CITY COUNCIL

Special Meeting Minutes

September 13, 2017

5:31 P.M.

Council Chambers

Council Vice President Wingate called the special meeting to order.

ROLL CALL

Council Members Present: Gerald Wingate, Jewel Cannada-Wynn, Larry Johnson (left 6:53), Sherri Myers, Andy Terhaar, P.C. Wu (arrived 5:39)

Council Members Absent: Brian Spencer

Council Vice President Wingate indicated this is a special meeting of the City Council to conduct the first public hearing for the purpose of adopting tentative millage rates for the City and the Downtown Improvement District for 2017 and tentative budgets for the City and the Downtown Improvement Board for the Fiscal Year 2018.

INFORMATION ITEM

1. [17-00500 SPECIAL MEETING AND PUBLIC HEARING TO ADOPT TENTATIVE MILLAGE RATES AND TENTATIVE BUDGETS](#)

Before addressing the agenda items, Council Vice President Wingate read into the record and explained that the TRIM law requires strict conformance with exacting procedures in order to lawfully adopt millage levies and budgets. In adherence with those procedures, he indicated the first substantive issue to be discussed must be the percentage increase over the rolled-back rate necessary to fund the budget, if any, and the specific purposes for which ad valorem tax revenues are being increased; and further that the proposed tentative millage rate of 4.2895 mills for the City and 2.0000 mills for the Downtown Improvement District constitutes a 3.56% increase of property taxes over the aggregate rolled-back rate which is 4.2502 mills. He also stated the basis for the “rolled-back” rate.

He then called on City staff to explain the reasons for the proposed increase over the rolled-back rate.

Chief Financial Officer Barker provided the explanation indicating the proposed increase over the rolled-back rate is in order to maintain services and meet increased costs.

ACTION ITEMS (CONT'D.)

A motion to amend Resolution No. 17-54 was made by Council Member Myers and seconded by Council Member Wingate, that in accordance with the City Attorney's *Legal Opinion on Fiscal Year 2018 Budget Matters* memorandum dated September 11, 2017 (on file with background materials), but for the items Council has already approved for LOST IV funding: Bayview Resource Center \$6,050,000; Fire Station #3 \$3,300,000; Fire Apparatus \$935,000; and Osceola Clubhouse \$700,000, City Council defer allocating any further funds for LOST IV Projects by appropriating said (remaining) funds to be placed in a "Reserve" account.

Discussion ensued among Council regarding the (first) amendment with Council Member Myers fielding comments and questions. Chief Financial Officer Barker also asked for clarification.

Council Member Myers clarified, other than the specific project allocations previously approved (and referenced in the above amendment), everything else be moved to unallocated reserves.

In response to Council Member Myers' clarification, Chief Financial Officer Barker advised that debt service payments on capital project bonds are a part of the LOST funds (reflected on page 31 of Resolution No. 17-54) in the amount of \$580,200 for interest with a principal payment of \$4,961,400, for a total of \$5,541,600. Therefore, \$7,461,500 would be the remaining funds which are being proposed for reserves.

Council Member Myers also addressed Council Member Cannada-Wynn's concern that there be a timeframe for those dollars to be allocated, and offered a friendly amendment that the deferment of LOST IV be within six (6) months of the approval of the final budget for Fiscal Year 2018.

Upon conclusion of discussion, the vote was called on Amendment No. 1 to Resolution No. 17-54.

The motion failed by the following vote:

Yes: 2	Gerald Wingate, Sherri Myers
No: 4	Andy Terhaar, Jewel Cannada-Wynn, Larry Johnson, P.C. Wu

Discussion continued among Council with Council Member Johnson raising the issue of increased funding for the design and construction of the new Bayview Resource center.

ACTION ITEMS (CONT'D.)

A motion to amend Resolution No. 17-54 was made by Council Member Myers and seconded by Council Member Terhaar, that City Council remove \$1,640,000 from (LOST IV Spreadsheet - - on file with background materials) Line Item 30 – *Pavement Management Program* originally proposed for \$12,000,000, leaving \$10,360,000 in funding; and create Line Item 31 – *Burgess Road Project* in the amount of \$1,640,000.

Discussion ensued among Council regarding the (second) amendment.

Upon conclusion of discussion, the vote was called on Amendment No. 2 to Resolution No. 17-54.

The motion carried by the following vote:

Yes: 4 Gerald Wingate, Andy Terhaar, Jewel Cannada-Wynn, Sherri Myers
No: 2 Larry Johnson, P.C. Wu

Discussion continued among Council.

A motion to amend Resolution No. 17-54 was made by Council Member Cannada-Wynn and seconded by Council Member Wingate, that City Council remove (an additional) \$5,850,000 from (LOST IV Spreadsheet - - on file with background materials) Line Item 30 – *Pavement Management Program* originally proposed for \$12,000,000 now down to \$10,360,000 (due to Amendment No. 2 passing), leaving \$4,510,000 in funding; and fund the following projects with the proposed \$7,350,000: Line Item 41 – *Friccker Center* add \$700,000 for renovations; Line 48 – *Sanders Beach / Corinne Jones* add \$1,000,000 for ramp/environmental improvements; Line 62 – *Bill Gregory Park* add \$500,000 for completion of the project; Line 79 – *Kiwanis Park* add \$100,000; Line 82 – *Legion Field* add \$1,000,000; Line Item 92 – *Morris Court Park* add \$300,000; and create additional line items for *Corinne Jones Park* add \$150,000; *Armstrong Park* add \$300,000; *Road Improvement "A" Street & Jordan Street (PHS Intersection)* add \$300,000; and *West Cervantes Street Corridor* add \$1,500,000.

Discussion ensued among Council regarding the (third) amendment. Input was heard from Chief Financial Officer Barker during discussion.

Upon conclusion of discussion, the vote was called on Amendment No. 3 to Resolution No. 17-54.

The motion failed by the following vote:

Yes: 3 Gerald Wingate, Jewel Cannada-Wynn, Sherri Myers
No: 3 Andy Terhaar, Larry Johnson, P.C. Wu

ACTION ITEMS (CONT'D.)

Discussion continued among Council.

DISCUSSION

32. [17-00496](#) DISCUSSION REGARDING ESTABLISHMENT, NAMING AND PRESERVATION OF HISTORICAL RESOURCES - SELECTION OF DATE FOR SPECIAL COUNCIL MEETING FOR PUBLIC INPUT (IF DESIRED)

Council President Spencer called on Council Executive Kraher to begin the discussion, which he indicated the intent is for Council to determine (in accordance with Council Policy 4.31) if they would like to call a special meeting to hear from the public if presented with any proposal regarding (removal of) historical resources.

Before calling for public input, some Council Members made comments.

Public input was heard from the following individuals:

Dorrian Vance	Haley Morrisette
James Scaminaci	Bill Caplinger
Cal Daniel	Nathan Monk
David McCallister	Barbara Mayall
Mick Hinricks (previously removed from chambers)	Kelli Green
Ken Daniel	

Council Members made follow-up remarks.

A motion was made by Council Member Myers and seconded by Council Member Cannada-Wynn that City Council direct the Council Executive to research and bring forward recommendations for Council to consider adoption of an ordinance to provide guidelines for the Establishment, Naming and Preservation of Historical Resources.

The motion carried by the following vote:

Yes: 5 Gerald Wingate, Andy Terhaar, Jewel Cannada-Wynn, P.C. Wu, Sherri Myers
 No: 0 None

DISCUSSION (CONT'D.)**33. [17-00526](#) EMERALD COAST UTILITY AUTHORITY (ECUA) PROPOSED STORAGE TANKS**

Council Member Myers began the discussion by referencing that the project has been permitted, to her surprise, without coming before City Council for approval which she believes ECUA deviated from statutory guidelines requiring a public process before the Council. She indicated she would like to hear from George Mead the attorney representing North Hill Preservation Association in a lawsuit filed against ECUA.

Council Member Cannada-Wynn indicated Council should first hear from City staff regarding the permitting process for this project. Inspections Services Administrator Weeks whose office issued the permit deferred to City Attorney Bowling and she indicated she would like further opportunity to look at the statute in detail, as well as ECUA's enabling act. She indicated she is aware of the lawsuit and suggested the Zoning Board of Adjustment and Appeal would be the appropriate venue to appeal the issuance of a permit. She responded to questions accordingly. Inspections Services Administrator Weeks clarified that the permit has been (legally) issued and construction started. Council Member Terhaar questioned the Council's legal authority to stop construction at this point.

Public input was heard from the following individuals:

Nicole Endacott
Melanie Nichols
George Mead

Lisa Mead
Stephanie Wilhelm

Council Member Myers made follow-up remarks.

A motion was made by Council Member Myers and seconded by Council Member Cannada-Wynn that City Council direct ECUA to cease construction pending a special City Council meeting on 9/20/17 (prior to the 5:30 Special City Council Meeting - Final Public Hearing on FY 2018 Proposed Budget and Millage Rate) in order for the City Attorney to provide an opinion on the process for approving such a project.

Council Member Cannada-Wynn indicated that there should be a time certain for construction to be ceased.

Council Member Myers added (as a friendly amendment) that construction be ceased for a period of fifteen (15) days.

Discussion ensued among Council regarding the motion with City Attorney Bowling responding accordingly to questions.

Council Member Cannada-Wynn withdrew the second to the motion.

DISCUSSION (CONT'D.)

A motion (related to Discussion Item 33) was made by Council Member Myers and seconded by Council Member Terhaar that City Council hold a special meeting on 9/20/17 at 4:00 P.M. (prior to the 5:30 Special City Council Meeting - Final Public Hearing on FY 2018 Proposed Budget and Millage Rate) in order for the City Attorney to provide an opinion on the statutory process required and whether or not ECUA met such requirements for the planning and permitting of this construction project at the current location.

4:04 P.M.

Council Chambers

Council President Spencer called the special meeting to order.

ROLL CALL

Council Members Present: Brian Spencer, Gerald Wingate, Jewel Cannada-Wynn, Larry B. Johnson (arrived after recess when meeting was reconvened at 6:53), Sherri Myers, Andy Terhaar, P.C. Wu

Council Members Absent: None

Council President Spencer indicated this is a special meeting of the City Council to discuss the statutory process required and whether nor not such requirements were met by the Emerald Coast Utilities Authority (ECUA) for the planning and permitting of proposed emergency storage tanks to be located at 1751 North Guillemard Street.

ACTION ITEMS

None.

DISCUSSION ITEM

1. [17-00551 PROPOSED EMERALD COAST UTILITY AUTHORITY \(ECUA\) EMERGENCY STORAGE TANK TO BE LOCATED AT 1751 N. GUILLEMARD ST.](#)

Council Member Myers, as sponsor, began the discussion with reference to the legal opinion provided (at Council's places and dated 9/20/17 - - on file with background materials) by City Attorney Bowling which outlines whether nor not ECUA is statutorily required to obtain consent from City Council to build an emergency wastewater storage tank on property it owns within the City limits pursuant to the provisions of Section 153.03, Florida Statutes. Council Member Myers offered her concerns indicating that she does not believe City Attorney Bowling's opinion addresses the full issue before Council.

Council President Spencer provided an opportunity for City Attorney Bowling's legal memorandum to be provided to Mr. George R. Mead, attorney of record for North Hill Preservation Association, Inc, which has filed a for a temporary injunction against ECUA, to be heard by the court on Monday, September 25th.

DISCUSSION ITEM (CONTINUED)

At Mr. Mead's suggestion and with no objection from Council, Council President Spencer read City Attorney Bowling's legal memorandum into the record in its entirety.

Discussion ensued among Council with City Attorney Bowling fielding comments and questions and providing clarification accordingly.

During discussion, Council Member Myers made comments indicating that she was not satisfied with the (legal) opinion provided by City Attorney Bowling because she believes that other than the statutory requirements referenced in the memorandum, that the City's Comprehensive Plan and Land Development Code should be reviewed as it relates to this project. City Attorney Bowling responded, in accordance with Council's direction, she has provided a legal opinion on the governing state laws related to ECUA's authority, and upon further direction she will certainly delve further into City requirements.

As discussion continued, Council President Spencer called on Mr. Mead to provide his input regarding City Attorney Bowling's legal memorandum. Mr. Mead first indicated he believes the City Attorney to be conflicted in her representation of both the City Administration and City Council related to this issue and provided a copy of a letter (dated 9/20/17 - - on file with background materials) he sent to her stating such opinion. In addition to also citing Florida Statute 153.03, he referenced Chapter 180. Council Members asked questions of Mr. Mead which he responded accordingly.

Council Member Cannada-Wynn requested Mr. Bradley Odom, attorney representing ECUA, address Council regarding their legal position in this matter. Council Members asked questions of Mr. Odom which he responded accordingly. During questions, Mr. Odom indicated he agrees with City Attorney Bowling's legal memorandum.

At this time, public input was heard from the following individuals:

Patti Salvaggio	Philip Pfeiffer
Jo MacDonald	Melanie Nichols
Pat Regan	Kathleen McBride
Byron Keesler	Nicole Endacotte (no longer in attendance)
George Mead	Clorissi Mitchell
Gloria Horning	

Council President indicated it is almost 5:30 P.M. at which time another special meeting is scheduled to begin to conduct the final public hearing on the annual budget and millage rates.

DISCUSSION ITEM (CONTINUED)

Council Member Cannada-Wynn made comments and offered the following motion:

A motion that City Council direct Council President Spencer to schedule a special meeting following receipt of the court’s ruling (related to the temporary injunction against ECUA filed by North Hill Preservation Association, Inc.) regarding the proposed emergency storage tanks to be located at 1751 North Guillemard Street was made by Council Member Cannada-Wynn and seconded by Council Member Terhaar.

There being no discussion, the vote was called.

The motion passed by the following vote:

- Yes: 5 Brian Spencer, Gerald Wingate, Sherri Myers, Andy Terhaar, Jewel Cannada-Wynn,
- No: 2 Larry Johnson, P.C. Wu

Council Member Myers made follow-up remarks and offered the following motion:

A motion that City Council direct City Attorney Bowling to submit a request to the State Attorney General for a legal opinion whether or not the ECUA stands in the same legal posture as (the) “county” under Florida Statute 153.01 was made by Council Member Myers and seconded by Council Member Cannada-Wynn.

Some discussion took place regarding the motion. Input was also heard from Mr. Mead.

Upon conclusion of discussion, the vote was called.

The motion carried by the following vote (with Council Member Johnson no longer in attendance):

- Yes: 5 Brian Spencer, Gerald Wingate, Jewel Cannada-Wynn, P.C. Wu, Sherri Myers
- No: 1 Andy Terhaar

Special Meeting Minutes

September 20, 2017

5:30 P.M.

Council Chambers

Council President Spencer called the special meeting to order.

ROLL CALL

Council Members Present: Brian Spencer, Gerald Wingate, Andy Terhaar, Jewel Cannada-Wynn, Larry Johnson, P.C. Wu, Sherri Myers

Council Members Absent: None

Council President Spencer indicated this is a special meeting of the City Council to conduct the final public hearing for the purpose of adopting final millage rates for the City and the Downtown Improvement District for 2017 and final budgets for the City and the Downtown Improvement Board for the Fiscal Year 2018.

INFORMATION ITEM

1. 17-00535 SPECIAL MEETING AND PUBLIC HEARING TO ADOPT FINAL MILLAGE RATES AND FINAL BUDGETS

Before addressing the agenda items, Council President Spencer read into the record and explained that the TRIM law requires strict conformance with exacting procedures in order to lawfully adopt millage levies and budgets. In adherence with those procedures, he indicated the first substantive issue to be discussed must be the percentage increase over the rolled-back rate necessary to fund the budget, if any, and the specific purposes for which ad valorem tax revenues are being increased; and further that the proposed tentative millage rate of 4.2895 mills for the City and 2.0000 mills for the Downtown Improvement District constitutes a 3.56% increase of property taxes over the aggregate rolled-back rate which is 4.2502 mills. He also stated the basis for the “rolled-back” rate.

He then called on City staff to explain the reasons for the proposed increase over the rolled-back rate.

Chief Financial Officer Barker provided the explanation indicating the proposed increase over the rolled-back rate is in order to maintain services and meet increased costs.

ACTION ITEMS

2. 17-62 BUDGET RESOLUTION NO. 17-62 - FINALLY LEVYING AN AD VALOREM PROPERTY TAX FOR THE CITY OF PENSACOLA AND THE DOWNTOWN IMPROVEMENT DISTRICT FOR 2017.

3. 17-63 BUDGET RESOLUTION NO. 17-63 - ADOPTING A FINAL BUDGET FOR THE CITY OF PENSACOLA FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2017.

Recommendation: That City Council adopt Budget Resolution No. 17-63.

A RESOLUTION ADOPTING A FINAL BUDGET FOR THE CITY OF PENSACOLA FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2017; MAKING FINAL APPROPRIATIONS FOR THE PAYMENT OF THE EXPENSES OF THE CITY GOVERNMENT AND ALL DEPARTMENTS THEREOF AND FOR THE PAYMENT ON ACCOUNT OF THE BONDED INDEBTEDNESS OF THE CITY FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2017; PROVIDING AN EFFECTIVE DATE.

A motion to adopt was made by Council Member Terhaar and seconded by Council Member Cannada-Wynn.

A motion to amend Resolution No. 17-63 was made by Council Member Wingate, that City Council remove \$4,000,000 from (LOST IV Spreadsheet - - on file with background materials) Line Item 111 – *Economic Development Initiatives* originally proposed for \$8,850,000, leaving \$4,850,000 in funding; and create a line item for *Construction of Morris Court Resource Center*.

Motion to amend dies due to lack of a second.

ACTION ITEMS (CONT'D.)

A motion to amend Resolution No. 17-63 was made by Council Member Cannada-Wynn and seconded by Council Member Myers, that City Council remove \$4,400,000 from (LOST IV Spreadsheet - - on file with background materials) Line Item 111 – *Economic Development Initiatives* originally proposed for \$8,850,000, leaving \$4,350,000 in funding; and add \$4,400,000 to Line Item 28 – *Sidewalk Improvements* bringing this line item to a total of \$6,600,000 (to meet established goals for sidewalk & sidewalk improvements).

Discussion ensued among Council regarding the (second) amendment with Council Member Cannada-Wynn fielding comments and questions. Input was also heard from City Administrator Olson, Public Works & Facilities Director Owens, and Chief Financial Officer Barker.

During discussion, Council Member Cannada-Wynn accepted a friendly amendment to reduce the proposed additional funding for Line Item 28 to \$2,500,000 (rather than \$4,400,000). (No objections.)

Discussion continued.

Upon conclusion of discussion, the vote was called on Amendment No. 2 to Resolution No. 17-63.

The motion failed by the following vote:

Yes: 3 Gerald Wingate, Jewel Cannada-Wynn, Sherri Myers
No: 4 Brian Spencer, Andy Terhaar, Larry Johnson, P.C. Wu

Board(s) of interest: ARB

Please list the reasons for your interest in this position:

I have been a member of the ARB board for a few years and it is apparent that as the representing member of the downtown business community, one that is neither an architect nor a city planner nor an attorney, this position is one that takes several years to understand the nuances, legalities and impact of the work that we do. There are many hours of hearings and many more hours of research that go into reviewing the items set before us. It is neither easy nor to be taken lightly and is definitely a labor of love donated to our city and one that takes a discerning eye for not only design and architecture but also a commitment to bettering our downtown's historic districts and places. As a "woman owned business" of almost 12 years within the City of Pensacola, I bring minority diversity, and also would be viewed as a "young professional." I believe my unique diversity offers a important voice needed from our community. As a lifetime citizen of Pensacola who grew up in a historic home, I understand first hand the challenges and rewards of Historic Architecture. I feel adequately educated on the History of Pensacola, its recent rise to greatness (again) and the need to move forward with equity for its citizens. I feel I am in a unique position to bring an impartial but educated voice to this board in support of our City Council's directives through their written Code and objectively, through pairing that code with the decades of precedent that has reinforced the greatness of our gem, this very special treasure, that must be nurtured and protected but must also grow and develop. It is near and dear to my heart and a position I do not take lightly. I feel I have gathered substantial institutional knowledge over the past few years and at such a crucial time in our City's growth, I am compelled to continue with the investment of time and knowledge that I have invested, and that the city has invested in me.

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

AWARD OF BID #17-035 19TH AVENUE AND BLACKSHEAR AVENUE OUTFALL AT BAYOU TEXAR PROJECT

RECOMMENDATION:

That City Council award Bid #17-035 19th Avenue and Blackshear Avenue Outfall at Bayou Texar Project to J. Miller Construction, Inc., of Pensacola, Florida, the lowest and most responsible bidder with a base bid of \$894,870.00, plus 10% contingency of \$89,487.00 for a total amount of \$984,357.00. Further, that City Council authorize the Mayor to execute the contract and take all action necessary to complete the project.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The scope of the project is to provide stormwater treatment for three currently untreated drainage sub-basins within the Bayou Texar Watershed. This treatment will be provided by installing proprietary underground treatment units with associated stormwater structures and piping. The underground units and storm structures will be set in the City Right of Way east end of 20th and east end of 19th Avenues and Blackshear Avenue, and intersection of 19th and Blackshear Avenues. This project is consistent with current technology and industry standards for stormwater retrofit treatment and is part of the City's ongoing program to improve the water quality of area waterways.

PRIOR ACTION:

URBAN INFILL HOUSING DEVELOPMENT INITIATIVES INTERLOCAL AGREEMENT WITH ESCAMBIA COUNTY HOUSING FINANCE AUTHORITY

RECOMMENDATION:

That City Council approve the Urban Infill Housing Development Initiatives Interlocal Agreement with Escambia County Housing Finance Authority. Further, that City Council authorize the Mayor to execute all documents relating to the initiative's implementation and administration.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The Florida Interlocal Cooperation Act of 1969 permits local government units to enter into interlocal agreements to make the most efficient use of their powers and resources and to provide services in the manner best suited to serve the needs and facilitate development of local communities. The partnership established by this interlocal agreement between the City of Pensacola and Escambia County Housing Finance Authority, a regional not-for-profit affordable housing provider, will enhance the ability of both parties to develop workforce housing in the community. Joint participation in the Urban Infill Housing Development Initiatives Interlocal Agreement will allow both parties to develop workforce housing which will support redevelopment initiatives within the community and strengthen the tax base within the City.

This agreement provides the framework for the City of Pensacola and Escambia County Housing Finance Authority to jointly participate in the Housing Finance Authority's Urban Infill Revolving Loan Program. The workforce housing produced through the Urban Infill Revolving Loan Program will be made available to low, moderate, and middle income families who wish to purchase housing within the City limits. The City may provide property suitable for development, support staff, and technical expertise to implement the program with the Housing Finance Authority providing construction financing and program oversight.

**INTERLOCAL AGREEMENT
FOR URBAN INFILL HOUSING DEVELOPMENT INITIATIVES**

This Agreement is made and entered into this ____ day of _____, 20____, (but effective as of _____) (“Effective Date”) by and between the City of Pensacola, a municipal corporation of the State of Florida (“City”) and Escambia County Housing Finance Authority, a public body corporate and politic created under Chapter 159, Part IV, Florida Statutes (“Housing Finance Authority”) (singularly and individually, “Party,” and jointly, “Parties”), under the authority of the Florida Interlocal Cooperation Act of 1969, Section 163.01 et. seq., Fla. Stat.

RECITALS:

- A. Pursuant to the provisions of Chapter 159 Part IV, Florida Statutes, the Housing Finance Authority has implemented the Urban Infill Revolving Loan Program (the “Program”) to provide financing for the development of workforce housing.
- B. City and Housing Finance Authority desire to jointly cooperate in the Program by combining resources and technical expertise to enhance the development of workforce housing for low, moderate, middle income residents and contribute to the redevelopment initiatives of the City.
- C. On _____, the City Council of the City of Pensacola authorized the Mayor to execute this Agreement with Escambia County Housing Finance Authority, under the terms and conditions set forth herein, and further, execute all other documents as may be necessary or convenient in administering the same.
- D. On _____, the Escambia County Housing Finance Authority Board authorized the Escambia County Housing Finance Authority to enter into this Agreement with City, under the terms and conditions set forth herein.

NOW, THEREFORE, in consideration of the mutual covenants and promises herein contained,

Parties agree as follows:

TERMS

1. **RECITALS:** The recitals are true and correct and are hereby incorporated into and made a part of this Agreement.
2. **TERM:** The term of this Agreement shall commence on Effective Date and shall continue until terminated.
3. **TERMINATION:** This Agreement may be terminated by either Party upon thirty (30) days prior written notice of termination to the other Party.
4. **ADMINISTRATION OF AGREEMENT:** Agreement shall be administered by contract managers to be designated by each party.
5. **SCOPE OF SERVICE:** Parties agree to provide Services, as specifically described, and under the special terms and conditions set forth in Exhibit "A" entitled Scope of Services attached hereto, which by this reference is incorporated into and made a part of this Agreement.
6. **CONTINGENCY CLAUSE:** Funding for this Agreement is contingent upon the availability of funds, continued authorization for program activities, and final expenditure approval by each Party.
7. **PUBLIC RECORDS:** Parties individually agree to assume responsibility for maintaining all records as set forth in the current edition of the State of Florida General Records Schedule for State and Local Governments (GS1-SL) and allow access by the public, at all reasonable times, to all documents pertaining to this Agreement, subject to the provisions of Chapter 119, Florida Statutes, subject to disclosure under applicable law. Parties expressly agree specifically that the contracting parties shall comply with the requirements within Exhibit B, attached hereto and incorporated by reference. Failure or refusal by either Party to comply with the provisions of this section shall result in the immediate cancellation of this Agreement.
8. **INDEMNIFICATION:** Each party to this Agreement shall be responsible for the acts and omissions of its respective employees and agents in the performance of this Agreement, and the activities contemplated hereby, to the extent permitted by law. Nothing contained herein shall be construed as

modifying, limiting, restricting or otherwise adversely affecting the sovereign immunity defenses and limitations available to the Parties under Section 768.28, Florida Statutes, and other sovereign immunity limitations of applicable law. Nothing herein shall be construed as a consent by the Parties to be sued in any manner arising out of any contract.

9. **NOTICES:** All notices or other communications required under this Agreement shall be in writing and shall be given by hand-delivery or by registered or certified U.S. Mail, return receipt requested, addressed to the other party at the address indicated herein or to such other address as a party may designate by notice given as herein provided. Notice shall be deemed given on the day on which personally delivered, if by mail, on the date of actual receipt or courier deposit (pickup) date. Notices shall be addressed to the following:

10. **COMPLIANCE WITH FEDERAL, STATE AND LOCAL LAWS:** Parties agree to comply with and observe all applicable laws in performance of their respective duties pursuant to this Agreement, including the provisions of Florida Statute Chapter 112, Public Officers and Employees Parts I, II, and III.

11. **NONDISCRIMINATION:** Parties to this Agreement warrant that all activities associated with the Program shall be available to the public in a non-discriminatory manner. Activities completed under

the Program and access thereto shall be available without regard to race, color, national origin, religion, sex, familial status, disability, age, marital status, or gender. Further Parties accept responsibility for ensuring such non-discriminatory access to the Program by their respective elected officials and officers, employees, agents, and representatives.

12. **MISCELLANEOUS PROVISIONS:**

A. This Agreement shall be construed and enforced according to the laws of the State of Florida, and the parties agree that any action relating to this agreement shall be instituted and prosecuted in the state courts of the County of Escambia, State of Florida, and each party waives the right to change of venue. The prevailing party in any action, claim or proceeding arising out of this Agreement shall be entitled to its reasonable Attorney's fees and costs from the losing party.

B. Title and paragraph headings are for convenient reference and are not a part of this Agreement.

C. No waiver or breach of any provision of this Agreement shall constitute a waiver of any subsequent breach of the same or any other provision hereof, and no waiver shall be effective unless made in writing.

D. Should any provision, paragraph, sentence, word or phrase contained in this Agreement be determined by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable under the laws of the State of Florida or the City of Pensacola, such provision, paragraph, sentence, word or phrase shall be deemed modified to the extent necessary in order to conform with such laws, or if not modifiable, then same shall be deemed severable, and in either event, the remaining terms and provisions of this Agreement shall remain unmodified and in full force and effect or limitation of its use.

E. This Agreement constitutes the sole and entire agreement between the parties hereto. No modification or amendment hereto shall be valid unless in writing and executed by properly authorized representatives of the parties hereto.

F. This Agreement shall become effective, after being properly executed by the Parties, when filed in the County's official records by the Office of the Clerk of the Circuit Court of Escambia County.

13. **ENTIRE AGREEMENT:** This instrument and its attachments constitute the sole and only agreement of the parties relating to the subject matter hereof and correctly set forth the rights, duties, and obligations of each to the other as of its date. Any prior agreements, promises, negotiations, or representations not expressly set forth in this Agreement are of no force or effect.

IN WITNESS WHEREOF, the parties hereto have caused this instrument to be executed by their respective officials thereunto duly authorized, this the day and year above written.

**EXHIBIT A
SCOPE OF SERVICES**

INFILL HOUSING REVOLVING LOAN PROGRAM

TARGETING NEW CONSTRUCTION/OF OWNERSHIP HOUSING ON VACANT INFILL
PARCELS

LOCATION: CITY OF PENSACOLA

1. Purpose

To stimulate investment in the urban areas of the City of Pensacola by offering financial incentives that will encourage the proactive redevelopment of abandoned or vacant urban infill properties by private and non-profit builders or developers for the benefit of income eligible homebuyers.

2. Approach

Utilizing Housing Finance Authority, City and private resources, this Strategy encompasses:

- a. Identification and evaluation of urban infill sites suitable for the production of newly constructed single-family housing; and
- b. Attaining control or ownership of properties, through acquisition, donation, or other means as may be appropriate, that support the overall infill housing and redevelopment goals established in plans of the Housing Finance Authority and Community Redevelopment and Local Housing Assistance Plans of the City of Pensacola.

3. Strategy Design/Implementation

The Housing Finance Authority's intent is to integrate affordable housing production efforts of area lenders, builders/developers, non-profit organizations, local governments and neighborhood groups/associations, with the long-term vision and plans for development of quality affordable (workforce) ownership housing. The Strategy requires the combination of three distinct elements into a well-reasoned, flexible package that will ultimately produce quality new housing at reasonable prices generally affordable to families with gross income below levels identified in Attachment A of this Agreement, and in priority locations that foster collateral investment. Each element is briefly discussed as follows;

a. Infill Property Identification/Evaluation:

The City Housing Division will assist the Housing Finance Authority in identifying and, if necessary, prioritizing properties to be targeted for infill housing development. This will include identification of any suitable properties owned by the subject jurisdiction for which clear title can be assured or attained at reasonable cost.

b. Eligible Property:

Buildable infill properties/lots with proper zoning and clear insurable title will be evaluated and, if deemed appropriate for this Program by the Housing Finance Authority, acquired by the City

for the purpose of the production of infill workforce housing for income eligible homebuyers as defined elsewhere in this Agreement.

At the City's option, Eligible Properties will be deeded to the Housing Finance Authority to construct homes on their infill properties/lots in keeping with the pre-approval requirements, construction price and sales price limitations and income limitations for homebuyers prescribed in this Agreement. In support of Program goals, the City may provide a discount on parcel price from zero to 100 percent. All such parcels shall have clear, insurable title. After recovery of fixed expenses, any proceeds from the sale of the property will be split equally between the City and Housing Finance Authority. As security for payment for the real property and for the interim construction loan provided by the Housing Finance Authority to the Participating Builder, the Participating Builder shall execute a mortgage and note in favor of the Housing Finance Authority as their interests may appear prior to initiating construction on the property. Final decisions regarding commitment of funds from the Housing Finance Authority's Urban Infill Revolving Loan Program for use on such Participating Builder owned properties/lots shall solely rest with the Housing Finance Authority, as represented by its Contract Manager.

c. Construction of Homes on Acquired or Committed Urban Infill Properties/Lots:

Construction of homes shall be accomplished by working closely with private and non-profit builders/developers (herein collectively "Participating Builders") who formally commit to construct housing on acquired or committed properties. Pursuant to a publicly noticed process, the Housing Finance Authority has previously obtained Letters of Interest from Participating Builders who wish to participate in the Urban Infill Revolving Loan Program. If a fixed price approach will be used for a particular property, proposals will be solicited pursuant to a public competitive process. Participating Builders who respond and meet the requirements stipulated in the Request for Letters of Interest (the "RLI") will execute the Urban Infill Revolving Loan Agreement with the Housing Finance Authority.

4. Redevelopment Incentive(s).

Housing Finance Authority funds have been allocated by the Board of the Housing Finance Authority to support the Urban Infill Revolving Loan Program. To encourage wide participation, Housing Finance Authority funds of up to \$100,000 per single family housing unit which shall be loaned to Participating Builders who execute the Urban Infill Revolving Loan Program Agreement and perform in accordance with the terms outlined therein.

In the event that the City has identified and prequalified a buyer for the property, the Urban Infill Revolving Loan Program Agreement may provide for a fixed construction and sales price. In such event the loan for such construction may be increased to an amount up to \$150,000.

5. Limitations and Eligibility Requirements.

Housing units developed with Housing Finance Authority, SHIP, HOME or City Program assistance must meet the statutory or regulatory requirements of the respective governing Program(s). This will require that Participating Builders, their designated lender(s) and realtor(s) work closely with the Housing Finance Authority and City staff to ensure that all homes benefiting from Housing Finance Authority financing are sold to homebuyers meeting the applicable Program's income eligibility requirements and program guidelines.

- a. Families must have gross incomes that are below the limits stipulated in Attachment A of this Interlocal Agreement, depending upon the source of funds accessed for benefit of the ultimate homebuyer(s). Housing Finance Authority, SHIP, HOME, and City income limits are all provided in Attachment A, which may be updated from time to time.
- b. Unless a waiver is obtained from the City and the Housing Finance Authority, families must be “first-time” homebuyers (defined as a potential mortgagor who has not had an ownership interest in a principal residence at any time during the three-year period ending on the date a mortgage is executed under the Program, as defined in the Master Origination Agreement applicable to the Authority’s first-time homebuyer Program(s). A maximum housing unit sale price must be agreed upon prior to commencement of construction. The first-time homebuyer requirement shall be automatically waived for buyers who are qualified for and assisted through the HOME or City Programs.
- c. Families must be credit worthy as defined by Housing Finance Authority first-time homebuyer Program requirements and the mortgage origination standards of FHA, VA, RD and/or Freddie Mac standards as necessary to secure a first mortgage adequate to culminate the home purchase.

EXHIBIT B

PUBLIC RECORDS: Recipient shall comply with Chapter 119, Florida Statutes. Specifically, Recipient shall:

- A. Keep and maintain public records required by the City of Pensacola (hereinafter “City”) to perform the service.
- B. Upon request from the City's custodian of public records, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
- C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement term and following the completion of the Agreement if Recipient does not transfer the records to the City.
- D. Upon completion of the Agreement, transfer, at no cost, to City, all public records in possession of Recipient or keep and maintain public records required by the City to perform the service. If Recipient transfers all public records to City upon completion of the Agreement, Recipient shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Recipient keeps and maintains public records upon completion of the Agreement, Recipient shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request of the City's custodian of public records, in a format that is compatible with the information technology systems of the City.

Failure by Recipient to comply with Chapter 119, Florida Statutes, shall be grounds for immediate unilateral cancellation of this Agreement by City.

**TERMINAL BUILDING LEASE AGREEMENT BETWEEN
THE CITY OF PENSACOLA
AND
AVIONICS SOLUTIONS LLC**

THIS LEASE AGREEMENT ("Lease") made and entered into this _____ day of _____, 2017, by and between the City of Pensacola, a municipal corporation of the State of Florida with the address of 222 W. Main Street, Pensacola, Florida 32502 ("City"), AVIONICS SOLUTIONS LLC, a Florida limited liability company authorized to do business in the State of Florida with the business address of 113 Borman Drive, Lafayette, Louisiana 70508 ("Lessee")"" collectively referred to as "parties".

WITNESSETH:

WHEREAS, the City owns, operates, and maintains Pensacola International Airport ("Airport") located in Escambia County, Florida to serve the traveling public with airline services; and

WHEREAS, the Lessee desires to lease from the City property in the terminal building of the Airport for operating space, other related facilities, and general offices as negotiated by the parties; and

WHEREAS, the parties now desire to enter into a lease upon the terms and conditions hereinafter set forth;

NOW, THEREFORE, for and in consideration One Hundred Dollars (\$100), the receipt and sufficiency of which is hereby acknowledged by the parties, and of the premises, and of the mutual covenants and agreements and the payment of money herein contained, the City and Lessee do hereby mutually undertake, promise, and agree as follows:

I. Recitals.

The recitals contained above are declared by the Parties to be true and correct and are incorporated into this Lease.

II. Leased Premises.

City hereby leases to Lessee, and Lessee hereby leases from the City, approximately 145.5 square feet of space inside the Airport terminal building as located and depicted on Exhibit "A" attached hereto and incorporated herein by this reference, such leased space hereinafter referred to as the "Leased Premises."

The Leased Premises shall be taken by Lessee in AS IS condition, subject to all defects, latent and patent, and shall be improved, maintained and operated at Lessee's sole cost and expense. It is the express intention of the parties hereto that the Lessee's

improvements, use and occupancy of the Leased Premises, and all costs associated therewith, shall be and remain the financial obligation of the Lessee.

Lessee shall be required to keep all of the areas assigned to it in a neat, clean, safe, sanitary and orderly condition at all times. Lessee will keep such areas free at all times of all paper, rubbish and debris, and Lessee will deposit all trash and debris resulting from its operations in containers approved by the City.

Lessee agrees to provide, at its own expense, such janitorial and cleaning services and supplies for the maintenance of its assigned areas. Lessee shall also keep and maintain the assigned areas in a clean, neat, and sanitary condition and attractive appearance.

Lessee shall perform ordinary preventive maintenance and ordinary upkeep and non-structural repairs of all assigned areas including but not limited to fixtures, doors (except for locks and keys), floor coverings and walls (painting and wall coverings). Lessee shall be required to keep all such areas in good operating condition at all times.

Lessee shall have the duty to promptly notify the Airport Director or his or her authorized designee of any conditions or events that would necessitate maintenance, repair, or replacement obligations.

III. Rents and Fees.

In consideration of the rights and privileges herein granted, the Lessee hereby covenants and agrees to pay the City upon commencement of this Lease a monthly rental rate identical to that square foot rental rate charged to the non-signatory air carriers. The rental rate for the Leased Premises shall be adjusted annually on October 1st. The City shall provide the Lessee notification of the adjusted lease rate thirty (30) days prior to the effective date of the change.

Pursuant to the above, the Parties agree the lease monthly rental rates for the first year shall be as follows:

Leased Premises:

<u>Time Period</u>	<u>Rate Per Sq. Ft.</u>	<u>Sq. Ft.</u>	<u>Annual</u>	<u>Monthly</u>
11/01/2017- 09/30/2018	\$39.87	145.5	\$5,801.09	\$483.42

Lessee agrees to pay rent due to the City, without invoice, in advance on or before the first day of the month for which rent is due. Rent for periods less than one month shall be prorated on a daily basis (365 day year). In accordance with Florida law, every person who rents or leases any real property or who grants a license to use, occupy, or enter upon any real property is exercising a taxable privilege. Lessee shall be responsible for adding the applicable state and local sales tax to all rental payments. The monthly rent payment shall clearly indicate what amount of the total payment is for

rent and what amount is for state and local sales tax. In the event Lessee is a tax exempt entity, Lessee shall not be required to add applicable state and local sales tax to the rental payments.

Rent payments shall be made payable to the City of Pensacola and forwarded to the office of the Airport Director.

IV. Utilities.

The Lessee shall be solely liable for the cost of all utility consumption on the Leased Premises and the Lessee shall obtain separate meters accordingly with the exception of utility consumption for the Leased Premises inside the Terminal Building. During the term of this Agreement, the City shall provide existing light, heat, air-conditioning, and electricity for the Terminal building. The City shall not be obligated to provide for the extension of these utilities or to provide for the installation of any other utilities. Any additional requirements Lessee may have shall be the responsibility of the Lessee.

The City reserves the right to invoice the Lessee for its prorata share of power, air conditioning and heating costs. The Lessee shall be solely liable for the cost of any data and voice services required and the Lessee shall obtain a separate account accordingly.

V. Term, Renewal, and Termination.

The Parties hereby agree the Term of this Agreement shall be for three (3) years, commencing on November 1, 2017 and expiring midnight on September 30, 2020. The Parties agree that upon written first renewal request to the City by Lessee, such request received by the City no later than thirty (30) days prior to the expiration of this Lease, the Parties may mutually consent to a first renewal for a one (1) year renewal term, and the Parties further agree that upon written second renewal request to the City by Lessee, such request received by the City no later than thirty (30) days prior to the expiration of the first renewal year, the Parties may mutually consent to an additional second renewal for a one (1) year second renewal term, provided however, both Parties expressly acknowledge no renewal shall be considered by either Party as mandatory or automatic.

Lessee acknowledges that the Leased Premises are located in the Airport terminal building and the Lease itself is contingent upon other operations at the Airport, and thus agrees the City may terminate this Agreement by giving Lessee (30) days written notice.

VI. Right of Entry.

a. Right of Entry and Inspection: The City and its authorized officers, employees, agents, contractors, subcontractors and other representatives shall have the right to enter upon the Leased Premises at all times:

i. To inspect the areas to determine whether Lessee has complied with and is complying with the terms and conditions of this Lease; and

- ii. To perform maintenance and make repairs in any case where Lessee is obligated but has failed to do so; and
 - iii. To perform any and all things which the Lessee is obligated to and has failed after reasonable notice so to do; and
 - iv. In the exercise of Lessee's police powers; and
 - v. As necessary for Airport business and operations or pursuant to any term or condition of this Lease in the sole discretion of the Airport Director.
- b. Right to Install Items: The City shall have the right to construct or install over, in, under or through Airport new lines, pipes, mains, wires, conduits and equipment as the City may deem necessary.

VII. Insurance and Indemnification.

General:

The Lessee shall procure and maintain insurance of the types and to the limits specified.

The term City as used in this section of the Lease is defined to mean the City of Pensacola itself, any subsidiaries or affiliates, elected and appointed officials, employees, volunteers, representatives and agents.

The Lessee and the City understand and agree that the minimum limits and types of insurance herein required may become inadequate during the term of the Lease. The Lessee agrees that it will increase or change such coverage as required by the City within ninety (90) days upon receipt of written notice from the Airport Director.

Insurance Requirements:

Insurance shall be issued by an insurer whose business reputation, financial stability and claims payment reputation is satisfactory to the City, for the City's protection only. Unless otherwise agreed, the amounts, form and type of insurance shall conform to the following minimum requirements:

A. Commercial General Liability Coverages:

The Lessee shall purchase coverage on forms no more restrictive than the latest editions of the Commercial General Liability and Business Auto policies filed by the Insurance Services Office. The City shall be an Additional Insured and such coverage shall be at least as broad as that provided to the Named Insured under the policy for the terms and conditions of this agreement. The City shall not be considered liable for premium payment, entitled to any premium return or dividend and shall not be considered a member of any mutual or reciprocal company. Minimum limits of \$1,000,000 per occurrence, and per accident,

combined single limit for liability must be provided, with umbrella insurance coverage making up any difference between the policy limits of underlying policies coverage and the total amount of coverage required.

1. Commercial General Liability coverage must be provided, including bodily injury and property damage liability for premises, operations, contractual, products and completed operations, and independent contractors. Broad Form Commercial General Liability coverage, or its equivalent, shall provide at least broad form contractual liability applicable to this specific contract, as well as personal injury liability and broad form property damage liability. The coverage shall be written on an occurrence-type basis.

Certificates of Insurance:

Required insurance shall be documented in the Certificates of Insurance that provide that the City of Pensacola shall be notified at least thirty (30) days in advance of cancellation, non-renewal or adverse change or restriction in coverage. The City of Pensacola shall be named on each Certificate as an Additional Insured and this contract shall be listed. If required by the City, the Lessee shall furnish copies of the Lessee's insurance policies, forms, endorsements, Jackets and other items forming a part of, or relating to such policies. The Lessee may black-out any proprietary or salary information included in any policy required under this agreement that is requested by the City. Certificates shall be on the "Certificate of Insurance" form equal to, as determined by the City an ACORD 25. Any wording in a Certificate which would make notification of cancellation, adverse change or restriction in coverage to the City an option shall be deleted or crossed out by the insurance carrier or the insurance carrier's agent or employee. The Lessee shall replace any canceled, adversely changed, restricted or non-renewed policies with new policies acceptable to the City and shall file with the City Certificates of Insurance under the new policies prior to the effective date of such cancellation, adverse change or restriction. If any policy is not timely replaced, in a manner acceptable to the City, the Lessee shall, upon instructions of the City, cease all operations under the Lease until directed by the City, in writing, to resume operations. The "Certificate Holder" address should read: City of Pensacola, Department of Risk Management, Post Office Box 12910, Pensacola, FL 32521.

An additional copy should be sent to the Pensacola International Airport, Attn: Airport Administration and Contracts Manager, 2430 Airport Blvd., Suite 225, Pensacola, FL 32504.

Insurance of the Contractor Primary:

The Lessee's required coverage shall be considered primary, and all other insurance shall be considered as excess, over and above the Lessee's coverage. The Lessee's policies of coverage will be considered primary as relates to all

provisions of the agreement.

Loss Control and Safety:

The Lessee shall retain control over its employees, agents, servants and subcontractors, as well as control over its invitees, and its activities on and about the subject premises and the manner in which such activities shall be undertaken and to that end, the Lessee shall not be deemed to be an agent of the City. Precaution shall be exercised at all times by the Lessee for the protection of all persons, including employees, and property. The Lessee shall make special effort to detect hazards and shall take prompt action where loss control/safety measures should reasonably be expected.

Hold Harmless:

The Lessee shall indemnify and hold harmless the City of Pensacola, its officers and employees, from any and all liabilities, damages, losses, and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness or intentional wrongful misconduct of the Lessee and persons employed or utilized by the Lessee in the performance of this agreement. The Lessee's obligation shall not be limited by, or in any way to, insurance coverage or by any provision in or exclusion or omission from any policy of insurance.

VIII. Compliance with Rules and Regulations.

Lessee shall conform to all Federal, State, or local laws and regulations, as well as all City of Pensacola Codes and Ordinances, and City and Airport rules, regulations and policies all of which may apply to the services to be performed.

Lessee shall obtain and maintain in force all licenses, permits, and other certificates required by Federal, State, County, or municipal or Airport authorities for operation under the terms of this Lease.

Lessee observe all security requirements of Transportation Security Administration 49 CFR 1542, and the Airport Security Program, as may be applicable, and as the same may, from time to time, be amended, and to take such steps as may be necessary or directed by the City to ensure that employees, invitees, agents, and guests observe these requirements.

Should City incurs any costs, fees, fines or penalties imposed by as a result of the acts or omissions of Lessee under this Section VIII, Lessee shall pay or reimburse the City upon demand by the Airport Director in accordance with such demand notice for all such monies.

Lessee acknowledges the Airport is a secure and significant facility and as such Lessee shall not through any act or omission cause even the risk of fire, slippage or other hazard whatsoever, or cause any hazard to persons, or property, or obstruct or interfere with the rights of any other Airport tenants, or in any way injure or annoy Airport tenants, or any act or omission which violates or causes violation of any applicable health, fire, environmental, or other regulation of any level of government. Any breach of this paragraph shall be a material breach of the Lease and City expressly may immediately take any action in the sole discretion of the Airport Director to secure correction of such risk exposure, and thereafter Lessee shall pay or reimburse the City upon demand by the Airport Director in accordance with such demand notice for all costs to the City.

IX. Supervision of Employees, Parking.

Lessee shall ensure that its employees conduct themselves in a professional and courteous manner at all times. Lessee's employees shall be appropriately dressed at all times, and maintain a clean, neat, well-groomed appearance. Lessee will be obligated to control the actions of its employees and cooperate with the City in controlling any employee whose conduct the Airport Director feels is detrimental to the best interest of the Airport and public.

City will provide Lessee with reasonably adequate vehicular parking facilities for its employees at the Airport. Such facilities shall be located in an area designated by the Airport Director. The City reserves the right to assess a reasonable charge for such employee parking facilities. Such charge for Lessee parking use shall not exceed that which is charged to other commercial tenants in the Terminal Building.

X. Signs.

Lessee shall not permit signs, logos, or advertising displays placed or erected in any manner upon the Leased Premises, or in or on any improvements or additions on the Leased Premises, without the prior written approval of the Airport Director. Signs identifying Lessee shall conform to reasonable standards established by the City, with respect to type, size, design, condition and location.

XI. Assignment.

Any assignment or sublet of this Lease is prohibited and shall be null and void and of no effect.

XII. No Waiver by City.

A failure by City to take any action with respect to any default or violation by Lessee of any of the terms, covenants, or conditions of this Lease shall not in any respect limit, prejudice, diminish or constitute a waiver of any rights or remedies of City to act with respect to any prior, contemporaneous, or subsequent violation or default or

with respect to any continuation or repetition of the original violation or default. The acceptance by City of payment for any period or periods after a default or violation of any of the terms, conditions, and covenants of this Lease shall not constitute a waiver or diminution of, nor create any limitation upon any right of City pursuant to this Lease to terminate this Lease for subsequent violation or default, or for continuation or repetition of the original violation or default.

XIII. Surrender Upon Termination.

Upon the expiration or termination of this Lease, for any reason whatsoever, Lessee shall peaceably surrender to the City possession of the Leased Premises. Lessee warrants to City that any and all improvements, alterations, or fixtures previously constructed by Lessee shall remain free and clear of any claims or interests of Lessee, Lessee's contractors or subcontractors, creditors, invitees, or any other third party. Should Lessee violate this provision, without waiver of other action by City for City's own benefit, Lessee shall pay to remove any encumbrance, lien or debt associated with Lessee's occupation of the Leased Premises and hereby warrants that Lessee shall hold the City harmless therefrom. Excepting personal property of Lessee, upon surrender, City may in the Airport Director's sole discretion, assume ownership of any fixture or property within the Leased Premises or require Lessee, at Lessee's sole cost and expense to remove any property or fixture.

XIV. Subordination.

This Lease shall be subordinate to existing and future Airport Bond Resolutions. This Lease shall also be subject to and subordinate to agreements between the City and State and Federal agencies for grants-in-aid and to the provisions of any agreements heretofore made between the City and the United States, relative to the operation or maintenance of the Airport, the execution of which has been required as a condition precedent to the transfer of federal rights of property to the City for Airport purposes, or to the expenditure of federal funds for the extension, expansion, or development of the Airport, including the expenditure of federal funds for the development of the Airport in accordance with the provisions of the Federal Airport Act of 1958, as it has been amended from time to time. Any agreement hereafter made between the City and the United States will not be inconsistent with rights granted to Lessee herein.

XV. Attorney's Fees.

The prevailing Party in any action, claim or proceeding arising out of this Lease shall be entitled to attorney's fees and costs from the losing Party.

XVI. Force Majeure.

The City shall not be deemed in violation of this Lease if it is prevented from performing any of the obligations hereunder by any reason of strikes, boycotts, labor

disputes, embargoes, shortage of material, acts of God, weather conditions, or for any other circumstance for which it is not responsible or which is not within its control.

XVII. Relationship of Parties.

Lessee represents and warrants Lessee is not in any way or for any purpose a partner or joint venturer with or agent of the City. Lessee shall act as an independent contractor in the performance of its duties pursuant to this Lease.

XVIII. Notices.

All notices by either party to the other shall be made either by utilizing the registered or certified mail of the United States of America, postage prepaid, or by utilizing any other method of delivery requiring signature for receipt, and such notice shall be deemed to have been delivered and received on the date of such utilization. All notices to the City shall be mailed to:

All notices to Lessee shall be mailed to:

The parties from time to time may designate in writing changes in the address stated.

XIX. Entire Lease.

This writing, together with all the attached exhibits, constitutes the entire agreement of the parties. This Lease supersedes all prior agreements, if any, between the City and Lessee, and no representations, warranties, inducements, or oral agreements that may have been previously made between the parties shall continue in effect unless stated herein. This Lease shall not be modified except in writing, signed by the City and Lessee.

XX. Partial Invalidity.

If any term or condition of this Lease or the application thereof to any person or event shall to any extent be deemed invalid and unenforceable, the remainder of this Lease and the application of such term, covenant, or condition to persons or events other than those to which it is held unenforceable shall not be affected, and each term, covenant and condition of this Lease shall be valid and enforced to the fullest extent permitted by law.

XXI. Successor.

The provisions, covenants and conditions of this Lease shall bind and inure to the benefit of the legal representatives, successors and assigns of each of the parties.

XXII. Consents and Approvals.

Where this Lease requires approval from the City, prior written approval from the Airport Director shall be considered to fulfill such requirements.

XXIII. Governing Law.

This Lease is governed and construed in accordance with the laws of the State of Florida. The law of the State of Florida shall be the law applied in the resolution of any claim, actions or proceedings arising out of this Lease.

XXIV. Venue.

Venue for any claim, actions or proceedings arising out of this Lease shall be Escambia County, Florida.

XXV. Headings.

The headings contained in this Lease are inserted only as matter of convenience and for reference and do not define or limit the scope or intent of any provision of this Lease and shall not be construed to affect in any manner the terms and provisions hereof or the interpretation or construction of said terms and provisions.

XXVI. Public Records Act.

The parties acknowledge and agree to fulfill all obligations respecting required contract provisions in any contract entered into or amended after July 1, 2016, in full compliance pursuant to Section 119.0701, *Florida Statutes*, and obligations respecting termination of a contract for failure to provide public access to public records. The parties expressly agree specifically that the contracting parties hereto shall comply with the requirements within Attachment "A" attached hereto and incorporated by reference.

(END OF TEXT; SIGNATURE PAGES TO FOLLOW)

IN WITNESS WHEREOF, the parties hereto have signed this instrument the day and year first above written.

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

AIRPORT COMMERCE PARK - PROPERTY ACQUISITION N6116 - COLLEGE HEIGHTS

RECOMMENDATION:

That City Council authorize the purchase of N6116 (Parcel ID#141S292102000001) from Holly D. Terrell for \$93,000, closing costs of \$1,900, a 5% contingency in the amount of \$4,745, moving costs of \$5,000, for a total amount of \$104,645.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The 2000 Airport Master Plan identified 65 acres of property adjacent to the northwest quadrant of the Airport for future land acquisition and development. In 2004, the Airport began the preliminary planning for the acquisition and development of this area for an Airport Commerce Park and performed an inventory of the properties in the designated area and held public meetings with both residential and business property owners.

The Airport contacted the property owner (Holly D. Terrell) of parcel N6116 and expressed an interest in purchasing the parcel located in the College Heights neighborhood. After discussions with the property owner, an offer was made based on a fair market value appraisal and a technical review appraisal performed by independent MAI certified appraisers. The offer was subsequently accepted by the property owner.

A Florida Department of Transportation (FDOT) Grant is in place that will fund the acquisition.

This parcel contains a commercial structure no longer in business and therefore relocation assistance in accordance with federal relocation guidelines is not required. The purchase price, closing/miscellaneous costs, legal fees, 5% contingency, and move costs for commercial fixtures are detailed in the estimated costs for the property on the following page.

PRIOR ACTION:

August 2006 - August 2017 - City Council approved the purchase of 91 residential and 24 commercial parcels as identified on the attached site map.

September 14, 2017 - City Council approved acceptance of an FDOT Grant in the amount of \$1,396,069 and appropriated the grant funds.

FUNDING:

Budget:	\$ 1,396,069	FDOT
Actual:	\$ 93,000	Purchase Price
	500	Title, Examination, and Issuance
	500	Recording and Doc Stamps
	400	Legal Fees
	500	Estimated Survey
	<u>\$ 94,900</u>	Sub-Total
	4,745	5% Contingency
	<u>5,000</u>	Move Costs
	<u>\$ 104,645</u>	Total

FINANCIAL IMPACT:

Funds are available from FDOT grant proceeds.

Letter of Transmittal

RE: An Appraisal Report of the Fee
Simple Estate in the Retail/Office Building
Located at 6116 Tippin Avenue in Pensacola,
Florida 32504
(N6116)

Dear Mr. Laven:

At your request, information was obtained and reviewed of the above referenced property for the purpose of estimating the current market value of the Fee Simple Estate. In compliance with the "Uniform Standards of Professional Appraisal Practice", this letter of transmittal is followed by an appraisal report in which all applicable approaches to value are used and with the value conclusion reflecting all known information about the subject property, current and projected market conditions, and other available data. This report contains to the fullest extent possible and practical, explanations of the data, reasoning and analysis used to develop the opinion of value. It also includes thorough descriptions of the subject property, the property's locale, the market for the property type, and my opinion of highest and best use.

Market value will be defined in the appraisal report, but basically assumes a willing buyer-seller, both knowledgeable of the subject real estate market and with the valuation at the property's highest and best use. Both exposure and marketing time periods are estimated to be between six to twelve months. I have performed no other services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

The subject property is the Retail/Office Building located at 6116 Tippin Avenue in Pensacola, Florida 32504. The land size is 0.184 acres or 8,031 square feet per the County information and the property has a corner location. The subject property is improved with an approximate 1,013 square foot retail store previously operated as The Book Worm book store. The property is currently vacant and includes a screened rear porch and enclosed storage closet.

Subject to the above and the limiting conditions and certification as set forth herein, it is my opinion that the current market value of the Fee Simple Estate of the Retail/Office Building located at 6116 Tippin Avenue in Pensacola, Florida 32504 as of the last date of inspection, July 28, 2017, was:

CURRENT MARKET VALUE

NINETY THREE THOUSAND DOLLARS
\$93,000

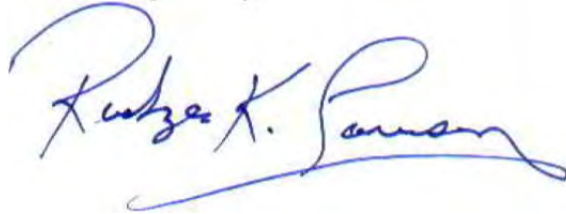

This appraisal is based upon the extraordinary assumption the lot size and age of the improvements is correct as noted on the Escambia County Property Appraiser's website and that there are no adverse easements or encroachments. This appraisal considers no hypothetical conditions.

I hereby certify I have no interest, present or contemplated, in the appraised property. This appraisal has been prepared utilizing all of the requirements set forth as Standards for Real Estate Appraisals as established for federally related transactions and the State of Florida 32504. The appraisal conforms to the Uniform Standards of Professional Appraisal Practice (USPAP) and title XI of FIRREA. The fee for this appraisal was not based on a minimum value nor was the assignment undertaken based on a pre-determined value or guaranteed loan amount.

INCOME APPROACH: \$94,000

FINAL VALUE OPINION: \$93,000

This appraisal is based upon the extraordinary assumption the lot size and age of the improvements is correct as noted on the Escambia County Property Appraiser's website and that there are no adverse easements or encroachments. This appraisal considers no hypothetical conditions.

SCOPE OF THE APPRAISAL PROCESS

City of Pensacola - Pensacola International Airport is both my client and the intended user for this report. The use of this appraisal will be to aid in the negotiations for the purchase of the property by the City of Pensacola - Pensacola International Airport. The purpose of this report is to provide an opinion of the current market value of the Fee Simple Estate for the subject property located at 6116 Tippin Avenue in Pensacola, Florida 32504 32566. The current date of value is July 28, 2017, the last date of inspection.

In an effort to meet your requirements as well as conforming to the Uniform Standards of Professional Appraisal Practice (USPAP), a visual inspection was made of the subject land and improvements. The land size information was obtained from the County information and is assumed to be correct. This appraisal is based upon the extraordinary assumption the lot size and age of the improvements is correct as noted on the Escambia County Property Appraiser's website and that there are no adverse easements or encroachments. This appraisal considers no hypothetical conditions.

In addition to the physical inspection, research was conducted on a regional and neighborhood basis in an effort to identify trends and factors which have an effect on area property values. Once these trends and factors were identified, a highest and best use analysis was conducted. Upon determination of the land's highest and best use, similar improved sales and improved rents were researched for use in the sales comparison approach and income approach to value. The improved sales were extracted from the public records information, confirmed with one of the parties to the sale and then written up in detail in the body of the sales comparison approach to value. They were adjusted for differences and reconciled into a value opinion via this approach. Income and expense information was obtained for use in the income approach to value. The two approaches to value result in separate value estimates with appropriate weight given to each for reconciliation into a final value conclusion. Considering the age of the building and/or the recent lack of meaningful land sales, the cost approach is being eliminated from consideration. As little or no weight would be given to this approach, its elimination would have no negative effects on the final value opinion.

PROPERTY RIGHTS APPRAISED

There are several different types of ownership interest that can be appraised. These include the Fee Simple Estate ownership interest, the Leased Fee ownership interest and the Leasehold ownership interest.

“Fee Simple Estate” has been defined as:

"Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat."¹

“Leased Fee Estate” has been defined as:

"An ownership interest held by a landlord with the rights of use and occupancy conveyed by lease to others. The rights of the lessor (the leased fee owner) and the leased fee are specified by contract terms contained within the lease"²

“Leasehold estate” has been defined as:

"The interest held by the lessee (the tenant or renter) through a lease conveying the rights of use and occupancy for a stated term under certain conditions."³

The property rights that are being appraised are those of the Fee Simple Estate.

PURPOSE OF APPRAISAL

The purpose of this appraisal is to arrive at a supportable estimate of the market value of the subject property. The objective of this report is to present the data and reasoning used to form this opinion of value.

USE OF APPRAISAL

This appraisal is being prepared for use by City of Pensacola - Pensacola International Airport. The use of this appraisal will be to aid in the negotiations for the purchase of the property by the City of Pensacola - Pensacola International Airport.

DATE OF VALUE AND OF PROPERTY INSPECTIONS

The property was last inspected on July 28, 2017, which is also the current date of value. This report was prepared on August 8, 2017.

MARKET VALUE DEFINITION AND IMPLICATIONS

The definition of market value as currently stated by The Office of the Comptroller of the Currency is as follows:

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- A. Buyer and seller are typically motivated;
- B. Both parties are well informed or well advised and each acting in what they consider their own best interest;
- C. A reasonable time is allowed for exposure in the open market;
- D. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto;
- E. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale."⁴

⁴ The Office of the Comptroller of the Currency, 12CFR, Part 34

PART TWO: DESCRIPTIONS, ANALYSIS AND VALUE CONCLUSIONS

GENERAL AREA LOCATION MAP

GENERAL AREA DATA

There are four basic interrelated forces that influence the value of a property: Social/population trends; economic changes and adjustments; governmental controls and regulations; and physical or environmental changes. These forces are considered in every phase of the evaluation and valuation process but are best discussed in the General Area Data and Neighborhood Data sections of the report. The subject's general area is considered the Pensacola Metropolitan Statistical Area (MSA), which includes the City of Pensacola and the nearby communities of Cantonment, Pace, Milton, and Gulf Breeze, located in Escambia and Santa Rosa Counties. The interrelated forces influencing this general area, as listed above, follow:

GENERAL AREA DATA (Cont'd.)

SOCIAL/POPULATION

Among the more important factors in a market study are the area population trends and the factors that affect the expected future population. The information obtained for the subject's market area of the Pensacola MSA, which consists of Escambia and Santa Rosa counties, was obtained from the *United States Census Bureau* and updated through the *Site To Do Business*.

The Pensacola MSA has a year 2016 population estimate of 480,583, based on projections by ESRI and quoted by the *STDB (Site to do Business)* which is up from the 2010 Census of 448,991. This average increase per year of 0.18% is expected to continue into the future with current estimates for the year 2021 being 507,895. The average household size is 2.49 people per residence and there currently are an estimated total of 212,880 housing units of which 55% are owner occupied, 30.6% are renter occupied and 14.4% are vacant. The number of vacancies may be somewhat misleading, as many of the beach properties are only seasonally occupied. The median household income for 2016 is indicated to be \$48,074.

The population increase for the Pensacola MSA over the next five years is expected to be 27,312 people. This translates to the need for 10,969 new households (2,194/Year) over the next five years. The median house value in the community is \$152,498. Considering the median household income along with the average rule-of-thumb that 25% of the household income can go toward a mortgage, would indicate approximately \$12,019 (\$1,002/month) can be used for mortgage payments in the median household. Considering a 4.5% interest rate, monthly payments of \$1,002 and a 30 year amortization, the median household can afford a mortgage in the amount of \$197,776 and considering a 10% down payment, the median household could afford a home of about \$219,729. As this is well above the currently indicated median home value, there is room for continued home value increases.

GENERAL AREA DATA (Cont'd.)

As stated, the beach area condominium market is largely made up of absentee owners. Looking at a list of owners from a typical development such as the Emerald Isle Condominium shows owners from Indiana, Louisiana, Florida, Virginia, Georgia, Washington, Tennessee, Arkansas, Alabama and Mississippi, to name a few. As the condominium market is made up of such a large segment of the United States population, local single-family housing occupancy statistics would have little impact on condominium prices.

As with most markets, the Escambia County/Santa Rosa County general area experienced a housing bubble between 2004 and 2005. In an effort to demonstrate the current status of the Escambia and Santa Rosa housing market, statistical information was obtained from the Pensacola Association of Realtors' Multiple Listing Service (PARMLS). While the PARMLS does not account for all sales, it is a good representation of what is going on in the local market. PARMLS sales for condominiums, single-family homes, and residential lots (< 1/2 acre) were researched within the two-county area and included in the following chart.

Average Sales Trends

*As of 12/20/2016

GENERAL AREA DATA (Cont'd.)

Sale prices in all categories peaked around 2005 and 2006 and have dropped since these peaks. The 2015 average for condos is about 31% below the peak but it appears the 2012 through 2016 values are starting a new upward trend. Similarly, the 2015 average for single family homes is about 3.5% below the peak but it appears a new upward trend has been realized between 2012 and 2016. The 2015 average for residential lots under ½ acre in size is about 36% below the peak and while values have fluctuated in recent years, they are considered to be fairly stable.

According to the PARMLS, as of December of 2016 there were 403 condo units listed in the two-county area, which represents an inventory of about 7 to 8 months based on the 2016 monthly absorption of about 54 condominiums per month. Area Realtors indicate there is a lack of condominium supply and new inventory is needed. At the present time there are two new condominium developments under construction in the Pensacola MSA. The 64 unit Vista Del Mar is being constructed at 13333 Johnson Beach Road and 48 of the units are under contract. Unit sizes range from 1,953 square feet up to 3,293 square feet and the sale prices range from \$715,000 to \$2,100,000 and the average price per square foot is \$433.03/SF. The 701 South Palafox condo in Pensacola's downtown includes 9 units, 7 of which are under contract. This development includes units that are 1,670 square feet and 2,422 square feet and the contract prices were said to be \$423/SF to \$428/SF.

According to the PARMLS, as of December of 2016 there were 2,807 single-family homes listed in the two-county area, which represents an inventory of about 4 to 5 months based on the 2016 absorption of 635 homes per month. Area economists Rick Harper indicated new home construction is necessary once housing inventories reach a nine-month supply, and there is new construction currently taking place in the area to meet the demand, which is aiding in area lot absorption increases.

There were 1,083 single-family lots (<1/2 acre) listed in the PARMLS in December of 2016 within the two-county area. In 2016 the lot absorption rate was about 38 sales per month, and considering the current listings, there is just under a 29 month inventory; however, with the increasing population and the need for 2,194 new homes per year, this inventory is more likely

GENERAL AREA DATA (Cont'd.)

going to be much less than projected based on MLS sales. Area developers have recognized the need for new subdivisions based on the population growth and are actively developing new subdivisions and apartments, with the majority of this growth being in the northwestern Pensacola area near the growing Navy Federal Campus.

Some of the motivation behind the area population growth is the area military bases. The U.S. Government has been downsizing and closing military bases all over the world as well as within this country. Rather than being downsized, the Pensacola area bases have been realizing net gains as departments and personnel from closed bases are being relocated to this area. In 2015, the Naval Air Station (NAS) Pensacola website <http://www.globalsecurity.org/military/facility/pensacola.htm> stated there were more than 9,600 military personnel and 6,800 civilians working in the Escambia and Santa Rosa County areas.

An additional explanation behind the Pensacola area growth is the location in the "Sunbelt" along the Gulf Coast of Florida. The sugar white beaches and clear waters of the Gulf of Mexico attract thousands of visitors every year. Realizing the area benefits (year-round sunshine, warm temperatures, no snow); many of these visitors choose to make Pensacola their permanent home.

Tourism in the general area is one of the largest industries, along with the military. To capitalize from the growing number of tourist, the county has a local "bed tax" that produces additional revenue from the number of tourist staying in the various hotels and motels throughout the county. As reported by the Clerk of the Circuit Court's Office of Escambia County, the area has been realizing steady tourism growth since 2010. The 2016 tourism sales are about 8% above the 2015 numbers, indicating a very robust and growing tourist industry. The trailing 12 months of Tourist Development tax Collection Data follows.

According to the Haas Center, the business cycle index for the Pensacola MSA appears to be increasing since the recent recession. The following graph also shows that job growth is beginning to take place again. While it has not recovered to pre-recession numbers, jobs are steadily increasing since the lows realized in 2009 and 2010.

ECONOMIC CHANGE AND ADJUSTMENTS

In addition to considering the area's population and expected increases, a commercial study should also consider area economics. Even if the population continues to increase, the new population must be able to afford the area goods and services; therefore, it becomes necessary to look at the economic conditions and the projected economic future.

According to the *U.S. Bureau of Labor*, the Pensacola MSA unemployment rates were 4.6% in April of 2015, which is slightly below the most current state average of 5.5%. The services sector is the primary employer in the Pensacola MSA at 46.9%, as reported by the STDB's most recent information (2015). The retail trade is the secondary source of employment with 12.8% of the workforce, construction is 11%, finance/ insurance/ real estate is 6.5%, and manufacturing makes up 5%.

Area tourism is a component of both the services sector and the retail trade. According to *Florida's Great Northwest*, job growth is expected in the Pensacola MSA, which is shown on the following chart.

According to the West Florida Economic Development Alliance, some of the 2015 top area major employers in the Pensacola MSA include Baptist Health Care (4,494); Sacred Heart Health Systems (3,483); Navy Federal Credit Union (3,845); Gulf Power Company (1,774); West Florida Healthcare (1,300); Ascend Performance Materials (800); West Corporation (800); Medical Center Clinic (500); Santa Rosa Medical Center (498); International Paper (450); Cox Communications (400); CHCS service/iGate (380); Blackwater Correctional Facility (348); Armstrong World Industries (300) and Media Com (300) to name a few.

GENERAL AREA DATA (Cont'd.)

Recently Navy Federal Credit Union announced its latest and greatest expansion plans to its Pensacola campus, which currently employs over 3,845. Navy Federal purchased an adjoining 240 acres and is in the process of a \$350 million expansion that will create an additional 5,000 jobs with average salaries of \$44,000 a year by 2016. This investment is also estimated to bring around 1,000 new indirect jobs to the regional economy. NFCU announced they expect to have a total of 10,000 employees at their Nine Mile Road, Pensacola location by 2020. Once these planned expansions are completed, Navy Federal will by far be the largest employer for the Pensacola MSA. These announcements will help in the local economic development efforts for recruiting more regional, national and international firms to the area.

Adjacent to the Navy Federal's Heritage Oaks campus is an approximate 640-acre Navy Outlying Landing Field (OLF) being purchased by Escambia County for the development of a commerce park expected to eventually create an additional 4,000 jobs. Escambia County has agreed to purchase a 601-acre parcel in Santa Rosa County to relocate the current OLF. Once the county takes possession of the existing OLF they will spend between \$10 million and \$15 million to develop the commerce park.

Gulf Power, the area's power company, has been actively buying up 4,000 acres of land in the north end of Escambia County for a new power plant that will likely replace the existing coal burning Christie Plant found along the Escambia River in northern Pensacola. According to Sandy Sims, Gulf Power's Economic Development Manager, Gulf Power has already purchased 3,000 acres and has the remaining 1,000 acres under contract or identified for the new plant. It is not yet known if the new plant will be a natural gas plant or a nuclear plant but they expect to finalize their plans by the end of 2014. Replacing the coal plant with a cleaner energy plant will aid in cleaning up Escambia Bay and will help the area's air quality.

Another recent announcement is the new 30 year lease between the City of Pensacola and ST Aerospace Mobile, Inc. in 2014, a Singapore-based company that does

GENERAL AREA DATA (Cont'd.)

maintenance repairs and overhauls for large commercial aircraft. The agreement would provide ST with a \$37 million dollar maintenance and repair facility on 19 acres at Pensacola International Airport's commerce park and ST will bring in about 300 high-skill, high-wage jobs. Securing a long-term contract with ST raises Pensacola's profile among domestic and international aerospace parts suppliers. This is particularly important in light of the parts suppliers that eventually will be locating near the \$600 million Airbus Assembly Plant, currently under construction at Mobile's Brookley Aeroplex. The first Airbus A-320 passenger jets are expected to roll off the assembly line in 2016.

Downtown at the Community Maritime Park for Blue Wahoos, Quint Studer has just finished construction on a \$15 million four-story office building and the building is fully leased at \$28.00/SF – full service. Beck Property Company also recently started construction on its \$4 million-plus, three-story, 26,715 square foot mixed-use building at the corner of Port Royal Way and Main Street in the first half of 2014. This building will have retail on the ground floor, Beck office space on the second floor and luxury condominiums on the third floor. Just east of the Maritime Park, the newly renamed Bank of Pensacola's new multimillion dollar branch at Palafox and Main Street was completed at the end of 2014.

The first apartment complex to be started in numerous years began construction in 2014. The South at Navarre Beach will be a 250-unit, \$34.5 million project being constructed in the Navarre area of South Santa Rosa County. The complex will include five four-story buildings with 129 one-bedroom units, 101 two-bedroom units and 20 three-bedroom units. The complex is expected to be completed within 18 to 20 months with staggered openings. The Studer Group purchased the old News Journal Building in downtown Pensacola and has begun interior demolition for redevelopment of the building into apartments.

The cost of living in the area is also one of the lowest in the country. National studies, which rate American cities for their desirability, commonly rate Pensacola's MSA near the top of the pack due to the low cost of living and high quality of life. The most recent report for the annual income per capita for the Pensacola MSA was \$23,517 (2014), the median household income was \$43,681 and the average household income was \$59,465.

GENERAL AREA DATA (Cont'd.)

In conclusion, the Pensacola MSA is considered to have a strong economic base, which is expanding. The area's U.S. Naval and Air Force bases are considered to have a solid future. Tourism is a large factor in the economic success of the area, and in spite of hurricane related setbacks and the oil disaster in the Gulf of Mexico in the past decade, recovery efforts have proven successful.

GOVERNMENTAL CONTROLS AND REGULATIONS

A general area analysis of a growing area would not be complete without considering the area's government and its outlook on future expansion. If the local government is anti-growth, laws can be enacted which would stifle development and population growth. On the other hand, if the government is pro-growth, taxes, zoning, agencies, and personnel can be used by the government to promote new business development, creating a larger economic base and additional population growth, which would support the existing and planned development of income producing properties. The Pensacola MSA governing bodies are pro-growth organizations.

The Escambia County government is a five man Board of Commissioners elected every four years by their district. They appoint a County Administrator who oversees the county budget and operations. This body has been actively obtaining land for new commerce parks and encourages new development.

Pensacola has a City Council with 7 council members elected to four-year terms and a "strong mayor" form of government, which included the mayor now being elected by the city residents and having more control in the daily operations of the city government, including overseeing the annual budget of over \$200 million. The city and county currently have zoning ordinances in effect covering the southern region of the county. The county also has a state required Future Land Use Plan which is designed to ensure organized growth over its 20 year life. This plan is reviewed every five years to ensure that it is keeping up with area needs. The plan can also be

GENERAL AREA DATA (Cont'd.)

petitioned for changes. The major topics handled in the plan include consistency, environmental, threatened and endangered species, land use approval on site plans, concurrency, and permitting.

General revenues are raised through an ad valorem tax system. The Escambia County Appraisers Office assesses the property at "just value" which is a percentage of market value that is supposed to be about 85% of market value; however, it commonly range from 20% to 85%. The area property taxes are among the lowest in the state, which makes it more affordable for new business development. The City of Pensacola has established a Community Redevelopment Administration (CRA), which is responsible for improving the look of the city. The CRA receives a portion of the taxes collected in the downtown district and utilizes these funds for infrastructure improvements (streets, sewer lines, water lines, parks, etc.). By upgrading the look of the city, the appeal also increases attracting additional business development and tourist dollars increasing the economic and population base.

The County and City governments also work closely with private businesses in efforts to attract additional business to the area. The government's development of structures such as the Pensacola Bay Center, the Saenger Theater and the Creative Arts Center, aid in drawing convention business to the area. Over the past several years, convention traffic has increased at a rate of about 30% per year bringing new visitors to the area who aid in strengthening the area's economic base; however, with the down turn in the economy convention traffic has slowed. The economic base is also strengthened by the government's development of industrial parks in which the land is sold to "clean air" industries at very low rates in return for the creation of additional area jobs expanding the economic and population base.

The Emerald Coast Utilities Authority (ECUA) relocated their Pensacola downtown wastewater treatment plant to the northern area of Escambia County. This project was a \$316 million development project that started in 2007 and was completed in December of 2010. The new state of the art facility creates the ability for additional industrial development in the north end of

GENERAL AREA DATA (Cont'd.)

the County and the water reclamation will be used for industrial purposes, greatly reducing overall water consumption. No effluent will be dumped into the area bays, so area water quality will be expected to increase with this new facility. The previous downtown sewer plant has been dismantled and cleared for future development. With the elimination of the wastewater smells, the waterfront will also be more desirable for new development, which is on-going.

On more of a regional basis, there is a new International Airport developed to the east in Bay County near the Walton County line. This project was constructed on about 2,000 acres donated by the Saint Joe Company and was completed in the fall of 2010. This airport provides the region with direct flights that are expected to aid in increasing the tourist populations. Additionally, after a large renovation project, the Pensacola Regional Airport was renamed the Pensacola International Airport. Land surrounding the International Airport is being purchased for redevelopment into a clean-air industrial park that will support airport operations.

In conclusion, the local governmental agencies aid in the development of the Pensacola MSA. Zoning, along with the Future Land Use Plan, is used to insure organized, homogeneous growth, which adds to the area's appeal. The low taxes and affordable real estate are also enticing factors for future prospective businesses. The government's willingness to aid in the development of the economic base also creates a stronger population base.

LOCATION AND PHYSICAL FACTORS

The location and physical factors of the area are important, as they are a major impetus in the relocation of Navy personnel, as well as the growth of new businesses and the civilian population. Available land, good weather, water, and recreational aspects are all factors considered by a potential future resident of the area. If these factors are congenial, they will aid in the growth and stability of the area.

GENERAL AREA DATA (Cont'd.)

Escambia County has a land area of approximately 661 square miles and an additional water area of 100 square miles. The altitude ranges from sea level to 120 feet above sea level. The eastern boundary of the county is the Escambia River and Escambia Bay. The western boundary is the Perdido River and Perdido Bay. Neither river is a navigable waterway to the extent of contributing to the economy. Santa Rosa County adjoins Escambia County to the east and has a land size of about 1,174 square miles and offers similar physical characteristics. Escambia and Santa Rosa Counties are located in the extreme northwestern portion of the state, being in what is called the "Panhandle" of Florida. Geographically, this MSA is located approximately 230 miles east of New Orleans, Louisiana; 250 miles south of Birmingham, Alabama; 350 miles southwest of Atlanta, Georgia; and 375 miles east of Jacksonville, Florida.

The City of Pensacola covers approximately 23 square miles of land in the southeastern part of Escambia County and the smaller cities of Gulf Breeze, Milton, and Pace are bedroom communities for Pensacola. The annual mean temperature is 69 degrees with an average rainfall of 62 to 87 inches. With an abundance of clear skies and warm weather, Pensacola is considered part of the "Sun Belt" of the United States. The "Sun Belt" states, especially Florida, have been growing in population faster than other areas of the United States in recent years.

One of the probable reasons for continuous growth of the Pensacola MSA is its accessibility. Pensacola is served by four major highways, which provide access to the north, east, and west. U.S. 90 (which runs from the East Coast of Florida to Texas), Interstate 10 (which runs from the Atlantic Ocean to the Pacific Ocean), U.S. 98 (which runs from the East Coast of Florida to Mississippi) and U.S. 29 (which runs from Pensacola to Washington, D.C.). The Interstate 110 spur connects with Interstate 10 just west of Davis Highway and runs to downtown Pensacola's Business District, connecting with U.S. Highway 98.

Pensacola's International Airport, with the recent completion of a \$30 million modernization, provides air transportation to all parts of the country. The Escambia County Transit

GENERAL AREA DATA (Cont'd.)

System operates bus lines throughout the metropolitan area and Greyhound Bus Lines provides inter-city bus transportation.

The natural deep-water harbor of Pensacola Bay, along with the large expanse of protected waters and the Gulf of Mexico, create an ideal training area for the U.S. Navy. These waterways also add to the area's economy through the Pensacola's Municipal Port Facilities handling cargo shipments to and from all parts of the world. Rail service also aids in the support of the port facilities with spurs running to the docks. While the southern and eastern most areas of Pensacola are nearly fully developed and are blocked from additional growth by the bays and Gulf of Mexico, there is plenty of developable land in the general area. The western and northern land areas of Escambia County and the Pace and Gulf Breeze areas of Santa Rosa County are the locations of the most active development and have proven to be popular among the new residents coming to the area. There is plenty of available land remaining for future growth for years to come.

Overall, the area's physical characteristics are considered a real asset for the general area of Pensacola. There is plenty of available land for additional business and residential development. The beaches and waterways create ideal recreational facilities for newcomers. The moderate temperatures and year-round sunshine also entice a large number of new businesses to the area, which aid in creating a larger population.

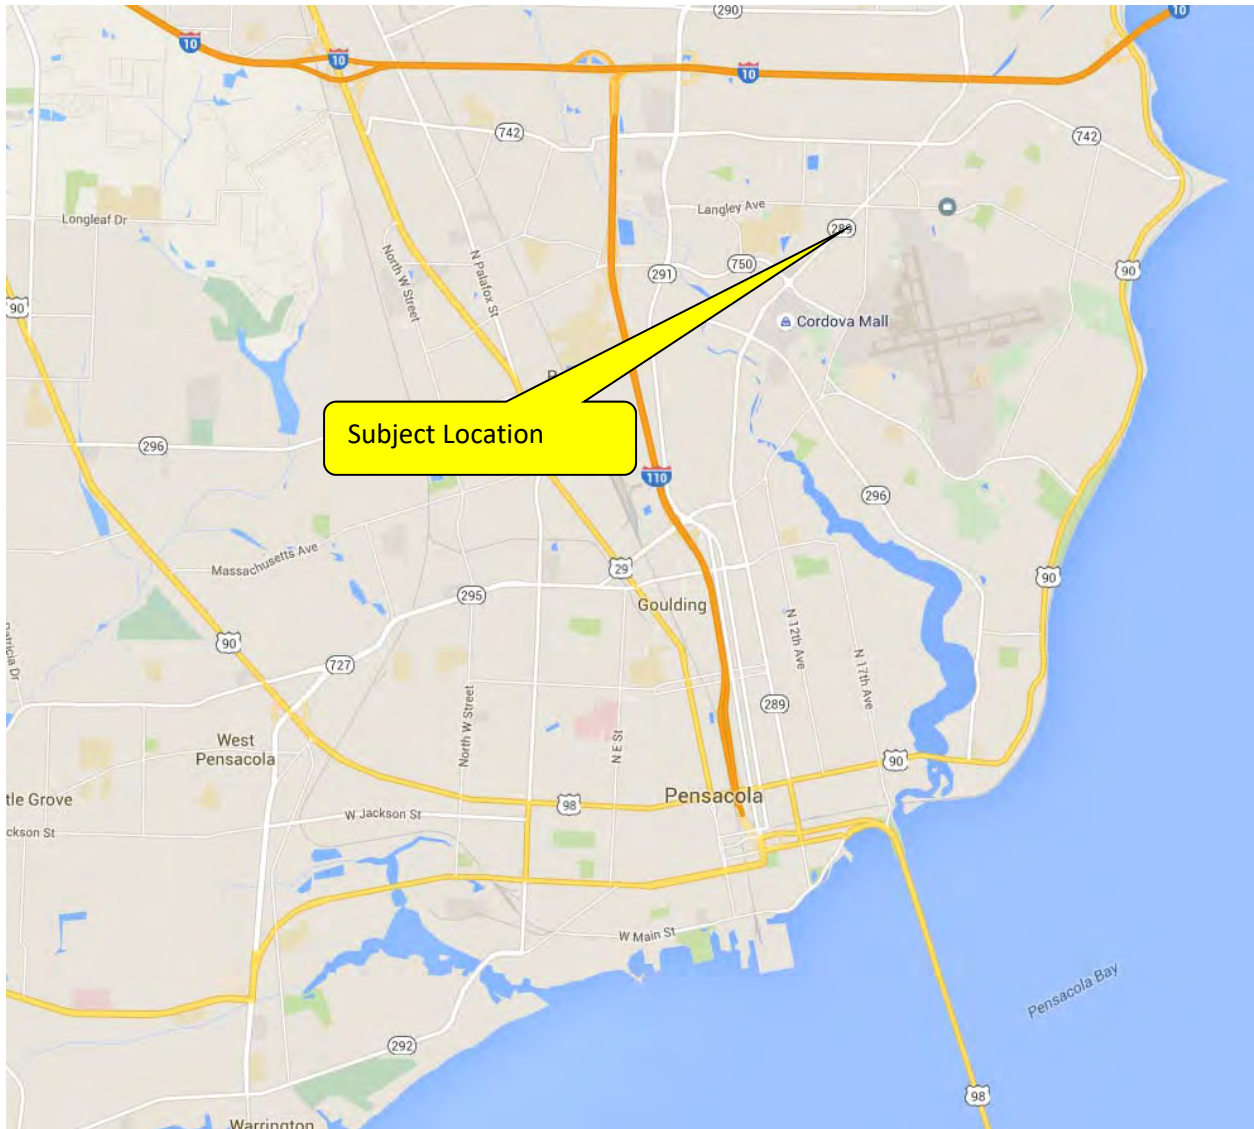

GENERAL AREA DATA CONCLUSION

Overall, the Pensacola MSA is considered to have a steady and positive outlook because of the stable to expanding military bases, tourist industry, and governmental support of private industry expansion and occupancies are increasing as a result. In 2010 the BP Gulf Oil Spill hurt tourism but it has since rebounded. The 2011 through 2014 tourism numbers were among the best of all time and there is an on-going advertisement campaign being paid for by BP that is aiding in

GENERAL AREA DATA (Cont'd.)

increasing the tourist numbers beyond what the area has ever seen. Area hotels are indicating 10%+ annual increases in revenues and the industry as a whole has expectations of adding employees. The military bases are another market sector that aids in helping the local commercial industry and as of the writing of this report, the area military bases appear to be stable with no cuts planned. New aerospace industry is moving into the area as is Navy Federal creating new jobs, which in turn is driving new home construction. The commercial markets are also benefiting from this growth, as they keep up with demand. The past trends are expected to continue into the foreseeable future.

NEIGHBORHOOD MAP

NEIGHBORHOOD ANALYSIS

A neighborhood is defined in *The Dictionary of Real Estate Appraisal*, Fourth Edition 2002 as: "A group of complementary land uses; a congruous grouping of inhabitants, buildings, or business enterprises."⁵ Neighborhood boundaries are defined because properties within neighborhoods tend to be similar in characteristics with regard to land use, desirability, and are affected by similar physical, economic, governmental and social forces.

The subject neighborhood is considered to be the portion of the Pensacola area within the Pensacola City limits. This area's boundaries are considered to be, but are not limited to, Fairfield Drive to the west, Pensacola Bay to the south, Escambia Bay to the east, and I-10 to the north.

Major north/south arterials within this area include I-110, Palafox Street, Pace Boulevard, Fairfield Drive, 9th Avenue, and Scenic Highway. Major east/west arterials include Bayou Boulevard, Cervantes Street, Garden Street, Main Street, Brent Lane, Fairfield Drive, Airport Road and Bayfront Parkway. These arterials provide convenient and quick access within the subject neighborhood as well as other portions of the Pensacola MSA.

The downtown Business District of Pensacola includes typical private office buildings, government office buildings, courthouses, restaurants, shops and bars. There is also an historic district that includes a variety of residential and commercial buildings constructed around 200 years ago around several public parks. The majority of the buildings have been completely renovated and act as an historic tourist draw for the community. UWF is proposing to take greater advantage of the area's historic treasures by re-bricking the streets, creating a walking friendly environment and starting an advertising campaign aimed at the historic tourism industry. Festivals are held throughout the year in the many downtown parks. The current main tourist draw is Pensacola Beach, found about four miles to the south and provides white sand beaches, clear water and numerous hotels, shops, condominiums and homes but the new historic tourism industry is projected to increase annual tourism numbers by more than one million visitors per year.

Neighborhood Analysis (Cont'd.)

There have been a number of new developments in the Downtown area of Pensacola, and a summary of the most significant of them follows. The Community Maritime Park is located between Main Street and Pensacola Bay, at the south end of Baylen Street and was recently completed. It includes numerous vacant land sites for future commercial and/or residential development. The project features an expansive public waterfront park; a community multi-use stadium facility suitable for baseball, football and other athletic events, festivals and other community activities. There is also a water front pavilion for music and entertaining events. The water front grassed and walkway areas on the south end of the property were designed for festivals. The other vacant land areas found on the north side of the property can be developed with commercial; office; retail; residential; restaurant and entertainment uses.

Quint Studer recently completed construction on a \$15 million four-story office building directly north of the new Stadium and the building is fully leased at rates of \$28.00/SF, full service. Beck Property Company also recently completed construction on its \$4 million-plus, three-story, 26,715 square foot mixed-use building at the corner of Port Royal Way and Main Street, which is now fully occupied and includes retail on the ground floor, Beck office space on the second floor and luxury condominiums on the third floor. Just east of the Maritime Park, the newly renamed Bank of Pensacola's (previously First Navy Bank) new multimillion dollar branch at Palafox and Main Street was completed around the end of 2014.

Located at 701 South Palafox Street is a newly completed condominium project that was constructed by Ray Russenberger. This development includes 9 luxury condo units that are all sold with prices exceeding \$1,000,000 each. All of the units were pre-sold and have since closed.

A new YMCA building located at the southwest corner of Taragona Street and Intendencia Street. The building was recently completed and offers an open floor plan with 52,000 square feet, nearly doubling the size of their old downtown building. This building is creating additional demand for new living quarters in the downtown area and will greatly add to the quality of life.

Artist Rendering of the New Downtown YMCA

Located to the northwest of the Maritime Park property is the old sewage treatment facility. The ECUA constructed a new state of the art treatment facility in the northern end of Escambia County and completed the demolition of the old sewer facility. The nearly 20 acre cleared site is now grassed and available to be re-developed, which should further enhance the desirability of the downtown area. The new owner of this site is now in the planning stages of a mixed use development that will include a variety of uses and while they have several conceptual plans, they do not specifically know what will be developed there yet.

Neighborhood Analysis (Cont'd.)

The Palafox Pier Restoration Project is a mixed use development located at the southern end of Palafox Street at the former location of the Municipal Auditorium. This project includes a 92-slip marina, a 7,200 square foot Harbormaster Building that is currently leased, the Icehouse Building with 21,000 square feet of office space currently leased and occupied by Merrill Lynch and EmCare. The City was said to have invested \$1.2 million in public infrastructure improvements with the mixed-use development being a combination of public and private funds.

The Palafox Pier & Yacht Harbour condominium development built in 2002 consists of two 35,206 square foot, four story buildings and a pedestrian plaza (park). Each building includes 7,500 square feet of retail/office space on the ground floor with four parking garages, 10,606 square feet of office space on the second floor and one-story and two-story condo units on the third and fourth floors.

Located immediately south of the Pensacola Bay Center is the new Technology Park development constructed by the City of Pensacola. The streets and all infrastructure necessary for high tech developments are in place and this property is ready for new vertical development. The City of Pensacola, along with Escambia County has provided the land and will sell the land to private individuals who plan to develop the area with buildings designed for companies requiring the latest in technology and the needed infrastructure. In connection with this development, the City of Pensacola created a large regional storm water retention lake located on the north side of Bayfront Parkway and on the east side of 9th Avenue at Admiral Mason Park. This allows for vacant properties to the north to be fully developed without the requirement of storm water run-off on site. The overall water retention design is a public park with the storm water retention lake landscaped and designed for public appeal and there is a walking path surrounding the lake and tasteful landscaping. A vacant site located across 9th Avenue from the Technology park was recently purchased and is proposed to be improved with two new hotels.

Neighborhood Analysis (Cont'd.)

In addition to the new development or redevelopment of this area downtown, several of the older buildings downtown were completely gutted and renovated. All of these renovated buildings are historic structures that are largely found along and nearby Palafox Street, which is the main north/south downtown arterial and the center of much of the new activity. Recently renovated buildings have been converted for restaurants, bars, offices, shops and entertainment venues creating one of the most desirable areas in the MSA. The Studer Group purchased the old Pensacola News Journal building found directly north of the new YMCA building and demolished it to make way for a new upscale mixed use rental building that will include commercial uses on the ground floor and rental apartments on the upper floors, which is now under construction. In association with the mixed use building is a new 7 level parking garage that is nearing completion. The old Rex Theatre building, constructed in 1910, was recently purchased by Harvest Church and went through a \$1.7 million dollar renovation. Now completed, this building hosts live theater events, movies, concerts and other special events. The old YMCA building was purchased by a private developer who has demolished parts of the old building to create new residential lots and other parts of the building will be renovated for restaurant and office uses.

The Blount-Brent Building Complex located at the southwest corner of Palafox Street and Garden Street is also undergoing a massive renovation. This 100,000+ Square foot structure is being completely renovated with boutique retail and restaurant uses on the ground floor and the upper floors are being renovated into a 34 suite boutique hotel and newly renovated office space. A new 110 room Holiday Inn is also nearing construction completion on the south side of Main Street just two blocks east of Palafox Street.

Located on the South side of Garden Street is a site that was once improved with a motel but the motel was removed so the site could be re-developed with a condo project; however, the condo development was put on hold due to the recession and the previous over-supply of housing units. The western portion of this site is now being improved with a new bank building and the eastern portion is for sale. Similarly, an older liquor store located on the

Neighborhood Analysis (Cont'd.)

south side of Gregory Street was demolished to make way for a condo development but this was also put on hold at the beginning of the recession and the land is now on the market. With the new demand created by all of the area activity, these two properties will likely come to life again in the foreseeable future.

There are four large multi-story office buildings in the downtown area. These buildings include the SunTrust Bank Building containing approximately 103,955 square feet, Harborview containing approximately 74,240 square feet, Southtrust Bank building containing approximately 77,400 square feet and One Pensacola Plaza containing approximately 108,997 square feet. Average occupancy in three of these buildings is above 90%. The SunTrust Building was recently vacated by SunTrust and is being purchased by the Studer Group for renovation but the specific uses that it will be renovated into have not yet been identified. There are also several other multi-tenant office buildings in the neighborhood that are reflecting occupancies from 80% to 90%.

The Palafox condo project previously identified is the first new residential development planned since the recession and while it is a fairly small project of only 9 units, its rapid sell-out indicates there is good residential demand for the downtown area. The News Journal Apartment redevelopment will be an additional test for new residential demand in the downtown area and the developer has indicated he has a long list of potential tenants. They also indicated that all but one of the commercial spaces are leased. There are numerous other smaller condo, townhouse and single family developments in the area that are being developed and rapidly absorbed, indicating good demand for housing.

The Pensacola Community Redevelopment Agency has been working to promote Pensacola and bring people into the downtown area daily. Among the initiatives recently introduced, are tax incentives that will entice new redevelopment projects. The City also closes Palafox Street one Friday night per month to vehicular traffic and opens it to pedestrian traffic for "Gallery Night". Gallery Night attracts many thousands of people who enjoy the new shops, restaurants and bars which are showcased along Palafox. In addition, there are bands found on

Neighborhood Analysis (Cont'd.)

some of the balconies as well as street performers and musicians found on the street. Open alcohol containers are also allowed creating a festive walkable community.

Photos of a Typical Gallery Night

There is a clean air industrial park area found to the north along the east and west sides of Palafox Street south of Brent Lane and north of Fairfield Drive. Another one is found south of Brent lane between I-110 and Palafox Highway. Located on the west side of Palafox Street north of Fairfield Drive is a super fund site that has been cleaned and capped by the EPA and they indicated that this land is now suitable for additional industrial development. The City of Pensacola is working with the State of Florida and the EPA to create an additional industrial park on the super fund land site. Located north of Brent Lane on Palafox Street is what is known as “Car City”, which is an area with many of the area’s new and used car dealerships. The growing Pensacola Christian College and Pensacola Christian School is found north of Brent Lane between I-110 and Palafox Street and they are actively buying properties to their south in an effort to grow their campus and population.

Overall, the subject’s neighborhood is following the path of other downtown locations around the country, which have been revitalized and now project a positive image for the community. These past trends are expected to continue with the help of private developers and

Neighborhood Analysis (Cont'd.)

the City of Pensacola resulting in the new life cycle of the neighborhood. There are several condominium and apartment buildings planned for the future in the downtown area, which will aid in the need for additional commercial support facilities. Continued revitalization efforts and increasing populations should place upward pressure on area property values and rents as the national economy recovers. With the past trends expected to continue, the subject neighborhood is considered to have a bright future for commercial and residential properties.

TAXES AND ASSESSMENT ANALYSIS

The subject property is assessed under the following property identification numbers by the Escambia County Property Appraiser.

Property Identification Number	Assessed Land Size Acres	Assessed Building Size Square Feet	Assessed Value	Annual Taxes	Past Due Taxes
14-1S-29-2102-000-001	0.18	1,314	\$86,297	\$1,382.94	\$0.00
		0	\$0		
Totals	0.18	1,314	\$86,297	\$1,382.94	\$0.00

The assessed value in comparison to the market value is considered to be above the 85% typical assessed value and the owner should discuss an appeal of the assessed value with the County Property Appraiser's office. All property taxes appear to be current with the owner paying based upon a payment plan.

LAND USE PLANNING, ZONING, CONCURRENCY

As per the above indicated zoning map, the subject site is zoned COM. The Commercial district establishes areas and land use regulations for general commercial activities, especially the retailing of commodities and services. The primary intent of the district is to allow more diverse and intense commercial uses than the neighborhood commercial allowed within the mixed-use districts. The current Retail/Office Building use is a legally conforming use of the property. A copy of the zoning ordinance for these districts is included in the addendum of this report.

PUBLIC AND PRIVATE RESTRICTIONS

I know of no private restrictions that would limit the subject property; however, I was not provided with a title report for the property so it is assumed that the only restrictions that would regulate the subject property are the zoning requirements.

ENVIRONMENTAL CONCERNS

The property is improved with a retail building and appears to have no areas of environmental concerns. No evidence of surface soil stain was noted on the property and there does not appear to be any wetlands associated with the site.

The above is a very important assumption and limiting condition to the appraisal. From the viewing of the site, no evidence of hazardous substances “obvious to the untrained person” were observed, and no communication “through a reasonably reliable person” indicating possible contamination was received; however, I am not an expert in the environmental field and this information should be confirmed by an expert.

- UTILITIES ON SITE:** All utilities are available to the subject site.
- SITE IMPROVEMENTS:** The subject property is improved with an approximate 1,013 square foot retail store previously operated as The Book Worm book store. The property is currently vacant and includes a screened rear porch and enclosed storage closet.

SITE DESCRIPTION (Cont'd.)

EASEMENTS/

ENCROACHMENTS:

According to the tax plat, no easements or encroachments were noted. I am unaware of any adverse easements or encroachments that would adversely affect the marketability or value of the property.

RESTRICTIONS:

I know of no private restrictions that would limit the subject property; however, I was not provided with a title report for the property so it is assumed that the only restrictions that would regulate the subject property are the zoning requirements.

CONCLUSION OF CONFORMITY:

The subject property is located in the southeast corner of Tippin Avenue and Beaumont Street in Pensacola. This is a well-developed and high traffic area with good exposure for retail and office properties. The site appears to be well suited for commercial development as reflected in the existing improvements and surrounding development. The site contains adequate road frontage for exposure and access and appears to be well drained.

DESCRIPTION OF IMPROVEMENTS

LOCATION:	The property street address is 6116 Tippin Avenue, Pensacola, Florida 32504. The subject property is located in the southeast corner of Tippin Avenue and Beaumont Street.
BUILDING SIZE:	The subject is improved with an approximate 1,013 square foot, wood frame with brick veneer retail/office building.
AGE:	The improvements were originally constructed in 1971 as a residence and converted for retail use. The effective age is estimated to be 20 years with a remaining economic life of 20 years.
FOUNDATION:	The structure is built on a concrete slab with reinforced concrete foundation.
EXTERIOR WALLS:	The building has Brick veneer over wood frame exterior walls.
ROOF:	The roof is composite shingle over wood frame and sheathing.
INTERIOR FLOOR:	The flooring includes a mixture of carpeting and vinyl tile flooring.
INTERIOR WALLS:	The interior walls are painted drywall and wood shelving.
CEILING:	The ceilings is textured painted drywall.
LIGHTING:	Surface mount florescent light fixtures provide adequate lighting for the building.
HEAT/AIR:	The building is serviced by a central HVAC systems that appears adequate for the building.
RESTROOMS:	The building includes two restrooms that appear to be adequate for the current use of the property.
FENESTRATION:	The building has single-pane aluminum framed windows around the perimeter of the building, one front and one rear door. The property also includes a screened rear porch. Overall, the fenestration of the building is considered to be adequate.

DESCRIPTION OF IMPROVEMENTS (Cont'd.)

**CONDITION/
QUALITY:**

The building is constructed of average quality materials considered to be an Average Quality Class "D" Office Building in average condition.

COMMENTS:

The improvements consist of an older residence that has been converted to an office/retail use. The improvements were originally constructed in 1971 and require some renovations due to being vacant for a few years. The property reflects an effective age of approximately 20 years. The improvements are considered to be in average condition.

EQUIPMENT:

This appraisal considers the real estate only.

OTHER SITE IMPROVEMENTS

In addition to the building, site improvements include a concrete drive for three cars and an approximate 151 square foot screened porch and an approximate 68 square foot attached storage closet. The land to building ratio is 7.93:1, which is also considered to be a good ratio for a office/retail use.

HIGHEST AND BEST USE

A brief definition of the term "highest and best use" would be:

"The reasonably probable and legal use of vacant land or an improved property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum profitability."⁶

Implied within this definition is recognition of the contribution of that specific use to community environment or to community development goals in addition to wealth maximization. Also implied is that the determination of highest and best use results from the appraiser's judgment and analytical skills, i.e., that the use determined represents an opinion, not a fact.

The Highest and Best Use section of this report is the pivotal point in the appraisal process. All previous data is used to test the four criteria of: (1) legally permitted, (2) physically possible, (3) economically feasible, and (4) maximally productive.

LAND AS THOUGH VACANT

Legally Permissible - All legally permissible uses should be analyzed when considering a site's highest and best use. The zoning maps indicate the subject property is zoned COM. The Commercial district establishes areas and land use regulations for general commercial activities, especially the retailing of commodities and services. The primary intent of the district is to allow more diverse and intense commercial uses than the neighborhood commercial allowed within the mixed-use districts.

⁶ American Institute of Real Estate Appraisers, *The Dictionary of Real Estate Appraisal*, Third Edition, 1993, pg. 171.

HIGHEST AND BEST USE (Cont'd.)

Physically Possible - Of the legally permissible adaptations of the site, those physically possible uses require consideration and analysis. The size and location of the parcel are important aspects of value. The subject property is located at 6116 Tippin Avenue in Pensacola, Florida 32504. The land size is 0.184 acres or 8,031 square feet and the property has a corner location. The property has a rectangular shape and offers good utility. The subject property contains approximately 125 feet of frontage along the east right-of-way of Tippin Avenue and 64.25 feet of frontage along the south right-of-way of Beaumont Street. Ingress and egress are considered to be good. The site is level at road grade for Emily Street and above road grade for Tippin Avenue. No irregular topographical features were noted. The land appears to be well drained with no wetland areas noted. The soil is of a sandy composition. Based on the subject improvements and nearby improvements located upon similar soil types, it appears that this land is well suited for commercial development. All utilities are available to the subject site. These characteristics are considered to be ideal for improvement of the site to any of the legal conforming uses. Considering the location along a major thoroughfare for the neighborhood, a retail or office development would be the logical use of the site.

Financial Feasibility - Of the legally permissible and physically possible adaptations of the site, only those uses which are financially feasible should be considered. The cost of construction still exceeds the cost of purchasing existing commercial properties along Tippin Avenue. Therefore, assuming the property were vacant land, the only feasible use would be to hold until an end-user required and supported new construction.

Maximally Productive - The financially feasible use which results in the greatest return to the land is the one which is considered to be the highest and best use of the land. The maximally productive use of the land would be to hold until an end-user supported the demand for new construction.

HIGHEST AND BEST USE (Cont'd.)

AS IMPROVED

The subject property is improved with an approximate 1,013 square foot retail store previously operated as The Book Worm book store. The property is currently vacant and includes a screened rear porch and enclosed storage closet.

The current use represents a legally conforming use of the site. The improvements were originally constructed in 1971 as a residence and converted for retail use. The effective age is estimated to be 20 years with a remaining economic life of 20 years. With such a long remaining life and a legally conforming use, the highest and best use of the property is considered to be the continued office/retail use.

Conclusion – Highest and Best Use

Probable Use:	The highest and best use of the property is the continued use as a retail/office building.
Timing for use:	Immediately
Probable Buyer/User:	The probable buyer would be an investor or end user.

EXPOSURE TIME

According to the *2016-2017 USPAP*, the definition of the term “exposure time” would be:

“The estimated length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal.”;⁷

In other words, this is a retrospective estimate based upon an analysis of past events assuming a competitive and open market. Based on the sales found within this report and conversations with local market participants, the subject’s exposure time is estimated to be from six to twelve months. This exposure time assumes the sale to have been handled by a knowledgeable real estate broker familiar with the subject real estate market.

⁷ USPAP 2012-2013 Edition. (The Appraisal Foundation, 2012-2013), pg. U-3.

MARKETING TIME

A brief definition of the term “marketing time” would be:

“The time it takes an interest in real property to sell on the market subsequent to the date of an appraisal.”⁸

Based on the sales found within this report, current listings and conversations with local market participants, the subject’s marketing time is estimated to be from six to twelve months. This marketing time assumes the sale to be handled by a knowledgeable real estate broker familiar with the subject real estate market. It also assumes aggressive real estate sales tactics and readily available contacts active in the subject real estate market. The subject’s marketing time is considered to be reflective of the exposure time as little change is expected in the market.

⁸ Appraisal Institute, *The Dictionary of Real Estate Appraisal*, 4th ed. (Chicago: Appraisal Institute, 1993), pg. 220.

THE VALUATION PROCESS

There are three (3) commonly accepted approaches to value: The Cost Approach, Income Approach, and Sales Comparison Approach. All three utilize market derived information and are “market driven” approaches, as will be shown in the analysis.

The Cost Approach is a summation of land value and improvement value. The land is valued as though vacant and available for its highest and best use. The improvement is valued by first estimating the reproduction costs new from which all forms of depreciation are deducted. Depreciation can be both from deterioration and obsolescence. Obsolescence is further categorized as functional or external. The analysis of obsolescence, based on the highest and best use analysis, accounts for deductions necessary if the improvement is not adequate for the site.

The steps for the Income approach are to first estimate an economic rent for the subject. This analysis is made even if the property is owner occupied. From the gross potential income there is first deducted allowance for vacancy and collection loss with further deductions then made for the expenses applicable to the type property being valued. This net operating income is then capitalized into an indication of value through the use of an appropriate capitalization rate.

The Sales Comparison Approach is an estimation of the property value by comparison with recent sales of similar or competitive properties extracted from the subject’s market. The “market”, rather than being the immediate proximity to the subject, is considered that area, local, regional or even national that would be considered by a prospective buyer of the subject property.

These approaches do not make value. They are merely tools in the hands of the appraiser who must carefully weigh each value indication, give appropriate weight to the approach and reconcile into a final value conclusion. Given this is the valuation of an existing retail/office building reflecting an effective age of approximately 20 years, only the sales comparison and income approaches to value are employed. The elimination of the cost approach would have no adverse effect on the reliability of the value reported.

SALES COMPARISON APPROACH

The sales comparison approach involves direct comparisons to the subject property of similar properties that have sold in the marketplace. The approach consists of searching the market for sales, qualifying the sales prices and terms with one of the participants in the sale, comparing the sales to the subject property for differences, adjusting the sales for those differences and formulating an opinion of value from the adjusted value indications. The improved sales which are utilized will be compared on a cost per unit basis depending on the “typical” unit used by market participants.

The market derived adjustments follow a specific, logical order so as not to skew the results. The adjustments listed in order include: Property rights, financing, condition of sale, date of sale or market conditions, location and various physical adjustments which can be considered together. While an adjustment for each may not be required, they are considered resulting in a comparable unit of measure.

The units of comparison may be physical, such as dollars per square foot of area, or they may be economic, such as gross rent multipliers. These units of comparison yield a pattern which is reconciled and converted to a value indication for the subject via the sales comparison approach.

IMPROVED SALES ANALYSIS

The subject property is the Retail/Office Building located at 6116 Tippin Avenue in Pensacola, Florida 32504. The land size is 0.184 acres or 8,031 square feet per the County information and the property has a corner location. The subject property is improved with an approximate 1,013 square foot retail store previously operated as The Book Worm book store. The property is currently vacant and includes a screened rear porch and enclosed storage closet. The subject has a land-to-building ratio of 7.93:1.

A search of the area was made for improved sales that have a similar highest and best use as the subject property resulting in the previous four sales. Area investors typically considered commercial building purchases on a “price per square foot” basis. As this method of comparison is common, it will be used. The four sales occurred between June 2014 and June 2016 and reflected overall prices from \$75,000 to \$172,500 or \$64.32 to \$96.98 per square foot.

PROPERTY RIGHTS SOLD – The subject property rights being considered are those of the Fee Simple Estate. The rights transferred in the sales were also the fee simple estate so no property rights adjustments are necessary.

FINANCING - The comparable properties also sold for cash or terms considered similar to a cash sale requiring no financing adjustments.

CONDITIONS OF SALE - All of the sales were arms-length transactions requiring no conditions of sale adjustments.

EXPENDITURE AFTER THE SALE ADJUSTMENT – None of the sales required expenditures after the sale to make them habitable.

MARKET CONDITIONS ADJUSTMENT – The sales are considered to be recent enough that no market conditions adjustments are necessary.

COMPARATIVE ANALYSIS (Cont'd.)

PHYSICAL ADJUSTMENTS – The only physical adjustments that are considered to be required are ones for effective age, location and land-to-building ratio. These are as follow.

Effective Age Adjustment – The subject improvements reflect an effective age of approximately 20 years, which is similar to sale one, superior to sales two and three and inferior to sale four. Sale two reflects an effective age of 30 years being 10 years inferior to the subject. Based upon an economic life of 40 years, this indicates a difference of 25% depreciation. Applying this to the improvements price per square foot of \$25.86/SF for sale two indicates a required upward adjustment of \$6.47/SF. The same analysis is applied to sales three and four with sale three requiring an upward adjustment of \$13.34/SF and sale four requiring a downward adjustment of \$1.80/SF. Applying these adjustments indicates age-adjusted prices of \$103.45/SF for sale two, \$91.12/SF for sale three and \$62.52/SF for sale four.

Location Adjustment – Sale four is located along Beverly Parkway, in an inferior neighborhood as compared to the subject and sales one, two and three. Based upon a comparison of sale four to sales one and three, I apply an upward location adjustment of 30% to sale four to compare to the subject's neighborhood at \$81.28/SF.

Land-to-Building Ratio – The subject reflects a land-to-building ratio of 7.93:1, which is similar to sales one, three and four. Sale two has a much higher land-to-building ratio and requires a downward adjustment to compare o the subject. Based upon a comparison of sale two to the subject and sales one, three and four, a downward adjustment of 15% is applied to sale two. Applying this adjustment indicates an adjusted price of \$87.93/SF.

The sales are considered to be similar enough to the subject in all other respects that no other adjustments are necessary. The previous adjustments are shown on the following adjustment grid.

Reconciliation – After necessary adjustments, the comparables indicated a fairly tight value range from \$81.28 to \$91.12 per square foot, averaging \$86.77/SF. With most weight to sales one, two and three due to the lower overall percentage of adjustments. I reconcile the subject’s value via the sales comparison approach at \$89/SF. Applying this to the gross building area of 1,013 square feet indicates a value via the sales comparison approach of \$90,157, rounded to \$90,200.

INDICATED VALUE, SALES COMPARISON APPROACH,

\$90,200

INCOME APPROACH

The income approach utilizes the principle of anticipation, which states the value is the present worth of all expected future benefits accruing to ownership. These future benefits are generally in the form of income streams.

There are several basic steps involved in this approach. First, the gross market rent for the property is estimated through a comparison of other similar property leases. Next, an allowance for vacancy and collection losses is deducted resulting in the effective gross rent (E.G.R.). From the E.G.R. is deducted fixed expenses such as taxes and insurance, along with variable expenses such as management, maintenance and reserves for replacement of short-lived items such as the roof and floor coverings (when necessary). The resulting figure is the net operating income (N.O.I.). The N.O.I. is then converted into a present dollar estimate, which is the property's market value estimate. Converting the N.O.I. into a present dollar estimate is called capitalization.

Capitalization techniques include the direct capitalization analysis and the discounted cash flow analysis. The direct capitalization analysis is typically used on single tenant properties, which have very little change in income and expense ratios. This analysis assumes the income stream extends into perpetuity. The discounted cash flow analysis is typically used on more dynamic, multi-tenant properties, which have continually changing incomes and expenses. This analysis assumes the property will be held for a specific time period and then sold at the end of the holding period. The property value is based on the net income streams over the holding period, discounted to the present through the use of a present value factor plus the present value of the net reversion or sale of the property at the end of the holding period. The comparable rents and analysis used in this approach follow:

Terms	Gross Lease	Gross Lease	Gross Lease	Gross Lease	Gross Lease

The subject property is the Retail/Office Building located at 6116 Tippin Avenue in Pensacola, Florida 32504. The land size is 0.184 acres or 8,031 square feet per the County information and the property has a corner location. The subject property is improved with an approximate 1,013 square foot retail store previously operated as The Book Worm book store. The property is currently vacant and includes a screened rear porch and enclosed storage closet.

I searched the subject's neighborhood for recent office and retail leases on the multiple listing service. The four comparable leases and one active listing noted above in the chart are considered the most similar to the subject. It is noted the four leases range in size from 780 square feet to 1,000 square feet and reflect a lease range from \$11.10 to \$11.31 per square foot with the active listing for a 928 square foot building at \$12.28/SF. I am also aware of a 1,700 square foot suite at 2401 Executive Plaza Drive, Unit 3A just south of the subject currently listed for \$10.50/SF. All of the leases and listings are quoted on gross lease terms. Based upon a comparison of the subject to the comparable leased properties, I reconcile at a market rent for the subject property at \$11.25 per square foot. Applying this to the subject's 1,013 square feet indicates a potential gross rental income of \$11,396 annually.

Vacancy –Vacancy rates for retail and office properties in the subject's neighborhood are stabilized between 3% and 10%. For this analysis, I will consider a vacancy rate of 5%, which is bracketed by the other properties researched. Applying this to the subject's potential gross income of \$11,296 indicates a vacancy allowance of \$570. Subtracting this indicates an effective gross income for the property of \$10,826 annually.

INCOME APPROACH (Cont'd.)

Expenses

The rental income is based upon gross lease terms with the landlord responsible for all expenses with the exception being utilities. The following expenses are applicable to the subject property and are discussed as follows.

Management - The typical management expense for leases on gross lease terms is 5% of the effective gross income. Applying 5% to the annual rent indicates a management expense of \$541.

Real Estate Taxes - The real estate taxes for the subject property were previously reported to be \$1,383, which will be used in this analysis.

Real Estate Insurance – I am unaware of the annual insurance premium for the subject, however based upon similar properties in the neighborhood, I estimate the annual premium at approximately \$1/SF or \$1,015 for the subject.

Reserves for Replacements – An expense of \$0.15 per square foot or \$152 annually has been allocated as a reserve for capital item replacements.

The expenses total \$3,091 or 28.6% of the effective gross income. Given the expenses are based upon actual expenses the expenses are considered to be reasonable and will be used in this analysis.

The income and expenses will be summarized on the reconstructed operating statement that follows.

CAPITALIZATION ANALYSIS

The sales within the sales comparison approach indicated cap rates of 5.92% and 6.94% for sales two and three, but were based upon estimated income and expenses at the time of sale. The income and expenses were not estimated for sales one and four. Based upon the overall cap rates for other office/retail properties in the area, these rates appear to be on the low end of the range. Most office and retail properties that are older properties with single or dual tenant occupancy reflect overall rates in the range of 8% to 8.5%. These rates are in line with investor surveys for similar properties as well. Considering this, an overall rate range from 8% to 8.5%

INCOME APPROACH (Cont'd.)

will be used. The two cap rates are shown on the following reconstructed operating statement along with their value indications.

Reconciliation – Both cap rates are fairly similar and would tend to support each other as being reasonable. As such about equal weight will be given to each to indicate a rounded value via the income approach of \$94,000.

RECONCILIATION OF APPROACHES

The three valuation approaches reveal the following values:

COST APPROACH:	N/A
SALES COMPARISON APPROACH:	\$90,200
INCOME APPROACH:	\$94,000

If the appraiser had available sufficient factual data and correctly made the analysis, all approaches to value would be the same. This is seldom the case with the necessity for reconciliation of value. Both approaches indicated fairly similar values and offer good support to each other. As such, I will give about equal weight to each resulting in a final value opinion of **\$93,000**.

ASSUMPTIONS AND LIMITING CONDITIONS

1. No responsibility is assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated in this report.
2. The property is appraised free and clear of any or all liens and encumbrances unless otherwise stated in this report.
3. Responsible ownership and competent property management are assumed unless otherwise stated in this report.
4. The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.
5. All engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.
6. It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.
7. It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless otherwise stated in this report.
8. It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in this appraisal report.
9. It is assumed that all required licenses, certificates of occupancy or other legislative or administrative authority from any local, state, or national governmental or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.
10. Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied unless otherwise stated in this report. No survey has been made for the purpose of this report.
11. It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property described and that there is no encroachment or trespass unless otherwise stated in this report.
12. The appraiser is not qualified to detect hazardous waste and/or toxic materials. Any comment by the appraiser that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous waste and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The appraiser's value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless otherwise stated in this report. No responsibility is assumed for any environmental conditions, or for any expertise or engineering knowledge required to discover them. The appraiser's descriptions and resulting comments are the result of the routine observations made during the appraisal process.

ASSUMPTIONS AND LIMITING CONDITIONS (Cont'd.)

13. Unless otherwise stated in this report, the subject property is appraised without a specific compliance survey having been conducted to determine if the property is or is not in conformance with the requirements of the Americans with Disabilities Act. The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability, or utility.
14. Any proposed improvements are assumed to be completed in a good workmanlike manner in accordance with the submitted plans and specifications.
15. The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations of land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.
16. Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event only with proper written qualification and only in its entirety.
17. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news sales, or other media without prior written consent and approval of the appraiser.

Extraordinary Assumption:

An extraordinary assumption is an assumption, directly related to a specific assignment, as of the effective date of the assignment results, which, if found to be false, could alter the appraiser's opinions or conclusions.⁹

This appraisal is based upon the extraordinary assumption the lot size and age of the improvements is correct as noted on the Escambia County Property Appraiser's website and that there are no adverse easements or encroachments.

Hypothetical Conditions:

A hypothetical condition is a condition, directly related to a specific assignment, which is contrary to what is known by the appraiser to exist on the effective date of the assignment results, but is used for the purpose of analysis.¹⁰

This appraisal considers no hypothetical conditions.

- c. Adverse impacts to any adjoining residential uses are minimized by placing the more intensive elements of the use, such as solid waste dumpsters and truck loading/unloading areas, furthest from the residential uses.

(5) Documented compatibility. A compatibility analysis prepared by the applicant provides competent substantial evidence of unique circumstances regarding the parcel or use that were not anticipated by the alternative criteria, and the proposed use will be able to achieve long-term compatibility with existing and potential uses. Additionally, the following conditions exist:

- a. The parcel has not been rezoned by the landowner from the mixed-use, commercial, or industrial zoning assigned by the county.
- b. If the parcel is within a county redevelopment district, the use will be consistent with the district's adopted redevelopment plan, as reviewed and recommended by the Community Redevelopment Agency (CRA).

(f) Rezoning to HDMU. High Density Mixed-use zoning may be established only within the Mixed-Use Suburban (MU-S), Mixed-Use Urban (MU-U), or Commercial (C) future land use categories. The district is suitable for areas where the intermixing of uses has been the custom, where future uses are uncertain, and some redevelopment is probable. The district is appropriate to provide transitions between areas zoned or used for medium or high density residential and areas zoned or used for commercial. Rezoning to HDMU is subject to the same location criteria as any new non-residential use proposed within the HDMU district.

(Ord. No. 2015-56, § 3, 12-10-2015; Ord. No. 2016-2 § 1, 1-7-2016; 2016-31 § 1, 8-4-2016; Ord. No. 2017-5, §2, 1-5-2017)

Sec. 3-2.10 Commercial district (Com).

(a) Purpose. The Commercial (Com) district establishes appropriate areas and land use regulations for general commercial activities, especially the retailing of commodities and services. The primary intent of the district is to allow more diverse and intense commercial uses than the neighborhood commercial allowed within the mixed-use districts. To maintain compatibility with surrounding uses, all commercial operations within the Commercial district are limited to the confines of buildings and not allowed to produce undesirable effects on surrounding property. To retain adequate area for commercial activities, new and expanded residential development within the district is limited, consistent with the Commercial (C) future land use category.

(b) Permitted uses. Permitted uses within the Commercial district are limited to the following:

(1) Residential. The following residential uses are allowed throughout the district, but if within the Commercial (C) future land use category they are permitted only if part of a predominantly commercial development:

- a. Group living, excluding dormitories, fraternity and sorority houses, and residential facilities providing substance abuse treatment, post-incarceration reentry, or similar services.
- b. Manufactured (mobile) homes, including new or expanded manufactured home parks or subdivisions.

- c. Single-family dwellings (other than manufactured homes), detached or attached, including townhouses and zero lot line subdivisions.
- d. Two-family and multi-family dwellings.

See also conditional uses in this district.

(2) Retail sales. Retail sales, including Low-THC marijuana dispensing facilities, sales of alcoholic beverages and automotive fuels, but excluding motor vehicle sales and permanent outdoor storage. See also conditional uses in this district.

(3) Retail services. The following retail services, excluding permanent outdoor storage:

- a. Car washes, automatic or manual, full service or self-serve.
- b. Child care facilities.
- c. Hotels, motels and all other public lodging, including boarding and rooming houses.
- d. Personal services, including those of beauty shops, health clubs, pet groomers, dry cleaners and tattoo parlors.
- e. Professional services, including those of realtors, bankers, accountants, engineers, architects, dentists, physicians, and attorneys.
- f. Repair services, including appliance repair, furniture refinishing and upholstery, watch and jewelry repair, small engine and motor services, but excluding major motor vehicle or boat service or repair, and outdoor work.
- g. Restaurants and brewpubs, including on-premises consumption of alcoholic beverages, drive-in and drive-through service, and brewpubs with the distribution of on-premises produced alcoholic beverages for off-site sales. The parcel boundary of any restaurant or brewpub with drive-in or drive-through service shall be at least 200 feet from any LDR or MDR zoning district unless separated by a 50-foot or wider street right-of-way.

See also conditional uses in this district.

(4) Public and civic.

- a. Broadcast stations with satellite dishes and antennas, including towers.
- b. Cemeteries, including family cemeteries.
- c. Community service facilities, including auditoriums, libraries, museums, and neighborhood centers.
- d. Educational facilities, including preschools, K-12, colleges, and vocational schools.
- e. Emergency service facilities, including law enforcement, fire fighting, and medical assistance.
- f. Foster care facilities.
- g. Funeral establishments.
- h. Hospitals.
- i. Offices for government agencies or public utilities.

- j. Places of worship.
- k. Public utility structures, including telecommunications towers, but excluding any industrial uses.
- l. Warehousing or maintenance facilities for government agencies or for public utilities.

See also conditional uses in this district.

(5) Recreation and entertainment.

- a. Campgrounds and recreational vehicle parks on lots five acres or larger.
- b. Indoor recreation or entertainment facilities, including movie theaters, bowling alleys, skating rinks, arcade amusement centers, bingo facilities and shooting ranges, but excluding bars, nightclubs or adult entertainment facilities.
- c. Marinas, private and commercial.
- d. Parks without permanent restrooms or outdoor event lighting.

See also conditional uses in this district.

(6) Industrial and related.

- a. Printing, binding, lithography and publishing.
- b. Wholesale warehousing with gross floor area 10,000 sq.ft. or less per lot.

See also conditional uses in this district.

(7) Agricultural and related.

- a. Agricultural food production primarily for personal consumption by the producer, but no farm animals.
- b. Nurseries and garden centers, including adjoining outdoor storage or display of plants.
- c. Veterinary clinics.

See also conditional uses in this district.

(8) Other uses.

- a. Billboard structures.
- b. Outdoor storage if minor and customarily incidental to the allowed principal use, and if in the rear yard, covered, and screened from off-site view, unless otherwise noted.
- c. Parking garages and lots, commercial.
- d. Self-storage facilities, excluding vehicle rental.

(c) Conditional uses. Through the conditional use process prescribed in Chapter 2, the BOA may conditionally allow the following uses within the Commercial district:

(1) Residential.

- a. Group living not among the permitted uses of the district.
- b. Home occupations with non-resident employees.

(2) Retail sales.

- a. Boat sales, new and used.
- b. Automobile sales, used autos only, excluding parcels fronting on any of the following streets: Sorrento Road/Gulf Beach Highway/Barrancas Avenue (SR 292); Blue Angel Parkway (SR 173); Pine Forest Road, south from Interstate 10 to State Road 173; Navy Boulevard (SR 295 and US 98); and Scenic Highway (SR 10A and US 90). Additionally, the parcel shall be no larger than one acre and provided with a permanent fence, wall, or other structural barrier of sufficient height and mass along all road frontage to prevent encroachment into the right-of way other than through approved site access.
- c. Automobile rental limited to the same restrictions as used automobile sales.
- d. Utility trailer, heavy truck (gross vehicle weight rating more than 8500 lbs), and recreational vehicle sales, rental, or service limited to the same restrictions as used automobile sales.

(3) Retail services. Service and repair of motor vehicles, small scale (gross floor area 6000 sq. ft. or less per lot), excluding painting and body work and outdoor work and storage.

(4) Public and civic.

- a. Cemeteries, including family cemeteries.
- b. Clubs, civic and fraternal.
- c. Cinerators.
- d. Homeless shelters.

(5) Recreation and entertainment.

- a. Bars and nightclubs.
- b. Golf courses, tennis centers, swimming pools and similar active outdoor recreational facilities, including associated country clubs.
- c. Parks with permanent restrooms or outdoor event lighting.

(6) Industrial and related.

- (a) Borrow pits and reclamation activities 20 acres minimum and (subject to local permit and development review requirements per Escambia County Code of Ordinances, Part I, Chapter 42, article VIII, and land use and regulations in Part III, the Land Development Code, chapter 4. *Borrow pits are prohibited on land zoned GMD prior to the adoption of the Commercial (Com) zoning.
- (b) Microbreweries, microdistilleries, microwineries.

(7) **Agricultural and related.** Horses or other domesticated *equines* kept on site, and stables for such animals, only as a private residential accessory with a minimum lot area of two acres and a maximum of one animal per acre.

(8) **Other uses.**

- a. Outdoor sales not among the permitted uses of the district.
- b. Outdoor storage not among the permitted uses of the district, including outdoor storage of trailered boats and operable recreational vehicles, but no repair, overhaul, or salvage activities. All such storage shall be screened from residential uses and maintained to avoid nuisance conditions.
- c. Self-storage facilities, including vehicle rental as an accessory use.
- d. Structures of permitted uses exceeding the district structure height limit.

(d) **Site and building requirements.** The following site and building requirements apply to uses within the Commercial district:

(1) **Density.** A maximum density of 25 dwelling units per acre throughout the district. Lodging unit density not limited by zoning.

(2) **Floor area ratio.** A maximum floor area ratio of 1.0 within the Commercial (C) future land use category and 2.0 within Mixed-Use Urban (MU-U).

(3) **Structure height.** A maximum structure height of 150 feet above adjacent grade.

(4) **Lot area.** No minimum lot area unless prescribed by use.

(5) **Lot width.** Except for cul-de-sac lots which shall provide a minimum lot width of 20 feet at the street right-of-way, the following minimum lot widths are required:

- a. **Single-family detached.** Forty feet at the street right-of-way for single-family detached dwellings.
- b. **Two-family.** Eighty feet at the street right-of-way for two-family dwellings.
- c. **Multi-family and other.** Eighty feet at the street right-of-way for multi-family dwellings, boarding or rooming houses, or townhouse groups. No minimum lot width required by zoning for other uses.

(6) **Lot coverage.** Minimum pervious lot coverage of 15 percent (85 percent maximum semi-impervious and impervious cover) for all uses.

(7) **Structure setback.** For all principal structures, minimum setbacks are:

- a. **Front and rear.** Fifteen feet in both front and rear.
- b. **Sides.** Ten feet on each side, including any group of attached townhouses. For structures exceeding 35 feet above highest adjacent grade, an additional two feet for each additional 10 feet in height.
- c. **Corner lots.** Will have one front setback and one side setback.

(8) **Other requirements.** Refer to chapters 4 and 5 for additional development regulations and standards.

(e) Location criteria. All new non-residential uses proposed within the Commercial district that are not part of a planned unit development or not identified as exempt by the district shall be on parcels that satisfy at least one of the following location criteria:

(1) Proximity to intersection. Along an arterial or collector street and within one-quarter mile of its intersection with an arterial street.

(2) Proximity to traffic generator. Along an arterial or collector street and within a one-quarter mile radius of an individual traffic generator of more than 600 daily trips, such as an apartment complex, military base, college campus, hospital, shopping mall or similar generator.

(3) Infill development. Along an arterial or collector street, in an area where already established non-residential uses are otherwise consistent with the Commercial district, and where the new use would constitute infill development of similar intensity as the conforming development on surrounding parcels. Additionally, the location would promote compact development and not contribute to or promote strip commercial development.

(4) Site design. Along an arterial or collector street, no more than one-half mile from its intersection with an arterial or collector street, not abutting a single-family residential zoning district (RR, LDR or MDR), and all of the following site design conditions:

a. Any intrusion into a recorded subdivision is limited to a corner lot.

b. A system of service roads or shared access is provided to the maximum extent made feasible by lot area, shape, ownership patterns, and site and street characteristics.

c. Adverse impacts to any adjoining residential uses are minimized by placing the more intensive elements of the use, such as solid waste dumpsters and truck loading/unloading areas, furthest from the residential uses.

(5) Documented compatibility. A compatibility analysis prepared by the applicant provides competent substantial evidence of unique circumstances regarding the potential uses of parcel that were not anticipated by the alternative criteria, and the proposed use, or rezoning as applicable, will be able to achieve long-term compatibility with existing and potential uses. Additionally, the following conditions exist:

a. The parcel has not been rezoned by the landowner from the mixed-use, commercial, or industrial zoning assigned by the county.

b. If the parcel is within a county redevelopment district, the use will be consistent with the district's adopted redevelopment plan, as reviewed and recommended by the Community Redevelopment Agency (CRA).

(f) Rezoning to Commercial. Commercial zoning may be established only within the Mixed-Use Suburban (MU-S), Mixed-Use Urban (MU-U) or Commercial (C) future land use categories. The district is appropriate to provide transitions between areas zoned or used as high density mixed-use and areas zoned or used as heavy

City Council

10/12/2017

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

AIRPORT COMMERCE PARK - PROPERTY ACQUISITION E2416 - COLLEGE HEIGHTS

RECOMMENDATION:

That City Council authorize the purchase of E2416 (Parcel ID#141S292100200001) from Mark L. Comeau for \$97,000, relocation assistance of \$35,000, closing costs of \$1,900, a 5% contingency in the amount of \$6,695, moving costs of \$5,000, and reestablishment benefits of \$25,000, for a total amount of \$170,595.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The 2000 Airport Master Plan identified 65 acres of property adjacent to the northwest quadrant of the Airport for future land acquisition and development. In 2004, the Airport began the preliminary planning for the acquisition and development of this area for an Airport Commerce Park and performed an inventory of the properties in the designated area and held public meetings with both residential and business property owners.

The Airport contacted the property owner (Mark L. Comeau) of parcel E2416 and expressed an interest in purchasing the parcel located in the College Heights neighborhood. After discussions with the property owner, an offer was made based on a fair market value appraisal and a technical review appraisal performed by independent MAI certified appraisers. The offer was subsequently accepted by the property owner.

A Florida Department of Transportation (FDOT) Grant is in place that will fund the acquisition.

This parcel contains a tenant occupied home and therefore relocation assistance in accordance with federal relocation guidelines is required. The tenant shall receive a Rental Supplement in lieu of Replacement Housing. As a Landlord, the owner of the property is also eligible for Reestablishment Benefits at a new rental property. The purchase price, relocation assistance, closing/miscellaneous costs, legal fees, 5% contingency, and moving costs are detailed in the estimated costs for the property on the following page.

PRIOR ACTION:

August 2006 - August 2017 - City Council approved the purchase of 91 residential and 24 commercial parcels

as identified on the attached site map.

September 14, 2017 - City Council approved acceptance of an FDOT Grant in the amount of \$1,396,069 and appropriated the grant funds.

FUNDING:

Budget:	\$ 1,396,069	FDOT
Actual:	\$ 97,000	Purchase Price
	35,000	Relocation Assistance
	500	Title, Examination, and Issuance

SUBJECT PROPERTY HISTORY				
Owner of Record: Mark L. Comeau				
Description and analysis of sales within 3 years (minimum) prior to effective date of value:		No sales were noted in the three years prior to this assignment. The subject is under consideration for acquisition by the City of Pensacola, under specific guidelines of the FAA giving full value support from transactions taken outside the project area, so as to minimize the value impact of previous acquisitions in the project area.		
Description and analysis of agreements of sale (contracts), listings, and options:		No agreement for sale was presented to the appraiser. This appraisal is being prepared for use by the client for the purpose of acquiring the subject for the Airport Commerce Park.		
RECONCILIATIONS AND CONCLUSIONS				
Indication of Value by Sales Comparison Approach		\$ 97,000		
Indication of Value by Cost Approach		\$ 27,500		
Indication of Value by Income Approach		\$ N/A		
Final Reconciliation of the Methods and Approaches to Value:		The subject property is a single-family occupied residential home that is in average condition. Although many properties in the subject's neighborhood are tenant occupied, the primary valuation method used by investors is the sales comparison approach. Considering this, only the sales comparison approach was utilized in valuing the subject. Based upon a direct comparison of the subject to recently sold competing properties, the sales comparison approach reflected a value for the subject as-is of \$97,000. Assuming the lot were vacant with no improvements, the lot value would be approximately \$27,500.		
Opinion of Value as of: 7/27/2017		\$ 97,000

ASSIGNMENT PARAMETERS

Intended User(s):	City of Pensacola - Pensacola International Airport		
Intended Use:	For use by the client for the purpose of acquiring properties for the Airport Commerce Park.		
<i>This report is not intended by the appraiser for any other use or by any other user.</i>			
Type of Value:	Market Value	Effective Date of Value:	7/27/2017
Interest Appraised:	<input checked="" type="checkbox"/> Fee Simple <input type="checkbox"/> Leasehold <input type="checkbox"/> Other		
Hypothetical Conditions:	(A hypothetical condition is that which is contrary to what exists, but is asserted by the appraiser for the purpose of analysis. Any hypothetical condition may affect the assignment results.) None utilized.		
Extraordinary Assumptions: (An extraordinary assumption is directly related to a specific assignment and presumes uncertain information to be factual. If found to be false this assumption could alter the appraiser's opinions or conclusions. Any extraordinary assumption may affect the assignment results.) This value reported is based upon the extraordinary assumption that all public and private utilities are available to the property. It is also based upon the extraordinary assumption that there are no structural deficiencies that would negatively impact the use of the residence.			
In accordance with Standard Rule 2-2(b) of the Uniform Standard of Professional Appraisal Practice (USPAP), this is a summary appraisal report.			

SCOPE OF WORK

Definition: The scope of work is the type and extent of research and analysis in an assignment. Scope of work includes the extent to which the property is identified, the extent to which tangible property is inspected, the type and extent of data research, and the type and extent of analysis applied to arrive at credible opinions or conclusions. The specific scope of work for this assignment is identified below and throughout this report.

Additional Scope of Work Comments: I inspected the interior and exterior of the subject property and the subject's neighborhood as well as competing neighborhoods. I researched comparable improved residential sales similar to the subject as well as similar lot sales for use in the sales comparison approach to determine the current market value of the property as well as the value assuming the improvements were razed and the lot was vacant. Interior and exterior photographs are included in the report.

Market area description and characteristics: The subject neighborhood is considered to be the areas around the north, east and west sides of the Pensacola International Airport bound to the east by Spanish Trail, the airport to the south, Ninth Avenue to the north and west. This area includes the Scenic Heights and College Heights residential neighborhoods which appear to have been developed during the same time frame. These two residential neighborhoods reflect a similar mix of owner-occupancy and tenant occupied residences. The neighborhood is located in close proximity to Cordova Mall, Pensacola State College, Sacred Heart Hospital as well as numerous other office, retail and restaurant properties. Values in the subject's subdivision have been stagnant due to the pending purchase of properties by the Pensacola International Airport for the Airport Commerce Park.

SITE VALUATION**Site Valuation Methodology**

- Sales Comparison Approach:** A set of procedures in which a value indication is derived by comparing the property being appraised to similar properties that have been sold recently, then applying appropriate units of comparison and making adjustments to the sale prices of the comparables based on the elements of comparison. The sales comparison approach may be used to value improved properties, vacant land, or land being considered as though vacant; it is the most common and preferred method of land valuation when an adequate supply of comparable sales are available.
- Market Extraction:** A method of estimating land value in which the depreciated cost of the improvements on the improved property is estimated and deducted from the total sale price to arrive at an estimated sale price for the land; most effective when the improvements contribute little to the total sale price of the property.
- Alternative Method:** (Describe methodology and rationale)

Site Valuation Comments: Comparable two is the most recent single-family lot sale in the subject's neighborhood or adjoining neighborhoods. Comparable two is larger and sale three is located in a superior subdivision. Comparing sales two and three to sale one, a downward size adjustment of \$2,500 is applied to sale two and a downward location adjustment of \$2,000 is applied to sale three. Based upon a direct comparison of the subject to the three comparable lots, and assuming the subject was vacant land, it is my opinion that the value of the lot would be \$27,500.

Site Valuation Reconciliation: Based upon a comparison of the subject parcel (assuming it was vacant land) to the comparable, I would reconcile the subject's lot value at \$27,500.

Comments and reconciliation of the sales comparison approach: See additional comments on the following addendum. The three comparables sales are considered the best available in the neighborhood having occurred within the past year. Adjustments were applied to the comparables for variances in age, condition, improvement size and bathrooms as well as variances in other features such as car storage variances and other site improvements. After the adjustments, the three comparables reflect an adjusted range of \$92,300 to \$101,500. With about equal weight to each sale, I reconciled the subject's current market value at \$97,000.

Indication of Value by Sales Comparison Approach **\$ 97,000**

Comments:**Sales Comparison Approach:**

I performed a search for recent comparable improved sales to compare to the subject property. My search revealed a total of 11 sales occurring in the last year ranging in price from \$57,500 to \$115,000 with an average price of \$90,440 and a median price of \$94,950. However, many of the homes were either in superior condition, located in a superior location as compared to the subject and/or much larger in size. Of the 11 sales located, the three selected for comparison purposes were considered to be the most comparable to the subject.

The condition of all three sales was superior to the subject with a downward adjustment of \$10,000 applied to each.

The subject includes one and one-half bathrooms. Sales one included one bath and sales two and three included two bathrooms. The adjustment for a half bath versus a full bath is approximately \$1,500 for homes in this price range. Therefore sale one is adjusted up \$1,500 and sales two and three are adjusted down \$1,500.

The size of the subject is similar to sale three and smaller than sales one and two. Using an depreciated cost new adjustment of \$20/SF for the difference in size, a downward size adjustment of \$2,000 is applied to sale one with a downward adjustment of \$ 2,200 applied to sale two.

The subject has a one-car carport which is similar to sales one and two and inferior to sale three having a one-car garage. An downward adjustment of \$1,500 is applied to sale three for superior car storage.

The subject includes a covered porch as well as chain link fencing, which is similar to all three sales.

Once the above noted adjustments have been applied, the three comparable sales reflect a range from \$92,300 to \$101,500. With about equal weight to each adjusted sale, I reconcile the subject's value via the sales comparison approach at \$97,000.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS

This appraisal is subject to the following assumptions and limiting conditions:

- This report is prepared using forms developed and copyrighted by the Appraisal Institute. However, the content, analyses, and opinions set forth in this report are the sole product of the appraiser. The Appraisal Institute is not liable for any of the content, analyses, or opinions set forth herein.
- No responsibility is assumed for matters legal in character or nature. No opinion is rendered as to title, which is assumed to be good and marketable. All existing liens, encumbrances, and assessments have been disregarded, unless otherwise noted, and the property is appraised as though free and clear, having responsible ownership and competent management.
- I have examined the property described herein exclusively for the purposes of identification and description of the real property. The objective of our data collection is to develop an opinion of the highest and best use of the subject property and make meaningful comparisons in the valuation of the property. The appraiser's observations and reporting of the subject improvements are for the appraisal process and valuation purposes only and should not be considered as a warranty of any component of the property. This appraisal assumes (unless otherwise specifically stated) that the subject is structurally sound and all components are in working condition.
- I will not be required to give testimony or appear in court because of having made an appraisal of the property in question, unless specific arrangements to do so have been made in advance, or as otherwise required by law.
- I have noted in this appraisal report any significant adverse conditions (such as needed repairs, depreciation, the presence of hazardous wastes, toxic substances, etc.) discovered during the data collection process in performing the appraisal. Unless otherwise stated in this appraisal report, I have no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and have assumed that there are no such conditions and make no guarantees or warranties, express or implied. I will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because I am not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable public and/or private sources that I believe to be true and correct.
- I will not disclose the contents of this appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and/or applicable federal, state or local laws.
- The Client is the party or parties who engage an appraiser (by employment contract) in a specific assignment. A party receiving a copy of this report from the client does not, as a consequence, become a party to the appraiser-client relationship. Any person who receives a copy of this appraisal report as a consequence of disclosure requirements that apply to an appraiser's client, does not become an intended user of this report unless the client specifically identified them at the time of the assignment. The appraiser's written consent and approval must be obtained before this appraisal report can be conveyed by anyone to the public through advertising, public relations, news, sales, or other media.
- If this valuation conclusion is subject to satisfactory completion, repairs, or alterations, it is assumed that the improvements will be completed competently and without significant deviation.

VALUE DEFINITION

Market Value Definition (below)

Alternate Value Definition (attached)

MARKET VALUE is defined as the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. buyer and seller are typically motivated;
2. both parties are well informed or well advised and acting in what they consider their own best interests;
3. a reasonable time is allowed for exposure in the open market;
4. payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
5. the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what they considers their own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale. (Source: FDIC Interagency Appraisal and Evaluation Guidelines, October 27, 1994.)

SCOPE OF REVIEW: The scope of this review is limited to the information being provided by the original appraiser, and is to form an opinion as to the apparent adequacy and relevance of the data and the propriety of any adjustments to the data; form an opinion as to the appropriateness of the appraisal methods and techniques used and develop the reasons for any disagreement; form an opinion as to whether the analyses, opinions, and conclusions in the report under review are appropriate and reasonable, and develop the reasons for any disagreement.

4. Unless otherwise indicated, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of the work under review within the three-year period immediately preceding acceptance of this assignment.
5. I have no bias with respect to the property that is the subject of the work under review or to the parties involved with this assignment.
6. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
7. My compensation is not contingent on an action or event resulting from the analyses, opinions, or conclusions in this review or from its use.
8. My compensation for completing this assignment is not contingent upon the development or reporting of predetermined assignment results or assignment results that favors the cause of the client, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal review.
9. My analyses, opinions, and conclusions were developed and this review report was prepared in conformity with the Uniform Standards of Professional Appraisal Practice.
10. Unless otherwise indicated, I have not made a personal inspection of the subject of the work under review.
11. Unless otherwise indicated, no one provided significant appraisal, appraisal review, or appraisal consulting assistance to the person(s) signing this certification (if there are exceptions, the name of each individual providing significant real property appraisal assistance is stated elsewhere in this report).

CONTINGENT AND LIMITING CONDITIONS: The certification of the Reviewer appearing in the review report is subject to the following conditions and to such other specific and limiting conditions as are set forth by the Reviewer in the review report.

1. The Reviewer assumes no responsibility for matters of a legal nature affecting the property which is the subject of this review or the title thereto, nor does the Reviewer render any opinion as to the title, which is assumed to be good and marketable.
2. The Reviewer will not give testimony or appear in court because he or she reviewed an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
3. The Reviewer assumes that there are no hidden or unapparent conditions of the property, subsoil, or structures, which would render it more or less valuable. The Reviewer assumes no responsibility for such conditions, or for engineering which might be required to discover such factors. This review report must not be considered an environmental assessment of the subject property.
4. Information, estimates, and opinions furnished to the Reviewer, and contained in the review report, were obtained from sources considered reliable and believed to be true and correct. However, no responsibility for accuracy of such items furnished to the Reviewer can be assumed by the Reviewer.
5. Disclosure of the contents of the report is governed by the Uniform Standards of Professional Appraisal Practice, the Bylaws and Regulations of the professional appraisal organizations with which the Reviewer is associated, and any applicable federal, state or local laws.
6. Neither all, nor any part of the content of the review report, or copy thereof (including the conclusions of the review, the identity of the Reviewer, professional designations, reference to any professional appraisal organizations, or the firm with which the Reviewer is associated), shall be used for any purpose by anyone but the client specified in the review report, its successors and assigns, professional appraisal organizations, any state or federally approved financial institution, any department, agency, or instrumentality of the United States or any state or the District of Columbia, without the previous written consent and approval of the Reviewer.
7. No change of any item in the review report shall be made by anyone other than the Reviewer and the Reviewer shall have no responsibility for any such unauthorized change.

City Council

10/12/2017

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

AIRPORT COMMERCE PARK - PROPERTY ACQUISITION N6200 - COLLEGE HEIGHTS

RECOMMENDATION:

That City Council authorize the purchase of N6200 (Parcel ID#141S292100001002) from Owen E. Farley and Clara Moonean for \$120,000 along with a purchase additive of \$6,000, closing costs of \$1,900, a 5% contingency in the amount of \$6,395, and moving costs of \$5,000, for a total amount of \$139,295.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The 2000 Airport Master Plan identified 65 acres of property adjacent to the northwest quadrant of the Airport for future land acquisition and development. In 2004, the Airport began the preliminary planning for the acquisition and development of this area for an Airport Commerce Park and performed an inventory of the properties in the designated area and held public meetings with both residential and business property owners.

The Airport contacted the property owner (Owen E. Farley and Clara Moonean) of parcel N6200 and expressed an interest in purchasing the parcel located in the College Heights neighborhood. After discussions with the property owner, an offer was made based on a fair market value appraisal and a technical review appraisal performed by independent MAI certified appraisers. The offer was subsequently accepted by the property owner.

A Florida Department of Transportation (FDOT) Grant is in place that will fund the acquisition.

This parcel contains a commercial structure no longer in business and therefore relocation assistance in accordance with federal relocation guidelines is not required. The purchase price, purchase additive, closing/miscellaneous costs, legal fees, 5% contingency for the property, and moving costs for commercial fixtures are detailed in the estimated costs for the property on the following page.

PRIOR ACTION:

August 2006 - August 2017 - City Council approved the purchase of 91 residential and 24 commercial parcels

as identified on the attached site map.

September 14, 2017 - City Council approved acceptance of an FDOT Grant in the amount of \$1,396,069 and appropriated the grant funds.

FUNDING:

Budget:	\$ 1,396,069	FDOT
Actual:	\$ 120,000	Purchase Price
	6,000	Purchase Additive
	500	Title, Examination, and Issuance
	500	Recording and Doc Stamps
	400	Legal Fees
	500	Estimated Survey
	<u>\$ 127,900</u>	Sub-Total
	6,395	5% Contingency
	5,000	Move Costs

Letter of Transmittal

RE: An Appraisal Report of the Fee
Simple Estate in the Retail/Office Building
Located at 6200 Tippin Avenue in Pensacola,
Florida 32504
(N6200)

Dear Mr. Laven:

At your request, information was obtained and reviewed of the above referenced property for the purpose of estimating the current market value of the Fee Simple Estate. In compliance with the "Uniform Standards of Professional Appraisal Practice", this letter of transmittal is followed by an appraisal report in which all applicable approaches to value are used and with the value conclusion reflecting all known information about the subject property, current and projected market conditions, and other available data. This report contains to the fullest extent possible and practical, explanations of the data, reasoning and analysis used to develop the opinion of value. It also includes thorough descriptions of the subject property, the property's locale, the market for the property type, and my opinion of highest and best use.

Market value will be defined in the appraisal report, but basically assumes a willing buyer-seller, both knowledgeable of the subject real estate market and with the valuation at the property's highest and best use. Both exposure and marketing time periods are estimated to be between six to twelve months. I have performed no other services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

The subject property is the Retail/Office Building located at 6200 Tippin Avenue in Pensacola, Florida 32504 32566. The land size is 0.257 acres or 11,216 square feet per the County information and the property has a corner location. The subject property is improved with an approximate 1,284 square foot retail store operated as Farley's Old & Rare Books store. The improvements also include two storage buildings. The property is currently listed for sale for \$175,000 by Beck Partners. The property is owner-occupied.

Subject to the above and the limiting conditions and certification as set forth herein, it is my opinion that the current market value of the Fee Simple Estate of the Retail/Office Building located at 6200 Tippin Avenue in Pensacola, Florida 32504 as of the last date of inspection, July 27, 2017, was:

CURRENT MARKET VALUE

**ONE HUNDRED TWENTY THOUSAND DOLLARS
\$120,000**

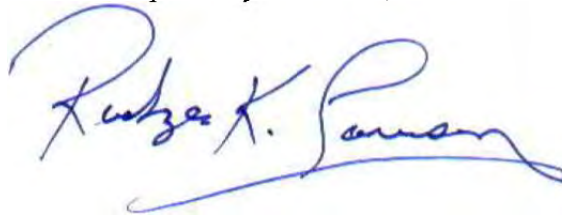

This appraisal is based upon the extraordinary assumption the billboard sign is not included in the property. It is also based upon the extraordinary assumption the lot size and age of the improvements is correct as noted on the Escambia County Property Appraiser's website and that there are no adverse easements or encroachments. This appraisal considers no hypothetical conditions.

I hereby certify I have no interest, present or contemplated, in the appraised property. This appraisal has been prepared utilizing all of the requirements set forth as Standards for Real Estate Appraisals as established for federally related transactions and the State of Florida 32504. The appraisal conforms to the Uniform Standards of Professional Appraisal Practice (USPAP) and title XI of FIRREA. The fee for this appraisal was not based on a minimum value nor was the assignment undertaken based on a pre-determined value or guaranteed loan amount.

VALUE INDICATIONS

LAND VALUE OPINION: N/A

COST APPROACH: N/A

SALES APPROACH: \$110,000

INCOME APPROACH: \$125,000

FINAL VALUE OPINION: **\$120,000**

This appraisal is based upon the extraordinary assumption the billboard sign is not included in the property. It is also based upon the extraordinary assumption the lot size and age of the improvements is correct as noted on the Escambia County Property Appraiser's website and that there are no adverse easements or encroachments. This appraisal considers no hypothetical conditions.

SCOPE OF THE APPRAISAL PROCESS

City of Pensacola - Pensacola International Airport is both my client and the intended user for this report. The use of this appraisal will be to aid in the negotiations for the purchase of the property by the City of Pensacola - Pensacola International Airport. The purpose of this report is to provide an opinion of the current market value of the Fee Simple Estate for the subject property located at 6200 Tippin Avenue in Pensacola, Florida 32504 32566. The current date of value is July 27, 2017, the last date of inspection.

In an effort to meet your requirements as well as conforming to the Uniform Standards of Professional Appraisal Practice (USPAP), a visual inspection was made of the subject land and improvements. The land size information was obtained from the County information and is assumed to be correct. This appraisal is based upon the extraordinary assumption the billboard sign is not included in the property. It is also based upon the extraordinary assumption the lot size and age of the improvements is correct as noted on the Escambia County Property Appraiser's website and that there are no adverse easements or encroachments. This appraisal considers no hypothetical conditions.

In addition to the physical inspection, research was conducted on a regional and neighborhood basis in an effort to identify trends and factors which have an effect on area property values. Once these trends and factors were identified, a highest and best use analysis was conducted. Upon determination of the land's highest and best use, similar improved sales and improved rents were researched for use in the sales comparison approach and income approach to value. The improved sales were extracted from the public records information, confirmed with one of the parties to the sale and then written up in detail in the body of the sales comparison approach to value. They were adjusted for differences and reconciled into a value opinion via this approach. Income and expense information was obtained for use in the income approach to value. The two approaches to value result in separate value estimates with appropriate weight given to each for reconciliation into a final value conclusion. Considering the age of the building and/or the recent lack of meaningful land sales, the cost approach is being eliminated from consideration. As little or no weight would be given to this approach, its elimination would have no negative effects on the final value opinion.

PROPERTY RIGHTS APPRAISED

There are several different types of ownership interest that can be appraised. These include the Fee Simple Estate ownership interest, the Leased Fee ownership interest and the Leasehold ownership interest.

“Fee Simple Estate” has been defined as:

"Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat."¹

“Leased Fee Estate” has been defined as:

"An ownership interest held by a landlord with the rights of use and occupancy conveyed by lease to others. The rights of the lessor (the leased fee owner) and the leased fee are specified by contract terms contained within the lease"²

“Leasehold estate” has been defined as:

"The interest held by the lessee (the tenant or renter) through a lease conveying the rights of use and occupancy for a stated term under certain conditions."³

The property rights that are being appraised are those of the Fee Simple Estate.

PURPOSE OF APPRAISAL

The purpose of this appraisal is to arrive at a supportable estimate of the market value of the subject property. The objective of this report is to present the data and reasoning used to form this opinion of value.

USE OF APPRAISAL

This appraisal is being prepared for use by City of Pensacola - Pensacola International Airport. The use of this appraisal will be to aid in the negotiations for the purchase of the property by the City of Pensacola - Pensacola International Airport.

DATE OF VALUE AND OF PROPERTY INSPECTIONS

The property was last inspected on July 27, 2017, which is also the current date of value. This report was prepared on August 7, 2017.

MARKET VALUE DEFINITION AND IMPLICATIONS

The definition of market value as currently stated by The Office of the Comptroller of the Currency is as follows:

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- A. Buyer and seller are typically motivated;
- B. Both parties are well informed or well advised and each acting in what they consider their own best interest;
- C. A reasonable time is allowed for exposure in the open market;
- D. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto;
- E. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale."⁴

PART TWO: DESCRIPTIONS, ANALYSIS AND VALUE CONCLUSIONS

GENERAL AREA LOCATION MAP

GENERAL AREA DATA

There are four basic interrelated forces that influence the value of a property: Social/population trends; economic changes and adjustments; governmental controls and regulations; and physical or environmental changes. These forces are considered in every phase of the evaluation and valuation process but are best discussed in the General Area Data and Neighborhood Data sections of the report. The subject's general area is considered the Pensacola Metropolitan Statistical Area (MSA), which includes the City of Pensacola and the nearby communities of Cantonment, Pace, Milton, and Gulf Breeze, located in Escambia and Santa Rosa Counties. The interrelated forces influencing this general area, as listed above, follow:

GENERAL AREA DATA (Cont'd.)

SOCIAL/POPULATION

Among the more important factors in a market study are the area population trends and the factors that affect the expected future population. The information obtained for the subject's market area of the Pensacola MSA, which consists of Escambia and Santa Rosa counties, was obtained from the *United States Census Bureau* and updated through the *Site To Do Business*.

The Pensacola MSA has a year 2016 population estimate of 480,583, based on projections by ESRI and quoted by the *STDB (Site to do Business)* which is up from the 2010 Census of 448,991. This average increase per year of 0.18% is expected to continue into the future with current estimates for the year 2021 being 507,895. The average household size is 2.49 people per residence and there currently are an estimated total of 212,880 housing units of which 55% are owner occupied, 30.6% are renter occupied and 14.4% are vacant. The number of vacancies may be somewhat misleading, as many of the beach properties are only seasonally occupied. The median household income for 2016 is indicated to be \$48,074.

The population increase for the Pensacola MSA over the next five years is expected to be 27,312 people. This translates to the need for 10,969 new households (2,194/Year) over the next five years. The median house value in the community is \$152,498. Considering the median household income along with the average rule-of-thumb that 25% of the household income can go toward a mortgage, would indicate approximately \$12,019 (\$1,002/month) can be used for mortgage payments in the median household. Considering a 4.5% interest rate, monthly payments of \$1,002 and a 30 year amortization, the median household can afford a mortgage in the amount of \$197,776 and considering a 10% down payment, the median household could afford a home of about \$219,729. As this is well above the currently indicated median home value, there is room for continued home value increases.

GENERAL AREA DATA (Cont'd.)

As stated, the beach area condominium market is largely made up of absentee owners. Looking at a list of owners from a typical development such as the Emerald Isle Condominium shows owners from Indiana, Louisiana, Florida, Virginia, Georgia, Washington, Tennessee, Arkansas, Alabama and Mississippi, to name a few. As the condominium market is made up of such a large segment of the United States population, local single-family housing occupancy statistics would have little impact on condominium prices.

As with most markets, the Escambia County/Santa Rosa County general area experienced a housing bubble between 2004 and 2005. In an effort to demonstrate the current status of the Escambia and Santa Rosa housing market, statistical information was obtained from the Pensacola Association of Realtors' Multiple Listing Service (PARMLS). While the PARMLS does not account for all sales, it is a good representation of what is going on in the local market. PARMLS sales for condominiums, single-family homes, and residential lots (< 1/2 acre) were researched within the two-county area and included in the following chart.

Average Sales Trends

*As of 12/20/2016

GENERAL AREA DATA (Cont'd.)

Sale prices in all categories peaked around 2005 and 2006 and have dropped since these peaks. The 2015 average for condos is about 31% below the peak but it appears the 2012 through 2016 values are starting a new upward trend. Similarly, the 2015 average for single family homes is about 3.5% below the peak but it appears a new upward trend has been realized between 2012 and 2016. The 2015 average for residential lots under ½ acre in size is about 36% below the peak and while values have fluctuated in recent years, they are considered to be fairly stable.

According to the PARMLS, as of December of 2016 there were 403 condo units listed in the two-county area, which represents an inventory of about 7 to 8 months based on the 2016 monthly absorption of about 54 condominiums per month. Area Realtors indicate there is a lack of condominium supply and new inventory is needed. At the present time there are two new condominium developments under construction in the Pensacola MSA. The 64 unit Vista Del Mar is being constructed at 13333 Johnson Beach Road and 48 of the units are under contract. Unit sizes range from 1,953 square feet up to 3,293 square feet and the sale prices range from \$715,000 to \$2,100,000 and the average price per square foot is \$433.03/SF. The 701 South Palafox condo in Pensacola's downtown includes 9 units, 7 of which are under contract. This development includes units that are 1,670 square feet and 2,422 square feet and the contract prices were said to be \$423/SF to \$428/SF.

According to the PARMLS, as of December of 2016 there were 2,807 single-family homes listed in the two-county area, which represents an inventory of about 4 to 5 months based on the 2016 absorption of 635 homes per month. Area economists Rick Harper indicated new home construction is necessary once housing inventories reach a nine-month supply, and there is new construction currently taking place in the area to meet the demand, which is aiding in area lot absorption increases.

There were 1,083 single-family lots (<1/2 acre) listed in the PARMLS in December of 2016 within the two-county area. In 2016 the lot absorption rate was about 38 sales per month, and considering the current listings, there is just under a 29 month inventory; however, with the increasing population and the need for 2,194 new homes per year, this inventory is more likely

GENERAL AREA DATA (Cont'd.)

going to be much less than projected based on MLS sales. Area developers have recognized the need for new subdivisions based on the population growth and are actively developing new subdivisions and apartments, with the majority of this growth being in the northwestern Pensacola area near the growing Navy Federal Campus.

Some of the motivation behind the area population growth is the area military bases. The U.S. Government has been downsizing and closing military bases all over the world as well as within this country. Rather than being downsized, the Pensacola area bases have been realizing net gains as departments and personnel from closed bases are being relocated to this area. In 2015, the Naval Air Station (NAS) Pensacola website <http://www.globalsecurity.org/military/facility/pensacola.htm> stated there were more than 9,600 military personnel and 6,800 civilians working in the Escambia and Santa Rosa County areas.

An additional explanation behind the Pensacola area growth is the location in the "Sunbelt" along the Gulf Coast of Florida. The sugar white beaches and clear waters of the Gulf of Mexico attract thousands of visitors every year. Realizing the area benefits (year-round sunshine, warm temperatures, no snow); many of these visitors choose to make Pensacola their permanent home.

Tourism in the general area is one of the largest industries, along with the military. To capitalize from the growing number of tourist, the county has a local "bed tax" that produces additional revenue from the number of tourist staying in the various hotels and motels throughout the county. As reported by the Clerk of the Circuit Court's Office of Escambia County, the area has been realizing steady tourism growth since 2010. The 2016 tourism sales are about 8% above the 2015 numbers, indicating a very robust and growing tourist industry. The trailing 12 months of Tourist Development tax Collection Data follows.

According to the Haas Center, the business cycle index for the Pensacola MSA appears to be increasing since the recent recession. The following graph also shows that job growth is beginning to take place again. While it has not recovered to pre-recession numbers, jobs are steadily increasing since the lows realized in 2009 and 2010.

ECONOMIC CHANGE AND ADJUSTMENTS

In addition to considering the area's population and expected increases, a commercial study should also consider area economics. Even if the population continues to increase, the new population must be able to afford the area goods and services; therefore, it becomes necessary to look at the economic conditions and the projected economic future.

According to the *U.S. Bureau of Labor*, the Pensacola MSA unemployment rates were 4.6% in April of 2015, which is slightly below the most current state average of 5.5%. The services sector is the primary employer in the Pensacola MSA at 46.9%, as reported by the STDB's most recent information (2015). The retail trade is the secondary source of employment with 12.8% of the workforce, construction is 11%, finance/ insurance/ real estate is 6.5%, and manufacturing makes up 5%.

Area tourism is a component of both the services sector and the retail trade. According to *Florida's Great Northwest*, job growth is expected in the Pensacola MSA, which is shown on the following chart.

According to the West Florida Economic Development Alliance, some of the 2015 top area major employers in the Pensacola MSA include Baptist Health Care (4,494); Sacred Heart Health Systems (3,483); Navy Federal Credit Union (3,845); Gulf Power Company (1,774); West Florida Healthcare (1,300); Ascend Performance Materials (800); West Corporation (800); Medical Center Clinic (500); Santa Rosa Medical Center (498); International Paper (450); Cox Communications (400); CHCS service/iGate (380); Blackwater Correctional Facility (348); Armstrong World Industries (300) and Media Com (300) to name a few.

GENERAL AREA DATA (Cont'd.)

Recently Navy Federal Credit Union announced its latest and greatest expansion plans to its Pensacola campus, which currently employs over 3,845. Navy Federal purchased an adjoining 240 acres and is in the process of a \$350 million expansion that will create an additional 5,000 jobs with average salaries of \$44,000 a year by 2016. This investment is also estimated to bring around 1,000 new indirect jobs to the regional economy. NFCU announced they expect to have a total of 10,000 employees at their Nine Mile Road, Pensacola location by 2020. Once these planned expansions are completed, Navy Federal will by far be the largest employer for the Pensacola MSA. These announcements will help in the local economic development efforts for recruiting more regional, national and international firms to the area.

Adjacent to the Navy Federal's Heritage Oaks campus is an approximate 640-acre Navy Outlying Landing Field (OLF) being purchased by Escambia County for the development of a commerce park expected to eventually create an additional 4,000 jobs. Escambia County has agreed to purchase a 601-acre parcel in Santa Rosa County to relocate the current OLF. Once the county takes possession of the existing OLF they will spend between \$10 million and \$15 million to develop the commerce park.

Gulf Power, the area's power company, has been actively buying up 4,000 acres of land in the north end of Escambia County for a new power plant that will likely replace the existing coal burning Christie Plant found along the Escambia River in northern Pensacola. According to Sandy Sims, Gulf Power's Economic Development Manager, Gulf Power has already purchased 3,000 acres and has the remaining 1,000 acres under contract or identified for the new plant. It is not yet known if the new plant will be a natural gas plant or a nuclear plant but they expect to finalize their plans by the end of 2014. Replacing the coal plant with a cleaner energy plant will aid in cleaning up Escambia Bay and will help the area's air quality.

Another recent announcement is the new 30 year lease between the City of Pensacola and ST Aerospace Mobile, Inc. in 2014, a Singapore-based company that does

GENERAL AREA DATA (Cont'd.)

maintenance repairs and overhauls for large commercial aircraft. The agreement would provide ST with a \$37 million dollar maintenance and repair facility on 19 acres at Pensacola International Airport's commerce park and ST will bring in about 300 high-skill, high-wage jobs. Securing a long-term contract with ST raises Pensacola's profile among domestic and international aerospace parts suppliers. This is particularly important in light of the parts suppliers that eventually will be locating near the \$600 million Airbus Assembly Plant, currently under construction at Mobile's Brookley Aeroplex. The first Airbus A-320 passenger jets are expected to roll off the assembly line in 2016.

Downtown at the Community Maritime Park for Blue Wahoos, Quint Studer has just finished construction on a \$15 million four-story office building and the building is fully leased at \$28.00/SF – full service. Beck Property Company also recently started construction on its \$4 million-plus, three-story, 26,715 square foot mixed-use building at the corner of Port Royal Way and Main Street in the first half of 2014. This building will have retail on the ground floor, Beck office space on the second floor and luxury condominiums on the third floor. Just east of the Maritime Park, the newly renamed Bank of Pensacola's new multimillion dollar branch at Palafox and Main Street was completed at the end of 2014.

The first apartment complex to be started in numerous years began construction in 2014. The South at Navarre Beach will be a 250-unit, \$34.5 million project being constructed in the Navarre area of South Santa Rosa County. The complex will include five four-story buildings with 129 one-bedroom units, 101 two-bedroom units and 20 three-bedroom units. The complex is expected to be completed within 18 to 20 months with staggered openings. The Studer Group purchased the old News Journal Building in downtown Pensacola and has begun interior demolition for redevelopment of the building into apartments.

The cost of living in the area is also one of the lowest in the country. National studies, which rate American cities for their desirability, commonly rate Pensacola's MSA near the top of the pack due to the low cost of living and high quality of life. The most recent report for the annual income per capita for the Pensacola MSA was \$23,517 (2014), the median household income was \$43,681 and the average household income was \$59,465.

GENERAL AREA DATA (Cont'd.)

In conclusion, the Pensacola MSA is considered to have a strong economic base, which is expanding. The area's U.S. Naval and Air Force bases are considered to have a solid future. Tourism is a large factor in the economic success of the area, and in spite of hurricane related setbacks and the oil disaster in the Gulf of Mexico in the past decade, recovery efforts have proven successful.

GOVERNMENTAL CONTROLS AND REGULATIONS

A general area analysis of a growing area would not be complete without considering the area's government and its outlook on future expansion. If the local government is anti-growth, laws can be enacted which would stifle development and population growth. On the other hand, if the government is pro-growth, taxes, zoning, agencies, and personnel can be used by the government to promote new business development, creating a larger economic base and additional population growth, which would support the existing and planned development of income producing properties. The Pensacola MSA governing bodies are pro-growth organizations.

The Escambia County government is a five man Board of Commissioners elected every four years by their district. They appoint a County Administrator who oversees the county budget and operations. This body has been actively obtaining land for new commerce parks and encourages new development.

Pensacola has a City Council with 7 council members elected to four-year terms and a "strong mayor" form of government, which included the mayor now being elected by the city residents and having more control in the daily operations of the city government, including overseeing the annual budget of over \$200 million. The city and county currently have zoning ordinances in effect covering the southern region of the county. The county also has a state required Future Land Use Plan which is designed to ensure organized growth over its 20 year life. This plan is reviewed every five years to ensure that it is keeping up with area needs. The plan can also be

GENERAL AREA DATA (Cont'd.)

petitioned for changes. The major topics handled in the plan include consistency, environmental, threatened and endangered species, land use approval on site plans, concurrency, and permitting.

General revenues are raised through an ad valorem tax system. The Escambia County Appraisers Office assesses the property at "just value" which is a percentage of market value that is supposed to be about 85% of market value; however, it commonly range from 20% to 85%. The area property taxes are among the lowest in the state, which makes it more affordable for new business development. The City of Pensacola has established a Community Redevelopment Administration (CRA), which is responsible for improving the look of the city. The CRA receives a portion of the taxes collected in the downtown district and utilizes these funds for infrastructure improvements (streets, sewer lines, water lines, parks, etc.). By upgrading the look of the city, the appeal also increases attracting additional business development and tourist dollars increasing the economic and population base.

The County and City governments also work closely with private businesses in efforts to attract additional business to the area. The government's development of structures such as the Pensacola Bay Center, the Saenger Theater and the Creative Arts Center, aid in drawing convention business to the area. Over the past several years, convention traffic has increased at a rate of about 30% per year bringing new visitors to the area who aid in strengthening the area's economic base; however, with the down turn in the economy convention traffic has slowed. The economic base is also strengthened by the government's development of industrial parks in which the land is sold to "clean air" industries at very low rates in return for the creation of additional area jobs expanding the economic and population base.

The Emerald Coast Utilities Authority (ECUA) relocated their Pensacola downtown wastewater treatment plant to the northern area of Escambia County. This project was a \$316 million development project that started in 2007 and was completed in December of 2010. The new state of the art facility creates the ability for additional industrial development in the north end of

GENERAL AREA DATA (Cont'd.)

the County and the water reclamation will be used for industrial purposes, greatly reducing overall water consumption. No effluent will be dumped into the area bays, so area water quality will be expected to increase with this new facility. The previous downtown sewer plant has been dismantled and cleared for future development. With the elimination of the wastewater smells, the waterfront will also be more desirable for new development, which is on-going.

On more of a regional basis, there is a new International Airport developed to the east in Bay County near the Walton County line. This project was constructed on about 2,000 acres donated by the Saint Joe Company and was completed in the fall of 2010. This airport provides the region with direct flights that are expected to aid in increasing the tourist populations. Additionally, after a large renovation project, the Pensacola Regional Airport was renamed the Pensacola International Airport. Land surrounding the International Airport is being purchased for redevelopment into a clean-air industrial park that will support airport operations.

In conclusion, the local governmental agencies aid in the development of the Pensacola MSA. Zoning, along with the Future Land Use Plan, is used to insure organized, homogeneous growth, which adds to the area's appeal. The low taxes and affordable real estate are also enticing factors for future prospective businesses. The government's willingness to aid in the development of the economic base also creates a stronger population base.

LOCATION AND PHYSICAL FACTORS

The location and physical factors of the area are important, as they are a major impetus in the relocation of Navy personnel, as well as the growth of new businesses and the civilian population. Available land, good weather, water, and recreational aspects are all factors considered by a potential future resident of the area. If these factors are congenial, they will aid in the growth and stability of the area.

GENERAL AREA DATA (Cont'd.)

Escambia County has a land area of approximately 661 square miles and an additional water area of 100 square miles. The altitude ranges from sea level to 120 feet above sea level. The eastern boundary of the county is the Escambia River and Escambia Bay. The western boundary is the Perdido River and Perdido Bay. Neither river is a navigable waterway to the extent of contributing to the economy. Santa Rosa County adjoins Escambia County to the east and has a land size of about 1,174 square miles and offers similar physical characteristics. Escambia and Santa Rosa Counties are located in the extreme northwestern portion of the state, being in what is called the "Panhandle" of Florida. Geographically, this MSA is located approximately 230 miles east of New Orleans, Louisiana; 250 miles south of Birmingham, Alabama; 350 miles southwest of Atlanta, Georgia; and 375 miles east of Jacksonville, Florida.

The City of Pensacola covers approximately 23 square miles of land in the southeastern part of Escambia County and the smaller cities of Gulf Breeze, Milton, and Pace are bedroom communities for Pensacola. The annual mean temperature is 69 degrees with an average rainfall of 62 to 87 inches. With an abundance of clear skies and warm weather, Pensacola is considered part of the "Sun Belt" of the United States. The "Sun Belt" states, especially Florida, have been growing in population faster than other areas of the United States in recent years.

One of the probable reasons for continuous growth of the Pensacola MSA is its accessibility. Pensacola is served by four major highways, which provide access to the north, east, and west. U.S. 90 (which runs from the East Coast of Florida to Texas), Interstate 10 (which runs from the Atlantic Ocean to the Pacific Ocean), U.S. 98 (which runs from the East Coast of Florida to Mississippi) and U.S. 29 (which runs from Pensacola to Washington, D.C.). The Interstate 110 spur connects with Interstate 10 just west of Davis Highway and runs to downtown Pensacola's Business District, connecting with U.S. Highway 98.

Pensacola's International Airport, with the recent completion of a \$30 million modernization, provides air transportation to all parts of the country. The Escambia County Transit

GENERAL AREA DATA (Cont'd.)

System operates bus lines throughout the metropolitan area and Greyhound Bus Lines provides inter-city bus transportation.

The natural deep-water harbor of Pensacola Bay, along with the large expanse of protected waters and the Gulf of Mexico, create an ideal training area for the U.S. Navy. These waterways also add to the area's economy through the Pensacola's Municipal Port Facilities handling cargo shipments to and from all parts of the world. Rail service also aids in the support of the port facilities with spurs running to the docks. While the southern and eastern most areas of Pensacola are nearly fully developed and are blocked from additional growth by the bays and Gulf of Mexico, there is plenty of developable land in the general area. The western and northern land areas of Escambia County and the Pace and Gulf Breeze areas of Santa Rosa County are the locations of the most active development and have proven to be popular among the new residents coming to the area. There is plenty of available land remaining for future growth for years to come.

Overall, the area's physical characteristics are considered a real asset for the general area of Pensacola. There is plenty of available land for additional business and residential development. The beaches and waterways create ideal recreational facilities for newcomers. The moderate temperatures and year-round sunshine also entice a large number of new businesses to the area, which aid in creating a larger population.

GENERAL AREA DATA CONCLUSION

Overall, the Pensacola MSA is considered to have a steady and positive outlook because of the stable to expanding military bases, tourist industry, and governmental support of private industry expansion and occupancies are increasing as a result. In 2010 the BP Gulf Oil Spill hurt tourism but it has since rebounded. The 2011 through 2014 tourism numbers were among the best of all time and there is an on-going advertisement campaign being paid for by BP that is aiding in

GENERAL AREA DATA (Cont'd.)

increasing the tourist numbers beyond what the area has ever seen. Area hotels are indicating 10%+ annual increases in revenues and the industry as a whole has expectations of adding employees. The military bases are another market sector that aids in helping the local commercial industry and as of the writing of this report, the area military bases appear to be stable with no cuts planned. New aerospace industry is moving into the area as is Navy Federal creating new jobs, which in turn is driving new home construction. The commercial markets are also benefiting from this growth, as they keep up with demand. The past trends are expected to continue into the foreseeable future.

NEIGHBORHOOD MAP

NEIGHBORHOOD ANALYSIS

A neighborhood is defined in *The Dictionary of Real Estate Appraisal*, Fourth Edition 2002 as: "A group of complementary land uses; a congruous grouping of inhabitants, buildings, or business enterprises."⁵ Neighborhood boundaries are defined because properties within neighborhoods tend to be similar in characteristics with regard to land use, desirability, and are affected by similar physical, economic, governmental and social forces.

The subject neighborhood is considered to be the portion of the Pensacola area within the Pensacola City limits. This area's boundaries are considered to be, but are not limited to, Fairfield Drive to the west, Pensacola Bay to the south, Escambia Bay to the east, and I-10 to the north.

Major north/south arterials within this area include I-110, Palafox Street, Pace Boulevard, Fairfield Drive, 9th Avenue, and Scenic Highway. Major east/west arterials include Bayou Boulevard, Cervantes Street, Garden Street, Main Street, Brent Lane, Fairfield Drive, Airport Road and Bayfront Parkway. These arterials provide convenient and quick access within the subject neighborhood as well as other portions of the Pensacola MSA.

The downtown Business District of Pensacola includes typical private office buildings, government office buildings, courthouses, restaurants, shops and bars. There is also an historic district that includes a variety of residential and commercial buildings constructed around 200 years ago around several public parks. The majority of the buildings have been completely renovated and act as an historic tourist draw for the community. UWF is proposing to take greater advantage of the area's historic treasures by re-bricking the streets, creating a walking friendly environment and starting an advertising campaign aimed at the historic tourism industry. Festivals are held throughout the year in the many downtown parks. The current main tourist draw is Pensacola Beach, found about four miles to the south and provides white sand beaches, clear water and numerous hotels, shops, condominiums and homes but the new historic tourism industry is projected to increase annual tourism numbers by more than one million visitors per year.

Neighborhood Analysis (Cont'd.)

There have been a number of new developments in the Downtown area of Pensacola, and a summary of the most significant of them follows. The Community Maritime Park is located between Main Street and Pensacola Bay, at the south end of Baylen Street and was recently completed. It includes numerous vacant land sites for future commercial and/or residential development. The project features an expansive public waterfront park; a community multi-use stadium facility suitable for baseball, football and other athletic events, festivals and other community activities. There is also a water front pavilion for music and entertaining events. The water front grassed and walkway areas on the south end of the property were designed for festivals. The other vacant land areas found on the north side of the property can be developed with commercial; office; retail; residential; restaurant and entertainment uses.

Quint Studer recently completed construction on a \$15 million four-story office building directly north of the new Stadium and the building is fully leased at rates of \$28.00/SF, full service. Beck Property Company also recently completed construction on its \$4 million-plus, three-story, 26,715 square foot mixed-use building at the corner of Port Royal Way and Main Street, which is now fully occupied and includes retail on the ground floor, Beck office space on the second floor and luxury condominiums on the third floor. Just east of the Maritime Park, the newly renamed Bank of Pensacola's (previously First Navy Bank) new multimillion dollar branch at Palafox and Main Street was completed around the end of 2014.

Located at 701 South Palafox Street is a newly completed condominium project that was constructed by Ray Russenberger. This development includes 9 luxury condo units that are all sold with prices exceeding \$1,000,000 each. All of the units were pre-sold and have since closed.

A new YMCA building located at the southwest corner of Taragona Street and Intendencia Street. The building was recently completed and offers an open floor plan with 52,000 square feet, nearly doubling the size of their old downtown building. This building is creating additional demand for new living quarters in the downtown area and will greatly add to the quality of life.

Artist Rendering of the New Downtown YMCA

Located to the northwest of the Maritime Park property is the old sewage treatment facility. The ECUA constructed a new state of the art treatment facility in the northern end of Escambia County and completed the demolition of the old sewer facility. The nearly 20 acre cleared site is now grassed and available to be re-developed, which should further enhance the desirability of the downtown area. The new owner of this site is now in the planning stages of a mixed use development that will include a variety of uses and while they have several conceptual plans, they do not specifically know what will be developed there yet.

Neighborhood Analysis (Cont'd.)

The Palafox Pier Restoration Project is a mixed use development located at the southern end of Palafox Street at the former location of the Municipal Auditorium. This project includes a 92-slip marina, a 7,200 square foot Harbormaster Building that is currently leased, the Icehouse Building with 21,000 square feet of office space currently leased and occupied by Merrill Lynch and EmCare. The City was said to have invested \$1.2 million in public infrastructure improvements with the mixed-use development being a combination of public and private funds.

The Palafox Pier & Yacht Harbour condominium development built in 2002 consists of two 35,206 square foot, four story buildings and a pedestrian plaza (park). Each building includes 7,500 square feet of retail/office space on the ground floor with four parking garages, 10,606 square feet of office space on the second floor and one-story and two-story condo units on the third and fourth floors.

Located immediately south of the Pensacola Bay Center is the new Technology Park development constructed by the City of Pensacola. The streets and all infrastructure necessary for high tech developments are in place and this property is ready for new vertical development. The City of Pensacola, along with Escambia County has provided the land and will sell the land to private individuals who plan to develop the area with buildings designed for companies requiring the latest in technology and the needed infrastructure. In connection with this development, the City of Pensacola created a large regional storm water retention lake located on the north side of Bayfront Parkway and on the east side of 9th Avenue at Admiral Mason Park. This allows for vacant properties to the north to be fully developed without the requirement of storm water run-off on site. The overall water retention design is a public park with the storm water retention lake landscaped and designed for public appeal and there is a walking path surrounding the lake and tasteful landscaping. A vacant site located across 9th Avenue from the Technology park was recently purchased and is proposed to be improved with two new hotels.

Neighborhood Analysis (Cont'd.)

In addition to the new development or redevelopment of this area downtown, several of the older buildings downtown were completely gutted and renovated. All of these renovated buildings are historic structures that are largely found along and nearby Palafox Street, which is the main north/south downtown arterial and the center of much of the new activity. Recently renovated buildings have been converted for restaurants, bars, offices, shops and entertainment venues creating one of the most desirable areas in the MSA. The Studer Group purchased the old Pensacola News Journal building found directly north of the new YMCA building and demolished it to make way for a new upscale mixed use rental building that will include commercial uses on the ground floor and rental apartments on the upper floors, which is now under construction. In association with the mixed use building is a new 7 level parking garage that is nearing completion. The old Rex Theatre building, constructed in 1910, was recently purchased by Harvest Church and went through a \$1.7 million dollar renovation. Now completed, this building hosts live theater events, movies, concerts and other special events. The old YMCA building was purchased by a private developer who has demolished parts of the old building to create new residential lots and other parts of the building will be renovated for restaurant and office uses.

The Blount-Brent Building Complex located at the southwest corner of Palafox Street and Garden Street is also undergoing a massive renovation. This 100,000+ Square foot structure is being completely renovated with boutique retail and restaurant uses on the ground floor and the upper floors are being renovated into a 34 suite boutique hotel and newly renovated office space. A new 110 room Holiday Inn is also nearing construction completion on the south side of Main Street just two blocks east of Palafox Street.

Located on the South side of Garden Street is a site that was once improved with a motel but the motel was removed so the site could be re-developed with a condo project; however, the condo development was put on hold due to the recession and the previous over-supply of housing units. The western portion of this site is now being improved with a new bank building and the eastern portion is for sale. Similarly, an older liquor store located on the

Neighborhood Analysis (Cont'd.)

south side of Gregory Street was demolished to make way for a condo development but this was also put on hold at the beginning of the recession and the land is now on the market. With the new demand created by all of the area activity, these two properties will likely come to life again in the foreseeable future.

There are four large multi-story office buildings in the downtown area. These buildings include the SunTrust Bank Building containing approximately 103,955 square feet, Harborview containing approximately 74,240 square feet, Southtrust Bank building containing approximately 77,400 square feet and One Pensacola Plaza containing approximately 108,997 square feet. Average occupancy in three of these buildings is above 90%. The SunTrust Building was recently vacated by SunTrust and is being purchased by the Studer Group for renovation but the specific uses that it will be renovated into have not yet been identified. There are also several other multi-tenant office buildings in the neighborhood that are reflecting occupancies from 80% to 90%.

The Palafox condo project previously identified is the first new residential development planned since the recession and while it is a fairly small project of only 9 units, its rapid sell-out indicates there is good residential demand for the downtown area. The News Journal Apartment redevelopment will be an additional test for new residential demand in the downtown area and the developer has indicated he has a long list of potential tenants. They also indicated that all but one of the commercial spaces are leased. There are numerous other smaller condo, townhouse and single family developments in the area that are being developed and rapidly absorbed, indicating good demand for housing.

The Pensacola Community Redevelopment Agency has been working to promote Pensacola and bring people into the downtown area daily. Among the initiatives recently introduced, are tax incentives that will entice new redevelopment projects. The City also closes Palafox Street one Friday night per month to vehicular traffic and opens it to pedestrian traffic for "Gallery Night". Gallery Night attracts many thousands of people who enjoy the new shops, restaurants and bars which are showcased along Palafox. In addition, there are bands found on

Neighborhood Analysis (Cont'd.)

some of the balconies as well as street performers and musicians found on the street. Open alcohol containers are also allowed creating a festive walkable community.

Photos of a Typical Gallery Night

There is a clean air industrial park area found to the north along the east and west sides of Palafox Street south of Brent Lane and north of Fairfield Drive. Another one is found south of Brent lane between I-110 and Palafox Highway. Located on the west side of Palafox Street north of Fairfield Drive is a super fund site that has been cleaned and capped by the EPA and they indicated that this land is now suitable for additional industrial development. The City of Pensacola is working with the State of Florida and the EPA to create an additional industrial park on the super fund land site. Located north of Brent Lane on Palafox Street is what is known as “Car City”, which is an area with many of the area’s new and used car dealerships. The growing Pensacola Christian College and Pensacola Christian School is found north of Brent Lane between I-110 and Palafox Street and they are actively buying properties to their south in an effort to grow their campus and population.

Overall, the subject’s neighborhood is following the path of other downtown locations around the country, which have been revitalized and now project a positive image for the community. These past trends are expected to continue with the help of private developers and

Neighborhood Analysis (Cont'd.)

the City of Pensacola resulting in the new life cycle of the neighborhood. There are several condominium and apartment buildings planned for the future in the downtown area, which will aid in the need for additional commercial support facilities. Continued revitalization efforts and increasing populations should place upward pressure on area property values and rents as the national economy recovers. With the past trends expected to continue, the subject neighborhood is considered to have a bright future for commercial and residential properties.

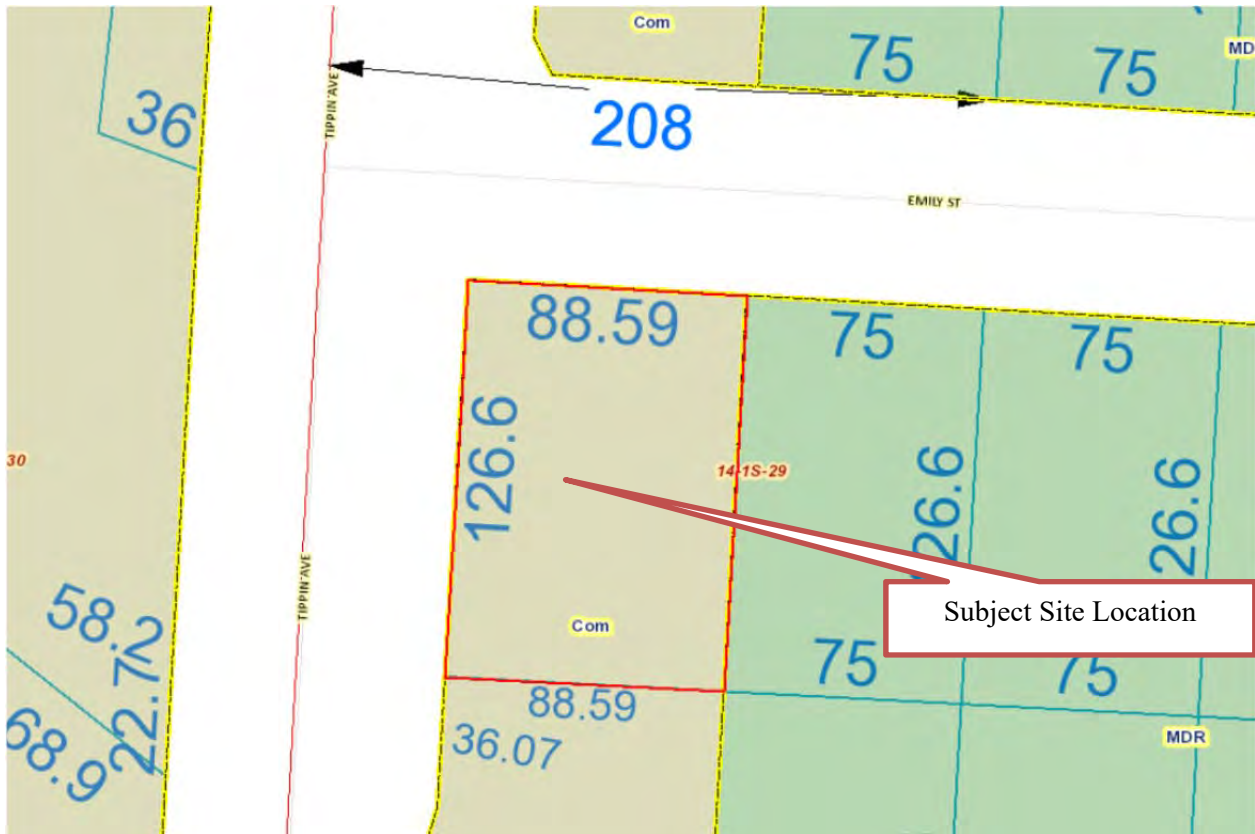

TAXES AND ASSESSMENT ANALYSIS

The subject property is assessed under the following property identification numbers by the Escambia County Property Appraiser.

Property Identification Number	Assessed Land Size Acres	Assessed Building Size Square Feet	Assessed Value	Annual Taxes	Past Due Taxes
14-1S-29-2100-001-002	0.25	1,300	\$63,884	\$1,056.31	\$0.00
		0	\$0		
Totals	0.25	1,300	\$63,884	\$1,056.31	\$0.00

The assessed value in comparison to the market value is considered to be reasonable, as such, the taxes are considered reasonable and would have no negative effects on the property value. All property taxes appear to be current.

LAND USE PLANNING, ZONING, CONCURRENCY

As per the above indicated zoning map, the subject site is zoned COM. The Commercial district establishes areas and land use regulations for general commercial activities, especially the retailing of commodities and services. The primary intent of the district is to allow more diverse and intense commercial uses than the neighborhood commercial allowed within the mixed-use districts. The current Retail/Office Building use is a legally conforming use of the property. A copy of the zoning ordinance for these districts is included in the addendum of this report.

PUBLIC AND PRIVATE RESTRICTIONS

I know of no private restrictions that would limit the subject property; however, I was not provided with a title report for the property so it is assumed that the only restrictions that would regulate the subject property are the zoning requirements.

ENVIRONMENTAL CONCERNS

The property is improved with a retail building and appears to have no areas of environmental concerns. No evidence of surface soil stain was noted on the property and there does not appear to be any wetlands associated with the site.

The above is a very important assumption and limiting condition to the appraisal. From the viewing of the site, no evidence of hazardous substances “obvious to the untrained person” were observed, and no communication “through a reasonably reliable person” indicating possible contamination was received; however, I am not an expert in the environmental field and this information should be confirmed by an expert.

SITE DESCRIPTION (Cont'd.)

EASEMENTS/

ENCROACHMENTS:

According to the tax plat, no easements or encroachments were noted. I am unaware of any adverse easements or encroachments that would adversely affect the marketability or value of the property.

RESTRICTIONS:

I know of no private restrictions that would limit the subject property; however, I was not provided with a title report for the property so it is assumed that the only restrictions that would regulate the subject property are the zoning requirements.

CONCLUSION OF CONFORMITY:

The subject property is located in the southeast corner of Tippin Avenue and Emily Street in Pensacola. This is a well-developed and high traffic area with good exposure for retail and office properties. The site appears to be well suited for commercial development as reflected in the existing improvements and surrounding development. The site contains adequate road frontage for exposure and access and appears to be well drained.

SUBJECT BUILDING FLOOR PLAN

DESCRIPTION OF IMPROVEMENTS

LOCATION:	The property street address is 6200 Tippin Avenue, Pensacola, Florida 32504. The subject property is located in the southeast corner of Tippin Avenue and Emily Street.
BUILDING SIZE:	The subject is improved with an approximate 1,284 square foot, concrete block retail/office building.
AGE:	The improvements were originally constructed in 1963 as a residence and have been updated through the years. The effective age is estimated to be 25 years with a remaining economic life of 15 years.
FOUNDATION:	The structure is building on concrete piers with a wood sub-floor.
EXTERIOR WALLS:	The building has concrete block exterior walls.
ROOF:	The roof is composite shingle over wood frame and sheathing.
INTERIOR FLOOR:	The flooring includes a mixture of hard wood, ceramic tile and carpeting.
INTERIOR WALLS:	The interior walls are painted drywall and wood paneling.
CEILING:	The ceilings is painted drywall.
LIGHTING:	Flush mount florescent light fixtures provide adequate lighting for the building.
HEAT/AIR:	The building is serviced by a central HVAC systems that appears adequate for the building.
RESTROOMS:	The building includes one restroom that appears to be adequate for the current use of the property.

DESCRIPTION OF IMPROVEMENTS (Cont'd.)

FENESTRATION: The building has single-pane aluminum framed windows around the perimeter of the building, two front doors and one rear door. Overall, the fenestration of the building is considered to be adequate.

**CONDITION/
QUALITY:** The building is constructed of average quality materials considered to be an Average Quality Class "C" Office Building in average condition.

COMMENTS: The improvements consist of an older residence that has been converted to an office/retail use. The improvements were originally constructed in 1963 and have been renovated over the years reflecting an effective age of approximately 25 years. The improvements are considered to be in average condition.

EQUIPMENT: This appraisal considers the real estate only.

OTHER SITE IMPROVEMENTS

In addition to the building, site improvements include an approximate 277 square foot concrete block storage building with window unit air-conditioning and an approximate 50 square foot metal storage building. The improvements include a concrete drive for two cars and an approximate 116 square foot covered entry with handicap ramp. There is a billboard sign in front of the building, but the owners do not receive any rent from the signage as they paid for the location of the sign several years ago. The land to building ratio is 8.74:1, which is also considered to be a good ratio for a office/retail use.

HIGHEST AND BEST USE

A brief definition of the term "highest and best use" would be:

"The reasonably probable and legal use of vacant land or an improved property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum profitability."⁶

Implied within this definition is recognition of the contribution of that specific use to community environment or to community development goals in addition to wealth maximization. Also implied is that the determination of highest and best use results from the appraiser's judgment and analytical skills, i.e., that the use determined represents an opinion, not a fact.

The Highest and Best Use section of this report is the pivotal point in the appraisal process. All previous data is used to test the four criteria of: (1) legally permitted, (2) physically possible, (3) economically feasible, and (4) maximally productive.

LAND AS THOUGH VACANT

Legally Permissible - All legally permissible uses should be analyzed when considering a site's highest and best use. The zoning maps indicate the subject property is zoned COM. The Commercial district establishes areas and land use regulations for general commercial activities, especially the retailing of commodities and services. The primary intent of the district is to allow more diverse and intense commercial uses than the neighborhood commercial allowed within the mixed-use districts.

⁶ American Institute of Real Estate Appraisers, *The Dictionary of Real Estate Appraisal*, Third Edition, 1993, pg. 171.

HIGHEST AND BEST USE (Cont'd.)

Physically Possible - Of the legally permissible adaptations of the site, those physically possible uses require consideration and analysis. The size and location of the parcel are important aspects of value. The subject property is located at 6200 Tippin Avenue in Pensacola, Florida 32504. The land size is 0.257 acres or 11,216 square feet and the property has a corner location. The property has a rectangular shape and offers good utility. The subject property contains approximately 126.6 feet of frontage along the east right-of-way of Tippin Avenue and 88.59 feet of frontage along the south right-of-way of Emily Street. Ingress and egress are considered to be good. The site is level at road grade for Emily Street and above road grade for Tippin Avenue. No irregular topographical features were noted. The land appears to be well drained with no wetland areas noted. The soil is of a sandy composition. Based on the subject improvements and nearby improvements located upon similar soil types, it appears that this land is well suited for commercial development. All utilities are available to the subject site. These characteristics are considered to be ideal for improvement of the site to any of the legal conforming uses. Considering the location along a major thoroughfare for the neighborhood, a retail or office development would be the logical use of the site.

Financial Feasibility - Of the legally permissible and physically possible adaptations of the site, only those uses which are financially feasible should be considered. The cost of construction still exceeds the cost of purchasing existing commercial properties along Tippin Avenue. Therefore, assuming the property were vacant land, the only feasible use would be to hold until an end-user required and supported new construction.

HIGHEST AND BEST USE (Cont'd.)

Maximally Productive - The financially feasible use which results in the greatest return to the land is the one which is considered to be the highest and best use of the land. The maximally productive use of the land would be to hold until an end-user supported the demand for new construction.

AS IMPROVED

The subject property is improved with an approximate 1,284 square foot retail store operated as Farley's Old & Rare Books store. The improvements also include two storage buildings. The property is currently listed for sale for \$175,000 by Beck Partners. The property is owner-occupied.

The current use represents a legally conforming use of the site. The improvements were originally constructed in 1963 as a residence and have been updated through the years. The effective age is estimated to be 25 years with a remaining economic life of 15 years. With such a long remaining life and a legally conforming use, the highest and best use of the property is considered to be the continued office/retail use.

Conclusion – Highest and Best Use

Probable Use: The highest and best use of the property is the continued use as a retail/office building.

Timing for use: Immediately

Probable Buyer/User: The probable buyer would be an investor or end user.

EXPOSURE TIME

According to the *2016-2017 USPAP*, the definition of the term “exposure time” would be:

“The estimated length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal.”;⁷

In other words, this is a retrospective estimate based upon an analysis of past events assuming a competitive and open market. Based on the sales found within this report and conversations with local market participants, the subject’s exposure time is estimated to be from six to twelve months. This exposure time assumes the sale to have been handled by a knowledgeable real estate broker familiar with the subject real estate market.

⁷ USPAP 2012-2013 Edition. (The Appraisal Foundation, 2012-2013), pg. U-3.

MARKETING TIME

A brief definition of the term “marketing time” would be:

“The time it takes an interest in real property to sell on the market subsequent to the date of an appraisal.”⁸

Based on the sales found within this report, current listings and conversations with local market participants, the subject’s marketing time is estimated to be from six to twelve months. This marketing time assumes the sale to be handled by a knowledgeable real estate broker familiar with the subject real estate market. It also assumes aggressive real estate sales tactics and readily available contacts active in the subject real estate market. The subject’s marketing time is considered to be reflective of the exposure time as little change is expected in the market.

⁸ Appraisal Institute, *The Dictionary of Real Estate Appraisal*, 4th ed. (Chicago: Appraisal Institute, 1993), pg. 220.

THE VALUATION PROCESS

There are three (3) commonly accepted approaches to value: The Cost Approach, Income Approach, and Sales Comparison Approach. All three utilize market derived information and are “market driven” approaches, as will be shown in the analysis.

The Cost Approach is a summation of land value and improvement value. The land is valued as though vacant and available for its highest and best use. The improvement is valued by first estimating the reproduction costs new from which all forms of depreciation are deducted. Depreciation can be both from deterioration and obsolescence. Obsolescence is further categorized as functional or external. The analysis of obsolescence, based on the highest and best use analysis, accounts for deductions necessary if the improvement is not adequate for the site.

The steps for the Income approach are to first estimate an economic rent for the subject. This analysis is made even if the property is owner occupied. From the gross potential income there is first deducted allowance for vacancy and collection loss with further deductions then made for the expenses applicable to the type property being valued. This net operating income is then capitalized into an indication of value through the use of an appropriate capitalization rate.

The Sales Comparison Approach is an estimation of the property value by comparison with recent sales of similar or competitive properties extracted from the subject’s market. The “market”, rather than being the immediate proximity to the subject, is considered that area, local, regional or even national that would be considered by a prospective buyer of the subject property.

These approaches do not make value. They are merely tools in the hands of the appraiser who must carefully weigh each value indication, give appropriate weight to the approach and reconcile into a final value conclusion. Given this is the valuation of an existing retail/office building reflecting an effective age of approximately 25 years, only the sales comparison and income approaches to value are employed. The elimination of the cost approach would have no adverse effect on the reliability of the value reported.

SALES COMPARISON APPROACH

The sales comparison approach involves direct comparisons to the subject property of similar properties that have sold in the marketplace. The approach consists of searching the market for sales, qualifying the sales prices and terms with one of the participants in the sale, comparing the sales to the subject property for differences, adjusting the sales for those differences and formulating an opinion of value from the adjusted value indications. The improved sales which are utilized will be compared on a cost per unit basis depending on the “typical” unit used by market participants.

The market derived adjustments follow a specific, logical order so as not to skew the results. The adjustments listed in order include: Property rights, financing, condition of sale, date of sale or market conditions, location and various physical adjustments which can be considered together. While an adjustment for each may not be required, they are considered resulting in a comparable unit of measure.

The units of comparison may be physical, such as dollars per square foot of area, or they may be economic, such as gross rent multipliers. These units of comparison yield a pattern which is reconciled and converted to a value indication for the subject via the sales comparison approach.

IMPROVED SALES ANALYSIS

The subject property is the Retail/Office Building located at 6200 Tippin Avenue in Pensacola, Florida 32504. The land size is 0.257 acres or 11,216 square feet per the County information and the property has a corner location. The subject property is improved with an approximate 1,284 square foot retail store operated as Farley's Old & Rare Books store. The improvements also include two storage buildings. The property is currently listed for sale for \$175,000 by Beck Partners. The property is owner-occupied. The subject has a land-to-building ratio of 8.74:1.

A search of the area was made for improved sales that have a similar highest and best use as the subject property resulting in the previous four sales. Area investors typically considered commercial building purchases on a “price per square foot” basis. As this method of comparison is common, it will be used. The four sales occurred between June 2014 and June 2016 and reflected overall prices from \$75,000 to \$172,500 or \$64.32 to \$96.98 per square foot.

PROPERTY RIGHTS SOLD – The subject property rights being considered are those of the Fee Simple Estate. The rights transferred in the sales were also the fee simple estate so no property rights adjustments are necessary.

FINANCING - The comparable properties also sold for cash or terms considered similar to a cash sale requiring no financing adjustments.

CONDITIONS OF SALE - All of the sales were arms-length transactions requiring no conditions of sale adjustments.

EXPENDITURE AFTER THE SALE ADJUSTMENT – None of the sales required expenditures after the sale to make them habitable.

MARKET CONDITIONS ADJUSTMENT – The sales are considered to be recent enough that no market conditions adjustments are necessary.

COMPARATIVE ANALYSIS (Cont'd.)

PHYSICAL ADJUSTMENTS – The only physical adjustments that are considered to be required are ones for effective age, location and land-to-building ratio. These are as follow.

Effective Age Adjustment – The subject improvements reflect an effective age of approximately 25 years, which is inferior to sales one and four, and superior to sales two and three. Sale one reflect an effective age of 20 years being 5 years superior to the subject. Based upon an economic life of 40 years, this indicates a difference of 12.5% depreciation. Applying this to the improvements price per square foot of \$49.02/SF for sale one indicates a required downward adjustment of \$6.13/SF. The same analysis is applied to sales two, three and four with sale two requiring an upward adjustment of \$3.23/SF, sale three requiring an upward adjustment of \$8.89/SF and sale four requiring a downward adjustment of \$6.30/SF. Applying these adjustments indicates age-adjusted prices of \$80.60/SF for sale one, \$100.21/SF for sale two, \$86.67/SF for sale three and \$58.02/SF for sale four.

Location Adjustment – Sale four is located along Beverly Parkway, in an inferior neighborhood as compared to the subject and sales one, two and three. Based upon a comparison of sale four to sales one and three, I apply an upward location adjustment of 30% to sale four to compare to the subject's neighborhood at \$75.43/SF.

Land-to-Building Ratio – The subject reflects a land-to-building ratio of 8.74:1, which is similar to sales one, three and four. Sale two has a much higher land-to-building ratio and requires a downward adjustment to compare o the subject. Based upon a comparison of sale two to the subject and sales one, three and four, a downward adjustment of 15% is applied to sale two. Applying this adjustment indicates an adjusted price of \$85.18/SF.

The sales are considered to be similar enough to the subject in all other respects that no other adjustments are necessary. The previous adjustments are shown on the following adjustment grid.

Reconciliation – After necessary adjustments, the comparables indicated a fairly tight value range from \$75.43 to \$86.67 per square foot, averaging \$81.97/SF. With most weight to sales one, two and three due to the lower overall percentage of adjustments. I reconcile the subject’s value via the sales comparison approach at \$86/SF. Applying this to the gross building area of 1,284 square feet indicates a value via the sales comparison approach of \$110,424, rounded to \$110,000.

INDICATED VALUE, SALES COMPARISON APPROACH,

\$110,000

INCOME APPROACH

The income approach utilizes the principle of anticipation, which states the value is the present worth of all expected future benefits accruing to ownership. These future benefits are generally in the form of income streams.

There are several basic steps involved in this approach. First, the gross market rent for the property is estimated through a comparison of other similar property leases. Next, an allowance for vacancy and collection losses is deducted resulting in the effective gross rent (E.G.R.). From the E.G.R. is deducted fixed expenses such as taxes and insurance, along with variable expenses such as management, maintenance and reserves for replacement of short-lived items such as the roof and floor coverings (when necessary). The resulting figure is the net operating income (N.O.I.). The N.O.I. is then converted into a present dollar estimate, which is the property's market value estimate. Converting the N.O.I. into a present dollar estimate is called capitalization.

Capitalization techniques include the direct capitalization analysis and the discounted cash flow analysis. The direct capitalization analysis is typically used on single tenant properties, which have very little change in income and expense ratios. This analysis assumes the income stream extends into perpetuity. The discounted cash flow analysis is typically used on more dynamic, multi-tenant properties, which have continually changing incomes and expenses. This analysis assumes the property will be held for a specific time period and then sold at the end of the holding period. The property value is based on the net income streams over the holding period, discounted to the present through the use of a present value factor plus the present value of the net reversion or sale of the property at the end of the holding period. The comparable rents and analysis used in this approach follow:

Terms	Gross Lease	Gross Lease	Gross Lease	Gross Lease	Gross Lease

The subject property is the Retail/Office Building located at 6200 Tippin Avenue in Pensacola, Florida 32504. The land size is 0.257 acres or 11,216 square feet per the County information and the property has a corner location. The subject property is improved with an approximate 1,284 square foot retail store operated as Farley's Old & Rare Books store. The improvements also include two storage buildings. The property is currently listed for sale for \$175,000 by Beck Partners. The property is owner-occupied.

I searched the subject's neighborhood for recent office and retail leases on the multiple listing service. The four comparable leases and one active listing noted above in the chart are considered the most similar to the subject. It is noted the four leases range in size from 780 square feet to 1,000 square feet and reflect a lease range from \$11.10 to \$11.31 per square foot with the active listing for a 928 square foot building at \$12.28/SF. I am also aware of a 1,700 square foot suite at 2401 Executive Plaza Drive, Unit 3A just south of the subject currently listed for \$10.50/SF. All of the leases and listings are quoted on gross lease terms. Based upon a comparison of the subject to the comparable leased properties, I reconcile at a market rent for the subject property at \$11.25 per square foot. Applying this to the subject's 1,284 square feet indicates a potential gross rental income of \$14,445 annually.

Vacancy –Vacancy rates for retail and office properties in the subject's neighborhood are stabilized between 3% and 10%. For this analysis, I will consider a vacancy rate of 5%, which is bracketed by the other properties researched. Applying this to the subject's potential gross income of \$14,445 indicates a vacancy allowance of \$722. Subtracting this indicates an effective gross income for the property of \$13,723 annually.

INCOME APPROACH (Cont'd.)

Expenses

The rental income is based upon gross lease terms with the landlord responsible for all expenses with the exception being utilities. The following expenses are applicable to the subject property and are discussed as follows.

Management - The typical management expense for leases on gross lease terms is 5% of the effective gross income. Applying 5% to the annual rent indicates a management expense of \$686.

Real Estate Taxes - The real estate taxes for the subject property were previously reported to be \$1,056, which will be used in this analysis.

Real Estate Insurance – I am unaware of the annual insurance premium for the subject, however based upon similar properties in the neighborhood, I estimate the annual premium at approximately \$1/SF or \$1,285 for the subject.

Reserves for Replacements – An expense of \$0.15 per square foot or \$193 annually has been allocated as a reserve for capital item replacements.

The expenses total \$3,220 or 23.5% of the effective gross income. Given the expenses are based upon actual expenses, the expenses are considered to be reasonable and will be used in this analysis.

The income and expenses will be summarized on the reconstructed operating statement that follows.

CAPITALIZATION ANALYSIS

The sales within the sales comparison approach indicated cap rates of 5.92% and 6.94% for sales two and three, but were based upon estimated income and expenses at the time of sale. The income and expenses were not estimated for sales one and four. Based upon the overall cap rates for other office/retail properties in the area, these rates appear to be on the low end of the range. Most office and retail properties that are older properties with single or dual tenant occupancy reflect overall rates in the range of 8% to 8.5%. These rates are in line with investor surveys for similar properties as well. Considering this, an overall rate range from 8% to 8.5%

INCOME APPROACH (Cont'd.)

will be used. The two cap rates are shown on the following reconstructed operating statement along with their value indications.

Investor Survey Cap Rate	\$10,503	÷	8.50%	=	\$123,565

Reconciliation – Both cap rates are fairly similar and would tend to support each other as being reasonable. As such about equal weight will be given to each to indicate a rounded value via the income approach of \$125,000.

**INDICATED VALUE, INCOME APPROACH,

RECONCILIATION OF APPROACHES

The three valuation approaches reveal the following values:

COST APPROACH:	N/A
SALES COMPARISON APPROACH:	\$110,000
INCOME APPROACH:	\$125,000

If the appraiser had available sufficient factual data and correctly made the analysis, all approaches to value would be the same. This is seldom the case with the necessity for reconciliation of value. Both approaches indicated fairly similar values and offer good support to each other. As such, I will give about equal weight to each resulting in a final value opinion of **\$120,000**.

ASSUMPTIONS AND LIMITING CONDITIONS

1. No responsibility is assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated in this report.
2. The property is appraised free and clear of any or all liens and encumbrances unless otherwise stated in this report.
3. Responsible ownership and competent property management are assumed unless otherwise stated in this report.
4. The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.
5. All engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.
6. It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.
7. It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless otherwise stated in this report.
8. It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in this appraisal report.
9. It is assumed that all required licenses, certificates of occupancy or other legislative or administrative authority from any local, state, or national governmental or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.
10. Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied unless otherwise stated in this report. No survey has been made for the purpose of this report.
11. It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property described and that there is no encroachment or trespass unless otherwise stated in this report.
12. The appraiser is not qualified to detect hazardous waste and/or toxic materials. Any comment by the appraiser that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous waste and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The appraiser's value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless otherwise stated in this report. No responsibility is assumed for any environmental conditions, or for any expertise or engineering knowledge required to discover them. The appraiser's descriptions and resulting comments are the result of the routine observations made during the appraisal process.

ASSUMPTIONS AND LIMITING CONDITIONS (Cont'd.)

13. Unless otherwise stated in this report, the subject property is appraised without a specific compliance survey having been conducted to determine if the property is or is not in conformance with the requirements of the Americans with Disabilities Act. The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability, or utility.
14. Any proposed improvements are assumed to be completed in a good workmanlike manner in accordance with the submitted plans and specifications.
15. The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations of land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.
16. Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event only with proper written qualification and only in its entirety.
17. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news sales, or other media without prior written consent and approval of the appraiser.

Extraordinary Assumption:

An extraordinary assumption is an assumption, directly related to a specific assignment, as of the effective date of the assignment results, which, if found to be false, could alter the appraiser's opinions or conclusions.⁹

This appraisal is based upon the extraordinary assumption the billboard sign is not included in the property. It is also based upon the extraordinary assumption the lot size and age of the improvements is correct as noted on the Escambia County Property Appraiser's website and that there are no adverse easements or encroachments.

Hypothetical Conditions:

A hypothetical condition is a condition, directly related to a specific assignment, which is contrary to what is known by the appraiser to exist on the effective date of the assignment results, but is used for the purpose of analysis.¹⁰

This appraisal considers no hypothetical conditions.

POLICY STATEMENT OF THE APPRAISAL INSTITUTE

1. It is improper to base a conclusion or opinion of value upon the premise that the racial, ethnic or religious homogeneity of the inhabitants of an area or of a property is necessary for maximum value.
2. Racial, religious, and ethnic factors are deemed unreliable predictors of value trends or price variance.
3. It is improper to base a conclusion or opinion of value or a conclusion with respect to neighborhood trends upon stereotyped or biased presumptions relating to the effective age or remaining life of the property being appraised or the life expectancy of the neighborhood in which it is located.

- c. Adverse impacts to any adjoining residential uses are minimized by placing the more intensive elements of the use, such as solid waste dumpsters and truck loading/unloading areas, furthest from the residential uses.

(5) Documented compatibility. A compatibility analysis prepared by the applicant provides competent substantial evidence of unique circumstances regarding the parcel or use that were not anticipated by the alternative criteria, and the proposed use will be able to achieve long-term compatibility with existing and potential uses. Additionally, the following conditions exist:

- a. The parcel has not been rezoned by the landowner from the mixed-use, commercial, or industrial zoning assigned by the county.
- b. If the parcel is within a county redevelopment district, the use will be consistent with the district's adopted redevelopment plan, as reviewed and recommended by the Community Redevelopment Agency (CRA).

(f) Rezoning to HDMU. High Density Mixed-use zoning may be established only within the Mixed-Use Suburban (MU-S), Mixed-Use Urban (MU-U), or Commercial (C) future land use categories. The district is suitable for areas where the intermixing of uses has been the custom, where future uses are uncertain, and some redevelopment is probable. The district is appropriate to provide transitions between areas zoned or used for medium or high density residential and areas zoned or used for commercial. Rezoning to HDMU is subject to the same location criteria as any new non-residential use proposed within the HDMU district.

(Ord. No. 2015-56, § 3, 12-10-2015; Ord. No. 2016-2 § 1, 1-7-2016; 2016-31 § 1, 8-4-2016; Ord. No. 2017-5, §2, 1-5-2017)

Sec. 3-2.10 Commercial district (Com).

(a) Purpose. The Commercial (Com) district establishes appropriate areas and land use regulations for general commercial activities, especially the retailing of commodities and services. The primary intent of the district is to allow more diverse and intense commercial uses than the neighborhood commercial allowed within the mixed-use districts. To maintain compatibility with surrounding uses, all commercial operations within the Commercial district are limited to the confines of buildings and not allowed to produce undesirable effects on surrounding property. To retain adequate area for commercial activities, new and expanded residential development within the district is limited, consistent with the Commercial (C) future land use category.

(b) Permitted uses. Permitted uses within the Commercial district are limited to the following:

(1) Residential. The following residential uses are allowed throughout the district, but if within the Commercial (C) future land use category they are permitted only if part of a predominantly commercial development:

- a. Group living, excluding dormitories, fraternity and sorority houses, and residential facilities providing substance abuse treatment, post-incarceration reentry, or similar services.
- b. Manufactured (mobile) homes, including new or expanded manufactured home parks or subdivisions.

- c. Single-family dwellings (other than manufactured homes), detached or attached, including townhouses and zero lot line subdivisions.
- d. Two-family and multi-family dwellings.

See also conditional uses in this district.

(2) Retail sales. Retail sales, including Low-THC marijuana dispensing facilities, sales of alcoholic beverages and automotive fuels, but excluding motor vehicle sales and permanent outdoor storage. See also conditional uses in this district.

(3) Retail services. The following retail services, excluding permanent outdoor storage:

- a. Car washes, automatic or manual, full service or self-serve.
- b. Child care facilities.
- c. Hotels, motels and all other public lodging, including boarding and rooming houses.
- d. Personal services, including those of beauty shops, health clubs, pet groomers, dry cleaners and tattoo parlors.
- e. Professional services, including those of realtors, bankers, accountants, engineers, architects, dentists, physicians, and attorneys.
- f. Repair services, including appliance repair, furniture refinishing and upholstery, watch and jewelry repair, small engine and motor services, but excluding major motor vehicle or boat service or repair, and outdoor work.
- g. Restaurants and brewpubs, including on-premises consumption of alcoholic beverages, drive-in and drive-through service, and brewpubs with the distribution of on-premises produced alcoholic beverages for off-site sales. The parcel boundary of any restaurant or brewpub with drive-in or drive-through service shall be at least 200 feet from any LDR or MDR zoning district unless separated by a 50-foot or wider street right-of-way.

See also conditional uses in this district.

(4) Public and civic.

- a. Broadcast stations with satellite dishes and antennas, including towers.
- b. Cemeteries, including family cemeteries.
- c. Community service facilities, including auditoriums, libraries, museums, and neighborhood centers.
- d. Educational facilities, including preschools, K-12, colleges, and vocational schools.
- e. Emergency service facilities, including law enforcement, fire fighting, and medical assistance.
- f. Foster care facilities.
- g. Funeral establishments.
- h. Hospitals.
- i. Offices for government agencies or public utilities.

- j. Places of worship.
- k. Public utility structures, including telecommunications towers, but excluding any industrial uses.
- l. Warehousing or maintenance facilities for government agencies or for public utilities.

See also conditional uses in this district.

(5) Recreation and entertainment.

- a. Campgrounds and recreational vehicle parks on lots five acres or larger.
- b. Indoor recreation or entertainment facilities, including movie theaters, bowling alleys, skating rinks, arcade amusement centers, bingo facilities and shooting ranges, but excluding bars, nightclubs or adult entertainment facilities.
- c. Marinas, private and commercial.
- d. Parks without permanent restrooms or outdoor event lighting.

See also conditional uses in this district.

(6) Industrial and related.

- a. Printing, binding, lithography and publishing.
- b. Wholesale warehousing with gross floor area 10,000 sq.ft. or less per lot.

See also conditional uses in this district.

(7) Agricultural and related.

- a. Agricultural food production primarily for personal consumption by the producer, but no farm animals.
- b. Nurseries and garden centers, including adjoining outdoor storage or display of plants.
- c. Veterinary clinics.

See also conditional uses in this district.

(8) Other uses.

- a. Billboard structures.
- b. Outdoor storage if minor and customarily incidental to the allowed principal use, and if in the rear yard, covered, and screened from off-site view, unless otherwise noted.
- c. Parking garages and lots, commercial.
- d. Self-storage facilities, excluding vehicle rental.

(c) Conditional uses. Through the conditional use process prescribed in Chapter 2, the BOA may conditionally allow the following uses within the Commercial district:

(1) Residential.

- a. Group living not among the permitted uses of the district.
- b. Home occupations with non-resident employees.

(2) Retail sales.

- a. Boat sales, new and used.
- b. Automobile sales, used autos only, excluding parcels fronting on any of the following streets: Sorrento Road/Gulf Beach Highway/Barrancas Avenue (SR 292); Blue Angel Parkway (SR 173); Pine Forest Road, south from Interstate 10 to State Road 173; Navy Boulevard (SR 295 and US 98); and Scenic Highway (SR 10A and US 90). Additionally, the parcel shall be no larger than one acre and provided with a permanent fence, wall, or other structural barrier of sufficient height and mass along all road frontage to prevent encroachment into the right-of way other than through approved site access.
- c. Automobile rental limited to the same restrictions as used automobile sales.
- d. Utility trailer, heavy truck (gross vehicle weight rating more than 8500 lbs), and recreational vehicle sales, rental, or service limited to the same restrictions as used automobile sales.

(3) Retail services. Service and repair of motor vehicles, small scale (gross floor area 6000 sq. ft. or less per lot), excluding painting and body work and outdoor work and storage.

(4) Public and civic.

- a. Cemeteries, including family cemeteries.
- b. Clubs, civic and fraternal.
- c. Cinerators.
- d. Homeless shelters.

(5) Recreation and entertainment.

- a. Bars and nightclubs.
- b. Golf courses, tennis centers, swimming pools and similar active outdoor recreational facilities, including associated country clubs.
- c. Parks with permanent restrooms or outdoor event lighting.

(6) Industrial and related.

- (a) Borrow pits and reclamation activities 20 acres minimum and (subject to local permit and development review requirements per Escambia County Code of Ordinances, Part I, Chapter 42, article VIII, and land use and regulations in Part III, the Land Development Code, chapter 4. *Borrow pits are prohibited on land zoned GMD prior to the adoption of the Commercial (Com) zoning.
- (b) Microbreweries, microdistilleries, microwineries.

(7) Agricultural and related. Horses or other domesticated *equines* kept on site, and stables for such animals, only as a private residential accessory with a minimum lot area of two acres and a maximum of one animal per acre.

(8) Other uses.

- a. Outdoor sales not among the permitted uses of the district.
- b. Outdoor storage not among the permitted uses of the district, including outdoor storage of trailered boats and operable recreational vehicles, but no repair, overhaul, or salvage activities. All such storage shall be screened from residential uses and maintained to avoid nuisance conditions.
- c. Self-storage facilities, including vehicle rental as an accessory use.
- d. Structures of permitted uses exceeding the district structure height limit.

(d) Site and building requirements. The following site and building requirements apply to uses within the Commercial district:

(1) Density. A maximum density of 25 dwelling units per acre throughout the district. Lodging unit density not limited by zoning.

(2) Floor area ratio. A maximum floor area ratio of 1.0 within the Commercial (C) future land use category and 2.0 within Mixed-Use Urban (MU-U).

(3) Structure height. A maximum structure height of 150 feet above adjacent grade.

(4) Lot area. No minimum lot area unless prescribed by use.

(5) Lot width. Except for cul-de-sac lots which shall provide a minimum lot width of 20 feet at the street right-of-way, the following minimum lot widths are required:

- a. **Single-family detached.** Forty feet at the street right-of-way for single-family detached dwellings.
- b. **Two-family.** Eighty feet at the street right-of-way for two-family dwellings.
- c. **Multi-family and other.** Eighty feet at the street right-of-way for multi-family dwellings, boarding or rooming houses, or townhouse groups. No minimum lot width required by zoning for other uses.

(6) Lot coverage. Minimum pervious lot coverage of 15 percent (85 percent maximum semi-impervious and impervious cover) for all uses.

(7) Structure setback. For all principal structures, minimum setbacks are:

- a. **Front and rear.** Fifteen feet in both front and rear.
- b. **Sides.** Ten feet on each side, including any group of attached townhouses. For structures exceeding 35 feet above highest adjacent grade, an additional two feet for each additional 10 feet in height.
- c. **Corner lots.** Will have one front setback and one side setback.

(8) Other requirements. Refer to chapters 4 and 5 for additional development regulations and standards.

(e) Location criteria. All new non-residential uses proposed within the Commercial district that are not part of a planned unit development or not identified as exempt by the district shall be on parcels that satisfy at least one of the following location criteria:

(1) Proximity to intersection. Along an arterial or collector street and within one-quarter mile of its intersection with an arterial street.

(2) Proximity to traffic generator. Along an arterial or collector street and within a one-quarter mile radius of an individual traffic generator of more than 600 daily trips, such as an apartment complex, military base, college campus, hospital, shopping mall or similar generator.

(3) Infill development. Along an arterial or collector street, in an area where already established non-residential uses are otherwise consistent with the Commercial district, and where the new use would constitute infill development of similar intensity as the conforming development on surrounding parcels. Additionally, the location would promote compact development and not contribute to or promote strip commercial development.

(4) Site design. Along an arterial or collector street, no more than one-half mile from its intersection with an arterial or collector street, not abutting a single-family residential zoning district (RR, LDR or MDR), and all of the following site design conditions:

a. Any intrusion into a recorded subdivision is limited to a corner lot.

b. A system of service roads or shared access is provided to the maximum extent made feasible by lot area, shape, ownership patterns, and site and street characteristics.

c. Adverse impacts to any adjoining residential uses are minimized by placing the more intensive elements of the use, such as solid waste dumpsters and truck loading/unloading areas, furthest from the residential uses.

(5) Documented compatibility. A compatibility analysis prepared by the applicant provides competent substantial evidence of unique circumstances regarding the potential uses of parcel that were not anticipated by the alternative criteria, and the proposed use, or rezoning as applicable, will be able to achieve long-term compatibility with existing and potential uses. Additionally, the following conditions exist:

a. The parcel has not been rezoned by the landowner from the mixed-use, commercial, or industrial zoning assigned by the county.

b. If the parcel is within a county redevelopment district, the use will be consistent with the district's adopted redevelopment plan, as reviewed and recommended by the Community Redevelopment Agency (CRA).

(f) Rezoning to Commercial. Commercial zoning may be established only within the Mixed-Use Suburban (MU-S), Mixed-Use Urban (MU-U) or Commercial (C) future land use categories. The district is appropriate to provide transitions between areas zoned or used as high density mixed-use and areas zoned or used as heavy

City Council

10/12/2017

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

DISPOSITION OF SURPLUS PROPERTY - 900 BLOCK WEST BELMONT (FORMERLY IDENTIFIED AS 400 BLOCK WEST BELMONT)

RECOMMENDATION:

That City Council approve the sale of 900 Block West Belmont Street (formerly identified as 400 Block West Belmont), Parcel Identification Number 000S009060030022, Account Number 150263000 to the only responsive bidder, Philip Krupp, in the amount of \$16,000. Further that City Council authorize the Mayor to negotiate and execute all necessary documents related to the sale of the property. Finally, that 50 percent of the proceeds, after costs associated with the final transaction, are allocated to the Housing Initiatives Fund.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The unimproved property previously addressed as 400 Block West Belmont Street was approved by City Council as surplus property on January 12, 2017. The property record for the parcel was updated by the Escambia County Property Appraiser to reflect its location at 900 Block of West Belmont and the parcel number, 000S009060030022, remained the same. The site is approximately 0.0740 acres and is zoned R-1A.

To facilitate the sale of the property, an RFP was issued and SVNCRE GROUP, LLC, a Florida limited liability corporation, DBA Southland Commercial Real Estate ("SVN") was selected to market the parcel.

In accordance with the Policy for Disposition of City-Owned Real Property, property owners within a 300 foot radius of the parcel received public notice of advertisement for bids for sale of surplus property by mail on May 11, 2017 and an appraisal of the property was conducted. The estimated market value of the subject property as appraised by Fruitticher-Lowery on September 13, 2017 is between \$13,600 and \$21,100. Given approximately equal weight to the comparable sales, the appraiser reconciled the final estimate of market value at \$17,000.

One bid was received by SVN in the amount of \$16,000 from Philip Krupp. Under the terms of the bid, the buyer will pay recording fees and closing costs for title transfer.

PRIOR ACTION:

January 12, 2017 - City Council declared the City owned unimproved real property located at 400 Block West Belmont as surplus and authorized the Mayor to engage the services of a real estate professional from the City's list of qualified real estate professionals to market and sell the parcel.

FUNDING:

N/A

FINANCIAL IMPACT:

All costs associated with the final transaction will come from sale proceeds with 50 percent of the remaining balance allocated to the Housing Initiatives Fund.

CITY ATTORNEY REVIEW: Yes

Comments including those factors, favorable or unfavorable, affecting marketability (e.g. public parks, schools, view, noise) The subject property is located in a mixed residential, commercial and light industrial neighborhood in close proximity to downtown Pensacola. This is an older residential area of Pensacola that is beginning to experience some signs of revitalization. Interest in living close to downtown Pensacola has accelerated in the past few years. Mixed land uses do not appear to have a detrimental influence of the marketability of properties in this area.

The undersigned has recited the following recent sales of properties most similar and proximate to subject and has considered these in the market analysis. The description includes a dollar adjustment reflecting market reaction to those items of significant variation between the subject and comparable properties. If a significant item in the comparable property is superior to or more favorable than the subject property, a minus (-) adjustment is made, thus reducing the indicated value of subject; if a significant item in the comparable is inferior to or less favorable than the subject property, a plus (+) adjustment is made thus increasing the indicated value of the subject.

Comments on Market Data All of the comparables are sales of competing vacant lots in the subject neighborhood that had similar utility and no wetlands. Comp. #1 is a slightly smaller homesite located diagonally across the street from the subject property. Sale #2 is a larger lot located approximately 3 blocks south of the subject parcel. Sale #3 is a larger parcel of land that was subdivided into two building homesites.

Comments and Conditions of Appraisal This appraisal was performed in accordance with USPAP and was not based on a minimum loan amount. The Intended Use is to evaluate the property that is the subject of this appraisal to determine its current market value, subject to the Scope of Work, purpose of the appraisal, reporting requirement of this appraisal report form, and Definition of Market Value. No additional Intended Users are identified by the appraiser.

Final Reconciliation The sales comparison approach is considered the only applicable approach in appraising residential vacant land. After adjustments, the attached sales indicate a market value range between \$13,600 and \$21,100. Given approximately equal weight to the comparable sales, the appraisers have reconciled the final estimate of market value at \$17,000 or \$5.27 per square foot.

I (WE) ESTIMATE THE MARKET VALUE, AS DEFINED, OF THE SUBJECT PROPERTY AS OF 09/13/2017 TO BE \$ 17,000

Assumptions and Limiting Conditions

File # TP17084Z-5/RL

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal assignment, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
2. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
3. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
4. The appraiser has noted in this appraisal report any adverse conditions (such as the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent deficiencies or adverse conditions of the property (such as, but not limited to, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
5. If the appraiser has based his or her appraisal report and valuation conclusion for an appraisal subject to certain conditions, it is assumed that the conditions will be met in a satisfactory manner.

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
2. I performed a complete visual inspection of the subject property. I reported the site characteristics in factual, specific terms.
3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment.
5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
8. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
9. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
10. I have knowledge and experience in appraising this type of property in this market area.
11. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
12. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
13. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
14. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
15. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
16. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
17. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
18. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
19. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

20. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).

21. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.

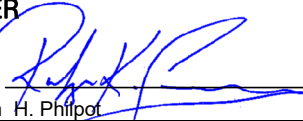

22. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature", as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

23. Unless otherwise indicated, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature", as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

51 **5. Financing: (Check as applicable)**

52* (a) **Buyer** will pay cash for the Property with no financing contingency.

53* (b) This contract is contingent on **Buyer** qualifying for and obtaining the commitment(s) or approval(s)
54* specified below ("Financing") within _____ days after Effective Date (Closing Date or 30 days after Effective
55* Date, whichever occurs first, if left blank) ("Financing Period"). **Buyer** will apply for Financing within _____
56* days after Effective Date (5 days if left blank) and will timely provide any and all credit, employment, financial,
57* and other information required by the lender. If **Buyer**, after using diligence and good faith, cannot obtain the
58* Financing within the Financing Period, either party may terminate this contract and **Buyer's** deposit(s) will be
59* returned.

60* (1) **New Financing:** **Buyer** will secure a commitment for new third party financing for \$ _____
61* or _____% of the purchase price at (Check one) a fixed rate not exceeding _____% an
62* adjustable interest rate not exceeding _____% at origination (a fixed rate at the prevailing interest rate
63* based on **Buyer's** creditworthiness if neither choice is selected). **Buyer** will keep **Seller** and **Broker** fully
64* informed of the loan application status and progress and authorizes the lender or mortgage broker to
65* disclose all such information to **Seller** and **Broker**.

66* (2) **Seller Financing:** **Buyer** will execute a first second purchase money note and mortgage to
67* **Seller** in the amount of \$ _____, bearing annual interest at _____% and payable as
68* follows: _____

69* The mortgage, note, and any security agreement will be in a form acceptable to **Seller** and will follow

94* restrictions, and public utility easements of record; existing zoning and governmental regulations; and (list any
95* other matters to which title will be subject) _____
96* provided there exists at closing no violation of the foregoing.

97* (a) **Title Evidence:** The party who pays for the owner's title insurance policy will select the closing agent and
98* pay for the title search, including tax and lien search if performed, and all other fees charged by closing agent.
99* **Seller** will deliver to **Buyer**, at

100* (Check one) **Seller's** **Buyer's** expense and
101* (Check one) within _____ days after Effective Date at least 5 days before Closing Date,
102* (Check one)

103* (1) a title insurance commitment by a Florida licensed title insurer setting forth those matters to be
104* discharged by **Seller** at or before closing and, upon **Buyer** recording the deed, an owner's policy in the
105* amount of the purchase price for fee simple title subject only to the exceptions stated above. If **Buyer** is
106* paying for the owner's title insurance policy and **Seller** has an owner's policy, **Seller** will deliver a copy to
107* **Buyer** within 15 days after Effective Date.

108 * (2) an abstract of title, prepared or brought current by an existing abstract firm or certified as correct by an
109 existing firm. However, if such an abstract is not available to **Seller**, then a prior owner's title policy
110 acceptable to the proposed insurer as a base for reissuance of coverage may be used. The prior policy
111 will include copies of all policy exceptions and an update in a format acceptable to **Buyer** from the policy
112 effective date and certified to **Buyer** or **Buyer's** closing agent together with copies of all documents
113 recited in the prior policy and in the update. If such an abstract or prior policy is not available to **Seller**,
114 then (1) above will be the title evidence.

115 * (b) **Title Examination:** After receipt of the title evidence, **Buyer** will, within 10 days (10 days if left blank)
116 but no later than Closing Date, deliver written notice to **Seller** of title defects. Title will be deemed acceptable
117 to **Buyer** if (i) **Buyer** fails to deliver proper notice of defects or (ii) **Buyer** delivers proper written notice and
118 * **Seller** cures the defects within _____ days (30 days if left blank) ("Cure Period") after receipt of the notice. If
119 the defects are cured within the Cure Period, closing will occur within 10 days after receipt by **Buyer** of notice
120 of such cure. **Seller** may elect not to cure defects if **Seller** reasonably believes any defect cannot be cured
121 within the Cure Period. If the defects are not cured within the Cure Period, **Buyer** will have 10 days after
122 receipt of notice of **Seller's** inability to cure the defects to elect whether to terminate this contract or accept
123 title subject to existing defects and close the transaction without reduction in purchase price.

124 (c) **Survey:** **Buyer** may, at **Buyer's** expense, have the Property surveyed and must deliver written notice to
125 **Seller**, within 5 days after receiving survey but not later than 5 days before Closing Date, of any
126 encroachments on the Property, encroachments by the Property's improvements on other lands, or deed
127 restriction or zoning violations. Any such encroachment or violation will be treated in the same manner as a
128 title defect and **Seller's** and **Buyer's** obligations will be determined in accordance with Paragraph 7(b).
129

(d) **Ingress and Egress:** **Seller** warrants that the Property presently has ingress and egress.

130 8. **Property Condition:** **Seller** will deliver the Property to **Buyer** at closing in its present "as is" condition, with
131 conditions resulting from **Buyer's** Inspections and casualty damage, if any, excepted. **Seller** will not engage in or
132 permit any activity that would materially alter the Property's condition without the **Buyer's** prior written consent.

133 (a) **Inspections: (Check (1) or (2))**

134 * (1) **Feasibility Study:** **Buyer** will, at **Buyer's** expense and within _____ days (30 days if left blank)
135 ("Feasibility Study Period") after Effective Date and in **Buyer's** sole and absolute discretion, determine
136 whether the Property is suitable for **Buyer's** intended use. During the Feasibility Study Period, **Buyer**
137 may conduct a Phase 1 environmental assessment and any other tests, analyses, surveys, and
138 investigations ("Inspections") that **Buyer** deems necessary to determine to **Buyer's** satisfaction the
139 Property's engineering, architectural, and environmental properties; zoning and zoning restrictions;
140 subdivision statutes; soil and grade; availability of access to public roads, water, and other utilities;
141 consistency with local, state, and regional growth management plans; availability of permits, government
142 approvals, and licenses; and other inspections that **Buyer** deems appropriate. If the Property must be
143 rezoned, **Buyer** will obtain the rezoning from the appropriate government agencies. **Seller** will sign all
144 documents **Buyer** is required to file in connection with development or rezoning approvals. **Seller** gives
145 **Buyer**, its agents, contractors, and assigns, the right to enter the Property at any time during the
146 Feasibility Study Period for the purpose of conducting Inspections, provided, however, that **Buyer**, its
147 agents, contractors, and assigns enter the Property and conduct Inspections at their own risk. **Buyer** will
148 indemnify and hold **Seller** harmless from losses, damages, costs, claims, and expenses of any nature,
149 including attorneys' fees, expenses, and liability incurred in application for rezoning or related
150 proceedings, and from liability to any person, arising from the conduct of any and all Inspections or any
151 work authorized by **Buyer**. **Buyer** will not engage in any activity that could result in a construction lien
152 being filed against the Property without **Seller's** prior written consent. If this transaction does not close,
153 **Buyer** will, at **Buyer's** expense, (i) repair all damages to the Property resulting from the Inspections and
154 return the Property to the condition it was in before conducting the Inspections and (ii) release to **Seller**
155 all reports and other work generated as a result of the Inspections.

156 Before expiration of the Feasibility Study Period, **Buyer** must deliver written notice to **Seller** of **Buyer's**
157 determination of whether or not the Property is acceptable. **Buyer's** failure to comply with this notice
158 requirement will constitute acceptance of the Property as suitable for **Buyer's** intended use in its "as is"
159 condition. If the Property is unacceptable to **Buyer** and written notice of this fact is timely delivered to
160 **Seller**, this contract will be deemed terminated, and **Buyer's** deposit(s) will be returned.

161 * (2) **No Feasibility Study:** **Buyer** is satisfied that the Property is suitable for **Buyer's** purposes, including
162 being satisfied that either public sewerage and water are available to the Property or the Property will be
163 approved for the installation of a well and/or private sewerage disposal system and that existing zoning

- 164 and other pertinent regulations and restrictions, such as subdivision or deed restrictions, concurrency,
- 165 growth management, and environmental conditions, are acceptable to **Buyer**. This contract is not
- 166 contingent on **Buyer** conducting any further investigations.
- 167 **(b) Government Regulations:** Changes in government regulations and levels of service which affect **Buyer's**
- 168 intended use of the Property will not be grounds for terminating this contract if the Feasibility Study Period has
- 169 expired or if Paragraph 8(a)(2) is selected.
- 170 **(c) Flood Zone:** **Buyer** is advised to verify by survey, with the lender, and with appropriate government
- 171 agencies which flood zone the Property is in, whether flood insurance is required, and what restrictions apply
- 172 to improving the Property and rebuilding in the event of casualty.
- 173 **(d) Coastal Construction Control Line ("CCCL"):** If any part of the Property lies seaward of the CCCL as
- 174 defined in Section 161.053, Florida Statutes, **Seller** will provide **Buyer** with an affidavit or survey as required
- 175 by law delineating the line's location on the Property, unless **Buyer** waives this requirement in writing. The
- 176 Property being purchased may be subject to coastal erosion and to federal, state, or local regulations that
- 177 govern coastal property, including delineation of the CCCL, rigid coastal protection structures, beach
- 178 nourishment, and the protection of marine turtles. Additional information can be obtained from the Florida
- 179 Department of Environmental Protection, including whether there are significant erosion conditions associated
- 180 with the shore line of the Property being purchased.
- 181 **Buyer** waives the right to receive a CCCL affidavit or survey.

182 **9. Closing Procedure; Costs:** Closing will take place in the county where the Property is located and may be

183 conducted by mail or electronic means. If title insurance insures **Buyer** for title defects arising between the title

184 binder effective date and recording of **Buyer's** deed, closing agent will disburse at closing the net sale proceeds

185 to **Seller** (in local cashier's check if **Seller** requests in writing at least 5 days before closing) and brokerage fees to

186 Broker as per Paragraph 19. In addition to other expenses provided in this contract, **Seller** and **Buyer** will pay the

187 costs indicated below.

- 188 **(a) Seller Costs:**
- 189 Taxes on deed
- 190 Recording fees for documents needed to cure title
- 191 Title evidence (if applicable under Paragraph 7)
- 192 Other: _____

- 193 **(b) Buyer Costs:**
- 194 Taxes and recording fees on notes and mortgages
- 195 Recording fees on the deed and financing statements
- 196 Loan expenses
- 197 Title evidence (if applicable under Paragraph 7)
- 198 Lender's title policy at the simultaneous issue rate
- 199 Inspections
- 200 Survey
- 201 Insurance
- 202 Other: _____

203 **(c) Prorations:** The following items will be made current and prorated as of the day before Closing Date: real

204 estate taxes (including special benefit tax liens imposed by a CDD), interest, bonds, assessments, leases,

205 and other Property expenses and revenues. If taxes and assessments for the current year cannot be

206 determined, the previous year's rates will be used with adjustment for any exemptions.

207 **(d) Special Assessment by Public Body:** Regarding special assessments imposed by a public body, **Seller**

208 will pay (i) the full amount of liens that are certified, confirmed, and ratified before closing and (ii) the amount

209 of the last estimate of the assessment if an improvement is substantially completed as of Effective Date but

210 has not resulted in a lien before closing; and **Buyer** will pay all other amounts. If special assessments may be

211 paid in installments, **Seller** **Buyer** (**Buyer** if left blank) will pay installments due after closing. If **Seller** is

212 checked, **Seller** will pay the assessment in full before or at the time of closing. Public body does not include a

213 Homeowners' or Condominium Association.

214 **(e) PROPERTY TAX DISCLOSURE SUMMARY: BUYER SHOULD NOT RELY ON THE SELLER'S CURRENT**

- 220 (f) **Foreign Investment in Real Property Tax Act ("FIRPTA"):** If Seller is a "foreign person" as defined by
 221 FIRPTA, Seller and Buyer will comply with FIRPTA, which may require Seller to provide additional cash at
 222 closing.
- 223 (g) **1031 Exchange:** If either Seller or Buyer wish to enter into a like-kind exchange (either simultaneously with
 224 closing or after) under Section 1031 of the Internal Revenue Code ("Exchange"), the other party will
 225 cooperate in all reasonable respects to effectuate the Exchange including executing documents, provided,
 226 however, that the cooperating party will incur no liability or cost related to the Exchange and that the closing
 227 will not be contingent upon, extended, or delayed by the Exchange.
- 228 **10. Computation of Time:** Calendar days will be used when computing time periods, except time periods of 5 days
 229 or less. Time periods of 5 days or less will be computed without including Saturday, Sunday, or national legal
 230 holidays specified in 5 U.S.C. 6103(a). Any time period ending on a Saturday, Sunday, or national legal holiday
 231 will extend until 5:00 p.m. (where the Property is located) of the next business day. **Time is of the essence in
 232 this contract.**
- 233 **11. Risk of Loss; Eminent Domain:** If any portion of the Property is materially damaged by casualty before closing
 234 or Seller negotiates with a governmental authority to transfer all or part of the Property in lieu of eminent domain
 235 proceedings or an eminent domain proceeding is initiated, Seller will promptly inform Buyer. Either party may
 236 terminate this contract by written notice to the other within 10 days after Buyer's receipt of Seller's notification,
 237 and Buyer's deposit(s) will be returned, failing which Buyer will close in accordance with this contract and
 238 receive all payments made by the governmental authority or insurance company, if any.
- 239 **12. Force Majeure:** Seller or Buyer will not be required to perform any obligation under this contract or be liable to
 240 each other for damages so long as the performance or non-performance of the obligation is delayed, caused, or
 241 prevented by an act of God or force majeure. An "act of God or "force majeure" is defined as hurricanes,
 242 earthquakes, floods, fire, unusual transportation delays, wars, insurrections, and any other cause not reasonably
 243 within the control of Seller or Buyer and which by the exercise of due diligence the non-performing party is
 244 unable in whole or in part to prevent or overcome. All time periods, including Closing Date, will be extended for
 245 the period that the act of God or force majeure is in place. However, in the event that such act of God or force
 246 majeure event continues beyond 30 days, either party may terminate this contract by delivering written notice to
 247 the other; and Buyer's deposit(s) will be returned.
- 248 **13. Notices:** All notices will be in writing and delivered to the parties and Broker by mail, personal delivery, or
 249 electronic means. **Buyer's failure to timely deliver written notice to Seller, when such notice is required by
 250 this contract, regarding any contingency will render that contingency null and void, and this contract will
 251 be construed as if the contingency did not exist. Any notice, document, or item delivered to or received
 252 by an attorney or licensee (including a transactions broker) representing a party will be as effective as if
 253 delivered to or received by that party.**
- 254 **14. Complete Agreement; Persons Bound:** This contract is the entire agreement between Seller and Buyer.
 255 **Except for brokerage agreements, no prior or present agreements will bind Seller, Buyer, or Broker
 256 unless incorporated into this contract.** Modifications of this contract will not be binding unless in writing, signed
 257 or initialed, and delivered by the party to be bound. Electronic signatures will be acceptable and binding. This
 258 contract, signatures, initials, documents referenced in this contract, counterparts, and written modifications
 259 communicated electronically or on paper will be acceptable for all purposes, including delivery, and will be
 260 binding. Handwritten or typewritten terms inserted in or attached to this contract prevail over preprinted terms. If
 261 any provision of this contract is or becomes invalid or unenforceable, all remaining provisions will continue to be
 262 fully effective. Seller and Buyer will use diligence and good faith in performing all obligations under this contract.
 263 This contract will not be recorded in any public record. The terms "Seller," "Buyer," and "Broker" may be singular
 264 or plural. This contract is binding on the heirs, administrators, executors, personal representatives, and assigns, if
 265 permitted, of Seller, Buyer, and Broker.
- 266 **15. Default and Dispute Resolution:** This contract will be construed under Florida law. This Paragraph will survive
 267 closing or termination of this contract.
- 268 (a) **Seller Default:** If Seller fails, neglects, or refuses to perform Seller's obligations under this contract, Buyer
 269 may elect to receive a return of Buyer's deposit(s) without thereby waiving any action for damages resulting
 270 from Seller's breach and may seek to recover such damages or seek specific performance. Seller will also
 271 be liable for the full amount of the brokerage fee.

Buyer  and Seller acknowledge receipt of a copy of this page, which is 5 of 7 pages.

272 (b) **Buyer Default:** If **Buyer** fails, neglects, or refuses to perform **Buyer's** obligations under this contract,
273 including payment of deposit(s), within the time(s) specified, **Seller** may elect to recover and retain the
274 deposit(s), paid and agreed to be paid, for the account of **Seller** as agreed upon liquidated damages,
275 consideration for execution of this contract, and in full settlement of any claims, whereupon **Seller** and **Buyer**
276 will be relieved from all further obligations under this contract; or **Seller**, at **Seller's** option, may proceed in
277 equity to enforce **Seller's** rights under this contract.

278 **16. Attorney's Fees; Costs:** In any litigation permitted by this Contract, the prevailing party shall be entitled to
279 recover from the non-prevailing party costs and fees, including reasonable attorney's fees, incurred in conducting
280 the litigation. This Paragraph 16 shall survive Closing or termination of this Contract.

281 **17. Escrow Agent; Closing Agent:** **Seller** and **Buyer** authorize Escrow Agent and closing agent (collectively
282 "Agent") to receive, deposit, and hold funds and other items in escrow and, subject to Collection, disburse them
283 upon proper authorization and in accordance with Florida law and the terms of this contract, including disbursing
284 brokerage fees. "Collection" or "Collected" means any checks tendered or received have become actually and
285 finally collected and deposited in the account of Agent. The parties agree that Agent will not be liable to any
286 person for misdelivery of escrowed items to **Seller** or **Buyer**, unless the misdelivery is due to Agent's willful
287 breach of this contract or gross negligence. If Agent interpleads the subject matter of the escrow, Agent will pay
288 the filing fees and costs from the deposit and will recover reasonable attorneys' fees and costs to be paid from the
289 escrowed funds or equivalent and charged and awarded as court costs in favor of the prevailing party.

290 **18. Professional Advice; Broker Liability:** Broker advises **Seller** and **Buyer** to verify all facts and representations
291 that are important to them and to consult an appropriate professional for legal advice (for example, interpreting
292 this contract, determining the effect of laws on the Property and this transaction, status of title, foreign investor
293 reporting requirements, the effect of property lying partially or totally seaward of the CCCL, etc.) and for tax,
294 property condition, environmental, and other specialized advice. **Buyer** acknowledges that Broker does not reside
295 in the Property and that all representations (oral, written, or otherwise) by Broker are based on **Seller**
296 representations or public records. **Buyer** agrees to rely solely on **Seller**, professional inspectors, and
297 government agencies for verification of the Property condition and facts that materially affect Property
298 value. **Seller** and **Buyer** respectively will pay all costs and expenses, including reasonable attorneys' fees at all
299 levels, incurred by Broker and Broker's officers, directors, agents, and employees in connection with or arising
300 from **Seller's** or **Buyer's** misstatement or failure to perform contractual obligations. **Seller** and **Buyer** hold
301 harmless and release Broker and Broker's officers, directors, agents, and employees from all liability for loss or
302 damage based on (i) **Seller's** or **Buyer's** misstatement or failure to perform contractual obligations; (ii) the use or
303 display of listing data by third parties, including, but not limited to, photographs, images, graphics, video
304 recordings, virtual tours, drawings, written descriptions, and remarks related to the Property; (iii) Broker's
305 performance, at **Seller's** or **Buyer's** request, of any task beyond the scope of services regulated by Chapter 475,
306 Florida Statutes, as amended, including Broker's referral, recommendation, or retention of any vendor; (iv)
307 products or services provided by any vendor; and (v) expenses incurred by any vendor. **Seller** and **Buyer** each
308 assume full responsibility for selecting and compensating their respective vendors. This Paragraph will not relieve
309 Broker of statutory obligations. For purposes of this Paragraph, Broker will be treated as a party to this contract.
310 This Paragraph will survive closing.

311 **19. Commercial Real Estate Sales Commission Lien Act:** If the Property is commercial real estate as defined by
312 Section 475.701, Florida Statutes, the following disclosure will apply: The Florida Commercial Real Estate Sales
313 Commission Lien Act provides that when a broker has earned a commission by performing licensed services
314 under a brokerage agreement with you, the broker may claim a lien against your net sales proceeds for the
315 broker's commission. The broker's lien rights under the act cannot be waived before the commission is earned.

316 **20. Brokers:** The brokers named below are collectively referred to as "Broker." **Instruction to closing agent:**
317 **Seller** and **Buyer** direct closing agent to disburse at closing the full amount of the brokerage fees as specified in
318 separate brokerage agreements with the parties and cooperative agreements between the Brokers, except to the
319 extent Broker has retained such fees from the escrowed funds. This Paragraph will not be used to modify any
320 MLS or other offer of compensation made by **Seller** or **Seller's** Broker to **Buyer's** Broker.

City Council

10/12/2017

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

SALE OF SURPLUS PROPERTY TO ADSYNC PROPERTIES - WEST INTENDENCIA

RECOMMENDATION:

That City Council approve the sale of West Intendencia Street, parcel identification number 000S009080014094, account number 153145000 to the second highest and most responsive bidder, Adam Adkinson, ADSYNC Properties, LLC, in the amount of \$19,250. Further that City Council authorize the Mayor to negotiate and execute all necessary documents related to the sale of the property. Finally, that 50 percent of the proceeds, after costs associated with the final transaction, are allocated to the Housing Initiatives Fund.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The unimproved property located at West Intendencia Street was approved by City Council as surplus and City Council authorized the disposition of the property to the highest and most responsive bidder Mr. Charles Liberis, Old City Developers. Mr. Liberis is no longer interested in the parcel, therefore, staff recommends proceeding with the sale of the property to the second highest and most responsive bidder, Mr. Adam Adkinson, ADSYNC Properties. The property is approximately 0.0800 acres and is zoned R-1AA. To facilitate the sale of the property, an RFP was issued and SVNCRE GROUP, LLC, a Florida Limited Liability Corporation, DBA Southland Commercial Real Estate (SVN) was selected to market the parcel and respond to inquiries related to the sale.

In accordance with the Policy for Disposition of City-Owned Real Property, property owners within a 300 foot radius of the parcel received public notice of advertisement for bids for sale of surplus property by mail on May 11, 2017 and an appraisal of the property was conducted. The estimated market value of the subject property as appraised by Fruitticher-Lowery Appraisal Group on July 18, 2017 is \$19,500.

PRIOR ACTION:

January 12, 2017 - City Council declared the City-owned unimproved real property located at West Intendencia Street as surplus and authorized the Mayor to engage the services of a real estate professional from the City's list of qualified real estate professionals to market and sell the parcel.

August 10, 2017 - City Council authorized the disposition of City-owned unimproved real property located at West Intendencia Street and authorized the Mayor to negotiate the sale of the parcel to the highest and most responsive bidder, Mr. Charles Liberis, Old City Developers, in the amount of \$20,000. City Council authorized the Mayor to negotiate and execute all necessary documents related to the sale of the property and authorized 50 percent of the proceeds, after costs associated with the final transaction be allocated to the Housing Initiatives Fund.

FUNDING:

N/A

FINANCIAL IMPACT:

All costs associated with the final transaction will come from sale proceeds with 50 percent of the remaining amount allocated to the Housing Initiatives Fund.

_____ prepared for Seller or in Seller's possession, which show all currently existing structures.

Buyer Seller will, at Buyer's Seller's expense and within the time period allowed to deliver and examine title evidence, obtain a current certified survey of the Property from a registered surveyor. If the survey reveals encroachments on the Property or that the improvements encroach on the lands of another, Buyer will accept the Property with existing encroachments such encroachments will constitute a title defect to be cured within the Curative Period.

(d) Ingress and Egress: Seller warrants that the Property presently has ingress and egress.

(e) Possession: Seller will deliver possession and keys for all locks and alarms to Buyer at closing.

5. CLOSING DATE AND PROCEDURE: This transaction will be closed in Escambia County, Florida on or before the _____ or within 45 days from Effective Date ("Closing Date"), unless otherwise extended herein. Seller Buyer will designate the closing agent. Buyer and Seller will, within 10 days from Effective Date, deliver to Escrow Agent signed instructions which provide for closing procedure. If an institutional lender is providing purchase funds, lender requirements as to place, time of day, and closing procedures will control over any contrary provisions in this Contract.

(a) Costs: Buyer will pay taxes and recording fees on notes, mortgages and financing statements and recording fees for the deed. Seller will pay taxes on the deed and recording fees for documents needed to cure title defects. If Seller is obligated to discharge any encumbrance at or prior to closing and fails to do so, Buyer may use purchase proceeds to satisfy the encumbrances.

(b) Documents: Seller will provide the deed, bill of sale, mechanic's lien affidavit, assignments of leases, updated rent roll, tenant and lender estoppel letters, assignments of permits and licenses, corrective instruments and letters notifying tenants of the change in ownership/rental agent. If any tenant refuses to execute an estoppel letter, Seller will certify that information regarding the tenant's lease is correct. If Seller is a corporation, Seller will deliver a resolution of its Board of Directors authorizing the sale and delivery of the deed and certification by the corporate Secretary certifying the resolution and setting forth facts showing the conveyance conforms with the requirements of local law. Seller will transfer security deposits to Buyer. Buyer will provide the closing statement, mortgages and notes, security agreements and financing statements.

(c) Taxes, Assessments, and Prorations: The following items will be made current and prorated as of Closing Date as of _____; real estate taxes, bond and assessment payments assumed by **Buyer**, interest, rents, association dues, insurance premiums acceptable to **Buyer**, operational expenses and _____. If the amount of taxes and assessments for the current year cannot be ascertained, rates for the previous year will be used with due allowance being made for improvements and exemptions. **Seller** is aware of the following assessments affecting or potentially affecting the Property: _____ **Buyer** will be responsible for all assessments of any kind which become due and owing on or after Effective Date, unless the improvement is substantially completed as of Closing Date, in which case **Seller** will be obligated to pay the entire assessment.

(d) FIRPTA Tax Withholding: The Foreign Investment in Real Property Act ("FIRPTA") requires **Buyer** to withhold at closing a portion of the purchase proceeds for remission to the Internal Revenue Service ("I.R.S.") if **Seller** is a "foreign person" as defined by the Internal Revenue Code. The parties agree to comply with the provision of FIRPTA and to provide, at or prior to closing, appropriate documentation to establish any applicable exemption from the withholding requirement. If withholding is required and **Buyer** does not have cash sufficient at closing to meet the withholding requirement, **Seller** will provide the necessary funds and **Buyer** will provide proof to **Seller** that such funds were properly remitted to the I.R.S.

6. ESCROW: **Buyer** and **Seller** authorize _____ N / A Telephone: _____
Facsimile: _____ Email: _____ Address: _____
_____ to act as escrow agent to receive funds and other items and, subject to clearance, disburse them in accordance with the terms of this Contract. Escrow Agent will deposit all funds received in a non-interest bearing escrow account. If Escrow Agent receives conflicting demands or has a good faith doubt as to Escrow Agent's duties or liabilities under this Contract, he/she may (a) hold the subject matter of the escrow until the parties mutually agree to its disbursement or until issuance of a court order or decision of arbitrator determining the parties' rights regarding the escrow or (b) deposit the subject matter of the escrow with the clerk of the circuit court having jurisdiction over the dispute. Upon notifying the parties of such action, Escrow Agent will be released from all liability except for the duty to account for items previously delivered out of escrow. If a licensed real estate broker, Escrow Agent will comply with applicable provisions of Chapter 475, Florida Statutes. In any suit or arbitration in which Escrow Agent is made a party because of acting as agent hereunder or interpleads the subject matter of the escrow, Escrow Agent will recover reasonable attorneys' fees and costs at all levels, with such fees and costs to be paid from the escrowed funds or equivalent and charged and awarded as court or other costs in favor of the prevailing party. The parties agree that Escrow Agent will not be liable to any person for mis-delivery to **Buyer** or **Seller** of escrowed items, unless the mis-delivery is due to Escrow Agent's willful breach of this Contract or gross negligence.

7. PROPERTY CONDITION: **Seller** will deliver the Property to **Buyer** at the time agreed in its present "as is" condition, ordinary wear and tear excepted, and will maintain the landscaping and grounds in a comparable condition. **Seller** makes no warranties other than marketability of title. By accepting the Property "as is," **Buyer** waives all claims against **Seller** for any defects in the property (Check a or b):

(a) As Is: **Buyer** has inspected the Property or waives any right to inspect and accepts the Property in its "as is" condition.

(b) Due Diligence Period: **Buyer** will, at **Buyer's** expense and within _____ days from Effective Date ("Due Diligence Period"), determine whether the Property is suitable, in **Buyer's** sole and absolute discretion, for **Buyer's** intended use and development of the Property as specified in Paragraph 4. During the due Diligence Period, **Buyer** may conduct any tests, analyses, surveys and investigations ("Inspections") which **Buyer** deems necessary to determine to **Buyer's** satisfaction the Property's engineering, architectural, environmental properties; zoning and zoning restrictions, flood zone designation and restrictions; subdivision regulations; soil and grade; availability of access to public roads, water, and other utilities; consistency with local, state and regional growth management and comprehensive land use plans; availability of permits, government approvals and licenses; compliance with American with Disabilities Act; absence of asbestos, soil and ground water contamination; and other inspections that **Buyer** deems appropriate to determine the suitability of the Property for **Buyer's** intended use and development. **Buyer** shall deliver written notice to **Seller** prior to the expiration of the Due Diligence Period of **Buyer's** determination of whether or not the Property is acceptable. **Buyer's** failure to comply with this notice requirement shall constitute acceptance of the Property in its present "as is" condition. **Seller** grants to **Buyer**, its agents, contractors and assigns, the right to enter the Property at any time during the Due Diligence Period for the purpose of conducting Inspections; provided, however, that **Buyer**, its agents, contractors and assigns enter the Property and conduct Inspections at their own risk.

Buyer shall indemnify and hold **Seller** harmless from losses, damages, costs, claims and expenses of any nature, including attorneys' fees at all levels and from liability to any person, arising from the conduct of any and all inspections or any work authorized by **Buyer**. **Buyer** will not engage in any activity that could result in a mechanic's lien being filed against the Property without **Seller's** prior written consent. In the event this transaction does not close, (1) **Buyer** shall repair all damages to the Property resulting from the Inspections and return the Property to the condition it was in prior to conduct of Inspections, and (2) **Buyer** shall, at **Buyer's** expense, release to **Seller** all reports and other work generated as a result of the Inspections. Should **Buyer** deliver timely notice that the Property is not acceptable, **Seller** agrees that **Buyer's** deposit shall be immediately returned to **Buyer** and the Contract terminated.

(c) Walk-through Inspection: **Buyer** may, on the day prior to closing or any other time mutually agreeable to the parties, conduct a final "walk-through" inspection of the Property to determine compliance with this paragraph and to ensure that all Property is on the premises.

(d) Disclosures:

i. **Radon Gas:** Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county public health unit.

ii. **Energy Efficiency:** **Buyer** may have determined the energy efficiency rating of the building, if any is located on the Real Property.

8. OPERATION OF PROPERTY DURING CONTRACT PERIOD: **Seller** will continue to operate the Property and any business conducted on the Property in the manner operated prior to Contract and will take no action that would adversely impact the Property, tenants, lenders or business, if any. Any changes, such as renting vacant space, that materially affect the Property or **Buyer's** intended use of the Property will be permitted only with **Buyer's** consent without **Buyer's** consent.

9. RETURN OF DEPOSIT: Unless otherwise specified in the Contract, in the event any condition of this Contract is not met and **Buyer** has timely given any required notice regarding the condition having not been met, **buyer's** deposit will be returned in accordance with applicable Florida laws and regulations.

10. DEFAULT:

(a) In the event the sale is not closed due to any default or failure on the part of **Seller** other than failure to make the title marketable after diligent effort, **Buyer** may either (1) receive a refund of **Buyer's** deposit(s) or (2) seek specific performance. If **Buyer** elects a deposit refund, **Seller** will be liable to Broker for the full amount of the brokerage fee.

(b) In the event the sale is not closed due to any default or failure on the part of **Buyer**, **Seller** may either (1) retain all deposit(s) paid or agreed to be paid by **Buyer** as agreed upon liquidated damages, consideration for the execution of this Contract, and in full settlement of any claims, upon which this Contract will terminate or (2) seek specific performance. If **Seller** retains the deposit, **Seller** will pay the Listing and Cooperating Brokers named in Paragraph 12 fifty percent of all forfeited deposits retained by **Seller** (to be split equally among the Brokers) up to the full amount of the brokerage fee.

11. ATTORNEY'S FEES AND COSTS: In any claim or controversy arising out of or relating to this Contract, the prevailing party, which for purposes of this provision will include **Buyer**, **Seller** and Broker, will be awarded reasonable attorney's fees, costs and expenses.

12. BROKERS: Neither **Buyer** nor **Seller** has utilized the services of, or for any other reason owes compensation to, a licensed real estate Broker other than:

(a) Selling Broker: _____ who is an agent of **Buyer** **Seller** Transaction Broker
 Neither Party and who will be compensated by **Seller** **Buyer** Both Parties pursuant to a listing agreement Other: specify: _____

(b) Cooperating Broker: Neal & Company, LLC who is an agent of **Buyer** **Seller**
Transaction Broker Neither Party and who will be compensated by **Seller** **Buyer** Both Parties pursuant to
 a listing agreement Other: specify: _____ (Collectively referred to as "Broker")

in connection with any act relating to the Property, including but not limited to inquiries, introductions, consultations, and negotiations resulting in this transaction. **Seller** and **Buyer** agree to indemnify and hold Broker harmless from and against losses, damages, costs and expenses of any kind, including reasonable attorneys' fees at all levels, and from liability to any person arising from (1) compensation claimed which is inconsistent with the representation in this Paragraph (2) enforcement action to collect a brokerage fee pursuant to Paragraph 10 (3) any duty accepted by Broker at the request of **Buyer** or **Seller**, which duty is beyond the scope of services regulated by Chapter 475, F.S., as amended, or (4) recommendations of or services provided and expenses incurred by any third party whom Broker refers, recommends or retains for or on behalf of **Buyer** or **Seller**.

13. ASSIGNABILITY; PERSONS BOUND: This contract is not assignable is assignable. The terms "**Buyer**", "**Seller**" and "Broker" may be singular or plural. This Contract is binding upon **Buyer, Seller** and their heirs, personal representatives, successors and assigns (if assignment is permitted).

14. AT SUCH TIME as this transaction is closed, additional sums may be demanded from the **Buyer** and **Seller** in the form of closing costs. Listed below are the major closing cost items ordinarily found in a transaction and unless otherwise specified in the contract, and checked are those items each party agrees to pay.

Buyer agrees to pay all closing costs as enumerated above.

15. MISCELLANEOUS: The terms of this Contract constitute the entire agreement between **Buyer** and **Seller**. Modifications of this Contract will not be binding unless in writing, signed and delivered by the party to be bound. Signatures, initials, documents referenced in this Contract, counterparts and written modifications communicated electronically or on paper will be acceptable for all purposes, including delivery, and will be binding. Handwritten or typewritten terms inserted in or attached to this Contract prevail over preprinted terms. If any provision of this Contract is or becomes invalid or unenforceable, all remaining provisions will continue to be fully effective. This Contract will be construed under Florida law and will not be recorded in any public records. Delivery of any written notice to any party's agent will be deemed delivery to that party.

THIS IS INTENDED TO BE A LEGALLY BINDING CONTRACT. IF NOT FULLY UNDERSTOOD, SEEK THE ADVICE OF AN ATTORNEY PRIOR TO SIGNING. BROKER ADVISES BUYER AND SELLER TO VERIFY ALL FACTS AND REPRESENTATIONS THAT ARE IMPORTANT TO THEM AND TO CONSULT AN APPROPRIATE PROFESSIONAL FOR LEGAL ADVICE (FOR EXAMPLE, INTERPRETING CONTRACTS, DETERMINING THE EFFECT OF LAWS ON THE PROPERTY AND TRANSACTION, STATUS OF TITLE, FOREIGN INVESTOR REPORTING REQUIREMENTS, ETC.) MARKET DATA ANALYSIS	The undersigned has recited the following recent sales of properties most similar and proximate to subject and has considered these in the market analysis. The description includes a dollar adjustment reflecting market reaction to those items of significant variation between the subject and comparable properties. If a significant item in the comparable property is superior to or more favorable than the subject property, a minus (-) adjustment is made, thus reducing the indicated value of subject; if a significant item in the comparable is inferior to or less favorable than the subject property, a plus (+) adjustment is made thus increasing the indicated value of the subject.

Comments on Market Data <u>All of the sales are located within a few blocks of the subject property, offer similar utility and include no wetlands. As they are so similar, no adjustments will be made but they will be considered on a value per square foot basis in a qualitative analysis. Sales 1 and 2 are located 1 block north of Garden St. and just a few blocks from each other, yet sale 1 at \$3.09/SF is well below sale 2 at \$5.01/SF.*</u>								
Comments and Conditions of Appraisal <u>*This value difference is considered to be due to the negotiating skills of the buyer and seller of sale 1. As sale 1 is so far below the other two sales, it will be given less weight. Sales 2 and 3 indicated more similar values and are both very recent sales. Sale 3, like the subject, is also located between Garden Street and Main Street.</u>								
RECONCILIATION	Final Reconciliation <u>As sales 2 and 3 offer the most similar value indications, they are given about equal weight to indicate an applicable value for the subject lot of \$5.58/SF. With a total land area of 3,484 square feet (0.08 Acres) at \$5.58/SF, the subject's overall market value is \$19,441, which can be rounded to \$19,500.</u>							
	I (WE) ESTIMATE THE MARKET VALUE, AS DEFINED, OF THE SUBJECT PROPERTY AS OF <u>7/18/2017</u> TO BE \$ <u>19,500</u>

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he considers his own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale. (Source: FDIC Interagency Appraisal and Evaluation Guidelines, October 27, 1994.)

* Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgement.

STATEMENT OF LIMITING CONDITIONS AND CERTIFICATION

CONTINGENT AND LIMITING CONDITIONS: The appraiser's certification that appears in the appraisal report is subject to the following conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is valued on the basis of it being under responsible ownership.
2. Any sketch provided in the appraisal report may show approximate dimensions of the improvements and is included only to assist the reader of the report in visualizing the property. The appraiser has made no survey of the property.
3. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
4. Any distribution of valuation between land and improvements in the report applies only under the existing program of utilization. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used.
5. The appraiser has no knowledge of any hidden or unapparent conditions of the property or adverse environmental conditions (including the presence of hazardous waste, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. This appraisal report must not be considered an environmental assessment of the subject property.
6. The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
7. The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and any applicable federal, state or local laws.
8. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that completion of the improvements will be performed in a workmanlike manner.
9. The appraiser must provide his or her prior written consent before the lender/client specified in the appraisal report can distribute the appraisal report (including conclusions about the property value, the appraiser's identity and professional designations, and references to any professional appraisal organizations or the firm with which the appraiser is associated) to anyone other than the borrower; the mortgagee or its successors and assigns; the mortgage insurer; consultants; professional appraisal organizations; any state or federally approved financial institution; or any department, agency, or instrumentality of the United States or any state or the District of Columbia; except that the lender/client may distribute the property description section of the report only to data collection or reporting service(s) without having to obtain the appraiser's prior written consent. The appraiser's written consent and approval must also be obtained before the appraisal can be conveyed by anyone to the public through advertising, public relations, news, sales, or other media.
10. The appraiser is not an employee of the company or individual(s) ordering this report and compensation is not contingent upon the reporting of a predetermined value or direction of value or upon an action or event resulting from the analysis, opinions, conclusions, or the use of this report. This assignment is not based on a required minimum, specific valuation, or the approval of a loan.

CERTIFICATION: The appraiser certifies and agrees that:

1. The statements of fact contained in this report are true and correct.
2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial and unbiased professional analyses, opinions, and conclusions.
3. Unless otherwise indicated, I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
4. Unless otherwise indicated, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
5. I have no bias with respect to the property that is the subject of this report or the parties involved with this assignment.
6. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
7. My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
8. My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice that were in effect at the time this report was prepared.
9. Unless otherwise indicated, I have made a personal inspection of the interior and exterior areas of the property that is the subject of this report, and the exteriors of all properties listed as comparables.
10. Unless otherwise indicated, no one provided significant real property appraisal assistance to the person(s) signing this certification (if there are exceptions, the name of each individual providing significant real property appraisal assistance is stated elsewhere in this report).
11. As of the date of this report, I have completed the continuing education program for Designated Members of the Appraisal Institute
12. As of the date of this report, I have completed the Standards and Ethics Education Requirements for Practicing Affiliates of the Appraisal Institute.

Policy Statement of the Appraisal Institute

1. It is improper to base a conclusion or opinion of value upon the premise that the racial, ethnic or religious homogeneity of the inhabitants of an area or of a property is necessary for maximum value.
2. Racial, religious, and ethnic factors are deemed unreliable predictors of value trends or price variance.
3. It is improper to base a conclusion or opinion of value or a conclusion with respect to neighborhood trends upon stereotyped or biased presumptions relating to the effective age or remaining life of the property being appraised or the life expectancy of the neighborhood in which it is located.

Unless otherwise noted, no one provided significant real property appraisal assistance to the person signing this certification. If anyone did provide significant assistance, they are hereby identified along with a summary of the extent of the assistance provided in the report.

ADDITIONAL COMMENTS

Additional USPAP related issues requiring disclosure and/or any state mandated requirements: **Subject History:** The subject property has been under its current ownership in excess of the previous three years. It was listed for sale by Lisa Bradley of SVN Southland Commercial for \$23,000. She indicated that she received multiple offers that range from \$15,000 to \$20,000. The list price is considered to be a good starting point but the offers are considered to be very reflective of market value. **Comparable Sales History:** Sale 1 had no arm's length sales in the previous 3 years but did have several quit claim deeds that were recorded in 2015 and 2014 but these were not arm's length and only minimal doc stamps were paid. Sale 2 had no other sales in the previous 3 years. Sale 3 previously sold on 2/6/2017 for \$45,500 per OR 7662/1468.

MARKETING TIME AND EXPOSURE TIME FOR THE SUBJECT PROPERTY

- A reasonable marketing time for the subject property is 123 day(s) utilizing market conditions pertinent to the appraisal assignment.
- A reasonable exposure time for the subject property is 123 day(s).

Client: City of Pensacola	Address: 222 West Main Street, Pensacola, FL 32502		
Appraiser: Tom Fruitticher, MAI	Address: 3000 Langley Ave., Suite 402, Pensacola, FL 32504		

STATEMENT OF ASSUMPTIONS & LIMITING CONDITIONS

- The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.
- The appraiser may have provided a sketch in the appraisal report to show approximate dimensions of the improvements, and any such sketch is included only to assist the reader of the report in visualizing the property and understanding the appraiser's determination of its size. Unless otherwise indicated, a Land Survey was not performed.
- If so indicated, the appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in the appraisal report whether the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand.
- If the cost approach is included in this appraisal, the appraiser has estimated the value of the land in the cost approach at its highest and best use, and the improvements at their contributory value. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used. Unless otherwise specifically indicated, the cost approach value is not an insurance value, and should not be used as such.
- The appraiser has noted in the appraisal report any adverse conditions (including, but not limited to, needed repairs, depreciation, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property, or that he or she became aware of during the normal research involved in performing the appraisal. Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property, or adverse environmental conditions (including, but not limited to, the presence of hazardous wastes, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report must not be considered as an environmental assessment of the property.
- The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and any applicable federal, state or local laws.
- If this appraisal is indicated as subject to satisfactory completion, repairs, or alterations, the appraiser has based his or her appraisal report and valuation conclusion on the assumption that completion of the improvements will be performed in a workmanlike manner.
- An appraiser's client is the party (or parties) who engage an appraiser in a specific assignment. Any other party acquiring this report from the client does not become a party to the appraiser-client relationship. Any persons receiving this appraisal report because of disclosure requirements applicable to the appraiser's client do not become intended users of this report unless specifically identified by the client at the time of the assignment.
- The appraiser's written consent and approval must be obtained before this appraisal report can be conveyed by anyone to the public, through advertising, public relations, news, sales, or by means of any other media, or by its inclusion in a private or public database.
- An appraisal of real property is not a 'home inspection' and should not be construed as such. As part of the valuation process, the appraiser performs a non-invasive visual inventory that is not intended to reveal defects or detrimental conditions that are not readily apparent. The presence of such conditions or defects could adversely affect the appraiser's opinion of value. Clients with concerns about such potential negative factors are encouraged to engage the appropriate type of expert to investigate.

The Scope of Work is the type and extent of research and analyses performed in an appraisal assignment that is required to produce credible assignment results, given the nature of the appraisal problem, the specific requirements of the intended user(s) and the intended use of the appraisal report. Reliance upon this report, regardless of how acquired, by any party or for any use, other than those specified in this report by the Appraiser, is prohibited. The Opinion of Value that is the conclusion of this report is credible only within the context of the Scope of Work, Effective Date, the Date of Report, the Intended User(s), the Intended Use, the stated Assumptions and Limiting Conditions, any Hypothetical Conditions and/or Extraordinary Assumptions, and the Type of Value, as defined herein. The appraiser, appraisal firm, and related parties assume no obligation, liability, or accountability, and will not be responsible for any unauthorized use of this report or its conclusions.

Additional Comments (Scope of Work, Extraordinary Assumptions, Hypothetical Conditions, etc.): The subject property was visually inspected and information from County records was reviewed and relied upon. Upon determination of the land's highest and best use, similar land sales were researched and confirmed with one of the parties to the sale for use in the sales comparison analysis. The sales were adjusted for any differences with the subject and reconciled into a final value opinion. As this is the valuation of land, the income and cost approaches to value are being eliminated from consideration. As no reasonable appraiser would utilize these eliminated approaches and no weight would be placed on them if used, their elimination would have no impact on the final value opinion.

DEFINITION OF MARKET VALUE *:

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. Buyer and seller are typically motivated;
2. Both parties are well informed or well advised and acting in what they consider their own best interests;
3. A reasonable time is allowed for exposure in the open market;
4. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

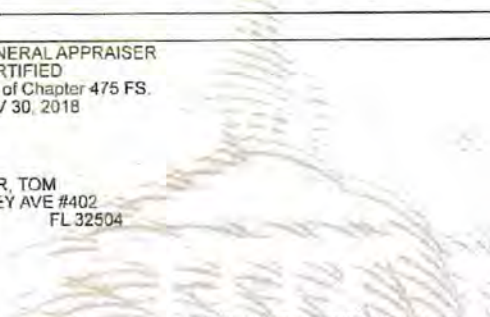

* This definition is from regulations published by federal regulatory agencies pursuant to Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act (FIRREA) of 1989 between July 5, 1990, and August 24, 1990, by the Federal Reserve System (FRS), National Credit Union Administration (NCUA), Federal Deposit Insurance Corporation (FDIC), the Office of Thrift Supervision (OTS), and the Office of Comptroller of the Currency (OCC). This definition is also referenced in regulations jointly published by the OCC, OTS, FRS, and FDIC on June 7, 1994, and in the Interagency Appraisal and Evaluation Guidelines, dated October 27, 1994.

SUBJECT:

RESCHEDULING OF PUBLIC HEARING REGARDING THE SALE OF THE HAWKSHAW PROPERTY

RECOMMENDATION:

That City Council reschedule the public hearing regarding the sale of the Hawkshaw property at 9th Ave and Romana Street, from October 12, 2017 to the November 9, 2017 City Council Meeting.

HEARING REQUIRED: No Hearing Required

SUMMARY:

On September 11, 2017, the Community Redevelopment Agency (CRA) accepted the development proposal submitted by Robert Montgomery LLC as the top ranking proposal in response to the Request for Proposals issued by NAI Halford on behalf of the CRA for purchase and development of the Hawkshaw property at 9th Ave and E. Romana Street and authorized staff to move forward to negotiate a development agreement.

The purchase price offered by Robert Montgomery is \$1,600,000, which is \$65,000 below the property's appraised value. Chapter 163 Part III of the Florida Statutes allows CRAs to sell property for less than fair value, taking into account and giving consideration to the long-term community benefits to be achieved by the CRA. The sale must be approved by City Council following a public hearing.

On September 14, 2017, the City Council scheduled a public hearing regarding the sale of the Hawkshaw property for the October 12, 2017 City Council meeting. Negotiation of the terms of the proposed development agreement were not completed in time to meet the deadlines for the October public hearing. It is therefore requested that the public hearing be rescheduled to the November 9th City Council meeting. Public notice will be published in the Pensacola News Journal ten (10) days in advance of the hearing, as required by law.

PRIOR ACTION:

May 9, 2016 - The CRA approved issuing a Request for Proposals (RFP) for one realtor from the City's list of Qualified Real Estate Professionals to market CRA-owned property.

August 9, 2016 - The CRA approved a contract with NAI/Halford for realtor services for disposition of CRA-owned properties.

December 23, 2016 - CRA staff issued a 30 day public notice of intent to dispose of CRA-owned properties and requested proposals with a January 23, 2017 response deadline.

February 6, 2017 - The CRA directed NAI Halford to release an RFP for the Hawkshaw site and appointed an evaluation committee to evaluate responses and provide a recommendation for selection of a preferred developer.

June 5, 2017 - The CRA approved the Hawkshaw Proposal Evaluation Committee recommendation to reject both responses to the Request for Proposals and directed NAI Halford to continue marketing the site.

June 6, 2017 - NAI Halford reissued the RFP for the Hawkshaw site.

August 10, 2017 - The Proposal Evaluation Committee recommended that the CRA approve the proposal from Robert Montgomery and the top ranking proposal for purchase and development of the Hawkshaw site.

September 11, 2017 - The CRA approved the proposal submitted by Robert Montgomery as the top ranking proposal for purchase and development of the property at 9th Avenue and Romana Street (Hawkshaw) and authorized CRA staff to bring back a development agreement to the CRA.

September 14, 2017 - City Council scheduled a public hearing for the October 12, 2017 City Council meeting.

FUNDING:

Budget: \$ -0-

Actual: \$ 1,600,000 Proceeds from Sale of Property
\$ (64,000) 4% Realtor's Commission

FINANCIAL IMPACT:

As properties are sold, the CRA will benefit from tax revenue generated as a result of returning parcels to the tax roll. The CRA will receive initial revenue for the property it sells and future revenue from increased ad valorem property values. The cost of realtor services will be paid from proceeds of any property sales.

Re: Hawkshaw Development Opportunity

Dear Ms. Davis,

I am excited to present you with the following proposal for the Hawkshaw Property - one of the last pieces of the puzzle in the development of downtown Pensacola. I feel that this proposal incorporates a vibrant architectural response and the best blend of commercial and residential use at a density compatible with the surrounding development and current market. I am happy to say that this proposal is *market ready* for construction to begin within one year.

As you will see from this proposal, I have assembled a team of professionals with extensive experience in mixed-use development, and just as critically *in working together*. Caldwell Associates and Morette Company have completed *dozens* of projects together, recently A.K. Suter Elementary School which the Superintendent stated set the bar against which all future school projects would be measured," creating not just a building for learning, but a *gateway urban anchor* into *East Pensacola Heights*.

Each team member also has a deep understanding of the collaborative process that engages the community, builds consensus, and translates the best ideas into conscientious, thoughtful works of architecture that serve the community. I would suggest that the *selecting right team* will go *at least as far delivering a successful project* to the Hawkshaw property as reacting to exciting conceptual drawings, data, or imagery that you are likely to see with this RFP. I am confident that we can bring you both and we sincerely hope you agree.

We are planning for the corner of Romana and 9th to be the home of a Wine World operation, of which I am a partner. Chan Cox and I have 6 retail wine shops and 7 restaurants, all located from Ft. Walton to Panama City. We propose using approximately 8,500 square feet for a combination of retail and restaurant. We are considering a roof top deck, but our operations do not include *live music or any loud noise*. The operation would employ 35 to 40 people.

An additional 6,500 square feet will be designated commercial for office or retail operations. The remainder of the building would consist of 39 residential units. They vary in size from 1,500 square feet to 2,100 square feet and could be combined if a purchaser wanted something larger. The units would sell for \$600,000 plus, depending on the size. Parking is provided in a surface lot that is completely screened from the major streets by the building, and a portion of the parking is underneath the building itself.

The first phase of construction would begin within one year and consists of the building on 9th Avenue that houses the commercial operations and condominium units. Phase two would be the additional units on Romana Street. Construction would begin within three years, or as the market allows.

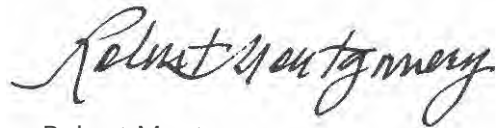

PURCHASE PRICE: The price offered for the site is \$1,600,000. A \$100,000 non-refundable binder would be paid upon signing a contract for purchase. Closing on the land will take place within 90 days of signing contract.

PURCHASER: The initial Purchaser would be Robert Montgomery, LLC. A new entity would be formed prior to closing on the Land Purchase. Additional financial partners would be added with the approval of the City.

REVENUES TO THE CITY OF PENSACOLA AND COMMUNITY REDEVELOPMENT AGENCY: Based on conversations with the County Tax Assessors office, tax on the completely sold out and completed project of approximately \$35,000,000 would be approximately \$665,000 annually.

SPECIAL REQUEST: It is requested that the City maximize street parking around the block with priority given to the east side of 9th Avenue.

Sincerely,

A handwritten signature in black ink that reads "Robert Montgomery". The signature is written in a cursive, flowing style.

PROJECT OUTLINE

PROJECT DESCRIPTION

Our team proposes to develop a 3-story Mixed-Use Commercial/ Multi-Family Residential building on the Hawkshaw Property. The building will be placed on the southwest corner of the site with frontage directly along 9th Avenue and Romana Street. The building will be elevated on a concrete podium to meet anticipated minimum flood elevations and be utilized for both additional parking underneath as well as help to create the "4 story read" along the street requested in the RFP.

The anchor will be an 8,500 s.f. Wine and Craft Bar, including 2,000 s.f. of retail space, at the corner location with generous covered seating areas facing the waterfront view. A 6,500 s.f. office space will comprise a separate tenant space along the 9th Avenue portion of the 1st floor. 39 condominium units at \$600k+ will complete the balance of the building – in 3 stories along Romana Street and 2 stories above the restaurant/ office space along Ninth Avenue, averaging approximately 1,800 s.f. per unit. Off street parking will be provided underneath a portion of the building along Romana Street and in a surface parking lot behind it. Access to the parking lot will be from Colfax Street and 10th Avenue which will enable the streetscape along 9th Avenue and Romana Street to remain pedestrian friendly.

DESIGN APPROACH

The overall design approach was to create a thriving urban corner building - the kind that has populated towns and cities since people started building towns and cities – places where people meet – a destination integral to the neighborhoods they populate. We hope to create this kind of place at Hawkshaw – where the building will be both a backdrop to Admiral Mason Park as well as a complement to the Aragon streetscape across 9th Avenue.

We started with the corner itself, imagining an inviting entry with expansive steps sized not just for moving up and down but as a place to relax, to meet, or to have lunch. The steps connect to a raised public promenade along both sides that offer views to the water and is shaded with an oversized modern canopy. Along both sides we developed facades with modern 'components' attached to traditional massing – an appropriate blend which we felt was a dynamic but appropriate response to this transitional site between Aragon on the west and Gulf Power to the east. The scale of the building was given particular attention by varying the massing to reflect traditional street variations at 25' to 30' intervals, providing a covered gallery along 9th Avenue, utilizing traditional fenestration proportions, and creating a tree lined downtown streetscape. On the Romana Street side, we transition to a more modern language with cantilevered

balconies and fenestrations overlooking small urban gardens lined with green walls, helping to bring elements of Admiral Mason Park into the project.

COMPLIANCE WITH HAWKSHAW DESIGN GUIDELINES

We have reviewed the Hawkshaw Design Guidelines and will deliver a project that reflects the vision outlined in this document. Although the desired density does not match what the current market will support, we have done our best to ensure that the design that we offer will be a dynamic and appropriate architectural response that becomes an asset to the neighborhood and city.

Some of the strategies we have utilized include:

- Buildings that front 9th Avenue and Romana Street
- Parking is screened from view.
- Use of diverse forms to avoid creating a "single project" feel.
- Contemporary and traditional architectural elements.
- 3.5 story buildings facing 9th Avenue and Admiral Mason Park
- Galleries along 9th Avenue
- Urban landscaping facing Admiral Mason Park
- Pedestrian friendly streetscape along 9th Avenue and Romana Street
- Vehicular access from non-pedestrian streets

PROJECT OUTLINE

PHASING

The project has been designed to be completed in two phases, with Phase I being ready for immediate development. The first phase is the 9th Avenue portion of the building with the restaurant, office, and 12 condominium units. Phase II will include the covered parking and 27 condominiums.

CONSTRUCTION AND EXTERIOR MATERIALS

It is anticipated that the soil conditions will require a pile supported foundation. We anticipate utilizing auger cast concrete piles. "Block and plank" construction will be used for the structure which consists of precast concrete planks for the floor system and concrete masonry units (CMU) for the bearing walls.

Exterior finishes will include cement board siding, stucco, aluminum storefront and windows, steel balconies and columns with steel or aluminum handrails, and aluminum canopies. Architectural concrete block will be provided along the street elevation lining the areas below the occupied finished floor.

LANDSCAPE

The landscape concept for this project is to integrate the landscape design with the architecture and the existing urban context – not to treat it as an afterthought or simply serve functional

needs like screening of service elements. The landscape, like the architecture, will be an integral part of creating the 'brand.' We will be creating both traditional streetscapes along the Romana and 9th Avenue sides as well as unique urban gardens that front Admiral Mason Park. We will also provide a comprehensive design that utilizes a mix of both planted in-ground materials with materials set in architectural features such as planters, seating, or other urban elements. Along the eastern edge, we will create a simple passive recreational area that celebrates that natural beauty of the substantial oak trees.

STORMWATER

This parcel's stormwater impact has already been incorporated into the design of the regional pond located at Admiral Mason Park. We will be providing a piped connection to this facility, and we have reviewed our conceptual plans with the City Engineer.

SPACE SUMMARY

- Restaurant: 6,500 nsf
- Retail: 2,000 nsf
- Office: 6,500 nsf
- Multi family Residential – 39 dwelling units

Total CONDITIONED gross square footage – 102,417 gsf
Total gross square footage including all parking under podium, elevated promenade, exterior corridors, and

balconies – 142,295 gsf

PARKING REQUIREMENTS

- Residential (1/unit) - 39 units = 39 spaces required (no CRA reduction)
- Office (1/ 300 sf) - 6,500 sf = 22 spaces + (30% CRA reduction allowed) = 16 spaces required
- Wine Bar/ Restaurant (1/ 100 sf) - 6,500 sf = 65 spaces + (100% CRA reduction allowed) = 0 spaces required
- Retail – 2000 sf – 1/300 sf = 7 spaces – 60% CRA reduction = 3 spaces required

Total required	
with CRA reduction:	58 spaces
Total provided :	105 spaces

Parallel parking (if feasible) can provide up to an additional 47 spaces

SPECIAL REQUESTS

1. As much as feasible, we would request that parallel parking spaces be provided along all of the existing streets with priority being given to the 9th Avenue and Romana Street locations where convenience parking for customers directly impacts the success of the commercial component of this project.
2. We are aware that Colfax Street is a private street and will request access from the adjacent property owner for ingress and egress. It is our understanding that the owner has publicly stated that the street will be available for public access. This is the ideal location for vehicular access to the project – enabling us to preserve the oak trees on the east side of the property and keep the 9th Avenue and Romana Street sides prioritized for pedestrians.

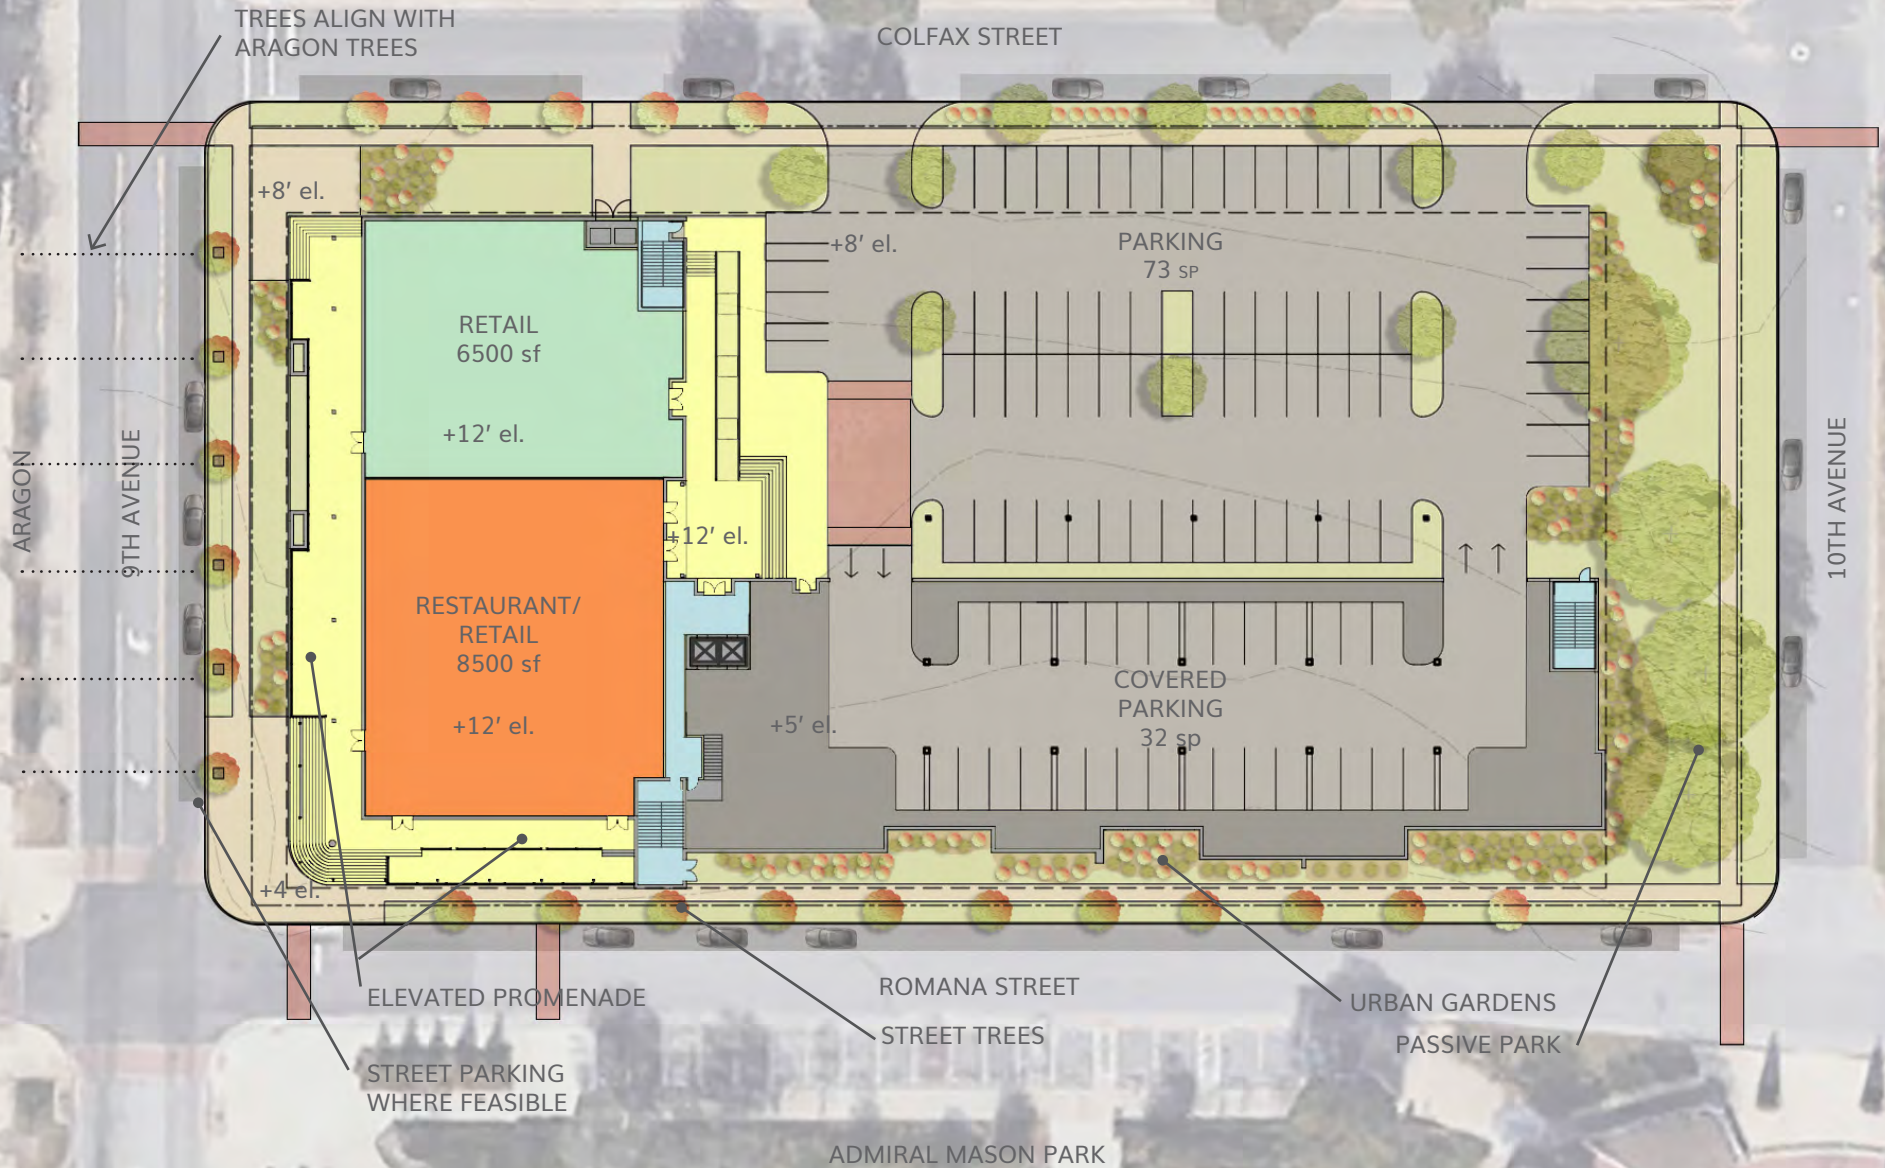

**We do not see any foreseeable variances to applicable regulations that may be requested during the development of the proposed project.

The project has been designed to be completed in two phases, with Phase I being ready for immediate development. The first phase is the 9th Avenue portion of the building with the restaurant, office, and 12 condominium units. Phase II will include the covered parking and 27 condominiums.

Re: Proposed Hawkshaw Project

Dear Bob:

We are writing to provide a letter of interest for financing from Summit Bank, N.A. in respect to a transaction with you on the Hawkshaw Project. We appreciate the time and energy you have afforded us in discussing this opportunity, and the information provided thus far.

Your long history in the Pensacola and Gulf Breeze Real Estate community, especially in regards to successful projects and subdivision development, should be commended. We look forward to a continued business relationship with you.

As we continue to spend time evaluating the proposed Hawkshaw Project, we believe that SUMMIT BANK, N.A. will bring unique value and expertise to the financing to the Project.

Transaction Overview and Structure

Based on our preliminary review of the Project information provided and subject to the conditions set forth below, SUMMIT BANK, N.A. is pleased to submit this non-binding letter of interest on the financing of the Project.

We believe that in order for this transaction to be successful our interests must be aligned.

Due Diligence Process

This Transaction is of the high priority for us, and we are prepared to proceed as quickly as possible; it is important that you make that same commitment to us before we expend additional time and resources pursuing this opportunity. SUMMIT BANK, N.A. has developed an understanding of the Project through our initial due diligence, including several conversations with you as well as a preliminary data review. We envision our remaining due diligence would include, but would not be limited to, collecting complete financial information of all the parties involved, appraisals and feasibility study of the Project, as well as customary legal,

[850] 433-5950 office 4890 Bayou Boulevard, Pensacola, Florida 32503

organizational, and regulatory work. With your full cooperation, we believe we can expeditiously complete our due diligence, and present you with a definitive terms and subsequent commitment agreement within a reasonable timeframe.

We are very excited about the potential opportunity and hope that you are equally interested in proceeding in a constructive and expeditious dialogue. We look forward to working with you to complete this transaction.

Very truly yours,

VOTE OF CONFIDENCE FOR COUNCIL PRESIDENT

RECOMMENDATION:

That City Council express, by vote, a Vote of Confidence for the Council President in reference to the September 20, 2017 Special City Council Meeting.

HEARING REQUIRED: No Hearing Required

SUMMARY:

On September 20, 2017 the City Council held a special meeting to discuss the potential Emerald Coast Utilities Authority (ECUA) emergency storage tanks to be erected near 1750 N. Palafox.

On September 22, 2017 Mayor Hayward delivered a letter addressed to Council President Brian Spencer and copied to City Council Members and the City Attorney. Within this letter the Mayor stated, "I am writing you now to express my displeasure with the tone of the discussion and the disparaging remarks that you allowed the public to direct toward the City Attorney. The days are long past where the governing body of a community can chain individuals to a post in the public square and invite anyone to throw stones at them."

The Council President has a duty to protect the first amendment rights of citizens who come before the City Council to address their first amendment right to petition their government for a redress of grievance. In every manner, the Council President conducted the meeting appropriately, balancing the need for order and decorum with the right of citizens to express their views.

Given that the Mayor was not a participant in this discussion or this meeting, that City Council meetings as well as meeting rules of decorum are Legislative in nature, free from Executive interference, as well as other determinative factors, it is appropriate for the City Council to express their confidence in the Council President, while, as a body, rejecting the implications made by the Mayor in his letter.

ASHTON J. HAYWARD
MAYOR

September 22, 2017

Dear Council President Spencer,

I reviewed the video from the September 19 Special City Council meeting and spoke with the City Administrator about the manner in which you conducted the meeting. I am writing you now to express my displeasure with the tone of the discussion and the disparaging remarks that you allowed the public to direct toward the City Attorney. The days are long past where the governing body of a community can chain individuals to a post in the public square and invite anyone to throw stones at them.

Enclosed with this letter is a copy of a City Council agenda item from 2014 that was prepared and distributed at the then-Council President's request for research and recommendations regarding the issue of maintaining order and decorum during Council proceedings. In light of the improper decorum that was on display at Wednesday's meeting, now is a good time to review the procedural tools that you have as council president to conduct the business of City government, with full participation by the public, while prohibiting behavior that shows disrespect or that is unsuitable to the requirements of the occasion.

I want to also take this opportunity to reaffirm my support for the City Attorney. Lysia Bowling possesses in abundance all of the qualities that shape extraordinary municipal attorneys: discipline, intellect, wisdom, impeccable temperament, and above all, fundamental decency and humanity. I know that she works tirelessly to represent, not my interests, and not the City Council's interests, but the best interests of our City.

Sincerely,

Ashton J. Hayward

PORT WAREHOUSE #1 LEASE AGREEMENT WITH OFFSHORE INLAND MARINE & OILFIELD SERVICES, INC.

RECOMMENDATION:

That City Council take action to respond to the request from Offshore Inland Marine & Oilfield Services, Inc. (OIMO) to continue to accept OIMO's monthly payment of \$10,000 after September 30, 2017, to be credited toward the principal and accruing interest due under Section 5(a) of the amended Lease Agreement.

HEARING REQUIRED: No Hearing Required

SUMMARY:

On May 11, 2017, City Council approved an amendment to the Lease Agreement for Port Warehouse #1 (Warehouse #1 Lease) with Offshore Inland Marine & Oilfield Services, Inc. (OIMO).

Under the terms of the amended lease, in addition to OIMO making timely payment of monthly rents, utility, fees, taxes, charges, payments, or other monetary obligations under the Warehouse #1 Lease or any other agreement, or owing as a result of its operations at the Port, OIMO was to continue to pay \$10,000.00 per month, no later than the fifteenth (15th) day of each month towards the outstanding amount of its past due dockage and vessel fees in the amount of \$269,247. Additionally, OIMO was obligated to remit to the City a final balloon payment for the entire unpaid outstanding amount no later than September 30, 2017.

On August 31, 2017, OIMO sent a letter to Port Director Amy Miller notifying her that OIMO is unable to make the final balloon payment required under the terms of the amended lease. According to the amended lease, in the event OIMO notifies the City that it is not able to make the final balloon payment in full on September 30, 2017, City Council may, at its sole discretion, terminate the lease or allow renegotiation as to payment of outstanding amounts.

PRIOR ACTION:

April 22, 2010 - City Council approved the Offshore Inland lease for a portion of Warehouse #1 and associated open storage and working areas.

January 10, 2013 - City Council approved a FDOT Economic Development Transportation Project Fund Agreement for infrastructure improvements at the Port.

March 13, 2014 - City Council approved and authorized the Mayor to negotiate and execute a lease agreement for Warehouse #9 and approximately three and one-half (3½) acres of immediately adjacent undeveloped land with OIMO.

April 13, 2017 - City Council postponed a recommendation to authorize the Mayor to terminate the Warehouse #9 Lease and to amend the Warehouse #1 Lease.

May 11, 2017 - City Council approved an amendment to the Lease Agreement for Port Warehouse #1 with Offshore Inland Marine & Oilfield Services, Inc.

FUNDING:

N/A

FINANCIAL IMPACT:

OIMO has made the required \$10,000 per month payment to reduce the outstanding amount of past due dockage and vessel fees each month. Currently, the balance of the outstanding amount is \$199,220 with OIMO anticipating to pay an additional \$15,000 towards the outstanding amount. Therefore, it is estimated that the balloon payment due on September 30, 2017 will be \$184,220. OIMO is requesting that City Council agree to continue receiving payments of \$10,000 per month towards the outstanding amount. The Warehouse #1 Lease provides that beginning October 1, 2017, interest shall accrue on any remaining outstanding amount at the rate of 12% per annum as otherwise further described and calculated in the Port Tariff. With the accrued interest it is anticipated that the full outstanding amount should be repaid within 20 months.

AMENDMENT NO. 1 TO LEASE AGREEMENT

THIS AMENDMENT NO 1 (“Amendment No. 1”), to the Lease Agreement for leased premises in Warehouse 1 located at the City of Pensacola Port of Pensacola (“Port”) dated June 17, 2010 (“Original Agreement”), is made and entered into this 1st day of June, 2017, by and between the City of Pensacola (“City” or “Lessor”) and Offshore Inland Marine & Oilfield Services, Inc. (“Lessee”).

Recitals:

WHEREAS, City and Lessee entered into the Original Agreement, incorporated herein by this reference, to lease space in the southern half (1/2) of Warehouse 1 and associated berth apron and open storage area located at the Port for the purposes described therein ; and

WHEREAS, Lessee has outstanding amounts owing to the City, and City and Lessee have determined that it is in their mutual best interests for Lessee and City agree to a payment plan respecting such outstanding amounts; and

WHEREAS, the parties find other terms and conditions of the Original Agreement require amendment; and

WHEREAS, the parties now desire to amend the Original Agreement;

NOW, THEREFORE, in consideration of One Hundred Dollars (\$100.00) the receipt and sufficiency of which are hereby acknowledged by the parties, and of the mutual covenants and agreements herein contained, it is agreed that the Original Agreement shall be hereby amended as follows:

1. The Recitals above are true and correct and are hereby incorporated as a material part to this Amendment No. 1.
2. Section 4 of the Original Agreement is hereby amended to add the following fourth (4th) paragraph:

Lessee expressly agrees that no later than the first (1st) day of the first (1st) month following completion of the Lessor improvements contemplated in Section 9(b) herein, such status of completion of improvements to be the sole discretion of the Lessor and to be documented by written notice of completion by the Port Director, the Leased Premises will on that date expand to include all of Warehouse 1, specifically adding the northern half (1/2) of Warehouse 1 to the definition of Leased Premises, and on that date Lessee shall be obligated to all rental rates pursuant to Section 6 applied to the entire Warehouse 1 Leased Premises and such shall be due and owing by Lessee to Lessor.

3. Section 5 of the Original Agreement is deleted in its entirety.
4. New Section 5 of the Original Agreement hereby created in its entirety to read:

5. OUTSTANDING AMOUNT PAYMENT PLAN.

(a) Lessee acknowledges and agrees that as of March 15, 2017 Lessee failed to pay past-due outstanding amounts in dockage or vessel fees and related charges of Two Hundred Sixty Nine Thousand Two Hundred and Forty Seven Dollars (\$269,247.00) immediately owing to the City, and in lieu of default upon request from Lessee, the City will agree to a payment plan respecting such outstanding amounts as further described in this Section 5(a). Lessee agrees the unwanted continued existence of these outstanding amounts are material considerations in continuing this Agreement between the parties. In addition to timely payment of monthly rents, utility, fees, taxes, charges, payments, or other monetary obligations under this Agreement or any other agreement, or owing as a result of Lessee's operations at the Port, Lessee shall continue to pay Ten Thousand Dollars (\$10,000.00) per month, no later than the fifteenth (15th) day of each month. Lessee acknowledges and agrees that in the event of failure to make such monthly payment as provided herein, City Council may, in City Council's sole discretion, terminate the lease, effective upon City Council action to terminate the lease. Lessee shall, within no more than thirty (30) days of the City Council action to terminate the lease, vacate the Port and surrender all of the Leased Premises and all improvements, fixtures, and property thereon, to become the exclusive property of the City, and ensure that all such land and property shall be in good condition.

Further, Lessee shall remit to the City a final balloon payment for the entire outstanding amount, by no later than September 30, 2017. Lessee shall, on or before September 1, 2017, provide to City written notification of any inability or intention not to make the final balloon payment in full on September 30, 2017. Upon Lessee's delivery of said notice, if any, the City Council may, in City Council's sole discretion, terminate the lease or allow renegotiation as to payment of outstanding amounts. In the event of termination after notification of non-payment as described herein, Lessee shall, within no more than thirty (30) days of the City Council action to terminate the lease, vacate the Port and surrender all of the Leased Premises and all improvements, fixtures, and property thereon, to become the exclusive property of the City. Lessee acknowledges and agrees that in the event of failure to provide the notice as described herein and failure to make such balloon payment as provided herein, City Council may, in City Council's sole discretion, terminate the lease, effective upon City Council action to terminate the lease. In that event of failure to provide notice and failure to make such balloon payment, Lessee shall, within no more than thirty (30) days of the City Council action to terminate the lease, vacate the Port and surrender all of the Leased Premises and all improvements, fixtures, and property thereon, to become the exclusive property of the City.

No interest shall accrue on the outstanding balance through September 30, 2017. Beginning October 1, 2017, interest shall accrue on any remaining outstanding balance due under this section 5(a) at the rate of twelve percent (12%) per annum as otherwise further described and calculated in the Port Tariff.

(b) Lessee further acknowledges and agrees that as of March 15, 2017 Lessee failed to

pay past-due outstanding amounts in dockage or vessel fees and related charges in the amount of Three Hundred Sixty Three Thousand Dollars (\$363,000.00) owing to the City. The parties acknowledge and agree that reimbursement of certain project related expenses incurred by Lessee currently remains in question and, that by mutual agreement, this \$363,000.00 has been held in abeyance pending completion of the grant project. Therefore, the parties agree that final disposition of the \$363,000.00 outstanding balance, and other credits that may or may not be due Lessee, will be addressed as expeditiously as practicable following completion of the grant project improvements and final closeout of the grant. Such resolution of reimbursement shall be negotiated by the parties and presented to City Council for final approval. No interest shall accrue on the amount held in abeyance under this section 5(b) until the grant project is completed and upon the vote of the City Council to charge interest at a rate not higher than the Port Tariff rate.

5. Section 6 of the Original Agreement is hereby amended in its entirety to read:

6. RENT.

(a) Effective upon the Commencement Date of this Agreement, and as compensation for the exclusive use of the facilities described in Section 4 above, Lessee shall pay to Lessor rent in the amount of One Hundred Four Thousand Four Hundred Dollars (\$104,400.00) per year payable in twelve (12) equal monthly payments of Eight Thousand Seven Hundred Dollars (\$8,700.00) per month, plus sales tax, due and payable in advance on the first (1st) day of each month, and such rental rates subject to the increases as stated in the renewal terms in Section 2 above.

(b) Rental rates for Lessee's expansion of its Leased Premises to include the entirety of Warehouse 1, expanding into the northern half (1/2) of Warehouse 1, whether undertaken in accordance with the terms of Section 4, Section 8 or Section 9(b) of this Agreement, shall be at the applicable per square foot rental rate then being paid by Lessee multiplied by the total number of square feet of Lessee's expanded Leased Premises with the total of Warehouse included, and inclusive of revision or expansion thereof, plus sales tax, for the entirety of Warehouse 1 due and payable in advance on the first (1st) day of each month, and such rental rates subject to the increases as stated in the renewal terms in Section 2 above.

(c) Any additional space, whether taken by Lessee in accordance with Section 4, Section 8 or Section 9(b) of this Agreement or any other additional space occupied by Lessee, shall immediately be incorporated into, and considered part of, Lessee's Leased Premises, and all terms and conditions of this Agreement shall be at the applicable per square foot rental rate then being paid by Lessee multiplied by the total number of square feet of Lessee's Leased Premises, due and payable in advance on the first (1st) day of each month, and such rental rates subject to the increases as stated in the renewal terms in Section 2 above.

6. Section 8 of the Original Agreement is hereby amended in its entirety to read:

8. EXPANSION. In the event Lessee desires to expand its Warehouse 1 leasehold into portions of the northern half (1/2) of Warehouse 1 prior to completion of the improvements as addressed in Section 9(b) below, contingent upon full satisfaction of outstanding amounts in Section 5 above, Lessee may request, in advance, in writing to the Port Director, such expansion on a temporary or permanent basis, the grant of any such expansion to be made in the sole discretion of Lessor. The City Administrator, in consultation with the Port Director, shall have the sole discretion to determine whether or not to grant any expansion request. If granted, this Lease shall be immediately amended by simple letter of agreement between the parties hereto to reflect the revised boundaries of the Leased Premises, with the City Administrator having full authority to sign any such agreement.

7. Section 9 of the Original Agreement is hereby amended to add the following provisions immediately after the fifth (5th) paragraph:

(b) Lessor Improvements.

The parties acknowledge the Lessor contemplates the construction of certain improvements pursuant to FDOT Transportation Economic Development Project Fund Agreement FPN# 422354-2-94-01 (“Grant”), attached hereto as Exhibit B and incorporated herein by this reference, provided however, only to the extent such Lessor improvements may be designed and constructed by Lessor at a cost not to exceed the total amount of project funding provided by the Grant.

In the event the desired improvements are deemed, by the Port Director with the prior consent of the City Chief Financial Officer, to exceed Grant budgetary parameters, the Port Director with the prior consent of the City Chief Financial Officer, in their sole discretion may either terminate such improvements, evaluate reduction in project scope and design to assess feasibility of improvements, or, contingent upon full satisfaction of outstanding amounts in Section 5 above, permit Lessee to pay, at Lessee’s sole cost and expense, in advance of any construction, one hundred percent (100%) of any cost in excess of budgetary parameters and any associated costs.

As provided in Section 4 above and Section 6(b) above, upon completion of Lessor’s improvements in this Section 9(b), Lessee shall occupy and pay rent on the total space of Warehouse 1. Upon occupation of Warehouse 1 hereunder, Lessee shall simultaneously become solely responsible, at Lessee’s sole cost and expense, for maintaining the improvement in strict accordance with all manufacturer guidelines, any applicable Grant guidelines, and to the satisfaction of Lessor. Lessor may, in Lessor’s discretion, inspect improvements as Lessor deems necessary.

Notwithstanding anything in this Agreement to the contrary, title to improvements in this Section 9(b) shall vest in Lessor upon completion and shall in no event be removed by Lessee.

8. Section 14 of the Original Agreement is hereby amended in its entirety to read:

14. DOCKAGE FEES. With the exception of the fees addressed in Section 5 above, unless otherwise requested on a case-by-case basis by Lessee and approved by Lessor, dockage fees assessed against vessels calling at Lessee's facility shall be billed to and paid by Lessee. The dockage rate for all vessels calling at Lessee's facility shall be sixty percent (60%) of the applicable full Port Tariff rates then in effect, or any applicable frequency or volume incentive rate requested by Lessee and approved by the Port Director in accordance with applicable provisions of the Port Tariff.

9. Section 15 of the Original Agreement is hereby amended in its entirety to read:

15. VESSEL SECURITY AND HARBOR FEES. With the exception of the fees addressed in Section 5 above, unless otherwise requested on a case-by-case basis by Lessee and approved by Lessor, vessel security and harbor fees assessed against vessels calling at Lessee's facility shall be billed to and paid by Lessee. Vessel security and harbor fees shall be assessed at one hundred percent (100%) of the Port Tariff rates then in effect.

10. Section 20 of the Original Agreement is hereby amended in its entirety to read:

20. UTILITIES. For any required utilities, Lessee shall arrange for direct billing with the appropriate utility provider. If direct billing is not possible due to the placement or routing of utility infrastructure, Lessor and Lessee shall develop a mutually agreeable methodology by which the Lessor will bill the Lessee its pro-rata share of those utilities. Construction, installation and maintenance of any improvements to utility infrastructure required to support Lessee's operations shall be at the sole cost and expense of Lessee, other than construction of any utility infrastructure completed under Section 9(b) above. This stipulation does not apply to the provision of potable water to vessels, which is a service provided by the Port of Pensacola, Operations Division. Provision of potable water to vessels must be requested in advance in accordance with Port Tariff Item 440 and all applicable fees as expressed in Port Tariff Item 440 and Port Tariff Item 442 will be assessed to the party responsible for payment of vessel fees as described in Section 14 and 15 of this Agreement.

11. Section 21 of the Original Agreement is hereby amended in its entirety to read:

21. MAINTENANCE. Lessee shall maintain the leasehold improvements of whatever nature situated on the Leased Premises at its own expense. Lessee shall at all times maintain the Leased Premises in a safe, neat and orderly manner; free from trash, debris or other unsafe, unsightly or unsanitary matter. Should Lessee fail to maintain the Leased Premises in a safe, neat and orderly manner, the Lessor reserves the right to intervene and resolve such matters after a period of seventy-two (72) hours. All costs for such intervention by the Lessor will be the responsibility of Lessee, at Lessee's sole cost and expense, pursuant to the Port of Pensacola Terminal Tariff. All other maintenance, including maintenance of any and all improvements constructed or placed by the Lessee, shall be the responsibility of the Lessee, at Lessee's sole cost and expense.

Subject to the performance of Lessee's obligations under Paragraph 22, Paragraph 23, and this Paragraph 21, Lessor agrees to maintain the Leased Premises, supporting improvements and infrastructure not under Lease by Lessee, and surrounding areas, (including access, loading and parking improvements and areas) in a good state of repair and in a safe condition at its own expense. Lessor's obligation to maintain the Leased Warehouse Area shall be limited to major structural components, including but not necessarily limited to those items listed in Paragraph 23. All other maintenance, including maintenance of any and all improvements constructed by the Lessee, shall be the responsibility of the Lessee. In addition, Lessor shall cause the Port of Pensacola harbor and shipping channel to have and maintain the minimum draft depth of 33 feet. Lessor shall maintain all berths, bulkheads, and fender systems.

With the exception of improvements pursuant to Section 9(b) above, Lessee has the right to make any and all repairs to the Leased Premises or the supporting improvements that are the responsibility of Lessor to correct conditions that immediately and significantly threaten its leasehold improvements, warehouse contents, or operations thereof. Lessee shall notify Lessor of any such intended repair action at least fifteen (15) days prior to the work being performed unless said work must be performed immediately to address an emergency situation (i.e., to prevent the threat of imminent property damage or personal injury or a material interruption of Lessee's business operations), in which event Lessee may perform such work immediately without notice or expiration of a waiting period (but Lessee shall notify Lessor of such repair work as soon as practicable following initiation of emergency repair efforts). Notwithstanding the foregoing, in no event shall Lessee have the right to proceed with work until approved by the Port Director. This provision will not be exercised unreasonably by Lessor or Lessee, but is intended to allow Lessee to protect the substantial investment being made in the leasehold improvements and Lessee's business operation. If Lessee undertakes repairs that are the responsibility of Lessor, upon approval of Lessor, Lessor shall reimburse Lessee for the reasonable and necessary costs and expenses incurred by Lessee therefore.

12. Section 23 of the Original Agreement is hereby amended in its entirety to read:

23. REPRESENTATIONS CONCERNING CONDITION. Lessor warrants and represents that the real property of the Leased Premises, and excepting any improvements under Section 9 above, are in good and serviceable condition and in compliance with all applicable laws, codes and regulations with respect to all major structural components including, but not limited to, the following:

- (a) roof and structural components thereof
- (b) exterior walls and structural components thereof
- (c) gutters/drains/downspouts
- (d) plumbing, drains and storm drains
- (e) basic electrical supply and distribution
- (f) foundation and loading docks
- (g) doors (personnel and cargo)

13. Intentionally omitted.

14. Intentionally Omitted.

15. Section 38 of the Original Agreement is hereby amended in its entirety to read:

38. NOTICES. Any notices required by this Lease Agreement or by law to be sent to Lessor shall be sufficient if transmitted by personal delivery, nationally recognized overnight delivery service (such as Federal Express Corporation or UPS), or certified mail, return receipt requested, addressed to Lessor as follows:

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

PORT WAREHOUSE #1 LEASE AMENDMENT WITH OFFSHORE INLAND MARINE & OILFIELD SERVICES, INC.

RECOMMENDATION:

That City Council authorize the Mayor to take all action necessary to amend the Lease Agreement for Port Warehouse #1 with Offshore Inland Marine & Oilfield Services, Inc.

HEARING REQUIRED: No Hearing Required

SUMMARY:

On April 22, 2010, City Council approved the Lease Agreement for Port Warehouse #1 (“Warehouse #1 Lease”) with Offshore Inland Marine & Oilfield Services, Inc. (“OIMO”) which includes the lease premises of one-half (½) of the Warehouse #1 structure and associated open storage and working areas.

On January 10, 2013, City Council approved a FDOT Economic Development Transportation Project Fund Agreement for infrastructure improvements at the Port.

As City Council has been previously advised, repayment of certain grant-funded construction project expenses paid by OIMO is in question. As a result, the Port Director, with the City’s Chief Financial Officer’s consent,

has allowed OIMO to hold \$363,000.00 in invoices owed to the Port in abeyance pending final determination by the Port Director, with the consent of the City's Chief Financial Officer. Further, OIMO accumulated an additional past-due balance above and beyond the \$363,000.00 without the approval of the Port Director or the City's Chief Financial Officer. As of March 15, 2017, that remaining past due amount was \$269,247.00.

On April 13, 2017, City Council considered a request to amend the Warehouse #1 Lease. The proposed amendment that was brought before City Council at that time provided:

- (i) a payment plan to address both the outstanding past-due balance of \$269,247.00 at twelve percent (12%) interest, as well as a plan for final reconciliation of invoice amounts of \$363,000.00 held in abeyance, with a contingency to apply twelve (12%) interest;
- (ii) in the event of any non-payment of monetary obligations by OIMO, the Warehouse #1 Lease was to be immediately terminated and OIMO was to vacate the Port within twenty (20) days and to surrender all of the Leased Premises and all improvements, fixtures, equipment and personal property thereon, such property to become the exclusive property of the City;
- (iii) contract language to address the previously unanticipated circumstance of significant infrastructure improvements to be made under the Warehouse #1 Lease as a result of the FDOT Economic Development Transportation Project Fund Agreement project;
- (iv) terms and conditions to address the expansion of OIMO into the previously unoccupied half of the Warehouse #1 structure upon completion of the FDOT Economic Development Transportation Project Fund Agreement project infrastructure improvements, or into a portion of the space not currently occupied by OIMO; and
- (v) no change or extension to the term of the original Warehouse #1 Lease, expiring May 1, 2022.

In conjunction with the above amendment request, City Council was also asked to terminate the lease agreement for the Warehouse #9 structure and approximately three and one-half (3½) acres of immediately adjacent undeveloped land ("Warehouse #9 Lease") between the parties.

During the April 13, 2017 City Council meeting, City Council acted to postpone both requests, with direction to staff to negotiate with OIMO, and to bring negotiated agreements regarding each warehouse lease back to City Council as separate items at the next City Council meeting.

The attached negotiated draft of the Amendment No. 1 to Lease Agreement for Warehouse #1 has been revised to:

- (i) delay the imposition of any interest charge on the outstanding amounts in the payment plan until no earlier than October 1, 2017;
- (ii) delete language expressly terminating the Warehouse #1 Lease for non-payment of monetary obligations, specifically those in the payment plan, and introduce language requiring City Council determination of whether to terminate the Warehouse #1 Lease or to renegotiate payment terms;
- (iii) delete language requiring the property be returned to the City in good condition; and
- (iv) expand the time allowed to OIMO to vacate the premises to thirty (30) days following an action to

terminate the Warehouse #1 Lease for non-payment.

PRIOR ACTION:

April 22, 2010 - City Council approved the Offshore Inland lease for a portion of Warehouse #1 and associated open storage and working areas.

January 10, 2013 - City Council approved a FDOT Economic Development Transportation Project Fund Agreement for infrastructure improvements at the Port.

March 13, 2014 - City Council approved and authorized the Mayor to negotiate and execute a lease agreement for Warehouse #9 and approximately three and one-half (3½) acres of immediately adjacent undeveloped land with OIMO.

April 13, 2017 - City Council postponed a recommendation to authorize the Mayor to terminate the Warehouse #9 Lease and to amend the Warehouse #1 Lease.

FUNDING:

N/A

FINANCIAL IMPACT:

Approval of the Warehouse #1 lease amendment establishes a formal payment plan of OIMO's current outstanding balance of \$269,247.00. Further, the payment plan provides authorization for the resolution of the \$363,000.00 outstanding amount as it relates to grant project invoices. Approval of the amendment also establishes conditions for OIMO to occupy the entire warehouse premises at a proportional increased amount above the \$8,891.40 rent revenue currently paid.

RE: Warehouse #1, Port of Pensacola
Tenant: Offshore Inland Marine & Oilfield Services, Inc. ("OIMO")

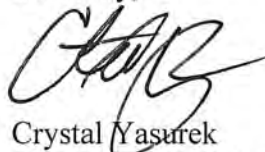

Ms. Miller:

This letter is to notify you that OIMO is unable to make the final balloon payment required under Section 5(a) of the amended Lease Agreement. As you know, OIMO has diligently made the monthly payments required under the lease amendment, including the payment due September 15, 2017. Additionally, my client has met all of its new monthly obligations to the Port accruing since the amendment was signed in early May. All new dockage fees, rents and utilities have been paid as required.

OIMO does anticipate making a \$15,000 payment toward the balloon payment. Our records indicate that the current amount due under Section 5(a) is \$199,220.00, and that after the anticipated payment is made, the remaining balance will be \$184,220.00.

OIMO requests the City agree to continue to accept OIMO's monthly payments of \$10,000.00 on and after October 2017, to be credited toward the principal and accruing interest.

Sincerely,

Crystal Yasurek

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

AWARD OF BID# 17-033 - PORT OF PENSACOLA WAREHOUSE #1 MODIFICATION PROJECT

RECOMMENDATION:

That City Council award ITB # 17-033 Port of Pensacola Warehouse #1 Modification to Emerald Coast Constructors Inc., the sole bidder with a base bid of \$1,495,383.90 plus a 5% contingency of \$74,769.20 for a total amount of \$1,570,153.10 Further, that Council authorize the Mayor to execute the contract and take all actions necessary to complete the project.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The Port of Pensacola was awarded a State of Florida economic development grant to modify an existing warehouse to install overhead cranes. The contemplated improvements will result in an additional marketable asset for the port.

The Warehouse #1 Modification Project consists of the addition of two new overhead bridge cranes and requires the fabrication and erection of a structural steel crane runway system. To accommodate the required lift height for the high bay crane, a portion of the existing warehouse roof will be removed and a new pre-engineered metal building will be installed in the area of the high bay crane. New foundations and associated demolition will be required to support the metal building frames and the low bay crane runway steel. Electrical upgrades will be required to provide lights for the new high bay area and to provide power for the new bridge cranes.

The original grant acceptance approved in early 2013 called for the overhead crane facility improvements to be constructed in Warehouse #9. The original project also included improvements to dockside utility infrastructure (additional shore power and sanitary sewer stations) at Berths 1 and 2, if total project funding was sufficient to do so.

Following preliminary geotechnical and engineering work at the Warehouse #9 site, it was determined that this was not a suitable location for the overhead crane facility and the project should be relocated to Warehouse #1. Additionally, early cost estimates indicated that construction of the overhead crane facility, which was the

primary project under the grant, would require the entire \$2 million in project funding and that construction of the originally-contemplated dockside utility improvements would not be possible. An amendment to the Project Fund Agreement, fully executed between the City and FDOT on June 4, 2015, revised the project scope to document and authorize these changes.

PRIOR ACTION:

June 14, 2012 - Council approved Resolution 23-12, a mid-year supplemental budget resolution appropriating the grant funds into the Port's capital budget.

January 10, 2013 - Council approved Resolution 01-13 formally accepting the grant and authorizing the Mayor to execute all documents necessary thereto.

FUNDING:

Total	<u>\$2,017,555</u>	

FINANCIAL IMPACT:

Grant funding in the amount of \$2,000,000 has been appropriated for this project. To date, \$433,720.92 has been previously expended or is currently encumbered for the project leaving an available balance of \$1,566,279.08 to complete the project. Port funding of up to \$17,555 will make up any shortfall, should it occur.

City Council

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

PROPOSED ORDINANCE NO. 28-17 AMENDING CHAPTER 7-10 OF THE CITY CODE - VEHICLES FOR RENT TO THE PUBLIC

RECOMMENDATION:

That City Council approve Ordinance No. 28-17 on first reading.

AN ORDINANCE OF THE CITY OF PENSACOLA, FLORIDA; AMENDING CHAPTER 7-10, PERTAINING TO VEHICLES FOR RENT; AMENDING SEC. 7-10-134 TO PROVIDE FOR AN AIRPORT TAXI CAB PICKUP FEE; AMENDING SEC. 7-10-17, PROVIDING DEFINITIONS; REPEALING AND REPLACING SEC. 7-10-177, PROVING FOR PERMITS AND FEES; PROVIDING FOR SEVERABILITY, REPEALING CLAUSE; PROVIDING AN EFFECTIVE DATE.

HEARING REQUIRED: No Hearing Required

SUMMARY:

During the 2017 legislative session, the Florida Legislature passed, and the Governor approved, HB 221, which created a regulatory framework for transportation network companies (TNCs) in the State and preempted to the State the regulation of TNCs. The new law, Florida Statute 627.748, which became effective July 1, 2017, makes it necessary to change the City Code regulating taxicabs in order to preserve the Airport's ability to charge TNCs a pickup fee.

Under agreements executed on October 12, 2016 and February 23, 2017, Uber and Lyft, operating as TNCs, are required to remit a pickup fee of \$2.50 for each instance in which the affiliated driver picks up a passenger on Airport property. Taxicabs operating at the Airport, however, are not currently assessed fees for each individual pickup. Rather, under City Code, taxicabs pay an annual permit amount of \$240 for the ability to pick up passengers at the facility. Under the new state law, if airports wish to continue assessing pickup fees to TNCs, the fees must be consistent with any pickup fees charged to taxicabs.

If the proposed changes are adopted, the annual permit for taxicabs to operate at the Pensacola International Airport would be reduced to forty dollars (\$40) from two hundred and forty dollars (\$240). The revised amount

would cover the cost for staff to inspect the vehicle and provide the necessary permit showing proof of inspection, and provide an automatic vehicle identification tag. Each pickup would then be monitored through the use of the automatic vehicle identification tags and the company would be required to remit payment in the amount of \$2.50 for each pickup. The company would also be allowed to pass the \$2.50 pickup fee to the passenger.

In accordance with Federal requirements, the ongoing operation and maintenance of the Pensacola International Airport is funded through user fees paid by all entities using the facility. Modifying City Code to assess pickup fees to taxicabs, and allowing the taxicabs to pass the charge to the consumer, is no different than the operation of other entities providing service at the Airport that also remit fees on a transactional basis, and that pass the associated fee to the consumer.

PRIOR ACTION:

None

FUNDING:

N/A

FINANCIAL IMPACT:

Revenue from the ground transportation operations provided by taxicabs, TNC's, limousines, and shuttles is budgeted at \$110,000.00.

BE IT ORDAINED BY THE CITY OF PENSACOLA, FLORIDA:

SECTION 1. **THAT**, Chapter 7-10, Article II. – Airport Surface Transportation, Division 6. - Taximeters, Rates, Service, Section 7-10-134. – Rates – Generally, of the Code of the City of Pensacola, Florida, is hereby amended to add a subsection (4) as follows:

Sec. 7-10-134. - Rates—Generally.

No owner or operator of a taxicab shall charge a greater or lesser sum for the use of a taxicab than in accordance with the following rates:

- (1) *Mileage rates.* Two dollars (\$2.00) for the first one-ninth (1/9) mile or fraction thereof; twenty-five cents (\$0.25) for each additional one-ninth mile or fraction thereof; charge for additional passengers over the age of thirteen (13) years, fifty cents (\$0.50) each;
- (2) *Waiting time.* Eighteen dollars (\$18.00) per hour;
- (3) *Airport trips—Minimum fare.* Pickups from the airport, eleven dollars (\$11.00) minimum per trip (limited to taxicab companies with valid permits to serve the airport). Fares over eleven dollars (\$11.00) shall be calculated based upon the meter rate commencing at the airport pickup point.
- (4) *Airport Trips – Airport Pickup Fee.* Pickups from the airport, two dollars and fifty-cents (\$2.50) fee.

SECTION 2. **THAT**, Chapter 7-10, Article IV. – Airport Surface Transportation, Division 1. – Generally, Section 7-10-175. – Definitions, of the Code of the City of Pensacola, Florida, is

hereby amended to replace the word “Regional” with the word “International,” to replace the word “airport director” with the word “Mayor,” to add the definition, “Automatic Vehicle Identification (AVI) Tag,” to read in its entirety as follows:

Sec. 7-10-175. - Definitions.

The following words and phrases when used in this article have the meaning as set out herein:

Airport. All land encompassed by the Pensacola ~~Regional~~ International Airport, including, but not limited to, streets, parking areas, and approaches.

Airport permit. A permit issued by the ~~airport director~~ Mayor authorizing vehicles to conduct business on the airport.

Automatic Vehicle Identification (AVI) Tag. A pre-programmed device issued by the Mayor to detect, identify, control, monitor and track authorized vehicles for hire that are picking up or soliciting or desiring to pick up persons, baggage, packages, or any item or object under an airport permit.

Conducting Business. The picking up or soliciting or desiring to pick up persons, baggage, packages, or any item or object under an airport permit.

Courtesy vehicle. A vehicle which carries persons between the airport and off-airport businesses, such as valet parking lots, hotels, motels, rental car companies and attractions, for which carriage the passenger pays no direct charge.

Cruising. The driving of a taxicab at the airport in search of or soliciting prospective passengers for hire.

Queuing area. An Area designated by the ~~airport director~~ Mayor for taxicab to remain on the airport. Taxicabs will proceed to the passenger loading zone when alerted by signal in the queuing area.

Limousine. A chauffeur-driven vehicle for hire that is not configured with a taximeter which charges unmetered rates predetermined on a contractual basis, franchised by the city as a limousine, and carrying passengers by prearrangement or contract.

Operator. The owner or other person, firm or corporation operating or controlling the operations of one or more vehicles or any person who has rented such vehicle for the purpose of operation by his own agents.

Passenger loading zones. A clearly marked area designated by the ~~airport director~~ Mayor in close proximity to the entrance of the airport terminal. There will be one area designated for the exclusive use of taxicabs so as to accommodate a minimum of four (4) taxicabs for passenger loading. In addition, there will be clearly marked and separate passenger loading zones in close

proximity to the entrance to the airport terminal for an appropriate number of limousines. There will be a clearly marked passenger loading zone within reasonable walking distance from the entrance of the airport terminal for courtesy vehicles. These areas are under the direct control of the "traffic officer." In regulating such zones, the ~~airport director~~ Mayor shall have all authority conferred by section 10-2-4 of the Pensacola Code.

Revocation. The discontinuance of a driver's or firm's privilege to operate at the airport, with reinstatement of operating privileges to be permitted after one year's time upon written approval of the ~~airport director~~ Mayor.

Traffic officers. Employees or licensees of the airport who are obligated to assure the orderly, smooth, and nonpreferential loading and departure of authorized taxicabs from their designated passenger loading zone.

Suspension. The temporary discontinuance of up to thirty (30) days of a driver's or firm's privilege to operate at the airport.

Taxicab. A public passenger vehicle equipped with a taximeter operated under certificate and license required by this article, which carries passengers for hire only at lawful rates of fare recorded and indicated on a taximeter, or rates of fare otherwise authorized by this article or rule.

Shuttle vehicle. A vehicle for hire that is not configured with a taximeter which charges a posted flat rate from the airport to certain specified destinations.

SECTION 3. **THAT**, Chapter 7-10. Vehicles for Rent to the Public, Article IV. – Airport Surface Transportation, Division 2. – Taxicabs, Section 7-10-177. – Permits, of the Code of the City of Pensacola, Florida, is hereby amended to delete said section in its entirety, and to further amend said Section 7-10-177 by replacing it with a new Section 7-10-177 entitled “Permits and Fees” to read as follows:

• ~~Sec. 7-10-177. – Permits.~~

~~Each operator desiring to conduct business at the airport shall obtain an airport transportation permit which includes a color-coded decal before engaging in picking up passengers, baggage, parcels, or any other person or thing for which the operator or driver will receive a fare or any type of compensation or accept business at the airport. Permits will not be required to discharge passengers at the airport.~~

~~(1) *Display.* Decals shall be permanently affixed to the lower right hand corner of the front windshield and shall be clearly visible at all times. Decals shall be issued by the airport director and shall expire September 30 of each year.~~

~~(2) *Permit fees.* An annual fee of two hundred forty dollars (\$240.00) is hereby established for each taxicab desiring to conduct business at the airport. Fees shall be paid in~~

~~advance by the operator holding the city taxicab license for those taxicabs doing business under the operator's authority and planning to operate from the airport. Permits expire on September 30 of each year and no taxicab shall be allowed to pick up from the airport without a valid permit.~~

- ~~(3) *Issuance.* Upon full payment of all license fees, permit fees, airport and inspection certificate, a taxicab decal shall be used for each taxicab listed on the airport transportation permit. No permit shall be issued without the operator having a valid taxicab license from the City of Pensacola. Only those taxicabs displaying valid permit decals will be allowed to pick up passengers, baggage, parcels, or accept business at the airport.~~
- ~~(4) *Lost or damaged.* In case of loss of a decal or damage beyond recognition, a duplicate decal may be obtained after payment of five dollars (\$5.00) by the operator and after submission of a statement setting forth the circumstances of the loss or damage to the decal.~~
- ~~(5) *Application form.* Each operator desiring to obtain a new airport transportation permit or renew an existing permit shall obtain a permit application form from the airport director. Each vehicle for which an airport permit is desired must have a City of Pensacola taxi permit valid for the same year as the desired airport permit and be inspected in accordance with [section 7-10-31](#). No application form will be processed that does not comply with the above. Full payment of the required airport permit fee must accompany the application form before a valid decal will be issued.~~
- ~~(6) *Transfer of permits.* An airport permit may be transferred to another vehicle upon compliance with [section 7-10-31](#), [section 7-10-48](#), and payment of twenty-five dollars (\$25.00) transfer fee to the airport director.~~
- ~~(7) *Permit renewal.* Application forms for yearly renewal of airport permits must be submitted to the airport director at least ten (10) working days prior to expiration of the current permit. Renewal applications received after that time shall be charged a late fee of twenty dollars (\$20.00).~~

Sec. 7-10-177. – Permits and Fees.

- (1) Permits and AVI tags. No operator shall conduct activities permitted under this article without having first obtained (1) an airport transportation permit with an accompanying decal and (2) an AVI tag issued by the Mayor, pursuant to this chapter.
- (2) Display. Decals and AVI tags shall be permanently affixed to the lower right-hand corner of the front windshield and shall be clearly visible at all times.
- (3) Airport permit fees. An airport transportation permit fee in the amount of forty dollars (\$40.00) shall be paid for a taxicab to conduct activities permitted under this Article. Said airport transportation permit fee shall be due annually and payable in advance.
- (4) Pickup fee. Each taxicab shall be charged an airport pickup fee in the amount of two dollars and fifty cents (\$2.50) per pickup at the airport. Said airport pickup fee shall be remitted to the City on a monthly basis.

- (5) Duplicates. Duplicate decals or AVI tags may be obtained upon submission of a statement setting forth the circumstances of the loss or damage to the decal or AVI tag and payment of the required duplicate fees in an amount of five dollars (\$5.00) for decals and fifteen dollars (\$15.00) for AVI tags.

- (7) Application form. Each operator desiring to obtain a new airport transportation permit or renew an existing permit shall submit a completed airport transportation permit application to the Mayor. Applicants for an airport transportation permit must possess a current and valid taxi license.

- (8) Transfer of permits and AVI tags. An airport transportation permit and AVI tag may be transferred to another vehicle upon compliance with section 7-10-31, section 7-10-48, and payment of twenty-five dollars (\$25.00) transfer fee to the Mayor.

- (9) Annual renewal. Airport transportation permits must be renewed annually. Renewal applications shall be submitted to the Mayor at least ten (10) working days prior to expiration of the current permit along with payment of required fees. A late fee in the amount of twenty dollars (\$20.00) shall be charged for applications submitted after the required deadline.

SECTION 4. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION 5. This ordinance shall become effective on the fifth business day after adoption, unless otherwise provided pursuant to Section 4.03(d) of the City Charter of the City of Pensacola.

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

U.S. ENVIRONMENTAL PROTECTION AGENCY (EPA) CLEAN-UP GRANT AGREEMENT

RECOMMENDATION:

That City Council authorize the Mayor to accept and execute the U.S. Environmental Protection Agency Grant Agreement number 00D59017 in the amount of \$200,000 to clean-up hazardous substances and petroleum contaminants at the Community Maritime Park. Further, that City Council authorize the Mayor to take all actions necessary related to the finalization of the grant. Finally, that City Council approve the supplemental budget resolution appropriating the grant funds.

HEARING REQUIRED: No Hearing Required

SUMMARY:

A brownfield site is real property, the expansion, redevelopment or reuse of which may be complicated by the presence of a hazardous substance, pollutant or contaminant. In 2002, the Small Business Liability Relief and Brownfields Revitalization Act was passed to help states and communities around the country clean-up and revitalize brownfield sites. Under this law, EPA provides financial assistance to eligible applicants through four competitive grant programs: assessment grants, revolving loan fund grants, cleanup grants, and job training grants.

In December 2016, the City applied for a 2017 Brownfields Clean-up Grant awarded via a competitive process. On May 31, 2017, the City was notified its application was selected as one of the entities EPA would begin negotiations with to award a cooperative agreement for a clean-up grant for the Community Maritime Park. On September 14, 2017, EPA mailed a Cooperative Agreement and Notice of Award to the City. The project period is October 01, 2017 through September 30, 2020.

EPA's Clean-up Grant program will provide \$200,000 over a three year period in direct funding for the City to support community outreach and activities associated with piling removal or shearing in City-owned submerged land off Community Maritime Park. The clean-up site is a 35-acre submerged area of Pensacola Bay that historically housed commercial piers, an industrial repair dry dock for commercial ships, and a railroad freight terminal. It contains more than 500 creosote-treated poles.

Administrative Conditions

1. GENERAL TERMS AND CONDITIONS

The recipient agrees to comply with the current EPA general terms and conditions available at:

<https://www.epa.gov/grants/epa-general-terms-and-conditions-effective-april-27-2017-or-later>.

These terms and conditions are in addition to the assurances and certifications made as part of the award and the terms, conditions or restrictions cited throughout the award.

The EPA repository for the general terms and conditions by year can be found at: <http://www.epa.gov/grants/grant-terms-and-conditions>.

The applicable terms and conditions below are in addition to the general terms and conditions noted above:

2. UTILIZATION OF SMALL, MINORITY AND WOMEN'S BUSINESS ENTERPRISES

GENERAL COMPLIANCE, 40 CFR, Part 33

The recipient agrees to comply with the requirements of EPA's Disadvantaged Business Enterprise (DBE) Program for procurement activities under assistance agreements, contained in 40 CFR, Part 33.

MBE/WBE REPORTING, 40 CFR, Part 33, Subpart E

MBE/WBE reporting is required in annual reports. Reporting is required for assistance agreements where there are funds budgeted for procuring construction, equipment, services and supplies, including funds budgeted for direct procurement by the recipient or procurement under subawards or loans in the "Other" category that exceed the threshold amount of \$150,000, including amendments and/or modifications.

Based on EPA's review of the planned budget, this award meets the conditions above and is subject to the Disadvantaged Business Enterprise (DBE) Program reporting requirements. However, if recipient believes this award does not meet these conditions, it must provide justification and budget detail within 21 days of the award date clearly demonstrating that, based on the planned budget, this award is not subject to the DBE reporting requirements.

The recipient agrees to complete and submit a "MBE/WBE Utilization Under Federal Grants, Cooperative Agreements and Interagency Agreements" report (EPA Form 5700-52A) on an annual basis. All procurement actions are reportable, not just that portion which exceeds \$150,000.

When completing the annual report, recipients are instructed to check the box titled "annual" in section 1B of the form. For the final report, recipients are instructed to check the box indicated for the "last report" of the project in section 1B of the form. Annual reports are due by October 30th of each year. Final reports are due by October 30th or 90 days after the end of the project period, whichever comes first.

The reporting requirement is based on total procurements. Recipients with expended and/or budgeted funds for procurement are required to report annually whether the planned procurements take place during the reporting period or not. If no budgeted procurements take place during the reporting period, the recipient should check the box

in section 5B when completing the form.

MBE/WBE reports should be sent to :

To: R4epagrantsmbewbereporting@epa.gov

and

Cc: crowe.margaret@epa.gov

The current EPA Form 5700-52A can be found at the EPA Office of Small Business Program's Home Page at http://www.epa.gov/osbp/dbe_reporting.htm

This provision represents an approved deviation from the MBE/WBE reporting requirements as described in 40 CFR, Part 33, Section 33.502; however, the other requirements outlined in 40 CFR Part 33 remain in effect, including the Good Faith Effort requirements as described in 40 CFR Part 33 Subpart C, and Fair Share Objectives negotiation as described in 40 CFR Part 33 Subpart D and explained below.

FAIR SHARE OBJECTIVES, 40 CFR, Part 33, Subpart D

A recipient must negotiate with the appropriate EPA award official, or his/her designee, fair share objectives for MBE and WBE participation in procurement under the financial assistance agreements.

In accordance with 40 CFR, Section 33.411 some recipients may be exempt from the fair share objectives requirements as described in 40 CFR, Part 33, Subpart D. Recipients should work with their DBE coordinator, if they think their organization may qualify for an exemption.

Accepting the Fair Share Objectives/Goals of Another Recipient

The dollar amount of this assistance agreement, or the total dollar amount of all of the recipient's financial assistance agreements in the current federal fiscal year from EPA is \$250,000, or more. The recipient accepts the applicable MBE/WBE fair share objectives/goals negotiated with EPA by the FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION as follows:

MBE: CONSTRUCTION 9%; SUPPLIES 9%; SERVICES 9%; EQUIPMENT 9%
WBE: CONSTRUCTION 3%; SUPPLIES 3%; SERVICES 3%; EQUIPMENT 3%

By signing this financial assistance agreement, the recipient is accepting the fair share objectives/goals stated above and attests to the fact that it is purchasing the same or similar construction, supplies, services and equipment, in the same or similar relevant geographic buying market as FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION.

Negotiating Fair Share Objectives/Goals, 40 CFR, Section 33.404

The recipient has the option to negotiate its own MBE/WBE fair share objectives/goals. If the recipient wishes to negotiate its own MBE/WBE fair share objectives/goals, the recipient agrees to submit proposed MBE/WBE objectives/goals based on an availability analysis, or disparity study, of qualified MBEs and WBEs in their relevant geographic buying market for construction, services, supplies and equipment.

The submission of proposed fair share goals with the supporting analysis or disparity study means that the recipient is **not** accepting the fair share objectives/goals of another recipient. The recipient agrees to submit proposed fair share objectives/goals, together with the supporting availability analysis or disparity study, to the Regional MBE/WBE

Coordinator within 120 days of its acceptance of the financial assistance award. EPA will respond to the proposed fair share objective/goals within 30 days of receiving the submission. If proposed fair share objective/goals are not received within the 120 day time frame, the recipient may not expend its EPA funds for procurements until the proposed fair share objective/goals are submitted.

SIX GOOD FAITH EFFORTS, 40 CFR, Part 33, Subpart C

Pursuant to 40 CFR, Section 33.301, the recipient agrees to make the following good faith efforts whenever procuring construction, equipment, services and supplies under an EPA financial assistance agreement, and to require that sub-recipients, loan recipients, and prime contractors also comply. Records documenting compliance with the six good faith efforts shall be retained:

- (a) Ensure DBEs are made aware of contracting opportunities to the fullest extent practicable through outreach and recruitment activities. For Indian Tribal, State and Local and Government recipients, this will include placing DBEs on solicitation lists and soliciting them whenever they are potential sources.
- (b) Make information on forthcoming opportunities available to DBEs and arrange time frames for contracts and establish delivery schedules, where the requirements permit, in a way that encourages and facilitates participation by DBEs in the competitive process. This includes, whenever possible, posting solicitations for bids or proposals for a minimum of 30 calendar days before the bid or proposal closing date.
- (c) Consider in the contracting process whether firms competing for large contracts could subcontract with DBEs. For Indian Tribal, State and local Government recipients, this will include dividing total requirements when economically feasible into smaller tasks or quantities to permit maximum participation by DBEs in the competitive process.
- (d) Encourage contracting with a consortium of DBEs when a contract is too large for one of these firms to handle individually.
- (e) Use the services and assistance of the SBA and the Minority Business Development Agency of the Department of Commerce.
- (f) If the prime contractor awards subcontracts, require the prime contractor to take the steps in paragraphs (a) through (e) of this section.

CONTRACT ADMINISTRATION PROVISIONS, 40 CFR, Section 33.302

The recipient agrees to comply with the contract administration provisions of 40 CFR, Section 33.302.

BIDDERS LIST, 40 CFR, Section 33.501(b) and (c)

Recipients of a Continuing Environmental Program Grant or other annual reporting grant, agree to create and maintain a bidders list. Recipients of an EPA financial assistance agreement to capitalize a revolving loan fund also agree to require entities receiving identified loans to create and maintain a bidders list if the recipient of the loan is subject to, or chooses to follow, competitive bidding requirements. Please see 40 CFR, Section 33.501 (b) and (c) for specific requirements and exemptions.

3. ANNUAL FFR (INTERIM) PURSUANT TO 2 CFR 200.327

Pursuant to 2 CFR 200.327, EPA recipients shall submit an interim annual Federal Financial Report (FFR, SF-425) to EPA no later than 90 calendar days following the

anniversary of the award date. The form is available on the internet at:
<http://www2.epa.gov/financial/forms>.

The following reporting period end dates shall be used for interim annual reports: 3/31, 6/30, 9/30, or 12/31.

At the end of the project, the recipient must submit a final FFR to EPA no later than 90 calendar days after the end of the project period. The form is available on the internet at: <http://www2.epa.gov/financial/forms>. All FFRs must be submitted to the Las Vegas Finance Center (LVFC) via email LVFC-grants@epa.gov.

Programmatic Conditions

Cleanup Terms and Conditions

Please note that these Terms and Conditions (T&Cs) apply to Brownfields Cleanup Cooperative Agreements awarded under CERCLA § 104(k).

I. GENERAL FEDERAL REQUIREMENTS

A. Federal Policy and Guidance

1. a. Cooperative Agreement Recipients: By awarding this cooperative agreement, the Environmental Protection Agency (EPA) has approved the proposal for the Cooperative Agreement Recipient (CAR) submitted in the Fiscal Year 2017 competition for Brownfields cleanup cooperative agreements. *However, the CAR may not expend ("draw down") funds to carry out this agreement until the EPA Project Officer approves the final workplan.*
- b. In implementing this agreement, the CAR shall ensure that work done with cooperative agreement funds complies with the requirements of the CERCLA § 104(k). The CAR shall also ensure that cleanup activities supported with cooperative agreement funding comply with all applicable federal and state laws and regulations. The CAR must ensure cleanups are protective of human health and the environment.
- c. The CAR must consider whether it is required to conduct cleanups under a State or Tribal response program. If the CAR chooses not to participate in a State or Tribal response program, then the CAR is required to consult with EPA to ensure the proposed cleanup is protective of human health and the environment.
- d. *If the State or Tribe does not have a promulgated Response Program, then the CAR is required to consult with EPA to ensure protectiveness of human health and the environment.*
- e. A term and condition or other legally binding provision shall be included in all agreements entered into with the funds, or when funds awarded under this agreement are used in combination with non-federal sources of funds, to ensure that the CAR complies with all applicable federal and state laws and requirements. In addition to CERCLA § 104(k), federal applicable laws and requirements include 2 CFR Part 200.

- f. The CAR must comply with federal cross-cutting requirements. These requirements include, but are not limited to, DBE requirements found at 40 CFR 33; OSHA Worker Health & Safety Standard 29 CFR 1910.120; the Uniform Relocation Act; National Historic Preservation Act; Endangered Species Act; and Permits required by Section 404 of the Clean Water Act; Executive Order 11246, Equal Employment Opportunity, and implementing regulations at 41 CFR 60-4; Contract Work Hours and Safety Standards Act, as amended (40 USC § 327-333) the Anti-Kickback Act (40 USC § 276c) and Section 504 of the Rehabilitation Act of 1973 as implemented by Executive Orders 11914 and 11250.
- g. The CAR must comply with Davis-Bacon Act prevailing wage requirements and associated U.S. Department of Labor (DOL) regulations for all construction, alteration and repair contracts and subcontracts awarded with funds provided under this agreement. For more detailed information on complying with Davis-Bacon please see the Davis-Bacon Addendum to these terms and conditions. *(EPA Project Officer must attach appropriate Davis-Bacon term and condition to this particular cooperative agreement.)*

II. SITE OWNERSHIP/RECIPIENT ELIGIBILITY REQUIREMENTS

A. Site Ownership

1. The CAR may only clean-up sites *it solely owns*. The CAR must retain ownership of the site throughout the period of performance. For the purposes of this agreement, the term "owns" means fee simple title unless EPA Headquarters previously approved a different ownership arrangement.

B. Obligations for CARs Asserting a Limitation on Liability from CERCLA § 107

1. EPA awarded this cooperative agreement to the CAR based on information indicating that the CAR would not use cooperative agreement funds to pay for a response cost at the site for which the CAR was potentially liable under CERCLA § 107. If the CAR is not potentially liable based on its status as either a Bona Fide Prospective Purchaser (BFPP), Contiguous Property Owner (CPO), or Innocent Land Owner (ILO), the CAR must meet certain continuing obligations in order to maintain its status. If the CAR fails to meet these obligations, EPA may disallow the costs incurred under this cooperative agreement for cleaning up the site under CERCLA § 104(k)(7)(C). These continuing obligations include:
 - (1) complying with any land use restrictions established or relied on in connection with the response action at the vessel or facility and not impeding the effectiveness or integrity of institutional controls;
 - (2) taking reasonable steps with respect to hazardous substance releases;
 - (3) providing full cooperation, assistance, and access to persons that are authorized to conduct response actions or natural resource restoration; and
 - (4) complying with information requests and administrative subpoenas and legally required notices (applies to the criteria for BFPPs and CPOs).

Notwithstanding the CAR's continuing obligations under this agreement, the CAR is subject to the applicable liability provisions of CERCLA governing its status as

a BFPP, CPO, or ILO. CERCLA requires additional obligations to maintain the liability limitations for BFPP, CPO, and ILO; the relevant provisions for these obligations include §§ 101(35), 101(40), 107(b), 107(q) and 107(r).

C. Site Substitution and Cleanup Method Changes

1. The CAR must use funds provided by this agreement to clean up the brownfield site in the EPA approved workplan. The CAR may not substitute a different brownfield site.
2. The CAR may not make substantial changes to the cleanup method described in the workplan, including changes to the expected cleanup are necessary based on public comment or other reasons, without prior EPA approval.

III. GENERAL COOPERATIVE AGREEMENT ADMINISTRATIVE REQUIREMENTS

A. Term of the Agreement

1. The term of this agreement is three years from the date of award, unless otherwise extended by EPA at the CAR's request.
2. If after 18 months from the date of award, EPA determines that the CAR has not made sufficient progress in implementing its cooperative agreement, the recipient must implement a corrective action plan approved by the EPA Project Officer. Alternatively, EPA may terminate this agreement under 2 CFR 200.339 for material non-compliance with its terms, or with the consent of the CAR as provided at 2 CFR 200.339. For purposes of cleanup cooperative agreements, "sufficient progress in implementing a cooperative agreement" means that an appropriate remediation plan is in place, institutional control development, if necessary, has commenced, initial community involvement activities have taken place, relevant state or tribal pre-cleanup requirements are being addressed and a solicitation for remediation services has been issued.

B. Substantial Involvement

1. EPA may be substantially involved in overseeing and monitoring this cooperative agreement.
 - a. Substantial involvement by the EPA generally includes administrative activities by the Project Officer such as monitoring, review of project phases, and approving substantive terms included in professional services contracts.
 - b. Substantial EPA involvement may include review of financial and program performance reports and monitoring all reporting, record-keeping, and other program requirements.
 - c. EPA may waive any of the provisions in Term and Condition III.B.1. at its own initiative or upon request by the CAR. EPA will provide waivers in writing.
2. Effect of EPA's substantial involvement includes:
 - a. EPA's review of any project phase, document, or cost incurred under this cooperative agreement, will not have any effect upon CERCLA § 128 *Eligible Response Site* determinations or for rights, authorities, and actions under CERCLA or any federal statute.

- b. The CAR remains responsible for ensuring that all cleanups are protective of human health and the environment and comply with all applicable federal and state laws.
- c. The CAR remains responsible for ensuring costs are allowable under 2 CFR 200 Subpart E.

C. Cooperative Agreement Recipient Roles and Responsibilities

1. The CAR must acquire the services of a qualified environmental professional(s) to coordinate, direct, and oversee the brownfields cleanup activities at a particular site, if they do not have such a professional on staff.
2. The CAR is responsible for ensuring that contractors and subrecipients comply with the terms of their agreements with the CAR, and that agreements between the CAR and subrecipients and contractors are consistent with the terms and conditions of this agreement.
3. Subawards are defined at 2 CFR 200.92. The CAR may not subaward to for-profit organizations. The CAR must obtain commercial services and products necessary to carry out this agreement under competitive procurement procedures as described in 2 CFR Part 200.317 through 200.326. In addition, EPA policy encourages awarding subawards competitively and the CAR must consider awarding subawards through competition.
4. **Competency of Organizations Generating Environmental Measurement Data** : In accordance with Agency Policy Directive Number FEM-2012-02, Policy to Assure the Competency of Organizations Generating Environmental Measurement Data under Agency-Funded Assistance Agreements, the CAR agrees, by entering into this agreement, that it has demonstrated competency prior to award, or alternatively, where a pre-award demonstration of competency is not practicable, the CAR agrees to demonstrate competency prior to carrying out any activities under the award involving the generation or use of environmental data. The CAR shall maintain competency for the duration of the project period of this agreement and this will be documented during the annual reporting process. A copy of the Policy is available online at http://www.epa.gov/fem/lab_comp.htm or a copy may also be requested by contacting the EPA Project Officer for this award. award.
5. *The CAR will provide project updates to the State Brownfields or Voluntary Cleanup Program (VCP) contact on a regular basis.*
 - a. *The CAR will make the State aware of all site-specific sampling and/or cleanup activities to be initiated (if applicable).*
 - b. *The CAR will provide the State an opportunity to review and comment on all technical reports, including QAPPs, sampling plans, ABCAs, cleanup plans, and other technical reports.*
6. **Cybersecurity**
 - (a) The recipient agrees that when collecting and managing environmental data under this assistance agreement, it will protect the data by following all applicable State or Tribal law cybersecurity requirements.
 - (b) (1) EPA must ensure that any connections between the recipient's network or information system and EPA networks used by the recipient to transfer data

under this agreement, are secure. For purposes of this Section, a connection is defined as a dedicated persistent interface between an Agency IT system and an external IT system for the purpose of transferring information. Transitory, user-controlled connections such as website browsing are excluded from this definition. If the recipient's connections as defined above do not go through the Environmental Information Exchange Network or EPA's Central Data Exchange, the recipient agrees to contact the EPA Project Officer (PO) no later than 90 days after the date of this award and work with the designated Regional/Headquarters Information Security Officer to ensure that the connections meet EPA security requirements, including entering into Interconnection Service Agreements as appropriate. This condition does not apply to manual entry of data by the recipient into systems operated and used by EPA's regulatory programs for the submission of reporting and/or compliance data.

(2) The recipient agrees that any subawards it makes under this agreement will require the subrecipient to comply with the requirements in (b)(1) if the subrecipient's network or information system is connected to EPA networks to transfer data to the Agency using systems other than the Environmental Information Exchange Network or EPA's Central Data Exchange. The recipient will be in compliance with this condition: by including this requirement in subaward agreements; and during subrecipient monitoring deemed necessary by the recipient under 2 CFR 200.331(d), by inquiring whether the subrecipient has contacted the EPA Project Officer. Nothing in this condition requires the recipient to contact the EPA Project Officer on behalf of a subrecipient or to be involved in the negotiation of an Interconnection Service Agreement between the subrecipient and EPA.

D. Quarterly Progress Reports

1. In accordance with EPA regulations 2 CFR Parts 200 and 1500 (specifically, 200.328 *monitoring and reporting program performance*), the CAR agrees to submit quarterly progress reports to the EPA Project Officer within thirty days after each reporting period. These reports shall cover work status, work progress, difficulties encountered, preliminary data results and a statement of activity anticipated during the subsequent reporting period, including a description of equipment, techniques, and materials to be used or evaluated. A discussion of expenditures and financial status for each workplan task, along with a comparison of the percentage of the project completed to the project schedule and an explanation of significant discrepancies shall be included in the report. The report shall also include any changes of key personnel concerned with the project.

Quarterly progress reports must clearly differentiate which activities were completed with EPA funds provided under the Brownfield cleanup cooperative agreement, versus any other funding source used to help accomplish project activities.

In addition, the report shall include brief information on each of the following areas: 1) a comparison of actual accomplishments to the anticipated outputs/outcomes specified in the cooperative agreement workplan; 2) reasons why anticipated outputs/outcomes were not met; and 3) other pertinent information, including, when appropriate, analysis and explanation of cost overruns or high unit costs. The CAR agrees that it will notify EPA of problems, delays, or adverse conditions which materially impair the ability to meet the

outputs/outcomes specified in the cooperative agreement workplan.

2. The CAR must submit progress report on a quarterly basis to the EPA Project Officer.
quarterly progress report must include:
 - a. Summary and status of approved activities performed during the reporting quarter; summary of the performance outputs/outcomes achieved during the reporting quarter; and a description of problems encountered or difficulties during the reporting quarter that may affect the project schedule.
 - b. An update on project schedule and milestones; including an explanation of any discrepancies from the approved workplan.
 - c. A budget recap summary table with the following information: current approved project budget; costs incurred during the reporting quarter; costs incurred to date (cumulative expenditures); and total remaining funds. The CAR should include an explanation of any discrepancies in the budget from the approved workplan.
3. If the CAR makes any subawards under this agreement, then it becomes a pass-through entity under the "Establishing and Managing Subaward" General Term and Condition of this agreement. As the pass-through entity, the CAR must report to EPA on its subaward monitoring activities under 2 CFR 200.331(d), including the following information on subawards as part of the CAR's quarterly performance reporting:
 - a. Summaries of results of reviews of financial and programmatic reports.
 - b. Summaries of findings from site visits and/or desk reviews to ensure effective subrecipient performance.
 - c. Environmental results the subrecipient achieved.
 - d. Summaries of audit findings and related pass-through entity management decisions.
 - e. Actions the pass-through entity has taken to correct any deficiencies such as those specified at 2 CFR 200.331(e), 2 CFR 200.207 and the 2 CFR Part 200.338 Remedies for Noncompliance.
4. The CAR must maintain records that will enable it to report to EPA on the amount of funds disbursed by the CAR on the specific property under this cooperative agreement.
5. In accordance with 2 CFR 200.328(d)(1), the CAR agrees to inform EPA as soon as problems, delays, or adverse conditions become known which will materially impair the ability to meet the outputs/outcomes specified in the approved workplan.

E. Property Profile Submission

1. The CAR must report on interim progress (i.e., cleanup started) and any final accomplishments (i.e., cleanup completed, contaminants removed, Institution Controls, Engineering Controls) by completing and submitting relevant portions of the Property Profile Form using the Brownfields Program on-line reporting system, known as Assessment, Cleanup and Redevelopment Exchange System (ACRES). The CAR must enter the data in ACRES as soon as any interim action or final accomplishment has occurred, or within 30 days after the end of each reporting quarter. EPA will provide the CAR with training prior to obtaining access to ACRES. The training is required to obtain access to ACRES. The CAR must utilize the ACRES system unless approval is obtained from the regional Project Officer to utilize and submit the Property Profile Form instead.

2. *The CAR must obtain approval from the EPA Project Officer before expending cooperative agreement funds to purchase adequate computer supplies to complete online reporting activities.*

F. Final Technical Cooperative Agreement Report with Environmental Results

1. In accordance with EPA regulations 2 CFR Parts 200 and 1500 (specifically, 200.328 *monitoring and reporting program performance*), the CAR agrees to submit to the EPA Project Officer within 90 days after the expiration or termination of the approved project period a final technical report on the cooperative agreement and at least one reproducible copy suitable for printing. The final technical report shall document project activities over the entire project period and shall include brief information on each of the following areas: 1) a comparison of actual accomplishments with the anticipated outputs/outcomes specified in the assistance agreement workplan; 2) reasons why anticipated outputs/outcomes were not met; and 3) other pertinent information, including, when appropriate, analysis and explanation of cost overruns or high unit costs. The CAR agrees that it will notify EPA of problems, delays, or adverse conditions which materially impair the ability to meet the outputs/outcomes specified in the cooperative agreement workplan.

G. Conflict of Interest

1. The CAR shall establish and enforce conflict of interest provisions that prevent the award of subawards that create real or apparent personal conflicts of interest or the appearance of the CAR's lack of impartiality. Such situations include, but are not limited to, situations in which an employee, official, consultant, contractor, or other individual associated with the CAR (affected party) approves or administers a subaward to a subrecipient in which the affected party has a financial or other interest. Such a conflict of interest or appearance of lack of impartiality may arise when:
 - (i) The affected party,
 - (ii) Any member of his immediate family,
 - (iii) His or her partner, or
 - (iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the subrecipient.

Affected employees will neither solicit nor accept gratuities, favors, or anything of monetary value from subrecipients. Recipients may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards of conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by affected parties.

IV. FINANCIAL ADMINISTRATION REQUIREMENTS

A. Cost Share Requirement

1. CERCLA § 104(k) (9)(B)(iii) requires that the recipient of this cooperative agreement pay a cost share (which may be in the form of a contribution of money, labor, material, or services from a non-federal source) of at least 20 percent (i.e.

20 percent of the total federal funds awarded). The cost share contribution must be for costs that are eligible and allowable under the cooperative agreement and must be supported by adequate documentation.

B. Eligible Uses of the Funds for the Cooperative Agreement Recipient

1. To the extent allowable under the EPA-approved workplan, cooperative agreement funds may be used for programmatic expenses necessary to clean up sites. Eligible programmatic expenses include activities described in Section V. of these Terms and Conditions. In addition, eligible programmatic expenses may include:
 - a. Ensuring cleanup activities at a particular site are authorized by CERCLA § 104(k) and the EPA approved workplan;
 - b. Ensuring that a cleanup complies with applicable requirements under federal and state laws, as required by CERCLA § 104(k);
 - c. Using a portion of the cooperative agreement funds to purchase environmental insurance for the remediation of the site. Funds may not be used to purchase insurance intended to provide coverage for any of the ineligible uses under Section IV.C.; and
 - d. Any other eligible programmatic costs including direct costs incurred by the recipient in reporting to EPA; procuring and managing contracts; awarding and managing subawards to the extent allowable in Section IV.C.2.; and carrying out community involvement pertaining to the cleanup activities.
2. ***Local Governments Only.*** No more than 10% of the funds awarded by this agreement may be used by the CAR itself as a programmatic cost for brownfields program development and implementation (including monitoring of health and institutional controls) as described in the EPA approved workplan. The CAR must maintain records on funds that will be used to carry out these tasks as identified in its EPA approved workplan to ensure compliance with this requirement

C. Ineligible Uses of the Funds for the Cooperative Agreement Recipient

1. Cooperative agreement funds shall not be used by the CAR for any of the following activities:
 - a. Pre-cleanup environmental assessment activities such as site assessment, identification, and characterization with the exception of site monitoring activities that are reasonable and necessary during the cleanup process, including determination of the effectiveness of a cleanup;
 - b. Monitoring and data collection necessary to apply for, or comply with, environmental permits under other federal and state laws, unless such a permit is required as a component of the cleanup action;
 - c. Construction, demolition, and site development activities that are not cleanup actions (e.g., marketing of property or construction of a new facility or addressing public or private drinking water supplies that have deteriorated through ordinary use);
 - d. Job training unrelated to performing a specific cleanup at a site covered by the

cooperative agreement;

- e. To pay for a penalty or fine;
 - f. To pay a federal cost share requirement (for example, a cost-share required by another federal grant) unless there is specific statutory authority;
 - g. To pay for a response cost at a brownfields site for which the CAR is potentially liable under CERCLA § 107;
 - h. To pay a cost of compliance with any federal law, excluding the cost of compliance with laws applicable to the cleanup; and
 - i. Unallowable costs (e.g., lobbying and fund raising) under 2 CFR 200 Subpart E.
2. Under CERCLA § 104(k)(4)(B), administrative costs are prohibited costs under this agreement. Prohibited administrative costs include all indirect costs incurred by the CAR under 2 CFR Part 225 (for state, local and tribal governments) or 2 CFR Part 230 (non-profit organizations), as applicable.
- a. Ineligible administrative costs include costs incurred in the form of salaries, benefits, contractual costs, supplies, and data processing charges, incurred to comply with most provisions of the *Uniform Administrative Requirements for Cost Principles and Audit Requirements for Federal Awards* at 2 CFR 200 and 1500. Direct costs for cooperative agreement administration, with the exception of costs specifically identified as eligible programmatic costs, are ineligible even if the CAR is required to carry out the activity under the cooperative agreement. Costs incurred to report quarterly performance to EPA under the cooperative agreement are eligible.
 - b. Ineligible cooperative agreement administration costs include direct costs for:
 - (1) Preparation of applications for brownfields grants;
 - (2) Record retention required under 2 CFR 1500.6;
 - (3) Record-keeping associated with equipment purchases required under 2 CFR 200.313;
 - (4) Preparing revisions and changes in the budgets, scopes of work, program plans and other activities required under 2 CFR 200.308;
 - (5) Maintaining and operating financial management systems required under 2 CFR 200.302;
 - (6) Preparing payment requests and handling payments under 2 CFR 200.305;
 - (7) Non-federal audits required under 2 CFR 200 Subpart F; and
 - (8) Close out under 2 CFR 200.343.

- c. *The CAR must not include management fees or similar charges in excess of the direct costs or at the rate provided for by the terms of the agreement negotiated with EPA. The term "management fees or similar charges" refers to expenses added to the direct costs in order to accumulate and reserve funds for ongoing business expenses, unforeseen liabilities, or for other similar costs that are not allowable under EPA assistance agreements. Management fees or similar charges may not be used to improve or expand the project funded under this agreement, except to the extent authorized as a direct cost of carrying out the scope of work.*
3. Cooperative agreement funds may not be used for any of the following properties:
 - a. Facilities listed, or proposed for listing, on the National Priorities List (NPL);
 - b. Facilities subject to unilateral administrative orders, court orders, and administrative orders on consent or judicial consent decree issued to or entered by parties under CERCLA;
 - c. Facilities that are subject to the jurisdiction, custody or control of the United States government except for land held in trust by the United States government for an Indian tribe; or
 - d. A site excluded from the definition of a brownfields site for which EPA has not made a property-specific funding determination.

D. Interest-Bearing Accounts and Program Income

1. The CAR must deposit advances of cooperative agreement funds and program income (i.e. fees) in an interest bearing account.
 - a. For interest earned on advances, CARs are subject to the provisions of 2 CFR 200.305(b)(7)(ii) relating to remitting interest on advances to EPA on a quarterly basis.
 - b. Any program income earned by the CAR will be added to the funds EPA has committed to this agreement and used only for eligible and allowable costs under the agreement as provided in 2 CFR 200.307 and 2 CFR 1500.7, as applicable.
 - c. Interest earned on program income is considered additional program income.
 - d. The CAR must disburse program income (including interest earned on program income) before requesting additional payments from EPA as required by 2 CFR 1500.8.

V. CLEANUP ENVIRONMENTAL REQUIREMENTS

A. Authorized Cleanup Activities

1. The CAR shall prepare an analysis of brownfields cleanup alternatives (ABCA) or equivalent state Brownfields program document which will include information about the site and contamination issues (i.e., exposure pathways, identification of

contaminant sources, etc.); cleanup standards; applicable laws; alternatives considered; and the proposed cleanup. The evaluation of alternatives must include effectiveness, ability to implement, and the cost of the response proposed. The evaluation of alternatives must also consider the resilience of the remedial options in light of reasonably foreseeable changing climate conditions (e.g., sea level rise, increased frequency and intensity of flooding and/or extreme weather events, etc.). The alternatives may additionally consider the degree to which they reduce greenhouse gas discharges, reduce energy use or employ alternative energy sources, reduce volume of wastewater generated/disposed, reduce volume of materials taken to landfills, and recycle and re-use materials generated during the cleanup process to the maximum extent practicable. The evaluation will include an analysis of reasonable alternatives including no action. The cleanup method chosen must be based on this analysis.

2. Prior to conducting or engaging in any on-site activity with the potential to impact historic properties (such as invasive sampling or cleanup), the CAR shall consult with EPA regarding potential applicability of the National Historic Preservation Act (NHPA) and, if applicable, shall assist EPA in complying with any requirements of the NHPA and implementing regulations.

B. Quality Assurance (QA) Requirements

1. If environmental data are to be collected as part of the brownfields cleanup (e.g., cleanup verification sampling, post-cleanup confirmation sampling), the CAR shall comply with 2 CFR 1500.11 requirements to develop and implement quality assurance practices sufficient to produce data adequate to meet project objectives and to minimize data loss. State law may impose additional QA requirements.
2. *The CAR must have an EPA approved Quality Assurance Project Plan (QAPP) in place before beginning any sampling activities, funded wholly or in part by this agreement. The CAR should allow EPA adequate time (generally 45 days) for review and approval. The QAPP should be consistent with the EPA Region 4's Brownfields Quality Assurance Project Plans (QAPPs) Instructions, dated 2017 or later.*

C. Community Relations and Public Involvement in Cleanup Activities

1. All cleanup activities require a site-specific community relations plan that includes providing reasonable notice, opportunity for involvement, response to comments, and administrative records that are available to the public.
2. The CAR agrees to clearly reference EPA investments in the project during all phases of community outreach outlined in the EPA-approved workplan, which may include the development of any post-project summary or success materials that highlight achievements to which this project contributed. Specifically:
 - a. If any document, fact sheet, and/or web material are developed as part of this cooperative agreement, then they shall include the following statement
"Though this project has been funded, wholly or in part, by EPA, the contents of this document do not necessarily reflect the views and policies of EPA."
 - b. If a sign is developed, as part of a project funded by this cooperative agreement, then the sign shall include either a statement (e.g., this project has been funded, wholly or in part, by EPA) and/or EPA's logo acknowledging

that EPA is a source of funding for the project. The EPA logo may be used on project signage when the sign can be placed in a visible location with direct linkage to site activities. Use of the EPA logo must follow the sign specifications available at: <http://www.epa.gov/ogd/tc.htm>.

3. The CAR agrees to notify the EPA Project Officer listed in this award document of public or media events publicizing the accomplishment of significant events related to construction and/or site reuse projects as a result of this agreement, and provide the opportunity for attendance and participation by federal representatives with at least ten (10) working days' notice.
4. To increase public awareness of projects serving communities where English is not the predominant language, recipients are encouraged to include in their outreach strategies communication in non-English languages. Translation costs for this purpose are allowable, provided the costs are reasonable.

D. Administrative Record

1. The CAR shall establish an administrative record that contains the documents that form the basis for the selection of a cleanup plan. Documents in the administrative record shall include an ABCA with reasonable alternatives including no action; site investigation reports; the cleanup plan; cleanup standards used; responses to public comments; and verification that shows that cleanup is complete. The CAR shall keep the administrative record available at a location convenient to the public and make it available for inspection. The administrative records must be retained for three years after the termination of the closeout agreement subject to any requirements for maintaining records of site cleanups ongoing at the time of termination.

E. Implementation of Cleanup Activities

1. The CAR shall ensure the adequacy of each cleanup in protecting human health and the environment as it is implemented.
2. If the CAR is unable or unwilling to complete the cleanup, the CAR shall ensure that the site is secure. The CAR shall notify the appropriate state agency and the EPA to ensure an orderly transition should additional activities become necessary.

F. Completion of Cleanup Activities

1. The CAR shall ensure that the successful completion of a cleanup is properly documented. This must be done through a final report or letter from a qualified environmental professional, or other documentation provided by a State or Tribe that shows cleanup is complete. This documentation needs to be included as part of the administrative record.

2. *A site is considered cleaned up when a "clean" or "no further action" letter (or its equivalent) has been issued by the state or tribe under its voluntary response program (or its equivalent; or the environmental professional has determined and documented that cleanup at the site is complete, including institutional or engineering controls are in place and functional. Operation and maintenance activities and monitoring may continue after a "cleaned up" designation has been made.*

VI. OTHER REQUIREMENTS

A. Inclusion of Additional Terms and Conditions in Cleanup Documents

1. The CAR shall meet the cleanup and other program requirements of the cleanup cooperative agreement including:
 - a. In accordance with 2 CFR 1500.11, the CAR shall maintain records for a minimum of three years following completion of the cleanup financed all or in part with cleanup cooperative agreement funds. The CAR shall provide access to records relating to cleanups supported with cleanup cooperative agreement funds to authorized representatives of the Federal government.
 - b. The CAR has an ongoing obligation to advise EPA if they are assessed any penalties resulting from environmental non-compliance at the site subject to this agreement.

VII. PAYMENT AND CLOSEOUT

For the purposes of these terms and conditions, the following definitions apply: "payment" is the EPA's transfer of funds to the CAR; "close out" refers to the process that EPA follows to ensure that all administrative actions and work required under the cooperative agreement have been completed.

A. Payment Schedule

1. **Alternate 1.** If the approved budget for the project includes a substantial amount of construction costs, EPA will pay the CAR on a reimbursement basis. The CAR must submit documentation of obligations and expenses incurred under the agreement to the EPA Project Officer for approval prior to obtaining payment from EPA.
2. **Alternate 2.** If the approved budget for the project includes construction costs, EPA will pay the CAR on a progress payment basis provided the recipient can document that it incurred costs that require disbursements equal to the amount of the progress payment.
3. **Alternate 3.** (Approved budget does not include construction costs) The CAR will be paid in advance provided it has funds management controls in place which meet the requirements of 2 CFR 200.302, as applicable.

B. Schedule for Closeout

1. Closeout will be conducted in accordance with 2 CFR 200.343. EPA will close out the award when it determines that all applicable administrative actions and all required work of the under the cooperative agreement have been completed.

2. The CAR, within 90 days after the expiration or termination of the grant, must submit all financial, performance, and other reports required as a condition of the cooperative agreement 2 CFR Part 200.

a. The CAR must submit the following documentation:

(1) The Final Technical Cooperative Agreement Report as described in Section III.F. of these Terms and Conditions.

(2) A Final Federal Financial Report (FFR - SF425). Submitted to:

US EPA, Las Vegas Finance Center
4220 S. Maryland Pkwy, Bldg C, Rm 503
Las Vegas, NV 89119
<https://www.epa.gov/financial/grants>

(3) A Final MBE/WBE Report (EPA Form 5700-52A). Submitted to the regional office.

b. The CAR must ensure that all appropriate data has been entered into ACRES or all Property Profile Forms are submitted to the Region.

c. The CAR must immediately refund to EPA any balance of unobligated (unencumbered) cash advanced that is not authorized to be retained for use on other cooperative agreements.

Davis Bacon Term and Condition
For
Hazardous Waste Cleanup Cooperative Agreements to Governmental
Entities

DAVIS BACON PREVAILING WAGE TERM AND CONDITION

The following terms and conditions specify how Cooperative Agreement Recipients (CARs) will assist EPA in meeting its Davis-Bacon (DB) responsibilities when DB applies to EPA awards of financial assistance under any statute which makes DB applicable to EPA financial assistance. If a CAR has questions regarding when DB applies, obtaining the correct DB wage determinations, DB contract provisions, or DB compliance monitoring, they should contact the regional Brownfields Coordinator or Project Officer.

1. Applicability of the Davis Bacon Prevailing Wage Requirements

For the purposes of this term and condition, EPA has determined that all construction, alteration and repair activity involving the remediation of hazardous substances, including excavation and removal of hazardous substances, construction of caps, barriers, structures which house treatment equipment, and abatement of contamination in buildings, is subject to DB. If CAR encounters a unique situation at a site that presents uncertainties regarding DB applicability, the CAR must discuss the situation with EPA before authorizing work on that site.

2. Obtaining Wage Determinations

(a) Unless otherwise instructed by EPA on a project specific basis, the CAR shall use the following DOL General Wage Classifications for the locality in which the

construction activity subject to DB will take place. CARs must obtain wage determinations for specific localities at www.wdol.gov.

- (i) When soliciting competitive contracts or issuing task orders, work assignments or similar instruments to existing contractors (ordering instruments) for, the excavation and removal of hazardous substances, construction of caps, barriers, and similar activities that do not involve construction of buildings CAR shall use the "Heavy Construction" Classification.
- (ii) When soliciting competitive contracts or issuing ordering instruments for the construction of structures which house treatment equipment, and abatement of contamination in buildings (other than residential structures less than 4 stories in height) CAR shall use "Building Construction" classification.
- (iii) When soliciting competitive contracts or issuing ordering instruments for the abatement of contamination in residential structures less than 4 stories in height the CAR shall use "Residential Construction" classification.

Note: CARs must discuss unique situations that may not be covered by the General Wage Classifications described above with EPA. If, based on discussions with a CAR, EPA determines that DB applies to a unique situation the Agency will advise the CAR which General Wage Classification to use based on the nature of the construction activity at the site.

(b) CARs shall obtain the wage determination for the locality in which a Brownfields cleanup activity subject to DB will take place *prior* to issuing requests for bids, proposals, quotes or other methods for soliciting contracts (solicitation) for activities subject to DB. These wage determinations shall be incorporated into solicitations and any subsequent contracts. Prime contracts must contain a provision requiring that subcontractors follow the wage determination incorporated into the prime contract.

- (i) While the solicitation remains open, the CAR shall monitor www.wdol.gov on a weekly basis to ensure that the wage determination contained in the solicitation remains current. The CAR shall amend the solicitation if DOL issues a modification more than 10 days prior to the closing date (i.e. bid opening) for the solicitation. If DOL modifies or supersedes the applicable wage determination less than 10 days prior to the closing date, the CAR may request a finding from EPA that there is not a reasonable time to notify interested contractors of the modification of the wage determination. EPA will provide a report of the Agency's finding to the CAR.
- (ii) If the CAR does not award the contract within 90 days of the closure of the solicitation, any modifications or determination contained in the solicitation shall be effective unless EPA, at the request of the CAR, obtains an extension of the 90 day period from DOL pursuant to 29 CFR 1.6(c)(3)(iv). The CAR shall monitor www.wdol.gov on a weekly basis if it does not award the contract within 90 days of closure of the solicitation to ensure that wage determinations contained in the solicitation remain current.
- (iii) If the CAR carries out Brownfield cleanup activity subject to DB by issuing a task order, work assignment or similar instrument to an existing contractor (ordering instrument) rather than by publishing a solicitation, the CAR shall insert the appropriate DOL wage determination from www.wdol.gov into the ordering instrument.

(c) CARs shall review all subcontracts subject to DB entered into by prime contractors to verify that the prime contractor has required its subcontractors to include the applicable wage determinations.

(d) As provided in 29 CFR 1.6(f), DOL may issue a revised wage determination applicable to a CAR's contract after the award of a contract or the issuance of an ordering instrument if DOL determines that the CAR has failed to incorporate a wage determination or has used a wage determination that clearly does not apply to the contract or ordering instrument. If this occurs, the CAR shall either terminate the contract or ordering instrument and issue a revised solicitation or ordering instrument or incorporate DOL's wage determination retroactive to the beginning of the contract or ordering instrument by change order. The CAR's contractor must be compensated for any increases in wages resulting from the use of DOL's revised wage determination.

3. Contract and Subcontract Provisions

(a) The CAR shall insert in full in any contract in excess of \$2,000 which is entered into for the actual construction, alteration and/or repair, including painting and decorating, of a public building or public work, or building or work financed in whole or in part from Federal funds or in accordance with guarantees of a Federal agency or financed from funds obtained by pledge of any contract of a Federal agency to make a loan, grant or annual contribution (except where a different meaning is expressly indicated), and which is subject to DB, the following labor standards provisions.

(1) Minimum wages.

(i) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the applicable wage determination of the Secretary of Labor which the CAR obtained under the procedures specified in Item 2, above, and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers. CARs shall require that the contractor and subcontractors include the name of the CAR employee or official responsible for

monitoring compliance with DB on the poster.

(ii)(A) The CAR, on behalf of EPA, shall require that contracts and subcontracts entered into under this agreement provide that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The EPA Award Official shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the CAR agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the CAR to the EPA Award Official. The Award Official will transmit the report, to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the award official or will notify the award official within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the CAR do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the award official shall refer the questions, including the views of all interested parties and the recommendation of the award official, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the Award Official within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii)(B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(1) Withholding. The CAR, upon written request of the Award Official or an authorized

representative of the Department of Labor, shall withhold or cause to withhold from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, EPA may, after written notice to the contractor, or CAR take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(2) Payrolls and basic records.

(i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the CAR who will maintain the records on behalf of EPA. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <https://www.dol.gov/whd/programs/dbra/wh347.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the CAR for transmission to the EPA, if requested by EPA, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the CAR.

(B) Each payroll submitted to the CAR shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, 29 CFR Part 5, the appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, 29 CFR Part 5, and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR Part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the EPA or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, EPA may, after written notice to the contractor, CAR, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and Trainees

(i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the

applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

(5) Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR Part 3, which are incorporated by reference in this contract.

(6) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the EPA

may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this term and condition.

(7) Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors), the CAR, borrower or subrecipient and EPA, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility.

(i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

4. Contract Provisions for Contracts in Excess of \$100,000

(a) Contract Work Hours and Safety Standards Act. The **CAR** shall insert the following clauses set forth in paragraphs (a)(1), (2), (3), and (4) of this section in full in any contract in an amount in excess of \$100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by Item 3, above or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (a)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards,

employed in violation of the clause set forth in paragraph (a)(1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (a)(1) of this section.

(3) Withholding for unpaid wages and liquidated damages. The **CAR**, upon written request of the Award Official or an authorized representative of the Department of Labor, shall withhold or cause to withhold from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (a)(2) of this section.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (a)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (a)(1) through (4) of this section.

(b) In addition to the clauses contained in Item 3, above, in any contract subject only to the Contract Work Hours and Safety Standards Act and not to any of the other statutes cited in 29 CFR 5.1, the CAR shall insert a clause requiring that the contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. Further, the CAR shall insert in any such contract a clause providing that the records to be maintained under this paragraph shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the (write the name of agency) and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

5. Compliance Verification

(a) The CAR shall periodically interview a sufficient number of employees entitled to DB prevailing wages (covered employees) to verify that contractors or subcontractors are paying the appropriate wage rates. As provided in 29 CFR 5.6(a)(6), all interviews must be conducted in confidence. The CAR must use Standard Form 1445 or equivalent documentation to memorialize the interviews. Copies of the SF 1445 are available from EPA on request.

(b) The CAR shall establish and follow an interview schedule based on its assessment of the risks of noncompliance with DB posed by contractors or subcontractors and the duration of the contract or subcontract. At a minimum, the CAR must conduct interviews with a representative group of covered employees within two weeks of each contractor or subcontractor's submission of its initial weekly payroll data and two weeks prior to the estimated completion date for the contract or subcontract. CARs must conduct more frequent interviews if the initial interviews or other information indicates that there is a risk that the contractor or subcontractor is not complying with DB. CARs shall immediately conduct necessary interviews in response to an alleged violation of the prevailing wage requirements. All interviews shall be conducted in confidence.

(c) The CAR shall periodically conduct spot checks of a representative sample of weekly payroll data to verify that contractors or subcontractors are paying the appropriate wage rates. The CAR shall establish and follow a spot check schedule based on its assessment of the risks of noncompliance with DB posed by contractors or subcontractors and the duration of the contract or subcontract. At a minimum, the CAR

must spot check payroll data within two weeks of each contractor or subcontractor's submission of its initial payroll data and two weeks prior to the completion date the contract or subcontract. CARs must conduct more frequent spot checks if the initial spot check or other information indicates that there is a risk that the contractor or subcontractor is not complying with DB. In addition, during the examinations the CAR shall verify evidence of fringe benefit plans and payments thereunder by contractors and subcontractors who claim credit for fringe benefit contributions.

(d) The CAR shall periodically review contractors and subcontractors use of apprentices and trainees to verify registration and certification with respect to apprenticeship and training programs approved by either the U.S Department of Labor or a state, as appropriate, and that contractors and subcontractors are not using disproportionate numbers of, laborers, trainees and apprentices. These reviews shall be conducted in accordance with the schedules for spot checks and interviews described in Item 5(b) and (c) above.

(e) CARs must immediately report potential violations of the DB prevailing wage requirements to the EPA DB contact listed above and to the appropriate DOL Wage and Hour District Office listed at <https://www.dol.gov/whd/america2.htm>. Data Competency: In accordance with the Competency Policy, as Project Officer, I have determined that the recipient meets the requirements for demonstration of competence through its supporting documentation applicable to its statement of work for this environmental program.

SUMMARY:

A brownfield site is real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. In 2002, the Small Business Liability Relief and Brownfields Revitalization Act was passed to help states and communities around the country cleanup and revitalize brownfields sites. Under this law, EPA provides financial assistance to eligible applicants through four competitive grant programs: assessment grants, revolving loan fund grants, cleanup grants, and job training grants.

In December 2016, the City applied for a 2017 Brownfields Cleanup Grant awarded via a competitive process. On May 31, 2017, the City was notified its application was selected as one of the entities EPA would begin negotiations with to award a cooperative agreement for a cleanup grant for Community Maritime Park. On September 14, 2017, EPA mailed a Cooperative Agreement and Notice of Award to the City. The project period is October 01, 2017 through September 30, 2020.

EPA's Clean-Up grant program will provide \$200,000 over a three year period in direct funding for the City to support community outreach and activities associated with piling removal or shearing in City-owned submerged land off the Community Maritime Park. The cleanup site is a 35-acre submerged area of Pensacola Bay that historically housed commercial piers, an industrial repair dry dock for commercial ships, and a railroad freight terminal. It contains more than 500 creosote-treated poles.

RESOLUTION NO. 17-65 - AUTHORIZING A FINANCING IN THE PRINCIPAL AMOUNT OF \$25,000,000 TO FINANCE CAPITAL IMPROVEMENTS ELIGIBLE TO BE FINANCED FROM THE LOCAL GOVERNMENT INFRASTRUCTURE SURTAX.

RECOMMENDATION:

That City Council adopt Resolution No. 17-65.

A RESOLUTION AUTHORIZING THE ISSUANCE BY THE CITY OF PENSACOLA, FLORIDA OF AN INFRASTRUCTURE SALES SURTAX REVENUE BOND, SERIES 2017, IN THE PRINCIPAL AMOUNT OF \$25,000,000 TO FINANCE INFRASTRUCTURE CAPITAL IMPROVEMENTS WITHIN THE CITY; PLEDGING THE PLEDGED REVENUES FOR THE PAYMENT OF SAID SERIES 2017 BOND; PROVIDING FOR THE PAYMENT OF THE SERIES 2017 BOND AND THE EXECUTION OF THE RELATED FINANCING DOCUMENTS IN CONNECTION THEREWITH; AUTHORIZING THE AWARD OF THE SALE OF THE SERIES 2017 BOND; AUTHORIZING FURTHER OFFICIAL ACTION IN CONNECTION WITH THE DELIVERY OF THE SERIES 2017 BOND; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF INCONSISTENT PROVISIONS; AND PROVIDING AN EFFECTIVE DATE.

HEARING REQUIRED: No Hearing Required

SUMMARY:

On August 21, 2014, the Board of County Commissioners of the County enacted Ordinance No. 2014-32 authorizing the County to levy a one percent infrastructure sales surtax for a period commencing January 1, 2018 and concluding December 31, 2028 (referred to as LOST series IV), and provided that the distribution of the proceeds of the surtax to the incorporated municipalities of the County shall be as set forth in Section 218.62, Florida Statutes. Such levy was approved by referendum of the County's electorate on November 4, 2014.

On February 11, 2016, City Council approved Resolution 01-16 establishing its intent to reimburse certain capital expenditures incurred in connection with various capital projects eligible to be financed from the local

government infrastructure surtax with proceeds of a future tax exempt financing.

On September 20, 2017, City Council approved Resolution 17-63 adopting a final budget for fiscal year beginning October 1, 2017. As part of the fiscal year 2018 budget, the LOST Series IV plan was amended and approved. In order to provide funding for the projects over the next thirty-six (36) months, in addition to projected revenues, \$25 million is projected to be needed.

Request for Proposals for Non-Bank Qualified Tax-Exempt Bank Loans were sent to thirteen (13) banks. Five (5) proposals were received. The City's Financial Advisor, Mitch Owens with RBC Capital Markets, recommended BBVA Compass Bank as the best response with a fixed rate of 2.15% and \$5,000 in bank fees.

The loan will be an eleven (11) year financing at a fixed interest rate of 2.15%. Interest will be paid semi-annually on October 1 and April 1 of each year commencing on April 1, 2018 and principal payments will be paid annually on October 1 commencing on October 1, 2018 and maturing on October 1, 2028. The pledged revenues will be the local government infrastructure surtax.

The financing team consists of Mitch Owens, the City's Financial Advisor with RBC Capital Markets, LLC and Randy Clement, Esq., with Bryant Miller Olive, the City's Bond Counsel.

PRIOR ACTION:

February 11, 2016 - City Council approved Resolution 01-16 establishing its intent to reimburse certain capital expenditures incurred in connection with various capital projects eligible to be financed from the local government infrastructure surtax with proceeds of a future tax exempt financing.

FUNDING:

N/A

FINANCIAL IMPACT:

Bond proceeds are estimated to be \$25,000,000. Estimated closing cost of \$85,000 will be paid from bond proceeds resulting in total estimated project funds of \$24,915,000. The eleven (11) year bond will have semi-annual interest payments on October 1 and April 1 each year commencing on April 1, 2018. Principal payments will be due October 1 each year with the first payment due on October 1, 2018 and final maturity of October 1, 2028. Loan term assumes a fixed interest rate of 2.15% with total interest expense of \$3,324,382, a budgetary savings of \$360,864. The pledged revenues include the local government infrastructure surtax. Debt service will be appropriated in the Local Option Sales Tax Fund and paid from infrastructure sales surtax revenues.

“Series 2017 Bond” means the City of Pensacola, Florida, Infrastructure Sales Surtax Revenue Bond, Series 2017, authorized herein, in substantially the form attached to the Loan Agreement as Exhibit A, with such changes, modifications, insertions or deletions as are authorized herein.

“State” means the State of Florida.

Section 3. Findings. It is hereby found, declared, and determined by the City Council:

(A) On August 21, 2014, the Board of County Commissioners of the County enacted Ordinance No. 2014-32 authorizing the County to levy a one percent infrastructure sales surtax for a period commencing January 1, 2018 and concluding December 31, 2028, and provided that the distribution of the proceeds of the surtax to the incorporated municipalities of the County shall be as set forth in Section 218.62, Florida Statutes. Such levy was approved by referendum of the County’s electorate on November 4, 2014.

(B) The Issuer has determined that it is necessary and in the best interests of the health, safety and welfare of the Issuer and its inhabitants that the Issuer undertake the Project. Issuance of the Series 2017 Bond to construct the Project satisfies a paramount public purpose.

(C) The Issuer is without currently available funds to pay the cost of the Project, and it is necessary and desirable that the Issuer borrow the moneys necessary to provide for payment of the Project.

(D) On February 11, 2016, the City Council of the City adopted Resolution No. 01-16 expressing its intent for purposes of Section 1.150-2 of the Income Tax Regulations promulgated pursuant to the Internal Revenue Code of 1986, as amended, to be reimbursed from proceeds of a future tax-exempt financing for capital expenditures with respect to the Project.

(E) The Pledged Revenues are not currently pledged to any obligation of the Issuer.

(F) The Series 2017 Bond will be payable from the Pledged Revenues and as may be further described in the Loan Agreement. The Pledged Revenues are anticipated to be sufficient to pay the principal of and accrued interest on the Series 2017 Bond as the same becomes due.

(G) The obligation of the Issuer to repay the Series 2017 Bond in accordance with its terms and to make the payments required under the Loan Agreement is hereby declared to be and shall be a special, limited obligation of the Issuer, solely secured by and payable from the

Pledged Revenues and as may be further described in the Loan Agreement. The obligation of the Issuer to repay the Series 2017 Bond in accordance with its terms and to make any other payments, if any, required under the Series 2017 Bond or the Loan Agreement shall not be or constitute a general obligation or indebtedness of the Issuer and neither the Series 2017 Bond nor the Loan Agreement shall be or constitute a general obligation or indebtedness of the Issuer. Neither the Lender nor any successor owner of the Series 2017 Bond shall be entitled to compel the exercise of the ad valorem taxing power of the Issuer or the payment of the principal of or interest on the Series 2017 Bond or the making of any payments required under the Series 2017 Bond or the Loan Agreement from any moneys of the Issuer other than the Pledged Revenues and any other moneys of the Issuer as may be more fully described in the Loan Agreement.

(H) It is necessary and desirable to provide for the securing of the Loan and for the execution and delivery of the Loan Agreement, the issuance of the Series 2017 Bond and the taking of all other action in connection with the consummation of the Loan.

(I) It is necessary and desirable to approve the estimated costs of issuance to be paid by the Issuer with proceeds of the Series 2017 Bond in connection with the delivery of the Series 2017 Bond and the Loan Agreement.

(J) The Financial Advisor has solicited proposals for the purchase of the Series 2017 Bond pursuant to a negotiated private placement.

Section 4. Authorization of Series 2017 Bond and Project.

(A) Subject and pursuant to the provisions hereof, the issuance by the Issuer of its Series 2017 Bond, in an aggregate principal amount of Twenty-five Million Dollars (\$25,000,000), to be dated, to bear interest, to be payable, to mature, to be subject to prepayment, to have such other characteristics as provided herein and in the Series 2017 Bond, the Commitment and the Loan Agreement, and to be secured as provided in the Loan Agreement is hereby authorized.

(B) The financing of the Project is hereby authorized (including reimbursing the Issuer for costs of the Project previously incurred in anticipation of the issuance of the Series 2017 Bond, if any). The City Council and the proper officers of the Issuer are hereby directed to take all action and steps deemed necessary to construct the Project, which are not inconsistent with the terms and provisions of this Resolution or the Loan Agreement.

Section 5. Award of Series 2017 Bond.

Because of the characteristics of the Series 2017 Bond and prevailing and expected market conditions, it is in the best interest of the Issuer to accept the offer of the Lender to purchase the Series 2017 Bond at a private negotiated sale, which was based upon a competitive selection process. Prior to the issuance of the Series 2017 Bond, the Issuer shall receive from the Lender a Lender's Certificate, in substantially the form attached hereto as Exhibit B and a

Disclosure Letter containing the information required by Section 218.385, Florida Statutes, in substantially the form attached hereto as Exhibit C.

The Issuer hereby accepts the Commitment of the Lender; provided, however, in the event of any inconsistencies as between such Commitment and the Loan Agreement, the Series 2017 Bond and this Resolution, the provisions of the Loan Agreement, the Series 2017 Bond and this Resolution shall control.

Section 6. Approval of Form of Loan Agreement and Series 2017 Bond. Subject to the conditions described in this Section, the Loan Agreement, in substantially the form attached hereto as Exhibit A, and the Series 2017 Bond, in substantially the form attached to the Loan Agreement as Exhibit A, are hereby approved, subject to such changes, modifications, insertions and deletions as may be made therein and approved by the Mayor upon the advice of the City Attorney, the Chief Financial Officer, Bond Counsel and/or the Financial Advisor, such approval to be conclusively evidenced by the execution and delivery thereof by the Issuer. Pursuant to Section 4.01(1) of its Charter, the Issuer hereby authorizes the Mayor to execute the Loan Agreement and Series 2017 Bond, such execution to be attested under seal by the City Clerk, approved as to substance by the Chief Financial Officer and designated as legal in form and valid as drawn by the City Attorney and further authorizes the Mayor to deliver the Loan Agreement and the Series 2017 Bond to the Lender, and to take such other actions as shall be necessary to consummate the Loan.

Upon execution and delivery of the Loan Agreement pursuant to the terms of this Resolution, all of the provisions of said Loan Agreement shall be deemed to be part of this Resolution as fully and to the same extent as if incorporated verbatim herein.

Section 7. Authorization of Other Action. The Mayor, City Administrator, City Attorney, the Clerk, the Chief Financial Officer and such other authorized officers, employees and agents of the Issuer are each designated agents of the Issuer in connection with the execution and delivery of the Loan Agreement and the Series 2017 Bond and are authorized and empowered, collectively or individually, to take all action and steps to execute and deliver any and all instruments, documents or contracts on behalf of the Issuer which are necessary or desirable in connection with the execution and delivery of the Loan Agreement and the Series 2017 Bond to the Lender, including, but not limited to, the making of modifications to the Loan Agreement and the Series 2017 Bond herein authorized.

Section 8. Application of Proceeds of Loan. The proceeds of the Loan shall be used as more fully described in the Loan Agreement and includes the payment of related associated costs of issuance (including but not limited to legal and financial advisory fees and expenses).

Section 9. Repeal of Inconsistent Provisions. All resolutions or parts thereof in conflict with this Resolution are hereby repealed to the extent of such conflict.

Section 10. Severability. If any one or more of the covenants, agreements, or provisions of this Resolution should be held contrary to any express provision of law or contrary to the policy of express law, though not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants, agreements, or provisions shall be null and void and shall be deemed separate from the remaining covenants, agreements or provisions, and in no way affect the validity of all other provisions of the Resolution or of the Series 2017 Bond or Loan Agreement delivered hereunder.

Section 11. Amendment. This Resolution may not be amended or repealed following the issuance of the Series 2017 Bond except with the prior written consent of the Lender.

[The remainder of this page intentionally left blank]

Section 12. Effective Date. This Resolution shall become effective on the fifth business day after adoption, unless otherwise provided pursuant to Section 4.03(d) of the Charter of the Issuer.

LOAN AGREEMENT

This LOAN AGREEMENT is made and entered into as of October 18, 2017 by and between CITY OF PENSACOLA, FLORIDA, a municipal corporation of the State of Florida (the "Issuer"), and COMPASS MORTGAGE CORPORATION, an Alabama corporation (together with its successors and/or assigns, the "Lender").

WITNESSETH:

WHEREAS, the Issuer has previously determined that it is necessary for the health, safety and welfare of the Issuer and in the best interest of its inhabitants that the Issuer undertake the Project hereinafter described, and that the Project satisfies a paramount public purpose of the Issuer; and

WHEREAS, on February 11, 2016, the City Council of the Issuer adopted Resolution No. 01-16 expressing its intent, for purposes of Section 1.150-2 of the Treasury Regulations promulgated under the Code (as defined herein), to be reimbursed from proceeds of a future tax-exempt financing for capital expenditures with respect to the Project (as defined herein); and

WHEREAS, the Issuer has determined that it is without adequate currently available funds to pay Project Costs (as herein defined) and that it will be necessary that funds be made available to the Issuer in order to undertake the Project; and

WHEREAS, the Lender has agreed to lend the Issuer an aggregate principal amount of \$25,000,000 to be used to pay Project Costs upon the terms and conditions provided herein; and

WHEREAS, on August 21, 2014, the Board of County Commissioners of Escambia County, Florida (the "County"), enacted Ordinance No. 2014-32 authorizing the County to levy a one percent infrastructure sales surtax for a period commencing January 1, 2018 and concluding December 31, 2028, and provided that the distribution of the proceeds of the surtax to the incorporated municipalities of the County shall be as set forth in Section 218.62, Florida Statutes; and

WHEREAS, such levy was approved by referendum of the County's electorate on November 4, 2014; and

WHEREAS, the Issuer has determined that the annual receipt of Pledged Revenues (as herein defined) are anticipated to be sufficient in each year to repay the annual debt service coming due on the Series 2017 Bond (as herein defined); and

WHEREAS, pursuant to the Resolution (as herein defined), the Issuer has determined that it is in the best interest of the health, safety and welfare of the Issuer and the inhabitants thereof that the Issuer pledge the Pledged Revenues to secure the obligations of the Issuer to

repay the principal of and interest on the Issuer's Infrastructure Sales Surtax Revenue Bond, Series 2017 (the "Series 2017 Bond") when due; and

WHEREAS, the obligation of the Issuer to repay principal of and interest on the Series 2017 Bond will not constitute a general obligation or indebtedness of the Issuer as a "bond" within the meaning of any provision of the Constitution or laws of the State of Florida, but shall be and is hereby declared to be a special, limited obligation of the Issuer, solely secured by and payable from the Pledged Revenues, all as more fully described herein and in the Resolution; and

WHEREAS, the Issuer is not authorized to levy taxes on any property of or in the Issuer to pay the principal of or interest on the Series 2017 Bond or to make any other payments provided for herein; and

NOW, THEREFORE, in consideration of the premises and the mutual covenants herein set forth and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

SECTION 1. DEFINITIONS. Capitalized terms used in this Loan Agreement and not defined in this Section 1 shall have the meanings assigned in the Resolution. The following terms shall have the following meanings herein, unless the text otherwise expressly requires:

"Additional Obligations" means bonds, notes or other debt obligations hereafter issued payable from Pledged Revenues on a parity with the Series 2017 Bond.

"Authorized Investments" means any investment, obligation, agreement or other financial instrument to the extent not inconsistent with the terms of the investment policy of the Issuer and applicable law.

SECTION 2. INTERPRETATION. Unless the context clearly requires otherwise, words of masculine gender shall be construed to include correlative words of the feminine and neuter genders and vice versa, and words of the singular number shall be construed to include correlative words of the plural number and vice versa. This Loan Agreement and all the terms and provisions hereof (a) have been negotiated between the Issuer and the Lender; (b) shall not be construed strictly in favor of or against either party hereto; and (c) shall be construed to effectuate the purpose set forth herein and to sustain the validity hereof.

SECTION 3. THE LOAN.

A. Loan. The Lender, by the purchase of the Series 2017 Bond, hereby makes and the Issuer hereby accepts the Loan, upon the terms and conditions set forth herein. The purchase price of the Series 2017 Bond shall be \$25,000,000, which is equal to the principal amount of the Series 2017 Bond.

B. Disbursement of Proceeds.

(i) The Issuer shall pay all costs and expenses in connection with the preparation, issuance and sale of the Series 2017 Bond.

(ii) Simultaneously with the delivery of the Series 2017 Bond to the Lender, net proceeds of the Series 2017 Bond remaining after payment of costs of issuance shall be deposited into a separate account hereby created and established to be known as the “City of Pensacola, Florida Infrastructure Sales Surtax Revenue Bond, Series 2017 Project Fund” (the “Project Fund”) and shall be used to pay Project Costs. Monies in the Project Fund shall be invested in Authorized Investments, and all income derived therefrom shall be deposited in the Project Fund until the Project has been completed, at which time such income, together with any balance remaining in the Project Fund, shall be used to pay principal of and interest on the Series 2017 Bond.

To the extent there are no other available funds held hereunder, the Issuer shall use any remaining funds in the Project Fund to pay principal of and interest on the Series 2017 Bond in the Event of Default.

Such fund shall be kept separate and apart from all other funds of the Issuer and the moneys on deposit therein shall be withdrawn, used and applied by the Issuer solely for the purposes set forth herein. Such proceeds shall be and constitute trust funds for such purpose and there is hereby created a lien in favor of the Series 2017 Bond upon such money until so applied by the Issuer solely for the purposes set forth herein.

SECTION 4. DESCRIPTION OF SERIES 2017 BOND. The obligation of the Issuer to repay the Loan shall be evidenced by the Series 2017 Bond. The Series 2017 Bond shall be dated as of the Date of Delivery, shall mature on the Maturity Date, and shall be in registered form.

The interest rate on the Series 2017 Bond shall be a fixed rate of interest equal to 2.15% per annum. Interest on the Series 2017 Bond shall be calculated on the basis of a 360-day year consisting of twelve 30-day months and shall be paid by wire transfer or other medium acceptable to the Issuer and the Lender.

Principal on the Series 2017 Bond shall be paid in annual installments on each Principal Payment Date, in amounts specified in Schedule I attached to the Series 2017 Bond. Interest on the Series 2017 Bond shall be paid semi-annually on each Interest Payment Date.

The Series 2017 Bond shall be subject to prepayment as described in the Series 2017 Bond.

SECTION 5. EXECUTION OF SERIES 2017 BOND. The Series 2017 Bond shall be executed in the name of the Issuer by the Mayor, attested under seal by the City Clerk, approved as to content by the Chief Financial Officer, and designated legal in form and valid as drawn by the City Attorney. The Series 2017 Bond may be signed and sealed on behalf of the Issuer by any person who at the actual time of the execution of the Series 2017 Bond shall hold the appropriate office in the Issuer, although at the date thereof the person may not have been so authorized. The Series 2017 Bond may be executed by the facsimile signatures of the Mayor, the Clerk, the Chief Financial Officer and/or City Attorney, provided that at least one of the Mayor or Clerk's signatures must be a manual signature.

SECTION 6. REGISTRATION AND TRANSFER OF SERIES 2017 BOND. There shall be a Registrar who shall be responsible for maintaining the Register. The person in whose name ownership of a Series 2017 Bond is shown on the Register shall be deemed the Registered Owner thereof by the Issuer and the Registrar, who may treat the Registered Owner as the absolute owner of the Series 2017 Bond for all purposes, whether or not the Series 2017 Bond shall be overdue, and any notice to the contrary shall not be binding upon the Issuer or the Registrar.

Ownership of the Series 2017 Bond may be transferred or assigned only as a whole and only upon the Register. Transfer of the Series 2017 Bond (i) shall be restricted to Permitted Lenders, (ii) is not permitted in the event the remaining principal amount outstanding of the Series 2017 Bond is less than \$100,000, and (iii) is subject to consent of the Issuer, which consent shall not be unreasonably withheld. The Series 2017 Bond shall contain a legend that provides that the Registered Owner thereof shall not transfer the Series 2017 Bond except as provided herein.

Upon surrender to the Registrar for transfer or exchange of the Series 2017 Bond accompanied by an assignment or written authorization for exchange, whichever is applicable, duly executed by the Registered Owner or its attorney duly authorized in writing, the Registrar shall deliver in the name of the Registered Owner or the transferee or transferees, as the case may be, a new fully registered Series 2017 Bond of the same amount, maturity and interest rate as the Series 2017 Bond surrendered. Provided however, any assignment or transfer by the Registered Owner of the Series 2017 Bond shall be in whole and not in part.

The Series 2017 Bond presented for transfer, exchange, redemption or payment (if so required by the Issuer or the Registrar) shall be accompanied by a written instrument or instruments of transfer or authorization for exchange, in a form and with guaranty of signature satisfactory to the City Attorney, Bond Counsel, or the Registrar, duly executed by the Registered Owner or by his duly authorized attorney.

The City Administrator and the Registrar may charge the Registered Owner a sum sufficient to reimburse them for any expenses incurred in making any exchange or transfer after the first such exchange or transfer following the delivery of such Series 2017 Bond. The Registrar or the City Administrator may also require payment from the Registered Owner or his transferee, as the case may be, of a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto by any governmental entity other than the Issuer. Such charges and expenses shall be paid before any such new Series 2017 Bond shall be delivered.

The new Series 2017 Bond delivered upon any transfer or exchange shall be a valid obligation of the Issuer, evidencing the same debt as the Series 2017 Bond surrendered, shall be secured under this Loan Agreement, and shall be entitled to all of the security and benefits hereof to the same extent as the Series 2017 Bond surrendered.

Whenever a Series 2017 Bond shall be delivered to the Registrar for cancellation, upon payment of the principal amount thereof, or for replacement, transfer or exchange, such Series 2017 Bond shall be cancelled and destroyed by the Registrar, and counterparts of a certificate of destruction evidencing such destruction shall be furnished to the Issuer.

SECTION 7. SERIES 2017 BOND MUTILATED, DESTROYED, STOLEN OR LOST. In case the Series 2017 Bond shall be mutilated, or be destroyed, stolen or lost, upon the Registered Owner furnishing the Registrar satisfactory indemnity and complying with such

other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer may incur, the Registrar shall issue and deliver a new Series 2017 Bond of like tenor as the Series 2017 Bond so mutilated, destroyed, stolen or lost, in lieu of or substitution for the Series 2017 Bond, if any, destroyed, stolen or lost, or in exchange and substitution for such mutilated Series 2017 Bond, upon surrender of such mutilated Series 2017 Bond, if any, to the Registrar and the cancellation thereof; provided however, if the Series 2017 Bond shall have matured or be about to mature, instead of issuing a substitute Series 2017 Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Series 2017 Bond be lost, stolen or destroyed, without surrender thereof. Any Series 2017 Bond surrendered under the terms of this Section 7 shall be cancelled by the Registrar.

Any such new Series 2017 Bond issued pursuant to this section shall constitute an original, additional contractual obligation on the part of the Issuer whether or not, as to the new Series 2017 Bond, the lost, stolen or destroyed Series 2017 Bond be at any time found by anyone, and such new Series 2017 Bond shall be entitled to equal and proportionate benefits and rights as to security for payment to the same extent as the Series 2017 Bond originally issued hereunder.

SECTION 8. FORM OF SERIES 2017 BOND. The Series 2017 Bond shall be in substantially the form attached hereto as Exhibit A, with such variations, omissions and insertions as may be necessary, desirable and authorized or permitted by this Loan Agreement.

SECTION 9. SECURITY FOR SERIES 2017 BOND; SERIES 2017 BOND NOT DEBT OF THE ISSUER. The payment of the principal of and interest on the Series 2017 Bond shall be secured forthwith solely by a first priority lien upon and pledge of the Pledged Revenues. The principal of and interest on the Series 2017 Bond shall not constitute a general obligation or indebtedness of the Issuer, but shall be a limited obligation of the Issuer payable solely from the Pledged Revenues, to the extent and as provided herein. The Registered Owner shall never have the right to compel the levy of taxes upon any property of or in the Issuer for the payment of the principal of and interest on the Series 2017 Bond or payment thereof from any source other than the Pledged Revenues.

SECTION 10. COVENANTS OF THE ISSUER. Until the principal of and interest on the Series 2017 Bond shall have been paid in full or provision for payment of the Series 2017 Bond shall have been made in accordance with the provisions of this Loan Agreement, the Issuer covenants with the Registered Owner of the Series 2017 Bond as follows:

A. Establishment of Debt Service Fund and Accounts Therein. There is hereby created and established a Debt Service Fund (and the Principal Account and Interest Account therein). The Debt Service Fund and any other special funds herein established and created shall constitute trust funds for the purposes provided herein for such funds. All such funds shall be continuously secured in the same manner as deposits of governmental funds are authorized to be secured by the laws of the State.

The cash required to be accounted for in any funds established hereunder may be deposited in a single bank account, provided that adequate accounting records are maintained to reflect and control the restricted allocation of the cash on deposit therein for the various purposes of such funds as herein provided.

The designation and establishment of the various funds and accounts in and by this Loan Agreement shall not be construed to require the establishment of any completely independent, self-balancing funds as such term is commonly defined and used in governmental accounting, but rather is intended solely to constitute an earmarking of certain revenues for certain purposes and to establish certain priorities for application of such revenues and assets as herein provided.

The moneys in the Debt Service Fund and the accounts therein until disbursed pursuant to the provisions hereof may be invested and reinvested only in Authorized Investments, in the manner provided by law. All income on such investments shall remain in such Fund and used for the purposes herein described. Authorized Investments in the funds and accounts under this Agreement shall be valued at the market value thereof, exclusive of accrued interest, by the Issuer as frequently as reasonably deemed necessary by the Lender but not less often than annually nor more often than monthly.

B. Disposition of Pledged Revenues.

The Issuer shall deposit the Pledged Revenues into the Debt Service Fund, monthly in advance on or before the first day of each month of each year, a sum equal to one-sixth (1/6) of the interest becoming due on the next Interest Payment Date and one-twelfth (1/12) of the principal becoming due on the next Principal Payment Date and to cure any deficiency in deposits in prior months, together with such additional proportionate sums as may be required to pay said principal and interest as the same shall respectively become due, or to account for a period of less than twelve months between the delivery of the Series 2017 Bond and the first Principal Payment Date or less than six months between the delivery of the Series 2017 Bonds and the first Interest Payment Date.

After the above described monthly deposits are made by the Issuer in accordance with this subsection, all Pledged Revenues may be used by the Issuer for any lawful purpose.

Any provision hereof to the contrary notwithstanding, so long as the Issuer is not in default in the payment of principal, premium, if any, and interest on the Series 2017 Bond, then the failure to deposit the Pledged Revenues into the Debt Service Fund in the amounts required hereunder shall not be deemed a default hereunder so long as the full amount of such deposits necessary to make all such payments with respect to the Series 2017 Bond is deposited in such Fund on or prior to the date such payments are due.

C. Financial Statements. The Issuer shall provide to the Lender, at no cost to the Lender, audited financial statements of the Issuer prepared in accordance with auditing

standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States for each Fiscal Year thereof within five (5) days of receipt, but no later than 180 days after the close of such Fiscal Year.

D. Annual Budget and Other Information. The Issuer will prepare its annual budget in accordance with the Act, and will provide at no cost to the Lender a copy of its final annual budget for each Fiscal Year within ninety (90) days of the beginning of each Fiscal Year, and the Issuer will provide the Lender such other financial or public information as the Lender may reasonably request.

E. Tax Compliance. Neither the Issuer, nor any third party over whom the Issuer has control, will make any use of, or permit an omission of use, of the proceeds of the Series 2017 Bond at any time during the term of the Series 2017 Bond which would cause the Series 2017 Bond to be (a) a “private activity bond” within the meaning of Section 103(b)(1) of the Code or (b) an “arbitrage bond” within the meaning of Section 103(b)(2) of the Code. The Issuer covenants throughout the term of the Series 2017 Bond to comply with the requirements of the Code and the Regulations, as amended from time to time, and to take all actions, and to not permit the omission of any actions, necessary to maintain the exclusion from gross income for purposes of the Code of interest on the Series 2017 Bond, including, without limitation, the payment of arbitrage rebate, if required.

The Issuer hereby makes each of the representations, warranties and covenants contained in the Tax Certificate. By this reference, all terms, conditions, and covenants in said Tax Certificate are incorporated in and made a part of this Loan Agreement.

F. Additional Obligations.

Additional Obligations payable on a parity with the Series 2017 Bond may be issued hereunder upon the filing with the Clerk and the Registered Owner of the Series 2017 Bond of a certificate of the Chief Financial Officer stating that the Pledged Revenues for the most recent Fiscal Year for which audited financial statements are available equals at least 1.25 times the Maximum Annual Debt Service on the Bonds then outstanding and the Additional Obligations proposed to be issued.

For purposes of calculating Maximum Annual Debt Service, interest on Additional Obligations which bear interest at a variable rate of interest shall be deemed to bear interest at the greater of (i) 1.25 times the most recent 25 Year Revenue Bond Index published by *The Bond Buyer*, or (ii) 1.25 times the actual average interest rate during the prior Fiscal Year of the Issuer. For purposes of calculating Maximum Annual Debt Service, the debt service on Additional Obligations, whether bearing interest at a fixed or variable interest rate, constituting Balloon Indebtedness, shall be determined assuming such obligations are amortized over 20 years from the date of original issuance on an approximately level debt service basis. For purposes of the

foregoing sentence, "Balloon Indebtedness" means obligations designated as such by the Issuer, 25% or more of the original principal of which matures during any one Fiscal Year.

Obligations secured by the Infrastructure Sales Surtax that are junior and subordinate in all respects to the Series 2017 Bond may be issued without regard to the foregoing.

G. No Impairment. The Issuer covenants with the Registered Owner that it will not, without the written consent of the Registered Owner, enact any ordinance or adopt any resolution which repeals, impairs, or modifies in any manner adverse to the Registered Owner the Infrastructure Sales Surtax.

H. Receipt of Pledged Revenues. The Issuer covenants to do all things necessary or required on its part by the Act, or other applicable provisions of law, to entitle it to receive and to enforce the collection and receipt of the Infrastructure Sales Surtax. The Issuer shall exercise all legally available remedies to enforce such collection and receipt now or hereafter available under law. The Issuer will not take any action, or enter into any agreement that shall result in reducing the level of Infrastructure Sales Surtax below the amount sufficient to provide for the payment of the Series 2017 Bond as provided herein.

SECTION 11. REPRESENTATIONS AND WARRANTIES. The Issuer represents and warrants to the Lender that:

A. Organization. The Issuer is a municipal corporation, duly organized and existing under the laws of the State.

B. Authorization of Loan Agreement and Related Documents. The Issuer has the power and has taken all necessary action to authorize the execution and delivery of and the performance by the Issuer of its obligations under, this Loan Agreement and the Series 2017 Bond in accordance with their respective terms. This Loan Agreement and the Series 2017 Bond have been duly executed and delivered by the Issuer and are valid and binding obligations of the Issuer, enforceable against the Issuer in accordance with their respective terms, except to the extent that such enforcement may be limited by laws regarding bankruptcy, insolvency, reorganization or moratorium applicable to the Issuer or by general principles of equity regarding the availability of specific performance.

C. Pledged Revenues. The Issuer is entitled to receive the Pledged Revenues effective January 1, 2018, and is legally entitled to pledge from such Pledged Revenues amounts necessary to pay the principal of and interest on the Series 2017 Bond when due as provided herein. The Issuer estimates that the Pledged Revenues will be available in amounts sufficient to pay the principal of and interest on the Series 2017 Bond as the same becomes due prior to the Maturity Date and, to pay all principal of and interest on the Series 2017 Bond on the Maturity Date.

D. Financial Statements. The audited financial statements of the Issuer for the Fiscal Year ended September 30, 2016 (the "Financial Statements"), previously provided to the Lender

were prepared in accordance with generally accepted accounting principles, are correct and present fairly the financial condition of the Issuer as of such date and the results of its operations for the period then ended.

SECTION 12. CONDITIONS PRECEDENT. The obligation of the Lender to make the Loan is subject to the satisfaction of each of the following conditions precedent on or before the Date of Delivery:

A. Action. The Lender shall have received a copy of the Resolution certified as complete and correct as of the closing date, together with an executed Loan Agreement, the executed Series 2017 Bond and the customary closing certificates.

B. Incumbency of Officers. The Lender shall have received an incumbency certificate of the Issuer in respect of each of the officers who is authorized to sign this Loan Agreement, the Series 2017 Bond, and the related financing documents on behalf of the Issuer.

C. Opinion of City Attorney. The Lender shall have received a written opinion of the City Attorney as to (1) the valid existence of the Issuer as a municipal corporation of the State; (2) the due adoption of the Resolution; (3) the due authorization and execution of this Loan Agreement, the Series 2017 Bond and the transaction contemplated hereby and thereby; (4) the Loan Agreement and the Series 2017 Bond constituting valid and binding obligations of the Issuer, enforceable against the Issuer, in accordance with their respective terms; and (5) the absence of litigation against the Issuer relating to (a) its existence or powers, (b) its authority to issue the Series 2017 Bond and pledge the Pledged Revenues, (c) the procedures governing the authorization and issuance of the Series 2017 Bond, and (d) any other matter which may result in any material adverse change in the business, properties, assets or financial condition of the Issuer in a form and substance satisfactory to the Lender.

D. Certificate of Chief Financial Officer. The Lender shall have received a certificate from the Chief Financial Officer that: (1) since the date of the Financial Statements, referred to in Section 11.D. above, there has been no material adverse change in the financial condition, revenues, properties or operations of the Issuer; (2) there are no liabilities (of the type required to be reflected on balance sheets prepared in accordance with generally accepted accounting principles), direct or indirect, fixed or contingent, of the Issuer as of the date of such financial information which are not reflected therein; (3) there has been no material adverse change in the financial condition or operations of the Issuer since the date of such Financial Statements (and to the Chief Financial Officer's knowledge no such material adverse change is pending or threatened); and (4) the Issuer has not guaranteed the obligations of, or made any investment in or loans to, any person except as disclosed in such information.

E. Representations and Warranties; No Default. The representations and warranties made by the Issuer herein shall be true and correct in all material respects on and as of the Date of Delivery, as if made on and as of such date; no Default shall have occurred and be

continuing as of the Date of Delivery or will result from the consummation of the Loan; and the Lender shall have received a certificate from the Issuer to the foregoing effect.

F. Opinion of Bond Counsel. The Issuer shall have received an opinion of Bond Counsel, on which the Lender may rely, to the effect that interest on the Series 2017 Bond is excludable from gross income for federal income tax purposes.

G. Lender Certificates. The Issuer shall have received the fully executed Lender's Certificate substantially in the form attached to the Resolution as Exhibit C and the Disclosure Letter containing the information required by Section 218.385, Florida Statutes, substantially in the form attached to the Resolution as Exhibit D.

H. Notice of Material Litigation. Promptly after the Issuer becomes aware of the same, the Issuer will notify the Lender of any pendency of litigation material to the Issuer's ability to repay the Series 2017 Bond, specifying the nature thereof and what action the Issuer has taken, is taking and/or proposes to take with respect thereto.

I. Other Documents. The Lender shall have received such other documents, certificates and opinions as the Lender or its counsel shall have reasonably requested.

SECTION 13. NOTICES. All notices, certificates or other communications hereunder shall be sufficiently given and shall be deemed given when hand delivered, delivered by telecopier, mailed by registered or certified mail, postage prepaid, or delivered by courier service to the parties at the following addresses:

Issuer: City of Pensacola, Florida
222 West Main Street
Pensacola, Florida 32502
Attention: City Administrator, with a required copy to the City Attorney at the same address, and a required copy to the Clerk at the same address.

Lender: Compass Mortgage Corporation
5055 Bayou Boulevard
Pensacola, Florida 32503

Any of the above parties may, by notice in writing given to the others, designate any further or different addresses to which subsequent notices, certificates or other communications shall be sent. Communication via telecopier shall be confirmed by delivery by hand, mail, or courier, as specified above, of an original promptly after such communication by telecopier.

SECTION 14. EVENTS OF DEFAULT DEFINED. The following shall be "Events of Default" under this Loan Agreement, and the terms "Default" and "Events of Default" shall mean (except where the context clearly indicates otherwise), any one or more of the following events:

A. Failure by the Issuer to make any payment of principal of or interest on the Series 2017 Bond within three (3) days of the date due.

B. Failure by the Issuer to observe and perform any other covenant, condition or agreement on its part to be observed or performed under this Loan Agreement for a period of thirty (30) days after written notice of such failure was or was by the terms hereof required to be delivered to the Issuer by the Lender, unless the Lender shall agree in writing to an extension of such time prior to its expiration;

C. The Issuer admits in writing its inability to pay its obligations hereunder, including its obligation with respect to any Additional Obligations hereafter issued;

D. The making of any warranty, representation or other statement by the Issuer or by an officer or agent of the Issuer in this Loan Agreement or in any instrument furnished in compliance with or in reference to this Loan Agreement which is false or misleading in any material adverse respect;

E. The filing of a petition against the Issuer under any bankruptcy, reorganization, arrangement, insolvency, readjustment of debt, dissolution or liquidation law of any jurisdiction, whether now or hereafter in effect, if an order for relief is entered under such petition or such petition is not dismissed within sixty (60) days of such filing;

F. The filing by the Issuer of a voluntary petition in bankruptcy or seeking relief under any provision of any bankruptcy, reorganization, arrangement, insolvency, readjustment of debt, dissolution or liquidation law of any jurisdiction, whether now or hereafter in effect, or the consent by the Issuer to the filing of any petition against it under such law; or

G. The admission by the Issuer of its insolvency or bankruptcy or its inability to pay its debts as they become due or that it is generally not paying its debts as such debts become due, or the Issuer's becoming insolvent or bankrupt or making an assignment for the benefit of creditors, or the appointment by court order of a custodian (including without limitation a receiver, liquidator or trustee) of the Issuer or any of its property taking possession thereof and such order remaining in effect or such possession continuing for more than sixty (60) days.

SECTION 15. NOTICE OF DEFAULTS. The Issuer shall within five Business Days after it acquires knowledge thereof, notify the Registered Owner of the Series 2017 Bond in writing (a) of any change in any material fact or circumstance represented or warranted by the Issuer in this Agreement or in connection with the issuance of the Series 2017 Bond; (b) upon the happening, occurrence, or existence of any Event of Default that the Registered Owner is not otherwise aware of, or (c) any event or condition which with the passage of time or giving notice, or both, would constitute an Event of Default, and shall provide the Registered Owner of the Series 2017 Bond, with such written notice, a detailed statement by the Chief Financial Officer of all relevant facts and the action being taken or proposed to be taken by the Issuer with respect thereto. Regardless of the date of receipt of such notice by the Registered Owner of the

Series 2017 Bond, such date shall not in any way modify the date of occurrence of the actual Event of Default.

SECTION 16. REMEDIES. For all Events of Default, the Lender may sue to protect and enforce any and all rights, including the right to specific performance, existing under the laws of the State, of the United States of America, or granted and contained in this Loan Agreement, and to enforce and compel the performance of all duties required by this Loan Agreement or by any applicable laws to be performed by the Issuer, the City Council or by any officer thereof, and may take all steps to enforce this Loan Agreement to the full extent permitted or authorized by the laws of the State or the United States of America.

The Issuer and the Lender each waives, to the fullest extent permitted by law, any right to trial by jury respect of any litigation based upon the Series 2017 Bond or arising out of, under or in conjunction with the Series 2017 Bond or this Loan Agreement.

SECTION 17. NO PERSONAL LIABILITY. No recourse shall be had for the payment of the principal of and interest on the Series 2017 Bond or for any claim based on the Series 2017 Bond or on this Loan Agreement, against any present or former member or officer of the City Council or any person executing the Series 2017 Bond.

SECTION 18. PAYMENTS DUE ON SATURDAYS, SUNDAYS AND HOLIDAYS. In any case where the date for making any payment or the last date for performance of any act or the exercise of any right, as provided in this Loan Agreement, shall be other than a Business Day, then such payment or performance shall be made on the succeeding Business Day with the same force and effect as if done on the nominal date provided in this Loan Agreement, provided that interest on any monetary obligation hereunder shall accrue at the applicable rate to and including the date of such payment.

SECTION 19. AMENDMENTS, CHANGES AND MODIFICATIONS. This Loan Agreement may be amended only by a writing approved with the same formality as this Agreement, signed by the Issuer and the Registered Owner.

SECTION 20. BINDING EFFECT. To the extent provided herein, this Loan Agreement shall be binding upon the Issuer and the Lender and shall inure to the benefit of the Issuer and the Lender and their respective successors and assigns. This Loan Agreement shall be discharged and neither the Issuer nor the Lender shall have any further obligations hereunder or under the Series 2017 Bond when the Issuer shall have paid the principal of and interest on the Series 2017 Bond in full and shall have paid in full all other amounts, if any, due under the Series 2017 Bond or this Loan Agreement.

SECTION 21. SEVERABILITY. In the event any court of competent jurisdiction shall hold any provision of this Loan Agreement invalid or unenforceable such holding shall not invalidate or render unenforceable, any other provision hereof.

SECTION 22. EXECUTION IN COUNTERPARTS. This Loan Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

SECTION 23. APPLICABLE LAW. The laws of the State shall be the law applied in the resolution of any action, claim or other proceeding arising out of the Resolution, the Series 2017 Bond or this Loan Agreement.

SECTION 24. VENUE; ATTORNEY'S FEES. The parties agree that jurisdiction and venue for the enforcement of the Resolution, this Loan Agreement or the Series 2017 Bond shall be in the state and/or federal courts of Escambia County, Florida. The prevailing party in any action, claim or proceeding arising out of the Resolution, the Loan Agreement or the Series 2017 Bond shall be entitled to attorney's fees and costs from the losing party

SECTION 25. ASSIGNMENT. The Lender may assign its rights hereunder to any party to whom it sells or transfers the Series 2017 Bond.

**CITY OF PENSACOLA, FLORIDA
INFRASTRUCTURE SALES SURTAX REVENUE BOND, SERIES 2017**

<u>Interest Rate</u>	<u>Maturity Date</u>	<u>Date of Issue</u>
2.15%	October 1, 2028	October 18, 2017

REGISTERED OWNER: COMPASS MORTGAGE CORPORATION

PRINCIPAL AMOUNT: TWENTY FIVE MILLION DOLLARS (\$25,000,000)

KNOW ALL MEN BY THESE PRESENTS, that the City of Pensacola, Florida (the "Issuer"), for value received, hereby promises to pay to the Registered Owner designated above, or registered assigns, solely from the sources hereinafter mentioned, in installments, on the Principal Payment Dates indicated in Schedule I attached hereto and on the Maturity Date, or sooner as provided herein, the Principal Amount shown above and the interest on the outstanding Principal Amount hereof from the date of this Bond or from the most recent date to which interest has been paid, whichever is applicable, until payment of such Principal Amount, at the Interest Rate described above, with all unpaid interest being due on the Maturity Date or upon the earlier payment of principal hereunder upon presentation and surrender hereof at the office of the Chief Financial Officer for the Issuer, as Registrar and Paying Agent. The principal of, premium, if any, and interest on this Bond are payable in lawful money of the United States of America. Interest due hereon shall be calculated on the basis of a 360-day year consisting of twelve 30-day months.

This Bond is subject to prepayment prior to maturity on the dates and at the prices as more fully described in Schedule "II" hereto.

This Bond is being issued in the principal amount \$25,000,000 to finance the costs of the Project of the Issuer under the authority of and in full compliance with the Constitution and Statutes of the State of Florida, including particularly Chapter 166, Part II Florida Statutes, as amended, Section 212.055, Florida Statutes, Chapter 218, Part VI, Florida Statutes, the municipal charter of the Issuer, and Resolution No. 17-65, duly adopted by the City Council of the Issuer on October 12, 2017 (the "Resolution"), and pursuant to a Loan Agreement between the Issuer and the Registered Owner, dated October 18, 2017 (the "Loan Agreement"), to which reference

should be made to ascertain those terms and conditions. The terms and provisions of the Loan Agreement and the Resolution, including, without limitation, the definitions therein, are hereby incorporated as a part of this Bond. The principal of this Bond shall be disbursed by the Registered Owner hereof to the Issuer in immediately available funds on the Date of Delivery in accordance with the Loan Agreement.

This Bond is payable from and secured solely by the Pledged Revenues, all in the manner provided in, and subject to the terms and conditions of, the Resolution and the Loan Agreement. This Bond shall not constitute a general obligation or indebtedness of the Issuer, but shall be a limited obligation of the Issuer payable solely from the Pledged Revenues as provided in the Loan Agreement. The Registered Owner hereof shall never have the right to compel the levy of taxes upon any property of or in the Issuer for the payment of the principal of and interest on this Bond. Reference is made to the Loan Agreement for the provisions relating to the security for payment of this Bond and the duties and obligations of the Issuer hereunder.

The Registered Owner may sue to protect and enforce any and all rights, including the right to specific performance, existing under the laws of the State of Florida, of the United States of America, or granted and contained in the Loan Agreement, and to enforce and compel the performance of all duties required by the Loan Agreement or by any applicable laws to be performed by the Issuer, the City Council or by any officer thereof, and may take all steps to enforce the Loan Agreement to the full extent permitted or authorized by the laws of the State of Florida or the United States of America.

This Bond is subject to all the terms of the Loan Agreement.

Ownership of this Bond may be transferred or assigned only as a whole and only upon the Register. Transfer of this Bond (i) shall be restricted to Permitted Lenders, (ii) is not permitted in the event the remaining principal amount outstanding thereof is less than \$100,000, and (iii) is subject to consent of the Issuer, which consent shall not be unreasonably withheld.

It is hereby certified and recited that all acts, conditions and things required by the Constitution and laws of the State of Florida to be performed, to exist and to happen precedent to and in the issuance of this Bond, have been performed, exist and have happened in regular and due form and time as so required.

[Remainder of page left intentionally blank]

IN WITNESS WHEREOF, the City of Pensacola, Florida, has issued this Bond and has caused the same to be executed by the manual signature of the Mayor, attested under seal by the City Clerk, approved as to content by the Chief Financial Officer, and designated legal in form and valid as drawn by the City Attorney, as of the Dated Date set forth above.

SCHEDULE II TO SERIES 2017 BOND
PREPAYMENT PROVISIONS

The Series 2017 Bond is subject to prepayment prior to maturity at the option of the Issuer, in whole or in part, upon not less than ten (10) days prior written notice to the Registered Owner. If the Issuer makes any prepayment of the outstanding principal amount of the Series 2017 Bond pursuant to this paragraph prior to October 18, 2027, the Issuer shall pay to the Registered Owner a prepayment fee equal to the quotient of (i) the product of (a) AYD, times (b) Average Principal, times (c) Percent Prepaid, times (d) Days Remaining, divided by (ii) 360.

Definitions:

“**AYD**” means the difference (but not less than zero) between: (i) the U.S. Treasury constant maturity yield, as reported in the H.15 Report for the date on which the Series 2017 Bond was issued, for a maturity that is the same as the term of the Series 2017 Bond upon issuance (rounded to the nearest whole number of 30-day months) or, if no such maturity is reported, an interpolated yield based on the reported maturity that is next shorter than, and the maturity reported that is next longer than, the term of the Series 2017 Bond upon issuance, and (ii) the U.S. Treasury constant maturity yield, as reported in the H.15 Report for the Prepayment Date for a maturity that is the same as the remaining term of the Series 2017 Bond at the Prepayment Date (rounded to the nearest whole number of 30-day months) or, if no such maturity is reported, then the interpolated yield using the method described in (i) above, but based on the remaining term of the Series 2017 Bond on the Prepayment Date. If the H.15 Report is not available for any day, then the H.15 Report for the immediately preceding day on which yields were last reported will be used.

“**H.15 Report**” means the Federal Reserve Board’s Statistical Release H.15, “Selected Interest Rates”. Weekly releases of, and daily updates to, H.15 Reports generally are available at the Federal Reserve Board’s website, www.federalreserve.gov. If the H.15 Report is replaced or otherwise unavailable, the Registered Owner may designate the replacement report or another report reasonably comparable to the H.15 Report, which shall be used in place of the H.15 Report.

“**Average Principal**” means the simple average of (i) the principal balance on the Prepayment Date, and (ii) the principal balance scheduled, as of the Prepayment Date (taking into account any prior prepayments), but for the prepayment, to be due at the maturity date of the Series 2017 Bond (plus any accrued and unpaid fees or other sums owed under the Resolution or the Series 2017 Bond).

“**Percent Prepaid**” means the percentage determined by dividing the principal amount of the Series 2017 Bond being prepaid by the principal balance outstanding on the Prepayment Date.

“Days Remaining” means the number of days (assuming a convention of twelve 30-day months per year) from the Prepayment Date through the maturity date of the Series 2017 Bond.

“Prepayment Date” means the date on which Registered Owner receives the prepayment.

Prepayment in full shall consist of payment of the remaining principal amount outstanding, together with all accrued and unpaid interest and all other amounts, costs and expenses for which the Issuer is responsible under the Resolution or Series 2017 Bond. Prepayment in part shall consist of payment of any portion of the remaining principal amount outstanding. So long as the Lender is the Registered Owner of the Series 2017 Bond and unless otherwise agreed to by the Lender in writing and provided that the Issuer is current on all amounts due under the Resolution and Series 2017 Bond, payments applied to the repayment of the Series 2017 Bond before Lender’s creation of a billing statement for the next payment due will be applied entirely to principal, and payments applied to the repayment of the Series 2017 Bond after the creation of such billing statement will be applied according to that billing statement. Unless otherwise agreed by the Lender in writing and provided that the Issuer is current on all amounts due, payments applied to the replacement of the Series 2017 Bond before Lender’s creation of a billing statement for the next payment due shall not relieve the Issuer of the Issuer’s obligation to continue making, uninterrupted, payments under the Series 2017 Bond. Except for billing statements requested by the Issuer in writing, billing statements presented to the Issuer more than 30 days or less than 10 days prior to a scheduled payment date on the Series 2017 Bond shall be of no force or effect. The Issuer agrees not to send any prepayments marked “paid in full”, “without recourse”, or similar language. If the Issuer sends such a payment, the Registered Owner may accept it without losing any of its rights under the Series 2017 Bond, and the Issuer will remain obligated to pay any further amounts owed or that may become owed to the Owner. So long as the Lender is the Registered Owner of the Series 2017 Bond, all written communications concerning disputed amounts, including any check or other payment instrument that indicates that the payment constitutes “payment in full” of the amount owed or that is tendered with other conditions or limitations or as full satisfaction of a disputed amount, must be mailed or delivered to: Compass Bank, PO Box 3096, Birmingham AL 35202.

EXHIBIT B

FORM OF LENDER'S CERTIFICATE

We certify that the following are true and correct in relation to the loan by Compass Mortgage Corporation (the "Lender") of \$25,000,000 evidenced by the Infrastructure Sales Surtax Revenue Bond, Series 2017 (the "Bond") dated October 18, 2017, and issued by the City of Pensacola, Florida (the "Issuer") pursuant to Resolution No. 17-65, duly adopted by the Issuer on October 12, 2017 (the "Resolution"). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto by the Resolution or in the Loan Agreement dated as of the date hereof (the "Loan Agreement"), between the Lender and the Issuer.

1. The Lender is an "accredited investor" within the meaning of Regulation D under the Securities Act of 1933 (the "1933 Act") or a "qualified institutional buyer" (as defined under Rule 144A of the 1933 Act).

2. The Lender is a corporation that is engaged as a regular part of its business in making loans.

3. The Lender has made its own inquiry and analysis with respect to the Issuer, the Bond and the security therefor, and other material factors affecting the security for and payment of the Bond.

4. The Lender has received the financial information requested by the Lender from the Issuer in connection with the Bond and has been afforded the opportunity to examine such documents and receive such written information concerning the terms and conditions of the Bond and the financial condition and creditworthiness of the Issuer as the Lender has deemed necessary to receive in connection with determining whether to make the loan evidenced by the Bond.

5. The Lender has not relied upon any representations made by any officials of the Issuer, its agents, employees, counsel or representatives, in reaching its decision to make the loan evidenced by the Bond, other than the certificates, opinions, resolutions, or other documents executed in relation to the delivery to the Lender of the Bond, but has relied solely upon the documentation referred to in this and the preceding paragraph.

6. The Lender understands that (i) the loan is evidenced by the Bond, (ii) there is only one Bond and the aggregate principal amount of the Bond is the Principal Amount set forth on such Bond, (iii) the Bond may not be transferred except in whole, and (iv) any transfer (A) must be to a Permitted Lender, (B) is not permitted in the event the remaining principal amount outstanding of the Bond is less than \$100,000, and (C) is subject to consent of the Issuer, which consent shall not be unreasonably withheld.

“Permitted Lender” means any bank, trust company, savings institution, insurance company, dealer, investment company or qualified institutional buyer as contemplated by Section 517.061(7), Florida Statutes, that is engaged as a regular part of its business in making loans and is authorized to do business in the State of Florida.

7. The Lender is not acting as a broker or other intermediary and is acquiring the Bond, as evidence of a privately negotiated loan, from its own capital for its own accounts and not with a view to the resale or other distribution of all or any part thereof or any interest therein to others.

8. The Lender acknowledges that it is permitted to transfer the Bond only upon compliance with the requirements of the Resolution, the Loan Agreement and the Bond.

9. The interest rate established for the Bond was established at arms length between the Lender and the Issuer.

10. The Lender further represents, warrants and covenants that:

(i) it is not funding the loan represented by the Bond for the direct or indirect promotion of any scheme or enterprise with the intent of violating or evading any provision of Chapter 517, Florida Statutes;

(ii) it understands that no CUSIP will be obtained with respect thereto; and

(iii) it understands the Bond carries no rating from any credit rating agency.

This letter is furnished by us as Lender based solely on our knowledge on the day hereof and is solely for the benefit of the Issuer and Bryant Miller Olive P.A., as Bond Counsel for the Issuer, and may not be relied upon by or published or communicated to, any other person without our express written consent. The Lender disclaims any obligation to supplement this letter to reflect any facts or circumstances that may hereafter come to the Lender’s attention.

FORM OF DISCLOSURE LETTER

The undersigned, as Lender, proposes to negotiate with the City of Pensacola, Florida (the "Issuer") for the private purchase of its \$25,000,000 Infrastructure Sales Surtax Revenue Bond, Series 2017 ("Series 2017 Bond") pursuant to Resolution No. 17-65, duly adopted by the Issuer on October 12, 2017 (the "Resolution"). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto by the Resolution or in the Loan Agreement dated as of the date hereof (the "Loan Agreement"), between the Lender and the Issuer. Prior to the award of the Series 2017 Bond, the following information is hereby furnished to the Issuer:

1. Set forth is an itemized list of the nature and estimated amounts of expenses to be incurred for services rendered to us (the "Lender") in connection with the issuance of the Series 2017 Bond (such fees and expenses to be paid by the Issuer):

\$5,000
Burr & Forman LLP
Legal Fees

2. (a) No other fee, bonus or other compensation is estimated to be paid by the Lender in connection with the issuance of the Series 2017 Bond to any person not regularly employed or retained by the Lender (including any "finder" as defined in Section 218.386(1)(a), Florida Statutes), except as specifically enumerated as expenses to be incurred by the Lender, as set forth in paragraph (1) above.

(b) No person has entered into an understanding with the Lender, or to the knowledge of the Lender, with the Issuer, for any paid or promised compensation or valuable consideration, directly or indirectly, expressly or implied, to act solely as an intermediary between the Issuer and the Lender or to exercise or attempt to exercise any influence to effect any transaction in the purchase of the Series 2017 Bond.

3. The amount of the underwriting spread expected to be realized by the Lender is \$0.

4. The management fee to be charged by the Lender is \$0.

5. Truth-in-Bonding Statement:

The Series 2017 Bond is being issued primarily to finance the cost of the Project and reimburse the Issuer for any Project Costs, as defined in the Loan Agreement. Unless earlier prepaid, the Series 2017 Bond is expected to be repaid by October 1, 2028. At a fixed interest rate of 2.15%, total interest paid over the life of the Series 2017 Bond is \$3,324,382 and issuance

of the Series 2017 Bond will result in maximum of approximately \$2,586,575.50 of annual revenues of the Issuer not being available to finance other services of the Issuer during the life of the Series 2017 Bond.

6. The name and address of the Lender is as follows:

Compass Bank
5055 Bayou Boulevard
Pensacola, Florida 32503

IN WITNESS WHEREOF, the undersigned has executed this Disclosure Letter on behalf of the Lender this 18th day of October, 2017.

SUPPLEMENTAL BUDGET RESOLUTION NO. 17-68 - APPROPRIATING FUNDING IN CONNECTION WITH THE INFRASTRUCTURE SALES SURTAX REVENUE BOND, SERIES 2017.

RECOMMENDATION:

That City Council adopt Supplemental Budget Resolution No. 17-68.

A RESOLUTION AUTHORIZING AND MAKING REVISIONS AND APPROPRIATIONS FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2018; PROVIDING FOR AN EFFECTIVE DATE

HEARING REQUIRED: No Hearing Required

SUMMARY:

On August 21, 2014, the Board of County Commissioners of the County enacted Ordinance No. 2014-32 authorizing the County to levy a one percent infrastructure sales surtax for a period commencing January 1, 2018 and concluding December 31, 2028 (referred to as LOST series IV), and provided that the distribution of the proceeds of the surtax to the incorporated municipalities of the County shall be as set forth in Section 218.62, Florida Statutes. Such levy was approved by referendum of the County's electorate on November 4, 2014.

On February 11, 2016, City Council approved Resolution 01-16 establishing its intent to reimburse certain capital expenditures incurred in connection with various capital projects eligible to be financed from the local government infrastructure surtax with proceeds of a future tax exempt financing.

On September 20, 2017, City Council approved Resolution 17-63 adopting a final budget for fiscal year beginning October 1, 2017. As part of the fiscal year 2018 budget, the LOST Series IV plan was amended and approved. In order to provide funding for the projects over the next thirty-six (36) months, in addition to projected revenues, \$25 million is projected to be needed.

Request for Proposals for Non-Bank Qualified Tax-Exempt Bank Loans were sent to thirteen (13) banks. Five (5) proposals were received. The City's Financial Advisor, Mitch Owens with RBC Capital Markets,

recommended BBVA Compass Bank as the best response with a fixed rate of 2.15% and \$5,000 in bank fees.

The loan will be an eleven (11) year financing at a fixed interest rate of 2.15%. Interest will be paid semi-annually on October 1 and April 1 of each year commencing on April 1, 2018 and principal payments will be paid annually on October 1 commencing on October 1, 2018 and maturing on October 1, 2028. The pledged revenues will be the local government infrastructure surtax.

The financing team consists of Mitch Owens, the City's Financial Advisor with RBC Capital Markets, LLC and Randy Clement, Esq., with Bryant Miller Olive, the City's Bond Counsel.

RESOLUTION NO. 17-70 - IN SUPPORT OF ACCESS AND USE OF PROPERTY ASSESSED CLEAN ENERGY (PACE) FINANCING WITHIN THE CITY OF PENSACOLA

RECOMMENDATION:

That City Council adopt Resolution 17-70.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PENSACOLA, FLORIDA, ADOPTING A PROPERTY ASSESSED CLEAN ENERGY (“PACE”) PROGRAM WITHIN THE CITY OF PENSACOLA AND JOINING THE FLORIDA GREEN FINANCE AUTHORITY, FLORIDA PACE FUNDING AGENCY, GREEN CORRIDOR AND FLORIDA RESILIENCY AND ENERGY DISTRICT IN ACCORDANCE WITH SECTION 163.08, FLORIDA STATUTES; AUTHORIZING THE MAYOR OF THE CITY OF PENSACOLA TO EXECUTE AGREEMENTS WITH THE FLORIDA GREEN FINANCE AUTHORITY, FLORIDA PACE FUNDING AGENCY, GREEN CORRIDOR AND FLORIDA RESILIENCY AND ENERGY DISTRICT FOR ADMINISTRATION OF THE PACE PROGRAM WITHIN THE CITY OF PENSACOLA; PROVIDING AN EFFECTIVE DATE; AND FOR OTHER PURPOSES.

HEARING REQUIRED: No Hearing Required

SUMMARY:

In 2010, the Florida Legislature adopted HB 7179 (Section 163.08, F.S.) (the “Bill”), which allows local governments to create Property Assessed Clean Energy (“PACE”) programs in order to provide the upfront private sector financing for energy conservation and efficiency, renewable energy, wind resistance and other improvements that are not inconsistent with the state law (“Qualifying Improvements”). Section 163.08(4), F.S. permits local governments to offer PACE programs subject to adoption of a Resolution.

The Florida Green Finance Authority (“Authority”), Florida PACE Funding Agency, Green Corridor, and Florida Resiliency and Energy District (“FRED”) are separate legal entities and units of government within the State of Florida which were established by separate interlocal agreements for the express purpose of providing a scalable and uniform platform to facilitate the financing of Qualifying Improvements.

By executing the Non-Exclusive Party Agreements attached, the City of Pensacola is providing private access to financial lending for residential and commercial energy efficiency improvements, installation of renewable energy sources and wind resistance improvements on existing structures. The improvements will provide significant progress towards increased energy conservation and protection of properties in the City of Pensacola. PACE programs assist residents and business owners in reducing their carbon footprint and energy costs and stimulate the local economy by creating construction and manufacturing jobs for both commercial and residential property installations.

NON-EXCLUSIVE INTERLOCAL SUBSCRIPTION AGREEMENT RELATING TO THE FUNDING AND FINANCING OF QUALIFYING IMPROVEMENTS BY THE FLORIDA PACE FUNDING AGENCY

THIS NON-EXCLUSIVE INTERLOCAL SUBSCRIPTION AGREEMENT is made and entered into as of _____, 2017 (this "Subscription Agreement"), by and between the City of Pensacola, Florida (the "Subscriber"), and the Florida PACE Funding Agency, a separate legal entity and public body and unit of local government, established pursuant to Section 163.01(7)(g), Florida Statutes, (the "Agency"), by and through their respective governing bodies. The purpose of the Subscription Agreement is to secure, in an efficient and uniform manner, for the Property Owners (as hereinafter defined) within the jurisdiction and boundaries of the Subscriber the privileges, benefits, powers and terms provided for herein and by law, and particularly by Section 163.08, Florida Statutes, as amended (the "Supplemental Act"), relating to the voluntary determination by affected property owners to obtain and finance certain improvements to property for energy efficiency, renewable energy or wind resistance.

WITNESSETH:

NOW, THEREFORE, in consideration of the mutual covenants herein contained and for other good and valuable consideration each to the other, receipt of which is hereby acknowledged by each party, the Subscriber and the Agency hereby agree, stipulate and covenant as follows:

ARTICLE I DEFINITIONS AND CONSTRUCTION

SECTION 1.01. DEFINITIONS. As used in this Agreement, the following terms shall have the meanings as defined unless the context requires otherwise:

"Board of Directors" means the governing body of the Agency.

"Agency Charter Agreement" or "Charter" means, unless the context otherwise requires, the separate interlocal agreement which created and established the Agency, including any amendments and supplements hereto executed and delivered in accordance with the terms thereof.

"Financing Agreement" means the agreement authorized hereunder and by the Act (specifically including section 163.08(4) thereof) between the Agency and a Property Owner providing for the funding to finance Qualifying Improvements and the imposition of a non-ad valorem Special Assessment against the Property Owner's assessed property.

“Financing Documents” shall mean the resolution or resolutions duly adopted by the Agency, as well as any indenture of trust, trust agreement, interlocal agreement or other instrument relating to the issuance or security of any bond or Obligations of the Agency and any agreement between the Agency and the Subscriber, pursuant to which the Subscriber and Property Owners obtain access to funds provided by the Agency.

“Obligations” shall mean a series of bonds, obligations or other evidence of indebtedness, including, but not limited to, notes, commercial paper, certificates or any other obligations of the Agency issued hereunder or pursuant hereto, or under any general law provisions, and pursuant to the Financing Documents. The term shall also include any lawful obligation committed to by the Agency or pursuant to an interlocal agreement with another governmental body or agency and/or warrants issued for services rendered or administrative expenses.

“Program” means the program operated by the Agency to provide financing for Qualifying Improvements undertaken within the jurisdiction of the Subscriber. Unless determined otherwise by the Subscriber, the Agency’s Program will be non-exclusive; and, the Subscriber may embrace or authorize any similar program under the Act as the Subscriber sees fit and in the interest of the public.

"Property Owner" means, collectively, all of the record owners of real property subject to a Financing Agreement.

“Qualifying Improvements” means those improvements for energy efficiency, renewable energy, or wind resistance described in the Supplemental Act authorized to be affixed and/or installed by the record owner of an affected property. The term does not include similar improvements underwritten or financed by local, state or federal programs including, but not limited to State Housing Initiatives Partnership or SHIP Program, which are not secured by a special or non-ad valorem assessment.

“Special Assessments” means the non-ad valorem assessments authorized by the Supplemental Act and levied by the Agency on property owned by participating property owner who has entered into a Financing Agreement with the Agency to fund the costs of Qualifying Improvements.

SECTION 1.02 CONSTRUCTION.

(A) Words importing the singular number shall include the plural in each case and vice versa, and words importing persons shall include firms and corporations. The terms “herein,” “hereunder,” “hereby,” “hereto,” “hereof,” and any similar terms, shall refer to this Subscription Agreement; the term “heretofore” shall mean before the date this Subscription Agreement is executed; and the term “hereafter” shall mean after the date this Subscription Agreement is executed.

(B) Each recital, covenant, agreement, representation and warranty made by a party herein shall be deemed to have been material and to have been relied on by the other party to this Subscription Agreement. Both parties have independently reviewed this Subscription Agreement with their own counsel and covenant that the provisions hereof shall not be construed for or against either the Subscriber or the Agency by reason of authorship.

SECTION 1.03. SECTION HEADINGS. Any headings preceding the texts of the several Articles and Sections of this Subscription Agreement and any table of contents or marginal notes appended to copies hereof shall be solely for convenience of reference and shall neither constitute a part of this Subscription Agreement nor affect its meaning, construction or effect.

SECTION 1.04. FINDINGS. It is hereby ascertained, determined and declared that:

(A) The State has declared it the public policy of the State to develop energy management programs aimed at promoting energy conservation and wind resistance or 'hardening' programs achieving hurricane and wind damage mitigation.

(B) The State Legislature has determined there is a compelling state interest in enabling property owners to voluntarily finance Qualifying Improvements with local government assistance. The actions authorized by the Supplemental Act, including the financing of Qualifying Improvements through the execution of Financing Agreements and the related imposition of a Special Assessment, are reasonable and are necessary for the prosperity and welfare of the State, the Subscriber and its property owners and inhabitants.

(C) The Agency has secured a binding final judgment, binding and only advantageous to the Agency, which has statewide effect. Such judgment carefully relieves the Subscriber from cost and liability associated with implementation of the Agency's Program.

(D) The Agency has provided evidence to the Subscriber that: (1) the Agency's Program has assembled, at the Agency's sole cost and expense, open public governance and oversight, staffing in the form of qualified third-party administration, active funding provider servicing oversight, dedicated Program counsel, and an independent institutional trustee, (2) that the Agency is immediately ready to commence origination of Special Assessments for Qualifying Improvements, and (3) that the Agency presently has large scale funding in place and available under an executed bond purchase agreement and trust indenture.

(E) The availability of the non-exclusive Program offered by the Agency (without cost to, assumption of liability by or demand upon the credit of the Subscriber) and the voluntary participation in the Program by Property Owners will provide an alternative financing option to finance and repay the costs to provide and install Qualifying Improvements.

(F) This Agreement provides an alternative, supplemental and non-exclusive means to achieve, inter alia, immediate and careful local economic development, commerce and job creation, as well as the compelling State interests and public purposes described in the Supplemental Act.

ARTICLE II
SUBSCRIPTION

SECTION 2.01. AUTHORITY.

(A) The execution hereof has been duly authorized by the resolution of the governing bodies of each party hereto.

(B) The Agency by this Subscription Agreement is hereby authorized to act to provide its services, and conduct its affairs, within the boundaries of the Subscriber's jurisdiction.

(C) The execution of this Subscription Agreement evidences the express authority and concurrent transfer of all necessary powers to the Agency, and the covenant to reasonably cooperate by the Subscriber, so that the Agency may facilitate, administer, implement and provide Qualifying Improvements, facilitate Financing Agreements and non-ad valorem assessments only on properties subjected to same by the record owners thereof, develop markets, structures and procedures to finance same, and to take any actions associated therewith or necessarily resulting there from, as contemplated by the Supplemental Act as the same may be amended from time to time.

(D) By resolution of the governing bodies of each of the parties and as implemented pursuant by this Subscription Agreement, all power and authority available to the Agency under its Charter and general law, including without limitation, Chapters 163, 189 and 197, Florida Statutes, shall be deemed to be authorized and may be implemented by the Agency within the boundaries of the Subscriber.

(E) This Subscription Agreement may be amended only by written amendment hereto.

SECTION 2.02. CREATION OF STATE, COUNTY OR MUNICIPAL DEBTS PROHIBITED. The Agency shall not be empowered or authorized in any manner to create a debt as against the State, county, or any municipality, and may not pledge the full faith and credit of the State, any county, or any municipality. All revenue bonds or debt obligations of the Agency shall contain on the face thereof a statement to the effect that the State, county or any municipality shall not be obligated to pay the same or the interest and that they are only payable from Agency revenues or the portion thereof for which they are issued and that neither the full faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such bonds. The issuance of revenue or refunding bonds under the provisions of law, the Charter Agreement, or this Subscription Agreement shall not directly or indirectly or contingently obligate the State, or any county or municipality to levy or to pledge any form of ad valorem taxation whatever therefore or to make any appropriation for their payment.

SECTION 2.03. ADOPTION OF RATES, FEES AND CHARGES.

(A) The Board of Directors may adopt from time to time by resolution such rates, fees or other charges for the provision of the services of the Agency to be paid by the record owner of any property, pursuant to a Financing Agreement described in the Supplemental Act.

(B) Such rates, fees and charges shall be adopted and revised so as to provide moneys, which, with other funds available for such purposes, shall be at least sufficient at all times to pay the expenses of administering, managing, and providing for the services and administration of the activities of the Agency, to pay costs and expenses provided for by law or the Charter Agreement and the Financing Documents, and to pay the principal and interest on the Obligations as the same shall become due and reserves therefore, and to provide for necessary administration and reasonable margin of safety over and above the total amount of such payments. Notwithstanding any other provision in the Charter Agreement or this Subscription Agreement, such rates, fees and charges shall always be sufficient to comply fully with any covenants contained in the Financing Documents.

(C) Such rates, fees and charges may vary from jurisdiction to jurisdiction, but shall be just and equitable and uniform at the time of imposition for the record owners in the same class of or within each subscribing local governmental jurisdiction electing to enter into any Financing Agreement described in the Supplemental Act and may be based upon or computed upon any factor (including, by way of example and not limitation, competitive or market conditions, distinguishing between residential and non-residential properties or uses, distinguishing between variable costs of administrative services over time) or combination of factors affecting the demand or cost of the services furnished or provided to administer the services and affairs of the Agency as may be determined by the Board of Directors from time to time.

(D) Notwithstanding anything in this Subscription Agreement to the contrary, the Agency may establish a general fund and/or performance assurance account into which moneys may be deposited from an annual surcharge upon the Special Assessments imposed, pledged to or collected by the Agency. Any moneys deposited to such general fund account from such a surcharge shall be considered legally available for any lawful purpose approved by the Board of Directors. Moneys in such general fund and/or performance assurance account may be used to pay for or reimburse initial costs and expenses advanced or associated with start-up costs, feasibility studies, economic analysis, financial advisory services, program development or implementation costs or enhancements, public education, energy audits, administration, quality control, vendor procurement, and any other purpose associated with the purpose or mission of the Agency approved by the Board of Directors.

SECTION 2.04. FINANCING AGREEMENTS.

(A) The Agency shall prepare and provide to each participating property owner the form of the Financing Agreement which complies with the Supplemental Act and is in accordance with the Financing Documents as designated by the Board of Directors from time to time.

(B) The Agency, not the Subscriber, shall be solely responsible for all matters associated with origination, funding, financing, collection and administration of each of the Agency's authorized non-ad valorem assessments.

SECTION 2.05. IMPOSITION OF SPECIAL ASSESSMENTS PURSUANT TO FINANCING AGREEMENTS.

(A) Upon execution by the record owners and the Agency, the Financing Agreement or a summary or memorandum thereof shall be recorded by the Agency within five (5) days of execution as required by Section 163.08(8), Florida Statutes. The recorded Financing Agreement, or summary or memorandum thereof, provides constructive notice that the non-ad valorem assessment to be levied on the subject property constitutes a lien of equal dignity to ad valorem taxes and assessments from the date of recordation.

(B) In a reasonably cooperative and uniform manner the Agency is authorized to and shall provide a digital copy to the property appraiser or tax collector of the recorded Financing Agreement or summary thereof, the most recent property identification number and annual amount of the non-ad valorem assessment along with such other efficient and reasonable information necessary for the tax collector to collect such amounts on behalf of the Agency pursuant to Sections 197.3632 and 163.08, Florida Statutes, as a non-ad valorem assessment.

SECTION 2.06. COLLECTION OF SPECIAL ASSESSMENTS.

(A) The Agency shall be solely responsible for professionally coordinating all interface with the tax collector or property appraiser, and minimize to the greatest extent reasonably possible the time, effort and attention of these public officials to accomplish the public purposes and direction of the Supplemental Act subscribed to by the Subscriber. Subscriber hereby respectfully requests and encourages the tax collector or property appraiser to only impose, charge, or deduct the minimum amount allowed by general law for the collection or handling of the Special Assessments which are the subject of this Subscription Agreement.

(B) To advance Program acceptance and to minimize Program participation costs, and because each Property Owner is voluntarily undertaking to achieve and underwrite the unique and compelling State interests described in the Supplemental Act, the Subscriber urges either the waiver of such fees by the tax collector and property appraiser or a flat five dollar (\$5) fee per year per tax parcel for such purposes which shall be paid by the Agency via deduction, by the institutional trustee required by the Financing Documents, or as otherwise reasonably agreed to by the Agency and these parties.

SECTION 2.07. PLEDGE OF PROCEEDS FROM NON AD VALOREM ASSESSMENTS.

(A) The Agency will take such actions as are necessary for the lawful levy of the Special Assessments against all lands and properties specially benefitted by the acquisition, construction and financing of Qualifying Improvements. If any assessment made with respect to any property shall be either in whole or in part annulled, vacated or set aside by the judgment of any court, or if the Agency or Subscriber shall be satisfied that any such assessment is so irregular or defective

that the same cannot be enforced or collected, the Agency is authorized to take all necessary steps to cause a new assessment to be made for the whole or any part of any Qualifying Improvements or against any property specially benefitted by such improvement, to the extent and in the manner provided by law.

(B) Pursuant to the Financing Documents and this Subscription Agreement, the Agency shall irrevocably pledge and, to the fullest extent permitted by law, pledge and assign any and all revenues derived from Special Assessments to the repayment of any debt obligation issued by the Agency pursuant to the Financing Documents.

(C) The Subscriber shall not incur or ever be requested to authorize any obligations secured by Special Assessments associated with Qualifying Improvements imposed by the Agency.

(D) Each series of Financing Documents shall be secured forthwith equally and ratably by a pledge of and lien upon the Special Assessments. The obligations of the Agency under and pursuant to the Financing Documents shall not be or constitute general obligations or an indebtedness of the Subscriber as "bonds" within the meaning of the Constitution of Florida, but shall be payable from and secured solely by a lien upon and pledge of the Special Assessments as provided herein. Neither the Agency nor any holder of any debt obligation issued by the Agency pursuant to the Financing Documents shall ever have the right to compel the exercise of the ad valorem taxing power of the Subscriber or taxation in any form of property therein to pay any amount due under any Financing Documents or any Special Assessment. The Financing Documents shall not constitute a lien upon any property of or in the Subscriber except as to the respective Special Assessments in the manner provided herein and by law.

SECTION 2.08. CARBON OR SIMILAR CREDITS. The form of Financing Agreement in each instance shall provide for the transfer of any carbon or similar mitigation credits derived from Qualifying Improvements to the Agency, with such revenues therefrom, if any ever materialize, to be used by the Agency to underwrite generally its operation, mission and purpose. By execution hereof any such interest in mitigation credits shall be assigned by the Subscriber to the Agency without any future action by the parties. Provided, however, the Subscriber shall upon request from time to time execute and deliver all such documents as may be reasonably required to further evidence the assignment and transfer of such interests to the Agency. Such credits expressly exclude investment tax credits available under the Internal Revenue Code or monetary rebates available to the Property Owner.

ARTICLE III GENERAL PROVISIONS

SECTION 3.01. INTERLOCAL AGREEMENT PROVISIONS. This Subscription Agreement constitutes a joint exercise of power, privilege or authority by and between the Subscriber and the Agency and shall be deemed to be an "interlocal agreement" within the meaning of the Florida Interlocal Cooperation Act of 1969, as amended. This Subscription

Agreement shall be filed by the Agency with the Clerk of the Circuit Court of the county in which the Subscriber is located.

SECTION 3.02. DISCLOSURE.

(A) The Agency has provided a copy of (1) the Supplemental Act, (2) the Agency's Charter Agreement, (3) the Final Judgment in Fla. PACE Funding Agency v. State, No. 2011-CA-1824 (Fla. 2d Cir. Ct. 2011), and (4) other relevant disclosure information and background materials to the Subscriber prior to execution hereof. Subscriber, through its own staff and advisors, has independently reviewed and considered the foregoing and other relevant information of its choosing.

(B) The objective of the Agency's mission is to offer a uniform, standardized and scalable approach that provides efficiencies and economies of scale intended to attract voluntary financing of Qualifying Improvements and stimulate a substantial and meaningful flow of private sector economic activity and new job creation. In doing so, each subscribing local government by entering into a subscription agreement of this nature authorizes the availability of the Agency's uniform program to property owners in the subscribing jurisdiction. Accordingly, the Agency has engaged, and may engage in the future, various advisors, consultants, attorneys or other professionals or firms with recognized expertise necessary to accomplish the Agency's mission.

(C) Each of the various advisors, consultants, attorneys or other professionals engaged by the Agency has been, and shall in the future be, disclosed to the Subscriber. The Subscriber and Agency recognize, consider and acknowledge the fact or possibility that one or more of the various professionals or firms may serve as the advisor to the Agency in its mission, and to the Subscriber or another client in providing other similar professional services, outside of the provision, funding and financing of Qualifying Improvements. Such circumstance is acceptable and will not be construed as a conflict, be objected to unreasonably, nor be used as the basis for its disqualification of such professionals or firms from any continued or future representation of either party hereto which can otherwise be resolved by a reasonable waiver.

SECTION 3.03. TERM OF AGREEMENT; DURATION OF AGREEMENT; EXCLUSIVITY.

(A) This Subscription Agreement shall commence as of the date first above written, and shall remain in effect until terminated as herein provided. Either party (the "non-breaching party") may terminate this Subscription Agreement by providing the other party (the "breaching party") 10 days prior written notice ("Termination Notice") in the event the breaching party breaches this Subscription Agreement and such breach is not cured to the reasonable satisfaction of the non-breaching party within a reasonable period of time following notice of such breach. Beginning on the date the Agency receives from, or gives to, the Subscriber a Termination Notice ("Termination Date"), the Agency shall not approve any new applications affecting property within the legal boundaries of the Subscriber. Provided, however either party may unilaterally terminate this Agreement prior to any Financing Agreements being executed or, if earlier, the

issuance of any Obligations of the Agency secured by pledged revenues derived from within the jurisdiction or boundaries of the Subscriber.

(B) In the event of any termination hereunder, and so long as the Agency has Obligations outstanding which are secured by pledged revenues derived from Financing Agreements relating to any properties within the jurisdiction or boundaries of the Subscriber, or the Agency has projects for Qualified Improvements underway therein, the applicable provisions, authority and responsibility under this Agreement reasonably necessary to carry out the remaining aspects of the Program and responsibilities of Agency then underway, shall remain in effect and survive such termination until such time as those obligations and all associated remaining Program responsibilities are fulfilled (including, but not limited to the collection of assessments in due course).

SECTION 3.04. AMENDMENTS AND WAIVERS.

(A) Except as otherwise provided herein, no amendment, supplement, modification or waiver of this Subscription Agreement shall be binding unless executed in writing by the Subscriber and Agency.

(B) To the extent the Agency has no outstanding bonds, Obligations or other evidence of indebtedness, this Subscription Agreement may be amended or modified or provisions hereto waived upon the written consent of all parties hereto.

(C) To the extent the Agency has outstanding bonds, Obligations or other evidence of indebtedness arising from Financing Agreements relating to properties within the jurisdiction or boundaries of the Subscriber, this Subscription Agreement may not be amended or modified in any way that is materially adverse to holders of such bonds, Obligations or other evidence of indebtedness without the consent in writing of the holders of at least two-thirds (2/3) or more in principal amount of such bonds, Obligations or other evidence of indebtedness (exclusive of any warrants issued by the Agency) then outstanding, or any insurer duly authorized to provide such consent on behalf of such holders.

SECTION 3.05. NOTICES.

(A) All notices, certificates or other communications hereunder shall be sufficiently given and shall be deemed given when hand delivered (or confirmed electronic facsimile transmission) or mailed by registered or certified mail, postage prepaid, or sent by nationally recognized overnight courier (with delivery instructions for “next business day” service) to the parties at the following addresses:

Subscriber:

City of Pensacola

With a copy to:

Agency:

Executive Director
Florida PACE Funding Agency

101 North Church Street, Fifth Floor
Kissimmee, Florida 34741

With a copy to:

Program Counsel for the Florida PACE Funding Agency
P.O. Box 14043
Tallahassee, Florida 32317-4043

(B) Any of the parties may, by notice in writing given to the other, designate any further or different addresses to which subsequent notices, certificates or other communications shall be sent. Any notice shall be deemed given on the date such notice is delivered by hand (or confirmed electronic facsimile transmission) or three days after the date mailed.

SECTION 3.06. QUALITY CONTROL AND COMMUNICATION. For quality control purposes the Agency and Subscriber desire, and the Agency covenants to develop, implement and employ policies, systems and procedures which are within industry standards; with such standards being reasonably expected to change and evolve over time. An ongoing positive and informal line of communication between staff and agents for the parties is encouraged. At any time, notwithstanding lack of default or lack of material breach hereunder, the Subscriber is encouraged to objectively and specifically communicate to the Agency in writing as provided for herein any concerns, suggestions or disapproval with performance, policies, systems or procedures being employed by the Agency. The Agency through its administrator, Executive Director, or a duly authorized designee, will promptly respond in writing to all such communications (reasonably within fifteen (15) days of receipt of any such written communication, but sooner if necessary) and follow-up accordingly; and, also promptly communicate any such response, follow-up, and all related communication to the Board of Directors for review.

SECTION 3.07. IMMUNITY; LIMITED LIABILITY.

(A) All of the privileges and immunities from liability and exemptions from laws, ordinances and rules which apply to the activity of officials, officers, agents or employees of the parties shall apply to the officials, officers, agents or employees thereof when performing their respective functions and duties under the provisions of this Subscription Agreement.

(B) The Subscriber and Agency are and shall be subject to Sections 768.28 and 163.01(9)(c), Florida Statutes, and any other provisions of Florida law governing sovereign immunity. Pursuant to Section 163.01(5)(o), Florida Statutes, and this covenant of the parties hereto, the local governments who are either or both the incorporators or members of the Agency shall not be held jointly liable for the torts of the officers or employees of the Agency, or any other tort attributable to the Agency, and that the Agency alone shall be liable for any torts attributable to it or for torts of its officers, employees or agents, and then only to the extent of the waiver of sovereign immunity or limitation of liability as specified in Section 768.28, Florida Statutes. The Subscriber and Agency acknowledge and agree that the Agency shall have all of the privileges and immunities from liability and exemptions from laws, ordinances, rules and common law which apply to the municipalities and counties of the State. Nothing in this Subscription Agreement is intended to inure to the benefit of any third-party for the purpose of allowing any claim, which would otherwise be barred under the doctrine of sovereign immunity or by operation of law.

(C) Neither the Subscriber, nor the local governments who are either or both the incorporators or members of the Agency, nor any subsequently subscribing or participating local government in the affairs of the Agency shall in any manner be obligated to pay any debts, obligations or liabilities arising as a result of any actions of the Agency, the Board of Directors or any other agents, employees, officers or officials of the Agency, except to the extent otherwise mutually and expressly agreed upon, and neither the Agency, the Board of Directors or any other agents, employees, officers or officials of the Agency have any authority or power to otherwise obligate either the Subscriber, the local governments who are either or both the incorporators or members of the Agency, nor any subsequently subscribing or participating local government in the affairs of the Agency in any manner.

SECTION 3.08. BINDING EFFECT. This Subscription Agreement shall be binding upon the parties, their respective successors and assigns and shall inure to the benefit of the parties, their respective successors and assigns.

SECTION 3.09. SEVERABILITY In the event any provision of this Subscription Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

SECTION 3.10. EXECUTION IN COUNTERPARTS. This Subscription Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

SECTION 3.11. APPLICABLE LAW. The exclusive venue of any legal or equitable action that arises out of or relates to this Subscription Agreement shall be the

appropriate state court in Leon County. In any such action, Florida law shall apply and the parties waive any right to jury trial.

SECTION 3.12. ENTIRE AGREEMENT. This Subscription Agreement constitutes the entire agreement among the parties pertaining to the subject matter hereof, and supersedes all prior and contemporaneous agreements, understandings, negotiations and discussions of the parties, whether oral or written, and there are no warranties, representations or other agreements among the parties in connection with the subject matter hereof, except as specifically set forth herein.

MEMBERSHIP AGREEMENT BETWEEN THE GREEN CORRIDOR PROPERTY ASSESSMENT CLEAN ENERGY (PACE) DISTRICT AND THE CITY OF PENSACOLA

This Membership Agreement (the “Membership Agreement”) is entered into this ___ day of _____, 20__ by and between the Green Corridor Property Assessment Clean Energy (PACE) District, a public body corporate and politic (the “Green Corridor”), and the City of Pensacola, Florida, a municipality of the State of Florida (the “Municipality”) (collectively, the “Parties”) for the purpose of providing a PACE program within the Municipality.

RECITALS

WHEREAS, on August 6, 2012, the Green Corridor was created as a separate legal entity pursuant to Section 163.01(7), Florida Statutes, to finance qualifying improvements in accordance with Section 163.08, Florida Statutes; and

WHEREAS, on _____, the Municipality adopted Resolution _____ agreeing to join the Green Corridor as a non-voting member in order to finance qualifying improvements in the Municipality in accordance with Section 163.08, Florida Statutes; and

WHEREAS, the Parties have determined that entering into this Membership Agreement is in the best interest and welfare of the property owners within the Green Corridor and Municipality.

NOW, THEREFORE, in consideration of the terms and conditions, promises and covenants hereinafter set forth, the Parties agree as follows:

1. Recitals Incorporated. The above recitals are true and correct and incorporated herein.
2. Purpose. The purpose of this Membership Agreement is to facilitate the financing of qualifying improvements for property owners within the Municipality in accordance with Section 163.08, Florida Statutes, by virtue of the Municipality’s joining the Green Corridor as a non-voting member and utilizing the Green Corridor’s existing program (the “Program”).
3. Qualifying Improvements. The Municipality shall allow the Green Corridor to provide financing of qualifying improvements, as defined in Section 163.08, Florida Statutes, on properties within the Municipality.
4. Non-Exclusive. The Green Corridor Program is non-exclusive, meaning Municipality specifically reserves the right to join any other entity providing a similar program under Section 163.08, Florida Statutes, or create its own program under Section 163.08, Florida Statutes.

5. Program Guidelines: The Parties agree that, unless the Municipality desires to implement its own local program guidelines as described below, the Program to be offered in the Municipality will be wholly governed by the Green Corridor's Program Guidelines. If the Municipality desires to implement its own local program guidelines, it may do so upon sixty (60) day's written notice to the Green Corridor. Any such local program guidelines can be amended and changed only by the authorized designee of the Municipality. These local program guidelines shall be consistent with the Green Corridor's guidelines. The Municipality may adopt more restrictive guidelines than that of the Green Corridor. However, if there is a conflict between the Green Corridor's guidelines and the Municipality's guidelines, the Green Corridor's guidelines shall control.
6. Boundaries. Pursuant to this Membership Agreement, the boundaries of the Green Corridor shall include the legal boundaries of the Municipality, which boundaries may be limited, expanded, or more specifically designated from time to time by the Municipality by providing written notice to the Green Corridor. As contemplated in the Interlocal Agreement (as defined in Section 8) and as supplemented by this Membership Agreement, the Green Corridor will, on a non-exclusive basis, levy voluntary non ad valorem special assessments on the benefitted properties within the boundaries of the Municipality to help finance the costs of qualifying improvements for those individual properties. Those properties receiving financing for qualifying improvements shall be assessed from time to time, in accordance with Section 163.08, Florida Statutes and other applicable law. Notwithstanding termination of this Membership Agreement or notice of a change in boundaries by the Municipality as provided for above, those properties that have received financing for qualifying improvements shall continue to be a part of the Green Corridor, until such time that all outstanding debt has been satisfied.
7. Financing Agreement. The Parties agree that the Green Corridor may enter into a financing agreement, pursuant to Section 163.08, Florida Statutes, with property owner(s) within the Municipality who obtain financing through the Green Corridor.
8. Amended and Restated Interlocal Agreement. The Parties agree that the Municipality shall be subject to all terms, covenants, and conditions of the Amended and Restated Interlocal Agreement recorded in the Official Records of Miami-Dade County at Official Records Book 28217, Page 0312, which created the Green Corridor (the "Interlocal Agreement"). In the event of any conflict between the Interlocal Agreement and this Membership Agreement, this Membership Agreement shall control the rights and obligations of the Municipality.
9. Responsibilities of the Green Corridor; Indemnification. The Green Corridor shall be solely responsible for all matters associated with origination, funding, financing and administration of each of the Green Corridor's authorized non-ad valorem assessments, including responding to any complaints or inquiries by participants, tax certificate holders, lenders or others relating to the Program's special assessments, the Program's financing agreements, the Program's qualifying improvements, or any other aspect of the Program. The Parties understand that

indemnification of the Green Corridor members is provided for in Section 16 of the Interlocal Agreement, and that such provisions shall apply to the Municipality.

10. Agreements with Tax Collector, Property Appraiser and Municipalities. The Green Corridor acknowledges that the Municipality has no authority to bind the County Tax Collector and the County Property Appraiser, and the Green Corridor will be required to enter into separate agreement(s) with the County Tax Collector and/or the County Property Appraiser, which shall establish the fees (if any) to be charged by the Tax Collector and Property Appraiser for the collection or handling of the Program's special assessments.
11. Resale or Refinancing of a Property. The Green Corridor recognizes that some lenders may require full repayment of the Program's special assessments upon resale or refinancing of a property subject to the Program's special assessments. The Green Corridor agrees to provide written disclosure of this matter to all Municipality property owners that may utilize the Program.
12. Term. This Membership Agreement shall remain in full force and effect from the date of its execution by both Parties. Any Party may terminate this Membership Agreement upon ninety (90) days prior written notice.
13. Consent. This Membership Agreement and any required resolution or ordinance of an individual Party shall be considered the Municipality's consent to joining the Green Corridor and participation therein, as required by Section 163.08, Florida Statutes.
14. Voting Rights. The Parties agree that the Municipality shall be a non-voting member of the Green Corridor for the term of this Membership Agreement.
15. Notices. Any notices to be given hereunder shall be in writing and shall be deemed to have been given if sent by hand delivery, recognized overnight courier (such as Federal Express), or by written certified U.S. mail, with return receipt requested, addressed to the Party for whom it is intended, at the place specified. For the present, the Parties designate the following as the respective places for notice purposes:

If to Green Corridor:

Pensacola, FL 32502

With a Copy to:

_____, FL _____

16. Amendments. It is further agreed that no modification, amendment or alteration in the terms or conditions herein shall be effective unless contained in a written document executed by the Parties hereto.
17. Joint Effort. The preparation of this Membership Agreement has been a joint effort of the Parties hereto and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the Parties than the other.
18. Merger. This Membership Agreement incorporates and includes all prior negotiations, correspondence, agreements, or understandings applicable to the matters contained herein; and the Parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Membership Agreement that are not contained in this document. Accordingly, the Parties agree that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written. It is further agreed that no change, amendment, alteration, or modification in the terms and conditions contained herein shall be effective unless contained in a written document, executed with the same formality, and of equal dignity herewith by all Parties to this Membership Agreement.
19. Assignment. The respective obligations of the Parties set forth in this Membership Agreement shall not be assigned, in whole or in part, without the written consent of the other Party hereto.
20. Records. The Parties shall each maintain their own respective records and documents associated with this Membership Agreement in accordance with the requirements for records retention set forth in Chapter 119, Florida Statutes.
21. No Third Party Beneficiaries. It is the intent and agreement of the Parties that this Agreement is solely for the benefit of the Parties and no person not a party hereto shall have any rights or privileges hereunder.
22. Severability. In the event a portion of this Membership Agreement is found by a court of competent jurisdiction to be invalid, the remaining provisions shall continue to be effective.
23. Venue. The exclusive venue of any legal or equitable action against the Municipality that arises out of or relates to this Membership Agreement shall be the appropriate state court in Miami-Dade County.

24. Effective Date. This Membership Agreement shall become effective upon the execution by the Parties hereto.

LIMITED PURPOSE PARTY MEMBERSHIP AGREEMENT BETWEEN THE FLORIDA RESILIENCY AND ENERGY DISTRICT AND CITY OF PENSACOLA

This Limited Purpose Party Membership Agreement (the "Agreement") is entered into this day of , 20 by and between the **FLORIDA RESILIENCY AND ENERGY DISTRICT ("FRED")**, a public body corporate and politic created as a separate legal entity pursuant to Section 163.01(7), Florida Statutes, and the City of Pensacola, a political subdivision of the State of Florida, Escambia County (collectively, the "Parties") for the purpose of providing a Property Assessed Clean Energy ("PACE") program within the legal boundaries of the City of Pensacola.

W I T N E S S E T H

WHEREAS, pursuant to Section 163.08(1), Florida Statutes, the legislature determined that access to financing for certain renewable energy, energy efficiency and conservation and wind resistance improvements ("Qualifying Improvements") through voluntary assessment programs such as the PACE program provides a special benefit to real property by alleviating the property's burden from energy consumption and/or reducing the property's burden from potential wind damage; and

WHEREAS, in order to make such Qualifying Improvements more affordable and assist property owners who wish to undertake such improvements, the legislature also determined that there is a compelling state interest in enabling property owners to voluntarily finance such Qualifying Improvements with the assistance of local governments, through the execution of financing agreements and the related imposition of voluntary, non-ad valorem special assessments; and

WHEREAS, an Interlocal Agreement, dated September 6, 2016, as amended and supplemented from time to time (the "Interlocal Agreement") was entered into between the Town of Lake Clarke Shores, the City of Fernandina Beach, and any subsequent parties thereto (the "Public Agencies") and, in the limited capacity described therein, the Florida Development Finance Corporation ("FDFC" and, together with the Public Agencies, the "Parties"), for the purpose of facilitating the financing of Qualifying

Improvements for properties located within FRED's aggregate legal boundaries via the levy and collection of voluntary non-ad valorem special assessments on improved property; and

WHEREAS, the **City of Pensacola** agrees with such legislative determinations and finds that the financing of Qualifying Improvements through the PACE program provides a special benefit to participating real property within its legal boundaries; and

WHEREAS, the Parties to this Agreement desire to supplement the Interlocal Agreement to include the City of Pensacola as a Limited Member, as such term is defined in the Interlocal Agreement, on the date last signed below.

NOW, THEREFORE, in consideration of the above recitals, terms and conditions, promises and covenants hereinafter set forth, the Parties agree as follows:

SECTION 1. DEFINITIONS. Any capitalized terms used in this Agreement, but not otherwise defined herein, shall have the meaning specified for such term in the Interlocal Agreement.

SECTION 2. PURPOSE. The purpose of this Agreement is to facilitate the financing of Qualifying Improvements through a PACE program, in accordance with Section 163.08, Florida Statutes, and provide an efficient process for real property owners within the legal boundaries of the City o to access the PACE program and permit FRED to administer the PACE program within such legal boundaries.

SECTION 3. RIGHTS OF PARTIES. FRED, together with its member Parties, and the City of Pensacola, with the intent to be bound thereto, hereby agree that the City of Pensacola shall become a Party to the Interlocal Agreement together with only those rights and obligations of Parties to the Interlocal Agreement as are necessary to fulfill the purposes described in this Agreement, including access to financing and processing of non-ad valorem special assessments by FRED, within the legal boundaries of the City of Pensacola, as more specifically described below, and in accordance with federal, state, and local laws, rules, regulations, ordinances, and all operational program standards of the City of Pensacola.

SECTION 4. INCORPORATION OF RECITALS AND LEVY OF SPECIAL ASSESSMENTS. The Parties hereby acknowledge and agree with each recital to this Agreement and incorporate such findings herein as their own. The non-ad valorem special assessments arising from a property owner's voluntary participation in the PACE program shall be levied by FRED on properties within the legal boundaries the City of Pensacola and the receipt and distribution of any non-ad valorem special assessments imposed by FRED are purely ministerial acts.

SECTION 5. QUALIFYING IMPROVEMENTS. FRED may provide access to financing for Qualifying Improvements to real property within the legal boundaries of the City of Pensacola, in accordance with Section 163.08, Florida Statutes, and subject to the terms of this Agreement, as well as applicable federal, state, and City of Pensacola law.

SECTION 6. FINANCING AGREEMENT. Before extending any financing or subjecting any participating real property within the legal boundaries of the City of Pensacola to the non-ad valorem special assessment authorized therein, FRED and FDFC, through their designees, shall, on a non-exclusive basis pursuant to the Section 163.08, Florida Statutes and this Agreement, enter into a financing agreement (the "Financing Agreement") with property owner(s) within the legal boundaries of the City of Pensacola who qualify for financing through FRED. The Financing Agreement shall include a thorough explanation of the PACE financing process and specify at what point in the process the special assessment will be added to the real property's owner's property tax bills (after completion of the project(s), permit approval, and approval by the property owner).

SECTION 7. BOUNDARIES OF THE PACE PROGRAM. For the limited purposes of administering the PACE program and imposing non-ad valorem special assessments as described in this Agreement, the legal boundaries of FRED shall include the legal boundaries of the City of Pensacola, which legal boundaries may be limited, expanded to reflect annexation, or more specifically designated from time to time by the City of Pensacola by providing written notice to FRED. Upon execution of this Agreement and written request thereafter, the City of Pensacola agrees to provide FRED the current legal description of the legal boundaries of the City of Pensacola.

SECTION 8. ELIGIBLE PROPERTIES. Within the legal boundaries of the City of Pensacola, improved real property, including any residential, commercial, agricultural and industrial use may be eligible for participation in the PACE program within the limits otherwise prescribed in Section 163.08, Florida Statutes.

SECTION 9. SURVIVAL OF SPECIAL ASSESSMENTS. During the term of this Agreement, FRED may levy voluntary non-ad valorem special assessments on participating properties within the legal boundaries of the City of Pensacola to help secure the financing of costs of Qualifying Improvements constructed or acquired on such properties based on the finding of special benefit by the City of Pensacola incorporated into Section 3 hereof. Those properties receiving financing for Qualifying Improvements shall be assessed by FRED until such time as the financing for such Qualified Improvement is repaid in full, in accordance with Section 163.08, Florida Statutes, and other applicable law. Notwithstanding termination of this Agreement or notice of a change in the legal boundaries of the City of Pensacola as provided for herein, those properties that have received

financing for Qualifying Improvements shall continue to be a part of FRED, until such time that all outstanding debt has been satisfied.

SECTION 10. TERM. This Agreement shall remain in full force and effect from the date of its execution by both Parties. Any Party may terminate this Agreement for convenience upon ninety (90) days' prior written notice ("Termination Notice") in accordance with the terms of the Interlocal Agreement. Beginning on the date FRED receives a Termination Notice from the City of Pensacola ("Termination Date"), FRED shall not approve any new applications affecting property within the legal boundaries of the City of Pensacola referenced in the Termination Notice. Notwithstanding termination of this Agreement, however, property owners whose applications were approved prior to the Termination Date, and who received funding through the PACE program, shall continue to be a part of FRED, for the sole purpose of FRED imposing assessments for the repayment of such property's outstanding debt, until such time that all outstanding debt has been satisfied.

SECTION 11. CONSENT. This Agreement, together with the resolution by the governing board of the City of Pensacola approving this Agreement, shall be considered the Parties' consent to authorize FRED to administer the PACE program within the legal boundaries of the City of Pensacola, as required by Section 163.08, Florida Statutes.

SECTION 12. City of Pensacola COORDINATOR. The [DEPARTMENT/OFFICE] within the City of Pensacola shall serve as the City of Pensacola's primary point of contact and coordinator. The City of Pensacola will advise FRED of any changes to the City of Pensacola's primary contact and coordinator within 30 days of such changes.

SECTION 13. CARBON OR SIMILAR CREDITS. To the extent permitted by law, in the event that the Financing Agreement or any other PACE agreement with the property owner provides for the transfer of any carbon or similar mitigation credits derived from Qualifying Improvements to FRED, any such carbon or similar mitigation credits derived from properties within the legal boundaries of the City of Pensacola, shall be shared in equal parts between FRED and the City of Pensacola.

SECTION 14. LIMITED OBLIGATIONS. Neither FRED nor FDFC is authorized to issue bonds, or any other form of debt, on behalf of the City of Pensacola without a separate interlocal agreement or other authority provided by State law. To the extent that FRED or FDFC issues PACE-related bonds under its own authority in connection with this Agreement, the security for such bonds may be secured by non-ad valorem special assessments imposed by FRED on participating properties within the legal boundaries of the City of Pensacola.

The issuance of such bonds shall not directly or indirectly or contingently obligate the City of Pensacola to levy or to pledge any form of taxation whatever, or to levy ad valorem taxes on any property within their territorial limits to pay the bonds, and the bonds shall not constitute a lien upon any property owned by the City of Pensacola. For any such bonds, the bond disclosure document, if any, shall include references to the fact that the City of Pensacola is not an obligated party, and also adequately disclose material attendant risks with PACE programs.

SECTION 15. LIABILITY, INDEMNIFICATION AND SOVEREIGN IMMUNITY.

(A) City of Pensacola and FRED are and shall be subject to Sections 768.28 and 163.01(9)(c), Florida Statutes, and any other provisions of Florida law governing sovereign immunity. Pursuant to Section 163.01(5)(0), Florida Statutes, and this covenant of the parties hereto, the local governments who are either or both the founders or members of FRED shall not be held jointly liable for the torts of the officers or employees of the FRED, or any other tort attributable to FRED, and that FRED alone shall be liable for any torts attributable to it or for torts of its officers, employees or agents, and then only to the extent of the waiver of sovereign immunity or limitation of liability as specified in Section 768.28, Florida Statutes. City of Pensacola and FRED acknowledge and agree that FRED shall have all of the applicable privileges and immunities from liability and exemptions from laws, ordinances, rules and common law which apply to the municipalities and counties of the State. City of Pensacola is completely independent of FRED. To the extent provided by law, FRED shall indemnify, defend and hold harmless City of Pensacola from any and all damages, claims, and liability arising from the negligence or intentional misconduct of FRED relating to operation of the PACE program. Nothing in this Agreement is intended to inure to the benefit of any third-party for the purpose of allowing any claim, which would otherwise be barred under the doctrine of sovereign immunity or by operation of law.

(B) Neither City of Pensacola, nor the local governments who are either or both the founders or members of the Agency, nor any subsequently joining or participating local government as members of FRED shall in any manner be obligated to pay any debts, obligations or liabilities arising as a result of any actions of FRED, the governing board of FRED or any other agents, employees, officers or officials of FRED, except to the extent otherwise mutually and expressly agreed upon, and neither FRED, the governing board of FRED or any other agents, employees, officers or officials of FRED have any authority or power to otherwise obligate either City of Pensacola, the local governments who are either or both the founders or members of FRED, nor any subsequently subscribing or participating local government in the business of FRED in any manner.

(C) All of the privileges and immunities from liability and exemptions from laws, ordinances and rules which apply to the activity of officials, officers, agents or employees of the parties shall apply to the officials, officers, agents or employees thereof when performing their respective functions and duties under the provisions of this Agreement.

SECTION 16. AGREEMENTS WITH TAX COLLECTOR AND PROPERTY APPRAISER. This Agreement shall be subject to the express condition precedent that FRED enter into separate agreement(s) with the tax collector and the property appraiser having jurisdiction over the legal boundaries of the City of Pensacola, which shall provide for the collection of any non-ad valorem special assessments imposed by FRED within the legal boundaries of the City of Pensacola. If required by the tax collector and property appraiser, the City of Pensacola agrees to enter into those agreements as a third-party to facilitate the collection of the non-ad valorem special assessments imposed by FRED.

SECTION 17. OPINION OF BOND COUNSEL. FRED warrants, based on counsel's review of the bond validation judgment and the underlying bond documents that the FDFC PACE program's structure complies with the bond validation judgment and the underlying bond documents.

SECTION 18. AGENTS OF FRED. FRED shall ensure that its agents, administrators, subcontractors, successors and assigns are, at all times, in compliance with the terms of this Agreement and applicable City of Pensacola, state and federal laws.

SECTION 19. NOTICES. Any notices to be given hereunder shall be in writing and shall be deemed to have been given if sent by hand delivery, recognized overnight courier (such as Federal Express), or by written certified U.S. mail, with return receipt requested, or by electronic mail, addressed to the Party for whom it is intended, at the place specified. For the present, the Parties designate the following as the respective places for notice purposes:

SECTION 20. AMENDMENTS. No modification, amendment or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this agreement and executed by the City of Pensacola and FRED or other delegated authority authorized to execute same on their behalf.

SECTION 21. JOINT EFFORT. The preparation of this Agreement has been a joint effort of the Parties hereto and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the Parties than the other.

SECTION 22. MERGER. This Agreement represents the final and complete understanding of the Parties regarding the subject matter hereof and supersedes all prior and contemporaneous negotiations, correspondence, agreements, or understandings applicable to the matters contained herein; and the Parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the Parties agree that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

SECTION 23. ASSIGNMENT. The respective obligations of the Parties set forth in this Agreement shall not be assigned, in whole or in part, without the written consent of the other Party hereto.

SECTION 24. THIRD PARTY BENEFICIARIES. None of the Parties intend to directly or substantially benefit a third party by this Agreement. Therefore, the Parties acknowledge that there are no third party beneficiaries to this Agreement and that no third party shall be entitled to assert a right or claim against either of them based upon this Agreement; provided, however, that counsel to the Parties may rely on this

Agreement for purposes of providing any legal opinions required by the issuance of debt to finance the Qualifying Improvements.

SECTION 25. RECORDS. The Parties shall each maintain their own respective records and documents associated with this Agreement in accordance with the requirements for records retention set forth in Chapter 119, Florida Statutes.

SECTION 26. RECORDING. This Limited Purpose Party Membership Agreement shall be filed by FRED with the Clerk of the Circuit Court in the Public Records of the City of Pensacola and recorded in the public records of the City of Pensacola as an amendment to the Interlocal Agreement, in accordance with Section 163.01(11), Florida Statutes.

SECTION 27. SEVERABILITY. In the event a portion of this Agreement is found to be unenforceable by a court of competent jurisdiction, that part shall be deemed severed from this Agreement and the remaining provisions of this Agreement shall remain in full force and effect.

SECTION 28. EFFECTIVE DATE. This Agreement shall become effective upon the execution by both Parties hereto.

SECTION 29. LAW, JURISDICTION, AND VENUE. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the state of Florida. The Parties agree that the exclusive venue for any lawsuit arising from, related to, or in connection with this Agreement shall be in the state courts of the [First...Twentieth] Judicial Circuit in and for Escambia County, Florida, the United States District Court for the Northern District of Florida or United States Bankruptcy Court for the Northern District of Florida, as appropriate.

LEGISLATIVE ACTION ITEM

SPONSOR: Jewel Cannada-Wynn, City Council Member

SUBJECT:

SUPPLEMENTAL BUDGET RESOLUTION NO. 17-72 - APPROPRIATION OF FUNDS FROM THE SALE OF SURPLUS CRA PROPERTY AT 150 S BAYLEN STREET

RECOMMENDATION:

That City Council adopt Supplemental Budget Resolution No. 17-72.

A RESOLUTION AUTHORIZING AND MAKING REVISIONS AND APPROPRIATIONS FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2018, PROVIDING FOR AN EFFECTIVE DATE.

HEARING REQUIRED: No Hearing Required

SUMMARY:

Since 1980, the Community Redevelopment Agency (CRA) has successfully undertaken numerous redevelopment and infrastructure projects to remove and prevent blight within the Community Redevelopment Areas. The substantial list of projects undertaken within the Urban Core Community Redevelopment Area includes: Community Maritime Park Development, Plaza DeLuna Park and Berths, Commendencia Slip Improvements, Main Street ECUA Sewage Treatment Plant relocation, Palafox Pier Redevelopment, S. Palafox Breakwater Cap, South Palafox Property Redevelopment, Aragon Court Redevelopment, South Palafox Streetscapes, North Palafox Parkway Improvements, Jefferson Street Streetscape, Dr. Martin Luther King, Jr. Plaza, S. Alcaniz Streetscape, Seville Square Improvements, Plaza Ferdinand Improvements, Palafox Place Commercial Façade Improvements, North Palafox Parking Lot, Garden Street Median Improvements, Henry Wyer Park, Belmont/Devilliers Streetscape.

The CRA has responsibility for maintaining the improvements it constructs when they increase the maintenance levels above those required of the City prior to the improvements. Regular maintenance of these improvements is handled by the City Parks and Recreation Department under the Landscape Maintenance Interlocal Agreement between the CRA and City of Pensacola. However, due to age and/or weathering, additional maintenance above and beyond what is normally provided through the Interlocal is needed. In some instances, replacement of improvements is warranted. Items in need of replacement include benches, bollards and trash receptacles at waterfront locations, such as Plaza DeLuna. Railings, benches, trash receptacles and streetlights

in several locations require repainting.

A total of \$100,000 has been approved in the FY 2017 budget for maintenance over and above what is appropriated under the Landscape Maintenance Interlocal Agreement. This amount is not sufficient to cover the estimated \$320,000 in cost to undertake the identified additional maintenance/replacement work items. To perform this maintenance and prevent the return of blight in the Urban Core, it is recommended that \$220,000 of the \$470,432 net proceeds derived from the sale of the CRA property at 150 S. Baylen Street be appropriated for these expenses.

Additionally, the Friends of Downtown Pensacola, a not for profit group, has requested funds for decorative downtown lighting for the Festival of Lights during the 2017 Christmas season. It is anticipated that this enhancement will support economic vibrancy in the Urban Core. It is recommended that \$25,000 from the S. Baylen Street sale proceeds be allocated to this project. It is further recommended that the remaining balance of the proceeds from sale of the property be appropriated to the Community Redevelopment Agency Fund contingency account for future needs.

PRIOR ACTION:

April 10, 2017 - The Community Redevelopment Agency awarded a contract for sale of 150 S. Baylen Street.

April 13, 2017 - City Council approved the Community Redevelopment Agency's recommendation to award a contract for sale of 150 S. Baylen Street.

August 7, 2017 - The Community Redevelopment Agency adopted Resolution No. 2017-8 CRA adopting a budget for the fiscal year beginning October 1, 2017.

September 20, 2017 - City Council adopted Resolution No. 17-63 adopting a final budget for the fiscal year beginning October 1, 2017.

FUNDING:

Budget:	\$100,000	FY 2018 CRA Fund Budget
	<u>470,432</u>	From Proceeds of sale of 150 S. Baylen St
	<u>\$570,432</u>	

Actual:	\$320,000	Maintenance/Replacement Work Items
	25,000	Festival of Lights
	<u>225,432</u>	Contingency
	<u>\$570,432</u>	

FINANCIAL IMPACT:

Approval of the supplemental budget resolution will appropriate the additional funds necessary for the unfunded maintenance of CRA constructed improvements, funding for the Festival of Lights, as well as provide

a contingency for future needs.

SUBJECT:

PROPOSED ORDINANCE NO. 38-17 VACATION OF RIGHT-OF-WAY - 1000 BLOCK OF EAST AVERY STREET

RECOMMENDATION:

That City Council adopt Proposed Ordinance No. 38-17 on second reading.

AN ORDINANCE CLOSING, ABANDONING AND VACATING A PORTION OF THE AVERY STREET RIGHT OF WAY; IN PENSACOLA, ESCAMBIA COUNTY, STATE OF FLORIDA; REPEALING CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The City has received a request from Dax Campbell, Campbell Construction, to vacate a portion of the Avery Street right of way, which is adjacent to his property located at 1011 Fairnie Avenue. The applicant has indicated that the purpose for the request is to allow for him to have a more even property line and install a privacy fence along the new rear property line. The applicant provided signed documentation and a survey indicating the agreement of the other affected property owners.

On August 8, 2017, the City's Planning Board unanimously recommended approval of the request.

PRIOR ACTION:

September 14, 2017 - City Council voted to approve Ordinance No. 38-17 on first reading.

WHEREAS, pursuant to due and legal notice by publication a Public Hearing was held by the City Council on January 22, 1952, as to the closing of the hereinafter described portion of Avery Street; and

WHEREAS, the said portion of Avery Street is not open or improved or in use by the public as a street or public way and the closing thereof will contribute to the general welfare of the City of Pensacola and will be in the public interest; and

WHEREAS, all of the owners of property abutting on any portion of Avery Street lying North of said Block 221 of the New City Tract in the City of Pensacola and other neighboring property owners have consented to the closing of said portion of Avery Street, and the said abutting property owners have released and relinquished all claims for compensation or damages of any kind which may be occasioned or arise by reason of said closing and have further consented that the North 20 feet of the South 35 feet of the East 200 feet of Avery Street lying North of said Block 221 of the New City Tract, so long as it shall remain open as a public way or means of access to their respective properties, shall be maintained by them and the City shall be relieved of any obligation or responsibility as to such maintenance; now, therefore,

BE IT ORDAINED BY THE CITY OF PENSACOLA,
FLORIDA:

SECTION 1. That the portion of Avery Street described as the South 15 feet thereof lying North of Lots 6 to 10, both inclusive, of Block 221 of the New City Tract of the City of Pensacola, be and it is hereby closed, vacated and forever discontinued and abandoned as a street or public way, or a portion thereof; provided that the North 20 feet of the South 35 feet of that portion of Avery Street lying North of said Lots 6 to 10 of Block 221 of the New City Tract shall remain open as a permanent easement extending Westward from the West line of 11th Avenue for a distance of 200 feet to be maintained by the abutting property owners at no expense to the City of Pensacola. As an inducement to the passage of this ordinance, the owners of property abutting on that part of Avery Street lying North of said Block 221 of the New City Tract have consented to the closing of the South 15 feet thereof and have released and relinquished all claims for compensation or damages of any kind against the City of Pensacola which may be occasioned or arise by reason thereof, and have agreed to maintain at their own expense the North 20 feet of the South 35 feet of Avery street lying North of said Lots 6 to 10 of Block 221 of the New City Tract, and to relieve and release the City of Pensacola from any obligation for such maintenance.

Call to Order / Quorum Present

As acting Chair, Mr. Larson called the meeting to order at 2:10 pm with a quorum present.

Swearing in of members - Mr. Larson, Mr. Monk, Mr. Grundhoefer and Ms. Campbell were sworn in by the City Clerk's Office.

Approval of Meeting Minutes

Mr. Grundhoefer made a motion to approve the July 11, 2017 minutes, seconded by Mr. Monk, and it carried unanimously.

Request for ROW Vacation of the 1000 Block Avery Street

Mr. Dax Campbell, Campbell Construction, is requesting to vacate the portion of the right-of-way of Avery Street directly adjacent to his property at 1011 Fairnie Avenue and the properties located at 1015 Fairnie Avenue and 1717 N. 11th Avenue. This request was considered and denied by the Board in their June meeting, however, the previous application contained an agreement between the parties which contained contingencies. The applicant has submitted a new signed agreement and survey indicating the proposed division of the right-of-way if approved by the City. The one outlying issue when the Board considered the application in June has been resolved.

EVERYTHING THAT'S GREAT ABOUT FLORIDA IS BETTER IN PENSACOLA.

Mr. Dax Campbell stated the City would deed the north 10' to the northern property owner and the south 10' to the southern property owner. Ms. Deese clarified that the portion of the property which abuts Mr. Campbell's property, since he owns the property to the south, will be deeded entirely to him on the western portion of the right-of-way. Ms. Campbell pointed out there were signatures from the other homeowners involved which supported the request.

Ms. Campbell made a motion to approve, seconded by Mr. Monk, and it carried unanimously.

Request for Final Plat Approval for Girard Place Phase I Subdivision

Rebol-Battle & Associates has submitted a request for Final Plat approval for "Girard Place – Phase I" subdivision, a townhouse subdivision. The proposed development, formerly identified as 302 W. Romana St, is a total of 1.62 acres located on the eastern portion of the City block bounded by S. Reus Street (east), W. Romana Street (south), S. DeVilliers (west), and Hilary Street (north). The initial phase under consideration with this application is .92-acres in size. The site is currently vacant.

The application under review contains 11 lots in addition to the remainder of the parent parcel. With this submittal, the townhouse blocks are completely surrounded by the common area/parent parcel. The development remains consistent with the approved Preliminary Plat. Ms. Deese pointed out an important comment addressing access was included in information provided to the Board. Mr. Rebol addressed the Board. He advised with the common area access to the lots, setback regulations were achieved for the Governmental Center District (GCD), and the project had received aesthetic approval.

Mr. Wagley referenced the plat standards in Section 12-8-8 of the Code; one of those requirements applies to the setbacks. This project was determined to be in the dense business area which required a 10' maximum setback, meaning buildings cannot be set more than 10' from the front property line. He did not observe the maximum setback illustrated on the current plat.

Mr. Grundhoefer stated he understood the reasoning for building to the 10' in the Code, requiring buildings to be up against the street. Ms. Deese explained in the Land Development Code, the Historic District spells out that it should be from the right-of-way, whereas the GCD does not. She pointed out the challenges for the Board with platting and subdivision approval, and that the Board was to take the technical comments and make sure they were addressed. She advised interpretations are provided from the technical experts who perform these actions day to day; they had stated this project met the technical requirements of the Code. Mr. Grundhoefer explained he thought the developer was trying to find a loophole to push the buildings back, setting cars in front of the property. Ms. Campbell felt the builders were within their legal rights with the easement in place. Mr. Rebol clarified that it was not an easement but a real piece of property and part of the common lot. He explained there was the right-of-way line, then a piece of property, then the newly created lots. He stated the application for review was a plat and not based on what's going to be there or what it is going to look like; the developer could sell it, and it might be a totally different product. However, in proceeding in this way, the builder was meeting the 10' maximum setback requirement. Ms. Deese verified setbacks were measured from the property line and not from the right-of-way; again, the Historic District spells out right-of-way which the other districts do not. Mr. Grundhoefer suggested the applicant was not complying with the intent of the Code. Mr. Rebol advised that perhaps the Code needed to be reviewed for items which keep falling into loopholes.

Mr. Monk pointed out when the Board approves something, it sets a precedent, and he was hesitant to approve. Ms. Deese clarified for the record that the platting process was very technical, and if all the technical comments had been addressed, the Board was obligated to approve the request. She explained the function of the Board was to ensure the technical comments were received and addressed. On other agenda items such as rezoning, conditional uses or aesthetic review, the Board could exercise its opinions, however, in platting it could not.

Scott Sallis addressed the Board and explained this project had been burdened with many hurdles including stormwater requirements which point out water cannot drain toward the street.

There were issues with Gulf Power determining they could not route utilities where they desired in the common area. The section of land in the front allowed them to meet those technical issues. He pointed out they were not coming to the Board in the spirit of manipulation to not comply with the dense business area requirement. He stated this was an odd obscure part of the Code which was originated when he sat on the Planning Board. He stated that this requirement should be removed from the Code. He pointed out that if the Planning Board was to determine the applicant met the regulations, and they clearly have, the Board was obligated to approve.

Ms. Campbell felt that after hearing staff's comments, the Board's responsibility was to address what was on the table and made a motion to approve, and the motion failed for lack of a second.

Mr. Wagley emphasized the elements of the Code needed to be listed on the plat document; the maximum setback for the dense business area was not listed and constituted a deficiency. Ms. Deese stated staff did review and considered having the plat amended to add the build-to line. In reading the Code, the underlying zoning is the requirement on the plat. Not knowing what may happen with the GCD, staff opted to leave as is and not create confusion for the future. There is no legal requirement to place the build-to line on the plat since it is not within the underlying district but instead in an area. She clarified that the Board was a recommending board to City Council, so the Board could approve or deny. The applicant has the option to move forward to City Council at their choosing even with a denial. In considering platting with City Council, it then becomes a quasi-judicial hearing, so the function would become different with Council making their own decision. She clarified that since this Board is a recommending body, there would be no appeal from the decision today because it is not a final decision.

Mr. Grundhoefer made a motion to deny, seconded by Mr. Monk. The motion failed with 2 supporting and 2 dissenting (Ms. Campbell and Mr. Larson).

Consider Zoning and FLUM Amendment for Airport Annexation Parcels

Mr. Dan Flynn, Pensacola International Airport Director, is requesting to rezone the City-owned properties included within the recent City of Pensacola annexation approved through Ordinance 15-17 to ARZ, Airport Restricted Zoning District. This request also requires a Future Land Use Map (FLUM) Amendment to A, Airport. The zoning district and FLUM designation were previously under the jurisdiction of Escambia County. Since the properties now lie within the jurisdictional boundary of the City of Pensacola, the applicable zoning district and FLUM designation need to be established. Ms. Deese explained all of the property annexed was owned by the airport, and this request was a formality to bring zoning into compliance from county zoning to city zoning. Mr. Grundhoefer asked if the airport needed more land and would grow into those residential lots. Ms. Deese indicated that was not the case, but it was a buffer to remove residences which were impacted by the airport operations.

Mr. Grundhoefer made a motion to approve, seconded by Ms. Campbell, and it carried unanimously.

Open Forum – Ms. Deese stated the applicant for the 9th Avenue property missed the deadline for August but would possibly present in September.

Adjournment – With no further business, Acting Chairman Larson adjourned the meeting at 2:53 pm.

Respectfully Submitted,

Brandi C. Deese
Secretary to the Board

Call to Order / Quorum Present

Chairman Ritz called the meeting to order at 2:03 pm with a quorum present. He gave instructions to the audience on the rules and procedures of the Board.

Approval of Meeting Minutes

Mr. Larson made a motion to approve the May 9, 2017 minutes, seconded by Mr. Grundhoefer, and it carried unanimously.

Request for ROW Vacation of the 1000 Block Avery Street

Mr. Dax Campbell, Campbell Construction, is requesting to vacate the portion of the right-of-way of Avery Street directly adjacent to his property at 1011 Fairnie Avenue and the properties located at 1015 Fairnie Avenue and 1717 N. 11th Avenue.

EVERYTHING THAT'S GREAT ABOUT FLORIDA IS BETTER IN PENSACOLA.

222 West Main Street Pensacola, FL 32502 / T: 850.435.1670 / F: 850.595.1143/www.cityofpensacola.com

The applicant indicates the reason for the request is to enable him to have a somewhat symmetric parcel and to allow him to install a privacy fence along the new rear property line. The applicant is only interested in the portion which abuts his property. He has indicated the remainder of the right-of-way could be equally divided between the property owners of 1015 Fairnie Avenue and 1717 N. 11th Avenue. He has indicated both abutting neighbors are in agreement with the request; however, both have signed with contingencies. In initial discussions the rationale for this request was that the applicant could gain additional square footage in order to split the lot and construct two dwellings instead of the one dwelling currently permitted by code. There is a potential for future variance requests to the Zoning Board of Adjustment, which would be self-created by this present request.

Dax Campbell explained they wanted to make the property more symmetrical and install a privacy fence. Both adjacent property owners were in agreement. He explained the contingencies were that he no longer use the easement in the future and install a fence across it. Chairman Ritz asked how the adjacent property owners would maintain their access, and Mr. Campbell advised at the moment he was not aware they were maintaining it. Mr. Joel Campbell explained the easement was like a road they drive in to access the rear of their house. On the Fairnie property, the neighbor does not have access to Fairnie Avenue, so they drive around to Avery and come in the back way. He advised when they demolish the home and rebuild, they will use the front entrance on Fairnie to access the property. Chairman Ritz pointed out at the present time the property belongs to Pensacola and is used by the neighbors who abut it. Since this would allow public property to be placed in the hands of a private individual, how would the Board become satisfied that Mr. Bell and Mr. Broadley (neighbors) still maintain access, and that all citizens are treated fairly. Dax Campbell stated on the rear corner of the property, he would be constructing a fence. When the neighbors access the easement, they turn in before the corner, and this would not impede their access. Ms. Campbell pointed out this is public property being handed over, and would it make more sense to address this as an individual vacation of right-of-way just for the portion needed? Ms. Deese advised that we don't typically vacate portions of rights-of-way for a variety of reasons. It is shown as 20' wide, which means each property owner would get half. Mr. Campbell would get the entire portion because his property abuts the right-of-way on the north and the south.

Mr. Grundhoefer explained the Board needed a legal description to show how the neighbors' contingencies for access were met. Chairman Ritz pointed out those contingencies needed to be clearly resolved. Dax Campbell asked for clarification on what the Board required, and Chairman Ritz advised some kind of legal description/survey from a licensed firm was needed. Even if Mr. Bell and Mr. Broadley were not present and they signed the legal description/survey, with the fence location indicated, the Board would have a much easier time accepting and approving the vacation. Ms. Deese explained the Board could table the item but she would recommend the Board specify the length of time instead of being bound to the 45-day requirement. **Mr. Grundhoefer made a motion to deny as presented without prejudice, seconded by Ms. Campbell, and it carried unanimously.**

Request for ROW Vacation of the 700 Block Commendancia Street – Ferry Landing Project

Chairman Ritz advised since his business was involved with this project, he recused himself from the discussion and voting on the item.

The Port of Pensacola is requesting to vacate the portion of the right-of-way of Commendancia Street directly adjacent to properties owned by the City of Pensacola, including the Port of Pensacola. Although the application indicates this is a request to vacate Pine Street, the proposed area has been identified as the 700 Block of Commendancia Street by the appropriate City departments. The applicant indicates the reason for the request is to enable this portion of the existing right-of-way to function more as a driveway between the proposed Ferry Landing ticket concession building and the parking area accommodating the passengers. As such, it provides more direct access to the users. The City of Pensacola is the sole adjacent property owner to this section of Commendancia Street.

To: City of Pensacola Planning Review Board

Please see the attached revised survey showing parcel D (with legal description) being divided and will be deeded back to Mr. Broadley and Mr. Bell. There are no contingencies remaining as the fence is now notated on the revised survey that Mr. Bell requested. Mr. Broadley fully understands he will be deeded the north ten feet of the right-of-way. Mr. Bell fully understands he will be deeded the south ten feet of the right-of-way. Joel Campbell will not use the right-of-way for access to his property.

SUBJECT:

PROPOSED ORDINANCE NO. 40-17 PROVIDING FOR A TEMPORARY MORATORIUM ON THE ACCEPTANCE AND PROCESSING OF APPLICATIONS AND PERMITS FOR THE INSTALLATION OF WIRELESS FACILITIES IN CITY RIGHTS-OF-WAY IN ORDER TO ALLOW AN OPPORTUNITY FOR THE CITY TO DEVELOP REGULATIONS CONSISTENT WITH THE "ADVANCED WIRELESS INFRASTRUCTURE DEPLOYMENT ACT"

RECOMMENDATION:

That City Council adopt Proposed Ordinance No. 40-17 on second reading.

AN ORDINANCE DECLARING, ESTABLISHING AND IMPOSING A TEMPORARY MORATORIUM WITHIN THE CITY OF PENSACOLA, FLORIDA ON THE ACCEPTANCE AND PROCESSING OF APPLICATIONS, AND ISSUANCE OF ANY PERMITS PERTAINING TO COLLOCATION ON EXISTING OR THE INSTALLATION OF NEW UTILITY POLES AND OTHER WIRELESS SUPPORT STRUCTURES IN THE RIGHT-OF-WAY TO SUPPORT SMALL WIRELESS FACILITIES OR MICRO WIRELESS FACILITIES FOR A PERIOD OF 120 DAYS, IN ORDER TO ALLOW AN OPPORTUNITY FOR THE CITY TO DEVELOP REGULATIONS CONSISTENT WITH CHAPTER 2017-136, LAWS OF FLORIDA, WHICH BECAME EFFECTIVE JULY 1, 2017; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; PROVIDING AN EFFECTIVE DATE; AND FOR OTHER PURPOSES.

HEARING REQUIRED: No Hearing Required

SUMMARY:

On June 23, 2017, Governor Rick Scott passed into law, the Advanced Wireless Infrastructure Deployment Act ("Act") (HB 687/SB 596), effective July 1, 2017. This state legislation substantially changes the rights of cities and counties in regulating the installation of wireless communication facilities in public rights-of-way.

The Act amends F.S., Section 337.401 and grants wireless service providers and infrastructure companies access to public rights-of-way for the installation of wireless facilities, including: 1) collocation of small cell facilities on government-owned poles; 2) installation of new poles to accommodate facilities; 3) installation of

ground mounted equipment; and 4) installation of micro cells.

The new law provides requirements that local governments must follow to process applications, including a general time frame of 60 days to act on applications. Cities and counties may provide for bonds, insurance, abandonment and other matters by ordinance. The Act affords limited bases for denial of applications, including public safety. Further, installation is subject to applicable codes, including local codes or ordinances adopted to implement the Act, and that may include objective design standards to address reasonable design, material, color, stealth, spacing and location standards for ground mounted equipment and small wireless facilities.

The purpose of the proposed ordinance providing for a moratorium on applications to install small and micro wireless communications facilities in the right-of-way is to provide the City of Pensacola time to amend its wireless communication facility ordinance to ensure its compliance with the Advanced Wireless Infrastructure Deployment Act and to provide for reasonable regulations concerning such facilities.

In recent months, many local governments, including the City of West Palm Beach and the City of Jacksonville, have adopted similar moratoria to allow necessary time to review existing ordinances and develop regulations consistent with the Act. The moratorium allows the City to temporarily suspend the application and issuance of permits for the installation of wireless facilities within the City's rights-of-way until the appropriate ordinances reasonably regulating such installations may be in place.

PROPOSED
ORDINANCE NO. 40-17

ORDINANCE NO. _____

AN ORDINANCE DECLARING, ESTABLISHING AND IMPOSING A TEMPORARY MORATORIUM WITHIN THE CITY OF PENSACOLA, FLORIDA ON THE ACCEPTANCE AND PROCESSING OF APPLICATIONS, AND ISSUANCE OF ANY PERMITS PERTAINING TO COLLOCATION ON EXISTING OR THE INSTALLATION OF NEW UTILITY POLES AND OTHER WIRELESS SUPPORT STRUCTURES IN THE RIGHT-OF-WAY TO SUPPORT SMALL WIRELESS FACILITIES OR MICRO WIRELESS FACILITIES FOR A PERIOD OF 120 DAYS, IN ORDER TO ALLOW AN OPPORTUNITY FOR THE CITY TO DEVELOP REGULATIONS CONSISTENT WITH CHAPTER 2017-136, LAWS OF FLORIDA, WHICH BECAME EFFECTIVE JULY 1, 2017; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; PROVIDING AN EFFECTIVE DATE; AND FOR OTHER PURPOSES.

WHEREAS, this Ordinance is enacted pursuant to the home rule powers of the City of Pensacola as set forth at Article VIII, Section 2 of the Constitution of the State of Florida, Chapter 166, Florida Statutes and other applicable controlling law; and

WHEREAS, during the 2017 Legislative Session, the state legislature passed House Bill 687 amending Florida Statutes Section 337.401, creating what is known as the "Advanced Wireless Infrastructure Deployment Act"; and

WHEREAS, such legislation was approved by the Governor on June 23, 2017, and became effective on July 1, 2017 under Chapter 2017-136, Laws of Florida (referred to herein as the "Law"); and

WHEREAS, the Law establishes a process by which wireless providers may place certain "small wireless facilities" and "micro wireless facilities" (as such terms are defined in the Law) on, under, within, or adjacent to certain utility poles or wireless support structures within public rights-of-way that are under the jurisdiction and control of an "authority" (i.e., a county or municipality having jurisdiction and control of the rights-of-way of any public road); and

WHEREAS, the law further provides that local government entities are authorized to prescribe and enforce reasonable rules or regulations with reference to placing and maintaining across, on, or within the right-of-way limits of any road under their respective jurisdictions any wireless facilities; and

WHEREAS, the City currently has regulations pertaining to wireless facilities within its Code of Ordinances, specifically codified within Chapter 12 of the City's Land Development Code which need to be evaluated in light of the Law; and

WHEREAS, City staff has not had adequate time to evaluate the impacts or address local issues that are presented by the Law and take action accordingly; and

WHEREAS, City staff has been directed to analyze the effects of the Law and existing zoning regulations to analyze criteria for issuance of permits for small wireless facilities and micro wireless facilities in the public rights-of-way in compliance with the new legislation and to make recommendations that will better promote the health, safety, morals and general welfare of the City; and

WHEREAS, the City has determined that it is in the best interest of the residents of the City to protect the general public health, safety, and welfare by studying and planning for this new technology, including how to best support this new technology as provided in the Law and address potential impacts on the quality of life and the surrounding community within the parameters of authority granted in the new Law; and

WHEREAS, the City Council finds and declares a need to temporarily suspend the further acceptance and processing of applications, and issuance of any permits or approvals pertaining to collocation on existing or the installation of new utility poles and other wireless support structures in the public rights-of-way to support small wireless facilities or micro wireless facilities for a period of 120 days, NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF PENSACOLA, FLORIDA:

SECTION 1: Findings of Fact: The City Council finds and declares that:

(1) All of the statements set forth in the foregoing recitals to this Ordinance are true and correct and are hereby ratified, affirmed and made a part of this Ordinance.

(2) For the purposes set forth herein, it is in the best interest of the general public and there exists a need to declare a moratorium on the issuance of permits or approvals for small wireless facilities or micro wireless facilities in the public rights-of-way in order for City staff to study controlling law regarding Chapter 2017-136, Laws of Florida and make recommendations to the City Council as to the modifications of City regulations that should be considered by it.

(3) The City of Pensacola has complied with all requirements and procedures of Florida law in processing and advertising this Ordinance.

SECTION 2. That a temporary moratorium is hereby imposed on the submission and processing of applications and any issuance of permits pertaining to collocation on existing or the installation of new utility poles or other wireless support structures in the right-of-way to support small wireless facilities or micro wireless facilities (as referenced in Section 337.401, Florida Statutes) within the corporate limits of the City of Pensacola. While the temporary moratorium is in effect, the City shall temporarily suspend all activities relating to accepting, processing or approving any application relating to the establishment or operation of a small wireless facility or micro wireless facility (as referenced in Section 337.401, Florida Statutes) in order for the City to have the time and opportunity necessary to implement a framework of authorized regulation and fee structure as provided in the newly enacted portions of Section 337.401, Florida Statutes.

SECTION 3. Duration of moratorium/extension.

a) The temporary moratorium set forth in this Ordinance shall take effect immediately upon the effective date of this Ordinance and shall be terminated one hundred twenty (120) days after said effective date.

b) No applications for approvals subject to the moratorium will be accepted by the City until the moratorium has expired, unless this Ordinance is superseded by a subsequent duly enacted Ordinance of the City of Pensacola governing the same subject matter herein.

c) The City Council may extend the temporary moratorium established in this Ordinance by enactment of an ordinance upon a finding by the City Council set forth in the ordinance that the

problems giving rise to the need for the temporary moratorium established herein continue to exist.

SECTION 4. Boundaries. This Ordinance shall be applicable to all properties within the boundaries of the City of Pensacola.

SECTION 5. Severability. If any section, sentence, phrase, word, or portion of this Ordinance is determined to be invalid, unlawful or unconstitutional, said determination shall not be held to invalidate or impair the validity, force or effect of any other section, sentence, phrase, word, or portion of this Ordinance not otherwise to be invalid, unlawful, or unconstitutional.

SECTION 5. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION 6. This ordinance shall become effective on the fifth business day after adoption, unless otherwise provided pursuant to Section 4.03(d) of the City Charter of the City of Pensacola.

Board of County Commissioners • Escambia County, Florida

July 12, 2017

Chairman Brian Spencer
Pensacola City Council
222 W. Main Street
Pensacola, FL 32502

RE: Triumph Gulf Coast Project Solicitation

Dear Chairman Spencer,

On June 2, 2017 Governor Scott signed the Gulf Coast Economic Corridor Act into law. The Act directs \$1.5 billion to be spent in the eight disproportionately affected counties in Northwest Florida over a fifteen-year period. Currently there is \$300 million available to the eight counties through Triumph Gulf Coast, Inc. The Act guarantees a minimum allocation of five percent, or \$15 million, be spent in each of the disproportionately affected counties the first funding cycle, and a minimum of four percent thereafter.

The Act directs each board of county commissioners to solicit proposed projects and programs from other elected local governing boards within the county. As such, Escambia County would like to request a list of five proposed projects and/or programs from your board. Attached are an Escambia County project application form and the Triumph legislation (Ch. 2017-63) which lists the seven eligible funding activities. In the near future, Triumph Gulf Coast, Inc. will develop the formal submittal and selection process, and they will ultimately approve all projects and programs before awards are made.

The funds expected over the next fifteen years from Triumph Gulf Coast have the potential to create generational change in Escambia County and Northwest Florida. Our elected local governing boards and Triumph Gulf Coast, Inc. can work together to ensure worthwhile projects are funded to create lasting positive changes for the citizens of Northwest Florida.

Please contact Chips Kirschenfeld, Director of Natural Resources Management by phone at (850) 595-4988 or by email at jtkirsche@myescambia.com for guidance to work through the process. You may submit your board's proposed projects at restore@myescambia.com. If you have additional questions, please feel free to contact me or my staff.

Sincerely,

(3) ~~“Earnings” means all the income generated by investments and interest.~~

(4) “Settlement agreement” means the agreement entitled “Settlement Agreement Between the Gulf States and the BP Entities with Respect to Economic and Other Claims Arising from the Deepwater Horizon Incident,” which was entered into on October 5, 2015, in the case styled *In re: Oil Spill by the Oil Rig “Deepwater Horizon” in the Gulf of Mexico, on April 20, 2010*, MDL 2179 in the United States District Court for the Eastern District of Louisiana ~~“Recovery Fund” means a trust account established by Triumph Gulf Coast, Inc., for the benefit of the disproportionately affected counties.~~

Section 3. Section 288.8013, Florida Statutes, is amended to read:

288.8013 Triumph Gulf Coast, Inc.; ~~Recovery Fund~~; creation; funding; investment.—

(1) ~~There is created within the department of Economic Opportunity a nonprofit corporation, to be known as Triumph Gulf Coast, Inc., which shall be registered, incorporated, organized, and operated in compliance with chapter 617, and which is not a unit or entity of state government. Triumph Gulf Coast, Inc., may receive, hold, invest, and administer the Recovery Fund in support of this act. Triumph Gulf Coast, Inc., is a separate budget entity and is not subject to control, supervision, or direction by the department of Economic Opportunity in any manner, including, but not limited to, personnel, purchasing, transactions involving real or personal property, and budgetary matters.~~

(2) Seventy-five percent of all payments to the state pursuant to the settlement agreement shall be transferred immediately by the Chief Financial Officer from the General Revenue Fund to the Triumph Gulf Coast Trust Fund ~~Triumph Gulf Coast, Inc., must create and administer the Recovery Fund for the benefit of the disproportionately affected counties.~~

The principal of the fund shall derive from 75 percent of all funds recovered by the Attorney General for economic damage to the state resulting from the Deepwater Horizon disaster, after payment of reasonable and necessary attorney fees, costs, and expenses, including such attorney fees, costs, and expenses pursuant to s. 16.0155.

(a) Such funds are appropriated to Triumph Gulf Coast, Inc., and shall be released by the department for deposit into the trust account established by Triumph Gulf Coast, Inc., pursuant to subsection (3) as follows:

1. Seventy-five percent of the moneys received by the state pursuant to the settlement agreement on or before July 1, 2017, shall be immediately released to Triumph Gulf Coast, Inc.

2. Seventy-five percent of the moneys received by the state pursuant to the settlement agreement after July 1, 2017, shall be released to Triumph Gulf Coast, Inc., no later than 30 days after such funds are transferred to the Triumph Gulf Coast Trust Fund.

(b) Triumph Gulf Coast, Inc., shall make awards for projects or programs within the geographic boundaries of each disproportionately affected county based on the following minimum allocations:

1. At least 40 percent of the moneys transferred to Triumph Gulf Coast, Inc., pursuant to subparagraph (a)1., must be allocated equally among the eight disproportionately affected counties based on a minimum allocation of at least 5 percent per county.

2. For each transfer of funds to Triumph Gulf Coast, Inc., pursuant to subparagraph (a)2., at least 32 percent of the moneys must be allocated equally among the eight disproportionately affected counties based on a minimum allocation of at least 4 percent per county.

(c) Each board of county commissioners shall solicit proposed projects and programs from other elected local governing boards within the county and shall provide Triumph Gulf Coast, Inc., with a list of proposed projects and programs located within its county. The submitted list of proposed projects and programs must include projects and programs submitted by other elected local governing boards and projects and programs recommended by the board of county commissioners.

(d) Any remaining funds shall be allocated by Triumph Gulf Coast, Inc., for administrative costs and to make awards pursuant to s. 288.8017. Administrative costs may not exceed 0.75 percent of the funds released to Triumph Gulf Coast, Inc.

(3) The Recovery Fund must be maintained as a long term and stable source of revenue, which shall decline over a 30-year period in equal amounts each year. Triumph Gulf Coast, Inc., shall establish a trust account at a federally insured financial institution to hold funds received from the Triumph Gulf Coast Trust Fund and make deposits and payments. Interest

~~earned in the trust account shall be deposited monthly into the Triumph Gulf Coast Trust Fund. Triumph Gulf Coast, Inc., may invest surplus funds in the Local Government Surplus Funds Trust Fund, pursuant to s. 218.407, and interest earned, net of fees, shall be transferred monthly into the Triumph Gulf Coast Trust Fund Earnings generated by investments and interest of the fund, plus the amount of principal available each year, shall be available to make awards pursuant to this act and pay administrative costs. Earnings shall be accounted for separately from principal funds set forth in subsection (2). Administrative costs may are limited to 2.25 percent of the earnings in a calendar year. Administrative costs include payment of investment fees, travel and per diem expenses of board members, audits, salary or other costs for employed or contracted staff, including required staff under s. 288.8014(9), and other allowable costs. The annual salary for any employee or contracted staff may not exceed \$130,000 and associated benefits may not exceed 35 percent of salary Any funds remaining in the Recovery Fund after 30 years shall revert to the State Treasury.~~

~~(4) Triumph Gulf Coast, Inc., shall invest and reinvest the principal of the Recovery Fund in accordance with s. 617.2104, in such a manner not to subject the funds to state or federal taxes, and consistent with an investment policy statement adopted by the corporation.~~

~~(a) The board of directors shall formulate an investment policy governing the investment of the principal of the Recovery Fund. The policy shall pertain to the types, kinds, or nature of investment of any of the funds, and any limitations, conditions or restrictions upon the methods, practices, or procedures for investment, reinvestments, purchases, sales, or exchange transactions, provided such policies shall not conflict with nor be in derogation of any state constitutional provision or law. The policy shall be formulated with the advice of the financial advisor in consultation with the State Board of Administration.~~

~~(b) Triumph Gulf Coast, Inc., must competitively procure one or more money managers, under the advice of the financial advisor in consultation with the State Board of Administration, to invest the principal of the Recovery Fund. The applicant manager or managers may not include representatives from the financial institution housing the trust account for the Recovery Fund. The applicant manager or managers must present a plan to invest the Recovery Fund to maximize earnings while prioritizing the preservation of Recovery Fund principal. Any agreement with a money manager must be reviewed by Triumph Gulf Coast, Inc., for continuance at least every 5 years. Plans should include investment in technology and growth businesses domiciled in, or that will be domiciled in, this state or businesses whose principal address is in this state.~~

~~(c) Costs and fees for investment services shall be deducted from the earnings as administrative costs. Fees for investment services shall be no greater than 150 basis points.~~

~~(d) Annually, Triumph Gulf Coast, Inc., shall cause an audit to be conducted of the investment of the Recovery Fund by the independent certified public accountant retained in s. 288.8014. The expense of such audit shall be paid from earnings for administrative purposes.~~

~~(4)(5) Triumph Gulf Coast, Inc., shall report on June 30 and December 30 of each year to the Governor, the President of the Senate, and the Speaker of the House of Representatives on the financial status of the Recovery Fund and its investments, the established priorities,; the project and program selection process, including a list of all submitted projects and programs and reasons for approval or denial,; and the status of all approved awards.~~

~~(5)(6) The Auditor General shall conduct an operational audit of the Recovery Fund and Triumph Gulf Coast, Inc., annually. Triumph Gulf Coast, Inc., shall provide to the Auditor General any detail or supplemental data required.~~

Section 4. Subsections (2), (3), (4), (7), and (9) of section 288.8014, Florida Statutes, are amended to read:

288.8014 Triumph Gulf Coast, Inc.; organization; board of directors.—

(2) Triumph Gulf Coast, Inc., shall initially be governed by a five-member ~~5-member~~ board of directors. Each of the Trustees of the State Board of Administration, the President of the Senate, and the Speaker of the House of Representatives shall each appoint one member from the private sector. As of the effective date of this act, the number of board members is increased to seven, with the President of the Senate and the Speaker of the House of Representatives each appointing an additional member from the private sector in one of the four least populous disproportionately affected counties, as identified by the United States Census Bureau in its April 2016 estimates of county populations, to ensure that two such counties are represented on the board. The board of directors shall annually elect a chairperson from among the board's members. The chairperson may be removed by a majority vote of the members. His or her successor shall be elected to serve for the balance of the removed chairperson's term. The chairperson is responsible to ensure records are kept of the proceedings of the board of directors and is the custodian of all books, documents, and papers filed with the board; the minutes of meetings of the board; and the official seal of Triumph Gulf Coast, Inc.

(3) Notwithstanding s. 20.052(4)(c), each initial appointment to the board of directors by the Board of Trustees of the State Board of Administration shall serve for a term that ends 4 years after the Legislature appropriates funds to Triumph Gulf Coast, Inc. ~~the Recovery Fund~~. To achieve staggered terms among the members of the board, each initial appointment to the board of directors by the President of the Senate and the Speaker of the House of Representatives shall serve for a term that ends 5 years after the Legislature appropriates funds to Triumph Gulf Coast, Inc. ~~the Recovery Fund~~. Thereafter, each member of the board of directors shall

serve for a term of 4 years. A member is not eligible for reappointment to the board; ~~except~~, however, any member appointed to fill a vacancy for a term of 2 years or less may be reappointed for an additional term of 4 years. ~~The initial appointments to the board must be made by November 15, 2013.~~ Vacancies on the board of directors shall be filled by the officer who originally appointed the member. A vacancy that occurs before the scheduled expiration of the term of the member shall be filled for the remainder of the unexpired term.

(4) The Legislature determines that it is in the public interest for the members of the board of directors to be subject to the requirements of ss. 112.313, 112.3135, and 112.3143, notwithstanding the fact that the board members are not public officers or employees. For purposes of those sections, the board members shall be considered to be public officers or employees. In addition to the postemployment restrictions of s. 112.313(9), a person appointed to the board of directors must agree to refrain from having any direct interest in any contract, franchise, privilege, project, program, or other benefit arising from an award by Triumph Gulf Coast, Inc., during the term of his or her appointment and for 6 2 years after the termination of such appointment. It is a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083, for a person to accept appointment to the board of directors in violation of this subsection or to accept a direct interest in any contract, franchise, privilege, project, program, or other benefit granted by Triumph Gulf Coast, Inc., to an awardee within 6 2 years after the termination of his or her service on the board. Further, each member of the board of directors who is not otherwise required to file financial disclosure under s. 8, Art. II of the State Constitution or s. 112.3144 shall file disclosure of financial interests under s. 112.3145.

(7) The board of directors shall meet at least quarterly, upon the call of the chairperson or at the request of a majority of the membership, to ~~review the Recovery Fund~~, establish and review priorities for economic recovery, diversification, and enhancement of the ~~in~~ disproportionately affected counties, and determine use of funds ~~the earnings~~ available. A majority of the members of the board of directors constitutes a quorum. Members may not vote by proxy.

(9)(a) Triumph Gulf Coast, Inc., is permitted to hire or contract for all staff necessary to the proper execution of its powers and duties to implement this act. The corporation is required to retain:

1. An independent certified public accountant licensed in this state pursuant to chapter 473 to inspect the records of and to annually audit the expenditure of funds ~~the earnings and available principal~~ disbursed by Triumph Gulf Coast, Inc.

2. ~~An independent financial advisor to assist Triumph Gulf Coast, Inc., in the development and implementation of a strategic plan consistent with the requirements of this act.~~

~~3. An economic advisor who will assist in the award process, including the development of priorities, allocation decisions, and the application and process; will assist the board in determining eligibility of award applications and the evaluation and scoring of applications; and will assist in the development of award documentation.~~

~~2.4. A legal advisor with expertise in not-for-profit investing and contracting and who is a member of The Florida Bar to assist with contracting and carrying out the intent of this act.~~

~~(b) All Triumph Gulf Coast, Inc., shall require all employees of the corporation shall to comply with the code of ethics for public employees under part III of chapter 112. Retained staff under paragraph (a) must agree to refrain from having any direct interest in any contract, franchise, privilege, project, program, or other benefit arising from an award of funds by Triumph Gulf Coast, Inc., during the term of his or her appointment and for 6 2 years after the termination of such appointment.~~

~~(c) Retained staff under paragraph (a) shall be available to consult with the board of directors and shall attend meetings of the board of directors. These individuals shall not be permitted to vote on any matter before the board.~~

Section 5. Subsection (2) of section 288.8015, Florida Statutes, is amended to read:

288.8015 Board of directors; powers.—In addition to the powers and duties prescribed in chapter 617 and the articles and bylaws adopted in compliance with that chapter, the board of directors may:

(2) Make expenditures including any necessary administrative expenditure ~~from earnings~~ consistent with its powers.

Under no circumstances may the credit of the State of Florida be pledged on behalf of Triumph Gulf Coast, Inc.

Section 6. Subsection (4) of section 288.8016, Florida Statutes, is amended to read:

288.8016 Triumph Gulf Coast, Inc.; duties.—Triumph Gulf Coast, Inc., shall have the following duties:

(4) Operate in a transparent manner, providing public access to information, notice of meetings, awards, and the status of projects and programs. To this end, Triumph Gulf Coast, Inc., shall maintain a website that provides public access to this information. At least 14 calendar days before approving an award pursuant to s. 288.8017, Triumph Gulf Coast, Inc., shall publish on the website a summary of the project or program and indicate its intent to approve the award.

Section 7. Section 288.8017, Florida Statutes, is amended to read:

288.8017 Awards.—

(1) Triumph Gulf Coast, Inc., shall make awards from available funds earnings and principal derived under s. 288.8013(2) to projects or programs that meet the priorities for economic recovery, diversification, and enhancement of the disproportionately affected counties, ~~notwithstanding s. 377.43~~. Awards may be provided for:

(a) Ad valorem tax rate reduction within disproportionately affected counties;

~~(b) Payment of impact fees adopted pursuant to s. 163.31801 and imposed within disproportionately affected counties;~~

~~(c) Administrative funding for economic development organizations located within the disproportionately affected counties;~~

~~(b)(d) Local match requirements of s. 288.0655 ss. 288.0655, 288.0659, 288.1045, and 288.106 for projects in the disproportionately affected counties;~~

~~(e) Economic development projects in the disproportionately affected counties;~~

(c)(f) Public infrastructure projects for construction, expansion, or maintenance which that are shown to enhance economic recovery, diversification, and enhancement of development in the disproportionately affected counties;

(d)(g) Grants to local governments in the disproportionately affected counties to establish and maintain equipment and trained personnel for local action plans of response to respond to disasters, such as plans created for the Coastal Impacts Assistance Program;

(e)(h) Grants to support programs of excellence that prepare students for future occupations and careers at K-20 institutions that have ~~home~~ campuses in the disproportionately affected counties. Eligible programs include those that increase students' technology skills and knowledge; encourage industry certifications; provide rigorous, alternative pathways for students to meet high school graduation requirements; strengthen career readiness initiatives; fund high-demand programs of emphasis at the bachelor's and master's level designated by the Board of Governors; and, similar to or the same as talent retention programs created by the Chancellor of the State University System and the Commission of Education, encourage students with interest or aptitude for science, technology, engineering, mathematics, and medical disciplines to pursue postsecondary education at a state university or a Florida College System institution within the disproportionately affected counties; and

(f) Grants to support programs that provide participants in the disproportionately affected counties with transferrable, sustainable workforce skills that are not confined to a single employer; and

(g)(i) Grants to the tourism entity created under s. 288.1226 for the purpose of advertising and promoting tourism and, Fresh From Florida, and grants to promote workforce and infrastructure, or related content on behalf of one or all of the disproportionately affected counties.

(2) Triumph Gulf Coast, Inc., shall establish an application procedure for awards and a scoring process for the selection of projects and programs that have the potential to generate increased economic activity in the disproportionately affected counties, giving priority to projects and programs that:

(a) Generate maximum estimated economic benefits, based on tools and models not generally employed by economic input-output analyses, including cost-benefit, return-on-investment, or dynamic scoring techniques to determine how the long-term economic growth potential of the disproportionately affected counties may be enhanced by the investment.

(b) Increase household income in the disproportionately affected counties above national average household income.

~~(c) Expand high growth industries or establish new high growth industries in the region.~~

~~1. Industries that are supported must have strong growth potential in the disproportionately affected counties.~~

~~2. An industry's growth potential is defined based on a detailed review of the current industry trends nationally and the necessary supporting asset base for that industry in the disproportionately affected counties region.~~

~~(c)(d) Leverage or further enhance key regional assets, including educational institutions, research facilities, and military bases.~~

~~(d)(e) Partner with local governments to provide funds, infrastructure, land, or other assistance for the project.~~

~~(f) Have investment commitments from private equity or private venture capital funds.~~

~~(g) Provide or encourage seed stage investments in start-up companies.~~

~~(h) Provide advice and technical assistance to companies on restructuring existing management, operations, or production to attract advantageous business opportunities.~~

~~(e)(i) Benefit the environment, in addition to the economy.~~

~~(f)(j) Provide outcome measures for programs of excellence support, including terms of intent and metrics.~~

(g)(k) Partner with K-20 educational institutions or school districts located within the disproportionately affected counties as of January 1, 2017.

(h) Are recommended by the board of county commissioners of the county in which the project or program will be located.

(i)(4) Partner with convention and visitor bureaus, tourist development councils, or chambers of commerce located within the disproportionately affected counties.

(3) Triumph Gulf Coast, Inc., may make awards as applications are received or may establish application periods for selection. Awards may not be used to finance 100 percent of any project or program. Triumph Gulf Coast, Inc., may require a one-to-one private-sector match or higher for an award, if applicable and deemed prudent by the board of directors. An awardee may not receive all of the ~~funds earnings or~~ available principal in any given year. An award may supplement but may not supplant existing funding sources.

(4) A contract executed by Triumph Gulf Coast, Inc., with an awardee must include provisions requiring a performance report on the contracted activities, must account for the proper use of funds provided under the contract, and must include provisions for recovery of awards in the event the award was based upon fraudulent information or the awardee is not meeting the performance requirements of the award. Awardees must regularly report to Triumph Gulf Coast, Inc., the expenditure of funds and the status of the project or program on a schedule determined by the corporation.

Section 8. Section 377.43, Florida Statutes, is repealed.

Section 9. The revision made by this act to s. 288.8014(4), Florida Statutes, applies only to persons who are appointed to serve on the board of directors of Triumph Gulf Coast, Inc., on or after July 1, 2017.

Section 10. The Division of Law Revision and Information is directed to replace the phrase "the effective date of this act" where it occurs in this act with the date this act takes effect.

Section 11. This act shall take effect upon becoming a law.

Inclusive Pensacola History

This is a request for Triumph funds to create an open space inclusive history venue throughout the urban core of the city of Pensacola.

Presently, the history of the city as displayed in its monuments to various historical persons and events, does not reflect an inclusive history that represents the struggles, aspirations and accomplishments of women, slaves, Native Americans, indigenous people, working people, people with disabilities, African Americans, ethnic minorities and diverse cultures.

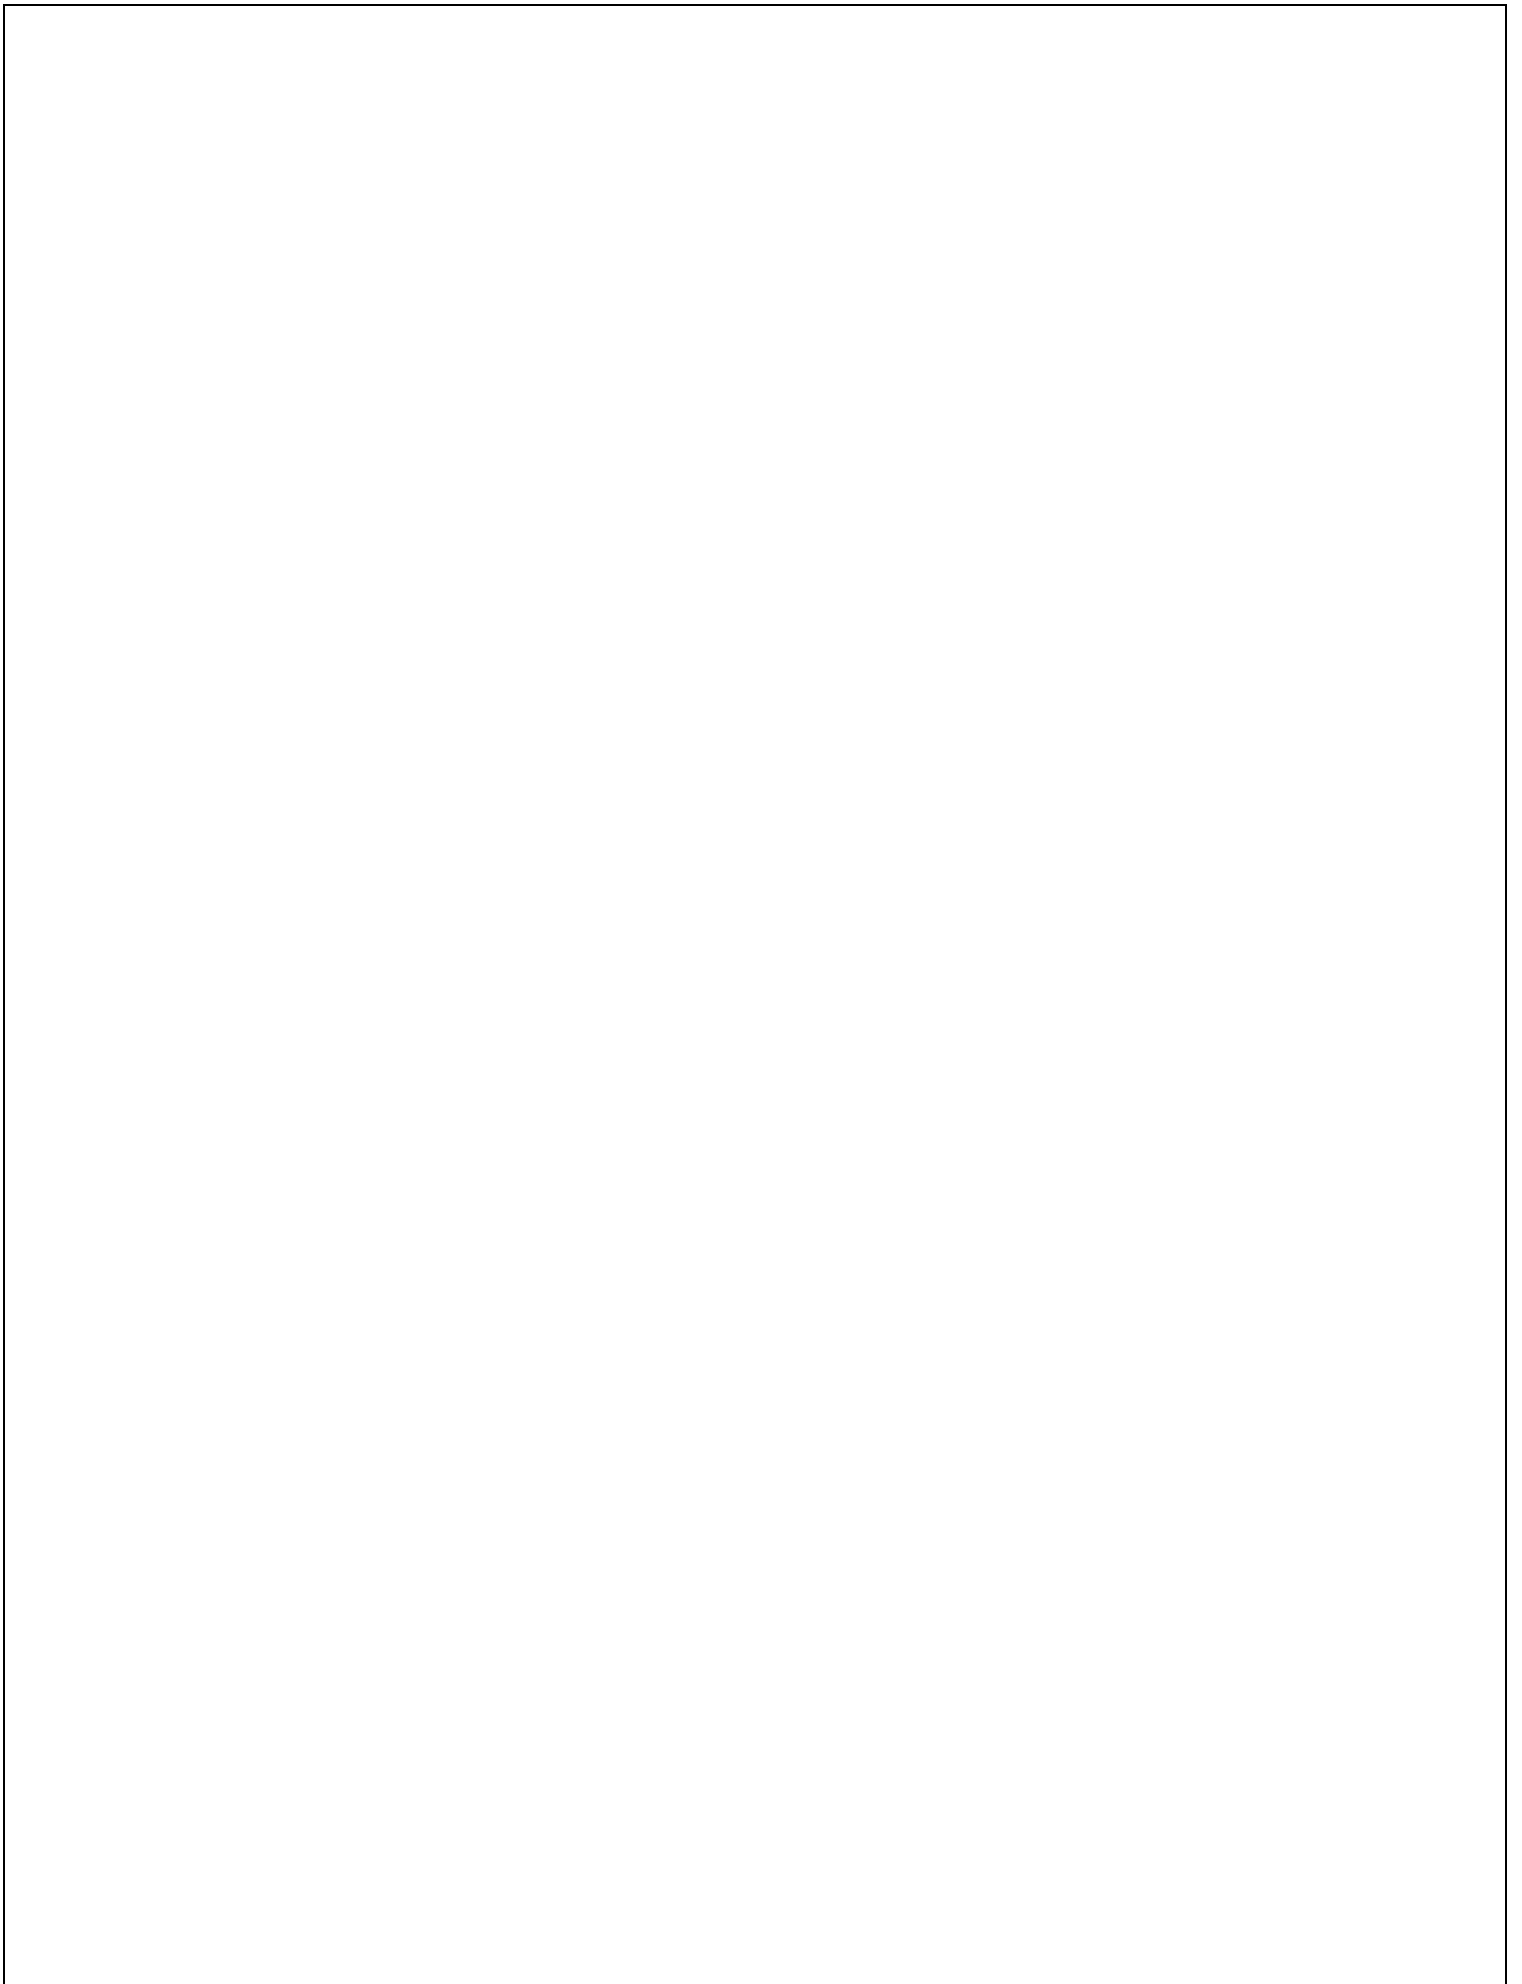

The Unity Project will fund the creation of additional historical monuments that represent the true diversity of the City of Pensacola. Through the collaborative efforts of a Unity Project Monument Committee, appointed by the Pensacola City Council and the Mayor of the City, suggestions for the planning and implementation of the project will be submitted to the City Council for discussion, public input, and approval.

The location of the Unity Project in the urban core will enhance the interest of tourist in the downtown historic district and surrounding communities. It will also serve as an educational venue for area students.

Many cities throughout the United States have inclusive historical monuments, such as the Points of Light Monument in Washington D.C., monuments to slaves, Native Americans, women, people with disabilities and many others. The creation of a Unity Project Monument venue will have a positive impact on the ability of the City of Pensacola to promote the area as progressive and inclusive of all people.

The estimated cost for the project is \$3,000,000.00 based on the cost of monuments that have been built in Pensacola in the past 10 years.

Gulf Coast Aerospace Corridor – Florida Advantage

In its 2016 survey on Aerospace Manufacturing Attractiveness, the global consulting firm of Price Waterhouse Coopers (PwC) ranked the State of Florida at number two among all states in attractiveness to the Aerospace manufacturing industry. Florida has clearly established itself as an industry leader, and particularly with recent aviation sector investment in Pensacola. We have an opportunity to build upon and take advantage of this national trend favoring our state and region.

Aerospace is a \$240 billion industry in the U.S. and key to the economy of four Gulf Coast states experiencing economic damage from Deepwater Horizon incident. While Florida already makes a compelling case for companies searching for location opportunities, to continue the region's work as a true contender for aviation and aerospace projects

This project proposes to expand on construction of Maintenance, Repair and Overhaul (MRO) hangar facilities and related office, assembly and material handling buildings at the City owned Pensacola International Airport.

Broad Regional Partnership to progress Marine STEM

A broad interest group of the Institute of Human and Machine Cognition, University of West Florida, Florida Fish and Wildlife Conservation Commission, Naval Sea Systems Command - Panama City and the City of Pensacola are seeking to partner on a marine research, development and education facility to be located at Warehouse 4, Port of Pensacola. The facility will provide research for: military or commercial autonomous vessels, product development and commercialization to market; intelligent subsea structures, environmental and ecosystem assessment with classroom and laboratories supporting those activities. It is also anticipated the facility will support actual marine research vessels for both offshore and inshore operations and possibly the FWC Enforcement Division operations relocated from the landing site of the new Pensacola Bay Bridge.

Warehouse 4 is approximately 45,000 ft sq and historically used for bulk storage of raw materials. The warehouse would be repurposed and renovated to accommodate the research space, classrooms, laboratories, manufacturing areas, storage and offices in modern recycled containers for mobility, flexibility and reusable workspace. This type of modern workspace and manufacturing energizes creativity in rapidly developing technology STEM fields. The building needs some renovation and repairs in addition to infrastructure improvement supporting the new functions.

The engagement of a regional university, panhandle wide military, an award-winning robotics and artificial intelligence research facility, a state agency combined with the private sector to commercialize developed products in a City owned facility has the absolute potential to provide regional impacts on economic transformation of the panhandle.

Berth 6 Restoration Creates Lasting Economic Impacts

Port Pensacola is one of Florida's 14 deep water ports and the port's ability to conduct logistics operations (import and export of goods for international and domestic markets) is critical to the overall economy of the Gulf Region. In fact, as a deep-water Port, functional infrastructure, berths and piers are essential to port operations, i.e. pier-side loading and unloading of cargo vessels/ barges with various types of heavy equipment including cranes. Constructed in the 1960s and exposed to almost 50 years of harsh saltwater and general working environment, Berth #6 reached the end of its service life.

Completion of the Berth #6 Infrastructure project will restore Port Pensacola to full operational capability and restore the economic benefits a deep-water seaport brings to the Gulf Region. But, growth in jobs and investment cannot occur without berth infrastructure repairs. Closure of Berth 6, and its 560 feet of pier, reduced operational capability of the port by 20%, resulting in a loss of flexibility in accommodating multiple vessels at the same time and causing some vessels to be turned away.

At maximum capacity, a restored Berth 6 could support an additional 365 vessel dockage days, worth \$11 million to \$18 million in additional economic impact EACH YEAR over the 40+-year life of the asset. One dockage day = 1 ship in port for 1 day. Overall, from 2014 to 2015, dockage days grew by 28%, reaffirming the fact that Port Pensacola is on an upward trajectory and illustrating the importance of available infrastructure to continue to increase Port activity.

Port Pensacola supports local NW Florida businesses – i.e., GE Energy's Scenic Highway Wind Turbine facility, International Paper, and Offshore Inland to name a few. Even crushed rock used in local road and other construction projects comes to Northwest Florida through our local port.

"This project pays dividends for a while."

"This project leverages State of Florida (FSTED) money."

COMMUNITY MARITIME PARK MARINA

Project Title: Community Maritime Park Marina
Budget: \$3 million
Applicant: City of Pensacola Office of the Mayor

Leading the Southern League in sellouts and total attendance the Wahoos Stadium, housed on a former brownfield at Maritime Park, has been a strong contributor to the increase in downtown activity. Bringing a marina online adjacent to the stadium provides a larger opportunity to compete for tourism dollars by hosting national and international maritime sporting events, local and national fishing tournaments and excursion ships. Boat access, both in the marina and south bulkhead, dramatically enhances activity at the park and the quality and diversity of park experiences and can lead to an increase in game attendees, special event attendees, and downtown visits.

Our recommended marine infrastructure and tourism development project is situated on the waterside adjacent to the Pensacola Bayfront Stadium at Community Maritime Park. This project proposes to examine and construct a marina providing access to the waterway adjacent to Maritime Park – home to Blue Wahoos Baseball. Community Maritime Park was constructed on a former brownfield in downtown Pensacola in 2009 with the vision of locals and tourists enjoying the amenities that this type of development brings to the waterfront redevelopment district.

Project permits are in place. A breakwater has been constructed to protect the marina. Three dock structures are proposed, accommodating nearly 50 vessels in Phase I.

DOWNTOWN PARKING INFRASTRUCTURE

Parking Strategies as a Catalyst to Economic Development: Business District Infrastructure

The City of Pensacola, and in particular the downtown core, has experienced significant growth over the past five years, and the rate of change over the next five to ten years has the potential to be even greater.

In order to keep a parking shortage from pinching future downtown growth, in 2015 the City engaged the West Florida Regional Planning Commission to examine current parking supply, review best practices and project future parking demand.

Demand analysis calculations show the study area having a net deficit of 2,268 parking spaces. Based on research regarding cities of similar size and characteristics, it is evident that an effectively implemented parking model can result in a more profitable outcome for existing commercial enterprises and lead to new investment.

To attract and support commercial investment including headquarters and small businesses, parking strategists recommend using parking flexibility as an economic development tool.

To achieve a broader economic development vision for the downtown commercial core, funding is requested to design and construct a mixed-use parking structure that meets the goals outlined above. Parking demand supporting the growth of Palafox Commercial core, increases in Port of Pensacola activity, Gateway Zone attraction of Tech Park, growth of Pensacola Bay Center and increased demand at Community Maritime Park were considered in the study. Future parking demand was forecasted based on construction permits through January 2016 and future attraction efforts.

COMMUNITY MARITIME PARK (CMP) EXCURSION SHIP DOCK

**Project Title: Community Maritime Park (CMP)
Excursion Ship Dock
Budget: \$ 2 million
Applicant: City of Pensacola Office of the Mayor**

Access to waterways in our traditional fishing community endures as an important part of our economy and culture. Bringing an excursion ship dock infrastructure on line meets planning goals to further activate Pensacola Bay, market and preserve our maritime history and bring tourism venues on line in America's 1st Settlement.

Supporting infrastructure is needed to accommodate vessels similar to research or tall ships at the maritime park. We are encouraged that bringing this amenity on line can support international sailing races, short excursion cruises and maritime festivals in our port City. Positive economic impact is expected by adding a potential tourism venue that will attract excursion ships while enhancing tourism and economic development options in our City.

Tourism destinations are transformed by the arrival of an increasing number of cruises and Florida ranks first in state economic benefits from the cruise industry. Although, current and new infrastructure will not support mega-cruise ships, Phase 1 funding for design and engineering will help the City determine construction costs to accommodate smaller excursion vessels, tall ships and similar ships.

Cruise tourism generates an estimated \$18 billion a year in passenger expenditure and has been the fastest growing sector of the travel industry for the past 20 years at an average annual growth rate of passengers of 7.4%.

SANDERS BEACH STORMWATER PARK

Project Title: Sanders Beach Stormwater Park

Budget: \$5 million

Applicant: City of Pensacola Office of the Mayor

The positive impact of this project will serve well beyond Northwest Florida. The expansion of the Sanders Beach park will help link the waterfront park and community resource center to the redevelopment of the 19 acre American Creosote Superfund Site, creating a 24 acre urban park and lifting a blighted community. Superfund redevelopment projects are complex but offer vast urban acreages of property for development creating jobs, siting industry and providing public lands. Replicating this experience at Sanders Beach and American Creosote will provide guidance for reinvestment and redevelopment of the seven superfund sites in Escambia County, the 11 in NW FL and the 89 in the State of Florida. Otherwise the strategically located properties will remain vacant and neglected parcels fenced off from any product use, jobs and tax revenue to local governments.

The 1st phase of work has been completed with the installation of storm water treatment and enhancements to the existing park. The proposed project, 2nd phase entails purchasing a 1.48-acre property, Zelica Grotto Hall, which adjoins the City-owned Sanders Beach Community Resource Center, Park, and Boat Ramp. This regional park will provide enhancements to the Sanders Beach neighborhood and expansion of the economic growth of downtown Pensacola westward into the residential Sanders Beach and Main Street Corridor.

BAYWALK

Project Title: BAYWALK

Budget: \$3 million

Applicant: City of Pensacola Office of the Mayor

As adopted in the Urban Core Community Redevelopment Plan, the Pensacola Baywalk project is a road diet and continuous multimodal pathway along downtown Pensacola's three-mile waterfront. Fully constructed, the Baywalk will provide a continuous linkage between existing waterfront features like Plaza de Luna, and the Community Maritime Park, following the Maritime Heritage Trail, where the public can enjoy the downtown coastline and maritime history.

This one-half mile segment is immediately adjacent to a four(4)-lane divided state highway and features a six-foot wide concrete sidewalk which is directly behind the highway curb line. There are no designated bike lanes. The narrow sidewalk does not provide sufficient pedestrian access, traffic regularly exceeds the posted limits, making the area inhospitable for pedestrian and bicycles. The stormwater runoff currently discharges directly into Hawkshaw Lagoon, Project Greenshores, or Pensacola Bay. The adjacent shoreline is reinforced riprap edging Pensacola Bay invaded by Phragmites Australis, in dense stands that out-compete native vegetation and negatively affect salt marshes.

"This project will link to the new Pensacola Bay Bridge and 17th Avenue traffic circle creating an iconic entrance to America's 1st Settlement"

Mayor Ashton Hayward, 2017

MAIN STREET WEST CORRIDOR IMPROVEMENTS

Project Title: Main Street West Corridor Improvements
Budget: \$3 million
Applicant: City of Pensacola, Office of the Mayor

Complete streets implementation to provide multi-modal use, safely accommodating automobiles, transit vehicles and riders, bicyclists, and pedestrians. This project will provide transit for people and vehicles, but also often serve as places for commerce and recreation. The project will be compatible with the surrounding community, and support adjacent land uses and activities and will include:

- Constructing a ten-foot wide shared-use path on south side of Main Street utilizing brick pavers
- Share use path will be buffered by vegetative streetscaping
- Provide for benches and trash can amenities
- Implementation of 11' wide, center east-west turn lanes at A and E Streets
- Constructing a five-foot wide sidewalk on north side of Main Street
- North sidewalk will be buffered by the Installation of vegetative streetscaping.

**Disaster Management
Training Center**

DISASTER MANAGEMENT TRAINING CENTER

Project Title: DISASTER MANAGEMENT TRAINING CENTER

Budget: \$1 million

Applicant: City of Pensacola, Office of the Mayor

The Pensacola Fire Department's Regional Certified Training Center offers training for existing workforce and potential recruits in disaster planning, emergency response and fire suppression management. The Regional Center is currently certified by the Florida Bureau of Fire Standards. Due to changing codes and National Fire Protection Agency standards our current facility and planning programs require upgrades to maintain certification. Meeting those requirements will require a new, pre-engineered training structure. Bringing a new facility online will allow the City to retain our certification as a state certified regional training center. Our training center produces qualified emergency planning and responders for all disasters to include but not limited to equipment and personnel for local disaster action plans, natural disasters, hazardous materials incidents, structural fires, urban search and rescue, vehicle accidents, airport fire rescue and mass casualty incidents.

To maintain equipment for local action response planning and responding to disasters with rapidly evolving technologies, our City Emergency Information Center needs upgrades to communications software and hardware. Emergency Management within the city is vital to maintain delivery of city services, perform local government functions during times of disaster and put our existing industries quickly back on line. An upgraded platform will ensure that agency coordination is maintained through the City's Incident Command and assure mission critical functions will continue post event.

Providing emergency management workforce training and upgrading communications also factor into Insurance Classification Ratings (ISO) and business location decisions. Providing insurance cost savings for existing industries and new businesses by maintaining a high Service Class Rating and providing a trained workforce are powerful recruitment tools for our region.

Multi-Purpose Urban Greenway Transforms Corridor

The proposed Hollice T. Williams Urban Greenway is an adaptive use of underutilized space beneath the elevated Interstate 110 highway, near its southern terminus in downtown Pensacola, adjacent to Pensacola Bay. This project will create a radically revitalized gateway corridor into the heart of the city and become a destination for those who seek a unique and culturally diverse venue for recreation or relaxation.

The Hollice T. Williams Greenway will achieve the multiple purposes of stormwater mitigation, recreation, and creation of a unique civic space designed to attract a diverse range of visitors and encourage neighborhood reinvestment. The project will aid the City of Pensacola in collecting, treating and routing 1.3 miles of stormwater, providing relief to diverse adjacent neighborhoods in flood prone areas near Hollice T. Williams Park. A concept similar to Tallahassee's Cascades Park, consisting of a network of underground channels, open streams and ponds designed to provide both flood protection and treatment of run-off during intense storms, the Hollice T. Williams stormwater/recreation basins will maximize the use of public lands to manage large run-off volumes generated quickly during storm events. Dual use dry ponds which double as youth athletic and passive fields.

In addition to its adaptive approach to stormwater management, urban place making will be achieved by this project. Taking a note from of New York's Highline Park, the City looks to transform the dreary hardscape of the highway underpass to a vibrant space supporting community health and wellness, tourism and economic development. The Greenway will feature gateways, waterscape, artistic hardscape, decorative lighting, sculptures, stonescapes, decorative seating, exercise stations, shade gardens and edible plantings.

The project will provide passive, active and community gathering spaces. It will serve people of all ages and interests from children to seniors, traditional and non-traditional athletes and the "forgotten youth" of the community. Private and non-profit partners, including Upward Intuition and Innisfree Hotels, are collaborating with the City to support the development and operation of a community garden, a world class competitive skate park/amphitheater and to build early-learning opportunities into the Greenway.

The Greenway will be an iconic, one of a kind, urban green spine that will mitigate flooding, and provide community-wide enjoyment and activity options for all ages. This project will catalyze the revitalization of adjacent inner city neighborhoods and the entire corridor.

Complete Streets Serve As Powerful Economic Driver

Inadequacies within Pensacola’s existing downtown neighborhood transportation corridors undermine the community’s connectivity to the waterfront. Outdated and deteriorated infrastructure conditions create an unsafe and uncomfortable environment which diminishes pedestrian and non-vehicular activity. These infrastructure conditions also limit area market potential for redevelopment by deterring private sector investment. “Complete Streets” streetscape improvements will leverage recent drainage and recreational improvements provided by the construction of the Government Street Regional Stormwater Facility at Corrine Jones Park and encourage westward moving development. Construction of a Complete Streets system of improvements, will support smart and equitable growth, which capitalizes on existing infrastructure, development potential and market demand. These community thoroughfares will be redesigned to address safety, lighting and aesthetic inadequacies and will include widened ADA accessible sidewalk systems, decorative street lighting, landscaping with shade trees, on-street parking and subsurface infrastructure. The improvements will enhance community walkability providing health, environmental and economic benefits to all residents of the City’s downtown neighborhoods.

- Integrates Pensacola’s Downtown Core and inner city neighborhoods by upgrading three key transitional streets, North DeVilliers, Reus and “A” Streets , providing connectivity to the City’s waterfront as well as major commercial corridors - Cervantes, Garden and Main Street.
- Enhances livability and linkages by employing sustainable urban design within Pensacola’s Inner City neighborhoods targeted for blight removal and revitalization.
- Provides walkability between three historical downtown neighborhoods (Tanyard, Belmont-DeVilliers and North Hill), the Community Maritime Park, the newly developed Corrine Jones Stormwater Park, as well as other community amenities.

The streetscape enhancements will transform the public realm and serve a wide range of users. These improvements will act as a powerful social and economic driver providing improved urban access along Pensacola’s western transitional core. By bridging the gap between Pensacola’s lower income communities and the downtown amenities and commercial corridors, the project will drive economic vigor and catalyze westward moving growth and vitality spurred by the success of Pensacola’s Downtown Business District and waterfront.

Complete Streets Corridor Management Restores Economic Appeal

The West Cervantes Street-Mobile Highway corridor, which spans from North “A” Street on the east to Dominguez Street on the west, serves as the principal commercial corridor and urban center of Pensacola’s Westside and Brownsville communities. Historically, this former economic hub invited a wide variety of visitors to its once thriving city streets and entrepreneurial businesses. Today, however, the corridor has fallen victim to urban sprawl, deterioration, and disinvestment resulting in economic decline, dilapidated building stocks, and increased poverty and crime. Both communities have been designated for revitalization by the City and County respectively.

The West Cervantes Street-Mobile Highway Corridor Management Plan (CMP) establishes four key objectives designed to restore the economic vibrancy of the West Cervantes Street-Mobile Highway corridor by improving safety, accessibility, comfort and appeal in the built environment. These objectives include:

- **Improvements to Multimodal Transportation.** Analyses conducted during the preparation of the CMP identify critical multimodal facility inadequacies within the corridor. To address these inadequacies, plan implementation includes the adoption of a two lane roadway system with provisions for bicycle lanes, on-street parking, pedestrian crosswalks, additional public transit shelters, medians and streetscape improvements. Implementation follows the Florida Department of Transportation’s (FDOT) Complete Streets principles and includes widened ADA accessible sidewalk systems with curb extensions, decorative lighting and landscaping enhancements.
- **Enhancements to Pedestrian Safety and Walkability.** Walkable communities generate activation of public thoroughfares, and promote neighborhood health and wellness. A recent traffic safety study documents a high incidence of pedestrian involved crashes along the corridor. To encourage safety and enlivenment of Pensacola’s Westside and Brownsville communities, implementation includes improvements to sidewalk interconnectivity throughout adjoining neighborhoods and to community amenities such as existing parks and the library.
- **Improvements to Key Corridor Gateways (A Street, E Street, and Pace Boulevard).** Beautification of key corridor gateways provide appeal and evoke a sense of arrival representative of neighborhood character. Implementation includes dual purpose gateway improvements which promote quality of place and provide an amenity such as park seating or beautification.
- **Improvements to Workforce through Revitalization of Commercial Corridors.** Existing conditions along the West Cervantes Street-Mobile Highway Corridor include an abundance of vacant parcels and dilapidated structures which present prime opportunities for redevelopment. Implementation includes the use of sound urban design principles to generate redevelopment which catalyzes economic growth through the availability of office, retail and restaurant space, and promotes active public use. Quality mixed-use facilities offering outdoor seating or plazas will be proposed by redevelopment.

Implementation of the West Cervantes Street Corridor Management Plan (CMP), has gained unprecedented public and inter-agency support and is backed by a partnership between the Florida Department of Transportation (FDOT), West Florida Regional Planning Council, Florida-Alabama Transportation Planning Organization, City of Pensacola and Escambia County.

Innovative Stormwater Park & Streetscape Synergize Hospital-Based Community Revitalization

The West Moreno Stormwater and Streetscape Project is an innovative project that addresses stormwater and flooding mitigation, sustainable urban design and place making, neighborhood revitalization and economic development. This public investment has potential to create an exponential return to the community.

The City has been awarded a FEMA grant to construct needed stormwater improvements to mitigate repetitive flooding in the West Moreno district. The project is sited near the entrance to Baptist Hospital - Pensacola's only inner city hospital, and institutional anchor for the West Moreno neighborhood. There is a vision to use this stormwater project as a catalyst to transform the blighted and underserved, high poverty neighborhood surrounding the hospital. The funded stormwater facilities plan can be modified to a dual-purpose, stormwater park/gateway facility that will be the cornerstone of transformation in the district and support hospital-driven revitalization.

This proposed investment in public realm improvements will create a vibrant, well-lit, aesthetically attractive "Complete Street" streetscape with street trees and banners. The park will provide an inviting and inclusive gathering place that supports outdoor activity, health and wellness through its design. Some land acquisition is required by the project. The City has used this creative approach to transform its downtown eastern gateway through the design and construction of Admiral Mason Park, an award winning, dual purpose stormwater and recreation facility.

A recent study, jointly funded by Baptist Hospital, the City of Pensacola and Escambia County, showed that hospital employees, visitors, patients and neighborhood residents need a convenient, central and accessible public space for walking, or sitting that is safe and attractive. The study, also, identified a market gap and unmet demand for retail services generated by the residents and thousands of people coming into the neighborhood because of the hospital. This project will create a significantly enhanced entrance to Baptist Hospital that is distinct, safe and walkable and contribute to the neighborhood as a desirable place to live and work with amenities that are convenient and accessible.

- **Development of a Recreational Stormwater Park.** Repetitive flood damage is a major contributor to blight within the West Moreno neighborhood. The development of a recreational stormwater park will address stormwater retention and treatment and provide a critical neighborhood asset which promotes health and wellness and actively diversifies the public realm. This amenity will include green space with attractive landscaping, multi-use paths, park seating, decorative lighting, and children's play equipment. **Budget:** \$2.6 million
- **Streetscape Improvements.** Addressing several key factors, streetscape enhancements will improve walkability, accessibility, neighborhood safety and beautification of public thoroughfares. Improvements will include installation of decorative lighting, landscaping, sidewalks, on-street parking, banners and subsurface infrastructure. **Budget:** \$6.5 million

Performance Evaluation

Council Executive

PURPOSE

The purpose of the employee performance evaluation and development report is to increase communication between the City Council, the Council President and the Council Executive concerning the performance of the Council Executive in the accomplishment of his/her assigned duties and responsibilities, and the establishment of specific work-related goals and objectives.

PROCESS

1. The Council Executive prepares a memorandum to the City Council including his/her self-evaluation
2. The Council Executive will provide evaluation forms for completion at Council Member discretion
3. Completed forms will be forwarded to a member of Council Staff where the results will be tabulated and provided to the Council President
4. For each category, scores will be compiled and averaged for a composite score for that category
5. The Council President will prepare an evaluation for review with the Council Executive and presentation to the City Council along with any proposed salary increase if/when appropriate

INSTRUCTIONS

Review the employees work performance for the entire period; try to refrain from basing judgement on recent events or isolated incidents only. Disregard your general impression of the employee and concentrate on one factor at a time.

Evaluate the employee on the basis of standards you expect to be met for the job to which assigned considering the length of time in the job. Check (✓) the number which most accurately reflects the level of performance for the factor appraised using the rating scale described below.

PERFORMANCE EVALUATION

Council Executive

Date: _____

RATING SCALE DEFINITIONS (1-5)

Unsatisfactory (1) - The employee's work performance is inadequate and definitely inferior to the standards of performance required for the job. Performance at this level cannot be allowed to continue.

Improvement (2) - Needed The employee's work performance does not consistently meet the standards of the position. Serious effort is needed to improve performance

Meets Job (3) - Standard The employee's work performance consistently meets the standards of the position

Exceeds Job (4) - Standard The employee's work performance is frequently or consistently above the level of a satisfactory employee, but has not achieved an overall level of outstanding performance

Outstanding (5) - The employee's work performance is consistently excellent when compared to the standards of the job

Not Observed (NO) The employee's work performance was not observed during this evaluation period.

Performance Evaluation

Executive Assistant to Council

PURPOSE

The purpose of the employee performance evaluation and development report is to increase communication between the City Council, the Council President, the Council Executive and Council staff concerning the performance of the Executive Assistant to Council in the accomplishment of his/her assigned duties and responsibilities, and the establishment of specific work-related goals and objectives.

PROCESS

1. The Council Executive prepares a memorandum to the City Council including the Executive Assistant to Council evaluation
2. The Council Executive will provide evaluation forms for completion at Council Member discretion
3. Completed forms will be forwarded to a member of Council Staff where the results will be tabulated and provided to the Council President
4. For each category, scores will be compiled and averaged for a composite score for that category
5. The Council Executive will prepare an evaluation for review with the Executive Assistant to Council and presentation to the City Council along with any proposed salary increase if/when appropriate

INSTRUCTIONS

Review the employees work performance for the entire period; try to refrain from basing judgement on recent events or isolated incidents only. Disregard your general impression of the employee and concentrate on one factor at a time.

Evaluate the employee on the basis of standards you expect to be met for the job to which assigned considering the length of time in the job. Check (✓) the number which most accurately reflects the level of performance for the factor appraised using the rating scale described below.

CITY COUNCIL

Special Meeting Minutes

September 13, 2017

5:31 P.M.

Council Chambers

Council Vice President Wingate called the special meeting to order.

ROLL CALL

Council Members Present: Gerald Wingate, Jewel Cannada-Wynn, Larry Johnson (left 6:53), Sherri Myers, Andy Terhaar, P.C. Wu (arrived 5:39)

Council Members Absent: Brian Spencer

Council Vice President Wingate indicated this is a special meeting of the City Council to conduct the first public hearing for the purpose of adopting tentative millage rates for the City and the Downtown Improvement District for 2017 and tentative budgets for the City and the Downtown Improvement Board for the Fiscal Year 2018.

INFORMATION ITEM

1. [17-00500 SPECIAL MEETING AND PUBLIC HEARING TO ADOPT TENTATIVE MILLAGE RATES AND TENTATIVE BUDGETS](#)

Before addressing the agenda items, Council Vice President Wingate read into the record and explained that the TRIM law requires strict conformance with exacting procedures in order to lawfully adopt millage levies and budgets. In adherence with those procedures, he indicated the first substantive issue to be discussed must be the percentage increase over the rolled-back rate necessary to fund the budget, if any, and the specific purposes for which ad valorem tax revenues are being increased; and further that the proposed tentative millage rate of 4.2895 mills for the City and 2.0000 mills for the Downtown Improvement District constitutes a 3.56% increase of property taxes over the aggregate rolled-back rate which is 4.2502 mills. He also stated the basis for the “rolled-back” rate.

He then called on City staff to explain the reasons for the proposed increase over the rolled-back rate.

Chief Financial Officer Barker provided the explanation indicating the proposed increase over the rolled-back rate is in order to maintain services and meet increased costs.

ACTION ITEMS (CONT'D.)

A motion to amend Resolution No. 17-54 was made by Council Member Myers and seconded by Council Member Wingate, that in accordance with the City Attorney's *Legal Opinion on Fiscal Year 2018 Budget Matters* memorandum dated September 11, 2017 (on file with background materials), but for the items Council has already approved for LOST IV funding: Bayview Resource Center \$6,050,000; Fire Station #3 \$3,300,000; Fire Apparatus \$935,000; and Osceola Clubhouse \$700,000, City Council defer allocating any further funds for LOST IV Projects by appropriating said (remaining) funds to be placed in a "Reserve" account.

Discussion ensued among Council regarding the (first) amendment with Council Member Myers fielding comments and questions. Chief Financial Officer Barker also asked for clarification.

Council Member Myers clarified, other than the specific project allocations previously approved (and referenced in the above amendment), everything else be moved to unallocated reserves.

In response to Council Member Myers' clarification, Chief Financial Officer Barker advised that debt service payments on capital project bonds are a part of the LOST funds (reflected on page 31 of Resolution No. 17-54) in the amount of \$580,200 for interest with a principal payment of \$4,961,400, for a total of \$5,541,600. Therefore, \$7,461,500 would be the remaining funds which are being proposed for reserves.

Council Member Myers also addressed Council Member Cannada-Wynn's concern that there be a timeframe for those dollars to be allocated, and offered a friendly amendment that the deferment of LOST IV be within six (6) months of the approval of the final budget for Fiscal Year 2018.

Upon conclusion of discussion, the vote was called on Amendment No. 1 to Resolution No. 17-54.

The motion failed by the following vote:

Yes: 2	Gerald Wingate, Sherri Myers
No: 4	Andy Terhaar, Jewel Cannada-Wynn, Larry Johnson, P.C. Wu

Discussion continued among Council with Council Member Johnson raising the issue of increased funding for the design and construction of the new Bayview Resource center.

ACTION ITEMS (CONT'D.)

A motion to amend Resolution No. 17-54 was made by Council Member Myers and seconded by Council Member Terhaar, that City Council remove \$1,640,000 from (LOST IV Spreadsheet - - on file with background materials) Line Item 30 – *Pavement Management Program* originally proposed for \$12,000,000, leaving \$10,360,000 in funding; and create Line Item 31 – *Burgess Road Project* in the amount of \$1,640,000.

Discussion ensued among Council regarding the (second) amendment.

Upon conclusion of discussion, the vote was called on Amendment No. 2 to Resolution No. 17-54.

The motion carried by the following vote:

Yes: 4 Gerald Wingate, Andy Terhaar, Jewel Cannada-Wynn, Sherri Myers
No: 2 Larry Johnson, P.C. Wu

Discussion continued among Council.

A motion to amend Resolution No. 17-54 was made by Council Member Cannada-Wynn and seconded by Council Member Wingate, that City Council remove (an additional) \$5,850,000 from (LOST IV Spreadsheet - - on file with background materials) Line Item 30 – *Pavement Management Program* originally proposed for \$12,000,000 now down to \$10,360,000 (due to Amendment No. 2 passing), leaving \$4,510,000 in funding; and fund the following projects with the proposed \$7,350,000: Line Item 41 – *Friccker Center* add \$700,000 for renovations; Line 48 – *Sanders Beach / Corinne Jones* add \$1,000,000 for ramp/environmental improvements; Line 62 – *Bill Gregory Park* add \$500,000 for completion of the project; Line 79 – *Kiwanis Park* add \$100,000; Line 82 – *Legion Field* add \$1,000,000; Line Item 92 – *Morris Court Park* add \$300,000; and create additional line items for *Corinne Jones Park* add \$150,000; *Armstrong Park* add \$300,000; *Road Improvement "A" Street & Jordan Street (PHS Intersection)* add \$300,000; and *West Cervantes Street Corridor* add \$1,500,000.

Discussion ensued among Council regarding the (third) amendment. Input was heard from Chief Financial Officer Barker during discussion.

Upon conclusion of discussion, the vote was called on Amendment No. 3 to Resolution No. 17-54.

The motion failed by the following vote:

Yes: 3 Gerald Wingate, Jewel Cannada-Wynn, Sherri Myers
No: 3 Andy Terhaar, Larry Johnson, P.C. Wu

ACTION ITEMS (CONT'D.)

Discussion continued among Council.

A motion to amend Resolution No. 17-54 was made by Council Member Cannada-Wynn and seconded by Council Member Terhaar, that City Council that City Council remove (an additional) \$4,250,000 from (LOST IV Spreadsheet - - on file with background materials) Line Item 30 – *Pavement Management Program* originally proposed for \$12,000,000 now down to \$10,360,000 (due to Amendment No. 2 passing), leaving \$6,110,000 in funding; and fund the following projects with the proposed \$4,250,000: Line 48 – *Sanders Beach / Corinne Jones* add \$1,000,000 for ramp/environmental improvements; Line 82 – *Legion Field* add \$1,000,000; Line Item 92 – *Morris Court Park* add \$300,000; and create additional line items for *Corinne Jones Park* add \$150,000; *Armstrong Park* add \$300,000; and *West Cervantes Street Corridor* add \$1,500,000.

DISCUSSION

32. [17-00496](#) DISCUSSION REGARDING ESTABLISHMENT, NAMING AND PRESERVATION OF HISTORICAL RESOURCES - SELECTION OF DATE FOR SPECIAL COUNCIL MEETING FOR PUBLIC INPUT (IF DESIRED)

Council President Spencer called on Council Executive Kraher to begin the discussion, which he indicated the intent is for Council to determine (in accordance with Council Policy 4.31) if they would like to call a special meeting to hear from the public if presented with any proposal regarding (removal of) historical resources.

Before calling for public input, some Council Members made comments.

Public input was heard from the following individuals:

Dorrian Vance	Haley Morrisette
James Scaminaci	Bill Caplinger
Cal Daniel	Nathan Monk
David McCallister	Barbara Mayall
Mick Hinricks (previously removed from chambers)	Kelli Green
Ken Daniel	

Council Members made follow-up remarks.

A motion was made by Council Member Myers and seconded by Council Member Cannada-Wynn that City Council direct the Council Executive to research and bring forward recommendations for Council to consider adoption of an ordinance to provide guidelines for the Establishment, Naming and Preservation of Historical Resources.

DISCUSSION (CONT'D.)**33. [17-00526](#) EMERALD COAST UTILITY AUTHORITY (ECUA) PROPOSED STORAGE TANKS**

Council Member Myers began the discussion by referencing that the project has been permitted, to her surprise, without coming before City Council for approval which she believes ECUA deviated from statutory guidelines requiring a public process before the Council. She indicated she would like to hear from George Mead the attorney representing North Hill Preservation Association in a lawsuit filed against ECUA.

Council Member Cannada-Wynn indicated Council should first hear from City staff regarding the permitting process for this project. Inspections Services Administrator Weeks whose office issued the permit deferred to City Attorney Bowling and she indicated she would like further opportunity to look at the statute in detail, as well as ECUA's enabling act. She indicated she is aware of the lawsuit and suggested the Zoning Board of Adjustment and Appeal would be the appropriate venue to appeal the issuance of a permit. She responded to questions accordingly. Inspections Services Administrator Weeks clarified that the permit has been (legally) issued and construction started. Council Member Terhaar questioned the Council's legal authority to stop construction at this point.

Public input was heard from the following individuals:

Nicole Endacott
Melanie Nichols
George Mead

Lisa Mead
Stephanie Wilhelm

Council Member Myers made follow-up remarks.

A motion was made by Council Member Myers and seconded by Council Member Cannada-Wynn that City Council direct ECUA to cease construction pending a special City Council meeting on 9/20/17 (prior to the 5:30 Special City Council Meeting - Final Public Hearing on FY 2018 Proposed Budget and Millage Rate) in order for the City Attorney to provide an opinion on the process for approving such a project.

Council Member Cannada-Wynn indicated that there should be a time certain for construction to be ceased.

Council Member Myers added (as a friendly amendment) that construction be ceased for a period of fifteen (15) days.

Discussion ensued among Council regarding the motion with City Attorney Bowling responding accordingly to questions.

Council Member Cannada-Wynn withdrew the second to the motion.

DISCUSSION (CONT'D.)

A motion (related to Discussion Item 33) was made by Council Member Myers and seconded by Council Member Terhaar that City Council hold a special meeting on 9/20/17 at 4:00 P.M. (prior to the 5:30 Special City Council Meeting - Final Public Hearing on FY 2018 Proposed Budget and Millage Rate) in order for the City Attorney to provide an opinion on the statutory process required and whether or not ECUA met such requirements for the planning and permitting of this construction project at the current location.

Council President Spencer called the special meeting to order.

ROLL CALL

Council Members Present: Brian Spencer, Gerald Wingate, Jewel Cannada-Wynn, Larry B. Johnson (arrived after recess when meeting was reconvened at 6:53), Sherri Myers, Andy Terhaar, P.C. Wu

Council Members Absent: None

Council President Spencer indicated this is a special meeting of the City Council to discuss the statutory process required and whether nor not such requirements were met by the Emerald Coast Utilities Authority (ECUA) for the planning and permitting of proposed emergency storage tanks to be located at 1751 North Guillemard Street.

ACTION ITEMS

None.

DISCUSSION ITEM

1. [17-00551 PROPOSED EMERALD COAST UTILITY AUTHORITY \(ECUA\) EMERGENCY STORAGE TANK TO BE LOCATED AT 1751 N. GUILLEMARD ST.](#)

Council Member Myers, as sponsor, began the discussion with reference to the legal opinion provided (at Council's places and dated 9/20/17 - - on file with background materials) by City Attorney Bowling which outlines whether nor not ECUA is statutorily required to obtain consent from City Council to build an emergency wastewater storage tank on property it owns within the City limits pursuant to the provisions of Section 153.03, Florida Statutes. Council Member Myers offered her concerns indicating that she does not believe City Attorney Bowling's opinion addresses the full issue before Council.

Council President Spencer provided an opportunity for City Attorney Bowling's legal memorandum to be provided to Mr. George R. Mead, attorney of record for North Hill Preservation Association, Inc, which has filed a for a temporary injunction against ECUA, to be heard by the court on Monday, September 25th.

DISCUSSION ITEM (CONTINUED)

At Mr. Mead's suggestion and with no objection from Council, Council President Spencer read City Attorney Bowling's legal memorandum into the record in its entirety.

Discussion ensued among Council with City Attorney Bowling fielding comments and questions and providing clarification accordingly.

During discussion, Council Member Myers made comments indicating that she was not satisfied with the (legal) opinion provided by City Attorney Bowling because she believes that other than the statutory requirements referenced in the memorandum, that the City's Comprehensive Plan and Land Development Code should be reviewed as it relates to this project. City Attorney Bowling responded, in accordance with Council's direction, she has provided a legal opinion on the governing state laws related to ECUA's authority, and upon further direction she will certainly delve further into City requirements.

As discussion continued, Council President Spencer called on Mr. Mead to provide his input regarding City Attorney Bowling's legal memorandum. Mr. Mead first indicated he believes the City Attorney to be conflicted in her representation of both the City Administration and City Council related to this issue and provided a copy of a letter (dated 9/20/17 - - on file with background materials) he sent to her stating such opinion. In addition to also citing Florida Statute 153.03, he referenced Chapter 180. Council Members asked questions of Mr. Mead which he responded accordingly.

Council Member Cannada-Wynn requested Mr. Bradley Odom, attorney representing ECUA, address Council regarding their legal position in this matter. Council Members asked questions of Mr. Odom which he responded accordingly. During questions, Mr. Odom indicated he agrees with City Attorney Bowling's legal memorandum.

At this time, public input was heard from the following individuals:

Patti Salvaggio
Jo MacDonald
Pat Regan
Byron Keesler
George Mead
Gloria Horning

Philip Pfeiffer
Melanie Nichols
Kathleen McBride
Nicole Endacotte (no longer in attendance)
Clorissi Mitchell

Council President indicated it is almost 5:30 P.M. at which time another special meeting is scheduled to begin to conduct the final public hearing on the annual budget and millage rates.

DISCUSSION ITEM (CONTINUED)

Council Member Cannada-Wynn made comments and offered the following motion:

A motion that City Council direct Council President Spencer to schedule a special meeting following receipt of the court’s ruling (related to the temporary injunction against ECUA filed by North Hill Preservation Association, Inc.) regarding the proposed emergency storage tanks to be located at 1751 North Guillemard Street was made by Council Member Cannada-Wynn and seconded by Council Member Terhaar.

There being no discussion, the vote was called.

The motion passed by the following vote:

- Yes: 5 Brian Spencer, Gerald Wingate, Sherri Myers, Andy Terhaar, Jewel Cannada-Wynn,
- No: 2 Larry Johnson, P.C. Wu

Council Member Myers made follow-up remarks and offered the following motion:

A motion that City Council direct City Attorney Bowling to submit a request to the State Attorney General for a legal opinion whether or not the ECUA stands in the same legal posture as (the) “county” under Florida Statute 153.01 was made by Council Member Myers and seconded by Council Member Cannada-Wynn.

Some discussion took place regarding the motion. Input was also heard from Mr. Mead.

Upon conclusion of discussion, the vote was called.

The motion carried by the following vote (with Council Member Johnson no longer in attendance):

- Yes: 5 Brian Spencer, Gerald Wingate, Jewel Cannada-Wynn, P.C. Wu, Sherri Myers

CITY COUNCIL

Special Meeting Minutes

September 20, 2017

5:30 P.M.

Council Chambers

Council President Spencer called the special meeting to order.

ROLL CALL

Council Members Present: Brian Spencer, Gerald Wingate, Andy Terhaar, Jewel Cannada-Wynn, Larry Johnson, P.C. Wu, Sherri Myers

Council Members Absent: None

Council President Spencer indicated this is a special meeting of the City Council to conduct the final public hearing for the purpose of adopting final millage rates for the City and the Downtown Improvement District for 2017 and final budgets for the City and the Downtown Improvement Board for the Fiscal Year 2018.

INFORMATION ITEM

1. 17-00535 SPECIAL MEETING AND PUBLIC HEARING TO ADOPT FINAL MILLAGE RATES AND FINAL BUDGETS

Before addressing the agenda items, Council President Spencer read into the record and explained that the TRIM law requires strict conformance with exacting procedures in order to lawfully adopt millage levies and budgets. In adherence with those procedures, he indicated the first substantive issue to be discussed must be the percentage increase over the rolled-back rate necessary to fund the budget, if any, and the specific purposes for which ad valorem tax revenues are being increased; and further that the proposed tentative millage rate of 4.2895 mills for the City and 2.0000 mills for the Downtown Improvement District constitutes a 3.56% increase of property taxes over the aggregate rolled-back rate which is 4.2502 mills. He also stated the basis for the “rolled-back” rate.

He then called on City staff to explain the reasons for the proposed increase over the rolled-back rate.

Chief Financial Officer Barker provided the explanation indicating the proposed increase over the rolled-back rate is in order to maintain services and meet increased costs.

ACTION ITEMS

2. 17-62 BUDGET RESOLUTION NO. 17-62 - FINALLY LEVYING AN AD VALOREM PROPERTY TAX FOR THE CITY OF PENSACOLA AND THE DOWNTOWN IMPROVEMENT DISTRICT FOR 2017.

CITY COUNCIL

Special Meeting Minutes

October 5, 2017

5:42 P.M.

Council Chambers

Council Vice President Wingate called the special meeting to order at 5:42 P.M.

ROLL CALL

Council Members Present: Gerald Wingate, Jewel Cannada-Wynn, P.C. Wu (left at 6:03 & returned at 6:40), Sherri Myers

Council Members Absent: Brian Spencer, Andy Terhaar, Larry Johnson

Council Vice President Wingate indicated this is a special meeting of the City Council regarding Triumph Gulf Coast Project Solicitation.

ACTION ITEM

1. [17-00577 TRIUMPH GULF COAST PROJECT SOLICITATION](#)

Recommendation: That City Council consider and create a list of projects/programs brought forth from the City Council, the Mayor's Office, the CRA and to seek public input on projects to be submitted to the Escambia County Board of County Commissioners under the Triumph Gulf Coast Project Solicitation.

A motion to approve was made by Council Member Cannada-Wynn and seconded by Council Member Myers.

Council Member Myers (as sponsor) indicated the intent of this meeting is for Council Members to submit project proposals along with the Mayor and Community Redevelopment Agency, and allow for public comments and suggestions. Council Vice President Wingate indicated he will provide an opportunity to go through each submittal and receive comments and questions from Council Members and the public.

First, public input was heard from the following individual:

Dorothy Dubuisson: Made comments indicating this process does not seem to be a unified approach with the Council, Mayor, and citizens.

ACTION ITEM (CONT'D.)

The following proposals were presented to Council:

Keith Wilkins, Assistant City Administrator (on behalf of the Mayor)

- *Airport Maintenance, Repair & Overhaul (MRO) Expansion – Gulf Coast Aerospace Corridor – Florida Advantage*
- *Pensacola Bayfront Redevelopment*
 - *Port Warehouse 4 Repurpose – Broad Regional Partnership to progress Marine STEM*
 - *Port Berth 6 Restoration – Creates Lasting Economic Impacts*
 - *Baywalk*
 - *Community Maritime Park (CMP) Excursion Ship Dock*
 - *Community Maritime Park (CMP) Marina*
 - *Main Street West Corridor Improvements*
 - *Downtown Parking Infrastructure*
 - *Sanders Beach Stormwater Park*
- *Disaster Management Training Center*

Discussion took place throughout the presentation of each of the Mayor's proposed project submittals with Assistant City Administrator Wilkins responding accordingly to questions.

Victoria D'Angelo, Assistant CRA Administrator (on behalf of the Community Redevelopment Agency)

- *Hollice T. Williams Multi-Purpose Urban Greenway - Transforms Corridor*
- *DeVilliers, Reus and "A" Streetscape – Complete Streets – Powerful Economic Driver*
- *Youth Environmental Empowerment Program – Promotes Youth Employment & Stewardship*
- *West Cervantes Street Corridor Management – Complete Streets – Restores Economic Appeal*
- *Main Street West Corridor Improvements*
- *West Moreno Stormwater Park & Streetscape – Synergize Hospital-Based Community Revitalization*

Discussion took place throughout the presentation of each of the CRA's proposed project submittals with Assistant CRA Administrator D'Angelo and Council Member Cannada-Wynn (current CRA Chairperson) responding accordingly to questions. Assistant City Administrator Wilkins also provided input.

ACTION ITEM (CONT'D.)

Public input was heard from the following individual:

Beverly Perry: Made comments in favor of the proposal for *DeVilliers, Reus and "A" Streetscape – Complete Streets – Powerful Economic Driver* and any project which would help revitalize residential neighborhoods.

Sherri Myers, City Council Member

➤ ***Unity Project – Inclusive Pensacola History***

Council Member Cannada-Wynn made comments in support of the project.

Council Vice President Wingate

➤ ***Westside Library***

➤ ***\$15 Million for Affordable Housing***

➤ ***Westside Community Resource Center***

Brief discussion took place with Council Vice President Wingate fielding comments and questions. While Council Member Cannada-Wynn expressed some hesitation, Council Vice President Wingate indicated he is inclined to submit all three (3) proposals. There was no further debate.

That concluded all project proposals. (All background materials on file.)

Public input was heard from the following individual:

Laurie Murphy: Addressed Council indicating she is impressed with the creativity of all the projects (presented), in particular *Airport Maintenance, Repair & Overhaul (MRO) Expansion – Gulf Coast Aerospace Corridor – Florida Advantage*. She concluded her comments stressing the importance of the need for projects to be economic drivers for jobs.

Some follow-up discussion took place among Council regarding the process to submit proposals to the Escambia County Commission for their consideration to be submitted to the Triumph Gulf Coast Board. Assistant City Administrator Wilkins clarifying the Commission has scheduled a committee of the whole meeting on October 12th to address the project submittals.

Council Member Myers indicated she is in favor of sending all submittals for consideration.

ACTION ITEM (CONT'D.)

At this time, Council Vice President Wingate called for the vote on the motion.

The motion failed by the following vote:

Yes: 3 Gerald Wingate, Jewel Cannada-Wynn, Sherri Myers
No: 1 P.C. Wu

Follow-up discussion ensued among Council. During discussion Assistant City Administrator Wilkins advised that the Mayor’s proposals have already been submitted to Escambia County. Council Executive Kraher made comments regarding his understanding of the submittal process and (local) matching funding required under the Triumph Gulf Coast Act, which Assistant City Administrator Wilkins confirmed accordingly.

Council Vice President Wingate suggested Council could consider an add-on item for at Agenda Conference on 10/9 for Council Member proposals.

Upon conclusion of discussion, the meeting was adjourned.

Board(s) of interest: ARB

Please list the reasons for your interest in this position:

I have been a member of the ARB board for a few years and it is apparent that as the representing member of the downtown business community, one that is neither an architect nor a city planner nor an attorney, this position is one that takes several years to understand the nuances, legalities and impact of the work that we do. There are many hours of hearings and many more hours of research that go into reviewing the items set before us. It is neither easy nor to be taken lightly and is definitely a labor of love donated to our city and one that takes a discerning eye for not only design and architecture but also a commitment to bettering our downtown's historic districts and places. As a "woman owned business" of almost 12 years within the City of Pensacola, I bring minority diversity, and also would be viewed as a "young professional." I believe my unique diversity offers a important voice needed from our community. As a lifetime citizen of Pensacola who grew up in a historic home, I understand first hand the challenges and rewards of Historic Architecture. I feel adequately educated on the History of Pensacola, its recent rise to greatness (again) and the need to move forward with equity for its citizens. I feel I am in a unique position to bring an impartial but educated voice to this board in support of our City Council's directives through their written Code and objectively, through pairing that code with the decades of precedent that has reinforced the greatness of our gem, this very special treasure, that must be nurtured and protected but must also grow and develop. It is near and dear to my heart and a position I do not take lightly. I feel I have gathered substantial institutional knowledge over the past few years and at such a crucial time in our City's growth, I am compelled to continue with the investment of time and knowledge that I have invested, and that the city has invested in me.

SUBJECT:

AWARD OF BID #17-035 19TH AVENUE AND BLACKSHEAR AVENUE OUTFALL AT BAYOU TEXAR PROJECT

RECOMMENDATION:

That City Council award Bid #17-035 19th Avenue and Blackshear Avenue Outfall at Bayou Texar Project to J. Miller Construction, Inc., of Pensacola, Florida, the lowest and most responsible bidder with a base bid of \$894,870.00, plus 10% contingency of \$89,487.00 for a total amount of \$984,357.00. Further, that City Council authorize the Mayor to execute the contract and take all action necessary to complete the project.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The scope of the project is to provide stormwater treatment for three currently untreated drainage sub-basins within the Bayou Texar Watershed. This treatment will be provided by installing proprietary underground treatment units with associated stormwater structures and piping. The underground units and storm structures will be set in the City Right of Way east end of 20th and east end of 19th Avenues and Blackshear Avenue, and intersection of 19th and Blackshear Avenues. This project is consistent with current technology and industry standards for stormwater retrofit treatment and is part of the City's ongoing program to improve the water quality of area waterways.

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

AWARD OF BID #17-037 CLEMATIS STREET AT CARPENTER CREEK STORMWATER TREATMENT ENHANCEMENT PROJECT

RECOMMENDATION:

That City Council award Bid # 17-037 Clematis Street at Carpenter Creek Stormwater Treatment Enhancement to BKW, Inc., of Pensacola, Florida, the lowest and most responsible bidder with a base bid of \$416,173.45, plus 10% contingency of \$41,617.35 for a total amount of \$457,790.80. Further, that City Council authorize the Mayor to execute the contract and take all action necessary to complete the project.

HEARING REQUIRED: No Hearing Required

SUMMARY:

This project consist of stormwater management improvements on Clematis Street within the Carpenter's Creek drainage basin for the City of Pensacola. These improvements include the installation of an underground proprietary stormwater treatment unit and associated storm structures for enhanced stormwater pollutant removals prior to discharging into the creek. All work will be constructed east of 9th Avenue at the intersection of Euclid Street and Clematis Street and will be within the City right of way. The proposed improvements will be built to meet all applicable standards and specifications from the City of Pensacola and Northwest Florida Water Management District (NFWFMD).

SUBJECT:

URBAN INFILL HOUSING DEVELOPMENT INITIATIVES INTERLOCAL AGREEMENT WITH ESCAMBIA COUNTY HOUSING FINANCE AUTHORITY

RECOMMENDATION:

That City Council approve the Urban Infill Housing Development Initiatives Interlocal Agreement with Escambia County Housing Finance Authority. Further, that City Council authorize the Mayor to execute all documents relating to the initiative's implementation and administration.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The Florida Interlocal Cooperation Act of 1969 permits local government units to enter into interlocal agreements to make the most efficient use of their powers and resources and to provide services in the manner best suited to serve the needs and facilitate development of local communities. The partnership established by this interlocal agreement between the City of Pensacola and Escambia County Housing Finance Authority, a regional not-for-profit affordable housing provider, will enhance the ability of both parties to develop workforce housing in the community. Joint participation in the Urban Infill Housing Development Initiatives Interlocal Agreement will allow both parties to develop workforce housing which will support redevelopment initiatives within the community and strengthen the tax base within the City.

This agreement provides the framework for the City of Pensacola and Escambia County Housing Finance Authority to jointly participate in the Housing Finance Authority's Urban Infill Revolving Loan Program. The workforce housing produced through the Urban Infill Revolving Loan Program will be made available to low, moderate, and middle income families who wish to purchase housing within the City limits. The City may provide property suitable for development, support staff, and technical expertise to implement the program with the Housing Finance Authority providing construction financing and program oversight.

**INTERLOCAL AGREEMENT
FOR URBAN INFILL HOUSING DEVELOPMENT INITIATIVES**

This Agreement is made and entered into this ____ day of _____, 20____, (but effective as of _____) (“Effective Date”) by and between the City of Pensacola, a municipal corporation of the State of Florida (“City”) and Escambia County Housing Finance Authority, a public body corporate and politic created under Chapter 159, Part IV, Florida Statutes (“Housing Finance Authority”) (singularly and individually, “Party,” and jointly, “Parties”), under the authority of the Florida Interlocal Cooperation Act of 1969, Section 163.01 et. seq., Fla. Stat.

RECITALS:

- A. Pursuant to the provisions of Chapter 159 Part IV, Florida Statutes, the Housing Finance Authority has implemented the Urban Infill Revolving Loan Program (the “Program”) to provide financing for the development of workforce housing.
- B. City and Housing Finance Authority desire to jointly cooperate in the Program by combining resources and technical expertise to enhance the development of workforce housing for low, moderate, middle income residents and contribute to the redevelopment initiatives of the City.
- C. On _____, the City Council of the City of Pensacola authorized the Mayor to execute this Agreement with Escambia County Housing Finance Authority, under the terms and conditions set forth herein, and further, execute all other documents as may be necessary or convenient in administering the same.
- D. On _____, the Escambia County Housing Finance Authority Board authorized the Escambia County Housing Finance Authority to enter into this Agreement with City, under the terms and conditions set forth herein.

NOW, THEREFORE, in consideration of the mutual covenants and promises herein contained,

Parties agree as follows:

TERMS

1. **RECITALS:** The recitals are true and correct and are hereby incorporated into and made a part of this Agreement.
2. **TERM:** The term of this Agreement shall commence on Effective Date and shall continue until terminated.
3. **TERMINATION:** This Agreement may be terminated by either Party upon thirty (30) days prior written notice of termination to the other Party.
4. **ADMINISTRATION OF AGREEMENT:** Agreement shall be administered by contract managers to be designated by each party.
5. **SCOPE OF SERVICE:** Parties agree to provide Services, as specifically described, and under the special terms and conditions set forth in Exhibit "A" entitled Scope of Services attached hereto, which by this reference is incorporated into and made a part of this Agreement.
6. **CONTINGENCY CLAUSE:** Funding for this Agreement is contingent upon the availability of funds, continued authorization for program activities, and final expenditure approval by each Party.
7. **PUBLIC RECORDS:** Parties individually agree to assume responsibility for maintaining all records as set forth in the current edition of the State of Florida General Records Schedule for State and Local Governments (GS1-SL) and allow access by the public, at all reasonable times, to all documents pertaining to this Agreement, subject to the provisions of Chapter 119, Florida Statutes, subject to disclosure under applicable law. Parties expressly agree specifically that the contracting parties shall comply with the requirements within Exhibit B, attached hereto and incorporated by reference. Failure or refusal by either Party to comply with the provisions of this section shall result in the immediate cancellation of this Agreement.
8. **INDEMNIFICATION:** Each party to this Agreement shall be responsible for the acts and omissions of its respective employees and agents in the performance of this Agreement, and the activities contemplated hereby, to the extent permitted by law. Nothing contained herein shall be construed as

modifying, limiting, restricting or otherwise adversely affecting the sovereign immunity defenses and limitations available to the Parties under Section 768.28, Florida Statutes, and other sovereign immunity limitations of applicable law. Nothing herein shall be construed as a consent by the Parties to be sued in any manner arising out of any contract.

9. **NOTICES:** All notices or other communications required under this Agreement shall be in writing and shall be given by hand-delivery or by registered or certified U.S. Mail, return receipt requested, addressed to the other party at the address indicated herein or to such other address as a party may designate by notice given as herein provided. Notice shall be deemed given on the day on which personally delivered, if by mail, on the date of actual receipt or courier deposit (pickup) date. Notices shall be addressed to the following:

11. **NONDISCRIMINATION:** Parties to this Agreement warrant that all activities associated with the Program shall be available to the public in a non-discriminatory manner. Activities completed under

the Program and access thereto shall be available without regard to race, color, national origin, religion, sex, familial status, disability, age, marital status, or gender. Further Parties accept responsibility for ensuring such non-discriminatory access to the Program by their respective elected officials and officers, employees, agents, and representatives.

12. **MISCELLANEOUS PROVISIONS:**

A. This Agreement shall be construed and enforced according to the laws of the State of Florida, and the parties agree that any action relating to this agreement shall be instituted and prosecuted in the state courts of the County of Escambia, State of Florida, and each party waives the right to change of venue. The prevailing party in any action, claim or proceeding arising out of this Agreement shall be entitled to its reasonable Attorney's fees and costs from the losing party.

B. Title and paragraph headings are for convenient reference and are not a part of this Agreement.

C. No waiver or breach of any provision of this Agreement shall constitute a waiver of any subsequent breach of the same or any other provision hereof, and no waiver shall be effective unless made in writing.

D. Should any provision, paragraph, sentence, word or phrase contained in this Agreement be determined by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable under the laws of the State of Florida or the City of Pensacola, such provision, paragraph, sentence, word or phrase shall be deemed modified to the extent necessary in order to conform with such laws, or if not modifiable, then same shall be deemed severable, and in either event, the remaining terms and provisions of this Agreement shall remain unmodified and in full force and effect or limitation of its use.

E. This Agreement constitutes the sole and entire agreement between the parties hereto. No modification or amendment hereto shall be valid unless in writing and executed by properly authorized representatives of the parties hereto.

F. This Agreement shall become effective, after being properly executed by the Parties, when filed in the County's official records by the Office of the Clerk of the Circuit Court of Escambia County.

13. **ENTIRE AGREEMENT:** This instrument and its attachments constitute the sole and only agreement of the parties relating to the subject matter hereof and correctly set forth the rights, duties, and obligations of each to the other as of its date. Any prior agreements, promises, negotiations, or representations not expressly set forth in this Agreement are of no force or effect.

IN WITNESS WHEREOF, the parties hereto have caused this instrument to be executed by their respective officials thereunto duly authorized, this the day and year above written.

SCOPE OF SERVICES**

INFILL HOUSING REVOLVING LOAN PROGRAM

TARGETING NEW CONSTRUCTION/OF OWNERSHIP HOUSING ON VACANT INFILL
PARCELS

LOCATION: CITY OF PENSACOLA

1. Purpose

To stimulate investment in the urban areas of the City of Pensacola by offering financial incentives that will encourage the proactive redevelopment of abandoned or vacant urban infill properties by private and non-profit builders or developers for the benefit of income eligible homebuyers.

2. Approach

Utilizing Housing Finance Authority, City and private resources, this Strategy encompasses:

- a. Identification and evaluation of urban infill sites suitable for the production of newly constructed single-family housing; and
- b. Attaining control or ownership of properties, through acquisition, donation, or other means as may be appropriate, that support the overall infill housing and redevelopment goals established in plans of the Housing Finance Authority and Community Redevelopment and Local Housing Assistance Plans of the City of Pensacola.

3. Strategy Design/Implementation

The Housing Finance Authority's intent is to integrate affordable housing production efforts of area lenders, builders/developers, non-profit organizations, local governments and neighborhood groups/associations, with the long-term vision and plans for development of quality affordable (workforce) ownership housing. The Strategy requires the combination of three distinct elements into a well-reasoned, flexible package that will ultimately produce quality new housing at reasonable prices generally affordable to families with gross income below levels identified in Attachment A of this Agreement, and in priority locations that foster collateral investment. Each element is briefly discussed as follows;

a. Infill Property Identification/Evaluation:

The City Housing Division will assist the Housing Finance Authority in identifying and, if necessary, prioritizing properties to be targeted for infill housing development. This will include identification of any suitable properties owned by the subject jurisdiction for which clear title can be assured or attained at reasonable cost.

b. Eligible Property:

Buildable infill properties/lots with proper zoning and clear insurable title will be evaluated and, if deemed appropriate for this Program by the Housing Finance Authority, acquired by the City

for the purpose of the production of infill workforce housing for income eligible homebuyers as defined elsewhere in this Agreement.

At the City's option, Eligible Properties will be deeded to the Housing Finance Authority to construct homes on their infill properties/lots in keeping with the pre-approval requirements, construction price and sales price limitations and income limitations for homebuyers prescribed in this Agreement. In support of Program goals, the City may provide a discount on parcel price from zero to 100 percent. All such parcels shall have clear, insurable title. After recovery of fixed expenses, any proceeds from the sale of the property will be split equally between the City and Housing Finance Authority. As security for payment for the real property and for the interim construction loan provided by the Housing Finance Authority to the Participating Builder, the Participating Builder shall execute a mortgage and note in favor of the Housing Finance Authority as their interests may appear prior to initiating construction on the property. Final decisions regarding commitment of funds from the Housing Finance Authority's Urban Infill Revolving Loan Program for use on such Participating Builder owned properties/lots shall solely rest with the Housing Finance Authority, as represented by its Contract Manager.

c. Construction of Homes on Acquired or Committed Urban Infill Properties/Lots:

Construction of homes shall be accomplished by working closely with private and non-profit builders/developers (herein collectively "Participating Builders") who formally commit to construct housing on acquired or committed properties. Pursuant to a publicly noticed process, the Housing Finance Authority has previously obtained Letters of Interest from Participating Builders who wish to participate in the Urban Infill Revolving Loan Program. If a fixed price approach will be used for a particular property, proposals will be solicited pursuant to a public competitive process. Participating Builders who respond and meet the requirements stipulated in the Request for Letters of Interest (the "RLI") will execute the Urban Infill Revolving Loan Agreement with the Housing Finance Authority.

4. Redevelopment Incentive(s).

Housing Finance Authority funds have been allocated by the Board of the Housing Finance Authority to support the Urban Infill Revolving Loan Program. To encourage wide participation, Housing Finance Authority funds of up to \$100,000 per single family housing unit which shall be loaned to Participating Builders who execute the Urban Infill Revolving Loan Program Agreement and perform in accordance with the terms outlined therein.

In the event that the City has identified and prequalified a buyer for the property, the Urban Infill Revolving Loan Program Agreement may provide for a fixed construction and sales price. In such event the loan for such construction may be increased to an amount up to \$150,000.

5. Limitations and Eligibility Requirements.

Housing units developed with Housing Finance Authority, SHIP, HOME or City Program assistance must meet the statutory or regulatory requirements of the respective governing Program(s). This will require that Participating Builders, their designated lender(s) and realtor(s) work closely with the Housing Finance Authority and City staff to ensure that all homes benefiting from Housing Finance Authority financing are sold to homebuyers meeting the applicable Program's income eligibility requirements and program guidelines.

- a. Families must have gross incomes that are below the limits stipulated in Attachment A of this Interlocal Agreement, depending upon the source of funds accessed for benefit of the ultimate homebuyer(s). Housing Finance Authority, SHIP, HOME, and City income limits are all provided in Attachment A, which may be updated from time to time.
- b. Unless a waiver is obtained from the City and the Housing Finance Authority, families must be “first-time” homebuyers (defined as a potential mortgagor who has not had an ownership interest in a principal residence at any time during the three-year period ending on the date a mortgage is executed under the Program, as defined in the Master Origination Agreement applicable to the Authority’s first-time homebuyer Program(s). A maximum housing unit sale price must be agreed upon prior to commencement of construction. The first-time homebuyer requirement shall be automatically waived for buyers who are qualified for and assisted through the HOME or City Programs.
- c. Families must be credit worthy as defined by Housing Finance Authority first-time homebuyer Program requirements and the mortgage origination standards of FHA, VA, RD and/or Freddie Mac standards as necessary to secure a first mortgage adequate to culminate the home purchase.

EXHIBIT B

PUBLIC RECORDS: Recipient shall comply with Chapter 119, Florida Statutes. Specifically, Recipient shall:

- A. Keep and maintain public records required by the City of Pensacola (hereinafter “City”) to perform the service.
- B. Upon request from the City's custodian of public records, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
- C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement term and following the completion of the Agreement if Recipient does not transfer the records to the City.
- D. Upon completion of the Agreement, transfer, at no cost, to City, all public records in possession of Recipient or keep and maintain public records required by the City to perform the service. If Recipient transfers all public records to City upon completion of the Agreement, Recipient shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Recipient keeps and maintains public records upon completion of the Agreement, Recipient shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request of the City's custodian of public records, in a format that is compatible with the information technology systems of the City.

Failure by Recipient to comply with Chapter 119, Florida Statutes, shall be grounds for immediate unilateral cancellation of this Agreement by City.

**TERMINAL BUILDING LEASE AGREEMENT BETWEEN
THE CITY OF PENSACOLA
AND
AVIONICS SOLUTIONS LLC**

THIS LEASE AGREEMENT ("Lease") made and entered into this _____ day of _____, 2017, by and between the City of Pensacola, a municipal corporation of the State of Florida with the address of 222 W. Main Street, Pensacola, Florida 32502 ("City"), AVIONICS SOLUTIONS LLC, a Florida limited liability company authorized to do business in the State of Florida with the business address of 113 Borman Drive, Lafayette, Louisiana 70508 ("Lessee")"" collectively referred to as "parties".

WITNESSETH:

WHEREAS, the City owns, operates, and maintains Pensacola International Airport ("Airport") located in Escambia County, Florida to serve the traveling public with airline services; and

WHEREAS, the Lessee desires to lease from the City property in the terminal building of the Airport for operating space, other related facilities, and general offices as negotiated by the parties; and

WHEREAS, the parties now desire to enter into a lease upon the terms and conditions hereinafter set forth;

NOW, THEREFORE, for and in consideration One Hundred Dollars (\$100), the receipt and sufficiency of which is hereby acknowledged by the parties, and of the premises, and of the mutual covenants and agreements and the payment of money herein contained, the City and Lessee do hereby mutually undertake, promise, and agree as follows:

I. Recitals.

The recitals contained above are declared by the Parties to be true and correct and are incorporated into this Lease.

II. Leased Premises.

City hereby leases to Lessee, and Lessee hereby leases from the City, approximately 145.5 square feet of space inside the Airport terminal building as located and depicted on Exhibit "A" attached hereto and incorporated herein by this reference, such leased space hereinafter referred to as the "Leased Premises."

The Leased Premises shall be taken by Lessee in AS IS condition, subject to all defects, latent and patent, and shall be improved, maintained and operated at Lessee's sole cost and expense. It is the express intention of the parties hereto that the Lessee's

improvements, use and occupancy of the Leased Premises, and all costs associated therewith, shall be and remain the financial obligation of the Lessee.

Lessee shall be required to keep all of the areas assigned to it in a neat, clean, safe, sanitary and orderly condition at all times. Lessee will keep such areas free at all times of all paper, rubbish and debris, and Lessee will deposit all trash and debris resulting from its operations in containers approved by the City.

Lessee agrees to provide, at its own expense, such janitorial and cleaning services and supplies for the maintenance of its assigned areas. Lessee shall also keep and maintain the assigned areas in a clean, neat, and sanitary condition and attractive appearance.

Lessee shall perform ordinary preventive maintenance and ordinary upkeep and non-structural repairs of all assigned areas including but not limited to fixtures, doors (except for locks and keys), floor coverings and walls (painting and wall coverings). Lessee shall be required to keep all such areas in good operating condition at all times.

Lessee shall have the duty to promptly notify the Airport Director or his or her authorized designee of any conditions or events that would necessitate maintenance, repair, or replacement obligations.

III. Rents and Fees.

In consideration of the rights and privileges herein granted, the Lessee hereby covenants and agrees to pay the City upon commencement of this Lease a monthly rental rate identical to that square foot rental rate charged to the non-signatory air carriers. The rental rate for the Leased Premises shall be adjusted annually on October 1st. The City shall provide the Lessee notification of the adjusted lease rate thirty (30) days prior to the effective date of the change.

Pursuant to the above, the Parties agree the lease monthly rental rates for the first year shall be as follows:

Leased Premises:

<u>Time Period</u>	<u>Rate Per Sq. Ft.</u>	<u>Sq. Ft.</u>	<u>Annual</u>	<u>Monthly</u>
11/01/2017- 09/30/2018	\$39.87	145.5	\$5,801.09	\$483.42

Lessee agrees to pay rent due to the City, without invoice, in advance on or before the first day of the month for which rent is due. Rent for periods less than one month shall be prorated on a daily basis (365 day year). In accordance with Florida law, every person who rents or leases any real property or who grants a license to use, occupy, or enter upon any real property is exercising a taxable privilege. Lessee shall be responsible for adding the applicable state and local sales tax to all rental payments. The monthly rent payment shall clearly indicate what amount of the total payment is for

rent and what amount is for state and local sales tax. In the event Lessee is a tax exempt entity, Lessee shall not be required to add applicable state and local sales tax to the rental payments.

Rent payments shall be made payable to the City of Pensacola and forwarded to the office of the Airport Director.

IV. Utilities.

The Lessee shall be solely liable for the cost of all utility consumption on the Leased Premises and the Lessee shall obtain separate meters accordingly with the exception of utility consumption for the Leased Premises inside the Terminal Building. During the term of this Agreement, the City shall provide existing light, heat, air-conditioning, and electricity for the Terminal building. The City shall not be obligated to provide for the extension of these utilities or to provide for the installation of any other utilities. Any additional requirements Lessee may have shall be the responsibility of the Lessee.

The City reserves the right to invoice the Lessee for its prorata share of power, air conditioning and heating costs. The Lessee shall be solely liable for the cost of any data and voice services required and the Lessee shall obtain a separate account accordingly.

V. Term, Renewal, and Termination.

The Parties hereby agree the Term of this Agreement shall be for three (3) years, commencing on November 1, 2017 and expiring midnight on September 30, 2020. The Parties agree that upon written first renewal request to the City by Lessee, such request received by the City no later than thirty (30) days prior to the expiration of this Lease, the Parties may mutually consent to a first renewal for a one (1) year renewal term, and the Parties further agree that upon written second renewal request to the City by Lessee, such request received by the City no later than thirty (30) days prior to the expiration of the first renewal year, the Parties may mutually consent to an additional second renewal for a one (1) year second renewal term, provided however, both Parties expressly acknowledge no renewal shall be considered by either Party as mandatory or automatic.

Lessee acknowledges that the Leased Premises are located in the Airport terminal building and the Lease itself is contingent upon other operations at the Airport, and thus agrees the City may terminate this Agreement by giving Lessee (30) days written notice.

VI. Right of Entry.

a. Right of Entry and Inspection: The City and its authorized officers, employees, agents, contractors, subcontractors and other representatives shall have the right to enter upon the Leased Premises at all times:

i. To inspect the areas to determine whether Lessee has complied with and is complying with the terms and conditions of this Lease; and

- ii. To perform maintenance and make repairs in any case where Lessee is obligated but has failed to do so; and
 - iii. To perform any and all things which the Lessee is obligated to and has failed after reasonable notice so to do; and
 - iv. In the exercise of Lessee's police powers; and
 - v. As necessary for Airport business and operations or pursuant to any term or condition of this Lease in the sole discretion of the Airport Director.
- b. Right to Install Items: The City shall have the right to construct or install over, in, under or through Airport new lines, pipes, mains, wires, conduits and equipment as the City may deem necessary.

VII. Insurance and Indemnification.

General:

The Lessee shall procure and maintain insurance of the types and to the limits specified.

The term City as used in this section of the Lease is defined to mean the City of Pensacola itself, any subsidiaries or affiliates, elected and appointed officials, employees, volunteers, representatives and agents.

The Lessee and the City understand and agree that the minimum limits and types of insurance herein required may become inadequate during the term of the Lease. The Lessee agrees that it will increase or change such coverage as required by the City within ninety (90) days upon receipt of written notice from the Airport Director.

Insurance Requirements:

Insurance shall be issued by an insurer whose business reputation, financial stability and claims payment reputation is satisfactory to the City, for the City's protection only. Unless otherwise agreed, the amounts, form and type of insurance shall conform to the following minimum requirements:

A. Commercial General Liability Coverages:

The Lessee shall purchase coverage on forms no more restrictive than the latest editions of the Commercial General Liability and Business Auto policies filed by the Insurance Services Office. The City shall be an Additional Insured and such coverage shall be at least as broad as that provided to the Named Insured under the policy for the terms and conditions of this agreement. The City shall not be considered liable for premium payment, entitled to any premium return or dividend and shall not be considered a member of any mutual or reciprocal company. Minimum limits of \$1,000,000 per occurrence, and per accident,

combined single limit for liability must be provided, with umbrella insurance coverage making up any difference between the policy limits of underlying policies coverage and the total amount of coverage required.

1. Commercial General Liability coverage must be provided, including bodily injury and property damage liability for premises, operations, contractual, products and completed operations, and independent contractors. Broad Form Commercial General Liability coverage, or its equivalent, shall provide at least broad form contractual liability applicable to this specific contract, as well as personal injury liability and broad form property damage liability. The coverage shall be written on an occurrence-type basis.

Certificates of Insurance:

Required insurance shall be documented in the Certificates of Insurance that provide that the City of Pensacola shall be notified at least thirty (30) days in advance of cancellation, non-renewal or adverse change or restriction in coverage. The City of Pensacola shall be named on each Certificate as an Additional Insured and this contract shall be listed. If required by the City, the Lessee shall furnish copies of the Lessee's insurance policies, forms, endorsements, Jackets and other items forming a part of, or relating to such policies. The Lessee may black-out any proprietary or salary information included in any policy required under this agreement that is requested by the City. Certificates shall be on the "Certificate of Insurance" form equal to, as determined by the City an ACORD 25. Any wording in a Certificate which would make notification of cancellation, adverse change or restriction in coverage to the City an option shall be deleted or crossed out by the insurance carrier or the insurance carrier's agent or employee. The Lessee shall replace any canceled, adversely changed, restricted or non-renewed policies with new policies acceptable to the City and shall file with the City Certificates of Insurance under the new policies prior to the effective date of such cancellation, adverse change or restriction. If any policy is not timely replaced, in a manner acceptable to the City, the Lessee shall, upon instructions of the City, cease all operations under the Lease until directed by the City, in writing, to resume operations. The "Certificate Holder" address should read: City of Pensacola, Department of Risk Management, Post Office Box 12910, Pensacola, FL 32521.

An additional copy should be sent to the Pensacola International Airport, Attn: Airport Administration and Contracts Manager, 2430 Airport Blvd., Suite 225, Pensacola, FL 32504.

Insurance of the Contractor Primary:

The Lessee's required coverage shall be considered primary, and all other insurance shall be considered as excess, over and above the Lessee's coverage. The Lessee's policies of coverage will be considered primary as relates to all

provisions of the agreement.

Loss Control and Safety:

The Lessee shall retain control over its employees, agents, servants and subcontractors, as well as control over its invitees, and its activities on and about the subject premises and the manner in which such activities shall be undertaken and to that end, the Lessee shall not be deemed to be an agent of the City. Precaution shall be exercised at all times by the Lessee for the protection of all persons, including employees, and property. The Lessee shall make special effort to detect hazards and shall take prompt action where loss control/safety measures should reasonably be expected.

Hold Harmless:

The Lessee shall indemnify and hold harmless the City of Pensacola, its officers and employees, from any and all liabilities, damages, losses, and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness or intentional wrongful misconduct of the Lessee and persons employed or utilized by the Lessee in the performance of this agreement. The Lessee's obligation shall not be limited by, or in any way to, insurance coverage or by any provision in or exclusion or omission from any policy of insurance.

VIII. Compliance with Rules and Regulations.

Lessee shall conform to all Federal, State, or local laws and regulations, as well as all City of Pensacola Codes and Ordinances, and City and Airport rules, regulations and policies all of which may apply to the services to be performed.

Lessee shall obtain and maintain in force all licenses, permits, and other certificates required by Federal, State, County, or municipal or Airport authorities for operation under the terms of this Lease.

Lessee observe all security requirements of Transportation Security Administration 49 CFR 1542, and the Airport Security Program, as may be applicable, and as the same may, from time to time, be amended, and to take such steps as may be necessary or directed by the City to ensure that employees, invitees, agents, and guests observe these requirements.

Should City incurs any costs, fees, fines or penalties imposed by as a result of the acts or omissions of Lessee under this Section VIII, Lessee shall pay or reimburse the City upon demand by the Airport Director in accordance with such demand notice for all such monies.

Lessee acknowledges the Airport is a secure and significant facility and as such Lessee shall not through any act or omission cause even the risk of fire, slippage or other hazard whatsoever, or cause any hazard to persons, or property, or obstruct or interfere with the rights of any other Airport tenants, or in any way injure or annoy Airport tenants, or any act or omission which violates or causes violation of any applicable health, fire, environmental, or other regulation of any level of government. Any breach of this paragraph shall be a material breach of the Lease and City expressly may immediately take any action in the sole discretion of the Airport Director to secure correction of such risk exposure, and thereafter Lessee shall pay or reimburse the City upon demand by the Airport Director in accordance with such demand notice for all costs to the City.

IX. Supervision of Employees, Parking.

Lessee shall ensure that its employees conduct themselves in a professional and courteous manner at all times. Lessee's employees shall be appropriately dressed at all times, and maintain a clean, neat, well-groomed appearance. Lessee will be obligated to control the actions of its employees and cooperate with the City in controlling any employee whose conduct the Airport Director feels is detrimental to the best interest of the Airport and public.

City will provide Lessee with reasonably adequate vehicular parking facilities for its employees at the Airport. Such facilities shall be located in an area designated by the Airport Director. The City reserves the right to assess a reasonable charge for such employee parking facilities. Such charge for Lessee parking use shall not exceed that which is charged to other commercial tenants in the Terminal Building.

X. Signs.

Lessee shall not permit signs, logos, or advertising displays placed or erected in any manner upon the Leased Premises, or in or on any improvements or additions on the Leased Premises, without the prior written approval of the Airport Director. Signs identifying Lessee shall conform to reasonable standards established by the City, with respect to type, size, design, condition and location.

XI. Assignment.

Any assignment or sublet of this Lease is prohibited and shall be null and void and of no effect.

XII. No Waiver by City.

A failure by City to take any action with respect to any default or violation by Lessee of any of the terms, covenants, or conditions of this Lease shall not in any respect limit, prejudice, diminish or constitute a waiver of any rights or remedies of City to act with respect to any prior, contemporaneous, or subsequent violation or default or

with respect to any continuation or repetition of the original violation or default. The acceptance by City of payment for any period or periods after a default or violation of any of the terms, conditions, and covenants of this Lease shall not constitute a waiver or diminution of, nor create any limitation upon any right of City pursuant to this Lease to terminate this Lease for subsequent violation or default, or for continuation or repetition of the original violation or default.

XIII. Surrender Upon Termination.

Upon the expiration or termination of this Lease, for any reason whatsoever, Lessee shall peaceably surrender to the City possession of the Leased Premises. Lessee warrants to City that any and all improvements, alterations, or fixtures previously constructed by Lessee shall remain free and clear of any claims or interests of Lessee, Lessee's contractors or subcontractors, creditors, invitees, or any other third party. Should Lessee violate this provision, without waiver of other action by City for City's own benefit, Lessee shall pay to remove any encumbrance, lien or debt associated with Lessee's occupation of the Leased Premises and hereby warrants that Lessee shall hold the City harmless therefrom. Excepting personal property of Lessee, upon surrender, City may in the Airport Director's sole discretion, assume ownership of any fixture or property within the Leased Premises or require Lessee, at Lessee's sole cost and expense to remove any property or fixture.

XIV. Subordination.

This Lease shall be subordinate to existing and future Airport Bond Resolutions. This Lease shall also be subject to and subordinate to agreements between the City and State and Federal agencies for grants-in-aid and to the provisions of any agreements heretofore made between the City and the United States, relative to the operation or maintenance of the Airport, the execution of which has been required as a condition precedent to the transfer of federal rights of property to the City for Airport purposes, or to the expenditure of federal funds for the extension, expansion, or development of the Airport, including the expenditure of federal funds for the development of the Airport in accordance with the provisions of the Federal Airport Act of 1958, as it has been amended from time to time. Any agreement hereafter made between the City and the United States will not be inconsistent with rights granted to Lessee herein.

XV. Attorney's Fees.

The prevailing Party in any action, claim or proceeding arising out of this Lease shall be entitled to attorney's fees and costs from the losing Party.

XVI. Force Majeure.

The City shall not be deemed in violation of this Lease if it is prevented from performing any of the obligations hereunder by any reason of strikes, boycotts, labor

disputes, embargoes, shortage of material, acts of God, weather conditions, or for any other circumstance for which it is not responsible or which is not within its control.

XVII. Relationship of Parties.

Lessee represents and warrants Lessee is not in any way or for any purpose a partner or joint venturer with or agent of the City. Lessee shall act as an independent contractor in the performance of its duties pursuant to this Lease.

XVIII. Notices.

All notices by either party to the other shall be made either by utilizing the registered or certified mail of the United States of America, postage prepaid, or by utilizing any other method of delivery requiring signature for receipt, and such notice shall be deemed to have been delivered and received on the date of such utilization. All notices to the City shall be mailed to:

Airport Director

Pensacola, Florida 32502

All notices to Lessee shall be mailed to:

The parties from time to time may designate in writing changes in the address stated.

XIX. Entire Lease.

This writing, together with all the attached exhibits, constitutes the entire agreement of the parties. This Lease supersedes all prior agreements, if any, between the City and Lessee, and no representations, warranties, inducements, or oral agreements that may have been previously made between the parties shall continue in effect unless stated herein. This Lease shall not be modified except in writing, signed by the City and Lessee.

XX. Partial Invalidity.

If any term or condition of this Lease or the application thereof to any person or event shall to any extent be deemed invalid and unenforceable, the remainder of this Lease and the application of such term, covenant, or condition to persons or events other than those to which it is held unenforceable shall not be affected, and each term, covenant and condition of this Lease shall be valid and enforced to the fullest extent permitted by law.

XXI. Successor.

The provisions, covenants and conditions of this Lease shall bind and inure to the benefit of the legal representatives, successors and assigns of each of the parties.

XXII. Consents and Approvals.

Where this Lease requires approval from the City, prior written approval from the Airport Director shall be considered to fulfill such requirements.

XXIII. Governing Law.

This Lease is governed and construed in accordance with the laws of the State of Florida. The law of the State of Florida shall be the law applied in the resolution of any claim, actions or proceedings arising out of this Lease.

XXIV. Venue.

Venue for any claim, actions or proceedings arising out of this Lease shall be Escambia County, Florida.

XXV. Headings.

The headings contained in this Lease are inserted only as matter of convenience and for reference and do not define or limit the scope or intent of any provision of this Lease and shall not be construed to affect in any manner the terms and provisions hereof or the interpretation or construction of said terms and provisions.

XXVI. Public Records Act.

The parties acknowledge and agree to fulfill all obligations respecting required contract provisions in any contract entered into or amended after July 1, 2016, in full compliance pursuant to Section 119.0701, *Florida Statutes*, and obligations respecting termination of a contract for failure to provide public access to public records. The parties expressly agree specifically that the contracting parties hereto shall comply with the requirements within Attachment "A" attached hereto and incorporated by reference.

City Council

10/12/2017

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

AIRPORT COMMERCE PARK - PROPERTY ACQUISITION N6116 - COLLEGE HEIGHTS

RECOMMENDATION:

That City Council authorize the purchase of N6116 (Parcel ID#141S292102000001) from Holly D. Terrell for \$93,000, closing costs of \$1,900, a 5% contingency in the amount of \$4,745, moving costs of \$5,000, for a total amount of \$104,645.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The 2000 Airport Master Plan identified 65 acres of property adjacent to the northwest quadrant of the Airport for future land acquisition and development. In 2004, the Airport began the preliminary planning for the acquisition and development of this area for an Airport Commerce Park and performed an inventory of the properties in the designated area and held public meetings with both residential and business property owners.

The Airport contacted the property owner (Holly D. Terrell) of parcel N6116 and expressed an interest in purchasing the parcel located in the College Heights neighborhood. After discussions with the property owner, an offer was made based on a fair market value appraisal and a technical review appraisal performed by independent MAI certified appraisers. The offer was subsequently accepted by the property owner.

A Florida Department of Transportation (FDOT) Grant is in place that will fund the acquisition.

This parcel contains a commercial structure no longer in business and therefore relocation assistance in accordance with federal relocation guidelines is not required. The purchase price, closing/miscellaneous costs, legal fees, 5% contingency, and move costs for commercial fixtures are detailed in the estimated costs for the property on the following page.

PRIOR ACTION:

August 2006 - August 2017 - City Council approved the purchase of 91 residential and 24 commercial parcels as identified on the attached site map.

September 14, 2017 - City Council approved acceptance of an FDOT Grant in the amount of \$1,396,069 and appropriated the grant funds.

FUNDING:

Budget:	\$ 1,396,069	FDOT
Actual:	\$ 93,000	Purchase Price
	500	Title, Examination, and Issuance
	500	Recording and Doc Stamps
	400	Legal Fees
	500	Estimated Survey
	<u>\$ 94,900</u>	Sub-Total
	4,745	5% Contingency
	<u>5,000</u>	Move Costs
	<u>\$ 104,645</u>	Total

FINANCIAL IMPACT:

Funds are available from FDOT grant proceeds.

Letter of Transmittal

RE: An Appraisal Report of the Fee
Simple Estate in the Retail/Office Building
Located at 6116 Tippin Avenue in Pensacola,
Florida 32504
(N6116)

Dear Mr. Laven:

At your request, information was obtained and reviewed of the above referenced property for the purpose of estimating the current market value of the Fee Simple Estate. In compliance with the "Uniform Standards of Professional Appraisal Practice", this letter of transmittal is followed by an appraisal report in which all applicable approaches to value are used and with the value conclusion reflecting all known information about the subject property, current and projected market conditions, and other available data. This report contains to the fullest extent possible and practical, explanations of the data, reasoning and analysis used to develop the opinion of value. It also includes thorough descriptions of the subject property, the property's locale, the market for the property type, and my opinion of highest and best use.

Market value will be defined in the appraisal report, but basically assumes a willing buyer-seller, both knowledgeable of the subject real estate market and with the valuation at the property's highest and best use. Both exposure and marketing time periods are estimated to be between six to twelve months. I have performed no other services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

The subject property is the Retail/Office Building located at 6116 Tippin Avenue in Pensacola, Florida 32504. The land size is 0.184 acres or 8,031 square feet per the County information and the property has a corner location. The subject property is improved with an approximate 1,013 square foot retail store previously operated as The Book Worm book store. The property is currently vacant and includes a screened rear porch and enclosed storage closet.

Subject to the above and the limiting conditions and certification as set forth herein, it is my opinion that the current market value of the Fee Simple Estate of the Retail/Office Building located at 6116 Tippin Avenue in Pensacola, Florida 32504 as of the last date of inspection, July 28, 2017, was:

CURRENT MARKET VALUE

NINETY THREE THOUSAND DOLLARS
\$93,000

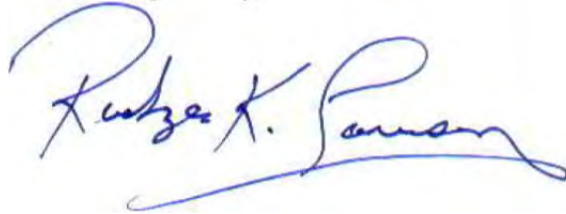

This appraisal is based upon the extraordinary assumption the lot size and age of the improvements is correct as noted on the Escambia County Property Appraiser's website and that there are no adverse easements or encroachments. This appraisal considers no hypothetical conditions.

I hereby certify I have no interest, present or contemplated, in the appraised property. This appraisal has been prepared utilizing all of the requirements set forth as Standards for Real Estate Appraisals as established for federally related transactions and the State of Florida 32504. The appraisal conforms to the Uniform Standards of Professional Appraisal Practice (USPAP) and title XI of FIRREA. The fee for this appraisal was not based on a minimum value nor was the assignment undertaken based on a pre-determined value or guaranteed loan amount.

APPRAISED: Fee Simple Estate

VALUE INDICATIONS

LAND VALUE OPINION: N/A

COST APPROACH: N/A

SALES APPROACH: \$90,200

INCOME APPROACH: \$94,000

FINAL VALUE OPINION: **\$93,000**

This appraisal is based upon the extraordinary assumption the lot size and age of the improvements is correct as noted on the Escambia County Property Appraiser's website and that there are no adverse easements or encroachments. This appraisal considers no hypothetical conditions.

SCOPE OF THE APPRAISAL PROCESS

City of Pensacola - Pensacola International Airport is both my client and the intended user for this report. The use of this appraisal will be to aid in the negotiations for the purchase of the property by the City of Pensacola - Pensacola International Airport. The purpose of this report is to provide an opinion of the current market value of the Fee Simple Estate for the subject property located at 6116 Tippin Avenue in Pensacola, Florida 32504 32566. The current date of value is July 28, 2017, the last date of inspection.

In an effort to meet your requirements as well as conforming to the Uniform Standards of Professional Appraisal Practice (USPAP), a visual inspection was made of the subject land and improvements. The land size information was obtained from the County information and is assumed to be correct. This appraisal is based upon the extraordinary assumption the lot size and age of the improvements is correct as noted on the Escambia County Property Appraiser's website and that there are no adverse easements or encroachments. This appraisal considers no hypothetical conditions.

In addition to the physical inspection, research was conducted on a regional and neighborhood basis in an effort to identify trends and factors which have an effect on area property values. Once these trends and factors were identified, a highest and best use analysis was conducted. Upon determination of the land's highest and best use, similar improved sales and improved rents were researched for use in the sales comparison approach and income approach to value. The improved sales were extracted from the public records information, confirmed with one of the parties to the sale and then written up in detail in the body of the sales comparison approach to value. They were adjusted for differences and reconciled into a value opinion via this approach. Income and expense information was obtained for use in the income approach to value. The two approaches to value result in separate value estimates with appropriate weight given to each for reconciliation into a final value conclusion. Considering the age of the building and/or the recent lack of meaningful land sales, the cost approach is being eliminated from consideration. As little or no weight would be given to this approach, its elimination would have no negative effects on the final value opinion.

PROPERTY RIGHTS APPRAISED

There are several different types of ownership interest that can be appraised. These include the Fee Simple Estate ownership interest, the Leased Fee ownership interest and the Leasehold ownership interest.

“Fee Simple Estate” has been defined as:

"Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat."¹

“Leased Fee Estate” has been defined as:

"An ownership interest held by a landlord with the rights of use and occupancy conveyed by lease to others. The rights of the lessor (the leased fee owner) and the leased fee are specified by contract terms contained within the lease"²

“Leasehold estate” has been defined as:

"The interest held by the lessee (the tenant or renter) through a lease conveying the rights of use and occupancy for a stated term under certain conditions."³

The property rights that are being appraised are those of the Fee Simple Estate.

PURPOSE OF APPRAISAL

The purpose of this appraisal is to arrive at a supportable estimate of the market value of the subject property. The objective of this report is to present the data and reasoning used to form this opinion of value.

USE OF APPRAISAL

This appraisal is being prepared for use by City of Pensacola - Pensacola International Airport. The use of this appraisal will be to aid in the negotiations for the purchase of the property by the City of Pensacola - Pensacola International Airport.

DATE OF VALUE AND OF PROPERTY INSPECTIONS

The property was last inspected on July 28, 2017, which is also the current date of value. This report was prepared on August 8, 2017.

MARKET VALUE DEFINITION AND IMPLICATIONS

The definition of market value as currently stated by The Office of the Comptroller of the Currency is as follows:

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- A. Buyer and seller are typically motivated;
- B. Both parties are well informed or well advised and each acting in what they consider their own best interest;
- C. A reasonable time is allowed for exposure in the open market;
- D. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto;
- E. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale."⁴

⁴ The Office of the Comptroller of the Currency, 12CFR, Part 34

PART TWO: DESCRIPTIONS, ANALYSIS AND VALUE CONCLUSIONS

GENERAL AREA LOCATION MAP

GENERAL AREA DATA

There are four basic interrelated forces that influence the value of a property: Social/population trends; economic changes and adjustments; governmental controls and regulations; and physical or environmental changes. These forces are considered in every phase of the evaluation and valuation process but are best discussed in the General Area Data and Neighborhood Data sections of the report. The subject's general area is considered the Pensacola Metropolitan Statistical Area (MSA), which includes the City of Pensacola and the nearby communities of Cantonment, Pace, Milton, and Gulf Breeze, located in Escambia and Santa Rosa Counties. The interrelated forces influencing this general area, as listed above, follow:

GENERAL AREA DATA (Cont'd.)

SOCIAL/POPULATION

Among the more important factors in a market study are the area population trends and the factors that affect the expected future population. The information obtained for the subject's market area of the Pensacola MSA, which consists of Escambia and Santa Rosa counties, was obtained from the *United States Census Bureau* and updated through the *Site To Do Business*.

The Pensacola MSA has a year 2016 population estimate of 480,583, based on projections by ESRI and quoted by the *STDB (Site to do Business)* which is up from the 2010 Census of 448,991. This average increase per year of 0.18% is expected to continue into the future with current estimates for the year 2021 being 507,895. The average household size is 2.49 people per residence and there currently are an estimated total of 212,880 housing units of which 55% are owner occupied, 30.6% are renter occupied and 14.4% are vacant. The number of vacancies may be somewhat misleading, as many of the beach properties are only seasonally occupied. The median household income for 2016 is indicated to be \$48,074.

The population increase for the Pensacola MSA over the next five years is expected to be 27,312 people. This translates to the need for 10,969 new households (2,194/Year) over the next five years. The median house value in the community is \$152,498. Considering the median household income along with the average rule-of-thumb that 25% of the household income can go toward a mortgage, would indicate approximately \$12,019 (\$1,002/month) can be used for mortgage payments in the median household. Considering a 4.5% interest rate, monthly payments of \$1,002 and a 30 year amortization, the median household can afford a mortgage in the amount of \$197,776 and considering a 10% down payment, the median household could afford a home of about \$219,729. As this is well above the currently indicated median home value, there is room for continued home value increases.

GENERAL AREA DATA (Cont'd.)

As stated, the beach area condominium market is largely made up of absentee owners. Looking at a list of owners from a typical development such as the Emerald Isle Condominium shows owners from Indiana, Louisiana, Florida, Virginia, Georgia, Washington, Tennessee, Arkansas, Alabama and Mississippi, to name a few. As the condominium market is made up of such a large segment of the United States population, local single-family housing occupancy statistics would have little impact on condominium prices.

As with most markets, the Escambia County/Santa Rosa County general area experienced a housing bubble between 2004 and 2005. In an effort to demonstrate the current status of the Escambia and Santa Rosa housing market, statistical information was obtained from the Pensacola Association of Realtors' Multiple Listing Service (PARMLS). While the PARMLS does not account for all sales, it is a good representation of what is going on in the local market. PARMLS sales for condominiums, single-family homes, and residential lots (< 1/2 acre) were researched within the two-county area and included in the following chart.

*As of 12/20/2016

GENERAL AREA DATA (Cont'd.)

Sale prices in all categories peaked around 2005 and 2006 and have dropped since these peaks. The 2015 average for condos is about 31% below the peak but it appears the 2012 through 2016 values are starting a new upward trend. Similarly, the 2015 average for single family homes is about 3.5% below the peak but it appears a new upward trend has been realized between 2012 and 2016. The 2015 average for residential lots under ½ acre in size is about 36% below the peak and while values have fluctuated in recent years, they are considered to be fairly stable.

According to the PARMLS, as of December of 2016 there were 403 condo units listed in the two-county area, which represents an inventory of about 7 to 8 months based on the 2016 monthly absorption of about 54 condominiums per month. Area Realtors indicate there is a lack of condominium supply and new inventory is needed. At the present time there are two new condominium developments under construction in the Pensacola MSA. The 64 unit Vista Del Mar is being constructed at 13333 Johnson Beach Road and 48 of the units are under contract. Unit sizes range from 1,953 square feet up to 3,293 square feet and the sale prices range from \$715,000 to \$2,100,000 and the average price per square foot is \$433.03/SF. The 701 South Palafox condo in Pensacola's downtown includes 9 units, 7 of which are under contract. This development includes units that are 1,670 square feet and 2,422 square feet and the contract prices were said to be \$423/SF to \$428/SF.

According to the PARMLS, as of December of 2016 there were 2,807 single-family homes listed in the two-county area, which represents an inventory of about 4 to 5 months based on the 2016 absorption of 635 homes per month. Area economists Rick Harper indicated new home construction is necessary once housing inventories reach a nine-month supply, and there is new construction currently taking place in the area to meet the demand, which is aiding in area lot absorption increases.

There were 1,083 single-family lots (<1/2 acre) listed in the PARMLS in December of 2016 within the two-county area. In 2016 the lot absorption rate was about 38 sales per month, and considering the current listings, there is just under a 29 month inventory; however, with the increasing population and the need for 2,194 new homes per year, this inventory is more likely

GENERAL AREA DATA (Cont'd.)

going to be much less than projected based on MLS sales. Area developers have recognized the need for new subdivisions based on the population growth and are actively developing new subdivisions and apartments, with the majority of this growth being in the northwestern Pensacola area near the growing Navy Federal Campus.

Some of the motivation behind the area population growth is the area military bases. The U.S. Government has been downsizing and closing military bases all over the world as well as within this country. Rather than being downsized, the Pensacola area bases have been realizing net gains as departments and personnel from closed bases are being relocated to this area. In 2015, the Naval Air Station (NAS) Pensacola website <http://www.globalsecurity.org/military/facility/pensacola.htm> stated there were more than 9,600 military personnel and 6,800 civilians working in the Escambia and Santa Rosa County areas.

An additional explanation behind the Pensacola area growth is the location in the "Sunbelt" along the Gulf Coast of Florida. The sugar white beaches and clear waters of the Gulf of Mexico attract thousands of visitors every year. Realizing the area benefits (year-round sunshine, warm temperatures, no snow); many of these visitors choose to make Pensacola their permanent home.

Tourism in the general area is one of the largest industries, along with the military. To capitalize from the growing number of tourist, the county has a local "bed tax" that produces additional revenue from the number of tourist staying in the various hotels and motels throughout the county. As reported by the Clerk of the Circuit Court's Office of Escambia County, the area has been realizing steady tourism growth since 2010. The 2016 tourism sales are about 8% above the 2015 numbers, indicating a very robust and growing tourist industry. The trailing 12 months of Tourist Development tax Collection Data follows.

As illustrated by graph below, the Pensacola MSA retail index has been increasing since 2009. The average rate of increase is currently about 2% Month over month.

GENERAL AREA DATA (Cont'd.)

According to the Haas Center, the business cycle index for the Pensacola MSA appears to be increasing since the recent recession. The following graph also shows that job growth is beginning to take place again. While it has not recovered to pre-recession numbers, jobs are steadily increasing since the lows realized in 2009 and 2010.

ECONOMIC CHANGE AND ADJUSTMENTS

In addition to considering the area's population and expected increases, a commercial study should also consider area economics. Even if the population continues to increase, the new population must be able to afford the area goods and services; therefore, it becomes necessary to look at the economic conditions and the projected economic future.

According to the *U.S. Bureau of Labor*, the Pensacola MSA unemployment rates were 4.6% in April of 2015, which is slightly below the most current state average of 5.5%. The services sector is the primary employer in the Pensacola MSA at 46.9%, as reported by the STDB's most recent information (2015). The retail trade is the secondary source of employment with 12.8% of the workforce, construction is 11%, finance/ insurance/ real estate is 6.5%, and manufacturing makes up 5%.

Area tourism is a component of both the services sector and the retail trade. According to *Florida's Great Northwest*, job growth is expected in the Pensacola MSA, which is shown on the following chart.

According to the West Florida Economic Development Alliance, some of the 2015 top area major employers in the Pensacola MSA include Baptist Health Care (4,494); Sacred Heart Health Systems (3,483); Navy Federal Credit Union (3,845); Gulf Power Company (1,774); West Florida Healthcare (1,300); Ascend Performance Materials (800); West Corporation (800); Medical Center Clinic (500); Santa Rosa Medical Center (498); International Paper (450); Cox Communications (400); CHCS service/iGate (380); Blackwater Correctional Facility (348); Armstrong World Industries (300) and Media Com (300) to name a few.

GENERAL AREA DATA (Cont'd.)

Recently Navy Federal Credit Union announced its latest and greatest expansion plans to its Pensacola campus, which currently employs over 3,845. Navy Federal purchased an adjoining 240 acres and is in the process of a \$350 million expansion that will create an additional 5,000 jobs with average salaries of \$44,000 a year by 2016. This investment is also estimated to bring around 1,000 new indirect jobs to the regional economy. NFCU announced they expect to have a total of 10,000 employees at their Nine Mile Road, Pensacola location by 2020. Once these planned expansions are completed, Navy Federal will by far be the largest employer for the Pensacola MSA. These announcements will help in the local economic development efforts for recruiting more regional, national and international firms to the area.

Adjacent to the Navy Federal's Heritage Oaks campus is an approximate 640-acre Navy Outlying Landing Field (OLF) being purchased by Escambia County for the development of a commerce park expected to eventually create an additional 4,000 jobs. Escambia County has agreed to purchase a 601-acre parcel in Santa Rosa County to relocate the current OLF. Once the county takes possession of the existing OLF they will spend between \$10 million and \$15 million to develop the commerce park.

Gulf Power, the area's power company, has been actively buying up 4,000 acres of land in the north end of Escambia County for a new power plant that will likely replace the existing coal burning Christie Plant found along the Escambia River in northern Pensacola. According to Sandy Sims, Gulf Power's Economic Development Manager, Gulf Power has already purchased 3,000 acres and has the remaining 1,000 acres under contract or identified for the new plant. It is not yet known if the new plant will be a natural gas plant or a nuclear plant but they expect to finalize their plans by the end of 2014. Replacing the coal plant with a cleaner energy plant will aid in cleaning up Escambia Bay and will help the area's air quality.

Another recent announcement is the new 30 year lease between the City of Pensacola and ST Aerospace Mobile, Inc. in 2014, a Singapore-based company that does

GENERAL AREA DATA (Cont'd.)

maintenance repairs and overhauls for large commercial aircraft. The agreement would provide ST with a \$37 million dollar maintenance and repair facility on 19 acres at Pensacola International Airport's commerce park and ST will bring in about 300 high-skill, high-wage jobs. Securing a long-term contract with ST raises Pensacola's profile among domestic and international aerospace parts suppliers. This is particularly important in light of the parts suppliers that eventually will be locating near the \$600 million Airbus Assembly Plant, currently under construction at Mobile's Brookley Aeroplex. The first Airbus A-320 passenger jets are expected to roll off the assembly line in 2016.

Downtown at the Community Maritime Park for Blue Wahoos, Quint Studer has just finished construction on a \$15 million four-story office building and the building is fully leased at \$28.00/SF – full service. Beck Property Company also recently started construction on its \$4 million-plus, three-story, 26,715 square foot mixed-use building at the corner of Port Royal Way and Main Street in the first half of 2014. This building will have retail on the ground floor, Beck office space on the second floor and luxury condominiums on the third floor. Just east of the Maritime Park, the newly renamed Bank of Pensacola's new multimillion dollar branch at Palafox and Main Street was completed at the end of 2014.

The first apartment complex to be started in numerous years began construction in 2014. The South at Navarre Beach will be a 250-unit, \$34.5 million project being constructed in the Navarre area of South Santa Rosa County. The complex will include five four-story buildings with 129 one-bedroom units, 101 two-bedroom units and 20 three-bedroom units. The complex is expected to be completed within 18 to 20 months with staggered openings. The Studer Group purchased the old News Journal Building in downtown Pensacola and has begun interior demolition for redevelopment of the building into apartments.

The cost of living in the area is also one of the lowest in the country. National studies, which rate American cities for their desirability, commonly rate Pensacola's MSA near the top of the pack due to the low cost of living and high quality of life. The most recent report for the annual income per capita for the Pensacola MSA was \$23,517 (2014), the median household income was \$43,681 and the average household income was \$59,465.

GENERAL AREA DATA (Cont'd.)

In conclusion, the Pensacola MSA is considered to have a strong economic base, which is expanding. The area's U.S. Naval and Air Force bases are considered to have a solid future. Tourism is a large factor in the economic success of the area, and in spite of hurricane related setbacks and the oil disaster in the Gulf of Mexico in the past decade, recovery efforts have proven successful.

GOVERNMENTAL CONTROLS AND REGULATIONS

A general area analysis of a growing area would not be complete without considering the area's government and its outlook on future expansion. If the local government is anti-growth, laws can be enacted which would stifle development and population growth. On the other hand, if the government is pro-growth, taxes, zoning, agencies, and personnel can be used by the government to promote new business development, creating a larger economic base and additional population growth, which would support the existing and planned development of income producing properties. The Pensacola MSA governing bodies are pro-growth organizations.

The Escambia County government is a five man Board of Commissioners elected every four years by their district. They appoint a County Administrator who oversees the county budget and operations. This body has been actively obtaining land for new commerce parks and encourages new development.

Pensacola has a City Council with 7 council members elected to four-year terms and a "strong mayor" form of government, which included the mayor now being elected by the city residents and having more control in the daily operations of the city government, including overseeing the annual budget of over \$200 million. The city and county currently have zoning ordinances in effect covering the southern region of the county. The county also has a state required Future Land Use Plan which is designed to ensure organized growth over its 20 year life. This plan is reviewed every five years to ensure that it is keeping up with area needs. The plan can also be

GENERAL AREA DATA (Cont'd.)

petitioned for changes. The major topics handled in the plan include consistency, environmental, threatened and endangered species, land use approval on site plans, concurrency, and permitting.

General revenues are raised through an ad valorem tax system. The Escambia County Appraisers Office assesses the property at "just value" which is a percentage of market value that is supposed to be about 85% of market value; however, it commonly range from 20% to 85%. The area property taxes are among the lowest in the state, which makes it more affordable for new business development. The City of Pensacola has established a Community Redevelopment Administration (CRA), which is responsible for improving the look of the city. The CRA receives a portion of the taxes collected in the downtown district and utilizes these funds for infrastructure improvements (streets, sewer lines, water lines, parks, etc.). By upgrading the look of the city, the appeal also increases attracting additional business development and tourist dollars increasing the economic and population base.

The County and City governments also work closely with private businesses in efforts to attract additional business to the area. The government's development of structures such as the Pensacola Bay Center, the Saenger Theater and the Creative Arts Center, aid in drawing convention business to the area. Over the past several years, convention traffic has increased at a rate of about 30% per year bringing new visitors to the area who aid in strengthening the area's economic base; however, with the down turn in the economy convention traffic has slowed. The economic base is also strengthened by the government's development of industrial parks in which the land is sold to "clean air" industries at very low rates in return for the creation of additional area jobs expanding the economic and population base.

The Emerald Coast Utilities Authority (ECUA) relocated their Pensacola downtown wastewater treatment plant to the northern area of Escambia County. This project was a \$316 million development project that started in 2007 and was completed in December of 2010. The new state of the art facility creates the ability for additional industrial development in the north end of

GENERAL AREA DATA (Cont'd.)

the County and the water reclamation will be used for industrial purposes, greatly reducing overall water consumption. No effluent will be dumped into the area bays, so area water quality will be expected to increase with this new facility. The previous downtown sewer plant has been dismantled and cleared for future development. With the elimination of the wastewater smells, the waterfront will also be more desirable for new development, which is on-going.

On more of a regional basis, there is a new International Airport developed to the east in Bay County near the Walton County line. This project was constructed on about 2,000 acres donated by the Saint Joe Company and was completed in the fall of 2010. This airport provides the region with direct flights that are expected to aid in increasing the tourist populations. Additionally, after a large renovation project, the Pensacola Regional Airport was renamed the Pensacola International Airport. Land surrounding the International Airport is being purchased for redevelopment into a clean-air industrial park that will support airport operations.

In conclusion, the local governmental agencies aid in the development of the Pensacola MSA. Zoning, along with the Future Land Use Plan, is used to insure organized, homogeneous growth, which adds to the area's appeal. The low taxes and affordable real estate are also enticing factors for future prospective businesses. The government's willingness to aid in the development of the economic base also creates a stronger population base.

LOCATION AND PHYSICAL FACTORS

The location and physical factors of the area are important, as they are a major impetus in the relocation of Navy personnel, as well as the growth of new businesses and the civilian population. Available land, good weather, water, and recreational aspects are all factors considered by a potential future resident of the area. If these factors are congenial, they will aid in the growth and stability of the area.

GENERAL AREA DATA (Cont'd.)

Escambia County has a land area of approximately 661 square miles and an additional water area of 100 square miles. The altitude ranges from sea level to 120 feet above sea level. The eastern boundary of the county is the Escambia River and Escambia Bay. The western boundary is the Perdido River and Perdido Bay. Neither river is a navigable waterway to the extent of contributing to the economy. Santa Rosa County adjoins Escambia County to the east and has a land size of about 1,174 square miles and offers similar physical characteristics. Escambia and Santa Rosa Counties are located in the extreme northwestern portion of the state, being in what is called the "Panhandle" of Florida. Geographically, this MSA is located approximately 230 miles east of New Orleans, Louisiana; 250 miles south of Birmingham, Alabama; 350 miles southwest of Atlanta, Georgia; and 375 miles east of Jacksonville, Florida.

The City of Pensacola covers approximately 23 square miles of land in the southeastern part of Escambia County and the smaller cities of Gulf Breeze, Milton, and Pace are bedroom communities for Pensacola. The annual mean temperature is 69 degrees with an average rainfall of 62 to 87 inches. With an abundance of clear skies and warm weather, Pensacola is considered part of the "Sun Belt" of the United States. The "Sun Belt" states, especially Florida, have been growing in population faster than other areas of the United States in recent years.

One of the probable reasons for continuous growth of the Pensacola MSA is its accessibility. Pensacola is served by four major highways, which provide access to the north, east, and west. U.S. 90 (which runs from the East Coast of Florida to Texas), Interstate 10 (which runs from the Atlantic Ocean to the Pacific Ocean), U.S. 98 (which runs from the East Coast of Florida to Mississippi) and U.S. 29 (which runs from Pensacola to Washington, D.C.). The Interstate 110 spur connects with Interstate 10 just west of Davis Highway and runs to downtown Pensacola's Business District, connecting with U.S. Highway 98.

Pensacola's International Airport, with the recent completion of a \$30 million modernization, provides air transportation to all parts of the country. The Escambia County Transit

GENERAL AREA DATA (Cont'd.)

System operates bus lines throughout the metropolitan area and Greyhound Bus Lines provides inter-city bus transportation.

The natural deep-water harbor of Pensacola Bay, along with the large expanse of protected waters and the Gulf of Mexico, create an ideal training area for the U.S. Navy. These waterways also add to the area's economy through the Pensacola's Municipal Port Facilities handling cargo shipments to and from all parts of the world. Rail service also aids in the support of the port facilities with spurs running to the docks. While the southern and eastern most areas of Pensacola are nearly fully developed and are blocked from additional growth by the bays and Gulf of Mexico, there is plenty of developable land in the general area. The western and northern land areas of Escambia County and the Pace and Gulf Breeze areas of Santa Rosa County are the locations of the most active development and have proven to be popular among the new residents coming to the area. There is plenty of available land remaining for future growth for years to come.

Overall, the area's physical characteristics are considered a real asset for the general area of Pensacola. There is plenty of available land for additional business and residential development. The beaches and waterways create ideal recreational facilities for newcomers. The moderate temperatures and year-round sunshine also entice a large number of new businesses to the area, which aid in creating a larger population.

GENERAL AREA DATA CONCLUSION

Overall, the Pensacola MSA is considered to have a steady and positive outlook because of the stable to expanding military bases, tourist industry, and governmental support of private industry expansion and occupancies are increasing as a result. In 2010 the BP Gulf Oil Spill hurt tourism but it has since rebounded. The 2011 through 2014 tourism numbers were among the best of all time and there is an on-going advertisement campaign being paid for by BP that is aiding in

GENERAL AREA DATA (Cont'd.)

increasing the tourist numbers beyond what the area has ever seen. Area hotels are indicating 10%+ annual increases in revenues and the industry as a whole has expectations of adding employees. The military bases are another market sector that aids in helping the local commercial industry and as of the writing of this report, the area military bases appear to be stable with no cuts planned. New aerospace industry is moving into the area as is Navy Federal creating new jobs, which in turn is driving new home construction. The commercial markets are also benefiting from this growth, as they keep up with demand. The past trends are expected to continue into the foreseeable future.

NEIGHBORHOOD MAP

NEIGHBORHOOD ANALYSIS

A neighborhood is defined in *The Dictionary of Real Estate Appraisal*, Fourth Edition 2002 as: "A group of complementary land uses; a congruous grouping of inhabitants, buildings, or business enterprises."⁵ Neighborhood boundaries are defined because properties within neighborhoods tend to be similar in characteristics with regard to land use, desirability, and are affected by similar physical, economic, governmental and social forces.

The subject neighborhood is considered to be the portion of the Pensacola area within the Pensacola City limits. This area's boundaries are considered to be, but are not limited to, Fairfield Drive to the west, Pensacola Bay to the south, Escambia Bay to the east, and I-10 to the north.

Major north/south arterials within this area include I-110, Palafox Street, Pace Boulevard, Fairfield Drive, 9th Avenue, and Scenic Highway. Major east/west arterials include Bayou Boulevard, Cervantes Street, Garden Street, Main Street, Brent Lane, Fairfield Drive, Airport Road and Bayfront Parkway. These arterials provide convenient and quick access within the subject neighborhood as well as other portions of the Pensacola MSA.

The downtown Business District of Pensacola includes typical private office buildings, government office buildings, courthouses, restaurants, shops and bars. There is also an historic district that includes a variety of residential and commercial buildings constructed around 200 years ago around several public parks. The majority of the buildings have been completely renovated and act as an historic tourist draw for the community. UWF is proposing to take greater advantage of the area's historic treasures by re-bricking the streets, creating a walking friendly environment and starting an advertising campaign aimed at the historic tourism industry. Festivals are held throughout the year in the many downtown parks. The current main tourist draw is Pensacola Beach, found about four miles to the south and provides white sand beaches, clear water and numerous hotels, shops, condominiums and homes but the new historic tourism industry is projected to increase annual tourism numbers by more than one million visitors per year.

Neighborhood Analysis (Cont'd.)

There have been a number of new developments in the Downtown area of Pensacola, and a summary of the most significant of them follows. The Community Maritime Park is located between Main Street and Pensacola Bay, at the south end of Baylen Street and was recently completed. It includes numerous vacant land sites for future commercial and/or residential development. The project features an expansive public waterfront park; a community multi-use stadium facility suitable for baseball, football and other athletic events, festivals and other community activities. There is also a water front pavilion for music and entertaining events. The water front grassed and walkway areas on the south end of the property were designed for festivals. The other vacant land areas found on the north side of the property can be developed with commercial; office; retail; residential; restaurant and entertainment uses.

Quint Studer recently completed construction on a \$15 million four-story office building directly north of the new Stadium and the building is fully leased at rates of \$28.00/SF, full service. Beck Property Company also recently completed construction on its \$4 million-plus, three-story, 26,715 square foot mixed-use building at the corner of Port Royal Way and Main Street, which is now fully occupied and includes retail on the ground floor, Beck office space on the second floor and luxury condominiums on the third floor. Just east of the Maritime Park, the newly renamed Bank of Pensacola's (previously First Navy Bank) new multimillion dollar branch at Palafox and Main Street was completed around the end of 2014.

Located at 701 South Palafox Street is a newly completed condominium project that was constructed by Ray Russenberger. This development includes 9 luxury condo units that are all sold with prices exceeding \$1,000,000 each. All of the units were pre-sold and have since closed.

A new YMCA building located at the southwest corner of Taragona Street and Intendencia Street. The building was recently completed and offers an open floor plan with 52,000 square feet, nearly doubling the size of their old downtown building. This building is creating additional demand for new living quarters in the downtown area and will greatly add to the quality of life.

Artist Rendering of the New Downtown YMCA

Located to the northwest of the Maritime Park property is the old sewage treatment facility. The ECUA constructed a new state of the art treatment facility in the northern end of Escambia County and completed the demolition of the old sewer facility. The nearly 20 acre cleared site is now grassed and available to be re-developed, which should further enhance the desirability of the downtown area. The new owner of this site is now in the planning stages of a mixed use development that will include a variety of uses and while they have several conceptual plans, they do not specifically know what will be developed there yet.

Neighborhood Analysis (Cont'd.)

The Palafox Pier Restoration Project is a mixed use development located at the southern end of Palafox Street at the former location of the Municipal Auditorium. This project includes a 92-slip marina, a 7,200 square foot Harbormaster Building that is currently leased, the Icehouse Building with 21,000 square feet of office space currently leased and occupied by Merrill Lynch and EmCare. The City was said to have invested \$1.2 million in public infrastructure improvements with the mixed-use development being a combination of public and private funds.

The Palafox Pier & Yacht Harbour condominium development built in 2002 consists of two 35,206 square foot, four story buildings and a pedestrian plaza (park). Each building includes 7,500 square feet of retail/office space on the ground floor with four parking garages, 10,606 square feet of office space on the second floor and one-story and two-story condo units on the third and fourth floors.

Located immediately south of the Pensacola Bay Center is the new Technology Park development constructed by the City of Pensacola. The streets and all infrastructure necessary for high tech developments are in place and this property is ready for new vertical development. The City of Pensacola, along with Escambia County has provided the land and will sell the land to private individuals who plan to develop the area with buildings designed for companies requiring the latest in technology and the needed infrastructure. In connection with this development, the City of Pensacola created a large regional storm water retention lake located on the north side of Bayfront Parkway and on the east side of 9th Avenue at Admiral Mason Park. This allows for vacant properties to the north to be fully developed without the requirement of storm water run-off on site. The overall water retention design is a public park with the storm water retention lake landscaped and designed for public appeal and there is a walking path surrounding the lake and tasteful landscaping. A vacant site located across 9th Avenue from the Technology park was recently purchased and is proposed to be improved with two new hotels.

Neighborhood Analysis (Cont'd.)

In addition to the new development or redevelopment of this area downtown, several of the older buildings downtown were completely gutted and renovated. All of these renovated buildings are historic structures that are largely found along and nearby Palafox Street, which is the main north/south downtown arterial and the center of much of the new activity. Recently renovated buildings have been converted for restaurants, bars, offices, shops and entertainment venues creating one of the most desirable areas in the MSA. The Studer Group purchased the old Pensacola News Journal building found directly north of the new YMCA building and demolished it to make way for a new upscale mixed use rental building that will include commercial uses on the ground floor and rental apartments on the upper floors, which is now under construction. In association with the mixed use building is a new 7 level parking garage that is nearing completion. The old Rex Theatre building, constructed in 1910, was recently purchased by Harvest Church and went through a \$1.7 million dollar renovation. Now completed, this building hosts live theater events, movies, concerts and other special events. The old YMCA building was purchased by a private developer who has demolished parts of the old building to create new residential lots and other parts of the building will be renovated for restaurant and office uses.

The Blount-Brent Building Complex located at the southwest corner of Palafox Street and Garden Street is also undergoing a massive renovation. This 100,000+ Square foot structure is being completely renovated with boutique retail and restaurant uses on the ground floor and the upper floors are being renovated into a 34 suite boutique hotel and newly renovated office space. A new 110 room Holiday Inn is also nearing construction completion on the south side of Main Street just two blocks east of Palafox Street.

Located on the South side of Garden Street is a site that was once improved with a motel but the motel was removed so the site could be re-developed with a condo project; however, the condo development was put on hold due to the recession and the previous over-supply of housing units. The western portion of this site is now being improved with a new bank building and the eastern portion is for sale. Similarly, an older liquor store located on the

Neighborhood Analysis (Cont'd.)

south side of Gregory Street was demolished to make way for a condo development but this was also put on hold at the beginning of the recession and the land is now on the market. With the new demand created by all of the area activity, these two properties will likely come to life again in the foreseeable future.

There are four large multi-story office buildings in the downtown area. These buildings include the SunTrust Bank Building containing approximately 103,955 square feet, Harborview containing approximately 74,240 square feet, Southtrust Bank building containing approximately 77,400 square feet and One Pensacola Plaza containing approximately 108,997 square feet. Average occupancy in three of these buildings is above 90%. The SunTrust Building was recently vacated by SunTrust and is being purchased by the Studer Group for renovation but the specific uses that it will be renovated into have not yet been identified. There are also several other multi-tenant office buildings in the neighborhood that are reflecting occupancies from 80% to 90%.

The Palafox condo project previously identified is the first new residential development planned since the recession and while it is a fairly small project of only 9 units, its rapid sell-out indicates there is good residential demand for the downtown area. The News Journal Apartment redevelopment will be an additional test for new residential demand in the downtown area and the developer has indicated he has a long list of potential tenants. They also indicated that all but one of the commercial spaces are leased. There are numerous other smaller condo, townhouse and single family developments in the area that are being developed and rapidly absorbed, indicating good demand for housing.

The Pensacola Community Redevelopment Agency has been working to promote Pensacola and bring people into the downtown area daily. Among the initiatives recently introduced, are tax incentives that will entice new redevelopment projects. The City also closes Palafox Street one Friday night per month to vehicular traffic and opens it to pedestrian traffic for "Gallery Night". Gallery Night attracts many thousands of people who enjoy the new shops, restaurants and bars which are showcased along Palafox. In addition, there are bands found on

Neighborhood Analysis (Cont'd.)

some of the balconies as well as street performers and musicians found on the street. Open alcohol containers are also allowed creating a festive walkable community.

Photos of a Typical Gallery Night

There is a clean air industrial park area found to the north along the east and west sides of Palafox Street south of Brent Lane and north of Fairfield Drive. Another one is found south of Brent lane between I-110 and Palafox Highway. Located on the west side of Palafox Street north of Fairfield Drive is a super fund site that has been cleaned and capped by the EPA and they indicated that this land is now suitable for additional industrial development. The City of Pensacola is working with the State of Florida and the EPA to create an additional industrial park on the super fund land site. Located north of Brent Lane on Palafox Street is what is known as “Car City”, which is an area with many of the area’s new and used car dealerships. The growing Pensacola Christian College and Pensacola Christian School is found north of Brent Lane between I-110 and Palafox Street and they are actively buying properties to their south in an effort to grow their campus and population.

Overall, the subject’s neighborhood is following the path of other downtown locations around the country, which have been revitalized and now project a positive image for the community. These past trends are expected to continue with the help of private developers and

Neighborhood Analysis (Cont'd.)

the City of Pensacola resulting in the new life cycle of the neighborhood. There are several condominium and apartment buildings planned for the future in the downtown area, which will aid in the need for additional commercial support facilities. Continued revitalization efforts and increasing populations should place upward pressure on area property values and rents as the national economy recovers. With the past trends expected to continue, the subject neighborhood is considered to have a bright future for commercial and residential properties.

TAXES AND ASSESSMENT ANALYSIS

The subject property is assessed under the following property identification numbers by the Escambia County Property Appraiser.

Property Identification Number	Assessed Land Size Acres	Assessed Building Size Square Feet	Assessed Value	Annual Taxes	Past Due Taxes
14-1S-29-2102-000-001	0.18	1,314	\$86,297	\$1,382.94	\$0.00
		0	\$0		
Totals	0.18	1,314	\$86,297	\$1,382.94	\$0.00

The assessed value in comparison to the market value is considered to be above the 85% typical assessed value and the owner should discuss an appeal of the assessed value with the County Property Appraiser's office. All property taxes appear to be current with the owner paying based upon a payment plan.

LAND USE PLANNING, ZONING, CONCURRENCY

As per the above indicated zoning map, the subject site is zoned COM. The Commercial district establishes areas and land use regulations for general commercial activities, especially the retailing of commodities and services. The primary intent of the district is to allow more diverse and intense commercial uses than the neighborhood commercial allowed within the mixed-use districts. The current Retail/Office Building use is a legally conforming use of the property. A copy of the zoning ordinance for these districts is included in the addendum of this report.

PUBLIC AND PRIVATE RESTRICTIONS

I know of no private restrictions that would limit the subject property; however, I was not provided with a title report for the property so it is assumed that the only restrictions that would regulate the subject property are the zoning requirements.

ENVIRONMENTAL CONCERNS

The property is improved with a retail building and appears to have no areas of environmental concerns. No evidence of surface soil stain was noted on the property and there does not appear to be any wetlands associated with the site.

The above is a very important assumption and limiting condition to the appraisal. From the viewing of the site, no evidence of hazardous substances “obvious to the untrained person” were observed, and no communication “through a reasonably reliable person” indicating possible contamination was received; however, I am not an expert in the environmental field and this information should be confirmed by an expert.

SITE DESCRIPTION

For better visualization of this narration, please refer to the preceding drawings and following photographs.

- LOCATION:** The property street address is 6116 Tippin Avenue, Pensacola, Florida 32504. The subject property is located in the southeast corner of Tippin Avenue and Beaumont Street.
- AREA:** The land size is 0.184 acres or 8,031 square feet.
- SHAPE:** The property has a rectangular shape and offers good utility.
- DIMENSIONS:** According to the tax plat, the site has dimensions of 64.25' x 125'.
- INGRESS/EGRESS:** The subject property contains approximately 125 feet of frontage along the east right-of-way of Tippin Avenue and 64.25 feet of frontage along the south right-of-way of Beaumont Street. Ingress and egress are considered to be good.
- TOPOGRAPHY:** The site is level at road grade for Emily Street and above road grade for Tippin Avenue. No irregular topographical features were noted.
- FLOOD DATA:** According to FIRM Flood Map #12033C 0380G, dated 9/29/2006, the subject property is located in flood zone "X", an area requiring no base minimal elevation.
- DRAINAGE:** The land appears to be well drained with no wetland areas noted.
- SOIL COMPOSITION:** The soil is of a sandy composition. Based on the subject improvements and nearby improvements located upon similar soil types, it appears that this land is well suited for commercial development.
- UTILITIES ON SITE:** All utilities are available to the subject site.
- SITE IMPROVEMENTS:** The subject property is improved with an approximate 1,013 square foot retail store previously operated as The Book Worm book store. The property is currently vacant and includes a screened rear porch and enclosed storage closet.

EASEMENTS/

ENCROACHMENTS:

According to the tax plat, no easements or encroachments were noted. I am unaware of any adverse easements or encroachments that would adversely affect the marketability or value of the property.

RESTRICTIONS:

I know of no private restrictions that would limit the subject property; however, I was not provided with a title report for the property so it is assumed that the only restrictions that would regulate the subject property are the zoning requirements.

CONCLUSION OF CONFORMITY:

The subject property is located in the southeast corner of Tippin Avenue and Beaumont Street in Pensacola. This is a well-developed and high traffic area with good exposure for retail and office properties. The site appears to be well suited for commercial development as reflected in the existing improvements and surrounding development. The site contains adequate road frontage for exposure and access and appears to be well drained.

DESCRIPTION OF IMPROVEMENTS

LOCATION:	The property street address is 6116 Tippin Avenue, Pensacola, Florida 32504. The subject property is located in the southeast corner of Tippin Avenue and Beaumont Street.
BUILDING SIZE:	The subject is improved with an approximate 1,013 square foot, wood frame with brick veneer retail/office building.
AGE:	The improvements were originally constructed in 1971 as a residence and converted for retail use. The effective age is estimated to be 20 years with a remaining economic life of 20 years.
FOUNDATION:	The structure is built on a concrete slab with reinforced concrete foundation.
EXTERIOR WALLS:	The building has Brick veneer over wood frame exterior walls.
ROOF:	The roof is composite shingle over wood frame and sheathing.
INTERIOR FLOOR:	The flooring includes a mixture of carpeting and vinyl tile flooring.
INTERIOR WALLS:	The interior walls are painted drywall and wood shelving.
CEILING:	The ceilings is textured painted drywall.
LIGHTING:	Surface mount florescent light fixtures provide adequate lighting for the building.
HEAT/AIR:	The building is serviced by a central HVAC systems that appears adequate for the building.
RESTROOMS:	The building includes two restrooms that appear to be adequate for the current use of the property.
FENESTRATION:	The building has single-pane aluminum framed windows around the perimeter of the building, one front and one rear door. The property also includes a screened rear porch. Overall, the fenestration of the building is considered to be adequate.

DESCRIPTION OF IMPROVEMENTS (Cont'd.)

CONDITION/
QUALITY:

The building is constructed of average quality materials considered to be an Average Quality Class "D" Office Building in average condition.

COMMENTS:

The improvements consist of an older residence that has been converted to an office/retail use. The improvements were originally constructed in 1971 and require some renovations due to being vacant for a few years. The property reflects an effective age of approximately 20 years. The improvements are considered to be in average condition.

EQUIPMENT:

This appraisal considers the real estate only.

OTHER SITE IMPROVEMENTS

In addition to the building, site improvements include a concrete drive for three cars and an approximate 151 square foot screened porch and an approximate 68 square foot attached storage closet. The land to building ratio is 7.93:1, which is also considered to be a good ratio for a office/retail use.

HIGHEST AND BEST USE

A brief definition of the term "highest and best use" would be:

"The reasonably probable and legal use of vacant land or an improved property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum profitability."⁶

Implied within this definition is recognition of the contribution of that specific use to community environment or to community development goals in addition to wealth maximization. Also implied is that the determination of highest and best use results from the appraiser's judgment and analytical skills, i.e., that the use determined represents an opinion, not a fact.

The Highest and Best Use section of this report is the pivotal point in the appraisal process. All previous data is used to test the four criteria of: (1) legally permitted, (2) physically possible, (3) economically feasible, and (4) maximally productive.

LAND AS THOUGH VACANT

Legally Permissible - All legally permissible uses should be analyzed when considering a site's highest and best use. The zoning maps indicate the subject property is zoned COM. The Commercial district establishes areas and land use regulations for general commercial activities, especially the retailing of commodities and services. The primary intent of the district is to allow more diverse and intense commercial uses than the neighborhood commercial allowed within the mixed-use districts.

⁶ American Institute of Real Estate Appraisers, *The Dictionary of Real Estate Appraisal*, Third Edition, 1993, pg. 171.

HIGHEST AND BEST USE (Cont'd.)

Physically Possible - Of the legally permissible adaptations of the site, those physically possible uses require consideration and analysis. The size and location of the parcel are important aspects of value. The subject property is located at 6116 Tippin Avenue in Pensacola, Florida 32504. The land size is 0.184 acres or 8,031 square feet and the property has a corner location. The property has a rectangular shape and offers good utility. The subject property contains approximately 125 feet of frontage along the east right-of-way of Tippin Avenue and 64.25 feet of frontage along the south right-of-way of Beaumont Street. Ingress and egress are considered to be good. The site is level at road grade for Emily Street and above road grade for Tippin Avenue. No irregular topographical features were noted. The land appears to be well drained with no wetland areas noted. The soil is of a sandy composition. Based on the subject improvements and nearby improvements located upon similar soil types, it appears that this land is well suited for commercial development. All utilities are available to the subject site. These characteristics are considered to be ideal for improvement of the site to any of the legal conforming uses. Considering the location along a major thoroughfare for the neighborhood, a retail or office development would be the logical use of the site.

Financial Feasibility - Of the legally permissible and physically possible adaptations of the site, only those uses which are financially feasible should be considered. The cost of construction still exceeds the cost of purchasing existing commercial properties along Tippin Avenue. Therefore, assuming the property were vacant land, the only feasible use would be to hold until an end-user required and supported new construction.

Maximally Productive - The financially feasible use which results in the greatest return to the land is the one which is considered to be the highest and best use of the land. The maximally productive use of the land would be to hold until an end-user supported the demand for new construction.

HIGHEST AND BEST USE (Cont'd.)

AS IMPROVED

The subject property is improved with an approximate 1,013 square foot retail store previously operated as The Book Worm book store. The property is currently vacant and includes a screened rear porch and enclosed storage closet.

The current use represents a legally conforming use of the site. The improvements were originally constructed in 1971 as a residence and converted for retail use. The effective age is estimated to be 20 years with a remaining economic life of 20 years. With such a long remaining life and a legally conforming use, the highest and best use of the property is considered to be the continued office/retail use.

Conclusion – Highest and Best Use

Probable Use:	The highest and best use of the property is the continued use as a retail/office building.
Timing for use:	Immediately
Probable Buyer/User:	The probable buyer would be an investor or end user.

EXPOSURE TIME

According to the *2016-2017 USPAP*, the definition of the term “exposure time” would be:

“The estimated length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal.”;⁷

In other words, this is a retrospective estimate based upon an analysis of past events assuming a competitive and open market. Based on the sales found within this report and conversations with local market participants, the subject’s exposure time is estimated to be from six to twelve months. This exposure time assumes the sale to have been handled by a knowledgeable real estate broker familiar with the subject real estate market.

⁷ USPAP 2012-2013 Edition. (The Appraisal Foundation, 2012-2013), pg. U-3.

MARKETING TIME

A brief definition of the term “marketing time” would be:

“The time it takes an interest in real property to sell on the market subsequent to the date of an appraisal.”⁸

Based on the sales found within this report, current listings and conversations with local market participants, the subject’s marketing time is estimated to be from six to twelve months. This marketing time assumes the sale to be handled by a knowledgeable real estate broker familiar with the subject real estate market. It also assumes aggressive real estate sales tactics and readily available contacts active in the subject real estate market. The subject’s marketing time is considered to be reflective of the exposure time as little change is expected in the market.

⁸ Appraisal Institute, *The Dictionary of Real Estate Appraisal*, 4th ed. (Chicago: Appraisal Institute, 1993), pg. 220.

THE VALUATION PROCESS

There are three (3) commonly accepted approaches to value: The Cost Approach, Income Approach, and Sales Comparison Approach. All three utilize market derived information and are “market driven” approaches, as will be shown in the analysis.

The Cost Approach is a summation of land value and improvement value. The land is valued as though vacant and available for its highest and best use. The improvement is valued by first estimating the reproduction costs new from which all forms of depreciation are deducted. Depreciation can be both from deterioration and obsolescence. Obsolescence is further categorized as functional or external. The analysis of obsolescence, based on the highest and best use analysis, accounts for deductions necessary if the improvement is not adequate for the site.

The steps for the Income approach are to first estimate an economic rent for the subject. This analysis is made even if the property is owner occupied. From the gross potential income there is first deducted allowance for vacancy and collection loss with further deductions then made for the expenses applicable to the type property being valued. This net operating income is then capitalized into an indication of value through the use of an appropriate capitalization rate.

The Sales Comparison Approach is an estimation of the property value by comparison with recent sales of similar or competitive properties extracted from the subject’s market. The “market”, rather than being the immediate proximity to the subject, is considered that area, local, regional or even national that would be considered by a prospective buyer of the subject property.

These approaches do not make value. They are merely tools in the hands of the appraiser who must carefully weigh each value indication, give appropriate weight to the approach and reconcile into a final value conclusion. Given this is the valuation of an existing retail/office building reflecting an effective age of approximately 20 years, only the sales comparison and income approaches to value are employed. The elimination of the cost approach would have no adverse effect on the reliability of the value reported.

SALES COMPARISON APPROACH

The sales comparison approach involves direct comparisons to the subject property of similar properties that have sold in the marketplace. The approach consists of searching the market for sales, qualifying the sales prices and terms with one of the participants in the sale, comparing the sales to the subject property for differences, adjusting the sales for those differences and formulating an opinion of value from the adjusted value indications. The improved sales which are utilized will be compared on a cost per unit basis depending on the “typical” unit used by market participants.

The market derived adjustments follow a specific, logical order so as not to skew the results. The adjustments listed in order include: Property rights, financing, condition of sale, date of sale or market conditions, location and various physical adjustments which can be considered together. While an adjustment for each may not be required, they are considered resulting in a comparable unit of measure.

The units of comparison may be physical, such as dollars per square foot of area, or they may be economic, such as gross rent multipliers. These units of comparison yield a pattern which is reconciled and converted to a value indication for the subject via the sales comparison approach.

<u>Remarks</u>				

This is an office building that was converted from a single family house. The building is constructed off grade with a built-up foundation, lapped siding exterior walls and a composition shingle roof. The interior included wood floors, drywall walls and a drywall ceiling. According to the listing Realtor, the buyer spent an additional \$40,000 to \$50,000 (Avg \$45,000) in interior remodeling immediately after the sale. Prior to the remodel, the building was in average condition. At \$45,000, the remodeling cost added \$33.33/SF to the purchase price. The building was constructed in 1950 and was renovated over the years and had an estimated effective age of 35 years, prior to the renovation.

IMPROVED SALES ANALYSIS

The subject property is the Retail/Office Building located at 6116 Tippin Avenue in Pensacola, Florida 32504. The land size is 0.184 acres or 8,031 square feet per the County information and the property has a corner location. The subject property is improved with an approximate 1,013 square foot retail store previously operated as The Book Worm book store. The property is currently vacant and includes a screened rear porch and enclosed storage closet. The subject has a land-to-building ratio of 7.93:1.

A search of the area was made for improved sales that have a similar highest and best use as the subject property resulting in the previous four sales. Area investors typically considered commercial building purchases on a “price per square foot” basis. As this method of comparison is common, it will be used. The four sales occurred between June 2014 and June 2016 and reflected overall prices from \$75,000 to \$172,500 or \$64.32 to \$96.98 per square foot.

PROPERTY RIGHTS SOLD – The subject property rights being considered are those of the Fee Simple Estate. The rights transferred in the sales were also the fee simple estate so no property rights adjustments are necessary.

FINANCING - The comparable properties also sold for cash or terms considered similar to a cash sale requiring no financing adjustments.

CONDITIONS OF SALE - All of the sales were arms-length transactions requiring no conditions of sale adjustments.

EXPENDITURE AFTER THE SALE ADJUSTMENT – None of the sales required expenditures after the sale to make them habitable.

MARKET CONDITIONS ADJUSTMENT – The sales are considered to be recent enough that no market conditions adjustments are necessary.

COMPARATIVE ANALYSIS (Cont'd.)

PHYSICAL ADJUSTMENTS – The only physical adjustments that are considered to be required are ones for effective age, location and land-to-building ratio. These are as follow.

Effective Age Adjustment – The subject improvements reflect an effective age of approximately 20 years, which is similar to sale one, superior to sales two and three and inferior to sale four. Sale two reflects an effective age of 30 years being 10 years inferior to the subject. Based upon an economic life of 40 years, this indicates a difference of 25% depreciation. Applying this to the improvements price per square foot of \$25.86/SF for sale two indicates a required upward adjustment of \$6.47/SF. The same analysis is applied to sales three and four with sale three requiring an upward adjustment of \$13.34/SF and sale four requiring a downward adjustment of \$1.80/SF. Applying these adjustments indicates age-adjusted prices of \$103.45/SF for sale two, \$91.12/SF for sale three and \$62.52/SF for sale four.

Location Adjustment – Sale four is located along Beverly Parkway, in an inferior neighborhood as compared to the subject and sales one, two and three. Based upon a comparison of sale four to sales one and three, I apply an upward location adjustment of 30% to sale four to compare to the subject's neighborhood at \$81.28/SF.

Land-to-Building Ratio – The subject reflects a land-to-building ratio of 7.93:1, which is similar to sales one, three and four. Sale two has a much higher land-to-building ratio and requires a downward adjustment to compare o the subject. Based upon a comparison of sale two to the subject and sales one, three and four, a downward adjustment of 15% is applied to sale two. Applying this adjustment indicates an adjusted price of \$87.93/SF.

The sales are considered to be similar enough to the subject in all other respects that no other adjustments are necessary. The previous adjustments are shown on the following adjustment grid.

Reconciliation – After necessary adjustments, the comparables indicated a fairly tight value range from \$81.28 to \$91.12 per square foot, averaging \$86.77/SF. With most weight to sales one, two and three due to the lower overall percentage of adjustments. I reconcile the subject’s value via the sales comparison approach at \$89/SF. Applying this to the gross building area of 1,013 square feet indicates a value via the sales comparison approach of \$90,157, rounded to \$90,200.

INDICATED VALUE, SALES COMPARISON APPROACH,

\$90,200

INCOME APPROACH

The income approach utilizes the principle of anticipation, which states the value is the present worth of all expected future benefits accruing to ownership. These future benefits are generally in the form of income streams.

There are several basic steps involved in this approach. First, the gross market rent for the property is estimated through a comparison of other similar property leases. Next, an allowance for vacancy and collection losses is deducted resulting in the effective gross rent (E.G.R.). From the E.G.R. is deducted fixed expenses such as taxes and insurance, along with variable expenses such as management, maintenance and reserves for replacement of short-lived items such as the roof and floor coverings (when necessary). The resulting figure is the net operating income (N.O.I.). The N.O.I. is then converted into a present dollar estimate, which is the property's market value estimate. Converting the N.O.I. into a present dollar estimate is called capitalization.

Capitalization techniques include the direct capitalization analysis and the discounted cash flow analysis. The direct capitalization analysis is typically used on single tenant properties, which have very little change in income and expense ratios. This analysis assumes the income stream extends into perpetuity. The discounted cash flow analysis is typically used on more dynamic, multi-tenant properties, which have continually changing incomes and expenses. This analysis assumes the property will be held for a specific time period and then sold at the end of the holding period. The property value is based on the net income streams over the holding period, discounted to the present through the use of a present value factor plus the present value of the net reversion or sale of the property at the end of the holding period. The comparable rents and analysis used in this approach follow:

The subject property is the Retail/Office Building located at 6116 Tippin Avenue in Pensacola, Florida 32504. The land size is 0.184 acres or 8,031 square feet per the County information and the property has a corner location. The subject property is improved with an approximate 1,013 square foot retail store previously operated as The Book Worm book store. The property is currently vacant and includes a screened rear porch and enclosed storage closet.

I searched the subject's neighborhood for recent office and retail leases on the multiple listing service. The four comparable leases and one active listing noted above in the chart are considered the most similar to the subject. It is noted the four leases range in size from 780 square feet to 1,000 square feet and reflect a lease range from \$11.10 to \$11.31 per square foot with the active listing for a 928 square foot building at \$12.28/SF. I am also aware of a 1,700 square foot suite at 2401 Executive Plaza Drive, Unit 3A just south of the subject currently listed for \$10.50/SF. All of the leases and listings are quoted on gross lease terms. Based upon a comparison of the subject to the comparable leased properties, I reconcile at a market rent for the subject property at \$11.25 per square foot. Applying this to the subject's 1,013 square feet indicates a potential gross rental income of \$11,396 annually.

Vacancy –Vacancy rates for retail and office properties in the subject's neighborhood are stabilized between 3% and 10%. For this analysis, I will consider a vacancy rate of 5%, which is bracketed by the other properties researched. Applying this to the subject's potential gross income of \$11,296 indicates a vacancy allowance of \$570. Subtracting this indicates an effective gross income for the property of \$10,826 annually.

INCOME APPROACH (Cont'd.)

Expenses

The rental income is based upon gross lease terms with the landlord responsible for all expenses with the exception being utilities. The following expenses are applicable to the subject property and are discussed as follows.

Management - The typical management expense for leases on gross lease terms is 5% of the effective gross income. Applying 5% to the annual rent indicates a management expense of \$541.

Real Estate Taxes - The real estate taxes for the subject property were previously reported to be \$1,383, which will be used in this analysis.

Real Estate Insurance – I am unaware of the annual insurance premium for the subject, however based upon similar properties in the neighborhood, I estimate the annual premium at approximately \$1/SF or \$1,015 for the subject.

Reserves for Replacements – An expense of \$0.15 per square foot or \$152 annually has been allocated as a reserve for capital item replacements.

The expenses total \$3,091 or 28.6% of the effective gross income. Given the expenses are based upon actual expenses the expenses are considered to be reasonable and will be used in this analysis.

The income and expenses will be summarized on the reconstructed operating statement that follows.

CAPITALIZATION ANALYSIS

The sales within the sales comparison approach indicated cap rates of 5.92% and 6.94% for sales two and three, but were based upon estimated income and expenses at the time of sale. The income and expenses were not estimated for sales one and four. Based upon the overall cap rates for other office/retail properties in the area, these rates appear to be on the low end of the range. Most office and retail properties that are older properties with single or dual tenant occupancy reflect overall rates in the range of 8% to 8.5%. These rates are in line with investor surveys for similar properties as well. Considering this, an overall rate range from 8% to 8.5%

INCOME APPROACH (Cont'd.)

will be used. The two cap rates are shown on the following reconstructed operating statement along with their value indications.

Reconciliation – Both cap rates are fairly similar and would tend to support each other as being reasonable. As such about equal weight will be given to each to indicate a rounded value via the income approach of \$94,000.

**INDICATED VALUE, INCOME APPROACH,

RECONCILIATION OF APPROACHES

The three valuation approaches reveal the following values:

COST APPROACH:	N/A
SALES COMPARISON APPROACH:	\$90,200
INCOME APPROACH:	\$94,000

If the appraiser had available sufficient factual data and correctly made the analysis, all approaches to value would be the same. This is seldom the case with the necessity for reconciliation of value. Both approaches indicated fairly similar values and offer good support to each other. As such, I will give about equal weight to each resulting in a final value opinion of **\$93,000**.

ASSUMPTIONS AND LIMITING CONDITIONS

1. No responsibility is assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated in this report.
2. The property is appraised free and clear of any or all liens and encumbrances unless otherwise stated in this report.
3. Responsible ownership and competent property management are assumed unless otherwise stated in this report.
4. The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.
5. All engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.
6. It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.
7. It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless otherwise stated in this report.
8. It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in this appraisal report.
9. It is assumed that all required licenses, certificates of occupancy or other legislative or administrative authority from any local, state, or national governmental or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.
10. Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied unless otherwise stated in this report. No survey has been made for the purpose of this report.
11. It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property described and that there is no encroachment or trespass unless otherwise stated in this report.
12. The appraiser is not qualified to detect hazardous waste and/or toxic materials. Any comment by the appraiser that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous waste and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The appraiser's value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless otherwise stated in this report. No responsibility is assumed for any environmental conditions, or for any expertise or engineering knowledge required to discover them. The appraiser's descriptions and resulting comments are the result of the routine observations made during the appraisal process.

ASSUMPTIONS AND LIMITING CONDITIONS (Cont'd.)

13. Unless otherwise stated in this report, the subject property is appraised without a specific compliance survey having been conducted to determine if the property is or is not in conformance with the requirements of the Americans with Disabilities Act. The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability, or utility.
14. Any proposed improvements are assumed to be completed in a good workmanlike manner in accordance with the submitted plans and specifications.
15. The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations of land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.
16. Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event only with proper written qualification and only in its entirety.
17. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news sales, or other media without prior written consent and approval of the appraiser.

Extraordinary Assumption:

An extraordinary assumption is an assumption, directly related to a specific assignment, as of the effective date of the assignment results, which, if found to be false, could alter the appraiser's opinions or conclusions.⁹

This appraisal is based upon the extraordinary assumption the lot size and age of the improvements is correct as noted on the Escambia County Property Appraiser's website and that there are no adverse easements or encroachments.

Hypothetical Conditions:

A hypothetical condition is a condition, directly related to a specific assignment, which is contrary to what is known by the appraiser to exist on the effective date of the assignment results, but is used for the purpose of analysis.¹⁰

This appraisal considers no hypothetical conditions.

- c. Adverse impacts to any adjoining residential uses are minimized by placing the more intensive elements of the use, such as solid waste dumpsters and truck loading/unloading areas, furthest from the residential uses.

(5) Documented compatibility. A compatibility analysis prepared by the applicant provides competent substantial evidence of unique circumstances regarding the parcel or use that were not anticipated by the alternative criteria, and the proposed use will be able to achieve long-term compatibility with existing and potential uses. Additionally, the following conditions exist:

- a. The parcel has not been rezoned by the landowner from the mixed-use, commercial, or industrial zoning assigned by the county.
- b. If the parcel is within a county redevelopment district, the use will be consistent with the district's adopted redevelopment plan, as reviewed and recommended by the Community Redevelopment Agency (CRA).

(f) Rezoning to HDMU. High Density Mixed-use zoning may be established only within the Mixed-Use Suburban (MU-S), Mixed-Use Urban (MU-U), or Commercial (C) future land use categories. The district is suitable for areas where the intermixing of uses has been the custom, where future uses are uncertain, and some redevelopment is probable. The district is appropriate to provide transitions between areas zoned or used for medium or high density residential and areas zoned or used for commercial. Rezoning to HDMU is subject to the same location criteria as any new non-residential use proposed within the HDMU district.

(Ord. No. 2015-56, § 3, 12-10-2015; Ord. No. 2016-2 § 1, 1-7-2016; 2016-31 § 1, 8-4-2016; Ord. No. 2017-5, §2, 1-5-2017)

Sec. 3-2.10 Commercial district (Com).

(a) Purpose. The Commercial (Com) district establishes appropriate areas and land use regulations for general commercial activities, especially the retailing of commodities and services. The primary intent of the district is to allow more diverse and intense commercial uses than the neighborhood commercial allowed within the mixed-use districts. To maintain compatibility with surrounding uses, all commercial operations within the Commercial district are limited to the confines of buildings and not allowed to produce undesirable effects on surrounding property. To retain adequate area for commercial activities, new and expanded residential development within the district is limited, consistent with the Commercial (C) future land use category.

(b) Permitted uses. Permitted uses within the Commercial district are limited to the following:

(1) Residential. The following residential uses are allowed throughout the district, but if within the Commercial (C) future land use category they are permitted only if part of a predominantly commercial development:

- a. Group living, excluding dormitories, fraternity and sorority houses, and residential facilities providing substance abuse treatment, post-incarceration reentry, or similar services.
- b. Manufactured (mobile) homes, including new or expanded manufactured home parks or subdivisions.

- c. Single-family dwellings (other than manufactured homes), detached or attached, including townhouses and zero lot line subdivisions.
- d. Two-family and multi-family dwellings.

See also conditional uses in this district.

(2) Retail sales. Retail sales, including Low-THC marijuana dispensing facilities, sales of alcoholic beverages and automotive fuels, but excluding motor vehicle sales and permanent outdoor storage. See also conditional uses in this district.

(3) Retail services. The following retail services, excluding permanent outdoor storage:

- a. Car washes, automatic or manual, full service or self-serve.
- b. Child care facilities.
- c. Hotels, motels and all other public lodging, including boarding and rooming houses.
- d. Personal services, including those of beauty shops, health clubs, pet groomers, dry cleaners and tattoo parlors.
- e. Professional services, including those of realtors, bankers, accountants, engineers, architects, dentists, physicians, and attorneys.
- f. Repair services, including appliance repair, furniture refinishing and upholstery, watch and jewelry repair, small engine and motor services, but excluding major motor vehicle or boat service or repair, and outdoor work.
- g. Restaurants and brewpubs, including on-premises consumption of alcoholic beverages, drive-in and drive-through service, and brewpubs with the distribution of on-premises produced alcoholic beverages for off-site sales. The parcel boundary of any restaurant or brewpub with drive-in or drive-through service shall be at least 200 feet from any LDR or MDR zoning district unless separated by a 50-foot or wider street right-of-way.

See also conditional uses in this district.

(4) Public and civic.

- a. Broadcast stations with satellite dishes and antennas, including towers.
- b. Cemeteries, including family cemeteries.
- c. Community service facilities, including auditoriums, libraries, museums, and neighborhood centers.
- d. Educational facilities, including preschools, K-12, colleges, and vocational schools.
- e. Emergency service facilities, including law enforcement, fire fighting, and medical assistance.
- f. Foster care facilities.
- g. Funeral establishments.
- h. Hospitals.
- i. Offices for government agencies or public utilities.

- j. Places of worship.
- k. Public utility structures, including telecommunications towers, but excluding any industrial uses.
- l. Warehousing or maintenance facilities for government agencies or for public utilities.

See also conditional uses in this district.

(5) Recreation and entertainment.

- a. Campgrounds and recreational vehicle parks on lots five acres or larger.
- b. Indoor recreation or entertainment facilities, including movie theaters, bowling alleys, skating rinks, arcade amusement centers, bingo facilities and shooting ranges, but excluding bars, nightclubs or adult entertainment facilities.
- c. Marinas, private and commercial.
- d. Parks without permanent restrooms or outdoor event lighting.

See also conditional uses in this district.

(6) Industrial and related.

- a. Printing, binding, lithography and publishing.
- b. Wholesale warehousing with gross floor area 10,000 sq.ft. or less per lot.

See also conditional uses in this district.

(7) Agricultural and related.

- a. Agricultural food production primarily for personal consumption by the producer, but no farm animals.
- b. Nurseries and garden centers, including adjoining outdoor storage or display of plants.
- c. Veterinary clinics.

See also conditional uses in this district.

(8) Other uses.

- a. Billboard structures.
- b. Outdoor storage if minor and customarily incidental to the allowed principal use, and if in the rear yard, covered, and screened from off-site view, unless otherwise noted.
- c. Parking garages and lots, commercial.
- d. Self-storage facilities, excluding vehicle rental.

(c) Conditional uses. Through the conditional use process prescribed in Chapter 2, the BOA may conditionally allow the following uses within the Commercial district:

(1) Residential.

- a. Group living not among the permitted uses of the district.
- b. Home occupations with non-resident employees.

(2) Retail sales.

- a. Boat sales, new and used.
- b. Automobile sales, used autos only, excluding parcels fronting on any of the following streets: Sorrento Road/Gulf Beach Highway/Barrancas Avenue (SR 292); Blue Angel Parkway (SR 173); Pine Forest Road, south from Interstate 10 to State Road 173; Navy Boulevard (SR 295 and US 98); and Scenic Highway (SR 10A and US 90). Additionally, the parcel shall be no larger than one acre and provided with a permanent fence, wall, or other structural barrier of sufficient height and mass along all road frontage to prevent encroachment into the right-of way other than through approved site access.
- c. Automobile rental limited to the same restrictions as used automobile sales.
- d. Utility trailer, heavy truck (gross vehicle weight rating more than 8500 lbs), and recreational vehicle sales, rental, or service limited to the same restrictions as used automobile sales.

(3) Retail services. Service and repair of motor vehicles, small scale (gross floor area 6000 sq. ft. or less per lot), excluding painting and body work and outdoor work and storage.

(4) Public and civic.

- a. Cemeteries, including family cemeteries.
- b. Clubs, civic and fraternal.
- c. Cinerators.
- d. Homeless shelters.

(5) Recreation and entertainment.

- a. Bars and nightclubs.
- b. Golf courses, tennis centers, swimming pools and similar active outdoor recreational facilities, including associated country clubs.
- c. Parks with permanent restrooms or outdoor event lighting.

(6) Industrial and related.

- (a) Borrow pits and reclamation activities 20 acres minimum and (subject to local permit and development review requirements per Escambia County Code of Ordinances, Part I, Chapter 42, article VIII, and land use and regulations in Part III, the Land Development Code, chapter 4. *Borrow pits are prohibited on land zoned GMD prior to the adoption of the Commercial (Com) zoning.
- (b) Microbreweries, microdistilleries, microwineries.

(7) **Agricultural and related.** Horses or other domesticated *equines* kept on site, and stables for such animals, only as a private residential accessory with a minimum lot area of two acres and a maximum of one animal per acre.

(8) **Other uses.**

- a. Outdoor sales not among the permitted uses of the district.
- b. Outdoor storage not among the permitted uses of the district, including outdoor storage of trailered boats and operable recreational vehicles, but no repair, overhaul, or salvage activities. All such storage shall be screened from residential uses and maintained to avoid nuisance conditions.
- c. Self-storage facilities, including vehicle rental as an accessory use.
- d. Structures of permitted uses exceeding the district structure height limit.

(d) **Site and building requirements.** The following site and building requirements apply to uses within the Commercial district:

(1) **Density.** A maximum density of 25 dwelling units per acre throughout the district. Lodging unit density not limited by zoning.

(2) **Floor area ratio.** A maximum floor area ratio of 1.0 within the Commercial (C) future land use category and 2.0 within Mixed-Use Urban (MU-U).

(3) **Structure height.** A maximum structure height of 150 feet above adjacent grade.

(4) **Lot area.** No minimum lot area unless prescribed by use.

(5) **Lot width.** Except for cul-de-sac lots which shall provide a minimum lot width of 20 feet at the street right-of-way, the following minimum lot widths are required:

- a. **Single-family detached.** Forty feet at the street right-of-way for single-family detached dwellings.
- b. **Two-family.** Eighty feet at the street right-of-way for two-family dwellings.
- c. **Multi-family and other.** Eighty feet at the street right-of-way for multi-family dwellings, boarding or rooming houses, or townhouse groups. No minimum lot width required by zoning for other uses.

(6) **Lot coverage.** Minimum pervious lot coverage of 15 percent (85 percent maximum semi-impervious and impervious cover) for all uses.

(7) **Structure setback.** For all principal structures, minimum setbacks are:

- a. **Front and rear.** Fifteen feet in both front and rear.
- b. **Sides.** Ten feet on each side, including any group of attached townhouses. For structures exceeding 35 feet above highest adjacent grade, an additional two feet for each additional 10 feet in height.
- c. **Corner lots.** Will have one front setback and one side setback.

(8) **Other requirements.** Refer to chapters 4 and 5 for additional development regulations and standards.

(e) Location criteria. All new non-residential uses proposed within the Commercial district that are not part of a planned unit development or not identified as exempt by the district shall be on parcels that satisfy at least one of the following location criteria:

(1) Proximity to intersection. Along an arterial or collector street and within one-quarter mile of its intersection with an arterial street.

(2) Proximity to traffic generator. Along an arterial or collector street and within a one-quarter mile radius of an individual traffic generator of more than 600 daily trips, such as an apartment complex, military base, college campus, hospital, shopping mall or similar generator.

(3) Infill development. Along an arterial or collector street, in an area where already established non-residential uses are otherwise consistent with the Commercial district, and where the new use would constitute infill development of similar intensity as the conforming development on surrounding parcels. Additionally, the location would promote compact development and not contribute to or promote strip commercial development.

(4) Site design. Along an arterial or collector street, no more than one-half mile from its intersection with an arterial or collector street, not abutting a single-family residential zoning district (RR, LDR or MDR), and all of the following site design conditions:

a. Any intrusion into a recorded subdivision is limited to a corner lot.

b. A system of service roads or shared access is provided to the maximum extent made feasible by lot area, shape, ownership patterns, and site and street characteristics.

c. Adverse impacts to any adjoining residential uses are minimized by placing the more intensive elements of the use, such as solid waste dumpsters and truck loading/unloading areas, furthest from the residential uses.

(5) Documented compatibility. A compatibility analysis prepared by the applicant provides competent substantial evidence of unique circumstances regarding the potential uses of parcel that were not anticipated by the alternative criteria, and the proposed use, or rezoning as applicable, will be able to achieve long-term compatibility with existing and potential uses. Additionally, the following conditions exist:

a. The parcel has not been rezoned by the landowner from the mixed-use, commercial, or industrial zoning assigned by the county.

b. If the parcel is within a county redevelopment district, the use will be consistent with the district's adopted redevelopment plan, as reviewed and recommended by the Community Redevelopment Agency (CRA).

(f) Rezoning to Commercial. Commercial zoning may be established only within the Mixed-Use Suburban (MU-S), Mixed-Use Urban (MU-U) or Commercial (C) future land use categories. The district is appropriate to provide transitions between areas zoned or used as high density mixed-use and areas zoned or used as heavy

City Council

10/12/2017

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

AIRPORT COMMERCE PARK - PROPERTY ACQUISITION E2416 - COLLEGE HEIGHTS

RECOMMENDATION:

That City Council authorize the purchase of E2416 (Parcel ID#141S292100200001) from Mark L. Comeau for \$97,000, relocation assistance of \$35,000, closing costs of \$1,900, a 5% contingency in the amount of \$6,695, moving costs of \$5,000, and reestablishment benefits of \$25,000, for a total amount of \$170,595.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The 2000 Airport Master Plan identified 65 acres of property adjacent to the northwest quadrant of the Airport for future land acquisition and development. In 2004, the Airport began the preliminary planning for the acquisition and development of this area for an Airport Commerce Park and performed an inventory of the properties in the designated area and held public meetings with both residential and business property owners.

The Airport contacted the property owner (Mark L. Comeau) of parcel E2416 and expressed an interest in purchasing the parcel located in the College Heights neighborhood. After discussions with the property owner, an offer was made based on a fair market value appraisal and a technical review appraisal performed by independent MAI certified appraisers. The offer was subsequently accepted by the property owner.

A Florida Department of Transportation (FDOT) Grant is in place that will fund the acquisition.

This parcel contains a tenant occupied home and therefore relocation assistance in accordance with federal relocation guidelines is required. The tenant shall receive a Rental Supplement in lieu of Replacement Housing. As a Landlord, the owner of the property is also eligible for Reestablishment Benefits at a new rental property. The purchase price, relocation assistance, closing/miscellaneous costs, legal fees, 5% contingency, and moving costs are detailed in the estimated costs for the property on the following page.

PRIOR ACTION:

August 2006 - August 2017 - City Council approved the purchase of 91 residential and 24 commercial parcels

as identified on the attached site map.

September 14, 2017 - City Council approved acceptance of an FDOT Grant in the amount of \$1,396,069 and appropriated the grant funds.

FUNDING:

Budget:	\$ 1,396,069	FDOT
Actual:	\$ 97,000	Purchase Price
	35,000	Relocation Assistance
	500	Title, Examination, and Issuance
	500	Recording and Doc Stamps
	400	Legal Fees
	500	Estimated Survey
	<u>\$ 133,900</u>	Sub-Total
	6,695	5% Contingency
	5,000	Move Costs
	<u>25,000</u>	Reestablishment Benefit
	<u>\$ 170,595</u>	Total

FINANCIAL IMPACT:

Funds are available from FDOT grant proceeds.

SUBJECT PROPERTY HISTORY				
Owner of Record: Mark L. Comeau				
Description and analysis of sales within 3 years (minimum) prior to effective date of value:		No sales were noted in the three years prior to this assignment. The subject is under consideration for acquisition by the City of Pensacola, under specific guidelines of the FAA giving full value support from transactions taken outside the project area, so as to minimize the value impact of previous acquisitions in the project area.		
Description and analysis of agreements of sale (contracts), listings, and options:		No agreement for sale was presented to the appraiser. This appraisal is being prepared for use by the client for the purpose of acquiring the subject for the Airport Commerce Park.		
RECONCILIATIONS AND CONCLUSIONS				
Indication of Value by Sales Comparison Approach		\$ 97,000		
Indication of Value by Cost Approach		\$ 27,500		
Indication of Value by Income Approach		\$ N/A		
Final Reconciliation of the Methods and Approaches to Value:		The subject property is a single-family occupied residential home that is in average condition. Although many properties in the subject's neighborhood are tenant occupied, the primary valuation method used by investors is the sales comparison approach. Considering this, only the sales comparison approach was utilized in valuing the subject. Based upon a direct comparison of the subject to recently sold competing properties, the sales comparison approach reflected a value for the subject as-is of \$97,000. Assuming the lot were vacant with no improvements, the lot value would be approximately \$27,500.		
Opinion of Value as of: 7/27/2017		\$ 97,000

ASSIGNMENT PARAMETERS

Intended User(s):	City of Pensacola - Pensacola International Airport		
Intended Use:	For use by the client for the purpose of acquiring properties for the Airport Commerce Park.		
<i>This report is not intended by the appraiser for any other use or by any other user.</i>			
Type of Value:	Market Value	Effective Date of Value:	7/27/2017
Interest Appraised:	<input checked="" type="checkbox"/> Fee Simple <input type="checkbox"/> Leasehold <input type="checkbox"/> Other		
Hypothetical Conditions:	(A hypothetical condition is that which is contrary to what exists, but is asserted by the appraiser for the purpose of analysis. Any hypothetical condition may affect the assignment results.) None utilized.		
Extraordinary Assumptions: (An extraordinary assumption is directly related to a specific assignment and presumes uncertain information to be factual. If found to be false this assumption could alter the appraiser's opinions or conclusions. Any extraordinary assumption may affect the assignment results.) This value reported is based upon the extraordinary assumption that all public and private utilities are available to the property. It is also based upon the extraordinary assumption that there are no structural deficiencies that would negatively impact the use of the residence.			
In accordance with Standard Rule 2-2(b) of the Uniform Standard of Professional Appraisal Practice (USPAP), this is a summary appraisal report.			

SCOPE OF WORK

Definition: The scope of work is the type and extent of research and analysis in an assignment. Scope of work includes the extent to which the property is identified, the extent to which tangible property is inspected, the type and extent of data research, and the type and extent of analysis applied to arrive at credible opinions or conclusions. The specific scope of work for this assignment is identified below and throughout this report.

Market area description and characteristics: The subject neighborhood is considered to be the areas around the north, east and west sides of the Pensacola International Airport bound to the east by Spanish Trail, the airport to the south, Ninth Avenue to the north and west. This area includes the Scenic Heights and College Heights residential neighborhoods which appear to have been developed during the same time frame. These two residential neighborhoods reflect a similar mix of owner-occupancy and tenant occupied residences. The neighborhood is located in close proximity to Cordova Mall, Pensacola State College, Sacred Heart Hospital as well as numerous other office, retail and restaurant properties. Values in the subject's subdivision have been stagnant due to the pending purchase of properties by the Pensacola International Airport for the Airport Commerce Park.

SITE VALUATION**Site Valuation Methodology**

- Sales Comparison Approach:** A set of procedures in which a value indication is derived by comparing the property being appraised to similar properties that have been sold recently, then applying appropriate units of comparison and making adjustments to the sale prices of the comparables based on the elements of comparison. The sales comparison approach may be used to value improved properties, vacant land, or land being considered as though vacant; it is the most common and preferred method of land valuation when an adequate supply of comparable sales are available.
- Market Extraction:** A method of estimating land value in which the depreciated cost of the improvements on the improved property is estimated and deducted from the total sale price to arrive at an estimated sale price for the land; most effective when the improvements contribute little to the total sale price of the property.
- Alternative Method:** (Describe methodology and rationale)

Site Valuation Comments: Comparable two is the most recent single-family lot sale in the subject's neighborhood or adjoining neighborhoods. Comparable two is larger and sale three is located in a superior subdivision. Comparing sales two and three to sale one, a downward size adjustment of \$2,500 is applied to sale two and a downward location adjustment of \$2,000 is applied to sale three. Based upon a direct comparison of the subject to the three comparable lots, and assuming the subject was vacant land, it is my opinion that the value of the lot would be \$27,500.

Site Valuation Reconciliation: Based upon a comparison of the subject parcel (assuming it was vacant land) to the comparable, I would reconcile the subject's lot value at \$27,500.

Opinion of Site Value**\$ 27,500**

Comments and reconciliation of the sales comparison approach: See additional comments on the following addendum. The three comparables sales are considered the best available in the neighborhood having occurred within the past year. Adjustments were applied to the comparables for variances in age, condition, improvement size and bathrooms as well as variances in other features such as car storage variances and other site improvements. After the adjustments, the three comparables reflect an adjusted range of \$92,300 to \$101,500. With about equal weight to each sale, I reconciled the subject's current market value at \$97,000.

Indication of Value by Sales Comparison Approach \$ 97,000

Comments:**Sales Comparison Approach:**

I performed a search for recent comparable improved sales to compare to the subject property. My search revealed a total of 11 sales occurring in the last year ranging in price from \$57,500 to \$115,000 with an average price of \$90,440 and a median price of \$94,950. However, many of the homes were either in superior condition, located in a superior location as compared to the subject and/or much larger in size. Of the 11 sales located, the three selected for comparison purposes were considered to be the most comparable to the subject.

The condition of all three sales was superior to the subject with a downward adjustment of \$10,000 applied to each.

The subject includes one and one-half bathrooms. Sales one included one bath and sales two and three included two bathrooms. The adjustment for a half bath versus a full bath is approximately \$1,500 for homes in this price range. Therefore sale one is adjusted up \$1,500 and sales two and three are adjusted down \$1,500.

The size of the subject is similar to sale three and smaller than sales one and two. Using an depreciated cost new adjustment of \$20/SF for the difference in size, a downward size adjustment of \$2,000 is applied to sale one with a downward adjustment of \$ 2,200 applied to sale two.

The subject has a one-car carport which is similar to sales one and two and inferior to sale three having a one-car garage. An downward adjustment of \$1,500 is applied to sale three for superior car storage.

The subject includes a covered porch as well as chain link fencing, which is similar to all three sales.

Once the above noted adjustments have been applied, the three comparable sales reflect a range from \$92,300 to \$101,500. With about equal weight to each adjusted sale, I reconcile the subject's value via the sales comparison approach at \$97,000.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS

This appraisal is subject to the following assumptions and limiting conditions:

- This report is prepared using forms developed and copyrighted by the Appraisal Institute. However, the content, analyses, and opinions set forth in this report are the sole product of the appraiser. The Appraisal Institute is not liable for any of the content, analyses, or opinions set forth herein.
- No responsibility is assumed for matters legal in character or nature. No opinion is rendered as to title, which is assumed to be good and marketable. All existing liens, encumbrances, and assessments have been disregarded, unless otherwise noted, and the property is appraised as though free and clear, having responsible ownership and competent management.
- I have examined the property described herein exclusively for the purposes of identification and description of the real property. The objective of our data collection is to develop an opinion of the highest and best use of the subject property and make meaningful comparisons in the valuation of the property. The appraiser's observations and reporting of the subject improvements are for the appraisal process and valuation purposes only and should not be considered as a warranty of any component of the property. This appraisal assumes (unless otherwise specifically stated) that the subject is structurally sound and all components are in working condition.
- I will not be required to give testimony or appear in court because of having made an appraisal of the property in question, unless specific arrangements to do so have been made in advance, or as otherwise required by law.
- I have noted in this appraisal report any significant adverse conditions (such as needed repairs, depreciation, the presence of hazardous wastes, toxic substances, etc.) discovered during the data collection process in performing the appraisal. Unless otherwise stated in this appraisal report, I have no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and have assumed that there are no such conditions and make no guarantees or warranties, express or implied. I will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because I am not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable public and/or private sources that I believe to be true and correct.
- I will not disclose the contents of this appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and/or applicable federal, state or local laws.
- The Client is the party or parties who engage an appraiser (by employment contract) in a specific assignment. A party receiving a copy of this report from the client does not, as a consequence, become a party to the appraiser-client relationship. Any person who receives a copy of this appraisal report as a consequence of disclosure requirements that apply to an appraiser's client, does not become an intended user of this report unless the client specifically identified them at the time of the assignment. The appraiser's written consent and approval must be obtained before this appraisal report can be conveyed by anyone to the public through advertising, public relations, news, sales, or other media.
- If this valuation conclusion is subject to satisfactory completion, repairs, or alterations, it is assumed that the improvements will be completed competently and without significant deviation.

VALUE DEFINITION

Market Value Definition (below)

Alternate Value Definition (attached)

MARKET VALUE is defined as the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. buyer and seller are typically motivated;
2. both parties are well informed or well advised and acting in what they consider their own best interests;
3. a reasonable time is allowed for exposure in the open market;
4. payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
5. the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

SALES COMPARISON APPROACH	22. COMPARABLE SALES SELECTION: The comparable sales are correct, and an adequate reason has been given as to why they were selected.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
	23. SUBDIVISIONS: 'New Subdivision' subject properties have at least one comparable sale outside the subdivision unless there have been sufficient resales <u>inside</u> the new subdivision. Established subdivision subject properties have comparable sales from inside the subdivision.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	The appraisal is made as per FAA guidelines, relative to comparables being taken from areas outside the project boundary.
	24. COMPARABLE SALES ADJUSTMENT: A minimum of three closed Comparable Sales have been analyzed. Minus dollar adjustments for superior differences and plus dollar adjustments for inferior differences have been made.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
	25. VALUE VS. COST ADJUSTMENTS: The adjustments accurately assess the value rather than cost of the adjusted items.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
	26. LARGE ADJUSTMENTS: A satisfactory explanation has been provided for best comparable sales if their net adjustment exceeds 15%, the gross adjustment exceeds 25% or if there is a substantial difference between their adjusted prices.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
	27. OTHER ADJUSTMENTS: If needed, other adjustments have been made for schools, room counts, GLA's, sales and/or financing concessions, improvements, and any external or functional obsolescence, and/or physical deterioration of the comparable sales.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
	28. RECONCILIATION: The 'Reconciliation' is supported by sound reasoning and explains the appraiser's opinion of value.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
RECONCILE	29. 'AS IS' vs. SUBJECT TO FUTURE WORK/CONDITIONS: If not 'as is', future work or conditions have been listed in the report.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
	30. FINAL RECONCILIATION: The final opinion of value has been supported by sound reasoning and data.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
COMMENTS	31. EXPLANATIONS: Any substandard ratings or items described as non-conforming or atypical have been explained.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
	32. PHYSICAL DETERIORATION/OBsolescence: Any physical deterioration, functional obsolescence, or external obsolescence has been explained.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
COST APPROACH	33. CALCULATION: The calculations are correct.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
	34. COST APPROACH: The use of the cost approach is appropriate and all the steps of the cost approach have been properly applied.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	Cost Approach was not applied, and is not required.
	35. SITE VALUE: The site value is reasonable, and if higher than usual it has been explained.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	The three comparable land sales utilized reasonable bracket the subject site and are supportive of value.
	36. REPLACEMENT/REPRODUCTION COST: The replacement/reproduction cost estimates are reasonable and have been properly calculated.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
	37. DEPRECIATION: Physical deterioration, functional obsolescence, and external obsolescence estimates match the reported items.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
	38. INDICATED VALUE BY COST APPROACH: The estimate is reasonable and is consistent with the 'Sales Comparison Approach'.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
INCOME	39. MARKET RENT GMRM: The income approach has been used if the subject is an investment property. The GMRM and estimated market rent are supported in the addenda. If the income approach was not used, it has been explained.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what they considers their own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale. (Source: FDIC Interagency Appraisal and Evaluation Guidelines, October 27, 1994.)

SCOPE OF REVIEW: The scope of this review is limited to the information being provided by the original appraiser, and is to form an opinion as to the apparent adequacy and relevance of the data and the propriety of any adjustments to the data; form an opinion as to the appropriateness of the appraisal methods and techniques used and develop the reasons for any disagreement; form an opinion as to whether the analyses, opinions, and conclusions in the report under review are appropriate and reasonable, and develop the reasons for any disagreement.

CERTIFICATION AND STATEMENT OF LIMITING CONDITIONS

CERTIFICATION: The reviewer certifies and agrees that, to the best of his/her knowledge and belief:

1. The statements of fact contained in this report are true and correct.
2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
3. Unless otherwise indicated, I have no present or prospective interest in the property that is the subject of the work under review and no personal interest with respect to the parties involved.
4. Unless otherwise indicated, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of the work under review within the three-year period immediately preceding acceptance of this assignment.
5. I have no bias with respect to the property that is the subject of the work under review or to the parties involved with this assignment.
6. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
7. My compensation is not contingent on an action or event resulting from the analyses, opinions, or conclusions in this review or from its use.
8. My compensation for completing this assignment is not contingent upon the development or reporting of predetermined assignment results or assignment results that favors the cause of the client, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal review.
9. My analyses, opinions, and conclusions were developed and this review report was prepared in conformity with the Uniform Standards of Professional Appraisal Practice.
10. Unless otherwise indicated, I have not made a personal inspection of the subject of the work under review.
11. Unless otherwise indicated, no one provided significant appraisal, appraisal review, or appraisal consulting assistance to the person(s) signing this certification (if there are exceptions, the name of each individual providing significant real property appraisal assistance is stated elsewhere in this report).

CONTINGENT AND LIMITING CONDITIONS: The certification of the Reviewer appearing in the review report is subject to the following conditions and to such other specific and limiting conditions as are set forth by the Reviewer in the review report.

1. The Reviewer assumes no responsibility for matters of a legal nature affecting the property which is the subject of this review or the title thereto, nor does the Reviewer render any opinion as to the title, which is assumed to be good and marketable.
2. The Reviewer will not give testimony or appear in court because he or she reviewed an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
3. The Reviewer assumes that there are no hidden or unapparent conditions of the property, subsoil, or structures, which would render it more or less valuable. The Reviewer assumes no responsibility for such conditions, or for engineering which might be required to discover such factors. This review report must not be considered an environmental assessment of the subject property.
4. Information, estimates, and opinions furnished to the Reviewer, and contained in the review report, were obtained from sources considered reliable and believed to be true and correct. However, no responsibility for accuracy of such items furnished to the Reviewer can be assumed by the Reviewer.
5. Disclosure of the contents of the report is governed by the Uniform Standards of Professional Appraisal Practice, the Bylaws and Regulations of the professional appraisal organizations with which the Reviewer is associated, and any applicable federal, state or local laws.
6. Neither all, nor any part of the content of the review report, or copy thereof (including the conclusions of the review, the identity of the Reviewer, professional designations, reference to any professional appraisal organizations, or the firm with which the Reviewer is associated), shall be used for any purpose by anyone but the client specified in the review report, its successors and assigns, professional appraisal organizations, any state or federally approved financial institution, any department, agency, or instrumentality of the United States or any state or the District of Columbia, without the previous written consent and approval of the Reviewer.
7. No change of any item in the review report shall be made by anyone other than the Reviewer and the Reviewer shall have no responsibility for any such unauthorized change.

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

AIRPORT COMMERCE PARK - PROPERTY ACQUISITION N6200 - COLLEGE HEIGHTS

RECOMMENDATION:

That City Council authorize the purchase of N6200 (Parcel ID#141S292100001002) from Owen E. Farley and Clara Moonean for \$120,000 along with a purchase additive of \$6,000, closing costs of \$1,900, a 5% contingency in the amount of \$6,395, and moving costs of \$5,000, for a total amount of \$139,295.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The 2000 Airport Master Plan identified 65 acres of property adjacent to the northwest quadrant of the Airport for future land acquisition and development. In 2004, the Airport began the preliminary planning for the acquisition and development of this area for an Airport Commerce Park and performed an inventory of the properties in the designated area and held public meetings with both residential and business property owners.

The Airport contacted the property owner (Owen E. Farley and Clara Moonean) of parcel N6200 and expressed an interest in purchasing the parcel located in the College Heights neighborhood. After discussions with the property owner, an offer was made based on a fair market value appraisal and a technical review appraisal performed by independent MAI certified appraisers. The offer was subsequently accepted by the property owner.

A Florida Department of Transportation (FDOT) Grant is in place that will fund the acquisition.

This parcel contains a commercial structure no longer in business and therefore relocation assistance in accordance with federal relocation guidelines is not required. The purchase price, purchase additive, closing/miscellaneous costs, legal fees, 5% contingency for the property, and moving costs for commercial fixtures are detailed in the estimated costs for the property on the following page.

PRIOR ACTION:

August 2006 - August 2017 - City Council approved the purchase of 91 residential and 24 commercial parcels

as identified on the attached site map.

September 14, 2017 - City Council approved acceptance of an FDOT Grant in the amount of \$1,396,069 and appropriated the grant funds.

FUNDING:

Budget:	\$ 1,396,069	FDOT
Actual:	\$ 120,000	Purchase Price
	6,000	Purchase Additive
	500	Title, Examination, and Issuance
	500	Recording and Doc Stamps
	400	Legal Fees

Letter of Transmittal

RE: An Appraisal Report of the Fee
Simple Estate in the Retail/Office Building
Located at 6200 Tippin Avenue in Pensacola,
Florida 32504
(N6200)

Dear Mr. Laven:

At your request, information was obtained and reviewed of the above referenced property for the purpose of estimating the current market value of the Fee Simple Estate. In compliance with the "Uniform Standards of Professional Appraisal Practice", this letter of transmittal is followed by an appraisal report in which all applicable approaches to value are used and with the value conclusion reflecting all known information about the subject property, current and projected market conditions, and other available data. This report contains to the fullest extent possible and practical, explanations of the data, reasoning and analysis used to develop the opinion of value. It also includes thorough descriptions of the subject property, the property's locale, the market for the property type, and my opinion of highest and best use.

Market value will be defined in the appraisal report, but basically assumes a willing buyer-seller, both knowledgeable of the subject real estate market and with the valuation at the property's highest and best use. Both exposure and marketing time periods are estimated to be between six to twelve months. I have performed no other services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

The subject property is the Retail/Office Building located at 6200 Tippin Avenue in Pensacola, Florida 32504 32566. The land size is 0.257 acres or 11,216 square feet per the County information and the property has a corner location. The subject property is improved with an approximate 1,284 square foot retail store operated as Farley's Old & Rare Books store. The improvements also include two storage buildings. The property is currently listed for sale for \$175,000 by Beck Partners. The property is owner-occupied.

Subject to the above and the limiting conditions and certification as set forth herein, it is my opinion that the current market value of the Fee Simple Estate of the Retail/Office Building located at 6200 Tippin Avenue in Pensacola, Florida 32504 as of the last date of inspection, July 27, 2017, was:

CURRENT MARKET VALUE

**ONE HUNDRED TWENTY THOUSAND DOLLARS
\$120,000**

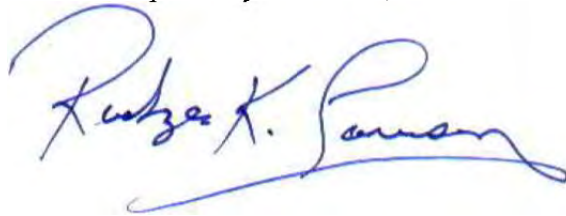

This appraisal is based upon the extraordinary assumption the billboard sign is not included in the property. It is also based upon the extraordinary assumption the lot size and age of the improvements is correct as noted on the Escambia County Property Appraiser's website and that there are no adverse easements or encroachments. This appraisal considers no hypothetical conditions.

I hereby certify I have no interest, present or contemplated, in the appraised property. This appraisal has been prepared utilizing all of the requirements set forth as Standards for Real Estate Appraisals as established for federally related transactions and the State of Florida 32504. The appraisal conforms to the Uniform Standards of Professional Appraisal Practice (USPAP) and title XI of FIRREA. The fee for this appraisal was not based on a minimum value nor was the assignment undertaken based on a pre-determined value or guaranteed loan amount.

PROPERTY RIGHTS

APPRAISED: Fee Simple Estate

VALUE INDICATIONS

LAND VALUE OPINION: N/A

COST APPROACH: N/A

SALES APPROACH: \$110,000

INCOME APPROACH: \$125,000

FINAL VALUE OPINION: **\$120,000**

This appraisal is based upon the extraordinary assumption the billboard sign is not included in the property. It is also based upon the extraordinary assumption the lot size and age of the improvements is correct as noted on the Escambia County Property Appraiser's website and that there are no adverse easements or encroachments. This appraisal considers no hypothetical conditions.

SCOPE OF THE APPRAISAL PROCESS

City of Pensacola - Pensacola International Airport is both my client and the intended user for this report. The use of this appraisal will be to aid in the negotiations for the purchase of the property by the City of Pensacola - Pensacola International Airport. The purpose of this report is to provide an opinion of the current market value of the Fee Simple Estate for the subject property located at 6200 Tippin Avenue in Pensacola, Florida 32504 32566. The current date of value is July 27, 2017, the last date of inspection.

In an effort to meet your requirements as well as conforming to the Uniform Standards of Professional Appraisal Practice (USPAP), a visual inspection was made of the subject land and improvements. The land size information was obtained from the County information and is assumed to be correct. This appraisal is based upon the extraordinary assumption the billboard sign is not included in the property. It is also based upon the extraordinary assumption the lot size and age of the improvements is correct as noted on the Escambia County Property Appraiser's website and that there are no adverse easements or encroachments. This appraisal considers no hypothetical conditions.

In addition to the physical inspection, research was conducted on a regional and neighborhood basis in an effort to identify trends and factors which have an effect on area property values. Once these trends and factors were identified, a highest and best use analysis was conducted. Upon determination of the land's highest and best use, similar improved sales and improved rents were researched for use in the sales comparison approach and income approach to value. The improved sales were extracted from the public records information, confirmed with one of the parties to the sale and then written up in detail in the body of the sales comparison approach to value. They were adjusted for differences and reconciled into a value opinion via this approach. Income and expense information was obtained for use in the income approach to value. The two approaches to value result in separate value estimates with appropriate weight given to each for reconciliation into a final value conclusion. Considering the age of the building and/or the recent lack of meaningful land sales, the cost approach is being eliminated from consideration. As little or no weight would be given to this approach, its elimination would have no negative effects on the final value opinion.

PROPERTY RIGHTS APPRAISED

There are several different types of ownership interest that can be appraised. These include the Fee Simple Estate ownership interest, the Leased Fee ownership interest and the Leasehold ownership interest.

“Fee Simple Estate” has been defined as:

"Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat."¹

“Leased Fee Estate” has been defined as:

"An ownership interest held by a landlord with the rights of use and occupancy conveyed by lease to others. The rights of the lessor (the leased fee owner) and the leased fee are specified by contract terms contained within the lease"²

“Leasehold estate” has been defined as:

"The interest held by the lessee (the tenant or renter) through a lease conveying the rights of use and occupancy for a stated term under certain conditions."³

The property rights that are being appraised are those of the Fee Simple Estate.

PURPOSE OF APPRAISAL

The purpose of this appraisal is to arrive at a supportable estimate of the market value of the subject property. The objective of this report is to present the data and reasoning used to form this opinion of value.

USE OF APPRAISAL

This appraisal is being prepared for use by City of Pensacola - Pensacola International Airport. The use of this appraisal will be to aid in the negotiations for the purchase of the property by the City of Pensacola - Pensacola International Airport.

DATE OF VALUE AND OF PROPERTY INSPECTIONS

The property was last inspected on July 27, 2017, which is also the current date of value. This report was prepared on August 7, 2017.

MARKET VALUE DEFINITION AND IMPLICATIONS

The definition of market value as currently stated by The Office of the Comptroller of the Currency is as follows:

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- A. Buyer and seller are typically motivated;
- B. Both parties are well informed or well advised and each acting in what they consider their own best interest;
- C. A reasonable time is allowed for exposure in the open market;
- D. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto;
- E. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale."⁴

PART TWO: DESCRIPTIONS, ANALYSIS AND VALUE CONCLUSIONS

GENERAL AREA LOCATION MAP

GENERAL AREA DATA

There are four basic interrelated forces that influence the value of a property: Social/population trends; economic changes and adjustments; governmental controls and regulations; and physical or environmental changes. These forces are considered in every phase of the evaluation and valuation process but are best discussed in the General Area Data and Neighborhood Data sections of the report. The subject's general area is considered the Pensacola Metropolitan Statistical Area (MSA), which includes the City of Pensacola and the nearby communities of Cantonment, Pace, Milton, and Gulf Breeze, located in Escambia and Santa Rosa Counties. The interrelated forces influencing this general area, as listed above, follow:

GENERAL AREA DATA (Cont'd.)

SOCIAL/POPULATION

Among the more important factors in a market study are the area population trends and the factors that affect the expected future population. The information obtained for the subject's market area of the Pensacola MSA, which consists of Escambia and Santa Rosa counties, was obtained from the *United States Census Bureau* and updated through the *Site To Do Business*.

The Pensacola MSA has a year 2016 population estimate of 480,583, based on projections by ESRI and quoted by the *STDB (Site to do Business)* which is up from the 2010 Census of 448,991. This average increase per year of 0.18% is expected to continue into the future with current estimates for the year 2021 being 507,895. The average household size is 2.49 people per residence and there currently are an estimated total of 212,880 housing units of which 55% are owner occupied, 30.6% are renter occupied and 14.4% are vacant. The number of vacancies may be somewhat misleading, as many of the beach properties are only seasonally occupied. The median household income for 2016 is indicated to be \$48,074.

The population increase for the Pensacola MSA over the next five years is expected to be 27,312 people. This translates to the need for 10,969 new households (2,194/Year) over the next five years. The median house value in the community is \$152,498. Considering the median household income along with the average rule-of-thumb that 25% of the household income can go toward a mortgage, would indicate approximately \$12,019 (\$1,002/month) can be used for mortgage payments in the median household. Considering a 4.5% interest rate, monthly payments of \$1,002 and a 30 year amortization, the median household can afford a mortgage in the amount of \$197,776 and considering a 10% down payment, the median household could afford a home of about \$219,729. As this is well above the currently indicated median home value, there is room for continued home value increases.

GENERAL AREA DATA (Cont'd.)

As stated, the beach area condominium market is largely made up of absentee owners. Looking at a list of owners from a typical development such as the Emerald Isle Condominium shows owners from Indiana, Louisiana, Florida, Virginia, Georgia, Washington, Tennessee, Arkansas, Alabama and Mississippi, to name a few. As the condominium market is made up of such a large segment of the United States population, local single-family housing occupancy statistics would have little impact on condominium prices.

As with most markets, the Escambia County/Santa Rosa County general area experienced a housing bubble between 2004 and 2005. In an effort to demonstrate the current status of the Escambia and Santa Rosa housing market, statistical information was obtained from the Pensacola Association of Realtors' Multiple Listing Service (PARMLS). While the PARMLS does not account for all sales, it is a good representation of what is going on in the local market. PARMLS sales for condominiums, single-family homes, and residential lots (< 1/2 acre) were researched within the two-county area and included in the following chart.

*As of 12/20/2016

GENERAL AREA DATA (Cont'd.)

Sale prices in all categories peaked around 2005 and 2006 and have dropped since these peaks. The 2015 average for condos is about 31% below the peak but it appears the 2012 through 2016 values are starting a new upward trend. Similarly, the 2015 average for single family homes is about 3.5% below the peak but it appears a new upward trend has been realized between 2012 and 2016. The 2015 average for residential lots under ½ acre in size is about 36% below the peak and while values have fluctuated in recent years, they are considered to be fairly stable.

According to the PARMLS, as of December of 2016 there were 403 condo units listed in the two-county area, which represents an inventory of about 7 to 8 months based on the 2016 monthly absorption of about 54 condominiums per month. Area Realtors indicate there is a lack of condominium supply and new inventory is needed. At the present time there are two new condominium developments under construction in the Pensacola MSA. The 64 unit Vista Del Mar is being constructed at 13333 Johnson Beach Road and 48 of the units are under contract. Unit sizes range from 1,953 square feet up to 3,293 square feet and the sale prices range from \$715,000 to \$2,100,000 and the average price per square foot is \$433.03/SF. The 701 South Palafox condo in Pensacola's downtown includes 9 units, 7 of which are under contract. This development includes units that are 1,670 square feet and 2,422 square feet and the contract prices were said to be \$423/SF to \$428/SF.

According to the PARMLS, as of December of 2016 there were 2,807 single-family homes listed in the two-county area, which represents an inventory of about 4 to 5 months based on the 2016 absorption of 635 homes per month. Area economists Rick Harper indicated new home construction is necessary once housing inventories reach a nine-month supply, and there is new construction currently taking place in the area to meet the demand, which is aiding in area lot absorption increases.

There were 1,083 single-family lots (<1/2 acre) listed in the PARMLS in December of 2016 within the two-county area. In 2016 the lot absorption rate was about 38 sales per month, and considering the current listings, there is just under a 29 month inventory; however, with the increasing population and the need for 2,194 new homes per year, this inventory is more likely

GENERAL AREA DATA (Cont'd.)

going to be much less than projected based on MLS sales. Area developers have recognized the need for new subdivisions based on the population growth and are actively developing new subdivisions and apartments, with the majority of this growth being in the northwestern Pensacola area near the growing Navy Federal Campus.

Some of the motivation behind the area population growth is the area military bases. The U.S. Government has been downsizing and closing military bases all over the world as well as within this country. Rather than being downsized, the Pensacola area bases have been realizing net gains as departments and personnel from closed bases are being relocated to this area. In 2015, the Naval Air Station (NAS) Pensacola website <http://www.globalsecurity.org/military/facility/pensacola.htm> stated there were more than 9,600 military personnel and 6,800 civilians working in the Escambia and Santa Rosa County areas.

An additional explanation behind the Pensacola area growth is the location in the "Sunbelt" along the Gulf Coast of Florida. The sugar white beaches and clear waters of the Gulf of Mexico attract thousands of visitors every year. Realizing the area benefits (year-round sunshine, warm temperatures, no snow); many of these visitors choose to make Pensacola their permanent home.

Tourism in the general area is one of the largest industries, along with the military. To capitalize from the growing number of tourist, the county has a local "bed tax" that produces additional revenue from the number of tourist staying in the various hotels and motels throughout the county. As reported by the Clerk of the Circuit Court's Office of Escambia County, the area has been realizing steady tourism growth since 2010. The 2016 tourism sales are about 8% above the 2015 numbers, indicating a very robust and growing tourist industry. The trailing 12 months of Tourist Development tax Collection Data follows.

According to the Haas Center, the business cycle index for the Pensacola MSA appears to be increasing since the recent recession. The following graph also shows that job growth is beginning to take place again. While it has not recovered to pre-recession numbers, jobs are steadily increasing since the lows realized in 2009 and 2010.

ECONOMIC CHANGE AND ADJUSTMENTS

In addition to considering the area's population and expected increases, a commercial study should also consider area economics. Even if the population continues to increase, the new population must be able to afford the area goods and services; therefore, it becomes necessary to look at the economic conditions and the projected economic future.

According to the *U.S. Bureau of Labor*, the Pensacola MSA unemployment rates were 4.6% in April of 2015, which is slightly below the most current state average of 5.5%. The services sector is the primary employer in the Pensacola MSA at 46.9%, as reported by the STDB's most recent information (2015). The retail trade is the secondary source of employment with 12.8% of the workforce, construction is 11%, finance/ insurance/ real estate is 6.5%, and manufacturing makes up 5%.

Area tourism is a component of both the services sector and the retail trade. According to *Florida's Great Northwest*, job growth is expected in the Pensacola MSA, which is shown on the following chart.

According to the West Florida Economic Development Alliance, some of the 2015 top area major employers in the Pensacola MSA include Baptist Health Care (4,494); Sacred Heart Health Systems (3,483); Navy Federal Credit Union (3,845); Gulf Power Company (1,774); West Florida Healthcare (1,300); Ascend Performance Materials (800); West Corporation (800); Medical Center Clinic (500); Santa Rosa Medical Center (498); International Paper (450); Cox Communications (400); CHCS service/iGate (380); Blackwater Correctional Facility (348); Armstrong World Industries (300) and Media Com (300) to name a few.

GENERAL AREA DATA (Cont'd.)

Recently Navy Federal Credit Union announced its latest and greatest expansion plans to its Pensacola campus, which currently employs over 3,845. Navy Federal purchased an adjoining 240 acres and is in the process of a \$350 million expansion that will create an additional 5,000 jobs with average salaries of \$44,000 a year by 2016. This investment is also estimated to bring around 1,000 new indirect jobs to the regional economy. NFCU announced they expect to have a total of 10,000 employees at their Nine Mile Road, Pensacola location by 2020. Once these planned expansions are completed, Navy Federal will by far be the largest employer for the Pensacola MSA. These announcements will help in the local economic development efforts for recruiting more regional, national and international firms to the area.

Adjacent to the Navy Federal's Heritage Oaks campus is an approximate 640-acre Navy Outlying Landing Field (OLF) being purchased by Escambia County for the development of a commerce park expected to eventually create an additional 4,000 jobs. Escambia County has agreed to purchase a 601-acre parcel in Santa Rosa County to relocate the current OLF. Once the county takes possession of the existing OLF they will spend between \$10 million and \$15 million to develop the commerce park.

Gulf Power, the area's power company, has been actively buying up 4,000 acres of land in the north end of Escambia County for a new power plant that will likely replace the existing coal burning Christie Plant found along the Escambia River in northern Pensacola. According to Sandy Sims, Gulf Power's Economic Development Manager, Gulf Power has already purchased 3,000 acres and has the remaining 1,000 acres under contract or identified for the new plant. It is not yet known if the new plant will be a natural gas plant or a nuclear plant but they expect to finalize their plans by the end of 2014. Replacing the coal plant with a cleaner energy plant will aid in cleaning up Escambia Bay and will help the area's air quality.

Another recent announcement is the new 30 year lease between the City of Pensacola and ST Aerospace Mobile, Inc. in 2014, a Singapore-based company that does

GENERAL AREA DATA (Cont'd.)

maintenance repairs and overhauls for large commercial aircraft. The agreement would provide ST with a \$37 million dollar maintenance and repair facility on 19 acres at Pensacola International Airport's commerce park and ST will bring in about 300 high-skill, high-wage jobs. Securing a long-term contract with ST raises Pensacola's profile among domestic and international aerospace parts suppliers. This is particularly important in light of the parts suppliers that eventually will be locating near the \$600 million Airbus Assembly Plant, currently under construction at Mobile's Brookley Aeroplex. The first Airbus A-320 passenger jets are expected to roll off the assembly line in 2016.

Downtown at the Community Maritime Park for Blue Wahoos, Quint Studer has just finished construction on a \$15 million four-story office building and the building is fully leased at \$28.00/SF – full service. Beck Property Company also recently started construction on its \$4 million-plus, three-story, 26,715 square foot mixed-use building at the corner of Port Royal Way and Main Street in the first half of 2014. This building will have retail on the ground floor, Beck office space on the second floor and luxury condominiums on the third floor. Just east of the Maritime Park, the newly renamed Bank of Pensacola's new multimillion dollar branch at Palafox and Main Street was completed at the end of 2014.

The first apartment complex to be started in numerous years began construction in 2014. The South at Navarre Beach will be a 250-unit, \$34.5 million project being constructed in the Navarre area of South Santa Rosa County. The complex will include five four-story buildings with 129 one-bedroom units, 101 two-bedroom units and 20 three-bedroom units. The complex is expected to be completed within 18 to 20 months with staggered openings. The Studer Group purchased the old News Journal Building in downtown Pensacola and has begun interior demolition for redevelopment of the building into apartments.

The cost of living in the area is also one of the lowest in the country. National studies, which rate American cities for their desirability, commonly rate Pensacola's MSA near the top of the pack due to the low cost of living and high quality of life. The most recent report for the annual income per capita for the Pensacola MSA was \$23,517 (2014), the median household income was \$43,681 and the average household income was \$59,465.

GENERAL AREA DATA (Cont'd.)

In conclusion, the Pensacola MSA is considered to have a strong economic base, which is expanding. The area's U.S. Naval and Air Force bases are considered to have a solid future. Tourism is a large factor in the economic success of the area, and in spite of hurricane related setbacks and the oil disaster in the Gulf of Mexico in the past decade, recovery efforts have proven successful.

GOVERNMENTAL CONTROLS AND REGULATIONS

A general area analysis of a growing area would not be complete without considering the area's government and its outlook on future expansion. If the local government is anti-growth, laws can be enacted which would stifle development and population growth. On the other hand, if the government is pro-growth, taxes, zoning, agencies, and personnel can be used by the government to promote new business development, creating a larger economic base and additional population growth, which would support the existing and planned development of income producing properties. The Pensacola MSA governing bodies are pro-growth organizations.

The Escambia County government is a five man Board of Commissioners elected every four years by their district. They appoint a County Administrator who oversees the county budget and operations. This body has been actively obtaining land for new commerce parks and encourages new development.

Pensacola has a City Council with 7 council members elected to four-year terms and a "strong mayor" form of government, which included the mayor now being elected by the city residents and having more control in the daily operations of the city government, including overseeing the annual budget of over \$200 million. The city and county currently have zoning ordinances in effect covering the southern region of the county. The county also has a state required Future Land Use Plan which is designed to ensure organized growth over its 20 year life. This plan is reviewed every five years to ensure that it is keeping up with area needs. The plan can also be

GENERAL AREA DATA (Cont'd.)

petitioned for changes. The major topics handled in the plan include consistency, environmental, threatened and endangered species, land use approval on site plans, concurrency, and permitting.

General revenues are raised through an ad valorem tax system. The Escambia County Appraisers Office assesses the property at "just value" which is a percentage of market value that is supposed to be about 85% of market value; however, it commonly range from 20% to 85%. The area property taxes are among the lowest in the state, which makes it more affordable for new business development. The City of Pensacola has established a Community Redevelopment Administration (CRA), which is responsible for improving the look of the city. The CRA receives a portion of the taxes collected in the downtown district and utilizes these funds for infrastructure improvements (streets, sewer lines, water lines, parks, etc.). By upgrading the look of the city, the appeal also increases attracting additional business development and tourist dollars increasing the economic and population base.

The County and City governments also work closely with private businesses in efforts to attract additional business to the area. The government's development of structures such as the Pensacola Bay Center, the Saenger Theater and the Creative Arts Center, aid in drawing convention business to the area. Over the past several years, convention traffic has increased at a rate of about 30% per year bringing new visitors to the area who aid in strengthening the area's economic base; however, with the down turn in the economy convention traffic has slowed. The economic base is also strengthened by the government's development of industrial parks in which the land is sold to "clean air" industries at very low rates in return for the creation of additional area jobs expanding the economic and population base.

The Emerald Coast Utilities Authority (ECUA) relocated their Pensacola downtown wastewater treatment plant to the northern area of Escambia County. This project was a \$316 million development project that started in 2007 and was completed in December of 2010. The new state of the art facility creates the ability for additional industrial development in the north end of

GENERAL AREA DATA (Cont'd.)

the County and the water reclamation will be used for industrial purposes, greatly reducing overall water consumption. No effluent will be dumped into the area bays, so area water quality will be expected to increase with this new facility. The previous downtown sewer plant has been dismantled and cleared for future development. With the elimination of the wastewater smells, the waterfront will also be more desirable for new development, which is on-going.

On more of a regional basis, there is a new International Airport developed to the east in Bay County near the Walton County line. This project was constructed on about 2,000 acres donated by the Saint Joe Company and was completed in the fall of 2010. This airport provides the region with direct flights that are expected to aid in increasing the tourist populations. Additionally, after a large renovation project, the Pensacola Regional Airport was renamed the Pensacola International Airport. Land surrounding the International Airport is being purchased for redevelopment into a clean-air industrial park that will support airport operations.

In conclusion, the local governmental agencies aid in the development of the Pensacola MSA. Zoning, along with the Future Land Use Plan, is used to insure organized, homogeneous growth, which adds to the area's appeal. The low taxes and affordable real estate are also enticing factors for future prospective businesses. The government's willingness to aid in the development of the economic base also creates a stronger population base.

LOCATION AND PHYSICAL FACTORS

The location and physical factors of the area are important, as they are a major impetus in the relocation of Navy personnel, as well as the growth of new businesses and the civilian population. Available land, good weather, water, and recreational aspects are all factors considered by a potential future resident of the area. If these factors are congenial, they will aid in the growth and stability of the area.

GENERAL AREA DATA (Cont'd.)

Escambia County has a land area of approximately 661 square miles and an additional water area of 100 square miles. The altitude ranges from sea level to 120 feet above sea level. The eastern boundary of the county is the Escambia River and Escambia Bay. The western boundary is the Perdido River and Perdido Bay. Neither river is a navigable waterway to the extent of contributing to the economy. Santa Rosa County adjoins Escambia County to the east and has a land size of about 1,174 square miles and offers similar physical characteristics. Escambia and Santa Rosa Counties are located in the extreme northwestern portion of the state, being in what is called the "Panhandle" of Florida. Geographically, this MSA is located approximately 230 miles east of New Orleans, Louisiana; 250 miles south of Birmingham, Alabama; 350 miles southwest of Atlanta, Georgia; and 375 miles east of Jacksonville, Florida.

The City of Pensacola covers approximately 23 square miles of land in the southeastern part of Escambia County and the smaller cities of Gulf Breeze, Milton, and Pace are bedroom communities for Pensacola. The annual mean temperature is 69 degrees with an average rainfall of 62 to 87 inches. With an abundance of clear skies and warm weather, Pensacola is considered part of the "Sun Belt" of the United States. The "Sun Belt" states, especially Florida, have been growing in population faster than other areas of the United States in recent years.

One of the probable reasons for continuous growth of the Pensacola MSA is its accessibility. Pensacola is served by four major highways, which provide access to the north, east, and west. U.S. 90 (which runs from the East Coast of Florida to Texas), Interstate 10 (which runs from the Atlantic Ocean to the Pacific Ocean), U.S. 98 (which runs from the East Coast of Florida to Mississippi) and U.S. 29 (which runs from Pensacola to Washington, D.C.). The Interstate 110 spur connects with Interstate 10 just west of Davis Highway and runs to downtown Pensacola's Business District, connecting with U.S. Highway 98.

Pensacola's International Airport, with the recent completion of a \$30 million modernization, provides air transportation to all parts of the country. The Escambia County Transit

GENERAL AREA DATA (Cont'd.)

System operates bus lines throughout the metropolitan area and Greyhound Bus Lines provides inter-city bus transportation.

The natural deep-water harbor of Pensacola Bay, along with the large expanse of protected waters and the Gulf of Mexico, create an ideal training area for the U.S. Navy. These waterways also add to the area's economy through the Pensacola's Municipal Port Facilities handling cargo shipments to and from all parts of the world. Rail service also aids in the support of the port facilities with spurs running to the docks. While the southern and eastern most areas of Pensacola are nearly fully developed and are blocked from additional growth by the bays and Gulf of Mexico, there is plenty of developable land in the general area. The western and northern land areas of Escambia County and the Pace and Gulf Breeze areas of Santa Rosa County are the locations of the most active development and have proven to be popular among the new residents coming to the area. There is plenty of available land remaining for future growth for years to come.

Overall, the area's physical characteristics are considered a real asset for the general area of Pensacola. There is plenty of available land for additional business and residential development. The beaches and waterways create ideal recreational facilities for newcomers. The moderate temperatures and year-round sunshine also entice a large number of new businesses to the area, which aid in creating a larger population.

GENERAL AREA DATA CONCLUSION

Overall, the Pensacola MSA is considered to have a steady and positive outlook because of the stable to expanding military bases, tourist industry, and governmental support of private industry expansion and occupancies are increasing as a result. In 2010 the BP Gulf Oil Spill hurt tourism but it has since rebounded. The 2011 through 2014 tourism numbers were among the best of all time and there is an on-going advertisement campaign being paid for by BP that is aiding in

GENERAL AREA DATA (Cont'd.)

increasing the tourist numbers beyond what the area has ever seen. Area hotels are indicating 10%+ annual increases in revenues and the industry as a whole has expectations of adding employees. The military bases are another market sector that aids in helping the local commercial industry and as of the writing of this report, the area military bases appear to be stable with no cuts planned. New aerospace industry is moving into the area as is Navy Federal creating new jobs, which in turn is driving new home construction. The commercial markets are also benefiting from this growth, as they keep up with demand. The past trends are expected to continue into the foreseeable future.

NEIGHBORHOOD MAP

NEIGHBORHOOD ANALYSIS

A neighborhood is defined in *The Dictionary of Real Estate Appraisal*, Fourth Edition 2002 as: "A group of complementary land uses; a congruous grouping of inhabitants, buildings, or business enterprises."⁵ Neighborhood boundaries are defined because properties within neighborhoods tend to be similar in characteristics with regard to land use, desirability, and are affected by similar physical, economic, governmental and social forces.

The subject neighborhood is considered to be the portion of the Pensacola area within the Pensacola City limits. This area's boundaries are considered to be, but are not limited to, Fairfield Drive to the west, Pensacola Bay to the south, Escambia Bay to the east, and I-10 to the north.

Major north/south arterials within this area include I-110, Palafox Street, Pace Boulevard, Fairfield Drive, 9th Avenue, and Scenic Highway. Major east/west arterials include Bayou Boulevard, Cervantes Street, Garden Street, Main Street, Brent Lane, Fairfield Drive, Airport Road and Bayfront Parkway. These arterials provide convenient and quick access within the subject neighborhood as well as other portions of the Pensacola MSA.

The downtown Business District of Pensacola includes typical private office buildings, government office buildings, courthouses, restaurants, shops and bars. There is also an historic district that includes a variety of residential and commercial buildings constructed around 200 years ago around several public parks. The majority of the buildings have been completely renovated and act as an historic tourist draw for the community. UWF is proposing to take greater advantage of the area's historic treasures by re-bricking the streets, creating a walking friendly environment and starting an advertising campaign aimed at the historic tourism industry. Festivals are held throughout the year in the many downtown parks. The current main tourist draw is Pensacola Beach, found about four miles to the south and provides white sand beaches, clear water and numerous hotels, shops, condominiums and homes but the new historic tourism industry is projected to increase annual tourism numbers by more than one million visitors per year.

Neighborhood Analysis (Cont'd.)

There have been a number of new developments in the Downtown area of Pensacola, and a summary of the most significant of them follows. The Community Maritime Park is located between Main Street and Pensacola Bay, at the south end of Baylen Street and was recently completed. It includes numerous vacant land sites for future commercial and/or residential development. The project features an expansive public waterfront park; a community multi-use stadium facility suitable for baseball, football and other athletic events, festivals and other community activities. There is also a water front pavilion for music and entertaining events. The water front grassed and walkway areas on the south end of the property were designed for festivals. The other vacant land areas found on the north side of the property can be developed with commercial; office; retail; residential; restaurant and entertainment uses.

Quint Studer recently completed construction on a \$15 million four-story office building directly north of the new Stadium and the building is fully leased at rates of \$28.00/SF, full service. Beck Property Company also recently completed construction on its \$4 million-plus, three-story, 26,715 square foot mixed-use building at the corner of Port Royal Way and Main Street, which is now fully occupied and includes retail on the ground floor, Beck office space on the second floor and luxury condominiums on the third floor. Just east of the Maritime Park, the newly renamed Bank of Pensacola's (previously First Navy Bank) new multimillion dollar branch at Palafox and Main Street was completed around the end of 2014.

Located at 701 South Palafox Street is a newly completed condominium project that was constructed by Ray Russenberger. This development includes 9 luxury condo units that are all sold with prices exceeding \$1,000,000 each. All of the units were pre-sold and have since closed.

A new YMCA building located at the southwest corner of Taragona Street and Intendencia Street. The building was recently completed and offers an open floor plan with 52,000 square feet, nearly doubling the size of their old downtown building. This building is creating additional demand for new living quarters in the downtown area and will greatly add to the quality of life.

Artist Rendering of the New Downtown YMCA

Located to the northwest of the Maritime Park property is the old sewage treatment facility. The ECUA constructed a new state of the art treatment facility in the northern end of Escambia County and completed the demolition of the old sewer facility. The nearly 20 acre cleared site is now grassed and available to be re-developed, which should further enhance the desirability of the downtown area. The new owner of this site is now in the planning stages of a mixed use development that will include a variety of uses and while they have several conceptual plans, they do not specifically know what will be developed there yet.

Neighborhood Analysis (Cont'd.)

The Palafox Pier Restoration Project is a mixed use development located at the southern end of Palafox Street at the former location of the Municipal Auditorium. This project includes a 92-slip marina, a 7,200 square foot Harbormaster Building that is currently leased, the Icehouse Building with 21,000 square feet of office space currently leased and occupied by Merrill Lynch and EmCare. The City was said to have invested \$1.2 million in public infrastructure improvements with the mixed-use development being a combination of public and private funds.

The Palafox Pier & Yacht Harbour condominium development built in 2002 consists of two 35,206 square foot, four story buildings and a pedestrian plaza (park). Each building includes 7,500 square feet of retail/office space on the ground floor with four parking garages, 10,606 square feet of office space on the second floor and one-story and two-story condo units on the third and fourth floors.

Located immediately south of the Pensacola Bay Center is the new Technology Park development constructed by the City of Pensacola. The streets and all infrastructure necessary for high tech developments are in place and this property is ready for new vertical development. The City of Pensacola, along with Escambia County has provided the land and will sell the land to private individuals who plan to develop the area with buildings designed for companies requiring the latest in technology and the needed infrastructure. In connection with this development, the City of Pensacola created a large regional storm water retention lake located on the north side of Bayfront Parkway and on the east side of 9th Avenue at Admiral Mason Park. This allows for vacant properties to the north to be fully developed without the requirement of storm water run-off on site. The overall water retention design is a public park with the storm water retention lake landscaped and designed for public appeal and there is a walking path surrounding the lake and tasteful landscaping. A vacant site located across 9th Avenue from the Technology park was recently purchased and is proposed to be improved with two new hotels.

Neighborhood Analysis (Cont'd.)

In addition to the new development or redevelopment of this area downtown, several of the older buildings downtown were completely gutted and renovated. All of these renovated buildings are historic structures that are largely found along and nearby Palafox Street, which is the main north/south downtown arterial and the center of much of the new activity. Recently renovated buildings have been converted for restaurants, bars, offices, shops and entertainment venues creating one of the most desirable areas in the MSA. The Studer Group purchased the old Pensacola News Journal building found directly north of the new YMCA building and demolished it to make way for a new upscale mixed use rental building that will include commercial uses on the ground floor and rental apartments on the upper floors, which is now under construction. In association with the mixed use building is a new 7 level parking garage that is nearing completion. The old Rex Theatre building, constructed in 1910, was recently purchased by Harvest Church and went through a \$1.7 million dollar renovation. Now completed, this building hosts live theater events, movies, concerts and other special events. The old YMCA building was purchased by a private developer who has demolished parts of the old building to create new residential lots and other parts of the building will be renovated for restaurant and office uses.

The Blount-Brent Building Complex located at the southwest corner of Palafox Street and Garden Street is also undergoing a massive renovation. This 100,000+ Square foot structure is being completely renovated with boutique retail and restaurant uses on the ground floor and the upper floors are being renovated into a 34 suite boutique hotel and newly renovated office space. A new 110 room Holiday Inn is also nearing construction completion on the south side of Main Street just two blocks east of Palafox Street.

Located on the South side of Garden Street is a site that was once improved with a motel but the motel was removed so the site could be re-developed with a condo project; however, the condo development was put on hold due to the recession and the previous over-supply of housing units. The western portion of this site is now being improved with a new bank building and the eastern portion is for sale. Similarly, an older liquor store located on the

Neighborhood Analysis (Cont'd.)

south side of Gregory Street was demolished to make way for a condo development but this was also put on hold at the beginning of the recession and the land is now on the market. With the new demand created by all of the area activity, these two properties will likely come to life again in the foreseeable future.

There are four large multi-story office buildings in the downtown area. These buildings include the SunTrust Bank Building containing approximately 103,955 square feet, Harborview containing approximately 74,240 square feet, Southtrust Bank building containing approximately 77,400 square feet and One Pensacola Plaza containing approximately 108,997 square feet. Average occupancy in three of these buildings is above 90%. The SunTrust Building was recently vacated by SunTrust and is being purchased by the Studer Group for renovation but the specific uses that it will be renovated into have not yet been identified. There are also several other multi-tenant office buildings in the neighborhood that are reflecting occupancies from 80% to 90%.

The Palafox condo project previously identified is the first new residential development planned since the recession and while it is a fairly small project of only 9 units, its rapid sell-out indicates there is good residential demand for the downtown area. The News Journal Apartment redevelopment will be an additional test for new residential demand in the downtown area and the developer has indicated he has a long list of potential tenants. They also indicated that all but one of the commercial spaces are leased. There are numerous other smaller condo, townhouse and single family developments in the area that are being developed and rapidly absorbed, indicating good demand for housing.

The Pensacola Community Redevelopment Agency has been working to promote Pensacola and bring people into the downtown area daily. Among the initiatives recently introduced, are tax incentives that will entice new redevelopment projects. The City also closes Palafox Street one Friday night per month to vehicular traffic and opens it to pedestrian traffic for "Gallery Night". Gallery Night attracts many thousands of people who enjoy the new shops, restaurants and bars which are showcased along Palafox. In addition, there are bands found on

Neighborhood Analysis (Cont'd.)

some of the balconies as well as street performers and musicians found on the street. Open alcohol containers are also allowed creating a festive walkable community.

Photos of a Typical Gallery Night

There is a clean air industrial park area found to the north along the east and west sides of Palafox Street south of Brent Lane and north of Fairfield Drive. Another one is found south of Brent lane between I-110 and Palafox Highway. Located on the west side of Palafox Street north of Fairfield Drive is a super fund site that has been cleaned and capped by the EPA and they indicated that this land is now suitable for additional industrial development. The City of Pensacola is working with the State of Florida and the EPA to create an additional industrial park on the super fund land site. Located north of Brent Lane on Palafox Street is what is known as “Car City”, which is an area with many of the area’s new and used car dealerships. The growing Pensacola Christian College and Pensacola Christian School is found north of Brent Lane between I-110 and Palafox Street and they are actively buying properties to their south in an effort to grow their campus and population.

Overall, the subject’s neighborhood is following the path of other downtown locations around the country, which have been revitalized and now project a positive image for the community. These past trends are expected to continue with the help of private developers and

Neighborhood Analysis (Cont'd.)

the City of Pensacola resulting in the new life cycle of the neighborhood. There are several condominium and apartment buildings planned for the future in the downtown area, which will aid in the need for additional commercial support facilities. Continued revitalization efforts and increasing populations should place upward pressure on area property values and rents as the national economy recovers. With the past trends expected to continue, the subject neighborhood is considered to have a bright future for commercial and residential properties.

TAXES AND ASSESSMENT ANALYSIS

The subject property is assessed under the following property identification numbers by the Escambia County Property Appraiser.

Property Identification Number	Assessed Land Size Acres	Assessed Building Size Square Feet	Assessed Value	Annual Taxes	Past Due Taxes
14-1S-29-2100-001-002	0.25	1,300	\$63,884	\$1,056.31	\$0.00
		0	\$0		
Totals	0.25	1,300	\$63,884	\$1,056.31	\$0.00

The assessed value in comparison to the market value is considered to be reasonable, as such, the taxes are considered reasonable and would have no negative effects on the property value. All property taxes appear to be current.

LAND USE PLANNING, ZONING, CONCURRENCY

As per the above indicated zoning map, the subject site is zoned COM. The Commercial district establishes areas and land use regulations for general commercial activities, especially the retailing of commodities and services. The primary intent of the district is to allow more diverse and intense commercial uses than the neighborhood commercial allowed within the mixed-use districts. The current Retail/Office Building use is a legally conforming use of the property. A copy of the zoning ordinance for these districts is included in the addendum of this report.

PUBLIC AND PRIVATE RESTRICTIONS

I know of no private restrictions that would limit the subject property; however, I was not provided with a title report for the property so it is assumed that the only restrictions that would regulate the subject property are the zoning requirements.

ENVIRONMENTAL CONCERNS

The property is improved with a retail building and appears to have no areas of environmental concerns. No evidence of surface soil stain was noted on the property and there does not appear to be any wetlands associated with the site.

The above is a very important assumption and limiting condition to the appraisal. From the viewing of the site, no evidence of hazardous substances “obvious to the untrained person” were observed, and no communication “through a reasonably reliable person” indicating possible contamination was received; however, I am not an expert in the environmental field and this information should be confirmed by an expert.

SITE DESCRIPTION

For better visualization of this narration, please refer to the preceding drawings and following photographs.

- LOCATION:** The property street address is 6200 Tippin Avenue, Pensacola, Florida 32504. The subject property is located in the southeast corner of Tippin Avenue and Emily Street.
- AREA:** The land size is 0.257 acres or 11,216 square feet.
- SHAPE:** The property has a rectangular shape and offers good utility.
- DIMENSIONS:** According to the tax plat, the site has dimensions of 88.59' x 126.6'.
- INGRESS/EGRESS:** The subject property contains approximately 126.6 feet of frontage along the east right-of-way of Tippin Avenue and 88.59 feet of frontage along the south right-of-way of Emily Street. Ingress and egress are considered to be good.
- TOPOGRAPHY:** The site is level at road grade for Emily Street and above road grade for Tippin Avenue. No irregular topographical features were noted.
- FLOOD DATA:** According to FIRM Flood Map #12033C 0380G, dated 9/29/2006, the subject property is located in flood zone "X", an area requiring no base minimal elevation.
- DRAINAGE:** The land appears to be well drained with no wetland areas noted.
- SOIL COMPOSITION:** The soil is of a sandy composition. Based on the subject improvements and nearby improvements located upon similar soil types, it appears that this land is well suited for commercial development.
- UTILITIES ON SITE:** All utilities are available to the subject site.
- SITE IMPROVEMENTS:** The subject property is improved with an approximate 1,284 square foot retail store operated as Farley's Old & Rare Books store. The improvements also include two storage buildings. The property is currently listed for sale for \$175,000 by Beck Partners. The property is owner-occupied.

SITE DESCRIPTION (Cont'd.)

EASEMENTS/

ENCROACHMENTS: According to the tax plat, no easements or encroachments were noted. I am unaware of any adverse easements or encroachments that would adversely affect the marketability or value of the property.

RESTRICTIONS: I know of no private restrictions that would limit the subject property; however, I was not provided with a title report for the property so it is assumed that the only restrictions that would regulate the subject property are the zoning requirements.

CONCLUSION OF CONFORMITY:

The subject property is located in the southeast corner of Tippin Avenue and Emily Street in Pensacola. This is a well-developed and high traffic area with good exposure for retail and office properties. The site appears to be well suited for commercial development as reflected in the existing improvements and surrounding development. The site contains adequate road frontage for exposure and access and appears to be well drained.

SUBJECT BUILDING FLOOR PLAN

DESCRIPTION OF IMPROVEMENTS

LOCATION:	The property street address is 6200 Tippin Avenue, Pensacola, Florida 32504. The subject property is located in the southeast corner of Tippin Avenue and Emily Street.
BUILDING SIZE:	The subject is improved with an approximate 1,284 square foot, concrete block retail/office building.
AGE:	The improvements were originally constructed in 1963 as a residence and have been updated through the years. The effective age is estimated to be 25 years with a remaining economic life of 15 years.
FOUNDATION:	The structure is building on concrete piers with a wood sub-floor.
EXTERIOR WALLS:	The building has concrete block exterior walls.
ROOF:	The roof is composite shingle over wood frame and sheathing.
INTERIOR FLOOR:	The flooring includes a mixture of hard wood, ceramic tile and carpeting.
INTERIOR WALLS:	The interior walls are painted drywall and wood paneling.
CEILING:	The ceilings is painted drywall.
LIGHTING:	Flush mount florescent light fixtures provide adequate lighting for the building.
HEAT/AIR:	The building is serviced by a central HVAC systems that appears adequate for the building.
RESTROOMS:	The building includes one restroom that appears to be adequate for the current use of the property.

DESCRIPTION OF IMPROVEMENTS (Cont'd.)

FENESTRATION: The building has single-pane aluminum framed windows around the perimeter of the building, two front doors and one rear door. Overall, the fenestration of the building is considered to be adequate.

**CONDITION/
QUALITY:** The building is constructed of average quality materials considered to be an Average Quality Class "C" Office Building in average condition.

COMMENTS: The improvements consist of an older residence that has been converted to an office/retail use. The improvements were originally constructed in 1963 and have been renovated over the years reflecting an effective age of approximately 25 years. The improvements are considered to be in average condition.

EQUIPMENT: This appraisal considers the real estate only.

OTHER SITE IMPROVEMENTS

In addition to the building, site improvements include an approximate 277 square foot concrete block storage building with window unit air-conditioning and an approximate 50 square foot metal storage building. The improvements include a concrete drive for two cars and an approximate 116 square foot covered entry with handicap ramp. There is a billboard sign in front of the building, but the owners do not receive any rent from the signage as they paid for the location of the sign several years ago. The land to building ratio is 8.74:1, which is also considered to be a good ratio for a office/retail use.

HIGHEST AND BEST USE

A brief definition of the term "highest and best use" would be:

"The reasonably probable and legal use of vacant land or an improved property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum profitability."⁶

Implied within this definition is recognition of the contribution of that specific use to community environment or to community development goals in addition to wealth maximization. Also implied is that the determination of highest and best use results from the appraiser's judgment and analytical skills, i.e., that the use determined represents an opinion, not a fact.

The Highest and Best Use section of this report is the pivotal point in the appraisal process. All previous data is used to test the four criteria of: (1) legally permitted, (2) physically possible, (3) economically feasible, and (4) maximally productive.

LAND AS THOUGH VACANT

Legally Permissible - All legally permissible uses should be analyzed when considering a site's highest and best use. The zoning maps indicate the subject property is zoned COM. The Commercial district establishes areas and land use regulations for general commercial activities, especially the retailing of commodities and services. The primary intent of the district is to allow more diverse and intense commercial uses than the neighborhood commercial allowed within the mixed-use districts.

⁶ American Institute of Real Estate Appraisers, *The Dictionary of Real Estate Appraisal*, Third Edition, 1993, pg. 171.

HIGHEST AND BEST USE (Cont'd.)

Physically Possible - Of the legally permissible adaptations of the site, those physically possible uses require consideration and analysis. The size and location of the parcel are important aspects of value. The subject property is located at 6200 Tippin Avenue in Pensacola, Florida 32504. The land size is 0.257 acres or 11,216 square feet and the property has a corner location. The property has a rectangular shape and offers good utility. The subject property contains approximately 126.6 feet of frontage along the east right-of-way of Tippin Avenue and 88.59 feet of frontage along the south right-of-way of Emily Street. Ingress and egress are considered to be good. The site is level at road grade for Emily Street and above road grade for Tippin Avenue. No irregular topographical features were noted. The land appears to be well drained with no wetland areas noted. The soil is of a sandy composition. Based on the subject improvements and nearby improvements located upon similar soil types, it appears that this land is well suited for commercial development. All utilities are available to the subject site. These characteristics are considered to be ideal for improvement of the site to any of the legal conforming uses. Considering the location along a major thoroughfare for the neighborhood, a retail or office development would be the logical use of the site.

Financial Feasibility - Of the legally permissible and physically possible adaptations of the site, only those uses which are financially feasible should be considered. The cost of construction still exceeds the cost of purchasing existing commercial properties along Tippin Avenue. Therefore, assuming the property were vacant land, the only feasible use would be to hold until an end-user required and supported new construction.

HIGHEST AND BEST USE (Cont'd.)

Maximally Productive - The financially feasible use which results in the greatest return to the land is the one which is considered to be the highest and best use of the land. The maximally productive use of the land would be to hold until an end-user supported the demand for new construction.

AS IMPROVED

The subject property is improved with an approximate 1,284 square foot retail store operated as Farley's Old & Rare Books store. The improvements also include two storage buildings. The property is currently listed for sale for \$175,000 by Beck Partners. The property is owner-occupied.

The current use represents a legally conforming use of the site. The improvements were originally constructed in 1963 as a residence and have been updated through the years. The effective age is estimated to be 25 years with a remaining economic life of 15 years. With such a long remaining life and a legally conforming use, the highest and best use of the property is considered to be the continued office/retail use.

Conclusion – Highest and Best Use

Probable Use: The highest and best use of the property is the continued use as a retail/office building.

Timing for use: Immediately

Probable Buyer/User: The probable buyer would be an investor or end user.

EXPOSURE TIME

According to the *2016-2017 USPAP*, the definition of the term “exposure time” would be:

“The estimated length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal.”;⁷

In other words, this is a retrospective estimate based upon an analysis of past events assuming a competitive and open market. Based on the sales found within this report and conversations with local market participants, the subject’s exposure time is estimated to be from six to twelve months. This exposure time assumes the sale to have been handled by a knowledgeable real estate broker familiar with the subject real estate market.

⁷ USPAP 2012-2013 Edition. (The Appraisal Foundation, 2012-2013), pg. U-3.

MARKETING TIME

A brief definition of the term “marketing time” would be:

“The time it takes an interest in real property to sell on the market subsequent to the date of an appraisal.”⁸

Based on the sales found within this report, current listings and conversations with local market participants, the subject’s marketing time is estimated to be from six to twelve months. This marketing time assumes the sale to be handled by a knowledgeable real estate broker familiar with the subject real estate market. It also assumes aggressive real estate sales tactics and readily available contacts active in the subject real estate market. The subject’s marketing time is considered to be reflective of the exposure time as little change is expected in the market.

⁸ Appraisal Institute, *The Dictionary of Real Estate Appraisal*, 4th ed. (Chicago: Appraisal Institute, 1993), pg. 220.

THE VALUATION PROCESS

There are three (3) commonly accepted approaches to value: The Cost Approach, Income Approach, and Sales Comparison Approach. All three utilize market derived information and are “market driven” approaches, as will be shown in the analysis.

The Cost Approach is a summation of land value and improvement value. The land is valued as though vacant and available for its highest and best use. The improvement is valued by first estimating the reproduction costs new from which all forms of depreciation are deducted. Depreciation can be both from deterioration and obsolescence. Obsolescence is further categorized as functional or external. The analysis of obsolescence, based on the highest and best use analysis, accounts for deductions necessary if the improvement is not adequate for the site.

The steps for the Income approach are to first estimate an economic rent for the subject. This analysis is made even if the property is owner occupied. From the gross potential income there is first deducted allowance for vacancy and collection loss with further deductions then made for the expenses applicable to the type property being valued. This net operating income is then capitalized into an indication of value through the use of an appropriate capitalization rate.

The Sales Comparison Approach is an estimation of the property value by comparison with recent sales of similar or competitive properties extracted from the subject’s market. The “market”, rather than being the immediate proximity to the subject, is considered that area, local, regional or even national that would be considered by a prospective buyer of the subject property.

These approaches do not make value. They are merely tools in the hands of the appraiser who must carefully weigh each value indication, give appropriate weight to the approach and reconcile into a final value conclusion. Given this is the valuation of an existing retail/office building reflecting an effective age of approximately 25 years, only the sales comparison and income approaches to value are employed. The elimination of the cost approach would have no adverse effect on the reliability of the value reported.

SALES COMPARISON APPROACH

The sales comparison approach involves direct comparisons to the subject property of similar properties that have sold in the marketplace. The approach consists of searching the market for sales, qualifying the sales prices and terms with one of the participants in the sale, comparing the sales to the subject property for differences, adjusting the sales for those differences and formulating an opinion of value from the adjusted value indications. The improved sales which are utilized will be compared on a cost per unit basis depending on the “typical” unit used by market participants.

The market derived adjustments follow a specific, logical order so as not to skew the results. The adjustments listed in order include: Property rights, financing, condition of sale, date of sale or market conditions, location and various physical adjustments which can be considered together. While an adjustment for each may not be required, they are considered resulting in a comparable unit of measure.

The units of comparison may be physical, such as dollars per square foot of area, or they may be economic, such as gross rent multipliers. These units of comparison yield a pattern which is reconciled and converted to a value indication for the subject via the sales comparison approach.

This is an office building that was converted from a single family house. The building is constructed off grade with a built-up foundation, lapped siding exterior walls and a composition shingle roof. The interior included wood floors, drywall walls and a drywall ceiling. According to the listing Realtor, the buyer spent an additional \$40,000 to \$50,000 (Avg \$45,000) in interior remodeling immediately after the sale. Prior to the remodel, the building was in average condition. At \$45,000, the remodeling cost added \$33.33/SF to the purchase price. The building was constructed in 1950 and was renovated over the years and had an estimated effective age of 35 years, prior to the renovation.

IMPROVED SALES ANALYSIS

The subject property is the Retail/Office Building located at 6200 Tippin Avenue in Pensacola, Florida 32504. The land size is 0.257 acres or 11,216 square feet per the County information and the property has a corner location. The subject property is improved with an approximate 1,284 square foot retail store operated as Farley's Old & Rare Books store. The improvements also include two storage buildings. The property is currently listed for sale for \$175,000 by Beck Partners. The property is owner-occupied. The subject has a land-to-building ratio of 8.74:1.

A search of the area was made for improved sales that have a similar highest and best use as the subject property resulting in the previous four sales. Area investors typically considered commercial building purchases on a “price per square foot” basis. As this method of comparison is common, it will be used. The four sales occurred between June 2014 and June 2016 and reflected overall prices from \$75,000 to \$172,500 or \$64.32 to \$96.98 per square foot.

PROPERTY RIGHTS SOLD – The subject property rights being considered are those of the Fee Simple Estate. The rights transferred in the sales were also the fee simple estate so no property rights adjustments are necessary.

FINANCING - The comparable properties also sold for cash or terms considered similar to a cash sale requiring no financing adjustments.

CONDITIONS OF SALE - All of the sales were arms-length transactions requiring no conditions of sale adjustments.

EXPENDITURE AFTER THE SALE ADJUSTMENT – None of the sales required expenditures after the sale to make them habitable.

MARKET CONDITIONS ADJUSTMENT – The sales are considered to be recent enough that no market conditions adjustments are necessary.

COMPARATIVE ANALYSIS (Cont'd.)

PHYSICAL ADJUSTMENTS – The only physical adjustments that are considered to be required are ones for effective age, location and land-to-building ratio. These are as follow.

Effective Age Adjustment – The subject improvements reflect an effective age of approximately 25 years, which is inferior to sales one and four, and superior to sales two and three. Sale one reflect an effective age of 20 years being 5 years superior to the subject. Based upon an economic life of 40 years, this indicates a difference of 12.5% depreciation. Applying this to the improvements price per square foot of \$49.02/SF for sale one indicates a required downward adjustment of \$6.13/SF. The same analysis is applied to sales two, three and four with sale two requiring an upward adjustment of \$3.23/SF, sale three requiring an upward adjustment of \$8.89/SF and sale four requiring a downward adjustment of \$6.30/SF. Applying these adjustments indicates age-adjusted prices of \$80.60/SF for sale one, \$100.21/SF for sale two, \$86.67/SF for sale three and \$58.02/SF for sale four.

Location Adjustment – Sale four is located along Beverly Parkway, in an inferior neighborhood as compared to the subject and sales one, two and three. Based upon a comparison of sale four to sales one and three, I apply an upward location adjustment of 30% to sale four to compare to the subject's neighborhood at \$75.43/SF.

Land-to-Building Ratio – The subject reflects a land-to-building ratio of 8.74:1, which is similar to sales one, three and four. Sale two has a much higher land-to-building ratio and requires a downward adjustment to compare o the subject. Based upon a comparison of sale two to the subject and sales one, three and four, a downward adjustment of 15% is applied to sale two. Applying this adjustment indicates an adjusted price of \$85.18/SF.

The sales are considered to be similar enough to the subject in all other respects that no other adjustments are necessary. The previous adjustments are shown on the following adjustment grid.

Reconciliation – After necessary adjustments, the comparables indicated a fairly tight value range from \$75.43 to \$86.67 per square foot, averaging \$81.97/SF. With most weight to sales one, two and three due to the lower overall percentage of adjustments. I reconcile the subject’s value via the sales comparison approach at \$86/SF. Applying this to the gross building area of 1,284 square feet indicates a value via the sales comparison approach of \$110,424, rounded to \$110,000.

INDICATED VALUE, SALES COMPARISON APPROACH,

\$110,000

INCOME APPROACH

The income approach utilizes the principle of anticipation, which states the value is the present worth of all expected future benefits accruing to ownership. These future benefits are generally in the form of income streams.

There are several basic steps involved in this approach. First, the gross market rent for the property is estimated through a comparison of other similar property leases. Next, an allowance for vacancy and collection losses is deducted resulting in the effective gross rent (E.G.R.). From the E.G.R. is deducted fixed expenses such as taxes and insurance, along with variable expenses such as management, maintenance and reserves for replacement of short-lived items such as the roof and floor coverings (when necessary). The resulting figure is the net operating income (N.O.I.). The N.O.I. is then converted into a present dollar estimate, which is the property's market value estimate. Converting the N.O.I. into a present dollar estimate is called capitalization.

Capitalization techniques include the direct capitalization analysis and the discounted cash flow analysis. The direct capitalization analysis is typically used on single tenant properties, which have very little change in income and expense ratios. This analysis assumes the income stream extends into perpetuity. The discounted cash flow analysis is typically used on more dynamic, multi-tenant properties, which have continually changing incomes and expenses. This analysis assumes the property will be held for a specific time period and then sold at the end of the holding period. The property value is based on the net income streams over the holding period, discounted to the present through the use of a present value factor plus the present value of the net reversion or sale of the property at the end of the holding period. The comparable rents and analysis used in this approach follow:

The subject property is the Retail/Office Building located at 6200 Tippin Avenue in Pensacola, Florida 32504. The land size is 0.257 acres or 11,216 square feet per the County information and the property has a corner location. The subject property is improved with an approximate 1,284 square foot retail store operated as Farley's Old & Rare Books store. The improvements also include two storage buildings. The property is currently listed for sale for \$175,000 by Beck Partners. The property is owner-occupied.

I searched the subject's neighborhood for recent office and retail leases on the multiple listing service. The four comparable leases and one active listing noted above in the chart are considered the most similar to the subject. It is noted the four leases range in size from 780 square feet to 1,000 square feet and reflect a lease range from \$11.10 to \$11.31 per square foot with the active listing for a 928 square foot building at \$12.28/SF. I am also aware of a 1,700 square foot suite at 2401 Executive Plaza Drive, Unit 3A just south of the subject currently listed for \$10.50/SF. All of the leases and listings are quoted on gross lease terms. Based upon a comparison of the subject to the comparable leased properties, I reconcile at a market rent for the subject property at \$11.25 per square foot. Applying this to the subject's 1,284 square feet indicates a potential gross rental income of \$14,445 annually.

Vacancy –Vacancy rates for retail and office properties in the subject's neighborhood are stabilized between 3% and 10%. For this analysis, I will consider a vacancy rate of 5%, which is bracketed by the other properties researched. Applying this to the subject's potential gross income of \$14,445 indicates a vacancy allowance of \$722. Subtracting this indicates an effective gross income for the property of \$13,723 annually.

INCOME APPROACH (Cont'd.)

Expenses

The rental income is based upon gross lease terms with the landlord responsible for all expenses with the exception being utilities. The following expenses are applicable to the subject property and are discussed as follows.

Management - The typical management expense for leases on gross lease terms is 5% of the effective gross income. Applying 5% to the annual rent indicates a management expense of \$686.

Real Estate Taxes - The real estate taxes for the subject property were previously reported to be \$1,056, which will be used in this analysis.

Real Estate Insurance – I am unaware of the annual insurance premium for the subject, however based upon similar properties in the neighborhood, I estimate the annual premium at approximately \$1/SF or \$1,285 for the subject.

Reserves for Replacements – An expense of \$0.15 per square foot or \$193 annually has been allocated as a reserve for capital item replacements.

The expenses total \$3,220 or 23.5% of the effective gross income. Given the expenses are based upon actual expenses, the expenses are considered to be reasonable and will be used in this analysis.

The income and expenses will be summarized on the reconstructed operating statement that follows.

CAPITALIZATION ANALYSIS

The sales within the sales comparison approach indicated cap rates of 5.92% and 6.94% for sales two and three, but were based upon estimated income and expenses at the time of sale. The income and expenses were not estimated for sales one and four. Based upon the overall cap rates for other office/retail properties in the area, these rates appear to be on the low end of the range. Most office and retail properties that are older properties with single or dual tenant occupancy reflect overall rates in the range of 8% to 8.5%. These rates are in line with investor surveys for similar properties as well. Considering this, an overall rate range from 8% to 8.5%

INCOME APPROACH (Cont'd.)

will be used. The two cap rates are shown on the following reconstructed operating statement along with their value indications.

Reconciliation – Both cap rates are fairly similar and would tend to support each other as being reasonable. As such about equal weight will be given to each to indicate a rounded value via the income approach of \$125,000.

**INDICATED VALUE, INCOME APPROACH,

RECONCILIATION OF APPROACHES

The three valuation approaches reveal the following values:

COST APPROACH:	N/A
SALES COMPARISON APPROACH:	\$110,000
INCOME APPROACH:	\$125,000

If the appraiser had available sufficient factual data and correctly made the analysis, all approaches to value would be the same. This is seldom the case with the necessity for reconciliation of value. Both approaches indicated fairly similar values and offer good support to each other. As such, I will give about equal weight to each resulting in a final value opinion of **\$120,000**.

ASSUMPTIONS AND LIMITING CONDITIONS

1. No responsibility is assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated in this report.
2. The property is appraised free and clear of any or all liens and encumbrances unless otherwise stated in this report.
3. Responsible ownership and competent property management are assumed unless otherwise stated in this report.
4. The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.
5. All engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.
6. It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.
7. It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless otherwise stated in this report.
8. It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in this appraisal report.
9. It is assumed that all required licenses, certificates of occupancy or other legislative or administrative authority from any local, state, or national governmental or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.
10. Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied unless otherwise stated in this report. No survey has been made for the purpose of this report.
11. It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property described and that there is no encroachment or trespass unless otherwise stated in this report.
12. The appraiser is not qualified to detect hazardous waste and/or toxic materials. Any comment by the appraiser that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous waste and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The appraiser's value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value unless otherwise stated in this report. No responsibility is assumed for any environmental conditions, or for any expertise or engineering knowledge required to discover them. The appraiser's descriptions and resulting comments are the result of the routine observations made during the appraisal process.

ASSUMPTIONS AND LIMITING CONDITIONS (Cont'd.)

13. Unless otherwise stated in this report, the subject property is appraised without a specific compliance survey having been conducted to determine if the property is or is not in conformance with the requirements of the Americans with Disabilities Act. The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability, or utility.
14. Any proposed improvements are assumed to be completed in a good workmanlike manner in accordance with the submitted plans and specifications.
15. The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations of land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.
16. Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event only with proper written qualification and only in its entirety.
17. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news sales, or other media without prior written consent and approval of the appraiser.

Extraordinary Assumption:

An extraordinary assumption is an assumption, directly related to a specific assignment, as of the effective date of the assignment results, which, if found to be false, could alter the appraiser's opinions or conclusions.⁹

This appraisal is based upon the extraordinary assumption the billboard sign is not included in the property. It is also based upon the extraordinary assumption the lot size and age of the improvements is correct as noted on the Escambia County Property Appraiser's website and that there are no adverse easements or encroachments.

Hypothetical Conditions:

A hypothetical condition is a condition, directly related to a specific assignment, which is contrary to what is known by the appraiser to exist on the effective date of the assignment results, but is used for the purpose of analysis.¹⁰

This appraisal considers no hypothetical conditions.

- c. Adverse impacts to any adjoining residential uses are minimized by placing the more intensive elements of the use, such as solid waste dumpsters and truck loading/unloading areas, furthest from the residential uses.

(5) Documented compatibility. A compatibility analysis prepared by the applicant provides competent substantial evidence of unique circumstances regarding the parcel or use that were not anticipated by the alternative criteria, and the proposed use will be able to achieve long-term compatibility with existing and potential uses. Additionally, the following conditions exist:

- a. The parcel has not been rezoned by the landowner from the mixed-use, commercial, or industrial zoning assigned by the county.
- b. If the parcel is within a county redevelopment district, the use will be consistent with the district's adopted redevelopment plan, as reviewed and recommended by the Community Redevelopment Agency (CRA).

(f) Rezoning to HDMU. High Density Mixed-use zoning may be established only within the Mixed-Use Suburban (MU-S), Mixed-Use Urban (MU-U), or Commercial (C) future land use categories. The district is suitable for areas where the intermixing of uses has been the custom, where future uses are uncertain, and some redevelopment is probable. The district is appropriate to provide transitions between areas zoned or used for medium or high density residential and areas zoned or used for commercial. Rezoning to HDMU is subject to the same location criteria as any new non-residential use proposed within the HDMU district.

(Ord. No. 2015-56, § 3, 12-10-2015; Ord. No. 2016-2 § 1, 1-7-2016; 2016-31 § 1, 8-4-2016; Ord. No. 2017-5, §2, 1-5-2017)

Sec. 3-2.10 Commercial district (Com).

(a) Purpose. The Commercial (Com) district establishes appropriate areas and land use regulations for general commercial activities, especially the retailing of commodities and services. The primary intent of the district is to allow more diverse and intense commercial uses than the neighborhood commercial allowed within the mixed-use districts. To maintain compatibility with surrounding uses, all commercial operations within the Commercial district are limited to the confines of buildings and not allowed to produce undesirable effects on surrounding property. To retain adequate area for commercial activities, new and expanded residential development within the district is limited, consistent with the Commercial (C) future land use category.

(b) Permitted uses. Permitted uses within the Commercial district are limited to the following:

(1) Residential. The following residential uses are allowed throughout the district, but if within the Commercial (C) future land use category they are permitted only if part of a predominantly commercial development:

- a. Group living, excluding dormitories, fraternity and sorority houses, and residential facilities providing substance abuse treatment, post-incarceration reentry, or similar services.
- b. Manufactured (mobile) homes, including new or expanded manufactured home parks or subdivisions.

- c. Single-family dwellings (other than manufactured homes), detached or attached, including townhouses and zero lot line subdivisions.
- d. Two-family and multi-family dwellings.

See also conditional uses in this district.

(2) Retail sales. Retail sales, including Low-THC marijuana dispensing facilities, sales of alcoholic beverages and automotive fuels, but excluding motor vehicle sales and permanent outdoor storage. See also conditional uses in this district.

(3) Retail services. The following retail services, excluding permanent outdoor storage:

- a. Car washes, automatic or manual, full service or self-serve.
- b. Child care facilities.
- c. Hotels, motels and all other public lodging, including boarding and rooming houses.
- d. Personal services, including those of beauty shops, health clubs, pet groomers, dry cleaners and tattoo parlors.
- e. Professional services, including those of realtors, bankers, accountants, engineers, architects, dentists, physicians, and attorneys.
- f. Repair services, including appliance repair, furniture refinishing and upholstery, watch and jewelry repair, small engine and motor services, but excluding major motor vehicle or boat service or repair, and outdoor work.
- g. Restaurants and brewpubs, including on-premises consumption of alcoholic beverages, drive-in and drive-through service, and brewpubs with the distribution of on-premises produced alcoholic beverages for off-site sales. The parcel boundary of any restaurant or brewpub with drive-in or drive-through service shall be at least 200 feet from any LDR or MDR zoning district unless separated by a 50-foot or wider street right-of-way.

See also conditional uses in this district.

(4) Public and civic.

- a. Broadcast stations with satellite dishes and antennas, including towers.
- b. Cemeteries, including family cemeteries.
- c. Community service facilities, including auditoriums, libraries, museums, and neighborhood centers.
- d. Educational facilities, including preschools, K-12, colleges, and vocational schools.
- e. Emergency service facilities, including law enforcement, fire fighting, and medical assistance.
- f. Foster care facilities.
- g. Funeral establishments.
- h. Hospitals.
- i. Offices for government agencies or public utilities.

- j. Places of worship.
- k. Public utility structures, including telecommunications towers, but excluding any industrial uses.
- l. Warehousing or maintenance facilities for government agencies or for public utilities.

See also conditional uses in this district.

(5) Recreation and entertainment.

- a. Campgrounds and recreational vehicle parks on lots five acres or larger.
- b. Indoor recreation or entertainment facilities, including movie theaters, bowling alleys, skating rinks, arcade amusement centers, bingo facilities and shooting ranges, but excluding bars, nightclubs or adult entertainment facilities.
- c. Marinas, private and commercial.
- d. Parks without permanent restrooms or outdoor event lighting.

See also conditional uses in this district.

(6) Industrial and related.

- a. Printing, binding, lithography and publishing.
- b. Wholesale warehousing with gross floor area 10,000 sq.ft. or less per lot.

See also conditional uses in this district.

(7) Agricultural and related.

- a. Agricultural food production primarily for personal consumption by the producer, but no farm animals.
- b. Nurseries and garden centers, including adjoining outdoor storage or display of plants.
- c. Veterinary clinics.

See also conditional uses in this district.

(8) Other uses.

- a. Billboard structures.
- b. Outdoor storage if minor and customarily incidental to the allowed principal use, and if in the rear yard, covered, and screened from off-site view, unless otherwise noted.
- c. Parking garages and lots, commercial.
- d. Self-storage facilities, excluding vehicle rental.

(c) Conditional uses. Through the conditional use process prescribed in Chapter 2, the BOA may conditionally allow the following uses within the Commercial district:

(1) Residential.

- a. Group living not among the permitted uses of the district.
- b. Home occupations with non-resident employees.

(2) Retail sales.

- a. Boat sales, new and used.
- b. Automobile sales, used autos only, excluding parcels fronting on any of the following streets: Sorrento Road/Gulf Beach Highway/Barrancas Avenue (SR 292); Blue Angel Parkway (SR 173); Pine Forest Road, south from Interstate 10 to State Road 173; Navy Boulevard (SR 295 and US 98); and Scenic Highway (SR 10A and US 90). Additionally, the parcel shall be no larger than one acre and provided with a permanent fence, wall, or other structural barrier of sufficient height and mass along all road frontage to prevent encroachment into the right-of way other than through approved site access.
- c. Automobile rental limited to the same restrictions as used automobile sales.
- d. Utility trailer, heavy truck (gross vehicle weight rating more than 8500 lbs), and recreational vehicle sales, rental, or service limited to the same restrictions as used automobile sales.

(3) Retail services. Service and repair of motor vehicles, small scale (gross floor area 6000 sq. ft. or less per lot), excluding painting and body work and outdoor work and storage.

(4) Public and civic.

- a. Cemeteries, including family cemeteries.
- b. Clubs, civic and fraternal.
- c. Cinerators.
- d. Homeless shelters.

(5) Recreation and entertainment.

- a. Bars and nightclubs.
- b. Golf courses, tennis centers, swimming pools and similar active outdoor recreational facilities, including associated country clubs.
- c. Parks with permanent restrooms or outdoor event lighting.

(6) Industrial and related.

- (a) Borrow pits and reclamation activities 20 acres minimum and (subject to local permit and development review requirements per Escambia County Code of Ordinances, Part I, Chapter 42, article VIII, and land use and regulations in Part III, the Land Development Code, chapter 4. *Borrow pits are prohibited on land zoned GMD prior to the adoption of the Commercial (Com) zoning.
- (b) Microbreweries, microdistilleries, microwineries.

(7) Agricultural and related. Horses or other domesticated *equines* kept on site, and stables for such animals, only as a private residential accessory with a minimum lot area of two acres and a maximum of one animal per acre.

(8) Other uses.

- a. Outdoor sales not among the permitted uses of the district.
- b. Outdoor storage not among the permitted uses of the district, including outdoor storage of trailered boats and operable recreational vehicles, but no repair, overhaul, or salvage activities. All such storage shall be screened from residential uses and maintained to avoid nuisance conditions.
- c. Self-storage facilities, including vehicle rental as an accessory use.
- d. Structures of permitted uses exceeding the district structure height limit.

(d) Site and building requirements. The following site and building requirements apply to uses within the Commercial district:

(1) Density. A maximum density of 25 dwelling units per acre throughout the district. Lodging unit density not limited by zoning.

(2) Floor area ratio. A maximum floor area ratio of 1.0 within the Commercial (C) future land use category and 2.0 within Mixed-Use Urban (MU-U).

(3) Structure height. A maximum structure height of 150 feet above adjacent grade.

(4) Lot area. No minimum lot area unless prescribed by use.

(5) Lot width. Except for cul-de-sac lots which shall provide a minimum lot width of 20 feet at the street right-of-way, the following minimum lot widths are required:

- a. **Single-family detached.** Forty feet at the street right-of-way for single-family detached dwellings.
- b. **Two-family.** Eighty feet at the street right-of-way for two-family dwellings.
- c. **Multi-family and other.** Eighty feet at the street right-of-way for multi-family dwellings, boarding or rooming houses, or townhouse groups. No minimum lot width required by zoning for other uses.

(6) Lot coverage. Minimum pervious lot coverage of 15 percent (85 percent maximum semi-impervious and impervious cover) for all uses.

(7) Structure setback. For all principal structures, minimum setbacks are:

- a. **Front and rear.** Fifteen feet in both front and rear.
- b. **Sides.** Ten feet on each side, including any group of attached townhouses. For structures exceeding 35 feet above highest adjacent grade, an additional two feet for each additional 10 feet in height.
- c. **Corner lots.** Will have one front setback and one side setback.

(8) Other requirements. Refer to chapters 4 and 5 for additional development regulations and standards.

(e) Location criteria. All new non-residential uses proposed within the Commercial district that are not part of a planned unit development or not identified as exempt by the district shall be on parcels that satisfy at least one of the following location criteria:

(1) Proximity to intersection. Along an arterial or collector street and within one-quarter mile of its intersection with an arterial street.

(2) Proximity to traffic generator. Along an arterial or collector street and within a one-quarter mile radius of an individual traffic generator of more than 600 daily trips, such as an apartment complex, military base, college campus, hospital, shopping mall or similar generator.

(3) Infill development. Along an arterial or collector street, in an area where already established non-residential uses are otherwise consistent with the Commercial district, and where the new use would constitute infill development of similar intensity as the conforming development on surrounding parcels. Additionally, the location would promote compact development and not contribute to or promote strip commercial development.

(4) Site design. Along an arterial or collector street, no more than one-half mile from its intersection with an arterial or collector street, not abutting a single-family residential zoning district (RR, LDR or MDR), and all of the following site design conditions:

a. Any intrusion into a recorded subdivision is limited to a corner lot.

b. A system of service roads or shared access is provided to the maximum extent made feasible by lot area, shape, ownership patterns, and site and street characteristics.

c. Adverse impacts to any adjoining residential uses are minimized by placing the more intensive elements of the use, such as solid waste dumpsters and truck loading/unloading areas, furthest from the residential uses.

(5) Documented compatibility. A compatibility analysis prepared by the applicant provides competent substantial evidence of unique circumstances regarding the potential uses of parcel that were not anticipated by the alternative criteria, and the proposed use, or rezoning as applicable, will be able to achieve long-term compatibility with existing and potential uses. Additionally, the following conditions exist:

a. The parcel has not been rezoned by the landowner from the mixed-use, commercial, or industrial zoning assigned by the county.

b. If the parcel is within a county redevelopment district, the use will be consistent with the district's adopted redevelopment plan, as reviewed and recommended by the Community Redevelopment Agency (CRA).

(f) Rezoning to Commercial. Commercial zoning may be established only within the Mixed-Use Suburban (MU-S), Mixed-Use Urban (MU-U) or Commercial (C) future land use categories. The district is appropriate to provide transitions between areas zoned or used as high density mixed-use and areas zoned or used as heavy

City Council

10/12/2017

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

DISPOSITION OF SURPLUS PROPERTY - 900 BLOCK WEST BELMONT (FORMERLY IDENTIFIED AS 400 BLOCK WEST BELMONT)

RECOMMENDATION:

That City Council approve the sale of 900 Block West Belmont Street (formerly identified as 400 Block West Belmont), Parcel Identification Number 000S009060030022, Account Number 150263000 to the only responsive bidder, Philip Krupp, in the amount of \$16,000. Further that City Council authorize the Mayor to negotiate and execute all necessary documents related to the sale of the property. Finally, that 50 percent of the proceeds, after costs associated with the final transaction, are allocated to the Housing Initiatives Fund.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The unimproved property previously addressed as 400 Block West Belmont Street was approved by City Council as surplus property on January 12, 2017. The property record for the parcel was updated by the Escambia County Property Appraiser to reflect its location at 900 Block of West Belmont and the parcel number, 000S009060030022, remained the same. The site is approximately 0.0740 acres and is zoned R-1A.

To facilitate the sale of the property, an RFP was issued and SVNCRE GROUP, LLC, a Florida limited liability corporation, DBA Southland Commercial Real Estate ("SVN") was selected to market the parcel.

In accordance with the Policy for Disposition of City-Owned Real Property, property owners within a 300 foot radius of the parcel received public notice of advertisement for bids for sale of surplus property by mail on May 11, 2017 and an appraisal of the property was conducted. The estimated market value of the subject property as appraised by Fruitticher-Lowery on September 13, 2017 is between \$13,600 and \$21,100. Given approximately equal weight to the comparable sales, the appraiser reconciled the final estimate of market value at \$17,000.

One bid was received by SVN in the amount of \$16,000 from Philip Krupp. Under the terms of the bid, the buyer will pay recording fees and closing costs for title transfer.

PRIOR ACTION:

January 12, 2017 - City Council declared the City owned unimproved real property located at 400 Block West Belmont as surplus and authorized the Mayor to engage the services of a real estate professional from the City's list of qualified real estate professionals to market and sell the parcel.

FUNDING:

N/A

FINANCIAL IMPACT:

All costs associated with the final transaction will come from sale proceeds with 50 percent of the remaining balance allocated to the Housing Initiatives Fund.

The undersigned has recited the following recent sales of properties most similar and proximate to subject and has considered these in the market analysis. The description includes a dollar adjustment reflecting market reaction to those items of significant variation between the subject and comparable properties. If a significant item in the comparable property is superior to or more favorable than the subject property, a minus (-) adjustment is made, thus reducing the indicated value of subject; if a significant item in the comparable is inferior to or less favorable than the subject property, a plus (+) adjustment is made thus increasing the indicated value of the subject.

Comments on Market Data All of the comparables are sales of competing vacant lots in the subject neighborhood that had similar utility and no wetlands. Comp. #1 is a slightly smaller homesite located diagonally across the street from the subject property. Sale #2 is a larger lot located approximately 3 blocks south of the subject parcel. Sale #3 is a larger parcel of land that was subdivided into two building homesites.

Comments and Conditions of Appraisal This appraisal was performed in accordance with USPAP and was not based on a minimum loan amount. The Intended Use is to evaluate the property that is the subject of this appraisal to determine its current market value, subject to the Scope of Work, purpose of the appraisal, reporting requirement of this appraisal report form, and Definition of Market Value. No additional Intended Users are identified by the appraiser.

Final Reconciliation The sales comparison approach is considered the only applicable approach in appraising residential vacant land. After adjustments, the attached sales indicate a market value range between \$13,600 and \$21,100. Given approximately equal weight to the comparable sales, the appraisers have reconciled the final estimate of market value at \$17,000 or \$5.27 per square foot.

I (WE) ESTIMATE THE MARKET VALUE, AS DEFINED, OF THE SUBJECT PROPERTY AS OF 09/13/2017 TO BE \$ 17,000

Assumptions and Limiting Conditions

File # TP17084Z-5/RL

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal assignment, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
2. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
3. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
4. The appraiser has noted in this appraisal report any adverse conditions (such as the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent deficiencies or adverse conditions of the property (such as, but not limited to, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
5. If the appraiser has based his or her appraisal report and valuation conclusion for an appraisal subject to certain conditions, it is assumed that the conditions will be met in a satisfactory manner.

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
2. I performed a complete visual inspection of the subject property. I reported the site characteristics in factual, specific terms.
3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment.
5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
8. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
9. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
10. I have knowledge and experience in appraising this type of property in this market area.
11. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
12. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
13. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
14. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
15. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
16. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
17. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
18. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
19. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

20. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).

21. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.

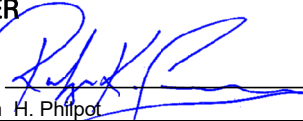

22. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature", as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

23. Unless otherwise indicated, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature", as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

112 effective date and certified to **Buyer** or **Buyer's** closing agent together with copies of all documents
113 recited in the prior policy and in the update. If such an abstract or prior policy is not available to **Seller**,
114 then (1) above will be the title evidence.

115 * (b) **Title Examination:** After receipt of the title evidence, **Buyer** will, within 10 days (10 days if left blank)
116 but no later than Closing Date, deliver written notice to **Seller** of title defects. Title will be deemed acceptable
117 to **Buyer** if (i) **Buyer** fails to deliver proper notice of defects or (ii) **Buyer** delivers proper written notice and
118 * **Seller** cures the defects within _____ days (30 days if left blank) ("Cure Period") after receipt of the notice. If
119 the defects are cured within the Cure Period, closing will occur within 10 days after receipt by **Buyer** of notice
120 of such cure. **Seller** may elect not to cure defects if **Seller** reasonably believes any defect cannot be cured
121 within the Cure Period. If the defects are not cured within the Cure Period, **Buyer** will have 10 days after
122 receipt of notice of **Seller's** inability to cure the defects to elect whether to terminate this contract or accept
123 title subject to existing defects and close the transaction without reduction in purchase price.

124 (c) **Survey:** **Buyer** may, at **Buyer's** expense, have the Property surveyed and must deliver written notice to
125 **Seller**, within 5 days after receiving survey but not later than 5 days before Closing Date, of any
126 encroachments on the Property, encroachments by the Property's improvements on other lands, or deed
127 restriction or zoning violations. Any such encroachment or violation will be treated in the same manner as a
128 title defect and **Seller's** and **Buyer's** obligations will be determined in accordance with Paragraph 7(b).
129

(d) **Ingress and Egress:** **Seller** warrants that the Property presently has ingress and egress.

130 8. **Property Condition:** **Seller** will deliver the Property to **Buyer** at closing in its present "as is" condition, with
131 conditions resulting from **Buyer's** Inspections and casualty damage, if any, excepted. **Seller** will not engage in or
132 permit any activity that would materially alter the Property's condition without the **Buyer's** prior written consent.

133 (a) **Inspections: (Check (1) or (2))**

134 * (1) **Feasibility Study:** **Buyer** will, at **Buyer's** expense and within _____ days (30 days if left blank)
135 ("Feasibility Study Period") after Effective Date and in **Buyer's** sole and absolute discretion, determine
136 whether the Property is suitable for **Buyer's** intended use. During the Feasibility Study Period, **Buyer**
137 may conduct a Phase 1 environmental assessment and any other tests, analyses, surveys, and
138 investigations ("Inspections") that **Buyer** deems necessary to determine to **Buyer's** satisfaction the
139 Property's engineering, architectural, and environmental properties; zoning and zoning restrictions;
140 subdivision statutes; soil and grade; availability of access to public roads, water, and other utilities;
141 consistency with local, state, and regional growth management plans; availability of permits, government
142 approvals, and licenses; and other inspections that **Buyer** deems appropriate. If the Property must be
143 rezoned, **Buyer** will obtain the rezoning from the appropriate government agencies. **Seller** will sign all
144 documents **Buyer** is required to file in connection with development or rezoning approvals. **Seller** gives
145 **Buyer**, its agents, contractors, and assigns, the right to enter the Property at any time during the
146 Feasibility Study Period for the purpose of conducting Inspections, provided, however, that **Buyer**, its
147 agents, contractors, and assigns enter the Property and conduct Inspections at their own risk. **Buyer** will
148 indemnify and hold **Seller** harmless from losses, damages, costs, claims, and expenses of any nature,
149 including attorneys' fees, expenses, and liability incurred in application for rezoning or related
150 proceedings, and from liability to any person, arising from the conduct of any and all Inspections or any
151 work authorized by **Buyer**. **Buyer** will not engage in any activity that could result in a construction lien
152 being filed against the Property without **Seller's** prior written consent. If this transaction does not close,
153 **Buyer** will, at **Buyer's** expense, (i) repair all damages to the Property resulting from the Inspections and
154 return the Property to the condition it was in before conducting the Inspections and (ii) release to **Seller**
155 all reports and other work generated as a result of the Inspections.

156 Before expiration of the Feasibility Study Period, **Buyer** must deliver written notice to **Seller** of **Buyer's**
157 determination of whether or not the Property is acceptable. **Buyer's** failure to comply with this notice
158 requirement will constitute acceptance of the Property as suitable for **Buyer's** intended use in its "as is"
159 condition. If the Property is unacceptable to **Buyer** and written notice of this fact is timely delivered to
160 **Seller**, this contract will be deemed terminated, and **Buyer's** deposit(s) will be returned.

161 * (2) **No Feasibility Study:** **Buyer** is satisfied that the Property is suitable for **Buyer's** purposes, including
162 being satisfied that either public sewerage and water are available to the Property or the Property will be
163 approved for the installation of a well and/or private sewerage disposal system and that existing zoning

- 164 and other pertinent regulations and restrictions, such as subdivision or deed restrictions, concurrency,
- 165 growth management, and environmental conditions, are acceptable to **Buyer**. This contract is not
- 166 contingent on **Buyer** conducting any further investigations.
- 167 **(b) Government Regulations:** Changes in government regulations and levels of service which affect **Buyer's**
- 168 intended use of the Property will not be grounds for terminating this contract if the Feasibility Study Period has
- 169 expired or if Paragraph 8(a)(2) is selected.
- 170 **(c) Flood Zone:** **Buyer** is advised to verify by survey, with the lender, and with appropriate government
- 171 agencies which flood zone the Property is in, whether flood insurance is required, and what restrictions apply
- 172 to improving the Property and rebuilding in the event of casualty.
- 173 **(d) Coastal Construction Control Line ("CCCL"):** If any part of the Property lies seaward of the CCCL as
- 174 defined in Section 161.053, Florida Statutes, **Seller** will provide **Buyer** with an affidavit or survey as required
- 175 by law delineating the line's location on the Property, unless **Buyer** waives this requirement in writing. The
- 176 Property being purchased may be subject to coastal erosion and to federal, state, or local regulations that
- 177 govern coastal property, including delineation of the CCCL, rigid coastal protection structures, beach
- 178 nourishment, and the protection of marine turtles. Additional information can be obtained from the Florida
- 179 Department of Environmental Protection, including whether there are significant erosion conditions associated
- 180 with the shore line of the Property being purchased.
- 181 **Buyer** waives the right to receive a CCCL affidavit or survey.

182 **9. Closing Procedure; Costs:** Closing will take place in the county where the Property is located and may be

183 conducted by mail or electronic means. If title insurance insures **Buyer** for title defects arising between the title

184 binder effective date and recording of **Buyer's** deed, closing agent will disburse at closing the net sale proceeds

185 to **Seller** (in local cashier's check if **Seller** requests in writing at least 5 days before closing) and brokerage fees to

186 Broker as per Paragraph 19. In addition to other expenses provided in this contract, **Seller** and **Buyer** will pay the

187 costs indicated below.

- 188 **(a) Seller Costs:**
- 189 Taxes on deed
- 190 Recording fees for documents needed to cure title
- 191 Title evidence (if applicable under Paragraph 7)
- 192 Other: _____

- 193 **(b) Buyer Costs:**
- 194 Taxes and recording fees on notes and mortgages
- 195 Recording fees on the deed and financing statements
- 196 Loan expenses
- 197 Title evidence (if applicable under Paragraph 7)
- 198 Lender's title policy at the simultaneous issue rate
- 199 Inspections
- 200 Survey
- 201 Insurance
- 202 Other: _____

203 **(c) Prorations:** The following items will be made current and prorated as of the day before Closing Date: real

204 estate taxes (including special benefit tax liens imposed by a CDD), interest, bonds, assessments, leases,

205 and other Property expenses and revenues. If taxes and assessments for the current year cannot be

206 determined, the previous year's rates will be used with adjustment for any exemptions.

207 **(d) Special Assessment by Public Body:** Regarding special assessments imposed by a public body, **Seller**

208 will pay (i) the full amount of liens that are certified, confirmed, and ratified before closing and (ii) the amount

209 of the last estimate of the assessment if an improvement is substantially completed as of Effective Date but

210 has not resulted in a lien before closing; and **Buyer** will pay all other amounts. If special assessments may be

211 paid in installments, **Seller** **Buyer** (**Buyer** if left blank) will pay installments due after closing. If **Seller** is

212 checked, **Seller** will pay the assessment in full before or at the time of closing. Public body does not include a

213 Homeowners' or Condominium Association.

214 **(e) PROPERTY TAX DISCLOSURE SUMMARY: BUYER SHOULD NOT RELY ON THE SELLER'S CURRENT**

215 **PROPERTY TAXES AS THE AMOUNT OF PROPERTY TAXES THAT BUYER MAY BE OBLIGATED TO**

216 **PAY IN THE YEAR SUBSEQUENT TO PURCHASE. A CHANGE OF OWNERSHIP OR PROPERTY**

217 **IMPROVEMENTS TRIGGERS REASSESSMENTS OF THE PROPERTY THAT COULD RESULT IN**

218 **HIGHER PROPERTY TAXES. IF YOU HAVE ANY QUESTIONS CONCERNING VALUATION, CONTACT**

219 **THE COUNTY PROPERTY APPRAISER'S OFFICE FOR FURTHER INFORMATION.**

- 220 (f) **Foreign Investment in Real Property Tax Act ("FIRPTA"):** If Seller is a "foreign person" as defined by
 221 FIRPTA, Seller and Buyer will comply with FIRPTA, which may require Seller to provide additional cash at
 222 closing.
- 223 (g) **1031 Exchange:** If either Seller or Buyer wish to enter into a like-kind exchange (either simultaneously with
 224 closing or after) under Section 1031 of the Internal Revenue Code ("Exchange"), the other party will
 225 cooperate in all reasonable respects to effectuate the Exchange including executing documents, provided,
 226 however, that the cooperating party will incur no liability or cost related to the Exchange and that the closing
 227 will not be contingent upon, extended, or delayed by the Exchange.
- 228 **10. Computation of Time:** Calendar days will be used when computing time periods, except time periods of 5 days
 229 or less. Time periods of 5 days or less will be computed without including Saturday, Sunday, or national legal
 230 holidays specified in 5 U.S.C. 6103(a). Any time period ending on a Saturday, Sunday, or national legal holiday
 231 will extend until 5:00 p.m. (where the Property is located) of the next business day. **Time is of the essence in**
 232 **this contract.**
- 233 **11. Risk of Loss; Eminent Domain:** If any portion of the Property is materially damaged by casualty before closing
 234 or Seller negotiates with a governmental authority to transfer all or part of the Property in lieu of eminent domain
 235 proceedings or an eminent domain proceeding is initiated, Seller will promptly inform Buyer. Either party may
 236 terminate this contract by written notice to the other within 10 days after Buyer's receipt of Seller's notification,
 237 and Buyer's deposit(s) will be returned, failing which Buyer will close in accordance with this contract and
 238 receive all payments made by the governmental authority or insurance company, if any.
- 239 **12. Force Majeure:** Seller or Buyer will not be required to perform any obligation under this contract or be liable to
 240 each other for damages so long as the performance or non-performance of the obligation is delayed, caused, or
 241 prevented by an act of God or force majeure. An "act of God or "force majeure" is defined as hurricanes,
 242 earthquakes, floods, fire, unusual transportation delays, wars, insurrections, and any other cause not reasonably
 243 within the control of Seller or Buyer and which by the exercise of due diligence the non-performing party is
 244 unable in whole or in part to prevent or overcome. All time periods, including Closing Date, will be extended for
 245 the period that the act of God or force majeure is in place. However, in the event that such act of God or force
 246 majeure event continues beyond 30 days, either party may terminate this contract by delivering written notice to
 247 the other; and Buyer's deposit(s) will be returned.
- 248 **13. Notices:** All notices will be in writing and delivered to the parties and Broker by mail, personal delivery, or
 249 electronic means. **Buyer's failure to timely deliver written notice to Seller, when such notice is required by**
 250 **this contract, regarding any contingency will render that contingency null and void, and this contract will**
 251 **be construed as if the contingency did not exist. Any notice, document, or item delivered to or received**
 252 **by an attorney or licensee (including a transactions broker) representing a party will be as effective as if**
 253 **delivered to or received by that party.**
- 254 **14. Complete Agreement; Persons Bound:** This contract is the entire agreement between Seller and Buyer.
 255 **Except for brokerage agreements, no prior or present agreements will bind Seller, Buyer, or Broker**
 256 **unless incorporated into this contract.** Modifications of this contract will not be binding unless in writing, signed
 257 or initialed, and delivered by the party to be bound. Electronic signatures will be acceptable and binding. This
 258 contract, signatures, initials, documents referenced in this contract, counterparts, and written modifications
 259 communicated electronically or on paper will be acceptable for all purposes, including delivery, and will be
 260 binding. Handwritten or typewritten terms inserted in or attached to this contract prevail over preprinted terms. If
 261 any provision of this contract is or becomes invalid or unenforceable, all remaining provisions will continue to be
 262 fully effective. Seller and Buyer will use diligence and good faith in performing all obligations under this contract.
 263 This contract will not be recorded in any public record. The terms "Seller," "Buyer," and "Broker" may be singular
 264 or plural. This contract is binding on the heirs, administrators, executors, personal representatives, and assigns, if
 265 permitted, of Seller, Buyer, and Broker.
- 266 **15. Default and Dispute Resolution:** This contract will be construed under Florida law. This Paragraph will survive
 267 closing or termination of this contract.
- 268 (a) **Seller Default:** If Seller fails, neglects, or refuses to perform Seller's obligations under this contract, Buyer
 269 may elect to receive a return of Buyer's deposit(s) without thereby waiving any action for damages resulting
 270 from Seller's breach and may seek to recover such damages or seek specific performance. Seller will also
 271 be liable for the full amount of the brokerage fee.

Buyer  and Seller acknowledge receipt of a copy of this page, which is 5 of 7 pages.

272 (b) **Buyer Default:** If **Buyer** fails, neglects, or refuses to perform **Buyer's** obligations under this contract,
273 including payment of deposit(s), within the time(s) specified, **Seller** may elect to recover and retain the
274 deposit(s), paid and agreed to be paid, for the account of **Seller** as agreed upon liquidated damages,
275 consideration for execution of this contract, and in full settlement of any claims, whereupon **Seller** and **Buyer**
276 will be relieved from all further obligations under this contract; or **Seller**, at **Seller's** option, may proceed in
277 equity to enforce **Seller's** rights under this contract.

278 **16. Attorney's Fees; Costs:** In any litigation permitted by this Contract, the prevailing party shall be entitled to
279 recover from the non-prevailing party costs and fees, including reasonable attorney's fees, incurred in conducting
280 the litigation. This Paragraph 16 shall survive Closing or termination of this Contract.

281 **17. Escrow Agent; Closing Agent:** **Seller** and **Buyer** authorize Escrow Agent and closing agent (collectively
282 "Agent") to receive, deposit, and hold funds and other items in escrow and, subject to Collection, disburse them
283 upon proper authorization and in accordance with Florida law and the terms of this contract, including disbursing
284 brokerage fees. "Collection" or "Collected" means any checks tendered or received have become actually and
285 finally collected and deposited in the account of Agent. The parties agree that Agent will not be liable to any
286 person for misdelivery of escrowed items to **Seller** or **Buyer**, unless the misdelivery is due to Agent's willful
287 breach of this contract or gross negligence. If Agent interpleads the subject matter of the escrow, Agent will pay
288 the filing fees and costs from the deposit and will recover reasonable attorneys' fees and costs to be paid from the
289 escrowed funds or equivalent and charged and awarded as court costs in favor of the prevailing party.

290 **18. Professional Advice; Broker Liability:** Broker advises **Seller** and **Buyer** to verify all facts and representations
291 that are important to them and to consult an appropriate professional for legal advice (for example, interpreting
292 this contract, determining the effect of laws on the Property and this transaction, status of title, foreign investor
293 reporting requirements, the effect of property lying partially or totally seaward of the CCCL, etc.) and for tax,
294 property condition, environmental, and other specialized advice. **Buyer** acknowledges that Broker does not reside
295 in the Property and that all representations (oral, written, or otherwise) by Broker are based on **Seller**
296 representations or public records. **Buyer agrees to rely solely on Seller, professional inspectors, and**
297 **government agencies for verification of the Property condition and facts that materially affect Property**
298 **value. Seller and Buyer** respectively will pay all costs and expenses, including reasonable attorneys' fees at all
299 levels, incurred by Broker and Broker's officers, directors, agents, and employees in connection with or arising
300 from **Seller's** or **Buyer's** misstatement or failure to perform contractual obligations. **Seller and Buyer** hold
301 harmless and release Broker and Broker's officers, directors, agents, and employees from all liability for loss or
302 damage based on (i) **Seller's** or **Buyer's** misstatement or failure to perform contractual obligations; (ii) the use or
303 display of listing data by third parties, including, but not limited to, photographs, images, graphics, video
304 recordings, virtual tours, drawings, written descriptions, and remarks related to the Property; (iii) Broker's
305 performance, at **Seller's** or **Buyer's** request, of any task beyond the scope of services regulated by Chapter 475,
306 Florida Statutes, as amended, including Broker's referral, recommendation, or retention of any vendor; (iv)
307 products or services provided by any vendor; and (v) expenses incurred by any vendor. **Seller and Buyer** each
308 assume full responsibility for selecting and compensating their respective vendors. This Paragraph will not relieve
309 Broker of statutory obligations. For purposes of this Paragraph, Broker will be treated as a party to this contract.
310 This Paragraph will survive closing.

311 **19. Commercial Real Estate Sales Commission Lien Act:** If the Property is commercial real estate as defined by
312 Section 475.701, Florida Statutes, the following disclosure will apply: The Florida Commercial Real Estate Sales
313 Commission Lien Act provides that when a broker has earned a commission by performing licensed services
314 under a brokerage agreement with you, the broker may claim a lien against your net sales proceeds for the
315 broker's commission. The broker's lien rights under the act cannot be waived before the commission is earned.

316 **20. Brokers:** The brokers named below are collectively referred to as "Broker." **Instruction to closing agent:**
317 **Seller and Buyer** direct closing agent to disburse at closing the full amount of the brokerage fees as specified in
318 separate brokerage agreements with the parties and cooperative agreements between the Brokers, except to the
319 extent Broker has retained such fees from the escrowed funds. This Paragraph will not be used to modify any
320 MLS or other offer of compensation made by **Seller** or **Seller's** Broker to **Buyer's** Broker.

City Council

10/12/2017

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

SALE OF SURPLUS PROPERTY TO ADSYNC PROPERTIES - WEST INTENDENCIA

RECOMMENDATION:

That City Council approve the sale of West Intendencia Street, parcel identification number 000S009080014094, account number 153145000 to the second highest and most responsive bidder, Adam Adkinson, ADSYNC Properties, LLC, in the amount of \$19,250. Further that City Council authorize the Mayor to negotiate and execute all necessary documents related to the sale of the property. Finally, that 50 percent of the proceeds, after costs associated with the final transaction, are allocated to the Housing Initiatives Fund.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The unimproved property located at West Intendencia Street was approved by City Council as surplus and City Council authorized the disposition of the property to the highest and most responsive bidder Mr. Charles Liberis, Old City Developers. Mr. Liberis is no longer interested in the parcel, therefore, staff recommends proceeding with the sale of the property to the second highest and most responsive bidder, Mr. Adam Adkinson, ADSYNC Properties. The property is approximately 0.0800 acres and is zoned R-1AA. To facilitate the sale of the property, an RFP was issued and SVNCRE GROUP, LLC, a Florida Limited Liability Corporation, DBA Southland Commercial Real Estate (SVN) was selected to market the parcel and respond to inquiries related to the sale.

In accordance with the Policy for Disposition of City-Owned Real Property, property owners within a 300 foot radius of the parcel received public notice of advertisement for bids for sale of surplus property by mail on May 11, 2017 and an appraisal of the property was conducted. The estimated market value of the subject property as appraised by Fruitticher-Lowery Appraisal Group on July 18, 2017 is \$19,500.

PRIOR ACTION:

January 12, 2017 - City Council declared the City-owned unimproved real property located at West Intendencia Street as surplus and authorized the Mayor to engage the services of a real estate professional from the City's list of qualified real estate professionals to market and sell the parcel.

August 10, 2017 - City Council authorized the disposition of City-owned unimproved real property located at West Intendencia Street and authorized the Mayor to negotiate the sale of the parcel to the highest and most responsive bidder, Mr. Charles Liberis, Old City Developers, in the amount of \$20,000. City Council authorized the Mayor to negotiate and execute all necessary documents related to the sale of the property and authorized 50 percent of the proceeds, after costs associated with the final transaction be allocated to the Housing Initiatives Fund.

FUNDING:

N/A

FINANCIAL IMPACT:

All costs associated with the final transaction will come from sale proceeds with 50 percent of the remaining amount allocated to the Housing Initiatives Fund.

If the defects are cured within the Curative Period, closing will occur within 10 days from receipt by Buyer of notice of such curing. Seller may elect not to cure defects if Seller reasonably believes any defect cannot be cured within the Curative Period. If the defects are not cured within the Curative Period, Buyer will have 10 days from receipt of notice of Seller's inability to cure the defects to elect whether to terminate this Contract or accept title subject to existing defects and close the transaction without reduction in purchase price. The party who pays for the evidence of title will also pay related title service fees including title and abstract charges and title examination.

(c) Survey: (check applicable provisions below)

Seller will, within 3 days from Effective Date, deliver to Buyer copies of prior surveys, plans, specifications, and engineering documents, if any, and the following documents relevant to this transaction: _____ prepared for Seller or in Seller's possession, which show all currently existing structures.

Buyer Seller will, at Buyer's Seller's expense and within the time period allowed to deliver and examine title evidence, obtain a current certified survey of the Property from a registered surveyor. If the survey reveals encroachments on the Property or that the improvements encroach on the lands of another, Buyer will accept the Property with existing encroachments such encroachments will constitute a title defect to be cured within the Curative Period.

(d) Ingress and Egress: Seller warrants that the Property presently has ingress and egress.

(e) Possession: Seller will deliver possession and keys for all locks and alarms to Buyer at closing.

5. CLOSING DATE AND PROCEDURE: This transaction will be closed in Escambia County, Florida on or before the _____ or within 45 days from Effective Date ("Closing Date"), unless otherwise extended herein. Seller Buyer will designate the closing agent. Buyer and Seller will, within 10 days from Effective Date, deliver to Escrow Agent signed instructions which provide for closing procedure. If an institutional lender is providing purchase funds, lender requirements as to place, time of day, and closing procedures will control over any contrary provisions in this Contract.

(a) Costs: Buyer will pay taxes and recording fees on notes, mortgages and financing statements and recording fees for the deed. Seller will pay taxes on the deed and recording fees for documents needed to cure title defects. If Seller is obligated to discharge any encumbrance at or prior to closing and fails to do so, Buyer may use purchase proceeds to satisfy the encumbrances.

(b) Documents: Seller will provide the deed, bill of sale, mechanic's lien affidavit, assignments of leases, updated rent roll, tenant and lender estoppel letters, assignments of permits and licenses, corrective instruments and letters notifying tenants of the change in ownership/rental agent. If any tenant refuses to execute an estoppel letter, Seller will certify that information regarding the tenant's lease is correct. If Seller is a corporation, Seller will deliver a resolution of its Board of Directors authorizing the sale and delivery of the deed and certification by the corporate Secretary certifying the resolution and setting forth facts showing the conveyance conforms with the requirements of local law. Seller will transfer security deposits to Buyer. Buyer will provide the closing statement, mortgages and notes, security agreements and financing statements.

(c) Taxes, Assessments, and Prorations: The following items will be made current and prorated as of Closing Date as of _____; real estate taxes, bond and assessment payments assumed by **Buyer**, interest, rents, association dues, insurance premiums acceptable to **Buyer**, operational expenses and _____. If the amount of taxes and assessments for the current year cannot be ascertained, rates for the previous year will be used with due allowance being made for improvements and exemptions. **Seller** is aware of the following assessments affecting or potentially affecting the Property: _____ **Buyer** will be responsible for all assessments of any kind which become due and owing on or after Effective Date, unless the improvement is substantially completed as of Closing Date, in which case **Seller** will be obligated to pay the entire assessment.

(d) FIRPTA Tax Withholding: The Foreign Investment in Real Property Act ("FIRPTA") requires **Buyer** to withhold at closing a portion of the purchase proceeds for remission to the Internal Revenue Service ("I.R.S.") if **Seller** is a "foreign person" as defined by the Internal Revenue Code. The parties agree to comply with the provision of FIRPTA and to provide, at or prior to closing, appropriate documentation to establish any applicable exemption from the withholding requirement. If withholding is required and **Buyer** does not have cash sufficient at closing to meet the withholding requirement, **Seller** will provide the necessary funds and **Buyer** will provide proof to **Seller** that such funds were properly remitted to the I.R.S.

6. ESCROW: **Buyer** and **Seller** authorize _____ N / A Telephone: _____ Facsimile: _____ Email: _____ Address: _____ to act as escrow agent to receive funds and other items and, subject to clearance, disburse them in accordance with the terms of this Contract. Escrow Agent will deposit all funds received in a non-interest bearing escrow account. If Escrow Agent receives conflicting demands or has a good faith doubt as to Escrow Agent's duties or liabilities under this Contract, he/she may (a) hold the subject matter of the escrow until the parties mutually agree to its disbursement or until issuance of a court order or decision of arbitrator determining the parties' rights regarding the escrow or (b) deposit the subject matter of the escrow with the clerk of the circuit court having jurisdiction over the dispute. Upon notifying the parties of such action, Escrow Agent will be released from all liability except for the duty to account for items previously delivered out of escrow. If a licensed real estate broker, Escrow Agent will comply with applicable provisions of Chapter 475, Florida Statutes. In any suit or arbitration in which Escrow Agent is made a party because of acting as agent hereunder or interpleads the subject matter of the escrow, Escrow Agent will recover reasonable attorneys' fees and costs at all levels, with such fees and costs to be paid from the escrowed funds or equivalent and charged and awarded as court or other costs in favor of the prevailing party. The parties agree that Escrow Agent will not be liable to any person for mis-delivery to **Buyer** or **Seller** of escrowed items, unless the mis-delivery is due to Escrow Agent's willful breach of this Contract or gross negligence.

7. PROPERTY CONDITION: **Seller** will deliver the Property to **Buyer** at the time agreed in its present "as is" condition, ordinary wear and tear excepted, and will maintain the landscaping and grounds in a comparable condition. **Seller** makes no warranties other than marketability of title. By accepting the Property "as is," **Buyer** waives all claims against **Seller** for any defects in the property (Check a or b):

(a) As Is: **Buyer** has inspected the Property or waives any right to inspect and accepts the Property in its "as is" condition.

(b) Due Diligence Period: **Buyer** will, at **Buyer's** expense and within _____ days from Effective Date ("Due Diligence Period"), determine whether the Property is suitable, in **Buyer's** sole and absolute discretion, for **Buyer's** intended use and development of the Property as specified in Paragraph 4. During the due Diligence Period, **Buyer** may conduct any tests, analyses, surveys and investigations ("Inspections") which **Buyer** deems necessary to determine to **Buyer's** satisfaction the Property's engineering, architectural, environmental properties; zoning and zoning restrictions, flood zone designation and restrictions; subdivision regulations; soil and grade; availability of access to public roads, water, and other utilities; consistency with local, state and regional growth management and comprehensive land use plans; availability of permits, government approvals and licenses; compliance with American with Disabilities Act; absence of asbestos, soil and ground water contamination; and other inspections that **Buyer** deems appropriate to determine the suitability of the Property for **Buyer's** intended use and development. **Buyer** shall deliver written notice to **Seller** prior to the expiration of the Due Diligence Period of **Buyer's** determination of whether or not the Property is acceptable. **Buyer's** failure to comply with this notice requirement shall constitute acceptance of the Property in its present "as is" condition. **Seller** grants to **Buyer**, its agents, contractors and assigns, the right to enter the Property at any time during the Due Diligence Period for the purpose of conducting Inspections; provided, however, that **Buyer**, its agents, contractors and assigns enter the Property and conduct Inspections at their own risk.

Buyer shall indemnify and hold **Seller** harmless from losses, damages, costs, claims and expenses of any nature, including attorneys' fees at all levels and from liability to any person, arising from the conduct of any and all inspections or any work authorized by **Buyer**. **Buyer** will not engage in any activity that could result in a mechanic's lien being filed against the Property without **Seller's** prior written consent. In the event this transaction does not close, (1) **Buyer** shall repair all damages to the Property resulting from the Inspections and return the Property to the condition it was in prior to conduct of Inspections, and (2) **Buyer** shall, at **Buyer's** expense, release to **Seller** all reports and other work generated as a result of the Inspections. Should **Buyer** deliver timely notice that the Property is not acceptable, **Seller** agrees that **Buyer's** deposit shall be immediately returned to **Buyer** and the Contract terminated.

(c) Walk-through Inspection: **Buyer** may, on the day prior to closing or any other time mutually agreeable to the parties, conduct a final "walk-through" inspection of the Property to determine compliance with this paragraph and to ensure that all Property is on the premises.

(d) Disclosures:

i. Radon Gas: Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county public health unit.

ii. Energy Efficiency: **Buyer** may have determined the energy efficiency rating of the building, if any is located on the Real Property.

8. OPERATION OF PROPERTY DURING CONTRACT PERIOD: **Seller** will continue to operate the Property and any business conducted on the Property in the manner operated prior to Contract and will take no action that would adversely impact the Property, tenants, lenders or business, if any. Any changes, such as renting vacant space, that materially affect the Property or **Buyer's** intended use of the Property will be permitted only with **Buyer's** consent without **Buyer's** consent.

9. RETURN OF DEPOSIT: Unless otherwise specified in the Contract, in the event any condition of this Contract is not met and **Buyer** has timely given any required notice regarding the condition having not been met, **buyer's** deposit will be returned in accordance with applicable Florida laws and regulations.

10. DEFAULT:

(a) In the event the sale is not closed due to any default or failure on the part of **Seller** other than failure to make the title marketable after diligent effort, **Buyer** may either (1) receive a refund of **Buyer's** deposit(s) or (2) seek specific performance. If **Buyer** elects a deposit refund, **Seller** will be liable to Broker for the full amount of the brokerage fee.

(b) In the event the sale is not closed due to any default or failure on the part of **Buyer**, **Seller** may either (1) retain all deposit(s) paid or agreed to be paid by **Buyer** as agreed upon liquidated damages, consideration for the execution of this Contract, and in full settlement of any claims, upon which this Contract will terminate or (2) seek specific performance. If **Seller** retains the deposit, **Seller** will pay the Listing and Cooperating Brokers named in Paragraph 12 fifty percent of all forfeited deposits retained by **Seller** (to be split equally among the Brokers) up to the full amount of the brokerage fee.

11. ATTORNEY'S FEES AND COSTS: In any claim or controversy arising out of or relating to this Contract, the prevailing party, which for purposes of this provision will include **Buyer**, **Seller** and Broker, will be awarded reasonable attorney's fees, costs and expenses.

12. BROKERS: Neither **Buyer** nor **Seller** has utilized the services of, or for any other reason owes compensation to, a licensed real estate Broker other than:

(a) Selling Broker: _____ who is an agent of **Buyer** **Seller** Transaction Broker
 Neither Party and who will be compensated by **Seller** **Buyer** Both Parties pursuant to a listing agreement Other: specify: _____

(b) Cooperating Broker: Neal & Company, LLC who is an agent of **Buyer** **Seller**
Transaction Broker Neither Party and who will be compensated by **Seller** **Buyer** Both Parties pursuant to
 a listing agreement Other: specify: _____ (Collectively referred to as "Broker")

in connection with any act relating to the Property, including but not limited to inquiries, introductions, consultations, and negotiations resulting in this transaction. **Seller** and **Buyer** agree to indemnify and hold Broker harmless from and against losses, damages, costs and expenses of any kind, including reasonable attorneys' fees at all levels, and from liability to any person arising from (1) compensation claimed which is inconsistent with the representation in this Paragraph (2) enforcement action to collect a brokerage fee pursuant to Paragraph 10 (3) any duty accepted by Broker at the request of **Buyer** or **Seller**, which duty is beyond the scope of services regulated by Chapter 475, F.S., as amended, or (4) recommendations of or services provided and expenses incurred by any third party whom Broker refers, recommends or retains for or on behalf of **Buyer** or **Seller**.

13. ASSIGNABILITY; PERSONS BOUND: This contract is not assignable is assignable. The terms "**Buyer**", "**Seller**" and "Broker" may be singular or plural. This Contract is binding upon **Buyer, Seller** and their heirs, personal representatives, successors and assigns (if assignment is permitted).

14. AT SUCH TIME as this transaction is closed, additional sums may be demanded from the **Buyer** and **Seller** in the form of closing costs. Listed below are the major closing cost items ordinarily found in a transaction and unless otherwise specified in the contract, and checked are those items each party agrees to pay.

	Buyer	Seller		Buyer	Seller		Buyer	Seller

15. MISCELLANEOUS: The terms of this Contract constitute the entire agreement between **Buyer** and **Seller**. Modifications of this Contract will not be binding unless in writing, signed and delivered by the party to be bound. Signatures, initials, documents referenced in this Contract, counterparts and written modifications communicated electronically or on paper will be acceptable for all purposes, including delivery, and will be binding. Handwritten or typewritten terms inserted in or attached to this Contract prevail over preprinted terms. If any provision of this Contract is or becomes invalid or unenforceable, all remaining provisions will continue to be fully effective. This Contract will be construed under Florida law and will not be recorded in any public records. Delivery of any written notice to any party's agent will be deemed delivery to that party.

THIS IS INTENDED TO BE A LEGALLY BINDING CONTRACT. IF NOT FULLY UNDERSTOOD, SEEK THE ADVICE OF AN ATTORNEY PRIOR TO SIGNING. BROKER ADVISES BUYER AND SELLER TO VERIFY ALL FACTS AND REPRESENTATIONS THAT ARE IMPORTANT TO THEM AND TO CONSULT AN APPROPRIATE PROFESSIONAL FOR LEGAL ADVICE (FOR EXAMPLE, INTERPRETING CONTRACTS, DETERMINING THE EFFECT OF LAWS ON THE PROPERTY AND TRANSACTION, STATUS OF TITLE, FOREIGN INVESTOR REPORTING REQUIREMENTS, ETC.) AND FOR TAX, PROPERTY CONDITION, ENVIRONMENTAL AND OTHER SPECIALIZED ADVICE. BUYER ACKNOWLEDGES THAT BROKER DOES NOT OCCUPY THE PROPERTY AND THAT ALL REPRESENTATIONS (ORAL, WRITTEN OR OTHERWISE) BY BROKER ARE BASED ON SELLER REPRESENTATIONS OR PUBLIC RECORDS UNLESS BROKER INDICATES PERSONAL VERIFICATION OF THE REPRESENTATION. BUYER AGREES TO RELY SOLELY ON SELLER, PROFESSIONAL INSPECTORS AND GOVERNMENTAL AGENCIES FOR VERIFICATION OF THE PROPERTY CONDITION, SQUARE FOOTAGE AND FACTS THAT MATERIALLY AFFECT PROPERTY VALUE.

File No. TF17082L-E

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he considers his own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale. (Source: FDIC Interagency Appraisal and Evaluation Guidelines, October 27, 1994.)

* Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgement.

STATEMENT OF LIMITING CONDITIONS AND CERTIFICATION

CONTINGENT AND LIMITING CONDITIONS: The appraiser's certification that appears in the appraisal report is subject to the following conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is valued on the basis of it being under responsible ownership.
2. Any sketch provided in the appraisal report may show approximate dimensions of the improvements and is included only to assist the reader of the report in visualizing the property. The appraiser has made no survey of the property.
3. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
4. Any distribution of valuation between land and improvements in the report applies only under the existing program of utilization. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used.
5. The appraiser has no knowledge of any hidden or unapparent conditions of the property or adverse environmental conditions (including the presence of hazardous waste, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. This appraisal report must not be considered an environmental assessment of the subject property.
6. The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
7. The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and any applicable federal, state or local laws.
8. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that completion of the improvements will be performed in a workmanlike manner.
9. The appraiser must provide his or her prior written consent before the lender/client specified in the appraisal report can distribute the appraisal report (including conclusions about the property value, the appraiser's identity and professional designations, and references to any professional appraisal organizations or the firm with which the appraiser is associated) to anyone other than the borrower; the mortgagee or its successors and assigns; the mortgage insurer; consultants; professional appraisal organizations; any state or federally approved financial institution; or any department, agency, or instrumentality of the United States or any state or the District of Columbia; except that the lender/client may distribute the property description section of the report only to data collection or reporting service(s) without having to obtain the appraiser's prior written consent. The appraiser's written consent and approval must also be obtained before the appraisal can be conveyed by anyone to the public through advertising, public relations, news, sales, or other media.
10. The appraiser is not an employee of the company or individual(s) ordering this report and compensation is not contingent upon the reporting of a predetermined value or direction of value or upon an action or event resulting from the analysis, opinions, conclusions, or the use of this report. This assignment is not based on a required minimum, specific valuation, or the approval of a loan.

CERTIFICATION: The appraiser certifies and agrees that:

1. The statements of fact contained in this report are true and correct.
2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial and unbiased professional analyses, opinions, and conclusions.
3. Unless otherwise indicated, I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
4. Unless otherwise indicated, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
5. I have no bias with respect to the property that is the subject of this report or the parties involved with this assignment.
6. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
7. My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
8. My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice that were in effect at the time this report was prepared.
9. Unless otherwise indicated, I have made a personal inspection of the interior and exterior areas of the property that is the subject of this report, and the exteriors of all properties listed as comparables.
10. Unless otherwise indicated, no one provided significant real property appraisal assistance to the person(s) signing this certification (if there are exceptions, the name of each individual providing significant real property appraisal assistance is stated elsewhere in this report).
11. As of the date of this report, I have completed the continuing education program for Designated Members of the Appraisal Institute
12. As of the date of this report, I have completed the Standards and Ethics Education Requirements for Practicing Affiliates of the Appraisal Institute.

Policy Statement of the Appraisal Institute

1. It is improper to base a conclusion or opinion of value upon the premise that the racial, ethnic or religious homogeneity of the inhabitants of an area or of a property is necessary for maximum value.
2. Racial, religious, and ethnic factors are deemed unreliable predictors of value trends or price variance.
3. It is improper to base a conclusion or opinion of value or a conclusion with respect to neighborhood trends upon stereotyped or biased presumptions relating to the effective age or remaining life of the property being appraised or the life expectancy of the neighborhood in which it is located.

APPRAISAL AND REPORT IDENTIFICATION

This Appraisal Report is one of the following types:

- Appraisal Report This report was prepared in accordance with the requirements of the Appraisal Report option of USPAP Standards Rule 2-2(a).
- Restricted Appraisal Report This report was prepared in accordance with the requirements of the Restricted Appraisal Report option of USPAP Standards Rule 2-2(b). The intended user of this report is limited to the identified client. This is a Restricted Appraisal Report and the rationale for how the appraiser arrived at the opinions and conclusions set forth in the report may not be understood properly without the additional information in the appraiser's workfile.

ADDITIONAL CERTIFICATIONS

I certify that, to the best of my knowledge and belief:

- The statements of fact contained in this report are true and correct.
- The report analyses, opinions, and conclusions are limited only by the reported assumptions and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- I have no (or the specified) present or prospective interest in the property that is the subject of this report and no (or specified) personal interest with respect to the parties involved.
- I have no bias with respect to the property that is the subject of this report or the parties involved with this assignment.
- My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- My analyses, opinions, and conclusions were developed and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice.
- This appraisal report was prepared in accordance with the requirements of Title XI of FIRREA and any implementing regulations.

PRIOR SERVICES

- I have **NOT** performed services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
- I **HAVE** performed services, as an appraiser or in another capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment. Those services are described in the comments below.

PROPERTY INSPECTION

- I have **NOT** made a personal inspection of the property that is the subject of this report.
- I **HAVE** made a personal inspection of the property that is the subject of this report.

APPRAISAL ASSISTANCE

Unless otherwise noted, no one provided significant real property appraisal assistance to the person signing this certification. If anyone did provide significant assistance, they are hereby identified along with a summary of the extent of the assistance provided in the report.

ADDITIONAL COMMENTS

Additional USPAP related issues requiring disclosure and/or any state mandated requirements: **Subject History:** The subject property has been under its current ownership in excess of the previous three years. It was listed for sale by Lisa Bradley of SVN Southland Commercial for \$23,000. She indicated that she received multiple offers that range from \$15,000 to \$20,000. The list price is considered to be a good starting point but the offers are considered to be very reflective of market value. **Comparable Sales History:** Sale 1 had no arm's length sales in the previous 3 years but did have several quit claim deeds that were recorded in 2015 and 2014 but these were not arm's length and only minimal doc stamps were paid. Sale 2 had no other sales in the previous 3 years. Sale 3 previously sold on 2/6/2017 for \$45,500 per OR 7662/1468.

MARKETING TIME AND EXPOSURE TIME FOR THE SUBJECT PROPERTY

- A reasonable marketing time for the subject property is 123 day(s) utilizing market conditions pertinent to the appraisal assignment.
- A reasonable exposure time for the subject property is 123 day(s).

Assumptions, Limiting Conditions & Scope of Work

File No.: TF17082L-E

Property Address: Intendencia St	City: Pensacola	State: FL	Zip Code: 32502
Client: City of Pensacola	Address: 222 West Main Street, Pensacola, FL 32502		
Appraiser: Tom Fruitticher, MAI	Address: 3000 Langley Ave., Suite 402, Pensacola, FL 32504		

STATEMENT OF ASSUMPTIONS & LIMITING CONDITIONS

- The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.
- The appraiser may have provided a sketch in the appraisal report to show approximate dimensions of the improvements, and any such sketch is included only to assist the reader of the report in visualizing the property and understanding the appraiser's determination of its size. Unless otherwise indicated, a Land Survey was not performed.
- If so indicated, the appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in the appraisal report whether the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand.
- If the cost approach is included in this appraisal, the appraiser has estimated the value of the land in the cost approach at its highest and best use, and the improvements at their contributory value. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used. Unless otherwise specifically indicated, the cost approach value is not an insurance value, and should not be used as such.
- The appraiser has noted in the appraisal report any adverse conditions (including, but not limited to, needed repairs, depreciation, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property, or that he or she became aware of during the normal research involved in performing the appraisal. Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property, or adverse environmental conditions (including, but not limited to, the presence of hazardous wastes, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report must not be considered as an environmental assessment of the property.
- The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and any applicable federal, state or local laws.
- If this appraisal is indicated as subject to satisfactory completion, repairs, or alterations, the appraiser has based his or her appraisal report and valuation conclusion on the assumption that completion of the improvements will be performed in a workmanlike manner.
- An appraiser's client is the party (or parties) who engage an appraiser in a specific assignment. Any other party acquiring this report from the client does not become a party to the appraiser-client relationship. Any persons receiving this appraisal report because of disclosure requirements applicable to the appraiser's client do not become intended users of this report unless specifically identified by the client at the time of the assignment.
- The appraiser's written consent and approval must be obtained before this appraisal report can be conveyed by anyone to the public, through advertising, public relations, news, sales, or by means of any other media, or by its inclusion in a private or public database.
- An appraisal of real property is not a 'home inspection' and should not be construed as such. As part of the valuation process, the appraiser performs a non-invasive visual inventory that is not intended to reveal defects or detrimental conditions that are not readily apparent. The presence of such conditions or defects could adversely affect the appraiser's opinion of value. Clients with concerns about such potential negative factors are encouraged to engage the appropriate type of expert to investigate.

The Scope of Work is the type and extent of research and analyses performed in an appraisal assignment that is required to produce credible assignment results, given the nature of the appraisal problem, the specific requirements of the intended user(s) and the intended use of the appraisal report. Reliance upon this report, regardless of how acquired, by any party or for any use, other than those specified in this report by the Appraiser, is prohibited. The Opinion of Value that is the conclusion of this report is credible only within the context of the Scope of Work, Effective Date, the Date of Report, the Intended User(s), the Intended Use, the stated Assumptions and Limiting Conditions, any Hypothetical Conditions and/or Extraordinary Assumptions, and the Type of Value, as defined herein. The appraiser, appraisal firm, and related parties assume no obligation, liability, or accountability, and will not be responsible for any unauthorized use of this report or its conclusions.

Additional Comments (Scope of Work, Extraordinary Assumptions, Hypothetical Conditions, etc.): The subject property was visually inspected and information from County records was reviewed and relied upon. Upon determination of the land's highest and best use, similar land sales were researched and confirmed with one of the parties to the sale for use in the sales comparison analysis. The sales were adjusted for any differences with the subject and reconciled into a final value opinion. As this is the valuation of land, the income and cost approaches to value are being eliminated from consideration. As no reasonable appraiser would utilize these eliminated approaches and no weight would be placed on them if used, their elimination would have no impact on the final value opinion.

DEFINITION OF MARKET VALUE *:

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. Buyer and seller are typically motivated;
2. Both parties are well informed or well advised and acting in what they consider their own best interests;
3. A reasonable time is allowed for exposure in the open market;
4. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

* This definition is from regulations published by federal regulatory agencies pursuant to Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act (FIRREA) of 1989 between July 5, 1990, and August 24, 1990, by the Federal Reserve System (FRS), National Credit Union Administration (NCUA), Federal Deposit Insurance Corporation (FDIC), the Office of Thrift Supervision (OTS), and the Office of Comptroller of the Currency (OCC). This definition is also referenced in regulations jointly published by the OCC, OTS, FRS, and FDIC on June 7, 1994, and in the Interagency Appraisal and Evaluation Guidelines, dated October 27, 1994.

SUBJECT:

RESCHEDULING OF PUBLIC HEARING REGARDING THE SALE OF THE HAWKSHAW PROPERTY

RECOMMENDATION:

That City Council reschedule the public hearing regarding the sale of the Hawkshaw property at 9th Ave and Romana Street, from October 12, 2017 to the November 9, 2017 City Council Meeting.

HEARING REQUIRED: No Hearing Required

SUMMARY:

On September 11, 2017, the Community Redevelopment Agency (CRA) accepted the development proposal submitted by Robert Montgomery LLC as the top ranking proposal in response to the Request for Proposals issued by NAI Halford on behalf of the CRA for purchase and development of the Hawkshaw property at 9th Ave and E. Romana Street and authorized staff to move forward to negotiate a development agreement.

The purchase price offered by Robert Montgomery is \$1,600,000, which is \$65,000 below the property's appraised value. Chapter 163 Part III of the Florida Statutes allows CRAs to sell property for less than fair value, taking into account and giving consideration to the long-term community benefits to be achieved by the CRA. The sale must be approved by City Council following a public hearing.

On September 14, 2017, the City Council scheduled a public hearing regarding the sale of the Hawkshaw property for the October 12, 2017 City Council meeting. Negotiation of the terms of the proposed development agreement were not completed in time to meet the deadlines for the October public hearing. It is therefore requested that the public hearing be rescheduled to the November 9th City Council meeting. Public notice will be published in the Pensacola News Journal ten (10) days in advance of the hearing, as required by law.

PRIOR ACTION:

May 9, 2016 - The CRA approved issuing a Request for Proposals (RFP) for one realtor from the City's list of Qualified Real Estate Professionals to market CRA-owned property.

August 9, 2016 - The CRA approved a contract with NAI/Halford for realtor services for disposition of CRA-owned properties.

December 23, 2016 - CRA staff issued a 30 day public notice of intent to dispose of CRA-owned properties and requested proposals with a January 23, 2017 response deadline.

February 6, 2017 - The CRA directed NAI Halford to release an RFP for the Hawkshaw site and appointed an evaluation committee to evaluate responses and provide a recommendation for selection of a preferred developer.

June 5, 2017 - The CRA approved the Hawkshaw Proposal Evaluation Committee recommendation to reject both responses to the Request for Proposals and directed NAI Halford to continue marketing the site.

June 6, 2017 - NAI Halford reissued the RFP for the Hawkshaw site.

August 10, 2017 - The Proposal Evaluation Committee recommended that the CRA approve the proposal from Robert Montgomery and the top ranking proposal for purchase and development of the Hawkshaw site.

September 11, 2017 - The CRA approved the proposal submitted by Robert Montgomery as the top ranking proposal for purchase and development of the property at 9th Avenue and Romana Street (Hawkshaw) and authorized CRA staff to bring back a development agreement to the CRA.

September 14, 2017 - City Council scheduled a public hearing for the October 12, 2017 City Council meeting.

FUNDING:

Budget: \$ -0-

Actual: \$ 1,600,000 Proceeds from Sale of Property
\$ (64,000) 4% Realtor's Commission

FINANCIAL IMPACT:

As properties are sold, the CRA will benefit from tax revenue generated as a result of returning parcels to the tax roll. The CRA will receive initial revenue for the property it sells and future revenue from increased ad valorem property values. The cost of realtor services will be paid from proceeds of any property sales.

Re: Hawkshaw Development Opportunity

Dear Ms. Davis,

I am excited to present you with the following proposal for the Hawkshaw Property - one of the last pieces of the puzzle in the development of downtown Pensacola. I feel that this proposal incorporates a vibrant architectural response and the best blend of commercial and residential use at a density compatible with the surrounding development and current market. I am happy to say that this proposal is *market ready* for construction to begin within one year.

As you will see from this proposal, I have assembled a team of professionals with extensive experience in mixed-use development, and just as critically *in working together*. Caldwell Associates and Morette Company have completed *dozens* of projects together, recently A.K. Suter Elementary School which the Superintendent stated set the bar against which all future school projects would be measured," creating not just a building for learning, but a *gateway urban anchor* into *East Pensacola Heights*.

Each team member also has a deep understanding of the collaborative process that engages the community, builds consensus, and translates the best ideas into conscientious, thoughtful works of architecture that serve the community. I would suggest that the *selecting right team* will go *at least as far delivering a successful project* to the Hawkshaw property as reacting to exciting conceptual drawings, data, or imagery that you are likely to see with this RFP. I am confident that we can bring you both and we sincerely hope you agree.

We are planning for the corner of Romana and 9th to be the home of a Wine World operation, of which I am a partner. Chan Cox and I have 6 retail wine shops and 7 restaurants, all located from Ft. Walton to Panama City. We propose using approximately 8,500 square feet for a combination of retail and restaurant. We are considering a roof top deck, but our operations do not include *live music or any loud noise*. The operation would employ 35 to 40 people.

An additional 6,500 square feet will be designated commercial for office or retail operations. The remainder of the building would consist of 39 residential units. They vary in size from 1,500 square feet to 2,100 square feet and could be combined if a purchaser wanted something larger. The units would sell for \$600,000 plus, depending on the size. Parking is provided in a surface lot that is completely screened from the major streets by the building, and a portion of the parking is underneath the building itself.

The first phase of construction would begin within one year and consists of the building on 9th Avenue that houses the commercial operations and condominium units. Phase two would be the additional units on Romana Street. Construction would begin within three years, or as the market allows.

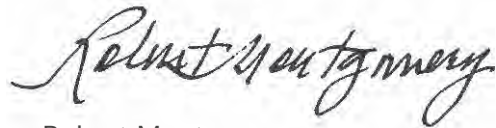

PURCHASE PRICE: The price offered for the site is \$1,600,000. A \$100,000 non-refundable binder would be paid upon signing a contract for purchase. Closing on the land will take place within 90 days of signing contract.

PURCHASER: The initial Purchaser would be Robert Montgomery, LLC. A new entity would be formed prior to closing on the Land Purchase. Additional financial partners would be added with the approval of the City.

REVENUES TO THE CITY OF PENSACOLA AND COMMUNITY REDEVELOPMENT AGENCY: Based on conversations with the County Tax Assessors office, tax on the completely sold out and completed project of approximately \$35,000,000 would be approximately \$665,000 annually.

SPECIAL REQUEST: It is requested that the City maximize street parking around the block with priority given to the east side of 9th Avenue.

Sincerely,

A handwritten signature in black ink that reads "Robert Montgomery". The signature is written in a cursive, flowing style.

PROJECT OUTLINE

PROJECT DESCRIPTION

Our team proposes to develop a 3-story Mixed-Use Commercial/ Multi-Family Residential building on the Hawkshaw Property. The building will be placed on the southwest corner of the site with frontage directly along 9th Avenue and Romana Street. The building will be elevated on a concrete podium to meet anticipated minimum flood elevations and be utilized for both additional parking underneath as well as help to create the "4 story read" along the street requested in the RFP.

The anchor will be an 8,500 s.f. Wine and Craft Bar, including 2,000 s.f. of retail space, at the corner location with generous covered seating areas facing the waterfront view. A 6,500 s.f. office space will comprise a separate tenant space along the 9th Avenue portion of the 1st floor. 39 condominium units at \$600k+ will complete the balance of the building – in 3 stories along Romana Street and 2 stories above the restaurant/ office space along Ninth Avenue, averaging approximately 1,800 s.f. per unit. Off street parking will be provided underneath a portion of the building along Romana Street and in a surface parking lot behind it. Access to the parking lot will be from Colfax Street and 10th Avenue which will enable the streetscape along 9th Avenue and Romana Street to remain pedestrian friendly.

DESIGN APPROACH

The overall design approach was to create a thriving urban corner building - the kind that has populated towns and cities since people started building towns and cities – places where people meet – a destination integral to the neighborhoods they populate. We hope to create this kind of place at Hawkshaw – where the building will be both a backdrop to Admiral Mason Park as well as a complement to the Aragon streetscape across 9th Avenue.

We started with the corner itself, imagining an inviting entry with expansive steps sized not just for moving up and down but as a place to relax, to meet, or to have lunch. The steps connect to a raised public promenade along both sides that offer views to the water and is shaded with an oversized modern canopy. Along both sides we developed facades with modern 'components' attached to traditional massing – an appropriate blend which we felt was a dynamic but appropriate response to this transitional site between Aragon on the west and Gulf Power to the east. The scale of the building was given particular attention by varying the massing to reflect traditional street variations at 25' to 30' intervals, providing a covered gallery along 9th Avenue, utilizing traditional fenestration proportions, and creating a tree lined downtown streetscape. On the Romana Street side, we transition to a more modern language with cantilevered

balconies and fenestrations overlooking small urban gardens lined with green walls, helping to bring elements of Admiral Mason Park into the project.

COMPLIANCE WITH HAWKSHAW DESIGN GUIDELINES

We have reviewed the Hawkshaw Design Guidelines and will deliver a project that reflects the vision outlined in this document. Although the desired density does not match what the current market will support, we have done our best to ensure that the design that we offer will be a dynamic and appropriate architectural response that becomes an asset to the neighborhood and city.

Some of the strategies we have utilized include:

- Buildings that front 9th Avenue and Romana Street
- Parking is screened from view.
- Use of diverse forms to avoid creating a "single project" feel.
- Contemporary and traditional architectural elements.
- 3.5 story buildings facing 9th Avenue and Admiral Mason Park
- Galleries along 9th Avenue
- Urban landscaping facing Admiral Mason Park
- Pedestrian friendly streetscape along 9th Avenue and Romana Street
- Vehicular access from non-pedestrian streets

PROJECT OUTLINE

PHASING

The project has been designed to be completed in two phases, with Phase I being ready for immediate development. The first phase is the 9th Avenue portion of the building with the restaurant, office, and 12 condominium units. Phase II will include the covered parking and 27 condominiums.

CONSTRUCTION AND EXTERIOR MATERIALS

It is anticipated that the soil conditions will require a pile supported foundation. We anticipate utilizing auger cast concrete piles. "Block and plank" construction will be used for the structure which consists of precast concrete planks for the floor system and concrete masonry units (CMU) for the bearing walls.

Exterior finishes will include cement board siding, stucco, aluminum storefront and windows, steel balconies and columns with steel or aluminum handrails, and aluminum canopies. Architectural concrete block will be provided along the street elevation lining the areas below the occupied finished floor.

LANDSCAPE

The landscape concept for this project is to integrate the landscape design with the architecture and the existing urban context – not to treat it as an afterthought or simply serve functional

needs like screening of service elements. The landscape, like the architecture, will be an integral part of creating the 'brand.' We will be creating both traditional streetscapes along the Romana and 9th Avenue sides as well as unique urban gardens that front Admiral Mason Park. We will also provide a comprehensive design that utilizes a mix of both planted in-ground materials with materials set in architectural features such as planters, seating, or other urban elements. Along the eastern edge, we will create a simple passive recreational area that celebrates that natural beauty of the substantial oak trees.

STORMWATER

This parcel's stormwater impact has already been incorporated into the design of the regional pond located at Admiral Mason Park. We will be providing a piped connection to this facility, and we have reviewed our conceptual plans with the City Engineer.

SPACE SUMMARY

- Restaurant: 6,500 nsf
- Retail: 2,000 nsf
- Office: 6,500 nsf

SPECIAL REQUESTS

1. As much as feasible, we would request that parallel parking spaces be provided along all of the existing streets with priority being given to the 9th Avenue and Romana Street locations where convenience parking for customers directly impacts the success of the commercial component of this project.
2. We are aware that Colfax Street is a private street and will request access from the adjacent property owner for ingress and egress. It is our understanding that the owner has publicly stated that the street will be available for public access. This is the ideal location for vehicular access to the project – enabling us to preserve the oak trees on the east side of the property and keep the 9th Avenue and Romana Street sides prioritized for pedestrians.

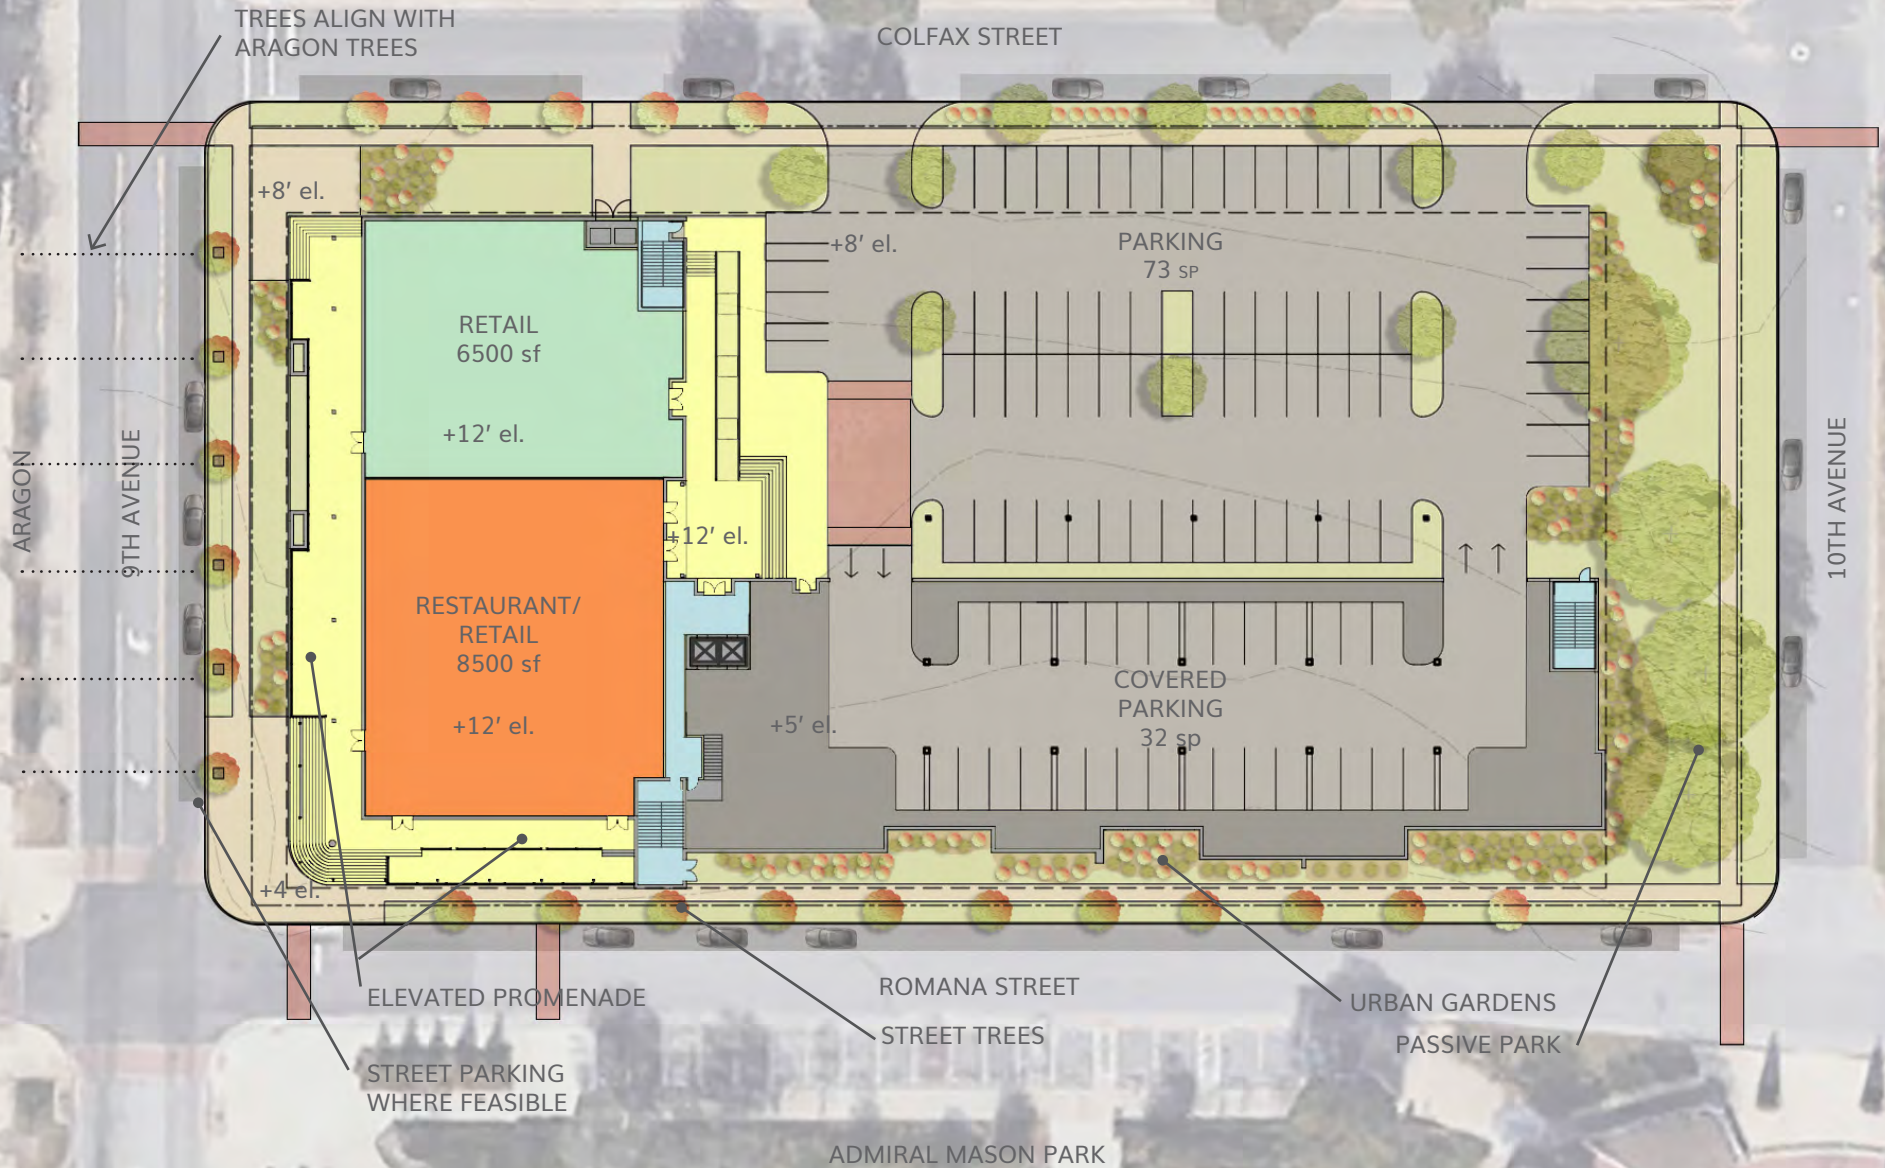

**We do not see any foreseeable variances to applicable regulations that may be requested during the development of the proposed project.

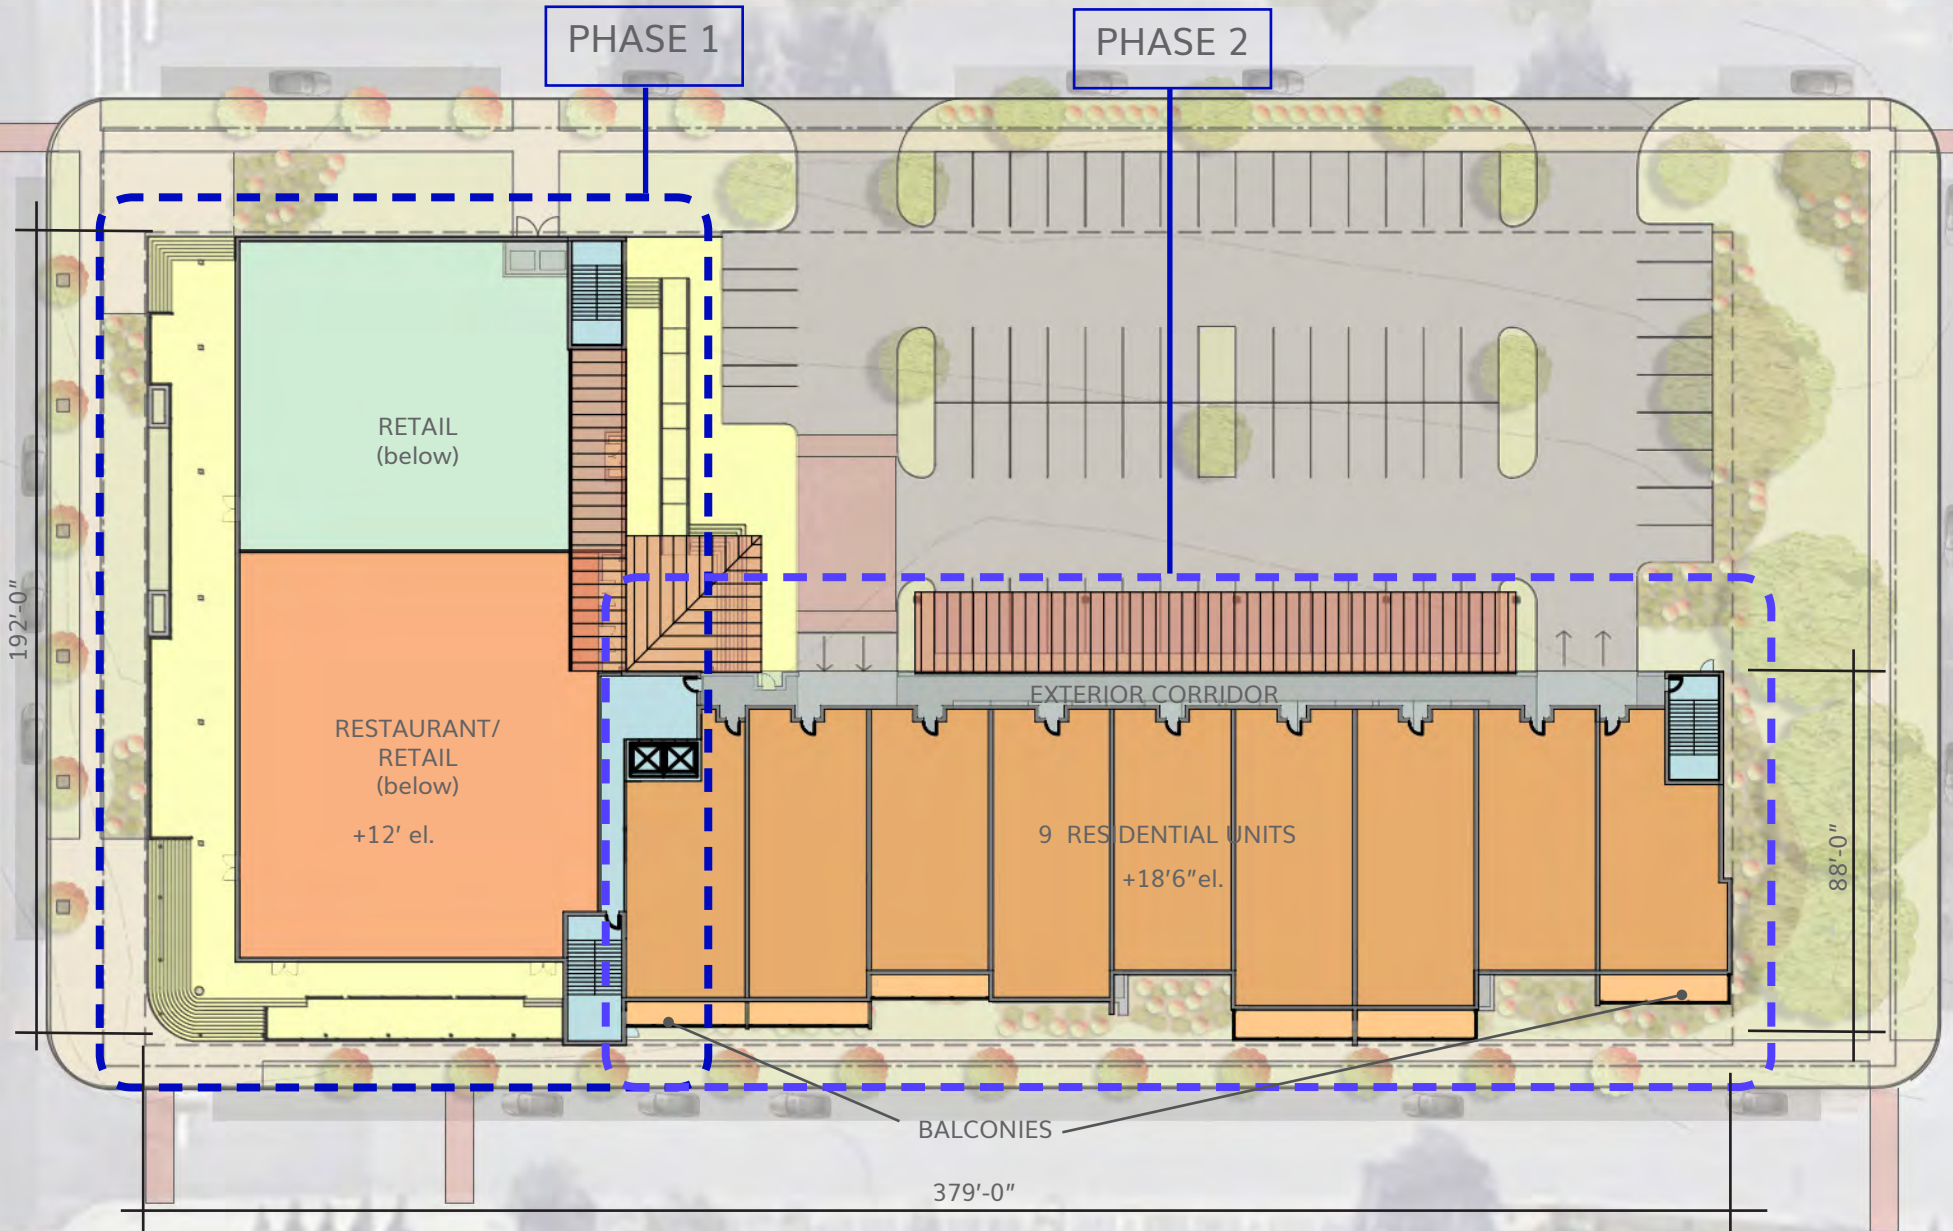

SCHEDULE

The project has been designed to be completed in two phases, with Phase I being ready for immediate development. The first phase is the 9th Avenue portion of the building with the restaurant, office, and 12 condominium units. Phase II will include the covered parking and 27 condominiums.

Re: Proposed Hawkshaw Project

Dear Bob:

We are writing to provide a letter of interest for financing from Summit Bank, N.A. in respect to a transaction with you on the Hawkshaw Project. We appreciate the time and energy you have afforded us in discussing this opportunity, and the information provided thus far.

Your long history in the Pensacola and Gulf Breeze Real Estate community, especially in regards to successful projects and subdivision development, should be commended. We look forward to a continued business relationship with you.

As we continue to spend time evaluating the proposed Hawkshaw Project, we believe that SUMMIT BANK, N.A. will bring unique value and expertise to the financing to the Project.

Transaction Overview and Structure

Based on our preliminary review of the Project information provided and subject to the conditions set forth below, SUMMIT BANK, N.A. is pleased to submit this non-binding letter of interest on the financing of the Project.

We believe that in order for this transaction to be successful our interests must be aligned.

Due Diligence Process

This Transaction is of the high priority for us, and we are prepared to proceed as quickly as possible; it is important that you make that same commitment to us before we expend additional time and resources pursuing this opportunity. SUMMIT BANK, N.A. has developed an understanding of the Project through our initial due diligence, including several conversations with you as well as a preliminary data review. We envision our remaining due diligence would include, but would not be limited to, collecting complete financial information of all the parties involved, appraisals and feasibility study of the Project, as well as customary legal,

[850] 433-5950 office 4890 Bayou Boulevard, Pensacola, Florida 32503

organizational, and regulatory work. With your full cooperation, we believe we can expeditiously complete our due diligence, and present you with a definitive terms and subsequent commitment agreement within a reasonable timeframe.

We are very excited about the potential opportunity and hope that you are equally interested in proceeding in a constructive and expeditious dialogue. We look forward to working with you to complete this transaction.

Very truly yours,

VOTE OF CONFIDENCE FOR COUNCIL PRESIDENT

RECOMMENDATION:

That City Council express, by vote, a Vote of Confidence for the Council President in reference to the September 20, 2017 Special City Council Meeting.

HEARING REQUIRED: No Hearing Required

SUMMARY:

On September 20, 2017 the City Council held a special meeting to discuss the potential Emerald Coast Utilities Authority (ECUA) emergency storage tanks to be erected near 1750 N. Palafox.

On September 22, 2017 Mayor Hayward delivered a letter addressed to Council President Brian Spencer and copied to City Council Members and the City Attorney. Within this letter the Mayor stated, "I am writing you now to express my displeasure with the tone of the discussion and the disparaging remarks that you allowed the public to direct toward the City Attorney. The days are long past where the governing body of a community can chain individuals to a post in the public square and invite anyone to throw stones at them."

The Council President has a duty to protect the first amendment rights of citizens who come before the City Council to address their first amendment right to petition their government for a redress of grievance. In every manner, the Council President conducted the meeting appropriately, balancing the need for order and decorum with the right of citizens to express their views.

Given that the Mayor was not a participant in this discussion or this meeting, that City Council meetings as well as meeting rules of decorum are Legislative in nature, free from Executive interference, as well as other determinative factors, it is appropriate for the City Council to express their confidence in the Council President, while, as a body, rejecting the implications made by the Mayor in his letter.

ASHTON J. HAYWARD
MAYOR

September 22, 2017

Dear Council President Spencer,

I reviewed the video from the September 19 Special City Council meeting and spoke with the City Administrator about the manner in which you conducted the meeting. I am writing you now to express my displeasure with the tone of the discussion and the disparaging remarks that you allowed the public to direct toward the City Attorney. The days are long past where the governing body of a community can chain individuals to a post in the public square and invite anyone to throw stones at them.

Enclosed with this letter is a copy of a City Council agenda item from 2014 that was prepared and distributed at the then-Council President's request for research and recommendations regarding the issue of maintaining order and decorum during Council proceedings. In light of the improper decorum that was on display at Wednesday's meeting, now is a good time to review the procedural tools that you have as council president to conduct the business of City government, with full participation by the public, while prohibiting behavior that shows disrespect or that is unsuitable to the requirements of the occasion.

I want to also take this opportunity to reaffirm my support for the City Attorney. Lysia Bowling possesses in abundance all of the qualities that shape extraordinary municipal attorneys: discipline, intellect, wisdom, impeccable temperament, and above all, fundamental decency and humanity. I know that she works tirelessly to represent, not my interests, and not the City Council's interests, but the best interests of our City.

Sincerely,

Ashton J. Hayward

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

PORT WAREHOUSE #1 LEASE AGREEMENT WITH OFFSHORE INLAND MARINE & OILFIELD SERVICES, INC.

RECOMMENDATION:

That City Council take action to respond to the request from Offshore Inland Marine & Oilfield Services, Inc. (OIMO) to continue to accept OIMO's monthly payment of \$10,000 after September 30, 2017, to be credited toward the principal and accruing interest due under Section 5(a) of the amended Lease Agreement.

HEARING REQUIRED: No Hearing Required

SUMMARY:

On May 11, 2017, City Council approved an amendment to the Lease Agreement for Port Warehouse #1 (Warehouse #1 Lease) with Offshore Inland Marine & Oilfield Services, Inc. (OIMO).

Under the terms of the amended lease, in addition to OIMO making timely payment of monthly rents, utility, fees, taxes, charges, payments, or other monetary obligations under the Warehouse #1 Lease or any other agreement, or owing as a result of its operations at the Port, OIMO was to continue to pay \$10,000.00 per month, no later than the fifteenth (15th) day of each month towards the outstanding amount of its past due dockage and vessel fees in the amount of \$269,247. Additionally, OIMO was obligated to remit to the City a final balloon payment for the entire unpaid outstanding amount no later than September 30, 2017.

On August 31, 2017, OIMO sent a letter to Port Director Amy Miller notifying her that OIMO is unable to make the final balloon payment required under the terms of the amended lease. According to the amended lease, in the event OIMO notifies the City that it is not able to make the final balloon payment in full on September 30, 2017, City Council may, at its sole discretion, terminate the lease or allow renegotiation as to payment of outstanding amounts.

PRIOR ACTION:

April 22, 2010 - City Council approved the Offshore Inland lease for a portion of Warehouse #1 and associated open storage and working areas.

January 10, 2013 - City Council approved a FDOT Economic Development Transportation Project Fund Agreement for infrastructure improvements at the Port.

March 13, 2014 - City Council approved and authorized the Mayor to negotiate and execute a lease agreement for Warehouse #9 and approximately three and one-half (3½) acres of immediately adjacent undeveloped land with OIMO.

April 13, 2017 - City Council postponed a recommendation to authorize the Mayor to terminate the Warehouse #9 Lease and to amend the Warehouse #1 Lease.

May 11, 2017 - City Council approved an amendment to the Lease Agreement for Port Warehouse #1 with Offshore Inland Marine & Oilfield Services, Inc.

FUNDING:

N/A

FINANCIAL IMPACT:

OIMO has made the required \$10,000 per month payment to reduce the outstanding amount of past due dockage and vessel fees each month. Currently, the balance of the outstanding amount is \$199,220 with OIMO anticipating to pay an additional \$15,000 towards the outstanding amount. Therefore, it is estimated that the balloon payment due on September 30, 2017 will be \$184,220. OIMO is requesting that City Council agree to continue receiving payments of \$10,000 per month towards the outstanding amount. The Warehouse #1 Lease provides that beginning October 1, 2017, interest shall accrue on any remaining outstanding amount at the rate of 12% per annum as otherwise further described and calculated in the Port Tariff. With the accrued interest it is anticipated that the full outstanding amount should be repaid within 20 months.

AMENDMENT NO. 1 TO LEASE AGREEMENT

THIS AMENDMENT NO 1 (“Amendment No. 1”), to the Lease Agreement for leased premises in Warehouse 1 located at the City of Pensacola Port of Pensacola (“Port”) dated June 17, 2010 (“Original Agreement”), is made and entered into this 1st day of June, 2017, by and between the City of Pensacola (“City” or “Lessor”) and Offshore Inland Marine & Oilfield Services, Inc. (“Lessee”).

Recitals:

WHEREAS, City and Lessee entered into the Original Agreement, incorporated herein by this reference, to lease space in the southern half (1/2) of Warehouse 1 and associated berth apron and open storage area located at the Port for the purposes described therein ; and

WHEREAS, Lessee has outstanding amounts owing to the City, and City and Lessee have determined that it is in their mutual best interests for Lessee and City agree to a payment plan respecting such outstanding amounts; and

WHEREAS, the parties find other terms and conditions of the Original Agreement require amendment; and

WHEREAS, the parties now desire to amend the Original Agreement;

NOW, THEREFORE, in consideration of One Hundred Dollars (\$100.00) the receipt and sufficiency of which are hereby acknowledged by the parties, and of the mutual covenants and agreements herein contained, it is agreed that the Original Agreement shall be hereby amended as follows:

1. The Recitals above are true and correct and are hereby incorporated as a material part to this Amendment No. 1.
2. Section 4 of the Original Agreement is hereby amended to add the following fourth (4th) paragraph:

Lessee expressly agrees that no later than the first (1st) day of the first (1st) month following completion of the Lessor improvements contemplated in Section 9(b) herein, such status of completion of improvements to be the sole discretion of the Lessor and to be documented by written notice of completion by the Port Director, the Leased Premises will on that date expand to include all of Warehouse 1, specifically adding the northern half (1/2) of Warehouse 1 to the definition of Leased Premises, and on that date Lessee shall be obligated to all rental rates pursuant to Section 6 applied to the entire Warehouse 1 Leased Premises and such shall be due and owing by Lessee to Lessor.

3. Section 5 of the Original Agreement is deleted in its entirety.
4. New Section 5 of the Original Agreement hereby created in its entirety to read:

5. OUTSTANDING AMOUNT PAYMENT PLAN.

(a) Lessee acknowledges and agrees that as of March 15, 2017 Lessee failed to pay past-due outstanding amounts in dockage or vessel fees and related charges of Two Hundred Sixty Nine Thousand Two Hundred and Forty Seven Dollars (\$269,247.00) immediately owing to the City, and in lieu of default upon request from Lessee, the City will agree to a payment plan respecting such outstanding amounts as further described in this Section 5(a). Lessee agrees the unwanted continued existence of these outstanding amounts are material considerations in continuing this Agreement between the parties. In addition to timely payment of monthly rents, utility, fees, taxes, charges, payments, or other monetary obligations under this Agreement or any other agreement, or owing as a result of Lessee's operations at the Port, Lessee shall continue to pay Ten Thousand Dollars (\$10,000.00) per month, no later than the fifteenth (15th) day of each month. Lessee acknowledges and agrees that in the event of failure to make such monthly payment as provided herein, City Council may, in City Council's sole discretion, terminate the lease, effective upon City Council action to terminate the lease. Lessee shall, within no more than thirty (30) days of the City Council action to terminate the lease, vacate the Port and surrender all of the Leased Premises and all improvements, fixtures, and property thereon, to become the exclusive property of the City, and ensure that all such land and property shall be in good condition.

Further, Lessee shall remit to the City a final balloon payment for the entire outstanding amount, by no later than September 30, 2017. Lessee shall, on or before September 1, 2017, provide to City written notification of any inability or intention not to make the final balloon payment in full on September 30, 2017. Upon Lessee's delivery of said notice, if any, the City Council may, in City Council's sole discretion, terminate the lease or allow renegotiation as to payment of outstanding amounts. In the event of termination after notification of non-payment as described herein, Lessee shall, within no more than thirty (30) days of the City Council action to terminate the lease, vacate the Port and surrender all of the Leased Premises and all improvements, fixtures, and property thereon, to become the exclusive property of the City. Lessee acknowledges and agrees that in the event of failure to provide the notice as described herein and failure to make such balloon payment as provided herein, City Council may, in City Council's sole discretion, terminate the lease, effective upon City Council action to terminate the lease. In that event of failure to provide notice and failure to make such balloon payment, Lessee shall, within no more than thirty (30) days of the City Council action to terminate the lease, vacate the Port and surrender all of the Leased Premises and all improvements, fixtures, and property thereon, to become the exclusive property of the City.

No interest shall accrue on the outstanding balance through September 30, 2017. Beginning October 1, 2017, interest shall accrue on any remaining outstanding balance due under this section 5(a) at the rate of twelve percent (12%) per annum as otherwise further described and calculated in the Port Tariff.

(b) Lessee further acknowledges and agrees that as of March 15, 2017 Lessee failed to

pay past-due outstanding amounts in dockage or vessel fees and related charges in the amount of Three Hundred Sixty Three Thousand Dollars (\$363,000.00) owing to the City. The parties acknowledge and agree that reimbursement of certain project related expenses incurred by Lessee currently remains in question and, that by mutual agreement, this \$363,000.00 has been held in abeyance pending completion of the grant project. Therefore, the parties agree that final disposition of the \$363,000.00 outstanding balance, and other credits that may or may not be due Lessee, will be addressed as expeditiously as practicable following completion of the grant project improvements and final closeout of the grant. Such resolution of reimbursement shall be negotiated by the parties and presented to City Council for final approval. No interest shall accrue on the amount held in abeyance under this section 5(b) until the grant project is completed and upon the vote of the City Council to charge interest at a rate not higher than the Port Tariff rate.

5. Section 6 of the Original Agreement is hereby amended in its entirety to read:

6. RENT.

(a) Effective upon the Commencement Date of this Agreement, and as compensation for the exclusive use of the facilities described in Section 4 above, Lessee shall pay to Lessor rent in the amount of One Hundred Four Thousand Four Hundred Dollars (\$104,400.00) per year payable in twelve (12) equal monthly payments of Eight Thousand Seven Hundred Dollars (\$8,700.00) per month, plus sales tax, due and payable in advance on the first (1st) day of each month, and such rental rates subject to the increases as stated in the renewal terms in Section 2 above.

(b) Rental rates for Lessee's expansion of its Leased Premises to include the entirety of Warehouse 1, expanding into the northern half (1/2) of Warehouse 1, whether undertaken in accordance with the terms of Section 4, Section 8 or Section 9(b) of this Agreement, shall be at the applicable per square foot rental rate then being paid by Lessee multiplied by the total number of square feet of Lessee's expanded Leased Premises with the total of Warehouse included, and inclusive of revision or expansion thereof, plus sales tax, for the entirety of Warehouse 1 due and payable in advance on the first (1st) day of each month, and such rental rates subject to the increases as stated in the renewal terms in Section 2 above.

(c) Any additional space, whether taken by Lessee in accordance with Section 4, Section 8 or Section 9(b) of this Agreement or any other additional space occupied by Lessee, shall immediately be incorporated into, and considered part of, Lessee's Leased Premises, and all terms and conditions of this Agreement shall be at the applicable per square foot rental rate then being paid by Lessee multiplied by the total number of square feet of Lessee's Leased Premises, due and payable in advance on the first (1st) day of each month, and such rental rates subject to the increases as stated in the renewal terms in Section 2 above.

6. Section 8 of the Original Agreement is hereby amended in its entirety to read:

8. EXPANSION. In the event Lessee desires to expand its Warehouse 1 leasehold into portions of the northern half (1/2) of Warehouse 1 prior to completion of the improvements as addressed in Section 9(b) below, contingent upon full satisfaction of outstanding amounts in Section 5 above, Lessee may request, in advance, in writing to the Port Director, such expansion on a temporary or permanent basis, the grant of any such expansion to be made in the sole discretion of Lessor. The City Administrator, in consultation with the Port Director, shall have the sole discretion to determine whether or not to grant any expansion request. If granted, this Lease shall be immediately amended by simple letter of agreement between the parties hereto to reflect the revised boundaries of the Leased Premises, with the City Administrator having full authority to sign any such agreement.

7. Section 9 of the Original Agreement is hereby amended to add the following provisions immediately after the fifth (5th) paragraph:

(b) Lessor Improvements.

The parties acknowledge the Lessor contemplates the construction of certain improvements pursuant to FDOT Transportation Economic Development Project Fund Agreement FPN# 422354-2-94-01 (“Grant”), attached hereto as Exhibit B and incorporated herein by this reference, provided however, only to the extent such Lessor improvements may be designed and constructed by Lessor at a cost not to exceed the total amount of project funding provided by the Grant.

In the event the desired improvements are deemed, by the Port Director with the prior consent of the City Chief Financial Officer, to exceed Grant budgetary parameters, the Port Director with the prior consent of the City Chief Financial Officer, in their sole discretion may either terminate such improvements, evaluate reduction in project scope and design to assess feasibility of improvements, or, contingent upon full satisfaction of outstanding amounts in Section 5 above, permit Lessee to pay, at Lessee’s sole cost and expense, in advance of any construction, one hundred percent (100%) of any cost in excess of budgetary parameters and any associated costs.

As provided in Section 4 above and Section 6(b) above, upon completion of Lessor’s improvements in this Section 9(b), Lessee shall occupy and pay rent on the total space of Warehouse 1. Upon occupation of Warehouse 1 hereunder, Lessee shall simultaneously become solely responsible, at Lessee’s sole cost and expense, for maintaining the improvement in strict accordance with all manufacturer guidelines, any applicable Grant guidelines, and to the satisfaction of Lessor. Lessor may, in Lessor’s discretion, inspect improvements as Lessor deems necessary.

Notwithstanding anything in this Agreement to the contrary, title to improvements in this Section 9(b) shall vest in Lessor upon completion and shall in no event be removed by Lessee.

8. Section 14 of the Original Agreement is hereby amended in its entirety to read:

14. DOCKAGE FEES. With the exception of the fees addressed in Section 5 above, unless otherwise requested on a case-by-case basis by Lessee and approved by Lessor, dockage fees assessed against vessels calling at Lessee's facility shall be billed to and paid by Lessee. The dockage rate for all vessels calling at Lessee's facility shall be sixty percent (60%) of the applicable full Port Tariff rates then in effect, or any applicable frequency or volume incentive rate requested by Lessee and approved by the Port Director in accordance with applicable provisions of the Port Tariff.

9. Section 15 of the Original Agreement is hereby amended in its entirety to read:

15. VESSEL SECURITY AND HARBOR FEES. With the exception of the fees addressed in Section 5 above, unless otherwise requested on a case-by-case basis by Lessee and approved by Lessor, vessel security and harbor fees assessed against vessels calling at Lessee's facility shall be billed to and paid by Lessee. Vessel security and harbor fees shall be assessed at one hundred percent (100%) of the Port Tariff rates then in effect.

10. Section 20 of the Original Agreement is hereby amended in its entirety to read:

20. UTILITIES. For any required utilities, Lessee shall arrange for direct billing with the appropriate utility provider. If direct billing is not possible due to the placement or routing of utility infrastructure, Lessor and Lessee shall develop a mutually agreeable methodology by which the Lessor will bill the Lessee its pro-rata share of those utilities. Construction, installation and maintenance of any improvements to utility infrastructure required to support Lessee's operations shall be at the sole cost and expense of Lessee, other than construction of any utility infrastructure completed under Section 9(b) above. This stipulation does not apply to the provision of potable water to vessels, which is a service provided by the Port of Pensacola, Operations Division. Provision of potable water to vessels must be requested in advance in accordance with Port Tariff Item 440 and all applicable fees as expressed in Port Tariff Item 440 and Port Tariff Item 442 will be assessed to the party responsible for payment of vessel fees as described in Section 14 and 15 of this Agreement.

11. Section 21 of the Original Agreement is hereby amended in its entirety to read:

21. MAINTENANCE. Lessee shall maintain the leasehold improvements of whatever nature situated on the Leased Premises at its own expense. Lessee shall at all times maintain the Leased Premises in a safe, neat and orderly manner; free from trash, debris or other unsafe, unsightly or unsanitary matter. Should Lessee fail to maintain the Leased Premises in a safe, neat and orderly manner, the Lessor reserves the right to intervene and resolve such matters after a period of seventy-two (72) hours. All costs for such intervention by the Lessor will be the responsibility of Lessee, at Lessee's sole cost and expense, pursuant to the Port of Pensacola Terminal Tariff. All other maintenance, including maintenance of any and all improvements constructed or placed by the Lessee, shall be the responsibility of the Lessee, at Lessee's sole cost and expense.

Subject to the performance of Lessee's obligations under Paragraph 22, Paragraph 23, and this Paragraph 21, Lessor agrees to maintain the Leased Premises, supporting improvements and infrastructure not under Lease by Lessee, and surrounding areas, (including access, loading and parking improvements and areas) in a good state of repair and in a safe condition at its own expense. Lessor's obligation to maintain the Leased Warehouse Area shall be limited to major structural components, including but not necessarily limited to those items listed in Paragraph 23. All other maintenance, including maintenance of any and all improvements constructed by the Lessee, shall be the responsibility of the Lessee. In addition, Lessor shall cause the Port of Pensacola harbor and shipping channel to have and maintain the minimum draft depth of 33 feet. Lessor shall maintain all berths, bulkheads, and fender systems.

With the exception of improvements pursuant to Section 9(b) above, Lessee has the right to make any and all repairs to the Leased Premises or the supporting improvements that are the responsibility of Lessor to correct conditions that immediately and significantly threaten its leasehold improvements, warehouse contents, or operations thereof. Lessee shall notify Lessor of any such intended repair action at least fifteen (15) days prior to the work being performed unless said work must be performed immediately to address an emergency situation (i.e., to prevent the threat of imminent property damage or personal injury or a material interruption of Lessee's business operations), in which event Lessee may perform such work immediately without notice or expiration of a waiting period (but Lessee shall notify Lessor of such repair work as soon as practicable following initiation of emergency repair efforts). Notwithstanding the foregoing, in no event shall Lessee have the right to proceed with work until approved by the Port Director. This provision will not be exercised unreasonably by Lessor or Lessee, but is intended to allow Lessee to protect the substantial investment being made in the leasehold improvements and Lessee's business operation. If Lessee undertakes repairs that are the responsibility of Lessor, upon approval of Lessor, Lessor shall reimburse Lessee for the reasonable and necessary costs and expenses incurred by Lessee therefore.

12. Section 23 of the Original Agreement is hereby amended in its entirety to read:

23. REPRESENTATIONS CONCERNING CONDITION. Lessor warrants and represents that the real property of the Leased Premises, and excepting any improvements under Section 9 above, are in good and serviceable condition and in compliance with all applicable laws, codes and regulations with respect to all major structural components including, but not limited to, the following:

- (a) roof and structural components thereof
- (b) exterior walls and structural components thereof
- (c) gutters/drains/downspouts
- (d) plumbing, drains and storm drains
- (e) basic electrical supply and distribution
- (f) foundation and loading docks
- (g) doors (personnel and cargo)

13. Intentionally omitted.

14. Intentionally Omitted.

15. Section 38 of the Original Agreement is hereby amended in its entirety to read:

38. NOTICES. Any notices required by this Lease Agreement or by law to be sent to Lessor shall be sufficient if transmitted by personal delivery, nationally recognized overnight delivery service (such as Federal Express Corporation or UPS), or certified mail, return receipt requested, addressed to Lessor as follows:

Either party may change the above address by providing 10 days advance written notice to the other party.

16. Section 39 of the Original Agreement is hereby amended in its entirety to read:

39. ADMINISTRATION OF AGREEMENT. The Port Director shall serve as administrator of this Agreement on behalf of the Lessor. Administrator of this Agreement on behalf of the Lessee shall be the Lessee's Chief Financial Officer.

17. Section 41 of the Original Agreement is hereby amended in its entirety to read:

41. TAXES. During the term of this Agreement, Lessee shall be responsible for all taxes and assessments levied on the Leased Premises and improvements, including all

improvements under Section 9 above, regardless of whether Lessee or Lessor is billed.

18. Intentionally Omitted.

19. New Section 48 of the Original Agreement is hereby created to read:

48. PUBLIC RECORDS. The parties acknowledge and agree to fulfill all obligations respecting required contract provisions in any contract entered into or amended after July 1, 2016, in full compliance pursuant to Section 119.0701, *Florida Statutes*, and obligations respecting termination of a contract for failure to provide public access to public records. The parties expressly agree specifically that the contracting parties hereto shall comply with the requirements within Attachment "A" attached hereto and incorporated by reference.

20. New Attachment A to the Original Agreement is hereby created to read:

(attached hereto as Attachment A to this Amendment No. 1)

21. The remainder of the Agreement not amended shall remain in full force and effect.

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

PORT WAREHOUSE #1 LEASE AMENDMENT WITH OFFSHORE INLAND MARINE & OILFIELD SERVICES, INC.

RECOMMENDATION:

That City Council authorize the Mayor to take all action necessary to amend the Lease Agreement for Port Warehouse #1 with Offshore Inland Marine & Oilfield Services, Inc.

HEARING REQUIRED: No Hearing Required

SUMMARY:

On April 22, 2010, City Council approved the Lease Agreement for Port Warehouse #1 (“Warehouse #1 Lease”) with Offshore Inland Marine & Oilfield Services, Inc. (“OIMO”) which includes the lease premises of one-half (½) of the Warehouse #1 structure and associated open storage and working areas.

On January 10, 2013, City Council approved a FDOT Economic Development Transportation Project Fund Agreement for infrastructure improvements at the Port.

As City Council has been previously advised, repayment of certain grant-funded construction project expenses paid by OIMO is in question. As a result, the Port Director, with the City’s Chief Financial Officer’s consent,

has allowed OIMO to hold \$363,000.00 in invoices owed to the Port in abeyance pending final determination by the Port Director, with the consent of the City's Chief Financial Officer. Further, OIMO accumulated an additional past-due balance above and beyond the \$363,000.00 without the approval of the Port Director or the City's Chief Financial Officer. As of March 15, 2017, that remaining past due amount was \$269,247.00.

On April 13, 2017, City Council considered a request to amend the Warehouse #1 Lease. The proposed amendment that was brought before City Council at that time provided:

- (i) a payment plan to address both the outstanding past-due balance of \$269,247.00 at twelve percent (12%) interest, as well as a plan for final reconciliation of invoice amounts of \$363,000.00 held in abeyance, with a contingency to apply twelve (12%) interest;
- (ii) in the event of any non-payment of monetary obligations by OIMO, the Warehouse #1 Lease was to be immediately terminated and OIMO was to vacate the Port within twenty (20) days and to surrender all of the Leased Premises and all improvements, fixtures, equipment and personal property thereon, such property to become the exclusive property of the City;
- (iii) contract language to address the previously unanticipated circumstance of significant infrastructure improvements to be made under the Warehouse #1 Lease as a result of the FDOT Economic Development Transportation Project Fund Agreement project;
- (iv) terms and conditions to address the expansion of OIMO into the previously unoccupied half of the Warehouse #1 structure upon completion of the FDOT Economic Development Transportation Project Fund Agreement project infrastructure improvements, or into a portion of the space not currently occupied by OIMO; and
- (v) no change or extension to the term of the original Warehouse #1 Lease, expiring May 1, 2022.

In conjunction with the above amendment request, City Council was also asked to terminate the lease agreement for the Warehouse #9 structure and approximately three and one-half (3½) acres of immediately adjacent undeveloped land ("Warehouse #9 Lease") between the parties.

During the April 13, 2017 City Council meeting, City Council acted to postpone both requests, with direction to staff to negotiate with OIMO, and to bring negotiated agreements regarding each warehouse lease back to City Council as separate items at the next City Council meeting.

The attached negotiated draft of the Amendment No. 1 to Lease Agreement for Warehouse #1 has been revised to:

- (i) delay the imposition of any interest charge on the outstanding amounts in the payment plan until no earlier than October 1, 2017;
- (ii) delete language expressly terminating the Warehouse #1 Lease for non-payment of monetary obligations, specifically those in the payment plan, and introduce language requiring City Council determination of whether to terminate the Warehouse #1 Lease or to renegotiate payment terms;
- (iii) delete language requiring the property be returned to the City in good condition; and
- (iv) expand the time allowed to OIMO to vacate the premises to thirty (30) days following an action to

terminate the Warehouse #1 Lease for non-payment.

PRIOR ACTION:

April 22, 2010 - City Council approved the Offshore Inland lease for a portion of Warehouse #1 and associated open storage and working areas.

January 10, 2013 - City Council approved a FDOT Economic Development Transportation Project Fund Agreement for infrastructure improvements at the Port.

March 13, 2014 - City Council approved and authorized the Mayor to negotiate and execute a lease agreement for Warehouse #9 and approximately three and one-half (3½) acres of immediately adjacent undeveloped land with OIMO.

April 13, 2017 - City Council postponed a recommendation to authorize the Mayor to terminate the Warehouse #9 Lease and to amend the Warehouse #1 Lease.

FINANCIAL IMPACT:

Approval of the Warehouse #1 lease amendment establishes a formal payment plan of OIMO's current outstanding balance of \$269,247.00. Further, the payment plan provides authorization for the resolution of the \$363,000.00 outstanding amount as it relates to grant project invoices. Approval of the amendment also establishes conditions for OIMO to occupy the entire warehouse premises at a proportional increased amount above the \$8,891.40 rent revenue currently paid.

RE: Warehouse #1, Port of Pensacola
Tenant: Offshore Inland Marine & Oilfield Services, Inc. ("OIMO")

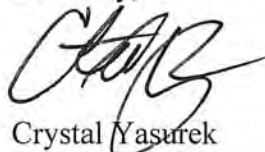

Ms. Miller:

This letter is to notify you that OIMO is unable to make the final balloon payment required under Section 5(a) of the amended Lease Agreement. As you know, OIMO has diligently made the monthly payments required under the lease amendment, including the payment due September 15, 2017. Additionally, my client has met all of its new monthly obligations to the Port accruing since the amendment was signed in early May. All new dockage fees, rents and utilities have been paid as required.

OIMO does anticipate making a \$15,000 payment toward the balloon payment. Our records indicate that the current amount due under Section 5(a) is \$199,220.00, and that after the anticipated payment is made, the remaining balance will be \$184,220.00.

OIMO requests the City agree to continue to accept OIMO's monthly payments of \$10,000.00 on and after October 2017, to be credited toward the principal and accruing interest.

Sincerely,

Crystal Yasurek

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

AWARD OF BID# 17-033 - PORT OF PENSACOLA WAREHOUSE #1 MODIFICATION PROJECT

RECOMMENDATION:

That City Council award ITB # 17-033 Port of Pensacola Warehouse #1 Modification to Emerald Coast Constructors Inc., the sole bidder with a base bid of \$1,495,383.90 plus a 5% contingency of \$74,769.20 for a total amount of \$1,570,153.10 Further, that Council authorize the Mayor to execute the contract and take all actions necessary to complete the project.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The Port of Pensacola was awarded a State of Florida economic development grant to modify an existing warehouse to install overhead cranes. The contemplated improvements will result in an additional marketable asset for the port.

The Warehouse #1 Modification Project consists of the addition of two new overhead bridge cranes and requires the fabrication and erection of a structural steel crane runway system. To accommodate the required lift height for the high bay crane, a portion of the existing warehouse roof will be removed and a new pre-engineered metal building will be installed in the area of the high bay crane. New foundations and associated demolition will be required to support the metal building frames and the low bay crane runway steel. Electrical upgrades will be required to provide lights for the new high bay area and to provide power for the new bridge cranes.

The original grant acceptance approved in early 2013 called for the overhead crane facility improvements to be constructed in Warehouse #9. The original project also included improvements to dockside utility infrastructure (additional shore power and sanitary sewer stations) at Berths 1 and 2, if total project funding was sufficient to do so.

Following preliminary geotechnical and engineering work at the Warehouse #9 site, it was determined that this was not a suitable location for the overhead crane facility and the project should be relocated to Warehouse #1. Additionally, early cost estimates indicated that construction of the overhead crane facility, which was the

primary project under the grant, would require the entire \$2 million in project funding and that construction of the originally-contemplated dockside utility improvements would not be possible. An amendment to the Project Fund Agreement, fully executed between the City and FDOT on June 4, 2015, revised the project scope to document and authorize these changes.

PRIOR ACTION:

June 14, 2012 - Council approved Resolution 23-12, a mid-year supplemental budget resolution appropriating the grant funds into the Port's capital budget.

January 10, 2013 - Council approved Resolution 01-13 formally accepting the grant and authorizing the Mayor to execute all documents necessary thereto.

FUNDING:

Budget:	\$2,000,000	State of Florida Grant
	<u>17,555</u>	Port Funding (only if needed for contingency)
Total	<u>\$2,017,555</u>

Total	<u>\$2,017,555</u>	

FINANCIAL IMPACT:

Grant funding in the amount of \$2,000,000 has been appropriated for this project. To date, \$433,720.92 has been previously expended or is currently encumbered for the project leaving an available balance of \$1,566,279.08 to complete the project. Port funding of up to \$17,555 will make up any shortfall, should it occur.

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

PROPOSED ORDINANCE NO. 28-17 AMENDING CHAPTER 7-10 OF THE CITY CODE - VEHICLES FOR RENT TO THE PUBLIC

RECOMMENDATION:

That City Council approve Ordinance No. 28-17 on first reading.

AN ORDINANCE OF THE CITY OF PENSACOLA, FLORIDA; AMENDING CHAPTER 7-10, PERTAINING TO VEHICLES FOR RENT; AMENDING SEC. 7-10-134 TO PROVIDE FOR AN AIRPORT TAXI CAB PICKUP FEE; AMENDING SEC. 7-10-17, PROVIDING DEFINITIONS; REPEALING AND REPLACING SEC. 7-10-177, PROVING FOR PERMITS AND FEES; PROVIDING FOR SEVERABILITY, REPEALING CLAUSE; PROVIDING AN EFFECTIVE DATE.

HEARING REQUIRED: No Hearing Required

SUMMARY:

During the 2017 legislative session, the Florida Legislature passed, and the Governor approved, HB 221, which created a regulatory framework for transportation network companies (TNCs) in the State and preempted to the State the regulation of TNCs. The new law, Florida Statute 627.748, which became effective July 1, 2017, makes it necessary to change the City Code regulating taxicabs in order to preserve the Airport's ability to charge TNCs a pickup fee.

Under agreements executed on October 12, 2016 and February 23, 2017, Uber and Lyft, operating as TNCs, are required to remit a pickup fee of \$2.50 for each instance in which the affiliated driver picks up a passenger on Airport property. Taxicabs operating at the Airport, however, are not currently assessed fees for each individual pickup. Rather, under City Code, taxicabs pay an annual permit amount of \$240 for the ability to pick up passengers at the facility. Under the new state law, if airports wish to continue assessing pickup fees to TNCs, the fees must be consistent with any pickup fees charged to taxicabs.

If the proposed changes are adopted, the annual permit for taxicabs to operate at the Pensacola International Airport would be reduced to forty dollars (\$40) from two hundred and forty dollars (\$240). The revised amount

would cover the cost for staff to inspect the vehicle and provide the necessary permit showing proof of inspection, and provide an automatic vehicle identification tag. Each pickup would then be monitored through the use of the automatic vehicle identification tags and the company would be required to remit payment in the amount of \$2.50 for each pickup. The company would also be allowed to pass the \$2.50 pickup fee to the passenger.

In accordance with Federal requirements, the ongoing operation and maintenance of the Pensacola International Airport is funded through user fees paid by all entities using the facility. Modifying City Code to assess pickup fees to taxicabs, and allowing the taxicabs to pass the charge to the consumer, is no different than the operation of other entities providing service at the Airport that also remit fees on a transactional basis, and that pass the associated fee to the consumer.

FINANCIAL IMPACT:

Revenue from the ground transportation operations provided by taxicabs, TNC's, limousines, and shuttles is budgeted at \$110,000.00.

Conducting Business. The picking up or soliciting or desiring to pick up persons, baggage, packages, or any item or object under an airport permit.

Courtesy vehicle. A vehicle which carries persons between the airport and off-airport businesses, such as valet parking lots, hotels, motels, rental car companies and attractions, for which carriage the passenger pays no direct charge.

Cruising. The driving of a taxicab at the airport in search of or soliciting prospective passengers for hire.

Queuing area. An Area designated by the ~~airport director~~ Mayor for taxicab to remain on the airport. Taxicabs will proceed to the passenger loading zone when alerted by signal in the queuing area.

Limousine. A chauffeur-driven vehicle for hire that is not configured with a taximeter which charges unmetered rates predetermined on a contractual basis, franchised by the city as a limousine, and carrying passengers by prearrangement or contract.

Operator. The owner or other person, firm or corporation operating or controlling the operations of one or more vehicles or any person who has rented such vehicle for the purpose of operation by his own agents.

Passenger loading zones. A clearly marked area designated by the ~~airport director~~ Mayor in close proximity to the entrance of the airport terminal. There will be one area designated for the exclusive use of taxicabs so as to accommodate a minimum of four (4) taxicabs for passenger loading. In addition, there will be clearly marked and separate passenger loading zones in close

proximity to the entrance to the airport terminal for an appropriate number of limousines. There will be a clearly marked passenger loading zone within reasonable walking distance from the entrance of the airport terminal for courtesy vehicles. These areas are under the direct control of the "traffic officer." In regulating such zones, the ~~airport director~~ Mayor shall have all authority conferred by section 10-2-4 of the Pensacola Code.

Revocation. The discontinuance of a driver's or firm's privilege to operate at the airport, with reinstatement of operating privileges to be permitted after one year's time upon written approval of the ~~airport director~~ Mayor.

Traffic officers. Employees or licensees of the airport who are obligated to assure the orderly, smooth, and nonpreferential loading and departure of authorized taxicabs from their designated passenger loading zone.

Suspension. The temporary discontinuance of up to thirty (30) days of a driver's or firm's privilege to operate at the airport.

Taxicab. A public passenger vehicle equipped with a taximeter operated under certificate and license required by this article, which carries passengers for hire only at lawful rates of fare recorded and indicated on a taximeter, or rates of fare otherwise authorized by this article or rule.

Shuttle vehicle. A vehicle for hire that is not configured with a taximeter which charges a posted flat rate from the airport to certain specified destinations.

SECTION 3. **THAT**, Chapter 7-10. Vehicles for Rent to the Public, Article IV. – Airport Surface Transportation, Division 2. – Taxicabs, Section 7-10-177. – Permits, of the Code of the City of Pensacola, Florida, is hereby amended to delete said section in its entirety, and to further amend said Section 7-10-177 by replacing it with a new Section 7-10-177 entitled “Permits and Fees” to read as follows:

• ~~Sec. 7-10-177. – Permits.~~

~~Each operator desiring to conduct business at the airport shall obtain an airport transportation permit which includes a color-coded decal before engaging in picking up passengers, baggage, parcels, or any other person or thing for which the operator or driver will receive a fare or any type of compensation or accept business at the airport. Permits will not be required to discharge passengers at the airport.~~

~~(1) *Display.* Decals shall be permanently affixed to the lower right hand corner of the front windshield and shall be clearly visible at all times. Decals shall be issued by the airport director and shall expire September 30 of each year.~~

~~(2) *Permit fees.* An annual fee of two hundred forty dollars (\$240.00) is hereby established for each taxicab desiring to conduct business at the airport. Fees shall be paid in~~

~~advance by the operator holding the city taxicab license for those taxicabs doing business under the operator's authority and planning to operate from the airport. Permits expire on September 30 of each year and no taxicab shall be allowed to pick up from the airport without a valid permit.~~

- ~~(3) *Issuance.* Upon full payment of all license fees, permit fees, airport and inspection certificate, a taxicab decal shall be used for each taxicab listed on the airport transportation permit. No permit shall be issued without the operator having a valid taxicab license from the City of Pensacola. Only those taxicabs displaying valid permit decals will be allowed to pick up passengers, baggage, parcels, or accept business at the airport.~~
- ~~(4) *Lost or damaged.* In case of loss of a decal or damage beyond recognition, a duplicate decal may be obtained after payment of five dollars (\$5.00) by the operator and after submission of a statement setting forth the circumstances of the loss or damage to the decal.~~
- ~~(5) *Application form.* Each operator desiring to obtain a new airport transportation permit or renew an existing permit shall obtain a permit application form from the airport director. Each vehicle for which an airport permit is desired must have a City of Pensacola taxi permit valid for the same year as the desired airport permit and be inspected in accordance with [section 7-10-31](#). No application form will be processed that does not comply with the above. Full payment of the required airport permit fee must accompany the application form before a valid decal will be issued.~~
- ~~(6) *Transfer of permits.* An airport permit may be transferred to another vehicle upon compliance with [section 7-10-31](#), [section 7-10-48](#), and payment of twenty-five dollars (\$25.00) transfer fee to the airport director.~~
- ~~(7) *Permit renewal.* Application forms for yearly renewal of airport permits must be submitted to the airport director at least ten (10) working days prior to expiration of the current permit. Renewal applications received after that time shall be charged a late fee of twenty dollars (\$20.00).~~

Sec. 7-10-177. – Permits and Fees.

- (1) Permits and AVI tags. No operator shall conduct activities permitted under this article without having first obtained (1) an airport transportation permit with an accompanying decal and (2) an AVI tag issued by the Mayor, pursuant to this chapter.
- (2) Display. Decals and AVI tags shall be permanently affixed to the lower right-hand corner of the front windshield and shall be clearly visible at all times.
- (3) Airport permit fees. An airport transportation permit fee in the amount of forty dollars (\$40.00) shall be paid for a taxicab to conduct activities permitted under this Article. Said airport transportation permit fee shall be due annually and payable in advance.
- (4) Pickup fee. Each taxicab shall be charged an airport pickup fee in the amount of two dollars and fifty cents (\$2.50) per pickup at the airport. Said airport pickup fee shall be remitted to the City on a monthly basis.

- (5) Duplicates. Duplicate decals or AVI tags may be obtained upon submission of a statement setting forth the circumstances of the loss or damage to the decal or AVI tag and payment of the required duplicate fees in an amount of five dollars (\$5.00) for decals and fifteen dollars (\$15.00) for AVI tags.

- (7) Application form. Each operator desiring to obtain a new airport transportation permit or renew an existing permit shall submit a completed airport transportation permit application to the Mayor. Applicants for an airport transportation permit must possess a current and valid taxi license.

- (8) Transfer of permits and AVI tags. An airport transportation permit and AVI tag may be transferred to another vehicle upon compliance with section 7-10-31, section 7-10-48, and payment of twenty-five dollars (\$25.00) transfer fee to the Mayor.

- (9) Annual renewal. Airport transportation permits must be renewed annually. Renewal applications shall be submitted to the Mayor at least ten (10) working days prior to expiration of the current permit along with payment of required fees. A late fee in the amount of twenty dollars (\$20.00) shall be charged for applications submitted after the required deadline.

SECTION 4. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION 5. This ordinance shall become effective on the fifth business day after adoption, unless otherwise provided pursuant to Section 4.03(d) of the City Charter of the City of Pensacola.

City of Pensacola
Performance Evaluation

Council Executive

PURPOSE

The purpose of the employee performance evaluation and development report is to increase communication between the City Council, the Council President and the Council Executive concerning the performance of the Council Executive in the accomplishment of his/her assigned duties and responsibilities, and the establishment of specific work-related goals and objectives.

PROCESS

1. The Council Executive prepares a memorandum to the City Council including his/her self-evaluation
2. The Council Executive will provide evaluation forms for completion at Council Member discretion
3. Completed forms will be forwarded to a member of Council Staff where the results will be tabulated and provided to the Council President
4. For each category, scores will be compiled and averaged for a composite score for that category
5. The Council President will prepare an evaluation for review with the Council Executive and presentation to the City Council along with any proposed salary increase if/when appropriate

INSTRUCTIONS

Review the employees work performance for the entire period; try to refrain from basing judgement on recent events or isolated incidents only. Disregard your general impression of the employee and concentrate on one factor at a time.

Evaluate the employee on the basis of standards you expect to be met for the job to which assigned considering the length of time in the job. Check (✓) the number which most accurately reflects the level of performance for the factor appraised using the rating scale described below.

SUBJECT:

U.S. ENVIRONMENTAL PROTECTION AGENCY (EPA) CLEAN-UP GRANT AGREEMENT

RECOMMENDATION:

That City Council authorize the Mayor to accept and execute the U.S. Environmental Protection Agency Grant Agreement number 00D59017 in the amount of \$200,000 to clean-up hazardous substances and petroleum contaminants at the Community Maritime Park. Further, that City Council authorize the Mayor to take all actions necessary related to the finalization of the grant. Finally, that City Council approve the supplemental budget resolution appropriating the grant funds.

HEARING REQUIRED: No Hearing Required

SUMMARY:

A brownfield site is real property, the expansion, redevelopment or reuse of which may be complicated by the presence of a hazardous substance, pollutant or contaminant. In 2002, the Small Business Liability Relief and Brownfields Revitalization Act was passed to help states and communities around the country clean-up and revitalize brownfield sites. Under this law, EPA provides financial assistance to eligible applicants through four competitive grant programs: assessment grants, revolving loan fund grants, cleanup grants, and job training grants.

In December 2016, the City applied for a 2017 Brownfields Clean-up Grant awarded via a competitive process. On May 31, 2017, the City was notified its application was selected as one of the entities EPA would begin negotiations with to award a cooperative agreement for a clean-up grant for the Community Maritime Park. On September 14, 2017, EPA mailed a Cooperative Agreement and Notice of Award to the City. The project period is October 01, 2017 through September 30, 2020.

EPA's Clean-up Grant program will provide \$200,000 over a three year period in direct funding for the City to support community outreach and activities associated with piling removal or shearing in City-owned submerged land off Community Maritime Park. The clean-up site is a 35-acre submerged area of Pensacola Bay that historically housed commercial piers, an industrial repair dry dock for commercial ships, and a railroad freight terminal. It contains more than 500 creosote-treated poles.

Administrative Conditions

1. GENERAL TERMS AND CONDITIONS

The recipient agrees to comply with the current EPA general terms and conditions available at:

<https://www.epa.gov/grants/epa-general-terms-and-conditions-effective-april-27-2017-or-later>.

These terms and conditions are in addition to the assurances and certifications made as part of the award and the terms, conditions or restrictions cited throughout the award.

The EPA repository for the general terms and conditions by year can be found at: <http://www.epa.gov/grants/grant-terms-and-conditions>.

The applicable terms and conditions below are in addition to the general terms and conditions noted above:

2. UTILIZATION OF SMALL, MINORITY AND WOMEN'S BUSINESS ENTERPRISES

GENERAL COMPLIANCE, 40 CFR, Part 33

The recipient agrees to comply with the requirements of EPA's Disadvantaged Business Enterprise (DBE) Program for procurement activities under assistance agreements, contained in 40 CFR, Part 33.

MBE/WBE REPORTING, 40 CFR, Part 33, Subpart E

MBE/WBE reporting is required in annual reports. Reporting is required for assistance agreements where there are funds budgeted for procuring construction, equipment, services and supplies, including funds budgeted for direct procurement by the recipient or procurement under subawards or loans in the "Other" category that exceed the threshold amount of \$150,000, including amendments and/or modifications.

Based on EPA's review of the planned budget, this award meets the conditions above and is subject to the Disadvantaged Business Enterprise (DBE) Program reporting requirements. However, if recipient believes this award does not meet these conditions, it must provide justification and budget detail within 21 days of the award date clearly demonstrating that, based on the planned budget, this award is not subject to the DBE reporting requirements.

The recipient agrees to complete and submit a "MBE/WBE Utilization Under Federal Grants, Cooperative Agreements and Interagency Agreements" report (EPA Form 5700-52A) on an annual basis. All procurement actions are reportable, not just that portion which exceeds \$150,000.

When completing the annual report, recipients are instructed to check the box titled "annual" in section 1B of the form. For the final report, recipients are instructed to check the box indicated for the "last report" of the project in section 1B of the form. Annual reports are due by October 30th of each year. Final reports are due by October 30th or 90 days after the end of the project period, whichever comes first.

The reporting requirement is based on total procurements. Recipients with expended and/or budgeted funds for procurement are required to report annually whether the planned procurements take place during the reporting period or not. If no budgeted procurements take place during the reporting period, the recipient should check the box

in section 5B when completing the form.

MBE/WBE reports should be sent to :

To: R4epagrantsmbewbereporting@epa.gov

and

Cc: crowe.margaret@epa.gov

The current EPA Form 5700-52A can be found at the EPA Office of Small Business Program's Home Page at http://www.epa.gov/osbp/dbe_reporting.htm

This provision represents an approved deviation from the MBE/WBE reporting requirements as described in 40 CFR, Part 33, Section 33.502; however, the other requirements outlined in 40 CFR Part 33 remain in effect, including the Good Faith Effort requirements as described in 40 CFR Part 33 Subpart C, and Fair Share Objectives negotiation as described in 40 CFR Part 33 Subpart D and explained below.

FAIR SHARE OBJECTIVES, 40 CFR, Part 33, Subpart D

A recipient must negotiate with the appropriate EPA award official, or his/her designee, fair share objectives for MBE and WBE participation in procurement under the financial assistance agreements.

In accordance with 40 CFR, Section 33.411 some recipients may be exempt from the fair share objectives requirements as described in 40 CFR, Part 33, Subpart D. Recipients should work with their DBE coordinator, if they think their organization may qualify for an exemption.

Accepting the Fair Share Objectives/Goals of Another Recipient

The dollar amount of this assistance agreement, or the total dollar amount of all of the recipient's financial assistance agreements in the current federal fiscal year from EPA is \$250,000, or more. The recipient accepts the applicable MBE/WBE fair share objectives/goals negotiated with EPA by the FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION as follows:

MBE: CONSTRUCTION 9%; SUPPLIES 9%; SERVICES 9%; EQUIPMENT 9%
WBE: CONSTRUCTION 3%; SUPPLIES 3%; SERVICES 3%; EQUIPMENT 3%

By signing this financial assistance agreement, the recipient is accepting the fair share objectives/goals stated above and attests to the fact that it is purchasing the same or similar construction, supplies, services and equipment, in the same or similar relevant geographic buying market as FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION.

Negotiating Fair Share Objectives/Goals, 40 CFR, Section 33.404

The recipient has the option to negotiate its own MBE/WBE fair share objectives/goals. If the recipient wishes to negotiate its own MBE/WBE fair share objectives/goals, the recipient agrees to submit proposed MBE/WBE objectives/goals based on an availability analysis, or disparity study, of qualified MBEs and WBEs in their relevant geographic buying market for construction, services, supplies and equipment.

The submission of proposed fair share goals with the supporting analysis or disparity study means that the recipient is **not** accepting the fair share objectives/goals of another recipient. The recipient agrees to submit proposed fair share objectives/goals, together with the supporting availability analysis or disparity study, to the Regional MBE/WBE

Coordinator within 120 days of its acceptance of the financial assistance award. EPA will respond to the proposed fair share objective/goals within 30 days of receiving the submission. If proposed fair share objective/goals are not received within the 120 day time frame, the recipient may not expend its EPA funds for procurements until the proposed fair share objective/goals are submitted.

SIX GOOD FAITH EFFORTS, 40 CFR, Part 33, Subpart C

Pursuant to 40 CFR, Section 33.301, the recipient agrees to make the following good faith efforts whenever procuring construction, equipment, services and supplies under an EPA financial assistance agreement, and to require that sub-recipients, loan recipients, and prime contractors also comply. Records documenting compliance with the six good faith efforts shall be retained:

- (a) Ensure DBEs are made aware of contracting opportunities to the fullest extent practicable through outreach and recruitment activities. For Indian Tribal, State and Local and Government recipients, this will include placing DBEs on solicitation lists and soliciting them whenever they are potential sources.
- (b) Make information on forthcoming opportunities available to DBEs and arrange time frames for contracts and establish delivery schedules, where the requirements permit, in a way that encourages and facilitates participation by DBEs in the competitive process. This includes, whenever possible, posting solicitations for bids or proposals for a minimum of 30 calendar days before the bid or proposal closing date.
- (c) Consider in the contracting process whether firms competing for large contracts could subcontract with DBEs. For Indian Tribal, State and local Government recipients, this will include dividing total requirements when economically feasible into smaller tasks or quantities to permit maximum participation by DBEs in the competitive process.
- (d) Encourage contracting with a consortium of DBEs when a contract is too large for one of these firms to handle individually.
- (e) Use the services and assistance of the SBA and the Minority Business Development Agency of the Department of Commerce.
- (f) If the prime contractor awards subcontracts, require the prime contractor to take the steps in paragraphs (a) through (e) of this section.

CONTRACT ADMINISTRATION PROVISIONS, 40 CFR, Section 33.302

The recipient agrees to comply with the contract administration provisions of 40 CFR, Section 33.302.

BIDDERS LIST, 40 CFR, Section 33.501(b) and (c)

Recipients of a Continuing Environmental Program Grant or other annual reporting grant, agree to create and maintain a bidders list. Recipients of an EPA financial assistance agreement to capitalize a revolving loan fund also agree to require entities receiving identified loans to create and maintain a bidders list if the recipient of the loan is subject to, or chooses to follow, competitive bidding requirements. Please see 40 CFR, Section 33.501 (b) and (c) for specific requirements and exemptions.

3. ANNUAL FFR (INTERIM) PURSUANT TO 2 CFR 200.327

Pursuant to 2 CFR 200.327, EPA recipients shall submit an interim annual Federal Financial Report (FFR, SF-425) to EPA no later than 90 calendar days following the

anniversary of the award date. The form is available on the internet at:
<http://www2.epa.gov/financial/forms>.

The following reporting period end dates shall be used for interim annual reports: 3/31, 6/30, 9/30, or 12/31.

At the end of the project, the recipient must submit a final FFR to EPA no later than 90 calendar days after the end of the project period. The form is available on the internet at: <http://www2.epa.gov/financial/forms>. All FFRs must be submitted to the Las Vegas Finance Center (LVFC) via email LVFC-grants@epa.gov.

Programmatic Conditions

Cleanup Terms and Conditions

Please note that these Terms and Conditions (T&Cs) apply to Brownfields Cleanup Cooperative Agreements awarded under CERCLA § 104(k).

I. GENERAL FEDERAL REQUIREMENTS

A. Federal Policy and Guidance

1. a. Cooperative Agreement Recipients: By awarding this cooperative agreement, the Environmental Protection Agency (EPA) has approved the proposal for the Cooperative Agreement Recipient (CAR) submitted in the Fiscal Year 2017 competition for Brownfields cleanup cooperative agreements. *However, the CAR may not expend ("draw down") funds to carry out this agreement until the EPA Project Officer approves the final workplan.*
- b. In implementing this agreement, the CAR shall ensure that work done with cooperative agreement funds complies with the requirements of the CERCLA § 104(k). The CAR shall also ensure that cleanup activities supported with cooperative agreement funding comply with all applicable federal and state laws and regulations. The CAR must ensure cleanups are protective of human health and the environment.
- c. The CAR must consider whether it is required to conduct cleanups under a State or Tribal response program. If the CAR chooses not to participate in a State or Tribal response program, then the CAR is required to consult with EPA to ensure the proposed cleanup is protective of human health and the environment.
- d. *If the State or Tribe does not have a promulgated Response Program, then the CAR is required to consult with EPA to ensure protectiveness of human health and the environment.*
- e. A term and condition or other legally binding provision shall be included in all agreements entered into with the funds, or when funds awarded under this agreement are used in combination with non-federal sources of funds, to ensure that the CAR complies with all applicable federal and state laws and requirements. In addition to CERCLA § 104(k), federal applicable laws and requirements include 2 CFR Part 200.

- f. The CAR must comply with federal cross-cutting requirements. These requirements include, but are not limited to, DBE requirements found at 40 CFR 33; OSHA Worker Health & Safety Standard 29 CFR 1910.120; the Uniform Relocation Act; National Historic Preservation Act; Endangered Species Act; and Permits required by Section 404 of the Clean Water Act; Executive Order 11246, Equal Employment Opportunity, and implementing regulations at 41 CFR 60-4; Contract Work Hours and Safety Standards Act, as amended (40 USC § 327-333) the Anti-Kickback Act (40 USC § 276c) and Section 504 of the Rehabilitation Act of 1973 as implemented by Executive Orders 11914 and 11250.
- g. The CAR must comply with Davis-Bacon Act prevailing wage requirements and associated U.S. Department of Labor (DOL) regulations for all construction, alteration and repair contracts and subcontracts awarded with funds provided under this agreement. For more detailed information on complying with Davis-Bacon please see the Davis-Bacon Addendum to these terms and conditions. *(EPA Project Officer must attach appropriate Davis-Bacon term and condition to this particular cooperative agreement.)*

II. SITE OWNERSHIP/RECIPIENT ELIGIBILITY REQUIREMENTS

A. Site Ownership

1. The CAR may only clean-up sites *it solely owns*. The CAR must retain ownership of the site throughout the period of performance. For the purposes of this agreement, the term "owns" means fee simple title unless EPA Headquarters previously approved a different ownership arrangement.

B. Obligations for CARs Asserting a Limitation on Liability from CERCLA § 107

1. EPA awarded this cooperative agreement to the CAR based on information indicating that the CAR would not use cooperative agreement funds to pay for a response cost at the site for which the CAR was potentially liable under CERCLA § 107. If the CAR is not potentially liable based on its status as either a Bona Fide Prospective Purchaser (BFPP), Contiguous Property Owner (CPO), or Innocent Land Owner (ILO), the CAR must meet certain continuing obligations in order to maintain its status. If the CAR fails to meet these obligations, EPA may disallow the costs incurred under this cooperative agreement for cleaning up the site under CERCLA § 104(k)(7)(C). These continuing obligations include:
 - (1) complying with any land use restrictions established or relied on in connection with the response action at the vessel or facility and not impeding the effectiveness or integrity of institutional controls;
 - (2) taking reasonable steps with respect to hazardous substance releases;
 - (3) providing full cooperation, assistance, and access to persons that are authorized to conduct response actions or natural resource restoration; and
 - (4) complying with information requests and administrative subpoenas and legally required notices (applies to the criteria for BFPPs and CPOs).

Notwithstanding the CAR's continuing obligations under this agreement, the CAR is subject to the applicable liability provisions of CERCLA governing its status as

a BFPP, CPO, or ILO. CERCLA requires additional obligations to maintain the liability limitations for BFPP, CPO, and ILO; the relevant provisions for these obligations include §§ 101(35), 101(40), 107(b), 107(q) and 107(r).

C. Site Substitution and Cleanup Method Changes

1. The CAR must use funds provided by this agreement to clean up the brownfield site in the EPA approved workplan. The CAR may not substitute a different brownfield site.
2. The CAR may not make substantial changes to the cleanup method described in the workplan, including changes to the expected cleanup are necessary based on public comment or other reasons, without prior EPA approval.

III. GENERAL COOPERATIVE AGREEMENT ADMINISTRATIVE REQUIREMENTS

A. Term of the Agreement

1. The term of this agreement is three years from the date of award, unless otherwise extended by EPA at the CAR's request.
2. If after 18 months from the date of award, EPA determines that the CAR has not made sufficient progress in implementing its cooperative agreement, the recipient must implement a corrective action plan approved by the EPA Project Officer. Alternatively, EPA may terminate this agreement under 2 CFR 200.339 for material non-compliance with its terms, or with the consent of the CAR as provided at 2 CFR 200.339. For purposes of cleanup cooperative agreements, "sufficient progress in implementing a cooperative agreement" means that an appropriate remediation plan is in place, institutional control development, if necessary, has commenced, initial community involvement activities have taken place, relevant state or tribal pre-cleanup requirements are being addressed and a solicitation for remediation services has been issued.

B. Substantial Involvement

1. EPA may be substantially involved in overseeing and monitoring this cooperative agreement.
 - a. Substantial involvement by the EPA generally includes administrative activities by the Project Officer such as monitoring, review of project phases, and approving substantive terms included in professional services contracts.
 - b. Substantial EPA involvement may include review of financial and program performance reports and monitoring all reporting, record-keeping, and other program requirements.
 - c. EPA may waive any of the provisions in Term and Condition III.B.1. at its own initiative or upon request by the CAR. EPA will provide waivers in writing.
2. Effect of EPA's substantial involvement includes:
 - a. EPA's review of any project phase, document, or cost incurred under this cooperative agreement, will not have any effect upon CERCLA § 128 *Eligible Response Site* determinations or for rights, authorities, and actions under CERCLA or any federal statute.

- b. The CAR remains responsible for ensuring that all cleanups are protective of human health and the environment and comply with all applicable federal and state laws.
- c. The CAR remains responsible for ensuring costs are allowable under 2 CFR 200 Subpart E.

C. Cooperative Agreement Recipient Roles and Responsibilities

1. The CAR must acquire the services of a qualified environmental professional(s) to coordinate, direct, and oversee the brownfields cleanup activities at a particular site, if they do not have such a professional on staff.
2. The CAR is responsible for ensuring that contractors and subrecipients comply with the terms of their agreements with the CAR, and that agreements between the CAR and subrecipients and contractors are consistent with the terms and conditions of this agreement.
3. Subawards are defined at 2 CFR 200.92. The CAR may not subaward to for-profit organizations. The CAR must obtain commercial services and products necessary to carry out this agreement under competitive procurement procedures as described in 2 CFR Part 200.317 through 200.326. In addition, EPA policy encourages awarding subawards competitively and the CAR must consider awarding subawards through competition.
4. **Competency of Organizations Generating Environmental Measurement Data** : In accordance with Agency Policy Directive Number FEM-2012-02, Policy to Assure the Competency of Organizations Generating Environmental Measurement Data under Agency-Funded Assistance Agreements, the CAR agrees, by entering into this agreement, that it has demonstrated competency prior to award, or alternatively, where a pre-award demonstration of competency is not practicable, the CAR agrees to demonstrate competency prior to carrying out any activities under the award involving the generation or use of environmental data. The CAR shall maintain competency for the duration of the project period of this agreement and this will be documented during the annual reporting process. A copy of the Policy is available online at http://www.epa.gov/fem/lab_comp.htm or a copy may also be requested by contacting the EPA Project Officer for this award. award.
5. *The CAR will provide project updates to the State Brownfields or Voluntary Cleanup Program (VCP) contact on a regular basis.*
 - a. *The CAR will make the State aware of all site-specific sampling and/or cleanup activities to be initiated (if applicable).*
 - b. *The CAR will provide the State an opportunity to review and comment on all technical reports, including QAPPs, sampling plans, ABCAs, cleanup plans, and other technical reports.*
6. **Cybersecurity**
 - (a) The recipient agrees that when collecting and managing environmental data under this assistance agreement, it will protect the data by following all applicable State or Tribal law cybersecurity requirements.
 - (b) (1) EPA must ensure that any connections between the recipient's network or information system and EPA networks used by the recipient to transfer data

under this agreement, are secure. For purposes of this Section, a connection is defined as a dedicated persistent interface between an Agency IT system and an external IT system for the purpose of transferring information. Transitory, user-controlled connections such as website browsing are excluded from this definition. If the recipient's connections as defined above do not go through the Environmental Information Exchange Network or EPA's Central Data Exchange, the recipient agrees to contact the EPA Project Officer (PO) no later than 90 days after the date of this award and work with the designated Regional/Headquarters Information Security Officer to ensure that the connections meet EPA security requirements, including entering into Interconnection Service Agreements as appropriate. This condition does not apply to manual entry of data by the recipient into systems operated and used by EPA's regulatory programs for the submission of reporting and/or compliance data.

(2) The recipient agrees that any subawards it makes under this agreement will require the subrecipient to comply with the requirements in (b)(1) if the subrecipient's network or information system is connected to EPA networks to transfer data to the Agency using systems other than the Environmental Information Exchange Network or EPA's Central Data Exchange. The recipient will be in compliance with this condition: by including this requirement in subaward agreements; and during subrecipient monitoring deemed necessary by the recipient under 2 CFR 200.331(d), by inquiring whether the subrecipient has contacted the EPA Project Officer. Nothing in this condition requires the recipient to contact the EPA Project Officer on behalf of a subrecipient or to be involved in the negotiation of an Interconnection Service Agreement between the subrecipient and EPA.

D. Quarterly Progress Reports

1. In accordance with EPA regulations 2 CFR Parts 200 and 1500 (specifically, 200.328 *monitoring and reporting program performance*), the CAR agrees to submit quarterly progress reports to the EPA Project Officer within thirty days after each reporting period. These reports shall cover work status, work progress, difficulties encountered, preliminary data results and a statement of activity anticipated during the subsequent reporting period, including a description of equipment, techniques, and materials to be used or evaluated. A discussion of expenditures and financial status for each workplan task, along with a comparison of the percentage of the project completed to the project schedule and an explanation of significant discrepancies shall be included in the report. The report shall also include any changes of key personnel concerned with the project.

Quarterly progress reports must clearly differentiate which activities were completed with EPA funds provided under the Brownfield cleanup cooperative agreement, versus any other funding source used to help accomplish project activities.

In addition, the report shall include brief information on each of the following areas: 1) a comparison of actual accomplishments to the anticipated outputs/outcomes specified in the cooperative agreement workplan; 2) reasons why anticipated outputs/outcomes were not met; and 3) other pertinent information, including, when appropriate, analysis and explanation of cost overruns or high unit costs. The CAR agrees that it will notify EPA of problems, delays, or adverse conditions which materially impair the ability to meet the

outputs/outcomes specified in the cooperative agreement workplan.

2. The CAR must submit progress report on a quarterly basis to the EPA Project Officer.
quarterly progress report must include:
 - a. Summary and status of approved activities performed during the reporting quarter; summary of the performance outputs/outcomes achieved during the reporting quarter; and a description of problems encountered or difficulties during the reporting quarter that may affect the project schedule.
 - b. An update on project schedule and milestones; including an explanation of any discrepancies from the approved workplan.
 - c. A budget recap summary table with the following information: current approved project budget; costs incurred during the reporting quarter; costs incurred to date (cumulative expenditures); and total remaining funds. The CAR should include an explanation of any discrepancies in the budget from the approved workplan.
3. If the CAR makes any subawards under this agreement, then it becomes a pass-through entity under the "Establishing and Managing Subaward" General Term and Condition of this agreement. As the pass-through entity, the CAR must report to EPA on its subaward monitoring activities under 2 CFR 200.331(d), including the following information on subawards as part of the CAR's quarterly performance reporting:
 - a. Summaries of results of reviews of financial and programmatic reports.
 - b. Summaries of findings from site visits and/or desk reviews to ensure effective subrecipient performance.
 - c. Environmental results the subrecipient achieved.
 - d. Summaries of audit findings and related pass-through entity management decisions.
 - e. Actions the pass-through entity has taken to correct any deficiencies such as those specified at 2 CFR 200.331(e), 2 CFR 200.207 and the 2 CFR Part 200.338 Remedies for Noncompliance.
4. The CAR must maintain records that will enable it to report to EPA on the amount of funds disbursed by the CAR on the specific property under this cooperative agreement.
5. In accordance with 2 CFR 200.328(d)(1), the CAR agrees to inform EPA as soon as problems, delays, or adverse conditions become known which will materially impair the ability to meet the outputs/outcomes specified in the approved workplan.

E. Property Profile Submission

1. The CAR must report on interim progress (i.e., cleanup started) and any final accomplishments (i.e., cleanup completed, contaminants removed, Institution Controls, Engineering Controls) by completing and submitting relevant portions of the Property Profile Form using the Brownfields Program on-line reporting system, known as Assessment, Cleanup and Redevelopment Exchange System (ACRES). The CAR must enter the data in ACRES as soon as any interim action or final accomplishment has occurred, or within 30 days after the end of each reporting quarter. EPA will provide the CAR with training prior to obtaining access to ACRES. The training is required to obtain access to ACRES. The CAR must utilize the ACRES system unless approval is obtained from the regional Project Officer to utilize and submit the Property Profile Form instead.

2. *The CAR must obtain approval from the EPA Project Officer before expending cooperative agreement funds to purchase adequate computer supplies to complete online reporting activities.*

F. Final Technical Cooperative Agreement Report with Environmental Results

1. In accordance with EPA regulations 2 CFR Parts 200 and 1500 (specifically, 200.328 *monitoring and reporting program performance*), the CAR agrees to submit to the EPA Project Officer within 90 days after the expiration or termination of the approved project period a final technical report on the cooperative agreement and at least one reproducible copy suitable for printing. The final technical report shall document project activities over the entire project period and shall include brief information on each of the following areas: 1) a comparison of actual accomplishments with the anticipated outputs/outcomes specified in the assistance agreement workplan; 2) reasons why anticipated outputs/outcomes were not met; and 3) other pertinent information, including, when appropriate, analysis and explanation of cost overruns or high unit costs. The CAR agrees that it will notify EPA of problems, delays, or adverse conditions which materially impair the ability to meet the outputs/outcomes specified in the cooperative agreement workplan.

G. Conflict of Interest

1. The CAR shall establish and enforce conflict of interest provisions that prevent the award of subawards that create real or apparent personal conflicts of interest or the appearance of the CAR's lack of impartiality. Such situations include, but are not limited to, situations in which an employee, official, consultant, contractor, or other individual associated with the CAR (affected party) approves or administers a subaward to a subrecipient in which the affected party has a financial or other interest. Such a conflict of interest or appearance of lack of impartiality may arise when:
 - (i) The affected party,
 - (ii) Any member of his immediate family,
 - (iii) His or her partner, or
 - (iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the subrecipient.

Affected employees will neither solicit nor accept gratuities, favors, or anything of monetary value from subrecipients. Recipients may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards of conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by affected parties.

IV. FINANCIAL ADMINISTRATION REQUIREMENTS

A. Cost Share Requirement

1. CERCLA § 104(k) (9)(B)(iii) requires that the recipient of this cooperative agreement pay a cost share (which may be in the form of a contribution of money, labor, material, or services from a non-federal source) of at least 20 percent (i.e.

20 percent of the total federal funds awarded). The cost share contribution must be for costs that are eligible and allowable under the cooperative agreement and must be supported by adequate documentation.

B. Eligible Uses of the Funds for the Cooperative Agreement Recipient

1. To the extent allowable under the EPA-approved workplan, cooperative agreement funds may be used for programmatic expenses necessary to clean up sites. Eligible programmatic expenses include activities described in Section V. of these Terms and Conditions. In addition, eligible programmatic expenses may include:
 - a. Ensuring cleanup activities at a particular site are authorized by CERCLA § 104(k) and the EPA approved workplan;
 - b. Ensuring that a cleanup complies with applicable requirements under federal and state laws, as required by CERCLA § 104(k);
 - c. Using a portion of the cooperative agreement funds to purchase environmental insurance for the remediation of the site. Funds may not be used to purchase insurance intended to provide coverage for any of the ineligible uses under Section IV.C.; and
 - d. Any other eligible programmatic costs including direct costs incurred by the recipient in reporting to EPA; procuring and managing contracts; awarding and managing subawards to the extent allowable in Section IV.C.2.; and carrying out community involvement pertaining to the cleanup activities.
2. ***Local Governments Only.*** No more than 10% of the funds awarded by this agreement may be used by the CAR itself as a programmatic cost for brownfields program development and implementation (including monitoring of health and institutional controls) as described in the EPA approved workplan. The CAR must maintain records on funds that will be used to carry out these tasks as identified in its EPA approved workplan to ensure compliance with this requirement

C. Ineligible Uses of the Funds for the Cooperative Agreement Recipient

1. Cooperative agreement funds shall not be used by the CAR for any of the following activities:
 - a. Pre-cleanup environmental assessment activities such as site assessment, identification, and characterization with the exception of site monitoring activities that are reasonable and necessary during the cleanup process, including determination of the effectiveness of a cleanup;
 - b. Monitoring and data collection necessary to apply for, or comply with, environmental permits under other federal and state laws, unless such a permit is required as a component of the cleanup action;
 - c. Construction, demolition, and site development activities that are not cleanup actions (e.g., marketing of property or construction of a new facility or addressing public or private drinking water supplies that have deteriorated through ordinary use);
 - d. Job training unrelated to performing a specific cleanup at a site covered by the

cooperative agreement;

- e. To pay for a penalty or fine;
 - f. To pay a federal cost share requirement (for example, a cost-share required by another federal grant) unless there is specific statutory authority;
 - g. To pay for a response cost at a brownfields site for which the CAR is potentially liable under CERCLA § 107;
 - h. To pay a cost of compliance with any federal law, excluding the cost of compliance with laws applicable to the cleanup; and
 - i. Unallowable costs (e.g., lobbying and fund raising) under 2 CFR 200 Subpart E.
2. Under CERCLA § 104(k)(4)(B), administrative costs are prohibited costs under this agreement. Prohibited administrative costs include all indirect costs incurred by the CAR under 2 CFR Part 225 (for state, local and tribal governments) or 2 CFR Part 230 (non-profit organizations), as applicable.
- a. Ineligible administrative costs include costs incurred in the form of salaries, benefits, contractual costs, supplies, and data processing charges, incurred to comply with most provisions of the *Uniform Administrative Requirements for Cost Principles and Audit Requirements for Federal Awards* at 2 CFR 200 and 1500. Direct costs for cooperative agreement administration, with the exception of costs specifically identified as eligible programmatic costs, are ineligible even if the CAR is required to carry out the activity under the cooperative agreement. Costs incurred to report quarterly performance to EPA under the cooperative agreement are eligible.
 - b. Ineligible cooperative agreement administration costs include direct costs for:
 - (1) Preparation of applications for brownfields grants;
 - (2) Record retention required under 2 CFR 1500.6;
 - (3) Record-keeping associated with equipment purchases required under 2 CFR 200.313;
 - (4) Preparing revisions and changes in the budgets, scopes of work, program plans and other activities required under 2 CFR 200.308;
 - (5) Maintaining and operating financial management systems required under 2 CFR 200.302;
 - (6) Preparing payment requests and handling payments under 2 CFR 200.305;
 - (7) Non-federal audits required under 2 CFR 200 Subpart F; and
 - (8) Close out under 2 CFR 200.343.

- c. *The CAR must not include management fees or similar charges in excess of the direct costs or at the rate provided for by the terms of the agreement negotiated with EPA. The term "management fees or similar charges" refers to expenses added to the direct costs in order to accumulate and reserve funds for ongoing business expenses, unforeseen liabilities, or for other similar costs that are not allowable under EPA assistance agreements. Management fees or similar charges may not be used to improve or expand the project funded under this agreement, except to the extent authorized as a direct cost of carrying out the scope of work.*
3. Cooperative agreement funds may not be used for any of the following properties:
 - a. Facilities listed, or proposed for listing, on the National Priorities List (NPL);
 - b. Facilities subject to unilateral administrative orders, court orders, and administrative orders on consent or judicial consent decree issued to or entered by parties under CERCLA;
 - c. Facilities that are subject to the jurisdiction, custody or control of the United States government except for land held in trust by the United States government for an Indian tribe; or
 - d. A site excluded from the definition of a brownfields site for which EPA has not made a property-specific funding determination.

D. Interest-Bearing Accounts and Program Income

1. The CAR must deposit advances of cooperative agreement funds and program income (i.e. fees) in an interest bearing account.
 - a. For interest earned on advances, CARs are subject to the provisions of 2 CFR 200.305(b)(7)(ii) relating to remitting interest on advances to EPA on a quarterly basis.
 - b. Any program income earned by the CAR will be added to the funds EPA has committed to this agreement and used only for eligible and allowable costs under the agreement as provided in 2 CFR 200.307 and 2 CFR 1500.7, as applicable.
 - c. Interest earned on program income is considered additional program income.
 - d. The CAR must disburse program income (including interest earned on program income) before requesting additional payments from EPA as required by 2 CFR 1500.8.

V. CLEANUP ENVIRONMENTAL REQUIREMENTS

A. Authorized Cleanup Activities

1. The CAR shall prepare an analysis of brownfields cleanup alternatives (ABCA) or equivalent state Brownfields program document which will include information about the site and contamination issues (i.e., exposure pathways, identification of

contaminant sources, etc.); cleanup standards; applicable laws; alternatives considered; and the proposed cleanup. The evaluation of alternatives must include effectiveness, ability to implement, and the cost of the response proposed. The evaluation of alternatives must also consider the resilience of the remedial options in light of reasonably foreseeable changing climate conditions (e.g., sea level rise, increased frequency and intensity of flooding and/or extreme weather events, etc.). The alternatives may additionally consider the degree to which they reduce greenhouse gas discharges, reduce energy use or employ alternative energy sources, reduce volume of wastewater generated/disposed, reduce volume of materials taken to landfills, and recycle and re-use materials generated during the cleanup process to the maximum extent practicable. The evaluation will include an analysis of reasonable alternatives including no action. The cleanup method chosen must be based on this analysis.

2. Prior to conducting or engaging in any on-site activity with the potential to impact historic properties (such as invasive sampling or cleanup), the CAR shall consult with EPA regarding potential applicability of the National Historic Preservation Act (NHPA) and, if applicable, shall assist EPA in complying with any requirements of the NHPA and implementing regulations.

B. Quality Assurance (QA) Requirements

1. If environmental data are to be collected as part of the brownfields cleanup (e.g., cleanup verification sampling, post-cleanup confirmation sampling), the CAR shall comply with 2 CFR 1500.11 requirements to develop and implement quality assurance practices sufficient to produce data adequate to meet project objectives and to minimize data loss. State law may impose additional QA requirements.
2. *The CAR must have an EPA approved Quality Assurance Project Plan (QAPP) in place before beginning any sampling activities, funded wholly or in part by this agreement. The CAR should allow EPA adequate time (generally 45 days) for review and approval. The QAPP should be consistent with the EPA Region 4's Brownfields Quality Assurance Project Plans (QAPPs) Instructions, dated 2017 or later.*

C. Community Relations and Public Involvement in Cleanup Activities

1. All cleanup activities require a site-specific community relations plan that includes providing reasonable notice, opportunity for involvement, response to comments, and administrative records that are available to the public.
2. The CAR agrees to clearly reference EPA investments in the project during all phases of community outreach outlined in the EPA-approved workplan, which may include the development of any post-project summary or success materials that highlight achievements to which this project contributed. Specifically:
 - a. If any document, fact sheet, and/or web material are developed as part of this cooperative agreement, then they shall include the following statement:
"Though this project has been funded, wholly or in part, by EPA, the contents of this document do not necessarily reflect the views and policies of EPA."
 - b. If a sign is developed, as part of a project funded by this cooperative agreement, then the sign shall include either a statement (e.g., this project has been funded, wholly or in part, by EPA) and/or EPA's logo acknowledging

that EPA is a source of funding for the project. The EPA logo may be used on project signage when the sign can be placed in a visible location with direct linkage to site activities. Use of the EPA logo must follow the sign specifications available at: <http://www.epa.gov/ogd/tc.htm>.

3. The CAR agrees to notify the EPA Project Officer listed in this award document of public or media events publicizing the accomplishment of significant events related to construction and/or site reuse projects as a result of this agreement, and provide the opportunity for attendance and participation by federal representatives with at least ten (10) working days' notice.
4. To increase public awareness of projects serving communities where English is not the predominant language, recipients are encouraged to include in their outreach strategies communication in non-English languages. Translation costs for this purpose are allowable, provided the costs are reasonable.

D. Administrative Record

1. The CAR shall establish an administrative record that contains the documents that form the basis for the selection of a cleanup plan. Documents in the administrative record shall include an ABCA with reasonable alternatives including no action; site investigation reports; the cleanup plan; cleanup standards used; responses to public comments; and verification that shows that cleanup is complete. The CAR shall keep the administrative record available at a location convenient to the public and make it available for inspection. The administrative records must be retained for three years after the termination of the closeout agreement subject to any requirements for maintaining records of site cleanups ongoing at the time of termination.

E. Implementation of Cleanup Activities

1. The CAR shall ensure the adequacy of each cleanup in protecting human health and the environment as it is implemented.
2. If the CAR is unable or unwilling to complete the cleanup, the CAR shall ensure that the site is secure. The CAR shall notify the appropriate state agency and the EPA to ensure an orderly transition should additional activities become necessary.

F. Completion of Cleanup Activities

1. The CAR shall ensure that the successful completion of a cleanup is properly documented. This must be done through a final report or letter from a qualified environmental professional, or other documentation provided by a State or Tribe that shows cleanup is complete. This documentation needs to be included as part of the administrative record.

2. *A site is considered cleaned up when a "clean" or "no further action" letter (or its equivalent) has been issued by the state or tribe under its voluntary response program (or its equivalent; or the environmental professional has determined and documented that cleanup at the site is complete, including institutional or engineering controls are in place and functional. Operation and maintenance activities and monitoring may continue after a "cleaned up" designation has been made.*

VI. OTHER REQUIREMENTS

A. Inclusion of Additional Terms and Conditions in Cleanup Documents

1. The CAR shall meet the cleanup and other program requirements of the cleanup cooperative agreement including:
 - a. In accordance with 2 CFR 1500.11, the CAR shall maintain records for a minimum of three years following completion of the cleanup financed all or in part with cleanup cooperative agreement funds. The CAR shall provide access to records relating to cleanups supported with cleanup cooperative agreement funds to authorized representatives of the Federal government.
 - b. The CAR has an ongoing obligation to advise EPA if they are assessed any penalties resulting from environmental non-compliance at the site subject to this agreement.

VII. PAYMENT AND CLOSEOUT

For the purposes of these terms and conditions, the following definitions apply: "payment" is the EPA's transfer of funds to the CAR; "close out" refers to the process that EPA follows to ensure that all administrative actions and work required under the cooperative agreement have been completed.

A. Payment Schedule

1. **Alternate 1.** If the approved budget for the project includes a substantial amount of construction costs, EPA will pay the CAR on a reimbursement basis. The CAR must submit documentation of obligations and expenses incurred under the agreement to the EPA Project Officer for approval prior to obtaining payment from EPA.
2. **Alternate 2.** If the approved budget for the project includes construction costs, EPA will pay the CAR on a progress payment basis provided the recipient can document that it incurred costs that require disbursements equal to the amount of the progress payment.
3. **Alternate 3.** (Approved budget does not include construction costs) The CAR will be paid in advance provided it has funds management controls in place which meet the requirements of 2 CFR 200.302, as applicable.

B. Schedule for Closeout

1. Closeout will be conducted in accordance with 2 CFR 200.343. EPA will close out the award when it determines that all applicable administrative actions and all required work of the under the cooperative agreement have been completed.

2. The CAR, within 90 days after the expiration or termination of the grant, must submit all financial, performance, and other reports required as a condition of the cooperative agreement 2 CFR Part 200.

a. The CAR must submit the following documentation:

(1) The Final Technical Cooperative Agreement Report as described in Section III.F. of these Terms and Conditions.

(2) A Final Federal Financial Report (FFR - SF425). Submitted to:

US EPA, Las Vegas Finance Center
4220 S. Maryland Pkwy, Bldg C, Rm 503
Las Vegas, NV 89119
<https://www.epa.gov/financial/grants>

(3) A Final MBE/WBE Report (EPA Form 5700-52A). Submitted to the regional office.

b. The CAR must ensure that all appropriate data has been entered into ACRES or all Property Profile Forms are submitted to the Region.

c. The CAR must immediately refund to EPA any balance of unobligated (unencumbered) cash advanced that is not authorized to be retained for use on other cooperative agreements.

Davis Bacon Term and Condition
For
Hazardous Waste Cleanup Cooperative Agreements to Governmental
Entities

DAVIS BACON PREVAILING WAGE TERM AND CONDITION

The following terms and conditions specify how Cooperative Agreement Recipients (CARs) will assist EPA in meeting its Davis-Bacon (DB) responsibilities when DB applies to EPA awards of financial assistance under any statute which makes DB applicable to EPA financial assistance. If a CAR has questions regarding when DB applies, obtaining the correct DB wage determinations, DB contract provisions, or DB compliance monitoring, they should contact the regional Brownfields Coordinator or Project Officer.

1. Applicability of the Davis Bacon Prevailing Wage Requirements

For the purposes of this term and condition, EPA has determined that all construction, alteration and repair activity involving the remediation of hazardous substances, including excavation and removal of hazardous substances, construction of caps, barriers, structures which house treatment equipment, and abatement of contamination in buildings, is subject to DB. If CAR encounters a unique situation at a site that presents uncertainties regarding DB applicability, the CAR must discuss the situation with EPA before authorizing work on that site.

2. Obtaining Wage Determinations

(a) Unless otherwise instructed by EPA on a project specific basis, the CAR shall use the following DOL General Wage Classifications for the locality in which the

construction activity subject to DB will take place. CARs must obtain wage determinations for specific localities at www.wdol.gov.

- (i) When soliciting competitive contracts or issuing task orders, work assignments or similar instruments to existing contractors (ordering instruments) for, the excavation and removal of hazardous substances, construction of caps, barriers, and similar activities that do not involve construction of buildings CAR shall use the "Heavy Construction" Classification.
- (ii) When soliciting competitive contracts or issuing ordering instruments for the construction of structures which house treatment equipment, and abatement of contamination in buildings (other than residential structures less than 4 stories in height) CAR shall use "Building Construction" classification.
- (iii) When soliciting competitive contracts or issuing ordering instruments for the abatement of contamination in residential structures less than 4 stories in height the CAR shall use "Residential Construction" classification.

Note: CARs must discuss unique situations that may not be covered by the General Wage Classifications described above with EPA. If, based on discussions with a CAR, EPA determines that DB applies to a unique situation the Agency will advise the CAR which General Wage Classification to use based on the nature of the construction activity at the site.

(b) CARs shall obtain the wage determination for the locality in which a Brownfields cleanup activity subject to DB will take place *prior* to issuing requests for bids, proposals, quotes or other methods for soliciting contracts (solicitation) for activities subject to DB. These wage determinations shall be incorporated into solicitations and any subsequent contracts. Prime contracts must contain a provision requiring that subcontractors follow the wage determination incorporated into the prime contract.

- (i) While the solicitation remains open, the CAR shall monitor www.wdol.gov on a weekly basis to ensure that the wage determination contained in the solicitation remains current. The CAR shall amend the solicitation if DOL issues a modification more than 10 days prior to the closing date (i.e. bid opening) for the solicitation. If DOL modifies or supersedes the applicable wage determination less than 10 days prior to the closing date, the CAR may request a finding from EPA that there is not a reasonable time to notify interested contractors of the modification of the wage determination. EPA will provide a report of the Agency's finding to the CAR.
- (ii) If the CAR does not award the contract within 90 days of the closure of the solicitation, any modifications or determination contained in the solicitation shall be effective unless EPA, at the request of the CAR, obtains an extension of the 90 day period from DOL pursuant to 29 CFR 1.6(c)(3)(iv). The CAR shall monitor www.wdol.gov on a weekly basis if it does not award the contract within 90 days of closure of the solicitation to ensure that wage determinations contained in the solicitation remain current.
- (iii) If the CAR carries out Brownfield cleanup activity subject to DB by issuing a task order, work assignment or similar instrument to an existing contractor (ordering instrument) rather than by publishing a solicitation, the CAR shall insert the appropriate DOL wage determination from www.wdol.gov into the ordering instrument.

(c) CARs shall review all subcontracts subject to DB entered into by prime contractors to verify that the prime contractor has required its subcontractors to include the applicable wage determinations.

(d) As provided in 29 CFR 1.6(f), DOL may issue a revised wage determination applicable to a CAR's contract after the award of a contract or the issuance of an ordering instrument if DOL determines that the CAR has failed to incorporate a wage determination or has used a wage determination that clearly does not apply to the contract or ordering instrument. If this occurs, the CAR shall either terminate the contract or ordering instrument and issue a revised solicitation or ordering instrument or incorporate DOL's wage determination retroactive to the beginning of the contract or ordering instrument by change order. The CAR's contractor must be compensated for any increases in wages resulting from the use of DOL's revised wage determination.

3. Contract and Subcontract Provisions

(a) The CAR shall insert in full in any contract in excess of \$2,000 which is entered into for the actual construction, alteration and/or repair, including painting and decorating, of a public building or public work, or building or work financed in whole or in part from Federal funds or in accordance with guarantees of a Federal agency or financed from funds obtained by pledge of any contract of a Federal agency to make a loan, grant or annual contribution (except where a different meaning is expressly indicated), and which is subject to DB, the following labor standards provisions.

(1) Minimum wages.

(i) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the applicable wage determination of the Secretary of Labor which the CAR obtained under the procedures specified in Item 2, above, and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers. CARs shall require that the contractor and subcontractors include the name of the CAR employee or official responsible for

monitoring compliance with DB on the poster.

(ii)(A) The CAR, on behalf of EPA, shall require that contracts and subcontracts entered into under this agreement provide that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The EPA Award Official shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the CAR agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the CAR to the EPA Award Official. The Award Official will transmit the report, to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the award official or will notify the award official within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the CAR do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the award official shall refer the questions, including the views of all interested parties and the recommendation of the award official, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the Award Official within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii)(B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(1) Withholding. The CAR, upon written request of the Award Official or an authorized

representative of the Department of Labor, shall withhold or cause to withhold from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, EPA may, after written notice to the contractor, or CAR take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(2) Payrolls and basic records.

(i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the CAR who will maintain the records on behalf of EPA. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <https://www.dol.gov/whd/programs/dbra/wh347.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the CAR for transmission to the EPA, if requested by EPA, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the CAR.

(B) Each payroll submitted to the CAR shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, 29 CFR Part 5, the appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, 29 CFR Part 5, and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR Part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the EPA or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, EPA may, after written notice to the contractor, CAR, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and Trainees

(i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the

applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

(5) Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR Part 3, which are incorporated by reference in this contract.

(6) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the EPA

may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this term and condition.

(7) Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors), the CAR, borrower or subrecipient and EPA, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility.

(i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

4. Contract Provisions for Contracts in Excess of \$100,000

(a) Contract Work Hours and Safety Standards Act. The **CAR** shall insert the following clauses set forth in paragraphs (a)(1), (2), (3), and (4) of this section in full in any contract in an amount in excess of \$100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by Item 3, above or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (a)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards,

employed in violation of the clause set forth in paragraph (a)(1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (a)(1) of this section.

(3) Withholding for unpaid wages and liquidated damages. The **CAR**, upon written request of the Award Official or an authorized representative of the Department of Labor, shall withhold or cause to withhold from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (a)(2) of this section.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (a)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (a)(1) through (4) of this section.

(b) In addition to the clauses contained in Item 3, above, in any contract subject only to the Contract Work Hours and Safety Standards Act and not to any of the other statutes cited in 29 CFR 5.1, the CAR shall insert a clause requiring that the contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. Further, the CAR shall insert in any such contract a clause providing that the records to be maintained under this paragraph shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the (write the name of agency) and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

5. Compliance Verification

(a) The CAR shall periodically interview a sufficient number of employees entitled to DB prevailing wages (covered employees) to verify that contractors or subcontractors are paying the appropriate wage rates. As provided in 29 CFR 5.6(a)(6), all interviews must be conducted in confidence. The CAR must use Standard Form 1445 or equivalent documentation to memorialize the interviews. Copies of the SF 1445 are available from EPA on request.

(b) The CAR shall establish and follow an interview schedule based on its assessment of the risks of noncompliance with DB posed by contractors or subcontractors and the duration of the contract or subcontract. At a minimum, the CAR must conduct interviews with a representative group of covered employees within two weeks of each contractor or subcontractor's submission of its initial weekly payroll data and two weeks prior to the estimated completion date for the contract or subcontract. CARs must conduct more frequent interviews if the initial interviews or other information indicates that there is a risk that the contractor or subcontractor is not complying with DB. CARs shall immediately conduct necessary interviews in response to an alleged violation of the prevailing wage requirements. All interviews shall be conducted in confidence.

(c) The CAR shall periodically conduct spot checks of a representative sample of weekly payroll data to verify that contractors or subcontractors are paying the appropriate wage rates. The CAR shall establish and follow a spot check schedule based on its assessment of the risks of noncompliance with DB posed by contractors or subcontractors and the duration of the contract or subcontract. At a minimum, the CAR

must spot check payroll data within two weeks of each contractor or subcontractor's submission of its initial payroll data and two weeks prior to the completion date the contract or subcontract. CARs must conduct more frequent spot checks if the initial spot check or other information indicates that there is a risk that the contractor or subcontractor is not complying with DB. In addition, during the examinations the CAR shall verify evidence of fringe benefit plans and payments thereunder by contractors and subcontractors who claim credit for fringe benefit contributions.

(d) The CAR shall periodically review contractors and subcontractors use of apprentices and trainees to verify registration and certification with respect to apprenticeship and training programs approved by either the U.S Department of Labor or a state, as appropriate, and that contractors and subcontractors are not using disproportionate numbers of, laborers, trainees and apprentices. These reviews shall be conducted in accordance with the schedules for spot checks and interviews described in Item 5(b) and (c) above.

(e) CARs must immediately report potential violations of the DB prevailing wage requirements to the EPA DB contact listed above and to the appropriate DOL Wage and Hour District Office listed at <https://www.dol.gov/whd/america2.htm>. Data Competency: In accordance with the Competency Policy, as Project Officer, I have determined that the recipient meets the requirements for demonstration of competence through its supporting documentation applicable to its statement of work for this environmental program.

SUPPLEMENTAL BUDGET RESOLUTION NO. 17-69 - U.S. ENVIRONMENTAL PROTECTION AGENCY (EPA) CLEAN-UP GRANT AGREEMENT

RECOMMENDATION:

That City Council adopt Supplemental Budget Resolution No. 17-69.

A RESOLUTION AUTHORIZING AND MAKING REVISIONS AND APPROPRIATIONS FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2018; PROVIDING FOR AN EFFECTIVE DATE.

HEARING REQUIRED: No Hearing Required

SUMMARY:

A brownfield site is real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. In 2002, the Small Business Liability Relief and Brownfields Revitalization Act was passed to help states and communities around the country cleanup and revitalize brownfields sites. Under this law, EPA provides financial assistance to eligible applicants through four competitive grant programs: assessment grants, revolving loan fund grants, cleanup grants, and job training grants.

In December 2016, the City applied for a 2017 Brownfields Cleanup Grant awarded via a competitive process. On May 31, 2017, the City was notified its application was selected as one of the entities EPA would begin negotiations with to award a cooperative agreement for a cleanup grant for Community Maritime Park. On September 14, 2017, EPA mailed a Cooperative Agreement and Notice of Award to the City. The project period is October 01, 2017 through September 30, 2020.

EPA's Clean-Up grant program will provide \$200,000 over a three year period in direct funding for the City to support community outreach and activities associated with piling removal or shearing in City-owned submerged land off the Community Maritime Park. The cleanup site is a 35-acre submerged area of Pensacola Bay that historically housed commercial piers, an industrial repair dry dock for commercial ships, and a railroad freight terminal. It contains more than 500 creosote-treated poles.

RESOLUTION NO. 17-65 - AUTHORIZING A FINANCING IN THE PRINCIPAL AMOUNT OF \$25,000,000 TO FINANCE CAPITAL IMPROVEMENTS ELIGIBLE TO BE FINANCED FROM THE LOCAL GOVERNMENT INFRASTRUCTURE SURTAX.

RECOMMENDATION:

That City Council adopt Resolution No. 17-65.

A RESOLUTION AUTHORIZING THE ISSUANCE BY THE CITY OF PENSACOLA, FLORIDA OF AN INFRASTRUCTURE SALES SURTAX REVENUE BOND, SERIES 2017, IN THE PRINCIPAL AMOUNT OF \$25,000,000 TO FINANCE INFRASTRUCTURE CAPITAL IMPROVEMENTS WITHIN THE CITY; PLEDGING THE PLEDGED REVENUES FOR THE PAYMENT OF SAID SERIES 2017 BOND; PROVIDING FOR THE PAYMENT OF THE SERIES 2017 BOND AND THE EXECUTION OF THE RELATED FINANCING DOCUMENTS IN CONNECTION THEREWITH; AUTHORIZING THE AWARD OF THE SALE OF THE SERIES 2017 BOND; AUTHORIZING FURTHER OFFICIAL ACTION IN CONNECTION WITH THE DELIVERY OF THE SERIES 2017 BOND; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF INCONSISTENT PROVISIONS; AND PROVIDING AN EFFECTIVE DATE.

HEARING REQUIRED: No Hearing Required

SUMMARY:

On August 21, 2014, the Board of County Commissioners of the County enacted Ordinance No. 2014-32 authorizing the County to levy a one percent infrastructure sales surtax for a period commencing January 1, 2018 and concluding December 31, 2028 (referred to as LOST series IV), and provided that the distribution of the proceeds of the surtax to the incorporated municipalities of the County shall be as set forth in Section 218.62, Florida Statutes. Such levy was approved by referendum of the County's electorate on November 4, 2014.

On February 11, 2016, City Council approved Resolution 01-16 establishing its intent to reimburse certain capital expenditures incurred in connection with various capital projects eligible to be financed from the local

government infrastructure surtax with proceeds of a future tax exempt financing.

On September 20, 2017, City Council approved Resolution 17-63 adopting a final budget for fiscal year beginning October 1, 2017. As part of the fiscal year 2018 budget, the LOST Series IV plan was amended and approved. In order to provide funding for the projects over the next thirty-six (36) months, in addition to projected revenues, \$25 million is projected to be needed.

Request for Proposals for Non-Bank Qualified Tax-Exempt Bank Loans were sent to thirteen (13) banks. Five (5) proposals were received. The City's Financial Advisor, Mitch Owens with RBC Capital Markets, recommended BBVA Compass Bank as the best response with a fixed rate of 2.15% and \$5,000 in bank fees.

The loan will be an eleven (11) year financing at a fixed interest rate of 2.15%. Interest will be paid semi-annually on October 1 and April 1 of each year commencing on April 1, 2018 and principal payments will be paid annually on October 1 commencing on October 1, 2018 and maturing on October 1, 2028. The pledged revenues will be the local government infrastructure surtax.

The financing team consists of Mitch Owens, the City's Financial Advisor with RBC Capital Markets, LLC and Randy Clement, Esq., with Bryant Miller Olive, the City's Bond Counsel.

PRIOR ACTION:

February 11, 2016 - City Council approved Resolution 01-16 establishing its intent to reimburse certain capital expenditures incurred in connection with various capital projects eligible to be financed from the local government infrastructure surtax with proceeds of a future tax exempt financing.

September 20, 2017 - City Council approved Resolution 17-63 adopting a final budget for the fiscal year beginning October 1, 2017. As part of the fiscal year 2018 budget, the LOST Series IV Plan was amended and approved.

FUNDING:

N/A

FINANCIAL IMPACT:

Bond proceeds are estimated to be \$25,000,000. Estimated closing cost of \$85,000 will be paid from bond proceeds resulting in total estimated project funds of \$24,915,000. The eleven (11) year bond will have semi-annual interest payments on October 1 and April 1 each year commencing on April 1, 2018. Principal payments will be due October 1 each year with the first payment due on October 1, 2018 and final maturity of October 1, 2028. Loan term assumes a fixed interest rate of 2.15% with total interest expense of \$3,324,382, a budgetary savings of \$360,864. The pledged revenues include the local government infrastructure surtax. Debt service will be appropriated in the Local Option Sales Tax Fund and paid from infrastructure sales surtax revenues.

RESOLUTION NO. 17-65

A RESOLUTION AUTHORIZING THE ISSUANCE BY THE CITY OF PENSACOLA, FLORIDA OF AN INFRASTRUCTURE SALES SURTAX REVENUE BOND, SERIES 2017, IN THE PRINCIPAL AMOUNT OF \$25,000,000 TO FINANCE INFRASTRUCTURE CAPITAL IMPROVEMENTS WITHIN THE CITY; PLEDGING THE PLEDGED REVENUES FOR THE PAYMENT OF SAID SERIES 2017 BOND; PROVIDING FOR THE PAYMENT OF THE SERIES 2017 BOND AND THE EXECUTION OF THE RELATED FINANCING DOCUMENTS IN CONNECTION THEREWITH; AUTHORIZING THE AWARD OF THE SALE OF THE SERIES 2017 BOND; AUTHORIZING FURTHER OFFICIAL ACTION IN CONNECTION WITH THE DELIVERY OF THE SERIES 2017 BOND; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF INCONSISTENT PROVISIONS; AND PROVIDING AN EFFECTIVE DATE.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF PENSACOLA, FLORIDA, that:

Section 1. Authority for this Resolution. This Resolution is adopted pursuant to the provisions of the Constitution and Statutes of the State of Florida, including particularly Chapter 166, Part II Florida Statutes, as amended, Section 212.055, Florida Statutes, Chapter 218, Part VI, Florida Statutes, the municipal charter of the City of Pensacola, Florida (the "Issuer"), and other applicable provisions of law (collectively, the "Act").

Section 2. Definitions. The following terms shall have the following meanings when used in this resolution unless the context clearly requires otherwise. Words importing singular numbers shall include the plural number in each case and vice versa, and words importing persons shall include firms and corporations. Capitalized terms used herein and not otherwise defined shall have the meaning set forth in the Loan Agreement (herein defined).

"Bond Counsel" means Bryant Miller Olive P.A. or any subsequent nationally recognized bond counsel acceptable to the Issuer.

"Charter" means the municipal charter of the Issuer.

"Chief Financial Officer" means the Chief Financial Officer of the Issuer, or his or her designee.

"City" means the City of Pensacola, Florida, a municipal corporation of the State.

"City Administrator" means the City Administrator of the Issuer, or any acting or interim City Administrator, or his or her designee.

“City Attorney” means the City Attorney of the Issuer, or his or her designee.

“City Council” means the City Council of the Issuer, as the governing body of the Issuer.

“Clerk” means the Clerk of the Issuer, any acting, deputy, or assistant Clerk, or his or her designee.

“Commitment” means the Commitment for purchase of the Series 2017 Bond and the provision of the Loan, submitted to the Issuer by the Lender and accepted by the Issuer with such changes as agreed to by the City and the Lender.

“County” means Escambia County, Florida.

“Financial Advisor” means RBC Capital Markets, LLC.

“Infrastructure Sales Surtax” shall mean the proceeds received by the Issuer, as its share determined in accordance with the Act, from the levy and collection by the County of the one-cent discretionary infrastructure sales surtax pursuant to Chapter 212, Part I, Florida Statutes.

“Lender” means Compass Mortgage Corporation, an Alabama corporation, and its successors and/or assigns.

“Loan” means the advance of moneys from the Lender to the Issuer pursuant to the Loan Agreement.

“Loan Agreement” means the agreement between the Lender and the Issuer setting forth the terms and details of the Loan, in substantially the form attached hereto as Exhibit A with such changes, modifications, insertions or deletions as are authorized herein.

“Mayor” means the Mayor of the Issuer or the City Administrator or Chief Financial Officer on behalf of the Mayor.

“Pledged Revenues” means (i) the Infrastructure Sales Surtax, (ii) moneys on deposit in the funds and accounts created under the Loan Agreement (other than amounts constituting any rebate liability as described in the Tax Certificate therein defined), and (iii) certain investment earnings.

“Project” means the acquisition, construction, renovation and equipping of additions, extensions, and improvements to the facilities and general infrastructure of the Issuer constituting “infrastructure” as defined in the Act, including, without limitation, all property rights, appurtenances, easements, franchises and equipment relating thereto and deemed necessary or convenient for the acquisition, construction, renovation and equipping thereof, in accordance with plans on file or to be on file with the Chief Financial Officer.

“Resolution” means, collectively, this resolution and all resolutions amendatory hereof and supplemental hereto.

“Series 2017 Bond” means the City of Pensacola, Florida, Infrastructure Sales Surtax Revenue Bond, Series 2017, authorized herein, in substantially the form attached to the Loan Agreement as Exhibit A, with such changes, modifications, insertions or deletions as are authorized herein.

“State” means the State of Florida.

Section 3. Findings. It is hereby found, declared, and determined by the City Council:

(A) On August 21, 2014, the Board of County Commissioners of the County enacted Ordinance No. 2014-32 authorizing the County to levy a one percent infrastructure sales surtax for a period commencing January 1, 2018 and concluding December 31, 2028, and provided that the distribution of the proceeds of the surtax to the incorporated municipalities of the County shall be as set forth in Section 218.62, Florida Statutes. Such levy was approved by referendum of the County’s electorate on November 4, 2014.

(B) The Issuer has determined that it is necessary and in the best interests of the health, safety and welfare of the Issuer and its inhabitants that the Issuer undertake the Project. Issuance of the Series 2017 Bond to construct the Project satisfies a paramount public purpose.

(C) The Issuer is without currently available funds to pay the cost of the Project, and it is necessary and desirable that the Issuer borrow the moneys necessary to provide for payment of the Project.

(D) On February 11, 2016, the City Council of the City adopted Resolution No. 01-16 expressing its intent for purposes of Section 1.150-2 of the Income Tax Regulations promulgated pursuant to the Internal Revenue Code of 1986, as amended, to be reimbursed from proceeds of a future tax-exempt financing for capital expenditures with respect to the Project.

(E) The Pledged Revenues are not currently pledged to any obligation of the Issuer.

(F) The Series 2017 Bond will be payable from the Pledged Revenues and as may be further described in the Loan Agreement. The Pledged Revenues are anticipated to be sufficient to pay the principal of and accrued interest on the Series 2017 Bond as the same becomes due.

(G) The obligation of the Issuer to repay the Series 2017 Bond in accordance with its terms and to make the payments required under the Loan Agreement is hereby declared to be and shall be a special, limited obligation of the Issuer, solely secured by and payable from the

Pledged Revenues and as may be further described in the Loan Agreement. The obligation of the Issuer to repay the Series 2017 Bond in accordance with its terms and to make any other payments, if any, required under the Series 2017 Bond or the Loan Agreement shall not be or constitute a general obligation or indebtedness of the Issuer and neither the Series 2017 Bond nor the Loan Agreement shall be or constitute a general obligation or indebtedness of the Issuer. Neither the Lender nor any successor owner of the Series 2017 Bond shall be entitled to compel the exercise of the ad valorem taxing power of the Issuer or the payment of the principal of or interest on the Series 2017 Bond or the making of any payments required under the Series 2017 Bond or the Loan Agreement from any moneys of the Issuer other than the Pledged Revenues and any other moneys of the Issuer as may be more fully described in the Loan Agreement.

(H) It is necessary and desirable to provide for the securing of the Loan and for the execution and delivery of the Loan Agreement, the issuance of the Series 2017 Bond and the taking of all other action in connection with the consummation of the Loan.

(I) It is necessary and desirable to approve the estimated costs of issuance to be paid by the Issuer with proceeds of the Series 2017 Bond in connection with the delivery of the Series 2017 Bond and the Loan Agreement.

(J) The Financial Advisor has solicited proposals for the purchase of the Series 2017 Bond pursuant to a negotiated private placement.

Section 4. Authorization of Series 2017 Bond and Project.

(A) Subject and pursuant to the provisions hereof, the issuance by the Issuer of its Series 2017 Bond, in an aggregate principal amount of Twenty-five Million Dollars (\$25,000,000), to be dated, to bear interest, to be payable, to mature, to be subject to prepayment, to have such other characteristics as provided herein and in the Series 2017 Bond, the Commitment and the Loan Agreement, and to be secured as provided in the Loan Agreement is hereby authorized.

(B) The financing of the Project is hereby authorized (including reimbursing the Issuer for costs of the Project previously incurred in anticipation of the issuance of the Series 2017 Bond, if any). The City Council and the proper officers of the Issuer are hereby directed to take all action and steps deemed necessary to construct the Project, which are not inconsistent with the terms and provisions of this Resolution or the Loan Agreement.

Section 5. Award of Series 2017 Bond.

Because of the characteristics of the Series 2017 Bond and prevailing and expected market conditions, it is in the best interest of the Issuer to accept the offer of the Lender to purchase the Series 2017 Bond at a private negotiated sale, which was based upon a competitive selection process. Prior to the issuance of the Series 2017 Bond, the Issuer shall receive from the Lender a Lender's Certificate, in substantially the form attached hereto as Exhibit B and a

Disclosure Letter containing the information required by Section 218.385, Florida Statutes, in substantially the form attached hereto as Exhibit C.

The Issuer hereby accepts the Commitment of the Lender; provided, however, in the event of any inconsistencies as between such Commitment and the Loan Agreement, the Series 2017 Bond and this Resolution, the provisions of the Loan Agreement, the Series 2017 Bond and this Resolution shall control.

Section 6. Approval of Form of Loan Agreement and Series 2017 Bond. Subject to the conditions described in this Section, the Loan Agreement, in substantially the form attached hereto as Exhibit A, and the Series 2017 Bond, in substantially the form attached to the Loan Agreement as Exhibit A, are hereby approved, subject to such changes, modifications, insertions and deletions as may be made therein and approved by the Mayor upon the advice of the City Attorney, the Chief Financial Officer, Bond Counsel and/or the Financial Advisor, such approval to be conclusively evidenced by the execution and delivery thereof by the Issuer. Pursuant to Section 4.01(1) of its Charter, the Issuer hereby authorizes the Mayor to execute the Loan Agreement and Series 2017 Bond, such execution to be attested under seal by the City Clerk, approved as to substance by the Chief Financial Officer and designated as legal in form and valid as drawn by the City Attorney and further authorizes the Mayor to deliver the Loan Agreement and the Series 2017 Bond to the Lender, and to take such other actions as shall be necessary to consummate the Loan.

Upon execution and delivery of the Loan Agreement pursuant to the terms of this Resolution, all of the provisions of said Loan Agreement shall be deemed to be part of this Resolution as fully and to the same extent as if incorporated verbatim herein.

Section 7. Authorization of Other Action. The Mayor, City Administrator, City Attorney, the Clerk, the Chief Financial Officer and such other authorized officers, employees and agents of the Issuer are each designated agents of the Issuer in connection with the execution and delivery of the Loan Agreement and the Series 2017 Bond and are authorized and empowered, collectively or individually, to take all action and steps to execute and deliver any and all instruments, documents or contracts on behalf of the Issuer which are necessary or desirable in connection with the execution and delivery of the Loan Agreement and the Series 2017 Bond to the Lender, including, but not limited to, the making of modifications to the Loan Agreement and the Series 2017 Bond herein authorized.

Section 8. Application of Proceeds of Loan. The proceeds of the Loan shall be used as more fully described in the Loan Agreement and includes the payment of related associated costs of issuance (including but not limited to legal and financial advisory fees and expenses).

Section 9. Repeal of Inconsistent Provisions. All resolutions or parts thereof in conflict with this Resolution are hereby repealed to the extent of such conflict.

Section 10. Severability. If any one or more of the covenants, agreements, or provisions of this Resolution should be held contrary to any express provision of law or contrary to the policy of express law, though not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants, agreements, or provisions shall be null and void and shall be deemed separate from the remaining covenants, agreements or provisions, and in no way affect the validity of all other provisions of the Resolution or of the Series 2017 Bond or Loan Agreement delivered hereunder.

Section 11. Amendment. This Resolution may not be amended or repealed following the issuance of the Series 2017 Bond except with the prior written consent of the Lender.

[The remainder of this page intentionally left blank]

Section 12. Effective Date. This Resolution shall become effective on the fifth business day after adoption, unless otherwise provided pursuant to Section 4.03(d) of the Charter of the Issuer.

LOAN AGREEMENT

This LOAN AGREEMENT is made and entered into as of October 18, 2017 by and between CITY OF PENSACOLA, FLORIDA, a municipal corporation of the State of Florida (the "Issuer"), and COMPASS MORTGAGE CORPORATION, an Alabama corporation (together with its successors and/or assigns, the "Lender").

WITNESSETH:

WHEREAS, the Issuer has previously determined that it is necessary for the health, safety and welfare of the Issuer and in the best interest of its inhabitants that the Issuer undertake the Project hereinafter described, and that the Project satisfies a paramount public purpose of the Issuer; and

WHEREAS, on February 11, 2016, the City Council of the Issuer adopted Resolution No. 01-16 expressing its intent, for purposes of Section 1.150-2 of the Treasury Regulations promulgated under the Code (as defined herein), to be reimbursed from proceeds of a future tax-exempt financing for capital expenditures with respect to the Project (as defined herein); and

WHEREAS, the Issuer has determined that it is without adequate currently available funds to pay Project Costs (as herein defined) and that it will be necessary that funds be made available to the Issuer in order to undertake the Project; and

WHEREAS, the Lender has agreed to lend the Issuer an aggregate principal amount of \$25,000,000 to be used to pay Project Costs upon the terms and conditions provided herein; and

WHEREAS, on August 21, 2014, the Board of County Commissioners of Escambia County, Florida (the "County"), enacted Ordinance No. 2014-32 authorizing the County to levy a one percent infrastructure sales surtax for a period commencing January 1, 2018 and concluding December 31, 2028, and provided that the distribution of the proceeds of the surtax to the incorporated municipalities of the County shall be as set forth in Section 218.62, Florida Statutes; and

WHEREAS, such levy was approved by referendum of the County's electorate on November 4, 2014; and

WHEREAS, the Issuer has determined that the annual receipt of Pledged Revenues (as herein defined) are anticipated to be sufficient in each year to repay the annual debt service coming due on the Series 2017 Bond (as herein defined); and

WHEREAS, pursuant to the Resolution (as herein defined), the Issuer has determined that it is in the best interest of the health, safety and welfare of the Issuer and the inhabitants thereof that the Issuer pledge the Pledged Revenues to secure the obligations of the Issuer to

repay the principal of and interest on the Issuer's Infrastructure Sales Surtax Revenue Bond, Series 2017 (the "Series 2017 Bond") when due; and

WHEREAS, the obligation of the Issuer to repay principal of and interest on the Series 2017 Bond will not constitute a general obligation or indebtedness of the Issuer as a "bond" within the meaning of any provision of the Constitution or laws of the State of Florida, but shall be and is hereby declared to be a special, limited obligation of the Issuer, solely secured by and payable from the Pledged Revenues, all as more fully described herein and in the Resolution; and

WHEREAS, the Issuer is not authorized to levy taxes on any property of or in the Issuer to pay the principal of or interest on the Series 2017 Bond or to make any other payments provided for herein; and

NOW, THEREFORE, in consideration of the premises and the mutual covenants herein set forth and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

SECTION 1. DEFINITIONS. Capitalized terms used in this Loan Agreement and not defined in this Section 1 shall have the meanings assigned in the Resolution. The following terms shall have the following meanings herein, unless the text otherwise expressly requires:

SECTION 2. INTERPRETATION. Unless the context clearly requires otherwise, words of masculine gender shall be construed to include correlative words of the feminine and neuter genders and vice versa, and words of the singular number shall be construed to include correlative words of the plural number and vice versa. This Loan Agreement and all the terms and provisions hereof (a) have been negotiated between the Issuer and the Lender; (b) shall not be construed strictly in favor of or against either party hereto; and (c) shall be construed to effectuate the purpose set forth herein and to sustain the validity hereof.

SECTION 3. THE LOAN.

A. Loan. The Lender, by the purchase of the Series 2017 Bond, hereby makes and the Issuer hereby accepts the Loan, upon the terms and conditions set forth herein. The purchase price of the Series 2017 Bond shall be \$25,000,000, which is equal to the principal amount of the Series 2017 Bond.

B. Disbursement of Proceeds.

(i) The Issuer shall pay all costs and expenses in connection with the preparation, issuance and sale of the Series 2017 Bond.

(ii) Simultaneously with the delivery of the Series 2017 Bond to the Lender, net proceeds of the Series 2017 Bond remaining after payment of costs of issuance shall be deposited into a separate account hereby created and established to be known as the “City of Pensacola, Florida Infrastructure Sales Surtax Revenue Bond, Series 2017 Project Fund” (the “Project Fund”) and shall be used to pay Project Costs. Monies in the Project Fund shall be invested in Authorized Investments, and all income derived therefrom shall be deposited in the Project Fund until the Project has been completed, at which time such income, together with any balance remaining in the Project Fund, shall be used to pay principal of and interest on the Series 2017 Bond.

To the extent there are no other available funds held hereunder, the Issuer shall use any remaining funds in the Project Fund to pay principal of and interest on the Series 2017 Bond in the Event of Default.

Such fund shall be kept separate and apart from all other funds of the Issuer and the moneys on deposit therein shall be withdrawn, used and applied by the Issuer solely for the purposes set forth herein. Such proceeds shall be and constitute trust funds for such purpose and there is hereby created a lien in favor of the Series 2017 Bond upon such money until so applied by the Issuer solely for the purposes set forth herein.

SECTION 4. DESCRIPTION OF SERIES 2017 BOND. The obligation of the Issuer to repay the Loan shall be evidenced by the Series 2017 Bond. The Series 2017 Bond shall be dated as of the Date of Delivery, shall mature on the Maturity Date, and shall be in registered form.

The interest rate on the Series 2017 Bond shall be a fixed rate of interest equal to 2.15% per annum. Interest on the Series 2017 Bond shall be calculated on the basis of a 360-day year consisting of twelve 30-day months and shall be paid by wire transfer or other medium acceptable to the Issuer and the Lender.

Principal on the Series 2017 Bond shall be paid in annual installments on each Principal Payment Date, in amounts specified in Schedule I attached to the Series 2017 Bond. Interest on the Series 2017 Bond shall be paid semi-annually on each Interest Payment Date.

The Series 2017 Bond shall be subject to prepayment as described in the Series 2017 Bond.

SECTION 5. EXECUTION OF SERIES 2017 BOND. The Series 2017 Bond shall be executed in the name of the Issuer by the Mayor, attested under seal by the City Clerk, approved as to content by the Chief Financial Officer, and designated legal in form and valid as drawn by the City Attorney. The Series 2017 Bond may be signed and sealed on behalf of the Issuer by any person who at the actual time of the execution of the Series 2017 Bond shall hold the appropriate office in the Issuer, although at the date thereof the person may not have been so authorized. The Series 2017 Bond may be executed by the facsimile signatures of the Mayor, the Clerk, the Chief Financial Officer and/or City Attorney, provided that at least one of the Mayor or Clerk's signatures must be a manual signature.

SECTION 6. REGISTRATION AND TRANSFER OF SERIES 2017 BOND. There shall be a Registrar who shall be responsible for maintaining the Register. The person in whose name ownership of a Series 2017 Bond is shown on the Register shall be deemed the Registered Owner thereof by the Issuer and the Registrar, who may treat the Registered Owner as the absolute owner of the Series 2017 Bond for all purposes, whether or not the Series 2017 Bond shall be overdue, and any notice to the contrary shall not be binding upon the Issuer or the Registrar.

Ownership of the Series 2017 Bond may be transferred or assigned only as a whole and only upon the Register. Transfer of the Series 2017 Bond (i) shall be restricted to Permitted Lenders, (ii) is not permitted in the event the remaining principal amount outstanding of the Series 2017 Bond is less than \$100,000, and (iii) is subject to consent of the Issuer, which consent shall not be unreasonably withheld. The Series 2017 Bond shall contain a legend that provides that the Registered Owner thereof shall not transfer the Series 2017 Bond except as provided herein.

Upon surrender to the Registrar for transfer or exchange of the Series 2017 Bond accompanied by an assignment or written authorization for exchange, whichever is applicable, duly executed by the Registered Owner or its attorney duly authorized in writing, the Registrar shall deliver in the name of the Registered Owner or the transferee or transferees, as the case may be, a new fully registered Series 2017 Bond of the same amount, maturity and interest rate as the Series 2017 Bond surrendered. Provided however, any assignment or transfer by the Registered Owner of the Series 2017 Bond shall be in whole and not in part.

The Series 2017 Bond presented for transfer, exchange, redemption or payment (if so required by the Issuer or the Registrar) shall be accompanied by a written instrument or instruments of transfer or authorization for exchange, in a form and with guaranty of signature satisfactory to the City Attorney, Bond Counsel, or the Registrar, duly executed by the Registered Owner or by his duly authorized attorney.

The City Administrator and the Registrar may charge the Registered Owner a sum sufficient to reimburse them for any expenses incurred in making any exchange or transfer after the first such exchange or transfer following the delivery of such Series 2017 Bond. The Registrar or the City Administrator may also require payment from the Registered Owner or his transferee, as the case may be, of a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto by any governmental entity other than the Issuer. Such charges and expenses shall be paid before any such new Series 2017 Bond shall be delivered.

The new Series 2017 Bond delivered upon any transfer or exchange shall be a valid obligation of the Issuer, evidencing the same debt as the Series 2017 Bond surrendered, shall be secured under this Loan Agreement, and shall be entitled to all of the security and benefits hereof to the same extent as the Series 2017 Bond surrendered.

Whenever a Series 2017 Bond shall be delivered to the Registrar for cancellation, upon payment of the principal amount thereof, or for replacement, transfer or exchange, such Series 2017 Bond shall be cancelled and destroyed by the Registrar, and counterparts of a certificate of destruction evidencing such destruction shall be furnished to the Issuer.

SECTION 7. SERIES 2017 BOND MUTILATED, DESTROYED, STOLEN OR LOST. In case the Series 2017 Bond shall be mutilated, or be destroyed, stolen or lost, upon the Registered Owner furnishing the Registrar satisfactory indemnity and complying with such

other reasonable regulations and conditions as the Issuer may prescribe and paying such expenses as the Issuer may incur, the Registrar shall issue and deliver a new Series 2017 Bond of like tenor as the Series 2017 Bond so mutilated, destroyed, stolen or lost, in lieu of or substitution for the Series 2017 Bond, if any, destroyed, stolen or lost, or in exchange and substitution for such mutilated Series 2017 Bond, upon surrender of such mutilated Series 2017 Bond, if any, to the Registrar and the cancellation thereof; provided however, if the Series 2017 Bond shall have matured or be about to mature, instead of issuing a substitute Series 2017 Bond, the Issuer may pay the same, upon being indemnified as aforesaid, and if such Series 2017 Bond be lost, stolen or destroyed, without surrender thereof. Any Series 2017 Bond surrendered under the terms of this Section 7 shall be cancelled by the Registrar.

Any such new Series 2017 Bond issued pursuant to this section shall constitute an original, additional contractual obligation on the part of the Issuer whether or not, as to the new Series 2017 Bond, the lost, stolen or destroyed Series 2017 Bond be at any time found by anyone, and such new Series 2017 Bond shall be entitled to equal and proportionate benefits and rights as to security for payment to the same extent as the Series 2017 Bond originally issued hereunder.

SECTION 8. FORM OF SERIES 2017 BOND. The Series 2017 Bond shall be in substantially the form attached hereto as Exhibit A, with such variations, omissions and insertions as may be necessary, desirable and authorized or permitted by this Loan Agreement.

SECTION 9. SECURITY FOR SERIES 2017 BOND; SERIES 2017 BOND NOT DEBT OF THE ISSUER. The payment of the principal of and interest on the Series 2017 Bond shall be secured forthwith solely by a first priority lien upon and pledge of the Pledged Revenues. The principal of and interest on the Series 2017 Bond shall not constitute a general obligation or indebtedness of the Issuer, but shall be a limited obligation of the Issuer payable solely from the Pledged Revenues, to the extent and as provided herein. The Registered Owner shall never have the right to compel the levy of taxes upon any property of or in the Issuer for the payment of the principal of and interest on the Series 2017 Bond or payment thereof from any source other than the Pledged Revenues.

SECTION 10. COVENANTS OF THE ISSUER. Until the principal of and interest on the Series 2017 Bond shall have been paid in full or provision for payment of the Series 2017 Bond shall have been made in accordance with the provisions of this Loan Agreement, the Issuer covenants with the Registered Owner of the Series 2017 Bond as follows:

A. Establishment of Debt Service Fund and Accounts Therein. There is hereby created and established a Debt Service Fund (and the Principal Account and Interest Account therein). The Debt Service Fund and any other special funds herein established and created shall constitute trust funds for the purposes provided herein for such funds. All such funds shall be continuously secured in the same manner as deposits of governmental funds are authorized to be secured by the laws of the State.

The cash required to be accounted for in any funds established hereunder may be deposited in a single bank account, provided that adequate accounting records are maintained to reflect and control the restricted allocation of the cash on deposit therein for the various purposes of such funds as herein provided.

The designation and establishment of the various funds and accounts in and by this Loan Agreement shall not be construed to require the establishment of any completely independent, self-balancing funds as such term is commonly defined and used in governmental accounting, but rather is intended solely to constitute an earmarking of certain revenues for certain purposes and to establish certain priorities for application of such revenues and assets as herein provided.

The moneys in the Debt Service Fund and the accounts therein until disbursed pursuant to the provisions hereof may be invested and reinvested only in Authorized Investments, in the manner provided by law. All income on such investments shall remain in such Fund and used for the purposes herein described. Authorized Investments in the funds and accounts under this Agreement shall be valued at the market value thereof, exclusive of accrued interest, by the Issuer as frequently as reasonably deemed necessary by the Lender but not less often than annually nor more often than monthly.

B. Disposition of Pledged Revenues.

The Issuer shall deposit the Pledged Revenues into the Debt Service Fund, monthly in advance on or before the first day of each month of each year, a sum equal to one-sixth (1/6) of the interest becoming due on the next Interest Payment Date and one-twelfth (1/12) of the principal becoming due on the next Principal Payment Date and to cure any deficiency in deposits in prior months, together with such additional proportionate sums as may be required to pay said principal and interest as the same shall respectively become due, or to account for a period of less than twelve months between the delivery of the Series 2017 Bond and the first Principal Payment Date or less than six months between the delivery of the Series 2017 Bonds and the first Interest Payment Date.

After the above described monthly deposits are made by the Issuer in accordance with this subsection, all Pledged Revenues may be used by the Issuer for any lawful purpose.

Any provision hereof to the contrary notwithstanding, so long as the Issuer is not in default in the payment of principal, premium, if any, and interest on the Series 2017 Bond, then the failure to deposit the Pledged Revenues into the Debt Service Fund in the amounts required hereunder shall not be deemed a default hereunder so long as the full amount of such deposits necessary to make all such payments with respect to the Series 2017 Bond is deposited in such Fund on or prior to the date such payments are due.

C. Financial Statements. The Issuer shall provide to the Lender, at no cost to the Lender, audited financial statements of the Issuer prepared in accordance with auditing

standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States for each Fiscal Year thereof within five (5) days of receipt, but no later than 180 days after the close of such Fiscal Year.

D. Annual Budget and Other Information. The Issuer will prepare its annual budget in accordance with the Act, and will provide at no cost to the Lender a copy of its final annual budget for each Fiscal Year within ninety (90) days of the beginning of each Fiscal Year, and the Issuer will provide the Lender such other financial or public information as the Lender may reasonably request.

E. Tax Compliance. Neither the Issuer, nor any third party over whom the Issuer has control, will make any use of, or permit an omission of use, of the proceeds of the Series 2017 Bond at any time during the term of the Series 2017 Bond which would cause the Series 2017 Bond to be (a) a “private activity bond” within the meaning of Section 103(b)(1) of the Code or (b) an “arbitrage bond” within the meaning of Section 103(b)(2) of the Code. The Issuer covenants throughout the term of the Series 2017 Bond to comply with the requirements of the Code and the Regulations, as amended from time to time, and to take all actions, and to not permit the omission of any actions, necessary to maintain the exclusion from gross income for purposes of the Code of interest on the Series 2017 Bond, including, without limitation, the payment of arbitrage rebate, if required.

The Issuer hereby makes each of the representations, warranties and covenants contained in the Tax Certificate. By this reference, all terms, conditions, and covenants in said Tax Certificate are incorporated in and made a part of this Loan Agreement.

F. Additional Obligations.

Additional Obligations payable on a parity with the Series 2017 Bond may be issued hereunder upon the filing with the Clerk and the Registered Owner of the Series 2017 Bond of a certificate of the Chief Financial Officer stating that the Pledged Revenues for the most recent Fiscal Year for which audited financial statements are available equals at least 1.25 times the Maximum Annual Debt Service on the Bonds then outstanding and the Additional Obligations proposed to be issued.

For purposes of calculating Maximum Annual Debt Service, interest on Additional Obligations which bear interest at a variable rate of interest shall be deemed to bear interest at the greater of (i) 1.25 times the most recent 25 Year Revenue Bond Index published by *The Bond Buyer*, or (ii) 1.25 times the actual average interest rate during the prior Fiscal Year of the Issuer. For purposes of calculating Maximum Annual Debt Service, the debt service on Additional Obligations, whether bearing interest at a fixed or variable interest rate, constituting Balloon Indebtedness, shall be determined assuming such obligations are amortized over 20 years from the date of original issuance on an approximately level debt service basis. For purposes of the

foregoing sentence, "Balloon Indebtedness" means obligations designated as such by the Issuer, 25% or more of the original principal of which matures during any one Fiscal Year.

Obligations secured by the Infrastructure Sales Surtax that are junior and subordinate in all respects to the Series 2017 Bond may be issued without regard to the foregoing.

G. No Impairment. The Issuer covenants with the Registered Owner that it will not, without the written consent of the Registered Owner, enact any ordinance or adopt any resolution which repeals, impairs, or modifies in any manner adverse to the Registered Owner the Infrastructure Sales Surtax.

H. Receipt of Pledged Revenues. The Issuer covenants to do all things necessary or required on its part by the Act, or other applicable provisions of law, to entitle it to receive and to enforce the collection and receipt of the Infrastructure Sales Surtax. The Issuer shall exercise all legally available remedies to enforce such collection and receipt now or hereafter available under law. The Issuer will not take any action, or enter into any agreement that shall result in reducing the level of Infrastructure Sales Surtax below the amount sufficient to provide for the payment of the Series 2017 Bond as provided herein.

SECTION 11. REPRESENTATIONS AND WARRANTIES. The Issuer represents and warrants to the Lender that:

A. Organization. The Issuer is a municipal corporation, duly organized and existing under the laws of the State.

B. Authorization of Loan Agreement and Related Documents. The Issuer has the power and has taken all necessary action to authorize the execution and delivery of and the performance by the Issuer of its obligations under, this Loan Agreement and the Series 2017 Bond in accordance with their respective terms. This Loan Agreement and the Series 2017 Bond have been duly executed and delivered by the Issuer and are valid and binding obligations of the Issuer, enforceable against the Issuer in accordance with their respective terms, except to the extent that such enforcement may be limited by laws regarding bankruptcy, insolvency, reorganization or moratorium applicable to the Issuer or by general principles of equity regarding the availability of specific performance.

C. Pledged Revenues. The Issuer is entitled to receive the Pledged Revenues effective January 1, 2018, and is legally entitled to pledge from such Pledged Revenues amounts necessary to pay the principal of and interest on the Series 2017 Bond when due as provided herein. The Issuer estimates that the Pledged Revenues will be available in amounts sufficient to pay the principal of and interest on the Series 2017 Bond as the same becomes due prior to the Maturity Date and, to pay all principal of and interest on the Series 2017 Bond on the Maturity Date.

D. Financial Statements. The audited financial statements of the Issuer for the Fiscal Year ended September 30, 2016 (the "Financial Statements"), previously provided to the Lender

were prepared in accordance with generally accepted accounting principles, are correct and present fairly the financial condition of the Issuer as of such date and the results of its operations for the period then ended.

SECTION 12. CONDITIONS PRECEDENT. The obligation of the Lender to make the Loan is subject to the satisfaction of each of the following conditions precedent on or before the Date of Delivery:

A. Action. The Lender shall have received a copy of the Resolution certified as complete and correct as of the closing date, together with an executed Loan Agreement, the executed Series 2017 Bond and the customary closing certificates.

B. Incumbency of Officers. The Lender shall have received an incumbency certificate of the Issuer in respect of each of the officers who is authorized to sign this Loan Agreement, the Series 2017 Bond, and the related financing documents on behalf of the Issuer.

C. Opinion of City Attorney. The Lender shall have received a written opinion of the City Attorney as to (1) the valid existence of the Issuer as a municipal corporation of the State; (2) the due adoption of the Resolution; (3) the due authorization and execution of this Loan Agreement, the Series 2017 Bond and the transaction contemplated hereby and thereby; (4) the Loan Agreement and the Series 2017 Bond constituting valid and binding obligations of the Issuer, enforceable against the Issuer, in accordance with their respective terms; and (5) the absence of litigation against the Issuer relating to (a) its existence or powers, (b) its authority to issue the Series 2017 Bond and pledge the Pledged Revenues, (c) the procedures governing the authorization and issuance of the Series 2017 Bond, and (d) any other matter which may result in any material adverse change in the business, properties, assets or financial condition of the Issuer in a form and substance satisfactory to the Lender.

D. Certificate of Chief Financial Officer. The Lender shall have received a certificate from the Chief Financial Officer that: (1) since the date of the Financial Statements, referred to in Section 11.D. above, there has been no material adverse change in the financial condition, revenues, properties or operations of the Issuer; (2) there are no liabilities (of the type required to be reflected on balance sheets prepared in accordance with generally accepted accounting principles), direct or indirect, fixed or contingent, of the Issuer as of the date of such financial information which are not reflected therein; (3) there has been no material adverse change in the financial condition or operations of the Issuer since the date of such Financial Statements (and to the Chief Financial Officer's knowledge no such material adverse change is pending or threatened); and (4) the Issuer has not guaranteed the obligations of, or made any investment in or loans to, any person except as disclosed in such information.

E. Representations and Warranties; No Default. The representations and warranties made by the Issuer herein shall be true and correct in all material respects on and as of the Date of Delivery, as if made on and as of such date; no Default shall have occurred and be

continuing as of the Date of Delivery or will result from the consummation of the Loan; and the Lender shall have received a certificate from the Issuer to the foregoing effect.

F. Opinion of Bond Counsel. The Issuer shall have received an opinion of Bond Counsel, on which the Lender may rely, to the effect that interest on the Series 2017 Bond is excludable from gross income for federal income tax purposes.

G. Lender Certificates. The Issuer shall have received the fully executed Lender's Certificate substantially in the form attached to the Resolution as Exhibit C and the Disclosure Letter containing the information required by Section 218.385, Florida Statutes, substantially in the form attached to the Resolution as Exhibit D.

H. Notice of Material Litigation. Promptly after the Issuer becomes aware of the same, the Issuer will notify the Lender of any pendency of litigation material to the Issuer's ability to repay the Series 2017 Bond, specifying the nature thereof and what action the Issuer has taken, is taking and/or proposes to take with respect thereto.

I. Other Documents. The Lender shall have received such other documents, certificates and opinions as the Lender or its counsel shall have reasonably requested.

SECTION 13. NOTICES. All notices, certificates or other communications hereunder shall be sufficiently given and shall be deemed given when hand delivered, delivered by telecopier, mailed by registered or certified mail, postage prepaid, or delivered by courier service to the parties at the following addresses:

Issuer: City of Pensacola, Florida
222 West Main Street
Pensacola, Florida 32502
Attention: City Administrator, with a required copy to the City Attorney at the same address, and a required copy to the Clerk at the same address.

Lender: Compass Mortgage Corporation
5055 Bayou Boulevard
Pensacola, Florida 32503

Any of the above parties may, by notice in writing given to the others, designate any further or different addresses to which subsequent notices, certificates or other communications shall be sent. Communication via telecopier shall be confirmed by delivery by hand, mail, or courier, as specified above, of an original promptly after such communication by telecopier.

SECTION 14. EVENTS OF DEFAULT DEFINED. The following shall be "Events of Default" under this Loan Agreement, and the terms "Default" and "Events of Default" shall mean (except where the context clearly indicates otherwise), any one or more of the following events:

A. Failure by the Issuer to make any payment of principal of or interest on the Series 2017 Bond within three (3) days of the date due.

B. Failure by the Issuer to observe and perform any other covenant, condition or agreement on its part to be observed or performed under this Loan Agreement for a period of thirty (30) days after written notice of such failure was or was by the terms hereof required to be delivered to the Issuer by the Lender, unless the Lender shall agree in writing to an extension of such time prior to its expiration;

C. The Issuer admits in writing its inability to pay its obligations hereunder, including its obligation with respect to any Additional Obligations hereafter issued;

D. The making of any warranty, representation or other statement by the Issuer or by an officer or agent of the Issuer in this Loan Agreement or in any instrument furnished in compliance with or in reference to this Loan Agreement which is false or misleading in any material adverse respect;

E. The filing of a petition against the Issuer under any bankruptcy, reorganization, arrangement, insolvency, readjustment of debt, dissolution or liquidation law of any jurisdiction, whether now or hereafter in effect, if an order for relief is entered under such petition or such petition is not dismissed within sixty (60) days of such filing;

F. The filing by the Issuer of a voluntary petition in bankruptcy or seeking relief under any provision of any bankruptcy, reorganization, arrangement, insolvency, readjustment of debt, dissolution or liquidation law of any jurisdiction, whether now or hereafter in effect, or the consent by the Issuer to the filing of any petition against it under such law; or

G. The admission by the Issuer of its insolvency or bankruptcy or its inability to pay its debts as they become due or that it is generally not paying its debts as such debts become due, or the Issuer's becoming insolvent or bankrupt or making an assignment for the benefit of creditors, or the appointment by court order of a custodian (including without limitation a receiver, liquidator or trustee) of the Issuer or any of its property taking possession thereof and such order remaining in effect or such possession continuing for more than sixty (60) days.

SECTION 15. NOTICE OF DEFAULTS. The Issuer shall within five Business Days after it acquires knowledge thereof, notify the Registered Owner of the Series 2017 Bond in writing (a) of any change in any material fact or circumstance represented or warranted by the Issuer in this Agreement or in connection with the issuance of the Series 2017 Bond; (b) upon the happening, occurrence, or existence of any Event of Default that the Registered Owner is not otherwise aware of, or (c) any event or condition which with the passage of time or giving notice, or both, would constitute an Event of Default, and shall provide the Registered Owner of the Series 2017 Bond, with such written notice, a detailed statement by the Chief Financial Officer of all relevant facts and the action being taken or proposed to be taken by the Issuer with respect thereto. Regardless of the date of receipt of such notice by the Registered Owner of the

Series 2017 Bond, such date shall not in any way modify the date of occurrence of the actual Event of Default.

SECTION 16. REMEDIES. For all Events of Default, the Lender may sue to protect and enforce any and all rights, including the right to specific performance, existing under the laws of the State, of the United States of America, or granted and contained in this Loan Agreement, and to enforce and compel the performance of all duties required by this Loan Agreement or by any applicable laws to be performed by the Issuer, the City Council or by any officer thereof, and may take all steps to enforce this Loan Agreement to the full extent permitted or authorized by the laws of the State or the United States of America.

The Issuer and the Lender each waives, to the fullest extent permitted by law, any right to trial by jury respect of any litigation based upon the Series 2017 Bond or arising out of, under or in conjunction with the Series 2017 Bond or this Loan Agreement.

SECTION 17. NO PERSONAL LIABILITY. No recourse shall be had for the payment of the principal of and interest on the Series 2017 Bond or for any claim based on the Series 2017 Bond or on this Loan Agreement, against any present or former member or officer of the City Council or any person executing the Series 2017 Bond.

SECTION 18. PAYMENTS DUE ON SATURDAYS, SUNDAYS AND HOLIDAYS. In any case where the date for making any payment or the last date for performance of any act or the exercise of any right, as provided in this Loan Agreement, shall be other than a Business Day, then such payment or performance shall be made on the succeeding Business Day with the same force and effect as if done on the nominal date provided in this Loan Agreement, provided that interest on any monetary obligation hereunder shall accrue at the applicable rate to and including the date of such payment.

SECTION 19. AMENDMENTS, CHANGES AND MODIFICATIONS. This Loan Agreement may be amended only by a writing approved with the same formality as this Agreement, signed by the Issuer and the Registered Owner.

SECTION 20. BINDING EFFECT. To the extent provided herein, this Loan Agreement shall be binding upon the Issuer and the Lender and shall inure to the benefit of the Issuer and the Lender and their respective successors and assigns. This Loan Agreement shall be discharged and neither the Issuer nor the Lender shall have any further obligations hereunder or under the Series 2017 Bond when the Issuer shall have paid the principal of and interest on the Series 2017 Bond in full and shall have paid in full all other amounts, if any, due under the Series 2017 Bond or this Loan Agreement.

SECTION 21. SEVERABILITY. In the event any court of competent jurisdiction shall hold any provision of this Loan Agreement invalid or unenforceable such holding shall not invalidate or render unenforceable, any other provision hereof.

SECTION 22. EXECUTION IN COUNTERPARTS. This Loan Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

SECTION 23. APPLICABLE LAW. The laws of the State shall be the law applied in the resolution of any action, claim or other proceeding arising out of the Resolution, the Series 2017 Bond or this Loan Agreement.

SECTION 24. VENUE; ATTORNEY'S FEES. The parties agree that jurisdiction and venue for the enforcement of the Resolution, this Loan Agreement or the Series 2017 Bond shall be in the state and/or federal courts of Escambia County, Florida. The prevailing party in any action, claim or proceeding arising out of the Resolution, the Loan Agreement or the Series 2017 Bond shall be entitled to attorney's fees and costs from the losing party

SECTION 25. ASSIGNMENT. The Lender may assign its rights hereunder to any party to whom it sells or transfers the Series 2017 Bond.

FORM OF SERIES 2017 BOND

TRANSFER OF REGISTRATION OF THIS BOND IS RESTRICTED AS HEREIN DESCRIBED AND AS DESCRIBED IN THE HEREIN DEFINED LOAN AGREEMENT.

No. R-1

\$25,000,000

**CITY OF PENSACOLA, FLORIDA
INFRASTRUCTURE SALES SURTAX REVENUE BOND, SERIES 2017**

<u>Interest Rate</u>	<u>Maturity Date</u>	<u>Date of Issue</u>
2.15%	October 1, 2028	October 18, 2017

REGISTERED OWNER: COMPASS MORTGAGE CORPORATION

PRINCIPAL AMOUNT: TWENTY FIVE MILLION DOLLARS (\$25,000,000)

KNOW ALL MEN BY THESE PRESENTS, that the City of Pensacola, Florida (the "Issuer"), for value received, hereby promises to pay to the Registered Owner designated above, or registered assigns, solely from the sources hereinafter mentioned, in installments, on the Principal Payment Dates indicated in Schedule I attached hereto and on the Maturity Date, or sooner as provided herein, the Principal Amount shown above and the interest on the outstanding Principal Amount hereof from the date of this Bond or from the most recent date to which interest has been paid, whichever is applicable, until payment of such Principal Amount, at the Interest Rate described above, with all unpaid interest being due on the Maturity Date or upon the earlier payment of principal hereunder upon presentation and surrender hereof at the office of the Chief Financial Officer for the Issuer, as Registrar and Paying Agent. The principal of, premium, if any, and interest on this Bond are payable in lawful money of the United States of America. Interest due hereon shall be calculated on the basis of a 360-day year consisting of twelve 30-day months.

This Bond is subject to prepayment prior to maturity on the dates and at the prices as more fully described in Schedule "II" hereto.

This Bond is being issued in the principal amount \$25,000,000 to finance the costs of the Project of the Issuer under the authority of and in full compliance with the Constitution and Statutes of the State of Florida, including particularly Chapter 166, Part II Florida Statutes, as amended, Section 212.055, Florida Statutes, Chapter 218, Part VI, Florida Statutes, the municipal charter of the Issuer, and Resolution No. 17-65, duly adopted by the City Council of the Issuer on October 12, 2017 (the "Resolution"), and pursuant to a Loan Agreement between the Issuer and the Registered Owner, dated October 18, 2017 (the "Loan Agreement"), to which reference

should be made to ascertain those terms and conditions. The terms and provisions of the Loan Agreement and the Resolution, including, without limitation, the definitions therein, are hereby incorporated as a part of this Bond. The principal of this Bond shall be disbursed by the Registered Owner hereof to the Issuer in immediately available funds on the Date of Delivery in accordance with the Loan Agreement.

This Bond is payable from and secured solely by the Pledged Revenues, all in the manner provided in, and subject to the terms and conditions of, the Resolution and the Loan Agreement. This Bond shall not constitute a general obligation or indebtedness of the Issuer, but shall be a limited obligation of the Issuer payable solely from the Pledged Revenues as provided in the Loan Agreement. The Registered Owner hereof shall never have the right to compel the levy of taxes upon any property of or in the Issuer for the payment of the principal of and interest on this Bond. Reference is made to the Loan Agreement for the provisions relating to the security for payment of this Bond and the duties and obligations of the Issuer hereunder.

The Registered Owner may sue to protect and enforce any and all rights, including the right to specific performance, existing under the laws of the State of Florida, of the United States of America, or granted and contained in the Loan Agreement, and to enforce and compel the performance of all duties required by the Loan Agreement or by any applicable laws to be performed by the Issuer, the City Council or by any officer thereof, and may take all steps to enforce the Loan Agreement to the full extent permitted or authorized by the laws of the State of Florida or the United States of America.

This Bond is subject to all the terms of the Loan Agreement.

Ownership of this Bond may be transferred or assigned only as a whole and only upon the Register. Transfer of this Bond (i) shall be restricted to Permitted Lenders, (ii) is not permitted in the event the remaining principal amount outstanding thereof is less than \$100,000, and (iii) is subject to consent of the Issuer, which consent shall not be unreasonably withheld.

It is hereby certified and recited that all acts, conditions and things required by the Constitution and laws of the State of Florida to be performed, to exist and to happen precedent to and in the issuance of this Bond, have been performed, exist and have happened in regular and due form and time as so required.

[Remainder of page left intentionally blank]

IN WITNESS WHEREOF, the City of Pensacola, Florida, has issued this Bond and has caused the same to be executed by the manual signature of the Mayor, attested under seal by the City Clerk, approved as to content by the Chief Financial Officer, and designated legal in form and valid as drawn by the City Attorney, as of the Dated Date set forth above.

SCHEDULE II TO SERIES 2017 BOND
PREPAYMENT PROVISIONS

The Series 2017 Bond is subject to prepayment prior to maturity at the option of the Issuer, in whole or in part, upon not less than ten (10) days prior written notice to the Registered Owner. If the Issuer makes any prepayment of the outstanding principal amount of the Series 2017 Bond pursuant to this paragraph prior to October 18, 2027, the Issuer shall pay to the Registered Owner a prepayment fee equal to the quotient of (i) the product of (a) AYD, times (b) Average Principal, times (c) Percent Prepaid, times (d) Days Remaining, divided by (ii) 360.

Definitions:

“**AYD**” means the difference (but not less than zero) between: (i) the U.S. Treasury constant maturity yield, as reported in the H.15 Report for the date on which the Series 2017 Bond was issued, for a maturity that is the same as the term of the Series 2017 Bond upon issuance (rounded to the nearest whole number of 30-day months) or, if no such maturity is reported, an interpolated yield based on the reported maturity that is next shorter than, and the maturity reported that is next longer than, the term of the Series 2017 Bond upon issuance, and (ii) the U.S. Treasury constant maturity yield, as reported in the H.15 Report for the Prepayment Date for a maturity that is the same as the remaining term of the Series 2017 Bond at the Prepayment Date (rounded to the nearest whole number of 30-day months) or, if no such maturity is reported, then the interpolated yield using the method described in (i) above, but based on the remaining term of the Series 2017 Bond on the Prepayment Date. If the H.15 Report is not available for any day, then the H.15 Report for the immediately preceding day on which yields were last reported will be used.

“**H.15 Report**” means the Federal Reserve Board’s Statistical Release H.15, “Selected Interest Rates”. Weekly releases of, and daily updates to, H.15 Reports generally are available at the Federal Reserve Board’s website, www.federalreserve.gov. If the H.15 Report is replaced or otherwise unavailable, the Registered Owner may designate the replacement report or another report reasonably comparable to the H.15 Report, which shall be used in place of the H.15 Report.

“**Average Principal**” means the simple average of (i) the principal balance on the Prepayment Date, and (ii) the principal balance scheduled, as of the Prepayment Date (taking into account any prior prepayments), but for the prepayment, to be due at the maturity date of the Series 2017 Bond (plus any accrued and unpaid fees or other sums owed under the Resolution or the Series 2017 Bond).

“**Percent Prepaid**” means the percentage determined by dividing the principal amount of the Series 2017 Bond being prepaid by the principal balance outstanding on the Prepayment Date.

“Days Remaining” means the number of days (assuming a convention of twelve 30-day months per year) from the Prepayment Date through the maturity date of the Series 2017 Bond.

“Prepayment Date” means the date on which Registered Owner receives the prepayment.

Prepayment in full shall consist of payment of the remaining principal amount outstanding, together with all accrued and unpaid interest and all other amounts, costs and expenses for which the Issuer is responsible under the Resolution or Series 2017 Bond. Prepayment in part shall consist of payment of any portion of the remaining principal amount outstanding. So long as the Lender is the Registered Owner of the Series 2017 Bond and unless otherwise agreed to by the Lender in writing and provided that the Issuer is current on all amounts due under the Resolution and Series 2017 Bond, payments applied to the repayment of the Series 2017 Bond before Lender’s creation of a billing statement for the next payment due will be applied entirely to principal, and payments applied to the repayment of the Series 2017 Bond after the creation of such billing statement will be applied according to that billing statement. Unless otherwise agreed by the Lender in writing and provided that the Issuer is current on all amounts due, payments applied to the replacement of the Series 2017 Bond before Lender’s creation of a billing statement for the next payment due shall not relieve the Issuer of the Issuer’s obligation to continue making, uninterrupted, payments under the Series 2017 Bond. Except for billing statements requested by the Issuer in writing, billing statements presented to the Issuer more than 30 days or less than 10 days prior to a scheduled payment date on the Series 2017 Bond shall be of no force or effect. The Issuer agrees not to send any prepayments marked “paid in full”, “without recourse”, or similar language. If the Issuer sends such a payment, the Registered Owner may accept it without losing any of its rights under the Series 2017 Bond, and the Issuer will remain obligated to pay any further amounts owed or that may become owed to the Owner. So long as the Lender is the Registered Owner of the Series 2017 Bond, all written communications concerning disputed amounts, including any check or other payment instrument that indicates that the payment constitutes “payment in full” of the amount owed or that is tendered with other conditions or limitations or as full satisfaction of a disputed amount, must be mailed or delivered to: Compass Bank, PO Box 3096, Birmingham AL 35202.

EXHIBIT B

FORM OF LENDER'S CERTIFICATE

We certify that the following are true and correct in relation to the loan by Compass Mortgage Corporation (the "Lender") of \$25,000,000 evidenced by the Infrastructure Sales Surtax Revenue Bond, Series 2017 (the "Bond") dated October 18, 2017, and issued by the City of Pensacola, Florida (the "Issuer") pursuant to Resolution No. 17-65, duly adopted by the Issuer on October 12, 2017 (the "Resolution"). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto by the Resolution or in the Loan Agreement dated as of the date hereof (the "Loan Agreement"), between the Lender and the Issuer.

1. The Lender is an "accredited investor" within the meaning of Regulation D under the Securities Act of 1933 (the "1933 Act") or a "qualified institutional buyer" (as defined under Rule 144A of the 1933 Act).

2. The Lender is a corporation that is engaged as a regular part of its business in making loans.

3. The Lender has made its own inquiry and analysis with respect to the Issuer, the Bond and the security therefor, and other material factors affecting the security for and payment of the Bond.

4. The Lender has received the financial information requested by the Lender from the Issuer in connection with the Bond and has been afforded the opportunity to examine such documents and receive such written information concerning the terms and conditions of the Bond and the financial condition and creditworthiness of the Issuer as the Lender has deemed necessary to receive in connection with determining whether to make the loan evidenced by the Bond.

5. The Lender has not relied upon any representations made by any officials of the Issuer, its agents, employees, counsel or representatives, in reaching its decision to make the loan evidenced by the Bond, other than the certificates, opinions, resolutions, or other documents executed in relation to the delivery to the Lender of the Bond, but has relied solely upon the documentation referred to in this and the preceding paragraph.

6. The Lender understands that (i) the loan is evidenced by the Bond, (ii) there is only one Bond and the aggregate principal amount of the Bond is the Principal Amount set forth on such Bond, (iii) the Bond may not be transferred except in whole, and (iv) any transfer (A) must be to a Permitted Lender, (B) is not permitted in the event the remaining principal amount outstanding of the Bond is less than \$100,000, and (C) is subject to consent of the Issuer, which consent shall not be unreasonably withheld.

“Permitted Lender” means any bank, trust company, savings institution, insurance company, dealer, investment company or qualified institutional buyer as contemplated by Section 517.061(7), Florida Statutes, that is engaged as a regular part of its business in making loans and is authorized to do business in the State of Florida.

7. The Lender is not acting as a broker or other intermediary and is acquiring the Bond, as evidence of a privately negotiated loan, from its own capital for its own accounts and not with a view to the resale or other distribution of all or any part thereof or any interest therein to others.

8. The Lender acknowledges that it is permitted to transfer the Bond only upon compliance with the requirements of the Resolution, the Loan Agreement and the Bond.

9. The interest rate established for the Bond was established at arms length between the Lender and the Issuer.

10. The Lender further represents, warrants and covenants that:

(i) it is not funding the loan represented by the Bond for the direct or indirect promotion of any scheme or enterprise with the intent of violating or evading any provision of Chapter 517, Florida Statutes;

(ii) it understands that no CUSIP will be obtained with respect thereto; and

(iii) it understands the Bond carries no rating from any credit rating agency.

This letter is furnished by us as Lender based solely on our knowledge on the day hereof and is solely for the benefit of the Issuer and Bryant Miller Olive P.A., as Bond Counsel for the Issuer, and may not be relied upon by or published or communicated to, any other person without our express written consent. The Lender disclaims any obligation to supplement this letter to reflect any facts or circumstances that may hereafter come to the Lender’s attention.

2. (a) No other fee, bonus or other compensation is estimated to be paid by the Lender in connection with the issuance of the Series 2017 Bond to any person not regularly employed or retained by the Lender (including any "finder" as defined in Section 218.386(1)(a), Florida Statutes), except as specifically enumerated as expenses to be incurred by the Lender, as set forth in paragraph (1) above.

(b) No person has entered into an understanding with the Lender, or to the knowledge of the Lender, with the Issuer, for any paid or promised compensation or valuable consideration, directly or indirectly, expressly or implied, to act solely as an intermediary between the Issuer and the Lender or to exercise or attempt to exercise any influence to effect any transaction in the purchase of the Series 2017 Bond.

3. The amount of the underwriting spread expected to be realized by the Lender is \$0.

4. The management fee to be charged by the Lender is \$0.

5. Truth-in-Bonding Statement:

The Series 2017 Bond is being issued primarily to finance the cost of the Project and reimburse the Issuer for any Project Costs, as defined in the Loan Agreement. Unless earlier prepaid, the Series 2017 Bond is expected to be repaid by October 1, 2028. At a fixed interest rate of 2.15%, total interest paid over the life of the Series 2017 Bond is \$3,324,382 and issuance

of the Series 2017 Bond will result in maximum of approximately \$2,586,575.50 of annual revenues of the Issuer not being available to finance other services of the Issuer during the life of the Series 2017 Bond.

6. The name and address of the Lender is as follows:

Compass Bank
5055 Bayou Boulevard
Pensacola, Florida 32503

IN WITNESS WHEREOF, the undersigned has executed this Disclosure Letter on behalf of the Lender this 18th day of October, 2017.

That City Council adopt Supplemental Budget Resolution No. 17-68.

A RESOLUTION AUTHORIZING AND MAKING REVISIONS AND APPROPRIATIONS FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2018; PROVIDING FOR AN EFFECTIVE DATE

HEARING REQUIRED: No Hearing Required

SUMMARY:

On August 21, 2014, the Board of County Commissioners of the County enacted Ordinance No. 2014-32 authorizing the County to levy a one percent infrastructure sales surtax for a period commencing January 1, 2018 and concluding December 31, 2028 (referred to as LOST series IV), and provided that the distribution of the proceeds of the surtax to the incorporated municipalities of the County shall be as set forth in Section 218.62, Florida Statutes. Such levy was approved by referendum of the County's electorate on November 4, 2014.

On February 11, 2016, City Council approved Resolution 01-16 establishing its intent to reimburse certain capital expenditures incurred in connection with various capital projects eligible to be financed from the local government infrastructure surtax with proceeds of a future tax exempt financing.

On September 20, 2017, City Council approved Resolution 17-63 adopting a final budget for fiscal year beginning October 1, 2017. As part of the fiscal year 2018 budget, the LOST Series IV plan was amended and approved. In order to provide funding for the projects over the next thirty-six (36) months, in addition to projected revenues, \$25 million is projected to be needed.

Request for Proposals for Non-Bank Qualified Tax-Exempt Bank Loans were sent to thirteen (13) banks. Five (5) proposals were received. The City's Financial Advisor, Mitch Owens with RBC Capital Markets,

recommended BBVA Compass Bank as the best response with a fixed rate of 2.15% and \$5,000 in bank fees.

The loan will be an eleven (11) year financing at a fixed interest rate of 2.15%. Interest will be paid semi-annually on October 1 and April 1 of each year commencing on April 1, 2018 and principal payments will be paid annually on October 1 commencing on October 1, 2018 and maturing on October 1, 2028. The pledged revenues will be the local government infrastructure surtax.

The financing team consists of Mitch Owens, the City's Financial Advisor with RBC Capital Markets, LLC and Randy Clement, Esq., with Bryant Miller Olive, the City's Bond Counsel.

RESOLUTION NO. 17-70 - IN SUPPORT OF ACCESS AND USE OF PROPERTY ASSESSED CLEAN ENERGY (PACE) FINANCING WITHIN THE CITY OF PENSACOLA

RECOMMENDATION:

That City Council adopt Resolution 17-70.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PENSACOLA, FLORIDA, ADOPTING A PROPERTY ASSESSED CLEAN ENERGY (“PACE”) PROGRAM WITHIN THE CITY OF PENSACOLA AND JOINING THE FLORIDA GREEN FINANCE AUTHORITY, FLORIDA PACE FUNDING AGENCY, GREEN CORRIDOR AND FLORIDA RESILIENCY AND ENERGY DISTRICT IN ACCORDANCE WITH SECTION 163.08, FLORIDA STATUTES; AUTHORIZING THE MAYOR OF THE CITY OF PENSACOLA TO EXECUTE AGREEMENTS WITH THE FLORIDA GREEN FINANCE AUTHORITY, FLORIDA PACE FUNDING AGENCY, GREEN CORRIDOR AND FLORIDA RESILIENCY AND ENERGY DISTRICT FOR ADMINISTRATION OF THE PACE PROGRAM WITHIN THE CITY OF PENSACOLA; PROVIDING AN EFFECTIVE DATE; AND FOR OTHER PURPOSES.

HEARING REQUIRED: No Hearing Required

SUMMARY:

In 2010, the Florida Legislature adopted HB 7179 (Section 163.08, F.S.) (the “Bill”), which allows local governments to create Property Assessed Clean Energy (“PACE”) programs in order to provide the upfront private sector financing for energy conservation and efficiency, renewable energy, wind resistance and other improvements that are not inconsistent with the state law (“Qualifying Improvements”). Section 163.08(4), F.S. permits local governments to offer PACE programs subject to adoption of a Resolution.

The Florida Green Finance Authority (“Authority”), Florida PACE Funding Agency, Green Corridor, and Florida Resiliency and Energy District (“FRED”) are separate legal entities and units of government within the State of Florida which were established by separate interlocal agreements for the express purpose of providing a scalable and uniform platform to facilitate the financing of Qualifying Improvements.

By executing the Non-Exclusive Party Agreements attached, the City of Pensacola is providing private access to financial lending for residential and commercial energy efficiency improvements, installation of renewable energy sources and wind resistance improvements on existing structures. The improvements will provide significant progress towards increased energy conservation and protection of properties in the City of Pensacola. PACE programs assist residents and business owners in reducing their carbon footprint and energy costs and stimulate the local economy by creating construction and manufacturing jobs for both commercial and residential property installations.

Party Membership Agreement To The Florida Green Finance Authority

WHEREAS, Section 163.01, F.S., the “Florida Interlocal Cooperation Act of 1969,” authorizes local government units to enter into interlocal agreements for their mutual benefit; and

WHEREAS, the Town of Lantana, Florida, a Florida municipal corporation ("Lantana") and the Town of Mangonia Park, Florida, a Florida municipal corporation, ("Mangonia Park") entered into an Interlocal Agreement, dated June 11, 2012, as first amended on August 11, 2014 and second amended on April 7, 2016 with document execution May 9, 2016, establishing the Florida Green Finance Authority as a means of implementing and financing a qualifying improvements program for energy and water conservation and efficiency, renewable energy and wind-resistance improvements, and to provide additional services consistent with law; and

WHEREAS, the City of Pensacola desires to become a member of the Florida Green Finance Authority in order to facilitate the financing of qualifying improvements for properties located within the City of Pensacola.

NOW, THEREFORE, it is agreed as follows:

1. The Interlocal Agreement between the Florida Green Finance Authority, the Town of Lantana and the Town of Mangonia Park, entered into on June 11, 2012 and as amended on August 11, 2014 and April 7, 2016 with document execution May 9, 2016 (the “Interlocal Agreement”), for the purpose of facilitating the financing of qualifying improvements for properties located within the Authority’s jurisdiction via the levy and collection of voluntary non-ad valorem assessments on improved property, is hereby supplemented and amended on the date last signed below by this Party Membership Agreement, which is hereby fully incorporated into the Interlocal Agreement, to include the City of Pensacola.
2. The Florida Green Finance Authority, together with its member Parties, and the City of Pensacola, with the intent to be bound thereto, hereby agree that the City of Pensacola shall become a Party to the Interlocal Agreement together with all of the rights and obligations of Parties to the Interlocal Agreement.
3. The Service Area of the Florida Green Finance Authority shall include the legal boundaries of the City of Pensacola, as the same may be more specifically designated by the City of Pensacola or amended from time to time.
4. The City of Pensacola designates the following as the respective place for any notices to be given pursuant to the Interlocal Agreement Section 27:

NON-EXCLUSIVE INTERLOCAL SUBSCRIPTION AGREEMENT RELATING TO THE FUNDING AND FINANCING OF QUALIFYING IMPROVEMENTS BY THE FLORIDA PACE FUNDING AGENCY

THIS NON-EXCLUSIVE INTERLOCAL SUBSCRIPTION AGREEMENT is made and entered into as of _____, 2017 (this "Subscription Agreement"), by and between the City of Pensacola, Florida (the "Subscriber"), and the Florida PACE Funding Agency, a separate legal entity and public body and unit of local government, established pursuant to Section 163.01(7)(g), Florida Statutes, (the "Agency"), by and through their respective governing bodies. The purpose of the Subscription Agreement is to secure, in an efficient and uniform manner, for the Property Owners (as hereinafter defined) within the jurisdiction and boundaries of the Subscriber the privileges, benefits, powers and terms provided for herein and by law, and particularly by Section 163.08, Florida Statutes, as amended (the "Supplemental Act"), relating to the voluntary determination by affected property owners to obtain and finance certain improvements to property for energy efficiency, renewable energy or wind resistance.

WITNESSETH:

NOW, THEREFORE, in consideration of the mutual covenants herein contained and for other good and valuable consideration each to the other, receipt of which is hereby acknowledged by each party, the Subscriber and the Agency hereby agree, stipulate and covenant as follows:

ARTICLE I DEFINITIONS AND CONSTRUCTION

SECTION 1.01. DEFINITIONS. As used in this Agreement, the following terms shall have the meanings as defined unless the context requires otherwise:

"Board of Directors" means the governing body of the Agency.

"Agency Charter Agreement" or "Charter" means, unless the context otherwise requires, the separate interlocal agreement which created and established the Agency, including any amendments and supplements hereto executed and delivered in accordance with the terms thereof.

"Financing Agreement" means the agreement authorized hereunder and by the Act (specifically including section 163.08(4) thereof) between the Agency and a Property Owner providing for the funding to finance Qualifying Improvements and the imposition of a non-ad valorem Special Assessment against the Property Owner's assessed property.

“Financing Documents” shall mean the resolution or resolutions duly adopted by the Agency, as well as any indenture of trust, trust agreement, interlocal agreement or other instrument relating to the issuance or security of any bond or Obligations of the Agency and any agreement between the Agency and the Subscriber, pursuant to which the Subscriber and Property Owners obtain access to funds provided by the Agency.

“Obligations” shall mean a series of bonds, obligations or other evidence of indebtedness, including, but not limited to, notes, commercial paper, certificates or any other obligations of the Agency issued hereunder or pursuant hereto, or under any general law provisions, and pursuant to the Financing Documents. The term shall also include any lawful obligation committed to by the Agency or pursuant to an interlocal agreement with another governmental body or agency and/or warrants issued for services rendered or administrative expenses.

“Program” means the program operated by the Agency to provide financing for Qualifying Improvements undertaken within the jurisdiction of the Subscriber. Unless determined otherwise by the Subscriber, the Agency’s Program will be non-exclusive; and, the Subscriber may embrace or authorize any similar program under the Act as the Subscriber sees fit and in the interest of the public.

"Property Owner" means, collectively, all of the record owners of real property subject to a Financing Agreement.

“Qualifying Improvements” means those improvements for energy efficiency, renewable energy, or wind resistance described in the Supplemental Act authorized to be affixed and/or installed by the record owner of an affected property. The term does not include similar improvements underwritten or financed by local, state or federal programs including, but not limited to State Housing Initiatives Partnership or SHIP Program, which are not secured by a special or non-ad valorem assessment.

“Special Assessments” means the non-ad valorem assessments authorized by the Supplemental Act and levied by the Agency on property owned by participating property owner who has entered into a Financing Agreement with the Agency to fund the costs of Qualifying Improvements.

SECTION 1.02 CONSTRUCTION.

(A) Words importing the singular number shall include the plural in each case and vice versa, and words importing persons shall include firms and corporations. The terms “herein,” “hereunder,” “hereby,” “hereto,” “hereof,” and any similar terms, shall refer to this Subscription Agreement; the term “heretofore” shall mean before the date this Subscription Agreement is executed; and the term “hereafter” shall mean after the date this Subscription Agreement is executed.

(B) Each recital, covenant, agreement, representation and warranty made by a party herein shall be deemed to have been material and to have been relied on by the other party to this Subscription Agreement. Both parties have independently reviewed this Subscription Agreement with their own counsel and covenant that the provisions hereof shall not be construed for or against either the Subscriber or the Agency by reason of authorship.

SECTION 1.03. SECTION HEADINGS. Any headings preceding the texts of the several Articles and Sections of this Subscription Agreement and any table of contents or marginal notes appended to copies hereof shall be solely for convenience of reference and shall neither constitute a part of this Subscription Agreement nor affect its meaning, construction or effect.

SECTION 1.04. FINDINGS. It is hereby ascertained, determined and declared that:

(A) The State has declared it the public policy of the State to develop energy management programs aimed at promoting energy conservation and wind resistance or 'hardening' programs achieving hurricane and wind damage mitigation.

(B) The State Legislature has determined there is a compelling state interest in enabling property owners to voluntarily finance Qualifying Improvements with local government assistance. The actions authorized by the Supplemental Act, including the financing of Qualifying Improvements through the execution of Financing Agreements and the related imposition of a Special Assessment, are reasonable and are necessary for the prosperity and welfare of the State, the Subscriber and its property owners and inhabitants.

(C) The Agency has secured a binding final judgment, binding and only advantageous to the Agency, which has statewide effect. Such judgment carefully relieves the Subscriber from cost and liability associated with implementation of the Agency's Program.

(D) The Agency has provided evidence to the Subscriber that: (1) the Agency's Program has assembled, at the Agency's sole cost and expense, open public governance and oversight, staffing in the form of qualified third-party administration, active funding provider servicing oversight, dedicated Program counsel, and an independent institutional trustee, (2) that the Agency is immediately ready to commence origination of Special Assessments for Qualifying Improvements, and (3) that the Agency presently has large scale funding in place and available under an executed bond purchase agreement and trust indenture.

(E) The availability of the non-exclusive Program offered by the Agency (without cost to, assumption of liability by or demand upon the credit of the Subscriber) and the voluntary participation in the Program by Property Owners will provide an alternative financing option to finance and repay the costs to provide and install Qualifying Improvements.

(F) This Agreement provides an alternative, supplemental and non-exclusive means to achieve, inter alia, immediate and careful local economic development, commerce and job creation, as well as the compelling State interests and public purposes described in the Supplemental Act.

ARTICLE II
SUBSCRIPTION

SECTION 2.01. AUTHORITY.

(A) The execution hereof has been duly authorized by the resolution of the governing bodies of each party hereto.

(B) The Agency by this Subscription Agreement is hereby authorized to act to provide its services, and conduct its affairs, within the boundaries of the Subscriber's jurisdiction.

(C) The execution of this Subscription Agreement evidences the express authority and concurrent transfer of all necessary powers to the Agency, and the covenant to reasonably cooperate by the Subscriber, so that the Agency may facilitate, administer, implement and provide Qualifying Improvements, facilitate Financing Agreements and non-ad valorem assessments only on properties subjected to same by the record owners thereof, develop markets, structures and procedures to finance same, and to take any actions associated therewith or necessarily resulting there from, as contemplated by the Supplemental Act as the same may be amended from time to time.

(D) By resolution of the governing bodies of each of the parties and as implemented pursuant by this Subscription Agreement, all power and authority available to the Agency under its Charter and general law, including without limitation, Chapters 163, 189 and 197, Florida Statutes, shall be deemed to be authorized and may be implemented by the Agency within the boundaries of the Subscriber.

(E) This Subscription Agreement may be amended only by written amendment hereto.

SECTION 2.02. CREATION OF STATE, COUNTY OR MUNICIPAL DEBTS PROHIBITED. The Agency shall not be empowered or authorized in any manner to create a debt as against the State, county, or any municipality, and may not pledge the full faith and credit of the State, any county, or any municipality. All revenue bonds or debt obligations of the Agency shall contain on the face thereof a statement to the effect that the State, county or any municipality shall not be obligated to pay the same or the interest and that they are only payable from Agency revenues or the portion thereof for which they are issued and that neither the full faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such bonds. The issuance of revenue or refunding bonds under the provisions of law, the Charter Agreement, or this Subscription Agreement shall not directly or indirectly or contingently obligate the State, or any county or municipality to levy or to pledge any form of ad valorem taxation whatever therefore or to make any appropriation for their payment.

SECTION 2.03. ADOPTION OF RATES, FEES AND CHARGES.

(A) The Board of Directors may adopt from time to time by resolution such rates, fees or other charges for the provision of the services of the Agency to be paid by the record owner of any property, pursuant to a Financing Agreement described in the Supplemental Act.

(B) Such rates, fees and charges shall be adopted and revised so as to provide moneys, which, with other funds available for such purposes, shall be at least sufficient at all times to pay the expenses of administering, managing, and providing for the services and administration of the activities of the Agency, to pay costs and expenses provided for by law or the Charter Agreement and the Financing Documents, and to pay the principal and interest on the Obligations as the same shall become due and reserves therefore, and to provide for necessary administration and reasonable margin of safety over and above the total amount of such payments. Notwithstanding any other provision in the Charter Agreement or this Subscription Agreement, such rates, fees and charges shall always be sufficient to comply fully with any covenants contained in the Financing Documents.

(C) Such rates, fees and charges may vary from jurisdiction to jurisdiction, but shall be just and equitable and uniform at the time of imposition for the record owners in the same class of or within each subscribing local governmental jurisdiction electing to enter into any Financing Agreement described in the Supplemental Act and may be based upon or computed upon any factor (including, by way of example and not limitation, competitive or market conditions, distinguishing between residential and non-residential properties or uses, distinguishing between variable costs of administrative services over time) or combination of factors affecting the demand or cost of the services furnished or provided to administer the services and affairs of the Agency as may be determined by the Board of Directors from time to time.

(D) Notwithstanding anything in this Subscription Agreement to the contrary, the Agency may establish a general fund and/or performance assurance account into which moneys may be deposited from an annual surcharge upon the Special Assessments imposed, pledged to or collected by the Agency. Any moneys deposited to such general fund account from such a surcharge shall be considered legally available for any lawful purpose approved by the Board of Directors. Moneys in such general fund and/or performance assurance account may be used to pay for or reimburse initial costs and expenses advanced or associated with start-up costs, feasibility studies, economic analysis, financial advisory services, program development or implementation costs or enhancements, public education, energy audits, administration, quality control, vendor procurement, and any other purpose associated with the purpose or mission of the Agency approved by the Board of Directors.

SECTION 2.04. FINANCING AGREEMENTS.

(A) The Agency shall prepare and provide to each participating property owner the form of the Financing Agreement which complies with the Supplemental Act and is in accordance with the Financing Documents as designated by the Board of Directors from time to time.

(B) The Agency, not the Subscriber, shall be solely responsible for all matters associated with origination, funding, financing, collection and administration of each of the Agency's authorized non-ad valorem assessments.

SECTION 2.05. IMPOSITION OF SPECIAL ASSESSMENTS PURSUANT TO FINANCING AGREEMENTS.

(A) Upon execution by the record owners and the Agency, the Financing Agreement or a summary or memorandum thereof shall be recorded by the Agency within five (5) days of execution as required by Section 163.08(8), Florida Statutes. The recorded Financing Agreement, or summary or memorandum thereof, provides constructive notice that the non-ad valorem assessment to be levied on the subject property constitutes a lien of equal dignity to ad valorem taxes and assessments from the date of recordation.

(B) In a reasonably cooperative and uniform manner the Agency is authorized to and shall provide a digital copy to the property appraiser or tax collector of the recorded Financing Agreement or summary thereof, the most recent property identification number and annual amount of the non-ad valorem assessment along with such other efficient and reasonable information necessary for the tax collector to collect such amounts on behalf of the Agency pursuant to Sections 197.3632 and 163.08, Florida Statutes, as a non-ad valorem assessment.

SECTION 2.06. COLLECTION OF SPECIAL ASSESSMENTS.

(A) The Agency shall be solely responsible for professionally coordinating all interface with the tax collector or property appraiser, and minimize to the greatest extent reasonably possible the time, effort and attention of these public officials to accomplish the public purposes and direction of the Supplemental Act subscribed to by the Subscriber. Subscriber hereby respectfully requests and encourages the tax collector or property appraiser to only impose, charge, or deduct the minimum amount allowed by general law for the collection or handling of the Special Assessments which are the subject of this Subscription Agreement.

(B) To advance Program acceptance and to minimize Program participation costs, and because each Property Owner is voluntarily undertaking to achieve and underwrite the unique and compelling State interests described in the Supplemental Act, the Subscriber urges either the waiver of such fees by the tax collector and property appraiser or a flat five dollar (\$5) fee per year per tax parcel for such purposes which shall be paid by the Agency via deduction, by the institutional trustee required by the Financing Documents, or as otherwise reasonably agreed to by the Agency and these parties.

SECTION 2.07. PLEDGE OF PROCEEDS FROM NON AD VALOREM ASSESSMENTS.

(A) The Agency will take such actions as are necessary for the lawful levy of the Special Assessments against all lands and properties specially benefitted by the acquisition, construction and financing of Qualifying Improvements. If any assessment made with respect to any property shall be either in whole or in part annulled, vacated or set aside by the judgment of any court, or if the Agency or Subscriber shall be satisfied that any such assessment is so irregular or defective

that the same cannot be enforced or collected, the Agency is authorized to take all necessary steps to cause a new assessment to be made for the whole or any part of any Qualifying Improvements or against any property specially benefitted by such improvement, to the extent and in the manner provided by law.

(B) Pursuant to the Financing Documents and this Subscription Agreement, the Agency shall irrevocably pledge and, to the fullest extent permitted by law, pledge and assign any and all revenues derived from Special Assessments to the repayment of any debt obligation issued by the Agency pursuant to the Financing Documents.

(C) The Subscriber shall not incur or ever be requested to authorize any obligations secured by Special Assessments associated with Qualifying Improvements imposed by the Agency.

(D) Each series of Financing Documents shall be secured forthwith equally and ratably by a pledge of and lien upon the Special Assessments. The obligations of the Agency under and pursuant to the Financing Documents shall not be or constitute general obligations or an indebtedness of the Subscriber as "bonds" within the meaning of the Constitution of Florida, but shall be payable from and secured solely by a lien upon and pledge of the Special Assessments as provided herein. Neither the Agency nor any holder of any debt obligation issued by the Agency pursuant to the Financing Documents shall ever have the right to compel the exercise of the ad valorem taxing power of the Subscriber or taxation in any form of property therein to pay any amount due under any Financing Documents or any Special Assessment. The Financing Documents shall not constitute a lien upon any property of or in the Subscriber except as to the respective Special Assessments in the manner provided herein and by law.

SECTION 2.08. CARBON OR SIMILAR CREDITS. The form of Financing Agreement in each instance shall provide for the transfer of any carbon or similar mitigation credits derived from Qualifying Improvements to the Agency, with such revenues therefrom, if any ever materialize, to be used by the Agency to underwrite generally its operation, mission and purpose. By execution hereof any such interest in mitigation credits shall be assigned by the Subscriber to the Agency without any future action by the parties. Provided, however, the Subscriber shall upon request from time to time execute and deliver all such documents as may be reasonably required to further evidence the assignment and transfer of such interests to the Agency. Such credits expressly exclude investment tax credits available under the Internal Revenue Code or monetary rebates available to the Property Owner.

ARTICLE III GENERAL PROVISIONS

SECTION 3.01. INTERLOCAL AGREEMENT PROVISIONS. This Subscription Agreement constitutes a joint exercise of power, privilege or authority by and between the Subscriber and the Agency and shall be deemed to be an "interlocal agreement" within the meaning of the Florida Interlocal Cooperation Act of 1969, as amended. This Subscription

Agreement shall be filed by the Agency with the Clerk of the Circuit Court of the county in which the Subscriber is located.

SECTION 3.02. DISCLOSURE.

(A) The Agency has provided a copy of (1) the Supplemental Act, (2) the Agency's Charter Agreement, (3) the Final Judgment in Fla. PACE Funding Agency v. State, No. 2011-CA-1824 (Fla. 2d Cir. Ct. 2011), and (4) other relevant disclosure information and background materials to the Subscriber prior to execution hereof. Subscriber, through its own staff and advisors, has independently reviewed and considered the foregoing and other relevant information of its choosing.

(B) The objective of the Agency's mission is to offer a uniform, standardized and scalable approach that provides efficiencies and economies of scale intended to attract voluntary financing of Qualifying Improvements and stimulate a substantial and meaningful flow of private sector economic activity and new job creation. In doing so, each subscribing local government by entering into a subscription agreement of this nature authorizes the availability of the Agency's uniform program to property owners in the subscribing jurisdiction. Accordingly, the Agency has engaged, and may engage in the future, various advisors, consultants, attorneys or other professionals or firms with recognized expertise necessary to accomplish the Agency's mission.

(C) Each of the various advisors, consultants, attorneys or other professionals engaged by the Agency has been, and shall in the future be, disclosed to the Subscriber. The Subscriber and Agency recognize, consider and acknowledge the fact or possibility that one or more of the various professionals or firms may serve as the advisor to the Agency in its mission, and to the Subscriber or another client in providing other similar professional services, outside of the provision, funding and financing of Qualifying Improvements. Such circumstance is acceptable and will not be construed as a conflict, be objected to unreasonably, nor be used as the basis for its disqualification of such professionals or firms from any continued or future representation of either party hereto which can otherwise be resolved by a reasonable waiver.

SECTION 3.03. TERM OF AGREEMENT; DURATION OF AGREEMENT; EXCLUSIVITY.

(A) This Subscription Agreement shall commence as of the date first above written, and shall remain in effect until terminated as herein provided. Either party (the "non-breaching party") may terminate this Subscription Agreement by providing the other party (the "breaching party") 10 days prior written notice ("Termination Notice") in the event the breaching party breaches this Subscription Agreement and such breach is not cured to the reasonable satisfaction of the non-breaching party within a reasonable period of time following notice of such breach. Beginning on the date the Agency receives from, or gives to, the Subscriber a Termination Notice ("Termination Date"), the Agency shall not approve any new applications affecting property within the legal boundaries of the Subscriber. Provided, however either party may unilaterally terminate this Agreement prior to any Financing Agreements being executed or, if earlier, the

issuance of any Obligations of the Agency secured by pledged revenues derived from within the jurisdiction or boundaries of the Subscriber.

(B) In the event of any termination hereunder, and so long as the Agency has Obligations outstanding which are secured by pledged revenues derived from Financing Agreements relating to any properties within the jurisdiction or boundaries of the Subscriber, or the Agency has projects for Qualified Improvements underway therein, the applicable provisions, authority and responsibility under this Agreement reasonably necessary to carry out the remaining aspects of the Program and responsibilities of Agency then underway, shall remain in effect and survive such termination until such time as those obligations and all associated remaining Program responsibilities are fulfilled (including, but not limited to the collection of assessments in due course).

SECTION 3.04. AMENDMENTS AND WAIVERS.

(A) Except as otherwise provided herein, no amendment, supplement, modification or waiver of this Subscription Agreement shall be binding unless executed in writing by the Subscriber and Agency.

(B) To the extent the Agency has no outstanding bonds, Obligations or other evidence of indebtedness, this Subscription Agreement may be amended or modified or provisions hereto waived upon the written consent of all parties hereto.

(C) To the extent the Agency has outstanding bonds, Obligations or other evidence of indebtedness arising from Financing Agreements relating to properties within the jurisdiction or boundaries of the Subscriber, this Subscription Agreement may not be amended or modified in any way that is materially adverse to holders of such bonds, Obligations or other evidence of indebtedness without the consent in writing of the holders of at least two-thirds (2/3) or more in principal amount of such bonds, Obligations or other evidence of indebtedness (exclusive of any warrants issued by the Agency) then outstanding, or any insurer duly authorized to provide such consent on behalf of such holders.

SECTION 3.05. NOTICES.

(A) All notices, certificates or other communications hereunder shall be sufficiently given and shall be deemed given when hand delivered (or confirmed electronic facsimile transmission) or mailed by registered or certified mail, postage prepaid, or sent by nationally recognized overnight courier (with delivery instructions for “next business day” service) to the parties at the following addresses:

Subscriber:

City of Pensacola

With a copy to:

Agency:

Executive Director
Florida PACE Funding Agency
c/o City of Kissimmee
101 North Church Street, Fifth Floor
Kissimmee, Florida 34741

With a copy to:

Program Counsel for the Florida PACE Funding Agency
P.O. Box 14043
Tallahassee, Florida 32317-4043

(B) Any of the parties may, by notice in writing given to the other, designate any further or different addresses to which subsequent notices, certificates or other communications shall be sent. Any notice shall be deemed given on the date such notice is delivered by hand (or confirmed electronic facsimile transmission) or three days after the date mailed.

SECTION 3.06. QUALITY CONTROL AND COMMUNICATION. For quality control purposes the Agency and Subscriber desire, and the Agency covenants to develop, implement and employ policies, systems and procedures which are within industry standards; with such standards being reasonably expected to change and evolve over time. An ongoing positive and informal line of communication between staff and agents for the parties is encouraged. At any time, notwithstanding lack of default or lack of material breach hereunder, the Subscriber is encouraged to objectively and specifically communicate to the Agency in writing as provided for herein any concerns, suggestions or disapproval with performance, policies, systems or procedures being employed by the Agency. The Agency through its administrator, Executive Director, or a duly authorized designee, will promptly respond in writing to all such communications (reasonably within fifteen (15) days of receipt of any such written communication, but sooner if necessary) and follow-up accordingly; and, also promptly communicate any such response, follow-up, and all related communication to the Board of Directors for review.

SECTION 3.07. IMMUNITY; LIMITED LIABILITY.

(A) All of the privileges and immunities from liability and exemptions from laws, ordinances and rules which apply to the activity of officials, officers, agents or employees of the parties shall apply to the officials, officers, agents or employees thereof when performing their respective functions and duties under the provisions of this Subscription Agreement.

(B) The Subscriber and Agency are and shall be subject to Sections 768.28 and 163.01(9)(c), Florida Statutes, and any other provisions of Florida law governing sovereign immunity. Pursuant to Section 163.01(5)(o), Florida Statutes, and this covenant of the parties hereto, the local governments who are either or both the incorporators or members of the Agency shall not be held jointly liable for the torts of the officers or employees of the Agency, or any other tort attributable to the Agency, and that the Agency alone shall be liable for any torts attributable to it or for torts of its officers, employees or agents, and then only to the extent of the waiver of sovereign immunity or limitation of liability as specified in Section 768.28, Florida Statutes. The Subscriber and Agency acknowledge and agree that the Agency shall have all of the privileges and immunities from liability and exemptions from laws, ordinances, rules and common law which apply to the municipalities and counties of the State. Nothing in this Subscription Agreement is intended to inure to the benefit of any third-party for the purpose of allowing any claim, which would otherwise be barred under the doctrine of sovereign immunity or by operation of law.

(C) Neither the Subscriber, nor the local governments who are either or both the incorporators or members of the Agency, nor any subsequently subscribing or participating local government in the affairs of the Agency shall in any manner be obligated to pay any debts, obligations or liabilities arising as a result of any actions of the Agency, the Board of Directors or any other agents, employees, officers or officials of the Agency, except to the extent otherwise mutually and expressly agreed upon, and neither the Agency, the Board of Directors or any other agents, employees, officers or officials of the Agency have any authority or power to otherwise obligate either the Subscriber, the local governments who are either or both the incorporators or members of the Agency, nor any subsequently subscribing or participating local government in the affairs of the Agency in any manner.

SECTION 3.08. BINDING EFFECT. This Subscription Agreement shall be binding upon the parties, their respective successors and assigns and shall inure to the benefit of the parties, their respective successors and assigns.

SECTION 3.09. SEVERABILITY In the event any provision of this Subscription Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

SECTION 3.10. EXECUTION IN COUNTERPARTS. This Subscription Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

SECTION 3.11. APPLICABLE LAW. The exclusive venue of any legal or equitable action that arises out of or relates to this Subscription Agreement shall be the

appropriate state court in Leon County. In any such action, Florida law shall apply and the parties waive any right to jury trial.

SECTION 3.12. ENTIRE AGREEMENT. This Subscription Agreement constitutes the entire agreement among the parties pertaining to the subject matter hereof, and supersedes all prior and contemporaneous agreements, understandings, negotiations and discussions of the parties, whether oral or written, and there are no warranties, representations or other agreements among the parties in connection with the subject matter hereof, except as specifically set forth herein.

Exhibit C

MEMBERSHIP AGREEMENT BETWEEN THE GREEN CORRIDOR PROPERTY ASSESSMENT CLEAN ENERGY (PACE) DISTRICT AND THE CITY OF PENSACOLA

This Membership Agreement (the “Membership Agreement”) is entered into this ___ day of _____, 20__ by and between the Green Corridor Property Assessment Clean Energy (PACE) District, a public body corporate and politic (the “Green Corridor”), and the City of Pensacola, Florida, a municipality of the State of Florida (the “Municipality”) (collectively, the “Parties”) for the purpose of providing a PACE program within the Municipality.

RECITALS

WHEREAS, on August 6, 2012, the Green Corridor was created as a separate legal entity pursuant to Section 163.01(7), Florida Statutes, to finance qualifying improvements in accordance with Section 163.08, Florida Statutes; and

WHEREAS, on _____, the Municipality adopted Resolution _____ agreeing to join the Green Corridor as a non-voting member in order to finance qualifying improvements in the Municipality in accordance with Section 163.08, Florida Statutes; and

WHEREAS, the Parties have determined that entering into this Membership Agreement is in the best interest and welfare of the property owners within the Green Corridor and Municipality.

NOW, THEREFORE, in consideration of the terms and conditions, promises and covenants hereinafter set forth, the Parties agree as follows:

1. Recitals Incorporated. The above recitals are true and correct and incorporated herein.
2. Purpose. The purpose of this Membership Agreement is to facilitate the financing of qualifying improvements for property owners within the Municipality in accordance with Section 163.08, Florida Statutes, by virtue of the Municipality’s joining the Green Corridor as a non-voting member and utilizing the Green Corridor’s existing program (the “Program”).
3. Qualifying Improvements. The Municipality shall allow the Green Corridor to provide financing of qualifying improvements, as defined in Section 163.08, Florida Statutes, on properties within the Municipality.
4. Non-Exclusive. The Green Corridor Program is non-exclusive, meaning Municipality specifically reserves the right to join any other entity providing a similar program under Section 163.08, Florida Statutes, or create its own program under Section 163.08, Florida Statutes.

5. Program Guidelines: The Parties agree that, unless the Municipality desires to implement its own local program guidelines as described below, the Program to be offered in the Municipality will be wholly governed by the Green Corridor's Program Guidelines. If the Municipality desires to implement its own local program guidelines, it may do so upon sixty (60) day's written notice to the Green Corridor. Any such local program guidelines can be amended and changed only by the authorized designee of the Municipality. These local program guidelines shall be consistent with the Green Corridor's guidelines. The Municipality may adopt more restrictive guidelines than that of the Green Corridor. However, if there is a conflict between the Green Corridor's guidelines and the Municipality's guidelines, the Green Corridor's guidelines shall control.
6. Boundaries. Pursuant to this Membership Agreement, the boundaries of the Green Corridor shall include the legal boundaries of the Municipality, which boundaries may be limited, expanded, or more specifically designated from time to time by the Municipality by providing written notice to the Green Corridor. As contemplated in the Interlocal Agreement (as defined in Section 8) and as supplemented by this Membership Agreement, the Green Corridor will, on a non-exclusive basis, levy voluntary non ad valorem special assessments on the benefitted properties within the boundaries of the Municipality to help finance the costs of qualifying improvements for those individual properties. Those properties receiving financing for qualifying improvements shall be assessed from time to time, in accordance with Section 163.08, Florida Statutes and other applicable law. Notwithstanding termination of this Membership Agreement or notice of a change in boundaries by the Municipality as provided for above, those properties that have received financing for qualifying improvements shall continue to be a part of the Green Corridor, until such time that all outstanding debt has been satisfied.
7. Financing Agreement. The Parties agree that the Green Corridor may enter into a financing agreement, pursuant to Section 163.08, Florida Statutes, with property owner(s) within the Municipality who obtain financing through the Green Corridor.
8. Amended and Restated Interlocal Agreement. The Parties agree that the Municipality shall be subject to all terms, covenants, and conditions of the Amended and Restated Interlocal Agreement recorded in the Official Records of Miami-Dade County at Official Records Book 28217, Page 0312, which created the Green Corridor (the "Interlocal Agreement"). In the event of any conflict between the Interlocal Agreement and this Membership Agreement, this Membership Agreement shall control the rights and obligations of the Municipality.
9. Responsibilities of the Green Corridor; Indemnification. The Green Corridor shall be solely responsible for all matters associated with origination, funding, financing and administration of each of the Green Corridor's authorized non-ad valorem assessments, including responding to any complaints or inquiries by participants, tax certificate holders, lenders or others relating to the Program's special assessments, the Program's financing agreements, the Program's qualifying improvements, or any other aspect of the Program. The Parties understand that

indemnification of the Green Corridor members is provided for in Section 16 of the Interlocal Agreement, and that such provisions shall apply to the Municipality.

10. Agreements with Tax Collector, Property Appraiser and Municipalities. The Green Corridor acknowledges that the Municipality has no authority to bind the County Tax Collector and the County Property Appraiser, and the Green Corridor will be required to enter into separate agreement(s) with the County Tax Collector and/or the County Property Appraiser, which shall establish the fees (if any) to be charged by the Tax Collector and Property Appraiser for the collection or handling of the Program's special assessments.
11. Resale or Refinancing of a Property. The Green Corridor recognizes that some lenders may require full repayment of the Program's special assessments upon resale or refinancing of a property subject to the Program's special assessments. The Green Corridor agrees to provide written disclosure of this matter to all Municipality property owners that may utilize the Program.
12. Term. This Membership Agreement shall remain in full force and effect from the date of its execution by both Parties. Any Party may terminate this Membership Agreement upon ninety (90) days prior written notice.
13. Consent. This Membership Agreement and any required resolution or ordinance of an individual Party shall be considered the Municipality's consent to joining the Green Corridor and participation therein, as required by Section 163.08, Florida Statutes.
14. Voting Rights. The Parties agree that the Municipality shall be a non-voting member of the Green Corridor for the term of this Membership Agreement.
15. Notices. Any notices to be given hereunder shall be in writing and shall be deemed to have been given if sent by hand delivery, recognized overnight courier (such as Federal Express), or by written certified U.S. mail, with return receipt requested, addressed to the Party for whom it is intended, at the place specified. For the present, the Parties designate the following as the respective places for notice purposes:

If to Green Corridor:
Paul Winkeljohn, Executive Director
Green Corridor
5385 Nob Hill Rd.
Sunrise, FL 33351

If to Municipality:
Ashton J. Hayward, III, Mayor

16. Amendments. It is further agreed that no modification, amendment or alteration in the terms or conditions herein shall be effective unless contained in a written document executed by the Parties hereto.
17. Joint Effort. The preparation of this Membership Agreement has been a joint effort of the Parties hereto and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the Parties than the other.
18. Merger. This Membership Agreement incorporates and includes all prior negotiations, correspondence, agreements, or understandings applicable to the matters contained herein; and the Parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Membership Agreement that are not contained in this document. Accordingly, the Parties agree that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written. It is further agreed that no change, amendment, alteration, or modification in the terms and conditions contained herein shall be effective unless contained in a written document, executed with the same formality, and of equal dignity herewith by all Parties to this Membership Agreement.
19. Assignment. The respective obligations of the Parties set forth in this Membership Agreement shall not be assigned, in whole or in part, without the written consent of the other Party hereto.
20. Records. The Parties shall each maintain their own respective records and documents associated with this Membership Agreement in accordance with the requirements for records retention set forth in Chapter 119, Florida Statutes.
21. No Third Party Beneficiaries. It is the intent and agreement of the Parties that this Agreement is solely for the benefit of the Parties and no person not a party hereto shall have any rights or privileges hereunder.
22. Severability. In the event a portion of this Membership Agreement is found by a court of competent jurisdiction to be invalid, the remaining provisions shall continue to be effective.
23. Venue. The exclusive venue of any legal or equitable action against the Municipality that arises out of or relates to this Membership Agreement shall be the appropriate state court in Miami-Dade County.

24. Effective Date. This Membership Agreement shall become effective upon the execution by the Parties hereto.

LIMITED PURPOSE PARTY MEMBERSHIP AGREEMENT BETWEEN THE FLORIDA RESILIENCY AND ENERGY DISTRICT AND CITY OF PENSACOLA

This Limited Purpose Party Membership Agreement (the "Agreement") is entered into this day of , 20 by and between the **FLORIDA RESILIENCY AND ENERGY DISTRICT ("FRED")**, a public body corporate and politic created as a separate legal entity pursuant to Section 163.01(7), Florida Statutes, and the City of Pensacola, a political subdivision of the State of Florida, Escambia County (collectively, the "Parties") for the purpose of providing a Property Assessed Clean Energy ("PACE") program within the legal boundaries of the City of Pensacola.

W I T N E S S E T H

WHEREAS, pursuant to Section 163.08(1), Florida Statutes, the legislature determined that access to financing for certain renewable energy, energy efficiency and conservation and wind resistance improvements ("Qualifying Improvements") through voluntary assessment programs such as the PACE program provides a special benefit to real property by alleviating the property's burden from energy consumption and/or reducing the property's burden from potential wind damage; and

WHEREAS, in order to make such Qualifying Improvements more affordable and assist property owners who wish to undertake such improvements, the legislature also determined that there is a compelling state interest in enabling property owners to voluntarily finance such Qualifying Improvements with the assistance of local governments, through the execution of financing agreements and the related imposition of voluntary, non-ad valorem special assessments; and

WHEREAS, an Interlocal Agreement, dated September 6, 2016, as amended and supplemented from time to time (the "Interlocal Agreement") was entered into between the Town of Lake Clarke Shores, the City of Fernandina Beach, and any subsequent parties thereto (the "Public Agencies") and, in the limited capacity described therein, the Florida Development Finance Corporation ("FDFC" and, together with the Public Agencies, the "Parties"), for the purpose of facilitating the financing of Qualifying

Improvements for properties located within FRED's aggregate legal boundaries via the levy and collection of voluntary non-ad valorem special assessments on improved property; and

WHEREAS, the **City of Pensacola** agrees with such legislative determinations and finds that the financing of Qualifying Improvements through the PACE program provides a special benefit to participating real property within its legal boundaries; and

WHEREAS, the Parties to this Agreement desire to supplement the Interlocal Agreement to include the City of Pensacola as a Limited Member, as such term is defined in the Interlocal Agreement, on the date last signed below.

NOW, THEREFORE, in consideration of the above recitals, terms and conditions, promises and covenants hereinafter set forth, the Parties agree as follows:

SECTION 1. DEFINITIONS. Any capitalized terms used in this Agreement, but not otherwise defined herein, shall have the meaning specified for such term in the Interlocal Agreement.

SECTION 2. PURPOSE. The purpose of this Agreement is to facilitate the financing of Qualifying Improvements through a PACE program, in accordance with Section 163.08, Florida Statutes, and provide an efficient process for real property owners within the legal boundaries of the City o to access the PACE program and permit FRED to administer the PACE program within such legal boundaries.

SECTION 3. RIGHTS OF PARTIES. FRED, together with its member Parties, and the City of Pensacola, with the intent to be bound thereto, hereby agree that the City of Pensacola shall become a Party to the Interlocal Agreement together with only those rights and obligations of Parties to the Interlocal Agreement as are necessary to fulfill the purposes described in this Agreement, including access to financing and processing of non-ad valorem special assessments by FRED, within the legal boundaries of the City of Pensacola, as more specifically described below, and in accordance with federal, state, and local laws, rules, regulations, ordinances, and all operational program standards of the City of Pensacola.

SECTION 4. INCORPORATION OF RECITALS AND LEVY OF SPECIAL ASSESSMENTS. The Parties hereby acknowledge and agree with each recital to this Agreement and incorporate such findings herein as their own. The non-ad valorem special assessments arising from a property owner's voluntary participation in the PACE program shall be levied by FRED on properties within the legal boundaries the City of Pensacola and the receipt and distribution of any non-ad valorem special assessments imposed by FRED are purely ministerial acts.

SECTION 5. QUALIFYING IMPROVEMENTS. FRED may provide access to financing for Qualifying Improvements to real property within the legal boundaries of the City of Pensacola, in accordance with Section 163.08, Florida Statutes, and subject to the terms of this Agreement, as well as applicable federal, state, and City of Pensacola law.

SECTION 6. FINANCING AGREEMENT. Before extending any financing or subjecting any participating real property within the legal boundaries of the City of Pensacola to the non-ad valorem special assessment authorized therein, FRED and FDFC, through their designees, shall, on a non-exclusive basis pursuant to the Section 163.08, Florida Statutes and this Agreement, enter into a financing agreement (the "Financing Agreement") with property owner(s) within the legal boundaries of the City of Pensacola who qualify for financing through FRED. The Financing Agreement shall include a thorough explanation of the PACE financing process and specify at what point in the process the special assessment will be added to the real property's owner's property tax bills (after completion of the project(s), permit approval, and approval by the property owner).

SECTION 7. BOUNDARIES OF THE PACE PROGRAM. For the limited purposes of administering the PACE program and imposing non-ad valorem special assessments as described in this Agreement, the legal boundaries of FRED shall include the legal boundaries of the City of Pensacola, which legal boundaries may be limited, expanded to reflect annexation, or more specifically designated from time to time by the City of Pensacola by providing written notice to FRED. Upon execution of this Agreement and written request thereafter, the City of Pensacola agrees to provide FRED the current legal description of the legal boundaries of the City of Pensacola.

SECTION 8. ELIGIBLE PROPERTIES. Within the legal boundaries of the City of Pensacola, improved real property, including any residential, commercial, agricultural and industrial use may be eligible for participation in the PACE program within the limits otherwise prescribed in Section 163.08, Florida Statutes.

SECTION 9. SURVIVAL OF SPECIAL ASSESSMENTS. During the term of this Agreement, FRED may levy voluntary non-ad valorem special assessments on participating properties within the legal boundaries of the City of Pensacola to help secure the financing of costs of Qualifying Improvements constructed or acquired on such properties based on the finding of special benefit by the City of Pensacola incorporated into Section 3 hereof. Those properties receiving financing for Qualifying Improvements shall be assessed by FRED until such time as the financing for such Qualified Improvement is repaid in full, in accordance with Section 163.08, Florida Statutes, and other applicable law. Notwithstanding termination of this Agreement or notice of a change in the legal boundaries of the City of Pensacola as provided for herein, those properties that have received

financing for Qualifying Improvements shall continue to be a part of FRED, until such time that all outstanding debt has been satisfied.

SECTION 10. TERM. This Agreement shall remain in full force and effect from the date of its execution by both Parties. Any Party may terminate this Agreement for convenience upon ninety (90) days' prior written notice ("Termination Notice") in accordance with the terms of the Interlocal Agreement. Beginning on the date FRED receives a Termination Notice from the City of Pensacola ("Termination Date"), FRED shall not approve any new applications affecting property within the legal boundaries of the City of Pensacola referenced in the Termination Notice. Notwithstanding termination of this Agreement, however, property owners whose applications were approved prior to the Termination Date, and who received funding through the PACE program, shall continue to be a part of FRED, for the sole purpose of FRED imposing assessments for the repayment of such property's outstanding debt, until such time that all outstanding debt has been satisfied.

SECTION 11. CONSENT. This Agreement, together with the resolution by the governing board of the City of Pensacola approving this Agreement, shall be considered the Parties' consent to authorize FRED to administer the PACE program within the legal boundaries of the City of Pensacola, as required by Section 163.08, Florida Statutes.

SECTION 12. City of Pensacola COORDINATOR. The [DEPARTMENT/OFFICE] within the City of Pensacola shall serve as the City of Pensacola's primary point of contact and coordinator. The City of Pensacola will advise FRED of any changes to the City of Pensacola's primary contact and coordinator within 30 days of such changes.

SECTION 13. CARBON OR SIMILAR CREDITS. To the extent permitted by law, in the event that the Financing Agreement or any other PACE agreement with the property owner provides for the transfer of any carbon or similar mitigation credits derived from Qualifying Improvements to FRED, any such carbon or similar mitigation credits derived from properties within the legal boundaries of the City of Pensacola, shall be shared in equal parts between FRED and the City of Pensacola.

SECTION 14. LIMITED OBLIGATIONS. Neither FRED nor FDFC is authorized to issue bonds, or any other form of debt, on behalf of the City of Pensacola without a separate interlocal agreement or other authority provided by State law. To the extent that FRED or FDFC issues PACE-related bonds under its own authority in connection with this Agreement, the security for such bonds may be secured by non-ad valorem special assessments imposed by FRED on participating properties within the legal boundaries of the City of Pensacola.

The issuance of such bonds shall not directly or indirectly or contingently obligate the City of Pensacola to levy or to pledge any form of taxation whatever, or to levy ad valorem taxes on any property within their territorial limits to pay the bonds, and the bonds shall not constitute a lien upon any property owned by the City of Pensacola. For any such bonds, the bond disclosure document, if any, shall include references to the fact that the City of Pensacola is not an obligated party, and also adequately disclose material attendant risks with PACE programs.

SECTION 15. LIABILITY, INDEMNIFICATION AND SOVEREIGN IMMUNITY.

(A) City of Pensacola and FRED are and shall be subject to Sections 768.28 and 163.01(9)(c), Florida Statutes, and any other provisions of Florida law governing sovereign immunity. Pursuant to Section 163.01(5)(0), Florida Statutes, and this covenant of the parties hereto, the local governments who are either or both the founders or members of FRED shall not be held jointly liable for the torts of the officers or employees of the FRED, or any other tort attributable to FRED, and that FRED alone shall be liable for any torts attributable to it or for torts of its officers, employees or agents, and then only to the extent of the waiver of sovereign immunity or limitation of liability as specified in Section 768.28, Florida Statutes. City of Pensacola and FRED acknowledge and agree that FRED shall have all of the applicable privileges and immunities from liability and exemptions from laws, ordinances, rules and common law which apply to the municipalities and counties of the State. City of Pensacola is completely independent of FRED. To the extent provided by law, FRED shall indemnify, defend and hold harmless City of Pensacola from any and all damages, claims, and liability arising from the negligence or intentional misconduct of FRED relating to operation of the PACE program. Nothing in this Agreement is intended to inure to the benefit of any third-party for the purpose of allowing any claim, which would otherwise be barred under the doctrine of sovereign immunity or by operation of law.

(B) Neither City of Pensacola, nor the local governments who are either or both the founders or members of the Agency, nor any subsequently joining or participating local government as members of FRED shall in any manner be obligated to pay any debts, obligations or liabilities arising as a result of any actions of FRED, the governing board of FRED or any other agents, employees, officers or officials of FRED, except to the extent otherwise mutually and expressly agreed upon, and neither FRED, the governing board of FRED or any other agents, employees, officers or officials of FRED have any authority or power to otherwise obligate either City of Pensacola, the local governments who are either or both the founders or members of FRED, nor any subsequently subscribing or participating local government in the business of FRED in any manner.

(C) All of the privileges and immunities from liability and exemptions from laws, ordinances and rules which apply to the activity of officials, officers, agents or employees of the parties shall apply to the officials, officers, agents or employees thereof when performing their respective functions and duties under the provisions of this Agreement.

SECTION 16. AGREEMENTS WITH TAX COLLECTOR AND PROPERTY APPRAISER. This Agreement shall be subject to the express condition precedent that FRED enter into separate agreement(s) with the tax collector and the property appraiser having jurisdiction over the legal boundaries of the City of Pensacola, which shall provide for the collection of any non-ad valorem special assessments imposed by FRED within the legal boundaries of the City of Pensacola. If required by the tax collector and property appraiser, the City of Pensacola agrees to enter into those agreements as a third-party to facilitate the collection of the non-ad valorem special assessments imposed by FRED.

SECTION 17. OPINION OF BOND COUNSEL. FRED warrants, based on counsel's review of the bond validation judgment and the underlying bond documents that the FDFC PACE program's structure complies with the bond validation judgment and the underlying bond documents.

SECTION 18. AGENTS OF FRED. FRED shall ensure that its agents, administrators, subcontractors, successors and assigns are, at all times, in compliance with the terms of this Agreement and applicable City of Pensacola, state and federal laws.

SECTION 19. NOTICES. Any notices to be given hereunder shall be in writing and shall be deemed to have been given if sent by hand delivery, recognized overnight courier (such as Federal Express), or by written certified U.S. mail, with return receipt requested, or by electronic mail, addressed to the Party for whom it is intended, at the place specified. For the present, the Parties designate the following as the respective places for notice purposes:

SECTION 20. AMENDMENTS. No modification, amendment or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this agreement and executed by the City of Pensacola and FRED or other delegated authority authorized to execute same on their behalf.

SECTION 21. JOINT EFFORT. The preparation of this Agreement has been a joint effort of the Parties hereto and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the Parties than the other.

SECTION 22. MERGER. This Agreement represents the final and complete understanding of the Parties regarding the subject matter hereof and supersedes all prior and contemporaneous negotiations, correspondence, agreements, or understandings applicable to the matters contained herein; and the Parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the Parties agree that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

SECTION 23. ASSIGNMENT. The respective obligations of the Parties set forth in this Agreement shall not be assigned, in whole or in part, without the written consent of the other Party hereto.

SECTION 24. THIRD PARTY BENEFICIARIES. None of the Parties intend to directly or substantially benefit a third party by this Agreement. Therefore, the Parties acknowledge that there are no third party beneficiaries to this Agreement and that no third party shall be entitled to assert a right or claim against either of them based upon this Agreement; provided, however, that counsel to the Parties may rely on this

Agreement for purposes of providing any legal opinions required by the issuance of debt to finance the Qualifying Improvements.

SECTION 25. RECORDS. The Parties shall each maintain their own respective records and documents associated with this Agreement in accordance with the requirements for records retention set forth in Chapter 119, Florida Statutes.

SECTION 26. RECORDING. This Limited Purpose Party Membership Agreement shall be filed by FRED with the Clerk of the Circuit Court in the Public Records of the City of Pensacola and recorded in the public records of the City of Pensacola as an amendment to the Interlocal Agreement, in accordance with Section 163.01(11), Florida Statutes.

SECTION 27. SEVERABILITY. In the event a portion of this Agreement is found to be unenforceable by a court of competent jurisdiction, that part shall be deemed severed from this Agreement and the remaining provisions of this Agreement shall remain in full force and effect.

SECTION 28. EFFECTIVE DATE. This Agreement shall become effective upon the execution by both Parties hereto.

SECTION 29. LAW, JURISDICTION, AND VENUE. This Agreement shall be interpreted and construed in accordance with and governed by the laws of the state of Florida. The Parties agree that the exclusive venue for any lawsuit arising from, related to, or in connection with this Agreement shall be in the state courts of the [First...Twentieth] Judicial Circuit in and for Escambia County, Florida, the United States District Court for the Northern District of Florida or United States Bankruptcy Court for the Northern District of Florida, as appropriate.

SUPPLEMENTAL BUDGET RESOLUTION NO. 17-72 - APPROPRIATION OF FUNDS FROM THE SALE OF SURPLUS CRA PROPERTY AT 150 S BAYLEN STREET

RECOMMENDATION:

That City Council adopt Supplemental Budget Resolution No. 17-72.

A RESOLUTION AUTHORIZING AND MAKING REVISIONS AND APPROPRIATIONS FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2018, PROVIDING FOR AN EFFECTIVE DATE.

HEARING REQUIRED: No Hearing Required

SUMMARY:

Since 1980, the Community Redevelopment Agency (CRA) has successfully undertaken numerous redevelopment and infrastructure projects to remove and prevent blight within the Community Redevelopment Areas. The substantial list of projects undertaken within the Urban Core Community Redevelopment Area includes: Community Maritime Park Development, Plaza DeLuna Park and Berths, Commendencia Slip Improvements, Main Street ECUA Sewage Treatment Plant relocation, Palafox Pier Redevelopment, S. Palafox Breakwater Cap, South Palafox Property Redevelopment, Aragon Court Redevelopment, South Palafox Streetscapes, North Palafox Parkway Improvements, Jefferson Street Streetscape, Dr. Martin Luther King, Jr. Plaza, S. Alcaniz Streetscape, Seville Square Improvements, Plaza Ferdinand Improvements, Palafox Place Commercial Façade Improvements, North Palafox Parking Lot, Garden Street Median Improvements, Henry Wyer Park, Belmont/Devilliers Streetscape.

The CRA has responsibility for maintaining the improvements it constructs when they increase the maintenance levels above those required of the City prior to the improvements. Regular maintenance of these improvements is handled by the City Parks and Recreation Department under the Landscape Maintenance Interlocal Agreement between the CRA and City of Pensacola. However, due to age and/or weathering, additional maintenance above and beyond what is normally provided through the Interlocal is needed. In some instances, replacement of improvements is warranted. Items in need of replacement include benches, bollards and trash receptacles at waterfront locations, such as Plaza DeLuna. Railings, benches, trash receptacles and streetlights

in several locations require repainting.

A total of \$100,000 has been approved in the FY 2017 budget for maintenance over and above what is appropriated under the Landscape Maintenance Interlocal Agreement. This amount is not sufficient to cover the estimated \$320,000 in cost to undertake the identified additional maintenance/replacement work items. To perform this maintenance and prevent the return of blight in the Urban Core, it is recommended that \$220,000 of the \$470,432 net proceeds derived from the sale of the CRA property at 150 S. Baylen Street be appropriated for these expenses.

Additionally, the Friends of Downtown Pensacola, a not for profit group, has requested funds for decorative downtown lighting for the Festival of Lights during the 2017 Christmas season. It is anticipated that this enhancement will support economic vibrancy in the Urban Core. It is recommended that \$25,000 from the S. Baylen Street sale proceeds be allocated to this project. It is further recommended that the remaining balance of the proceeds from sale of the property be appropriated to the Community Redevelopment Agency Fund contingency account for future needs.

PRIOR ACTION:

April 10, 2017 - The Community Redevelopment Agency awarded a contract for sale of 150 S. Baylen Street.

April 13, 2017 - City Council approved the Community Redevelopment Agency's recommendation to award a contract for sale of 150 S. Baylen Street.

August 7, 2017 - The Community Redevelopment Agency adopted Resolution No. 2017-8 CRA adopting a budget for the fiscal year beginning October 1, 2017.

September 20, 2017 - City Council adopted Resolution No. 17-63 adopting a final budget for the fiscal year beginning October 1, 2017.

FUNDING:

Budget:	\$100,000	FY 2018 CRA Fund Budget
	<u>470,432</u>	From Proceeds of sale of 150 S. Baylen St
	<u>\$570,432</u>	

Actual:	\$320,000	Maintenance/Replacement Work Items
	25,000	Festival of Lights
	<u>225,432</u>	Contingency
	<u>\$570,432</u>	

FINANCIAL IMPACT:

Approval of the supplemental budget resolution will appropriate the additional funds necessary for the unfunded maintenance of CRA constructed improvements, funding for the Festival of Lights, as well as provide

a contingency for future needs.

LEGISLATIVE ACTION ITEM

SPONSOR: Ashton J. Hayward, III, Mayor

SUBJECT:

PROPOSED ORDINANCE NO. 38-17 VACATION OF RIGHT-OF-WAY - 1000 BLOCK OF EAST AVERY STREET

RECOMMENDATION:

That City Council adopt Proposed Ordinance No. 38-17 on second reading.

AN ORDINANCE CLOSING, ABANDONING AND VACATING A PORTION OF THE AVERY STREET RIGHT OF WAY; IN PENSACOLA, ESCAMBIA COUNTY, STATE OF FLORIDA; REPEALING CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The City has received a request from Dax Campbell, Campbell Construction, to vacate a portion of the Avery Street right of way, which is adjacent to his property located at 1011 Fairnie Avenue. The applicant has indicated that the purpose for the request is to allow for him to have a more even property line and install a privacy fence along the new rear property line. The applicant provided signed documentation and a survey indicating the agreement of the other affected property owners.

On August 8, 2017, the City's Planning Board unanimously recommended approval of the request.

PRIOR ACTION:

September 14, 2017 - City Council voted to approve Ordinance No. 38-17 on first reading.

AN ORDINANCE
TO BE ENTITLED:

AN ORDINANCE TO CLOSE, VACATE, DISCONTINUE AND ABANDON THE SOUTH FIFTEEN (15') FEET OF AVERY STREET NORTH OF LOTS 6 TO 10, BOTH INCLUSIVE, IN BLOCK 221, NEW CITY TRACT IN THE CITY OF PENSACOLA, FLORIDA, AND PRESERVING AN ALLEY TWENTY (20') FEET WIDE TO NORTH THEREOF SUBJECT TO PRIVATE MAINTENANCE.

WHEREAS, pursuant to due and legal notice by publication a Public Hearing was held by the City Council on January 22, 1952, as to the closing of the hereinafter described portion of Avery Street; and

WHEREAS, the said portion of Avery Street is not open or improved or in use by the public as a street or public way and the closing thereof will contribute to the general welfare of the City of Pensacola and will be in the public interest; and

WHEREAS, all of the owners of property abutting on any portion of Avery Street lying North of said Block 221 of the New City Tract in the City of Pensacola and other neighboring property owners have consented to the closing of said portion of Avery Street, and the said abutting property owners have released and relinquished all claims for compensation or damages of any kind which may be occasioned or arise by reason of said closing and have further consented that the North 20 feet of the South 35 feet of the East 200 feet of Avery Street lying North of said Block 221 of the New City Tract, so long as it shall remain open as a public way or means of access to their respective properties, shall be maintained by them and the City shall be relieved of any obligation or responsibility as to such maintenance; now, therefore,

BE IT ORDAINED BY THE CITY OF PENSACOLA,
FLORIDA:

SECTION 1. That the portion of Avery Street described as the South 15 feet thereof lying North of Lots 6 to 10, both inclusive, of Block 221 of the New City Tract of the City of Pensacola, be and it is hereby closed, vacated and forever discontinued and abandoned as a street or public way, or a portion thereof; provided that the North 20 feet of the South 35 feet of that portion of Avery Street lying North of said Lots 6 to 10 of Block 221 of the New City Tract shall remain open as a permanent easement extending Westward from the West line of 11th Avenue for a distance of 200 feet to be maintained by the abutting property owners at no expense to the City of Pensacola. As an inducement to the passage of this ordinance, the owners of property abutting on that part of Avery Street lying North of said Block 221 of the New City Tract have consented to the closing of the South 15 feet thereof and have released and relinquished all claims for compensation or damages of any kind against the City of Pensacola which may be occasioned or arise by reason thereof, and have agreed to maintain at their own expense the North 20 feet of the South 35 feet of Avery street lying North of said Lots 6 to 10 of Block 221 of the New City Tract, and to relieve and release the City of Pensacola from any obligation for such maintenance.

SECTION 2. This ordinance shall be published once a week for four consecutive weeks in a newspaper printed in the City of Pensacola, and shall take effect thirty (30) days after its passage by the City Council and publication as above set forth, subject to referendum and approval by the voters of the City of Pensacola in the manner provided by Section 54 of the City Charter (Section 54, Chapter 15425, Special Acts of 1931) and in event of such referendum the expense thereof shall be paid by the owners of the property abutting the portion of said Avery Street which is to be vacated and closed.

SECTION 3. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Call to Order / Quorum Present

As acting Chair, Mr. Larson called the meeting to order at 2:10 pm with a quorum present.

Swearing in of members - Mr. Larson, Mr. Monk, Mr. Grundhoefer and Ms. Campbell were sworn in by the City Clerk's Office.

Approval of Meeting Minutes

Mr. Grundhoefer made a motion to approve the July 11, 2017 minutes, seconded by Mr. Monk, and it carried unanimously.

Request for ROW Vacation of the 1000 Block Avery Street

Mr. Dax Campbell, Campbell Construction, is requesting to vacate the portion of the right-of-way of Avery Street directly adjacent to his property at 1011 Fairnie Avenue and the properties located at 1015 Fairnie Avenue and 1717 N. 11th Avenue. This request was considered and denied by the Board in their June meeting, however, the previous application contained an agreement between the parties which contained contingencies. The applicant has submitted a new signed agreement and survey indicating the proposed division of the right-of-way if approved by the City. The one outlying issue when the Board considered the application in June has been resolved.

EVERYTHING THAT'S GREAT ABOUT FLORIDA IS BETTER IN PENSACOLA.

222 West Main Street Pensacola, FL 32502 / T: 850.435.1670 / F: 850.595.1143 / www.cityofpensacola.com

Mr. Dax Campbell stated the City would deed the north 10' to the northern property owner and the south 10' to the southern property owner. Ms. Deese clarified that the portion of the property which abuts Mr. Campbell's property, since he owns the property to the south, will be deeded entirely to him on the western portion of the right-of-way. Ms. Campbell pointed out there were signatures from the other homeowners involved which supported the request.

Ms. Campbell made a motion to approve, seconded by Mr. Monk, and it carried unanimously.

Request for Final Plat Approval for Girard Place Phase I Subdivision

Rebol-Battle & Associates has submitted a request for Final Plat approval for "Girard Place – Phase I" subdivision, a townhouse subdivision. The proposed development, formerly identified as 302 W. Romana St, is a total of 1.62 acres located on the eastern portion of the City block bounded by S. Reus Street (east), W. Romana Street (south), S. DeVilliers (west), and Hilary Street (north). The initial phase under consideration with this application is .92-acres in size. The site is currently vacant.

The application under review contains 11 lots in addition to the remainder of the parent parcel. With this submittal, the townhouse blocks are completely surrounded by the common area/parent parcel. The development remains consistent with the approved Preliminary Plat. Ms. Deese pointed out an important comment addressing access was included in information provided to the Board. Mr. Rebol addressed the Board. He advised with the common area access to the lots, setback regulations were achieved for the Governmental Center District (GCD), and the project had received aesthetic approval.

Mr. Wagley referenced the plat standards in Section 12-8-8 of the Code; one of those requirements applies to the setbacks. This project was determined to be in the dense business area which required a 10' maximum setback, meaning buildings cannot be set more than 10' from the front property line. He did not observe the maximum setback illustrated on the current plat.

Mr. Grundhoefer stated he understood the reasoning for building to the 10' in the Code, requiring buildings to be up against the street. Ms. Deese explained in the Land Development Code, the Historic District spells out that it should be from the right-of-way, whereas the GCD does not. She pointed out the challenges for the Board with platting and subdivision approval, and that the Board was to take the technical comments and make sure they were addressed. She advised interpretations are provided from the technical experts who perform these actions day to day; they had stated this project met the technical requirements of the Code. Mr. Grundhoefer explained he thought the developer was trying to find a loophole to push the buildings back, setting cars in front of the property. Ms. Campbell felt the builders were within their legal rights with the easement in place. Mr. Rebol clarified that it was not an easement but a real piece of property and part of the common lot. He explained there was the right-of-way line, then a piece of property, then the newly created lots. He stated the application for review was a plat and not based on what's going to be there or what it is going to look like; the developer could sell it, and it might be a totally different product. However, in proceeding in this way, the builder was meeting the 10' maximum setback requirement. Ms. Deese verified setbacks were measured from the property line and not from the right-of-way; again, the Historic District spells out right-of-way which the other districts do not. Mr. Grundhoefer suggested the applicant was not complying with the intent of the Code. Mr. Rebol advised that perhaps the Code needed to be reviewed for items which keep falling into loopholes.

Mr. Monk pointed out when the Board approves something, it sets a precedent, and he was hesitant to approve. Ms. Deese clarified for the record that the platting process was very technical, and if all the technical comments had been addressed, the Board was obligated to approve the request. She explained the function of the Board was to ensure the technical comments were received and addressed. On other agenda items such as rezoning, conditional uses or aesthetic review, the Board could exercise its opinions, however, in platting it could not.

Scott Sallis addressed the Board and explained this project had been burdened with many hurdles including stormwater requirements which point out water cannot drain toward the street.

There were issues with Gulf Power determining they could not route utilities where they desired in the common area. The section of land in the front allowed them to meet those technical issues. He pointed out they were not coming to the Board in the spirit of manipulation to not comply with the dense business area requirement. He stated this was an odd obscure part of the Code which was originated when he sat on the Planning Board. He stated that this requirement should be removed from the Code. He pointed out that if the Planning Board was to determine the applicant met the regulations, and they clearly have, the Board was obligated to approve.

Ms. Campbell felt that after hearing staff's comments, the Board's responsibility was to address what was on the table and made a motion to approve, and the motion failed for lack of a second.

Mr. Wagley emphasized the elements of the Code needed to be listed on the plat document; the maximum setback for the dense business area was not listed and constituted a deficiency. Ms. Deese stated staff did review and considered having the plat amended to add the build-to line. In reading the Code, the underlying zoning is the requirement on the plat. Not knowing what may happen with the GCD, staff opted to leave as is and not create confusion for the future. There is no legal requirement to place the build-to line on the plat since it is not within the underlying district but instead in an area. She clarified that the Board was a recommending board to City Council, so the Board could approve or deny. The applicant has the option to move forward to City Council at their choosing even with a denial. In considering platting with City Council, it then becomes a quasi-judicial hearing, so the function would become different with Council making their own decision. She clarified that since this Board is a recommending body, there would be no appeal from the decision today because it is not a final decision.

Mr. Grundhoefer made a motion to deny, seconded by Mr. Monk. The motion failed with 2 supporting and 2 dissenting (Ms. Campbell and Mr. Larson).

Consider Zoning and FLUM Amendment for Airport Annexation Parcels

Mr. Dan Flynn, Pensacola International Airport Director, is requesting to rezone the City-owned properties included within the recent City of Pensacola annexation approved through Ordinance 15-17 to ARZ, Airport Restricted Zoning District. This request also requires a Future Land Use Map (FLUM) Amendment to A, Airport. The zoning district and FLUM designation were previously under the jurisdiction of Escambia County. Since the properties now lie within the jurisdictional boundary of the City of Pensacola, the applicable zoning district and FLUM designation need to be established. Ms. Deese explained all of the property annexed was owned by the airport, and this request was a formality to bring zoning into compliance from county zoning to city zoning. Mr. Grundhoefer asked if the airport needed more land and would grow into those residential lots. Ms. Deese indicated that was not the case, but it was a buffer to remove residences which were impacted by the airport operations.

Mr. Grundhoefer made a motion to approve, seconded by Ms. Campbell, and it carried unanimously.

Open Forum – Ms. Deese stated the applicant for the 9th Avenue property missed the deadline for August but would possibly present in September.

Adjournment – With no further business, Acting Chairman Larson adjourned the meeting at 2:53 pm.

Respectfully Submitted,

Brandi C. Deese
Secretary to the Board

Call to Order / Quorum Present

Chairman Ritz called the meeting to order at 2:03 pm with a quorum present. He gave instructions to the audience on the rules and procedures of the Board.

Approval of Meeting Minutes

Mr. Larson made a motion to approve the May 9, 2017 minutes, seconded by Mr. Grundhoefer, and it carried unanimously.

Request for ROW Vacation of the 1000 Block Avery Street

Mr. Dax Campbell, Campbell Construction, is requesting to vacate the portion of the right-of-way of Avery Street directly adjacent to his property at 1011 Fairnie Avenue and the properties located at 1015 Fairnie Avenue and 1717 N. 11th Avenue.

EVERYTHING THAT'S GREAT ABOUT FLORIDA IS BETTER IN PENSACOLA.

222 West Main Street Pensacola, FL 32502 / T: 850.435.1670 / F: 850.595.1143/www.cityofpensacola.com

The applicant indicates the reason for the request is to enable him to have a somewhat symmetric parcel and to allow him to install a privacy fence along the new rear property line. The applicant is only interested in the portion which abuts his property. He has indicated the remainder of the right-of-way could be equally divided between the property owners of 1015 Fairnie Avenue and 1717 N. 11th Avenue. He has indicated both abutting neighbors are in agreement with the request; however, both have signed with contingencies. In initial discussions the rationale for this request was that the applicant could gain additional square footage in order to split the lot and construct two dwellings instead of the one dwelling currently permitted by code. There is a potential for future variance requests to the Zoning Board of Adjustment, which would be self-created by this present request.

Dax Campbell explained they wanted to make the property more symmetrical and install a privacy fence. Both adjacent property owners were in agreement. He explained the contingencies were that he no longer use the easement in the future and install a fence across it. Chairman Ritz asked how the adjacent property owners would maintain their access, and Mr. Campbell advised at the moment he was not aware they were maintaining it. Mr. Joel Campbell explained the easement was like a road they drive in to access the rear of their house. On the Fairnie property, the neighbor does not have access to Fairnie Avenue, so they drive around to Avery and come in the back way. He advised when they demolish the home and rebuild, they will use the front entrance on Fairnie to access the property. Chairman Ritz pointed out at the present time the property belongs to Pensacola and is used by the neighbors who abut it. Since this would allow public property to be placed in the hands of a private individual, how would the Board become satisfied that Mr. Bell and Mr. Broadley (neighbors) still maintain access, and that all citizens are treated fairly. Dax Campbell stated on the rear corner of the property, he would be constructing a fence. When the neighbors access the easement, they turn in before the corner, and this would not impede their access. Ms. Campbell pointed out this is public property being handed over, and would it make more sense to address this as an individual vacation of right-of-way just for the portion needed? Ms. Deese advised that we don't typically vacate portions of rights-of-way for a variety of reasons. It is shown as 20' wide, which means each property owner would get half. Mr. Campbell would get the entire portion because his property abuts the right-of-way on the north and the south.

Mr. Grundhoefer explained the Board needed a legal description to show how the neighbors' contingencies for access were met. Chairman Ritz pointed out those contingencies needed to be clearly resolved. Dax Campbell asked for clarification on what the Board required, and Chairman Ritz advised some kind of legal description/survey from a licensed firm was needed. Even if Mr. Bell and Mr. Broadley were not present and they signed the legal description/survey, with the fence location indicated, the Board would have a much easier time accepting and approving the vacation. Ms. Deese explained the Board could table the item but she would recommend the Board specify the length of time instead of being bound to the 45-day requirement. **Mr. Grundhoefer made a motion to deny as presented without prejudice, seconded by Ms. Campbell, and it carried unanimously.**

Request for ROW Vacation of the 700 Block Commendancia Street – Ferry Landing Project

Chairman Ritz advised since his business was involved with this project, he recused himself from the discussion and voting on the item.

The Port of Pensacola is requesting to vacate the portion of the right-of-way of Commendancia Street directly adjacent to properties owned by the City of Pensacola, including the Port of Pensacola. Although the application indicates this is a request to vacate Pine Street, the proposed area has been identified as the 700 Block of Commendancia Street by the appropriate City departments. The applicant indicates the reason for the request is to enable this portion of the existing right-of-way to function more as a driveway between the proposed Ferry Landing ticket concession building and the parking area accommodating the passengers. As such, it provides more direct access to the users. The City of Pensacola is the sole adjacent property owner to this section of Commendancia Street.

To: City of Pensacola Planning Review Board

Please see the attached revised survey showing parcel D (with legal description) being divided and will be deeded back to Mr. Broadley and Mr. Bell. There are no contingencies remaining as the fence is now notated on the revised survey that Mr. Bell requested. Mr. Broadley fully understands he will be deeded the north ten feet of the right-of-way. Mr. Bell fully understands he will be deeded the south ten feet of the right-of-way. Joel Campbell will not use the right-of-way for access to his property.

PROPOSED ORDINANCE NO. 40-17 PROVIDING FOR A TEMPORARY MORATORIUM ON THE ACCEPTANCE AND PROCESSING OF APPLICATIONS AND PERMITS FOR THE INSTALLATION OF WIRELESS FACILITIES IN CITY RIGHTS-OF-WAY IN ORDER TO ALLOW AN OPPORTUNITY FOR THE CITY TO DEVELOP REGULATIONS CONSISTENT WITH THE "ADVANCED WIRELESS INFRASTRUCTURE DEPLOYMENT ACT"

RECOMMENDATION:

That City Council adopt Proposed Ordinance No. 40-17 on second reading.

AN ORDINANCE DECLARING, ESTABLISHING AND IMPOSING A TEMPORARY MORATORIUM WITHIN THE CITY OF PENSACOLA, FLORIDA ON THE ACCEPTANCE AND PROCESSING OF APPLICATIONS, AND ISSUANCE OF ANY PERMITS PERTAINING TO COLLOCATION ON EXISTING OR THE INSTALLATION OF NEW UTILITY POLES AND OTHER WIRELESS SUPPORT STRUCTURES IN THE RIGHT-OF-WAY TO SUPPORT SMALL WIRELESS FACILITIES OR MICRO WIRELESS FACILITIES FOR A PERIOD OF 120 DAYS, IN ORDER TO ALLOW AN OPPORTUNITY FOR THE CITY TO DEVELOP REGULATIONS CONSISTENT WITH CHAPTER 2017-136, LAWS OF FLORIDA, WHICH BECAME EFFECTIVE JULY 1, 2017; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; PROVIDING AN EFFECTIVE DATE; AND FOR OTHER PURPOSES.

HEARING REQUIRED: No Hearing Required

SUMMARY:

On June 23, 2017, Governor Rick Scott passed into law, the Advanced Wireless Infrastructure Deployment Act ("Act") (HB 687/SB 596), effective July 1, 2017. This state legislation substantially changes the rights of cities and counties in regulating the installation of wireless communication facilities in public rights-of-way.

The Act amends F.S., Section 337.401 and grants wireless service providers and infrastructure companies access to public rights-of-way for the installation of wireless facilities, including: 1) collocation of small cell facilities on government-owned poles; 2) installation of new poles to accommodate facilities; 3) installation of

ground mounted equipment; and 4) installation of micro cells.

The new law provides requirements that local governments must follow to process applications, including a general time frame of 60 days to act on applications. Cities and counties may provide for bonds, insurance, abandonment and other matters by ordinance. The Act affords limited bases for denial of applications, including public safety. Further, installation is subject to applicable codes, including local codes or ordinances adopted to implement the Act, and that may include objective design standards to address reasonable design, material, color, stealth, spacing and location standards for ground mounted equipment and small wireless facilities.

The purpose of the proposed ordinance providing for a moratorium on applications to install small and micro wireless communications facilities in the right-of-way is to provide the City of Pensacola time to amend its wireless communication facility ordinance to ensure its compliance with the Advanced Wireless Infrastructure Deployment Act and to provide for reasonable regulations concerning such facilities.

In recent months, many local governments, including the City of West Palm Beach and the City of Jacksonville, have adopted similar moratoria to allow necessary time to review existing ordinances and develop regulations consistent with the Act. The moratorium allows the City to temporarily suspend the application and issuance of permits for the installation of wireless facilities within the City's rights-of-way until the appropriate ordinances reasonably regulating such installations may be in place.

PROPOSED
ORDINANCE NO. 40-17

ORDINANCE NO. _____

AN ORDINANCE DECLARING, ESTABLISHING AND IMPOSING A TEMPORARY MORATORIUM WITHIN THE CITY OF PENSACOLA, FLORIDA ON THE ACCEPTANCE AND PROCESSING OF APPLICATIONS, AND ISSUANCE OF ANY PERMITS PERTAINING TO COLLOCATION ON EXISTING OR THE INSTALLATION OF NEW UTILITY POLES AND OTHER WIRELESS SUPPORT STRUCTURES IN THE RIGHT-OF-WAY TO SUPPORT SMALL WIRELESS FACILITIES OR MICRO WIRELESS FACILITIES FOR A PERIOD OF 120 DAYS, IN ORDER TO ALLOW AN OPPORTUNITY FOR THE CITY TO DEVELOP REGULATIONS CONSISTENT WITH CHAPTER 2017-136, LAWS OF FLORIDA, WHICH BECAME EFFECTIVE JULY 1, 2017; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; PROVIDING AN EFFECTIVE DATE; AND FOR OTHER PURPOSES.

WHEREAS, this Ordinance is enacted pursuant to the home rule powers of the City of Pensacola as set forth at Article VIII, Section 2 of the Constitution of the State of Florida, Chapter 166, Florida Statutes and other applicable controlling law; and

WHEREAS, during the 2017 Legislative Session, the state legislature passed House Bill 687 amending Florida Statutes Section 337.401, creating what is known as the "Advanced Wireless Infrastructure Deployment Act"; and

WHEREAS, such legislation was approved by the Governor on June 23, 2017, and became effective on July 1, 2017 under Chapter 2017-136, Laws of Florida (referred to herein as the "Law"); and

WHEREAS, the Law establishes a process by which wireless providers may place certain "small wireless facilities" and "micro wireless facilities" (as such terms are defined in the Law) on, under, within, or adjacent to certain utility poles or wireless support structures within public rights-of-way that are under the jurisdiction and control of an "authority" (i.e., a county or municipality having jurisdiction and control of the rights-of-way of any public road); and

WHEREAS, the law further provides that local government entities are authorized to prescribe and enforce reasonable rules or regulations with reference to placing and maintaining across, on, or within the right-of-way limits of any road under their respective jurisdictions any wireless facilities; and

WHEREAS, the City currently has regulations pertaining to wireless facilities within its Code of Ordinances, specifically codified within Chapter 12 of the City's Land Development Code which need to be evaluated in light of the Law; and

WHEREAS, City staff has not had adequate time to evaluate the impacts or address local issues that are presented by the Law and take action accordingly; and

WHEREAS, City staff has been directed to analyze the effects of the Law and existing zoning regulations to analyze criteria for issuance of permits for small wireless facilities and micro wireless facilities in the public rights-of-way in compliance with the new legislation and to make recommendations that will better promote the health, safety, morals and general welfare of the City; and

WHEREAS, the City has determined that it is in the best interest of the residents of the City to protect the general public health, safety, and welfare by studying and planning for this new technology, including how to best support this new technology as provided in the Law and address potential impacts on the quality of life and the surrounding community within the parameters of authority granted in the new Law; and

WHEREAS, the City Council finds and declares a need to temporarily suspend the further acceptance and processing of applications, and issuance of any permits or approvals pertaining to collocation on existing or the installation of new utility poles and other wireless support structures in the public rights-of-way to support small wireless facilities or micro wireless facilities for a period of 120 days, NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF PENSACOLA, FLORIDA:

SECTION 1: Findings of Fact: The City Council finds and declares that:

(1) All of the statements set forth in the foregoing recitals to this Ordinance are true and correct and are hereby ratified, affirmed and made a part of this Ordinance.

(2) For the purposes set forth herein, it is in the best interest of the general public and there exists a need to declare a moratorium on the issuance of permits or approvals for small wireless facilities or micro wireless facilities in the public rights-of-way in order for City staff to study controlling law regarding Chapter 2017-136, Laws of Florida and make recommendations to the City Council as to the modifications of City regulations that should be considered by it.

(3) The City of Pensacola has complied with all requirements and procedures of Florida law in processing and advertising this Ordinance.

SECTION 2. That a temporary moratorium is hereby imposed on the submission and processing of applications and any issuance of permits pertaining to collocation on existing or the installation of new utility poles or other wireless support structures in the right-of-way to support small wireless facilities or micro wireless facilities (as referenced in Section 337.401, Florida Statutes) within the corporate limits of the City of Pensacola. While the temporary moratorium is in effect, the City shall temporarily suspend all activities relating to accepting, processing or approving any application relating to the establishment or operation of a small wireless facility or micro wireless facility (as referenced in Section 337.401, Florida Statutes) in order for the City to have the time and opportunity necessary to implement a framework of authorized regulation and fee structure as provided in the newly enacted portions of Section 337.401, Florida Statutes.

SECTION 3. Duration of moratorium/extension.

a) The temporary moratorium set forth in this Ordinance shall take effect immediately upon the effective date of this Ordinance and shall be terminated one hundred twenty (120) days after said effective date.

b) No applications for approvals subject to the moratorium will be accepted by the City until the moratorium has expired, unless this Ordinance is superseded by a subsequent duly enacted Ordinance of the City of Pensacola governing the same subject matter herein.

c) The City Council may extend the temporary moratorium established in this Ordinance by enactment of an ordinance upon a finding by the City Council set forth in the ordinance that the

problems giving rise to the need for the temporary moratorium established herein continue to exist.

SECTION 4. Boundaries. This Ordinance shall be applicable to all properties within the boundaries of the City of Pensacola.

SECTION 5. Severability. If any section, sentence, phrase, word, or portion of this Ordinance is determined to be invalid, unlawful or unconstitutional, said determination shall not be held to invalidate or impair the validity, force or effect of any other section, sentence, phrase, word, or portion of this Ordinance not otherwise to be invalid, unlawful, or unconstitutional.

SECTION 5. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION 6. This ordinance shall become effective on the fifth business day after adoption, unless otherwise provided pursuant to Section 4.03(d) of the City Charter of the City of Pensacola.

Board of County Commissioners • Escambia County, Florida

July 12, 2017

Chairman Brian Spencer
Pensacola City Council
222 W. Main Street
Pensacola, FL 32502

RE: Triumph Gulf Coast Project Solicitation

Dear Chairman Spencer,

On June 2, 2017 Governor Scott signed the Gulf Coast Economic Corridor Act into law. The Act directs \$1.5 billion to be spent in the eight disproportionately affected counties in Northwest Florida over a fifteen-year period. Currently there is \$300 million available to the eight counties through Triumph Gulf Coast, Inc. The Act guarantees a minimum allocation of five percent, or \$15 million, be spent in each of the disproportionately affected counties the first funding cycle, and a minimum of four percent thereafter.

The Act directs each board of county commissioners to solicit proposed projects and programs from other elected local governing boards within the county. As such, Escambia County would like to request a list of five proposed projects and/or programs from your board. Attached are an Escambia County project application form and the Triumph legislation (Ch. 2017-63) which lists the seven eligible funding activities. In the near future, Triumph Gulf Coast, Inc. will develop the formal submittal and selection process, and they will ultimately approve all projects and programs before awards are made.

The funds expected over the next fifteen years from Triumph Gulf Coast have the potential to create generational change in Escambia County and Northwest Florida. Our elected local governing boards and Triumph Gulf Coast, Inc. can work together to ensure worthwhile projects are funded to create lasting positive changes for the citizens of Northwest Florida.

Please contact Chips Kirschenfeld, Director of Natural Resources Management by phone at (850) 595-4988 or by email at jtkirsche@myescambia.com for guidance to work through the process. You may submit your board's proposed projects at restore@myescambia.com. If you have additional questions, please feel free to contact me or my staff.

Sincerely,

A handwritten signature in blue ink, appearing to read "Doug Underhill".

Earnings shall be accounted for separately from principal funds set forth in subsection (2). Administrative costs may are limited to 2.25 percent of the earnings in a calendar year. Administrative costs include payment of investment fees, travel and per diem expenses of board members, audits, salary or other costs for employed or contracted staff, including required staff under s. 288.8014(9), and other allowable costs. The annual salary for any employee or contracted staff may not exceed \$130,000 and associated benefits may not exceed 35 percent of salary Any funds remaining in the Recovery Fund after 30 years shall revert to the State Treasury.~~

~~(4) Triumph Gulf Coast, Inc., shall invest and reinvest the principal of the Recovery Fund in accordance with s. 617.2104, in such a manner not to subject the funds to state or federal taxes, and consistent with an investment policy statement adopted by the corporation.~~

~~(a) The board of directors shall formulate an investment policy governing the investment of the principal of the Recovery Fund. The policy shall pertain to the types, kinds, or nature of investment of any of the funds, and any limitations, conditions or restrictions upon the methods, practices, or procedures for investment, reinvestments, purchases, sales, or exchange transactions, provided such policies shall not conflict with nor be in derogation of any state constitutional provision or law. The policy shall be formulated with the advice of the financial advisor in consultation with the State Board of Administration.~~

~~(b) Triumph Gulf Coast, Inc., must competitively procure one or more money managers, under the advice of the financial advisor in consultation with the State Board of Administration, to invest the principal of the Recovery Fund. The applicant manager or managers may not include representatives from the financial institution housing the trust account for the Recovery Fund. The applicant manager or managers must present a plan to invest the Recovery Fund to maximize earnings while prioritizing the preservation of Recovery Fund principal. Any agreement with a money manager must be reviewed by Triumph Gulf Coast, Inc., for continuance at least every 5 years. Plans should include investment in technology and growth businesses domiciled in, or that will be domiciled in, this state or businesses whose principal address is in this state.~~

~~(c) Costs and fees for investment services shall be deducted from the earnings as administrative costs. Fees for investment services shall be no greater than 150 basis points.~~

~~(d) Annually, Triumph Gulf Coast, Inc., shall cause an audit to be conducted of the investment of the Recovery Fund by the independent certified public accountant retained in s. 288.8014. The expense of such audit shall be paid from earnings for administrative purposes.~~

~~(4)(5) Triumph Gulf Coast, Inc., shall report on June 30 and December 30 of each year to the Governor, the President of the Senate, and the Speaker of the House of Representatives on the financial status of the Recovery Fund and its investments, the established priorities,; the project and program selection process, including a list of all submitted projects and programs and reasons for approval or denial,; and the status of all approved awards.~~

~~(5)(6) The Auditor General shall conduct an operational audit of the Recovery Fund and Triumph Gulf Coast, Inc., annually. Triumph Gulf Coast, Inc., shall provide to the Auditor General any detail or supplemental data required.~~

Section 4. Subsections (2), (3), (4), (7), and (9) of section 288.8014, Florida Statutes, are amended to read:

288.8014 Triumph Gulf Coast, Inc.; organization; board of directors.—

(2) Triumph Gulf Coast, Inc., shall initially be governed by a five-member ~~5-member~~ board of directors. Each of the Trustees of the State Board of Administration, the President of the Senate, and the Speaker of the House of Representatives shall each appoint one member from the private sector. As of the effective date of this act, the number of board members is increased to seven, with the President of the Senate and the Speaker of the House of Representatives each appointing an additional member from the private sector in one of the four least populous disproportionately affected counties, as identified by the United States Census Bureau in its April 2016 estimates of county populations, to ensure that two such counties are represented on the board. The board of directors shall annually elect a chairperson from among the board's members. The chairperson may be removed by a majority vote of the members. His or her successor shall be elected to serve for the balance of the removed chairperson's term. The chairperson is responsible to ensure records are kept of the proceedings of the board of directors and is the custodian of all books, documents, and papers filed with the board; the minutes of meetings of the board; and the official seal of Triumph Gulf Coast, Inc.

(3) Notwithstanding s. 20.052(4)(c), each initial appointment to the board of directors by the Board of Trustees of the State Board of Administration shall serve for a term that ends 4 years after the Legislature appropriates funds to Triumph Gulf Coast, Inc. ~~the Recovery Fund~~. To achieve staggered terms among the members of the board, each initial appointment to the board of directors by the President of the Senate and the Speaker of the House of Representatives shall serve for a term that ends 5 years after the Legislature appropriates funds to Triumph Gulf Coast, Inc. ~~the Recovery Fund~~. Thereafter, each member of the board of directors shall

serve for a term of 4 years. A member is not eligible for reappointment to the board; ~~except~~, however, any member appointed to fill a vacancy for a term of 2 years or less may be reappointed for an additional term of 4 years. ~~The initial appointments to the board must be made by November 15, 2013.~~ Vacancies on the board of directors shall be filled by the officer who originally appointed the member. A vacancy that occurs before the scheduled expiration of the term of the member shall be filled for the remainder of the unexpired term.

(4) The Legislature determines that it is in the public interest for the members of the board of directors to be subject to the requirements of ss. 112.313, 112.3135, and 112.3143, notwithstanding the fact that the board members are not public officers or employees. For purposes of those sections, the board members shall be considered to be public officers or employees. In addition to the postemployment restrictions of s. 112.313(9), a person appointed to the board of directors must agree to refrain from having any direct interest in any contract, franchise, privilege, project, program, or other benefit arising from an award by Triumph Gulf Coast, Inc., during the term of his or her appointment and for 6 2 years after the termination of such appointment. It is a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083, for a person to accept appointment to the board of directors in violation of this subsection or to accept a direct interest in any contract, franchise, privilege, project, program, or other benefit granted by Triumph Gulf Coast, Inc., to an awardee within 6 2 years after the termination of his or her service on the board. Further, each member of the board of directors who is not otherwise required to file financial disclosure under s. 8, Art. II of the State Constitution or s. 112.3144 shall file disclosure of financial interests under s. 112.3145.

(7) The board of directors shall meet at least quarterly, upon the call of the chairperson or at the request of a majority of the membership, to ~~review the Recovery Fund~~, establish and review priorities for economic recovery, diversification, and enhancement of the ~~in~~ disproportionately affected counties, and determine use of funds ~~the earnings~~ available. A majority of the members of the board of directors constitutes a quorum. Members may not vote by proxy.

(9)(a) Triumph Gulf Coast, Inc., is permitted to hire or contract for all staff necessary to the proper execution of its powers and duties to implement this act. The corporation is required to retain:

1. An independent certified public accountant licensed in this state pursuant to chapter 473 to inspect the records of and to annually audit the expenditure of funds ~~the earnings and available principal~~ disbursed by Triumph Gulf Coast, Inc.

2. ~~An independent financial advisor to assist Triumph Gulf Coast, Inc., in the development and implementation of a strategic plan consistent with the requirements of this act.~~

~~3. An economic advisor who will assist in the award process, including the development of priorities, allocation decisions, and the application and process; will assist the board in determining eligibility of award applications and the evaluation and scoring of applications; and will assist in the development of award documentation.~~

~~2.4. A legal advisor with expertise in not-for-profit investing and contracting and who is a member of The Florida Bar to assist with contracting and carrying out the intent of this act.~~

~~(b) All Triumph Gulf Coast, Inc., shall require all employees of the corporation shall to comply with the code of ethics for public employees under part III of chapter 112. Retained staff under paragraph (a) must agree to refrain from having any direct interest in any contract, franchise, privilege, project, program, or other benefit arising from an award of funds by Triumph Gulf Coast, Inc., during the term of his or her appointment and for 6 2 years after the termination of such appointment.~~

~~(c) Retained staff under paragraph (a) shall be available to consult with the board of directors and shall attend meetings of the board of directors. These individuals shall not be permitted to vote on any matter before the board.~~

Section 5. Subsection (2) of section 288.8015, Florida Statutes, is amended to read:

288.8015 Board of directors; powers.—In addition to the powers and duties prescribed in chapter 617 and the articles and bylaws adopted in compliance with that chapter, the board of directors may:

(2) Make expenditures including any necessary administrative expenditure ~~from earnings~~ consistent with its powers.

Under no circumstances may the credit of the State of Florida be pledged on behalf of Triumph Gulf Coast, Inc.

Section 6. Subsection (4) of section 288.8016, Florida Statutes, is amended to read:

288.8016 Triumph Gulf Coast, Inc.; duties.—Triumph Gulf Coast, Inc., shall have the following duties:

(4) Operate in a transparent manner, providing public access to information, notice of meetings, awards, and the status of projects and programs. To this end, Triumph Gulf Coast, Inc., shall maintain a website that provides public access to this information. At least 14 calendar days before approving an award pursuant to s. 288.8017, Triumph Gulf Coast, Inc., shall publish on the website a summary of the project or program and indicate its intent to approve the award.

Section 7. Section 288.8017, Florida Statutes, is amended to read:

288.8017 Awards.—

(1) Triumph Gulf Coast, Inc., shall make awards from available funds earnings and principal derived under s. 288.8013(2) to projects or programs that meet the priorities for economic recovery, diversification, and enhancement of the disproportionately affected counties, ~~notwithstanding s. 377.43~~. Awards may be provided for:

(a) Ad valorem tax rate reduction within disproportionately affected counties;

~~(b) Payment of impact fees adopted pursuant to s. 163.31801 and imposed within disproportionately affected counties;~~

~~(c) Administrative funding for economic development organizations located within the disproportionately affected counties;~~

~~(b)(d) Local match requirements of s. 288.0655 ss. 288.0655, 288.0659, 288.1045, and 288.106 for projects in the disproportionately affected counties;~~

~~(e) Economic development projects in the disproportionately affected counties;~~

(c)(f) Public infrastructure projects for construction, expansion, or maintenance which that are shown to enhance economic recovery, diversification, and enhancement of development in the disproportionately affected counties;

(d)(g) Grants to local governments in the disproportionately affected counties to establish and maintain equipment and trained personnel for local action plans of response to respond to disasters, such as plans created for the Coastal Impacts Assistance Program;

(e)(h) Grants to support programs of excellence that prepare students for future occupations and careers at K-20 institutions that have ~~home~~ campuses in the disproportionately affected counties. Eligible programs include those that increase students' technology skills and knowledge; encourage industry certifications; provide rigorous, alternative pathways for students to meet high school graduation requirements; strengthen career readiness initiatives; fund high-demand programs of emphasis at the bachelor's and master's level designated by the Board of Governors; and, similar to or the same as talent retention programs created by the Chancellor of the State University System and the Commission of Education, encourage students with interest or aptitude for science, technology, engineering, mathematics, and medical disciplines to pursue postsecondary education at a state university or a Florida College System institution within the disproportionately affected counties; and

(f) Grants to support programs that provide participants in the disproportionately affected counties with transferrable, sustainable workforce skills that are not confined to a single employer; and

(g)(i) Grants to the tourism entity created under s. 288.1226 for the purpose of advertising and promoting tourism and, Fresh From Florida, and grants to promote workforce and infrastructure, or related content on behalf of one or all of the disproportionately affected counties.

(2) Triumph Gulf Coast, Inc., shall establish an application procedure for awards and a scoring process for the selection of projects and programs that have the potential to generate increased economic activity in the disproportionately affected counties, giving priority to projects and programs that:

(a) Generate maximum estimated economic benefits, based on tools and models not generally employed by economic input-output analyses, including cost-benefit, return-on-investment, or dynamic scoring techniques to determine how the long-term economic growth potential of the disproportionately affected counties may be enhanced by the investment.

(b) Increase household income in the disproportionately affected counties above national average household income.

~~(c) Expand high growth industries or establish new high growth industries in the region.~~

~~1. Industries that are supported must have strong growth potential in the disproportionately affected counties.~~

~~2. An industry's growth potential is defined based on a detailed review of the current industry trends nationally and the necessary supporting asset base for that industry in the disproportionately affected counties region.~~

~~(c)(d) Leverage or further enhance key regional assets, including educational institutions, research facilities, and military bases.~~

~~(d)(e) Partner with local governments to provide funds, infrastructure, land, or other assistance for the project.~~

~~(f) Have investment commitments from private equity or private venture capital funds.~~

~~(g) Provide or encourage seed stage investments in start-up companies.~~

~~(h) Provide advice and technical assistance to companies on restructuring existing management, operations, or production to attract advantageous business opportunities.~~

~~(e)(i) Benefit the environment, in addition to the economy.~~

~~(f)(j) Provide outcome measures for programs of excellence support, including terms of intent and metrics.~~

(g)(k) Partner with K-20 educational institutions or school districts located within the disproportionately affected counties as of January 1, 2017.

(h) Are recommended by the board of county commissioners of the county in which the project or program will be located.

(i)(4) Partner with convention and visitor bureaus, tourist development councils, or chambers of commerce located within the disproportionately affected counties.

(3) Triumph Gulf Coast, Inc., may make awards as applications are received or may establish application periods for selection. Awards may not be used to finance 100 percent of any project or program. Triumph Gulf Coast, Inc., may require a one-to-one private-sector match or higher for an award, if applicable and deemed prudent by the board of directors. An awardee may not receive all of the funds earnings or available principal in any given year. An award may supplement but may not supplant existing funding sources.

(4) A contract executed by Triumph Gulf Coast, Inc., with an awardee must include provisions requiring a performance report on the contracted activities, must account for the proper use of funds provided under the contract, and must include provisions for recovery of awards in the event the award was based upon fraudulent information or the awardee is not meeting the performance requirements of the award. Awardees must regularly report to Triumph Gulf Coast, Inc., the expenditure of funds and the status of the project or program on a schedule determined by the corporation.

Section 8. Section 377.43, Florida Statutes, is repealed.

Section 9. The revision made by this act to s. 288.8014(4), Florida Statutes, applies only to persons who are appointed to serve on the board of directors of Triumph Gulf Coast, Inc., on or after July 1, 2017.

Section 10. The Division of Law Revision and Information is directed to replace the phrase "the effective date of this act" where it occurs in this act with the date this act takes effect.

Section 11. This act shall take effect upon becoming a law.

Approved by the Governor June 2, 2017.

Re: Triumph Gulf Coast Project Solicitation

Dear Commissioner Underhill,

We are in receipt of your letter dated July 12, 2017 regarding the solicitation list request for five proposed projects and/or programs from the City Council.

The City Council will work with the Mayor's Office in developing the list for the City of Pensacola and will make such submission in accordance with the process set forth by the County and in compliance with the Gulf Coast Economic Corridor Act.

Thank you for this notification. We look forward to working with Escambia County in developing projects and programs that will benefit the citizens of Pensacola and Escambia County.

Sincerely,

Brian Spencer

Unity Project

Inclusive Pensacola History

This is a request for Triumph funds to create an open space inclusive history venue throughout the urban core of the city of Pensacola.

Presently, the history of the city as displayed in its monuments to various historical persons and events, does not reflect an inclusive history that represents the struggles, aspirations and accomplishments of women, slaves, Native Americans, indigenous people, working people, people with disabilities, African Americans, ethnic minorities and diverse cultures.

The Unity Project will fund the creation of additional historical monuments that represent the true diversity of the City of Pensacola. Through the collaborative efforts of a Unity Project Monument Committee, appointed by the Pensacola City Council and the Mayor of the City, suggestions for the planning and implementation of the project will be submitted to the City Council for discussion, public input, and approval.

The location of the Unity Project in the urban core will enhance the interest of tourist in the downtown historic district and surrounding communities. It will also serve as an educational venue for area students.

Many cities throughout the United States have inclusive historical monuments, such as the Points of Light Monument in Washington D.C., monuments to slaves, Native Americans, women, people with disabilities and many others. The creation of a Unity Project Monument venue will have a positive impact on the ability of the City of Pensacola to promote the area as progressive and inclusive of all people.

The estimated cost for the project is \$3,000,000.00 based on the cost of monuments that have been built in Pensacola in the past 10 years.

AIRPORT MRO Expansion

Project Title: Airport MRO Expansion

Budget: \$25 – 100 million

Applicant: City of Pensacola, Office of the Mayor

Gulf Coast Aerospace Corridor – Florida Advantage

In its 2016 survey on Aerospace Manufacturing Attractiveness, the global consulting firm of Price Waterhouse Coopers (PwC) ranked the State of Florida at number two among all states in attractiveness to the Aerospace manufacturing industry. Florida has clearly established itself as an industry leader, and particularly with recent aviation sector investment in Pensacola. We have an opportunity to build upon and take advantage of this national trend favoring our state and region.

Aerospace is a \$240 billion industry in the U.S. and key to the economy of four Gulf Coast states experiencing economic damage from Deepwater Horizon incident. While Florida already makes a compelling case for companies searching for location opportunities, to continue the region's work as a true contender for aviation and aerospace projects

This project proposes to expand on construction of Maintenance, Repair and Overhaul (MRO) hangar facilities and related office, assembly and material handling buildings at the City owned Pensacola International Airport.

Broad Regional Partnership to progress Marine STEM

A broad interest group of the Institute of Human and Machine Cognition, University of West Florida, Florida Fish and Wildlife Conservation Commission, Naval Sea Systems Command - Panama City and the City of Pensacola are seeking to partner on a marine research, development and education facility to be located at Warehouse 4, Port of Pensacola. The facility will provide research for: military or commercial autonomous vessels, product development and commercialization to market; intelligent subsea structures, environmental and ecosystem assessment with classroom and laboratories supporting those activities. It is also anticipated the facility will support actual marine research vessels for both offshore and inshore operations and possibly the FWC Enforcement Division operations relocated from the landing site of the new Pensacola Bay Bridge.

Warehouse 4 is approximately 45,000 ft sq and historically used for bulk storage of raw materials. The warehouse would be repurposed and renovated to accommodate the research space, classrooms, laboratories, manufacturing areas, storage and offices in modern recycled containers for mobility, flexibility and reusable workspace. This type of modern workspace and manufacturing energizes creativity in rapidly developing technology STEM fields. The building needs some renovation and repairs in addition to infrastructure improvement supporting the new functions.

The engagement of a regional university, panhandle wide military, an award-winning robotics and artificial intelligence research facility, a state agency combined with the private sector to commercialize developed products in a City owned facility has the absolute potential to provide regional impacts on economic transformation of the panhandle.

PORT OF PENSACOLA BERTH 6

Project Title: Port of Pensacola Berth 6

Budget: \$ 14 million

Applicant: City of Pensacola Office of the Mayor

Berth 6 Restoration Creates Lasting Economic Impacts

Port Pensacola is one of Florida's 14 deep water ports and the port's ability to conduct logistics operations (import and export of goods for international and domestic markets) is critical to the overall economy of the Gulf Region. In fact, as a deep-water Port, functional infrastructure, berths and piers are essential to port operations, i.e. pier-side loading and unloading of cargo vessels/ barges with various types of heavy equipment including cranes. Constructed in the 1960s and exposed to almost 50 years of harsh saltwater and general working environment, Berth #6 reached the end of its service life.

Completion of the Berth #6 Infrastructure project will restore Port Pensacola to full operational capability and restore the economic benefits a deep-water seaport brings to the Gulf Region. But, growth in jobs and investment cannot occur without berth infrastructure repairs. Closure of Berth 6, and its 560 feet of pier, reduced operational capability of the port by 20%, resulting in a loss of flexibility in accommodating multiple vessels at the same time and causing some vessels to be turned away.

At maximum capacity, a restored Berth 6 could support an additional 365 vessel dockage days, worth \$11 million to \$18 million in additional economic impact EACH YEAR over the 40+-year life of the asset. One dockage day = 1 ship in port for 1 day. Overall, from 2014 to 2015, dockage days grew by 28%, reaffirming the fact that Port Pensacola is on an upward trajectory and illustrating the importance of available infrastructure to continue to increase Port activity.

Port Pensacola supports local NW Florida businesses – i.e., GE Energy's Scenic Highway Wind Turbine facility, International Paper, and Offshore Inland to name a few. Even crushed rock used in local road and other construction projects comes to Northwest Florida through our local port.

COMMUNITY MARITIME PARK MARINA

Project Title: Community Maritime Park Marina
Budget: \$3 million
Applicant: City of Pensacola Office of the Mayor

Leading the Southern League in sellouts and total attendance the Wahoos Stadium, housed on a former brownfield at Maritime Park, has been a strong contributor to the increase in downtown activity. Bringing a marina online adjacent to the stadium provides a larger opportunity to compete for tourism dollars by hosting national and international maritime sporting events, local and national fishing tournaments and excursion ships. Boat access, both in the marina and south bulkhead, dramatically enhances activity at the park and the quality and diversity of park experiences and can lead to an increase in game attendees, special event attendees, and downtown visits.

Our recommended marine infrastructure and tourism development project is situated on the waterside adjacent to the Pensacola Bayfront Stadium at Community Maritime Park. This project proposes to examine and construct a marina providing access to the waterway adjacent to Maritime Park – home to Blue Wahoos Baseball. Community Maritime Park was constructed on a former brownfield in downtown Pensacola in 2009 with the vision of locals and tourists enjoying the amenities that this type of development brings to the waterfront redevelopment district.

Project permits are in place. A breakwater has been constructed to protect the marina. Three dock structures are proposed, accommodating nearly 50 vessels in Phase I.

DOWNTOWN PARKING INFRASTRUCTURE

Project Title: Downtown Parking Infrastructure
Budget: \$ 11 million
Applicant: City of Pensacola Office of the Mayor

Parking Strategies as a Catalyst to Economic Development: Business District Infrastructure

The City of Pensacola, and in particular the downtown core, has experienced significant growth over the past five years, and the rate of change over the next five to ten years has the potential to be even greater.

In order to keep a parking shortage from pinching future downtown growth, in 2015 the City engaged the West Florida Regional Planning Commission to examine current parking supply, review best practices and project future parking demand.

Demand analysis calculations show the study area having a net deficit of 2,268 parking spaces. Based on research regarding cities of similar size and characteristics, it is evident that an effectively implemented parking model can result in a more profitable outcome for existing commercial enterprises and lead to new investment.

To attract and support commercial investment including headquarters and small businesses, parking strategists recommend using parking flexibility as an economic development tool.

To achieve a broader economic development vision for the downtown commercial core, funding is requested to design and construct a mixed-use parking structure that meets the goals outlined above. Parking demand supporting the growth of Palafox Commercial core, increases in Port of Pensacola activity, Gateway Zone attraction of Tech Park, growth of Pensacola Bay Center and increased demand at Community Maritime Park were considered in the study. Future parking demand was forecasted based on construction permits through January 2016 and future attraction efforts.

COMMUNITY MARITIME PARK (CMP) EXCURSION SHIP DOCK

**Project Title: Community Maritime Park (CMP)
Excursion Ship Dock
Budget: \$ 2 million
Applicant: City of Pensacola Office of the Mayor**

Access to waterways in our traditional fishing community endures as an important part of our economy and culture. Bringing an excursion ship dock infrastructure on line meets planning goals to further activate Pensacola Bay, market and preserve our maritime history and bring tourism venues on line in America's 1st Settlement.

Supporting infrastructure is needed to accommodate vessels similar to research or tall ships at the maritime park. We are encouraged that bringing this amenity on line can support international sailing races, short excursion cruises and maritime festivals in our port City. Positive economic impact is expected by adding a potential tourism venue that will attract excursion ships while enhancing tourism and economic development options in our City.

Tourism destinations are transformed by the arrival of an increasing number of cruises and Florida ranks first in state economic benefits from the cruise industry. Although, current and new infrastructure will not support mega-cruise ships, Phase 1 funding for design and engineering will help the City determine construction costs to accommodate smaller excursion vessels, tall ships and similar ships.

Cruise tourism generates an estimated \$18 billion a year in passenger expenditure and has been the fastest growing sector of the travel industry for the past 20 years at an average annual growth rate of passengers of 7.4%.

SANDERS BEACH STORMWATER PARK

Project Title: Sanders Beach Stormwater Park

Budget: \$5 million

Applicant: City of Pensacola Office of the Mayor

The positive impact of this project will serve well beyond Northwest Florida. The expansion of the Sanders Beach park will help link the waterfront park and community resource center to the redevelopment of the 19 acre American Creosote Superfund Site, creating a 24 acre urban park and lifting a blighted community. Superfund redevelopment projects are complex but offer vast urban acreages of property for development creating jobs, siting industry and providing public lands. Replicating this experience at Sanders Beach and American Creosote will provide guidance for reinvestment and redevelopment of the seven superfund sites in Escambia County, the 11 in NW FL and the 89 in the State of Florida. Otherwise the strategically located properties will remain vacant and neglected parcels fenced off from any product use, jobs and tax revenue to local governments.

The 1st phase of work has been completed with the installation of storm water treatment and enhancements to the existing park. The proposed project, 2nd phase entails purchasing a 1.48-acre property, Zelica Grotto Hall, which adjoins the City-owned Sanders Beach Community Resource Center, Park, and Boat Ramp. This regional park will provide enhancements to the Sanders Beach neighborhood and expansion of the economic growth of downtown Pensacola westward into the residential Sanders Beach and Main Street Corridor.

BAYWALK

Project Title: BAYWALK

Budget: \$3 million

Applicant: City of Pensacola Office of the Mayor

“This project will link to the new Pensacola Bay Bridge and 17th Avenue traffic circle creating an iconic entrance to America’s 1st Settlement”

Mayor Ashton Hayward, 2017

As adopted in the Urban Core Community Redevelopment Plan, the Pensacola Baywalk project is a road diet and continuous multimodal pathway along downtown Pensacola's three-mile waterfront. Fully constructed, the Baywalk will provide a continuous linkage between existing waterfront features like Plaza de Luna, and the Community Maritime Park, following the Maritime Heritage Trail, where the public can enjoy the downtown coastline and maritime history.

This one-half mile segment is immediately adjacent to a four(4)-lane divided state highway and features a six-foot wide concrete sidewalk which is directly behind the highway curb line. There are no designated bike lanes. The narrow sidewalk does not provide sufficient pedestrian access, traffic regularly exceeds the posted limits, making the area inhospitable for pedestrian and bicycles. The stormwater runoff currently discharges directly into Hawkshaw Lagoon, Project Greenshores, or Pensacola Bay. The adjacent shoreline is reinforced riprap edging Pensacola Bay invaded by Phragmites Australis, in dense stands that out-compete native vegetation and negatively affect salt marshes.

MAIN STREET WEST CORRIDOR IMPROVEMENTS

Project Title: Main Street West Corridor Improvements
Budget: \$3 million
Applicant: City of Pensacola, Office of the Mayor

Complete streets implementation to provide multi-modal use, safely accommodating automobiles, transit vehicles and riders, bicyclists, and pedestrians. This project will provide transit for people and vehicles, but also often serve as places for commerce and recreation. The project will be compatible with the surrounding community, and support adjacent land uses and activities and will include:

- Constructing a ten-foot wide shared-use path on south side of Main Street utilizing brick pavers
- Share use path will be buffered by vegetative streetscaping
- Provide for benches and trash can amenities
- Implementation of 11' wide, center east-west turn lanes at A and E Streets
- Constructing a five-foot wide sidewalk on north side of Main Street
- North sidewalk will be buffered by the Installation of vegetative streetscaping.

**Disaster Management
Training Center**

DISASTER MANAGEMENT TRAINING CENTER

Project Title: DISASTER MANAGEMENT TRAINING CENTER

Budget: \$1 million

Applicant: City of Pensacola, Office of the Mayor

The Pensacola Fire Department's Regional Certified Training Center offers training for existing workforce and potential recruits in disaster planning, emergency response and fire suppression management. The Regional Center is currently certified by the Florida Bureau of Fire Standards. Due to changing codes and National Fire Protection Agency standards our current facility and planning programs require upgrades to maintain certification. Meeting those requirements will require a new, pre-engineered training structure. Bringing a new facility online will allow the City to retain our certification as a state certified regional training center. Our training center produces qualified emergency planning and responders for all disasters to include but not limited to equipment and personnel for local disaster action plans, natural disasters, hazardous materials incidents, structural fires, urban search and rescue, vehicle accidents, airport fire rescue and mass casualty incidents.

To maintain equipment for local action response planning and responding to disasters with rapidly evolving technologies, our City Emergency Information Center needs upgrades to communications software and hardware. Emergency Management within the city is vital to maintain delivery of city services, perform local government functions during times of disaster and put our existing industries quickly back on line. An upgraded platform will ensure that agency coordination is maintained through the City's Incident Command and assure mission critical functions will continue post event.

Providing emergency management workforce training and upgrading communications also factor into Insurance Classification Ratings (ISO) and business location decisions. Providing insurance cost savings for existing industries and new businesses by maintaining a high Service Class Rating and providing a trained workforce are powerful recruitment tools for our region.

Multi-Purpose Urban Greenway Transforms Corridor

The proposed Hollice T. Williams Urban Greenway is an adaptive use of underutilized space beneath the elevated Interstate 110 highway, near its southern terminus in downtown Pensacola, adjacent to Pensacola Bay. This project will create a radically revitalized gateway corridor into the heart of the city and become a destination for those who seek a unique and culturally diverse venue for recreation or relaxation.

The Hollice T. Williams Greenway will achieve the multiple purposes of stormwater mitigation, recreation, and creation of a unique civic space designed to attract a diverse range of visitors and encourage neighborhood reinvestment. The project will aid the City of Pensacola in collecting, treating and routing 1.3 miles of stormwater, providing relief to diverse adjacent neighborhoods in flood prone areas near Hollice T. Williams Park. A concept similar to Tallahassee's Cascades Park, consisting of a network of underground channels, open streams and ponds designed to provide both flood protection and treatment of run-off during intense storms, the Hollice T. Williams stormwater/recreation basins will maximize the use of public lands to manage large run-off volumes generated quickly during storm events. Dual use dry ponds which double as youth athletic and passive fields.

In addition to its adaptive approach to stormwater management, urban place making will be achieved by this project. Taking a note from of New York's Highline Park, the City looks to transform the dreary hardscape of the highway underpass to a vibrant space supporting community health and wellness, tourism and economic development. The Greenway will feature gateways, waterscape, artistic hardscape, decorative lighting, sculptures, stonescapes, decorative seating, exercise stations, shade gardens and edible plantings.

The project will provide passive, active and community gathering spaces. It will serve people of all ages and interests from children to seniors, traditional and non-traditional athletes and the "forgotten youth" of the community. Private and non-profit partners, including Upward Intuition and Innisfree Hotels, are collaborating with the City to support the development and operation of a community garden, a world class competitive skate park/amphitheater and to build early-learning opportunities into the Greenway.

The Greenway will be an iconic, one of a kind, urban green spine that will mitigate flooding, and provide community-wide enjoyment and activity options for all ages. This project will catalyze the revitalization of adjacent inner city neighborhoods and the entire corridor.

HOLLICE T. WILLIAMS URBAN GREENWAY

DEVILLIERS, REUS AND "A" STREETScape

Applicant: City of Pensacola, FL
Project Title: DeVilliers, Reus and "A" Streetscape
Budget: \$20.8 million

Complete Streets Serve As Powerful Economic Driver

Inadequacies within Pensacola’s existing downtown neighborhood transportation corridors undermine the community’s connectivity to the waterfront. Outdated and deteriorated infrastructure conditions create an unsafe and uncomfortable environment which diminishes pedestrian and non-vehicular activity. These infrastructure conditions also limit area market potential for redevelopment by deterring private sector investment. “Complete Streets” streetscape improvements will leverage recent drainage and recreational improvements provided by the construction of the Government Street Regional Stormwater Facility at Corrine Jones Park and encourage westward moving development. Construction of a Complete Streets system of improvements, will support smart and equitable growth, which capitalizes on existing infrastructure, development potential and market demand. These community thoroughfares will be redesigned to address safety, lighting and aesthetic inadequacies and will include widened ADA accessible sidewalk systems, decorative street lighting, landscaping with shade trees, on-street parking and subsurface infrastructure. The improvements will enhance community walkability providing health, environmental and economic benefits to all residents of the City’s downtown neighborhoods.

- Integrates Pensacola’s Downtown Core and inner city neighborhoods by upgrading three key transitional streets, North DeVilliers, Reus and “A” Streets , providing connectivity to the City’s waterfront as well as major commercial corridors - Cervantes, Garden and Main Street.
- Enhances livability and linkages by employing sustainable urban design within Pensacola’s Inner City neighborhoods targeted for blight removal and revitalization.
- Provides walkability between three historical downtown neighborhoods (Tanyard, Belmont-DeVilliers and North Hill), the Community Maritime Park, the newly developed Corrine Jones Stormwater Park, as well as other community amenities.

The streetscape enhancements will transform the public realm and serve a wide range of users. These improvements will act as a powerful social and economic driver providing improved urban access along Pensacola’s western transitional core. By bridging the gap between Pensacola’s lower income communities and the downtown amenities and commercial corridors, the project will drive economic vigor and catalyze westward moving growth and vitality spurred by the success of Pensacola’s Downtown Business District and waterfront.

YOUTH ENVIRONMENTAL EMPOWERMENT PROGRAM

Applicant: City of Pensacola, FL
Project Title: Youth Environmental Empowerment Program
Budget: \$1 million

1

Environmental Program Promotes Youth Employment and Stewardship

The Youth Environmental Empowerment Program is a summer education program which focuses on providing environmental education to youth, ages 11 through 19. The program will offer four weeks of summer learning with focused course work in ecology, resource management, pollution and society. Students will engage in field trips which are designed to provide interactive learning opportunities with environmental professionals such as environmental law specialists and businesses which promote green standards.

Program participation will facilitate employment of young adults within the environmental field and encourage lifelong careers within the environmental sector. Access to environmental education will encourage students to become environmental stewards and promote sound decision-making for generations to come.

The program will provide training to a total of 2,500 students over a five year period, with 500 students receiving training per year. After the first five years, the program will be reduced to 50 students per year and will be open to 5th grade students. Funding is requested for \$1,000,000 to cover the first five years of training. During and after the first five years, public and private partnerships will be developed to support the project.

Program success will be measured throughout the five year period with participant surveys conducted annually to determine program impact. Implementation will be guided by Escambia County School Board standards and an advisory board consisting of community leaders, environmentalists, educators, business leaders, and government officials.

Complete Streets Corridor Management Restores Economic Appeal

The West Cervantes Street-Mobile Highway corridor, which spans from North “A” Street on the east to Dominguez Street on the west, serves as the principal commercial corridor and urban center of Pensacola’s Westside and Brownsville communities. Historically, this former economic hub invited a wide variety of visitors to its once thriving city streets and entrepreneurial businesses. Today, however, the corridor has fallen victim to urban sprawl, deterioration, and disinvestment resulting in economic decline, dilapidated building stocks, and increased poverty and crime. Both communities have been designated for revitalization by the City and County respectively.

The West Cervantes Street-Mobile Highway Corridor Management Plan (CMP) establishes four key objectives designed to restore the economic vibrancy of the West Cervantes Street-Mobile Highway corridor by improving safety, accessibility, comfort and appeal in the built environment. These objectives include:

- **Improvements to Multimodal Transportation.** Analyses conducted during the preparation of the CMP identify critical multimodal facility inadequacies within the corridor. To address these inadequacies, plan implementation includes the adoption of a two lane roadway system with provisions for bicycle lanes, on-street parking, pedestrian crosswalks, additional public transit shelters, medians and streetscape improvements. Implementation follows the Florida Department of Transportation’s (FDOT) Complete Streets principles and includes widened ADA accessible sidewalk systems with curb extensions, decorative lighting and landscaping enhancements.
- **Enhancements to Pedestrian Safety and Walkability.** Walkable communities generate activation of public thoroughfares, and promote neighborhood health and wellness. A recent traffic safety study documents a high incidence of pedestrian involved crashes along the corridor. To encourage safety and enlivenment of Pensacola’s Westside and Brownsville communities, implementation includes improvements to sidewalk interconnectivity throughout adjoining neighborhoods and to community amenities such as existing parks and the library.
- **Improvements to Key Corridor Gateways (A Street, E Street, and Pace Boulevard).** Beautification of key corridor gateways provide appeal and evoke a sense of arrival representative of neighborhood character. Implementation includes dual purpose gateway improvements which promote quality of place and provide an amenity such as park seating or beautification.
- **Improvements to Workforce through Revitalization of Commercial Corridors.** Existing conditions along the West Cervantes Street-Mobile Highway Corridor include an abundance of vacant parcels and dilapidated structures which present prime opportunities for redevelopment. Implementation includes the use of sound urban design principles to generate redevelopment which catalyzes economic growth through the availability of office, retail and restaurant space, and promotes active public use. Quality mixed-use facilities offering outdoor seating or plazas will be proposed by redevelopment.

Implementation of the West Cervantes Street Corridor Management Plan (CMP), has gained unprecedented public and inter-agency support and is backed by a partnership between the Florida Department of Transportation (FDOT), West Florida Regional Planning Council, Florida-Alabama Transportation Planning Organization, City of Pensacola and Escambia County.

WEST CERVANTES STREET CORRIDOR MANAGEMENT

West Main Street Corridor Improvements - \$2,500,000

Complete streets implantation to provide multi-modal use, safely accommodating automobiles, transit vehicles and riders, bicyclists, and pedestrians. This project will provide transit for people and vehicles, but also often serve as places for commerce and recreation. The project will be compatible with the surrounding community, and support adjacent land uses and activities

- Constructing a ten-foot wide shared-use path on south side of Main Street utilizing brick pavers
- Share use path will be buffered by vegetative streetscaping
- Provide for benches and trash can amenities
- Implementation of 11' wide, center east-west turn lanes at A and E Streets
- Constructing a five-foot wide sidewalk on north side of Main Street
- North sidewalk will be buffered by the Installation of vegetative streetscaping

Innovative Stormwater Park & Streetscape Synergize Hospital-Based Community Revitalization

The West Moreno Stormwater and Streetscape Project is an innovative project that addresses stormwater and flooding mitigation, sustainable urban design and place making, neighborhood revitalization and economic development. This public investment has potential to create an exponential return to the community.

The City has been awarded a FEMA grant to construct needed stormwater improvements to mitigate repetitive flooding in the West Moreno district. The project is sited near the entrance to Baptist Hospital - Pensacola's only inner city hospital, and institutional anchor for the West Moreno neighborhood. There is a vision to use this stormwater project as a catalyst to transform the blighted and underserved, high poverty neighborhood surrounding the hospital. The funded stormwater facilities plan can be modified to a dual-purpose, stormwater park/gateway facility that will be the cornerstone of transformation in the district and support hospital-driven revitalization.

This proposed investment in public realm improvements will create a vibrant, well-lit, aesthetically attractive "Complete Street" streetscape with street trees and banners. The park will provide an inviting and inclusive gathering place that supports outdoor activity, health and wellness through its design. Some land acquisition is required by the project. The City has used this creative approach to transform its downtown eastern gateway through the design and construction of Admiral Mason Park, an award winning, dual purpose stormwater and recreation facility.

A recent study, jointly funded by Baptist Hospital, the City of Pensacola and Escambia County, showed that hospital employees, visitors, patients and neighborhood residents need a convenient, central and accessible public space for walking, or sitting that is safe and attractive. The study, also, identified a market gap and unmet demand for retail services generated by the residents and thousands of people coming into the neighborhood because of the hospital. This project will create a significantly enhanced entrance to Baptist Hospital that is distinct, safe and walkable and contribute to the neighborhood as a desirable place to live and work with amenities that are convenient and accessible.

- **Development of a Recreational Stormwater Park.** Repetitive flood damage is a major contributor to blight within the West Moreno neighborhood. The development of a recreational stormwater park will address stormwater retention and treatment and provide a critical neighborhood asset which promotes health and wellness and actively diversifies the public realm. This amenity will include green space with attractive landscaping, multi-use paths, park seating, decorative lighting, and children's play equipment. **Budget:** \$2.6 million
- **Streetscape Improvements.** Addressing several key factors, streetscape enhancements will improve walkability, accessibility, neighborhood safety and beautification of public thoroughfares. Improvements will include installation of decorative lighting, landscaping, sidewalks, on-street parking, banners and subsurface infrastructure. **Budget:** \$6.5 million

City of Pensacola Performance Evaluation

Council Executive

PURPOSE

The purpose of the employee performance evaluation and development report is to increase communication between the City Council, the Council President and the Council Executive concerning the performance of the Council Executive in the accomplishment of his/her assigned duties and responsibilities, and the establishment of specific work-related goals and objectives.

PROCESS

1. The Council Executive prepares a memorandum to the City Council including his/her self-evaluation
2. The Council Executive will provide evaluation forms for completion at Council Member discretion
3. Completed forms will be forwarded to a member of Council Staff where the results will be tabulated and provided to the Council President
4. For each category, scores will be compiled and averaged for a composite score for that category
5. The Council President will prepare an evaluation for review with the Council Executive and presentation to the City Council along with any proposed salary increase if/when appropriate

INSTRUCTIONS

Review the employees work performance for the entire period; try to refrain from basing judgement on recent events or isolated incidents only. Disregard your general impression of the employee and concentrate on one factor at a time.

Evaluate the employee on the basis of standards you expect to be met for the job to which assigned considering the length of time in the job. Check (✓) the number which most accurately reflects the level of performance for the factor appraised using the rating scale described below.

PERFORMANCE EVALUATION
