SPONSOR: Grover C. Robinson, IV, Mayor

SUBJECT:

SUPPLEMENTAL BUDGET RESOLUTION 2019-13 - TRIUMPH GULF COAST, INC. GRANT AWARD AGREEMENT

RECOMMENDATION:

That City Council approve Supplemental Budget Resolution No. 2019-13.

A RESOLUTION AUTHORIZING AND MAKING REVISIONS AND APPROPRIATIONS FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2019; PROVIDING AN EFFECTIVE DATE.

HEARING REQUIRED: No Hearing Required

SUMMARY:

On December 17, 2013, the City executed a nonbinding Memorandum of Understanding with ST Aerospace allowing the City of Pensacola to begin contract negotiations with VT Mobile Aerospace Engineering, Inc. (VT MAE) for the construction and operation of a maintenance, repair, and overhaul (MRO) facility at the Pensacola International Airport. City Council approved the negotiated lease agreement on September 9, 2014. The 173,000 sq. ft. facility officially opened in June 2018 and is on the way to creating 400 new high-wage jobs for the area.

The Mayor and Staff have a longer term strategy to grow the MRO capacity, sometimes referred to as “Project Titan”. A second hangar similar in size and configuration to the first hangar, a possible support services center, an aircraft apron and automobile parking would be constructed on 16 acres of Airport property directly south of the first hangar. The construction of this second hangar area was otherwise contemplated and accounted for during the development process for the first hangar, and is referenced in the current real property lease with VT MAE. Additional facilities consisting of two hangars, each approximately 191,000 sq. ft., a 100,000 sq. ft. support services center, a 120,000 sq. ft. administrative office building, aircraft aprons, and automobile parking would also be constructed on approximately 50 acres of Airport property adjacent to Tippen Avenue on the west side of the Airport. It is expected that the project will create a minimum of 1,325 full-time jobs with an annual average salary of \$44,461, excluding benefits. The total project cost of \$210,125,000 is funded by a combination of VT MAE investment, state and federal grants, and local funds.

As part of the funding strategy for Project Titan, the City submitted an application to Triumph Gulf Coast, Inc. in March 2018. Triumph Gulf Coast funding is intended to support programs that generate maximum economic activity. Based on their review of the information submitted, the Triumph Board has offered a Grant Award Agreement in the amount of sixty-six million dollars towards the planning and construction of the MRO expansion. The grant is predicated on the creation of 1,325 net new private sector, full-time equivalent jobs within a certain period of time after project completion, and at a certain average salary level. The failure of the MRO lessee to create and maintain the required jobs will activate payback provisions. The clawback/payback provisions are the sole obligation of VT MAE however, not the City. The City has no liability to Triumph should VT fail to create and maintain the required jobs.
