**Architectural Review Board Application
Full Board Review**

Application Date: 13 February 2021

Project Address: 111 West Gonzalez Street, Pensacola 32501

Applicant: Richard and Rosalyn Hurt

Applicant's Address: 111 West Gonzalez Street, Pensacola 32501

Email: rhurt2@att.net Phone: (850) 748-9780
(850) 438-4055

Property Owner: Richard and Rosalyn Hurt

(If different from Applicant)

District: ☒ PHD ☐ NHPD ☐ OEHPD ☐ PHBD ☐ GCD

Application is hereby made for the project as described herein:

- ☒ Residential Homestead – \$50.00 hearing fee
☐ Commercial/Other Residential – \$250.00 hearing fee

* An application shall be scheduled to be heard once all required materials have been submitted and it is deemed complete by the Secretary to the Board. You will need to include ten (10) copies of the required information. Please see pages 3 – 4 of this application for further instruction and information.

Project specifics/description:

Our home at 111 West Gonzalez Street, Pensacola 32501
was seriously damaged by Hurricane Sally last year.
Our Ludowici Tile roof is to be replaced, not just
repaired. We are requesting permission to replace our
existing damaged Ludowici Tile roof with new
Ludowici Tile. We are into the third month of renovating
our interior and expect an additional two months for
completion. We have CMP Roofing as our roofer and Kevin Smith
as our agent.

I, the undersigned applicant, understand that payment of these fees does not entitle me to approval and that no refund of these fees will be made. I have reviewed the applicable zoning requirements and understand that I must be present on the date of the Architectural Review Board meeting.

Richard Hurt
Rosalyn A. Hurt

FRENCH INTERLOCKING TILE

Introduced in the 1890s, Ludowici’s French low profile interlocking tile is a favorite of discriminating architects and one of the most sculptured and dimensional products in our product offering. Large and durable, French terra cotta tile has deep locks on all four sides, plus two prominent flutes on the surface for both a dramatic aesthetic and superior drainage. When applied to a roof, these flutes produce a shadow effect for a highly refined, distinctive appearance.

PHYSICAL CHARACTERISTICS

CHARACTERISTIC	FRENCH INTERLOCKING TILE	PROFILE
Weight Per Square	1025 lbs.	
Pieces Per Square	133 pcs.	
Overall Size	9" x 16 1/4"
