BACKGROUND:

Mr. Matt Banks, Banks Construction is requesting a Variance to reduce the required rear setback from 30.0 FT to 24.7 FT to accommodate an addition. The proposed addition is to renovate and expand the existing master bedroom. The existing sunroom encroaches into the setback and will tie into the addition.

Staff has reviewed the permits on file and cannot determine the background on the enclosed screen porch and existing encroachment.

Staff has also reviewed our GIS maps and the Escambia County Property Appraisers records which both indicate the existing covered porch was existing in 1999.
