Please list the reasons for your interest in this position: I am interested in the District 5 seat for purposes of advocating for funding to improve infrastructure of the district, land development, ordinances to develop better sidewalks and lighting, parks and recreation. I have been a life long resident of district 5. I grew up in district 5 attending both public and alternative schools while residing in the district. More importantly, I have seen growth and improvement within the district and now as an older resident who have enjoyed success from the teachings and encouragement of many constituents in district 5. Now I have an unsettling desire to serve my district; I am confident that if I am appointed to district 5 seat I will be the voice the constituents of district 5 need.
