RECOMMENDATION:

That City Council adopt Resolution No. 2022-075.

A RESOLUTION AUTHORIZING THE MAYOR OF THE CITY OF PENSACOLA TO EXECUTE AN AMENDMENT TO PUBLIC TRANSPORTATION GRANT AGREEMENT FINANCIAL PROJECT 441494-2-94-01 WITH THE FLORIDA DEPARTMENT OF TRANSPORTATION FOR FACILITIES DEVELOPMENT AT THE PENSACOLA INTERNATIONAL AIRPORT AIR COMMERCE PARK; PROVIDING AN EFFECTIVE DATE.

HEARING REQUIRED: No Hearing Required

SUMMARY:

On December 17, 2013, the City executed a nonbinding Memorandum of Understanding with ST Aerospace allowing the City of Pensacola to begin contract negotiations with VT Mobile Aerospace Engineering, Inc. (VT MAE) for the construction and operation of a maintenance, repair, and overhaul

(MRO) facility at the Pensacola International Airport. City Council approved the negotiated lease agreement on September 9, 2014. The 173,000 sq. ft. facility officially opened in June 2018 and is on the way to creating 400 new high-wage jobs for the area.

The Mayor and Staff have a longer-term strategy to grow the MRO capacity, sometimes referred to as “Project Titan.” A second hangar similar in size and configuration to the first hangar, a possible support services center, an aircraft apron, and automobile parking would be constructed on 16 acres of Airport property directly south of the first hangar. The construction of this second hangar area was otherwise contemplated and accounted for during the development process for the first hangar and is referenced in the current real property lease with VT MAE. Additional facilities consisting of two hangars, each approximately 176,000 sq. ft., a support services center, administrative office spaces, aircraft aprons, and automobile parking would also be constructed on approximately 50 acres of Airport property adjacent to Tippin Avenue on the west side of the Airport. It is expected that the project will create a minimum of 1,325 full-time jobs with an annual average salary of $44,461, excluding benefits. The total project cost of $210,125,000 is funded by a combination of VT MAE investment, state and federal grants, and local funds.

The Florida Department of Transportation (FDOT) was a significant contributor of funding to construct Hangar 1, and is committed to Project Titan as well. Overall, FDOT committed $45,000,000 to Project Titan, with amounts to be allocated over several years. An initial amount of $8,000,000 was provided in 2019 and accepted by Council at the meeting of August 8, 2019. An amendment was accepted by Council at the meeting of July 16, 2020 providing an additional allocation of $34,000,000 towards the total grant.
An amendment was accepted by Council at the meeting of August 12, 2021 providing an additional allocation of $1,000,000 towards the total grant. This amendment will provide an allocation of an additional $2,000,000 towards the total grant amount.
