LEGISLATIVE ACTION ITEM

SPONSOR: City Council Member Sherri F. Myers

SUBJECT:

COMPLETE STREETS COMMITTEE

RECOMMENDATION:

That City Council reappoint a Complete Streets Committee, to review the work and recommendations of the prior committee(s), focusing on the use of appropriate traffic calming measures, as well as including street lighting as a guide to ensure the needs of bicyclists, pedestrians, transit users, and disabled people are integrated into the design, operation and maintenance of streets to promote safe and convenient access and travel for all users including pedestrians, bicyclists, motorists, transit riders and people of all abilities. Based on this approach, to then make recommendations to City Council. Further that the Committee membership be established by each Council Member appointing an individual to serve on the Committee.

HEARING REQUIRED: No Hearing Required

SUMMARY:

The City Council participated in the appointment of a Complete Streets Committee and approved Resolution No. 29-12, establishing a policy of incorporating bicycle and pedestrian elements into all future road projects. City staff identified a series of bicycle path projects and cost estimates for Council’s review.

In an effort to broaden the scope of the Committee's view, the use of appropriate traffic calming measures that encompasses the needs of bicyclists, pedestrians, transit users and disabled people including street lighting should be incorporated into the view of the design, operation and maintenance of streets to promote safe and convenient access and travel for all users, including pedestrians, bicyclists, motorists, transit riders and people of all abilities.

In order to move forward with policy implementation and ordinance recommendations to City Council, the Committee should be reappointed.
