Florida Building Code Section 105 Permit intent. Every permit issued shall become invalid unless the work authorized by such permit is commenced within six months after its issuance, or if the work authorized by such permit is suspended or abandoned for a period of six months after the time the work is commenced. Work shall be considered to be in active progress when the permit has received an approved inspection within 180 days. Failure to comply with the Construction Lien Law can result in the property owner paying twice for building improvements. In addition to the requirements of this permit, there may be additional restrictions applicable to this property that may be found in the public records of this county and there may be additional permits required from other governmental entities such as water management districts, state agencies, or federal agencies.
