FROM: City Council Member Jared Moore

SUBJECT:

PRESENTATION - A BILL FOR A SUSTAINABLE MARDI GRAS

REQUEST:

That City Council receive a presentation from Jones Moore and Elanna Milhouse-Smith regarding a proposal for a potential piece of legislation encouraging a sustainable Mardi Gras

SUMMARY:

This presentation will allow City Council to hear from Mr. Moore and Ms. Milhouse-Smith regarding their proposal for potential legislation that would assist in developing a sustainable Mardi Gras by the use of biodegradable beads.

PRIOR ACTION:

None

ATTACHMENTS:

1) Mardi Gras Bill

PRESENTATION: Yes

A Bill for a Sustainable Mardi Gras

Whereas, the City of Pensacola has multiple Mardi Gras parades and parties. Whereas, at all parades and parties plastic beads are thrown. Whereas, hundreds of pounds of plastic Mardi Gras Beads are cleaned up on a yearly basis. Whereas, the City of Pensacola has an aging infrastructure. These factors put undue stress on the infrastructure of the City and its employees.

Therefore, biodegradable beads should be required for all Mardi Gras bead throws. There are American-made and regional companies that produce biodegradable beads and guarantee to match the prices of the Chinese-imported beads currently used; therefore, Mardi Gras groups will not incur additional costs. The environment will be helped and staff hours will be reduced.

SUBJECT:

DISCRETIONARY FUNDING ALLOCATION - CITY COUNCIL PRESIDENT DELARIAN WIGGINS - DISTRICT 7

RECOMMENDATION:

That City Council approve funding of \$500 for the National Coalition of 100 Black Women Pensacola Chapter, \$500 for Helping Youth in Pensacola Endure (H.Y.P.E.), \$600 to the Real Women Radio Foundation, Inc. and \$600 to the Watson Family Foundation Inc. from the City Council Discretionary Funds for District 7.

HEARING REQUIRED: No Hearing Required

SUMMARY:

In accordance with the Section 3.28-3.33 of the Policies of the City Council, prior to any distribution of grant or sponsorship funds from the City Council Discretionary Funds, approval by City Council is required.

The National Coalition of 100 Black Women Pensacola Chapter is a non-profit organization that advocates on behalf of black women and girls. Since 1970, through advocacy, they work as change agents to influence policy that promotes leadership development and gender equity in the areas of health, education and economic empowerment. Funding will be used towards the First Annual Women of Excellence Awards Gala which was held on March 19, 2023. Proceeds from this event will help support scholarships that are presented at their Annual Hat Show to a minority youth in our community who demonstrates academic excellence.

H.Y.P.E. is a non-profit organization whose mission is to provide comprehensive and innovating programs that will serve the youth to envision and navigate a course for a rewarding future characterized by achievement, independent thought and social responsibility. One of those programs is their Annual Easter Egg Hunt. This annual event was held on April 8, 2023, from 1 - 4 p.m. at Terry Wayne Park. Funding will be used towards food and prizes for the event.

The Real Women Radio Foundation, Inc. is a non-profit organization whose mission is to build economically vibrant and sustainable communities. The foundation has partnered with Erica Lanes, LLC, an education and training company, to bring the "My Selfie Needs No Filter" summer camp for

teen girls to Pensacola, Florida. Created on the belief that today's youth are tomorrow's future leaders, the mission for the "My Selfie Needs No Filter" movement is to empower and inspire young lady leaders by providing them with the skills, knowledge and resources necessary to make a positive impact in their communities and the world. Funding will be used towards the free one-week camp for approximately 400 participants.

The Watson Family Foundation was created in 2016 with the opening of the Watson Firm, PLLC. Attorney Aaron Watson and his wife, Kimberly, were so moved by the community's support upon opening their law firm that they immediately began looking for meaningful ways to give back. The Watson Firm soon became known for its annual Thanksgiving Dinner Giveaway and its Backpack Giveaway. Guided by generational values, the Watsons believe in continuing their family legacy of faith-based outreach, community service and mentorship. The Watson Family Foundation's mission is to help bridge the gap that separates deserving families from the support needed to guide them toward leading thriving lives. Funding will be used towards their Second Annual Juneteenth - A Family Reunion for the Culture Festival on Saturday, June 17, 2023 at the Museum Plaza located at 120 Church Street.

PRIOR ACTION:

July 21, 2022 - City Council adopted Resolution No. 2022-065 establishing the City Council Discretionary Fund Policy

FUNDING:

Budget:	\$ 9,673	District 7 Discretionary Funds
Actual:	\$ 500 500 600 <u>600</u> \$ 2.200	National Coalition of 100 Black Women H.Y.P.E. 2023 Easter Egg Hunt Real Women Radio Foundation, Inc. The Watson Family Foundation, Inc.

FINANCIAL IMPACT:

A balance of \$9,673 is currently within the District 7 Discretionary Fund Account. Upon approval by City Council, a balance of \$7.473 will remain in the District 7 Discretionary Fund Account.

D.C. Reeves Mayor

March 23, 2023

The Honorable Delarian Wiggins, President And Members of the City Council City of Pensacola Pensacola, Florida

Pursuant to applicable Florida Statutes and sound financial management practices, the Annual Comprehensive Financial Report (Annual Financial Report) of the City of Pensacola, Florida, for the fiscal year ended September 30, 2022, has been prepared and is submitted herewith.

The City of Pensacola's Annual Financial Report was prepared by the Financial Services Department. Responsibility for both the accuracy of the presented data and completeness and fairness of the presentation, including all disclosures, rests with the City. City management believes that the report is a fair presentation of the City's financial position and results of operations as measured by the financial activity of its various funds, that presented data is accurate in all material aspects and that all disclosures necessary to enable the reader to gain maximum understanding of the City's financial affairs have been included.

This report has been presented in accordance with Generally Accepted Accounting Principles (GAAP). These principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The Letter of Transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Pensacola's MD&A can be found immediately following the report of the independent auditors.

Mayor's Initiatives

As the Chief Executive of the City of Pensacola, the Mayor and his staff serve to administer and enforce city ordinances, direct city employees providing services to citizens, and prepare and submit the city budget. In addition to these specific duties outlined in the City Charter, the Mayor also performs economic development, community outreach, and public awareness functions. Mayor Robinson served as the second Mayor under the City's strong mayor form of government between November 27, 2018 and November 21, 2022. This Annual Financial Report represents Mayor Robinson's final year in office and as such the initiatives set forth by Mayor Robinson are summarized below.

Upon his election in November 2018, Mayor Robinson formed a transition team of 12 volunteers to make recommendations to advance the City in multiple areas including neighborhoods, crime, walkability, economic development and transparency. The categories studied were:

- Strategic Goal Status
- Crime and Safety
- Economic Development
- Education
- Environment
- Finance

- Governance
- Governmental Efficiency
- Legal
- Neighborhoods
- Traffic & Walkability
- Transparency

The implementation of the recommendations made by the transition team resulted in development of a Strategic Plan and will be a multi-year endeavor. However, the first recommendation, to create a mission, vision, values and an employee code of ethics for the City of Pensacola, was accomplished the first year in office. The City's mission is to provide the highest quality of life for all our citizens by providing cost effective municipal services, including public safety, infrastructure and public amenities and working together with the community to create a healthier environment and growing economy. All other recommendations have been accomplished. The City's fiscal year 2023 approved annual budget document details out each of these recommendations and how the recommendations were implemented.

The Reporting Entity

The financial reporting entity includes all funds of the primary government, as well as all of its component units. Component units are legally separate organizations for which the City is financially accountable and, for financial statement purposes, are either blended with the activities of the City or discretely presented. The criteria used to determine whether an organization should be a part of the City's reporting entity were those outlined by Governmental Accounting Standards Board (GASB) Statement No. 61, *The Financial Reporting Entity: Omnibus*.

The Downtown Improvement Board (DIB) has been classified as a component unit and is discretely presented in the City's annual financial report in a separate column in the government-wide financial statements. The Community Redevelopment Agency (CRA), also meets the definition of a component unit; however, their financial reporting is blended with the City's financial activity. In addition, Florida Statute section 163.387(8) requires an independent audit of the CRA's financial statements. A copy of the CRA's audited financial statements can be obtained by contacting the City's financial services department: City of Pensacola, 222 West Main Street, Pensacola, FL 32502.

Form of Government

The City operates under a Mayor-Council structure commonly referred to as a "Strong Mayor" form of government. With the Mayor-Council structure, the Council is the governing body of the City with all legislative powers of the City vested therein, which consisted of seven (7) Council Members, one (1) elected from each of the seven (7) election districts of the City. The Mayor is not a member of Council and does not have voting power. The Mayor's term allows for a maximum of three consecutive four-year terms of office. Beginning in January 2022 and

every ten years thereafter, a Charter Review Commission will be established to review the City's charter. With the Mayor-Council structure, the Mayor replaces the City Manager as the executive head of the City and shall appoint a City Administrator to assist in managing daily operations.

The City of Pensacola provides a full range of municipal services including public works, public safety, recreation and cultural activities. In addition, the City's enterprise activities include a natural gas utility, sanitation collection system, seaport, and international airport.

Accounting and Internal Controls

Management of the City is responsible for establishing and maintaining internal controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss through unauthorized use or disposition; the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management.

Budget Process

The budget process for the City of Pensacola does not have an easily identifiable beginning or end. During the course of each fiscal year, new initiatives for services, regulations, funding sources, better methods of providing existing services, and citizen comments are brought forward for discussion, study and implementation. Although the budget document is developed at a fixed point in time and identifies a work plan for a specific period of time, the budget process is fluid.

There are a number of tools used throughout the course of the fiscal year to report on the status of the budget. A report is provided to City Council quarterly on pertinent funds which shows a comparison of revenues and expenditures to budgeted numbers. Additionally, City Council is provided a monthly financial overview by the Budget Analyst for City Council. Monthly reports are generated for public review to provide a more frequent overview of the financial status as compared to budget. In accordance with Chapter 166.241, Florida Statutes, budget amendments within a fund (transfers of amounts from one line item to another) are approved by the Finance Director as the Mayor's designee and Supplemental Budget Resolutions adopted by Council are the only means to amend an adopted budget. Two public hearings are held before the adoption of the final budget and final millage rates.

Debt Administration

Debt administration is the responsibility of the City's Finance Director. Additional assistance is employed through the services of RBC Capital Markets, the City's Financial Advisors.

Pledged revenues for business-type debt are typically the sole pledge of net revenues from operations, however, from time to time there are pledges of specific revenue streams. In fiscal year 2022 business-type activities paid a total of \$10.3 million and \$1.6 million, respectively, for principal and interest on bonds. The City typically issues debt with a levelized structure thereby eliminating large increases and decreases in principal payments from year to year. However, in

fiscal year 2022, the City paid off the Airport Taxable Customer Facility Charge (CFC) Revenue Note, Series 2008 totaling \$5.8 million. The \$5.8 million principal payment was made with CFC cash reserves which had been accumulated over the years for such purpose.

Revenues traditionally pledged for general government type debt include infrastructure sales tax, local option gasoline tax, communication services tax, local business tax and tax increment revenues. The City paid a total of \$5.5 million and \$2.8 million, respectively for principal and interest, for governmental activities debt during fiscal year 2022. The City has no general obligation debt.

In order to be in compliance with all continuing disclosure requirements, the City of Pensacola issues an annual Report to Bondholders published on or before the 180th day after the end of the City's fiscal year. The Annual Comprehensive Financial Report and the Report to Bondholders should be read in conjunction to get a clear and complete understanding of the market effect on the City of Pensacola.

Pensacola Energy

Pensacola Energy, a department of the City, became a City-owned utility on April 27, 1948, upon its purchase from the Gulf Power Company. Pensacola Energy supplies natural gas to approximately 45,000 service connections and is one of the largest municipal gas distribution systems in Florida as it relates to customer base. The revenue classification for billed gas service is 51.0% residential, 27.2% commercial, 19.3% industrial and 0.5% municipal.

Pensacola Energy had operating income before depreciation of \$16,457,277; a decrease of \$3,507,270 over last year. Operating revenue increased by \$18,937,706 (37.0%) during fiscal year 2022 and operating expenses increased by \$22,444,976 (72.0%). The primary reason for the increase in operating revenue and operating expense is a result of increases in the cost of natural gas; the cost of natural gas is passed on to the customer directly affecting charges for services revenue. In fiscal year 2022, the cost of natural gas increased by \$12,820,026 and increased gas purchases related to a new transportation customer totaled \$9,639,123. Offsetting the increase to fiscal year 2022 revenues as a result the pass through of natural gas cost, Pensacola Energy had a three percent decrease in natural gas sales which equates to approximately \$1,147,000 in revenues and a \$2,615,098 decrease in infrastructure cost recovery revenues. Infrastructure cost recovery revenue is based on prior year capital cost as well current year budget and therefore will fluctuate from year to year. Excluding the cost of gas, operating expenses only decreased by \$14,200. While the salaries and employee benefits line item of the financial statements remained consistent with fiscal year 2021, both years include a large decrease in pension expenses. The pension expense can vary considerably over time, depending upon changes in the estimated actuarial costs and fluctuations in the market resulting in highly variable income statement results in years where there are large gains or losses in the market.

Pensacola Energy budgets for normal winters; however, actual revenues fluctuate with the cost of natural gas and weather patterns. Pensacola Energy is allowed to adjust rates annually with the Consumer Price Index (CPI) if approved by City Council. No increase was approved for fiscal year 2022.

Fiscal year 2023 operating revenues are budgeted at \$73.3 million, \$24.7 million (51.0%) higher than the prior year budget. The significant increase in revenues for fiscal year 2023 is due to anticipated increases in the cost of natural gas which was the trend when the budget was developed in 2022, thus increasing revenues as the cost of gas is passed onto the customer through rates and charges. The CPI increase for fiscal year 2023 is 8.5%, however due to high inflation which is already affecting customers, no increase in rates were recommended in the fiscal year 2023 budget. Fiscal year 2023 appropriations increased \$24.7 million (51.0%) over fiscal year 2022 mainly due anticipated increases in the cost of natural gas. Pensacola Energy's transfer to the General Fund is budgeted to remain at \$8 million. The transfer complies with the City Council adopted financial planning policy which states "Long-term, the budgeted transfer should not be more than 15 percent of budgeted ESP revenue".

Sanitation Services

The City has operated a solid waste collection system for over fifty years. Sanitation service is mandatory within the city limits, and the City provides residential garbage, recycling, and trash collection once per week to approximately 21,000 customers. Commercial dumpster services are provided by private hauling companies franchised by the City and regulated by the Sanitation Services department. Commercial Solid Waste Franchise fees are set at \$1.50 per cubic yard of non-compacted waste and are used to sustain the Code Enforcement operation. Residential sanitation fees are set at \$33.56 per month and support the self-sustaining Sanitation Services operation. In addition, there is a fuel and lubricant pass-through surcharge of \$1.30 per month and an equipment surcharge of \$3.04 per month for the fiscal year 2022. Funds generated by the equipment surcharge is used for replacement of sanitation equipment.

Sanitation had operating income before depreciation of \$1,569,559; an increase of \$527,125 over the prior fiscal year. Operating revenue increased by \$556,931 (6.13%) during fiscal year 2022 and expenses increased by \$29,806 (0.3%). The primary reason for the increase in operating revenue over the prior fiscal year can be linked to increase in customer base and increase in rates. In addition, revenues for franchise fees and code enforcement increased by \$22,768 and \$26,582, respectively, in fiscal year 2022. The primary reason for the increase in operating expenses of \$373,214 is linked to increase repairs and maintenance, materials and supplies, office and utilities, landfill fees and overhead allocation. In addition, Sanitation had a significant increase in non-operating revenues in the amount of \$1,039,481 related to rebates for the purchase of compressed natural gas vehicles. These rebates will be used to offset the cost of capital equipment.

Fiscal year 2023 revenues are budgeted at \$9.4 million, \$323,000 (3.3%) lower than the prior year budget. The majority of the decrease is related to decreases in anticipated rebates for the purchase of compressed natural gas vehicles. During 2022 a rate study was conducted, and on September 15, 2022, City Council adopted a collection rate increase of \$1.29 bringing the new rate to \$27.44 per month effective October 1, 2022. Fiscal year 2023 appropriations decreased by \$325,300 (3.17%) over fiscal year 2022 budget mainly due to a decrease in capital equipment planned purchases.

Port of Pensacola

The Port of Pensacola, a department of the City, provides marine terminal services connecting water and land transportation. Revenues are generated through fees for wharfage, handling, dockage, rent, storage, security, and harbor services. Rates are established in a published, publicly available tariff.

The Port had operating income before depreciation of \$70,760; a decrease from last fiscal year by \$912,806. Operating revenues decreased \$17,438 (0.6%) and expenses increased by \$895,368 (46.6%). The primary reason for the decrease in operating revenue can be linked to decrease in vessel activity at the Port. The increase in expense can be linked to a \$740,524 increase in repairs and maintenance, contractual services and office and utilities.

For many years, the Port of Pensacola has been the recipient of Florida Seaport Transportation and Economic Development Trust Fund (FSTED) monies to fund capital projects. During fiscal year 2022, the Port applied for and was awarded multiple FSTED grants. This includes money to reimburse COVID-19 related lost revenue and cost, dredge alongside berths, comprehensive maintenance agreement for security equipment, as well as other landside and waterside improvements. Additional work continues toward spending down several previously awarded DHS/FEMA Port Security grants for railroad modern initiative projects/repairs, Waterside improvement initiative berth repairs, upland cargo improvement/drainage repairs, and upland cargo improvement-hurricane projects.

Fiscal year 2023 operating revenues are budgeted at \$3.1 million, \$539,200 (21.11%) higher than the prior year budget as revenues is based on historical trend information on vessel activity levels as well as current and prospective lease agreements. Fiscal year 2023 appropriations increased by \$539,200 (21.11%) over fiscal year 2023 budget mainly due to a \$142,000 increase in personnel services and \$358,900 in operating cost such as repair and maintenance.

Pensacola International Airport

The City of Pensacola owns the Pensacola International Airport and operates the facility as an enterprise department. The Airport plays an important role in the national, state, and local air transportation systems, serving as the primary commercial service airport for northwest Florida and southeast Alabama with a principal service area encompassing Escambia, Santa Rosa, and Okaloosa Counties in Florida and Baldwin, Escambia and Mobile counties in Alabama. During fiscal year 2022, 2.44 million passengers utilized the scheduled service. According to the Bureau of Transportation Statistics data, Pensacola was ranked 87th among 794 U.S. airports in terms of the total number of scheduled enplanements as of September 2022.

The Airport had operating income before depreciation of \$12,408,346; a \$3,976,3263 increase over last fiscal year. The Airport Fund's operating revenues increased by \$6,627,226 (29.7%) in fiscal year 2022 and expenses increased by \$2,650,963 (19.1%). The primary reason for the increase in revenues is increased passenger traffic as well as increased airline rates and charges. In fiscal year 2021, the Airport utilized \$5 million in CARES Act funding to help reduce airline rents and charges while in fiscal year 2022, the Airport was only able to utilize \$2 million in CARES Act funding to help reduce airline rents and charges. This resulted in a \$3 million increase in airline revenues. In addition, a 17.5% increase in passenger traffic resulted in a \$3.5

million increase in non-airline revenues, primarily in parking (\$2.48 million) and rental car (\$600,000). The increase in expense can be linked to an \$1,386,769 increase in contractual services mainly related to the Airport's parking management, janitorial services and advertising contracts and an \$841,125 increase in office and utilities mainly related to the Airport's liability insurance, utility cost, and IT overhead charges.

Fiscal year 2023 operating revenues are budgeted at \$21.3 million, \$1.7 million (8.8%) higher than the prior fiscal year budget which was conservative due to the unknown impact COVID-19 at the time the 2022 budget was developed. non-airline revenues such as restaurant and lounge, hanger/ground leases, parking lot, and rental car customer facility charge revenues are projected to increase to a total of \$1,559,000 due to the increase in passenger traffic through the Airport. Charges to the airlines such as loading Bridge fees, landing fees, apron area rentals, and airline rentals are projected to increase by \$164,000 based on the agreements with the airlines. Fiscal year 2023 operating appropriations decreased by \$6.1 million (19.4%) over fiscal year 2022 budgeted totals primarily due to a \$6.0 million decrease in principal and interest payments.

The Airport has an operating agreement with the airlines which provides for revenues sufficient to meet operating expenses, debt service payments and capital expenditures. However, it does not provide for any incentives given to the airlines nor depreciation which is reported on the City's financial statements as an operating expense.

Current Year Budget, Events and Future Year Plans

The Pensacola City Council approved a fiscal year 2022 budget of \$253,203,200, an increase of \$17,207,500 from the 2021 budget. Overall appropriated fund balance decreased by \$15,430,900 and overall revenue estimates increased by \$7,782,200. The General Fund anticipated an increase in revenues of \$2,072,600 (3.58%) due to a \$1,535,800 increase in property taxes as a result of an 8.15% increase in taxable property valuation, \$180,700 increase in Franchise Fees based on based on historical trends, estimated changes in population and estimated inflation and rate changes and \$177,800 increase in Public Services Tax based on historical trends and a weather pattern of warm summers and mild to colder winters. The Debt Service Funds anticipated a decrease of \$11,100 (0.18%) due to decreased transfers to cover debt service. The Special Revenue Funds anticipated an increase in revenues of \$3,802,400 (8.97%) mainly due to increased intergovernmental revenues based on available grant funding. The Capital Project Funds anticipated an increase in revenues of \$139,100 (1.14%) due to increases in Local Option Sales Tax based on prior year receipts. The Enterprise Funds anticipated a decrease in revenues of \$155,600 (0.18%). Natural gas sales were projected at \$47,293,900 a decrease of \$1,044,400 or 2.16% from the fiscal year 2021 budget. The decrease was attributed to anticipated lower cost of natural gas and less demand. Sanitation revenues were projected at \$6,869,200, an increase of \$144,600 or 2.15% from the fiscal year 2021 budget. The increase is attributed to increase in sanitation charges due to an increase in customer rates. Port revenues were projected at \$2,554,100, an increase of \$98,100 or 3.9% from the fiscal year 2021 budget based historical trend information on vessel activity. Pensacola International Airport revenues and passenger facility charges were projected at \$23,121,000, an increase of \$635,900 or 2.75% from the fiscal year 2021 budget. The increase is attributed to the increase of airline revenues of \$2,180,000. The non-airline revenues increased by \$1,914,900 and rental car facility charges increased by \$1,101,000. The passenger facility charged decreased by \$200,000.

Departmental events and plans

Planning Services Department coordinates the City's weekly "One Stop" Development Review meeting, which provides those who are interested in submitting projects for permitting the opportunity to obtain input from City staff from Planning Services, Inspection Services, Fire Marshall, Public Works and Engineering. Planning Services continues to maintain the City's Comprehensive Plan, Planning Services also maintains the current Land Development Code (LDC) and continues to work towards encouraging urban density, mixed-use development, and implementing form-based, sustainable development guidelines to create a more walkable-built environment.

The Pensacola Police Department continued its efforts through community policing strategies to improve communication and relationships between officers and the public by fostering a closer police-community relationship. In an effort to achieve this goal, the department's Citizens Police Advisory Committee participated in numerous town hall meetings to discuss concerns within the community, worked with neighborhood groups to inform residents about problems in their areas, how to try to make their neighborhoods safer and also offer another Citizen's Police Academy, increasing intentional face-to-face contact with the public to open lines of communication and continued periodic Coffee with a Cop days held at various locations.

The department also pursued additional funding sources that would allow the department to improve ways in which police services were provided and further prevent crime. During the past fiscal year, the department was awarded \$203,315 in local, state and federal grants to purchase items necessary to further crime prevention goals as well as improve officer safety.

In fiscal year 2023, the department will continue its efforts to reduce crime by increase concentrated patrols in known problem areas for burglaries, drugs, etc. as well as partner with neighborhood associations to educate them about crime in their areas as a means of helping share information with residents and encourage them to watch for criminal activities.

The Pensacola Fire Department provides a wide range of services and programs designed to protect the lives and property of the citizens and visitors to the City of Pensacola. The department is proud to confirm it achieved the best possible Insurance Services Organization (ISO) Class 1 rating. A rating based on a class rating scale of 1 (highest) to 10 (lowest) and obtained by evaluating crucial factors such as: fire suppression, which includes fire station locations, personnel, training, apparatus, and equipment; water supply, which includes fire hydrant spacing, inspections, and fire flow; and communications, which includes station alerting and dispatch, radio communication equipment, and emergency response times.

In fiscal year 2022 the live fire training simulator was installed, and prop testing began. Apparatus and equipment upgrades continued with the design and build of a new fire engine, replacement of mobile data terminals, and radio system upgrades. A Command Operations Vehicle was delivered, allowing for operations command center capabilities in the field. A fund match for a state grant, allowed for delivery of fire gear extractors which decontaminate personal protective clothing. Additional basic life support capabilities now provide the City of Pensacola improved emergency medical response.

On-going advancement in incident reporting and record management allowed the department to monitor, evaluate, and improve its processes more accurately. The Training Division improved employee training and development, creating uniformity in all-hazards training exercises and response readiness. The Fire Marshal's office deployed a Hazard House prop which enables additional fire safety education.

In fiscal year 2023, the department will continue to advance the Fire Cadet Program. The Fire Marshal's office will continue community risk reduction, outreach, and fire prevention/education initiatives, including the installation of smoke alarms. The Training Division will implement new employee and supervisor drills, training, and development programs. Training exercises and increased aircraft rescue firefighting (ARFF) response drills will improve response readiness. Best-practice leadership training will be provided to all department supervisors as succession and transition planning continues. Upgrades to facilities and the City Emergency Coordination Center, including connectivity and communications with the Escambia County EOC, will continue.

The Parks and Recreation Department continued its commitment to improve and promote the quality of life for all citizens and visitors of Pensacola by protecting the heritage of our parks while providing a wide range of recreational, social, and educational opportunities. The City of Pensacola has a total of ninety-three parks and open spaces, along with ten community resource centers which are maintained by the Parks and Building Maintenance divisions, programmed by the Recreation division, and utilized by Pensacola residents and City organizations.

Numerous park improvements occurred in fiscal year 2022. Such improvements included: installation of new dog park at Kiwanis Park, new playground at Longhollow Park, Mallory Heights Park 1, Sanders Beach-Corinne Jones Park, and Bayview Park; countless volunteer cleanup days throughout the City; renovations to the East Pensacola Heights Center, Miraflores Park Boy Scout Building; renovation of McGee Field with a new press box, concession stand/restroom facility, bleachers and shade structures and the installation of two (2) new sculptures at Bartram Park.

In fiscal year 2023, the department will continue to develop the park master plan based on a parks' needs assessment report from University of West Florida (UWF). The Parks and Recreation Department will install seven (7) new playgrounds to include Lions Park, East Gate Park, Lamancha Square Park, Pintado Park, Belvedere Park, Fairchild Park, Operto Park and Granada Subdivision; one (1) new sculpture at Admiral Mason Park and create the Garden of Peace and Hope, a memorial for homicide victims at the Corinne Jones Park; install new solar lighting and a musical/sensory garden at Kiwanis Park; and replace the Roger Scott Pool restrooms and office areas.

Parks and Recreation actively partners with local corporate, non-profit, and community groups to provide service benefits to the entire community. These organizations support the Parks and Recreation Department thru sponsorships for events such as the City's annual Easter Egg Hunt, Blues on the Bay Music Series, Drive-in Movie, and Halloween Egg Haunt as well as providing support for recreational, social, and educational programs within the City's Resource Centers and parks.

The Public Works and Facilities Department continued to meet its mission statement of providing courteous and quality service, while maintaining the City's current infrastructure and constructing new infrastructure. Operations maintains 332 miles of roadway, 82 stormwater ponds, 118 various underground stormwater treatment units, 18 ditches, 2,352 drainage inlets and 45 stormwater outfalls, 15 of which are major outfalls.

During fiscal year 2022, Operations completed 77 sidewalk repair work orders, repaired over 260 potholes, addressed 315 traffic signal issues, and converted 90 City owned streetlights to LED. Approximately 3,917 miles of roadway were swept and approximately 4,600 tons of road debris were removed. The department replaced 180 street markers and street signs, installed 2 speed tables, and placed over 1200 linear feet of thermoplastic pavement markings. In addition, the department installed 8 new video detection systems and 8 new uninterrupted power supplies to traffic signals owned by the City. Engineering had several significant capital improvement projects completed in 2022. With regards to stormwater projects, Cross Street was completed to provide flood abatement as well as two major pipe rehabilitation projects (I Street and Gimble Street) on antiquated stormwater pipes which mitigates the continual pipe failure and corresponding roadway failure. Other capital projects completed include a new parking lot at Pensacola International Airport, which will accommodate an additional 340 parking spaces. Burgess Road, from Joy Street to Lanier Drive, was completely reconstructed to include new sidewalk and infrastructure to mitigate flooding. A total of four blocks of pavement was reconstructed along N. P Street and N. S Street along with the addition of new curb and gutter and sidewalks.

In fiscal year 2023, Public Works will complete several large stormwater capital improvement projects including installation of new stormwater piping down Barrancas Avenue, as well as the volumetric expansion of the existing pond at Marketplace Drive. Furthermore, a drainage improvements project along E. Texar Street, between 9th Avenue and 12th Avenue, will be designed and advertised for construction, to help mitigate flooding along E. Texar Street. Similarly, a project will be designed at the intersection of Summit Blvd and Piedmont Road. To continue our pursuit of a more walkable City, the College Parkway sidewalk project, from Washington High School to Langley Ave., is slated to be constructed in mid-2023. Further, multi-modal improvements are slated for A Street (Cervantes Street to Main Street) as well as on Main Street (Baylen Street to Alcaniz Street). The department will also manage design for two major projects to install new stormwater outfalls to Pensacola Bay which will mitigate flooding along 9th Avenue, as well as Main Street. Additionally, Public Works will be managing the design and/or construction of major park improvement projects, for the Parks and Recreations Department, related to Bruce Beach, Sanders Beach Boat Ramp, Bayview Park, Roger Scott, Community Maritime Park, and Hollice T. Williams. Lastly, Pensacola International Airport is expanding their parking lots and the department will be managing the conceptual design for another 470 parking spaces.

The Community Redevelopment Agency (CRA), was established in 1980 to implement the revitalization of a 1,237-block blighted area, referred as the Pensacola Inner City Community Redevelopment Area. This area encompasses 17th Avenue on the east, Pensacola Bay on the south, Bayou Chico and the City limit line on the west and the City limit line on the north. Within the Pensacola Inner City Community Redevelopment Area, there exists three Redevelopment Areas - the Urban Core Community Redevelopment Area, the Urban Infill and

Redevelopment Area (commonly referred to as Eastside Community Redevelopment Area) and the Westside Community Redevelopment Area.

The Urban Core Community Redevelopment Area was established in 1984 and has facilitated a variety of public and private sector redevelopment initiatives since its inception, including streetscape, park, and commercial façade improvements and relocation of the Emerald Coast Utilities Authority (ECUA) Wastewater Treatment Plant. In 2010, public improvements to a 27-acre waterfront parcel on Pensacola Bay were completed which created the Vince Whibbs, Sr. Community Maritime Park (CMP), a multi-use athletic stadium, amphitheater and public promenade, and parcels available for private development. The pivotal redevelopment project was made possible through the City's issuance of the Urban Core Redevelopment Revenue Bond, Series 2009. For many years, the majority of future tax increment revenues were set aside primarily to pay debt service and fund the operations of the CRA. However, in recent years, steady growth of the area's tax base has enabled the initiation several key community redevelopment projects aimed at encouraging neighborhood livability, blight removal and access to the waterfront.

In recent years, the City completed streetscape improvements to DeVilliers Street from Main Street to Cervantes Street and Reus Street from Main Street to Garden Street and initiated an ADA sidewalk enhancement program throughout the near-downtown area. Construction of the East Garden District streetscape redevelopment project and landscaping of the Garden Street median from Alcaniz to A Street was substantially completed in 2022. Substantial strides were made towards the future redevelopment of the former ECUA wastewater treatment plant site, the CMP parcels, and enhanced accessibility to the Pensacola waterfront. Recent and future capital projects are supported by the issuance of the Urban Core Redevelopment Revenue Bond, Series 2017 and the Urban Core Redevelopment Refunding and Improvement Revenue Bond, Series 2019. CRA initiatives slated for fiscal year 2023 include the continuation of the CRA's established residential and commercial improvement programs and affordable housing initiatives, as well as construction of corridor improvements to Main Street (as a component of the "Hashtag" Waterfront Connector (Continuous Waterfront Trail System)), A Street, the first phase of park improvements to the Bruce Beach Natural Area and a floating day-use marina at Community Maritime Park. Design of the 2nd phase of Bruce Beach is also slated to continue during the upcoming fiscal year with construction soon to follow.

The Eastside Community Redevelopment Area was established in 2005. In 2018, the CRA completed reconstruction of the historic birth site of General Daniel "Chappie" James, Jr., America's first African American Four-Star General, to accommodate the operation of a commemorative museum and youth flight academy. The project was funded through the issuance of the Eastside Redevelopment Revenue Bonds, Series 2017. The continuation of the CRA's established residential improvement programs and affordable housing initiatives are slated for the upcoming year. Two affordable housing infill sites located at 1700 Dr. Martin Luther King Jr. Blvd and 2700 Dr. Martin Luther King Jr. Blvd will be available for housing in the coming years. Acquisition of the 2700 site was completed in 2022 and home plans are in design for both locations. Construction of a 2nd phase of improvements to expand the campus of the General Daniel "Chappie" James, Jr. Museum and Youth Flight Academy is slated for completion in the upcoming fiscal year.

The Westside Community Redevelopment Area was established in 2007. However, tax increment revenues were not received for many years due to the 2008 decline in property values caused by the recession. In order to remedy this, City Council reaffirmed the existence of blight in the district, rescinded the 2007 base year for the Westside Community Redevelopment Area taxable property values and established a new base year of 2013. With a new base year set, the CRA started receiving tax increment revenues in 2015. In 2017, the City issued the Westside Redevelopment Revenue Bonds, Series 2017 to fund critical Westside redevelopment initiatives supporting blight removal and neighborhood livability. CRA initiatives slated for the upcoming year include the continuation of the CRA's established residential and commercial improvement programs and affordable housing initiatives, as well as construction of corridor improvements to A Street. Three affordable housing infill sites located at 2300 West Jackson Street, 901 West Blount Street and 900 Block West Blount Street will be made available for housing in the upcoming and future years. Home plans are in design for the Jackson Street and 900 Block locations and rehabilitation specifications are in development for 901 West Blount. Other planned CRA initiatives include landscaping improvements to West Garden Street from A Street to C Street, corridor improvements to L Street, Gregory Street and Wright Street, rehabilitation of the former Alice Williams library and land assembly to support park redevelopment of the American Creosote Works (ACW) superfund site.

The CRA continues to work with private sector concerns to support a revitalized and blight free community. Investment in the Pensacola Inner City Community Redevelopment Area will assist in removing blight, maintaining housing affordability and strengthening the property tax base and potential for future revenue growth.

The Housing Department focused on continuing to address the community's needs by supporting community redevelopment projects, supportive service agencies, and concentrating on the need for decent, safe, and attainable housing to enhance the quality of life for all area residents.

During fiscal year 2022 in support of the Mayor's commitment to build stronger neighborhoods, 21 families had their homes rehabilitated through the city's Single Family Housing Rehabilitation Program leveraging funds from federal and state sources. The services of this program include project development and administration to aid moderate- and low-income homeowners in repairing their homes. The program's successful outcomes include preserving affordable workforce housing and fostering neighborhood reinvestment, providing jobs, and reducing blight while spending program funds with local businesses.

Through the city's Community Development Block Grant (CDBG) program public service activities supported the delivery of 21,246 nutritional meals to 114 elderlies, disabled, and special needs families. Group classes provided educational opportunities regarding home buying and foreclosure prevention for 44 residents, 16 of which achieved the goal of homeownership. Neighborhood improvements included the installation of a playground and the first dog park in a historically underserved area of the city.

Funds received through the State Housing Initiatives Partnership (SHIP) program assisted 31 families in the community reach the goal of homeownership. In response to local concern regarding the lack of attainable housing in the community, the city allocated \$2 million of its

American Rescue Plan Act State & Local Fiscal Recovery Funds to address this pressing need. The Department allocated these funds to support preservation of existing affordable housing through the residential rehabilitation program and to expand the opportunity for homeownership for residents through the city's homeownership program. The remaining funds are being allocated to support the development and rehabilitation of houses in support of the city's Attainable Housing Infill Program.

In response to the pandemic, the city received an award of CDBG-Coronavirus funds. These funds supported the delivery of meals through the Council on Aging of West Florida, Inc.'s nutritional service programs to 22 elderly or disabled families. The CDBG-Coronavirus funds provided 16 families with eviction and foreclosure counseling assisting them with the goal of maintaining their residence. Additionally, CDBG-Coronavirus funds provided 20 families with emergency payments for overdue mortgage and utility expenses assisting residents maintain their homes.

The Section 8 Housing Choice Voucher (HCV) Program provided rental assistance for approximately 1,950 extremely and very low-income families each month during fiscal year 2022. This reflects approximately \$1.3 million in monthly rental housing assistance in our community, paid out to an estimated 525 local landlords. The Housing Department completed 3,323 inspections of rental units ensuring that families were residing in decent and safe living conditions. The HCV Program stabilizes families and allows them to fulfill their other household obligations, pursue jobs and continue their education, while offering steady monthly rental income to area property owners.

An average of 175 homeless veterans received rental assistance each month through the Veterans Affairs Supportive Housing Program (HUD-VASH). Participants receive VA case management services as well as rental assistance from the city to secure housing. Since the initial allocation of 25 HUD-VASH vouchers received in 2009, the Housing Department has increased the total voucher allocation for this program to 203 to address the housing needs of homeless veterans in the community.

During 2022, the city continued to administer a special allocation of 35 Emergency Housing Vouchers in partnership with the Continuum of Care lead agency, Opening Doors Northwest, Florida, Inc., targeting the housing needs of the homeless, victims of domestic violence, and families who may become homeless. During the fiscal year, all the vouchers were assigned to families with over half the families successfully leasing a unit.

In response to the growing need for attainable housing in the community, to include the development of both rental and homeownership opportunities, the Department continues to develop new programs and seek creative solutions to address this concern for the city's residents.

Pensacola Energy (**PE**) vision is to be an innovative, high-value energy services provider committed to safety, performance and excellence with the continued goal to always improve customer service delivery, test and implement new service offerings, upgrade the condition of our underground gas mains and service lines and integrate new technologies to improve operational efficiency and minimize greenhouse gas emissions.

In fiscal year 2022, the department began serving a large industrial customer that increased system throughput by 1,281,000 MMBTU for the six months beginning April 2022. Construction began on the expansion of the Palafox CNG Station serving Pensacola Sanitation Services and Fleet Management. This project will increase compressor capacity and add additional time fill posts. With continued residential growth in the area, fourteen new subdivisions were added to the distribution system which included the installation of nineteen miles of natural gas main. New service line installation remained above the five year average at 947.

The natural gas rate ordinance allows for an annual adjustment in rates based on the Consumer Price Index (CPI), an Infrastructure Recovery Charge as a rate component, a Weather Normalization Adjustment Factor, and a Purchase Gas Adjustment which includes a dedicated component to restore Pensacola Energy's operating reserves. A multi-year infrastructure replacement plan has been developed for the Infrastructure Recovery Charge which allows costs to be collected through rates the year following the expenses.

The Sanitation Services and Fleet Management Department is responsible for providing dependable, efficient Sanitation Services to the City residents and business establishments through residential garbage, recycling, trash collection and code enforcement. The department is also responsible for the central garage operations, which maintains the City's fleet as required for various municipal services, from acquisition to deposition as well as the City's 311 hotline.

In fiscal year 2022, Sanitation Services collected 18,512 tons of solid waste and 2,403 tons of curbside recyclables. As part of the Mayor's initiative to reinvest in City neighborhoods, Sanitation Services provides the Mayor's Neighborhood Cleanup program to each City neighborhood once per year. The ten neighborhood cleanups completed in fiscal year 2022 resulted in the removal of 678 tons of bulk waste, 1,149 old tires, and 9,938 cans of old paint. The City also contracts with Escambia County Utility Authority (ECUA) to provide recyclable processing. In March 2015, as amended in April 2020, the City of Pensacola and Escambia County entered into an Interlocal Agreement that provides for exchange of services that benefit each entity. The agreement gives the City no-cost yard trash disposal to provide county neighborhood cleanups.

The Constituent Services Division assists members of the community with not only sanitation-related issues but a myriad of issues that affect our residents. Staff members speak with many members of the community daily and have developed a special rapport with many. Accomplishments over the past fiscal year include, but are not limited to, 12,342 calls processed, 2,382 service requests, and over 811 email correspondences. Additionally, this division has been identified by an independent production company as one of many national finalists in an upcoming documentary on 311 service centers.

The Code Enforcement Division initiated 4,039 new cases in fiscal year 2022, with 869 cases categorized as overgrown vacant property. Along with illegal dumping cases and Sanitation "no service cases," these officers made 1,736 site visits consisting of investigations, follow-ups, and postings.

The Fleet Management and Central Garage Divisions had a robust fiscal year 2022. Repairs were made to 1,575 light-duty vehicles and 1,708 repairs to heavy-duty vehicles.

The Port of Pensacola's mission is to be an integral part of Pensacola's economy for generations to come by attracting a diverse mix of international trade, marine & water-dependent uses, and business activities that maximize port revenues and deliver positive social, economic and quality of life benefits to the community.

While fiscal year 2022 had increases in vessel traffic of 64%, cargo tonnage increases of 55% (Export) and 129% (Import), the loss of a prime storage tenant offset those gains. As a result, revenue from port operations was \$2,886,082, a decrease of 0.6% from last year.

The Port of Pensacola's fiscal year 2023 will continue to flourish in a positive direction for future maritime/business trade. Long term/short term leases could include a potential high tech performance maritime technology center adding more leases. Cargo/vessel traffic will continue to take an upward direction in percentages. Imports of bulk cement and wind energy product growth will increase as the Port's tenants conduct larger business operations.

The Pensacola International Airport's purpose is to meet the needs of the traveling public, both commercial and private passengers while ensuring their safety and security. In fiscal year 2022 the Airport had 2.441 million passengers utilized the scheduled service of seven airlines to fifteen plus non-stop destinations, surpassing pre-pandemic passenger numbers of \$2.200 million. While nationally air travel remains down 2.6% from 2019 numbers, Pensacola International Airport has already surpassed 2019 numbers by 10.0% showing stronger market in the Pensacola area.

With the unexpected rebound of passenger traffic in fiscal year 2021, the Airport re-implement the design of many projects depicted in the 2019 Master Plan including the runaway 8/26 rehabilitation, corporate apron expansion and terminal building expansion. In addition, construction for taxiway A rehabilitation, terminal escalator replacement, and economy lot 1 lighting is planned. Construction will continue with the expansion of the Airport's Maintenance Repair Overhaul (MRO) Facility. Hanger two should be completed in 2023 and construction should commence for the next phase which includes an additional hanger, warehouse space, and administration offices.

Citywide topics

In fiscal year 2022, the City lost six (6) key staff employees: the City Administrator, CRA Administrator, Director of Innovation & Technology, Sanitation Services & Fleet Management Director, Parks & Recreation Director, and the Pensacola Energy Director. Kerrith Fiddler was appointed as the City Administrator position in October 2021. Adrian Stills was appointed as the Parks & Recreation Director in June 2022. Fred Crenshaw was appointed as the Sanitation Services & Fleet Management Director in February 2022. The Director of Innovation & Technology was filled by Robert Echols as interim in July 2022. The position was vacated in August 2022 and remained vacant for the rest of fiscal year 2022. The CRA Administrator and the Pensacola Energy Director positions were not filled in fiscal year 2022. The City experienced a 11.06% turnover rate in fiscal year 2022, an increase over the reported fiscal year

2021 rate of 10.7%. The 2022 turnover rate does not include retirements. Based on exit interviews, employees cited increased compensation from other job opportunities, promotional opportunities, and relocation as the main reason for their separations.

The City has five unions which have agreements that are renegotiated on a recurring basis. The American Federation of State County and Municipal Employees (AFSCME) union and the City entered into a three-year agreement on September 23, 2021, for fiscal years October 1, 2021 through September 30, 2024. The City and AFSCME are currently in negotiations for a new three-year contract. The City and the three police unions entered into a three-year agreement on September 23, 2021 (police officers contract entered into August 12, 2021) for fiscal years October 1, 2021, through September 30, 2024. The Police Officers' contract provides for the members to receive a 6% pay increase or brought up to the new minimum base salary of \$43,014.40 effective October 1, 2021, and 4% pay increase effective October 1, 2022, and October 1, 2023. The Police Sergeants' contract provides for the members to receive a 4% pay increase effective October 1, 2021, October 1, 2022, and October 1, 2023, not to exceed the maximum for \$77,251, \$81,120 and \$85,176 respectively. The Police Lieutenants' contract provides for the members to receive a 3% pay increase effective October 1, 2021, October 1, 2022, and October 1, 2023, not to exceed the maximum for \$97,011. The City and International Firefighters' Association (IFFA) entered into an agreement November 13, 2020, for fiscal years October 1, 2021, through September 30, 2023. The IFFA contract provides for the members to receive a 3% pay increase effective October 1, 2020, and October 1, 2021, and a 10% increase effective October 1, 2022. Union and Non-union employees also received a merit increase of 0%, 1% or 2% based on performance reviews, effective October 1, 2022.

While the effects of COVID-19 Pandemic have continued to negatively impact the global and local economies, overall, the City of Pensacola fared well in fiscal year 2022, reporting an increase in net position for both the City's governmental and business-type activates as reported on the Statement of Activities. Not only were most of the City's general revenues and charges for services back to or higher than pre-pandemic levels, but the City also received an increased number of grants from state and federal agencies through the Coronavirus Aid, Relief, and Economic Security Act. Such funding assisted the City with providing additional rental assistance to individuals, paying certain Airport and Port operating cost as well as assisting the City in paying for citywide services and projects.

On September 16, 2020, Hurricane Sally made landfall in Escambia County, Florida. The City of Pensacola sustained substantial damage to our tree canopy, Port of Pensacola and other waterside structures. Between the Federal Emergency Management Agency (FEMA) Public Assistance (PA) Program and the Florida Division of emergency Management Public Assistance (PA) Program the City will be reimbursed 95% of the cost to repair damages caused by the storm (net of any insurance proceeds).

Independent Auditors

The Florida Statutes and the City's Bond Resolutions require an annual audit of the City's financial records by an independent certified public accountant. The City's fiscal year 2022 financial statements have been audited by the certified public accounting firm of Warren Averett,

LLC. The goal of the independent audit was to provide reasonable assurance that the financial statements are free of material misstatement.

The City is also required to undergo an annual audit to obtain reasonable assurance about compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs and state projects.

Reporting Achievements

The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Pensacola for its comprehensive annual financial report for the fiscal year ended September 30, 2021. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such comprehensive annual financial reports must satisfy both accounting principles generally accepted in the United States and applicable legal requirements. The City of Pensacola has been awarded a Certificate of Achievement for forty-one of its last forty-two fiscal years.

A Certificate of Achievement is valid for a period of one year only. We believe that the current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and will be submitting it to GFOA to determine its eligibility for another certificate.

Acknowledgements

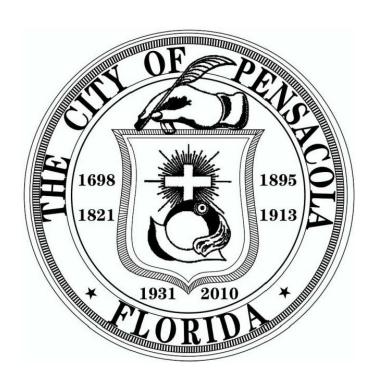

The City's accounting staff, as always, is dedicated in preparing a timely and accurate comprehensive annual financial report. Appreciation is expressed to all those who contributed to its preparation and to City Council for the continued support of a fiscally sound City government.

Respectfully submitted,

D.C. Reeves Mayor

Amy L. Lovoy Finance Director

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members of the City Council City of Pensacola, Florida

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Pensacola, Florida (the "City"), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, based on our audit, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2022, and the respective changes in financial position, where applicable, cash flows thereof, and the respective budgetary comparison for the General Fund, American Rescue Plan Act Fund, Natural Disaster Fund, and the Housing Assistance Payments Fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relation to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

50

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exits.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter

As discussed in the financial statements, in 2022 the City adopted new accounting guidance, GASB Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedules related to pension and the other post-employment benefits, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Pensacola, Florida's basic financial statements. The budgetary comparison information, combining and individual nonmajor fund financial statements and schedules, and financial data schedule are presented for purposes of additional analysis and are not a required part of the basic financial statements of the City of Pensacola, Florida.

The accompanying schedule of expenditures of federal awards, passenger facility charges, and state financial assistance is presented for purposes of additional analysis as required Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and as specified in the Passenger Facility Charges Audit Guide for Public Agencies, issued by the Federal Aviation Administration, and by Section 215.97, Florida Statutes, and is also not a required part of the basic financial statements of the City of Pensacola, Florida.

The combining and individual fund financial statements and budgetary comparison information, the financial data schedule and schedule of expenditures of federal awards, passenger facility charges, and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 23, 2023, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Pensacola, Florida March 23, 2023

Warren averett, LLC

Management's Discussion and Analysis

This section will provide a comparative analysis between fiscal year 2022 and 2021. The comparison amounts are shown at a summary level with additional detail provided for explanation. The format is designed to provide the reader a narrative overview of the City's financial activity for the fiscal year ended September 30, 2022. This discussion should be read in conjunction with the Letter of Transmittal located in the Introductory Section.

Financial Highlights

- The City's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources (net position) as of September 30, 2022 by \$554,170,859. Of this amount, the net investment in capital assets totaled \$460,755,728, which is unavailable, and restricted net position totaled \$49,518,052 resulting in an unrestricted net position of \$43,897,079. Unrestricted net position is negatively impacted due to GASB Statement No. 68, which reduced governmental activities unrestricted net position by \$67,414,991 and business-type activities by \$17,354,867 for a total reduction of \$84,769,858. GASB Statement No. 68 requires the City to report on the face of the financial statements the deferred inflows, deferred outflows and net pension liabilities for each of the City's pension plans and the City's proportionate share of the Florida Retirement System (FRS). This unfunded pension obligation will continue to negatively impact unrestricted net position for future periods until all plans have been fully funded. For a more detailed explanation of GASB Statement No. 68 refer to the Government-Wide Financial Analysis section of Management's Discussion and Analysis.
- The City's total net position of \$554,170,859 increased \$101,557,843 (22.4%) over the fiscal year 2021 net position of \$452,613,016. Governmental activities increased by \$34,823,316 (22.1%) and business-type activities increased by \$65,930,437 (22.6%). For a detailed explanation of these fluxes refer to the Government-Wide Financial Analysis section of Management's Discussion and Analysis.
- As of September 30, 2022, the City's governmental funds reported combined fund balances of \$84,863,651 an increase of \$15,364,327 (22.1%) over the prior fiscal year. The majority of the increase can be attributed to an \$5.4 million increase in fund balance in the City's General Fund and the City's Local Option Sales Tax (LOST) Project Fund as well as a \$9.7 million increase in fund balance in the City's Natural Disaster Fund related to reimbursements received for Hurricane Sally repairs and clean-up. For a detailed explanation of the fluxes refer to the Government-Wide Financial Analysis section of this report. The unassigned fund balance for the City's General Fund is \$3,371,392. Unassigned fund balance is the portion of fund balance which is not obligated or specifically designated and is available for any purpose.
- Governmental funds' revenues increased by \$24,514,113 (23.6%) over the prior fiscal year total of \$104,032,641. The major increase in governmental funds' revenues stems from \$1,776,524 in General Fund revenues mainly related to an increase in ad valorem tax revenues, \$1,769,056 in local option sales tax proceeds, \$19,111,113 in

intergovernmental revenues mainly related to the redevelopment trust funds, COVID-19 funding and grant funding.

Governmental funds' expenditures decreased by \$2,574,035 (2.1%) over the prior fiscal year total of \$123,689,333. The major decrease in governmental funds' expenditures stems from an \$6,707,060 decrease in the Natural Disaster Fund related to the Hurricane Sally, \$1,353,182 in capital outlay, \$1,746,128 in debt service. Offsetting the decreases was a \$1,584,333 increase in General Fund Program cost, \$4,938,158 increased in the American Rescue Plan Fund and \$676,716 increase in Community Redevelopment Agency Fund and \$334,461 in Culture and Recreation Fund.

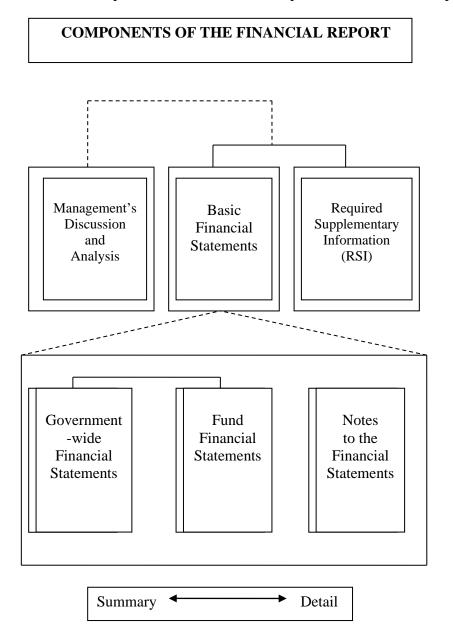

• The City's General Fund fund balance, excluding restricted fund balance, increased by \$3,333,018 from \$24,597,708 to \$27,930,726 in fiscal year 2022 primarily related to actual revenues exceeding the original budget by \$3,304,417. Included in the committed fund balance is Council Reserves of \$14,042,818. The Council Reserve balance represents 21.3% of fiscal year 2023 beginning budgeted General Fund appropriations which exceeds the 20% minimum reserve goal stated in the City Council's Fund Balance Policy. The General Fund had an decrease in restricted fund balance of \$107,408 related to an decrease in contractual obligations. Total fund balance increased by \$2,877,774 (11.1%) from fiscal year 2021.

General Fund revenues increased over fiscal year 2021 by \$4,509,553 (8.8%) mainly related to a \$1,776,524 increase in ad valorem tax revenues and a \$1,168,230 increase in intergovernmental revenue such as sales tax collections and a \$1,112,503 increase in franchise fees. Expenditures increased by \$1,494,178 (2.8%) primarily as a result of a \$973,502 increase in personnel cost related to increases in employee pay. In addition to personnel cost, communication increased by \$323,929, utilities increased by \$273,779 and fuel and lubricants increased by \$368,251.

• The City's enterprise funds reported combined ending net position of \$358,441,664, an increase of \$65,930,437 (22.50%) in comparison to the prior fiscal year. Of the total net position amount, \$268,611,152 represents net investment in capital assets which increased \$55,633,477 (26.1%). Operating revenues increased by \$26,104,425 (30.5%) from last fiscal year and operating expenses before depreciation increased by \$26,021,113 (47.3%). For a detailed explanation of these fluxes refer to the Government-Wide Financial Analysis section of Management's Discussion and Analysis.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. These statements have three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements. Following is a chart that illustrates the components of the Annual Comprehensive Financial Report (ACFR).

Government-Wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Pensacola's finances, in a manner similar to a private-sector business.

The *statement of net position* presents financial information on all the City's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. The focus of the statement is designed to be similar to bottom line results for the City and its governmental and business-type activities. This statement combines and consolidates governmental funds current financial resources (short-term spendable resources) with capital assets and long term obligations. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of the related cash flows*. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal years (e.g., earned but unused vacation leave and revenue in connection with receivables which are not considered available to liquidate liabilities of the current period).

Both the government-wide financial statements distinguish functions of the City of Pensacola that are principally supported by taxes and intergovernmental revenues (governmental activities such as police, fire, public works, recreation and general administration) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, transportation, culture and recreation, economical and physical environment, and human services. The business-type activities of the City include the airport, seaport, natural gas utility services and sanitation services.

Discretely presented component units, which are legally separate governmental units over which the City can exercise influence, are presented as a separate column in the government-wide statements. The Downtown Improvement Board in the only discretely presented component unit of the City. The focus of the financial statements is the Primary Government, which are the operations of the City.

Fund Financial Statements

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Traditional users of the ACFR will find the Fund Financial Statements presentation more familiar. The focus is on "major" funds, rather than fund types, as reported in the traditional financial statement presentation. All of the City's funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Since the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. This allows readers to better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Governmental fund information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Housing Assistance Payments Fund, Natural Disaster Fund and American Rescue Plan Fund, all of which are considered to be major funds. All other governmental type funds are considered "nonmajor" and are reported in a single, aggregated column. Individual fund data for each of these nonmajor governmental funds is provided in the form of Combining Statements and Individual Fund Statements and Schedules section of this report.

Blended component units, which are legally separate entities in which the City and the entity have substantially the same governing body or the entity's debt is expected to be repaid almost entirely with resources from the City, are presented as funds of the primary government. The Community Redevelopment Agency (CRA) is the only blended component unit of the City.

Proprietary Funds. Proprietary funds provide the same type of information as the business-type activities in the government-wide financial statements, only in more detail. The proprietary fund financial statements can be found in the Basic Financial Statements section of this report.

The City of Pensacola maintains two types of proprietary funds: enterprise funds and internal service funds. The City uses enterprise funds to account for the assets, operation and maintenance of the City-owned natural gas service, garbage and trash service, port facility, and airport. Internal service funds are used to account for activities that provide goods and services to other City departments such as computers, telecommunications, fleet maintenance, insurance, mail and engineering. Since internal service funds predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Fiduciary Funds. The City of Pensacola is the plan sponsor for the General Pension, Firefighters' and Police Officers' retirement fund. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the City's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in net position. These activities are excluded from the government-wide financial statements because the assets cannot be used to support or finance the City's programs or operations. During fiscal year 2007, the City closed the General Pension requiring new general employees to participate in the Florida Retirement System (FRS) though the General Pension remains open for existing participants who chose not to participate in the FRS. During fiscal year 2013, the City closed the Police Officers' Retirement fund requiring new police employees to participate in the Florida Retirement System (FRS) though the Police Officers' Retirement fund remains open for existing participants who chose not to participate in the FRS.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to gain a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found as part of the Basic Financial Statements section of this report.

Other information

This report additionally includes Required Supplementary Information (RSI) containing schedules of the City's total Other Postemployment Benefits (OPEB) liability and the City's Net Pension Liability (NPL) and contributions for the City's three sponsored pension plans as well as the City's proportionate share in the Florida Retirement System pension plan and health insurance subsidy program. Combining statements for nonmajor governmental funds and internal service funds are included as well as budgetary comparisons for all debt service and nonmajor governmental funds. Additional information about the City can be found in the Statistical Section.

Government-Wide Financial Analysis

The City of Pensacola adopted the government-wide financial statement presentation. This reporting structure and measurement focus using accrual accounting for all of the government's activities was mandated by the Government Accounting Standards Board (GASB) in Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*. Comparative data for fiscal years ending September 30, 2022 and 2021 is presented.

It is important to note that GASB Statement No. 68, Accounting and Financial Reporting for Pensions; an amendment of GASB Statement No. 27, requires governments that offer defined pension benefits to its employees to report on the face of its financial statements the unfunded pension obligation (the "Net Pension Liability"). In addition, GASB Statement No. 68 requires each local government participating in a defined benefit cost-sharing multiple-employer pension plans, such as the Florida Retirement System (FRS), to report on the face of its financial statements their proportionate share of the "collective" Net Pension Liability.

GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits other than pensions, requires governments that offer other post-employment benefits (OPEB) to its employees to report on the face of its financial statements the total unfunded OPEB obligation (the "Total OPEB Liability").

Both the Net Pension Liability and Total OPEB Liability are recorded at the fund level for proprietary activities and the allocated amount for governmental activities is presented at the government-wide level. The recording of the deferred inflows, deferred outflows, total pension liabilities and total OPEB liability for each of the City's pension plans, the City's proportionate share of the Florida Retirement System (FRS) and the City's OPEB negatively impact the City's unrestricted net position until all plans have been fully funded. In addition, pension and OPEB expense, which is a net result of the changes in deferred inflows, deferred outflows, total liabilities, can vary considerably over time, depending upon changes in the estimated costs due to such things as market fluctuations. This can result in highly variable income statement results. The governmental fund-level statements are not affected by these pronouncements which use a modified-accrual basis of accounting.

In October 2021, GASB Statement No. 87, *Leases*, was implemented and required the recognition of certain lease assets and liabilities for leases that were previously classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. As a result of this Statement, the City recognized a lease liability and an intangible right-to-use lease asset, and a lease receivable and a deferred inflow of resources in fiscal year 2022. The prior year's balances were not restated for this change in the comparative schedules on the next page.

At year-end, the City is reporting positive balances in two of three categories of net position for governmental activities and all three categories for business-type activities.

Summary Statements of Net Position September 30,

		Governmental Activities				Business-Type Activities					Primary ernment	
		2022	2021		2022		2021		2022	CIII	2021	
Current and other assets	\$	78,470,470	\$	68,578,044	\$ 129,621,277	\$	112,142,361	\$	208,091,747	\$	180,720,405

The total City's net investment in capital assets, such as land, roads, parks, buildings, machinery and equipment is presented less any outstanding debt related to the acquisition and accumulated depreciation of those assets. The City uses these capital assets to provide services to the citizens and consequently these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

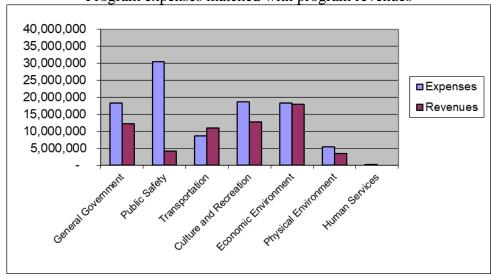

Restricted net position are resources subject to external restriction on how they may be used while unrestricted assets may be used to meet the City's ongoing obligations to citizens and creditors. Unrestricted net position represents 18.8% of total net position for business-type activities. Unrestricted net position for governmental activities is negative primarily due to the net pension liability of \$29,465,799 and total OPEB liability of \$13,192,540. These unfunded liabilities will continue to negatively impact unrestricted net position for future periods until all obligations have been fully funded. In addition, the unrestricted net position for governmental activities is negatively impacted due to the recognition of the City's long-term contribution to the Emerald Coast Utilities Authority (ECUA) totaling \$6,500,000 as of September 30, 2022. Since the commitment is a long-term liability and future revenue sources have been pledged for the annual payment of \$1.3 million it is expected that this commitment will continue to negatively impact unrestricted net position through fiscal year 2027.

Governmental Activities Fiscal Year 2022

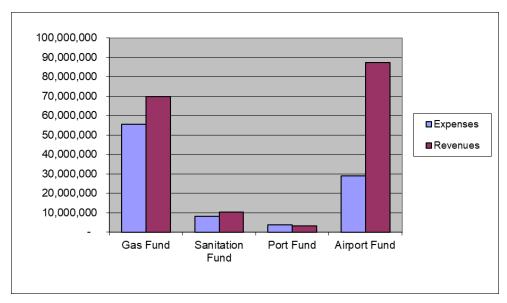

Revenues by source

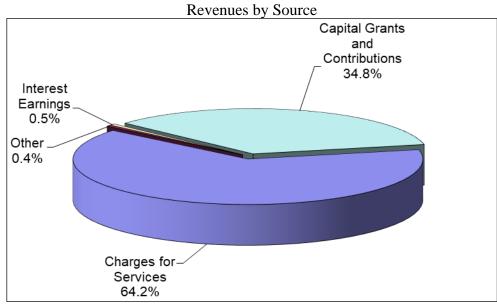

GASB Statement No. 34 reporting requires that functional expenses are matched with revenues that directly support the function. The increase in current year net position for Governmental Activities on the Statement of Activities equaled \$34,323,316. The majority of the increase can be attributed to increase in operating grants and contributions. In fiscal year 2022, the City received an additional \$17.1 in operating grants than in FY 21. In addition, the property and other taxes increased by 4.4 million. The bar chart above gives a clear indication of which functions are dependant on general revenues to support their operations. Public Safety has the largest differences as this function is traditionally supported by taxes. Taxes, investment earnings and other revenues are classified as general revenues of the government.

Business-type Activities Fiscal Year 2022

Expenses compared to *charges for services* revenues (Including depreciation and bad debt expense)

The increase in current year net position for Business-type Activities on the Statement of Activities totaled \$65,930,437. The Utility Fund increased \$5,295,229, the Sanitation Fund increased \$1,964,091, the Port Fund decreased \$341,831 and Airport Fund increased \$59,045,948. All funds charged fees sufficient to cover operations when excluding depreciation. An explanation of these fluxes can be seen in the Financial Analysis of the Government's Funds section below.

Financial Analysis of the Government's Funds

The City of Pensacola uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental funds. The focus of governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of September 30, 2022, the City's governmental funds reported combined fund balances of \$84,863,651, an increase of \$15,364,327 (22.1%) over the prior fiscal year. The majority of the increase can be attributed to an \$5.4 million increase in fund balance in the City's General Fund and the City's Local Option Sales Tax (LOST) Project Fund as well as a \$9.7 million increase in fund balance in the City's Natural Disaster Fund related to reimbursements received for Hurricane Sally repairs and clean-up.

Non-spendable and restricted governmental funds balance of \$48,689,602 are available to meet current commitments in the next fiscal year. Non-spendable fund balance of \$72,882 is for prepaid expenditures and inventory. Restricted fund balance is broken down as; \$424,621 is for Saenger capital reserves; \$5,364,975 is for debt service requirements; \$24,357,259 is for community development projects and \$18,469,865 is for other purposes. This leaves a remaining unrestricted fund balance of \$36,174,049.

Below is a comparative chart for the City's "major" funds; General Fund, Housing Assistance Payments Fund, Natural Disaster Fund, American Rescue Plan Act Fund and.

Major Fund Information

		General Fund		Housing Assistance Payments Fund	Natural Disaster Fund	R	American lescue Plan Act Fund
Fiscal Year 2022	-		-				
Revenues and other sources	\$	63,344,107	\$	17,236,572	\$ 17,444,248		6,001,807

Expenditures and other outlays	_	(58,581,784)	_	(17,952,501)	(13,006,833)	_	(1,850,158)
Increase (decrease) in fund balance	\$	278,346	\$_	581,661	\$ (9,022,441)	_	(407,409)

The General Fund is the main operating fund of the City. At September 30, 2022, total fund balance in the General Fund was \$29,021,068, an increase of \$3,225,610 (12.5%) from beginning fund balance. The unrestricted portion of fund balance was \$29,930,726, however \$14,042,818 is committed for the Council Reserve, \$21,756 is committed for park purchases, \$613,302 is committed for the tree planting trust fund, \$1,701,688 is assigned for general government commitments, \$5,100,000 is assigned for future fund balance draw downs, \$26,398 is assigned for assessments, \$503,272 is assigned for housing initiatives and \$2,550,000 is assigned for anticipated match requirements needed for Hurricane Sally leaving an unassigned fund balance of \$3,371,392.

Since the City budgets for expenditures in the General Fund based on anticipated revenues, changes to fund balance are a result of the difference in budget verses actual revenues and expenditures. Fiscal year 2022 actual revenues exceeded the original budget by \$3,363,207. The majority of the increase was made up of \$1,776,524 in taxes, \$1,112,503 in franchise fees and \$1,168,230 in governmental revenues. Fiscal year 2022 actual expenditures came in over the original budget (less the anticipated fund balance drawdown of \$1.7 million) by \$485,433.

As a measure of the General Fund's liquidity, a comparison of both total and unrestricted fund balances compared with total fund operating expenditures shows percentages of 53.8% and 51.8%, respectively. The Government Finance Officer's Association (GFOA) Best Practice recommendation is for a government to maintain in its General Fund unrestricted fund balance no less than two months of General Fund operating expenditures. At 51.8% of unrestricted fund balance, this provides more than six months of coverage.

The Housing Assistance Payments Fund had a total fund balance at year-end of \$2,840,525, a decrease of \$511,660 (15.2%). Fund balance of \$858 is non-spendable and \$2,839,667 is restricted for housing assistance payments as required by the Department of Housing and Urban Development (HUD). Changes to fund balance are a function of federal funding by the HUD and the operating efficiency employed by the City's Housing staff. Fluctuations can be large or small depending on the goals of the federal government programs. The decrease in fiscal year 2022 fund balance is due to an increase spending to combat the growing number of homeless families nationally through HUD's Housing Choice Voucher (HCV) CARES Act funding.

The Natural Disaster Fund had a total fund balance at year-end of \$961,521, an increase of \$9,701,941. The fund is used to track cost associated with natural disasters which the City expects to receive Federal and State assistance for. The fund increased in fiscal year 2022 because many reimbursements were received for Hurricane Sally expenditures.

The American Rescue Plan Act (Act) Fund had zero fund balance at year-end. The Act allows revenue replacement for the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency, relative to revenues collected in the most recent fiscal year prior to the emergency. Finance has calculated the revenue loss based on guidance from the Department of Treasury and identified funds which revenues were hit the hardest by the COVID-19 pandemic. Operating transfers from the American Rescue Plan Act Fund (ARPA Fund) were made directly to those funds in fiscal year 2021 to provide for current operating cash needs. Funds included the Parking Management Fund, Recreation Fund and

Community Maritime Park Management Fund. In fiscal year 2021, those three funds which received the operating transfer had used all but \$407,409 of the transfer towards eligible governmental services. The remaining operating transfers were spent in fiscal year 2022 bringing the fund balance to zero.

Proprietary Funds. Proprietary fund statements provide the same information as in the business-type activities column of the government-wide statements, but in greater detail, and on a fund basis for enterprise funds and the internal service funds. All of the City's enterprise funds are classified as major funds.

Enterprise Funds.

The City of Pensacola does not budget for depreciation, bad debt expense, unfunded pension obligations or other postemployment benefits. However, personal cost, operating expenses, capital outlay, and principal and interest payments are budgeted.

The Utility Fund had a total net position of \$78,793,423 at fiscal year-end, an increase of \$5,278,884 (7.1%) over the prior fiscal year. Pensacola Energy operated at a profit of \$16,457,227 before depreciation expense of \$3,067,270 and an \$8,000,000 transfer to the General Fund; a decrease from last fiscal year by \$3,507,320. Operating revenue increased by \$18,937,706 (37.0%) during fiscal year 2022 and operating expenses increased by \$22,444,976 (72.0%). The primary reason for the increase in operating revenue and operating expense is a result of increases in the cost of natural gas; the cost of natural gas is passed on to the customer directly affecting charges for services revenue. In fiscal year 2022, the cost of natural gas increased by \$12,820,026 and increased gas purchases related to a new transportation customer totaled \$9,639,123. In addition, fiscal year 2022 revenues were higher due to a three percent increase in natural gas sales which equates to approximately \$1,147,000 in revenues as well as a \$2,615,098 decrease in infrastructure cost recovery revenues. Infrastructure cost recovery revenue is based on prior year capital cost as well current year budget and therefore will fluctuate from year to year. Excluding the cost of gas, operating expenses decreased by \$14,200. The salaries and employee benefits line items of the financial statements were comparable to 2021 and included a large decrease in pension expenses. The pension expense can vary considerably over time, depending upon changes in the estimated actuarial costs and fluctuations in the market resulting in highly variable income statement results in years where there are large gains or losses in the market.

The Sanitation Fund had a total net position of \$2,851,906 at fiscal year-end, an increase of \$1,964,091 (221.2%) over the prior fiscal year. Sanitation Services operated at a profit of \$1,569,559 before depreciation expense of \$629,072; an increase from last fiscal year by \$527,125. Operating revenue increased by \$556,931 (6.1%) during fiscal year 2022 and expenses increased by \$29,806 (0.3%). The primary reason for the increase in operating revenue over the prior fiscal year can be linked to increase in customer base and increase in rates. In addition, revenues for franchise fees and code enforcement increased by \$22,768 and \$26,582, respectively, in fiscal year 2022. The operating expenses increased by \$373,214, due to the increase to repairs and maintenance, materials and supplies, office and utilities, landfill fees and overhead allocation. In addition, Sanitation had a significant increase in non-operating revenues

in the amount of \$1,039,481 related to rebates for the purchase of compressed natural gas vehicles. The rebates will be used to offset the cost of the capital equipment.

The Port Fund had a total net position of \$18,574,655 at fiscal year-end, an increase of \$233,558 (1.2%) from the prior fiscal year. The Port operated at a profit of \$70,760 before depreciation expense of \$1,176,093; an increase from last fiscal year by \$192,527. Operating revenues decreased by \$17,438 (0.6%) and expenses increased by \$895,378 (46.6%). The primary reason for the increase in operating revenue can be linked to increased vessel activity at the Port. The increase in expense can be linked to a \$740,524 increase in repairs and maintenance, contractual services and office and utilities.

The Airport Fund had a total net position of \$258,221,680 at fiscal year-end, an increase of \$58,616,879 (29.3%) over the prior fiscal year. The Airport operated at a profit of \$12,408,346 before depreciation expense of \$11,791,303; an increase from last fiscal year of \$3,976,263. The Airport Fund's operating revenues increased by \$6,627,226 (29.7%) in fiscal year 2022 and expenses increased by \$2,650,96 (19.1%). The primary reason for the increase in revenues is increased passenger traffic as well as increased airline rates and charges. In fiscal year 2021, the Airport utilized \$5 million in CARES Act funding to help reduce airline rents and charges while in fiscal year 2022, the Airport was only able to utilize \$2 million in CARES Act funding to help reduce airline rents and charges. This resulted in a \$3 million increase in airline revenues. In addition, a 17.5% increase in passenger traffic resulted in a \$3.5 million increase in non-airline revenues, primarily in parking (\$2.48 million) and rental car (\$600,000). The increase in expense can be linked to an \$1,386,769 increase in contractual services mainly related to the Airport's parking management, janitorial services and advertising contracts and an \$841,125 increase in office and utilities mainly related to the Airport's liability insurance, utility cost, and IT overhead charges.

The chart below shows the operating income of each enterprise fund. The chart includes depreciation, bad debt expense and other post-employment benefits.

	 Operating Income (Loss)						
	2022	2021					
Utility Fund	\$ 13,390,007 \$	17,166,052					
Sanitation Fund	940,487	545,591					
Port Fund	(1,105,333)	(318,557)					
Airport Fund	 617,043	(3,086,289)					
Total	\$ 13,842,204 \$	14,306,797					

Internal Service Funds

The internal service funds are designed to recover the internal costs of general services provided to other city departments. The increase in total net position for all internal service funds was \$334,618. The City's Insurance Retention Fund decreased by \$691,098 and the Central Services Fund increased by \$1,025,716. The decreased in the Insurance Retention Fund was due to a \$822,433 increase in salaries and employee benefits. The Central Services Fund saw an increase of \$839,934 in charges for services.

General Fund Budgetary Highlights

In accordance with Chapter 166.241, Florida Statues, the Mayor or his designee may authorize budget amendments if the total appropriations of the fund are not changed. The Mayor has established budgetary control within each fund at the line item. Amounts may be transferred between departmental line items or between departments within a fund provided no transfer shall be made contrary to Florida Statue. Amounts to be transferred require the approval of the Mayor or his designee; however, amounts appropriated for capital outlay can only be transferred from the capital outlay category with City Council approval. The budgetary changes as described below were a necessary part for overall operations of the City's activities reported in the General Fund.

The final budget as compared with the original budget for the General Fund estimated revenues increased by \$452,895 (0.8%) during fiscal year 2022. The majority of the increase was made up of \$248,095 in charges for services, \$100,000 in assessments in taxes and \$94,800 in licenses and permits.

The final appropriations in the General Fund as compared with the original budget increased by \$3,609,905 (6.5%) in fiscal year 2022. The primary reason for the increase relates to:

- An increase in appropriations for general government of \$614,650 is primarily related to carryforwards from the prior fiscal year budget to cover open encumbrances and projects. Some of the larger carryforwards included \$530,176 related to City Council unspent project budget offset with the increase of \$331,0000 in allocated overhead.
- An increase in appropriations for public safety in the amount of \$845,034 is primarily related to the carryforward from the prior fiscal year budget to cover open encumbrances and projects as well as \$657,800 in personnel services and operating expenses required as part of the 2022 negotiated fire union agreement.
- An increase in appropriations for transportation in the amount of \$326,315 is primarily related to the carryforward from the prior fiscal year budget to cover open encumbrances and projects.
- An increase in appropriations for culture and recreation in the amount of \$1,106,659 is related to the carryforward from the prior fiscal year budget to cover open encumbrances and projects. Some of the larger carryforwards included \$1,017,923 related to the Tree Trust fund and \$285,293 related to the Saenger Capital account.
- An increase in appropriations for economic environment in the amount of \$557,902 is primarily related to the carryforward from the prior fiscal year budget for the City's housing initiatives program as well as outside agency funding.
- An increase in appropriations for physical environment in the amount of \$100,000 is primarily related to the carryforward from the prior fiscal year budget to cover open encumbrances and projects.

Capital Asset and Debt Administration

Capital Assets. As of year-end, the City had \$460,755,728 net investment in capital assets. Governmental activities accounted for \$192,144,576 and business-type activities accounted for \$286,611,152. This investment in capital assets includes land, buildings, improvements, machinery and equipment and infrastructure.

Major capital asset additions/completions during the current fiscal year include the following:

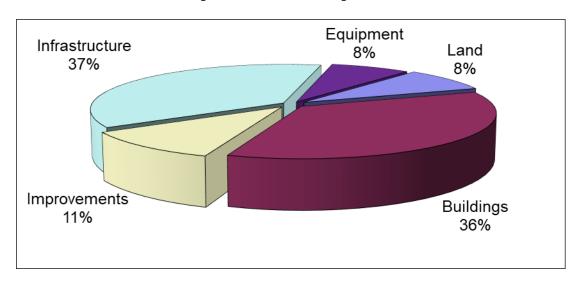

Governmental Activities

- Stormwater, street and sidewalk capital projects \$3,811,199
- Maritime Park improvements \$1,689,068
- Athletic facility, resource center and park improvements \$2,529,757
- Fire training building simulator \$421,627
- Air handling scrubbers \$238,321
- Fire vehicles \$1,347,996
- Police vehicles \$666,954
- Public Works vehicles \$769,229

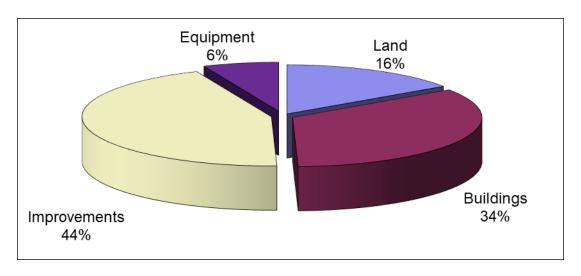

Business-type Activities

- Pensacola Energy natural gas utility improvements \$4,722,721
- Pensacola Energy large equipment \$480,704
- Pensacola Energy vehicles \$733,866
- Sanitation garbage trucks \$1,154894
- Sanitation vehicles \$246,880
- Port large equipment \$55,595
- Port underground utilities improvements \$68,900
- Airport vehicles \$815,127
- Airport parking lot \$2,103,875
- Airport airfield and terminal improvements \$1,084,712
- Airport stormwater improvements \$296,722
- Technology Resources network equipment \$228,312
- Technology Resources vehicle \$52,396

Governmental Activities
Capital Assets net of depreciation

Business-type Activities Capital Assets net of depreciation

Additional details about the City's capital assets can be found in Section III, C, of the Notes of this report. The City has two capital plans. The first is required by Florida's growth management legislation and is an element of the City's comprehensive plan. The second is a broader plan and covers all infrastructure needs of the City. This plan is two-part; the first is transportation funded by the Local Option Gasoline Tax (LOGT) and stormwater funded with a transfer from the General Fund totaling the same amount as the Stormwater Utility Fee collections. The second is referred to as the Penny for Progress Plan or LOST IV Plan and is funded by LOST collections. Additional details of the capital plans are available in the City's annual budget which is available on the City's website.

Long-term Debt. At the end of fiscal year 2022, the City had total non-self-supporting bonded debt of \$90,739,248 and self-supporting bonded debt of \$46,700,000. Governmental activities have notes payable in the amount of \$90,739,248 and Business-type activities have notes payable in the amount of \$46,700,000. The City has no general obligation debt.

The City does not borrow for operating needs. All of its outstanding long-term indebtedness is for capital needs only. The direct debt per capita (population 54,790) as of September 30, 2022 is as follows:

Local Option Sales Tax Debt	\$ 16,640,000	Per capita	\$ 304
Local Option Gas Tax Debt	7,339,000	Per capita	134
Eastside Redevelopment Area Debt	1,043,000	Per capita	19
Westside Redevelopment Area Debt	3,258,000	Per capita	59
Urban Core Redevelopment Area Debt	62,459,248	Per capita	1,140
Total	\$ 90,739,248		\$ 1,656

The Local Option Sales Tax Debt is supported by local option sales tax collections and is payable through October 2028.

The Local Option Gas Tax Debt is supported by local option gasoline tax collections. On July 23, 2015 the Board of County Commissioners extended the Six-Cent Local Option Gasoline Tax (LOGT) for an additional 10 years and four months beginning September 1, 2016 through December 31, 2026. In the event that LOGT is insufficient to pay debt service, the loan is furthered secured by a covenant to budget and appropriate from the City's non-ad valorem revenues and is payable through 2026.

The Eastside Redevelopment Area Debt is supported by Tax Increment Revenues derived from the Eastside Redevelopment Area and in the event that these revenues are insufficient to pay debt service, the loan is furthered secured by the Local Business Tax and is payable through 2037.

The Westside Redevelopment Area Debt is supported by Tax Increment Revenues derived from the Westside Redevelopment Area and in the event that these revenues are insufficient to pay debt service, the loan is furthered secured by the Local Business Tax and is payable through 2037.

The Urban Core Redevelopment Area Debt is supported by Tax Increment Revenues derived from the Urban Core Redevelopment Area and in the event that these revenues are insufficient to pay debt service, the loan is furthered secured by certain non-ad valorem revenues budgeted and appropriated therefore pursuant to a Covenant to Budget and Appropriate and is payable through 2043.

All required principal and interest payments on outstanding debt were remitted timely and in full. The reserve requirements and deposits into the debt service funds mandated by the bond covenant remain funded at or above the prescribed levels at fiscal year-end.

As of September 30, 2022, the only bonded debt the City had outstanding were bank issued. Therefore, the ratings below will not be updated unless the City specifically request a review by one of the rating agencies.

On March 28, 2019 Fitch Ratings ("Fitch") affirmed an implied general obligation rating for the City of "AA+" and on October 16, 2009 Standard & Poor's Ratings Services ("Standard & Poor's") affirmed its "AA" on the City's Issuer Credit Rating.

On October 17, 2017 Standard & Poor's affirmed a long-term rating of "BBB", on October 10, 2017 Fitch affirmed a rating of "BBB-" and on May 30, 2017 Moody's Investors Service, Inc. ("Moody's") affirmed a long-term rating of "Baa1" on the City's Airport Revenue Bonds. Standard & Poor's and Fitch assigned a Positive outlook and Moody's assigned Stable outlooks in conjunction with the ratings on the City's Airport Revenue Bonds.

The fluctuations of the financial market and downgrades or potential downgrades of bond insurers' ratings have had no material effect on principal and interest payments made by the City, or the City's underlying bond ratings. All required principal and interest payments have been remitted timely and in full.

Additional detail about long-term debt can be found in the Notes to the Financial Statements; Note III, Long-term debt.

Economic Factors and Next Year's Budgets and Rates

The City's fiscal year 2023 budget totals \$277,368,524. Of this, \$65.7 million is for the General Fund, \$120.5 million is for enterprise funds, and the remaining \$91.2 million is for various special revenue, debt service, capital projects, and internal services funds. The General Fund consists of governmental services such as general administration, public safety, parks and recreation, and public works. Enterprise Funds consist of a Utility Fund, Sanitation Fund, Port Fund and Airport Fund. These enterprise Funds are expected to be self-supporting, on a cash-flow basis, from user fees for services.

Despite the economic uncertainty of the COVID-19 pandemic, the General Fund is expected to see \$3.9 million in revenue growth. The estimated 11.51 percent growth in property valuations will amount to an additional \$2,271,700 in gross Property Tax revenue. After the required transfers to the Tax Increment Financing Districts, the net additional Property Tax Revenue is \$1,700,200. Franchise Fees and Public Service Tax Revenues are projected to increase 2.00% or \$365,100 in anticipation of a normal winter as well as the cost of energy. The Utility fund is expected to see \$24.7 million increase in budgeted revenues. The significant increase in revenues for fiscal year 2023 is due to anticipated increases in the cost of natural gas which was the trend when the budget was developed in 2022, thus increasing revenues as the cost of gas is passed onto the customer through rates and charges. The CPI increase for fiscal year 2023 is 8.5%, however due to high inflation which is already affecting customers, no increase in rates were recommended in the fiscal year 2023 budget. The Sanitation Fund is expected to see \$323,300 decrease in revenues The majority of the decrease is related to decreases in anticipated rebates for the purchase of compressed natural gas vehicles. The Port Fund is expected to see \$539,200

increase in revenues. The increase is based on historical trend information on vessel activity levels as well as current and prospective lease agreements. The Airport Fund is expected to see \$1.7 million increase in revenues as the 2022 budget was very conservative due to the unknown impact COVID-19. Non-airline revenues such as restaurant and lounge, hanger/ground leases, parking lot, and rental car customer facility charge revenues are projected to increase to a total of \$1,559,000 due to the increase in passenger traffic through the Airport. Charges to the airlines such as loading Bridge fees, landing fees, apron area rentals, and airline rentals are projected to increase by \$164,000 based on the agreements with the airlines.

Personnel costs account for \$82,025,500 of the City's fiscal year 2023 budget (29.5%). The fiscal year 2023 budget includes various organizational improvements that includes the addition of twenty-six positions bringing the total number of budgeted executive branch positions to 879. During fiscal year 2022, ten positions were added to the executive branch which were included in the fiscal year 2023 budget and five positions are new to fiscal year 2022. In addition to the new position, the fiscal year 2023 budget provides for a 3% increase for employees not represented by a union, a 10% pay increase for Fire Union employees, and a 2% performance based salary increase (including benefits) for both union and non-union employees.

On June 09, 2010, the City Council approved Resolution No. 31-10 which established the Fund Balance Policy of Governmental Funds as well as committed the Council Reserves Fund Balance in the General Fund. On October 9, 2014, the City Council approved the same Council Reserve Policy by Ordinance, amending chapter 3-1 of the Code of the City of Pensacola, Florida; creating section 3-1-13. The Fund Balance Policy states that a minimum reserve of 20 percent of beginning adopted appropriations should be maintained in the General Fund as a Council Reserve. The minimum reserve was initially adopted as part of the Financial Planning and Administration Policy on July 23, 1998. The existing General Fund reserve balance (shown on the face of the financial statements as "Council Reserve") totaled \$14,042,818. The \$14.0 million balance represents 22.77% of fiscal year 2023 budgeted General Fund appropriations. This marks the fifteenth consecutive year the minimum reserve has been accomplished since the initial adoption of the reserve policy.

The City's financial policy states that non-recurring revenues should be used only to finance non-recurring expenditures. City Council revised the Financial Planning and Administration Policy in fiscal year 2007 to stipulate that the General Fund's maximum amount of appropriated beginning fund balance should not be more than three percent of budgeted revenues.

Request for Information

This financial report is designed to provide a general overview of the City of Pensacola's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, PO Box 12910, Pensacola, Florida 32521. The City of Pensacola's website address is www.cityofpensacola.com.

Capital assets used in governmental activities are not financial resources to the governmental funds. The cost of the assets is \$438,190,723 and the accumulated depreciation is \$177,208,119.

Other long-term assets are not available to pay for current period expenditures and therefore are deferred in the funds.

1,164,840

The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.

9,494,520

Net other post employment benefits (OPEB) liability, as required by Governmental Accounting Standards Statement No. 75, are not due and payable in the current period and therefore are not reported in the governmental funds.

(15,160,562)

Net pension liability (NPL), as required by Governmental Accounting Standards Statement No. 68, is not due and payable in the current period and therefore is not reported in the governmental funds.

(42,133,991)

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds.

Notes payable	(90,739,248)

CITY OF PENSACOLA, FLORIDA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED SEPTEMBER 30, 2022

Net change in fund balances - total governmental funds \$	14,723,050
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives. Expenditures for capital assets 16,015,210 Less current year depreciation (15,087,138)	928,072
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	5,483,571
Repayment of long-term amounts due to other governments are expenditures in the governmental funds, but the repayment reduces the liability in the statement of net position.	1,300,000
Some revenues reported in the statement of activities do not provide current financial resources, therefore, those revenues are not reported as revenues in governmental funds.	(198,852)
Compensated absences, reported in the statement of activities, does not require the use of current financial resources, therefore, it is not reported as an expenditure in governmental funds.	(153,714)
Accrued interest expense, reported in the statement of activities, do not require the use of current financial resources in governmental funds.	53,496
The change in annual other post employment benefits (OPEB) cost, as required by Governmental Accounting Standards Statement No. 75, does not require the use of current financial resources: therefore, the change is not reported as an expenditure in governmental funds.	963,233
The change in leases, as required by Governmental Accounting Standards Statement No. 87, does not require the use of current financial resource; therefore, the change is not reported as an expenditure in governmental funds.	699
The change in annual net pension liability (NPL) cost, as required by Governmental Accounting Standards Statement No. 68, does not require the use of current financial resource; therefore, the change is not reported as an expenditure in governmental funds.	11,902,304
Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities.	334,618
The proceeds from the sale of capital assets are reported as revenue in the governmental funds. However, the cost of capital assets disposed must be offset against the sale proceeds resulting in a gain/(loss) on sale of capital assets in the statement of activities. Donations of capital assets do not provide current financial resources to the governmental funds.	
Net book value of capital assets disposed (513,161)	
	(513,161)
Change in net position of governmental activities	34,823,316

NOTE I. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Pensacola (the "City") have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. Statements and Interpretations of the GASB have been applied in the preparation of these financial statements.

A. Reporting Entity

The City operates under a Mayor-Council structure commonly referred to as a "Strong Mayor" form of government. With the Mayor-Council structure, the Council is the governing body of the City with all legislative powers of the City vested therein, which consisted of seven (7) Council Members, one (1) elected from each of the seven (7) election districts of the City. The Mayor is not a member of Council and does not have voting power. The Mayor is elected at large, has a 4-year term in office, will exercise the executive powers of the City and shall not be a member of Council. The Mayor's term allows for a maximum of three consecutive four-year terms of office. With the Mayor-Council structure, the Mayor replaces the City Manager as the executive head of the City and shall appoint a City Administrator to assist in managing daily operations.

In evaluating the City as a reporting entity, management has addressed all potential component units for which the City may or may not be financially accountable and, as such, be includable within the City's financial statements. The City (the primary government) is financially accountable if it appoints a voting majority of the organization's governing board and 1) it is able to impose its will on the organization or 2) there is a potential for the organization to impose a specific financial benefit or burden to the City. Additionally, the primary government is required to consider other organizations for which exclusion of the nature and significance of their relationship with the City would cause the reporting entity's financial statements to be misleading or incomplete.

The accompanying financial statements represent the City and its component units and entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City's operation. Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City.

NOTE I. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Blended Component Unit

Community Redevelopment Agency (CRA) - On September 25, 1980, the Pensacola City Council declared itself the CRA pursuant to the provisions of Chapter 163, Part III, Florida Statutes. This action, adopted by Resolution Number 55-80, also outlined the rights, powers, duties, privileges, and immunities invested in the seven-member City Council, acting as the CRA. The City Council selects a chair and a vice-chair from the seven-members of the CRA and approves the annual operating budget. The CRA is considered a blended component unit since the CRA and City has same governing body and management of the primary government has operational responsibility for CRA. The CRA is reported as a special revenue fund of the City. Florida Statute Section 163.387(8) requires an independent audit of the CRA each fiscal year. Audited financial statements of the CRA can be obtained by contacting the City's financial services department: City of Pensacola, 222 West Main Street, Pensacola, FL 32502.

Discretely Presented Component Unit

The component unit column in the combined financial statements include the financial data of the City's discretely presented component unit. It is reported in a separate column to emphasize that it is legally separate from the City. The accounting policies of this discretely presented component unit is the same as those detailed for the City. The City's only discretely presented component unit is the Downtown Improvement Board.

Downtown Improvement Board (DIB) - The DIB was created in April 1972 by Chapter 72-655, Laws of Florida. The DIB is considered a component unit since the Mayor of the City appoints and the Council approves the five-member board. In addition, the City Council approves the budget of the Board, including the proposed millage rate. Audited financial statements of the DIB can be obtained from their administrative office: Downtown Improvement Board, Post Office Box 653, Pensacola, Florida 32593.

Joint Ventures Excluded from the Reporting Entity

The following joint ventures do not meet the criteria for inclusion in the City's financial statements since no financial benefit or burden exists, nor can the City impose its will on the entities.

Escambia - Pensacola Human Relations Commission (HRC) - Created by an interlocal agreement between the Escambia County Board of County Commissioners and the Pensacola City Council in 1974, pursuant to Florida Statutes, for the purpose of promoting fair treatment and equal opportunity to all citizens of the community. On March 7, 2019, the Escambia Board of County Commissioners passed an Ordinance to cease operations and reestablish the Human Relations Commission with a new board. The new Commission is composed of nine members: five selected by the Escambia County Board of County Commissioners, four selected by the City Council, and one selected by the other eight members. There is no current or long-term debt nor does the City control the financial operations of the Commission.

NOTE I. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Complete financial statements of HRC can be obtained from their administrative office: Escambia Pensacola Human Relations Commission, 150 West Maxwell St., Pensacola, Florida, 32501.

Summary financial statements including fiduciary funds of these entities are as follows:

NOTE I. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Pensacola - Escambia County Promotion and Development Commission (PEDC) - Created in 1967 by Chapter 67-1365, Laws of Florida, amended in 1989 by House Bill 984, for the purpose of promoting and developing the industrial, commercial and tourist potential of the County, increasing employment opportunities, improving the economic environment, and expanding the tax base. The nine-member commission consists of representatives from the Escambia County Board of County Commissioners, the Pensacola City Council, the Pensacola Area Chamber of Commerce, and the Town of Century and Tourist Advisory Council. Escambia County and the City of Pensacola each contribute to the operation and maintenance of the PEDC, but neither has control over the financial operations of the PEDC nor can it impose its will.

Complete financial statements of PEDC can be obtained from their administrative office: Pensacola - Escambia County Promotion and Development Commission, 117 West Garden Street, Pensacola, Florida, 32502.

Summary financial statements including fiduciary funds of these entities are as follows:

NOTE I. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. The City's fiduciary funds are not presented in the government-wide financial statements since by definition, the assets cannot be used to address activities or obligations of the City (i.e., the assets are being held for the benefit of pension participants). The purpose of the government-wide financial statements is to provide a consolidated financial picture of all City activities. The internal service funds provide services to departments throughout the City; therefore, their direct expenses are eliminated functionally on the government-wide financial statements with the exception of internal payments that qualify as interfund services provided and used. Governmental activities, supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely on fees and charges to customers for support. Likewise, the primary government is reported separately from the discretely presented component unit for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. The purpose of categorizing direct expenses according to function and revenues according to program is to provide an analysis of activities that are revenue sufficient and those that use the support of general revenues. Direct expenses are those expenses that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not included among program revenues are reported instead as general revenues.

Individual fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All other funds (nonmajor) are combined according to their category, governmental or business-type, and are reported in a single column. Combining statements for nonmajor funds are found in the Combining Financial Statements section.

C. Basis of Accounting, Measurement Focus and Financial Presentation

The basis of accounting refers to when revenues, expenditures/expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

NOTE I. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, revenues are considered to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise fees, public service taxes, communication service tax, local business tax, local option gasoline tax, local option sales tax, lease revenues and interest associated with the current fiscal period are all considered to be susceptible to accrual and therefore have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received.

The City reports the following major governmental funds:

<u>General Fund</u> - used to account for all financial resources except those required to be accounted for in another fund. All general property taxes, fines, property rentals and certain intergovernmental revenues are recorded in this fund. Typical expenditures are for administration, planning, parks and recreation, public works, and public safety.

<u>Housing Assistance Payments</u> - a special revenue fund that accounts for the proceeds awarded from federal and state agencies that are legally restricted to expenditures for specific purposes.

<u>Natural Disaster Fund</u> - to account for federal and state monies received and expended for disaster relief because of natural disasters.

<u>American Rescue Plan Act Fund</u> - to account for federal monies received and expended for pandemic relief because of Coronavirus virus.

NOTE I. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The City reports the following major proprietary funds:

<u>Utility Fund</u> – accounts for the assets, operation, and maintenance of the City-owned natural gas service.

<u>Sanitation Fund</u> – accounts for the assets, operation and maintenance of the City-owned garbage and trash services.

Port Fund – accounts for the assets, operation, and maintenance of the City-owned port facility.

<u>Airport Fund</u> – accounts for the assets, operation, and maintenance of the City-owned airport.

Additionally, the government reports the following fund types:

Internal Service Funds (ISF) account for services provided to various City departments on a cost reimbursement basis. The services provided include a central warehouse inventory, fleet maintenance, engineering, management information services and a risk management (insurance) program. ISFs are reported as a governmental activity within the government-wide financial statements. Individual fund statements are provided in the Combining Financial Statements section.

Fiduciary Funds are trust funds that account for assets held by the City in a trustee capacity for individuals, other governmental units and/or other funds and include the City's General, Firemen's and Police Officers' pension funds. Fiduciary funds are not included in government-wide financial statements, however, a statement of net position and a statement of changes in net position are included as part of the basic financial statements with individual fund statements presented in the Combining Financial Statements section.

Amounts reported as program revenues include 1) charges to customers for goods, services, or privileges provided, and fines and forfeitures, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Those revenues not clearly defined as program revenues are categorized as general revenue. General revenues include resources such as taxes, franchise fees, interest, and sale of assets. As a general rule, the effect of interfund activity is eliminated from the government-wide financial statements.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses that do not meet this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

NOTE I. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Net Position or Equity

1. Cash and Cash Equivalents/Investments

The City of Pensacola has defined *cash and cash equivalents* as cash held at a depository and cash on hand for operating purposes and those investments which are short term and highly liquid. Generally, those investments have original maturities of three (3) months or less. Cash equivalents normally consist of treasury bills, certificates of deposit and money market funds.

All monies, which are not legally restricted to separate administration, are pooled together for investment purposes while each individual fund and/or account is maintained on a daily transaction basis. Investment earnings are distributed in accordance with the participating funds' relative equity.

2. Investments

All investments held by the City of Pensacola, including defined benefit pension plans and debt securities are reported at fair value.

3. Interfund Receivables/Payables

Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected as "due to/from other funds" for the current portion of the receivable/payable or as "advance to/from other funds" for the noncurrent portion of the receivable/payable. Government-wide financial statements eliminate transactions occurring within like-kind activities (i.e., governmental to governmental or business-type to business-type). The residual balance between activities is reported in the government-wide financial statements as "internal balances". Fund financial statements present the entire transaction on the balance sheet as "due to/from other funds" and/or "advance to/from other funds".

4. Inventories

Inventories included in the internal service fund's General Stock Fund consist primarily of utility stores, automotive supplies, and fuel for purchase by City departments. Inventories included in the Golf Fund consist of inventories held for resale to the public. All inventories are accounted for by the consumption method and are valued at cost, which approximates market, using the first in, first out method. Appropriate allowances have been made for obsolete and surplus items.

5. Prepaid Insurance

The City of Pensacola accounts for property insurance premiums using the consumption method. Property insurance premiums for both governmental and enterprise funds are paid quarterly, with a term year beginning May 1st resulting in a prepaid insurance premium for the month of October.

NOTE I. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Restricted Assets

Certain assets of both governmental and business-type activities are restricted by specific provisions of bond resolutions, grant agreements, agreements with outside parties or restricted by City Council or management for a specific purpose. Assets such as these are restricted since their use is limited.

7. Capital Assets

Capital assets, which include land, buildings, equipment, improvements other than buildings, and infrastructure assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined as assets with an initial, individual cost of more than \$5,000 and an estimated useful life greater than one year. Such assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets, works of art and similar items, and capital assets received in service concession arrangements are reported at acquisition value as of the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

The City does not capitalize interest on borrowings used to finance the construction of general capital assets. Interest on capital assets is capitalized for proprietary funds; however, when the expense during construction is netted against the related income, the resulting amount is typically immaterial.

The Utility Fund reports intangible assets on the face of the financial statements of \$37,026 and \$74,025. The intangible asset is recorded as the excess of the purchase price over the fair market value of assets acquired and is amortized on a straight-line basis over an estimated useful life of forty years and ten years respectively.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Buildings	15 - 50 years
Improvements other than buildings	15 - 50 years
Infrastructure	15 - 50 years
Machinery and equipment	3 - 10 years
Utility lines and extensions	40 - 50 years
Vehicles and heavy equipment	5 - 25 years

NOTE I. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

8. Leases

The City of Pensacola is a lessee for noncancellable leases of equipment and building. The City recognizes a lease liability and an intangible right-to-use lease asset in the government-wide and proprietary lease fund financial statements.

At the commencement of the lease, the City initially measures the lease liability at the present value of the payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of the lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial costs. Subsequently, the lease asset is amortized on a straight-line basis over the term of the lease.

The City uses the interest rated charged by the lessor as the discount rate or its incremental borrowing rate as the discount rate for the leases.

The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are comprised of fixed payment and any purchase option price that the City will reasonably be certain to exercise. In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options are only included in the lease term if the lease is reasonably certain to be extended.

The City monitors changes in the circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Leased assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Payments due under the lease contracts include fixed payments. Assets and liabilities arising from a lease initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- Fixed payments (including in-substance fixed payments), less any lease incentives receivable.
- Amounts expected to be payable by the City under residual value guarantees.
- The exercise price of a purchase option if it is reasonably certain the option will be executed.
- Payments of penalties for terminating the lease, if the lease term reflects the City exercising that option.

NOTE I. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The City is a lessor for noncancellable leases of land and buildings. The City recognizes a lease receivable and a deferred inflow of resources in the government-wide, proprietary fund and governmental fund financial statements.

At the commencement of the lease, the City initially measures the lease receivable at the present value of the payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of the lease payments received. The deferred inflow is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow is recognized as revenue over the term of the lease.

The City uses its incremental borrowing rate as the discount rate for the leases.

The lease term includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable is comprised of the following:

- Fixed payments (including in-substance fixed payments), plus variable payments from the lessee. For land and building leases that include variable payments, those payments include common area maintenance.
- Residual value guarantee payments that are fixed in substance.
- Any lease incentives.

Variable payments that depend on an index or a rate such as the Consumer Price Index or a market rate interest rate are initially measured using the index or market rate at the commencement of the lease.

The City monitors changes in circumstances that would require a remeasurement of the lease receivable a deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

9. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government only has two items that qualify for reporting in this category.

NOTE I. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

One is the deferred loss on early retirement reported in the proprietary statement of net position as well as the government-wide statement of net position. A deferred loss on early retirement results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second is deferred charge on pension and/or Other Postemployment Benefits (OPEB) contributions made by the employer after measurement date and changes in benefits, assumptions, and differences between actual and expected returns.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized an inflow of resources (revenue) until that time. The government has four items that qualify for reporting in this category. Unavailable revenue which arises only under a modified accrual basis of accounting, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from sources such as: special assessments, lease receivables and note receivables. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

The second is a deferred gain on early retirement reported in the proprietary statement of net position as well the government-wide statement of net position. A deferred gain on early retirement results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The third is deferred pension and/or OPEB as well as pension and/or OPEB expenses as a result in changes benefits, assumptions, and differences between actual and expected returns. The fourth is the deferred recognition of revenue that will be recognized over the life of the lease.

10. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension and pension expense, information about the fiduciary net position of the City's pension plans and additions to/deductions from these plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

11. Compensated Absences

It is the policy of the City to permit general employees to accumulate up to 500 hours of earned but unused leave benefits (Paid Time Off - PTO). Senior Executive Services (SES) employees may accumulate up to 600 hours of PTO plus 250 hours of retention leave. Fire employees may accumulate up to 720 hours of PTO.

NOTE I. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Police sergeants, lieutenants and captains may accumulate up to 500 hours PTO and police officers may accumulate up to 900 hours PTO. Employees who separate service in good standing can be paid the balance of their accrued PTO.

Unpaid compensated absences are recorded as a liability when the benefits are earned in both the government-wide financial statements and proprietary fund financial statements. Governmental funds within the fund financial statements are not required to record a liability of accumulated amounts of unused leave benefits, unless the payments are current liabilities and will be made in the following year.

12. Bond Discounts, Issuance Cost, and Refunding Gains and Losses

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Capital appreciation bonds are reported at their accreted value which is computed at the end of each fiscal year. Bond premiums and discounts, as well as prepaid insurance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bond issuance costs are expensed when paid. Bonds payable are reported net of the applicable bond premium or discount. Bond refunding gains and losses are deferred and amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, using the effective interest method. Bond refunding gains are presented as deferred inflows of resources while losses are presented as deferred outflows of resources.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs (whether or not withheld from the actual debt proceeds received), during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

13. Fund Balance

GASB Statement No. 54 (GASB 54), Fund Balance Reporting and Governmental Fund Type Definitions, establishes fund balance classifications based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Fund balance classifications are non-spendable, restricted, committed, assigned and unassigned. Each classification reflects the nature and extent to which a restriction is placed upon fund balance.

14. Net Position

The government-wide and business-type fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

NOTE I. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Investment in Capital Assets is intended to reflect the portion of net position, which is associated with non-liquid, capital assets less outstanding capital asset related debt.

Restricted Net Position are liquid assets (generated from revenues and net bond proceeds) which are not accessible for general use because of third-party (statutory, bond covenant or granting agency) limitations.

Unrestricted Net Position represents unrestricted assets.

15. Method Used to Value Investments

Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Real estate assets are reported at fair value utilizing an income approach to valuation. By contract, an independent appraisal is obtained once every year to determine the fair market value of the real estate assets.

16. New Accounting Pronouncements

GASB Statement No. 87

In June 2017, the GASB issued Statement NO. 87, "Leases." This Statement requires recognition of certain lease assets and liabilities for leases that were previously classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. As a result of this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. As such, implementation of the Statement occurred in the City's fiscal year ending September 30, 2022.

NOTE II. - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

General Budget Policies

In accordance with the City Charter, the Mayor prepares and submits the annual budget and capital program to City Council. Once the budget is adopted by City Council, budget amendments are administered in accordance with Chapter 166.241, Florida Statutes, and the procedure established in the Financial Planning and Administration Policy adopted by City Council Resolution.

NOTE II. – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

The Budget Policies outlined in the Financial Planning and Administration Policy allow the Mayor (or designee) to authorize budget amendments if the total appropriations of the fund are not changed. Specifically, the Mayor (or designee) shall have the authority to transfer appropriations between expenditure categories and between departments or programmatic activities except that amounts appropriated for capital outlay cannot be transferred to any other expenditure category provided no transfer shall be made from the appropriations that are contrary to Florida Law. Further, management has established budgetary control within each fund at the line-item level.

Authorized staff within each department may request budget amendments between line items or between departments within a fund subject to final determination by the Finance Director as the Mayor's designee.

Additionally, in accordance with Chapter 166.241, Florida Statutes, appropriations within a fund may only be decreased or increased by resolution with City Council approval. Expenditures for each fund may not legally exceed the total fund appropriation.

A legally adopted budget is employed as a control device for the General Fund, Special Revenue Funds and Debt Service Funds. Enterprise, Capital Projects, and Internal Service Funds are budgeted on a limited non-GAAP basis for management control purposes.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General, Special Revenue and Capital Projects Funds. The budget for the subsequent year provides a reappropriation of funds to complete transactions for outstanding encumbrances.

NOTE III. - DETAIL NOTES ON ALL FUNDS

A. Deposits and Investments

1. Pension Funds

The City's pension funds contain investments in certain bonds that are actually mortgage-backed and asset-backed securities which could be classified as "derivative" investments under GASB Technical Bulletin No. 94-1. These securities are based on cash flows from interest and principal payments on underlying mortgages. Therefore, they are sensitive to prepayments by mortgagees, which may result in a decline of interest rates. The City invests in interest and principal securities (a form of mortgage-backed and asset-backed securities) in part to maximize yields and in part to hedge against a rise in interest rates. These investments are within the investment policy guidelines for the pension funds.

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

Interest Rate Risk. The City's General, Fire and Police Pension Plans each have funds invested in bond mutual funds. Each plan has its own investment policy, which restricts the investments that the mutual funds can hold. The policy limits the percentage of plan assets invested in bonds but does not place limits on the length of the maturities.

Credit Risk. The risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City's General, Fire and Police Pension Plans investment policies do not address restrictions on the credit risk of investments.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City's retirement plans will not be able to recover the value of their investments that are in the possession of an outside party. The Retirement Plans' Board of Trustees has contracts with each of their money managers which include a requirement that coverage be provided to protect the City's retirement plans from any losses incurred arising out of the money manager's negligence. Therefore, the City does not have a custodial credit risk.

The average cost method is used in computing realized gains and losses on the sale of marketable equity securities.

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

Fair Value Measurements. The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The City has the following fair value measurements as of September 30, 2022:

General Pension Investment		Level 1	Level 2	Level 3	9/30/2022
Investments by Fair Value Level Short Term Investments	\$	4.252.407 ¢	\$	\$	4 252 407
	Ф	4,253,407 \$	Φ	Ф	4,253,407

Short term investments, debt securities, stock mutual funds, commingled trust fund and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities, convertible corporate bonds and mortgage-backed securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Mortgage-backed securities are valued using valuation methodologies including pricing models and discounted cash flow models. Level 3 valuations incorporate subjective judgements and consider assumptions including capitalization rates, discount rates, cash flows and other factors that are not observable in the market.

2. Investments

The City's investments of \$90,000,000 are in certificates of deposits with maturities that range from October 2022 to July 2023 and have a weighted average maturity of one year. These investments are not subject to level disclosure in the fair value hierarchy.

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

B. Accounts Receivable

1. Unbilled Utility Services

All utility billing is performed on a cyclical basis which gives rise to unbilled gas services at the end of any given period. The City has recorded estimated accounts receivable and the related revenues based on the number of days of unbilled services for each cycle as of the end of the fiscal year.

2. Property Tax Calendar and Revenue Recognition

Escambia County Constitutional Officers perform all appraisals, assessments, and collections of City property taxes as an agent for the City of Pensacola. Property valuations are determined each year as of January 1. All property taxes are levied and become due and payable on November 1. The collection period is from November 1 through March 31, with discounts allowed of 4, 3, 2 and 1 percent for early payment in November through February, respectively. All taxes become delinquent on April 1 in the year following assessment, and tax certificates are sold on all real property with unpaid taxes as of June 1. Property tax revenue recognition occurs during the fiscal year of levy (the year the property tax revenue was intended to finance).

As of November 2001, the City of Pensacola assessed a stormwater fee to provide additional revenue for stormwater management improvements. The fee is billed annually by the Escambia County Property Tax Collector on the November property tax roll with the exception of government owned property which is billed directly by the City. The stormwater fee is subject to the same collection laws, discounts and penalties as are property taxes. Stormwater revenues are recognized during the fiscal year in which it is billed.

3. Accounts Receivable

Account receivables are shown net of allowances for doubtful accounts as follows:

	Acounts		
Governmental activities:	Receivable	Allowance	Net
General Fund \$	1,587,964 \$	_	\$ 1,587,964

Total business-type activities \$	10,913,557 \$	445,350	\$ 10,468,207

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

4. Lease Receivables

The City leases land and building space to third parties. As of September 30, 2022, The City's leases receivables were valued at \$26,603,610 and the deferred inflow of resources associated with the leases that will be recognized as revenue over the term of the leases were \$25,622,454. The lease receivables for Governmental and Business-type Activities at September 30, 2022 were as follows:

Governmental Activities

Land leases – annual lease payments totaling \$125,495 plus interest at a rate of 3 due dates ranging from December 2022 to December 2071.	%, \$986,083
Building and office space leases – annual lease payments totaling \$120,428 plus interest at a rate of 3%, due dates ranging from September 2023 to December 2134.	7,120,428
Total Governmental Activities Lease Receivables	\$8,106,511
Business-like Activities	
Land leases – annual lease payments totaling \$429,184 plus interest at a rate of 3%, due dates ranging from December 2025 to August 2118.	\$11,435,099
Building and office space leases – annual lease payments totaling \$1,000,499 plus interest at a rate of 3%, due dates ranging from September 2023 to September 2060.	7,062,000
September 2000.	7,002,000
Total Business-like Activities Lease Receivables	\$18,497,099

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

2134-2138	 28,682		1,318				
	\$ 8,106,511	\$	12,962,530	\$	18,497,099	\$	12,897,252

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

The City has leasing agreements with several air carriers that are regulated by the Federal Aviation Administration, and as such qualify to be treated as a regulated lease in accordance with GASB 87. The leases with the air carriers have specific requirements which are subject to external laws and regulations mandated by Federal Aviation Administration. The City leases land and building space to third parties under these agreements. The building leases expired on September 30, 2022. The expired leases continue under a hold over provision until such time that a new lease is negotiated. The hold over provision allows the City to terminate the lease at any time. Revenues collected under the building leases for fiscal year 2022 totaled \$6,537,425. Due to the current hold over provision, expected future minimum lease payments are not included in the schedule below. The land lease range is 30 years with annual lease payments totaling \$9,440. As of September 30, 2022, the remaining nominal amount of the revenue that will be recognized as revenue over the lease term associated with these leases amount to \$45,642 which is expected to be received for each of the subsequent five years and in five-year increments thereafter as stated below:

Fiscal Year	Business	-type Activities
2023	\$	9,692
2024		4,610
2025		2,915
2026		2,915
2027		2,915
2028-2032		14,577
2032-2037		8,018
Total	\$	45,642

5. Unavailable/Unearned Revenue

Governmental funds report a deferred inflow of resources in connection with receivables for revenues that are not considered available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not-yet earned. Amounts that are "unavailable" are not reported as a deferred inflow of resources in entity-wide statements. At the end of the current fiscal year, the various components of unavailable revenue and unearned revenue reported in the governmental funds were as follows:

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

	Ţ	U navailable		Unearned
General Fund			_	
Special assessments \$	5	23,595	\$	
Leases – Land/ROW receivables		17,042		
Prepaid lease payments				203,786
Occupational license fees and fines received for subsequent year				670,468
Special Revenue Funds				
HUD - Fraud Recovery		325,485		
CDBG - Housing Rehab Project notes receivable		286,047		
Golf Course- Lease receivables		1,500		
Parks Recreation - Lease receivables		2,000		
Tennis Center- Lease receivables		10,417		
CMP - Use Fee				71,875
American Rescue Act Funding				11,709,087
Home Reconstruction Loans		498,754		
Grant request and draws prior to meeting all requirements	_		_	235,031
\$	<u> </u>	1,164,840	\$	12,890,247

The American Rescue Plan grant does not require the City to hold unspent funds in a separate bank account. The unspent monies are not earned so it is not a component of net position at the fund or government wide level. Since the terms of the grant require the funds to be expended within a set number of years and unspent funds are not considered restricted assets of the government unit, the City does not consider presentation of the unspent monies as restricted assets necessary as of September 30, 2022.

The Airport Fund includes \$27,815,049 in unearned revenue related to an advance on project funding as required by the "Project Development Agreement" between VTMAE and the City. This agreement stipulates the timing and use of the funding for the development of a commercial aircraft maintenance, repair, and overhaul ("MRO") campus at Pensacola International Airport. VTMAE will provide a total of \$35,000,000 towards the estimated \$210,125,000 project as further disclosed in Note IV. H. The unspent funds are not considered earned until funds are expended and therefore are not a component of the Airport's net position.

Right to-use leased building	51,868	51,869	-	103,737
Total accumulated depreciation	171,945,344	15,337,252	(3,741,850)	183,540,746
Total depreciable assets				
net of depreciation	234,521,021	(3,185,641)	(513,162)	230,822,218
Governmental activities net capital assets	262,583,101 \$	9,485,950 \$	(9,092,314) \$	262,976,737

The preceding schedule includes capital assets and accumulated depreciation for both governmental funds and the internal services funds. Per GASB 34 requirements, the internal service funds are reported on the entity-wide statements as a governmental activity. In fiscal year 2022, the net book value of assets held by Internal Service Funds is \$1,994,133. Total depreciation expense for governmental activities for fiscal year 2022 is \$15,337,252.

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

Capital asset activity for business-type activities for the fiscal year ended September 30, 2022 were as follows:

	Beginnin Balance	-	Decreases	Ending Balance
Business-type activities:				
Non-Depreciable Assets:				
Land	\$ 38,397,	584 \$	\$	\$ 38,397,584

Business-type activities net capital assets	\$ <u>269,597,7</u>	23 \$ 48,806,882	\$ (3,708,934)	\$ <u>314,695,671</u>

Total depreciation expense for business-type activities for fiscal year 2022 is \$16,663,738.

There are two intangible assets reported in the Utility Fund representing the excess of the purchase price paid over the fair market value of assets acquired. In September 1989, the City purchased the Escambia County Utilities Authority's Timberland Natural Gas Distribution and recorded goodwill of \$131,646. The intangible asset is amortized on a straight-line basis over an estimated useful life of forty years. In October 2021, the City purchased a portion of Okaloosa Gas District service area and recorded goodwill of \$82,250. The intangible asset is amortized on a straight-line basis over an estimated useful life of ten years.

siness-type activities:			
Utility Fund		8,000,000	Transfer to General Fund
Port Fund	34,450		Transfer from LOST
Airport Fund	739,146		Transfer from LOST
Total	\$ 25,334,739	\$ 25,334,739	

Transfers reported in the government-wide statement of activities in the amount of \$6,966,490 represent the net amount of transfers between government and business type activities. Fund financial statements report transfers without eliminations within same type activity and are reported in the schedule above.

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

E. Long-term Debt

Individual Bond Issues and Notes Payable

Below are the City's individual long-term debt issues which were outstanding on September 30, 2022:

Governmental activities:

Nonmajor Funds

\$14,314,000 Local Option Gas Tax Revenue Bond, Series 2016 was issued for the purpose of financing the cost of the acquisition and construction of capital improvements to the road system of the City of Pensacola and the costs of issuance on the borrowing. The bond has a fixed interest rate of 1.83% commencing December 31, 2016, to and including December 31, 2026, payable each December 31 and June 30 of each year. Principal payments commenced on December 31, 2016, payable December 31 of each year. Debt service payments are secured with Local Option Gasoline Tax revenues. Final maturity of principal occurs on December 31, 2026.

\$7,339,000

\$1,307,000 Eastside Redevelopment Revenue Bond, Series 2017 was issued for the purpose of financing certain community redevelopment capital improvements in the Eastside Neighborhood Redevelopment Area included in the Eastside Neighborhood Plan and the costs of issuance on the borrowing. The bond has a fixed interest rate of 3.33% commencing April 1, 2018, to and including April 1, 2037, payable each April 1 and October 1 of each year. Principal payments commenced on April 1, 2018, payable April 1 of each year. Debt service payments are secured with Tax Increment Financing (TIF) revenues derived from the Eastside Redevelopment Area and in the event that these revenues are insufficient, the Local Business Tax. Final maturity of principal occurs on April 1, 2037.

1,043,000

\$4,082,000 Westside Redevelopment Revenue Bond, Series 2017 was issued for the purpose of financing certain community redevelopment capital improvements in the Westside Neighborhood Redevelopment Area included in the Westside Neighborhood Plan and the costs of issuance on the borrowing. The bond has a fixed interest rate of 3.33% commencing April 1, 2018, to and including April 1, 2037, payable each April 1 and October 1 of each year. Principal payments commenced on April 1, 2018, payable April 1 of each year. Debt service payments are secured with Tax Increment Financing (TIF) revenues derived from the Westside Redevelopment Area and in the event that these revenues are insufficient, the Local Business Tax. Final maturity of principal occurs on April 1, 2037.

3,258,000

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

\$8,000,000 Urban Core Redevelopment Revenue Bond, Series 2017 was issued for the purpose of financing certain community redevelopment capital improvements in the Urban Core Redevelopment Area included in the Urban Core Community Redevelopment Plan and the costs of issuance on the borrowing. The bond has a fixed interest rate of 3.60% commencing April 1, 2018, to and including April 1, 2040, payable each April 1 and October 1 of each year. Principal payments commenced on April 1, 2018, payable April 1 of each year. Debt service payments are secured with Tax Increment Financing (TIF) revenues derived from the Urban Core Redevelopment Area and in the event that these revenues are insufficient, a covenant to budget and appropriate non-ad valorem revenues of the City. Final maturity of principal occurs on April 1, 2040.

7,310,000

\$25,000,000 Infrastructure Sales Surtax Revenue Bond, Series 2017 was issued for the purpose of financing the cost of acquisition, construction renovation and equipping of additions, extensions, and improvements to facilities and general infrastructure of the City of Pensacola and the costs of issuance on the borrowing. The bond has a fixed interest rate of 2.15% commencing April 1, 2018, to and including October 1, 2028, payable each October 1 and April 1 of each year. Principal payments commenced on October 1, 2018, payable October 1 of each year. Debt service payments are secured with Infrastructure Sales Surtax revenues. Final maturity of principal occurs on October 1, 2028.

16,640,000

\$58,140,000 Urban Core Redevelopment Refunding and Improvement Revenue Bond, Series 2019 was issued for the purpose of refunding the outstanding principal balance of the Redevelopment Revenue Bonds, Series 2009B, as well as financing certain community redevelopment capital improvements in the Urban Core Redevelopment Area included in the Urban Core Community Redevelopment Plan and the costs of issuance on the borrowing. The bond has a fixed interest rate of 3.40% commencing October 1, 2019, to and including December 31, 2043, payable each April 1 and October 1 of each year. Principal payments commenced on April 1, 2021, payable April 1 of each year. Debt service payments are secured with Tax Increment Financing (TIF) revenues derived from the Urban Core Redevelopment Area and in the event that these revenues are insufficient, a covenant to budget and appropriate non-ad valorem revenues of the City. Final maturity of principal occurs on December 31, 2043.

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

The City's outstanding bonds payable and notes payable do not contain any significant events of default with finance-related consequences, termination events with finance related consequences, or subjective acceleration clauses.

Due to other governments includes an Interlocal agreement between the City of Pensacola and the Emerald Coast Utilities Authority (ECUA) which committed the City to contribute to the Main Street Wastewater Treatment Plant Replacement Project (the Project). The City committed \$19.5 million for the project and agreed to budget and appropriate water and sewer franchise fees and the beverage license tax revenues. For accounting purposes, this is a voluntary non-exchange transaction. In December 2012, ECUA provided documentation which showed all eligibility criteria had been met as of September 30, 2012. Therefore, the long-term liability and expenditure was recorded in the City's government-wide financial statements. Since the long-term liability is not due and payable in the current period it is not recorded in the fund financial statements.

Related to this transaction, the City entered in an agreement with the Community Redevelopment Agency (CRA) wherein the annual installments to ECUA will be paid from CRA revenues and any shortfall paid by the City will be reimbursed.

Compensated absences are estimated at year end only. In addition, for the governmental activities, claims and judgments are liquidated by the insurance retention fund and compensated absences are liquidated primarily by the general fund.

Other Postemployment Benefits (OPEB) were calculated by an independent consultant which provided an actuarial valuation of post-employment benefits as required by GASB 75, Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions.

Pension liability was calculated by an independent consultant which provided an actuarial valuation of pension benefits as required by GASB 67, *Financial Reporting for Pension Plans*, and GASB 68, *Accounting and Financial Reporting for Pensions*. Net pension liability is liquidated primarily by the general fund.

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

Summary of Debt Service Requirements to Maturity

Annual debt service requirements to maturity for the City's long-term bonds and notes as well as the material long-term bonds and notes for the City's component unit are as follows; includes both fixed and variable interest rate bonds/notes:

Governmental Long-Term Debt

Fiscal Year Ending				Total Principal

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

Debt Restriction

There are a number of limitations and restrictions contained in the various bond indentures. The City is in compliance with all significant limitations and restrictions. The City has no legal debt margin.

Revenues Pledged for Debt Repayment

The City has pledged future Tax Increment Revenues derived from the Urban Core Redevelopment Area to repay \$6,715,000 in Bonds issued in 2009, \$8,000,000 in Bonds issued in 2017 and a \$56,140,000 Bond issued in 2019. Proceeds of the 2009 bonds provided financing for the construction of a Community Maritime Park. Proceeds from the 2019 bond provided financing to refund \$38,925,000 in outstanding 2009 bonds. Proceeds of the 2017 bond and remaining proceeds from the 2019 bond provided financing for certain community redevelopment capital improvements in the Urban Core Community Redevelopment Area included in the Urban Core Community Redevelopment Area Plan. The bonds are secured by Tax Increment Revenues derived from the Urban Core Redevelopment Area, and with respect to the Series 2009B Bonds Federal Direct Payments, and in the event that these revenues are insufficient a Covenant to Budget and Appropriate and are payable through 2043. Principal and interest paid for the current year on the 2017 bond was \$314,751 and the 2019 bonds was \$3,446,310 and Tax Increment Revenues for the current year were \$8,083,603.

The City has pledged future Tax Increment Revenues derived from the Eastside Redevelopment Area to repay a \$1,307,000 Bond issued in 2017. Proceeds of the bond provided financing for certain community redevelopment capital improvements in the Eastside Neighborhood Redevelopment Area included in the Eastside Neighborhood Plan. The bond is secured by Tax Increment Revenues derived from the Eastside Redevelopment Area and in the event that these revenues are insufficient, the Local Business Tax and are payable through 2037. Principal and interest paid for the current year were \$89,497 and Tax Increment Revenues for the current year were \$294,629.

The City has pledged future Tax Increment Revenues derived from the Westside Redevelopment Area to repay a \$4,082,000 Bond issued in 2017. Proceeds of the bond will provide financing for certain community redevelopment capital improvements in the Westside Neighborhood Redevelopment Area included in the Westside Neighborhood Plan. The bond is secured by Tax Increment Revenues derived from the Westside Redevelopment Area and in the event that these revenues are insufficient, the Local Business Tax, and are payable through 2037. Principal and interest paid for the current year were \$278,986 and Tax Increment Revenues for the current year were \$1,202,681.

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

The City has pledged future Infrastructure Sales Tax to repay \$25,000,000 in a Bond issued in 2017. Proceeds from the 2017 bond were used to finance the cost of acquisition, construction renovation and equipping of additions, extensions, and improvements to facilities and general infrastructure of the City of Pensacola. Debt service payments are secured with the Infrastructure Sales Tax revenues and are payable through 2028. Principal and interest paid for the current year on the 2017 bond was \$2,562,206 and Infrastructure Sales Tax revenues for the current year were \$12,234,246.

The City has pledged future Local Option Gasoline Tax (LOGT) revenues to repay \$14,314,000 in a Bond issued in 2016. Proceeds of the bond was used to finance the cost of the acquisition and construction of capital improvements to the road system of the City of Pensacola and the costs of issuance on the borrowing. Debt service payments are secured with the LOGT revenues through 2026. In the event that LOGT is insufficient to pay debt service, the loan is furthered secured by a covenant to budget and appropriate from the City's non-ad valorem revenues. Principal and interest paid for the current year were \$1,537,022 and LOGT revenues for the current year were \$1,428,852. Local Option Gasoline Tax revenues along with funds available in the Local Option Gas Tax Debt Service Fund are sufficient to make annual debt service payments.

The City has pledged future Net Revenues of the Utility System to repay \$20,000,000 in Notes issued in 2011 and 2016. Proceeds of the notes were used to provide financing for the construction of and rehabilitation of capital improvements to the gas system. Debt service payments are secured with the Net Revenues of the Utility System through 2026. Principal and interest paid (cash basis) for the current year were \$2,045,881 and net revenues for the current year were \$16,457,277.

The City has pledged future Net Revenues of the Airport to repay \$48,443,000 in Bonds and Notes issued between 2015 through 2018. Proceeds of the bonds were used to finance the acquisition, construction and rehabilitation improvements to the Airport Facilities as well as refinance its Airport Revenue Refunding Bond, Series 2005A, Airport Improvement Revenue Bonds, Series 2008 and Airport Revenue Bonds, Series 2012. Debt service payments are secured with the Net Revenues of the Airport through 2038. Principal and interest paid (cash basis) for the current year were \$2,314,959 and net revenues for the current year were \$15,151,050. Net Revenues excludes CFC revenues of \$2,828,315 pledged towards the Airport Taxable Customer Facility Charge Revenue Note, Series 2008, operating expenses of \$167,220 and grant operating expenses of \$5,403,799.

The City has pledged future Customer Facility Charge (CFC) Revenues of the Airport to repay \$5,800,000 in Notes issued in 2008 (as modified in 2018). Proceeds of the bonds were used to finance the construction of a rental car service center. Debt service payments are secured with the Customer Facility Charge (CFC) Revenues through 2021. Principal and interest paid (cash basis) for the current year were \$5,812,303 and net revenues for the current year were \$2,661,095.

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

The City has pledged future Passenger Facility Charge (PFC) revenue (to the extent they are deposited into the Bond Fund) of the Airport to refinance its Airport Revenue Bonds, Series 2008. Proceeds of the bonds were used to finance acquisition, construction, and rehabilitation improvements to the Airport Facilities. Debt service payments are secured with the Passenger Facility Charge (PFC) revenue to the extent they are deposited into the Bond Fund through 2038. Principal and interest paid (cash basis) for the current year were \$1,719,282 and net revenues for the current year were \$4,808,704.

Direct Borrowings, Direct Placements and Lines of Credit

The City has no direct borrowings, direct placements, or unused lines of credit.

Leases Payable

The City is a lessee for noncancellable leases of land and equipment. At September 30, 2022, The City's lease payable of \$297,439 was composed of the following:

Governmental Activities

Equipment leases – annual lease payments totaling \$53,436 plus interest at a rate of 3%,	± <u>.</u>
due date November 2022.	\$4,443
Total Governmental Activities Lease Receivables	\$4,443
Business-like Activities	
Land leases – annual lease payments totaling \$292,997 plus interest at a rate of	
3%, due dates ranging from September 2032 to March 2046.	\$292,996
	\$292,996

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

The future principal and interest lease payments as of September 30, 2022 were as follows:

Florida Ports Finance Commission Agreement

Florida Ports Financing Commission Revenue Bonds, Series 1999 – On July 17, 1996, the Florida Ports Financing Commission (the "Commission") was created pursuant to Section 320.20(3) and Chapter 163, Part I, Florida Statutes through an Interlocal Agreement among Canaveral Port Authority, Jacksonville Port Authority and Panama City Port Authority. The Commission's purpose is to provide a cost-effective means of financing various capital projects for the State of Florida's ports by issuing bonds and transferring the proceeds thereof to the individual ports. The Commission and SunTrust Bank, Central Florida, National Association, Orlando, Florida (the "Trustee") entered into an Indenture of Trust, dated September 1, 1999 (the "Indenture"), which authorized the issuance of \$153,115,000 Florida Ports Financing Commission Revenue Bonds (State Transportation Trust Fund), Series 1999 (the Bonds"). The Bonds were refunded in 2011 with principal and interest payments through October 1, 2029.

On October 14, 1999, the Bonds were issued to provide funds to finance the costs of acquiring and constructing capital projects undertaken by 10 ports located in the State of Florida (the "Ports"), including the City. The amount allocated to the City was not to exceed \$3,000,000, which was available for approved expenditures. The Commission loaned the proceeds of the Bonds (the "Loans") to the Ports pursuant to separate loan agreements (the "Loan Agreements") entered into between each of the Ports individually and the Commission.

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

The Loan Agreement entered into by the City provides that the City will repay its Loan solely from moneys due from the State Transportation Trust Funds. Pursuant to Section 320.20(4), Florida Statutes, \$15,000,000 of the revenues received by the State of Florida from motor vehicle registration fees is to be deposited annually in the State Transportation Trust Fund for funding Projects (the "State Moneys"). Basic Payments under the Loan Agreement are payable solely from moneys on deposit in the State Transportation Trust Fund. The Department of Transportation and the Commission entered into a Master Agreement pursuant to which the Department of Transportation agrees to transfer the State Moneys annually into an escrow account held by the State Department of Insurance, Division of Treasury, on behalf of the Trustee which may be drawn upon by the Trustee in order to pay the debt service on the Bonds as the same becomes due. The City has assigned all of its right, title and interest to the moneys allocated to the City from State Moneys to the Trustee on behalf of the Commission, to pay its portion of debt service on the Bonds.

In addition to the Basic Payments, the City agreed to pay on demand of the Commission or the Trustee additional payments constituting (a) its proportionate share of certain ongoing fees, costs and expenses related to the financing program, (b) all reasonable fees and expenses of the Commission and the administrator of the financing program, (c) its proportionate share of rebate obligations relating to the Bonds pursuant to Section 149 of the Internal Revenue Code of 1986, and (d) any unallowable costs required to be repaid by the Borrower under the Loan Agreement (the "Additional Payments"). The City has agreed to pay from legally available non-ad valorem revenues of its Port facilities (the "Port Revenues") sufficient moneys to make such Additional Payments. Such agreement is applicable solely to the Additional Payments and does not cover the Basic Payments.

The Bonds do not create nor constitute an obligation or debt of the State of Florida or any political subdivision thereof or any public corporation, port or governmental agency existing under the laws of the State of Florida other than the Commission. The Bonds do not constitute the giving, pledging or loan of the faith and credit of the State of Florida or any political subdivision thereof or any public corporation, port or governmental agency existing under the laws of the State of Florida. The Bonds are payable solely from State Moneys as the Basic Payments of the Borrowers.

The financing program of the Commission described above is in substance a grant program, inasmuch as all debt service payments on the Bonds are payable solely from moneys in the State Transportation Trust Fund. The program was structured with Loan Agreements in order to satisfy certain legal requirements. Bondholders have no recourse to the Borrowers, including the City, for payment of the principal and interest on the Bonds.

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

The City has not recorded a liability for the loan since it does not have any obligation except for moneys due it from the State Transportation Trust Fund. As discussed above, all of such moneys have been assigned to the Trustee to pay the debt. Except to the extent the City is obligated to pay Additional Payments from the Port Revenues, the City has no other obligation on the debt and no other moneys of the Authority have been pledged or are obligated for payment of the debt. As expenditures were incurred for the approved projects, the City recorded a receivable from the Commission for 50% of qualified amounts and recorded the amount to be reimbursed as contributed capital. Monies not expended on approved projects by individual ports (excess project funds) are returned to the funding pool and reallocated. The amount expended by the City in excess of the allocated \$2.7 million was made possible through the excess funding reallocation program. The bond proceeds have since been fully expended by the ports to which they were allocated. The City has incurred in total \$3,904,251 of eligible expenditures.

On January 12, 2021, the Commission agreed to issue Florida Ports Financing Commission Refunding Revenue Bonds, Series 2021 in order to refinance the Series 2011 Bonds with principal and interest payments through October 1, 2029. The City of Pensacola received an additional allocation of \$1,081,712 from the savings that was realized and deposited into the State of Florida's Seaport Grant Program.

F. Fund Balance Disclosure

Fund Balance information is used to identify the available resources to repay long-term debt, reduce property taxes, add new governmental programs, expand existing ones, or enhance the financial position of the City, in accordance with policies established by the City Council. In accordance with Governmental Accounting and Financial Standards Board Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the City classifies fund balance as follows.

Non-Spendable Fund Balance – Amounts that are not in a spendable form or are required to be maintained intact (such as inventory or prepaids).

Restricted Fund Balance – Amounts that can be spent only for the specific purposes stipulated by external resource providers (such as grantors) or enabling legislation. Restrictions may be changed or lifted only with the consent of the resource providers.

Committed Fund Balance – Amounts that can be used only for the specific purposes determined by a formal action of the City's highest level of decision-making authority. Commitments may be changed or lifted only by the City Council taking the same formal action that imposed the constraint originally. An Ordinance adopted by Council establishes a fund balance commitment.

Assigned Fund Balance – Amounts the City intends to use for a specific purpose. The City Council via resolution or the Mayor, as authorized by City Council Policy (enacted through resolution), establishes fund balance assignments.

NOTE III. - DETAIL NOTES ON ALL FUNDS (Continued)

Unassigned Fund Balance – The residual classification for the General Fund and includes amounts that are not contained in the other classifications. Unassigned amounts are the portion of fund balance which is not obligated or specifically designated and is available for any purpose. The general fund is the only fund that reports a positive unassigned balance amount.

For classification of fund balance 1) when expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available, restricted fund balance is considered to have been spent first 2) when expenditures are incurred for purposes for which amounts in any of unrestricted fund balance classifications can be used, committed amounts should be reduced first, followed by assigned amounts and then unassigned amounts.

In June 2010, the City Council approved Resolution No. 31-10 which established the Fund Balance Policy of Governmental Funds as well as committed the Council Reserves Fund Balance in the General Fund. On September 25, 2014, the City Council approved the same Council Reserve Policy by Ordinance, amending chapter 3-1 of the Code of the City of Pensacola, Florida, creating section 3-1-13. On March 9, 2017, City Council amended chapter 3-1-13 of the Code of the City of Pensacola, Florida, increasing the minimum reserve from 15 percent to 20 percent. The Council Reserve, which is required to be a minimum of 20 percent of the General Fund beginning adopted appropriations, is reported as committed fund balance in the General Fund. The Council Reserve shall not be used until current year revenues decrease by 5 percent or more of the total adopted beginning estimated revenues, including transfers and all efforts have been exhausted to fund unanticipated needs and/or emergencies, such as implementing a modified hiring freeze and expenditure reductions. Upon determination of the need, the Mayor may initiate use of the reserves through written communication to the City Council, explaining the nature of the emergency with approval by a two-thirds vote of City Council. Proceeds from the sale of City (general government) owned surplus real property, specifically approved by City Council for such purpose, and any other funds identified in the annual budget (and amendments thereto) will be used to increase the reserve. Interest earnings will be applied on the reserve balance each fiscal year.

The City does not have a formal minimum fund balance policy for unassigned fund balance. A schedule of City fund balances is provided in the following pages.

NOTE IV. - OTHER INFORMATION

A. Risk Management

The City is self-insured with respect to general, auto liability and workers' compensation claims. An excess liability policy for workers' compensation has been purchased. In any given fiscal year, insurance settlements have not exceeded insurance coverage. (Coverage limits have remained relatively constant over the past five years.) The coverage limits and deductibles are as follows:

Primary Coverage	Coverage (in millions)	Deductible		
Port operations	50	10,000		
Airport operations	75	0		
Law Enforcement	2	50,000		
Public officials	2	50,000		
Excess Liability Coverage	Coverage (in millions)	Self Insured Retentions		
Workers' compensation (W/C)	Per Florida Statutory Limits	500,000 Per Occurrence		
Gas Operation	35	500,000 Per Occurrence		
Gas Operation - Pollution	35	500,000 Per Occurrence		

The City has established reserves of \$4,344,004 in the Insurance Retention Fund representing a contract between the City and its employees regarding health, life, dental and survivor disability insurance; a majority of which is survivor disability insurance. This amount is not available for city-wide catastrophic losses.

All departments of the City participate in the self-insurance program and make payments to the Insurance Retention Fund. Claims liability of \$3,769,562 on September 30, 2022 is based on the requirements of *Governmental Accounting Standards Board* (GASB) Statements No. 10 and No. 30, which require that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is a) probable that a liability has been incurred at the date of the financial statements and b) the amount of the loss can be reasonably estimated.

NOTE IV. – OTHER INFORMATION (Continued)

Claim liabilities, including incurred but not reported (IBNR) claims, are based on the estimated ultimate cost of settling the claim (including the effects of inflation and other societal and economic factors), using past experience adjusted for current trends, and any other factors that would modify past experience. Claim liabilities also include specific, incremental claim adjustment expenses. In addition, estimated amounts of salvage and subrogation and reinsurance recoverable on unpaid claims are deducted from the liability for unpaid claims. Expenses and liabilities are estimated through a case-by-case review of all claims and the application of historical experience of the outstanding claims. Estimates of IBNR losses are based on historical experience and are stratified to general, automobile and workers' compensation liabilities.

On September 30, 2022, the claims liability for automobile, general and workers' compensation liability were \$740,972, \$399,253, and \$2,629,337 respectively. The City's insurance administrators do not calculate, or report discounted amounts for automobile and general liability. Workers' compensation liability is discounted at a rate of 8%. Each claim under workers' compensation is calculated independently using the monthly payment amount and the present value factor. The undiscounted amount is not calculated, therefore unavailable for disclosure.

Changes in the Fund's claims liability amount in fiscal year 2021 and 2022 were:

	Beginning of	Current Year Claims		Balance at
Fiscal	Fiscal Year	and Changes in	Claim	Fiscal
Year	Liability	Estimates	Payments	Year End
2021	\$4,446,191	1,849,552	(1,717,449)	\$4,578,294
2022	\$4,578,294	2,105,419	(2,914,151)	\$3,769,562

NOTE IV. – OTHER INFORMATION (Continued)

Plan Description

Plan administration. The City maintains three contributory, defined benefit, single employer pension plans which are administered by the City's Finance Director. The Firefighters' Relief and Pension Plan covers full-time firefighters; the Police Officers' Retirement Fund covers full-time police officers hired prior to January 1, 2013; the General Pension and Retirement Plan covers non-public safety, full-time employees hired prior to June 18, 2007. The administrative costs are included in the City's cost and contribution rate provided in the actuarial valuation. Benefits and refunds of the defined pension plan are recognized when due and payable in accordance with the terms of the plan.

As of June 18, 2007, the General Pension and Retirement Plan was closed to new participants. Existing non-public safety, full-time employees were given an option to remain in the General Pension and Retirement Plan or join the Florida Retirement System (FRS), multiple-employer, cost sharing public employee retirement system. New participants hired after June 18, 2007 are required to participate in FRS.

The Police Officers' Retirement Fund is for all full-time sworn officers. The Police Officers' Retirement Fund was closed on January 1, 2013 to new participants. The existing participants were given the opportunity to remain in the current plan or participate in the FRS. New officers hired after January 1, 2013 are required to participate in FRS.

Management of all three retirement plans is vested in a Board of Trustees for each plan. The General Pension and Retirement Plan Board consists of six members, two which are elected by the participants, one elected by City Council President and three are appointed by the City Council. The Firefighters' Relief and Pension Plan and the Police Officers' Retirement Fund Board consist of five members, two which are elected by the participants, two are appointed by the City Council and the fifth member is elected by the other four members.

The City also participates in the Florida Retirement System (FRS). The FRS provides two cost sharing, multiple employers defined benefit plans which are administered by Florida Department of Management Services, Division of Retirement (division), including the FRS Pension Plan ("FRS Plan") and Retiree Health Insurance Subsidy ("HIS Plan"). These two plans cover non-public safety, full-time employees hired after June 18, 2007 and new police officers hired after January 1, 2013. Unlike the City's three contributory, defined benefit, single employer pension plans, FRS requires employees to participate in the Federal Social Security Program. The FRS Plan was established and is administered in accordance with Chapter 121, Florida Statutes. The HIS Plan was established and administered in accordance with section 112.363, Florida Statutes.

NOTE IV. – OTHER INFORMATION (Continued)

The State of Florida issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. That report may be obtained by writing to the Florida Division of Retirement, P.O. Box 9000, Tallahassee, Florida 32399, calling 1-877-377-1737 or from the web site:

http://www.dms.myflorida.com/workforce operations/retirement/publications.

Plan Membership. Actuarial reports for the General Pension and Retirement plan, Firefighters' Relief and Pension plan and Police Officers' Retirement plan are required to be updated every three years per State Statute Chapter 112.63(2), 175.261(1)(b) and 185.221(2)(b), respectively. Membership of the General Pension and Retirement Plan, on September 30, 2020 as well as the Firefighters' Relief and Pension Plan and the Police Officers' Retirement plan as of September 30, 2022 consisted of the following:

	General Pension	Firefighters'	Police Officers'
	and Retirement	Relief and Pension	Retirement
Retirees and beneficiaries receiving benefits	587	171	163
Terminated plan members entitled to but	50	2	16
not yet receiving benefits	52	3	16
DROP plan members	26	11	6
Active plan members	87	111	59
Total	752	296	244
Number of participating Employers	1	1	1

The General Pension and Retirement Plan was closed to new participants hired on or after June 18, 2007. The Police Officers' Retirement Fund was closed to new participants hired after January 1, 2013.

Membership of the FRS broken down by class, per City payroll records, as of September 30, 2022 consisted of the following:

DROP	1
Elected Officials	6
Senior Management Retired	1
Regular Class	375
Regular Class Retired	2
Senior Management	11
Special Risk	107
Special Risk Retired	1_
Total	504

NOTE IV. – OTHER INFORMATION (Continued)

Benefits Provided. For the HIS Plan, fiscal year ended June 30, 2022, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30, and the maximum payment is \$150 per month. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide subsidy benefits to all participants, benefits may be reduced or cancelled. All other pension plan benefits are shown in the chart below.

	FRS Plan	General Pension and Retirement	Firefighters' Relief and Pension	Police Officers' Retirement
Vesting	Prior to 7/1/2011 6 years; On or after 07/1/2011 8 years	6 years	10 years	12 years

Other Benefits	 Early retirement Deferred retirement Disability retirement Health insurance subsidy Death benefits Deferred retirement option program 	 Early retirement Deferred retirement Disability retirement Health ins. subsidy Death benefits Deferred retirement option program 	 Early retirement Deferred retirement Disability retirement Death benefits Deferred retirement option program 	 Early retirement Deferred retirement Disability retirement Death benefits Deferred retirement option program
Post- retirement COLA	3% per year if retired prior to 7/1/2011; if retired on or after 07/1/2011, years of service before 7/1/2011 divided by total years of service times 3%	Retired prior to 10/1/12 up to 1.5% annually and retired on or after 10/1/12 up to 1% w/a corresponding increase in the CPI	Up to 3% annually w/a corresponding increase in the CPI for those hired prior to 7/1/99; hired between 7/1/99 and 6/10/15 up to 2% annually w/a corresponding increase in CPI; hired after 6/10/15 no COLA	Retired Prior to 1/1/13 up to 3% annually; retired on or after 1/1/13 up to 3% first ten years and not to exceed 2% thereafter w/a corresponding increase in the CPI (Increase at the discretion of Pension Bd)

NOTE IV. – OTHER INFORMATION (Continued)

Contributions. For the three contributory, defined benefit, single employer pension plans, the Boards of Trustees establishes contributions based on an actuarially determined rate recommended by an independent actuary. The rate is the estimated cost of benefits earned by employees during the year, with an additional amount to finance the unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate, the contribution rate of employees and any Chapter 175/185 funds applied.

The City is required to make contributions to FRS Plan based on state-wide contribution rates, established by the Florida Legislature. The Florida Legislature establishes and amends the contribution requirements and benefit terms of the FRS Plan. The rates are updated as of July 1 of each year. As reported by the FRS, the City's contributions, including employee's three percent contribution to the FRS plan totaled \$3,134,797 for the State's fiscal year ended June 30, 2022.

The HIS Plan is funded by required contributions from FRS participating employers. The Florida Legislature establishes and amends the contribution requirements and benefit terms of the HIS Program. The City's contributions are a percentage of gross compensation for all active FRS members. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. As reported by the FRS, the City's contributions to the plan totaled \$424,706 for the State's fiscal year ended June 30, 2022.

For the year ended September 30, 2022, the contribution rates were as follows:

	FRS Plan	HIS Plan	General Pension	Firefighters' Relief	Police Officers'
			and Retirement	and Pension	Retirement
Contributions					
Employee	3.00%	N/A	5.50%	11.00%	5.20%
Employer	See Below	1.66%	115.40%	20.70%	96.30%
Regular Class	11.91%	N/A	N/A	N/A	N/A
Senior Mgmt.	31.57%	N/A	N/A	N/A	N/A
Elect Officials	57.00%	N/A	N/A	N/A	N/A
DROP	18.60%	N/A	N/A	N/A	N/A
Special Risk	27.83%	N/A	N/A	N/A	N/A
Retired	5.89%	N/A	N/A	N/A	N/A
Sr. Mgmt Ret.	23.81%	N/A	N/A	N/A	N/A
Sr. Risk Ret.	11.33%	N/A	N/A	N/A	N/A
State	N/A	N/A	N/A	9.20%	16.50%

All employee contributions to the pension plans are based on a percentage of pay. The remaining contribution percentages shown above are reported as a percentage of pay for comparative purposes only. The General Pension and Retirement and the Police Officers' Retirement plans are closed plans therefore the percentage of pay will continue to increase as participants retire.

NOTE IV. – OTHER INFORMATION (Continued)

Investments

Investment policy. The City's three contributory, defined benefit, single employer pension plans investment policy for the allocation of invested assets is established and may be amended by their respective Board of Trustees by a majority vote of its members. It is the policy of the Boards of Trustees to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The Board's policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. The following was the Boards' adopted asset allocation policy as of September 30, 2022 and the State Board of Administrations policy as of June 30, 2022.

	Florida Retirement	General Pension	Firefighters' Relief	Police Officers'
	System (FRS)	and Retirement	and Pension	Retirement
Asset Class:				
Global Equity	54.0%			
Domestic Equity		37%	37%	40%

Strategic				
Investments	3.8%			
Cash Equivalents/	1.0%			
Short Term				
TIPS				10%
Alternatives				
Total	100%	100%	100%	100%

Concentrations. The plans did not hold assets in any one organization that exceeded five percent or more of the pension plan's fiduciary net position.

Rate of Return. For the year ended September 30, 2022, the annual money-weighted rate of return on pension plan investments for the General Pension and Retirement Plan was 23.46 percent. For the year ended September 30, 2022, the Firefighters' Relief and Pension Plan was 22.94 percent and the Police Officers' Retirement Fund was 22.47 percent. This reflects the changing amounts actually invested.

Receivables. The pension plans do not have receivables from long-term contracts.

Allocated Insurance Contracts. The pension plans do not have allocated insurance contracts.

NOTE IV. – OTHER INFORMATION (Continued)

Reserves. The Police Officers' Retirement Fund has a small portion of funds deposited in a Contribution Surplus Account (\$966,951) as of September 30, 2022. These funds can be used to fund required contributions and possibly for benefit improvements, respectively.

Deferred Retirement Option Program (DROP)

The City has a DROP for each of the defined benefit plans established by City ordinance. A participant may join when he/she is eligible to receive a retirement benefit. The DROP provides for an accrual of interest at a 4% rate for all participants in the Firefighters' Relief and Pension Plan who entered prior to June 10, 2015 and 1.3% for those who enter thereafter, 4% for the Police Officers' Retirement Fund who entered prior to January 1, 2013 and 1.3% for those who enter thereafter and 4% for the General Pension and Retirement Plan who entered prior to October 1, 2012 and 1.3% for those who enter thereafter.

The DROP ordinance provides that all participants who entered DROP prior to October 1, 2012 may receive a Cost-of-Living Adjustment (COLA) while in DROP. However, those in the Firefighters' Relief and Pension Plan hired after July 1, 1999 and who enter DROP on or after June 10, 2015, those in the Police Officers' Retirement Fund who enter DROP on or after January 1, 2013 and those in the General Pension and Retirement Plan who entered on or after October 1, 2012 receive no COLA while in DROP.

Drop balances as of September 30, 2022 for the General Pension and Retirement Plan, Firefighters' Relief and Pension Plan and Police Officers' Retirement Fund were \$2,035,779, \$2,037,673, and \$366,296, respectively.

The FRS Plan has a DROP available for eligible employees. A participant may join upon reaching normal retirement. Each month the participant defers joining reduces the length of eligible participation. FRS DROP participants accrue interest at a rate of 1.3%.

Net Pension Asset/Liability

The General Pension and Retirement Plan, the Firefighters' Relief and Pension Plan and the Police Officers' Retirement Fund do not issue audited stand-alone financial statements but rely on the audit performed for the City. All three of the defined benefit pension plans are included within this financial report. The State of Florida issues a publicly available financial report that includes financial statements and required supplementary information for the FRS.

The funded status of the General Pension and Retirement Plan as of September 30, 2021, the Firefighters' Relief and Pension Plan as of October 1, 2021, the Police Officers' Retirement Fund as of October 1, 2021, and the Florida Retirement System and HIS Plan as of June 30, 2022 are provided in the table on the following page.

City Net Pension (Asset)/Liability		6,270,326	 (11,382,453)	9,069,884	27,334,115		7,434,198	-	38,726,070
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability		96.42%	108.26%	94.25%	82.89%		4.81%		

Basis for Allocation. The City's proportion of the net pension liability for the FRS Plan and HIS plan was calculated based on contributions for each of the fiscal years 2021 and 2022 relative to the contributions of all participants.

On June 30, 2022, the City's FRS Plan proportionate share of net pension liability was .0735%, which was an increase of .0059% from its proportionate share of .0676% measured as June 30, 2021. The City's HIS proportionate share of net pension liability was .0702% which was an increase of .0060% from its proportionate share .0642% measured as of June 30, 2021.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

In accordance with GASB 68, paragraphs 54 and 71, changes in the net pension liability are recognized in pension expense in the current measurement period, except as indicated below. For each of the following, a portion is recognized in pension expense in the current reporting period, and the balance is amortized as deferred outflows or deferred inflows of resources using a systematic and rational method over a closed period, as defined below:

Differences between expected and actual experience with regard to economic and demographic factors – amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees).

Changes of assumptions or other inputs – amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees).

Changes in proportion and differences between contributions and proportionate share of contributions – amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees).

Differences between expected and actual earnings on pension plan investments – amortized over five years.

NOTE IV. – OTHER INFORMATION (Continued)

The actuarial recognized pension expense, calculated in accordance with GASB 68, for the year ended September 30, 2022 is as follows: General Pension and Retirement Plan \$(1,357,254); Firefighters' Relief and Pension Plan \$320,182; and Police Officers' Retirement Fund \$701,871 for a total pension expense of \$(335,201). For the year ended September 30, 2022, the City recognized pension expense of \$5,170,464 for its proportionate share of the FRS Plan and \$863,048 for its proportionate share of the HIS plan.

Contributions made after the measurement date for the year ended September 30, 2022 are as follows: General Pension and Retirement Plan \$5,599,853 (one year of contributions); Firefighters' Relief and Pension Plan \$1,995,497; Police Officers' Retirement Fund \$4,655,139; City's proportionate share of the FRS Plan \$903,435 and City's proportionate share of the HIS plan \$118,702. Due to the timing of the actuarial reports, contributions made after the measurement date for the City's three pension plans covered twelve months and contributions made after the measurement date are not included as a deferred outflow of resources in the table below. On September 30, 2022, the City reported deferred outflows of resources, excluding contributions made after the measurement date, and deferred inflows of resources related to pension from the following sources:

	General	Pension	Fire Pe	ension	Police P	ension	FF	as .	H	S	Total	Total
	Deferred	Deferred	Deferred	Deferred	Deferred	Deferred	Deferred	Deferred	Deferred	Deferred	Deferred	Deferred

NOTE IV. – OTHER INFORMATION (Continued)

Actuarial assumptions. The General Pension and Retirement Plan as of September 30, 2021, the Firefighters' Relief and Pension Plan as of October 1, 2021, and the Police Officers' Retirement Fund as of October 1, 2021 total pension liability was determined by an actuarial valuation and the Florida Retirement System was determined by actuarial assumptions as of June 30, 2022, using the following actuarial assumptions, applied to all periods included in the measurement.

	General Pension and	Firefighters' Relief and	Police Officers'	FRS	HIS
	Retirement	Pension	Retirement	Plan	Plan
Actuarial Assumptions:					
Inflation	2.40%	2.70%	2.50%	2.40%	2.40%
Salary increases	4.50% - 9.50%	Service Based	4.00%	3.25%	3.25%
Investment rate of return	7.20%	7.75%	7.13%	6.70%	
Municpal bond rate					3.54%
Mortality	PUB-2010 Mortality table for	PUBS.H-2010	PUBS.H-2010	Generational PUB-	Generational PUB-
	males & females as appropriate			2010 with Projection	2010 with Projection
				Scale MP-2018	Scale MP-2018

For the City's three defined benefit plans, the long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The long-term expected rate of return on the FRS plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption.

The long-term expected rate of return for each major asset class are summarized in the table below:

	General Pension and Retirement	Firefighters' Relief and Pension	Police Officers' Retirement	Florida Retirement System
Asset Class:				
Domestic Equity	8.35%	8.30%	7.50%	N/A
International Equity	4.07%	4.10%	8.50%	N/A
Global Equity	N/A	N/A	7.50%	7.30%
Private Equity	N/A	N/A	N/A	8.90%
Master Limited Partnerships	7.01%	7.00%	N/A	N/A

Global Bonds	N/A	N/A	3.50%	N/A
Cash	N/A	N/A	N/A	2.60%

NOTE IV. – OTHER INFORMATION (Continued)

Discount rate. The projection of cash flows used to determine the General Pension and Retirement Plan's 7.2% discount rate, the Firefighters' Relief and Pension Plan's 7.75% discount rate, the Police Officers' Retirement Fund's 7.125% discount rate and FRS Plan's 6.70% discount rate assumed that contributions would continue at the current rates. For all plans excluding the HIS Plan, the fiduciary net position was projected to cover all future benefit payments of current plan members. Therefore, the discount rate for calculation of the total pension liability is equal to the long-term expected rate of return. The discount rate used for calculating the total HIS pension liability is equal to the single rate that results in the same actuarial present value as would be calculated by using two different discount rates for the discount at the long-term expected rate of return for benefit payments prior to the projected depletion of the fiduciary net pension (trust assets) and the discount at a municipal bond rate for benefit payments after the projected depletion date. The HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor.

Payable to the Pension Plan

As of September 30, 2022, the City reported a payable of \$10,929 to the General Pension and Retirement Plan, \$26,061 to the Firefighters' Relief and Pension Plan, \$8,729 to the Police Officers' Retirement Fund, \$195,824 to the FRS Plan, and \$17,376 to HIS Plan for the outstanding amount of contributions to the pension plans required for the year ended September 30, 2022.

NOTE IV. – OTHER INFORMATION (Continued)

C. Post-Employment Benefits Other Than Pensions (OPEB)

GASB Statement No. 75, Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions, requires governments to account for other post-employment benefits (OPEB) on an accrual basis, rather than on a pay-as-you-go basis. The effect is the recognition of an actuarially determined expense when a future retiree earns their post-employment benefits, rather than when they use their post-employment benefit. The total OPEB liability is recorded at the fund level for proprietary activities and the allocated amount for governmental activities is presented at the government-wide level.

The annual OPEB cost is included in the line item of *salaries* for proprietary fund statements and is allocated by function for governmental activities on the government-wide financial statements.

General Information about the Plan

Plan Description. The City of Pensacola administers a single employer defined benefit plan which offers three plans for health care through Blue Cross Blue Shield of Florida: Health Options HMO, Blue Options PPO Health Savings Account and BlueMedicare Group PPO. Insurance is offered to both active employees and retirees who worked for the City for a continuous six or more years and had health insurance coverage at the time of their retirement.

The City has followed a pay-as-you-go funding policy, contributing only those amounts necessary to provide for its portion of current year benefit costs and expenses plus any addition to the reserve for accrued costs incurred but not yet reported, as determined as part of the insurance contract. The contribution requirements of plan members are established by the City. For active employees, the City pays any remaining required amounts after contributions of plan members are taken into account. Retired members pay the full premium associated with the coverage elected; except for General Pension and Retirement Plan participants who receive a direct subsidy from the General Pension and Retirement Plan of \$56 per month. No assets are accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement 75.

The City contracted with a recognized and certified actuarial firm to provide an actuarial valuation of post-employment benefits (a copy of this report can be obtained by contacting the City of Pensacola's Financial Services Department).

Benefits provided. Post-employment benefits, such as health care, are offered on a retiree pay all basis; whereas retired members pay the full premium associated with the coverage elected, except for General Pension and Retirement Plan participants who receive a direct subsidy from the General Pension and Retirement Plan of \$56 per month. The State of Florida, per Statute 112.08(01), requires claims experience of the retiree group to be co-mingled with that of active employees in determining the health plan cost. The co-mingling of claims requirement equates to an implicit subsidy to retirees which creates an OPEB liability on the part of the City. The benefit payments recognized is due to the \$56 monthly subsidy as well as the implicit rate subsidy.

NOTE IV. – OTHER INFORMATION (Continued)

Employees covered by benefit terms. On December 31, 2020, the valuation date, the following employees were covered by benefit terms:

Inactive employees or beneficiaries currently receiving a benefit	249
Inactive employees entitled to but not yet receiving a benefit	0
Active employees	727
Total	976

Total OPEB Liability

The total OPEB liability of \$18,342,306 was measured as of December 31, 2020 and was determined by an actuarial valuation as of that date.

Actuarial assumptions or other inputs. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. As such, amounts regarding the funding status of the plan and the annual required contributions of the employer are subject to revision as actual results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Significant accrual methods and assumptions for the reporting period of September 30, 2022 were as follows:

	FISCAL YEAR 2022
Valuation Date	12/31/2020
Inflation	2.50%
Municipal Bond Index Rate:	
Prior measurement date	2.12%
Measurement date	2.06%
Health Care Cost Trends:	
Pre-Medicare	6.75%
ultimate trend rate	4.50%
year of ultimate trend rate	2030
Post-Medicare	5.13%
ultimate trend rate	4.50%
year of ultimate trend rate	2024

NOTE IV. – OTHER INFORMATION (Continued)

The discount rate used to measure the total OPEB liability was based on the Bond Buyer General Obligation 20-year Municipal Bond Index published at the end of the last week during the month of December by The Bond Buyer

Mortality rates were based on the RP-2000 mortality tables, with sex-distinct collar adjustments that align with the assumption used by the Florida Retirement System Pension Plan as required by 112.63(1)(f), F.S.

The actuarial assumptions used in the December 31, 2020 valuation were based on the results of an actuarial experience study for the period of January 1, 2020 through December 31, 2020.

Changes to Total OPEB Liability

	Total OPEB			
	Liability (a)			
Balances at 12/31/20	\$ 18,162,592			
Changes for the year:				
Service cost *		223,125		
Interest		380,268		
Changes in benefit terms		0		
Differences between expected				
and actual experience		(130,766)		
Changes in assumptions or other inputs		160,291		
Benefit payments		(453,204)		
Net changes		179,714		
Balances at 12/31/21	\$ 18,342,306			
* The service cost includes interest for the year.				

The total OPEB liability is based upon an actuarial valuation performed as of the Valuation Date, December 31, 2020. An expected total OPEB liability is determined as of December 31, 2021, the Measurement Date, using standard roll forward techniques. The roll forward calculation begins with the total OPEB liability, as of the Measurement Date, December 31, 2021, adds the annual normal cost (also called the Service Cost), interest at the Discount Rate for the year, and then subtracts the Benefit Payments for the year.

The City actuary has assumed no significant changes, other than the change in the Municipal Bond Index Rate, have occurred between the Valuation Date and the Measurement Date.

NOTE IV. – OTHER INFORMATION (Continued)

Since the Prior Measurement Date, the Discount Rate has changed from 2.12% to 2.06% due to a change in the Municipal Bond Rate.

There are no changes in benefit terms since the Prior Measurement Date.

No benefit payments are attributable to the purchase of allocated insurance contracts.

Sensitivity of the total OPEB liability to changes in the discount rate. Below represents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percent-point lower or 1-percent-point higher than the current discount rate:

Discount Rate Sensitivity					
1% Current 1%					1%
	Decrease		Discount Rate		Increase
1.06%			2.06%		3.06%
City's total OPEB liability	21,351,851	\$	18,342,306	\$	15,921,203

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The blended rate is comprised of the pre-Medicare health care cost trend rate is 6.75%, decreasing to 4.5% by 2030, and the post-Medicare health care cost trend rate is 5.13%, decreasing to 4.5% by 2024. Below represents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percent-point lower or 1-percent-point higher than the current healthcare cost trend rates:

Health Care Cost Trend Rate Sensitivity					
	1%			1%	
	Decrease Current			Increase	
Blended Rate Blended Rate			<u> </u>	Blended Rate	
City's total OPEB liability	\$ 15,788,219	\$ 18,342,30	6 \$	21,489,499	

NOTE IV. – OTHER INFORMATION (Continued)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2022, the City recognized an OPEB Income of \$1,014,208. Contributions made after the measurement date for the year ended September 30, 2022 were \$250,967. Contributions made after the measurement date are not included as a deferred outflow of resources in the table below. On September 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	
Differences between expected and actual experience	\$	\$ 7,435,701	
Changes of assumptions or other inputs Total	2,578,840 \$ 2,578,840	\$ 7,435,701	

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Measument Period Ended				
December 31:				
2022	\$ (943,315)			
2023	(943,315)			
2024	(943,315)			
2025	(806,745)			
2026	(563,956)			
Thereafter	(656,215)			
Total \$ (4,856,861)				

NOTE IV. – OTHER INFORMATION (Continued)

D. Deferred Compensation/Replacement Benefit Program

The City of Pensacola also has four retirement plans which are defined contribution pension plans. These plans provide benefits at retirement to general and public safety employees of the City. On September 30, 2022 there were 396 active plan members. The plan provisions and contribution requirements are established and may be amended by the City of Pensacola City Council. The following is a schedule of employee and employer contributions.

	General & Police Social Security Replacement Plan	Pension Replacement Plan	Non-Social Security Plan	Elected Officers & Part-time Employees Plan
Employee Contribution	4.7%, 5.7% or 6.7%	5.5%	\$10 minimum	7.5%
City Contributions	Matches employee's contribution up to 6.7%	0-5 yrs. of service 1.5% 5-10 yrs. of service 2.5% 10 or more years 6.5%	None	None
Employee Contribution for 9/30/22	\$1,191,740	\$40,905	\$709,363	\$-0-
City Contribution for 9/30/22	\$721,746	\$44,734	N/A	N/A

Employer and plan member contributions are recognized in the period that the contributions are due.

As required by Internal Revenue Code Section 457, the assets are held in trust for the employees' benefit. The Finance Director, selected by the government as the administrator, is responsible for the administration of the plan, including approval of certain investment alternatives (funds) which are made available to plan participants. The government has a fiduciary duty to administer the plan properly and to assure that the investment alternatives made available are reasonable. However, since plan participants select the investment fund or funds in which their deferred compensation accounts are invested, the government has no liability for investment losses which occur as a result of the investments selected by the plan participants.

E. Termination Benefits

The City of Pensacola does not offer any termination benefits to employees.

NOTE IV. – OTHER INFORMATION (Continued)

F. Litigation

The City is contingently liable with respect to other lawsuits and other claims incidental to the ordinary course of its operations. Although the outcome of these lawsuits is not presently determinable, in the opinion of management, based on the advice of counsel, the resolution of these matters will not have a material adverse effect on the financial condition of the City.

G. Grant Contingencies

The City has received numerous state and federal grants. The disbursement of funds received under these programs is subject to review and audit by grantor agencies. Any disbursements disallowed by these agencies could become a liability of the City. In the opinion of management, any such claims should not have a material adverse effect on the financial position of the City.

H. Contractual, Construction, and Equipment Commitments

The City has outstanding commitments for contractual services and for the construction and acquisition of property, plant and equipment at year end. The commitments represent the difference between the contract prices of the various projects and the amounts paid on each contract. Outstanding commitments by fund on September 30, 2022 were:

General Fund	\$ 618,055
Housing Assitances Payments	76,849
Natural Disaster Fund	3,261,470
American Rescue Plan Fund	1,158,314
Utility Fund	2,836,419
Sanitation Fund	9,547
Port Fund	554,100
Airport Fund	25,789,630
Nonmajor Government	13,327,817
Internal Service Fund	 227,622
Total	\$ 47,859,823

The Airport's outstanding commitment of \$25,789,630 is mainly due to project Titan. Project Titan is the continuation of the development of a commercial aircraft maintenance, repair, and overhaul ("MRO") campus at Pensacola International Airport that began with the occupancy of MRO Hangar 1 by VT MAE in the summer of 2018. Project Titan consists of the construction of three additional MRO Hangars, including warehouses/support services centers and an administrative office facility, all of which will be leased to VT MAE under the Master Lease Agreement. Total cost of Project Titan is estimated not exceed the amount of committed funds, currently totaling \$210,125,000. The project will be completed in phases, of which the first phase will be the construction of MRO Hanger 2. Airport's construction commitments will continue to be large until the project is completed.

NOTE IV. – OTHER INFORMATION (Continued)

I. Note Receivables

- **1.** Compressed Natural Gas (CNG) station financing. In October 2012, the City entered into a ten-year non-cancelable contract to lease the CNG Station to ECUA. The CNG station is financed for a principal amount of \$1,898,743 at 2.09% for ten years. In August 2014, the City and ECUA amended the agreement to finance an additional principal amount of \$96,400 at 2.09% for the remaining original contract term (September 30, 2022). The amendment was to fund the construction of a protective enclosure around the equipment at the CNG station. The monthly payments have been increased from \$17,548 to \$18,599 and are paid to the City at the beginning of each month until the end of the term, at which time ECUA will receive ownership of the building. As of September 30, 2022, the outstanding balance is \$18,531.
- **2.** Compressed Natural Gas (CNG) station financing. In August 2014, the City entered a ten-year non-cancelable contract to lease a second CNG Station to ECUA. The CNG station is financed for a principal amount of \$965,655 at 2.09% for ten years. The monthly payments of \$8,924 are paid to the City at the beginning of each month until the end of the term (July 31, 2024), at which time ECUA will receive ownership of the building. As of September 30, 2022, the outstanding balance is \$192,489.

J. Tax Abatements

The City of Pensacola provides tax abatements under the Economic Development Ad Valorem Tax Exemption (EDATE) program. The EDATE program provides tax abatements to attract and/or expand businesses within the City limits. The program was established by ordinance in accordance with Florida Statute Chapter 196.1995. The abatements are up to 100% of the assessed value of all improvements to real property made by or for the use of a new business and all tangible personal property of such new business, or up to 100% of the assessed value of all added improvements to real property made to facilitate the expansion of an existing business and the net increase in all tangible personal property acquired to facilitate such expansion of an existing business through a direct reduction of the business's property bill. Tax abatements may be granted to any new or expanding business as defined in Florida Statute Chapter 196.

The agreements include recapture provisions should the business receiving the tax abatement fail to meet its commitments, such as the submittal of the annual renewal application. No other commitments were made by the City as part of those agreements.

For the fiscal year ended September 30, 2022, the City abated real and tangible property taxes totaling \$218,771 under the EDATE program, including the following tax abatement agreements that exceed 10 percent of the total amount abated:

• A 100% real property tax abatement to real estate company for opening an apartment complex in the enterprise zone. The abatement amounted to \$213,193.

NOTE IV. – OTHER INFORMATION (Continued)

K. Change in Accounting Principle

The City adopted GASB Statement 87, "Leases" in fiscal year 2022. The change required the restatement of beginning net position for the governmental and business activities. The beginning net position for governmental -type activities increased by \$641,025 and the beginning net position for business-type activities increased by \$163,065.

B. Other Significant Commitments

- 1. Pensacola Energy Contract Natural Gas Purchases. Pensacola Energy has the option under its contract with its natural gas supplier, BP Corporation North America, to exercise several hedging options for the purchase of natural gas. This hedging strategy allows Pensacola Energy to purchase a percentage of its natural gas at specified prices for future delivery. Pensacola Energy, in concurrence with its commodities consultant, decide on pricing strategies due to the volatility in the market price of natural gas. Pensacola Energy enters into these hedging contracts to protect itself against volatility in the market price of natural gas. However, due to the instability of the market, the market price to purchase natural gas may be lower than the price at which Pensacola Energy is committed to buy. Should the natural gas supplier fail to fulfill the gas hedging contracts, the terms of the contract include provisions for recovering the cost in excess of the guaranteed price from the natural gas supplier should Pensacola Energy have to procure natural gas on the open market. While Pensacola Energy does take advantage of the hedging contract, since BP Corporation North America is not required to store a set amount of natural gas for Pensacola Energy there is no financial statement value.
- **2.** *Multi-Use Facility Agreement*. On July 20, 2011, CMPA and Northwest Florida Professional Baseball (NFPB), the owner of the Blue Wahoos "AA" minor league baseball franchise, entered into an agreement for NFPB's use of the baseball stadium at the Park. The term of the agreement is for 10 years, with two optional 5-year renewal periods, and requires NFPB to pay an annual use fee of \$175,000 plus attendance and variable ticket surcharges. In addition, the agreement requires that revenues collected from the variable ticket surcharge be set aside to fund capital maintenance and repairs at the Vince Whibbs Sr. Community Maritime Park.

In April 2015, NFPB exercised the option to purchase the naming rights to the multi-use facility. After payment of costs and expenses associated with the sale of the naming rights, CMPA was entitled to receive 50% of the revenue generated from the sale which totaled \$787,500. CMPA will receive these funds over the course of 7 years in annual payments of \$112,500. With the dissolution of the CMPA on June 1, 2017, the Multi-Use Facility Agreement was assigned to the City.

On September 22, 2021, NFPB provided noticed to the City to extend the agreement and exercise their option through March 31, 2032, utilizing both of the two (2) five (5) year renewal terms available under the agreement.

NOTE IV. – OTHER INFORMATION (Continued)

Community Redevelopment Agency (CRA)

- **1.** *CRA Interlocal Agreement Downtown Improvement Board.* On September 11, 2022, the Agency and the Pensacola Downtown Improvement Board (DIB) entered into an Interlocal Agreement whereby the Agency agreed to contribute to the DIB an annual amount equal to the funds paid into the Urban Core Redevelopment Trust Fund by the DIB through September 30, 2025. The primary purpose of the contribution was for the development and implementation of a downtown housing and parking strategy or any other proper functions of the DIB, provided such functions are reasonably consistent and compatible with the long-term goals and objectives outlined in the Urban Core Redevelopment Plan. The annual installments to the DIB are paid from Tax Increment Revenues derived from the Urban Core Redevelopment Area. Payments for the year ended September 30, 2022 totaled \$357,534.
- **2.** *CRA Interlocal Agreement Main Street Wastewater Treatment Plant.* On June 26, 2009, the City and the Agency entered into an Interlocal Agreement whereby the Agency agreed to pay the Emerald Coast Utilities Authority \$19.5 million towards the relocation of the Main Street Wastewater Treatment Plant. The obligation was recorded in fiscal year 2012 upon project completion. Annual installments to the Authority of \$1.3 million began in fiscal year 2013 and will extend through fiscal year 2027. The annual installments to the Authority will be paid from Tax Increment Revenues derived from the Urban Core Redevelopment Area and any shortfall paid by the City will be reimbursed by the Agency when funds are available. Payments for the year ended September 30, 2022 totaled \$1,300,000.
- **3.** CRA Interlocal Agreement Eastside Redevelopment Loan. On September 30, 2016, as amended on August 10, 2017, the City and the Agency entered into an Interlocal Agreement which established the terms and conditions by which the City would provide a loan to the Agency in the principal amount of \$500,000 to finance a portion of the cost associated with the design, construction and acquisition of the General Daniel "Chappie" James, Jr. Museum and Youth Flight Academy. The loan was made from the City's Insurance Retention Fund to the Agency's Eastside TIF District and has a thirty (30) year term with interest only being paid until the twenty (20) year Eastside Redevelopment Revenue Bond, Series 2017 has matured. Principal payments begin December 31, 2037 and end on December 31, 2045. Since the principal repayment on the loan does not start until December 31, 2037, the full interfund balance was reduced and a transfer between the Eastside TIF District Fund and the City was recorded. At the point of repayment, the full long-term liability will be recorded and the transfer reversed.

CITY OF PENSACOLA, FLORIDA NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2022

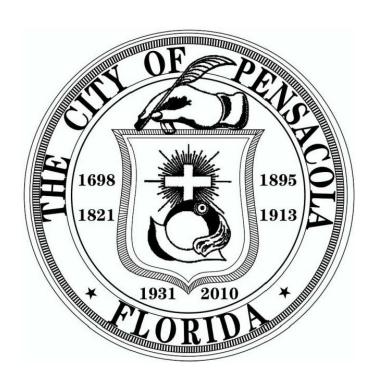

NOTE IV. – OTHER INFORMATION (Continued)

- **4.** *CRA Interlocal Agreement Administrative Services.* On September 22, 2017, as amended on August 13, 2019, the City and the Agency entered into an Interlocal Agreement whereby the City agreed to provide administrative services to the Agency through December 31, 2045. Administrative services include personal, financial, legal, engineering, planning, purchasing, construction, insurance, title and construction services. All personal assigned by the City are employees of the City and are not officers, employees or agents of the Agency. As such, the Agency has no pension obligation, other post-employment obligations or other liabilities related to personal. In consideration of the services, the Agency reimburse the City based on the actual cost of services. Payments for the year ended September 30, 2022 totaled \$692,142.
- **5.** CRA Interlocal Agreement Urban Core Landscape Maintenance Services. On September 22, 2017, the City and the Agency entered into an Interlocal Agreement whereby the City agreed to provide landscape maintenance services and park and public space enhancements and accessibility improvements on the Agency's behalf through December 31, 2043. These services include the cost to maintain any improvements to various public facilities within the Urban Core Community Redevelopment Area which, pursuant to the Urban Core Community Redevelopment Plan, the Agency has made. In consideration of the services, the Agency reimburse the City based on the actual cost of services. Payments for the year ended September 30, 2022 totaled \$350,966.
- **6.** CRA Interlocal Agreement Eastside Landscape Maintenance Services. On November 15, 2017, the City and the Agency entered into an Interlocal Agreement whereby the City agreed to provide landscape, park, property management, leasing, accessibility improvement, public space enhancement, and facilities maintenance services on the Agency's behalf through December 31, 2045. These services include the cost to maintain any improvements to various public facilities within the Eastside Community Redevelopment Area which, pursuant to the Eastside Community Redevelopment Plan, the Agency has made. In consideration of the services, the Agency reimburse the City based on the actual cost of services. Payments for the year ended September 30, 2022 totaled \$17,149.
- 7. CRA Interlocal Agreement Community Policing Innovations. On September 20, 2021, the City and the Agency entered into an Interlocal Agreement whereby the City agreed to provide additional policing services within the Urban Core Community Redevelopment Area through September 30, 2022. These services aim to reduce crime by reducing opportunities for, and increasing perceived risk of engaging in, criminal activity through visible presence of police. In consideration of the services, the Agency reimburse the City based on the actual cost of services. Payments for the year ended September 30, 2022 totaled \$92,138

CITY OF PENSACOLA, FLORIDA NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2022

NOTE IV. – OTHER INFORMATION (Continued)

8. CRA Interlocal Agreement – Community Maritime Park Stadium Improvements. On July 23, 2021, the City and the Agency entered into an Interlocal Agreement whereby the Agency agreed to contribute up to \$2,000,000 to fund certain improvements at the Vince Whibbs Sr. Community Maritime Park Blue Wahoos Stadium. Such improvements include, but are not limited to, the conversion of the Blue Wahoos Stadium baseball field from natural grass to synthetic turf and any irrigation changes need to accommodate the conversion, the conversion of the Blue Wahoos Stadium lights to LED, the removal of existing bullpens and construction of new bullpens, the construction of new batting cages, the purchase of additional training tables, dishwashers and surveillance equipment, internet and phone upgrades, replacement of HWC chairs, painting, repairs to seats, flooring, electrical outlets and elevators all in furtherance of maximizing the use and impact of the Vince Whibbs Sr. Community Maritime Park improvements paid for with tax increment revenues derived from the Urban Core Community Redevelopment Area. As of September 30, 2022, \$1,689,068 has been paid towards improvements.

NONMAJOR GOVERNMENTAL FUNDS

INTERNAL SERVICE FUNDS

FIDUCIARY FUNDS

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Special Grants Fund – to account for various private, state and federal grant receipts and the expenditures thereof.

Local Option Gasoline Tax Fund - to account for the receipt and expenditures of gasoline tax revenue.

Community Development Block Grant Fund - to account for the community development block grant and the housing rehabilitation program federal grant receipts and the expenditures thereof.

Community Redevelopment Agency Fund - to account for the tax increment development receipts and expenditures thereof.

Urban Core Redevelopment Trust - to account for the tax increment development receipts and the expenditures thereof.

Stormwater Utility Fund – to account for the receipt and expenditures for the operating and maintenance activities related to stormwater.

Parking Fund – To account for the public parking services receipts and the expenditures thereof.

Law Enforcement Trust Fund - to account for proceeds from the sale of confiscated property. Expenditure of such funds is restricted to law enforcement purposes.

Golf Course Fund - to account for the revenues and expenditures of the Osceola Golf Course and Pro Shop.

Eastside Tax Increment Financing District - to account for the tax increment revenues associated with programs and projects identified in Eastside Community Redevelopment Area.

Inspections Fund – to account for the revenues and expenditures of collections as regulated under Florida Statue 553 referred to as the 'Florida Building Code'.

Westside Tax Increment Financing District – to account for the tax increment revenues associated with programs and projects identified in Westside Community Redevelopment Area.

Recreation Fund – to account for the revenues and expenditures of recreation center and athletic activities.

Tennis Fund – to account for the revenues and expenditures of the Roger Scott Tennis Center.

CMP Management Services Fund – to account for the revenues and expenditures related to the Community Maritime Park.

Debt Service Fund

Debt service funds are used to account for resources accumulated and payments made for principal and interest on long-term debt of governmental funds.

CRA Debt Service Fund - to provide monies for payment of the Redevelopment Revenue Bond(s) financed with tax increment financing revenues derived from the Urban Core, Eastside and Westside Tax Increment Financing Districts.

Local Option Gas Tax Debt Service Fund – to provide monies for the payment of the 2016 Local Option Gas Tax Bond. Financing is provided from future Local Option Gasoline Tax proceeds.

Capital Projects Funds

Capital project funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

CRA 2017 Project Fund – a capital project fund that accounts for various community development projects within the Pensacola Inner City Community Redevelopment Area. Financing is provided by amounts received from the Eastside Redevelopment Revenue Bond, Series 2017, the Westside Redevelopment Revenue Bond, Series 2017 and the Urban Core Redevelopment Revenue Bond, Series 2017.

CRA 2019 Project Fund – a capital project fund that accounts for various community development projects within the Urban Core Redevelopment Area. Financing is provided by amounts received from the Urban Core Redevelopment Revenue Bond, Series 2019.

Local Option Sales Tax Project Fund – to account for the construction of various infrastructure improvements. Financing is provided by amounts received from Infrastructure Sales Surtax Revenue Bond, Series 2017.

Stormwater Capital Fund – to account for the expenditures of stormwater improvements. Financing is provided by a transfer from the General Fund of matching receipts collected by the stormwater utility fee.

INTERNAL SERVICE FUNDS

Internal service funds are used to account for the financing of goods or services provided by one department to other departments of the government on a cost reimbursement basis.

General Stock Account - to account for the cost of operating a central warehouse facility used by other City departments. Material purchases are recovered from the users.

Insurance Retention Fund - to account for the City's self-insurance program.

Central Services Fund - to account for the operation of the City Mail Room, Management Information Services, Engineering, and City Garage Facilities.

FIDUCIARY FUNDS

Fiduciary funds are trust funds used to account for assets held by the City in a trustee capacity for individuals, other governmental units and/or other funds.

PENSION TRUST FUNDS

Pension Trust Funds account for financial operations of the City's three pension plans.

General Pension and Retirement Fund – to account for the accumulation of resources to be used for pension and retirement payments for substantially all City employees except for those in the Fire and Police Pension Funds. Resources are contributed by employees and the City at actuarially determined rates. On June 18, 2007 the City's General Pension and Retirement Plan was closed to all new employees. Existing participants were given the option to participate in the Florida Retirement System or remain in the City's General Pension and Retirement Plan.

Firefighter's Relief and Pension Fund – to account for the accumulation of resources to be used for pension and retirement payments for all firefighters. Resources are contributed by employees and the City at actuarially determined rates.

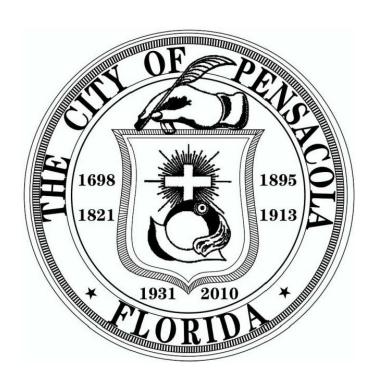

Police Officer's Retirement Fund – to account for the accumulation of resources to be used for pension and retirement payments for all police officers. Resources are contributed by employees and the City at actuarially determined rates. On January 1, 2013 the City's Police Officers' Retirement Fund was closed to all new employees. Existing participants were given the option to participate in the Florida Retirement System or remain in the City's Police Officers' Retirement Fund.

STATISTICAL SECTION

This part of the City of Pensacola's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the city's overall financial health.

Financial Trends - These schedules contain trend information to help the reader understand how the city's financial performance and well-being have changed over time.

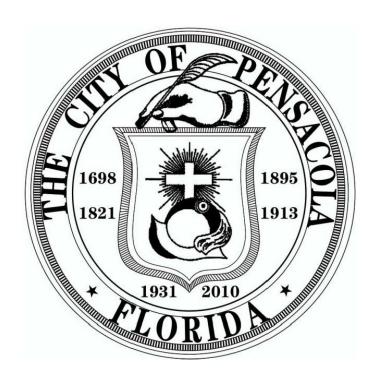

Revenue Capacity - These schedules contain information to help the reader assess the factors affecting the city's ability to generate its property, sales taxes, and utility revenue.

Debt Capacity - These schedules present information to help the reader assess the affordability of the city's current levels of outstanding debt and the city's ability to issue additional debt in the future. Note the city has no general obligation debt.

Demographic and Economic Information - These schedules offer demographic and economic indicators to help the reader understand the environment within which the city's financial activities take place and to help make a comparison over time and with other governments.

Operating Information - These schedules contain information about the city's operations and resources to help the reader understand how the city's financial information relates to the services the city provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Notes:

- (a) In FY 13, CMPA Construction Fund interest was included into governmental activities due to GASB No. 65 implementation.
- (b) In FY 15, BP claim was settled for the BP Deep Horizon Oil Spill in 2010 and the City was awarded \$5,351,922
- (c) In FY 17, the City cancelled the \$54,079,902 loan the CTA Investment Fund, LLC made to CMPA and the loan the City made to CTA Investment Fund, LLC which resulted in a net gain to the City of \$14,266,276.
- (d) In FY 19, the City created the Hospital Special Assement Fund to account for the receipts from local hospitals and subsequently submit to the State for health care provisions.

City direct sales tax rate (b)

Source: Florida Department of Revenue

Notes: Data presented reflects Escambia County.

- (a) 2022 data only represents the first nine months of the calendar year.
- (b) The city has no direct tax rate. However, the city receives a portion of the proceeds from the Half Cent Sales Tax and the Local Option Sales Tax. The distribution of the proceeds of the Half Cents Sales Tax and the Local Option Sales Tax to the incorporated municipalities of the County are controlled by the formula set forth in Section 218.65 and 218.62, Florida Statues.

- Notes: (a) The Purchase Gas Adjustment (PGA) is a monthly adjustment to the gas rate due to increases in the cost of gas purchased for resale. The Weather Normalization Adjustment (WNA) is an adjustment to the gas rate to account for fluctuations in consumption due to colder or warmer weather during the months of October through March of the previous or current fiscal year. PGA and WNA rates are based on a yearly average. Both the base rate and the PGA/WNA rates need to be taking into consideration when determining the yearly rate per Mcf.
 - (b) Interruptible and transportation rates per Mcf are not reported as rates are negotiated on a customer by customer bases.
 - (c) The increase to rates took effect in the beginning of the monthly October 2013 billing cycle
 - (d) The increase to rates took effect in the beginning of the monthly October 2014 billing cycle
 - (e) The decrease to rates took effect in the beginning of the monthly October 2015 billing cycle
 - (f) The increase to rates took effect in the beginning of the monthly October 2017 billing cycle
 - (g) The increase to rates took effect in the beginning of the monthly October 2018 billing cycle
 - (h) The increase to rates took effect in the beginning of the monthly October 2019 billing cycle

Source: Debt outstanding provided by Escambia County Clerks office.

Estimated percentages for Escambia County is obtained by dividing the city's population by the counties population.

Estimated percentages for Escambia County School Board is obtained by dividing the city's population by the counties population.

Notes: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Pensacola. This process recognizes that, when considering the city's ability to issue and repay long term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every tax payer is a resident - and therefore responsible for repaying the debt - of each overlapping government.

Escambia County School District Bonds includes \$9,665,793 of unamortized premiums.

Escambia County Sales Tax Revenue Bonds, Series 2017 and Capital Improvement Refunding Revenue Bonds, Series 2018 includes \$12,510,637 of unamortized premiums.

Source: City Finance Office

Notes: Details regarding the city's outstanding debt can be found in the notes to the financial statements. Interest consist of both variable and fixed rates.

- (a) Operating expenses are net of depreciation expenses.
- (b) The other requirements amount is comprised of the prior year's coverage plus non-obligated capital improvements and any excess operating funds.
- (c) Excludes debt payments which were paid with bond proceeds.
- (d) Excludes debt payments which were paid with sinking fund reserves.
- (e) The coverage table is for illustrative purposes as required by GAAP. See CFC Bank of America Note.
- (f) The coverage table is for illustrative purposes as required by GAAP. See PFC Rate Maintenance covenant in Resolution 17-08 for coverage requirements.
- (g) Excludes debt payments which were paid with bond proceeds and federal subsidy payments.
- (h) Local Option Gasoline Tax revenues along with funds available in the Local Option Gas Tax Debt Service Fund are sufficient to make annual debt service payments.
- (j) Fiscal year 2020, 2021, and 2022 includes \$5 million, \$4 million and \$5 million, respectively, in CARES Act grant funding which paid for Airport operations.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of the City Council City of Pensacola, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Pensacola, Florida ("the City"), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated March 23, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements.

However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

Warren averett, LLC

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, STATE PROJECT AND PASSENGER FACILITY CHARGE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE, CHAPTER 10.550, RULES OF THE AUDITOR GENERAL AND THE PFC AUDIT GUIDE FOR PUBLIC AGENCIES

Honorable Mayor and Members of the City Council City of Pensacola, Florida

Report on Compliance for Each Major Federal Program, State Project, and Passenger Facility Charge Program

Opinion on Each Major Federal Program, State Project, and Passenger Facility Charge Program We have audited the City of Pensacola, Florida's (the "City") compliance with the types of compliance requirements described in the OMB Compliance Supplement, the requirements described in the Department of Financial Services' State Projects Compliance Supplement, and the compliance requirements described in the Passenger Facility Charge Audit Guide for Public Agencies, issued by the Federal Aviation Administration, that could have a direct and material effect on each of the City's major federal programs, state projects and its passenger facility charges program for the year ended September 30, 2022. The City's major federal program and state financial assistance projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, City of Pensacola, Florida complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs, state projects, and passenger facility charges program for the year ended September 30, 2022.

Basis for Opinion on Each Major Federal Program, State Project, and Passenger Facility Charge Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance); the compliance requirements described in the Passenger Facility Charge Audit Guide for Public Agencies, and Chapter 10.550, Rules of the Auditor General. Our responsibilities under those standards, the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program and state project. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal programs, state projects, and passenger facility charges.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, issued by the Comptroller General of the United States; Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal* Awards (Uniform Guidance); Chapter 10.550, *Rules of the Auditor General*, and the *Passenger Facility Charge Audit Guide for Public Agencies*, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program and state project as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and *Passenger Facility Charge Audit Guide for Public Agencies* we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
 and perform audit procedures responsive to those risks. Such procedures include examining, on
 a test basis, evidence regarding the City's compliance with the compliance requirements referred
 to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order
 to design audit procedures that are appropriate in the circumstances and to test and report on
 internal control over compliance in accordance with the Uniform Guidance and the Florida
 Department of Financial Services State Projects Compliance Supplement, and the Passenger
 Facility Charge Audit Guide for Public Agencies but not for the purpose of expressing an opinion
 on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is
 expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Purpose of this Report

Warren averett, LLC

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, and *Passenger Facility Charge Audit Guide for Public Agencies*. Accordingly, this report is not suitable for any other purpose. Accordingly, this report is not suitable for any other purpose.

Pensacola, Florida March 23, 2023

INDEPENDENT ACCOUNTANTS' REPORT ON EXAMINATION OF COMPLIANCE REQUIREMENTS IN ACCORDANCE WITH CHAPTER 10.550, RULES OF THE AUDITOR GENERAL

Honorable Mayor and Members of the City Council City of Pensacola, Florida

We have examined the City of Pensacola, Florida's (hereinafter referred to as the "the City") compliance with the following requirement for the year ended September 30, 2022:

(1) Florida Statute 218.415 in regards to investments.

Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City has complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2022.

This report is intended solely for the information and use of the City and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

Pensacola, Florida March 23, 2023

TOTAL EXPENDITURES OF STATE FINANCIAL ASSISTANCE

NOTE TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS, PASSENGER FACILITY CHARGE AND STATE FINANCIAL ASSISTANCE

The schedule of expenditures of federal awards, passenger facility charge, and state financial assistance is presented on the accrual basis of accounting in accordance with generally accepted accounting principles. Such expenditures are recognized following the cost principles contained in 2 CFR 200 Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The City has elected to use the 10-percent de minimis indirect cost rate as covered in 2 CFR 200.414 of the Uniform Guidance for Federal Awards.

The City has a loan program for low income housing renovations funded through the Community Development Block Grants and a loan program for home reconstruction funded through the HOME Investment Partnerships Program Grants. Under these programs, repayments to the City are considered program revenues (income) and loans of such funds to eligible recipients are considered expenditures. The amount of loan funds disbursed to program participants for the year was \$0.00 and \$0.00, respectively, and is presented in this schedule. The amount of principal and interest received in loan repayments for the year was \$76,076 and \$83,865 respectively. The balance of the loans outstanding as of fiscal year end consist of:

Community Development Block Grants CFDA number 14.218 \$880,045 HOME Investment Partnerships Program Grants CFDA number 114.239 \$632,799

- Includes debt service of \$1,702,236 Includes interest earnings of \$56,163

MANAGEMENT LETTER

Honorable Mayor and Members of the City Council City of Pensacola, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Pensacola, Florida (hereinafter referred to as the "City"), as of and for the year ended September 30, 2022, and have issued our report thereon dated March 23, 2023.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance); Chapter 10.550, Rules of the Florida Auditor General; and Passenger Facility Charge Audit Guide for Public Agencies, issued by the Federal Aviation Administration.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control Over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program, State Project, and Passenger Facility Charge Program and on Internal Control over Compliance Required by the Uniform Guidance; Schedule of Findings and Questioned Costs; and Independent Accountants' Report on Examination of Compliance Requirements in Accordance with Chapter 10.550, *Rules of the Auditor General.* Disclosures in those reports and schedule, which are dated March, 23, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. No findings were reported in the prior year.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require that we apply appropriate procedures and report the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c, *Rules of the Auditor General*, requires that we determine whether or not a special district that is a component unit of the City provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the City in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we determined that all special district component units provided the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the Downtown Improvement Board (the Board), a dependent special district of the City, reported:

- a. The total number of Board employees compensated in the last pay period of the district's fiscal year as two.
- b. The total number of independent contractors to whom nonemployee compensation was paid in the last month of the Board's fiscal year as zero.
- c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as \$111,581.
- d. All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as \$0.
- e. Each construction project with a total cost of at least \$65,000 approved by the Board that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project as No planned projects.
- f. A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the Board amends a final adopted budget under Section 189.016(6), Florida Statutes. The Board increased revenues by \$51,578, expenditures by \$141,032, and use of fund balance by \$89,454 from the adopted budget.

The specific information reported in the previous paragraph has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Additional Matters

Section 10.554 (1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Warren averett, LLC

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

- Federal Assistance Listing Number 21.027 U.S. Department of Treasury American Rescue Plan: Coronavirus State and Local Fiscal Recovery Funds

State Projects:

- CSFA No. 40.043 Department of Economic Opportunity Economic Development Tax Refund, Tax Credit, and Grant Program
- CSFA No. 77.048 Florida Fish and Wildlife Conservation Commission Deepwater Horizon Oil Spill

Matter	Conclusion
Adjustments detected by the audit process	■ None.
Other matters	 No instances of fraud or illegal acts were noted. No material uncertainties were noted. No significant changes to our planned scope or approach were required during year end fieldwork.
Financial statement disclosures	The disclosures are neutral, consistent and clear.
Disagreements with management	■ None.
Management consultations with other accountants	Management has informed us that they have not consulted with other accountants.
Difficulties encountered performing the audit	■ None.
Management representations	Management has provided us with certain representations that are included in the management representation letter.

Other Audit Matters

Changes in Accounting Policies

As discussed in Note 8 to the financial statements, in 2022 the City adopted new accounting guidance, GASB Statement No. 87, Leases. Our opinion is not modified with respect to this matter.

Significant or Unusual Transactions

We noted no transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the City are described in Note 1 to the financial statements.

Major Estimates and Judgments

Certain aspects of accounting are more qualitative and require more judgment and estimation by management. The following items represent the more significant qualitative areas:

- Reserve for doubtful accounts receivable
- Reserve for doubtful loans receivable
- Decisions over what to capitalize, useful lives of depreciable assets and losses on such assets not yet realized
- Measurement of the actuarial obligations for the pension plans, other post-employment benefit plans and self-insurance plan

We have assessed these areas in considering the overall fairness and completeness of the financial statements taken as a whole.

LEGISLATIVE ACTION ITEM

SPONSOR: D.C. Reeves, Mayor

SUBJECT:

QUASI-JUDICIAL HEARING - FINAL SUBDIVISION PLAT - GIRARD PLACE PHASE II

RECOMMENDATION:

That City Council conduct a quasi-judicial hearing on April 13, 2023, to consider approval of the Final Subdivision Plat, Girard Place Phase II.

HEARING REQUIRED: Quasi-Judicial

SUMMARY:

Segan Ventures, LLC is requesting Final Plat approval for the Girard Place Phase II subdivision located along South Reus Street, near Garden Street. These properties are located within the C-2 zoning district, of which three (3) parcels will be subdivided into twelve (12) lots to accommodate single-family attached residences. Additionally, these fall within the Dense Business Area (DBA) and the Governmental Center District overlay (GCD).

On March 14, 2023, the Planning Board recommended approval of the final plat in a 5:0 vote.

This proposed development is in District 7.

Sec. 12-7-6. Sites for public use.

- (a) School sites. The planning board may, where necessary, require reservation of suitable sites for schools; and further, which sites shall be made available to the county school board for their refusal or acceptance. If accepted by the school board, it shall be reserved for future purchase by the school board from the date of acceptance for a period of one year.
- (b) Sites for park and recreation or open space. Each subdivision plat shall be reviewed by the planning and leisure services departments in order to assess the following: park and recreational or open space needs for the recreation service area within which the subdivision is located and for the city as a whole; and characteristics of the land to be subdivided for its capability to fulfill park, recreation or open space needs. Based on this review the city staff shall recommend one of the following options:
 - (1) Dedication of land for park, recreation or open space needs. The subdivider or owner shall dedicate to the city for park and recreation or open space purposes at least five percent of the gross area of the residential subdivision. In no case shall the aggregate acreage donated be less than one-quarter acre.
 - (2) Payment of money to an escrow account for park, recreation or open space needs in lieu of dedication of land. The subdivider or owner shall pay unto the city such sum of money equal in value to five percent of the gross area of the subdivision thereof, which sum shall be held in escrow and used by the city for the purpose of acquiring parks and developing playgrounds and shall be used for these purposes and no others. The aforementioned value shall be the value of the land subdivided without improvements and shall be determined jointly by the mayor and the subdivider. If the mayor and subdivider cannot agree on a land value, then the land value shall be established by arbitration. The mayor shall appoint a professional land appraiser, the subdivider shall appoint a professional land appraiser, and these two shall appoint a third.
- (c) Public streets. All streets delineated on all plats submitted to the city council shall be dedicated to all public uses including the use thereof by public utilities, unless otherwise specified herein.

(Code 1986, § 12-8-6; Ord. No. 9-96, § 14, 1-25-1996; Ord. No. 16-10, § 223, 9-9-2010)

Open Space Requirements (only applicable to residential subdivision)				
Sec. 12-7-6 requires (a) the dedication of 5% of the gross area for open space purposes, or (b) a fee in lieu of land dedication. Please calculate and check the preferred method of meeting the requirement:				
	(a) Total Land Area: _o lo 2 acres			
1	5% for land dedication: acres			
	(may NOT equal less than 1/4 acre)			
	(b) Value of Land \$ (per Escambia County Property Appraiser)			
	Fee in lieu of land dedication (5% of land value) \$			
	(Check payable to the City of Pensacola. Due after plat approval, <u>prior to receiving signatures</u>)

<u>Approval of Meeting Minutes</u> – Board Member Villegas made a motion to approve the February 14, 2023, minutes, seconded by Board Member Sampson, and it carried 5:0.

City of Pensacola Planning Board Minutes for March 14, 2023 Page 2

New Business –

Request for Final Plat Approval – Girard Place Phase II – 302 W. Romana Street / Zone C-2 – District 7

Assistant Planning & Zoning Manager, Harding introduced the request to approve final plat for Girard Place Phase II, which is located along South Reus Street near Garden Street in the C-2 zoning district of which three (3) parcels will be subdivided into twelve (12) lots to accommodate single-family attached residences that falls within the Dense Business Area (DBA) and the Governmental Center District (GCD). A standard of DBA is having a front yard maximum of 10 foot and the GCD is an overlay subject to Architectural Review Board (ARB) review. The preliminary plat was approved at the January 10, 2023 planning board meeting. This application has been routed through the various City departments and utility providers and all comments have been addressed. Additionally, the applicable City Council members have been notified and this item has been properly noticed. Brett Orell of Poly Surveying spoke on behalf of applicant, he stated they have addressed additional comments from the utilities companies and there are no changes to the plat itself. The architects and engineers are currently working on finalizing site drainage and there's no timeline currently. This item will go before City Council on April 13, 2023. Board Member Grundhoefer inquired if it had gone before the ARB, and the answer was, yes in March 2017. Assistant Planning & Zoning Manager, Harding stated, if there are any design or siting changes it could be addressed through an ARB abbreviated review. Brett Orell clarified the intended design of the buildings will be comparable to what's there now, there are no changes to be made. Board Member Villegas made a motion to approve, seconded by Board Member Grundhoefer and it carried 5:0.

Request for Final Plat Approval – Main Street Crossings – 555 S. 'G' Street / Zone C-3 – District 7

Assistant Planning & Zoning Manager, Harding introduced the request to approve the final plat for Main Street Crossings in which one (1) parcel will be subdivided into thirty-two (32) lots to accommodate townhomes. This property is in the C-3 Commercial zoning district and within the CRA Urban Design Overlay. The preliminary plat was approved at the December 13, 2022, planning board meeting. This application was routed through the various City departments and utility providers and all comments have been addressed. Additionally, the applicable City Council Member has been notified and this item has been properly noticed. Clint Geci of Geci and Associates stated nothing has changed and they are ready to move forward. Chairperson Ritz stated he's not sure if building has been torn down but this will be a much better project for this site. Board Member Grundhoefer inquired about the stormwater, Clint Geci informed the board the center parcel will be used for additional parking and the site would be raised for underground stormwater with underground chambers to accommodate stormwater. All access will be through H and I streets, all units will be accessed through the back, which is preferred and a requirement of the CRA Urban Design Overlay. Assistant Planning & Zoning Manager, Harding stated they have not seen vertical construction plans, but when they are submitted, they will be reviewed by city staff. A discussion then started explaining what the underground chambers are and how they work. Chairperson Ritz stated that if anyone saw Publix on Cervantes being built, they used the same product to address the stormwater there. **Board** Member Villegas made a motion to approve, seconded by Board Member Van Hoose and it carried 5:0.

LEGISLATIVE ACTION ITEM

SPONSOR: D.C. Reeves, Mayor

SUBJECT:

QUASI-JUDICIAL HEARING - FINAL SUBDIVISION PLAT - MAIN STREET CROSSINGS

RECOMMENDATION:

That City Council conduct a quasi-judicial hearing on April 13, 2023, to consider approval of the Final Subdivision Plat, Main Street Crossings.

HEARING REQUIRED: Quasi-Judicial

SUMMARY:

GECI and Associates Engineers, LLC, is requesting Final Plat approval for the Main Street Crossings townhome subdivision located at 555 South G Street. This property is located in the C-3 Commercial zoning district and within the CRA Urban Design Overlay. One (1) parcel will be subdivided into thirty-two (32) lots to accommodate single-family attached residences.

On March 14, 2023, the Planning Board recommended approval of the final plat in a 5:0 vote.

This proposed development is in City Council District 7.

RE: Main Street Crossings Final Plat Submittal G&A Reference No. 28808

Dear Gregg:

On behalf of aDoor Development, LLC, we are submitting the revised Final Plat for Main Street Crossings. Please note the following response to comments:

Zoning Review

- 1. Remove the first comment under "Minimum Yard Requirements". This note has been removed from the Plat.
- 2. Amend the second to state the following: In addition to the C-3 zoning district, this property is located within the CRA Urban Design Overlay District. The development standards which apply can be found within Sec. 12-3-31, specifically Table 12-3-31.5. The standards within Sec. 12-3-7 do NOT apply to this development. Additionally, the property is being proposed for single-family attached (townhouse) development only. This note has been amended accordingly.
- 3. Please be advised the Open Space/Recreation fee is due with the recording of the Final Plat. This amount is derived from the value of the land per ESCPA. Per the ESCPA data, this equals \$20,160.00. Acknowledged.

Public Works Review

- 1. It was noted that the Engineer submitted plans and stormwater calculations. Please ensure the Engineer understands our approval of the plat is in no way approval of the plans or cales. They will still need to go through the MGO permitting process. Acknowledged.
- 2. A boundary survey must accompany the final plat per F.S. Chapter 177.041(1). A signed & sealed copy of the Boundary Survey is provided with this submittal.

- 3. Monumentation shall be set at all lot corners per F.S. Chapter 177.091(9). Monumentation will be set after Final Plat approval, and after infrastructure has been constructed; it is understood that monumentation is required before Final Plat recording.
- 4. Along the north line of Main Street being the south portion of the platted area, how can a 1.0' Non-Access Easement (Public) overlap a 19' and 25' Utility & Access Easement (Public)? The non-access easement will restrict future driveway connections to Main Street. The Plat labeling implies that the Utility Easement gives rights to access the utility easement for maintenance; to avoid confusion, the word "access" was removed from the utility easement labeling.

With this letter, please find the following items:

- 1. One (1) pdf copy of the Final Plat
- 2. One (1) signed & sealed pdf copy of the Boundary Survey

If you need any additional information, please feel free to give us a call.

Sincerely

GECI AND ASSOCIATES ENGINEERS, INC.

 C-3 Council District 7
- Open Forum
- Discussion
- Adjournment

Call to Order / Quorum Present

Chairperson Paul Ritz called the meeting to order at 2:00 pm with a quorum present and explained the procedures of the Board meeting including requirements for audience participation.

<u>Approval of Meeting Minutes</u> – Board Member Villegas made a motion to approve the February 14, 2023, minutes, seconded by Board Member Sampson, and it carried 5:0.

City of Pensacola Planning Board Minutes for March 14, 2023 Page 2

New Business -

Request for Final Plat Approval – Girard Place Phase II – 302 W. Romana Street / Zone C-2 – District 7

Assistant Planning & Zoning Manager, Harding introduced the request to approve final plat for Girard Place Phase II, which is located along South Reus Street near Garden Street in the C-2 zoning district of which three (3) parcels will be subdivided into twelve (12) lots to accommodate single-family attached residences that falls within the Dense Business Area (DBA) and the Governmental Center District (GCD). A standard of DBA is having a front yard maximum of 10 foot and the GCD is an overlay subject to Architectural Review Board (ARB) review. The preliminary plat was approved at the January 10, 2023 planning board meeting. This application has been routed through the various City departments and utility providers and all comments have been addressed. Additionally, the applicable City Council members have been notified and this item has been properly noticed. Brett Orell of Poly Surveying spoke on behalf of applicant, he stated they have addressed additional comments from the utilities companies and there are no changes to the plat itself. The architects and engineers are currently working on finalizing site drainage and there's no timeline currently. This item will go before City Council on April 13, 2023. Board Member Grundhoefer inquired if it had gone before the ARB, and the answer was, yes in March 2017. Assistant Planning & Zoning Manager, Harding stated, if there are any design or siting changes it could be addressed through an ARB abbreviated review. Brett Orell clarified the intended design of the buildings will be comparable to what's there now, there are no changes to be made. Board Member Villegas made a motion to approve, seconded by Board Member Grundhoefer and it carried 5:0.

Request for Final Plat Approval – Main Street Crossings – 555 S. 'G' Street / Zone C-3 – District 7

Assistant Planning & Zoning Manager, Harding introduced the request to approve the final plat for Main Street Crossings in which one (1) parcel will be subdivided into thirty-two (32) lots to accommodate townhomes. This property is in the C-3 Commercial zoning district and within the CRA Urban Design Overlay. The preliminary plat was approved at the December 13, 2022, planning board meeting. This application was routed through the various City departments and utility providers and all comments have been addressed. Additionally, the applicable City Council Member has been notified and this item has been properly noticed. Clint Geci of Geci and Associates stated nothing has changed and they are ready to move forward. Chairperson Ritz stated he's not sure if building has been torn down but this will be a much better project for this site. Board Member Grundhoefer inquired about the stormwater, Clint Geci informed the board the center parcel will be used for additional parking and the site would be raised for underground stormwater with underground chambers to accommodate stormwater. All access will be through H and I streets, all units will be accessed through the back, which is preferred and a requirement of the CRA Urban Design Overlay. Assistant Planning & Zoning Manager, Harding stated they have not seen vertical construction plans, but when they are submitted, they will be reviewed by city staff. A discussion then started explaining what the underground chambers are and how they work. Chairperson Ritz stated that if anyone saw Publix on Cervantes being built, they used the same product to address the stormwater there. Board Member Villegas made a motion to approve, seconded by Board Member Van Hoose and it carried 5:0.

Memorandum

File #: 23-00282 City Council 4/13/2023

LEGISLATIVE ACTION ITEM

SPONSOR: D.C. Reeves, Mayor

SUBJECT:

APPROVAL OF MEMORANDUM OF UNDERSTANDING WITH EMERALD COAST UTILITIES AUTHORITY ("ECUA"); ESCAMBIA COUNTY BOARD OF COUNTY COMMISSIONERS ("BOCC"); AND THE CITY OF PENSACOLA ("CITY") TO ESTABLISH THE TERMS AND RESPONSIBLITES FOR ECUA'S COMMUNICATION EQUIPMENT ON SCENIC HEIGHTS AND ENGLEWOOD TOWERS

RECOMMENDATION:

That City Council approve a Memorandum of Understanding (MOU) between the ECUA; BOCC and the CITY to establish the terms and responsibilities of all parties as to the use, access, installation, and replacement of ECUA'S communication equipment. Further, that City Council authorize the Mayor to take the actions necessary to execute and administer this memorandum of understanding, consistent with the terms of the agreement and the Mayor's Executive Powers as granted in the City Charter.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The City of Pensacola agrees to the following conditions:

- The BOCC and/or the City will continue to provide component rack and antenna mounting space for network connectivity at their respective tower sites upon receiving approved plans from the Communications Chief or other designee of the host Party.
- The BOCC and/or CITY will acknowledge the receipt of any such proposed plans from ECUA and mutually agree to provide space and access to the tower.

ECUA agrees to the following conditions:

- ECUA will be allowed to install, inspect, or perform maintenance on any of its equipment with proper notification and documentation listed in this MOU.
- ECUA will be responsible for maintenance and Acts of God damage to the equipment listed in this MOU.
- ECUA acknowledges the existing Amended and Restated Interlocal Agreement for Shared Use of Communications Infrastructure dated October 21,2020, by and between

File #: 23-00282 City Council 4/13/2023

the City of Pensacola, Escambia County, and Santa Rosa County related to the P25 Radio System which operates at the subject Towers.

PRIOR ACTION:

None

FUNDING:

N/A

FINANCIAL IMPACT:

No Financial impact. Space was provided free with no cost to the Parties for installation of equipment and the use of this tower space.

PRESENTATION: No

MEMORANDUM OF UNDERSTANDING

THIS MEMORANDUM OF UNDERSTANDING ("MOU") is entered into by and between Emerald Coast Utilities Authority ("ECUA"), an independent special district created by the Laws of Florida and located at 9255 Sturdevant Street, Pensacola, Florida 32514; Escambia County Board of County Commissioners ("BOCC"), a political subdivision of the State of Florida located at 221 Palafox Place, Pensacola, Florida, 32052; and the City of Pensacola ("City"), a local municipality located at 475 East Strong Street, Pensacola, Florida 32501 (collectively, the "Parties") on this _____ day of February, 2023 ("Effective Date").

RECITALS

WHEREAS, ECUA is partnering with the Parties to replace ECUA's communication equipment on the Scenic Heights and Englewood communications towers.

WHEREAS, ECUA and its contractor, CES Team One Communications, Inc., whose address is 215 W. Herman Street, Pensacola, Florida 32505, have previously been granted full access to install and maintain said equipment, and ECUA and CES Team One Communications, Inc., wish to continue to enjoy unfettered access for these same purposes going forward.

NOW, THEREFORE, in consideration of the mutual understandings and agreements set forth herein, the Parties hereto hereby agree to the Terms and Conditions as follows:

1. **Definitions**.

- a. "Acts of God" means the effects of any natural element or other natural disaster including but not limited to storm, flood, lightning, earthquake, cyclone, etc.
- b. "Agreement" is this Memorandum of Understanding, including all documents attached or incorporated by reference.
 - c. "Equipment" includes the specific materials described in the tables below.
- d. "P-25 public radio system" is the digital radio system that provides for communications to all Escambia County Public Safety entities, to include Emergency Communications Center, Escambia County Fire Rescue, Escambia County Emergency Medical Services, and Escambia County Sheriff's Office. The P-25 system hardware includes the computer servers, base station radios, mobile and portable radios, site routers, microwave towers, microwave radios and dishes, and transmit/receive antennas.
- e. "Towers" are the communication towers, specifically including the Englewood tower located at 1218 W. Cross Street, Pensacola, Florida 32501 and the Scenic Heights tower located at 1522 Woodchuck Avenue, Pensacola, Florida 32504.
- 2. **Points of Contact**. Each agency will provide a primary and a secondary Point of Contact ("POC"). Contact details should include the POC's first and last name, email address, and work phone number. At a minimum, agencies will review their POCs on an annual basis to ensure they are accurate.

(850) 436-5637

3. Operation.

Should ECUA wish to install, inspect, or perform maintenance operations on any of its equipment, it will first inform the Party responsible for the tower at issue, via its POC, in writing, of its proposed plans, to include identification of any contractor whose services may be engaged for such installation, inspection, or maintenance. The BOCC and/or the City will promptly acknowledge the receipt of any such proposed plans from ECUA and coordinate with ECUA's POC to determine a mutually agreeable plan for providing ECUA access to the tower at issue for the purpose of installation, inspection, or performance of maintenance operations. The BOCC and the City will continue to provide component rack and antenna mounting space for network connectivity at their respective tower sites upon receiving written approval from the Communications Chief or other designee of the host Party.

4. **Term and Termination**. The Parties agree to enter into this continuing MOU until such time that said agreement is amended or revised by mutual consent of all Parties in writing. This MOU shall be in effect until terminated by any Party with thirty (30) days written notice. Notices regarding this MOU are to be sent in writing via a trackable service to the signatories listed above.

5. Equipment.

The equipment that will be installed and maintained by CES TeamOne Communications on behalf of ECUA at the Scenic Heights tower is as follows:

Ft. AGL (Base)	Antenna Type	Mount & Location	Transmission Lines	Tenant	Use	Notes

125	(2) PTP500 Integrated	SE & SSE	(2) CAT5	ECUA	Backhaul	14.5" x 14.5" Integrated panel antenna

- 6. Cost. There will be no cost to the Parties for installation of equipment and the use of this tower space.
- 7. Maintenance. The responsibility for maintenance and Acts of God damage to the equipment described above will rest solely with ECUA. It will be the responsibility of the contracted vendor performing work on behalf of ECUA to arrange a mutually acceptable time for work to be completed on ECUA equipment. In the event of vendor performance issues, the tower and landowner have the right to contact the ECUA POC listed in this Agreement to address their concerns.
- 8. **P-25 Radio System Interlocal Agreement.** The Parties acknowledge the existing Amended and Restated Interlocal Agreement for Shared Use of Communications Infrastructure dated October 21, 2020, by and between the City of Pensacola, Escambia County, and Santa Rosa County related to the P25 Radio System which operates at the subject Towers.
- 9. Remedies. Nothing contained in this Agreement shall be construed or interpreted as denying the Parties any remedy or defense available under the laws of the State of Florida; the consent of the Parties to be sued; or a waiver of sovereign immunity of the Parties as more fully described in section 768.28 of the Florida Statutes.
- 10. Governing Law. This MOU shall be governed by and construed in accordance with the laws of the State of Florida.
- 11. **Binding Effect.** The Parties mutually acknowledge that this MOU shall be binding upon and inure to the benefit of each Party individually and collectively. The Parties further acknowledge that each Party has relied upon the representations made in this MOU and that any failure to comply with the terms of this MOU will be construed as a breach of this MOU.
- 12. **Signature to this Agreement.** The Parties agree that by signing this MOU, each individual represents and acknowledges that he/she/it has read this MOU in its entirety, understands each and every part of this MOU, and agrees to be bound by this entire MOU and all of terms and conditions contained herein.
- 13. Amendment/Modification. The Parties agree that no amendment or modification of this MOU will be effective, valid, or enforceable unless in writing and signed by each of the Parties.
- 14. Survival. This MOU shall be binding upon, inure to the benefit of, and be enforceable by any and all successors and assigns of the Parties.
