LEGISLATIVE ACTION ITEM

SPONSOR: City Council Member Sherri Myers

SUBJECT:

BICYCLE ADVISORY COMMITTEE

RECOMMENDATION:

That City Council suspend the activities of the Bicycle Advisory Committee as a subcommittee of the Parks and Recreation Board for 120 days or until such time that it is replaced with a Complete Streets Committee.

HEARING REQUIRED: No Hearing Required

SUMMARY:

On September 15, 2016 the City Council authorized the establishment and continued functioning of the Bicycle Advisory Committee and appointed the members currently serving on the committee. The Committee was originally established with a membership consisting of nine (9) members. The task of the Committee was to submit application in order for the City to become a bicycle friendly community.

Previously, the City Council participated in the appointment of a Complete Streets Committee and approved Resolution No. 29-12, establishing a policy of incorporating bicycle and pedestrian elements into all future road projects. City staff identified a series of bicycle path projects and cost estimates for Council’s review.

In an effort to broaden the scope of the Committee’s view, the use of appropriate traffic calming measures that

encompasses the needs of bicyclists, pedestrians, transit users and disabled people including street lighting and sidewalks should be incorporated into the view of the design, operation and maintenance of streets to promote safe and convenient access and travel for all users, including pedestrians, bicyclists, motorists, transit riders and people of all abilities. With the ultimate goal to include all modes of transportation.

In order to move forward with policy implementation and ordinance recommendations to City Council, the activities of the Bicycle Advisory Committee should be suspended until such a time that it is replaced with a Complete Streets Committee.
