That City Council approve Supplemental Budget Resolution No. 18-28.

A RESOLUTION AUTHORIZING AND MAKING REVISIONS AND APPROPRIATIONS FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2018; PROVIDING AN EFFECTIVE DATE.

HEARING REQUIRED: No Hearing Required

SUMMARY:

On December 17, 2013 Mayor Hayward executed a nonbinding Memorandum of Understanding with ST Aerospace which allowed the City of Pensacola to begin contract negotiations with VT Mobile Aerospace Engineering, Inc. (VT MAE) for the construction and operation of a maintenance, repair, and overhaul (MRO) facility at the Pensacola International Airport. City Council approved the negotiated lease agreement on September 9, 2014. The 173,000 sq. ft. facility officially opened in June 2018 and is on the way to creating 400 new high-wage jobs for the area. On July 18, 2018 the Triumph Gulf Coast Board of Directors unanimously approved a \$56 million grant to the City of Pensacola to allow for development of an expanded MRO Campus.

The Mayor and Staff have a longer term strategy to grow the MRO capacity. Expanding taxiways and aprons to additional development sites will allow for the expansion of MRO capabilities to further diversify the economic development opportunities in the region, create additional high quality jobs, and support the burgeoning aviation industry in the State of Florida.

As part of this strategy and in anticipation of the associated growth, the Mayor and Staff have begun to identify possible funding sources to partially pay for the possible construction of additional facilities. The Mayor and Staff worked with the local legislative delegation to obtain a State appropriation during the 2018 Legislative Session. These funds will be committed in the form of a State of Florida Department of Transportation Public Transportation Grant Agreement in the amount of \$3,000,000 that could be used to assist with the construction associated with an additional facility.

The acceptance and execution of the grant does not obligate the City of Pensacola to undertake the project. Rather, the acceptance and execution of the grant provides a source of funds for a future project.
