That City Council adopt Resolution No. 2019-14.

A RESOLUTION AUTHORIZING AND DIRECTING THE MAYOR OF THE CITY OF PENSACOLA TO COORDINATE WITH THE FLORIDA DEPARTMENT OF TRANSPORTATION (FDOT) TO CHANGE THE PROJECT TITLE, SCOPE, AND DELIVERABLES FOR FDOT NUMBER 429609-6; PROVIDING AN EFFECTIVE DATE.

SUMMARY:

Pensacola International Airport recently updated its Master Plan. The Master Plan is a long-term planning document that provides guidance for the development of the Airport in identifying and prioritizing projects to meet its aviation needs. In order for the City of Pensacola to receive State and Federal funding for work at the Pensacola International Airport, the projects must be included in the Master Plan.

With revised project priorities, the Airport has the need to make changes to the pending FDOT Work Program.

Project 429609-6, originally titled Design/Construct Parallel Taxiway Ext.- SE Quadrant, needs to be changed to Design/Construct Airfield Intersection Storm Water Improvements.

FDOT has approved the title change at the District Level but requires the attached Resolution to make the change to the Work Program.

PRIOR ACTION:

January 17, 2019 - City Council approved the Airport Master Plan.

FUNDING:

N/A

FINANCIAL IMPACT:

A Public Transportation Grant Agreement will be presented to City Council after the title change resolution is approved. Additionally, a supplemental budget resolution will be presented to City Council once the JPA grant is awarded.
