THIS EMAIL IS FROM AN EXTERNAL EMAIL ACCOUNT

Hey Gregg,

The owners say the wood doors have sustained water damage numerous times over the years, especially after Hurricane Sally. They have had several door companies come out and none of them say they can repair the wood. Because that area of Palafox floods so much, they are looking to replace them with doors that can handle the flood waters.

Subject: City of Pensacola Architectural Review Board Meeting / Pre-meeting Comments

Hi Danny,

I was able to meet with the ARB Chairman and UWF Historic Trust Advisor to review the November 18 ARB agenda packet. They had the following comments regarding the item for 18 N. Palafox Street:

Can the applicant provide more information regarding the condition of the current doors?

Attached is a draft agenda for the Thursday, November 18 meeting which will be held at 2:00pm and in the 2nd-floor Hagler-Mason conference room at City Hall. You or a representative will need to be in attendance to present your item and to answer any questions from the board. Please be aware that the order of the agenda items is subject to change. The draft agenda packet will also be posted online by the end of the day on November 11 and can be found at <https://pensacola.legistar.com/Calendar.aspx>.

Please let me know if you have any questions moving forward. I will also email you a little closer to the meeting in case there are any changes. Thank you.

Best,

Gregg Harding, RPA
