Sec. 12-7-6. Sites for public use.

If accepted by the school board, it shall be reserved for future purchase by the school board from the date of acceptance for a period of one year.
- (b) *Sites for park and recreation or open space.* Each subdivision plat shall be reviewed by the planning and leisure services departments in order to assess the following: park and recreational or open space needs for the recreation service area within which the subdivision is located and for the city as a whole; and characteristics of the land to be subdivided for its capability to fulfill park, recreation or open space needs. Based on this review the city staff shall recommend one of the following options:

The aforementioned value shall be the value of the land subdivided without improvements and shall be determined jointly by the mayor and the subdivider. If the mayor and subdivider cannot agree on a land value, then the land value shall be established by arbitration. The mayor shall appoint a professional land appraiser, the subdivider shall appoint a professional land appraiser, and these two shall appoint a third.
- (c) *Public streets.* All streets delineated on all plats submitted to the city council shall be dedicated to all public uses including the use thereof by public utilities, unless otherwise specified herein.
