and Urban Development (HUD) |
| AARP Community Challenge | Small grants to fund "quick-action" projects. AARP will prioritize projects that support residents age 50 or over, are inclusive, address disparities, AND directly engage volunteers. | American Association of Retired Persons (AARP) |
| Recreational Trails Program | Matching-grant funds to renovate, develop, or maintain recreational motorized, nonmotorized, and mixed-use trails and trailside facilities. | Florida Department of Environmental Protection (FDEP) |
| Rebuilding American Infrastructure with Sustainability and Equity (RAISE) | Grants are for capital investments in surface transportation that will have a significant local or regional impact. | USDOT OST |
| Community Planning Technical Assistance Grant (CPTAG) | Supports innovative, creative, or unique approaches to planning and development, and infrastructure. | Florida Department of Economic Opportunity (DEO) |
| Safe Streets and Roads for All (SS4A) - Implementation Grant | Funding to support Vision Zero initiatives that prevent death and serious injury on roads and streets, including the implementation of a safety action plan. | USDOT OST |
| Reconnecting Communities Pilot (RCP) Program | Funds are to be awarded on a competitive basis and dedicated to reconnecting communities that were previously cut off from economic opportunities by transportation infrastructure. | USDOT OST |
| Advanced Transportation Technology and Innovation (ATTAIN) Program | The ATTAIN Program is intended to provide funding to eligible entities to deploy, install, and operate advanced transportation technologies to improve safety, mobility, efficiency, system performance, intermodal connectivity, and infrastructure return on investment. | USDOT FHWA |
| The Trail Fund | Can be used for trail maintenance backlog on State and Local Lands, research with a focus on the development and understanding of how trails and the industry create value and impact, or Stewardship Training. | American Trails |

## Additional Funding Opportunities (cont...)

| Opportunity | Description | Agency |
|---|---|---|
| Shade Structure Program | Must be used to implement a shade structure that meets the stringent requirements of the AADA. Examples include bench shelters, bus shelters, and shade for playgrounds. | American Academy of Dermatology Association (AADA) |
| People for Bikes Grants | PeopleForBikes accepts grant applications from non-profit organizations with a focus on bicycling, active transportation or community development; from city or county agencies or departments and from state or federal agencies working locally. | PeopleforBikes |

## Evaluation and Measuring Success

The Guiding Principles in Section 3 provide the framework for transportation improvements that develop a multimodal mobility system. This system must be safe, accessible, and efficient for people of all ages and abilities. Performance measures evaluate the success of future developments, local, and regional programs and City improvements in achieving the principles. Performance measures for each guiding principle are listed below from a Citywide perspective. Specific ATP projects should also be measured for effectiveness after construction.

### Measurements for Success

#### Overall

- Create a dashboard to start to monitor and evaluate some of the items below. Others may take more time to gather and may not be evaluated each year.
- Bicycle and Pedestrian Advisory Committee will help monitor progress on ATP goals and projects.

#### Put Safety First

- Number of deaths (all, bicycle, pedestrian)
- Number of Injuries (all, bicycle, pedestrian)
- Number of crashes, deaths, injuries withing disadvantaged areas
- Number of streets with speed management improvements or re-allocation/retrofits
- % of arterial and collector streets where posted speed is within target speed range
- Number of intersections with adaptive signal control or pedestrian improvements (LPI)
- Number of City-controlled lighting improvements
- Number of training events each year
- Number of trees planted by City within ROW adjacent to streets.

#### Connect People and Places

- % sidewalk or bicycle coverage near schools, parks, major employment
- Number of gaps connected
- Number of new developments with ATP improvements

#### Access for All

- Miles of ATP network within Disadvantaged Areas
- Miles of ATP network within areas with high concentrations of those with disabilities
- Number of new transit stop connections

#### Add Mobility Options

- Miles of bicycle infrastructure completed
- Miles of sidewalks
- # of crossings and intersection improvements
- # of new bicycle parking locations
- % mode split (US Census)
- Number of ATP related events held each year

*This page was intentionally left blank.*

## Next Steps

Pensacola In Motion was developed to build onto the momentum from the last few years in creating an active transportation network. It is a unique time in history when there is more focus on creating safe and comfortable streets with additional funding coming from the federal government.

To achieve the development of a safe and comfortable network, and the guiding principles of the ATP, it will take short-term and long-term actions. There will need to be collaboration and partnership with Escambia County, FDOT, and other government agencies as well as the private sector, community-based organizations, and local partners. Despite available federal funding, local funding is not in endless supply, but there is an opportunity to get tactical and resourceful. Of utmost importance is to update the policies and procedures. There will need to be flexibility and evaluation of the recommendations. The City will continue the prioritization criteria and changing conditions to continue to monitor and reassess priority projects identified in **Figures 15 - 17**.

The opportunity is to build onto the history and vibrancy of Pensacola and to implement one of the premier networks in the country for a mid-sized city. With this comes economic vitality and options. There is also a chance to achieve Vision Zero and create safer streets. The real opportunity is to create a connected network not only for people that live and visit the City today but also for future generations to keep **Pensacola In Motion!**

# MOBILITY FAIR SUMMARY

MOBILITY FAIR SUMMARY

**Mobility Fair 1**
Fricker Resource Center
October 18, 2022
5:30 pm

**Mobility Fair 2**
Tryon Branch Library
October 20, 2022
5:00 pm

**Takeaways**

Based on the results of the participant feedback at each of the stations, it appears that they place the highest priority on improving transportation safety, connectivity, and accessibility. These three elements were frequently mentioned in the One Word activity. In the Money Buckets activity, the improvements with the most money allocated to them were designated on-street bike lanes, reduced lane widths, and sidewalks, which each positively contribute to safety, accessibility, and connectivity. The stickers and markup on the maps demonstrate that participants live and work in various locations throughout the city, which reiterates the importance of advancing transportation connectivity.

**Types of Improvements - Preliminary**

Table 1 provides types of improvements by location that were frequently heard or documented based on preliminary conversations with the public at the mobility fairs and the icons/writing on the plot maps. This is not comprehensive of all public outreach, nor does it include any data analysis or prioritization via approved methodology.

| Challenge/Opportunity | Location |
|---|---|
| Access Needed | 3-Mile Bridge: From Downtown to Scenic Hwy<br>Waterfront: Between 17th Ave and 9th Ave<br>Bayfront Parkway |
| Bike Lane Pinchpoint | Cervantes between 19th Ave and Bayou Texar Bridge |
| Bike Facilities Needed | W Garden near Pensacola State College Downtown Center<br>W Main St<br>N 12th Ave<br>N 9th Ave<br>N Davis Hwy |
| Crossing Needed | Gonzalez from at least E street to Bayview Park (at major intersections)<br>Graffiti Bridge (pedestrian) |
| Intersection Improvements | Difficult to navigate the intersection of Garden/Barrancas<br>Cervantes and N Palafox Pl<br>9th Ave, Langley Ave, and Tippin Ave<br>Gonzalez from at least E street to Bayview Park<br>12th Ave and Bayou Blvd<br>17th Ave<br>14th Ave and Bayfront<br>Scenic and Summit |
| Lane Repurposing | 9th Ave<br>Cervantes St between A St and Dominguez St |

| Challenge/Opportunity | Location |
|---|---|
| Lighting | 9th Ave<br>N Pace Blvd<br>Langley Ave between Spanish Trail and Hibiscus Rd |
| Mid-Block Crossing | N 17th Ave and E La Rua St<br>Langley Ave between Spanish Trail and Hibiscus Rd<br>N 9th Ave between E Fairfield Ave and Bayou Blvd<br>N 12th Ave between E Fairfield Dr and Summit Blvd |
| Multi-Use Trail | Scenic Highway<br>LEAP Trail around Airport – Summit Blvd, Spanish Tr, Tippin Ave |
| Neighborhood Greenway | Gonzalez St |
| North/South Connector | Palafox/Hollice T Williams MUP, or two-way conversion of MLK Davis/Alcaniz |
| East/West Connector | Gonzalez St<br>Jackson St |
| Sidewalk Enhancements | Leesway Blvd from Langley Ave to Leesway Cir<br>N Pace Blvd |
| Speed Reduction | Langley Ave |

**Station 1: One Word Activity**

Table 2 shows the list of words and phrases that people wrote in the One Word Activity regarding how they view walking/biking/wheeling around Pensacola today. Words and phrases are shown by the number of times people wrote them down. Similar words and phrases have been aggregated from the responses (see figures 1-3 below). The most common words/phrases are bolded in Tables 1 and 2.

| Table 2. One Word or Phrase that describes walking/biking/wheeling around Pensacola TODAY | Occurrences |
|---|---|
| **unsafe** | **5** |
| **inconsistent** | **4** |
| **risky** | **2** |
| pretty good inside urban street grid | 1 |
| segmented | 1 |
| difficult in my neighborhood | 1 |
| lack of sidewalks | 1 |
| inequitable | 1 |
| car-oriented | 1 |
| possible inside urban street grid | 1 |
| uncomfortable inside urban street grid | 1 |
| unpleasant in suburban areas | 1 |
| frustrating | 1 |
| unpleasant along state roads | 1 |
| unaccommodating | 1 |
| disconnected | 1 |
| family unfriendly | 1 |

| | |
|---|---|
| uncomfortable | 1 |
| loud | 1 |
| non-existent outside of downtown | 1 |
| scary | 1 |
| few designated areas | 1 |

Table 3 shows the list of words and phrases that people wrote in the One Word Activity regarding how they envision walking/biking/wheeling around Pensacola in the future. Words and phrases are shown by the number of times people wrote them down. Similar words and phrases have been aggregated from the responses (see figures 1-3 above).

| Table 3. One Word or Phrase that describes how you want walking/biking/wheeling around Pensacola to be like in the FUTURE | Occurrences |
|---|---|
| **safer** | **4** |
| **Connected** | **4** |
| **bike-friendly** | **2** |
| **Accessible** | **2** |
| ADA accessible | 1 |
| greener | 1 |

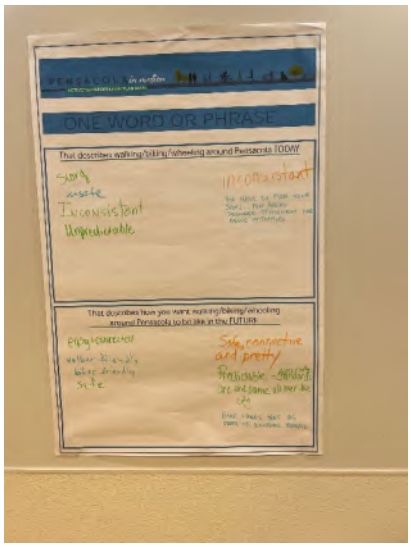

*Figure 2. One Word Activity (2)*

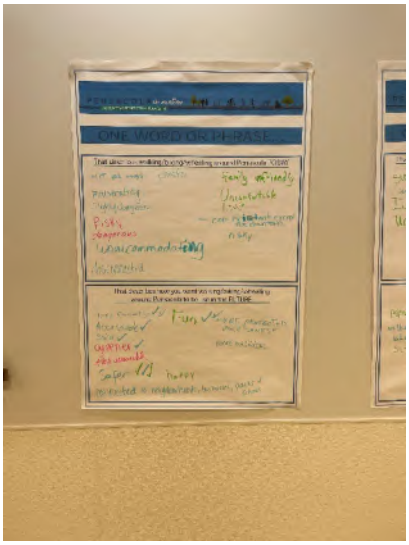

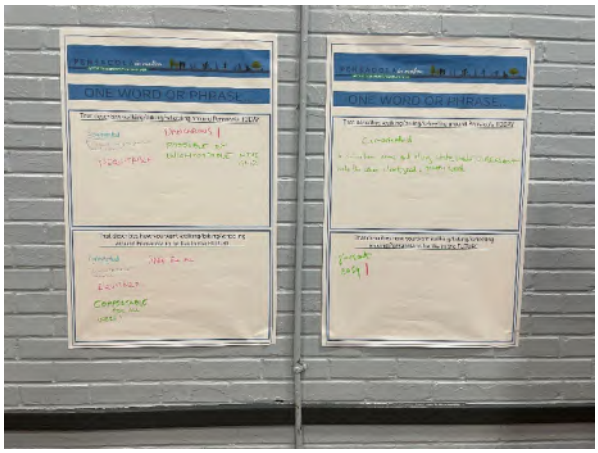

*Figure 3. One Word Activity (3)*

## Station 2: Type of User

Table 4 lists the type of bicyclist or pedestrian that people identified with and shows the count and percentage that each type makes of the total. Recreational bicyclists or pedestrians and parents make up almost half of the participants.

| Table 4. Which one of these types of users do you most identify with? | Percent of Total |
|---|---|
| **Casual Stroller** | **25%** |
| **Independent Living** | **23%** |
| Avid Athlete | 20% |
| Recreational User | 16% |
| Safe Parent | 16% |

## Station 2: Money Buckets

Table 5 shows the amount of money that each type of bicyclist or pedestrian allocated by improvement and the total amount of money that was allocated to each improvement, across all user types. Overall, people allocated the most money to designated on-street bike lanes, reduced lane widths, and sidewalks. However, people who use bicycles or walk for recreation spent the most money on better maintenance and enhanced landscaping. Athletes and casual strollers also spent money on better maintenance.

| Table 5. Money Buckets | | User Type | | | | | |
|---|---|---|---|---|---|---|---|
| | | Safe Parent | Recreational User | Avid Athlete | Independent Living | Casual Stroller | Total |
| Improvement | Designated On-Street Bike Lanes | **$900** | $200 | **$700** | $**1,500** | $1,000 | **$4,300** |
| | Reduced Lane Widths | **$900** | $0 | $500 | **$1,500** | $1,200 | **$4,100** |
| | Sidewalks | $400 | $200 | $500 | $1,400 | $700 | **$3,200** |
| | Pedestrian Crossings | $600 | $0 | $500 | $600 | **$1,300** | **$3,000** |
| | Better Maintenance | $0 | **$300** | **$700** | $400 | **$1,300** | **$2,700** |
| | Street Lighting | $0 | $0 | $400 | $900 | $800 | **$2,100** |
| | Upgraded Transit Stops | $0 | $0 | $100 | $600 | $800 | **$1,500** |
| | Intersection Improvements | $0 | $0 | $400 | $300 | $600 | **$1,300** |
| | Enhanced Landscaping | $0 | **$500** | $0 | $0 | $300 | **$800** |
| | Shared-Use Paths | $0 | $0 | **$800** | $0 | $0 | **$800** |
| | Bicycle Amenities | $300 | $0 | $0 | $0 | $200 | **$500** |

## Station 3: Maps and Stickers

Figure 4 shows the categories of stickers that participants were available for participants to select and then place on the map (figures 5-11).

*Figure 4. Stickers*

Figure 5 shows a map of Downtown Pensacola with stickers and markup from participants. Although no home or work locations were identified along SR 196 (Bayfront Parkway), participants placed an *add or enhance sidewalks* sticker along this corridor.

*Figure 5. Downtown Pensacola (1)*

Figure 6 shows a map of Downtown Pensacola with stickers and markup from participants, which was a different group of participants than in Figure 5. The most common stickers in this map were *add street lighting* and *add bicycle facilities*.

*Figure 6. Downtown Pensacola (2)*

Figure 7 shows a map of Downtown Pensacola with stickers and markup from participants, which was a different group of participants than in Figures 5 and 6. The most common sticker in this map was *add bicycle facilities*, which were the most concentrated downtown, but still dispersed throughout the city.

*Figure 7. Downtown Pensacola (3)*

Figure 8 shows a map of Downtown Pensacola with stickers and markup from participants, which was a different group of participants than in Figures 5, 6, and 7. The most common sticker type selected by participants in this map was *add bicycle facilities*, which were all placed on either the eastern or northern sides of the city.

*Figure 8. Downtown Pensacola (4)*

Figure 9 shows a map of North Pensacola with stickers and markup from participants. The most prevalent sticker type in this map was *add street lighting*, which were heavily concentrated on Langley Avenue.

*Figure 9. North Pensacola*

Figure 10 shows a map of the Pensacola Airport area with stickers and markup from participants. There were only two stickers placed on this map—*work* and *home*, which were on opposite sides of the city from one another.

*Figure 10. Pensacola Airport*

Figure 11 shows a map of the Pensacola Airport area with stickers and markup from participants, which was a different group of participants than in Figure 10. The only improvement stickers placed were *traffic calming* and *add bicycle facilities.* One of each was placed.

*Figure 11. Pensacola Airport (2)*

## Station 5: Build-a-Street

Different elements were provided for residents to reconfigure the layout of an existing street. Figures 12 – 20 show the results of the resident's choices for this activity.

**Additional Survey Questions**

1. What purpose do you walk/bike/skateboard/wheel around? (Check all that apply)
   - Recreation
   - Get to work
   - Get to school/Take someone to school
   - Shopping/Dining/Go to events or other destinations
   - Health purposes
   - Save money
   - Other (please specify):_____
2. Who are you typically riding with?
   - Yourself
   - Group ride
   - Family/Children
3. What are your top transportation priorities (Please select your top 4)
   - Maintenance of existing roads (i.e. resurface)
   - Traffic calming/slower vehicle speeds on streets
   - Improved efficiency of traffic signals
   - Sidewalk improvements
   - Crossings
   - Trails
   - Designated bike lanes
   - Micromobility options: bikeshare
   - Transit improvements (more frequent buses, enhanced bus stops)
   - Enhanced landscaping/Shade trees
   - Street lighting
   - Access to key locations
   - Other, explain:_____
4. How do you typically travel around Pensacola? (Please select 1)
   - Personal Vehicle
   - Golf Cart
   - Transit
   - Bicycle
   - Walking
   - Ride share
   - Micromobility (electric scooters, etc.)

*Figure 42. Survey Questions Page 3*

5. How would you like to travel around Pensacola? (Please select 1)
   - Personal Vehicle
   - Golf Cart
   - Transit
   - Bicycle
   - Walking
   - Ride share
   - Autonomous Vehicle
   - Micromobility (bikeshare, electric scooters, etc.)

**Optional**

- Name
- Address
- Email
- Phone Number
- Age
  - Under 25

## SUMMARY COMMENTS

# Q1 Where should sidewalks be added or improved?

Answered: 102 Skipped: 0

| # | RESPONSES | DATE |
|---|---|---|
| 1 | Scenic Hwy. is not even an option for our family to bike on. 9th Ave. between Cordova Mall and Creighton. | 12/22/2022 3:31 PM |
| 2 | Scenic hwy | 12/20/2022 3:38 PM |
| 3 | Not sure | 12/20/2022 1:52 PM |
| 4 | ? | 12/19/2022 8:21 AM |
| 5 | 12th Avenue, Cervantes, Scenic Highway, Airport Blvd, Bayou Blvd, W Street | 12/18/2022 4:29 PM |
| 6 | n/a | 12/16/2022 10:05 PM |
| 7 | I'm not sure. | 12/15/2022 7:54 PM |
| 8 | East Pensacola Heights. Lots of set back's and space to add sidewalks. | 12/15/2022 7:29 PM |
| 9 | Cordova area. | 12/15/2022 12:30 PM |
| 10 | East Garden District. | 12/15/2022 12:23 PM |
| 11 | I would love to see a sidewalk going the entire length of Bayou Blvd. on the Bayou side. To access things in our neighbor hood , you have to walk on the road or in yards ((which are very uneven.) This was a huge safety concern when my daughter had to catch a bus behind our house on Bayou. | 12/15/2022 12:05 PM |
| 12 | In areas where people seem to walk more. | 12/15/2022 10:25 AM |
| 13 | Firestone | 12/15/2022 7:21 AM |
| 14 | East Hill | 12/14/2022 9:23 PM |
| 15 | East Hill - consistently connected sidewalks on at least one side for all streets. | 12/14/2022 11:47 AM |
| 16 | Cevallos St | 12/13/2022 2:28 PM |
| 17 | Around more residential areas. | 12/13/2022 1:38 PM |
| 18 | Most of North Hill, most sidewalks are uneven, broken, over grown, and roots going through them. | 12/13/2022 10:35 AM |
| 19 | Cevallos near Government | 12/13/2022 7:05 AM |
| 20 | . | 12/13/2022 1:38 AM |
| 21 | Neighborhoods without sidewalks | 12/12/2022 10:58 PM |
| 22 | Between schools and neighborhoods. Along 12th avenue | 12/12/2022 9:55 PM |
| 23 | Bayou blvd, Scenic Hwy, summit blvd | 12/12/2022 8:57 PM |
| 24 | The end of south 9th Avenue. Cevallos in part. Tarragona south of Government. | 12/12/2022 7:57 PM |
| 25 | Finish sidewalks that can go to the end of a block. Understand that trees may hinder sidewalk completion on some streets. | 12/12/2022 7:48 PM |
| 26 | 12th ave | 12/12/2022 7:04 PM |
| 27 | Just keep Bayfront clear of branches and grass. Clean up broken glass. Trees by wayside park hang low. | 12/12/2022 5:55 PM |
| 28 | EVERYWHERE!! To be a truly functional and effective walking city, sidewalks need to be prioritized. I used to live in a city with a walking score of 97. I walked everywhere. Here in | 12/12/2022 4:21 PM |

| | | |
|---|---|---|
| | Pensacola, I cannot walk 2 blocks before running out of sidewalk and I live in East Hill. | |
| 29 | East Hill | 12/12/2022 4:18 PM |
| 30 | Cross St—17th to the bayou. East side of 12th Ave in tunnel of trees. Magnolia Ave. Whaley Ave | 12/12/2022 4:10 PM |
| 31 | Cross St from 20th Ave to 12 Ave | 12/12/2022 3:37 PM |
| 32 | East Hill’s broken path of sidewalks mostly encourages people to simply use the street rather than play hopscotch with the sidewalks | 12/12/2022 3:23 PM |
| 33 | East Hill and other area's (particularly near City Parks) with high levels of pedestrian activity. | 12/12/2022 2:58 PM |
| 34 | 9th Avenue north of Moreno St | 12/12/2022 2:53 PM |
| 35 | East Hill | 12/12/2022 2:52 PM |
| 36 | I think the sidewalks are great. | 12/9/2022 4:53 PM |
| 37 | From the core dense neighborhoods into downtown. It's currently difficult to get into downtown from outside 1 mile of Main/Palafox. Create more connectors across the main artery streets on the perimeter of downtown. | 12/7/2022 12:17 PM |
| 38 | Everywhere in the Tanyard neighborhood. There are few continuous sidewalks throughout the neighborhood. | 12/6/2022 10:39 AM |
| 39 | I have no response. | 12/6/2022 9:31 AM |
| 40 | Near schools; inside the urban street grid area | 12/5/2022 8:43 PM |
| 41 | All current sidewalks should be connected. I have a section of incomplete sidewalk that the City just re-poured in front of my house that goes to NOWHERE. So we need to start connecting the existing ones first priority. | 12/5/2022 9:50 AM |
| 42 | From Hyde Park to Summit on Scenic Highway | 12/3/2022 8:29 AM |
| 43 | Continue sidewalk buildouts in all neighborhoods | 12/1/2022 12:09 PM |
| 44 | I believe that you should be able to safely ride a bicycle on a separate path away from the road in all areas of Pensacola. Areas north and west of downtown should be especially considered. I live in Belleview and I can't currently ride a bike anywhere. Too dangerous. | 11/30/2022 4:46 PM |
| 45 | We have a sidewalk that does not continue to street at 16th and E Lloyd. If more sidewalks in east hill were completed, it would make it safer to walk or bike. | 11/29/2022 11:30 PM |
| 46 | Especially in areas of West Pensacola where more people rely on them for transportation. | 11/29/2022 12:30 PM |
| 47 | Scenic Highway | 11/29/2022 9:49 AM |
| 48 | North Hill - Improved | 11/29/2022 8:26 AM |
| 49 | On the north side of Bayfront Parkway from 9th avenue to Seville Square. | 11/29/2022 3:00 AM |
| 50 | Everywhere | 11/28/2022 4:42 PM |
| 51 | na | 11/27/2022 10:12 AM |
| 52 | Create a walking / biking trail to connect the upper part of Carpenter's Creek with 12th Ave and Park on Bayou Texar providing for several kayak and canoe inputs along where feasible. Also create a walking / biking path around the holding pond/lake north of Blount St and east of Palafox and make a public use lake out of it. I've been to many cities in the USA and Europe and large ponds / small lakes add to the quality of life for citizens and tourists in an urban environment. Clearwater Florida did this some years ago when they bought a mobile home park and added that area to an already existing city lake / park on the east side near Tampa Bay. | 11/26/2022 11:11 AM |
| 53 | Spanish Trail | 11/24/2022 6:47 AM |
| 54 | I have no suggestions here. | 11/23/2022 7:19 PM |
| 55 | 9th ave south of cervantes | 11/23/2022 3:28 PM |
| 56 | Regarding the Hashtag Downtown Connector Project, I support and applaud the City's efforts to | 11/16/2022 7:46 PM |

| | | |
|---|---|---|
| | make this project a reality and bring the complete streets revitalization to downtown. | |
| 57 | Any location downtown. Sidewalks promote pedestrian experiences, which draws people to a city. No sidewalks draw car traffic. | 11/16/2022 2:01 PM |
| 58 | hash tag project and baywalk project, both of these projects are 100% designed and are shove ready | 11/16/2022 1:23 PM |
| 59 | myrtle grove | 11/13/2022 7:58 PM |
| 60 | Lillian highway could benefit from a sidewalk and safer bike lanes. | 11/11/2022 1:37 AM |
| 61 | Everywhere needed | 11/10/2022 2:48 PM |
| 62 | 12th ave, tippin, any trail going north and south | 11/8/2022 7:44 PM |
| 63 | All over | 11/5/2022 12:55 PM |
| 64 | Beulah | 11/5/2022 12:48 PM |
| 65 | Pace Blvd | 10/26/2022 6:56 AM |
| 66 | Six way stop at Barrancas and Government | 10/26/2022 12:08 AM |
| 67 | 12th Ave and Heinberg/Gregory area east to west allowing a transition from East Hill to downtown. | 10/25/2022 9:25 PM |
| 68 | There is only one side walk South of Garden and West of Palafox that connects the entire west side - West Government. There are areas where the side walk is old, buckled and overgrown. There is a part by S. E. Street where there is no sidewalk at all. This needs to be corrected. | 10/25/2022 9:06 PM |
| 69 | Sorrento rd and gulf beach hwy should have bike paths. These two raods are majoy beach roads. | 10/25/2022 8:47 PM |
| 70 | Cervantes and Scenic Hwy and Bayou Blvd | 10/22/2022 4:25 PM |
| 71 | Sidewalks throughout the city are ridiculous. The sidewalks on 9th ave and 12 ave end abruptly as you're going downtown. Having to leave 12th and 9th and take side roads (that also do not have sidewalks), makes anyone's commute much longer and more complicated. The place on 9th ave where the sidewalk doesn't even have a light. So if you don't know that the sidewalk ends up ahead, you will have to backtrack to cross the road safely. But the sidewalks that do exist are poorly maintained, narrow, and have poles in the middle. I often have to walk through brush, debris, and overgrowth to get anywhere. | 10/22/2022 1:10 PM |
| 72 | 12 ave, Davis highway connecting Dow town to UWF and PSC, Cervantes connecting Brownsville area to downtown, 9h avenue, Main Street | 10/21/2022 9:45 PM |
| 73 | End of 3 mile bridge through gulf breeze proper to beach | 10/21/2022 9:47 AM |
| 74 | Spanish Trail | 10/20/2022 6:43 AM |
| 75 | Scenic Highway, Hyde Park Road, Spanish Trail, Bayou Blvd, and throughout East Hill. | 10/19/2022 10:35 PM |
| 76 | I think the city has already done a good job in this regard. | 10/19/2022 5:05 PM |
| 77 | On Main St. Between Joe Pattis and Bruce Beach | 10/19/2022 4:14 PM |
| 78 | Sidewalks on E LLoyd from 17th to NB Cook, Complete the Sidewalks on E Lee between 14th & 16th, Complete the missing section of sidewalk on E Blount right before 13th, Need Sidewalk on 15th north of E Blount, Complete sidewalk on E Gonzalez between 17th & 15th, Add sidewalk on E Gonzalez between 14th & 15th. The map shows sidewalk on E DeSoto between 15th & 16th but there is only a partial sidewalk | 10/19/2022 2:08 PM |
| 79 | Summit Park | 10/19/2022 11:01 AM |
| 80 | scenic heights | 10/19/2022 10:56 AM |
| 81 | N/A | 10/19/2022 10:29 AM |
| 82 | Broadview Farms off Langley | 10/18/2022 1:06 PM |
| 83 | where the most pedestrian deaths occur | 10/18/2022 12:26 PM |

| | | |
|---|---|---|
| 84 | Downtown | 10/18/2022 12:22 PM |
| 85 | East Hill, especially along major connecting roads. My suggestions (and needs, to ever leave my house without a car) is Texar/17th to Cervantes, 12th to Fairfield, Cross from 12th to 17th, and Lakeview 12th to 20th (connecting to bayview park) | 10/18/2022 12:19 PM |
| 86 | Along 17th Ave from Texar through Graffiti Bridge and to Wayside park to connect East Hill to the Water Front. | 10/18/2022 12:13 PM |
| 87 | Between school and park first! No exception. Then focus should be on having sidewalks without gaps in them. Then start on major roads and work down. | 10/18/2022 10:46 AM |
| 88 | In areas with high car traffic, where they are needed for safety. important to preserve trees, though. Shade is very important here for most of the year. | 10/18/2022 9:38 AM |
| 89 | N/A | 10/17/2022 11:34 PM |
| 90 | 9th ave. All of Main Street | 10/17/2022 11:21 PM |
| 91 | One area that should be looked at is the gateway to the University of West Florida, University Parkway. This road is a main vein to students, and residents of north Pensacola and Pace. Everyone knows there is a college at the end of the road, however the sidewalks are nearly non commutable. Not to mention how many students walk or ride bikes from their apartment to class. Or the senior citizens who cannot walk to get groceries or fresh air, because there are so many cracks in the surface. I would love to be involved in a project that beautifies this vital roadway! | 10/17/2022 10:51 PM |
| 92 | Sidewalks are needed between N Pace Blvd and N G St. and between W Garden St and W Cervantes St. | 10/17/2022 5:58 PM |
| 93 | Any main street inside city limits needs one. If no sidewalk then bike lanes are necessary. Too many people walk unconsciously in the road (when there is no sidewalk or bike path) thinking cars have the ability to drive around them. Drivers can be safe, but people are clueless and don't think to look before crossing or walking out in the incorrect spot. | 10/17/2022 4:37 PM |
| 94 | All throughout East Hill and downtown. I prefer riding my bicycle versus driving to/from downtown, but there are no real safe routes from East Hill to downtown. | 10/17/2022 3:07 PM |
| 95 | Unknown | 10/17/2022 1:11 PM |
| 96 | The whole of bayou blvd would be a great wide sidewalk path to keep runners off sides of road. It’s stop and go sidewalks depending on area or you have to cross road to get to a side walk again. And same with scenic highway. People walk and turn around with such a great hill to take advantage of for strong walkers wiukdntcthr view be great if it had walking accessible areas to connect to the park benches that are already there. | 10/17/2022 12:57 PM |
| 97 | Not sure | 10/17/2022 11:56 AM |
| 98 | Airport Blvd between Davis and the Lowe's stoplight. Burgess Rd, especially where it crosses the creek and curves north to intersect with Creighton. | 10/15/2022 8:09 PM |
| 99 | If the city is going to allow tables on sidewalks, then parking spots should be eliminated to insure that we still have a place to walk past the establisment. O'Riley's is one of the best examples of where the sidewalk disappears at night. | 10/15/2022 3:39 PM |
| 100 | All city-maintained sidewalks should be regularly reviewed to ensure they are clear of debris and encroaching vegetation. | 10/15/2022 9:48 AM |
| 101 | No comments | 10/15/2022 9:41 AM |

# Q3 What would encourage you to walk more often? (Please select your top 2)

Answered: 102 Skipped: 0

| ANSWER CHOICES | RESPONSES | |
|---|---|---|
| Better lighting | 20.59% | 21 |
| Better landscaping/more shade trees | 27.45% | 28 |
| Slow car speeds and calmer streets | 55.88% | 57 |
| Fewer cars/calmer streets | 0.00% | 0 |
| More destinations within walking distance | 33.33% | 34 |
| Other (please specify) | 38.24% | 39 |
| Total Respondents: 102 | | |

| # | OTHER (PLEASE SPECIFY) | DATE |
|---|---|---|
| 1 | BIKE LANES (i don't ride on sidewalks) | 12/15/2022 7:29 PM |
| 2 | Sidewalks, as mentioned above | 12/15/2022 12:05 PM |
| 3 | Sidewalks | 12/15/2022 7:21 AM |
| 4 | Better sidewalks | 12/13/2022 10:35 AM |
| 5 | Need more stop signs on 16th Ave between Gonzales and Blount. | 12/12/2022 7:48 PM |
| 6 | Unobstructed paths. No sand gravel or broken glass. | 12/12/2022 5:55 PM |
| 7 | More continuous sidewalks | 12/12/2022 4:21 PM |

| | | |
|---|---|---|
| 8 | More sidewalks | 12/12/2022 3:37 PM |
| 9 | Continuous sidewalks | 12/12/2022 3:23 PM |
| 10 | Sidewalks clear of obstructions from overgrowth, tree roots pushing up concrete | 12/12/2022 2:53 PM |
| 11 | wider sidewalks | 12/9/2022 4:53 PM |
| 12 | More continuous sidewalks between destinations. | 12/6/2022 10:39 AM |
| 13 | Clear sidewalk paths to all PUBLIC green spaces and current event locations. For Example check sidewalks in Long Hollow area near First City Arts center. These need to be cleared and cleaned of shrubs and obstacles. | 12/5/2022 9:50 AM |
| 14 | An integrated trail network | 12/1/2022 12:09 PM |
| 15 | Greenways that allow pedestrians to safely navigate throughout the city. | 11/30/2022 4:46 PM |
| 16 | There is a 4 block distance between Gonzales and Blount on 16th Ave where cars just speed by. Need stop signs on 16th at E Lloyd. | 11/29/2022 11:30 PM |
| 17 | easy access to public transport to get to more walkable areas/events | 11/27/2022 10:12 AM |
| 18 | More time | 11/26/2022 11:11 AM |
| 19 | accessible bathrooms | 11/16/2022 1:23 PM |
| 20 | Light rail | 11/10/2022 2:48 PM |
| 21 | Multiuse paths, crossovers or well marked crosswalks. | 10/25/2022 9:25 PM |
| 22 | safer crosswalks and pedestrian controlled traffic lights | 10/25/2022 9:06 PM |
| 23 | Safe sidewalks and bike paths | 10/25/2022 8:47 PM |
| 24 | Physical barriers or rumble strips to keep bikes safe in the few bike lanes that exist | 10/22/2022 4:25 PM |
| 25 | Actual infrastructure for walking would do the trick | 10/22/2022 1:10 PM |
| 26 | More pedestrian specific paths connecting parts of city | 10/21/2022 9:47 AM |
| 27 | cleared sidewalks | 10/20/2022 6:43 AM |
| 28 | Sidewalks | 10/19/2022 11:01 AM |
| 29 | more sidewalks | 10/19/2022 10:56 AM |
| 30 | Lighted, flashing, dedicated crosswalks | 10/19/2022 10:29 AM |
| 31 | Road diets and complete streets | 10/18/2022 12:26 PM |
| 32 | Mostly, more sidewalks. | 10/18/2022 12:19 PM |
| 33 | Zoning that includes (commercial) local bars and restaurants in Neighborhoods! | 10/18/2022 12:13 PM |
| 34 | Sidewalks to destinaitons/goals | 10/18/2022 10:46 AM |
| 35 | Urban trails such as the newly paved trail in Gulf Breeze proper. “Trail” in the sense that it can be used for both recreation and commute, suitable for cyclists and walkers alike. | 10/17/2022 10:51 PM |
| 36 | additional sidewalks along with well maintained current sidewalks | 10/17/2022 5:58 PM |
| 37 | Pcola needs another parkinf garage. Driving downtown is crazy because everyone is trying to find limited parking and no one wants to park far away. Stop charging so much for parking | 10/17/2022 4:37 PM |
| 38 | More public restrooms. | 10/15/2022 3:39 PM |
| 39 | More patrolling by police to encourage compliance of existing laws by motorists, scooter riders, and pedestrians. | 10/15/2022 9:48 AM |

# Q4 Where would you like to see bicycle connections in the City? Please list locations.

Answered: 102 Skipped: 0

| # | RESPONSES | DATE |
|---|---|---|
| 1 | It would be amazing to have more connecting streets from NE Pensacola to downtown. To get to East Hill from Scenic Heights neighborhood we have to take some dangerous and non-bike friendly roads. | 12/22/2022 3:31 PM |
| 2 | Along Scenic hwy, cervantes and connect bridge bike path to a path to Scenic or Downtown Pensacola | 12/20/2022 3:38 PM |
| 3 | Don’t mnow | 12/20/2022 1:52 PM |
| 4 | I would like to see Pensacola mirror what Gulf Breeze did and create a pedestrian and golf cart path that links the neighborhoods together — Cordova park, EPH, East Hill, North Hill/Devillers/downtown. | 12/19/2022 8:21 AM |
| 5 | Airport Rd, Bayou Blvd, 12th Avenue, W street | 12/18/2022 4:29 PM |
| 6 | not sure | 12/16/2022 10:05 PM |
| 7 | Not sure. | 12/15/2022 7:54 PM |
| 8 | around east hill | 12/15/2022 7:29 PM |
| 9 | From Cordova Park subdivisions (both sides of Bayou Blvd to the Cordova mall area and to the Publix on N 9th. | 12/15/2022 12:30 PM |
| 10 | Don't have anything specifically in mind but whatever helps pedestrians get to and from the city safely. | 12/15/2022 12:23 PM |
| 11 | Between neighborhoods | 12/15/2022 12:05 PM |
| 12 | Don't know. | 12/15/2022 10:25 AM |
| 13 | Summit | 12/15/2022 7:21 AM |
| 14 | East Hill to downtown | 12/14/2022 9:23 PM |
| 15 | 14th across Gregory; 14th across Bayfront; Barancas; Something more safe along Scenic Highway - maybe a rails to trails kind of path | 12/14/2022 11:47 AM |
| 16 | na | 12/13/2022 2:28 PM |
| 17 | Intendicia | 12/13/2022 1:38 PM |
| 18 | Just more in general | 12/13/2022 10:35 AM |
| 19 | Gonzalez corridor - E/W Tarragona-N/S | 12/13/2022 7:05 AM |
| 20 | . | 12/13/2022 1:38 AM |
| 21 | Na | 12/12/2022 10:58 PM |
| 22 | It would be nice to have continuous trails downtown | 12/12/2022 9:55 PM |
| 23 | Scenic Hwy, bayou blvd, summit blvd, Spanish trail, Langley Ave, Creighton rd, 9th Ave, cervantes | 12/12/2022 8:57 PM |
| 24 | NA | 12/12/2022 7:57 PM |
| 25 | Pensacola | 12/12/2022 7:48 PM |
| 26 | There are limited bike paths on the roads. Cervantes, bayou airport, 9th. Davis. . | 12/12/2022 7:04 PM |

| | | |
|---|---|---|
| 27 | Idk | 12/12/2022 5:55 PM |
| 28 | Currently, I am not a bike rider. | 12/12/2022 4:21 PM |
| 29 | Pensacola | 12/12/2022 4:18 PM |
| 30 | Scenic Highway from Bayou Texarkana Bridge to the Santa Rosa causeway. | 12/12/2022 4:10 PM |

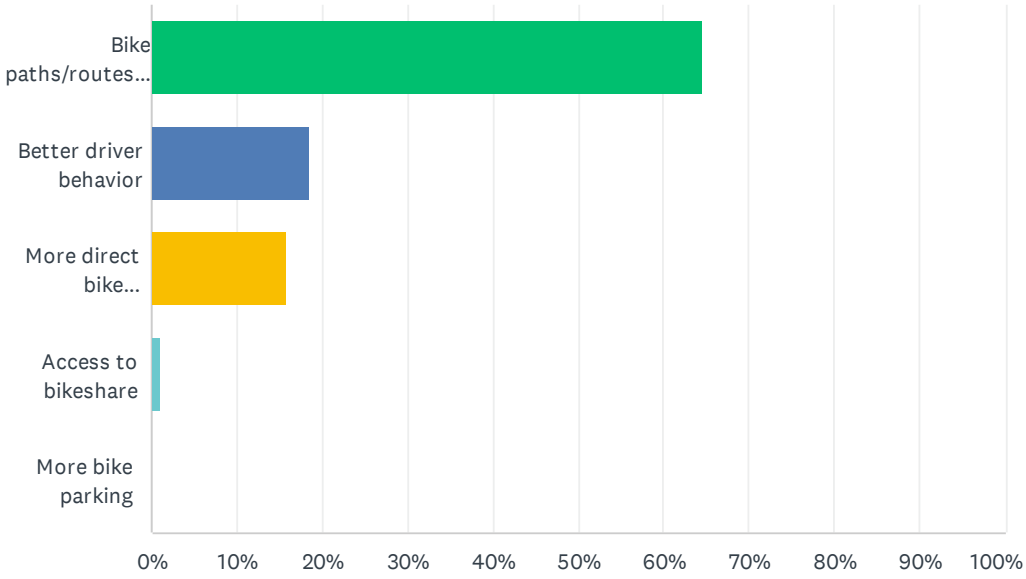
| 32 | N/A | 12/12/2022 3:23 PM |
| 33 | City wide | 12/12/2022 2:58 PM |
| 34 | East hill | 12/12/2022 2:53 PM |
| 35 | Safer routes on scenic Bayfront | 12/12/2022 2:52 PM |
| 36 | n/a | 12/9/2022 4:53 PM |
| 37 | All the main roads that lead into and through the city. Pensacola has an extremely poor and lacking bike infrastructure, though the potential is there. I am an avid cyclist and bike commuter. Bayview Parkway, 14th Ave, Scenic Hwy, Summit Blvd, Tarragona St, Pace Blvd, Barrancas, Government St, Cervantes, A St.....just shining examples of where cyclists are in constant fear from speeding cars added by bad driver behavior. We need news bike lanes, with reflective paint, traffic calming additions. It's long overdue and the scooter rental business and e bike industry has made commuting/traveling this way more accessible. | 12/7/2022 12:17 PM |
| 38 | Between downtown and East Hill. | 12/6/2022 10:39 AM |
| 39 | Pensacola Heights to downtown | 12/6/2022 9:31 AM |
| 40 | Gonzalez St across town; between neighborhoods cutoff by fdot roads; east side to east hill; north hill to east side, etc | 12/5/2022 8:43 PM |
| 41 | Safer bike lanes to uptown. | 12/5/2022 9:50 AM |
| 42 | Scenic Highway | 12/3/2022 8:29 AM |
| 43 | We need to take advantage of scenic bluffs corridor possibilities to build out a dedicated corridor for bikes. | 12/1/2022 12:09 PM |
| 44 | I would like to be able to safely bike from Bellview to Downtown. | 11/30/2022 4:46 PM |
| 45 | I would like to bike from East Hill to downtown safely. If bike lanes could be established to make that connection it would be great! | 11/29/2022 11:30 PM |
| 46 | I think the single biggest thing the City could do to improve active transit in the city would be to implement the Bluffline vision which has been proposed by a local nonprofit. The Bluffline is a proposal to extend the Pensacola Waterfront Framework Plan to the east and west by tapping into existing rail and utility rights of way. To the west, it would hug Idlewood Lane, terminating at Jackson Lakes, a 55-acre greenspace owned by the county that was recently greenlit for recreational redevelopment. It would complement planned city investments in the Jackson Heights neighborhood and Waterfront Framework Plan and expand access to existing city parks along the proposed route. | 11/29/2022 12:30 PM |
| 47 | scenic highway | 11/29/2022 9:49 AM |
| 48 | North Hill to Downtown North Hill to East Hill | 11/29/2022 8:26 AM |
| 49 | All over downtown. | 11/29/2022 3:00 AM |
| 50 | Scenic Highway-Cervantes-Downtown Downtown-BelmontDevilliers-Baptist Hospital area | 11/28/2022 4:42 PM |
| 51 | Alcaniz by St. Michael's cemetary/110 overpass | 11/27/2022 10:12 AM |
| 52 | no opinion | 11/26/2022 11:11 AM |
| 53 | riders should ride facing traffic not with | 11/24/2022 6:47 AM |
| 54 | Connections to down town. | 11/23/2022 7:19 PM |
| 55 | 17th and gregory | 11/23/2022 3:28 PM |



| | | |
|---|---|---|
| 56 | I would like to see the City implement the work previously studied and completed by others. | 11/16/2022 7:46 PM |
| 57 | Up and down Davis would be amazing. Realistically, down main would be great. | 11/16/2022 2:01 PM |
| 58 | West Side Garden District, Tanyard Neighborhood, Sanders Beach, East Pensacola Heights, East HIll and Downtown | 11/16/2022 1:23 PM |
| 59 | hwy 98 heading east to west garden | 11/13/2022 7:58 PM |
| 60 | West pensacola | 11/11/2022 1:37 AM |
| 61 | Along light rail line | 11/10/2022 2:48 PM |
| 62 | Crossing points or tunnels under interstates - they are massive barriers | 11/8/2022 7:44 PM |
| 63 | I am new to the city, but coming from CO, I see a real need for more bike lanes. | 11/5/2022 12:55 PM |
| 64 | By UWF and heading west on 9 mile | 11/5/2022 12:48 PM |
| 65 | Pace Blvd. Palafox. | 10/26/2022 6:56 AM |
| 66 | A Street, Garden Street, Ninth Avenue and Wright a Street | 10/26/2022 12:08 AM |
| 67 | A north/south trail from the northern city limits to downtown with a continuing path over Bayou Chico to the NAS area. Also, a safe crossing at Bayfront to continue to Gulf Breeze. | 10/25/2022 9:25 PM |
| 68 | Bike connections from the Tanyard/Sanders Beach neighborhoods to East Hill (Publix) and Bayview Community Center | 10/25/2022 9:06 PM |
| 69 | Sorrento rd, Gulf beach hwy, bauer rd. | 10/25/2022 8:47 PM |
| 70 | Bayou Blvd by Target, Cervantes all the way up Scenic | 10/22/2022 4:25 PM |
| 71 | The bike lane coming from downtown to Fairfield on Davis is quite nice. If it could be continued down the whole length of Davis, at least to University, the city would be much better connected. It also only goes one way. I cannot use it safely to get downtown from fairfield, because I can't see the signals. I would absolutely love to see a functional bike lane going the opposite direction. Going to downtown from where I live takes me thirty minutes. Taking the Davis bike lane back save me 10 minutes. One can get from the mall to downtown fairly safely by going through the neighborhoods. It's not quick or efficient, but it is possible. However, currently, the only way to get from the mall to nine mile is to ride down the sidewalks on 9th or Davis. It is unpleasant and dangerous. I often see cyclists leaving the sidewalk and riding on the road when there is another cyclist or pedestrian on the sidewalk. There isn't room to pass safely at speed. I have seen multiple cyclists do this even on the wrong side of the road. Many people need to get from the mall area to the university area, and cycling is the fastest way during rush hour. The city could benefit greatly from extending the wide, safer bike lane from downtown to University on Davis and doing the same in the opposite direction. Improving Creighton would also do a lot to make cycling safer and more efficient. The bike lanes on Creighton are an absolute deathtrap. The way they are built now is completely useless. Everyone bikes on the sidewalk because the cars won't stay out of the bike lane, and they go too fast. Traffic would have to either be slowed significantly or the bike lane needs to be physically separated from the road with barriers. If Davis, 9th, Cervantes, and Creighton had safe bike lanes, most of the city would be accessible by bike. We would see a lot more people biking to get groceries, to shop, and to work. This would increase business, decrease the strain on our car infrastructure, and reduce traffic idling. We would see an overall improvement on health as well. | 10/22/2022 1:10 PM |
| 72 | 12 ave, Davis highway connecting Dow town to UWF and PSC, Cervantes connecting Brownsville area to downtown, 9h avenue, Main Street | 10/21/2022 9:45 PM |
| 73 | Bike path along scenic hwy and at end of three mile bridge through gulf breeze to beach | 10/21/2022 9:47 AM |
| 74 | should always ride facing oncoming traffic | 10/20/2022 6:43 AM |
| 75 | Connect Spanish Trail, Scenic Heights, Inverness, Cordova Park with East Hill and Downtown via 9th and 12th from the North and East Cervantes and Scenic Highway from the East Scenic Highway/East Cervantes Rails-with-Trails aka Bluffline, Gonzalez Street Shareway, Bayou Blvd, Summit Blvd, Langley Blvd, Hyde Park Rd, Bayfront Pkwy, 17th Ave, 14th Ave, 12th Ave, 9th Ave, North Palafox, Jackson Street, Pace Blvd | 10/19/2022 10:35 PM |

| | | |
|---|---|---|
| 76 | n/a | 10/19/2022 5:05 PM |
| 77 | East Hill to 3 mile bridge | 10/19/2022 4:14 PM |
| 78 | Need bike lanes on less busy street going from East Hill to downtown and to the new skate park - safe for kids. Would love to see a paved bike path so we don't have to drive to Milton or Gulf Breeze | 10/19/2022 2:08 PM |
| 79 | Summit Blvd, Scenic Hwy | 10/19/2022 11:01 AM |
| 80 | east hill, cordova park, mall area, downtown/Palafox St. | 10/19/2022 10:56 AM |
| 81 | The areas around Alcaniz (at Bay Center) that cross under the 110 overpass and by St Michael's Cemetery need to be made safer for bike traffic. | 10/19/2022 10:29 AM |
| 82 | Everywhere... the 'start-stop' type of bike lanes puts cyclists into traffic frequently without warning. | 10/18/2022 1:06 PM |
| 83 | Downtown -- Cordova Downtown -- Scenic Hwy Downtown -- Warrington | 10/18/2022 12:26 PM |
| 84 | North end of the city to the west side of the city | 10/18/2022 12:22 PM |
| 85 | First focus would be trustworthy, complete connections along the major pathways. The route from cervantes/12th/bayou is nearly complete but has some areas around the top of bayou texar that feel very exposed. | 10/18/2022 12:19 PM |
| 86 | Connect East Hill to the Water Front by way of 17th Ave. Crossing Graffiti Bridge, 14th Ave over Gregory, and 9th Ave are a death sentence. | 10/18/2022 12:13 PM |
| 87 | Langley. Also, Langley. The connect the bike lanes from residential areas to downtown so city residents can enjoy their cuity in addition to the tourists. | 10/18/2022 10:46 AM |
| 88 | Cervantes street is difficult to cross. I would like to see a bike/pedestrian bridge in East Hill. | 10/18/2022 9:38 AM |
| 89 | Pensacola | 10/17/2022 11:34 PM |
| 90 | 9th ave Main Street Downtown Summit | 10/17/2022 11:21 PM |
| 91 | Scenic Highway through Cervantes. 12th Avenue would be an amazing connection area to connect northeast Pensacola to downtown. | 10/17/2022 10:51 PM |
| 92 | N/A | 10/17/2022 5:58 PM |
| 93 | University, PSC to the mall (safe drive and places to lock your bike at the mall). From neighborhoods to parks (places to lock bike). Benches along the shore by the bay Bridge to stop with your bike. More pedestrian/bike crosswalks downtown | 10/17/2022 4:37 PM |
| 94 | All over, specifically from East Hill to, and throughout, downtown. | 10/17/2022 3:07 PM |
| 95 | Unknown | 10/17/2022 1:11 PM |
| 96 | I scared to bike in this town I sold my bikes for kids and adults I’ve seen close calls and do not wish to be part of the hits. Thr bike lanes that end at a light and turn into car lanes combined is the stupidest thing I’ve ever seen. | 10/17/2022 12:57 PM |
| 97 | Not sure | 10/17/2022 11:56 AM |
| 98 | Everywhere. For such a flat city our bike infrastructure is atrocious. Palafox north of Brent ought to have a very generous bike lane, Pensacola desperately needs a north/south bike corridor. Let Hwy 29 absorb the high speed vehicular traffic. Some sort of dedicated way to cross N Davis Hwy. Feels like a death wish getting anywhere near Davis on a bike and it completely divides the city in two for pedestrians and cyclists. | 10/15/2022 8:09 PM |
| 99 | I wish Bayfront Parkway had dedicated bicycle lanes. Main St. has nice ones, but the native plants are slowly taking it over. | 10/15/2022 3:39 PM |
| 100 | I'm not sure what a "bicycle connection" is. | 10/15/2022 9:48 AM |
| 101 | There needs to be a safe/recommend east-west route to cross the city, to connect the US98 and FL292 routes into the city on the west side with the existing bike infastructure on US90 and US98 leaving the city on the east side. | 10/15/2022 9:41 AM |

# Q5 What would allow you to use your bicycle more often? (Please select 1)

Answered: 102 Skipped: 0

| ANSWER CHOICES | RESPONSES | |
|---|---|---|
| Bike paths/routes and streets that feel safer | 64.71% | 66 |
| Better driver behavior | 18.63% | 19 |
| More direct bike paths/routes | 15.69% | 16 |
| Access to bikeshare | 0.98% | 1 |
| More bike parking | 0.00% | 0 |
| TOTAL | | 102 |

# Q6 What intersections feel unsafe? Please list locations.

Answered: 102 Skipped: 0

| # | RESPONSES | DATE |
|---|---|---|
| 1 | Creighton and Spanish Trail-There is no sidewalk at the crosswalk once you get near Gull Point. My daughter has to bike in the street to get to her dance classes. Tippin and Langley Langley and 9th (At the larger intersections cars turning left don't watch for bike traffic and it has created a dangerous situation more than once.) | 12/22/2022 3:31 PM |
| 2 | Bayou blvd at Target, Brent and Davis intersection | 12/20/2022 3:38 PM |
| 3 | Blount and Bayou. Traffic does not follow speed limits due to this and the curved nature of Bayou Blvd just south of Blount Street- this is a very very dangerous intersection for pedestrians and drivers trying to pull out onto Bayou Blvd from Blount Street. | 12/20/2022 1:52 PM |
| 4 | The corner of Jefferson by Seville. It’s hard to see what traffic is coming from the East and west. It might be better served as a 4 way stop. | 12/19/2022 8:21 AM |
| 5 | Airport and 9th, Bayou and 9th, Summit and 12th, Cordova and 12th, Fairfield and 12th | 12/18/2022 4:29 PM |
| 6 | Anything along 9th street | 12/16/2022 10:05 PM |
| 7 | Generally speaking, any bike route that is within 5ft of cars coming and going feels unsafe unless it's a small road where there isn't much traffic. I think, most designated bike lanes in Pensacola are extremely dangerous. | 12/15/2022 7:54 PM |
| 8 | 9th/cervantes and cervantes/palafox. | 12/15/2022 7:29 PM |
| 9 | Bayou and 12th | 12/15/2022 12:30 PM |
| 10 | Once drivers pass De Villiers St driving west on Garden St., drivers speed. This will become an issue once those new apartment/condos are complete. There are crosswalks but drivers do not feel urgency to stop if someone is trying to cross the road. Garden/Barancas/D Street Intersection: at dusk/dawn, the sun is beaming directly into the driver's face. There should either be a designated turning lane for someone turning onto D Street driving east on Garden or there should not be the option to turn left there at all. Also, traffic on A Street from Cervantes to Garden has gotten a little unsafe. Cars feel the need to speed down this road. Suggest a road diet. | 12/15/2022 12:23 PM |
| 11 | Mall side entrance and 12th and Bayou | 12/15/2022 12:05 PM |
| 12 | Those where the crosswalk is not prominently demarked. | 12/15/2022 10:25 AM |
| 13 | Hyde Park/Bayou Blvd during school drop off and pick up. Too many cars making turns and lining up and bayou traffic is not slowing down. | 12/15/2022 7:21 AM |
| 14 | 12th and Fairfield. | 12/14/2022 9:23 PM |
| 15 | 14th and Gregory; 14th and Bayfront; 9th avenue at any intersection; Cervantes at any intersection | 12/14/2022 11:47 AM |
| 16 | Aragon Street & 9th, Romana & Tarragona | 12/13/2022 2:28 PM |
| 17 | Palafox downtown and Creighton/9th. | 12/13/2022 1:38 PM |
| 18 | Cervantes and any side streets. Some side streets and Garden are a little scary. Tarragona st. is not bikeable AT ALL. | 12/13/2022 10:35 AM |
| 19 | Anything that crosses Cervantes. Need to draw people to Tarragona w improved infrastructure there. | 12/13/2022 7:05 AM |
| 20 | All crossings across from 9th from Cervantes to Texar. | 12/13/2022 1:38 AM |
| 21 | 17 ave and East Yonge Street because of over grown foliage | 12/12/2022 10:58 PM |

| | | |
|---|---|---|
| 22 | Near admiral Doyle Park. 12th Avenue has limited.places.to.cross | 12/12/2022 9:55 PM |
| 23 | Cervantes and 9th, 17th, 12th, Palafox | 12/12/2022 8:57 PM |
| 24 | Aragon street and south 9th Avenue. Tarragona and Romana. | 12/12/2022 7:57 PM |
| 25 | None I have experienced. | 12/12/2022 7:48 PM |
| 26 | ? | 12/12/2022 7:04 PM |
| 27 | Idk | 12/12/2022 5:55 PM |
| 28 | Although I cannot think of a specific location right now, I feel that the most dangerous intersections are those where the light stays red too long. Brent Lane and 1-110 comes to mind. Fairfield and N Davis Highway is another. | 12/12/2022 4:21 PM |
| 29 | All on 12th Street in East Hill | 12/12/2022 4:18 PM |
| 30 | New roundabout at foot of bridge 17th and Cervantes Almost anywhere on 9th Ave | 12/12/2022 4:10 PM |
| 31 | Cervantes and 17th Ave | 12/12/2022 3:37 PM |
| 32 | 8th Avenue south of Cervantes | 12/12/2022 3:23 PM |
| 33 | 9th and Cervantes, 9th and Bayou Blvd, Brent at Davis, 9th at Airport, 12th Ave at bayou Blvd. A st. at Garden, A at Cervantes, Garden at Barrancas | 12/12/2022 2:58 PM |
| 34 | 9th Ave at Wright St, Davis & Jordan | 12/12/2022 2:53 PM |
| 35 | E. Gov/S. Jefferson - this should be a 4 way stop, too hard to see E. Romana/S. Jefferson - when cars are parked along side the road on the west side it is very dangerous to pull out, can't see. Recommend a 3 way stop here as well. | 12/12/2022 2:52 PM |
| 36 | n/a | 12/9/2022 4:53 PM |
| 37 | Summit Blvd from Tippin to Scenic Hwy Scenic Hwy the entire length Bayfront Parkway Government St Tarragona St Cervantes St Palafox St Main St Garden St Barrancas Ave Navy Blvd Bayou Blvd | 12/7/2022 12:17 PM |
| 38 | Garden and A Street. Barancas and Garden. Barancas and Romana. | 12/6/2022 10:39 AM |
| 39 | perry at cervantes especially. 14th ave at cervantes | 12/6/2022 9:31 AM |
| 40 | Gonzalez/A; Gonzalez/Pace; Gonzalez/9th; | 12/5/2022 8:43 PM |
| 41 | 14th to Gregory 9th Ave across Fairfield Davis across Fairfield | 12/5/2022 9:50 AM |
| 42 | Hyde Park/ Bayou | 12/3/2022 8:29 AM |

| 66 | Barrancas and Government | 10/26/2022 12:08 AM |
| 67 | EVERY major intersection. | 10/25/2022 9:25 PM |
| 68 | All the crosswalks on W. Main where there are no traffic lights are difficult, cars do not slow down, it is difficult to see both sides of the ride. | 10/25/2022 9:06 PM |
| 69 | Blue Angel prkwy near supermarkets. Traffic is too fast. | 10/25/2022 8:47 PM |
| 70 | Outside NFCU for sure | 10/22/2022 4:25 PM |
| 71 | Something I've noticed on a lot of intersections in Pensacola is that they're completely inaccessible for blind people or people in wheelchairs. The crossing at 12th and Bayou not only has the crosswalks pointing into traffic, but it also has a weird cut around with a concrete curb. This is not a safe intersection for a blind person, because they need the crosswalk to point in the direction they need to go. Seriously, I don't understand why we bothered putting a textured panel at the curb. A blind person cannot navigate this intersection on their own. And a wheelchair-bound person would have a hard time navigating the concrete switchback. Some of the crossings have significant drop offs from the sidewalk to the street. That obviously wouldn't work great for a person in a wheelchair. | 10/22/2022 1:10 PM |
| 72 | Brownsville area, | 10/21/2022 9:45 PM |
| 73 | 12th and bayou near mall | 10/21/2022 9:47 AM |

| 1 | Holding FPL accountable for the damage they've done to our Downtown streets | 12/12/2022 2:58 PM |
| 2 | More and frequent bus routes that would cater to tourists (Downtown, Beach, (even connections with rapidly growing Foley/Orange Beach) We need to make it easier to use public transport rather than automobile. | 11/26/2022 11:11 AM |
| 3 | narrow intersections to make crossing safer | 11/16/2022 1:23 PM |
| 4 | Light rail from S Palafox to Cervantes, up 9th ave to Airport Blvd to the Airport. Station nodes would be downtown, 9th and Cervantes, Sacred Heart, State College and the Airport. Other possible development of Urban Villages would be determined along the the route for added stations. One possible would be adding three stores of market rate housing above Cordova Mall and renovate the existing mall. I suggest applying for grants to do a study and implement. | 11/10/2022 2:48 PM |

***Are there unsafe areas to walk, bike, or cycle that we did not consider?***

***Are there streets we did not include in the future bicycle and pedestrian network that you would like added?***

***If you could only pick 3 or 4 projects or streets for bicycle and pedestrian improvement, what would they be?***

Skate parks, skate shops, bigger pedestrian plazas

***Do you have any other comments?***

Have more skate plazas & parks around the city.

***Are there unsafe areas to walk, bike, or cycle that we did not consider?***

Definitly north pcola is still looking unsafe and silly

***Are there streets we did not include in the future bicycle and pedestrian network that you would like added?***

Creighton need some improvements

***If you could only pick 3 or 4 projects or streets for bicycle and pedestrian improvement, what would they be?***

more in general and higher quality infrastructure. (Sidewalks aren't enough)

***Do you have any other comments?***

More clear information about bus routes is important.

Anywhere people are need coverage from 5am if possible

Cervantes needs a road to go with it. there is Cervantes, which is for people, and there needs to be an alternate road for main throughtraffic

***Do you have any other comments?***

I just want to express support for sidewalks on all of Bayou, more bike and pedestrian lanes and greenways anywhere we can get them, and especially neighborhood skate spots everywhere. Generally, I'd love to see the city be more accessible to everyone and more encouraging of outdoor activity.

***Are there unsafe areas to walk, bike, or cycle that we did not consider?***

Spring + Chase Street - needs 4 way stop OR better signage AND traffic calming on Spring & Chase becomes 2 way west of Spring # cars either don't stop at Chase, go wrong way on Chase (going west) and don't slow down on Spring

***Are there streets we did not include in the future bicycle and pedestrian network that you would like added?***

Sharrows don't work well - drivers ignore - please use dedicated, protected bike lanes!

***If you could only pick 3 or 4 projects or streets for bicycle and pedestrian improvement, what would they be?***

***Do you have any other comments?***

***Do you have any other comments?***

Neighborhood skate spots/parks would give more city residents the opportunity to experience the joy of skateboarding. Also friendly roads for bikes, runners, skaters would improve the overall safety of the community.

***Are there unsafe areas to walk, bike, or cycle that we did not consider?***

It seems like a good start to me.
Please keep Gregory in the final plans!
The ~~streets~~ lanes there are 15 feet wide.

***Are there streets we did not include in the future bicycle and pedestrian network that you would like added?***

Can't think of any!

***If you could only pick 3 or 4 projects or streets for bicycle and pedestrian improvement, what would they be?***

Focus on East/West North/South connections within downtown. Gregory, Palafox, A, Government

***Do you have any other comments?***

- Take a cue from Seville, Spain. They built more bike lanes faster than any city ever in the last 10 years. They did it by.
  - Riding their political will. I.E. doing it shortly after being elected.
  - connecting high traffic areas.
  - making the bike lanes hard to remove. by installing concrete curbs.

***Are there unsafe areas to walk, bike, or cycle that we did not consider?*** Better crossing on Barrancas between Main & garden.

~~More~~ More education on flashing lights for crosswalks on Garden St. I cross there often & it appears most driv don't know its a state law to stop for pedestrians on crosswalk

***Are there streets we did not include in the future bicycle and pedestrian network that you would like added?***

***If you could only pick 3 or 4 projects or streets for bicycle and pedestrian improvement, what would they be?***

Garden St. Main St.

A st.

***Do you have any other comments?***

***Are there unsafe areas to walk, bike, or cycle that we did not consider?*** All of the way from Garden to Cervantes has vehicles, including large trucks, going very fast. Pedestrians + bikers cross it often.

***Are there streets we did not include in the future bicycle and pedestrian network that you would like added?*** Much of Belmont-DeVilliers Neighborhood looks like it's included. Probably all of the neighborhood would welcome everything bicycle + pedestrian friendly, all signage, lanes + education to encourage that activity

***If you could only pick 3 or 4 projects or streets for bicycle and pedestrian improvement, what would they be?***

All of A St.

Improving pedestrian safety around rehab + nursing home centers where people explore the neighborhood in wheelchairs, like at Coyle + Gregory.

***Do you have any other comments?***

Continued maintenance keeping sidewalks in town ADA compliant + accessible.

We need as many shaded, tree lined or scenic greenways, bikeways, and walking possibilities as we can get. The route of DeVilliers St. from several neighborhoods down all the way to the water has been prominent in ~~peoples~~ residents' minds for a long time.

Shaded and protected bus stops would encourage more ridership.

| Public Comment Section; | CEASE & DESIST BIKE CONFISCATION OF LANES FROM DRIVERS ! !<br>ANY proposals involving LANE THEFT for 2% of the recreational biking public is a direct attack on the mobility of 98% of the driving public, and a supreme misdirection of tax money. |
| Are there unsafe areas to walk, bike, or cycle that we did not consider? | NO ! - Current road design meets ALL walking & cycling requirements. NO CHANGES REQUIRED -Leave AS-IS.<br>ANY future proposals MUST BE TRANSPARENT ABOUT THE COST TO TAXPAYERS and where such money will come from - BONDS, PROPERTY TAXES, SALES TAXES or GAS TAXES. |
| Are there streets we did not include in the future bicycle and pedestrian network that you would like added? | NO !<br>NO existing street should be subject to road diets or lane reductions for bicycle and pedestrian infrastructure. Such infrastructure should ONLY be in the form of OFF-road parallel paths additions - NOT LANE CONFISCATION of current Automobile roadway. Also, ANY future proposals MUST BE TRANSPARENT ABOUT THE COST TO TAXPAYERS and where such money will come from - BONDS, PROPERTY TAXES, SALES TAXES or GAS TAXES. |

| | |
|---|---|
| Any other general comments on the Active Transportation Plan? | I want to know how you consider the “Pop-up Bicycle Connectivity Plan Awareness” meeting of 06/26 that was held outdoors (84 degrees) between 5:30-7:00PM at an obscure location (apparently by intention) next to the skate park (captured audience of kids) under the I-110 bridge - a proper forum in a supposed effort to "seek public input?"<br>If this was intended to get balanced “public input” regarding bicycle lane confiscation plans for Pensacola City streets, then the only people who showed up to supposedly “represent the citizenry” were composed exclusively of 40-60 bike enthusiasts, most of whom were members of the four major Pensacola Bike Clubs.<br>Oh – except for the 3-5 homeless people seeking free swag.<br>This truly appears to be a con game intended to "claim public acceptance" of City-Wide bike lane confiscation plans by feigning "public input" through intentional obscurity and targeted advertising.<br>It's like having everyone at a bar vote on alcohol prohibition, but not letting the AA meeting next door know about it!<br>Open House forums at neighborhood community centers (e.g.Vickrey center) are effective ways to engage the public, but are limited to single proposals for targeted areas. ANY meeting where a SINGLE-INTEREST GROUP clearly controls the agenda for "CIty-Wide" transportation plans is abhorrent, and ALL "Input" data from such events should be omitted and ignored! |

| Public Comment Section; | This is not an active transportation plan. This is obviously a plan to justify destroying decades of building and planning from previous City Administrators and City Councils. Do not touch any more City streets. Move vehicles quickly and safely. |
| Are there unsafe areas to walk, bike, or cycle that we did not consider? | How about emphasizing the safe areas that already exist? |
| Are there streets we did not include in the future bicycle and pedestrian network that you would like added? | absolutely not. |
| Any other general comments on the Active Transportation Plan? | Who or what is going to enforce laws governing pedestrians and bicyclists? our police are already worked to the limit. Think before you do and don't touch these streets. |

| Public Comment Section; | Please consider intersection treatments at the following locations:<br><br>L St and Government Street-- Traffic Circle or 4-Way Stop<br>L St and Garden Street-- Roundabout or Signalized Intersection<br>L St and Jackson Street-- Traffic Circle or 4-Way Stop |
| Are there unsafe areas to walk, bike, or cycle that we did not consider? | The area between Alcaniz Street/I-110 and Bayou Texar on Wright Street, Chase Street, Gregory Street is absolutely terrifying as a cyclist and pedestrian and needs a lot of work! The section of Alcaniz between Wright Street and Garden Street is quite possibly the most uncomfortable place to cycle in all of Pensacola. |
| Are there streets we did not include in the future bicycle and pedestrian network that you would like added? | Please explicitly mention and keep open for consideration the "rails-with-trails" and "rails-to-trails" alternatives for the US-90/Escambia Bay Multiuse Trail between Chimney Park in Scenic Heights and Bayou Texar/Emmanuel Point/Graffiti Bridge in East Pensacola Heights. At present, the maps and verbiage seem to suggest that on-road infrastructure is the best and/or most viable option, but there are several externalities that could make an off-road alternative the lowest cost and |

| | |
|---|---|
| | most viable option. A multiuse trail adjacent to the Pensacola and Escambia Bay waterfront is overwhelmingly preferred by City of Pensacola residents (89% of over 300 respondents) would be mostly at-grade reducing the need for expensive structural engineering work and would afford recreational and transportation users a much better and more comfortable experience |
| Any other general comments on the Active Transportation Plan? | The Barrancas x Main Street x L Street Intersection is very bad for motorists, cyclists, and pedestrians alike. Please consider a major overhaul and include a roundabout in your scenario planning exercises. |

| Public Comment Section; | It's frustrating and saddening to see all the opposition to adding the very needed buffered bike lanes on Summit Blvd. This is simple...a no brainer! |
| Are there unsafe areas to walk, bike, or cycle that we did not consider? | Bike access to the new bay bridge is terrible and dangerous! Biking down 17th Ave. and going through the roundabout, there is no curb cutout to cross over the roundabout concrete curbs to bike across Bayfront and get to the curb cutout that is on the sidewalk, which will gain us access to the bike path on the bridge.<br>Trying to get to the bridge biking down 14th Ave., (after the sketchy crossing of Gregory), there is no curb cutout to access the sidewalk on Bayfront at the end of 14th, so we have to take a right on Bayfront, cross over to the left traffic lane and do a "U turn" at Chase and get on the sidewalk access there at Bayfront and Chase. NOT GOOD!!<br>Please put curb cutouts at these two locations.<br><br>12th Ave. definitely needs to be a priority for bike improvements...sharrows, etc. The bike lane disappears after crossing the bridge over Carpenters Creek and you have to merge into fast moving traffic. My wife will not bike to the |

| | |
|---|---|
| | Vickrey Ctr from East Hill because how unsafe she feels having to use 12th Ave. |
| Are there streets we did not include in the future bicycle and pedestrian network that you would like added? | Sharrows and Share the Road signs on 17th would be very helpful. |
| Any other general comments on the Active Transportation Plan? | I disagree with the low stress or even moderate stress indicated on biking on Scenic Hwy/Cervantes. Even thought there's a bike lane, cars are flying past us and often too close! It is HIGH stress and you'll never see any families biking on Scenic. There certainly needs a buffered bike lane to add space or adding flex posts.<br><br>The ATP overall looks great and I'm excited and hopeful to see these needed improvements happen. Thanks to all for the excellent work and time put into this. |

| Public Comment Section; | Overall the plan w/ recommendations and top priorities looks good. Vision Zero and identifying specific improvements soon. I didn't review any details yet associated with the lane repurposing roads but like this was included.<br>Good job w/ a Plan! |
| Are there unsafe areas to walk, bike, or cycle that we did not consider? | These fatalities look high. Hoping the City is attempting to take action soon. Lighting always seems to be a need and from crash reports I read distracted drivers. Perhaps some public service messaging? |
| Are there streets we did not include in the future bicycle and pedestrian network that you would like added? | No |
| Any other general comments on the Active Transportation Plan? | Only comment is on the functional classifications. FDOT now uses Context Classifications for capacity evaluation, etc. Identifying preliminary context classifications supplementing FDOT's State Roads may be beneficial. Always pursue P3!! |

| Public Comment Section; | Heinberg from 9th Avenue to 14th has numerous gyms, restaurants and tons of people trying to walk, run, skateboard and ride their bike to events. Connects downtown to East Hill. The visibility is horrible and the road is narrow and in bad shape. |
| Are there unsafe areas to walk, bike, or cycle that we did not consider? | Heinberg Street |
| Are there streets we did not include in the future bicycle and pedestrian network that you would like added? | Heinberg Street |
| Any other general comments on the Active Transportation Plan? | Would love more neighborhood trails not cement but asphalt trails. Our city is growing and larger cities have more trails available for kids riding bikes, running and walking. We just visited Kansas City area and ran 8 miles with our nieces and nephew ages 5,6 and 8 on their bikes -the asphalt trails connected to numerous neighborhoods and had shade trees all along the way. It was beautiful and safe. |

***If you could only pick 3 or 4 projects or streets for bicycle and pedestrian improvement, what would they be?***

***Do you have any other comments?***

handicap need more ramps, sidewalks
a lot of steps downtown

***If you could only pick 3 or 4 projects or streets for bicycle and pedestrian improvement, what would they be?***

***Do you have any other comments?***

College kids need to get downtown via 9th or Pakha
kids from PSC

***If you could only pick 3 or 4 projects or streets for bicycle and pedestrian improvement, what would they be?***

***Do you have any other comments?***

Like the pedestrian crossings on Evanita.

***Are there unsafe areas to walk, bike, or cycle that we did not consider?*** Cervantes street is very dangerous. I have no solution for this. :(

***Are there streets we did not include in the future bicycle and pedestrian network that you would like added?***

No.

***If you could only pick 3 or 4 projects or streets for bicycle and pedestrian improvement, what would they be?***

***Do you have any other comments?***

Need more bike racks on ECAT buses.
Look at different ways to store bikes on bus.

July 12, 2023

Caitlin Cerame, Transportation Planner
City of Pensacola
222 W Main St.
Pensacola, FL 32502

**RE: Active Transportation Plan – Draft Report Comments**

Ms. Cerame:

Bike Pensacola is a six-year-old organization with the goal of promoting bikes as a safe means of transportation by organizing social rides and advocating for safer streets. Our monthly social ride regularly attracts upwards of 400 participants who can experience the benefits and pleasures of using a bike as a means of transportation.

Bike Pensacola members have had an opportunity to review the "Pensacola in Motion: Active Transportation Plan (ATP) – Working Draft, June 2023." We would like to offer the following comments based on a review of document.

- Figure 5 on page 27 is a map indicating existing comfort level for bicyclist. While the information may be data based, many of the roads listed as low stress don't seem accurate. Examples include Gregory Street between 14th and 9th, Scenic Hwy between Hyde Park and Bayou, and Bayou Blvd. While the roads may include bike lanes, the lanes typically aren't buffered. Additionally, traffic on these roadways typically travels at speeds significantly in excess of the posted speed limit. Further, daily traffic counts may not take into account much higher seasonal traffic or periods of intensely heavy traffic during commute times.
- Figure 9 on page 48 is a map indicating the roadway classification. Based on the map, it appears there is a significant concentration of arterial roadways in the C5 and C4 context areas. Is there an opportunity to modify the roadway classification for roadways that redundant or not performing in that capacity. Examples include Palafox St and the MLK and Davis one way pair.

Overall, we have been extremely impressed with the quality of the work and the professionalism of consultant and city staff. Bike Pensacola would like to recognize your effort, Ms. Cerame, for guiding the project towards a quality product and a successful outcome. The Active Transportation Plan is an exciting step towards creating a more walkable and bikeable Pensacola. People-oriented cities provide a host of benefits that include better physical and mental health, cleaner environmental conditions, greater economic success and resiliency, and

increased safety.  We look forward toward implementing the principles identified in the plan to create a vibrant community.

*"If you plan cities for cars and traffic, you get cars and traffic. If you plan for people and places, you get people and places" – Fred Kent, Project for Public Spaces.*

**Cc:** [redacted]
**Subject:** [EXTERNAL] Re: ATP meeting follow up

Caitlin,
I ran some of these ideas with David Mayo and my wife, Darla. One of the concerns we have is with the traffic deliniators (sp.) on Langley presently and the possibility of them being placed on Spanish Trail. Darla and David were almost struck (separate events) when cars squeezed in the narrow area between the curb and the traffic deliniators. I observed both of these incidents.

If delinators were used on Spanish Trail, it may cause more of a problem as there is frequently debris that cyclists have to navigate around. Widening the area is awesome but I'm just wondering if delinators are the best method for separation. Traffic striping may do the trick.

Presently, our Couch to 100K group rides Spanish, Langley, Creighton, and Summit. Our major concern is with the fast traffic on Summit. Creighton Spanish and Langley traffic is noticeably slower than Summit although the posted speed limit is the same as Creighton and Spanish Trail.

BTW I timed how long it took Darla and I to ride our bikes from Jerry Maygarden and Summit to Roger Scott and it took exactly 6 minutes at 13 mph.

Also, Strava has maps of the most used City streets for cyclists, runners and walkers. Of course, this only shows those who record Strava activities.

We appreciate the City listening to our concerns and exploring other avenues to allow cyclists and pedestrians to travel safely. We realize we are still at the beginning of this process and we are committed to assisting in making Pensacola a bikeable and walkable community.

Thank you for all of your work!

City of Pensacola

222 West Main Street
Pensacola, FL 32502

Memorandum

**File #:** 23-00569 City Council 8/17/2023

**LEGISLATIVE ACTION ITEM**

**SPONSOR:** D.C. Reeves, Mayor

**SUBJECT:**

LOCAL GOVERNMENT AREA OF OPPORTUNITY SUPPORT FOR 9% HOUSING TAX CREDIT APPLICATION

**RECOMMENDATION:**

That City Council authorize funding in the amount of $460,000 to support a Local Government Area of Opportunity application for Kupfrian Manor for Florida Housing Finance Corporation's RFA 2023-201 Housing Credit Financing for Affordable Housing Developments located in Medium and Small Counties. Further, that City Council authorize the Mayor to sign the Local Government Verification of Contribution Form as required by the Florida Housing Finance Corporation.

**HEARING REQUIRED:** No Hearing Required

**SUMMARY:**

A priority recommendation made to the City in 2020 as part of the Final Report presented by the City's Affordable Housing Task Force was for the City to support tax credit development applications as a means of producing affordable rental developments. The Task Force was convened to provide support and create objectives related to the City's goal of 500 Homes in 5 years. Support of an affordable multi-family rental development also supports multiple Housing goals as outlined in the City's current Comprehensive Plan. City Council approved $2,000,000 for affordable housing programs and services using Coronavirus State and Local Fiscal Recovery funds under the American Rescue Plan Act (ARPA) in a special workshop in June 2021, which included incentives for affordable housing development.

Florida Housing Finance Corporation (FHFC), the agency in Florida that oversees the low income housing tax credit (LIHTC) application process, released RFA 2023-201 Housing Credit Financing for Affordable Housing Developments Located in Small and Medium Counties on July 7, 2023, which provides the 9% competitive housing tax credits. For this year's annual RFA, the state established the following funding priorities:

- Six Local Government Area of Opportunity applications (two with local government support from 2021 or earlier; two with local government support from 2022 or earlier; and two additional applications with local government support regardless of year)
- One SunRail application

- Three Family developments that are located in a HUD defined "Geographic Area of Opportunity" OR "Small Area Difficult to Develop Areas" (no SADDA areas are located in Escambia County)

The Local Government Area of Opportunity (LGAO) preference requires a local government to select one development for support and provide a minimum funding amount based on County size. The minimum funding commitment under this year's RFA for a development located in Escambia County is $460,000. The Housing Department issued a request for applications from developers interested in submitting an application to FHFC under RFA 2023-201 in order to select a LGAO application that can be competitive for funding in the City limits. Applicants had to submit a proposal for a 9% housing tax credit within the City limits that would also meet ARPA grant requirements.

The only proposal received by the deadline was from Paces Preservation Partners, LLC (Paces), a partnership between The Paces Foundation, Inc. and Soho Housing Partners, LLC, to develop a 94-unit senior multi-family development at the southeast corner of H and Avery Streets, to be called Kupfrian Manor. The proposal demonstrated developer experience and capacity, site control, zoning/land use compliance, a 50 year minimum commitment to affordability commitments, and ability to proceed.

Since the City CRA supported this development last year as a LGAO, this proposal has a higher chance of receiving a LIHTC allocation from FHFC. Because of the competitive nature of the FHFC 9% housing tax credit RFA process, there is no guarantee that funding will be received from the State. Applications are due to FHFC September 12, 2023. FHFC Board approval of development applications is tentatively scheduled for late October 2023. Should Kupfrian Manor be selected for award by the State, an agreement will come back to the City Council for approval to formally obligate funds and outline developer commitments. This rental development will comply with all City planning and zoning requirements. Properties awarded LIHTC funding are routinely monitored by FHFC for set asides, rents, and other property conditions as outlined in the RFA.

Kupfrian Manor will consist of 47-1 bedroom/1 bath units and 47-2 bedroom/2 bath units to be located over ground floor retail and amenities space. Paces is committing to unit affordability for 50 years. All of the units will be targeted to households at or below 80% area median income (AMI) to meet both IRS, FHFC, and ARPA requirements. 15 units will be set aside for residents at or below 30% AMI; 59 units at or below 60% AMI; and 20 units at or below 80% AMI (for reference, the current maximum annual income limits for a one-person household at 30% AMI may not exceed $17,190; 60% AMI may not exceed $34,380; and 80% AMI may not exceed $45,850). Additionally, 8 of the 30% AMI units will be set aside for special needs households. Based on unit set asides, the one-bedroom rents are expected to range from $344-$1112/month and two-bedroom rents are expected to range from $404-$1326/month. The following programs will be available to Kupfrian Manor residents at no additional cost: 24 Hour Support to assist residents in handling urgent issues, adult literacy, daily activities, and computer training.

**PRIOR ACTION:**

June 30, 2021-City Council workshop for ARPA Housing funds

December 12, 2022-CRA approved designation of Kupfrian Manor as a LGAO under RFA 2022-201

with $460,000 in CRA funds

**FUNDING:**

Budget: $ 460,000

Actual: $ 460,000

**FINANCIAL IMPACT:**

No City general funds are required. The $460,000.00 contribution will be funded from Housing ARPA funds. No funds will be provided to the developer unless the proposed development is awarded funding from FHFC under RFA 2023-201.

The statewide housing tax credit application process through FHFC is extremely competitive, so there is no guarantee of this project being funded by the state. Should this project be awarded a 9% tax credit, an agreement will come back to Council outlining developer responsibilities in accordance with the RFP and ARPA requirements.

**LEGAL REVIEW ONLY BY CITY ATTORNEY:** Yes

8/1/2023

**PRESENTATION:** No

**FLORIDA HOUSING FINANCE CORPORATION**
**LOCAL GOVERNMENT VERIFICATION OF CONTRIBUTION – LOAN FORM**

Name of Development: _____

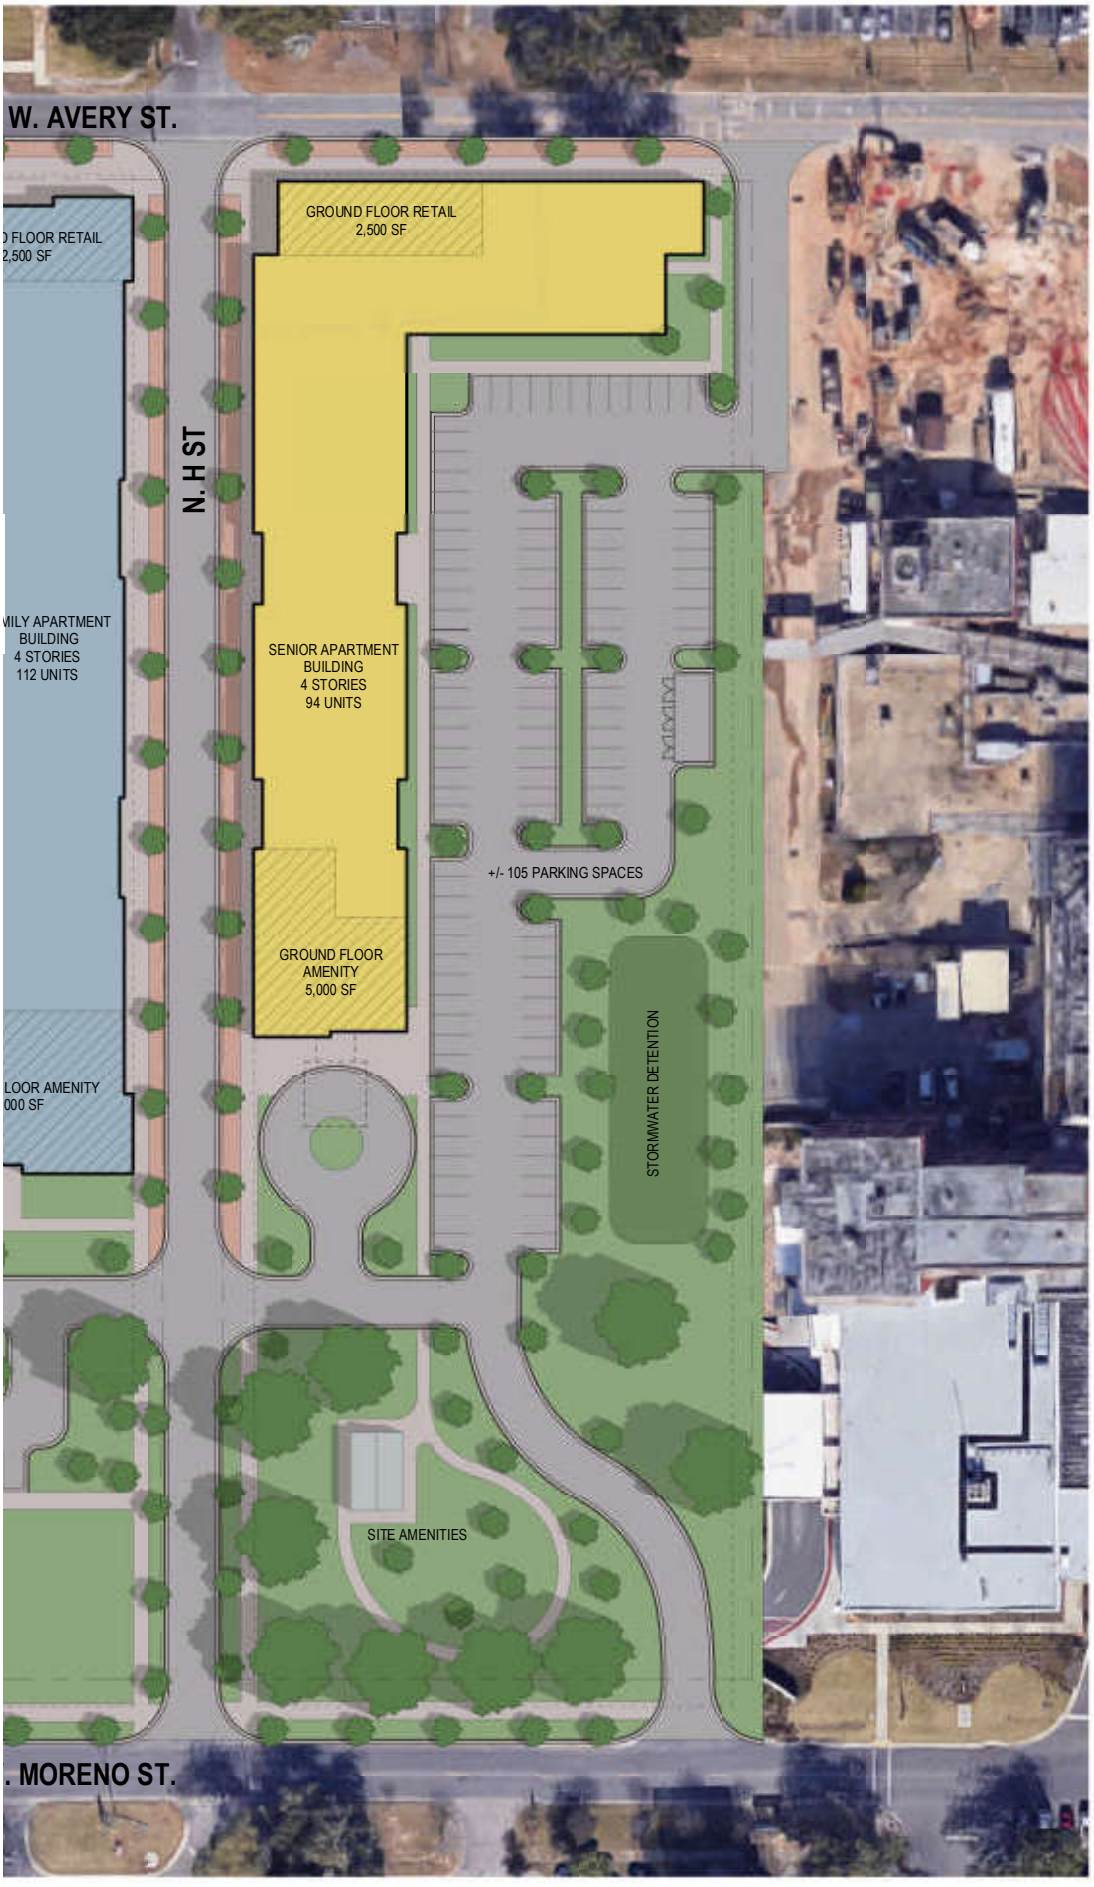
Development Location: _____
(At a minimum, provide the address number, street name and city, and/or provide the street name, closest designated intersection and either the city (if located within a city) or county (if located in the unincorporated area of the county). If the Development consists of Scattered Sites, the Development Location stated above must reflect the Scattered Site where the Development Location Point is located.)

The City/County of Pensacola, commits $460,000.00 at face value, (which may be used as an FHFC Non-Corporation Funding Proposal in an Application for FHFC funding if it meets the required criteria) in the form of a reduced interest rate loan to the Applicant for its use solely for assisting the proposed Development referenced above.

Please note: In some competitive processes, Florida Housing will use the face value of the commitment minus the net present value of the commitment for scoring purposes. The net present value of the above-referenced loan, based on its payment stream, inclusive of a reduced interest rate and the designated discount rate (as stated in the applicable RFA) is: $_____.

No consideration or promise of consideration has been given with respect to the loan. For purposes of the foregoing, the promise of providing affordable housing does not constitute consideration. The commitment for this loan must be effective as of the Application Deadline for the applicable RFA, and is provided specifically with respect to the proposed Development.

**CERTIFICATION**



I certify that the foregoing information is true and correct and that this commitment is effective at least through the date required in the applicable RFA.

| _____ | D.C. Reeves |
| Signature | Print or Type Name |
| Mayor | |
| Print or Type Title | Date Signed |

NOTE TO LOCAL GOVERNMENT OFFICIAL: Additional information is set forth in the applicable Request for Application under which the Applicant is applying for funding for the above referenced Development.

This certification must be signed by the chief appointed official (staff) responsible for such approvals, Mayor, City Manager, County Manager /Administrator/Coordinator, Chairperson of the City Council/Commission or Chairperson of the Board of County Commissioners. If the contribution is from a Land Authority organized pursuant to Chapter 380.0663, Florida Statutes, this certification must be signed by the Chair of the Land Authority. One of the authorized persons named above may sign this form for certification of state, federal or Local Government funds initially obtained by or derived from a Local Government that is directly administered by an intermediary such as a housing finance authority, a community reinvestment corporation, or a state-certified Community Housing Development Organization (CHDO). Other signatories are not acceptable. The Applicant will not receive credit for this contribution if the certification is improperly signed. The amount of the contribution stated on this form must be a precise dollar amount and cannot include words such as estimated, up to, maximum of, not to exceed, etc.

If there are alterations made to this form that change the meaning of the form, the form will not be accepted.

| 81-140% AMI | | | | | |

### 3. PROPERTY MANAGEMENT TEAM:

a. Name of Proposed Property Management Company: United Apartment Group

b. Address of Management Company: 7334 Blanco Rd Ste 300 San Antonio, TX 78216

**4. RESIDENT PROGRAM OFFERINGS:** FHFC mandates provision of resident programs. Please list all resident programs that will be offered at the development (FHFC required, plus any additional):

- ☐ Assistance with Light-Housekeeping, Grocery Shopping and/or Laundry (Elderly Only)
- ☐ After School Program for Children
- ☒ Daily Activities (Elderly)
- ☐ Family Support Coordinator
- ☐ Homeownership Opportunity Program
- ☐ Resident Assurance Check-In Program (Elderly)
- ☒ Computer Training
- ☐ Employment Assistance Program
- ☐ Financial Management Program
- ☒ Adult Literacy Training
- ☐ Other:_____

**5. APPLICANT CAPACITY AND EXPERIENCE:** Provide examples of applicant's record of performance, qualifications, and capacity to perform the responsibility of this development.

a. Has applicant or co-sponsor ever declared bankruptcy? No

b. Is applicant (and co-sponsor) in good standing with FHFC, Escambia County, and City housing programs (i.e., developer/principals not on FHFC non-compliance list, no outstanding monitoring issues with County/City housing programs, etc)? Yes

c. Has the applicant or developer ever developed multi-family housing with federal funds?
☐ NO ☒ YES If yes, provide federal funding source: Tax Credits, Bonds, HOME Funds, and CDBGs

d. Complete EXHIBIT A to include developments underway by applicant/co-sponsor; developments completed in last 5 years; and at least 3 completed developments of similar size/scale.

e. Complete EXHIBIT B to include info on proposed qualified development team members.

**6. FINANCIAL CAPACITY:**

a. Total Development Cost: $29,235,503

b. Cost per Unit: $311,016

c. Attach development and operating cash flow and proposed sources and uses of funds to demonstrate long-term cash flow for the development. Documents should be based on assumptions of occupancy, rents, and expenses for the duration of the affordability period. (Submit own Forms)

**7. ABILITY TO PROCEED**

a. Provide anticipated project timeline (subject to FHFC approval and underwriting) after approval of agreement by the City Council. Include key dates such as site acquisition, design, permitting, construction loan financing dates, FHFC funding closing dates, construction start and completion dates, and lease-up.

Please see the attached timeline for Kupfrian Manor ad attachment 7a.

b. Site Control. Provide evidence of site control (submit own forms), which has been achieved by the following:
☐ Deed/Certificate of Title ☒ Purchase Contract ☐ Option Agreement ☐ Long Term Lease
Expiration/Maturity Date (n/a for deed): 3/29/2024

c. Site Plan. Provide preliminary site plan including building footprint and proposed site improvements (submit own forms).

d. Provide FHFC Ability to Proceed Form: Local Government Verification that Development is Consistent with Zoning and Land Use Regulations

8. **FHFC FUNDING GOALS**. Does your development meet any of the following funding goals set by the State?
   a. Prior LGAO designation? ☐ NO ☒ YES If yes, state year of support: 2022
   b. Family development that qualifies as a Geographic Area of Opportunity or SADDA development? ☒ NO ☐ YES If yes, provide census tract or zip code: _____

9. **PROJECT CHARACTERISTICS:** Provide a narrative regarding community benefits to be provided by the development, including any amenities/programs that may be available to the surrounding neighborhood or ways the development will improve the surrounding neighborhood. Describe any ways the development supports the City's goals and objectives for the production of affordable housing units, particularly for households negatively impacted by the pandemic.

We have attached a PDF to this application detailing the programs that will be available to the residents of Kupfrian Manor. Please refer to Attachment 9 for our response.

**CERTIFICATION:**

The proposer certifies that all documents included with this application are valid as of the date of this application and that current, dated copies have been submitted with this proposal. The person executing this document represents that s/he has the authority to bind the applicant.

Signature: _____ Date: 7/24/2023

**SUBJECT:**

SUPPLEMENTAL BUDGET RESOLUTION NO. 2023-055 - UNRECOGNIZED FUND BALANCE ON UNENCUMBERED CARRYOVER RESOLUTION NO. 2023-004

**RECOMMENDATION:**

That City Council adopt Supplemental Budget Resolution No. 2023-055.

A RESOLUTION AUTHORIZING AND MAKING REVISIONS AND APPROPRIATIONS FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2023; PROVIDING FOR AN EFFECTIVE DATE.

**HEARING REQUIRED:** No Hearing Required

**SUMMARY:**

After the beginning of each fiscal year a supplemental budget resolution is brought to City Council for consideration.

On January 19, 2023, City Council adopted the Non-Encumbered Carryover Resolution No. 2023-004. The resolution was missing the fund balance appropriations in the LOST IV Fund, therefore leaving the fiscal year 2023 budget unbalanced.

It is required to maintain a balanced budget therefore, to do so, the unrecognized fund balance on the unencumbered carryover Resolution No. 2023-004 will be amended by City Council's adoption of Resolution No. 2023-055.

The attached resolution includes the fund balance appropriations for Fiscal Year 2023 that require Council's approval.

**PRIOR ACTION:**

January 19, 2023 - City Council formally adopted the Amended Non - Encumbered Carryover

Resolution No. 2023-004.

**FUNDING:**

N/A

**FINANCIAL IMPACT:**

All appropriations of City funds in the carryover budget resolution are covered by either an appropriation of fund balance or an increase in estimated revenues. Approval of the supplemental budget resolution provides for a balanced budget for Fiscal Year 2023.

**SUBJECT:**

PROPOSED ORDINANCE NO. 12-23 - PROPOSED AMENDMENT TO THE LAND DEVELOPMENT CODE - ESTABLISHING FOOD TRUCK COURTS AS A PERMITTED LAND USE ALLOWED IN SPECIFIED ZONING DISTRICTS

**RECOMMENDATION:**

That City Council adopt Proposed Ordinance No. 12-23 on second reading.

AN ORDINANCE CREATING SECTION 12-3-95 OF THE CODE OF THE CITY OF PENSACOLA, FLORIDA; ESTABLISHING FOOD TRUCK COURTS AS A PERMITTED LAND USE; PROVIDING FOR SEVERABILITY; REPEALING CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

**HEARING REQUIRED:** Public

**SUMMARY:**

Over the past decade or so, food truck courts (aka food truck parks) have become more and more prevalent across the country. These establishments, which normally require a certain level of seating, restrooms, and other site plan requirements, offer several benefits to the communities that they are allowed, such as neighborhood revitalization, providing entrepreneurial and business opportunities including, in many cases, areas of the communities where food / dining options are not as available, land redevelopment, economic vibrancy, etc.

In researching the food truck courts trend that has taken hold throughout the country, including neighboring jurisdictions, City Staff drafted proposed amendments to the Land Development Code that would allow food truck courts as a permitted commercial land use, which were presented to the City's Planning Board at their March and April 2023 meetings for discussion and feedback.

The two proposed ordinances would allow food truck courts as a primary by-right land use in the C-1, C-2, C-2A, and C-3 Commercial Districts; the M-1 and M-2 Industrial Districts; the GRD, and WRD Redevelopment Districts, and as a conditional use in PC-1 North Hill Preservation Commercial District. The proposed ordinances also outline general site development requirements for the new land use, including brick-and-mortar bathrooms, seating requirements, and landscaping and buffers.

Because the proposed amendments include changes to the list of permitted uses in a city zoning

district, both the Land Development Code and state statute require that two public hearings be held before City Council.

Planning Board recommended approval in a 6-0 vote.

**PRIOR ACTION:**

July 20, 2023 - City Council voted to approve Proposed Ordinance No. 12-23 on first reading.

July 20, 2023 - City Council conducted the second of two required public hearings.

June 15, 2023 - City Council conducted the first of two required public hearings.

PROPOSED
ORDINANCE NO. 12-23

ORDINANCE NO. _____

AN ORDINANCE
TO BE ENTITLED:

AN ORDINANCE CREATING SECTION 12-3-95 OF THE CODE OF THE CITY OF PENSACOLA, FLORIDA; ESTABLISHING FOOD TRUCK COURTS AS A PERMITTED LAND USE; PROVIDING FOR SEVERABILITY; REPEALING CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

BE IT ORDAINED BY THE CITY OF PENSACOLA, FLORIDA:

SECTION 1. Section 12-3-95 of the Code of the City of Pensacola, Florida, is hereby created to read as follows:

(a) *Purpose.* The purpose of allowing food truck courts which provides parking pads for one or more mobile food trucks and may also include other site development features, such as parking and seating, is to allow for innovative development options within the commercial zoning district.

(b) *Permitted locations.*

a. Food truck courts shall be allowed as a permitted use in the C-1, C-2, C-2A, C-3, M-1, M-2, GRD, WRD, and WRD-1 zoning districts, exclusive of the area defined by Section 11-2-24 of the Code of the City of Pensacola.
b. Food truck courts shall be allowed as a conditional use within PC-1 and the area defined within Section 11-2-24 and must comply with the conditional use requirements established within section 12-3-120(a)(3).

(c) *General requirements.*

(1) Site development requirements. The development of the site shall comply with the requirements of the zoning district and any applicable overlay district, with the exception of the following:

a. Food truck stalls and additional structures shall observe a minimum setback of ten (10) feet from any side or rear property line, notwithstanding any applicable landscape buffers or setbacks from a residential zoning district as outlined in Table 12-3.7.
b. Food truck stalls and additional structures shall be located at least ten (10) feet from any other space or structure.
c. Drive-thru services are prohibited.
d. Outdoor refuse & utilities, and storage areas shall not be allowed within the 25 feet of the front property line and shall be screened per Sec. 12-3-121.

(2) *Number of food truck parking pads.* A minimum of one stationary food truck pad shall be developed with each food truck court. The maximum number of mobile food truck pads shall be six (6).

(3) *Lot coverage, landscaping, and buffers.*

a. The maximum lot coverage for the mobile food truck pads, all structures, and defined outdoor dining areas shall be 50%.

b. Landscaping and buffer requirements shall be subject to the minimum provisions set forth in chapter 12-6. When off-street parking is located at a street frontage, a year-round landscape hedge or low fence or wall along the street edge of the parking lot must be used as a means of buffering and subject to visibility triangle requirements in section 12-3-58.

(4) *Off-street parking.* One off-street parking space shall be provided for the food truck court for each food truck pad plus one per 100 square feet of gross floor area, or fraction thereof, of all buildings on the site with the exception of those located within the Dense Business Area or the Urban Core CRA.

(5) *Mobile food truck pad requirements.* Each food truck space shall provide the following:

a. A connection to a water source.

b. A connection to a sewer system and a grease trap or a gray-water system with off-site disposal.

c. A solid surface pad measuring at least 10 feet in width and 20 feet in length.

(6) *Restrooms.* Permanent restrooms are required as part of the food truck court. This facility must be within the same parcel as the mobile food truck pad(s). The minimum requirement shall be 2 stalls each for male and female.

(7) *Seating.* At least one table, with a minimum of four seats per table, shall be required for every mobile food truck pad.

(8) *Exterior modifications.*

a. Architectural design and building elements. All buildings, structures, fences, walls, etc. shall follow design standards and guidelines in section 12-3-121(d) and shall strive to achieve visual harmony with the surrounding area. If located in a district subject to Architectural Review Board or Planning Board review, or located in the CRA Urban Design Overlay, the project shall be subject to the standards applicable to the relevant district.

b. Fencing and screening. Approved materials include wood, brick, stucco finished masonry, stone, or wrought iron, and combinations of these materials. Black powder-coated chain-link fences will be permitted if screened in their entirety by appropriate vegetation. Exposed concrete block and barbed wire are prohibited. All service areas (i.e. trash collection containers, compactors, etc.) shall be screened from street and adjacent buildings by a fence, wall, and/or vegetation.

c. Site lighting. Exterior lighting shall follow standards set forth in section 12-3-121(c)(9).

(9) *Food truck requirements.*

a. Each food truck must meet the requirements of the Florida Fire Prevention Code, NFPA 1, section 50.7 Mobile and Temporary Cooking Operations. Section 50.7.1.5 Separation. Mobile or temporary cooking operations shall be separated from buildings or structures, combustible materials, vehicles, and other cooking operations by a minimum of 10 ft. Section 50.7.1.7 Fire Department Access. Mobile or temporary cooking operations shall not block fire department access roads, fire lanes, fire hydrants, or other fire protection devices and equipment.

b. A copy of the Commissary Agreement should be maintained on the food truck or mobile food vending establishment.

c. The food truck owner should obtain a license from DBPR, then an inspection from the fire department before obtaining a City BTR.

d. Each food truck operating on the site is required to have a City BTR, business tax receipt, but is not required to obtain any other City permits or licenses.

e. A copy of the appropriate license(s) from the Florida department of Business and Professional Regulation (Division of Hotels and Restaurants) shall be maintained on the food truck or mobile food vending establishments at all times along with a copy of a valid City business tax receipt when the vehicle is in operation in the City, and shall be made available for inspection upon request by the City's law or code enforcement officers.

f. If a gray-water system is to be used, a contract for off-site disposal must be made available upon request.

(10) *Alcohol.* If alcohol is to be sold on-site, the provisions within Chapter 7 shall apply.

(11) *Signs.* Signage shall comply with the standards for the respective zoning district.

(d) *Review and approval process.* All applications for food truck courts shall comply with development standards and guidelines established in section 12-3-121.

Secs. 12-3-96—12-3-104. Reserved.

SECTION 2. If any word, phrase, clause, paragraph, section or provision of this ordinance or the application thereof to any person or circumstance is held invalid or unconstitutional, such finding shall not affect the other provision or applications of the ordinance which can be given effect without the invalid or unconstitutional provisions or application, and to this end the provisions of this ordinance are declared severable.

SECTION 3. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION 4. This ordinance shall take effect on the fifth business day after adoption, unless otherwise provided, pursuant to Section 4.03(d) of the City Charter of the City of Pensacola.

**MINUTES OF THE PLANNING BOARD**
**May 9, 2023**

**MEMBERS PRESENT:** Chairperson Paul Ritz, Vice Chairperson Larson Board Member Grundhoefer, Board Member Villegas, Board Member Van Hoose, Board Member Powell

**MEMBERS ABSENT:** Board Member Sampson

**STAFF PRESENT:** Planning & Zoning Manager Cannon, Assistant Planning & Zoning Manager Harding, Help Desk Technician Russo, Development Services Director Morris, Development Services Coordinator Statler

**STAFF VIRTUAL:** Assistant City Attorney Lindsay

**OTHERS PRESENT:** Amir Fooladi, Tommy White

**AGENDA:**
- Quorum/Call to Order
- Approval of Meeting Minutes from April 11, 2023
  **New Business:**
- Proposed Amendment to the Land Development Code – Food Truck Courts
- Open Forum
- Discussion:
- Adjournment

**Call to Order / Quorum Present**
Chairperson Paul Ritz called the meeting to order at 2:05 pm with a quorum present and explained the procedures of the meeting including requirements for audience participation.

**Approval of Meeting Minutes** – **Board Member Larson made a motion to approve the April 11, 2023, minutes, seconded by Board Member Powell, and it carried unanimously.**

**New Business** –
**Proposed Amendment to the Land Development Code – Food Truck Courts**
Assistant Planning & Zoning Manager Harding introduced the agenda item and

Chairperson Ritz provided an additional background. Assistant Planning & Zoning Manager Harding also introduced the added gray-water system provision which was included due to staff's discussions with food truck owners. Chairperson Ritz acknowledged that several developers and food truck business owners had been contacted and that additional notice of the proposed amendment had been provided. Development Services Coordinator Statler gave a brief highlight of changes that were made to the ordinance - an inclusion for setbacks from a residential zoning district as outlined in Table 12-3.7 was added, utilities shall be screened per Sec. 12-3-121, one parking space per pad, an option of gray-water system with off-site disposal, modified the language for table seating, with a minimum of four seats per table, and if a gray-water system is used, a contract for off-site disposal must be made available upon request. The board members began to ask questions regarding the changes that were made. Board Member Grundhoefer requested the wording be clarified as far as the table seating goes. Board Member Van Hoose stated she felt it's an unnecessary imposition of food trucks to require table and chairs and feels it's a liability. A majority of the Board Members are in favor of the table and chairs. Board Member Van Hoose inquired where else in the Land Development Code are table and chairs required, staff replied they are unaware of that requirement anywhere else in the Land Development Code. Development Services Coordinator Statler stated that with License to Use there are no specific requirements for outdoor dining for the chairs, but liability insurance is required since it's on City right of way versus private property. Chairperson Ritz stated whenever legislation is created from scratch, there's a lot of to discuss. Development Services Coordinator Statler mentioned that under our current conditional use for mobile restaurant facilities we do require that they have permanent restroom facilities and mobile restaurant development sites shall provide one customer seat per linear foot of mobile unit on site, so we do require seating in another section of the LDC for this particular use like The Garden on Palafox. Board Member Villegas stated this is a food truck court with permanent restroom facilities with infrastructure that allows it to be more than a pull up pull off situation. It will create a certain ambiance; she stands firm with the ordinance. Planning & Zoning Manager Cannon mentioned that there are three districts, GRD, WRD, and PC1, that will trigger them to have to come before the Planning Board. This would give the Planning Board a chance to weigh in on these aesthetically, but it does not change anything on the commercial ones. Mr. Fooladi spoke and thanked everyone for all the work put into the ordinance. He wanted to know in **Sec. 12-3-95(c)(1)d.** where it states "Outdoor refuse & utilities, and storage areas shall not be allowed within the 25 feet of the front property line and shall be screened per Sec. 12-3-121.", what is meant by utilities. Development Services Coordinator Statler stated that it was added because of the option for the gray-water tank, if they are using a gray-water tank that's not actually within the truck, but on the exterior, it needs to be screened. Staff clarified that dumpsters would need to be screened in, not trash receptacles or trash cans. A discussion was had regarding the calculations used to determine the number of parking spaces required, and the definition of fencing materials and materials that can be used for screening. They concluded that vegetation is an allowable screening material. A discussion was had regarding the difference between WRD and WRD-1 and why food trucks would not be allowed in WRD-1, staff replied that it was an oversight and that the board could choose to allow food truck courts in WRD-1 and suggested that the board add it to the motion of the item if they thought it appropriate. Mr. White asked if this ordinance would be City wide and staff replied that it would be. Mr. White then asked if there would be a limitation as to how many food trucks would be allowed in the court, staff replied the

maximum number of 6 mobile food truck pads would be allowed. A discussion was then had regarding the use of the City GIS mapping application to determine if a particular location is zoned to allow a food truck court. Board Member Grundhoefer asked for more information regarding the gray-water system and how the material is picked up and where is it dumped. Staff replied that the service provider would be responsible for disposing of it appropriately and that there are different service providers that provide this service. Board Member Powell stated that the state of Florida has standards for how the gray-water is disposed of based on the Florida health code. Staff stated that the gray-water system is a less expensive option other than a grease trap, both ways handle it in a responsible manner.

**Board Member Larson made a motion to approve. Board Member Villegas proposed an amendment that the allowance of "food truck courts, subject to regulations in Sec. 12-3-95" be added to zoning district WRD-1 (Sec. 12-3-12(4) b.) and it was accepted. Chairperson Ritz proposed the amendment that the two mentioned typos be corrected ("on" to "one" in proposed Sec. 12-3-95(c)(4) and "form" to "from" in proposed Sec. 12-3-95(c)(9) and it was accepted. Board Member Grundhoefer proposed the amendment to change proposed Sec. 12-3-95(c)(7) to *"Seating.* At least one table, with a minimum of four seats per table, shall be required for every mobile food truck pad*."*, and it was accepted. Board Member Powell seconded the motion and it carried 6-0.**

**Open Forum – None.**

**Discussion –** Chairperson Ritz announced that he will be absent for the July meeting. Board Member Larson (Vice Chair) will fill in as Chairperson. Assistant Planning and Zoning Division Manager Harding advised the board that City Administration has asked Development Services staff to research off-street parking and building height requirements as they relate to the city's Land Development Code and comparable ordinances from other local governments, and that the board may see agenda discussion items on such topics in the future.

**Adjournment** – With no further business, the Board adjourned at 3:07 p.m.

Respectfully Submitted,

Gregg Harding, RPA
Assistant Planning & Zoning Manager
Secretary of the Board

That City Council adopt Proposed Ordinance No. 13-23 on second reading.

AN ORDINANCE AMENDING SECTIONS 12-3-8, 12-3-10, AND 12-3-12 OF THE CODE OF THE CITY OF PENSACOLA, FLORIDA; ESTABLISHING FOOD TRUCK COURTS AS LAND USE CATEGORY; PROVIDING FOR SEVERABILITY; REPEALING CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

**HEARING REQUIRED:** Public

**SUMMARY:**

Over the past decade or so, food truck courts (aka food truck parks) have become more and more prevalent across the country. These establishments, which normally require a certain level of seating, restrooms, and other site plan requirements, offer several benefits to the communities that they are allowed, such as neighborhood revitalization, providing entrepreneurial and business opportunities including, in many cases, areas of the communities where food / dining options are not as available, land redevelopment, economic vibrancy, etc.

In researching the food truck courts trend that has taken hold throughout the country, including neighboring jurisdictions, City Staff drafted proposed amendments to the Land Development Code that would allow food truck courts as a permitted commercial land use, which were presented to the City's Planning Board at their March and April 2023 meetings for discussion and feedback.

The two proposed ordinances would allow food truck courts as a primary by-right land use in the C-1, C-2, C-2A, and C-3 Commercial Districts; the M-1 and M-2 Industrial Districts; the GRD, and WRD Redevelopment Districts, and as a conditional use in PC-1 North Hill Preservation Commercial District. The proposed ordinances also outline general site development requirements for the new land use, including brick-and-mortar bathrooms, seating requirements, and landscaping and buffers.

Because the proposed amendments include changes to the list of permitted uses in a city zoning district, both the Land Development Code and state statute require that two public hearings be held before City Council.

Planning Board recommended approval in a 6-0 vote.

**PRIOR ACTION:**

July 20, 2023 - City Council voted to approve Proposed Ordinance No. 13-23 on first reading.

July 20, 2023 - City Council conducted the second of two required public hearings.

June 15, 2023 - City Council conducted the first of two required public hearings.

PROPOSED
ORDINANCE NO. _13-23_

ORDINANCE NO. _____

AN ORDINANCE
TO BE ENTITLED:

AN ORDINANCE AMENDING SECTIONS 12-3-8, 12-3-10, AND 12-3-12 OF THE CODE OF THE CITY OF PENSACOLA, FLORIDA; ESTABLISHING FOOD TRUCK COURTS AS A PERMITTED USE IN SPECIFIED ZONING DISTRICTS; PROVIDING FOR SEVERABILITY; REPEALING CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

BE IT ORDAINED BY THE CITY OF PENSACOLA, FLORIDA:

SECTION 1. Sections 12-3-8 of the Code of the City of Pensacola, Florida, is hereby amended to read as follows:

Sec. 12-3-8. - Commercial land use district.

The regulations in this section shall be applicable to the retail and downtown commercial and wholesale and light industry zoning districts: C-1, C-2A, C-2, and C-3.

(1) *Purpose of district.*

a. The commercial land use district is established for the purpose of providing areas of commercial development ranging from compact shopping areas to limited industrial/high intensity commercial uses. Conventional residential use is allowed as well as residential uses on upper floors above ground floor commercial or office uses and in other types of mixed-use development. New development and redevelopment projects are strongly encouraged to follow the city's design standards and guidelines contained in section 12-3-121.

b. The C-1 zoning district's regulations are intended to provide for conveniently supplying the immediate needs of the community where the types of services rendered and the commodities sold are those that are needed frequently. The C-1 zoning district is intended to provide a transitional buffer between mixed-use neighborhood commercial areas and more intense commercial zoning. The downtown and retail commercial (C-2A and C-2) zoning districts' regulations are intended to provide for major commercial areas intended primarily for retail sales and service establishments oriented to a general community and/or regional market. The C-3 wholesale and light industry zoning district's regulations are intended to provide for general commercial services, wholesale distribution, storage and light fabrication.

c. The downtown retail commercial (C-2A) zoning district's regulations are intended to provide a mix of restaurants, retail sales, entertainment, and service establishments with an emphasis on pedestrian-oriented ground floor shops and market spaces.

d. The commercial retail (C-2) zoning district's regulations are intended to provide for major commercial areas intended primarily for retail sales and service establishments oriented to a general community and/or regional market.

e. The C-3 wholesale and light industry zoning district's regulations are intended to provide for general commercial services, wholesale distribution, storage and light fabrication.

(2) *Uses permitted.*

a. C-1, retail commercial zoning district. Any use permitted in the R-NC district and the following uses, with no outside storage or repair work permitted:

1. Retail sales and services.
2. Motels/hotels.
3. Vending machine when as accessory to a business establishment and located on the same parcel of land as the business.
4. Car washes.
5. Movie theaters, except drive-in theaters.
6. Open air sales of trees, plants and shrubs. The business shall include a permanent sales or office building (including restrooms) on the site.
7. Pet shops with all uses inside the principal building.
8. Parking lots and parking garages.
9. Pest extermination services.
10. Animal hospitals and veterinary clinics with fully enclosed kennels and no outside runs or exercise areas.
11. Business schools.
12. Trade schools.
13. Medical marijuana dispensary.
14. Recreation or amusement places operated for profit.
15. Accessory buildings and uses customarily incidental to the above uses.
16. Food truck courts, subject to regulations in Sec. 12-3-95.

a. *C-2A, downtown retail commercial district.* Any use permitted in the C-1 district with the exception of manufactured home parks, and conditional uses. The following uses with no outside storage or repair work permitted:

1. Bars.
2. Pool halls.
3. Newspaper offices and printing firms.
4. Marinas.
5. Major public utility buildings and structures including radio and television broadcasting station.
6. Accessory buildings and uses customarily incidental to the above uses.

b. *C-2, commercial district (retail).* Any use permitted in the C-2A district and the following uses with no outside storage or repair work permitted:

1. Cabinet shops and upholstery shops.
2. Electric motor repair and rebuilding.
3. Garages for the repair and overhauling of automobiles.
4. Sign shop.
5. Accessory buildings and uses customarily incidental to the above uses.

*c. C-3, commercial zoning district (wholesale and limited industry).*

1. Any use permitted in the C-2 district. Outside storage and work shall be permitted for those uses and the following uses, but shall be screened by an opaque fence or wall at least eight feet high at installation. Vegetation shall also be used as a screen and shall provide 75 percent opacity. The vegetative screen shall be located on the exterior of the required fence.
2. Outside kennels, runs or exercise areas for animals subject to regulations in section 12-3-83.
3. Growing and wholesale of retail sales of trees, shrubs and plants.
4. Bakeries, wholesale.
5. Ice cream factories and dairies.
6. Quick-freeze plants and frozen food lockers.
7. Boat sales and repair.
8. Outdoor theaters.
9. Industrial research laboratories and pharmaceutical companies.
10. Truck sales and repair.

11. Light metal fabrication and assembly.
12. Contractors shops.
13. Adult entertainment establishments subject to the requirements of chapter 7-3.
14. Industrial laundries and dry cleaners using combustible or flammable liquids or solvents with a flash point of 190 degrees Fahrenheit or less which provide industrial type cleaning, including linen supply, rug and carpet cleaning, and diaper service.
15. Retail lumber and building materials.
16. Warehouses.
17. Plumbing and electrical shops.
18. New car and used car lots, including trucks which do not exceed 5,000 pounds.
19. Car rental agencies and storage, including trucks which do not exceed 5,000 pounds.
20. Pawnshops and secondhand stores.
21. Mini-storage warehouses.
22. Advanced manufacturing and/or processing operations provided that such use does not constitute a nuisance due to emission of dust, odor, gas, smoke, fumes, or noise.
23. Accessory buildings and uses customarily incidental to the above uses.

(3) *Regulations.* All developments are required to comply with design standards and are strongly encouraged to follow design guidelines as established in section 12-3-121. Table 12-3.7 describes height, area and yard requirements for the C-1, C-2, C-2A and C-3 commercial zoning districts:

TABLE 12-3.7. REGULATIONS FOR THE COMMERCIAL ZONING DISTRICTS

| Standards | C-1 | C-2A | C-2 and C-3 |
|---|---|---|---|
| Minimum Yard Requirements (Minimum Building Setbacks) | There shall be no yard requirements, except that where any nonresidential use is contiguous to a residential zoning district there shall be a 20-foot yard unless the two districts are separated by a public street, body of water, or similar manmade or natural buffer of equal width.<br>Inside the C-2A District and Dense Business Area: There shall be a maximum allowed front yard setback of 10 feet. | | |
| Maximum Building Height | No building shall exceed 45 feet in height at the | No building shall exceed 100 feet in height at the property or setback lines. (See Note 1) | |

| | | | |
|---|---|---|---|
| | property or setback lines. (See Note 1) | | |
| Lot Coverage Requirements (The maximum combined area occupied by all principal and accessory buildings) | Shall not exceed 75 percent of the total site area for buildings up to 100 feet in height. For buildings over 100 feet in height, lot coverage shall not exceed 65 percent. | Shall not exceed 100 percent of the total site area for buildings up to 100 feet in height. For buildings over 100 feet in height, lot coverage shall not exceed 90 percent. | Inside the dense business area: shall not exceed 100 percent of the total site area for buildings up to 100 feet in height. For buildings over 100 feet in height, lot coverage shall not exceed 90 percent (with the exception of the C-2A zoning district).<br>Outside the dense business area: shall not exceed 75 percent of the total site area for buildings up to 100 feet in height. For buildings over 100 feet in height, lot coverage shall not exceed 65 percent. |
| Maximum Density Multiple-Family Dwellings | 35 dwelling units per acre. | 135 dwelling units per acre. | Inside the dense business area: 135 dwelling units per acre.<br>Outside the dense business area: 35 dwelling units per acre. |
| Note 1: Three feet may be added to the height of the building for each foot the building elevation is stair-stepped or recessed back from the property or setback lines beginning at the height permitted up to a maximum height of 150 feet. | | | |

(4) *Additional regulations.* In addition to the regulations established above in subsection (3) of this section, all developments within the commercial zoning districts will be subject to, and must comply with, the following regulations:

a. Supplementary district regulations subject to regulations in sections 12-3-55 through 12-3-69.

b. Off-street parking subject to regulations in chapter 12-4.

c. Signs subject to regulations in chapter 12-5.

d. Tree/landscape regulations subject to regulations in chapter 12-6.

e. Stormwater management and control of erosion, sedimentation and runoff subject to regulations in chapter 12-8.

f. Alcoholic beverages regulations subject to chapter 7-4.

Sec. 12-3-9. Industrial land use district.

The regulations in this section shall apply to the light industrial (wholesale and light industry) and heavy industrial zoning districts: M-1 and M-2.

(1) Purpose of district. The industrial land use district is established for the purpose of providing areas for industrial development for a community and regionally oriented service area. The industrial zoning district's regulations are intended to facilitate the manufacturing, warehousing, distribution, wholesaling and other industrial functions of the city and the region. New residential uses are prohibited in the M-2 zoning district. The industrial district regulations are designed to:

a. Encourage the formation and continuance of a compatible environment for industries, especially those which require large tracts of land and/or employ large numbers of workers;

b. Protect and reserve undeveloped areas that are suitable for industries;

c. Discourage development of new residential or other uses capable of adversely affecting or being affected by the industrial character of this district; and

d. Provide an opportunity for review by the planning board and approval by the city council for specific uses that may be an environmental nuisance to the community.

(2) Uses permitted.

a. M-1, light industrial district.

1. Any use permitted in the C-3 district.

2. Outdoor storage and work, but shall be screened by an opaque fence or wall at least eight feet high at installation. Vegetation shall also be used as a screen and shall provide 75 percent opacity. The vegetative screen shall be located on the exterior of the required fence, and shall be subject to the regulations contained in chapter 12-6.

3. Wholesale business.

4. Lumber, building material yards.

5. Furniture manufacture/repair.

6. Assembly of electrical appliances, instruments, etc.

7. Welding and metal fabrication, except the fabrication of iron and steel or other metal for structural purposes, such as bridges, buildings, radio and television towers, oil derricks, and sections for ships, boats and barges.
8. Processing/packaging/distribution.
9. Canning plants.
10. Ice plant/storage buildings.
11. Bottling plants.
12. Stone yard or monument works.
13. Manufacturing uses of a scale and intensity likely to be capable of producing sound, vibration, odor, etc., that is incompatible with the general commercial districts.
14. Conditional uses permitted:
    i. Residential and nonresidential community correction centers, probation offices, and parole offices provided that no such site shall be located any closer than one-quarter mile, 1,320 feet, from a school for children in grade 12 or lower, licensed day care center facility, park, playground, nursing home, convalescent center, hospital, association for disabled population, mental health center, youth center, group home for disabled population or youth, or other place where children or a population especially vulnerable to crime due to age or physical or mental disability regularly congregates.

b. M-2, heavy industrial district.
    1. Any use permitted in the M-1 district.
    2. Any use or the expansion of any use or building not permitted in the preceding district may be permitted upon development plan review by the planning board and city council approval subject to regulations in section 12-3-120.

(3) Regulations. All developments are required to comply with design standards and are encouraged to follow the design guidelines as established in section 12-3-121. Table 12-3-8 describes requirements for the industrial zoning districts:

TABLE 12-3.8. REGULATIONS FOR THE INDUSTRIAL ZONING DISTRICTS

| Standards | M-1 | M-2 |
|---|---|---|
| Minimum Yard Requirements (Minimum Building Setbacks) | There shall be no yard requirements, except that where any nonresidential use is contiguous to a residential zoning district there shall be a 20-foot yard, or for industrial uses a 40-foot yard, unless the two districts | |

| | |
|---|---|
| | are separated by a public street, body of water, or similar manmade or natural buffer of equal width. |
| Maximum Building Height | No building shall exceed 45 feet in height at the property or building setback lines if contiguous to a residential district. Above the height permitted three feet may be added to the height of the building for each foot the building is set back from the property lines up to a maximum height of 100 feet.If not contiguous to a residential zoning district no building shall exceed 100 feet in height at the property lines. |
| Lot Coverage Requirements | The maximum combined area occupied by all principal and accessory buildings shall not exceed 75 percent of the total site area. |

(4) Additional regulations. In addition to the regulations established above in subsection (3) of this section, all developments within the industrial zoning districts will be subject to, and must comply with, the following regulations:

a. Supplementary district regulations subject to regulations in sections 12-3-55 through 12-3-69.

b. Off-street parking subject to regulations in chapter 12-4.

c. Signs subject to regulations in chapter 12-5.

d. Tree/landscape regulations in chapter 12-6.

e. Stormwater management and control of erosion, sedimentation and runoff subject to regulations in chapter 12-8.

f. Alcoholic beverages regulations subject to chapter 7-4.

SECTION 2. Section 12-3-10 of the Code of the City of Pensacola, Florida, is hereby amended to read as follows:

Sec. 12-3-10. – Historic and preservation land use district.

The regulations in this section shall be applicable to the Pensacola historic district, the North Hill preservation district and the Old East Hill preservation district: HR-1, HR-2, HC-1, HC-2, PR-1AAA, PR-2, PC-1, OEHR-2, OEHC-1, OEHC-2 and OEHC-3.

(1) *Historic zoning districts: HR-1, HR-2, HC-1 and HC-2.*

a. *Purpose.* The historic zoning districts are established to preserve the development pattern and distinctive architectural character of the district through the restoration of existing buildings and construction of compatible new buildings. The official listing of the Pensacola historic district (which includes all areas designated as historic zoning districts) on the National Register of Historic Places and the authority of the architectural review board reinforce this special character. Zoning regulations are intended to ensure that future development is compatible with and enhances the pedestrian scale of the existing structures and period architectural character of the districts.

b. *Character of the district.* The historic district is characterized by lots with narrow street frontage (based on the original British city plan, c. 1765), and the concentration of Frame Vernacular, Folk Victorian and Creole homes which date from the early 19th Century and form a consistent architectural edge along the street grid. These buildings and historic sites and their period architecture make the district unique and worthy of continuing preservation efforts. The district is an established business area, residential neighborhood and tourist attraction, containing historic sites and museums, a variety of specialty retail shops, restaurants, small offices, and residences.

c. *Uses permitted.*

1. *HR-1, one- and two-family.*

i. Single-family and two-family (duplex) dwellings.
ii. Libraries, community centers and buildings used exclusively by the federal, state, county or city government for public purposes.
iii. Churches, Sunday school buildings and parish houses.
iv. Home occupations allowing: not more than 60 percent of the floor area of the total buildings on the lot to be used for a home occupation; retail sales shall be allowed, limited to uses listed as conditional uses in subsection (1)c.2.vi of this section; two nonfamily members shall be

allowed as employees in the home occupation; and a sign for the business not to exceed three square feet shall be allowed.

v. Publicly owned or operated parks and playgrounds.

vi. Community residential homes licensed by the state department of health and rehabilitative services with six or fewer residents providing that it is not to be located within 1,000 feet of another such home. If it is proposed to be within 1,000 feet of another such home, measured from property line to property line, it shall be permitted with city council approval after public notification of property owners in a 500-foot radius.

vii. Bed and breakfast subject to regulations in section 12-3-84.

viii. Conditional uses permitted:

(a) Single-family attached dwellings (townhouses).

(b) Multiple-family dwellings.

ix. Accessory buildings and uses customarily incidental to any of the above uses, including storage garages, when located on the same lot and not involving the conduct of business.

x. Family day care homes licensed by the state department of children and family Services as defined in state statutes.

2. *HR-2, multiple-family and office.*

i. Any use permitted in the HR-1 district, including conditional uses.

ii. Boarding and lodging houses.

iii. Offices under 5,000 square feet.

iv. Community residential homes licensed by the state department of health and rehabilitative services with seven to 14 residents providing that it is not to be located within 1,200 feet of another such home in a multifamily district, and that the home is not within 500 feet of a single-family zoning district. If it is proposed to be within 1,200 feet of another such home in a multifamily district, measured from property line to property line, and/or within 500 feet of a single-family zoning district, measured from property line to district line, it shall be permitted with city council approval after public notification of property owners in a 500-foot radius.

v. Child care facilities subject to regulations in section 12-3-87.

vi. Conditional use permitted:

The following uses limited to a maximum area of 3,000 square feet:

(a) Antique shops.

(b) Bakeries whose products are sold at retail and only on the premises.

(c) Grocery stores.

(d) Barbershops and beauty parlors.

(e) Laundromats, including dry-cleaning pick-up stations.

(f) Clothing and fabric shops.

(g) Studios.

(h) Vending machines when an accessory to a business establishment and located in the same building as the business.

(i) Small appliance repair shops.

(j) Floral gardens and shops.

(k) Hand craft shops for custom work or making custom items not involving noise, odor, or chemical waste.

(l) Secondhand stores.

(m) Specialty shops.

vii. Accessory buildings and uses customarily incidental to any of the above uses, including storage garages, when located on the same lot.

3. *HC-1, historical commercial district.*

i. Any use permitted in the HR-2 district, including the conditional uses, with no size limitations.
ii. Small appliance repair shops.
iii. Marinas.
iv. Restaurants (except drive-ins).
v. Motels.
vi. Commercial parking lots.
vii. Accessory buildings and uses customarily incidental to any of the above uses, including storage garages, when located on the same lot.

4. *HC-2, historical commercial district.*

i. Any use permitted in the HC-1district.
ii. Private clubs and lodges except those operated as commercial enterprises.
iii. Health clubs, spas and exercise centers.
iv. Tavern, lounges, nightclubs, cocktail bars.
v. Accessory buildings and uses customarily incidental to any of the above uses, including storage garages, when located on the same lot.
vi. Adult entertainment establishments subject to the requirements of chapter 7-3 when located within the dense business area as defined in chapter 12-13, Definitions.

d. *Procedure for review.*

1. Review and approval by the architectural review board. All activities regulated by this subsection shall be subject to review and approval by the architectural review board as established in section 12-12-3. The board shall adopt written rules and procedures for abbreviated review for paint

colors, minor repairs and minor deviations in projects already approved by the board. This process may authorize the board to designate one of its members to undertake such abbreviated review without the necessity for review by the entire board; provided, however, such abbreviated review process shall require review by the staff of West Florida Historic Preservation, Inc. If agreement cannot be reached as it pertains to such request for abbreviated review by the board designee and West Florida Historic Preservation, Inc. staff, then the matter will be referred to the entire board for a decision.

2. Decisions.

   i. General consideration. The board shall consider plans for existing buildings based on their classification as contributing, non-contributing or modern infill as depicted on the map entitled "Pensacola Historic District" adopted herein, and shall review these plans based on regulations described herein for each of these building classifications. In their review of plans for both existing buildings and new construction, the board shall consider exterior design and appearance of the building, including the front, sides, rear and roof; materials, textures and colors; plot plans or site layout, including features such as walls, walks, terraces, off-street paved areas, plantings, accessory buildings, signs and other appurtenances; and relation of the building to immediate surroundings and to the district in which it is located or to be located. The term "exterior" shall be deemed to include all of the outer surfaces of the building and exterior site work, including painting, and is not restricted to those exteriors visible from a public street or place. The board shall consider requests for design materials, alterations or additions, construction methods, paint colors or any other elements regulated herein, which do not meet the regulations as established in this subsection, when documentary proof in the form of photographs, property surveys, indication of structural foundations, drawings, descriptive essays and similar evidence can be provided. The board shall not consider interior design or plan. The board shall not exercise any control over land use or construction standards such as are controlled by this chapter.

   ii. Rules governing decisions. Before approving the plans for any proposed building located or to be located in a district, the board shall find:

      (a) In the case of a proposed alteration or addition to an existing building, that such alteration or addition will not impair the architectural or historic value of the building.

      (b) In the case of a proposed new building, that such building will not, in itself or by reason of its location on the site, impair the architectural or historic value of buildings on adjacent sites or in the immediate vicinity. No plans for new building will be approved if that

building will be injurious to the general visual character of the district in which it is to be located considering visual compatibility standards such as height, proportion, shape, scale, style, materials and colors.

iii. No provision of this section shall be interpreted to prevent the restoration or reconstruction of any historic building or feature (as listed by the Historic Pensacola Preservation Board) in its original style, dimensions or position on its original structural foundation.

3. Plan submission. Every activity that requires plans in order to erect, construct, demolish, renovate or alter an exterior of a building, sign or exterior site work, located or to be located in the historic zoning districts shall be accompanied with drawings or sketches. All drawings must be drawn to scale and be legible. The minimum size scale for site plans is 1″ = 30′0″; the minimum scale for floor plans is 1/8″ = 1′0″; and the minimum scale for exterior elevations is 1/8″ = 1′0″. The scale for other items, such as signs and details, shall be as large as necessary to fully define the detail of those items. Major projects with very large buildings may vary from the scale referenced above for ease of presentation.

   i. *Site plan.*

      (a) Indicate overall property dimensions and building size and location on the property.

      (b) Indicate relationship of adjacent buildings, if any.

      (c) Indicate layout of all driveways and parking on the site.

      (d) Indicate all fences, and signs with dimensions as required to show exact locations.

      (e) Indicate existing trees and existing and new landscaping.

   ii. *Floor plan.*

      (a) Indicate locations and sizes of all exterior doors and windows.

      (b) Indicate all porches, steps, ramps and handrails.

      (c) For renovations or additions to existing buildings, indicate all existing conditions and features as well as the revised conditions and features and the relationship of both.

   iii. *Exterior elevations.*

      (a) Indicate all four elevations of the exterior of the building.

      (b) Indicate the relationship of this project to adjacent structures, if any.

(c) Indicate exposed foundation walls, including the type of material, screening, dimensions, and architectural elements.

(d) Indicate exterior wall materials, including type of materials, dimensions, architectural elements and color.

(e) Indicate exterior windows and doors, including type, style, dimensions, materials, architectural elements, trim, and colors.

(f) Indicate all porches, steps, and ramps, including type of materials, dimensions, architectural elements and color.

(g) Indicate all porch, stair, and ramp railings, including type of material, dimensions, architectural elements, trim, and color.

(h) Indicate roofs, including type of material, dimensions, architectural elements, associated trims and flashing, and color.

(i) Indicate all signs, whether they are built mounted or freestanding, including material, style, architectural elements, size and type of letters, and color. The signs must be drawn to scale in accurate relationship to the building and the site.

iv. *Miscellaneous.*

(a) Show enlarged details of any special features of either the building or the site that cannot be clearly depicted in any of the above-referenced drawings.

4. Submission of photographs.

i. *Renovations/additions to existing buildings.*

(a) Provide at least four overall photographs per building so that all sides are clearly shown. In addition, photographs depicting the "streetscape" — that is, the immediate vicinity and all adjacent buildings — should be supplied.

(b) If doors and/or windows are to be modified, provide a photograph of each door to be changed and at least one representative photograph of the type of window to be altered and replaced.

(c) Provide any additional photographs as required to show specific details of any site or building conditions that will be altered or modified in any way by the proposed construction.

ii. *New construction.*

(a) Provide photographs of the site for the proposed new construction in sufficient quantity to indicate all existing site features, such as trees, fences, sidewalks, driveways, and topography.

(b) Provide photographs of the adjoining "streetscape," including adjacent buildings to indicate the relationship of the new construction to these adjacent properties.

5. Submission of descriptive product literature/brochures.

   i. Provide samples, photographs, or detailed, legible product literature on all windows, doors and shutters proposed for use in the project. The information must be sufficiently detailed to show style, dimensions, detailing, material type, and color.
   ii. Provide descriptive literature, samples, or photographs showing specific detailed information about signs and letters, if necessary to augment or clarify information shown on the drawings. The information must be sufficiently detailed to show style, dimensions, detailing, material type, and color.
   iii. Provide samples or descriptive literature on roofing material and trip to augment the information on the drawings. The information must indicate dimensions, details, material, color and style.
   iv. Provide samples or literature on any exterior light fixtures or other exterior ornamental features, such as wrought iron, railings, columns, posts, balusters, and newels. Indicate size, style, material, detailing and color.

6. Conceptual approval is permitted by the board only when the applicant specifies on their application that is the approval they are seeking. Conceptual approval applications shall be complete with the exception of final details such as material and color selections. Conceptual approval by the board does not permit the issuance of a building permit.

e. *Regulations and guidelines for any development within the historic zoning districts.* These regulations and guidelines are intended to address the design and construction of elements common to any development within the historic district that requires review and approval by the architectural review board. Regulations and guidelines which relate specifically to new construction and/or structural rehabilitation and repair to existing buildings, applicable to building heights, setbacks, architectural elements and construction types, are established in subsections (1)f through h of this section. Illustrations, photographs and descriptive examples of many of the design elements described in this subsection can be found in the document prepared by the Florida Northwest Chapter of the American Institute of Architects entitled "Seville Historic District Guideline Study."

   1. *Building height limit.* No building shall exceed the following height limit established by zone: HR-1 (one- and two-family), HR-2 (multiple-family), HC-1 (historic commercial), HC-2 (historic commercial)— 35 feet.

i. Bayfront Parkway setback/height requirement. The following height/setback requirement shall be observed along Bayfront Parkway between Tarragona Street and 9th Avenue (setback distance measured from northern right-of-way line) to create a scenic open space image along the parkway.

| Building Height | Building Setback |
|---|---|
| 20 feet | 20 feet |
| 25 feet | 25 feet |
| 30 feet | 30 feet |
| 35 feet (maximum height) | 35 feet |

2. *Protection of trees.* It is the intent of this section to recognize the contribution of shade trees and certain flowering trees to the overall character of the historic zoning districts and to ensure the preservation of such trees as described below:

   i. Any of the following "specimen tree" species having a minimum trunk diameter of eight inches (25.1 inches in circumference) at a height of one foot above grade: Live Oak, Water Oak, Pecan, and Magnolia having a minimum trunk diameter of six inches (18.8 inches in circumference) at a height of one foot above grade; and
   ii. Any of the following flowering trees with a minimum trunk diameter of four inches (12.55 inches in circumference) at a height of one foot above grade: Redbud, Dogwood, and Crape Myrtle.

   No person, organization, society, association or corporation, or any agent or representative thereof, directly or indirectly, shall cut down, destroy, undertake tree removal, or effectively destroy through damaging, any specimen or flowering tree, whether it be on private property or right-of-way within the district, without first having obtained a permit from the city to do so. Refer to section 12-6-7 for tree removal permit application procedures and guidelines.

3. *Fences.* The majority of original fences in the historic district were constructed of wood with a paint finish in many varying ornamental designs. To a lesser extent, fences may have been constructed of brick or wrought iron. The style of the fence and the materials used typically related directly to the style and type of materials used for the building on the property.

   All developments in the historic zoning districts shall comply with fence regulations as established in section 12-3-63(a) through (d), applicable to maximum heights permitted. In addition, the following provisions apply:

   i. Chain-link, concrete block and barbed wire are prohibited fence materials in the historic district. Approved materials will include, but not necessarily be limited to, wood, brick, stone and wrought iron.

ii. All wood or wrought iron fences shall be painted if the principal building is painted. Wood fences shall be constructed utilizing one of a variety of "picket" designs, especially a design that will reflect details similar to those on the building. It is recommended that the use of wrought iron or brick fences be constructed in conjunction with buildings that use masonry materials in their construction.

4. *Signs.* Those few signs that may have originally been used in the historic district, including those which were used in the commercial areas, were typically smaller in scale than many signs in current use. Ordinarily, their style was complementary to the style of the building on the property. The support structure and trim work on a sign was typically ornamental, as well as functional.

Refer to sections 12-5-2 and 12-5-3 for general sign standards and criteria and for a description of sign area calculations. In addition to the prohibited signs listed below, all signs listed in section 12-5-7 are prohibited within the historic district. The design, color scheme and materials of all signs shall be subject to approval by the architectural review board. All official signs within the district will be authorized, created, erected and maintained by the city or the Historic Pensacola Preservation Board using as their guide the document entitled "A Uniform System for Official Signs in the Seville Square Historical District." This document also includes recommendations for and descriptive drawings of commercial signs appropriate to the district.

i. *Permitted signs.*

(a) *Temporary accessory signs.*

(1) One non-illuminated sign advertising the sale, lease, or rental of the lot or building, said sign not exceeding six square feet in area.

(2) One non-illuminated sign not more than 50 square feet in area in connection with new construction work and displayed only during such time as the actual construction work is in progress.

(b) *Permanent accessory signs.*

(1) One sign per lot per street frontage for churches, schools, apartment buildings, boarding or lodging houses, libraries, community centers, commercial buildings (including retail and office buildings) or historic sites serving as identification and/or bulletin boards not to exceed 12 square feet in area and having a maximum height of eight feet; provided, however, that signs projecting from a building or extending over public property shall maintain a clear height of nine feet six inches above the public

property and shall not exceed a height of 12 feet six inches. The sign may be mounted to the face of a wall of the building, hung from a bracket that is mounted to a wall of a building, hung from other ornamental elements on the building, or may be freestanding. Attached or wall signs may be placed on the front or one side of the building. The sign may be illuminated provided the source of light is not visible beyond the property line of the lot on which the sign is located.

(2) One non-illuminated nameplate designating the name of the occupant of the property; the nameplate shall not be larger than three square feet and shall be attached flat against the wall of the building.

(3) Municipal or state installed directional signs, historical markers and other signs of a general public interest when approved by the mayor and board.

ii. *Prohibited signs.*

(a) Any sign using plastic materials for lettering or background.

(b) Internally illuminated signs.

(c) Portable signs.

(d) Nonaccessory signs.

5. *Screening.* The following uses must be screened from adjoining property and from public view with fencing and/or landscaping or a combination of the two approved by the board:

i. Parking lots.
ii. Dumpsters or trash handling areas.
iii. Service entrances or utility facilities.
iv. Loading docks or spaces.

6. *Landscaping.* Within the original historic district development, the majority of each site not covered by a building was typically planted in trees, shrubbery or ground cover. No formal landscape style has been found to predominate in the district. The following regulations apply for landscaping:

i. Within the front yard setback the use of grass, ground cover or shrubs is required and trees are encouraged in all areas not covered by a drive or walkway.

ii. The use of brick or concrete pavers set on sand may be allowed in the front yard in addition to drives or walkways, with board approval based on the need and suitability of such pavement.

7. *Driveways, sidewalks and off-street parking.* Original driveways in the historic district were probably unimproved or sidewalks were typically constructed of brick, cobblestones or small concrete pavers using two different colors laid at diagonals in an alternating fashion. Parking lots were not a common facility in the historic district. The following regulations and guidelines apply to driveways, sidewalks and parking lots in the historic district:

   i. *Driveways.* Unless otherwise approved by the board, each building site shall be allowed one driveway, standard concrete ribbons, or access drive to a parking lot. No new driveways or access drives to parking lots may be permitted directly from Bayfront Parkway to any development where alternative access from the inland street grid is available.

      (a) Where asphalt or concrete is used as a driveway material, the use of an appropriate coloring agent is required.

      (b) From the street pavement edge to the building setback the only materials allowed shall be shell, brick, concrete pavers, colored asphalt and approved stamped concrete or #57 granite or marble chips.

   ii. *Sidewalks.* Construction, repair and maintenance of sidewalks are all required on public rights-of-way within the district. Sidewalks shall be constructed of the following materials or combination of materials and approved by the board:

      (a) Brick pavers;

      (b) Concrete pavers;

      (c) Poured concrete stamped with an ornamental pattern and colored with a coloring agent;

      (d) A combination of concrete with brick or concrete paver bands along the edges of the sidewalk. This combination may also include transverse brick or concrete paver bands spaced at regular intervals.

      Walkways shall be provided from the street side sidewalk to the front entrance as approved by the board.

   iii. *Off-street parking.* Off-street parking is not required in the HC-1 and HC-2 zoning districts. Because parking lots have not been a common land use in the district, their location is encouraged behind the structures which they serve.

(a) Parking lots shall be screened from view of adjacent property and the street by fencing, landscaping or a combination of the two approved by the board.

(b) Materials for parking lots shall be concrete, concrete or brick pavers, asphalt, oyster shells, clam shells or #57 granite or marble chips. Where asphalt or concrete are used, the use of a coloring agent is required. The use of acceptable stamped patterns on poured concrete is also encouraged.

8. *Paint colors.* The architectural review board has adopted palettes of historic colors from several paint manufacturers that represent acceptable historic colors for use in the historic district. Samples of these palettes can be reviewed at the Historic Pensacola Preservation Board and at the office of the building inspector.
9. *Residential accessory structures.* Residential accessory structures shall comply with regulations set forth in section 12-3-55 except that the following shall apply: Accessory structures shall not exceed one story in height for a maximum in height of 25 feet in order for the accessory structure to match the style, roof pitch, or other design features of the main residential structure.
10. *Additional regulations.* In addition to the regulations established above in subsections (1)e.1 through 9 of this section, any permitted use within the historic district where alcoholic beverages are ordinarily sold is subject to the requirements of chapter 7-4.

f. *Restoration, rehabilitation, alterations or additions to existing contributing structures in the historic district.* The Secretary of the Interior's standards for rehabilitation, codified at 37 CFR 67, and the related guidelines for rehabilitating historic buildings shall form the basis for rehabilitation of existing contributing structures. The following regulations and guidelines for specific building elements are intended to further refine some of the general recommendations found in the Department of the Interior's document to reflect local conditions in the rehabilitation of structures. In the case of a conflict between the Department of the Interior's publication and the regulations set forth herein, the more restrictive shall apply. The "Seville Historic District Guideline Study" describes the building styles that are typical in the historic district. This definition of styles should be consulted to ensure that the proper elements are used in combination in lieu of combining elements that, although they may be typical to the district, are not appropriate for use together on the same building.

For all of the following elements, the documented building materials, types, styles and construction methods shall be duplicated when making repairs, alterations and/or additions to contributing structures. Any variance from the original materials, styles, etc., shall be approved only if circumstances unique to each project are found to warrant such variances. The following regulations and guidelines shall apply to renovations, repairs

and alterations to contributing structures which may or may not have documentary proof of the original elements and to alterations or additions to a contributing structure which seek to reflect the original elements.

1. *Exterior lighting.* Exterior lighting in the district in its original development typically consisted of post-mounted street lights and building-mounted lights adjacent to entryways. Occasionally, post lights were used adjacent to the entry sidewalks to buildings. Lamps were typically ornamental in design with glass lenses and were mounted on ornamental cast iron or wooden posts.

    i. Exterior lighting fixtures shall be in a design typical to the district in a pre-1925 Era. They shall be constructed of brass, copper, or painted steel and have clear lenses.
    ii. If exterior lighting is detached from the building, the fixtures shall be post-mounted and used adjacent to sidewalk or driveway entrances or around parking lots. If post-mounted lights are used, they shall not exceed 12 feet in height.
    iii. The light element itself shall be a true gas lamp or shall be electrically operated using incandescent or high pressure sodium lamps. Fluorescent and mercury vapor lamps are prohibited.
    iv. The use of pole mounted high pressure sodium utility/security lights is discouraged. If absolutely necessary, they will be considered, but only in the rear portions of the property.

2. *Exterior walls.* The two building materials basic to the historic district are clapboard style wood siding and brick masonry, the former being most prevalent. In general, the wood siding is associated with the residential-type buildings and the brick masonry is associated with more commercially-oriented buildings. Brick is used in predominantly wooden structures only for foundation piers and for fireplaces and chimneys.

    i. Vinyl or metal siding is prohibited.
    ii. Wood siding and trim shall be finished with paint, utilizing colors approved by the board. If documentary evidence is submitted showing that the original structure was unpainted, the board may not require a paint finish unless the condition of the wood warrants its use.
    iii. Foundation piers shall be exposed brick masonry or sand textured plaster over masonry. If infill between piers was original then it must be duplicated. It is encouraged that infill of wood lattice panels is utilized.

3. *Roofs.* The gable roof is the most typical in the historic district. On shotgun house types or buildings placed on narrow deep lots the gable-end is usually oriented toward the street. On the creole type houses or buildings having larger street frontages the gable-end is typically oriented towards the side yard. Some hip roofs are found in newer, typically larger than average buildings. Dormers are found typically in association with the creole type houses. The roof slope is at least six on 12, but can be found

to slope as much as 12 on 12. Roofing materials typically consisted of wood shingles, tin and corrugated metal panels.

i. The combination of varying roof styles or shapes on a single building is prohibited. The only exception to this is when a three-sided hip roof is used over a porch on the front of a gable roofed building.
ii. In order to protect the architectural integrity of the district and structure, roof materials original to each structure should be used. Alternatives to the materials may be considered on a case-by-case basis, but shall match the scale, texture, and coloration of the historic roofing material. Unless original to the structure, the following materials shall be prohibited: less than 30-year fiberglass or asphalt dimensional shingles, rolled roofing, and metal shingles. Thirty-year or 40-year dimensional shingles may be permitted. Provided, however, existing flat-roofed commercial structures may retain the same style roof and continue to use built-up or single-ply roofing.
iii. Eave metal and flashing shall be naturally weathered copper or galvanized steel, or may be painted.
iv. Gutters and downspouts are discouraged within the district except on brick commercial buildings.

4. *Porches.* The porch, consisting of raised floor platform, sheltering roof, supporting columns, handrails and balustrade, and connecting steps is typical to wood structures in the district.

   i. Porches are required in any renovation or alteration of a contributing structure that originally had a porch, and are encouraged as additions when the style of the building will allow it.
   ii. The original materials, method of construction and style of building elements shall be duplicated when making repairs, alterations or additions to existing porches.
   iii. The size and design of all porch elements, i.e., the flooring, the columns, the handrails, the pickets, the roof beam, the floor support piers, and any other ornamentation shall be consistent with any one single style that is typical to the district. The elements shall maintain proper historical scale, dimensions and detailing.

5. *Doors.* Entrance doors made up of a solid wood frame, with an infill of raised wood panels below and glazed panels above, are historically correct for the district. Single doorways with a glazed transom above allowed for both light and ventilation to enter the entrance way or entrance foyer of the building. Double doors were usually associated with a larger home or building layout.

   The placement of the doorway was not necessarily in the center of the front wall; in fact, it was usually off to one side in most cases, specifically in the shotgun house types. The larger creole cottage, and French creole house type, normally had the front door centered, leading to a center hallway or stair hall.

i. Doors are to be fabricated of solid wood, with three horizontal rails and two vertical stiles. The lower infill panels shall be constructed of wood and shall be located below the locking device with glazed panels located above the locking device. The top of the upper glazed panels can be semi-circular/half rounded. Beveled glass is encouraged.
ii. Panel infill may vary slightly from that noted in subsection (1)f.5.i of this section, but usually shall not exceed six panels. Variations must be approved by the architectural review board.
iii. Trim or casing shall be used on all doors and sidelights and shall typically range in width between five inches and eight inches.

6. *Windows.* Traditionally the windows employed in the Seville Historic District were constructed of wood and were the double hung or triple hung type. The windows opening toward the front porch of the building usually were triple hung with the sill close to or almost flush with the adjacent floors. This allowed for optimum flow of air, and for passage to and from the exterior space. The other windows of the building had the normal placement of the window sill at approximately 30 inches above finished floor. Typical windows ranged in width from 32 to 36 inches and ranged in height from six to seven feet exclusive of trim dimensions. The taller windows, when double hung, frequently had the lower section greater in vertical dimension than the upper section, giving freer movement through to the adjacent porch or veranda.

i. Windows are to be fabricated of wood and must, in the judgement of the architectural review board, closely approximate the scale and configuration of the original window designs.
ii. The window proportions/dimensions will be decidedly vertical, following the historic appearance and character of those encountered throughout the district.
iii. Window sections shall typically be divided into two to six panes, and in the usual double hung window, the layout of window panes will be six over six. All windows shall have true divided lites. Any variation to this division of the window opening shall be approved by the architectural review board.
iv. The window frame will be given a paint finish appropriate to the color scheme of the exterior of the building.
v. Window trim or casing is to be a nominal five-inch member at the two sides and the head.
vi. Other than the full height windows at the front porch and smaller windows at kitchens and bathrooms, all remaining windows shall be proportioned with the height between two and 2½ times the width. The sill height for standard windows shall be approximately 30 inches above finished floor.
vii. Glass for use in windows shall typically be clear, but a light tinted glass will be given consideration by the architectural review board.

7. *Shutters.* Shutters are an exterior ornamental and functional architectural feature that have traditionally been used on windows, and occasionally, on doors within the historic district. On renovation projects to existing contributing structures, it is recommended that shutters not be installed unless they were original to the structure.

    i. If shutters are to be used on a project, they must be dimensioned to the proper size so that they would completely cover the window both in width and height if they were closed.
    ii. The shutters must be installed in a manner that will appear identical to an original operable installation. Shutters installed currently are not required to be operational, but rather can be fixed in place; however, they must be installed with some space between the back of the shutter and the exterior wall surface material and must overlap the door or window trim in a fashion identical to an original operable installation.
    iii. The style of the shutters must be louvered, flat vertical boards or panelled boards, with final determination being based on compatibility with the overall building design.

8. *Chimneys.* Chimneys constructed of brick masonry, exposed or cement plastered, are typical to original construction in the district.

    The chimney in the historic district is that necessary element usually serving back-to-back fireplaces, and as such, would not be located on the exterior wall of the building. Consequently, the appropriate location for chimneys would be projecting through some portion of the roof of the building, in lieu of being placed on an exterior wall.

    i. The chimney or chimneys are to be located within the slope of the roof, rather than being placed on an exterior wall, and shall extend above the roof ridge line.
    ii. The chimney or chimneys are to be constructed of masonry with the exposed surface to be brick or sand textured plaster. Rough texture stucco is prohibited.
    iii. The finished exposed surface of chimneys are to be left natural without any paint finish.
    iv. Flashing shall consist of galvanized steel, copper sheet metal or painted aluminum.
    v. The extent of simplicity or ornamentation shall be commensurate with the overall style and size of the building on which the chimney is constructed.
    vi. The use in contributing structures of prefabricated fireplaces with steel chimneys is prohibited.

9. *Trim and miscellaneous ornament.* Most trim, except for window and door casings/trim, was used more for decorative than functional purposes. Trim and ornament was almost always constructed of wood, and was painted to match other elements (doors, windows, porches, etc.) of the building.

Ornament on masonry buildings was typically limited to corbling or other decorative use of brick at window openings, door openings, columns, parapet walls and on major facades above the windows and doors.

i. In renovation work, only that decorative trim or ornament historically significant to the specific building will be permitted.
ii. The scale and profile/shape of existing ornament used within the district will dictate approval for all new proposals.
iii. Trim and ornament, where used, is to be fabricated of wood.
iv. Trim and ornament will be painted to match, or be coordinated with, door and window casings, porch railings, porch columns, and basic projecting elements of the building.

10. *Miscellaneous mechanical equipment.*

i. Air conditioning condensing units shall not be mounted on any roof where they are visible from any street.
ii. Air conditioning condensing units that are mounted on the ground shall be in either side yards or rear yards. No equipment shall be installed in a front yard.
iii. Visual screening consisting of ornamental fencing or landscaping shall be installed around all air conditioning condensing units to conceal them from view from any adjacent street or property owner.
v. Exhaust fans or other building penetrations as may be required by other authorities shall be allowed to penetrate the wall or the roof but only in locations where they can be concealed from view from any street. No penetrations shall be allowed on the front of the building. They may be allowed on side walls if they are properly screened. It is desirable that any penetrations occur on rear walls or the rear side of roofs.

11. *Accessibility ramps and outdoor stairs.*

i. Whenever possible, accessibility ramps and outdoor stairways shall be located to the side or the rear of the property.
ii. The design of accessibility ramps and outdoor stairs shall be consistent with the architectural style of the building.
iii. Building elements, materials and construction methods shall be consistent with the existing structure.

g. *Renovation, alterations and additions to noncontributing and modern infill structures within the historic district.* Many of the existing structures within the district do not meet the criteria established for contributing structures, even though they may be similar in style to the historic structures, and some structures are modern in style with no relation to the historic structures. All of these buildings shall be recognized as products of their own time. The regulations and guidelines established in subsection (1)e of this section, relating to streetscape elements, and paint colors described in subsection (1)f.3 of this section shall apply to noncontributing and modern infill structures. In review of these structures the board may make

recommendations as to the use of particular building elements that will improve both the appearance of the individual structure, its relationship with surrounding structures and the overall district character.

h. *New construction in the historic district.* This subsection does not intend to mandate construction of new buildings of historical design. New construction shall complement original historic buildings or shall be built in a manner that is complementary to the overall character of the district in scale, building materials, and colors.

For purposes of describing the scale and character required in new construction within the historic district, the district is herein subdivided into two general building style districts as shown on Map 12-3.1: the "residential" wood cottages district and the "commercial" brick structures district. Within the wood cottages district all new construction shall conform to the building types I and II (described herein) in scale, building materials and colors. Within the brick structures district all new construction shall conform to the building types I, II, or III (described herein) in scale, building materials and colors. The regulations for the two building style districts will establish building heights and setbacks and will illustrate relationships between the streetscape, the building and exterior architectural elements of the building. The streetscape element regulations established in subsection (1)e of this section are applicable to all new construction in the historic district, no matter what style building. If new construction is intended to match historical designs, then the building elements described in subsection (1)f.1 through 12 of this section should be utilized as guidelines. If it is to be a replica of a historic building, the building must be of a historic style characteristic of the Pensacola historic district.

1. Figure 12-3.1 illustrates the scale and characteristics of building types I and II for the wood cottages district.
2. Figure 12-3.2 illustrates the scale and characteristics of building type III for the brick structures district.
3. Aragon subdivision Block "L" & "N" and lots within Privateer's Alley shall conform to section 12-3-12(2)e.10, GRD-1 Architectural Review Standards, with the exception of section 12-3-12(2)e.10.v, Doors. Exterior doors shall comply with subsection (1)f.5 of this section.

i. *Demolition of contributing structures.* Demolition of a contributing structure constitutes an irreplaceable loss to the quality and character of the historic district and is strongly discouraged. Therefore, no permit shall be issued for demolition of a contributing structure unless the owner demonstrates to the board clear and convincing evidence of unreasonable hardship. Provided, however, nothing herein shall prohibit the demolition of a contributing structure if the building official determines that there is no reasonable alternative to demolition in order to bring the structure in compliance with the unsafe building code. When the owner fails to prove unreasonable economic hardship the applicant may provide to the board additional information that may show unusual and compelling circumstances in order to receive board recommendation for demolition of the contributing structure.

The board shall be guided in its decision by balancing the historic, architectural, cultural and/or archaeological value of the particular structure against the special merit of the proposed replacement project.

1. *Unreasonable economic hardship.* When a claim of unreasonable economic hardship is made, the public benefits obtained from retaining the historic resource must be analyzed and duly considered by the board. The owner shall submit to the board for its recommendation the following information:

i. *For all property:*

(a) The assessed value of the land and improvements thereon according to the two most recent assessments;

(b) Real estate taxes for the previous two years;

(c) The date of purchase of the property or other means of acquisition of title, such as by gift or inheritance, and the party from whom purchased or otherwise acquired;

(d) Annual debt service, if any, for the previous two years;

(e) All appraisals obtained within the previous two years by the owner or applicant in connection with his or her purchase, financing or ownership of the property;

(f) Any listing of the property for sale or rent, price asked and offers received, if any;

(g) Any consideration by the owner as to profitable adaptive uses for the property;

(h) Replacement construction plans for the contributing structure in question;

(i) Financial proof of the ability to complete the replacement project which may include, but not be limited to, a performance bond, a letter of credit, a trust for completion of improvements, or a letter of commitment from a financial institution; and

(j) The current fair market value of the property, as determined by at least two independent appraisals made by appraisers with competent credentials.

ii. *For income-producing property:*

(a) Annual gross income from the property for the previous two years;

(b) Itemized operating and maintenance expenses for the previous two years, including proof that adequate and competent management procedures were followed;

(c) Annual cash flow, if any, for the previous two years; and

(d) Proof that efforts have been made by the owner to obtain a reasonable return on his or her investment based on previous service.

The applicant shall submit all necessary materials to the board at least 15 days prior to the board hearing in order that staff may review and comment and/or consult on the case. Staff and/or professional comments shall be forwarded to the board for consideration and review and made available to the applicant for consideration prior to the hearing.

The board may require that an applicant furnish such additional information that is relevant to its determination of unreasonable economic hardship and may require that such additional information be furnished under seal. The board or its agent may also furnish additional information as the board believes is relevant. The board shall also state which form of financial proof it deems relevant and necessary to a particular case.

In the event that any of the required information is not reasonably available to the applicant and cannot be obtained by the applicant, the applicant shall file with his or her affidavit a statement of the information that cannot be obtained and shall describe the reasons why such information cannot be obtained.

2. *Unusual and compelling circumstances and demolition of a contributing structure.* When an applicant fails to prove economic hardship in the case of a contributing structure, the applicant may provide to the board additional information that may show unusual and compelling circumstances in order to receive board recommendation for demolition of the contributing structure. The board, using criteria set forth in this subsection, shall determine whether unusual and compelling circumstances exist and shall be guided in its recommendation in such instances by the following additional considerations:

   i. The historic or architectural significance of the structure;
   ii. The importance of the structure to the integrity of the historic district;
   iii. The difficulty or the impossibility of reproducing such a structure because of its design, texture, material, detail, or unique location;
   iv. Whether the structure is one of the last remaining examples of its kind in the historic district;
   v. Whether there are definite plans for reuse of the property if the proposed demolition is carried out and what effect such plans will have on the architectural, cultural, historical, archaeological, social, aesthetic, or environmental character of the surrounding area, as well as the economic impact of the new development; and
   vi. Whether reasonable measures can be taken to save the structure from further deterioration, collapse, arson, vandalism or neglect.

3. *Recommendation of demolition.*

   i. Should the applicant for demolition of a contributing structure satisfy the board that he or she will suffer an economic hardship if a demolition permit is not recommended, or, if in failing to demonstrate economic hardship, the applicant demonstrates unusual and compelling circumstances that dictate demolition of the contributing structure, either a recommendation for demolition or a recommendation for a six-month moratorium on the demolition shall be made.
   ii. In the event that the board recommends a six-month moratorium on the demolition, within the moratorium period, the board shall consult

with the Historic Pensacola Preservation Board, the city and any other applicable public or private agencies to ascertain whether any of these agencies or corporations can preserve or cause to be preserved such architectural or historically valuable buildings. If no agencies or organizations are prepared to preserve the buildings or cause their preservation, then the board shall recommend approval of the demolition.

iii. Following recommendation for approval of demolition, the applicant must seek approval of replacement plans prior to receiving a demolition permit and other building permits. Replacement plans for this purpose shall include, but shall not be restricted to, project concept, preliminary elevations and site plans, and adequate working drawings for at least the foundation plan that will enable the applicant to receive a permit for foundation construction. The board may waive the requirements for replacement plans under extreme, unusual and compelling circumstances or public safety purposes.

iv. Applicants that have received a recommendation for demolition shall be permitted to receive such demolition permit without additional board action on demolition, following the board's recommendation of a permit for new construction.

4. *Prevention of demolition by neglect.*

i. All contributing structures within the historic district shall be preserved against decay and deterioration and kept free from certain structural defects by the owner thereof or such other person who may have legal custody and control thereof. The owner or other person having such legal custody and control shall repair such building, object, site, or structure if it is found to have any of the following defects:

(a) Deteriorated or inadequate foundation. Defective or deteriorated flooring or floor supports or flooring or floor supports of insufficient size to carry imposed loads with safety;

(b) Members of walls, partitions or other vertical supports that split, lean, list or buckle due to defective material or deterioration. Members of walls, partitions or other vertical supports that are of insufficient size to carry imposed loads with safety;

(c) Members of ceilings, roofs, ceiling and roof supports or other horizontal members that sag, split, or buckle due to defective materials or deterioration. Members of ceilings, roofs, ceiling and roof supports or other horizontal members that are of insufficient size to carry imposed loads with safety;

(d) Fireplaces or chimneys that list, bulge or settle due to defective materials or deterioration. Fireplaces or

chimneys that are of insufficient size or strength to carry imposed loads with safety;

(e) Deteriorated or ineffective waterproofing of exterior walls, roofs, foundations or floors, including broken windows or doors. Defective protection or lack of weather protection for exterior wall coverings, including lack of paint, or weathering due to lack of paint or other protective covering. Any fault or defect in the building that renders same structurally unsafe or not properly watertight.

In addition, the owner or other person having legal custody and control of a historic landmark or a building, object, site, or structure located in a historic district shall keep all property, including vacant property, clear of all weeds, fallen trees or limbs, debris, abandoned vehicles, and all other refuse.

ii. The board, on its own initiative, may file a petition with the building official requesting that he or she proceed to require correction of defects or repairs to any structure covered by subsection (1)i.4.i of this section so that such structure shall be preserved and protected in accordance with the purposes of this section and the public safety and housing ordinance.

j. *Other demolition permits.*

1. All applications for permits to demolish structures other than contributing structures shall be referred to the board for the purpose of determining whether or not the structure may have historical, cultural, architectural, or archaeological significance. Such determination shall be made in accordance with the criteria found in subsections (1)i.2.i through vi of this section.
2. The board shall make such determination within 30 days after receipt of the completed application and shall notify the building official in writing. If the structure is determined to have no cultural, historical, architectural, or archaeological significance, a demolition permit may be issued immediately, provided such application otherwise complies with the provisions of all city code requirements.
3. If said structure is determined by the board to have historical significance, the board shall make such information available to the preservation board for review and recommendation as to significance. If the board concurs in the significance, using criteria set forth in subsections (1)i.2.i through vi of this section, the board shall recommend to the city council that the structure be designated a contributing structure.
4. Upon such a recommendation by the board, issuance of any permit shall be governed by subsection (1)i.3 of this section.

k. *Treatment of site following demolition.* Following the demolition or removal of any buildings, objects or structures located in the historic district, the owner or other person having legal custody and control thereof shall:

1. Remove all traces of previous construction, including foundation;
2. Grade, level, sod and/or seed the lot to prevent erosion and improve drainage; and
3. Repair at his or her own expense any damage to public rights-of-way, including sidewalks, curb and streets, that may have occurred in the course of removing the building, object, or structure and its appurtenances.

(2) *North Hill preservation zoning districts: PR-1AAA, PR-2, PC-1.*

a. *Purpose.* The North Hill preservation zoning districts are established to preserve the unique architecture and landscape character of the North Hill area, and to promote orderly redevelopment that complements and enhances the architecture of this area of the city.
b. *Character of the district.* The North Hill preservation district is characterized by mostly residential structures built between 1870 and the 1930s. Queen Anne, Neoclassical, Tudor Revival, Craftsman Bungalow, Art Moderne and Mediterranean Revival are among the architectural styles found in North Hill. North Hill is listed on the National Register of Historic Places.
c. *Uses permitted.*

1. *PR-1AAA, single-family district.*

i. Single-family dwellings at a maximum density of 4.8 units per acre.
ii. Home occupations, as regulated in section 12-3-57.
iii. Community residential homes licensed by the state department of health and rehabilitative services with six or fewer residents providing that it is not to be located within 1,000 feet of another such home. If it is proposed to be within 1,000 feet of another such home, measured from property line to property line, it shall be permitted with city council approval after public notification of property owners in a 500-foot radius.
iv. Municipally owned or operated parks or playgrounds.
v. Public schools and educational institutions having a curriculum the same as ordinarily given in public schools and colleges.
vi. Libraries, community centers and buildings used exclusively by the federal, state, regional, county and city government for public purposes.
vii. Churches, Sunday school buildings and parish houses.
viii. Conditional uses permitted: two-family dwellings (duplex) at a maximum density of 9.6 units per acre.
ix. Accessory buildings and uses customarily incidental to the above uses not involving the conduct of a business.
x. Family day care homes licensed by the state department of children and family services as defined in state statutes.

2. *PR-2, multiple-family district.*

   i. Any use permitted in the PR-1AAA district.
   ii. Single-family, two-family and multifamily residential attached or detached units with a maximum density of 35 dwelling units per acre.
   iii. Community residential homes licensed by the state department of health and rehabilitative services with seven to 14 residents providing that it is not to be located within 1,200 feet of another such home in a multifamily district, and that the home is not within 500 feet of a single-family zoning district. If it is proposed to be within 1,200 feet of another such home in a multifamily district and/or within 500 feet of a single-family zoning district it shall be permitted with city council approval after public notification of property owners in a 500-foot radius.
   iv. Bed and breakfast subject to regulations in section 12-3-84.
   v. Conditional uses permitted:

      (a) Private clubs and lodges except those operated primarily as commercial enterprises.

      (b) Office buildings (under 5,000 square feet).

      (c) Antique shops—No outside displays.

      (d) Art galleries—No outside displays.

      (e) Social services homes/centers.

      (f) Boarding and lodging houses.

      (g) Child care facilities subject to regulations in section 12-3-87.

   vi. Accessory buildings. Buildings and uses customarily incidental to any of the above uses, including storage garages when located on the same lot not involving the conduct of a business.

3. *PC-1, preservation commercial district.*

   i. Any use permitted in the PR-2 district, including conditional uses.
   ii. Hand craft shops for custom work or making custom items not involving unreasonable noise, odor or chemical waste.
   iii. Office buildings (under 7,000 square feet).
   iv. Barbershops and beauty parlors.
   v. Florists.
   vi. Studios.
   vii. Vending machines when an accessory to a business establishment and located inside the same building as the business.
   viii. Conditional uses permitted:

      (a) Gas stations.

      (b) Other retail shops.

      (c) Office buildings (over 7,000 square feet).

(d) Restaurants, with the exception of drive-in restaurants.

(e) Food truck courts, subject to regulations in Sec. 12-3-95.

ix. Accessory buildings and uses customarily incidental to the above uses.

d. *Procedure for review.*

1. *Review and approval.* All activities regulated by this subsection shall be subject to review and approval by the architectural review board as established in section 12-12-3. The board shall adopt written rules and procedures for abbreviated review for paint colors, minor repairs and minor deviations in projects already approved by the board. This process may authorize the board to designate one of its members to undertake such abbreviated review without the necessity for review by the entire board; provided, however, such abbreviated review process shall require review by the staff of the Historic Pensacola Preservation Board. If agreement cannot be reached as it pertains to such request for abbreviated review by the board designee and Historic Pensacola Preservation Board staff, then the matter will be referred to the entire board for a decision.
2. *Decisions.*

i. General consideration. The board shall consider plans for existing buildings based on its classification as contributing, non-contributing or modern infill as depicted on the map entitled "North Hill Preservation District" adopted herein, and shall review these plans based on regulations described herein for each of these building classifications. In its review of plans for both existing buildings and new construction, the board shall consider exterior design and appearance of the building, including the front, sides, rear and roof; materials, textures and colors; plot plans or site layout, including features such as walls, walks, terraces, off-street paved areas, plantings, accessory buildings, signs and other appurtenances; and relation of the building to immediate surroundings and to the district in which it is located or to be located. The term "exterior" shall be deemed to include all of the outer surfaces of the building and exterior site work, and is not restricted to those exteriors visible from a public street or place. The board shall consider requests for design materials, alterations or additions, construction methods, paint colors or any other elements regulated herein, which do not meet the regulations as established in this subsection, when documentary proof in the form of photographs, property surveys, indication of structural foundations, drawings, descriptive essays and similar evidence can be provided. The board shall not consider interior design or plan. The board shall not exercise any control over land use or construction standards such as are controlled by this chapter.

ii. Rules governing decisions. Before approving the plans for any proposed building located or to be located in a district, the board shall find:

(a) In the case of a proposed alteration or addition to an existing building, that such alteration or addition will not impair the architectural or historic value of the building.

(b) In the case of a proposed new building, that such building will not, in itself or by reason of its location on the site, impair the architectural or historic value of buildings on adjacent sites or in the immediate vicinity. No plans for new building will be approved if that building will be injurious to the general visual character of the district in which it is to be located considering visual compatibility standards such as height, proportion, shape, scale, style, materials and colors.

iii. No provision of this section shall be interpreted to prevent the restoration or reconstruction of any historic building or feature (as listed by the Historic Pensacola Preservation Board) in its original style, dimensions or position on its original structural foundation.

3. *Plan submission.* Every application for a building permit to erect, construct, demolish, renovate or alter an exterior of a building, sign or exterior site work (i.e., paving and landscaping), located or to be located in the North Hill preservation district, shall be accompanied with plans for the proposed work pursuant to subsections (1)d.3 through 5 of this section, applicable to the historic district.

e. *Regulations and guidelines for any development within the preservation district.* These regulations and guidelines are intended to address the design and construction of elements common to any development within the North Hill preservation district which requires review and approval by the architectural review board. Regulations and guidelines that relate specifically to new construction and/or structural rehabilitation and repair to existing buildings, applicable to building heights, setbacks, architectural elements and construction types, are established in subsections (2)f through h of this section.

1. *Off-street parking.* All development within the North Hill preservation district shall comply with the regulations established in chapter 12-4. Parking lots shall comply with the requirements of chapter 12-6. Design of and paving materials for parking lots, spaces and driveways shall be subject to approval of the architectural review board. For all parking lots, a solid wall, fence or compact hedge not less than four feet high shall be erected along the lot lines when autos or lots are visible from the street or from an adjacent residential lot.
2. *Signs.* Refer to sections 12-5-2 and 12-5-3 for general sign standards and criteria and for a description of sign area calculations. The location, design

and materials of all accessory signs, historical markers and other signs of general public interest shall be subject to the review and approval of the architectural review board. Only the following signs shall be permitted in the North Hill preservation district:

i. *Temporary accessory signs.*

(a) One non-illuminated sign advertising the sale, lease or rental of the lot or building, said sign not exceeding six square feet of area.

(b) One non-illuminated sign not more than 50 square feet in area in connection with new construction work, and displayed only during such time as the actual construction work is in progress.

ii. *Permanent accessory signs.*

(a) One sign per street frontage for churches, schools, boarding and lodging houses, libraries, and community centers, multiple-family dwellings and historic sites serving as identification and/or bulletin boards not to exceed 12 square feet in area. The signs shall be placed flat against the wall of the building, perpendicular or may be freestanding. Such signs may be illuminated provided that the source of light shall not be visible beyond the property line of the lot on which the sign is located.

(b) Commercial establishments may have one attached or one freestanding sign per street frontage not to exceed 12 square feet provided that the freestanding sign be no closer to any property line than five feet. The attached or wall signs may be placed on the front or one side of the building. As used herein, "commercial establishments" shall mean an establishment wherein products are available for purchase. Such signs may be illuminated provided the source of light shall not be visible beyond the property line of the lot on which the sign is located. Office complexes may have one freestanding sign per street frontage not to exceed 12 square feet.

(c) One non-illuminated nameplate designating the name of the occupant of the property; the nameplate shall not be larger than 100 square inches and may be attached to the dwelling. This section shall be applicable to occupants and home occupations.

(d) Municipal or state installed directional signs, historical markers and other signs of a general public interest when approved by the mayor and board.

(e) The maximum height for freestanding signs shall be eight feet. No attached sign shall extend above the eave line of a building to which it is attached.

3. *Protection of trees.* The purpose of this subsection is to establish protective regulations for specified trees within the North Hill preservation zoning districts. It is the intent of this subsection to recognize the contribution of shade trees and certain flowering trees to the overall character of the preservation district and to ensure the preservation of such trees as described below.

   i. Any of the following species having a minimum trunk diameter of eight inches (25.1 inches in circumference) at a height of one foot above grade: Live Oak and Water Oak; Magnolia having a minimum trunk diameter of six inches (18.8 inches in circumference) at a height of one foot above grade; and any of the following flowering trees with a minimum trunk diameter of four inches (12.55 inches in circumference) at a height of one foot above grade: Redbud, Dogwood, and Crape Myrtle.
   ii. Tree removal. No person, organization, society, association or corporation, or any agent or representative thereof, directly or indirectly, shall cut down, destroy, remove, or effectively destroy through damaging, any specimen tree, whether it be on private property or right-of-way within the defined limits of the preservation district of the city, without first having obtained a permit from the city to do so. Refer to section 12-6-7 for application procedures and guidelines for a tree removal permit.
   iii. In addition to the specific tree preservation provisions outlined in this subsection, the provisions of chapter 12-6 shall be applicable in this district.

4. *Fences.* All developments in the North Hill preservation zoning districts shall comply with fence regulations as established in section 12-3-63. Fences are subject to approval by the architectural review board. Approved materials will include but not necessarily be limited to wood, brick, stone or wrought iron. No concrete block or barbed wire will be permitted. Chain-link fences shall be permitted in side and rear yard only with board approval.
5. *Paint colors.* The architectural review board has adopted palettes of historic colors from several paint manufacturers that represent acceptable historic colors for use in the Preservation District. Samples of these palettes can be reviewed at the Historic Pensacola Preservation Board and at the office of the building inspector.
6. *Residential accessory structures.* Residential accessory structures shall comply with regulations set forth in section 12-3-55 except that the following shall apply: Accessory structures shall not exceed one story in height for a maximum in height of 25 feet in order for the accessory

structure to match the style, roof pitch, or other design features of the main residential structure.

7. *Additional regulations.* In addition to the regulations established above in subsections (2)e.1 through 6 of this section, any permitted use within the North Hill preservation district where alcoholic beverages are ordinarily sold is subject to the requirements of chapter 7-4.

f. *Restoration, rehabilitation, alterations or additions to existing contributing structures in the North Hill preservation district.*

1. The document entitled "Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings," published by the United States Department of the Interior in 1983, shall form the basis for rehabilitation of existing contributing buildings. The proper building elements should be used in combinations that are appropriate for use together on the same building.
2. Documented building materials, types, styles and construction methods shall be duplicated when making repairs, alterations and/or additions to contributing structures. Any variance from the original materials, styles, etc., shall be approved only if circumstances unique to each project are found to warrant such variances.
3. Regulations established in Table 12-3.9 shall apply to alterations and additions to contributing structures. The regulations and guidelines established in subsection (2)e of this section, relating to streetscape elements, shall apply to contributing structures.

g. *Renovation, alterations and additions to noncontributing and modern infill structures within the North Hill preservation district.*

1. Many of the existing structures within the district do not meet the criteria established for "contributing" structures, even though they may be similar in style to the historic structures, and some structures are modern in style with no relation to the historic structures. All of these buildings shall be recognized as products of their own time. The regulations and guidelines established in subsection (2)e of this section, relating to streetscape elements, shall apply to noncontributing and modern infill structures. Regulations established in Table 12-3.9 below, shall apply to alterations and additions to existing noncontributing structures. The architectural review board has adopted palettes of historic colors from several paint manufacturers that represent acceptable historic colors for use in the district. Only paint colors approved by the board shall be permitted.
2. In review of these structures the board may make recommendations as to the use of particular building elements that will improve both the appearance of the individual structure, its relationship with surrounding structures and the overall district character.

h. *Regulations for new construction and additions to existing structures in the North Hill preservation district.* New construction is encouraged to be built in a manner that is complementary to the overall character of the district in scale,

building materials and colors. The regulations established in subsection (2)e of this section, relating to streetscape elements, shall apply to new construction. Table 12-3.9 describes height, area and yard requirements for new construction and, where applicable, for additions to existing structures in the North Hill preservation district.

TABLE 12-3.9. REGULATIONS FOR THE NORTH HILL PRESERVATION ZONING DISTRICTS

| Standards | PR-1AAA | PR-2 | PC-1 |
|---|---|---|---|
| Minimum Yard Requirement (Minimum Building Setbacks)<br>Front Yard<br>Side Yard<br>Rear Yard> | *30 feet<br>9 feet<br>25 feet | *15 feet<br>7.5 feet<br>25 feet | None<br>5 feet (for dwellingsor wood frame structures only)<br>15 feet |
| Minimum Lot Area for Residential Uses | 9,000 s.f. | 5,000 s.f. for single-family and 10,000 s.f. for multifamily | None |
| Minimum Lot Width at Street Row Line | 50 feet | 50 feet | None |
| Minimum Lot Width at Building Setback Line | 75 feet | 50 feet | None |
| Maximum Building Height (Except as Provided in Section 12-3-62) | 35 feet | 35 feet | 45 feet |
| Minimum Floor Area | N/A | 600 s.f. per dwelling unit for multifamily | None |
| *Front yard depths in the North Hill Preservation zoning district shall not be less than the average depths of the front yards located on the block, up to the minimum yard requirement; in case there are no other dwellings, the front yard depths shall be no less than the footages noted. | | | |

i. *Demolition of structures within the North Hill preservation district.* The demolition provisions established in subsections (1)i through k of this section, applicable to contributing and noncontributing structures within the historic district, shall apply in the preservation district.

(3) *Old East Hill preservation zoning districts: OEHR-2, OEHC-1, OEHC-2 and OEHC-3.*

a. *Purpose.* The Old East Hill preservation zoning districts are established to preserve the existing residential and commercial development pattern and distinctive architectural character of the structures within the district. The regulations are intended to preserve, through the restoration of existing buildings and construction of compatible new buildings, the scale of the existing structures and the diversity of original architectural styles.
b. *Character of the district.* The Old East Hill neighborhood was developed over a 50-year period, from 1870 to the 1920's. The architecture of the district is primarily vernacular, but there are also a few properties that display influences of the major architectural styles of the time, such as Craftsman, Mission and Queen Anne styles.
c. *Boundaries and zoning classifications.* The boundaries of the Old East Hill preservation district shall be identified as per a map and legal description, and the zoning classifications of properties within the district shall be identified as per a map, filed in the office of the city clerk.
d. *Uses permitted.*

    1. *OEHR-2, residential/office district.*

        i. Single-family detached dwellings.
        ii. Single-family attached (townhouse or quadraplex type construction) and detached zero-lot-line dwellings. Development must comply with the minimum standards established for the R-ZL zoning district in section 12-3-5(1).
        iii. Two-family attached dwellings (duplex).
        iv. Multiple-family attached dwellings (three or more dwelling units).
        v. Community residential homes licensed by the state department of health and rehabilitative services with seven to 14 residents providing that it is not to be located within 1,200 feet of another such home in a multifamily district, and that the home is not within 500 feet of a single-family zoning district. If it is proposed to be within 1,200 feet of another such home in a multifamily district and/or within 500 feet of a single-family zoning district it shall be permitted with city council approval after public notification of property owners in a 500-foot radius
        vi. Home occupations subject to regulations in subsection (1)c.1.iv of this section.
        vii. Bed and breakfast subject to regulations in section 12-3-84.
        viii. Boarding and lodging houses.
        ix. Office buildings.
        x. Studios.
        xi. Municipally owned or operated parks or playgrounds.
        xii. Public schools and educational institutions having a curriculum the same as ordinarily given in public schools and colleges subject to regulations in section 12-3-94.
        xiii. Libraries, community centers and buildings used exclusively by the federal, state, regional, county and city government for public purposes subject to regulations in section 12-3-90.

xiv. Churches, Sunday school buildings and parish houses subject to regulations in section 12-3-86.

xv. Minor structures for the following utilities: unoccupied gas, water and sewer substations or pumpstations, electrical substations and telephone substations subject to regulations in section 12-3-88.

xvi. Accessory structures, buildings and uses customarily incidental to the above uses subject to regulations in section 12-3-55, except that the following shall apply:

(a) Accessory structures shall not exceed one-story in height for a maximum height of 25 feet in order for the accessory structure to match the style, roof pitch, or other design features of the main residential structure.

(b) The wall of an accessory structure shall not be located any closer than six feet to the wall of the main residential structure.

xvii. Family day care homes licensed by the state department of children and family services as defined in state statutes.

2. *OEHC-1, neighborhood commercial district.*

i. Any use permitted in the OEHR-2 district.

ii. Child care facilities subject to regulations in section 12-3-87.

iii. Nursing homes, rest homes, convalescent homes.

iv. Parking lots.

v. The following uses, retail only, with no outside storage or work permitted, except as provided herein:

(a) Food and drugstore.

(b) Personal service shops.

(c) Clothing and fabric stores.

(d) Home furnishing, hardware and appliance stores.

(e) Craft and specialty shops.

(f) Banks.

(g) Bakeries.

(h) Secondhand stores.

(i) Floral shops.

(j) Martial arts studios.

(k) Outdoor sales of trees, shrubs, plants and related landscaping materials as an accessory to indoor retail sales uses permitted by this section, provided that the area is enclosed within a fence attached to the rear or side of the main building, and provided that the outdoor

area does not exceed 20 percent of the total area of the main building.

(l) Restaurants.

(m) Mortuary and funeral parlors.

(n) Pet shops with all uses inside the principal building.

(o) Printing firms.

(p) Business schools.

(q) Upholstery shops.

vi. Conditional uses permitted: animal hospitals, veterinary clinics and pet resorts with fully enclosed kennels and no outside runs. Outside exercise areas permitted only if supervised and limited to five or fewer animals.

3. *OEHC-2, retail commercial district.*

i. Any use permitted in the OEHC-1 district.
ii. Open air sales of trees, plants and shrubs. The business shall include a permanent sales or office building (including restrooms) on the site.
iii. Hospitals, clinics.
iv. Private clubs and lodges, except those operated as commercial enterprises.
v. Electric motor repair and rebuilding.
vi. Appliance repair shop.
vii. Garages for the repair and overhauling of automobiles.
viii. Sign shop.
ix. Photo shop.
x. Plumbing and electrical shop.
xi. Pest extermination services.

4. *OEHC-3, commercial district.*

i. Any use permitted in the OEHC-2 district.
ii. Dive shop.
iii. Fitness center.
iv. Theater, except for drive-in.
v. Taverns, lounges, nightclubs, cocktail bars.

e. *Procedure for review of plans.*

1. *Plan submission.* Every application for a building permit to erect, construct, demolish, renovate or alter an exterior of a building or sign, located or to be located in the Old East Hill preservation district, shall be accompanied with plans as necessary to describe the scope of the proposed work pursuant to subsections (1)d.3 through 5 of this section.
2. *Review and approval.* All such plans shall be subject to review and approval by the architectural review board established in section 12-12-3. The board shall adopt written rules and procedures for abbreviated review

for minor repairs and minor deviations in projects already approved by the board. This process may authorize the board to designate one of its members to undertake such abbreviated review by the entire board; provided, however, such abbreviated review process shall require review by the staff of West Florida Historic Preservation, Inc. If agreement cannot be reached as it pertains to such request for abbreviated review by the board designee and West Florida Historic Preservation, Inc. staff, then the matter will be referred to the entire board for a decision.

3. *Decisions.*

   i. General consideration. The board shall consider plans for existing buildings based on its classification as contributing, non-contributing or modern infill as depicted on the map entitled "Old East Hill Preservation District" adopted herein, and shall review these plans based on regulations described herein for each of these building classifications. In its review of plans for both existing buildings and new construction, the board shall consider exterior design and appearance of the building, including the front, sides, rear and roof; materials and textures; plot plans or site layout, including features such as walls, walks, terraces, off-street paved areas, plantings, accessory buildings, signs and other appurtenances; and relation of the building to immediate surroundings and to the district in which it is located or to be located. The term "exterior" shall be deemed to include all of the outer surfaces of the building and exterior site work, and is not restricted to those exteriors visible from a public street or place. The board shall consider requests for design materials, alterations or additions, construction methods or any other elements regulated herein, which do not meet the regulations as established in this subsection, when documentary proof in the form of photographs, property surveys, indication of structural foundations, drawings, descriptive essays and similar evidence can be provided. The board shall not consider interior design or plan. The board shall not exercise any control over land use or construction standards such as are controlled by this chapter.

   ii. Rules governing decisions. Before approving the plans for any proposed building located or to be located in a district, the board shall find:

      (a) In the case of a proposed alteration or addition to an existing building, that such alteration or addition will not impair the architectural or historic value of the building.

      (b) In the case of a proposed new building, that such building will not, in itself or by reason of its location on the site, impair the architectural or historic value of buildings on adjacent sites or in the immediate vicinity. No plans for new building will be approved if that building will be injurious to the general visual character of the district in which it is to be located considering

visual compatibility standards such as height, proportion, shape, scale, style and materials.

iii. No provision of this section shall be interpreted to prevent the restoration or reconstruction of any historic building or feature (as listed by West Florida Historic Preservation, Inc.) in its original style, dimensions or position on its original structural foundation.

iv. No provision of this section shall be interpreted to require a property owner to make modifications, repairs or improvements to property when the owner does not otherwise intend to make any modifications, repairs or improvements to the property, unless required elsewhere in this Code.

f. *Regulations and guidelines for any development within the Old East Hill preservation district.* These regulations and guidelines are intended to address the design and construction of elements common to any development within the Old East Hill preservation district which requires review and approval by the architectural review board. Regulations and guidelines that relate specifically to new construction and/or structural rehabilitation and repair to existing buildings, applicable to building heights, setbacks, architectural elements and construction types, are established in subsections (3)f through h of this section.

1. *Off-street parking.* Design of, and paving materials for, parking lots, spaces and driveways shall be subject to approval of the architectural review board. For all parking lots, a solid wall, fence or compact hedge not less than three feet high shall be erected along the lot lines when automobiles or parking lots are visible from the street or from an adjacent residential lot.

   i. OEHR-2 district. All nonresidential development shall comply with off-street parking requirements established in chapter 12-4.

   ii. OEHC-1, OEHC-2 and OEHC-3 districts. All nonresidential development shall comply with off-street parking requirements established in chapter 12-4. The required parking may be provided off-site by the owner/developer as specified in section 12-4-1(4).

2. *Landscaping.* Landscape area requirements and landscape requirements for parking lots within the OEHR-2, OEHC-1 and OEHC-2 districts shall comply with regulations established in section 12-6-3 for the R-2, C-1 and C-2 zoning districts.

3. *Signs.* Refer to sections 12-5-2 and 12-5-3 for general sign standards and criteria and for a description of sign area calculations. The location, design and materials of all accessory signs, historical markers and other signs of general public interest shall be subject to the review and approval of the architectural review board. Only the following signs shall be permitted in the Old East Hill preservation district:

   i. *Temporary accessory signs.*

(a) One non-illuminated sign advertising the sale, lease or rental of the lot or building, said sign not exceeding six square feet of area.

(b) One non-illuminated sign not more than 50 square feet in area in connection with new construction work, and displayed only during such time as the actual construction work is in progress.

ii. *Permanent accessory signs.*

(a) North 9th Avenue, Wright Street, Alcaniz Street and Davis Street. For churches, schools, apartment buildings, boarding or lodging houses, libraries, community centers, commercial buildings (including office and retail buildings) or historic sites serving as identification and/or bulletin boards, one freestanding or projecting sign and one attached wall sign or combination of wall signs placed on the front or one side of the building not to exceed 50 square feet in area. The signs may be painted on the building, mounted to the face of the wall of the building, hung from a bracket that is mounted to a wall of a building, hung from other ornamental elements on the building, or may be freestanding. Signs projecting from a building or extending over public property shall maintain a clear height of nine feet, six inches above the public property and shall not exceed a height of 12 feet. Freestanding signs shall not exceed a height of 12 feet.

(b) All other streets in the district. One sign per lot per street frontage for churches, schools, apartment buildings, boarding or lodging houses, libraries, community centers, commercial buildings (including office and retail buildings) or historic sites serving as identification and/or bulletin boards not to exceed 12 square feet in area and eight feet in height; provided, however, that signs projecting from a building or extending over public property shall maintain a clear height of nine feet six inches above the public property and shall not exceed a height of 12 feet six inches. The sign may be mounted to the face of the wall of the building, hung from a bracket that is mounted to a wall of a building, hung from other ornamental elements on the building, or may be freestanding. The sign may be illuminated provided that the source of light is not visible beyond the property line of the lot on which the sign is located.

(c) One non-illuminated nameplate designating the name of the occupant of the property; the nameplate shall not be larger than three square feet and shall be attached to the dwelling. This section shall be applicable to occupants and home occupations.

(d) Municipal or state installed directional signs, historical markers and other signs of a general public interest when approved by the board.

4. *Fences.* All developments in the Old East Hill preservation zoning districts shall comply with fence regulations as established in section 12-3-63. Fences are subject to approval by the architectural review board. Approved materials will include but not necessarily be limited to wood, brick, stone or wrought iron. No concrete block or barbed wire fences will be permitted. Chain-link fences shall be permitted in side and rear yard only.
5. *Additional regulations.* In addition to the regulations established above in subsections (1)f.1 through 4 of this section, any permitted use within the Old East Hill preservation district where alcoholic beverages are ordinarily sold is subject to the requirements of chapter 7-4.

g. *Restoration, rehabilitation, alterations or additions to existing contributing structures in the Old East Hill preservation district.*

1. The Secretary of the Interior's standards for rehabilitation, codified at 37 CFR 67, and the related guidelines for rehabilitating historic buildings shall form the basis for rehabilitation of existing contributing buildings. The proper building elements should be used in combinations that are appropriate for use together on the same building. Documented building materials, types, styles and construction methods shall be duplicated when making repairs, alterations and/or additions to contributing structures. Any variance from the original materials, styles, etc., shall be approved only if circumstances unique to each project are found to warrant such variances.
2. The regulations established in subsection (3)f of this section, relating to streetscape elements, shall apply to contributing structures. Regulations established in Table 12-3.10 shall apply to alterations and additions to contributing structures.

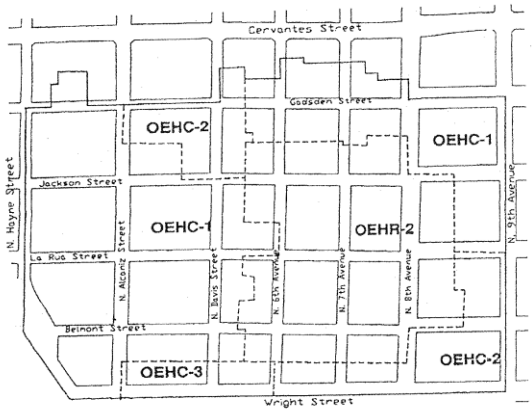
h. *Renovation, alterations and additions to non-contributing and modern infill structures within the Old East Hill preservation district.*

1. Many of the existing structures within the district do not meet the criteria established for contributing structures, even though they may be similar in style to the historic structures, and some structures are modern in style with no relation to the historic structures. All of these buildings shall be recognized as products of their own time. The regulations established in subsection (3)f of this section, relating to streetscape elements, shall apply to non-contributing and modern infill structures. Regulations established in

Table 12-3.10 shall apply to alterations and additions to existing non-contributing structures.

2. In review of these structures the board may make recommendations as to the use of particular building elements that will improve both the appearance of the individual structure, its relationship with surrounding structures and the overall district character.

i. *Regulations for new construction in the Old East Hill preservation district.* New construction shall be built in a manner that is complementary to the overall character of the district in height, proportion, shape, scale, style and building materials. The regulations established in subsection (3)f of this section, relating to streetscape elements, shall apply to new construction. Table 12-3.10 describes height, area and yard requirements for new construction in the Old East Hill preservation district.



j. *Demolition of structures within the Old East Hill preservation district.* The demolition provisions established in subsections (1)i through k of this section, applicable to contributing and non-contributing structures within the historic district, shall apply in the preservation district.

TABLE 12-3.10. REGULATIONS FOR OLD EAST HILL PRESERVATION ZONING DISTRICTS

| Standards | OEHR-2 | OEHC-1 | OEHC-2 | OEHC-3 |
|---|---|---|---|---|
| Minimum Yard Requirement (Minimum Building Setbacks)<br>Front Yard<br>Side Yard<br>Rear Side | *15 feet<br>5 feet<br>15 feet | There shall be a 5-foot side yard setback, but no front or rear yard setbacks, unless this chapter requires a larger yard or buffer yard. | | None |
| Minimum Lot Area<br>For Residential Uses | | | | |
| Single-family Detached Residential<br>Duplex Residential<br>Multifamily Residential | 3,500 s.f.<br>5,000 s.f.<br>9,000 s.f. | None | | |
| Minimum Lot Width at Street Row Line | 30 feet | None | | |

| | | | |
|---|---|---|---|
| Minimum Lot Width at Building Setback Line | 30 feet | None | |
| Maximum Lot Coverage | N/A | The maximum combined area of all principal and accessory buildings shall not exceed 50% of the square footage of the lot. | None |
| Maximum Building Height (except as provided in section 12-3-62) | Residential buildings shall not exceed two stories in height, with a usable attic. No building shall exceed 35 feet in height, except that three feet may be added to the height of the building for each foot the building is set back from the building setback or property lines to a maximum height of 45′ with approval of the architectural review board. | | |
| Minimum Floor Area For Multifamily Developments | 600 square feet per dwelling unit | | |
| *Front yard depths in the Old East Hill preservation zoning district shall not be less than the average depths of all of the front yards facing the street on the block, up to the minimum yard requirement; in case there are no other dwellings, the front yard depth shall be no less than the footage noted. | | | |

OLD EAST HILL PRESERVATION DISTRICT

Sec. 12-3-11. Airport land use district.

The regulations in this section shall be applicable to the airport restricted and airport transition zoning districts: ARZ, ATZ-1 and ATZ-2.

(1) Purpose of district. The airport land use district is established for the purpose of regulating land, owned by the Pensacola International Airport or immediately adjacent to the airport, which is considered sensitive due to its relationship to the runways and its location within noise zones "A" and "B" as

defined in chapter 12-10. Land zoned ARZ is owned by the city and allows only open space, recreational or commercial and industrial uses customarily related to airport operations. The areas designated as airport transitional zones are permitted a range of uses.

(2) Uses permitted.

a. ARZ, airport restricted zone (city-owned property).

1. The following three sections of the airport restricted zone are limited to specific uses as defined below:

i. ARZ-1. The parcel of land located north of Summit Boulevard between two airport transition zones (includes the Scott Tennis Center and airport drainage system). Uses within this zone will be limited to those uses described below in subsections (2)a.2 and 3 of this section.

ii. ARZ east of runway 8/26. The parcel of land on the eastern end of runway 8/26, located between Avenida Marina and Gaberonne Subdivision and between Spanish Trail and Scenic Highway. All land within this zone outside of the 15 acres required for clear zone at the eastern end of runway 8/26 will be retained as open space.

iii. ARZ south of runway 17/35. The parcel of land at the southern end of runway 17/35, located north of Heyward Drive and east of Firestone Boulevard. All land within this zone outside of the 28.5 acres required for clear zone at the southern end of runway 17/35 will be retained as open space.

2. Airport, airport terminal, air cargo facilities, and uses customarily related to airport operations and expansions.

3. Golf course, tennis court, driving range, par three course, outdoor recreational facilities, provided that no such uses shall include seating or structures to accommodate more than 100 spectators or occupants.

4. Service establishments such as auto rental and travel agencies, commercial parking lots and garages, automobile service station and similar service facilities.

5. Warehousing and storage facilities.

6. Industrial uses compatible with airport operations.

7. Commercial uses to include hotels, motels, extended stay facilities, pharmacy, restaurant and drive through facilities, banks, office, post secondary education facilities, meeting facilities, dry cleaner, health club, exercise center, martial arts facility, bakery, floral shop, day care/child care facility, medical clinic, doctor and dentist offices, and retail services to include specialty shops and studios; or other similar or compatible uses.

8. Other uses that the city council may deem compatible with airport operations and surrounding land uses pursuant to the city's

comprehensive plan and the airport master plan and as such uses that meet the FAA's requirements for airport activities.

b. ATZ-1, airport transitional zone.

1. Single-family residential, attached or detached, 0—5 units per acre.
2. Home occupations, subject to regulations in section 12-3-57.
3. Offices.
4. Family day care homes licensed by the state department of children and family services as defined in state statutes.
5. Recreational facilities - Not for profit.
6. Conditional uses permitted:

i. Communications towers in accordance with section 12-3-67.

ii. Rooftop-mounted antennas in accordance with section 12-3-68.

c. ATZ-2, airport transitional zone.

1. Any use allowed in the ATZ-1;
2. Retail and service commercial;
3. Aviation related facilities; and
4. Conditional uses permitted:

i. Communications towers in accordance with section 12-3-67.

ii. Rooftop-mounted antennas in accordance with section 12-3-68.

(3) Review and approval process. All private, nonaviation related development in the ARZ zone and all developments other than single-family residential within approved subdivisions within the ATZ-1 and ATZ-2 zones must comply with the development plan review and approval process as established in section 12-3-120.

(4) Regulations. All development shall comply with applicable height and noise regulations as set forth in chapter 12-10. All development must comply with design standards and is encouraged to follow design guidelines as established in section 12-3-121. All private, nonaviation related development within the ARZ zone and all development within ATZ-1 and ATZ-2 zones must comply with the following regulations:

a. Airport land use restrictions. Notwithstanding any provision to the contrary in this chapter, no use may be made of land or water within any zone established by this chapter in such a manner as to interfere with the operation of an airborne aircraft. The following special requirements shall apply to each permitted use:

1. All lights or illumination used in conjunction with street, parking, signs or use of land structures shall be arranged and operated in such a manner

that is not misleading or dangerous to aircraft operating from a public airport or in the vicinity thereof.

2. No operations of any type shall produce electronic interference with navigation signals or radio communication between the airport and aircraft.
3. No continuous commercial or industrial operations of any type shall produce smoke, glare or other visual hazards, within three statute miles of any usable runway of a public airport, which would limit the use of the airport.
4. Sanitary landfills will be considered as an incompatible use if located within areas established for the airport through the application of the following criteria:
    i. Landfills located within 10,000 feet of any runway used or planned to be used by turbine aircraft.
    ii. Landfills located within 5,000 feet of any runway used only by nonturbine aircraft.
    iii. Landfills outside the above perimeters but within conical surfaces described by FAR Part 77 and applied to an airport will be reviewed on a case-by-case basis.
    iv. Any landfill located and constructed in a manner that attracts or sustains hazardous bird movements from feeding, water, or roosting areas into, or across, the runways or approach and departure patterns of aircraft. The landfill operator must incorporate bird management techniques or other practices to minimize bird hazards to airborne aircraft.
5. Obstruction lighting. Notwithstanding any provisions of section 12-10-2, the owner of any structure over 150 feet above ground level shall install lighting on such structure in accordance with Federal Aviation Administration Advisory Circular 70/7460-1 and amendments thereto. Additionally, the high-intensity white obstruction lights shall be installed on a high structure that exceeds 749 feet above mean sea level. The high-intensity white obstruction lights must be in accordance with Federal Aviation Administration Advisory Circular 70/7460-1 and amendments thereto.
6. Noise zones. The noise zones based on the Pensacola International Airport FAR Part 150 Study adopted in 1990 and contained in section 12-10-3 shall establish standards for construction materials for sound level reduction with respect to exterior noise resulting from the legal and normal operations at the Pensacola International Airport. It also establishes permitted land uses and construction materials in these noise zones.
7. Variances. Any person desiring to erect or increase the height of any structures, or use his or her property not in accordance with the

regulations prescribed in this chapter, may apply to the zoning board of adjustment for a variance from such regulations. No application for variance to the requirements of this part may be considered by the zoning board of adjustment unless a copy of the application has been furnished to the building official and the airport manager.

8. Hazard marking and lighting. Any permit or variance granted shall require the owner to mark and light the structure in accordance with FAA Advisory Circular 70/7460-1 or subsequent revisions. The permit may be conditioned to permit the county or the city at its own expense, to install, operate and maintain such markers and lights as may be necessary to indicate to pilots the presence of an airspace hazard if special conditions so warrant.
9. Nonconforming uses.
    i. The regulations prescribed by this subsection shall not be construed to require the removal, lowering or other changes or alteration of any existing structure not conforming to the regulations as of the effective date of this chapter. Nothing herein contained shall require any change in the construction or alteration of which was begun prior to the effective date of this chapter, and is diligently prosecuted and completed within two years thereof.
    ii. Before any nonconforming structure may be replaced, substantially altered, repaired or rebuilt, a permit must be secured from the building official or his or her duly appointed designee. No permit shall be granted that would allow the establishment or creation of an airport hazard or permit a nonconforming structure to become a greater hazard to air navigation than it was as of the effective date of this chapter. Whenever the building official determines that a nonconforming use or nonconforming structure has been abandoned or that the cost of repair, reconstruction, or restoration exceeds the value of the structure, no permit shall be granted that would allow said structure to be repaired, reconstructed, or restored except by a conforming structure.
10. Administration and enforcement. It shall be the duty of the building official, or his or her duly appointed designee, to administer and enforce the regulations prescribed herein within the territorial limits over which the city has jurisdiction. Prior to the issuance or denial of a tall structure permit by the building official, the Federal Aviation Administration must review the proposed structure plans and issue a determination of hazard/no hazard. In the event that the building official finds any violation of the regulations contained herein, he or she shall give written notice to the person responsible for such violation. Such notice shall indicate the nature of the violation and the necessary action to correct or abate the violation.

b. Minimum lot size and yard requirements/lot coverage. There are no minimum requirements for lot size or yards, except that the development plan shall take

into consideration the general development character of adjacent land uses. The maximum combined area occupied by all principal and accessory buildings shall be 50 percent.

c. Maximum height of structures. For the ATZ-1 and ATZ-2 zoning districts the maximum height for residential structures is 35 feet and for office, commercial or aviation-related facilities, is 45 feet. Communications towers and rooftop-mounted antennas may be permitted within the ATZ-1 and ATZ-2 districts upon conditional use permit approval in accordance with section 12-3-108. Provided, however, that no structure shall exceed height limitations established in section 12-10-2(a).

d. Additional regulations. In addition to the regulations established above all development must comply with the following regulations:

1. Supplementary district regulations. (Refer to sections 12-3-55 through 12-3-69.)
2. Signs. (Refer to chapter 12-5.)
3. Tree/landscape. (Refer to chapter 12-6.)
4. Subdivision. (Refer to chapter 12-7.)
5. Stormwater management, and control of erosion, sedimentation and runoff. (Refer to chapter 12-8.)

SECTION 3. Sections 12-3-12 of the Code of the City of Pensacola, Florida, is hereby amended to read as follows:

Sec. 12-3-12. - Redevelopment land use district.

The regulations in this section shall be applicable to the gateway and waterfront redevelopment zoning districts: GRD and WRD.

(1) *GRD, Gateway Redevelopment District.*

a. *Purpose of district.* The gateway redevelopment district is established to promote the orderly redevelopment of the southern gateway to the city in order to enhance its visual appearance, preserve a unique shoreline vista, improve traffic safety, and encourage a high quality of site planning and architectural design. Site specific analysis of each development proposal within the gateway district is intended to ensure that the scenic orientation and open space image of the Bayfront Parkway is maintained, the development character of the Chase-Gregory corridor is upgraded, and the boundary of the adjacent historic district is positively reinforced.

b. *Uses permitted.*

1. Single-family residential (attached or detached) at a maximum density of 17.4 units per acre. Multifamily residential at a maximum density of 100 dwelling units per acre.
2. Home occupations, subject to regulations in section 12-3-13.
3. Offices.

4. Adult entertainment establishments subject to the requirements of chapter 7-3 when located within the dense business area as defined in chapter 12-13, Definitions.
5. All commercial uses permitted in the C-2A zone, with no outside storage or repair work allowed, with the exception:

    i. Mortuaries and funeral parlors.
    ii. Appliance and repair shops.
    iii. Public parking lots and parking garages.
    iv. New car lots or used car lots.
    v. Public utility plants, transmission and generating stations, including radio and television broadcasting stations.
    vi. Car or truck rental agencies or storage facilities.

6. Family day care homes licensed by the state department of children and family services as defined in state statutes.

c. *Procedure for review of plans.*

1. *Plan submission.* All development plans must comply with development plan requirements set forth in section 12-3-120(c) and (d), and design standards and guidelines established in section 12-3-121. Every application for a new certificate of occupancy or a building permit to erect, construct, demolish, renovate or alter a building or sign, or exterior site work (i.e., paving and landscaping of off-street parking areas), located or to be located in the gateway redevelopment district shall be accompanied with drawings or sketches with sufficient detail to show, as far as they relate to exterior appearances, the architectural design of the building, sign, or exterior work (both before and after the proposed work is done in cases of altering, renovating, demolishing or razing a building or structure) including proposed materials, textures and colors, and the plot plan or site layout including all site improvements or features such as walls, fences, walks, terraces, plantings, accessory buildings, paved areas, signs, lights, awnings, canopies and other appurtenances.
2. *Review and approval.* All plans shall be subject to the review and approval of the planning board established in chapter 12-12. At the time of review the board may require that any aspect of the overall site plan which does not meet the standards established in this section be incorporated and brought into compliance within a time limit approved by the board.
3. *Abbreviated review.* Sign requests, paint colors, fencing, and emergency repairs that are consistent with the regulations and guidelines set forth in this section, may be approved by letter to the building official from the planning board secretary and the chairperson of the board. This provision is made in an effort to save the applicant and the board time for routine approval matters. If agreement cannot be reached as it pertains to such requests by the board secretary and chairperson, then the matter will be referred to the board for a decision.
4. *Final development plan.* If the planning board approves a preliminary development plan, the owner shall submit a final development plan in

accordance with the procedure set forth below within six months of the date of approval of the preliminary plan of development. For good cause shown, the planning board may, in its discretion, extend the time within which to file the final development plan for successive periods, the total of which shall not be more than an additional six months. The final development plan shall be in basic conformity with the preliminary plan of development and comply with the other provisions of section 12-3-120 pertaining to the final development plan. If the applicant submits a final development plan that conforms to all the conditions and provisions of this chapter, then the planning board shall conclude its consideration at its next regularly scheduled meeting.

d. *Regulations.* Except where specific approval is granted by the planning board for a variance due to unique and peculiar circumstances or needs resulting from the use, size, configuration or location of a site, requiring the modification of the regulations set forth below the regulations shall be as follows:

1. Signs. Refer to sections 12-5-2 and 12-5-3 for general sign regulations and for a description of sign area calculations. In addition, the following regulations shall be applicable to signs only in the gateway redevelopment district:

i. *Number of signs.* Each parcel under single ownership shall be limited to one sign per street adjacent to the parcel; provided, however, if there exists more than one establishment on the parcel, there may be one attached sign per establishment.

ii. *Signs* extending over public property. Signs extending over public property shall maintain a clear height of nine feet above the sidewalk and no part of such signs shall be closer than 18 inches to the vertical plane of the curb line or edge of pavement.

iii. *Permitted signs.*

(a) Gregory, Chase and Alcaniz Streets, 9th Avenue.

(1) *Attached signs.*

a. *Height.* No sign may extend above the roof line of the building to which it is attached. For purposes of this section roof surfaces constructed at an angle of 75 degrees or more from horizontal shall be regarded as wall space.

b. *Size.* Ten percent of the building elevation square footage (wall area) which fronts on a public street, not to exceed 50 square feet.

(2) *Freestanding signs.*

a. Maximum sign height—20 feet.

b. Maximum area for sign face—50 square feet.

(b) Bayfront Parkway.

(1) *Attached signs.*

a. *Height.* No sign shall extend above the roof line of a building to which it is attached.

b. *Size.* Ten percent of the building elevation square footage (wall area) which fronts on a public street, not to exceed 50 square feet.

(2) *Freestanding signs.*

| Distance from Curb (Feet) | Maximum Area Sign Face (Square Feet) | Maximum Sign Height (Feet) |
|---|---|---|
| 10 | 20 | 5 |
| 20 | 35 | 7 |
| 30 | 50 | 9 |

(c) All other streets and areas within the gateway redevelopment district:

(1) *Attached signs.*

a. *Height.* No sign shall extend above the main roof line of a building to which it is attached.

b. *Size.* Ten percent of the building elevation square footage (wall area) which fronts on a public street, not to exceed 25 square feet.

(2) *Freestanding signs.*

| Distance from Curb (Feet) | Maximum Area Sign Face (Square Feet) | Maximum Sign Height (Feet) |
|---|---|---|
| 10 | 20 | 5 |
| 20 | 35 | 7 |
| 30 | 50 | 9 |

iv. *Other permitted signs.*

(a) Signs shall not exceed three square feet in size.

(b) Official traffic signs or signals, informational signs erected by a government agency and temporary signs indicating danger.

v. *Submission and review of sign plans.* It shall be the responsibility of the contractor or owner requesting a sign permit to furnish two plans of sign drawn to scale, including sign face area calculations, wind load calculations and construction materials to be used.

vi. *Review of sign plans.* All permanent signs within the gateway redevelopment district shall be reviewed as follows:

(a) The contractor or owner shall submit sign plans for the proposed sign as required herein. The planning services department shall review the sign based on the requirements set forth in this section and the guidelines set forth in subsection (1)e.2.vii of this section and forward a recommendation to the planning board.

(b) The planning board shall review the planning staff recommendation concerning the sign and approve, or disapprove, the sign, it shall give the owner written reasons for such action.

(c) The owner shall have the right to appeal an adverse decision of the planning board to the city council within 30 days of the decision of the planning board.

vii. *Prohibited signs.* Refer to section 12-5-7 for prohibited signs. In addition the following signs are prohibited within the gateway redevelopment district:

(a) Portable signs are prohibited except as permitted in section 12-5-6(5).

(b) Signs that are abandoned or create a safety hazard are not permitted. Abandoned signs are those advertising a business that becomes vacant and is unoccupied for a period of 90 days or more.

(c) Signs that are not securely fixed on a permanent foundation are prohibited.

(d) Signs that are not consistent with the standards of this section are not permitted.

viii. *Temporary signs.* Only the following temporary signs shall be permitted in the gateway redevelopment district:

(a) Temporary banners indicating that a noncommercial special event, such as a fair, carnival, festival or similar happening, is to take place, are permitted with the following conditions:

(1) Such signs may be erected no sooner than two weeks before the event.

(2) Such signs must be removed no later than three days after the event.

(3) Banners extending over street rights-of-way require approval from the mayor.

(b) One non-illuminated sign per street frontage advertising the sale, lease or rental of the lot or building upon which the sign is located. Such sign shall not exceed 12 square feet in size, and shall be removed immediately after occupancy.

(c) One non-illuminated sign not more than 50 square feet in area in connection with the new construction work and displayed only during such time as the actual construction work is in progress.

(d) Temporary signs permitted in section 12-5-6(8).

ix. *Nonconforming signs.*

(a) *Compliance period.* All existing signs that do not conform to the requirements of this section shall be made to comply by April 24, 1991. Provided, however, existing portable signs must be removed immediately.

(b) *Removal of nonconforming signs.* The building official shall notify the owner of a nonconforming sign in writing of compliance period specified above. Nonconforming signs shall either be removed or brought up to the requirements stated herein within the period of time prescribed in the compliance schedule. Thereafter, the owner of such sign shall have 30 days to comply with the order to remove the nonconforming sign, or bring it into compliance. Upon expiration of the 30-day period, if no action has been taken by the owner, he or she shall be deemed to be in violation of this section and the building official may take lawful enforcement action.

2. Off-street parking. The following off-street parking requirements shall apply to all lots, parcels or tracts in the gateway redevelopment district:

i. Off-street parking requirements in the district shall be based on the requirements set forth in chapter 12-4. The required parking may be provided off-site by the owner/developer as specified in section 12-4-1(4).

ii. Off-street parking and service areas are prohibited within the Bayfront Parkway setback described in subsection (1)d.3 of this section, unless these requirements cannot be met anywhere else on the site due to its size or configuration.

iii. Screening. Screening shall be provided along the edges of all parking areas visible from street rights-of-way. The screening may take the form of:

A solid wall or fence (chain-link fences are prohibited) with a minimum height of four feet that is compatible in design and materials with on-site architecture and nearby development; or an

earth berm approximately three feet in height that is landscaped to provide screening effective within three years; or a combination of walls or fences and landscape screening; or landscape screening designed to provide positive screening within three years.

3. Street setback. The following building setbacks shall apply to the district:
    i. Bayfront Parkway setback/height requirements. All buildings located adjacent to the Bayfront Parkway shall be set back a minimum of 50 feet from the northern parkway right-of-way line. At this minimum setback, building height may not exceed 50 feet. Above 50 feet in height, an additional one-foot setback shall be required for each additional two feet in building height. This setback is intended as a landscaped buffer zone that preserves the open space character of the parkway.
    ii. Gregory, Alcaniz and Chase Streets, 9th Avenue. Ten feet from the right-of-way line.
    iii. All other streets. Five feet from the right-of-way line.
4. Street frontage. Every lot, tract, or parcel of land utilized for any purpose permitted in this district shall have a street frontage of not less than 50 feet. Any lot of record on the effective date of this title which is less than 50 feet may be used as a site for only one establishment listed as a permitted use in subsection (1)b of this section.
5. Building height. No building shall exceed a maximum height of 100 feet.
6. Vehicular access. Access to the following streets shall be limited as follows:
    i. Bayfront Parkway. No access shall be permitted from the parkway unless no other means exist for ingress and egress from the site.
    ii. Gregory Street, Chase Street, Alcaniz Street, 9th Avenue and 14th Avenue. For each lot, tract, or parcel under single ownership, the maximum number of access points shall not exceed two per street footage if driveway spacing standards can be met pursuant to section 12-3-121(c)(2).
7. Landscaping. Landscaping requirements in the gateway redevelopment district shall be based on applicable requirements of chapter 12-6. All service areas (i.e., trash collection containers, compactors, loading docks) shall be screened from street and adjacent buildings by one of the following techniques:
    i. Fence or wall, six feet high;
    ii. Vegetation, six feet high (within three years);
    iii. A combination of the above.
8. Underground utility services. All new building construction or additions of floor area to existing structures along Bayfront Parkway, Chase Street,

Gregory Street, 9th Avenue and all property fronting Salamanca Street, shall be required to install underground utilities.

9. Lot coverage. The total coverage of all development sites within the gateway redevelopment district, including all structures, parking areas, driveways and all other impervious surfaces, shall not exceed 75 percent.
10. Sidewalks. Developers of new construction or redevelopment projects shall repair, reconstruct, or construct new sidewalks on all sides of property fronting on a street.
11. Consideration of floodprone areas. Portions of the district are within the 100-year floodplain. Site planning shall consider the special needs of floodprone areas.
12. Storm drainage. Adequate storm drainage must be provided to prevent flooding or erosion. The surface drainage after development should not exceed the surface drainage before development. Flexibility in this guideline shall be considered by the city engineer based on capacity of nearby off-site stormwater drainage systems, the surrounding topography and the natural drainage pattern of the area.
13. All mechanical equipment, satellite dishes and other similar equipment should be completely screened by the architecture of the structure, or fences, walls, or vegetation.
14. Exemptions. All detached single-family and duplex residential development proposals are exempt from the provisions of this section and shall be developed in accordance with R-1A regulations set forth in section 12-3-4(5), with the exception of the height requirements.

e. *Development guidelines.* The gateway redevelopment district is characterized by a variety of architectural styles with no common theme. The intent of these guidelines is to reduce the level of contrast between buildings and to create a more compatible appearance in architectural design, scale, materials and colors. All development within the gateway redevelopment district is encouraged to follow design guidelines as established in section 12-3-121(d). In addition, the following site planning guidelines shall be used by the planning board in the review and approval of all development plans:

    1. *Site planning.* The integration of site features such as building arrangement, landscaping and parking lot layout is critical in producing a pleasant and functional living or working environment. In reviewing development proposals, the following guidelines shall be taken into consideration.

        i. *Maximum preservation of bay views.* Considering the bayfront location within the district, the placement of buildings, signs, service areas, parking and landscaping shall be planned to maximize the preservation of views of the bay and to protect the bayfront's scenic open space character. To prevent the effect of a "wall" of development along the inland edge of the parkway, the long axis of all buildings located on the corridor should be oriented parallel to the inland street grid, rather than parallel to the parkway itself. The preservation of ample open space

between buildings, and the creation of a campus-like development pattern, are encouraged especially in the bayfront area. In addition, site planning throughout the district should recognize existing topographical variations and maximize this variation to maintain bay views.

ii. *Development coordination.* The preservation of bay views and the creation of a campus character development pattern cannot be achieved through the site planning of any single development; all development efforts within the district must be coordinated to achieve these objectives.

iii. *Off-street parking and service.* Off-street parking shall be discouraged within all street setbacks. Where possible, any service areas (i.e. trash collection, loading docks) shall be located to be screened by the building itself; otherwise, walls, fences, landscaping and earth berms shall be used to achieve effective screening.

2. *Architectural design and building elements.*

i. Buildings or structures that are part of a present or future group or complex shall have a unity of character and design. The relationship of forms and the use, texture, and color of materials shall be such as to create a harmonious whole.

ii. Buildings or structures located along strips of land or on single sites and not a part of a unified multibuilding complex shall strive to achieve visual harmony with the surroundings. It is not to be inferred that buildings must look alike or be of the same style to be compatible with the intent of the district. Compatibility can be achieved through the proper consideration of scale, proportions, site planning, landscaping, materials and use of color.

iii. Materials such as metal and plastic shall be discouraged on exterior surfaces of buildings.

iv. Severe or angular roof lines that exceed a pitch of 12-12 (45-degree angle) are discouraged. Exceptions to this guideline (i.e., churches) shall be considered on a case-by-case basis.

v. Bright colors and intensely contrasting color schemes are discouraged within the district.

vi. Proposed development adjacent to the historic district should give special consideration to visual compatibility in scale and architectural design in order to positively reinforce the character of the historic area and provide a buffer and transition.

vii. The following guidelines concerning design, materials, lighting, landscaping, and positioning of permitted signs shall be considered:

(a) Design/materials. The architectural character of the building to which the sign relates should be reflected in the lettering of the sign, the materials used for the supporting structure and the sign face.

(b) Lighting. Indirect and internal lighting is encouraged. Neon and exposed fluorescent lighting is not encouraged.

(c) Landscaping. The landscaping and positioning of the sign should compliment the overall site plan and landscaping of the development.

f. *Maintenance standards.* The following maintenance standards shall be applied to all structures and land parcels respectively, whether occupied or vacant within the gateway redevelopment district, subject to review and approval by the planning board. Properties that do not conform to the maintenance standards described in subsections (1)f.1 through 7 of this section shall be made to comply as required by the city inspections office based on regular inspections or complaints.

1. *Building fronts, rears, and sides abutting streets and public areas.* Rotten or weakened portions shall be removed, repaired or replaced.
2. *Windows.* All windows must be tight-fitting. All broken and missing windows shall be replaced with new glass.
3. *Show windows and storefronts.* All damaged, sagging or otherwise deteriorated storefronts, show windows or entrances shall be repaired or replaced.
4. *Exterior walls.*

   i. Existing miscellaneous elements on the building walls, such as empty electrical conduit, unused signs and/or sign brackets, etc., shall be removed.
   ii. Sheet metal gutters, downspouts and copings shall be repaired or replaced as necessary and shall be neatly located and securely installed.
   iii. All exterior finishes and appurtenances such as paint, awnings, etc., shall be kept in a state of repair.

5. *Roofs.*

   i. All auxiliary structures on the roofs shall be kept clean, repaired or replaced.
   ii. Roofs shall be cleaned and kept free of trash, debris or any other elements that are not a permanent part of the building.

6. *Front, rear, and side yards, parking areas and vacant parcels.*

   i. When a front, rear or side yard, parking area or vacant parcel exists or is created through demolition, the owner may utilize the space in accordance with the provisions of the zoning district; provided, however, that the site shall be properly maintained free of weeds, litter, and garbage.
   ii. Any landscaping that was installed to comply with regulations of this subsection must be maintained.

7. *Walls, fences, signs.* Walls, fences, signs and other accessory structures shall be repaired and maintained.

(2) *GRD-1, Gateway redevelopment district, Aragon redevelopment area.*

a. *Purpose of district.* The gateway redevelopment district, Aragon redevelopment area is established to promote the orderly development of the southern gateway to the city in order to enhance its visual appearance, preserve a unique shoreline vista, improve traffic safety, and encourage a high quality of site planning and architectural design. Site specific analysis of development proposed within the district is intended to ensure that the scenic orientation and open space image of the Bayfront Parkway is maintained and the boundary of the adjacent historic district is positively reinforced. Zoning regulations are intended to ensure that future development is compatible with and enhances the pedestrian scale of the existing structures and period architectural character of the adjacent historic district.

b. *Urban character of the district.* The Aragon redevelopment area is characterized by integration of houses, shops, and work places. Mixed land use is encouraged by allowing home occupations and first floor work spaces with apartments and townhouses above. The historic district is the basis for district architectural guidelines, which reflect the scale and lot sizes, and the list of permitted uses is similar to those uses permitted in the historic district to the south.

c. *Uses permitted.*

1. *GRD-1, residential uses.*

i. Single-family and multifamily residential (attached or detached) at a maximum overall density of 17.4 units per acre.
ii. Bed and breakfast (subject to section 12-3-84).
iii. Home occupations allowing: not more than 60 percent of the floor area of the total buildings on the lot to be used for a home occupation; retail sales shall be allowed limited to uses listed as conditional uses in subsection (2)c.3.i of this section; two nonfamily members as employees in the home occupation; and a sign for the business not to exceed three square feet shall be allowed.
iv. Community residential homes licensed by the state department of children and family services with six or fewer residents providing that it is not to be located within 1,000 feet of another such home. If it is proposed to be within 1,000 feet of another such home, measured from property line to property line, it shall be permitted with city council approval after public notification of property owners in a 500-foot radius.
v. Limited office space allowed only with residential use occupying a minimum of 50 percent of total building square footage of principal and outbuildings.
vi. Family day care homes licensed by the state department of children and family services as defined in state statutes.

2. *GRD-1, public uses.*

    i. Meeting hall, U.S. Post Office pavilion, buildings used for community purposes, not to exceed 5,000 square feet.
    ii. Publicly owned or operated parks and playgrounds.
    iii. Churches, Sunday school buildings and parish houses.

3. *GRD-1, commercial uses.*

    i. The following uses limited to a maximum area of 5,000 square feet:

        (a) Antique shops.

        (b) Art galleries.

        (c) Bakeries whose products are sold at retail and only on the premises.

        (d) Banks (except drive-through).

        (e) Barbershops and beauty shops.

        (f) Child care facilities (subject to section 12-3-87).

        (g) Health clubs, spas, and exercise centers.

        (h) Jewelers.

        (i) Laundry and dry-cleaning pick-up stations.

        (j) Office buildings.

        (k) Restaurants (except drive-ins).

        (l) Retail sales and services.

        (m) Retail food and drugstore.

        (n) Specialty shops.

        (o) Studios.

4. *GRD-1, miscellaneous uses.*

    i. Outbuildings and uses can include:

        (a) Garage apartments.

        (b) Carriage houses.

        (c) Studios.

        (d) Granny flats.

        (e) Storage buildings.

        (f) Garages.

        (g) Swimming pools.

        (h) Hot tubs.

        (i) Offices.

Refer to Aragon Urban Regulations in Aragon Design Code for maximum impervious surface per lot type.

ii. Minor structures for utilities (gas, water, sewer, electric, telephone).

d. *Procedure for review.*

1. *Review and approval by the planning board.* All activities regulated by this subsection, including preliminary and final site plan review, shall be subject to review and approval by the planning board as established in section 12-12-2. Abbreviated review for paint colors, minor repairs and minor deviations in projects already approved by the board shall be in accordance with section 12-12-2(11). If agreement cannot be reached as it pertains to such request for abbreviated review by the board secretary and chairperson then the matter will be referred to the planning board for a decision.
2. *Decisions.*

i. *General consideration.* The board shall consider plans for buildings based on regulations described herein. In their review of plans for new construction, the board shall consider exterior design and appearance of the building, including the front, sides, rear and roof; materials, textures and colors; plot plans or site layout, including features such as walls, walks, terraces, off-street paved areas, plantings, accessory buildings, signs and other appurtenances; and relation of the building to the immediate surroundings and to the district in which it is located. The term "exterior" shall be deemed to include all of the outer surfaces of the building and exterior site work, including painting, and is not restricted to those exteriors visible from a public street or place.

ii. *Rules governing decisions.* Before approving the plans for any proposed building located or to be located in a district, the board shall find:

(a) In the case of a proposed new building, that such building will not, in itself or by reason of its location on the site, impair the architectural or historic value of buildings in the immediate vicinity. No plans for new building will be approved if that building will be injurious to the general visual character of the district in which it is to be located considering visual compatibility standards such as height, proportion, shape, scale, style, materials and colors.

(b) In the case of a proposed alteration or addition to an existing building, that such alteration or addition will not impair the architectural value of the building.

3. *Plan submission.* Every activity that requires plans in order to erect, construct, demolish, renovate or alter an exterior of a building, sign or exterior site work, located or to be located in the GRD-1 district shall be

accompanied with drawings or sketches. All drawings must be drawn to scale and be legible. The minimum size scale for site plans is 1" = 20'0"; the minimum scale for floor plans is 1/8" = 1'0"; and the minimum scale for exterior elevations is 1/8" = 1'0". The scale for other items, such as signs and details, shall be as large as necessary to fully define the detail of those items. Major projects with very large buildings may vary from the scale referenced above for ease of presentation.

i. *Site plan.*

(a) Indicate overall property dimensions and building size, and building setback line and building frontage zone.

(b) Indicate relationship of adjacent buildings, if any.

(c) Indicate layout of all driveways and parking on the site including materials.

(d) Indicate all fences, including materials, dimensions, architectural elements and color, and signs, with dimensions as required to show exact locations.

(e) Indicate existing trees and existing and new landscaping.

ii. *Floor plan.*

(a) Indicate locations and sizes of all exterior doors and windows.

(b) Indicate all porches, steps, ramps and handrails.

(c) For renovations or additions to existing buildings, indicate all existing conditions and features as well as the revised conditions and features and the relationship of both.

iii. *Exterior elevations.*

(a) Indicate all four elevations of the exterior of the building.

(b) Indicate the relationship of this project to adjacent structures, if any.

(c) Indicate exposed foundation walls, including the type of material, screening, dimensions, and architectural elements.

(d) Indicate exterior wall materials, including type of materials, dimensions, architectural elements and color.

(e) Indicate exterior windows and doors, including type, style, dimensions, materials, architectural elements, trim, and colors.

(f) Indicate all porches, including ceilings, steps, and ramps, including type of materials, dimensions, architectural elements and color.

(g) Indicate all porch, stair, and ramp railings, including type of material, dimensions, architectural elements, trim, and color.

(h) Indicate roofs, including type of material, dimensions, architectural elements, associated trims and flashing, and color.

(i) Indicate all signs, whether they are building-mounted or freestanding, including material, style, architectural elements, size and type of letters, and color. The signs must be drawn to scale in accurate relationship to the building and the site.

iv. *Miscellaneous.*

(a) Show enlarged details of any special features of either the building or the site that cannot be clearly depicted in any of the above-referenced drawings.

4. *Submission of photographs.*

i. Provide photographs of the site for the proposed new construction in sufficient quantity to indicate all existing site features, such as trees, fences, sidewalks, driveways, and topography.

ii Provide photographs of the adjoining "street scape," including adjacent buildings to indicate the relationship of the new construction to these adjacent properties.

5. *Submission of descriptive product literature/brochures.*

i. Provide samples, photographs, or detailed, legible product literature on all windows, doors and shutters proposed for use in the project. The information must be sufficiently detailed to show style, dimensions, detailing, material type, and color.

ii. Provide descriptive literature, samples, or photographs showing specific detailed information about signs and letters, if necessary, to augment or clarify information shown on the drawings. The information must be sufficiently detailed to show style, dimensions, detailing, material type, and color.

iii. Provide samples or descriptive literature on roofing material and type to augment the information on the drawings. The information must indicate dimensions, details, material, color and style.

iv. Provide samples or literature on any exterior light fixtures or other exterior ornamental features, such as wrought iron, railings, columns, posts, balusters, and newels. Indicate size, style, material, detailing and color.

e. *Regulations for any development within the GRD-1 zoning district.* These regulations are intended to address the design and construction of elements common to any development within the GRD-1 zoning district which requires review and approval by the planning board. Regulations and standards that relate specifically to new construction and/or structural rehabilitation and repairs to existing buildings, applicable to building heights, setbacks, architectural elements and construction types, are established below. The Aragon Design Code describes the building types and architectural styles that are considered to be compatible with the intent of the GRD-1 regulations. This definition of styles should be consulted to ensure that the proper elements are used in combination in lieu of combining elements that are not appropriate for use together on the same building. Amendments to the Aragon Design Code may be made by the city council following a recommendation of the planning board and a public hearing before the city council, without necessity for amending this chapter.

1. *Building height limit.* No building shall exceed the following height limits: Type I Townhouses and Type III Park Houses shall not exceed 55 feet or 3½ stories. Type II Cottages, Type IV Sideyard House, Type V Small Cottage, and Type VI Row House shall not exceed 45 feet or 2½ stories. No outbuilding shall exceed 35 feet or 2½ stories. Refer to Aragon Design Code.
2. *Landscaping.*
    i. Landscaping requirements in the GRD-1 district shall be based on Aragon Design Code.
    ii. All service areas (i.e., dumpsters or trash handling areas, service entrances or utility facilities, loading docks or space) must be screened from adjoining property and from public view by one of the following:
        (a) Fence or wall, six feet high;
        (b) Vegetation, six feet high (within three years);
        (c) A combination of the above.
3. *Protection of trees.* It is the intent of this section to recognize the contribution of shade trees and certain flowering trees to the overall character of the Aragon redevelopment area and to ensure the preservation of such trees as described below:
    i. Any of the following species having a minimum trunk diameter of eight inches (25.1 inches in circumference) at a height of one foot above grade: Live Oak and Water Oak; Magnolia having a minimum trunk diameter of six inches (18.8 inches in circumference) at a height of one foot above grade; and
    ii. Any of the following flowering trees with a minimum trunk diameter of four inches (12.55 inches in circumference) at a height of one foot above grade: Redbud, Dogwood, and Crape Myrtle.

No person, organization, society, association or corporation, or any agent or representative thereof, directly or indirectly, shall cut down, destroy, undertake tree removal, or effectively destroy through damaging, any specimen or flowering tree, whether it be on private property or right-of-way within the GRD-1 district, without first having obtained a permit from the city to do so. Refer to section 12-6-7 for tree removal permit application procedures and guidelines.

4. *Fences.*

   i. Original fences in the older sections of the city were constructed of wood with a paint finish in many varying ornamental designs, or may have been constructed of brick or wrought iron. The style of the fence and the materials used typically related directly to the style and type of materials used for the building on the property. Refer to Aragon Design Code for required types of fences at different locations.

   ii. On every corner lot on both public and private streets intersecting 9th Avenue a sight triangle described by the intersection of the projection of the outer curb (next to the driving lane) lines extended, and a line joining the points on those lines 30 feet from said intersection shall be clear of any structure, solid waste container, parked vehicles, including recreational vehicles, or planting of such nature and dimension as to obstruct lateral vision, provided that this requirement shall generally not apply to tree trunks trimmed of foliage to eight feet, and newly planted material with immature crown development allowing visibility, or a post, column, or similar structure that is no greater than one foot in cross-section diameter. Lateral vision shall be maintained between a height of three feet and eight feet above grade. All other streets and intersections within the GRD-1 district shall be exempt from the requirements of section 12-3-58, Required Visibility Triangle. In addition the following provisions apply:

      (a) Chain-link, exposed masonry block and barbed wire are prohibited fence materials in the GRD-1 district. Approved materials will include but not necessarily be limited to wood, brick, stone (base only) and wrought iron, or stucco. Materials can be used in combination.

      (b) All wood or wrought iron fences shall be painted if the principal building is painted. Wood fences shall be constructed utilizing one of a variety of designs, especially a design that will reflect details similar to those on the building. It is recommended that the use of wrought iron or brick fences be constructed in conjunction with buildings that use masonry materials in their construction or at locations requiring them. "Dog ear pickets" are not acceptable. Refer to Architectural Standards in Aragon Design Code.

(c) Fences in the required front yard will be no higher than four feet and six feet, six inches in the side and rear yards. On corner lots, fences constructed within the required street side yard shall not exceed four feet in height if the fence would obstruct the visibility from an adjacent residential driveway. Otherwise fences within the required street side yard may be built to a maximum of six feet, six inches.

5. *Signage.*

i. Informational signs. All informational signs, even if erected on private property, are subject to regulations contained in this section.

ii. Commercial signs. It is the intent of the Aragon redevelopment area to recapture the turn-of-the century feeling of commerce in Aragon's core neighborhood. To this end, special consideration will be given to a variety of painted signs on brick and stucco walls, building cornices, canopies and awnings, even on sidewalks and curbs.

iii. Sign style shall be complementary to the style of the building on the property. In the older sections of the city the support structure and trim work on a sign was typically ornamental, as well as functional.

Refer to sections 12-5-2 and 12-5-3 for general sign standards and criteria and for a description of sign area calculations. In addition to the prohibited signs listed below, all signs listed in section 12-5-7 are prohibited within the GRD-1 district. The design, color scheme and materials of all signs shall be subject to approval by the planning board. Only the following signs shall be permitted in the GRD-1 district:

(a) Permitted signs.

(1) Temporary accessory signs.

a. One non-illuminated sign advertising the sale, lease, or rental of the lot or building, said sign not exceeding two square feet in area.

b. One non-illuminated sign per street frontage, not more than 32 square feet in area in connection with new construction work related to Aragon's development, community sites, parks, or Privateer's Alley.

(2) Permanent accessory signs.

a. Each mixed-use or commercial property shall be limited to one sign per lot for Type II through VI. The sign may be placed on the street side or alley frontage. Type I shall be limited to one sign per street and one for alley frontage. The sign may be projected from the building, a wall-

mounted sign, or a painted sign. Signs projecting from a building or extending over public property shall maintain a clear height of nine feet six inches above the public property and shall not extend above the roof line on which it is attached. The sign may be mounted to or painted on the face of a wall of the building, hung from a bracket that is mounted to a wall of a building, or hung from other ornamental elements on the building. Attached or wall signs may be placed on the front or one side of the building. The sign may be illuminated provided the source of light is not visible beyond the property line of the lot on which the sign is located.

b. Advertising display area.

1. GRD-1, Type II through Type VI residential home occupation and mixed-use lots are not to exceed ten square feet.

2. GRD-1, Type I commercial lots are not to exceed 35 square feet per street front.

3. A combination of two attached wall signs may be used, but shall not exceed a total of 35 square feet.

4. If fronting an alley the size shall not exceed 12 square feet.

c. One non-illuminated nameplate designating the name of the occupant of the property; the nameplate shall not be larger than three square feet and shall be attached flat against the wall of the building.

d. Municipal or state installed directional signs, historical markers and other signs of a general public interest when approved by the mayor and board.

(b) Prohibited signs.

(1) Any sign using plastic materials for lettering or background.

(2) Internally illuminated signs.

(3) Portable signs.

(4) Nonaccessory signs.

(5) Back lit canvas awnings.

(6) Flashing, strobe, or neon signs.

(7) Neon signs placed inside a window.

6. *Driveways and sidewalks.* The following regulations and standards apply to driveways and sidewalks in the GRD-1 district:

   i. Driveways shall be allowed at locations indicated in the Aragon Design Code.

      (a) Where asphalt or concrete is used as a driveway material, the use of an appropriate coloring agent is allowed.

      (b) From the street pavement edge to the building setback the only materials allowed shall be brick, concrete pavers, colored or approved stamped concrete or poured concrete.

   ii. Sidewalks, construction, repair and maintenance of sidewalks are all required on public rights-of-way within the district. Sidewalks shall be constructed of concrete, a combination of concrete and either brick, concrete pavers or concrete poured and stamped with an ornamental pattern or smooth finish.

7. *Off-street parking.* Off-street parking is required in the GRD-1 district. The requirements for off-street parking in this district recognize that the Aragon redevelopment area forms a transition neighborhood between the adjacent historic district to the south, where off-street parking is not required in the historic commercial zoning districts and the remainder of the gateway redevelopment district where conventional off-street parking requirements apply. The off-street parking requirements in the GRD-1 district reflect a land use pattern that encourages small scale commercial land uses adjacent to residential uses that are accessible through a network of pedestrian improvements, such as sidewalks, plazas and open spaces. Because parking areas were not a common land use in the older sections of the city, their location is set forth in the standards.

   i. Residential uses.

      (a) Single-family and accessory unit—One space/unit.

      (b) Townhouse and multifamily—One space/unit.

      (c) Bed and breakfast—One space per owner plus one space/sleeping room.

      (d) Home occupation—One space/nonfamily employee.

      (e) Community residential home—One space/two beds.

   ii. Public uses.

(a) Meeting hall, U.S. Post Office pavilion, buildings used exclusively for federal, state, county or city governments for public purposes—One space/500 square feet.

(b) Publicly owned or operated parks and playgrounds—None required.

(c) Churches, Sunday school buildings and parish houses—One space/four fixed seats.

iii. Commercial uses.

(a) Antique shops—One space/500 square feet.

(b) Art galleries—One space/500 square feet.

(c) Bakeries (retail only)—One space/500 square feet.

(d) Barbershops and beauty shops—One space/station and one space/employee.

(e) Day care centers—One space/employee plus one space/classroom.

(f) Health clubs, spas and exercise centers—One space/300 square feet.

(g) Jewelers—One space/500 square feet.

(h) Laundry and dry-cleaning pick-up stations—One space/employee.

(i) Office buildings—One space/500 square feet.

(j) Restaurants (except drive-ins)—One space/500 square feet.

(k) Retail sales and services—One space/500 square feet.

(l) Retail food and drugstore—One space/500 square feet.

(m) Specialty shops—One space/500 square feet.

(n) Studios—One space/50 square feet unless owner occupied.

iv. For Type I Townhouse the uses identified in subsections (2)e.7.i through iii of this section, on-street parking on Romana Street and 9th Avenue within 500 feet of the building may be used towards this requirement for nonemployee parking only. One off-street parking space shall be required for each employee in the building.

v. Parking shall be screened from view of adjacent property and the street by fencing, landscaping or a combination of the two approved by the board, except in alley locations.

vi. Materials for parking areas shall be concrete, concrete or brick pavers, asphalt, oyster shells, clam shells or #57 granite, pea gravel or marble chips. Where asphalt or concrete are used, the use of a coloring agent

is allowed. The use of acceptable stamped patterns on poured concrete is encouraged.

viii. For Type I Townhouse as an option to providing the required off-street parking as specified in subsections (2)e.7.i through iii of this section, the required parking may be provided off-site by the owner/developer as specified in section 12-4-1(4).

8. *Paint colors.* The planning board has adopted palettes of colors considered compatible with historic colors from several paint manufacturers that represent acceptable colors for use in the GRD-1 district. Samples of these palettes can be reviewed at the office of the building inspector or the secretary of the GRD board.
9. *Outbuildings.* Outbuildings shall not exceed a maximum height of 35 feet. The accessory structure shall match the style, roof pitch, and other design features of the main residential structure.
10. *Architectural review standards.*

    i. *Exterior lighting.* Exterior lighting in the district will be post-mounted street lights and building-mounted lights adjacent to entryways or landscaping lights that are shielded. Lamps shall be typically ornamental in design and appropriate for the building style. Refer to Aragon Design Code, Architectural Standards.

        (a) Exterior lighting fixtures must be appropriate for building style. Refer to Aragon Design Code, Architectural Standards.

        (b) Exterior. Where exterior lighting is allowed to be detached from the building, the fixtures visible from off-premises (other than landscape lighting that is permitted) shall be post-mounted and used adjacent to sidewalk or driveway entrances or around parking. If post-mounted lights are used, they shall not exceed 12 feet in height. Exterior lights shall be placed so that they do not shine directly at neighbors.

        (c) The light element itself shall be a true gas lamp or shall be electrically operated using incandescent, halogen, metal halide or high pressure sodium lamps. Fluorescent and mercury vapor lamps are prohibited.

        (d) The use of pole mounted high pressure sodium utility/security lights is prohibited.

    ii. *Exterior building walls.* Exterior treatments will be of wood, cedar shingles, wood clapboard, board and batten or board on board, fiber-cement smooth lap siding (Hardiplank), brick, stone for Craftsman style buildings, or stucco. Building wall finish must be appropriate for building style (Refer to Aragon Design Code, Architectural Standards). Individual windows and porch openings, when rectangular, shall be

square or vertical proportion and have multiple lights, unless architectural style dictates other combinations. Chimneys shall be architecturally compatible with the style. All primary structures are required to elevate their first finished floor 18 to 36 inches above grade, except Type I Townhouse. Base treatment shall be articulated.

(a) Vinyl or metal siding is prohibited.

(b) Wood siding and trim shall be finished with paint or stain, utilizing colors approved by the board.

(c) Foundation piers shall be exposed brick masonry or sand textured plaster over masonry. If in-fill between piers is proposed, piers shall be skirted and screened in an opaque manner. It is encouraged that in-fill panels of wood lattice be utilized or brick screens where appropriate.

iii. *Roofs.* Roofs may be of metal, wood shake, dimensional asphalt shingle, slate, diamond shape asphalt shingles or single ply membrane or built up (for flat roofs), and must be of the appropriate architectural style. Roof pitch for sloped roofs above the main body shall be at least eight on 12 on one- and two-story buildings and six on 12 on buildings with three stories, unless architectural style dictates other slope, for example Craftsman. Eaves shall be appropriate for the architectural style. Shed roofs shall be allowed only against a principal building or perimeter wall. Flat roofs shall not be permitted without parapets, cornices, eaves overhangs boxed with modillions, dentrils, or other moldings. The maximum size of the roof deck, window's walks, towers, turrets, etc., is 200 square feet, with the maximum height of ten feet above the maximum allowable building height.

(a) Eaves and soffits may be: wood, painted or stained; smooth finish or sand textured stucco soffits, if detailed appropriately; or fiber-cement, if detailed appropriately ("Hardisoffit" or Hardipanel" vertical siding panels). Eaves shall be appropriate for architectural style and type.

(b) Flashing may be anodized or pre-finished aluminum, galvanized steel of naturally weathered copper.

(c) Gutters and downspouts may be anodized or pre-finished aluminum, galvanized steel or naturally weathered copper.

iv. *Balconies and porches.* Front porches are required for all Type II through Type V principal structures, and porches or balconies are required for Type I and Type VI principal structures. Type I principal structure balconies supported by columns, the outside edge of the columns shall be located at the outside edge of the public sidewalk,

and the balcony shall not extend past the columns. Balconies shall not be cantilevered more than eight feet. See the below figures for balcony and porch dimensions.

v. *Doors.* Entrance doors with an in-fill of raised panels below and glazed panels above were typically used in older sections of the city. Single doorways with a glazed transom above allows for both light and ventilation to enter the entrance way or entrance foyer of the building. Double doors are usually associated with a larger home or building layout.

    (a) Doors are to be appropriate for building style and type. Entrance doors shall be fabricated of solid wood, metal, or fiberglass. Refer to Aragon Design Code, Architectural Standards and Architectural Styles.

vi. *Windows.* Individual windows shall have vertical proportion.

    (a) Windows are to be fabricated of wood or vinyl clad wood windows. Solid vinyl windows may be used if the components (jamb, sash, frame, sill, etc.) are sized and proportioned to duplicate wood. Steel or aluminum windows are prohibited.

    (b) All individual windows shall conform to vertical proportions of not less than 1:1.5, unless architectural styles dictate otherwise. Assemblage of complying window units to create large window openings is acceptable. Kitchen and bathroom windows are considered exceptions and are not regulated by vertical proportions, but are subject to approval if they detract from the overall vertical orientation.

    (c) Window sections shall be appropriate for style. Refer to Aragon Design Code.

    (d) The window frame will be given a paint finish appropriate to the color scheme of the exterior of the building.

    (e) Window trim or casing is to be a nominal five-inch member at all sides, head and sill.

    (f) Glass for use in windows shall typically be clear, but a light tinted glass will be given consideration by the planning board.

    (g) Highly reflected glazing is prohibited. Insulated glass units are encouraged.

vii. *Shutters.* Shutters are an exterior ornamental and functional architectural feature that have traditionally been used on windows, and occasionally, on doors.

(a) Shutters may be operable or fixed.

(b) If shutters are to be used on a project, they must be dimensioned to the proper size so that they would completely cover the window both in width and height if they were closed.

(c) The style of the shutters must be louvered, flat vertical boards or paneled boards, with final determination being based on compatibility with the overall building design.

(d) Shutters to be fabricated of wood or vinyl.

(e) Shutters are to be appropriate for building style and type. Refer to Aragon Design Code, Architectural Styles.

viii. *Chimneys.* Chimneys constructed of brick masonry, exposed or cement plastered, are architecturally compatible.

(a) The chimneys are to be constructed of masonry with the exposed surface to be brick or sand textured plaster. Rough texture stucco is prohibited.

(b) The finished exposed surface of chimneys are to be left natural without any paint finish, unless the chimney is plastered or stuccoed.

(c) Flashing shall consist of galvanized steel, copper sheet metal or painted aluminum.

(d) The extent of simplicity or ornamentation shall be commensurate with the overall style and size of the building on which the chimney is constructed.

ix. *Trim and miscellaneous ornament.*

(a) Trim and ornament, where used, is to be fabricated of wood, stucco or stone.

(b) Trim and ornament will be painted to match, or be coordinated with, door and window casings, porch railings, porch columns, and basic projecting elements of the building.

x. *Miscellaneous mechanical equipment.*

(a) Air conditioning condensing units shall not be mounted on any roof where they are visible from any street.

(b) Air conditioning condensing units that are mounted on the ground shall be in either side yards or rear yards.

(c) Visual screening consisting of ornamental fencing or landscaping shall be installed around all air conditioning condensing units to conceal them from view from any adjacent street or property owner.

(d) Exhaust fans or other building penetrations as may be required by other authorities shall be allowed to penetrate the wall or the roof but only in locations where they can be concealed from view from any street. No penetrations shall be allowed on the front of the building. They may be allowed on side walls if they are properly screened. It is desirable that any penetrations occur on rear walls or the rear side of roofs.

xi. *Accessibility ramps and outdoor stairs.*

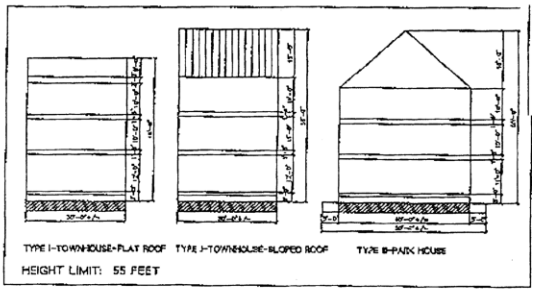
(a) Whenever possible, accessibility ramps and outdoor stairways shall be located to the side or the rear of the property.

(b) The design of accessibility ramps and outdoor stairs shall be consistent with the architectural style of the building.

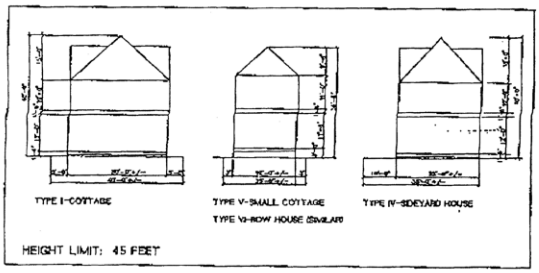
(c) Building elements, materials and construction methods shall be consistent with the existing structure.

xii. *Outbuildings.*

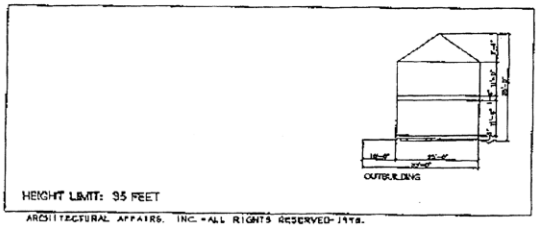
(a) Outbuildings shall be detailed in a manner similar to the house. Detached garages are strongly encouraged.



(b) Accessory dwelling units are permitted and encouraged, and shall be detailed in a manner similar to the house.



11. *Additional regulations.* In addition to the regulations established above in subsections (2)e.1 through 10 of this section, any permitted use within the GRD-1 zoning district where alcoholic beverages are ordinarily sold is subject to the requirements of chapter 7-4, Alcoholic Beverages.



f. *Procedures for review of renovation, alterations, and additions to structures within the GRD-1 district.* The regulations and standards established in subsections (2)a through e of this section, shall apply to all plans for the renovation, alteration and addition to structures within the GRD-1 district.

1. Abbreviated review. Sign requests, paint colors, fencing, and emergency repairs that are consistent with the regulations and standards set forth in subsection (2) of this section may be approved by letter to the building official from the board secretary and the chairperson of the planning board. If agreement cannot be reached as it pertains to such request for abbreviated review by the board secretary and chairperson, then the matter will be referred to the entire board for a decision.

(3) *WRD, waterfront redevelopment district.*

a. *Purpose of district.* The waterfront redevelopment district is established to promote redevelopment of the city's downtown waterfront with a compatible mixture of water-dependent and water-related uses that preserve the unique shoreline vista and scenic opportunities, provide public access, create a cultural meeting place for the public, preserve the working waterfront activities historically located in the waterfront area, and encourage a high quality of site planning and architectural design. Site specific analysis of each development proposal within the district is intended to ensure that the scenic vistas and marine-oriented image of the district are maintained, that the development character of the waterfront is upgraded and that the boundaries of the adjacent special districts are positively reinforced.

b. *Uses permitted.*

1. Single-family residential (attached or detached) at a maximum density of 17.4 units per acre. Multifamily residential at a maximum density of 60 dwelling units per acre.
2. Home occupations, subject to regulations in section 12-3-57.
3. Offices.
4. Libraries and community centers opened to the public and buildings used exclusively by the federal, state, county and city government for public purposes.
5. Hotels/motels.
6. Marinas.
7. Parking garages.
8. The following retail sales and services:

i. Retail food and drug stores (including medical marijuana dispensaries and package liquor store).
ii. Personal service shops.
iii. Clothing stores.
iv. Specialty shops.
v. Banks.
vi. Bakeries whose products are sold at retail on the premises.
vii. Antique shops.
viii. Floral shops.
ix. Health clubs, spa and exercise centers.
x. Laundromats.
xi. Laundry and dry-cleaning pick-up stations.
xii. Restaurants.
xiii. Studios.
xiv. Art galleries.
xv. Sale or rental of sporting goods or equipment including instructions in skiing, sailing, or scuba diving.
xvi. Boat rentals waterside only with limited upland storage.
xvii. Bars.
xviii. Commercial fishing.

xix. Ferry and passenger terminals.
xx. Cruise ship operations.
xxi. Food truck courts, subject to regulations in Sec. 12-3-95.

9. Family day care homes licensed by the state department of children and family services as defined in state statutes.

c. *Procedure for review of plans.*

1. *Plan submission.* Every application to construct a new structure in the waterfront redevelopment district shall be subject to the development plan review and approval procedure established in section 12-3-120. Every application for a new certificate of occupancy or a building permit to erect, construct, demolish, renovate or alter a building or sign, or exterior site work (i.e., paving and landscaping of off-street parking areas), located or to be located in the waterfront redevelopment district shall be accompanied with drawings or sketches with sufficient detail to show, as far as they relate to exterior appearances, the architectural design of the building, sign, or exterior work (both before and after the proposed work is done in cases of altering, renovating, demolishing or razing a building or structure) including proposed materials, textures and colors, and the plot plan or site layout including all site improvements or features such as walls, fences, walks, terraces, plantings, accessory buildings, paved areas, signs, lights, awnings, canopies and other appurtenances. All developments within the waterfront redevelopment district must comply with design standards as established in section 12-3-121.
2. *Review and approval.* All plans shall be subject to the review and approval of the planning board established in chapter 12-12. At the time of review the board may require that any aspect of the overall site plan that does not meet the standards established in this section be incorporated and brought into compliance within a time limit approved by the board. Review by the planning board of applications for zoning variances shall be as provided for under section 12-12-2(6)f.
3. *Abbreviated review.* Sign requests, paint colors, fencing, and emergency repairs that are consistent with the regulations and guidelines set forth in this section, may be approved by letter to the building official from the planning board secretary and the chairperson of the board. This provision is made in an effort to save the applicant and the board time for routine approval matters. If agreement cannot be reached as it pertains to such requests by the board secretary and chairperson, then the matter will be referred to the board for a decision.

d. *Regulations.*

1. *Signs.* The following provisions shall be applicable to signs in the district:

i. *Number of signs.* Each parcel shall be limited to one sign per street frontage; provided, however, if there exists more than one establishment on the parcel, there may be one attached sign per establishment.

ii. *Signs extending over public property.* Signs extending over public property shall maintain a clear height of nine feet above the sidewalk and no part of such signs shall be closer than 18 inches to the vertical plane of the curb line or edge of the pavement.

iii. *Sign size and height limitations.*

(a) *Attached signs.*

(1) *Size.* Ten percent of the building elevation square footage (wall area) that fronts on a public street, not to exceed 50 square feet. Buildings exceeding five stories in height; one attached wall sign or combination of wall signs not to exceed 200 square feet and mounted on the fifth floor or above.

(2) *Height.* No sign may extend above the roof line of the building to which it is attached. For the purposes of this section roof surfaces constructed at an angle of 65 degrees or more from horizontal shall be regarded as walls.

(b) *Freestanding signs.*

(1) *Size.* Fifty square feet.

(2) *Height.* Ten feet (top of sign).

iv. *Other permitted signs.*

(a) Signs shall not exceed two square feet in size.

(b) Official traffic signs or signals, informational signs erected by a government agency and temporary signs indicating danger.

v. *Prohibited signs.* Refer to section 12-5-7 for a description of prohibited signs. In addition the following signs are prohibited within the district:

(a) Portable signs.

(b) Signs that are abandoned or create a safety hazard. Abandoned signs are those advertising a business that becomes vacant and is unoccupied for a period of 90 days or more.

(c) Signs that are not securely fixed on a permanent foundation.

(d) Strings of light bulbs, other than holiday decorations, streamers and pennants.

(e) Signs that present an optical illusion, incorporate projected images, or emit sound.

(f) Secondary advertising signs (i.e., signs that advertise a brand name product in addition to the name of the business).

vi. Temporary signs. The following temporary signs shall be permitted in the district:

(a) Temporary banners indicating that a noncommercial special event such as a fair, carnival, festival or similar happening is to take place, are permitted with the following conditions: Such banners may be erected no sooner than two weeks before the event and banners extending over street rights-of-way require approval from the mayor.

(b) One non-illuminated sign per street frontage advertising the sale, lease or rental of the lot or building upon which the sign is located. Such sign shall not exceed 12 square feet in size, and shall be removed immediately after occupancy.

(c) One non-illuminated sign not more than 50 square feet in area in connection with new construction work and displayed only during such time as the actual construction work is in progress.

2. *Off-street parking.* The following off-street parking requirement shall apply to all lots, parcels, or tracts in the district: Off-street parking requirements in the waterfront redevelopment district shall be based on the requirements set forth in chapter 12-4. The required parking may be provided off-site by the owner/developer as specified in section 12-4-1(4). Screening shall be provided along the edges of all parking areas visible from the street rights-of-way. This screening may take the form of:

   i. A solid wall or fence (chain-link fences are prohibited) with a minimum height of four feet that is compatible in design and materials with on-site architecture and nearby development;
   ii. An earth berm approximately three feet in height that is landscaped to provide positive screening effective within three years; or
   iii. A combination of walls or fences and landscape screening, or landscape screening designed to provide positive screening within three years.

3. *Vehicular access.* For each lot, tract or parcel under single ownership, the maximum number of access points shall not exceed two per street frontage.
4. *Landscaping.* Landscaping requirements in the district shall conform to the requirements of chapter 12-6. All service areas (i.e., trash collection containers, compactors, loading docks) shall be screened with at least 75

percent opacity from the street and adjacent buildings by one of the following techniques:

i. Fence or wall and gate, six feet high;
ii. Vegetation, six feet high (within three years); or
iii. A combination of the above.

5. *Underground utility services.* All new building construction or additions of floor area to existing structures shall be required to install underground utilities on the site.
6. *Lot coverage.* The total coverage of the site including all structures, parking areas, driveways and all other impervious surfaces shall not exceed 75 percent.
7. *Setback/height requirements.* No building shall exceed a maximum height of 60 feet in the waterfront redevelopment district.

   i. *Shoreline setback/height requirements.* All buildings shall be set back a minimum of 30 feet from the shoreline or the bulkhead line. At this minimum setback line, the building height may not exceed 35 feet. Above 35 feet in height, an additional one foot in building height may be permitted for each additional one foot in setback with a maximum building height of 60 feet. The minimum setback from the shoreline may be decreased by the planning board and the council during the review process to permit reuse of existing buildings, structures or foundations with a lesser setback.
   ii. *Main Street setback/height requirements.* All buildings shall be set back a minimum of 60 feet from the centerline of Main Street. At this minimum setback line, the building height may not exceed 60 feet.

8. *Additional regulations.* In addition to the regulations established above in subsections (3)d.1 through 7 of this section, any permitted use within the WRD zoning district where alcoholic beverages are ordinarily sold is subject to the requirements of chapter 7-4.

e. *Regulations.* All developments within the waterfront redevelopment district are encouraged to follow the design guidelines established in section 12-3-121(d). In addition, the following site planning guidelines should be taken into consideration in the required development plans.

1. *Site planning.* The integration of site features such as building arrangement, landscaping, parking lot layout, public access points, building orientation, and scenic vantage points is critical in producing a pleasant and functional living or working environment. In reviewing development proposals, the following guidelines shall be taken into consideration:

   i. *Maximum preservation of waterfront views.* Considering the waterfront location of the district, the placement of buildings, signs, service areas, parking and landscaping shall be planned to maximize the preservation of views of the bay and to protect the waterfront scenic open space

character. To prevent the effect of a "wall" of development along the edge of the waterfront and adjacent streets, open space should be encouraged between buildings and under elevated buildings. Pedestrian circulation systems should be designed to form a convenient, interconnected network through buildings, landscaped open spaces and public walkways. The longer side of each building should be sited perpendicular to the water's edge in order to preserve water views from the street.

ii. *Building orientation.* Buildings should be oriented to maximize the waterfront view potential within the district while maintaining quality facade treatment and design on the streetside. Structures should be positioned to provide viewing opportunities of the water and the shoreline edge between buildings. The location of solid waste receptacles, service entrances, loading docks, storage buildings and mechanical and air conditioning equipment and other items typically situated at the backside of buildings should be discouraged within the area between the building and the water's edge.

iii. *Off-street parking and service.* Off-street parking shall be discouraged within the shoreline setback area. Where possible, service areas (i.e., trash collection, loading docks) shall be located to be screened by the building itself; otherwise, walls, fences, landscaping and earth berms shall be used to achieve effective screening.

2. *Aesthetic considerations.* Development projects within the district are not subject to special architectural review and approval. In lieu of a special separate review procedure, the following general architectural and aesthetic design criteria will be considered to enhance the character of the district:

   i. Buildings or structures that are part of a present or future group or complex shall have a unity of character and design. The relationship of forms and the use, texture, and color of materials shall be such as to create a harmonious whole.

   ii. Natural materials such as brick, wood and stucco should be encouraged. Materials such as metal and plastic shall be discouraged on exterior surfaces of buildings.

   iii. All mechanical equipment, satellite dishes and other similar equipment should be completely screened by the architecture of the structure, or fences, walls or vegetation.

   iv. Proposed developments within the waterfront redevelopment district that are located adjacent to a historic district should give special consideration to visual compatibility in scale and architectural design in order to positively reinforce the character of the historic area and provide a buffer and transition.

   v. Projects should be encouraged that enhance the setting or provide for adaptive reuse of historic buildings and sites.

3. *Landscaping guidelines.* Landscaping should be used to enhance waterfront views and vistas and to screen undesirable features. Low lying plant material should be used in open areas to retain views of the water. Trees should be selectively utilized and carefully located along the waterfront in both public and private developments in order to maintain existing views as much as possible. Plantings should be coordinated near buildings to provide view corridors.
4. *Sign guidelines.*
    i. *Design/materials.* The architectural character of the building to which the sign relates should be reflected in the lettering of the sign, and the materials used for the supporting structure and the sign face.
    ii. *Lighting.* Indirect and internal lighting is encouraged. Neon and exposed fluorescent lighting is not encouraged.
    iii. *Landscaping.* The landscaping and positioning of the sign should complement the overall site plan and landscaping of the development.

(4) *WRD-1, Waterfront Redevelopment District-1.*

a. *Purpose of district.* The waterfront redevelopment district is established to promote redevelopment of the city's downtown waterfront with a compatible mixture of uses that further the goals of downtown Pensacola's comprehensive plan, encourage a walkable mixed-use urban environment, preserve the unique shoreline scenic opportunities, provide continuous public waterfront access, create cultural meeting places for the public, and encourage a high quality of site planning and architectural design. Site specific analysis of each development proposal within the district is intended to ensure that the scenic vistas of the district are maintained, that the development character of the waterfront is upgraded and that the boundaries of the adjacent special districts are positively reinforced.
b. *Uses permitted.*
    1. Single-family residential (attached or detached) at a maximum density of 17.4 units per acre. Multifamily residential at a maximum density of 60 dwelling units per acre.
    2. Home occupations, subject to regulations in section 12-3-57.
    3. Offices.
    4. Libraries and community centers opened to the public and buildings used exclusively by the federal, state, county and city government for public purposes.
    5. Hotels/motels.
    6. Marinas.
    7. Parking garages.
    8. The following retail sales and services:
        i. Retail food and drug stores (including medical marijuana dispensaries and package liquor store).
        ii. Personal service shops.
        iii. Clothing stores.

iv. Specialty shops.
v. Banks.
vi. Bakeries whose products are sold at retail on the premises.
vii. Antique shops.
viii. Floral shops.
ix. Health clubs, spa and exercise centers.
x. Laundromats.
xi. Laundry and dry-cleaning pick-up stations.
xii. Restaurants.
xiii. Studios.
xiv. Art galleries.
xv. Sale or rental of sporting goods or equipment including instructions in skiing, sailing, or scuba diving.
xvi. Boat rentals waterside only with limited upland storage.
xvii. Bars.
xviii. Commercial fishing.
xix. Ferry and passenger terminals.
xx. Cruise ship operations.
xxi. Food truck courts, subject to regulations in Sec. 12-3-95.

9. Family day care homes licensed by the state department of children and family services as defined in state statutes.

c. *Procedure for review of plans.*

1. *Plan submission.* Every application to construct a new structure in the waterfront redevelopment district-1 shall be subject to the development plan review and approval procedure established in section 12-3-120. Every application for a new certificate of occupancy or a building permit to erect, construct, demolish, renovate or alter a building or sign, or exterior site work (i.e., paving and landscaping of off-street parking areas), located or to be located in the waterfront redevelopment district-1 shall be accompanied with drawings or sketches with sufficient detail to show, as far as they relate to exterior appearances, the architectural design of the building, sign, or exterior work (both before and after the proposed work is done in cases of altering, renovating, demolishing or razing a building or structure) including proposed materials, textures and colors, and the plot plan or site layout including all site improvements or features such as walls, fences, walks, terraces, plantings, accessory buildings, paved areas, signs, lights, awnings, canopies and other appurtenances. All developments within the waterfront redevelopment district must comply with design standards as established in section 12-3-121.
2. *Review and approval.* All plans shall be subject to the review and approval of the planning board established in chapter 12-12. At the time of review the board may require that any aspect of the overall site plan that does not meet the standards established in this section be incorporated and brought into compliance within a time limit approved by the board. Review

by the planning board of applications for zoning variances shall be as provided for under section 12-12-2(6)f.

3. *Abbreviated review.* Sign requests, paint colors, fencing, and emergency repairs that are consistent with the regulations and guidelines set forth in this section, may be approved by letter to the building official from the planning board secretary and the chairperson of the board. This provision is made in an effort to save the applicant and the board time for routine approval matters. If agreement cannot be reached as it pertains to such requests by the board secretary and chairperson, then the matter will be referred to the board for a decision.

d. *Regulations.*

1. *Signs.* The following provisions shall be applicable to signs in the district:

i. *Number of signs.* Each parcel shall be limited to one sign per street frontage; provided, however, if there exists more than one establishment on the parcel, there may be one attached sign per establishment. Additionally, retail sales and services may have an A-frame sign in addition to the one sign per frontage.

ii. *Signs extending over public property.* Signs extending over public property shall maintain a clear height of nine feet above the sidewalk and no part of such signs shall be closer than 18 inches to the vertical plane of the curb line or edge of the pavement.

iii. *Sign size and height limitations.*

(a) *Attached signs.*

(1) *Size.* Ten percent of the building elevation square footage (wall area) that fronts on a public street, not to exceed 50 square feet. Buildings exceeding five stories in height; one attached wall sign or combination of wall signs not to exceed 200 square feet and mounted on the fifth floor or above.

(2) *Height.* No sign may extend above the roof line of the building to which it is attached. For the purposes of this section roof surfaces constructed at an angle of 65 degrees or more from horizontal shall be regarded as walls.

(b) *Freestanding signs.*

(1) *Size.* Fifty square feet.

(2) *Height.* Ten feet (top of sign).

(c) *A-frame sign.*

(1) *Size.* Ten square feet.

(2) *Height.* Forty-two inches (top of sign).

iv. *Other permitted signs.*

(a) Signs shall not exceed two square feet in size.

(b) Official traffic signs or signals, informational signs erected by a government agency and temporary signs indicating danger.

v. *Prohibited signs.* Refer to section 12-5-7 for a description of prohibited signs. In addition the following signs are prohibited within the district:

(a) Signs that are abandoned or create a safety hazard. Abandoned signs are those advertising a business that becomes vacant and is unoccupied for a period of 90 days or more.

(b) Signs that present an optical illusion, incorporate projected images, or emit sound.

(c) Secondary advertising signs (i.e., signs that advertise a brand name product in addition to the name of the business).

vi. *Temporary signs.* The following temporary signs shall be permitted in the district:

(a) Temporary banners indicating that a noncommercial special event such as a fair, carnival, festival or similar happening is to take place, are permitted with the following conditions: Such banners may be erected no sooner than two weeks before the event and banners extending over street rights-of-way require approval from the mayor.

(b) One non-illuminated sign per street frontage advertising the sale, lease or rental of the lot or building upon which the sign is located. Such sign shall not exceed 12 square feet in size, and shall be removed immediately after occupancy.

(c) One non-illuminated sign not more than 50 square feet in area in connection with new construction work and displayed only during such time as the actual construction work is in progress.

2. *Off-street parking.* The following off-street parking requirement shall apply to all lots, parcels, or tracts in the district: Off-street parking requirements in the waterfront redevelopment district-1 shall be based on the requirements set forth in section 12-4-1(4). The required parking may be provided off-site by the owner/developer as specified in section 12-4-1(4). Screening shall be provided along the edges of all parking areas visible from the street rights-of-way. This screening may take the form of:

i. A solid wall or fence (chain-link fences are prohibited) with a minimum height of four feet that is compatible in design and materials with on-site architecture and nearby development;
ii. Landscaping approximately three feet in height that is landscaped to provide positive screening effective within three years; or
iii A combination of walls or fences and landscape screening, or landscape screening designed to provide positive screening within three years.

3. *Vehicular access.* For each lot, tract or parcel under single ownership, the maximum number of access points shall not exceed two per street frontage.
4. *Landscaping.* Landscaping requirements in the district shall conform to the requirements of chapter 12-6. All service areas (i.e., trash collection containers, compactors, loading docks) shall be screened with at least 75 percent opacity from the street and adjacent buildings by one of the following techniques:

   i. Fence or wall and gate, six feet high;
   ii. Vegetation, six feet high (within three years); or
   iii. A combination of the above.

5. *Underground utility services.* All new building construction or additions of floor area to existing structures shall be required to install underground utilities on the site.
6. *Lot coverage.* The total coverage of the site including all structures, parking areas, driveways and all other impervious surfaces shall not exceed 95 percent.
7. *Setback/height requirements.* No building shall exceed a maximum height of six stories in the waterfront redevelopment district-1, as defined in section 12-3-31, community redevelopment area (CRA) urban design overlay district.

   i. *Shoreline setback/height requirements.* All buildings shall be set back a minimum of 30 feet from the shoreline or the bulkhead line. The minimum setback from the shoreline may be decreased by the planning board and the council during the review process to permit reuse of existing buildings, structures or foundations with a lesser setback.
   ii. *Main Street setback/height requirements.* All buildings shall be set back a minimum of 60 feet from the centerline of Main Street. At this minimum setback line, the building height may not exceed six stories.
   iii. All other setbacks shall be as specified on the regulating plan.

8. *Additional regulations.* In addition to the regulations established above in subsections (3)d.1 through 7 of this section, any permitted use within the WRD-1 zoning district where alcoholic beverages are ordinarily sold is subject to the requirements of chapter 7-4.

e. *Regulations.* All developments within the waterfront redevelopment district-1 are encouraged to follow the design guidelines established in section 12-3-121(d). In addition, the following site planning guidelines should be taken into consideration in the required development plans:

1. *Site planning.* The integration of site features such as building arrangement, landscaping, parking lot layout, public access points, building orientation, and scenic vantage points is critical in producing a pleasant and functional living or working environment. In reviewing development proposals, the following guidelines shall be taken into consideration:

   i. *Maximum preservation of waterfront views.* Considering the waterfront location of the district, the placement of buildings, signs, service areas, parking and landscaping shall be planned to maximize the preservation of views of the bay and to protect the waterfront scenic open space character. To prevent the effect of a "wall" of development along the edge of the waterfront and adjacent streets, open space should be encouraged between buildings and under elevated buildings. Pedestrian circulation systems should be designed to form a convenient, interconnected network through buildings, landscaped open spaces and public walkways. The longer side of each building should be sited perpendicular to the water's edge in order to preserve water views from the street.

   ii. *Building orientation.* Buildings should be oriented to maximize the waterfront view potential within the district while maintaining quality facade treatment and design on the streetside. Structures should be positioned to provide viewing opportunities of the water and the shoreline edge between buildings. The location of solid waste receptacles, service entrances, loading docks, storage buildings and mechanical and air conditioning equipment and other items typically situated at the backside of buildings should be discouraged within the area between the building and the water's edge.

   iii. *Off-street parking and service.* Off-street parking shall be discouraged within the shoreline setback area. Where possible, service areas (i.e., trash collection, loading docks) shall be located to be screened by the building itself; otherwise, walls, fences, landscaping and earth berms shall be used to achieve effective screening.

2. *Aesthetic considerations.* Development projects within the district are not subject to special architectural review and approval, however compliance with the CRA Overlay Standards and Guidelines as defined in section 12-3-31, community redevelopment area (CRA) urban design overlay district, is encouraged. In lieu of a special separate review procedure, the following general architectural and aesthetic design criteria will be considered to enhance the character of the district:

i. Buildings or structures should have a unity of character and design. The relationship of forms and the use, texture, and color of materials shall be such as to create a harmonious whole.
ii. Natural materials such as brick, wood and stucco should be encouraged. Materials such as metal and plastic shall be discouraged on exterior surfaces of buildings.
iii. All mechanical equipment, satellite dishes and other similar equipment should be completely screened by the architecture of the structure, or fences, walls or vegetation.
iv. Proposed developments within the waterfront redevelopment district-1 which are located adjacent to a historic district should give special consideration to visual compatibility in scale and architectural design in order to positively reinforce the character of the historic area and provide a buffer and transition.
v. Projects should be encouraged that enhance the setting or provide for adaptive reuse of historic buildings and sites.

3. *Landscaping guidelines.* Landscaping should be used to enhance waterfront views and vistas and to screen undesirable features. Low lying plant material should be used in open areas to retain views of the water. Trees should be selectively utilized and carefully located along the waterfront in both public and private developments in order to maintain existing views as much as possible. Plantings should be coordinated near buildings to provide view corridors.
4. *Sign guidelines.*

i. *Design/materials.* The architectural character of the building to which the sign relates should be reflected in the lettering of the sign, and the materials used for the supporting structure and the sign face.
ii. *Lighting.* Indirect and internal lighting is encouraged. Neon and exposed fluorescent lighting is not permitted.
iii. *Landscaping.* The landscaping and positioning of the sign should complement the overall site plan and landscaping of the development.

SECTION 4. If any word, phrase, clause, paragraph, section or provision of this ordinance or the application thereof to any person or circumstance is held invalid or unconstitutional, such finding shall not affect the other provision or applications of the ordinance which can be given effect without the invalid or unconstitutional provisions or application, and to this end the provisions of this ordinance are declared severable.

SECTION 5. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION 6. This ordinance shall take effect on the fifth business day after adoption, unless otherwise provided, pursuant to Section 4.03(d) of the City Charter of the City of Pensacola.

**STAFF PRESENT:** Planning & Zoning Manager Cannon, Assistant Planning & Zoning Manager Harding, Help Desk Technician Russo, Development Services Director Morris, Development Services Coordinator Statler

**STAFF VIRTUAL:** Assistant City Attorney Lindsay

**OTHERS PRESENT:** Amir Fooladi, Tommy White

**AGENDA:**
- Quorum/Call to Order
- Approval of Meeting Minutes from April 11, 2023
  **New Business:**
- Proposed Amendment to the Land Development Code – Food Truck Courts
- Open Forum
- Discussion:
- Adjournment

**Call to Order / Quorum Present**
Chairperson Paul Ritz called the meeting to order at 2:05 pm with a quorum present and explained the procedures of the meeting including requirements for audience participation.

**Approval of Meeting Minutes** – **Board Member Larson made a motion to approve the April 11, 2023, minutes, seconded by Board Member Powell, and it carried unanimously.**

**New Business** –
**Proposed Amendment to the Land Development Code – Food Truck Courts**
Assistant Planning & Zoning Manager Harding introduced the agenda item and

Chairperson Ritz provided an additional background. Assistant Planning & Zoning Manager Harding also introduced the added gray-water system provision which was included due to staff's discussions with food truck owners. Chairperson Ritz acknowledged that several developers and food truck business owners had been contacted and that additional notice of the proposed amendment had been provided. Development Services Coordinator Statler gave a brief highlight of changes that were made to the ordinance - an inclusion for setbacks from a residential zoning district as outlined in Table 12-3.7 was added, utilities shall be screened per Sec. 12-3-121, one parking space per pad, an option of gray-water system with off-site disposal, modified the language for table seating, with a minimum of four seats per table, and if a gray-water system is used, a contract for off-site disposal must be made available upon request. The board members began to ask questions regarding the changes that were made. Board Member Grundhoefer requested the wording be clarified as far as the table seating goes. Board Member Van Hoose stated she felt it's an unnecessary imposition of food trucks to require table and chairs and feels it's a liability. A majority of the Board Members are in favor of the table and chairs. Board Member Van Hoose inquired where else in the Land Development Code are table and chairs required, staff replied they are unaware of that requirement anywhere else in the Land Development Code. Development Services Coordinator Statler stated that with License to Use there are no specific requirements for outdoor dining for the chairs, but liability insurance is required since it's on City right of way versus private property. Chairperson Ritz stated whenever legislation is created from scratch, there's a lot of to discuss. Development Services Coordinator Statler mentioned that under our current conditional use for mobile restaurant facilities we do require that they have permanent restroom facilities and mobile restaurant development sites shall provide one customer seat per linear foot of mobile unit on site, so we do require seating in another section of the LDC for this particular use like The Garden on Palafox. Board Member Villegas stated this is a food truck court with permanent restroom facilities with infrastructure that allows it to be more than a pull up pull off situation. It will create a certain ambiance; she stands firm with the ordinance. Planning & Zoning Manager Cannon mentioned that there are three districts, GRD, WRD, and PC1, that will trigger them to have to come before the Planning Board. This would give the Planning Board a chance to weigh in on these aesthetically, but it does not change anything on the commercial ones. Mr. Fooladi spoke and thanked everyone for all the work put into the ordinance. He wanted to know in **Sec. 12-3-95(c)(1)d.** where it states "Outdoor refuse & utilities, and storage areas shall not be allowed within the 25 feet of the front property line and shall be screened per Sec. 12-3-121.", what is meant by utilities. Development Services Coordinator Statler stated that it was added because of the option for the gray-water tank, if they are using a gray-water tank that's not actually within the truck, but on the exterior, it needs to be screened. Staff clarified that dumpsters would need to be screened in, not trash receptacles or trash cans. A discussion was had regarding the calculations used to determine the number of parking spaces required, and the definition of fencing materials and materials that can be used for screening. They concluded that vegetation is an allowable screening material. A discussion was had regarding the difference between WRD and WRD-1 and why food trucks would not be allowed in WRD-1, staff replied that it was an oversight and that the board could choose to allow food truck courts in WRD-1 and suggested that the board add it to the motion of the item if they thought it appropriate. Mr. White asked if this ordinance would be City wide and staff replied that it would be. Mr. White then asked if there would be a limitation as to how many food trucks would be allowed in the court, staff replied the

maximum number of 6 mobile food truck pads would be allowed. A discussion was then had regarding the use of the City GIS mapping application to determine if a particular location is zoned to allow a food truck court. Board Member Grundhoefer asked for more information regarding the gray-water system and how the material is picked up and where is it dumped. Staff replied that the service provider would be responsible for disposing of it appropriately and that there are different service providers that provide this service. Board Member Powell stated that the state of Florida has standards for how the gray-water is disposed of based on the Florida health code. Staff stated that the gray-water system is a less expensive option other than a grease trap, both ways handle it in a responsible manner.

**Board Member Larson made a motion to approve. Board Member Villegas proposed an amendment that the allowance of "food truck courts, subject to regulations in Sec. 12-3-95" be added to zoning district WRD-1 (Sec. 12-3-12(4) b.) and it was accepted. Chairperson Ritz proposed the amendment that the two mentioned typos be corrected ("on" to "one" in proposed Sec. 12-3-95(c)(4) and "form" to "from" in proposed Sec. 12-3-95(c)(9) and it was accepted. Board Member Grundhoefer proposed the amendment to change proposed Sec. 12-3-95(c)(7) to *"Seating.* At least one table, with a minimum of four seats per table, shall be required for every mobile food truck pad*."*, and it was accepted. Board Member Powell seconded the motion and it carried 6-0.**

**Open Forum – None.**

**Discussion –** Chairperson Ritz announced that he will be absent for the July meeting. Board Member Larson (Vice Chair) will fill in as Chairperson. Assistant Planning and Zoning Division Manager Harding advised the board that City Administration has asked Development Services staff to research off-street parking and building height requirements as they relate to the city's Land Development Code and comparable ordinances from other local governments, and that the board may see agenda discussion items on such topics in the future.

**Adjournment** – With no further business, the Board adjourned at 3:07 p.m.

Respectfully Submitted,

Gregg Harding, RPA
Assistant Planning & Zoning Manager
Secretary of the Board

Memorandum

**File #:** 15-23 City Council 8/17/2023

**LEGISLATIVE ACTION ITEM**

**SPONSOR:** Mayor D.C. Reeves

**SUBJECT:**

PROPOSED ORDINANCE NO. 15-23 AMENDING SECTION 9-6-2 ALLOWING CITY COUNCIL MEMBERS THE ABILITY TO PARTICIPATE IN THE CITY SPONSORED INSURANCE PROGRAMS

**RECOMMENDATION:**

That City Council adopt Proposed Ordinance No. 15-23 on second reading:

AN ORDINANCE AMENDING SECTION 9-6-2 OF THE CODE OF THE CITY OF PENSACOLA, FLORIDA; ADDING CITY COUNCIL MEMBERS AS OPTIONAL PARTICIPANTS INSURED IN ANY PLAN OF GROUP HEALTH, DENTAL, LIFE OR OTHER INSURANCE; REMOVING CLAUSE REQUIRING CITY COUNCIL MEMBERS TO PAY 100 PERCENT OF THE HEALTH AND DENTAL INSURANCE PREMIUMS AND EXCLUDING MEMBERS FROM ANY OTHER CITY GROUP BENEFITS; PROVIDING FOR SEVERABILITY; REPEALING CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

**HEARING REQUIRED:** No Hearing Required

**SUMMARY:**

City Council Members will be able to participate in the purchase of health, life, dental and vision insurances in the same manner and at the same cost as all other active City employees and Mayor.

**PRIOR ACTION:**

July 20, 2023 - City Council voted to approve Proposed Ordinance No.15-23 on first reading.

September 27, 2001 - City Council adopted Ordinance No. 18-01 adjusting City Council compensation and providing City Council the opportunity to participate in the City's group insurance plan providing they pay 100% of the premiums.

**FUNDING:**

Minimum = $50,602
Maximum = $142,872

**FINANCIAL IMPACT:**

City Council Members will choose their insurances during open enrollment beginning in October. They will contribute biweekly the employee's portion in their regular paycheck. The City will contribute the employer's portion at the same rate as any city employee and the Mayor. The employer's portion will be built in the FY 24 Budget.

**PRESENTATION:** No

PROPOSED
ORDINANCE NO. 15-23

ORDINANCE NO. _____

AN ORDINANCE
TO BE ENTITLED:

AN ORDINANCE AMENDING SECTION 9-6-2 OF THE CODE OF THE CITY OF PENSACOLA, FLORIDA; ADDING CITY COUNCIL MEMBERS AS OPTIONAL PARTICIPANTS INSURED IN ANY PLAN OF GROUP HEALTH, DENTAL, LIFE OR OTHER INSURANCE; REMOVING CLAUSE REQUIRING CITY COUNCIL MEMBERS TO PAY 100 PERCENT OF THE HEALTH AND DENTAL INSURANCE PREMIUMS AND EXCLUDING MEMBERS FROM ANY OTHER CITY GROUP BENEFITS; PROVIDING FOR SEVERABILITY; REPEALING CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

BE IT ORDAINED BY THE CITY OF PENSACOLA, FLORIDA:

SECTION 1. Section 9-6-2 of the Code of the City of Pensacola, Florida, is hereby amended to read as follows:

Sec. 9-6-2. – Participants; persons insured.

The following persons may be participants or persons insured in any plan of group health, dental, life or other insurance, unless by action of the city council plan participation is otherwise limited:

(1) The mayor, city council members and any active, permanent, full-time city employee who is regularly scheduled to work 40 hours or more per week on a full-time basis and part-time employees as required under the Affordable Care Act.

(2) Any other active city employee whose written employment contract with the mayor provides for participation in such insurance plan.

(3) Any former employee, as described in subsection (1) or (2) of this section and city council member ~~as described in subsection (6) of this section,~~ who while an active employee was a member of the city general pension and retirement plan, firemen's relief and pension plan, police officers' retirement plan or Florida Retirement System and who was actively employed by the city for a continuous period of six years, or whose written employment contract provided for participation in such insurance plan following termination of active employment.

(4) Any former employee, as described in subsection (1) or (2) of this section, employed by the city as of October 1, 2016, who while an employee was a

member of one of the city's defined contribution pension or deferred compensation plans, and who was actively employed by the city for a continuous period of six years, or whose written employment contract provided for participation in such insurance plan following termination of active employment.

(5) Any former employee, as described in subsection (1) or (2) of this section, whose employment has been terminated due to a total disability due to an accident, injury or occupational disease arising out of and in the course of city employment which is compensable under the workers' compensation laws of the state in effect at the time that such accident, injury or occupational disease occurs, for so long as such employee remains totally disabled.

~~(6) City council members and their eligible dependents are eligible to participate in the group health and dental plans only provided that the council members pay 100 percent of the health and dental insurance premiums. City council members and their eligible dependents will not be eligible to participate in any other city group benefit plans. The mayor, city council members and any eligible dependents will continue to be eligible to participate in the group health plan in the manner as specified in subsection (3) of this section.~~

~~(7)~~ (6) Insurance coverage shall be extended to the eligible dependents of any of the above-described employees, former employees, or mayor or city council members provided that the employee, or city council member, while in the active service of the city or while holding office, enrolls such eligible dependents for coverage during an authorized enrollment period or special enrollment period.

~~(8)~~(7) Any surviving spouse and/or eligible dependent children of an employee or former employee eligible to receive retirement benefits under one of the retirement plans described in subsection (3) of this section, provided that such surviving spouse and/or eligible dependent children were enrolled for coverage prior to the deceased employee's last day of active service with the city.

SECTION 2. If any word, phrase, clause, paragraph, section or provision of this ordinance or the application thereof to any person or circumstance is held invalid or unconstitutional, such finding shall not affect the other provision or applications of the ordinance which can be given effect without the invalid or unconstitutional provisions or application, and to this end the provisions of this ordinance are declared severable.

SECTION 3. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION 4. This ordinance shall take effect on the fifth business day after adoption, unless otherwise provided, pursuant to Section 4.03(d) of the City Charter of the City of Pensacola.

## Memorandum

**File #:** 16-23 City Council 8/17/2023

**LEGISLATIVE ACTION ITEM**

**SPONSOR:** D.C. Reeves, Mayor

**SUBJECT:**

PROPOSED ORDINANCE NO. 16-23 - REQUEST FOR ZONING MAP AMENDMENT - 3805 AND 3807 NORTH 10TH AVENUE

**RECOMMENDATION:**

That City Council adopt Proposed Ordinance No. 16-23 on second reading.

AN ORDINANCE AMENDING THE ZONING CLASSIFICATION FOR CERTAIN PROPERTY PURSUANT TO AND CONSISTENT WITH THE COMPREHENSIVE PLAN OF THE CITY OF PENSACOLA, FLORIDA; AMENDING THE ZONING MAP OF THE CITY OF PENSACOLA; REPEALING CLAUSE AND EFFECTIVE DATE.

**HEARING REQUIRED:** Public

**SUMMARY:**

Bear Endeavors, LLC, is requesting a Zoning Map Amendment for 3805 and 3807 N. 10th Avenue. The two parcels are currently zoned R-1AA, Medium Density Residential Zoning District, and the existing Future Land Use (FLU) designation is Medium Density Residential. The applicant is proposing to amend the zoning district to R-1A, Medium Density Zoning District, and the existing FLUM will not change.

| Existing Zoning | Proposed Zoning | Approx. Lot Size (2 lots) |
|---|---|---|
| R-1AA | R-1A | 1.8 Acres |

- R-1AA (*existing* zoning) The medium-density residential land use district is established for the purpose of providing a mixture of one- and two-family dwellings with a maximum density of 17.4 dwelling units per acre. Recognizing that, for the most part, these zoning districts are located in older areas of the city, the zoning regulations are intended to promote infill development, which is in character with the density, intensity and scale of the existing neighborhoods.

- R-1A (proposed zoning) The medium-density residential land use district is established for the purpose of providing a mixture of one- and two-family dwellings with a maximum density of 17.4 dwelling units per acre. Recognizing that, for the most part, these zoning districts are located in older areas of the city, the zoning regulations are intended to promote infill development, which is in character with the density, intensity and scale of the existing neighborhoods.

Since both R-1AA and R-1A are medium-density residential land use districts, the primary change will be to maximum residential gross density, minimum lot area, lot width at the minimum building setback line, minimum lot width at the street right-of-way line, and minimum yard setback requirements. Table 12-3.2, *Regulations for the medium-density residential zoning districts*, comparing the two zoning districts is provided as part of the application.

Since the applicant's desire is primarily to adopt the setbacks of zoning district R-1A, they initially sought a variance with the Zoning Board of Adjustments in March 2023. The proposed variance would have reduced the front, side, and rear building setbacks of a future 12-lot residential subdivision. The request was denied since a hardship required to grant such a variance could not be found and the Zoning Board of Adjustments felt the request should more appropriately be reviewed by Planning Board as a zoning amendment.

On June 13, the Planning Board recommended approval of the request with a 6:0 vote.

**PRIOR ACTION:**

July 20, 2023 - City Council voted to approve Proposed Ordinance No. 16-23 on first reading.

PROPOSED
ORDINANCE NO. 16-23

ORDINANCE NO. _____

AN ORDINANCE
TO BE ENTITLED:

AN ORDINANCE AMENDING THE ZONING CLASSIFICATION OF CERTAIN PROPERTY PURSUANT TO AND CONSISTENT WITH THE COMPREHENSIVE PLAN OF THE CITY OF PENSACOLA; AMENDING THE ZONING MAP OF THE CITY OF PENSACOLA; PROVIDING FOR SEVERABILITY; REPEALING CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the city adopted a comprehensive plan on October 4, 1990, pursuant to applicable law; and

WHEREAS, a proposed amended zoning classification has been referred to the local planning agency pursuant to F.S. §163.3174, and a proper public hearing was held on July 20, 2023, concerning the following proposed zoning classification affecting the property described therein; and

WHEREAS, after due deliberation, the city council has determined that the amended zoning classification set forth herein will affirmatively contribute to the health, safety, and general welfare of the citizens of the city; and

WHEREAS, said amended zoning classification is consistent with all applicable elements of the Comprehensive Plan as amended;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF PENSACOLA, FLORIDA:

SECTION 1. That the Zoning Map of the City of Pensacola and all notations, references and information shown thereon is hereby amended so that the following described real property located in the City of Pensacola, Florida, to-wit:

Lot 57, Maura Place, according to the map or plat thereof, as recorded in Plat Book 1, Page 32, of the Public Records of Escambia County, Florida.

Lot 58, Maura Place, a subdivision of a portion of Joseph Maura Grant, Section 4, Township 2 South, Range 30 West, Escambia County, Florida, according to the Plat recorded in Plat Book 1 at Page 32 of the Public Records of said county.

is hereby changed from R-1AA, Medium-Density Residential Land Use District to R-1A,

Medium-Density Residential Land Use District.

SECTION 2. If any word, phrase, clause, paragraph, section, or provision of this ordinance or the application thereof to any person or circumstance is held invalid or unconstitutional, such finding shall not affect the other provisions or applications of the ordinance which can be given effect without the invalid or unconstitutional provision or application, and to this end the provisions of this ordinance are declared severable.

SECTION 3. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION 4. This ordinance shall become effective on the fifth business day after adoption, unless otherwise provided pursuant to Section 4.03(d) of the City Charter of the City of Pensacola.

LOT 58, MAURA PLACE, A SUBDIVISION OF A PORTION OF JOSEPH MAURA GRANT, SECTION 4, TOWNSHIP 2 SOUTH, RANGE 30 WEST, ESCAMBIA COUNTY, FLORIDA, ACCORDING TO THE PLAT RECORDED IN PLAT BOOK 1 AT PAGE 32 OF THE PUBLIC RECORDS OF SAID COUNTY.

**SURVEYORS NOTES:**

- THE MAP OF SURVEY AS SHOWN HEREON IS A BOUNDARY AND TOPOGRAPHIC SURVEY WITH IMPROVEMENTS FOR WHICH PURPOSE IS TO DEFINE THE RECORD BOUNDARY ON THE GROUND BY RETRACEMENT OF THE RECORD PLATTED LOTS AND BLOCK OF THE ABOVE REFERENCED SUBDIVISION, AND/OR RECOVERY, AND/OR PLACEMENT OF MONUMENTATION FOR SAID BOUNDARY, AND ALSO; VERTICALLY DEPICT GROUND SURFACE ELEVATIONS BY SPOT ELEVATIONS AND/OR 1.0 FOOT CONTOUR INTERVALS RELATIVE TO MEAN SEA LEVEL AND ALSO; LOCATE HORIZONTALLY AND VERTICALLY; DIMENSIONALLY MEASURED FIXED PERTINENT SURFACE AND SUB-SURFACE FEATURE IMPROVEMENTS AND GRAPHICALLY DEPICT FIXED NON-PERTINENT SURFACE AND SUB-SURFACE FEATURE IMPROVEMENTS TO SCALE AND THEIR RELATIONSHIP TO THE BOUNDARY, PREPARED FOR THE CLIENT AS SHOWN AND IS NOT TO BE USED FOR ANY OTHER PURPOSES WITHOUT PRIOR CONSENT FROM THIS SURVEYOR.
- VERTICAL DATA IS BASED ON RTN GPS/GNSS OBSERVATIONS THROUGH THE FPRN, CORS REFERENCE STATION NETWORKS. ELEVATIONS ARE DETERMINED USING THE GEOID 18 MODEL AND ARE RELATIVE TO NAVD '88 WITH ACCURACIES TO 2-3 CM. ELEVATIONS DEPICTED WITHIN THIS SURVEY ARE SUB-CM INFORMATIONAL PURPOSES ONLY AND MAY NOT MEET THE ACCURACY REQUIREMENTS TO SURVEY STANDARDS.
- BASIS OF STATE PLANE FIELD BEARINGS: GRID NORTH AND THE BEARINGS AS SHOWN HEREON ARE REFERENCED TO THE STATE PLANE GRID BEARING OF N09°17'44"W ALONG THE WEST R/W LINE OF 10th AVENUE AS MONUMENTED. THE SURVEY DATA AS SHOWN HEREON IS BASED ON THE FLORIDA STATE PLANE COORDINATE SYSTEM (FLORIDA NORTH ZONE)- (NAD83) - (2011) - (EPOCH 2010.0000).
- PLAT REFERENCES NO BEARINGS FOR COMPARISON.
- REFERENCE SOURCE: IN FIELD DATA GATHERING OF EXISTING PROJECT SITE FIELD MONUMENTATION; COPY OF MAP OF MAURA PLACE, PLAT BOOK 1 PAGE 32.
- ALL MEASUREMENTS WERE MADE IN ACCORDANCE WITH THE UNITED STATES STANDARD SURVEY FOOT.
- NO TITLE SEARCH WAS PERFORMED BY THIS SURVEYOR, NOR WAS KJM LAND SURVEYING, LLC PROVIDED WITH SAME.
- NO INSTRUMENTS OF RECORD REFLECTING EASEMENTS, RIGHTS-OF-WAYS, AND/OR OWNERSHIPS WERE PROVIDED TO THIS SURVEYOR; EXCEPT AS SHOWN.
- NO UNDERGROUND INSTALLATIONS OR IMPROVEMENTS HAVE BEEN LOCATED; EXCEPT AS SHOWN.
- UNLESS OTHERWISE NOTED RECORD AND MEASURED CALLS AGREE.
- THE SURVEY ERROR OF CLOSURE MEETS THE SURVEY STANDARDS OF PRACTICE.
- THERE MAY BE ADDITIONAL RESTRICTIONS AFFECTING THE SUBJECT PROPERTY THAT MAY BE FOUND RECORDED IN THE PUBLIC RECORDS OF ESCAMBIA COUNTY, FLORIDA THAT DO NOT APPEAR ON THE FACE OF THIS MAP.
- ENCROACHMENTS ARE AS SHOWN.
- FENCES MAY BE EXAGGERATED FOR CLARITY PURPOSES.
- THIS SURVEY DOES NOT REFLECT OR DETERMINE OWNERSHIP NOR AN ENCROACHMENT OF FENCES, WALLS, ETC.
- THE CERTIFICATE OF AUTHORIZATION NUMBER FOR KJM LAND SURVEYING, LLC., IS L.B. 8298.
- THIS SURVEY MEETS THE STANDARDS OF PRACTICE AS SET FORTH BY THE FLORIDA BOARD OF PROFESSIONAL LAND SURVEYORS & MAPPERS IN CHAPTER 5J-17.050, 5J-17.051 AND 5J-17.052, PURSUANT TO SECTION 472.027, FLORIDA STATUTES.
- THE SURVEY AS SHOWN HEREON IS CERTIFIED TO THE CLIENT AS PREPARED FOR, AND ANY ENTITIES AS DECLARED TO HEREON ONLY, AND IN NO WAY TRANSFERS CERTIFICATION TO THEIR SUCCESSORS OR ANY OTHER ENTITIES NOT REFERRED TO HEREIN.
- IT IS OF THE OPINION OF THE UNDERSIGNED SURVEYOR THAT THE PARCEL OF LAND SHOWN HEREON AS PER THE FLOOD INSURANCE RATE MAP INFORMATION IS AS FOLLOWS:

NFIP COMMUNITY NAME:
CITY OF PENSACOLA
ZONE: "X"

**Various properties adjacent to and nearby the 3805 and 3807 N 10th Avenue properties currently have various different types of zoning. All instances of different zoning allow for smaller lot setbacks than currently allowable within the R-1AA zoning.**

**Ability to reduce the overall setbacks of R-1AA zoning will allow for slightly larger buildable lot area without majorly disrupting the existing feel of the surrounding area.**

**It is the intention of the developer to use the decreased setbacks to create single-story housing that matches the size and context of the surrounding residences while maintaining an attainable price point of construction for buyers.**

**MINUTES OF THE PLANNING BOARD**
**June 13, 2023**

**MEMBERS PRESENT:** Vice Chairperson Larson, Board Member Grundhoefer, Board Member Villegas, Board Member Van Hoose, Board Member Powell, Board Member Sampson

**MEMBERS ABSENT:** Chairperson Ritz

**STAFF PRESENT:** Planning & Zoning Manager Cannon, Assistant Planning & Zoning Manager Harding, Help Desk Technician Russo, Development Services Director Morris, Development Services Coordinator Statler, Assistant City Attorney Lindsay, Executive Assistant Chwastyk

**STAFF VIRTUAL:** None

**OTHERS PRESENT:** Lorie Moreland, Curtis Reed, David Alsop, Scott Sallis, Jordan Yee, Joe Jacobs, Roman Spear

**AGENDA:**

- Quorum/Call to Order
- Approval of Meeting Minutes from May 9, 2023

**New Business:**

- 22 S. Florida Blanca Street - Gateway Redevelopment District - Aesthetic Review Application – Zone GRD-1
- 8 N. 9th Avenue - Gateway Redevelopment District - Request for Variance to Sec. 12-3-12(1) - Hilton Garden Inn Signage – Zone GRD
- 23 W. Cervantes Street - Conditional Use Application - Zone PC-1
- 3805 & 3807 N. 10th Avenue - Request for Zoning Map Amendment - Zone R-1AA
- Open Forum
- Discussion
- Adjournment

**Call to Order / Quorum Present**

Vice Chairperson Larson called the meeting to order at 2:00 pm with a quorum present and explained the procedures of the meeting including requirements for audience participation.

**Approval of Meeting Minutes** – **Board Member Villegas made a motion to approve**

**the May 9, 2023, minutes, seconded by Board Member Powell, and it carried 6-0.**

**New Business** –

**22 S. Florida Blanca street - Gateway Redevelopment District - Aesthetic Review Application – Zone GRD-1**

Assistant Planning & Zoning Manager Harding introduced the agenda item. Sam Marshall Architects is requesting approval for the demolition and reconstruction of a residential detached garage. The proposed new garage will include an accessory dwelling unit on the second floor and a playroom as a half-story turret. The ground floor will be connected to the primary building with an open breezeway and the architecture has been designed to match the existing, consistent with the Type II - Cottage style. The proposed design has incorporated major elements from the original single-story garage with horizontal and fish-scale siding, painted paneling underneath 2-over2 windows, and a 5v-crimp matching roof. The existing roof-mounted solar panels will be reinstalled. Additionally, a portion of the existing screened-in side porch along the central alleyway will be enclosed with matching exterior materials. This application has been routed through the various City departments and utility providers and all comments have been provided. Additionally, the applicable City Council Member has been notified and this item has been property noticed. The Planning Department reviewed this based on the Aragon design code and the Aragon HOA made comments and approved it. David Alsop of Sam Marshall Architects stated that this is for a young growing family and will be used by their family. It is in line with the character of Aragon court and will expand their space. They did adjust some required fenestrations to get the 5.7 square feet required as an escape window from a sleeping room. They have gone through Aragon and the Architectural Review board and received approval and they are now asking for the approval of the Planning Board. Board Member Grundhoefer stated that it has good character, matches the house there, it has good proportions, and it is very attractive.

**Board Member Powell made a motion to approve, seconded by Board Member Sampson and it carried 6-0.**

**8 N. 9th Avenue - Gateway Redevelopment District - Request for Variance to Sec. 12-3-12(1) - Hilton Garden Inn Signage Zone GRD**

Assistant Planning & Zoning Manager Harding introduced the agenda item. PHOTA Pensacola, LLC, is seeking a variance to the requirements of Sec. 12-3-12(1)d.1.iii.(c)(1)b. of the Land Development Code. The variance request is to increase the maximum allowable size of attached wall signage from 25 square feet to 127.62 square feet on the north and south sides of a new hotel (an increase of 102.62 square feet). Within GRD, each parcel under single ownership shall be limited to one sign per street adjacent to the parcel. The north elevation fronts onto a private roadway, and the south elevation fronts onto Colfax Street. Both are considered “other streets and areas within the gateway redevelopment district” and all attached wall signs have the following regulations: a. Height. No sign shall extend above the main roof line of a building to which it is attached. b. Size. Ten percent of the building elevation square footage (wall area) which fronts on a public street, not to exceed 25 square feet. Per GRD regulations, Planning Board may grant a variance due to unique and peculiar circumstances or needs resulting from the use, size, configuration, or location of a site. In addition to special conditions, the board

must also find that the variance granted will not detract from the architectural integrity of the development and its surroundings, and that the variance will be in harmony with the general intent and purpose of the district. Since variance hearings are quasi-judicial in nature, the decision of the Planning Board is final subject to judicial review. This variance application pertains only to the size of the proposed wall signs. It does not pertain to the proposed placement, type, design, or lighting although indirect and internal lighting is encouraged in GRD. There are seven criteria that this applicant must meet and two additional criteria that must be met since it's in a Planning Board district. Assistant City Attorney Lindsay reminded the members that all criteria must be met. The applicant can provide evidence showing that they are due the variance, essentially the chairperson is like a judge. After hearing alternative views, he would give them a chance to rebut. They need to have an open mind and not already have mind made up; their decision should be based on evidence they hear today.

Public opinion is not a proper basis for a quasi-judicial decision. If the board finds that even one of the criteria has not been met they do not have to consider to proceed with the discussion but they must allow the applicant to prove their case and offer a rebuttal. Lorie Moreland of Florida Certified Sign Erectors spoke on behalf of the Hilton Garden Inn. The Hilton is required to maintain the brand ID for the hotel. They feel that due to the overall height, 65 square feet and length, 236 square feet that the 25 square feet allowed per the code would make visibility difficult. Ms. Moreland stated that the sign would be placed on the north side of the building which is the commercial side and would not be facing the residential side to the west, there would be no illumination issues. Board Member Van Hoose wanted to clarify that the reason for the request is the branding requirements in keeping with the Hilton brand for larger signs, Ms. Moreland replied yes it would make it more balanced. Board Member Grundhoefer confirmed this request is for the wall sign only. Board Member Powell wanted to know the definition of peculiar based on criteria one, "That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same zoning district;". Assistant City Attorney Lindsay stated it's particular to the development itself, because of branding requirements of the Hilton Brand, the obligation of the builder is to meet the criteria for their signage, and they are trying to present it as a special condition or circumstance. Variances are specific to this particular building, and it would not set a president, taken case by case and they are not creating a new rule. Board Member Grundhoefer stated he doesn't feel this is peculiar to this particular site or building. Board Member Villegas questioned if they were aware of the current land development when they purchased the land, Lorie Moreland stated she believed they were aware of the requirements. She also stated they could probably customize the sign but again they feel the sign would not be seen. Board Member Van Hoose asked if the Hilton Garden Inn is dictating the location of the sign, Lorie Moreland replied yes. They bought this land in place where a larger sign is not allowed and are now coming to the Planning Board for this variance. Assistant Planning and Zoning Manager Harding confirmed that if the first criteria is not met, the board is not required to go through the entire list. Board Member Villegas would like to discuss further since she feels this is something the city needs. Vice Chairperson Larson stated he feels the special circumstances have not been met. Lorie Moreland stated again that in order to use the Hilton brand name they have to meet the brand requirements otherwise they won't be in business, yet they bought the land knowing the requirements in the land development code. Scott Sallis lives across the street; he has concerns about this project. He is in favor of the project but feels signage requirements

should've been considered before purchasing the property. He asks the board to maintain the design quality and integrity of our downtown and insist the developer abide by our land development code and design guidelines and deny the request. Roman Spears wanted to point to other hotels such as the Grand Hotel that is a large building with a small sign. The applicant was provided another opportunity to plead her case for the variance for the increase of size of the sign. Board Member Villegas stated she doesn't feel they have met the variance criteria despite her wanting the hotel in our area. Board Member Van Hoose inquired if they could ask about other signage downtown, Assistant City Attorney said if facts are shared and the applicant has a chance to argue her case then they can discuss it.

**Board Member Villegas moved to deny the variance request based off the fact that the application does not meet the necessary variance criteria (specifically regarding criterion 1 based on the board's discussion – that special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same zoning district). Board Member Powell seconded the motion**. Board Member Grundhoefer asked if internal illuminated signage was allowed in GRD, and staff replied that it was, and that 25 sf of internally illuminated wall signage (on the north and south elevation) would be permitted by code. **The motion carried 6-0.**

Board Member Powell excused herself from the meeting and the board maintained a quorum with five members present.

**23 W. Cervantes Street - Conditional Use Application Zone PC-1**

Assistant Planning & Zoning Manager Harding introduced the agenda item. Joseph Jacobs is requesting a Conditional Use Permit at 23 W. Cervantes Street. The purpose of the conditional use is to convert the existing service station into a restaurant. The subject property is in PC-1 which is North Hill's preservation commercial district. Per Sec. 12-3-107. - Conditional Use Permit, any proposed development or redevelopment of property within the PC-1 zoning district may apply for conditional uses listed under the zoning regulations for that district. The following summarizes the allowed conditional uses and the standards for approval: (d) Standards for approval. A conditional use may be approved by the city council only upon determination that the application and evidence presented clearly indicate that all the following standards have been met: (1) The proposed use shall be in harmony with the general purpose, goals, objectives and standards of the city comprehensive plan, the land development regulations, or any other applicable plan, program, map, or regulation adopted by the city council. (2) The proposed use will not adversely affect the public health, safety, or welfare. (3) The proposed use shall be compatible with the surrounding area and not impose an excessive burden or have substantial negative impact on surrounding or adjacent uses. (4) The proposed use shall be provided with adequate public facilities and services, including roads, drainage, water, sewer, and police and fire protection. (5) The proposed use will not create undue traffic congestion. (6) The proposed use shall minimize, to the extent reasonably possible, adverse effects on the natural environment. This application has been routed through the various City departments and utility providers. The comments received to date have been included in the attachments. The applicant was provided with guidance on criteria that the

Florida Department of Transportation would like to see. Engineering asked for a striping plan, though it does not impact the conditional use permit request. However if the project is approved one will be needed during the building and site plan permitting stage. This property is in the CRA Urban Core, and eating and drinking establishments are offered a 100% parking reduction, so they technically do not have to stripe. Joseph Jacobs would like to turn it into a small-scale diner, he mentioned FDOT recommended they close off both Cervantes Street entrances. Jordan Yee confirmed this project went through the city's Architectural Review Board, and the North Hill neighborhood is generally happy that a long vacant building will be used. The exterior of the building will be preserved, there will be new paint, store front to remain unchanged. They will close off all of the Cervantes Street right of way and the applicants will provide a striping plan. The entrance and exit will fall on Baylen Street and the hours of operations may be between 11 a.m. and 8 p.m. with minimal food offered. The furniture will be portable, nothing permanent to alter the building. They will have a hurricane plan in place regarding the furniture. This will go onto City Council at the July meeting.

**Board Member Grundhoefer made a motion to approve and found that the application met all six criteria listed in Sec. 12-3-107(d) which are required for a conditional use permit. The motion was seconded by Board Member Van Hoose and it carried 5:0.**

**3805 & 3807 N. 10th Avenue - Request for Zoning Map Amendment Zone R-1AA**

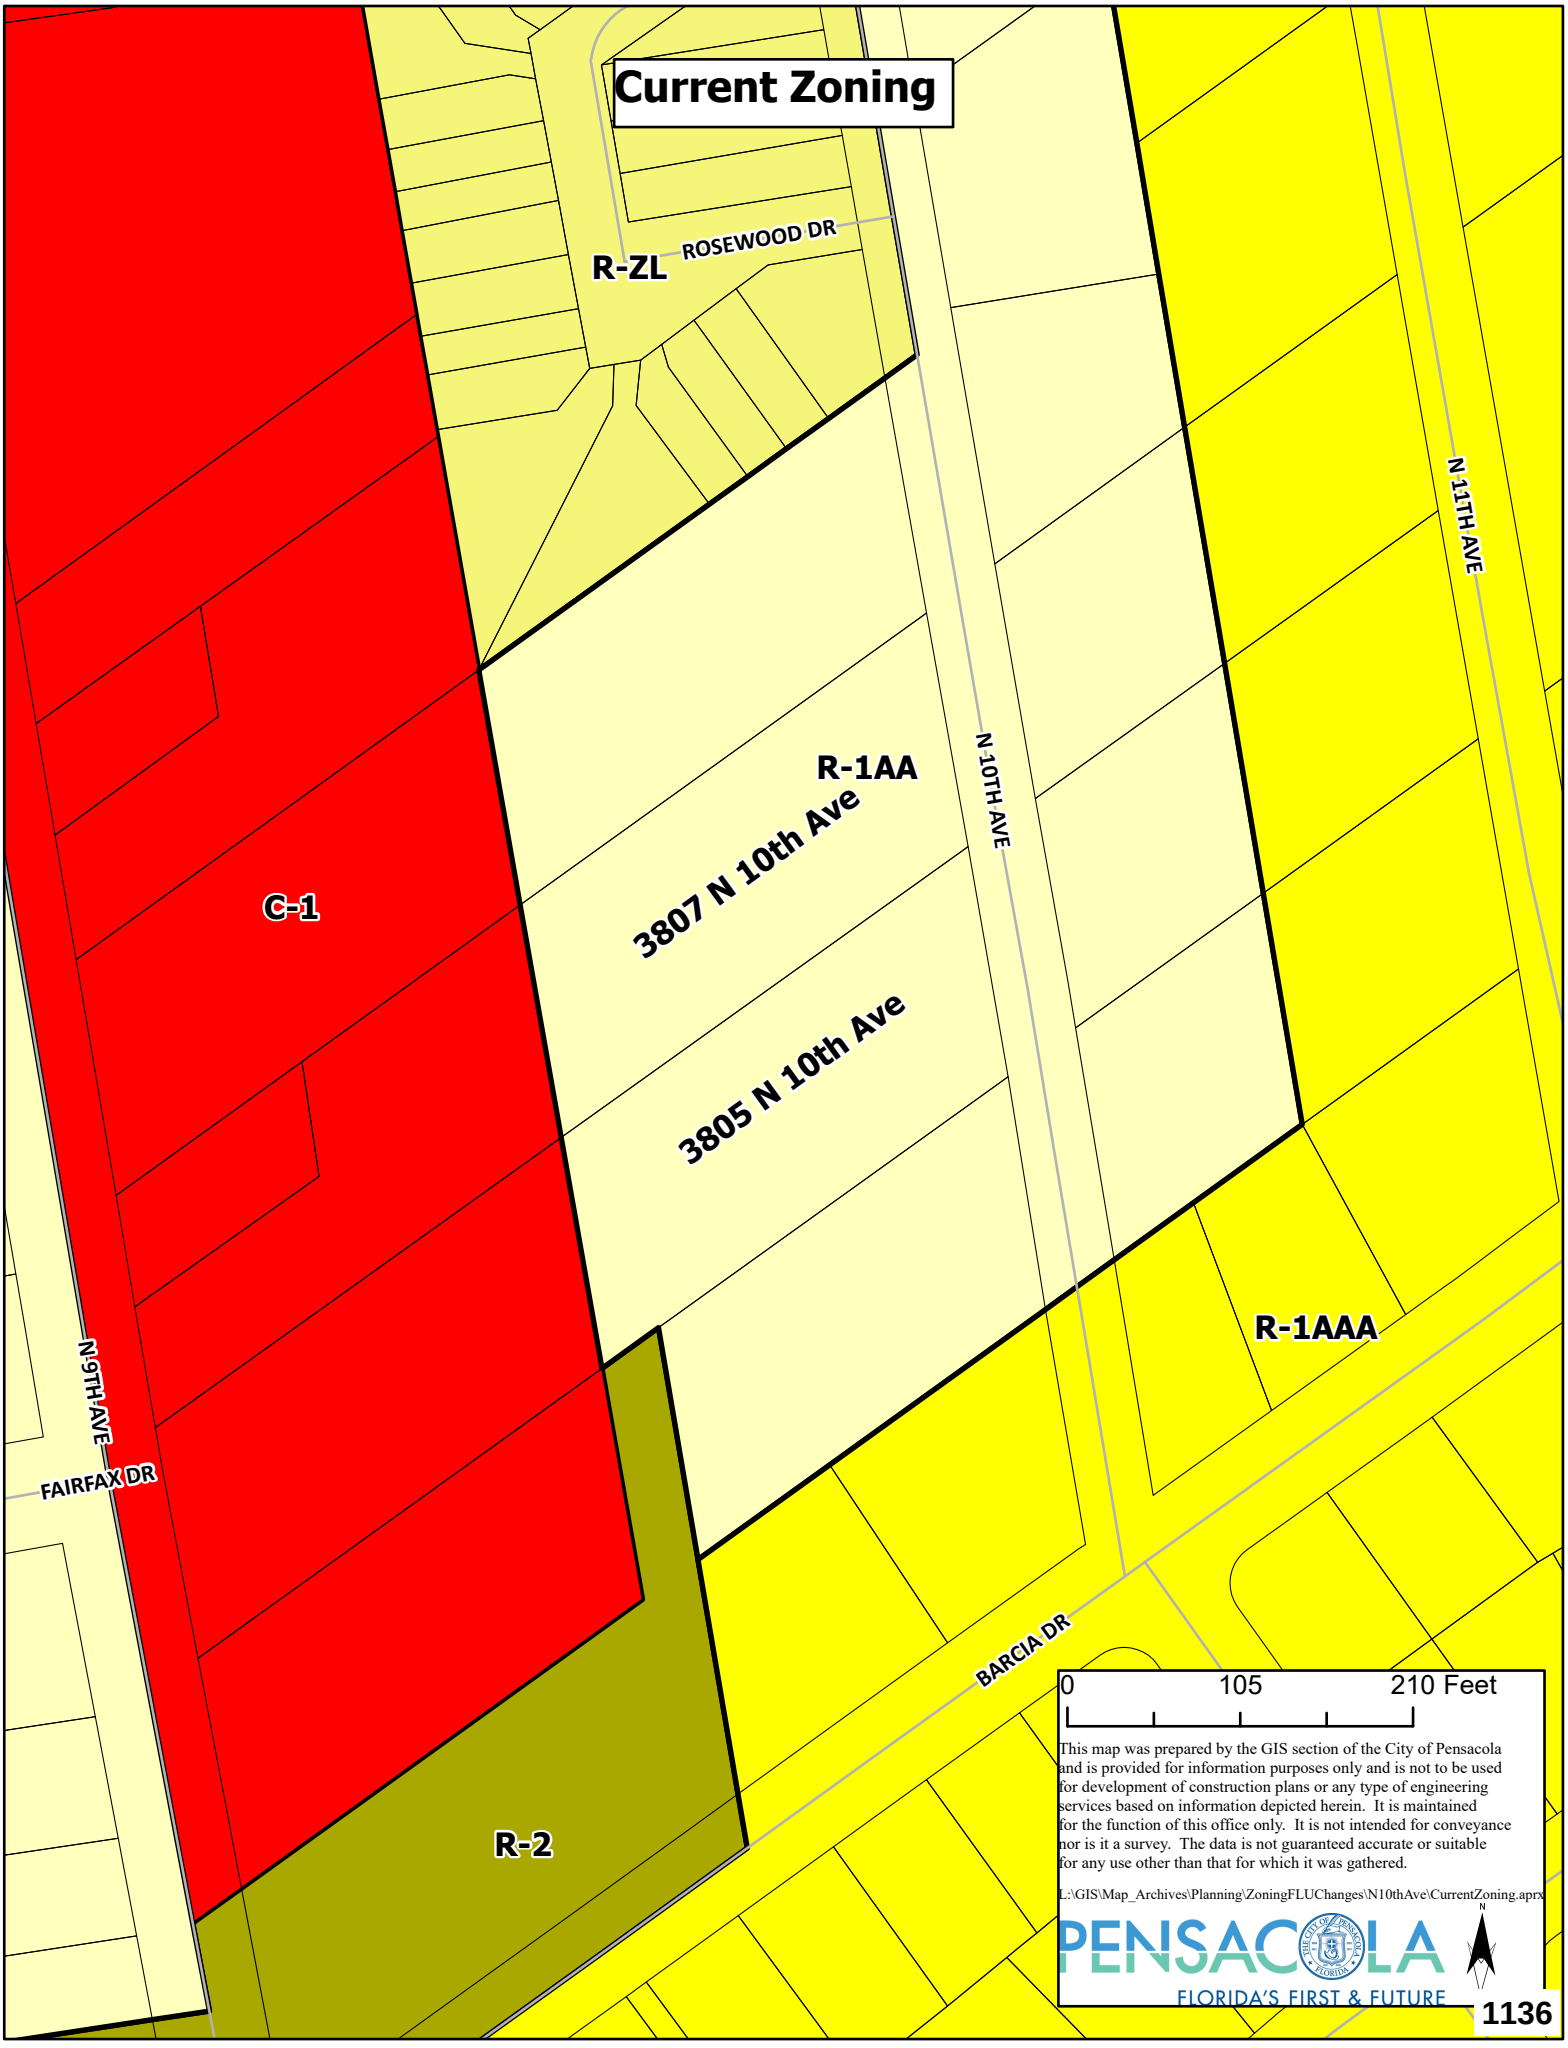
Assistant Planning & Zoning Manager Harding introduced the agenda item. Bear Endeavors, LLC, is requesting a Zoning Map Amendment for 3805 and 3807 N. 10th Avenue. The two parcels are currently zoned R-1AA, Medium Density Zoning District, and the existing Future Land Use (FLU) designation is Medium Density Residential. The applicant is proposing to amend the zoning district to R-1A, Medium Density Zoning District, and the existing FLUM will not change. R-1AA (existing zoning) The medium-density residential land use district is established for the purpose of providing a mixture of one- and two-family dwellings with a maximum density of 17.4 dwelling units per acre. Recognizing that, for the most part, these zoning districts are in older areas of the city, the zoning regulations are intended to promote infill development, which is in character with the density, intensity, and scale of the existing neighborhoods. R-1A (proposed zoning) The medium-density residential land use district is established for the purpose of providing a mixture of one- and two-family dwellings with a maximum density of 17.4 dwelling units per acre. Recognizing that, for the most part, these zoning districts are in older areas of the city, the zoning regulations are intended to promote infill development, which is in character with the density, intensity, and scale of the existing neighborhoods. MDR (existing with no proposed change FLU) The Residential Land Use Districts are established for the purpose of providing and preserving areas of predominantly low, medium, or high residential development. A variety of residential uses shall be allowed, based on zoning classification, at the following maximum densities: o Medium Density Residential - 18 or fewer residential dwelling units per acre. Since both R-1AA and R-1A are medium-density residential land use districts, the primary change will be to maximum residential gross density, minimum lot area, lot width at the minimum building setback line, minimum lot width at the street right-of-way line, and minimum yard setback requirements. Table 12-3.2, Regulations for the medium-density residential zoning districts, comparing the two zoning districts is provided as part of the application.

Since the applicant's desire is primarily to adopt the setbacks of zoning district R-1A, they initially sought a variance with the Zoning Board of Adjustments in March 2023. The proposed variance would have reduced the front, side, and rear building setbacks of a future 12-lot residential subdivision. The request was denied since a hardship required to grant such a variance could not be found and that the request should more appropriately be reviewed by Planning Board as a zoning amendment. The agenda item and meeting minutes from the March 2023 Zoning Board of Adjustments meeting has been provided for background information. This request has been routed through the various City departments and utility providers. Those comments are attached for review. Assistant Planning and Zoning Manager Harding stated the request would not be considered spot zoning since R-1A would be a transitional zone between the existing R-1AA and C-1. If approved by Council, the request would be a legal rezoning. Board Member Grundhoefer asked what the difference is between an amendment and a zoning change, Assistant Planning and Zoning Manager Harding replied they are one in the same, it's just a change in zoning or a rezoning. Typically, when we see rezoning applications, it's for a change from a residential to commercial, whereas this is from one residential district to a slightly different residential district and in the same underlying future land use map category. Curtis Reed of Bear Endeavors stated they are not trying to increase the density or max it out, they are just trying to maximize what they can do on this parcel. They want to create a price point that is attainable for two-bedroom, two-bathroom duplex units with a total of six structures or twelve units. They are only requesting this change to R-1A in order to get the setbacks they need to build these structures that are allowed in this zoning. The Zoning Board did not find a hardship to grant a variance and they recommended that the applicants go before the Planning Board for the zoning change instead. Board Member Grundhoefer thought R-1A and the intent for the properties were compatible with the neighborhood and it was confirmed that if approved by City Council and if the plan for the property remained consistent, the subdivision plat would return for review. The application was advertised with a sign in the yard, post cards were mailed, and it was advertised in the News Journal. No members of the public were present to object to the application. This is in City Council District 5 and the representative Council Member had also been informed. This will go before the City Council in the July and August meetings.
**Board Member Van Hoose made a motion to approve, seconded by Board Member Grundhoefer and it carried 5-0.**

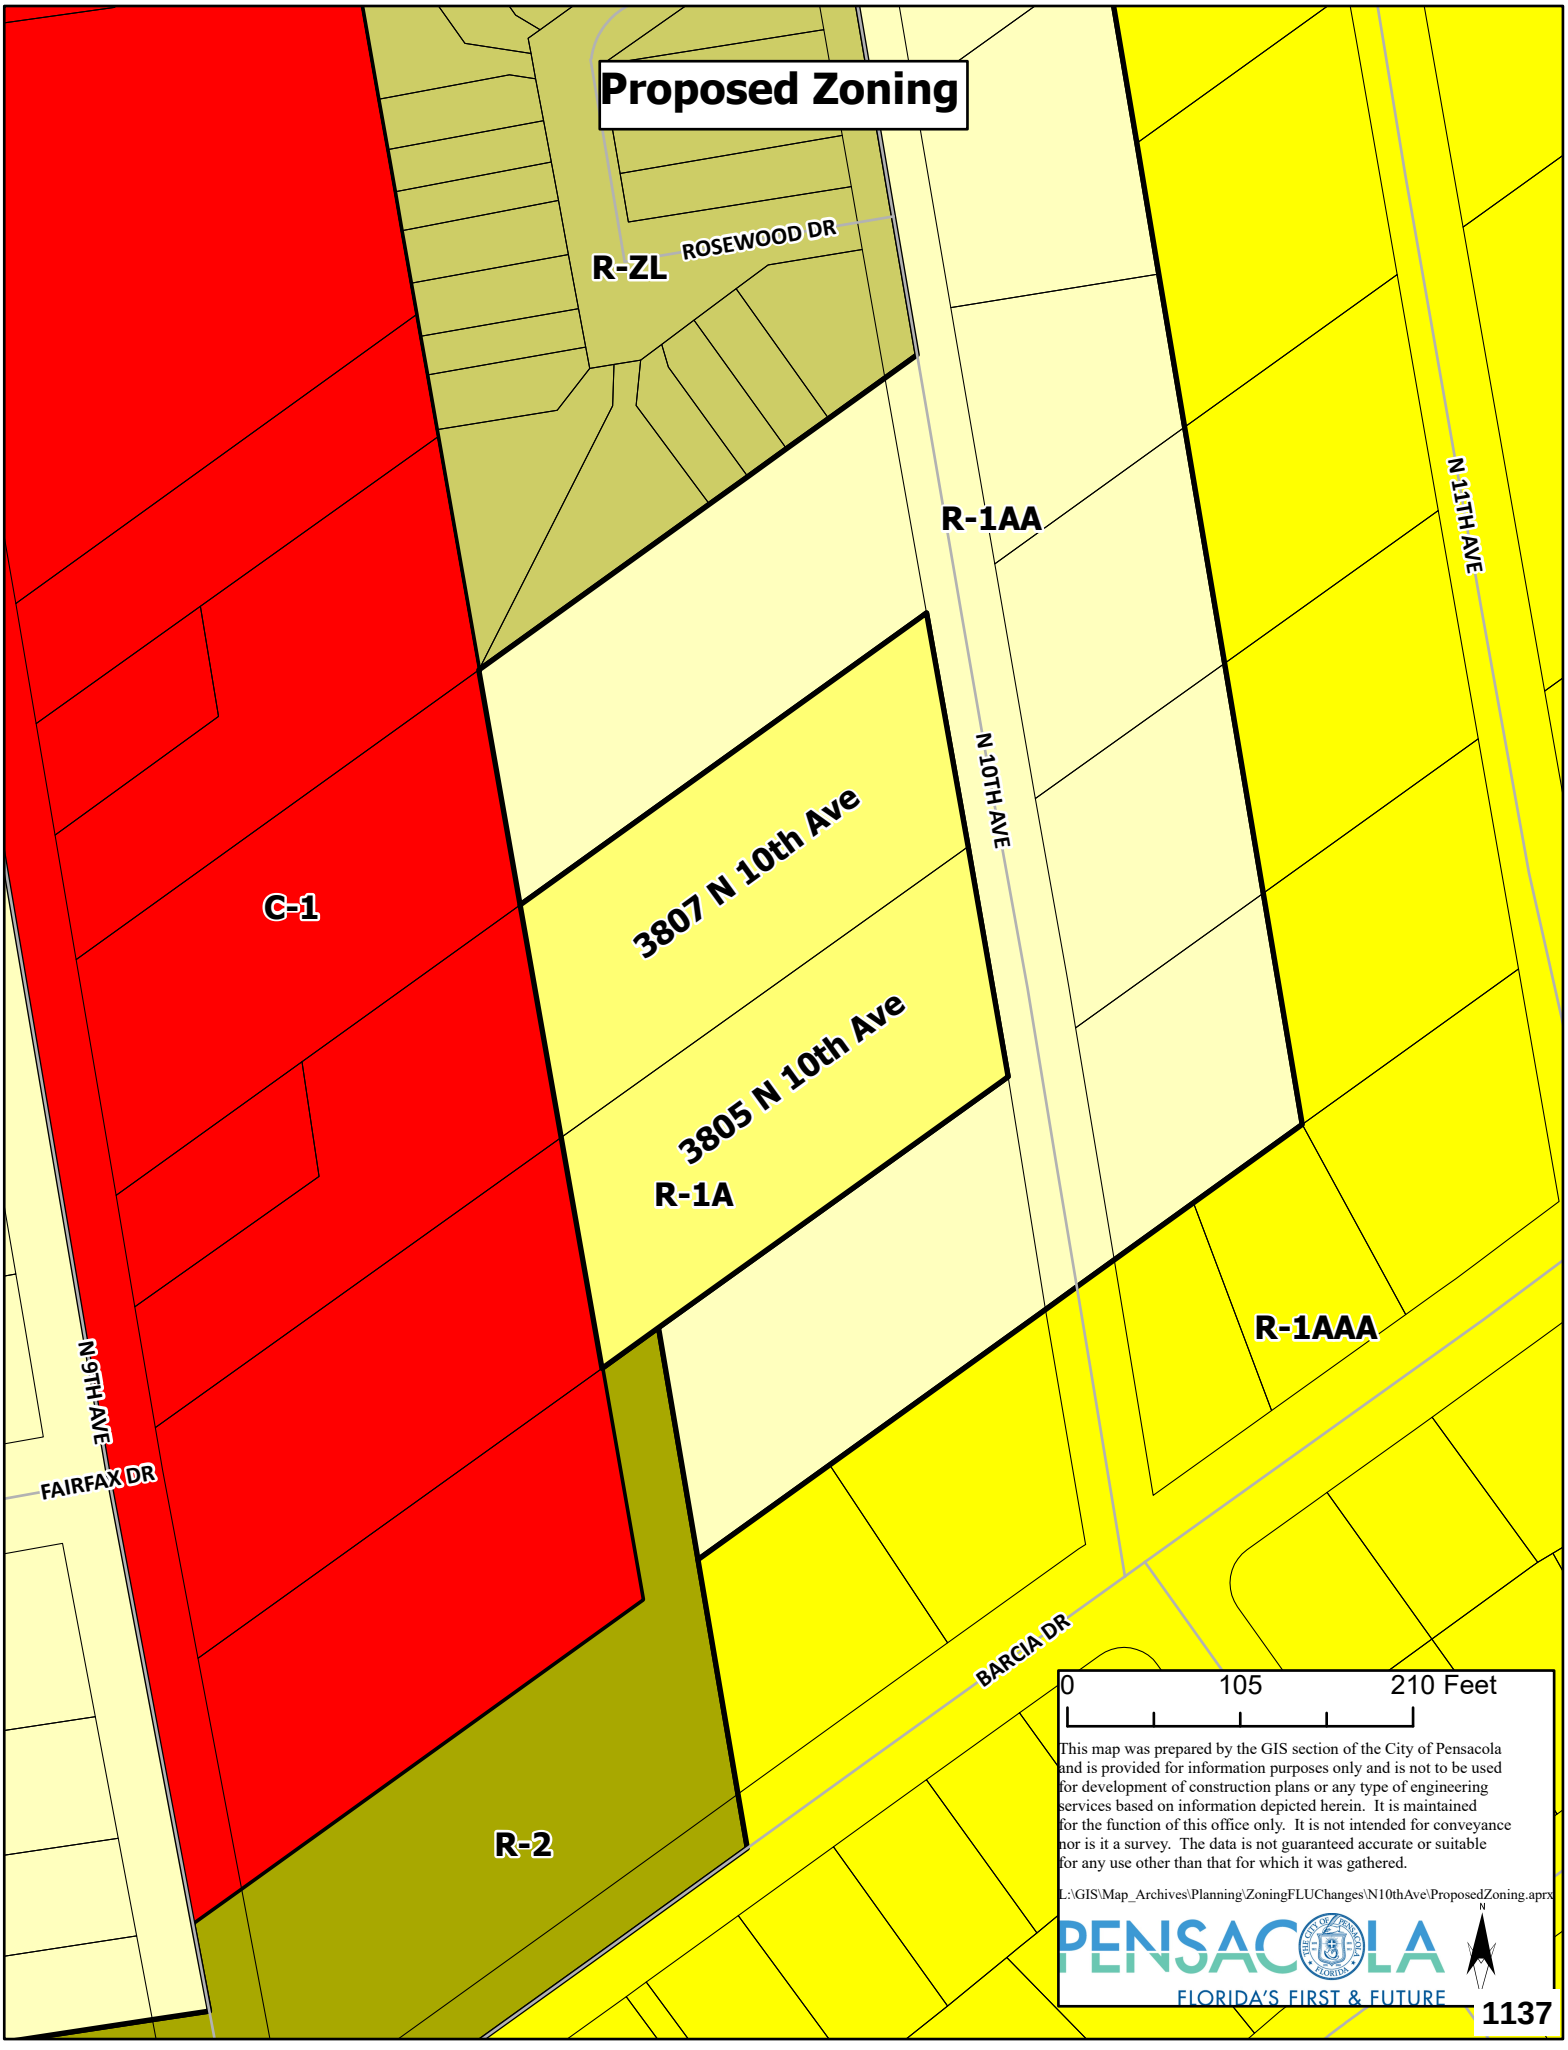
**Open Forum – None.**

**Discussion – None.**

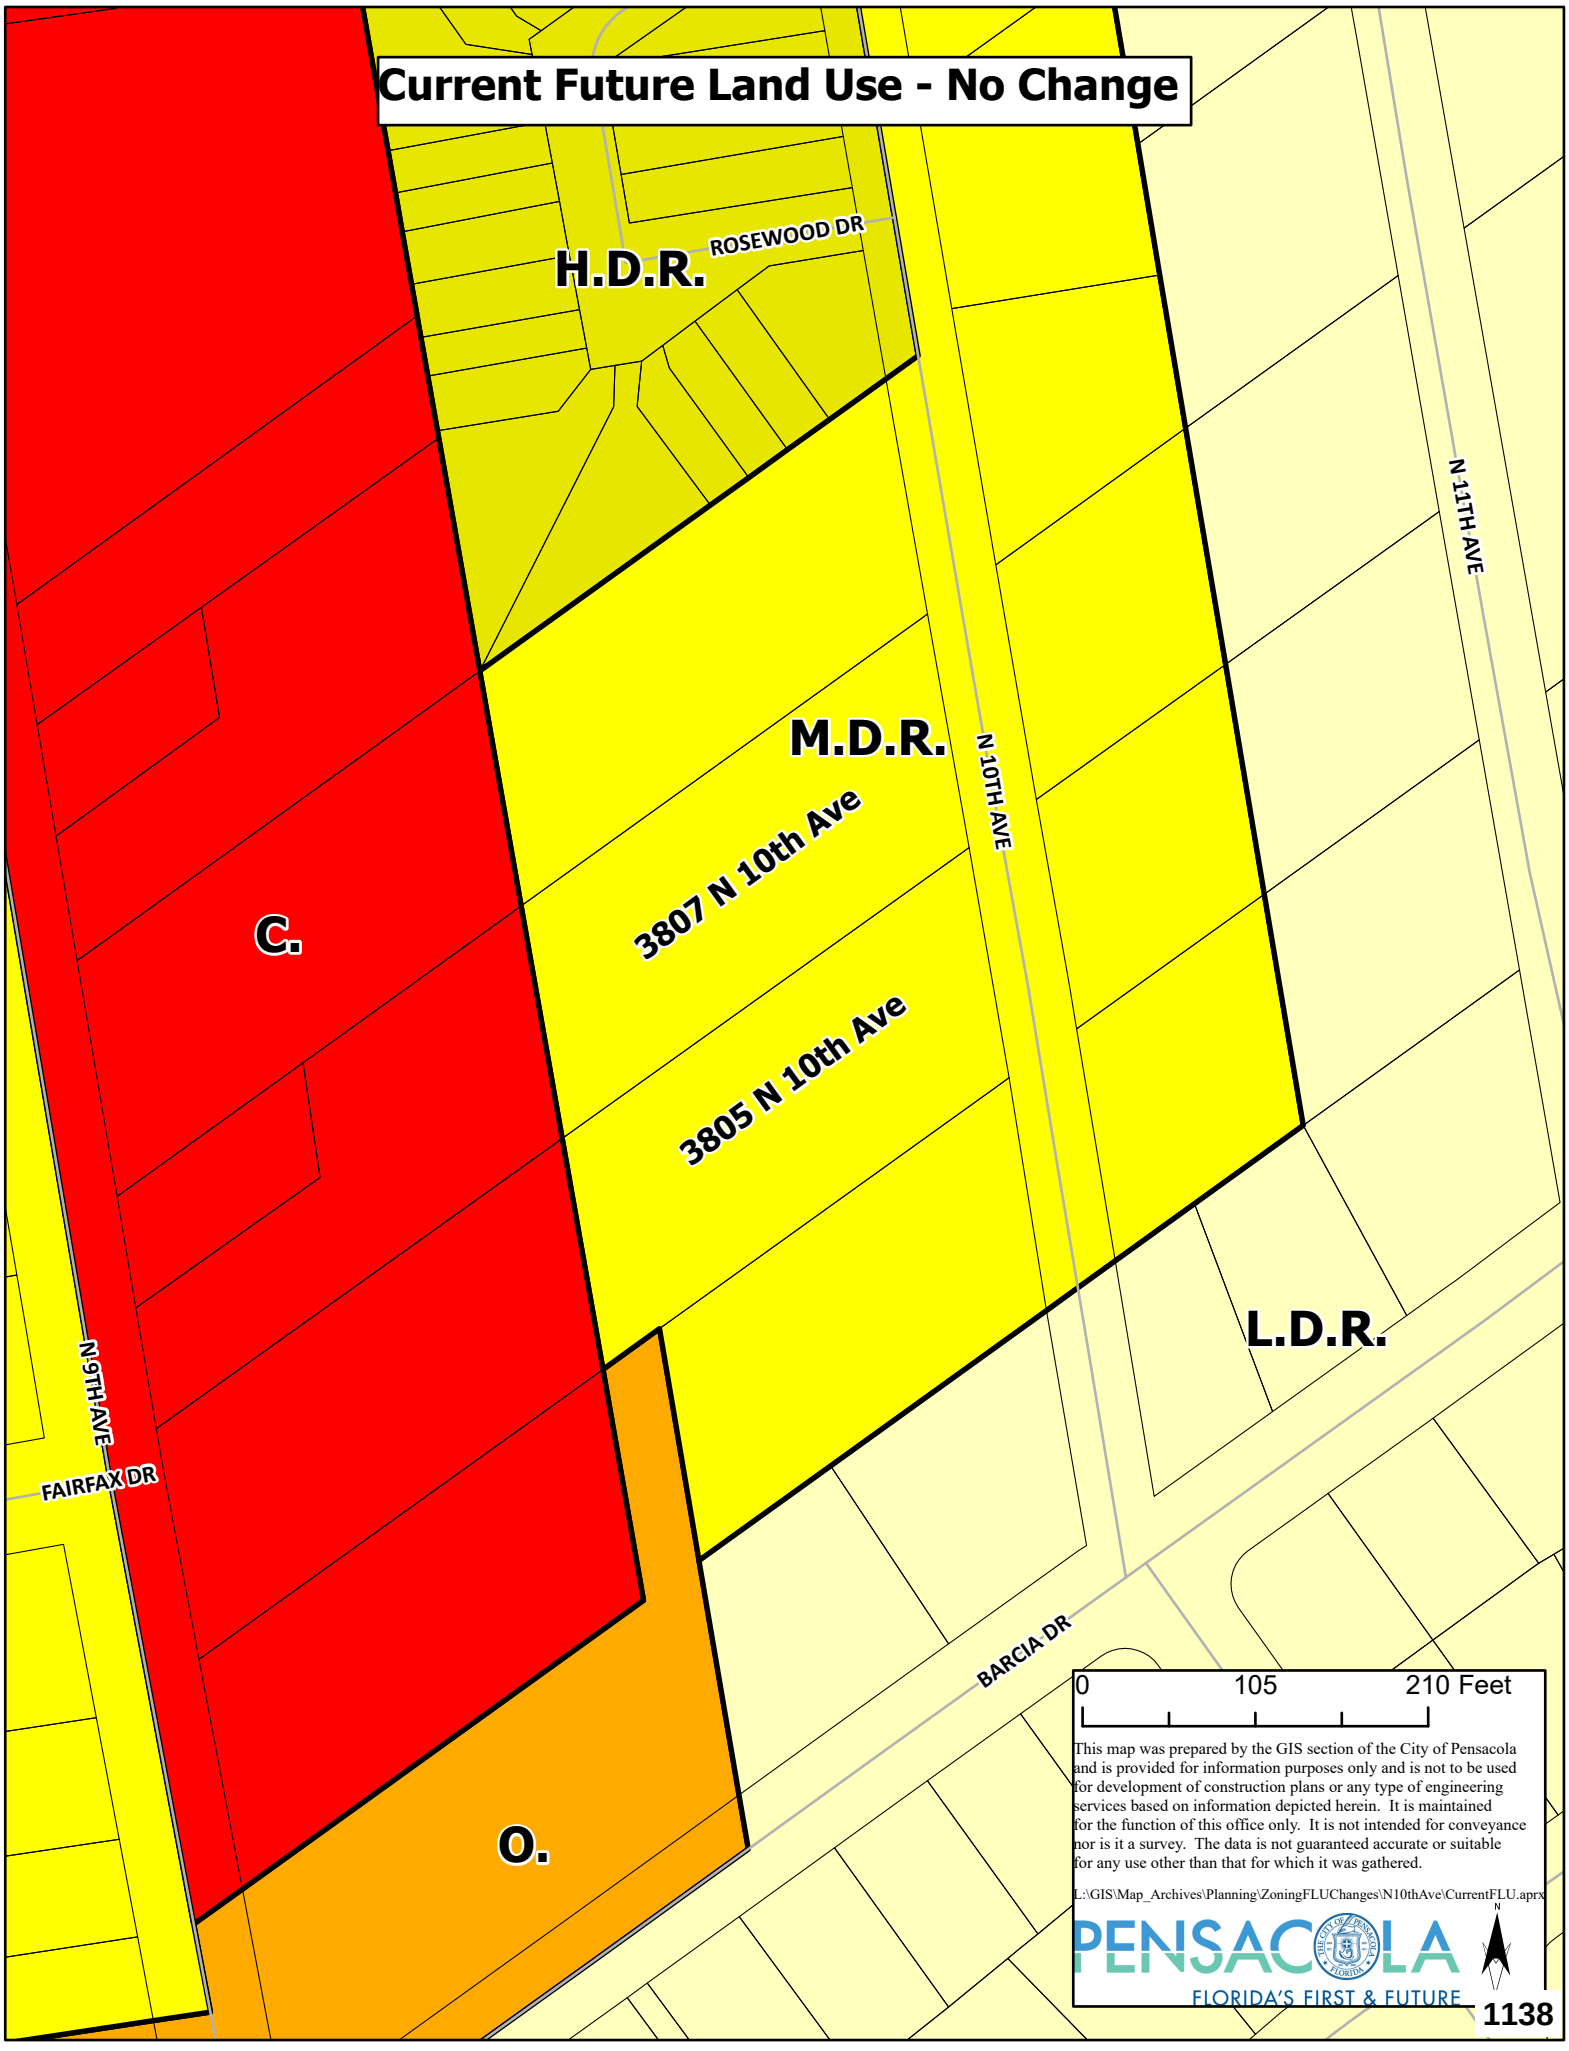
**Adjournment** – With no further business, the Board adjourned at 3:21 p.m.



Respectfully Submitted,



6·20·2023



Gregg Harding, RPA
Assistant Planning & Zoning Manager
Secretary of the Board
