### **SUMMARY:**

Representatives from Baptist Hospital, Sacred Heart Hospital, and Select Specialty Hospital have requested that the City consider the imposition of a special assessment on their real property located in the City to increase funding available to reimburse the hospitals for uncompensated charitable health care. In April 2019, the City adopted Ordinance No. 10-19 to levy a special assessment based on outpatient revenues against properties owned by the hospitals within the city limits. Because the special assessment was based on outpatient revenues, only properties owned by Baptist Hospital

and Sacred Heart Hospital were assessed. For FY2020, the hospitals have requested that the special assessment be based on inpatient revenues, which will affect properties owned by Baptist Hospital, Sacred Heart Hospital, and Select Specialty Hospital. In order to levy the requested special assessment for FY2020, the City must repeal and replace Ordinance No. 10-19 to provide for broader language that allows a special assessment to be based on inpatient revenues. Accordingly, the proposed ordinance repeals and replaces Ordinance No. 10-19, providing a mechanism for levying the special assessment based on inpatient revenue on the properties owned by the three hospitals pursuant to their request.

There currently is a significant gap in the funds the three hospitals receive from the State of Florida and the federal government for indigent health care versus what they actually expend. The hospitals have advised that this gap can be decreased through a special assessment on properties within the city limits owned by Baptist Hospital, Sacred Heart Hospital, and Select Specialty Hospital. The assessment would be imposed as a set percentage of net inpatient service revenues for each hospital property subject to the special assessment. The hospitals will transmit the assessment in one lump sum to the City, which in turn will forward that same amount to the Agency for Health Care Administration, an agency of the State of Florida. The State would then use those funds to draw down a federal match of grant dollars equal to approximately 150% of the assessment dollars collected. The total funds - the assessment amount and the federal grant dollars - then will be remitted to the hospitals by the State.

We anticipate that representatives from each hospital will be in attendance at the Agenda Conference to answer questions regarding the request to the City.
