No problem...I will get this information.

Thank you!

Peace be with you,

Good afternoon,

I was able to meet with the Architectural Review Board Chairman and Historic Trust Advisor to review the September 15 ARB agenda packet. They had the following comments for 917 N. Palafox Street:

- *Please ask the applications for clarification on how the screen enclosure will connect with the rear of the building – will it be flush with the sides of the building, or will it be set inside the building's corner boards / trim?*

Attached is a draft agenda for the Thursday, September 15 meeting which will be held at 2:00pm and in the 2nd-floor Hagler-Mason conference room at City Hall. You or a representative will need to be in attendance to present your item and to answer any questions from the board. Please be aware that the order of the agenda items is subject to change. The draft agenda packet will also be published online by the end of the day on September 8 and can be found at <https://pensacola.legistar.com/Calendar.aspx>.

Please let me know if you have any questions moving forward. I will also email you a little closer to the meeting in case there are any changes. Thank you.

Best,

Gregg Harding, RPA

The contractor shows both ways below. We are happy to do it whichever way the ARB prefers.
