### ACTION ITEM

**SPONSOR:** Jewel Cannada-Wynn, Chairperson

### **SUBJECT:**

PROPOSED CRA URBAN DESIGN OVERLAY DISTRICT

### **RECOMMENDATION:**

That the Community Redevelopment Agency (CRA) recommend that City Council adopt the proposed CRA Urban Design Overlay District Ordinance.

### **SUMMARY:**

The development of urban design standards has been identified as a key redevelopment project within each of the City of Pensacola's adopted community redevelopment plans. The CRA approved the FY17/18 CRA Work Plan on April 10, 2017, which authorized the development of design standards for each of the City's three redevelopment areas. On October 9, 2017, the CRA authorized a contract with DPZ CoDESIGN to develop and assist with codification of the design standards.

DPZ CoDESIGN launched the project in early January 2018. From February 2018 through April 2018, an extensive public input process included a series of charrettes, public workshops, input sessions, presentations and a written comment period. For reference purposes, a full list of public outreach and input opportunities, as well as, comments received and corresponding responses are attached.

The drafted overlay document was released on May 31, 2018, along with long term and transportation strategies, and presented with recommended modifications to the Planning Board for consideration and a public hearing on June 12, 2018. The Planning Board recommended adoption with modifications. Following the Planning Board hearing, the proposed overlay was presented to the Eastside Redevelopment Board (ERB) and the Westside Redevelopment Board (WRB) on July 11, 2018 and July 24, 2018, respectively. Both Boards recommended adoption of the proposed overlay as presented.

On September 18, 2018, the overlay was brought back to the Planning Board for a second public hearing regarding incorporation of the Board's recommended modifications and the additional clarifications recommended by the consultant. The Board recommended approval of the proposed overlay as presented.

During its October meeting, the CRA considered the recommended overlay, along with the following clarifications and adjustments, for recommendation to City Council:

- a. Revisions to Sec. 12-2-25(C), Applicability and 12-2-25(D), Existing Conditions to remove substantial modifications to existing buildings from applicability under the overlay:

*(C) Applicability.*

(a) These standards shall apply to all new construction and ~~substantial modifications demolition and rebuild projects~~ within the CRA Urban Design Overlay District, ~~as defined by the Florida Building Code.~~

*(D) Existing Conditions.*

(a) Existing buildings and structures that do not conform to the requirements of this overlay district may be occupied, operated, repaired, renovated or otherwise continue in use in their existing non-conforming state ~~unless demolished and rebuilt until such time as a substantial modification is requested, as defined by the Florida Building Code.~~

- b. Addition to Sec. 12-2-25(C), Applicability, clarifying the applicability of Building Code and Americans with Disabilities Act requirements as they relate to the overlay:

(f) The provisions of this section are not intended to supersede, conflict with or replace any requirement in federal or state law pertaining to design, construction or accommodation requirements pertaining to persons with disabilities and it is hereby declared to be the intent of the City of Pensacola that such requirements in federal or state law shall prevail over any provisions of this section to the extent of any conflict.

- c. Revision to Sec. 12-2-25(B), Boundaries of the District, removing the area east of 9th Avenue and south of Cervantes Street, from the overlay district boundaries.

However, the vote to approve and recommend the overlay did not pass. Following the CRA's action, the Eastside Redevelopment Board (ERB) and the Westside Redevelopment Board (WRB) passed an affirmative vote to request that the overlay be reconsidered. A letter from each respective Board is attached.
