Board(s) of interest:	Architectural Review Board
-----------------------	----------------------------

Please list the reasons for your interest in this position:	<p>The ARB helps to ensure the continuation and integrity of Pensacola's historic districts through the review and discussion of each proposed modification to the districts. These discussions of each project and its impact is vital. As buildings age and technologies develop, evolving considerations must be discussed by a group of different perspectives to determine the best option at that time for that location. My perspective gives priority to the written codes governing the districts.</p> <p>I am coming to the end of my first term on this board. Every month I make it a priority to review each application, visit each project site (when appropriate), and review the applicable code sections prior to the board meeting. I believe this is necessary to gain a boarder understanding of how each application will affect the historical district that surrounds it.</p>
