**Subject:** Re: [EXTERNAL] Re: 700 N. Barcelona Street / ARB Chairman and Advisor Comments

In response to your questions:  
All of the siding is staggered.  
The house is four feet above sidewalk elevation.

Thanks,  
LaVon Coate

**THIS EMAIL IS FROM AN EXTERNAL EMAIL ACCOUNT**

Just read details in your email, I will send back answers to both in the email.

Thanks

Lavon

It is all staggered. This is not well identified.

I see David tomorrow and he will give me the finished floor elevation.

Do I send the requested information to you in an email? What do I need to do so it works smoothly at your end?

Thanks,

Lavon

Good morning LaVon,

I was able to meet with the ARB Chairman and Historic Trust Advisor late yesterday. Their comments regarding the 700 N. Barcelona Street agenda item included the following:

- Can the applicant clarify where the Hardie straight edge shingles will be (it appears that the main body of both structures will be Hardie staggered edge).

- Is the application able to provide information regarding the finished floor elevation (distance between grade and top of subfloor)

Thank you, LaVon. These can just be clarified in an email to me and I will add it as a memo to your packet. Please let me know if you have any questions and thank you!

Best,

**Gregg Harding, RPA**
